

## Bodyguard 3951

### Chapter 3951 Fight Or Not?

Lin Yi's words made Zhaoming sweat. He even thought of chopping off his own hand. No matter what, losing an arm was better than losing his life.

"New Deacon, you seem to be very afraid. Aren't you just trying to use this pill fire bomb to kill me? How about we make a game? we'll just stand here and see who dies first?" Lin Yi said with a smile.

"W-what? He stood there and did not move! Are you a F \* cking lunatic or an idiot?" Zhaoming's face was pale-if Lin Yi was just a strong enemy in his eyes before this, then this guy was a complete lunatic now!

Kang Zhaoming wanted to kill Lin Yi even in his dreams. The stronger Lin Yi was, the stronger his desire for revenge would be. But if the opponent was a madman who didn't care about his own life, then it was a different story. Who would want to fight a madman to the death!

However, no matter how hard Kang Zhaoming struggled, Lin Yi's hand remained there, not moving an inch.

After all, the difference in strength between them was too big. Lin Yi was already in the mid Foundation Stage, while he was only in the early Foundation Stage. The difference was two whole levels. Even someone of the same level couldn't fight him, so how could he escape from Lin Yi?

"Hey, hey, you lunatic! Let go of me! I really can't hold on any longer!" Kang Zhaoming was really scared this time.

The feeling of holding a bomb in his hand, and that it could explode at any time, was as horrifying as it could get. The key was that this pill fire bomb was made by him, and he knew how powerful it was.

He didn't know what would happen to the crazy Lin Yi if it exploded, but he knew that he would be dead for sure. He wouldn't even have an intact corpse.

More importantly, the refinement fire couldn't be reversed-it couldn't be taken back once it was activated! This was completely different from Lin Yi's energy bomb!

"You can't hold on? Then let go. You haven't tasted your own pill fire bomb, have you?" Lin Yi said calmly.

But in Kang Zhaoming's eyes, Lin Yi was like a demon. This was the first time he felt a bone-chilling fear from Lin Yi. Even if he was lucky enough to escape today, he would be traumatized for the rest of his life.

"They're not retreating and they're not fighting. What are these two doing?" Looking at the strange situation of the two people in a deadlock, the people below the stage couldn't help but start to frown.

Only Kang Zhaoming and Lin Yi knew about the alchemy bomb. The audience didn't know about it at all. They only saw Lin Yi suddenly grab Kang Zhaoming's left hand and the two of them stopped moving for no reason.

They had been looking forward to the two strong newcomers fighting each other, and both sides would be injured. Even if they didn't kill them directly, they would at least become disabled and never be able to make a comeback. That would be great, but what was the situation now?

"Huchi ... Huchi ..." He hadn't even done anything yet, but Kang Zhaoming was already panting like a bellows. In the midst of his panic, he finally understood one thing-Lin Yi was serious.

Lin Yi was serious, indeed.

He was well aware of how powerful Zhaoming's pill fire bomb was-after all, his pure energy bomb was almost the same move. If it were to explode at such a close distance before this, not only would Zhaoming die, but he wouldn't be any better off either.

But now that his strength had increased by a huge amount, Lin Yi wasn't worried at all. Since his identity might've been exposed by Meng jueguang, he was very eager to test how strong he was now.

With his strength and pure Qi protection, a pill fire bomb like Kang Zhaoming's wouldn't be life-threatening, and the extent of his protection was a Testament to his strength.

Finally, Kang Zhaoming couldn't take the pressure anymore and started begging,"Lin Yi, oh no, boss Lin Yi, I know you're strong, can you stop playing with me? As long as you let me go, I'll admit defeat right now, immediately, without a second word!"

"Let you go?" Lin Yi raised an eyebrow and smiled,"What good does it do me? Anyway, as long as you die, your immortal's cave will naturally belong to me. What good is it for me to let you go? Oh right, I

heard that your immortal's cave is number one on the top of the mountain. It seems pretty good. I'm interested in staying there. "

"I'll die, but you won't die either! Do you know how powerful this pill fire bomb in my hand is?!" Kang Zhaoming was hysterically agitated.

There might be people who weren't afraid of death, but Kang Zhaoming wasn't one of them. He wasn't just afraid of death, he was scared to death. Otherwise, he wouldn't try to suck up to people.

It wasn't easy for him to get close to Xu lingchong, and he thought he'd be able to do whatever he wanted on Sky Class Island-if he were to be killed by Lin Yi now, or even by his own pill fire bomb, he'd have no place to cry. The words "dying with grievances" were his last words.

At this point, the audience had more or less reacted. The term pill fire bomb was unfamiliar, but it wasn't hard to understand when they connected it to Zhaoming's identity as a refiner and his performance in the newcomer's challenge.

What the audience didn't understand was that Kang Zhaoming's killer move didn't even show its full power against Lin Yi. It became a hot potato that he couldn't get rid of. Lin Yi forced him to the point where he couldn't get off.

At that moment, everyone couldn't help but look at each other. They looked at Kang Zhaoming's sweaty face and Lin Yi's calm expression. This wasn't a battle between the top newcomers. Kang Zhaoming, who was always showing off his strength, was nothing in front of Lin Yi!

Kang Zhaoming tried to break free with all his might, but Lin Yi's expression was as if he wouldn't budge even if Thunder were to strike. It was as if even Kang Zhaoming himself was afraid of the pill fire bomb. In Lin Yi's eyes, it was not worth mentioning.

This kind of feeling, at most, was like holding a small cannon in his hand that couldn't even break a piece of skin, nothing more.

He couldn't break free from Lin Yi's grip, and he was finally in despair. He was just trying to trick Lin Yi into letting him go so he could escape. But now, he finally realized one thing.

Chapter 3952 Self-Explosion

The difference in strength between him and Lin Yi was so great that he couldn't even see the end of it. It was impossible for him to break free from Lin Yi's grasp now.

The only way was to cut off his left hand, as he'd said before. Unfortunately, Zhaoming wasn't only afraid of death, he was afraid of pain as well. He wouldn't be able to do something like that even if he had the guts.

He couldn't break free no matter what, and he didn't dare cut off an arm. Trying to be petty didn't work either. He watched as the pill fire bomb in his hand grew more and more violent, and his heart was in his throat.

Zhaoming couldn't care less about his face anymore as he yelled, "I lost! I surrender! I'll give up on my own accord, alright!"

He wasn't just shouting at Lin Yi-from Lin Yi's attitude, he knew that even if he admitted defeat, Lin Yi might not give him the chance to do so. He was shouting for everyone to hear, especially the head of the welcome Pavilion, Hu Yunfeng.

The words sent the crowd into an uproar. They couldn't really hear Zhaoming's plea because he'd lowered his voice on purpose, but now that he'd shouted it out in front of everyone, it was hard not to hear him.

"I ... I didn't hear wrong, did I? Kang Zhaoming surrendered?" Everyone looked at each other with strange expressions.

They knew that Kang Zhaoming wasn't Lin Yi's match, but this guy was a newbie that Xu lingchong and Hu Yunfeng supported together. Even if he didn't care about his own face, he should at least care about the faces of the people above him. It was too embarrassing for him to be forced to beg for mercy in front of everyone!

The fact was that the face of Hu Yunfeng, who always paid attention to his image, was as black as the bottom of a pot. Kang Zhaoming's words, wasn't it a slap to his face in public?

It was a good thing that lingchong wasn't there-the young master had been busy fighting with the southern sky sect for the position of big brother, and it'd been a critical time recently, so he didn't come. Otherwise, Zhaoming would've been dead for sure if he'd been there embarrassing him like that!

Zhaoming wasn't an idiot-if young master Xu were here, he'd probably be acting all righteous.

But now, no matter how unhappy Hu Yunfeng was, as long as he shouted these words in public, Hu Yunfeng would have to step forward to protect him. Otherwise, he would have seriously failed his duty.

Sure enough, Hu Yunfeng's face was dark, but he still appeared on the stage after hearing Zhaoming's plea, "If that's the case, then the fight ends here. Lin Yi, you can let go now."

With that, Hu Yunfeng's eyes were fixed on Lin Yi. If Lin Yi did anything out of line, he would take the chance to attack him and vent his anger.

However, Lin Yi only paused for a moment before letting go, "Since Pavilion master Hu has said so, I will be merciful and let you go. However, whether you can survive or not will depend on your luck."

With that, before anyone could react, Lin Yi's figure suddenly retreated. At the same time, Hu Yunfeng's face also changed, and he jumped off the stage without a word.

There was only Kang Zhaoming left on the stage. At first, he thought that his plan worked and was glad that he was successful, but then he realized that something was wrong. The pill fire bomb in his hand was on the verge of exploding.

After coming to his senses, Zhaoming flicked his hand in fear, trying to throw the pill fire bomb away. Unfortunately, the bomb exploded before he could even get it out of his hand.

BOOM! The ground trembled violently, and the expressions of the people below the stage changed drastically. By the time the dust settled, the ring was actually destroyed by more than half.

The welcoming new pavilion's arena's defensive formation wasn't that high level, but Lin Yi was the only one who'd done something like that before. He couldn't tell that this cowardly Kang Zhaoming was actually such a tough guy!

Only a monster like Lin Yi would be able to withstand such power. Any other newbie would've died without a doubt.

This Kang Zhaoming guy, he really had some skill.

What they didn't know was that in order to kill Lin Yi, Kang Zhaoming had been holding back his alchemy bomb for a long time. The power of the bomb had reached the limit of what he could do, and that was why he couldn't control the embarrassing situation.

Not only did the pill fire bomb fail to hit Lin Yi, but he'd also gotten himself into trouble.

Originally, thanks to Hu Yunfeng's interference, Zhaoming still had a chance to throw the bomb away and escape unscathed, despite the danger.

Unfortunately, Lin Yi didn't give him the chance. The moment he let go, he secretly put some pure Qi in. It would be a miracle if he could hold on until the bomb left his hand.

It wasn't easy for him to escape, but he was still tricked by Lin Yi in the end. Kang Zhaoming was really unlucky this time.

Just like everyone else, Lin Yi's eyes were glued to the arena. He really wanted to know if Kang Zhaoming was still alive or not.

Although with their current strength, Zhaoming was no longer a threat to him, Lin Yi didn't mind using this opportunity to kill him, given their past grudges.

It wasn't long before the sharp-eyed ones spotted Zhaoming in the ruins of the arena. His body was covered in wounds, his skin and flesh all red with patches of charred black. It was a sight that made one's hair stand up.

Hu Yunfeng's eyes twitched. No matter how much Kang Zhaoming embarrassed him, he was still someone lingchong had ordered him to take good care of. If he let him die Here, he wouldn't be able to answer to lingchong.

In a flash, Hu Yunfeng appeared beside Kang Zhaoming. He checked his breathing and found that he was breathing more than he was breathing. He looked like he was about to die, but luckily, he was still breathing.

Hu Yunfeng hesitated for a moment, before gritting his teeth and feeding Zhaoming a fourth grade recovery pill. The pill was precious, but if it could save Zhaoming's life, not only would it be a life-saving favor, but it would also make Xu lingchong owe him a favor. It was worth it.

Lin Yi couldn't help but sigh at the scene. It was a rare opportunity to kill Kang Zhaoming in broad daylight, and he wouldn't get another chance like this in a short time.

Chapter 3953 Hastily Ending

Even though Zhaoming was on the verge of death, a Tier 4 great recovery pill was enough to keep him alive!

However, Lin Yi didn't have much regret. To him, it would be great if Kang Zhaoming died, but even if he didn't die, it wasn't a bad thing.

He'd shifted southern sky Gate and Yu Zhe's attention to Kang Zhaoming. He didn't expect to be able to fool these people forever, but at least he could use it as a smokescreen for a while.

If he killed Kang Zhaoming this time, not only would he attract the revenge of Xu lingchong and the others, but it would also attract the attention of Southern Heaven sect and Yu Zhe, who had been lying low for some reason recently. If Meng jueguang came in front of them again, Lin Yi wouldn't be far from falling apart.

And so, Kang Zhaoming's survival this time was still of some use to Lin Yi. As long as he continued to drag out his last breath, he could continue to confuse the people from Southern Heaven Gate and Yu Zhe, and not make them desperate to find the star inkstone.

As long as he could keep these people under control for the time being, he'd have a chance of solving the hidden danger before Meng jueguang made contact with them. It wasn't a big deal, but he still had to try.

After all, compared to the southern heavenly sect and Yu Zhe, and even the even stronger Nan Tianba behind them, Meng jueguang's side was only a small problem. Lin Yi didn't have the strength to fight Nan Tianba for the time being, but if he only needed to take out Meng jueguang, he was quite confident, provided that he found a good opportunity.

Whether Kang Zhaoming was Dead or Alive, there were pros and cons. It was also because of this that Lin Yi's performance on the stage was so unpredictable.

Otherwise, if he'd really decided to kill Zhaoming, with Zhaoming's puny strength, he'd be dead by now even if he had ten lives! He'd just use a pure energy bomb and Zhaoming would be dead! However, that would expose Lin Yi.

The class 4 great recovery pill was a Saint medicine that could save lives, after all. Zhaoming was in such a sorry state after being blown up by his own pill fire bomb, but he still managed to hold on to his last breath. Not only did his breathing calm down, he even regained consciousness very quickly.

However, before he could celebrate that he was still alive, Lin Yi's next sentence almost made him faint.

Lin Yi cleared his throat and announced to the crowd, "According to the rules, cave number one on the mountaintop now belongs to me, but I have no interest in this cave. If anyone here wants it, just tell me. As long as the conditions are right, it's not a problem to exchange it with anyone."

As soon as these words came out, the whole place was in an uproar. They had thought that today was just a cross-Pavilion challenge, and they would have to rely on their own hard strength to fight for anything. They did not expect that there would be such a benefit.

Cave mansion number one on the mountaintop. Without a doubt, this was the best cave mansion that a newcomer of the welcome Pavilion could get.

There was still more than half a year before the one year period for the newcomers. Putting aside the risk of being isolated and targeted, this was still very tempting for all the newcomers present.

Especially for those new people who had not yet succeeded in building their Foundation, they might be just one step away from the door in the end. If they paid a price, they could exchange it for the number one cave at the top of the mountain. Even if the price was not small, it was still very cost-effective in their eyes.

Of course, even if the newbies from the mysterious Pavilion and Qingyun Pavilion wanted to, it would be hard for them to satisfy Lin Yi's requirements. Not to mention, there was the risk of being targeted by others.

However, the Sky Tower's new disciples didn't have such concerns. After hearing Lin Yi's words, their eyes all lit up.

There were a lot of people who didn't buy it, but they didn't dare to go against him out of respect for Xu lingchong. Even if there were some brave ones, they'd follow in Shi Yuda's footsteps and be killed by Kang Zhaoming.

But now, their chance had come. Taking over the first cave was the same as replacing Kang Zhaoming, and they wouldn't have to offend Xu lingchong either. They just had to pay a price in exchange for Lin Yi, who was an outsider.

At that time, even if Xu lingchong wanted to blame someone, there was no reason for her to blame them.

All of a sudden, all of the new disciples were eager to try, completely forgetting about the cross-Pavilion challenge. Zhaoming's eyes rolled back and he fainted on the spot.

He'd spent so much time and effort, relying on Xu lingchong and the pavilion master Hu Yunfeng, to finally establish a certain position in front of the new disciples. In the end, Lin Yi's one casual word and all his hard work would go down the drain. It was no wonder he'd faint from anger!

Hu Yunfeng couldn't help but frown at Lin Yi's actions. Although the pavilion did allow newcomers to exchange caves, it was still a private matter. Lin Yi was so open about it, where was his dignity as the pavilion master?

"Lin Yi, wait a minute. You did win this cross-Pavilion challenge, but we've always been a loving and kind sect. Even if you want to take over the cave, you'll have to wait until Deacon Kang recuperates first." Hu Yunfeng said, feigning benevolence.

"Wait for him to recover? Then what if he can't take care of it for the rest of his life? wouldn't this cross-Pavilion battle become a joke? Pavilion leader Hu, aren't your words inappropriate?" Lin Yi replied with a cold smile.

Everyone started discussing as well-Hu Yunfeng's favoritism was too obvious, not to mention that many people were still waiting to exchange caves with Lin Yi. This involved their own interests, and it was natural for them to be unhappy.

Hu Yunfeng saw that the situation wasn't looking good. He wouldn't do something so stupid as to anger the public over a Kang Zhaoming. He softened his attitude and backed off,"No matter what, to directly ask Deacon Kang to bring it out like this, it's too disappointing! How about this, I'll give him ten days. After ten days, I'll let you deal with cave number one at the top of the mountain. How about it?"

"Alright, Pavilion master Hu, you said it." Lin Yi smiled faintly.

To him, cave number one wasn't attractive at all. It was good enough that he could use it as bait to make Zhaoming and the other newbies go against each other. Ten days wasn't much of a problem.

Lin Yi and Kang Zhaoming's dramatic fight started the cross-Pavilion battle, but it ended abruptly after that. No one else dared to challenge them.

Chapter 3954 Meng Jueguang's Invitation

In the end, the cross-Pavilion battle ended hastily. It was a surprising result, but it was reasonable. After all, not everyone had Lin Yi's heaven-defying strength, to be able to crush the second and third generations of the rising Sky Pavilion without any effort.

After that, Lin Yi's actions and Kang Zhaoming's tragic end, especially the ownership of cave number one, naturally became the focus of discussion among the new disciples.

Lin Yi himself didn't care about it, training as usual, but he did give Li Zhengming a secret order to keep an eye on Meng Jueguang's every move.

Because of their identities, Lin Yi didn't have the chance to fight Meng Jueguang openly. The only way he could kill the threat was to take the risk and assassinate Meng Jueguang.

The risks involved in this could be imagined. He had to find the best opportunity to make a move, and he had to hit the target in one shot. If any accident occurred in any part of the process, it was very likely to bring about a disaster.

After all, this was different from the last time he dealt with Nan tianyong. Last time, he was Lin er, a rogue cultivator whose background could not be investigated. However, this time, it was Meng jueguang. If the law enforcement Hall was really involved, it would be almost certain that he would be found.

Once he was suspected, it'd be easy for the Hall of Justice to find out what happened-one could only imagine what would happen to him.

Hence, Lin Yi had to stay calm. He knew that time wasn't in his favor, but he had to show his killer's patience and wait for an opportunity.

However, to his disappointment, after the cross-Pavilion challenge, Lee Zheng Ming had spent a lot of time and effort to monitor Meng Jue Guang for five days, but he still could not find any opportunity to make a move.

Basically, Meng jueguang was never alone when he was outside, and when he was alone, he was often in the welcoming new pavilion's territory, which was not a good opportunity.

Just as Lin Yi thought that he'd have to wait for a long time and prepare for a long battle, a note appeared at the entrance of his cave. Lin er, see you at the 10th Kuangqu this afternoon!

Although there was no signature, the owner of this note was undoubtedly Meng jueguang.

"You're finally ready to lay all your cards on the table?" Lin Yi pinched his chin, deep in thought. The man didn't say what would happen if he didn't go, but it didn't take a genius to figure it out-his identity would be exposed, and he'd die without a burial.

After thinking about it for a while, Lin Yi decided to go. He had no other choice. After all, the other party still had the initiative. He couldn't do anything about being led by the nose. Plus, if he used this well, it might be a rare opportunity. Lin Yi wouldn't let it go so easily.

After sorting out his thoughts and adjusting his state of mind, Lin Yi made his decision and walked towards the spirit Jade Hall. Although there was still some time before noon, it wasn't a bad thing to arrive early for such things. He might be able to gain the upper hand.

After arriving at the spirit Jade Hall, Lin Yi walked towards the 10th Kuangqu. He hadn't been here in a while.

Although the three months of the contract for the first batch of newcomers had passed, it did not mean that they could not come to the spirit Jade Hall to mine after the end of the contract. The three months period was equivalent to an inspection period. As long as the newcomers performed well during this period, they could freely arrange their time to go in and out of the spirit Jade Hall to mine. As for the lazy people, they would be politely declined.

Lin Yi couldn't help but wonder what Meng jueguang's intentions were as he walked through the familiar tunnel of the tenth Kuangqu.

If one were to talk about the characteristics of the 10th Kuangqu, it would be that there were very few people. Other than the usual two guards, there was no one else in the huge mining area. But so what?

After all, the existence of the two guards was still a big problem. It was simply unrealistic to do anything under their eyes. If he made a move on the two guards, the matter would become big, and no one would be able to escape from it.

Or perhaps this was Meng jueguang's true intention. He wanted to find a place with fewer people to threaten him, but at the same time, he didn't dare to find a place with no one around to avoid being killed by him?

Lin Yi clenched his fists. No matter what Meng jueguang was planning, he had to put an end to this today. Otherwise, he'd never be able to live in peace if he let the other party climb all over him.

It felt like a lifetime had passed since Lin Yi entered the Kuangqu. He scanned the area under the two guards' eyes, but didn't find anything unusual.

This result was not unexpected. After all, this was a Kuangqu, and there were guards watching at all times. Even with Meng jueguang's connections, it would not be easy to do anything here.

However, even so, this guy still called me here. Does he really think that he can deal with me just because he has something on his identity?

He suppressed his suspicions and started mining like nothing had happened.

Although Meng jueguang was a mortal threat that he had to be eliminated as soon as possible, the more this was the case, the more he had to keep a steady mind. Even if it was purely to confuse the enemy, he couldn't reveal too much of his suspicions.

It was only at noon that Meng jueguang finally emerged from the depths of the tunnel.

As soon as he entered the tenth Kuangqu, he saw Lin Yi's back from afar. Meng jueguang's heart was filled with joy. As long as this guy appeared here, it meant that the fact that he was Lin er was already set in stone. Otherwise, there was no need for him to come at all.

However, when he looked again, Meng jueguang couldn't help but be a little suspicious. Lin Yi was mining in full swing at the moment, and he didn't look like he was here for an appointment at all.

If it was any normal person, if their fatal identity was in someone else's hands, they would at least be nervous, if not panic. At such a critical time, who would have the mood to mine?

Was this guy putting on a show? Meng jueguang couldn't help but Mutter to himself, but to think that such a small trick could fool him was truly underestimating him.

He glanced at the two guards and walked behind Lin Yi, clapping his hands as he teased, "Lin shaoxia is indeed a mining expert who has created miracles time and time again. This efficiency of his actions, tsk tsk, he can simply be a model."

Lin Yi didn't bother with him. He didn't even pause for a second as he continued to focus on mining. He didn't have any intention of talking to him.

## Chapter 3955 Identity Exposed

"You still haven't given up even at this point. You still want to keep up the act. Your acting is not bad, but it's a pity that it's all in vain in front of me." Meng jueguang pursed his lips in disdain and then said with a ferocious expression, "I say, are you out of your mind from acting cool, Lin shaoxia? or do you prefer another name, Lin er?"

Lin Yi remained unmoved and continued to mine in silence. There was no point in hiding anything now, but he wanted to see what kind of evidence Meng jueguang had in his hands.

"Hmph, you still think you can continue to hide from the world? you really won't shed tears until you see the coffin! Fine, then I'll show you something out of mercy and destroy your unrealistic fantasy. " Meng jueguang coldly snorted and took out an item from his bosom. It was the spirit Jade he had exchanged from the market stall owner.

Lin Yi's eyes scanned the spirit Jade, which had some flaws, and his eyelids twitched. It was no wonder Meng jueguang was so sure-he'd found a fatal flaw.

As for this spiritual Jade, Lin Yi didn't pay much attention to it because of the flaws on it, but he had some impression of it. He didn't think much of it back then.

After all, there was no way he'd guess that Meng jueguang had personally marked it, and the chances of it ending up in the hands of the original owner after the deal were almost zero. Even if something like that happened, it wouldn't pose much of a threat to Lin Yi.

He had never imagined that such a coincidence could exist in this world. He had clearly been extremely careful in his actions, but because of this negligence that could not be called negligence, Meng jueguang had managed to catch a flaw in his identity.

Lin Yi could only smile bitterly in his heart. Life really was unpredictable.

After noticing Lin Yi's expression, Meng jueguang smiled proudly. "Oh, it looks like Lin shaoxia has finally come to terms with reality. What do you think will happen if I give this spiritual Jade to the southern Heaven Gate and explain the whole situation to them?"

"What do you want?" Lin Yi finally opened his mouth. At this point, it was impossible to get out of this by quibbling. He had to face it directly.

"Tsk, tsk, what a terrifying gaze. Is young hero Lin desperate and ready to kill to silence me?" Meng jueguang patted his chest in feigned panic and said in an unfathomable tone, "Speaking of which, young hero Lin is an amazing person. As a mere newcomer from the secular world, you have such powerful strength. You're so powerful that you can even kill Nan tianyang, a peak late Foundation establishment stage expert. I, Meng jueguang, am probably just a reckless clown in your eyes?"

It was a weird statement, but the truth was that after realizing who Lin Yi was, Meng jueguang's hair stood on end as he broke out in a cold sweat.

No matter what, the fact that Lin Yi was able to kill Nan tianyang was too shocking. If he could kill a peak late Foundation Stage cultivator in seconds, then he, Meng jueguang, who was only in the mid Foundation Stage, was so weak that he didn't even have the right for Lin Yi to fight?

He had always thought that Lin Yi was just so-so, even if he could defeat Meng Tong and Murong Zhen, he would still be a newbie. If he could fight Lin Yi himself, even a hundred Lin Yis would be dead.

Now that he thought about it, the thought was laughable. Fortunately, Lin Yi didn't have the chance to fight him. Otherwise, with everything he'd done before, he'd be dead without a corpse if he gave Lin Yi any chance.

"Do you really want to kill me in one move to avoid future trouble?" Meng jueguang sneered and pointed at the two guards in the distance. He sneered without fear, "It's a pity. Although this place is a dead Kuangqu, there are always more than two guards. Even if I'm not your match, can you deal with these two guards at the same time? Besides, even if you can kill these two guards at the same time, do you have the confidence to escape the joint pursuit of the spirit Jade Hall and the law enforcement Hall, young hero Lin?"

Lin Yi only smiled and shook his head, "You're talking so much and beating around the bush. Are you really that afraid of me, senior brother Meng?"

"Afraid? Of course, I'm scared. I'm scared of you to death!" Meng jueguang pretended to be scared, but his expression changed immediately. He picked up the spiritual Jade that he was threatening Lin Yi with and snorted. "But Lin shaoxia, I advise you not to misunderstand. I'm not afraid that you'll kill me, but I'm afraid that you won't give me what I want and force me to go to the southern Heaven Gate. That would be too disappointing, wouldn't it?"

As expected, he was a troublesome fellow! Lin Yi let out a breath of air, "Tell me, what do you want?"

"Not bad, not bad. It seems that Lin shaoxia is quite tactful. This is the best, so that we don't fall out later. What I want is very simple, I think Lin shaoxia will satisfy me, right? Hmph!" Meng jueguang once again tossed the spiritual Jade in his hand.

"You want the spiritual Jade? How much is it?" Lin Yi raised an eyebrow. It wouldn't be a problem if Meng jueguang's appetite was limited to spiritual Jade. He could get some spiritual Jade to calm Meng jueguang down and then find a chance to get rid of him-it was a safe plan.

Unexpectedly, Meng jueguang suddenly burst out laughing. Seeing that he had attracted the attention of the two guards, he lowered his voice again and said, "You're actually asking me how much? Lin shaoxia, are you joking? If a pile of gold or a chicken that can lay golden eggs were placed in front of you, which would you choose?"

So that was how it was! Lin Yi finally understood-with Meng jueguang's greedy nature, he wouldn't be satisfied with just a few pieces of spiritual Jade. It wasn't surprising that he'd set his eyes on Lin Yi, since he'd figured out that Lin Yi had a way to recharge the Jade.

"A chicken that lays golden eggs? What do you mean by that?" Lin Yi pretended to be confused. No matter what, he couldn't let anyone know about his Jade space.

"I just complimented you for being sensible, and now you're putting on an act. Lin shaoxia, is it really good for you to be so uncooperative? My temper may not be as good as you think. If you make me unhappy, I might sell you to the southern Heaven Gate. I'm sure they won't treat me badly. What do you think, young hero Lin?" Meng jueguang threatened with an unfriendly expression.

Lin Yi didn't say anything and just looked at the man calmly, unflustered.

Chapter 3956 Super Spiritual Eye

He'd had the absolute initiative and was confident that he'd be able to play Lin Yi in the palm of his hand, but Lin Yi's gaze made his hair stand on end-he subconsciously took a step back.

A moment later, Meng jueguang came to his senses and coldly said, "It's useless to quibble. The solid evidence is here. You must have a way to quickly charge the Jade. You have two choices now. One is to tell me the truth, which is good for you and me. As for the second, I don't think I need to say what the consequences will be."

Lin Yi was silent for a while before finally speaking, "Do you really want to know the method to turn a useless Jade into a good Jade?"

"Nonsense! If it wasn't for this, do you think you would still be alive today? these people from the southern Heaven Gate would have killed you long ago, young hero Lin. " Meng jueguang sneered.

"Alright, I can tell you about this. But how can I guarantee that you won't kill the donkey when it's done?" Lin Yi said, his tone unpredictable.

From his standpoint, not trusting Meng jueguang was completely normal, and Meng jueguang was unsurprised by this. He immediately laughed, "Lin shaoxia, I thought you were very smart. I didn't expect you to be no different from a stupid ordinary person when the time comes! It's easy to figure out that if I disclose you, I won't be able to keep this secret either. What good would that do me? With such a heaven-defying method, of course, one person should be left to make a fortune in silence!"

These words weren't empty words. Even though there were many forces on the entire Sky Class Island that had methods to charge waste Jade, all of them were similar to the spirit Jade Hall-they had to spend hundreds of years to do so.

On the other hand, if Lin Yi really had a way to quickly charge the Jade, it would be a heaven-defying method. Even if it was for his own benefit, Meng jueguang would never let a third person know. After all, it would only bring him more disadvantages than benefits.

"Good, it's good that you understand," Lin Yi nodded and pointed at the two guards in the distance, "What about the other two? don't you need to think of a way to send them away? if they hear or see you, it will be very bad."

Meng jueguang was taken aback, but he quickly understood Lin Yi's intentions. "Lin shaoxia, I advise you not to waste your efforts. Are you trying to send the two guards away and then take the opportunity to kill me? What a whimsical idea!"

Meng jueguang wasn't an idiot-in this situation, he needed to avoid fighting Lin Yi one-on-one. With the difference in strength, Lin Yi could kill him as easily as killing a chicken. After all, this was a man who could even kill a peak late Foundation Stage practitioner in seconds.

"At this distance, as long as I keep my voice down, they won't be able to hear me. I'll release a true Qi Isolation Shield to block them! "Besides, if I'm not wrong, the secret of your quick recharging of useless Jade should be hidden in the 10th Kuangqu. You've done it so many times under their noses without being discovered, so there shouldn't be any problems now. So don't think of playing any tricks. Do you understand what I mean, young hero Lin?" Meng jueguang warned with an unfriendly expression.

What he didn't know was that his self-proclaimed smart deduction and threat had provided Lin Yi with ideas and clues. It would've been very difficult to make up a decent lie without his words, but with Meng jueguang's self-righteous deduction as a reference, it was much easier to trick him.

Lin Yi's eyes lit up at the words, his mind spinning. If this was the case, then it might be a rare opportunity if he used it well!

"Well, since things have come to this, I won't hide it anymore. You've guessed it right. The secret to turning useless Jade back into good Jade is in the tenth Kuangqu area. It's also because of this that I was able to find good Jade here." Lin Yi said helplessly.

The more helpless Lin Yi was, the happier Meng jueguang felt, and the less he'd be on guard against Lin Yi-the easier it was for Lin Yi's lies to come true.

"It's just as I expected. No wonder no one, including us, can dig out good Jade in this dead Kuangqu, but only you can. I said there must be something fishy about this!" Meng jueguang's face was full of foresight.

Thinking back, it was because Lin Yi kept digging out good Jade here that he and Meng Tong had spent a lot of effort and time here, but they still got a nose full of dust and had to give up.

But if they had persevered a little longer, they'd probably have found out about it already.

Meng jueguang secretly felt sorry for him for a while before impatiently urging, "Tell me, what secret is it?"

"The secret is very simple. There is a super spirit eye in the tenth Kuangqu. The concentration of spiritual energy is beyond imagination. Any piece of useless Jade put in it can be quickly recharged in a short time and become a good Jade with abundant spiritual energy." Lin Yi organized his words in that short moment.

"A super spirit eye?" Meng jueguang had already guessed this from the start, but he still couldn't believe what Lin Yi had just said, "Is this really possible? Even if a super spirit eye really existed, would it appear in the dead Kuangqu? Then why is it that this place is still filled with useless Jade? normally, there isn't even a single good piece of Jade that can be dug out. "

Lin Yi shook his head, "don't misunderstand. The Super spirit eye I'm talking about doesn't always exist. It will only appear at certain times, and it's moving. One moment it's here, and the next moment it'll be somewhere else. It might even disappear. It's not impossible."

"So troublesome?" Meng jueguang couldn't help but frown. Lin Yi's words sounded unbelievable at first glance, but on second thought, it did make sense. Even a smart person like him wouldn't be able to tell that it was fake.

However, this was a little different from what he had originally expected. The Super spiritual eye was very small and could change its position at any time, which meant that there were various restrictions on its operation. It was a little unrealistic to use this to quickly fish out a large number of spiritual jades.

But fortunately, even if the operation was complicated and troublesome, as long as he could quickly turn the waste Jade into good Jade, it was not a big problem. In the end, there was still a way to make a fortune. At most, it would take a little more time.

"Then where is the Super spirit well? How can we find it?" Meng jueguang asked.

Chapter 3957 What A Pity

"As for this, because the range of the Super spirit eye is very small, we have to use true Qi to sense it to have a chance of finding it. Let me be blunt, this more or less depends on luck." With that, Lin Yi looked at Meng jueguang indifferently-he didn't look like he was lying.

"Huh, luck? So you're saying that if I can't find the Super spirit eye, it's my bad luck and has nothing to do with you?" Meng jueguang sneered and said with a ferocious expression, "It's a pity, young hero Lin. Your little tricks are useless against me. I have to tell you some bad news. You must find a super spirit eye by today, or else ..."

"Otherwise what?" Lin Yi asked indifferently.

"Then you can only blame your own bad luck. When the time comes, I'll have reason to think that the Super spiritual eye is just a lie you made up to fool me. The consequences will be very serious. What do you think, young hero Lin?" Meng jueguang grinned and threatened.

On this point, Meng jueguang was still quite clear-if Lin Yi thought he'd be able to get away with it with some random lie before seeing the actual results, then he'd be making a big mistake.

For this kind of thing, one should not act without seeing the rabbit. That was the logic and awareness that a smart person should have.

"Alright," he said. Lin Yi looked deeply at Meng jueguang and stopped mining. He placed his hand on the stone wall and poured his Qi into it.

Meng jueguang couldn't help but believe Lin Yi's words-this was exactly what Lin Yi had said about using pure Qi to probe the Super spirit eye.

However, this stupid method was obvious even without trying. It was all thanks to Lin Yi's free labor. Meng jueguang felt that if he were the one doing it, not only would he not be able to find the Super spirit eye, but he would also be wasting his pure Qi.

He wasn't like Lin Yi, who could replenish his Qi at any time. If he used up all his Qi, who knew how many days he'd need to cultivate to get it back? just thinking about it made him feel miserable.

Meng jueguang frowned as Lin Yi stuck his hand on the wall for a long time, not moving at all. "Hey, can you do it or not? don't think that you can get away with it by putting on an act. If you can't find a super spirit eye, I guarantee that you'll die a horrible death."

Lin Yi turned to look at him, his voice calm. "Although the spiritual Qi in the Super spirit eye is very obvious, it is very small and changes very quickly. Even I will have a hard time finding it. If you don't even have the patience, you should give up as soon as possible."

With that, Lin Yi turned to another spot and continued what he was doing.

"Tsk, you're really good at saying this. But it's fine, you can't eat hot tofu if you're impatient. Anyway, I'll give you half a day. If you still can't find the Super spirit eye by the end of today, you can just wait for your tragic death." Meng jueguang grinned evilly and stopped talking. He stood behind Lin Yi and looked at him coldly.

Lin Yi couldn't help but smile to himself. Don't worry, you won't live to see that day!

The two guards looked at Lin Yi and Meng jueguang's strange actions from a distance and couldn't help but look at each other. They didn't come to a place like this to mine, but they were touching the stone wall. What was going on?

If it was someone else who was so lazy, the two guards would have already stepped forward to berate them. However, this time, they chose to turn a blind eye to it. After all, Meng jueguang had always been popular in the Ling Yu Hall, and the two of them were just ordinary guards. There was no need to offend Meng jueguang for such a small matter.

Plus, Lin Yi had been working here for three months, and their relationship was pretty good. Naturally, he wouldn't make things difficult for them.

The two guards turned a blind eye, and Lin Yi and Meng jueguang were happy to see that. It was for the best that the two of them didn't mess up the situation.

Time went by, and it was six hours past noon. The sky was getting dark, and it was getting closer and closer to the end of the day. Lin Yi had already walked around the entire tenth Kuangqu.

He had already stopped at more than twenty places. To be more precise, there were twenty-two places.

"Hey, I have to remind you that we're going to wrap up very soon. Although I personally don't like this result, it seems that we're destined not to cooperate well. This is fate." Meng jueguang said impatiently. After holding it in for an entire afternoon, his patience had been completely worn out.

Lin Yi continued to put his hand on the wall and continued to channel his Qi. This was the twenty-third and last one in his plan.

"To be honest, I wanted to take this opportunity to work with a newcomer as outstanding as you. It's a pity." Meng jueguang suddenly sighed.

His words were indeed from the bottom of his heart. After all, he was about to be promoted to the position of the third Pavilion master, but he did not even have a capable subordinate. If these words were to spread, it would be too embarrassing.

Meng Tong had been reborn after taking the meridian heart-shattering pill, and he seemed a little more reliable than the weak a 'Dou of the past. Unfortunately, he was still far from being Lin Yi's opponent, and he was now half-dead and bedridden.

As for Murong Zhen, he was indeed much more reliable than Meng Tong. However, this woman was very scheming. Even if they had slept together, she would not be of the same mind as Meng jueguang. She was like a venomous snake, and no one knew when she would bare her ferocious fangs.

Meng jueguang couldn't really rely on these two, and now that he had the chance, it would be perfect if he could get Lin Yi under his control.

He was far stronger than the other two, and because he had a life-threatening weakness in his hands, he didn't have to worry about loyalty. He was like a puppet fighter made for Meng jueguang-the stronger Lin Yi was, the happier he was.

Unfortunately, compared to a puppet, Meng jueguang was more concerned about the spiritual Jade. If Lin Yi couldn't tell him the secret of how the useless Jade could quickly recover, then he'd have no choice but to kill him.

Lin Yi pulled his hand back-everything was ready. He smiled playfully. "Is that so? That's really a pity. If you had said that earlier, you might have had a chance to keep your life. "

"What?" Meng jueguang was taken aback-he felt an unusual sense of danger from Lin Yi's words.

This feeling was as if he had unknowingly fallen into a giant net. His hands and feet were firmly bound, and he could not move no matter how he struggled. Meanwhile, the man-eating Spider was gradually showing its ferocious appearance from the dark shadows.

Chapter 3958 Do You Have Any Last Words?

"It's nothing," Lin Yi shook his head faintly and narrowed his eyes. "If you have any last words, senior brother Meng can stay. Although you and I are not on the same side, we are still fellow brothers. I can still help you with this small matter."

"What the hell are you talking about?" Meng jueguang felt guilty. Even if he had Lin Yi's weakness in his hands, the difference in strength between the two of them made it natural for the weak to be afraid of the strong. It was an inevitable fear.

Strictly speaking, he was a mid Foundation Stage practitioner like Lin Yi-he might be able to put up a fight.

It was a pity that Lin Yi had the feat of killing Nan tianyong, a peak late Foundation Stage cultivator, in an instant. In the eyes of any normal person, including Meng jueguang himself, no one would think that they could fight this monster. It was no different from suicide.

Lin Yi's intentions were clear as day, and Meng jueguang couldn't help but shiver as he felt the killing intent radiating from Lin Yi's body. "You actually want to kill me? You're a F \* cking lunatic, trying to kill me in a place like this. Do you think you don't have to die?"

He'd already considered the possibility of Lin Yi taking the risk to kill him, but he thought that the chances were minuscule.

Lin Yi had a bright future ahead of him, and as long as he wasn't forced into a dead end, he wouldn't take the risk as long as there was still a chance.

There weren't many people here, but there were still two guards watching from a distance. If Lin Yi dared to make a move, it'd be the same as throwing the pot down. Whether he could kill Meng jueguang or not, he'd be dead for sure, and it'd be a horrible death.

No matter how strong Lin Yi was, he was just a newbie. He wasn't even worth mentioning in front of the law enforcement Hall, the spirit Jade Hall, and the three pavilions.

However, Lin Yi only smiled nonchalantly and left, ""Under normal circumstances, it's not convenient to kill you. But if you died in a mine accident, there shouldn't be any problem."

"Mine ... Mine disaster?" Meng jueguang was taken aback, but before he could react, Lin Yi was already walking towards Kuangqu tunnel with the spiritual Jade basket, ready to hand over the work.

In an instant, Meng jueguang broke out in a cold sweat. If what Lin Yi said was true, that he wasn't killed by Lin Yi himself but by the mine accident, then even if he died, it would be for nothing. No one would even think of Lin Yi as the culprit.

However, Meng jueguang suddenly started laughing hysterically and pointed at Lin Yi's back. "That's a wonderful wish, but unfortunately, a mine accident doesn't happen even once in a few hundred years. Should I say that you're stupid to place your hopes on such an unrealistic thing, or that you're already at the end of your rope?"

Mine accidents might be common in the secular world, but on this heaven class Island, especially in the Kuangqu under the direct control of the three pavilions, the Ling Yu Hall, the chances of a mine accident happening were as low as Meng jueguang had said.

In fact, in the past hundred years, there had been no records of any mining accidents under the jurisdiction of the spirit Jade Hall. Generally speaking, because every Kuangqu had guards arranged, any slight abnormality would be quickly discovered and repaired. The spirit Jade Hall attached great importance to this.

Moreover, even if a mine accident really did happen, if it was just an ordinary one, it wouldn't be life-threatening for a mid Foundation establishment expert like Meng jueguang.

Unless it was the legendary nightmarish mine collapse. Of course, a mine collapse might not happen once in a thousand years, so there was no need to take it into consideration.

Therefore, after breaking out in a cold sweat, Meng jueguang quickly regained his composure. A mine accident was complete nonsense.

Lin Yi stopped in his tracks and turned back to look at the man. "Desperate? You can say that. After all, you know too much. If I don't bury you here today, it will be very troublesome for me. "

Meng jueguang was stunned. Just as he was about to sneer, his expression suddenly changed. The cave wall behind him suddenly began to shake violently, and cracks began to appear. Threads of domineering true Qi emerged from the cracks.

"How is that possible? What the hell is this guy doing!" Meng jueguang was shocked to the core-he'd treated Lin Yi's words as a joke, but now even the well-protected cave walls were starting to crack. It was a reality.

After sensing that something was wrong, Meng jueguang did not hesitate to turn around and run. Although he was confident that he could deal with an ordinary mine disaster with his strength in the middle stage of the foundation building realm, if there was a chance, it was naturally better to escape as far away as possible.

Besides, no matter how hard it was to believe, Lin Yi was most likely the one behind the accident. It was something anyone could think of, and if they let their guard down, they'd be screwed.

Meng jueguang's reaction was extremely fast, but before he could run a few steps, the wall behind him exploded. At the same time, the other twenty-two points that Lin Yi had checked all exploded.

BOOM! The layers of protective arrays that had been set up in the mine collapsed in an instant. The huge mine cave No. 10 collapsed abruptly, and countless gravel flew everywhere. There were even a lot of spiritual Jade among them. Even the top of the cave began to collapse in pieces. It was a horrifying scene as if doomsday was coming.

"As I expected, the simultaneous explosion of twenty-three true Qi bombs is enough to cause a man-made mine disaster!" Lin Yi turned around and nodded.

In the afternoon, under the guise of using the Super spirit eye to investigate, he had planted 23 true Qi bombs in the cave walls right under Meng jueguang's nose. As long as they were controlled to explode at the same time, it was possible to create a man-made mine accident and bury Meng jueguang here.

This was Lin Yi's plan. He didn't know how much power he needed to break through the various defensive formations, so he spent so much time and used all the power he could control.

Twenty-three energy bombs-this was the limit of Lin Yi's control right now. He had to use his consciousness to control each one so that they wouldn't explode immediately. Individually, they couldn't be compared to the Super energy bomb he used against Nan tianyong! However, when these 23 true Qi bombs were added together, whether it was the total amount of true Qi or the power, they were far above the original. They were at least five times more powerful.

Chapter 3959 The Death Of Meng Jueguang

This was the best and only chance to bury Meng jueguang. If he failed, there would be no more chances. Meng jueguang would definitely contact Southern Heaven Gate in desperation, and the consequences would be unimaginable.

And so, in order to make sure that nothing went wrong, Lin Yi had to give it his all. If possible, he could even throw 230 energy bombs, much less 23.

However, from the looks of it, the power of these twenty-three energy bombs had not only successfully triggered the expected mine disaster, but it was more than enough. It could even be said that the power was too strong, far beyond Lin Yi's imagination.

"What?" In the chaos, Lin Yi suddenly noticed a spiritual Jade that shot out from the side, piercing through the five-meter-thick stone pillar. The terrifying penetration and damage made his scalp go numb.

Spiritual jades were extremely hard, far harder than ordinary rocks. It might not be a problem under normal circumstances, but now, it was undoubtedly a fatal weapon.

The spiritual energy in the Kuangqu was rich to begin with. Even in the dead mining area No. 10, there were countless spiritual jades buried deep behind the stone walls. The concentration of spiritual energy was no doubt. In such an enclosed space with rich spiritual energy, it was simply a natural super-large spiritual energy bomb.

From the looks of it, under the influence of Lin Yi's twenty-three energy bombs, this super-large bomb was already showing signs of detonation.

If it really evolved to this stage, the spiritual energy in the mine would explode. After obtaining unparalleled speed, coupled with its hardness and penetrating power, every piece of spiritual Jade here would be a great killing weapon. Even a golden core stage master would not be able to escape unscathed.

Lin Yi jumped in shock, but didn't have time to think. Out of instinct, he activated his pure Qi and shot towards Kuangqu tunnel like a cannonball.

At the same time, Meng jueguang was also struggling for his life, but because he was much closer to the wall than Lin Yi, and his speed wasn't as fast as Lin Yi 's, he was swallowed by the rocks in the blink of an eye.

According to Lin Yi's original plan, the mine accident alone wasn't enough to kill Meng jueguang, so it was just an excuse. He wanted to kill Meng jueguang in the chaos since there were only two guards. As long as he was fast enough in the chaos, it wouldn't be difficult to kill him without anyone knowing.

However, there was no need for that now. From the looks of it, if he didn't run for his life with all his might, he would probably die Here as well. Ever since the first spiritual Jade burst out, the situation was far out of his control.

"Detestable! "I'm going to take over as the third house master, how can I die in a place like this ...."Meng jueguang screamed as he tried to chase after Lin Yi, blood dripping from his body.

Unfortunately, before he could finish his sentence, a piece of spirit Jade pierced through his chest from behind, and through his heart. In an instant, Meng jueguang's heart stopped beating. To be more precise, he no longer had a heart.

This was followed by countless rocks and fearsome spirit jades that pierced through his body from various parts. Meng jueguang was instantly torn to pieces and couldn't be more dead.

With his status as the eldest senior brother of the GreenCloud Pavilion's new manager, he was able to create a huge network of connections and even forced the third Pavilion master, Lu bianren, to leave and replace him. In the eyes of the new managers, Meng jueguang was omnipotent, but he had died an unnatural death.

Meng jueguang had worked so hard for so long, and the dream he had was so close to his hands, but in the end, he had not been able to take over the position of third Pavilion master. He had been swallowed by the rubble, and in the end, he had not been able to close his eyes. His blank pupils were filled with deep resentment and unwillingness, and he had died with a grievance.

"Hu!" Lin Yi saw this from the corner of his eye and let out a long breath. Things were going out of his expectations, but everything was fine as long as he could bury Meng jueguang here.

After all, this guy knew that his identity was exposed, and he had solid evidence in his hands. He was too much of a threat, so he had to die.

However, Lin Yi had just relaxed a little when a huge force came from behind him. Even with the Super strong protection of his body, he couldn't help but spit out a large mouthful of blood under the impact.

Lin Yi glanced behind him, feeling lucky that he was hit by a stone slab. If it had been a rock with a stronger penetration, or a spiritual Jade, he would've been half-dead if not dead.

The impact of the stone slab did injure Lin Yi quite a bit, but it did have an advantage-it allowed him to escape faster. At the same time, he had a shield behind him, which could at least block a lot of the stones and prevent him from getting hurt again.

"Mine ... Mine collapsed? It can't be!" It was not until this moment that the two guards not far from the tunnel entrance of the Kuangqu realized that something was wrong. Both of their faces were filled with horror.

The two of them were so scared that their faces turned pale. They watched helplessly as the rubble mixed with the spiritual Jade bombs got closer and closer. They knew that they would definitely die if they continued to stay here, but their legs were like lead, completely out of their control.

Just as the two of them were about to be devoured by the falling rocks, a figure suddenly crashed into them, and the three of them rolled into the tunnel, narrowly escaping death.

At the same time, the other Kuangqu were also rumbling. Although they did not have a large-scale mine collapse like the 10th mining area, there were also broken stones falling from the top of the mine. This was a sign of a linked mining disaster.

For a moment, all the Kuangqu were in a panic. In the face of a mine accident, even the powerful cultivators may not be able to guarantee a safe retreat. Although there were not many mine accidents in history, the number of deaths each time was not small.

No one was willing to be the unlucky ones in the mine. Following a series of panicked screams, everyone ran for their lives. The entire spirit Jade Hall was in a state of panic.

This day was destined to be recorded in the history books. Not only the Ling Yu Hall, but the entire three pavilions were also shocked.

A normal level of mine accident was already very rare. As for a mine collapse of this level, it was even harder to come by in a thousand years. It was impossible for the three great pavilions not to be shaken.

After the incident, the elders Guild immediately responded by sending an elder to the spirit Jade Hall and ordering them to assist in the aftermath. At the same time, the law enforcement Hall also stepped in to investigate the incident.

The next day, the elders Guild received the casualty and loss statistics, as well as the preliminary investigation report from the law enforcement Hall. For a while, all the big shots could not help but look at each other.

#### Chapter 3960 Lin Yi Being Investigated

Judging from the severity of the situation, it could be confirmed that the mine collapse this time was a once-in-a-Millennium mine. However, because the initial mine collapse point was the tenth dead Kuangqu, only a few pieces of spiritual Jade could be contributed in a year. Although the other mining areas were also affected, it was not a big problem. As long as the protection was reinforced, mining could proceed as usual. Therefore, the loss of spiritual Jade caused by the mine collapse this time could be said to be minimal.

As for the casualties, the final count was extremely small, with only one dead and 13 injured.

Naturally, the one who died was Meng jueguang. Other than Lin Yi and the two guards from the tenth Kuangqu, there were ten other injured people from the mine, most of them from fighting while escaping.

Even so, the mine collapse this time was still highly regarded. After all, the one who died was Meng jueguang. The letter of appointment for the third Pavilion master of the welcome new pavilion had already been drafted. Without a doubt, he had entered the ranks of the high-ranking members of the welcome new pavilion. He could be considered the highest-ranking martyr in the history of the mine collapse of the spirit Jade Hall.

At Meng jueguang's level, there was no need for him to personally mine the ores. He would not even go into the mines too many times, so he did not need to be on the front line. Naturally, he would not appear on the list of martyrs. Only Meng jueguang was an exception this time.

Meng jueguang's death immediately caused a stir in all parties. Needless to say, when the news of it spread, from Pavilion Lord Hu Yunfeng to the ordinary GreenCloud Pavilion's new disciples, everyone was shocked and fell into chaos.

For the welcoming new pavilion, Meng jueguang's death was no less than a reshuffling of power. They were both third Pavilion Masters, but Meng jueguang's death and Lu bianren's departure were two completely different concepts.

As the previous third Pavilion master, Lu bianren's expulsion was not a big change for the welcoming new pavilion. This was because Meng jueguang had long since locked in the position of the successor. No one could take away this fat piece of meat that was in his mouth, so Lu bianren's departure would not cause much chaos.

However, Meng jueguang was different. He had only just been preparing to take over the position of the pavilion master. He had not even received the letter of appointment for the third Pavilion master. His death could not be said to not be sudden. It was as if he had wiped out a blank space in the power hierarchy of the welcome Pavilion.

Without a doubt, this was definitely a piece of fat meat. However, in a situation where no one was mentally prepared, it was suddenly thrown in front of everyone. A group of dogs fighting for food, and chaos was inevitable.

In addition, the position of the third Pavilion master of the welcome Pavilion was not the only one that had been vacated by Meng Jue Guang's death. The position of the eldest senior brother of the GreenCloud Pavilion's new manager was also vacant.

For a period of time, the new disciples of the GreenCloud Pavilion were in a state of panic. Those with strength and skill would naturally want to take this opportunity to rise to the next level. Even if they couldn't hope for the position of the third Pavilion master for the time being, the position of the eldest senior brother of the GreenCloud Pavilion's new manager wasn't a glorious position, but it was an extremely important one. It was also a position that many people coveted.

However, the majority of the GreenCloud Pavilion's new disciples weren't thinking about this problem. They didn't have the strength to compete with others. The only thing they wanted to do now was to protect themselves.

When Meng Jueguang was still alive, they had no problem submitting to him—even when Lin Yi's strength put Meng Jueguang's side at a disadvantage, it wasn't a big problem. After all, an arm couldn't win against a leg. As long as Meng Jueguang became the 3rd house master, everything would be fine.

But now, with the collapse of the mine, Meng Jueguang's future and even life and death would be at stake.

If they didn't make a wise decision now, they couldn't guarantee that Lin Yi wouldn't do something to them later. Even if they hid in their shells, they'd be in big trouble if they were excluded.

However, no matter what they thought, no matter what decision they made, they still had to look at one person's face, and that person was Lin Yi.

When Meng jueguang was still around, he was already forced back by Lin Yi, but now that he was dead, Lin Yi was the only one in power. This was an inevitable reality.

No newbie in the pavilion would be able to do anything without Lin Yi as their backing. They had to open their eyes and see what Lin Yi's attitude was.

Unfortunately, they couldn't get in touch with Lin Yi at all, because he was being investigated by the Hall of Justice.

In the interrogation room of the law enforcement Hall, Lin Yi looked at the master in front of him and shook his head silently. Enemies meet on a narrow road. The person in charge of the interrogation was a familiar face, Ma Jian.

Lin Yi still remembered clearly that although this Ma Jian was from the Hall of Justice, he was actually on Xu lingchong's side. During the newbie assessment, he had secretly attacked Lin Yi during both the suppression and resistance segments. Lin Yi was lucky that he had a strong trump card and was able to deal with it calmly. If it were any other newbie, it was possible that they would have died under this person's schemes.

Strictly speaking, he did not know this Ma Jian. There was no enmity between them in the past and there was no enmity between them. They only stood on opposite sides because of his relationship with Xu lingchong. This time, it was no exception.

"Name, identity, tell me the truth!" Ma Jian crossed his legs casually as he sized Lin Yi up with a cold smile.

As Lin Yi expected, he did receive Xu lingchong's orders this time. Not only did he have to make things difficult for Lin Yi, but if possible, he also had to push all the blame onto Lin Yi and get rid of him.

Meng jueguang's death was a huge loss to Xu lingchong. Meng jueguang's abilities had been recognized by Xu lingchong and he was gradually being incorporated into his core circle. He would be of great use in the future.

Otherwise, Xu lingchong would not have given Meng jueguang so many cultivation resources and rare pills. He even asked his grandfather, Xu Yuanzheng, to help him fight for the position of the third Pavilion master of the welcome Pavilion.

In young master Xu lingchong's plans for the future, Meng jueguang was like his left and right arm. Now that Meng jueguang was dead, it was like losing an arm to him. Not only did he lose his future wings, but all his previous investments had also gone to waste.

However, the good thing was that Lin Yi and Meng jueguang were at the same place when the mine collapsed, and it was at the starting point. No matter what the details were, this gave Xu lingchong the chance to make a big fuss.

If he could use this chance to get rid of Lin Yi, it would be a great move. He didn't have the energy to do it himself, so he could only let Ma Jian handle it. After all, Ma Jian had a job and was already familiar with such matters. He was an experienced man.
