

Bodyguard 4001

Chapter 4001 Early Preparation

A sinister sneer flashed across the corner of Xu lingchong's mouth. He took out a small yellow pill from his bosom and stuffed it into his mouth without saying anything. This was the antidote that he had prepared for himself in advance.

Before he apologized to Lin Yi, he already knew that Lin Yi wouldn't trust him, and it was only natural for him to suggest exchanging glasses. So he added extra ingredients to the whole pot of spirit wine-no matter who drank it, no matter which glass it was, they'd all be hit.

It was just as Lin Yi had predicted-the ingredients that lingchong added to the wine weren't anything that had an obvious effect. After all, the situation was too sensitive-the important people seated downstairs were all people with great abilities. Even the slightest movement wouldn't be able to escape their senses, so even if it was a drug in the wine, it had to be a drug that wouldn't be suspicious.

The drug used by Xu lingchong this time was called immortal inebriation. It was a simple hallucinogenic drug. During the flare-up of the drug, it would cause a person to be in a trance, which in turn would achieve the same effect as getting drunk.

It was said that this was a drug that was specially used to confuse the cultivator's divine sense. Although the effect was not violent, it would not kill him, and there were no side effects after the event, when the medicinal power took effect, even Immortals could not withstand it, which was why it was called immortal inebriation.

The immortal inebriation was colorless and tasteless, and the effect was the same as being drunk. So even if Shangguan LAN 'er and Lin Yi drank it in front of so many big shots, and the drug took effect, no one would be suspicious. Even the people themselves might not be able to detect it. This was the unique feature of the immortal inebriation.

It was similar to being in a drunken state. This effect might not be impressive, but in some special situations, it was very practical and almost risk-free. Just like now, it was the best weapon to help Xu lingchong achieve success.

God drunk was mixed with spirit wine, and the effect would slowly take effect for a period of time, and the effect would gradually become stronger. It was like boiling a frog in warm water-even God drunk couldn't handle it when the effect reached its peak, let alone Lin Yi.

According to Xu lingchong's original plan, before Shangguan LAN 'er and Lin Yi went upstairs, he would make them drink the immortal's inebriation. This way, when the drug takes effect at its strongest, both of them would be in a trance. At that time, if he wanted to do anything to them, wouldn't it be completely up to him, young master Xu, to do as he pleased? it would be effortless!

However, now that Lin Yi had drunk the immortal's inebriation and Shangguan LAN 'er didn't, Xu lingchong would have to put in a little more effort if he wanted to execute his next opportunity smoothly.

Fortunately, Shangguan LAN 'er's strength was weak. With Xu lingchong's strength at the perfected Foundation establishment stage, it would be extremely easy for him to deal with her without leaving a trace. Furthermore, he could guarantee that he would not expose anything.

While Xu lingchong was planning and preparing for the next step, Lin Yi followed Shangguan LAN 'er up to the third floor. Although he had been carefully feeling every change in his body, he didn't feel any obvious changes.

Lin Yi couldn't help but mumble in his heart. There were only two possible explanations for this. Either Xu lingchong didn't drug him, or he did drug him, and the drug wasn't strong enough to kill him.

As Lin Yi mumbled to himself, something started happening to the little Curly Bear. The little guy was stumbling around, jumping up and down and throwing things down as soon as he saw a table. He looked like a violent little kid.

Lin Yi was dumbfounded-he'd never seen Curly Bear this violent before. "What's wrong with it?"

Shangguan LAN 'er, however, did not seem surprised at all. She shrugged and said, ""What else could it be? this little thing is drunk. In the past, every time he secretly drank, he would be like this. But today, it's a bit strange. How could he be like this after only one cup? he usually drinks a lot, but his alcohol tolerance is not so bad!"

Lin Yi shook his head, lost in thought. "No matter how good the little fellow's alcohol tolerance is, it still depends on what kind of wine it drinks. Even if it can drink a thousand glasses without getting drunk, there are some wines that it can get drunk with just one glass."

"What kind of wine are you drinking? Little white used to drink spirit wine too, so there's no difference?" Shangguan LAN 'er said, half understanding.

Lin Yi smiled but didn't say anything. He walked to the side and sat down cross-legged, channeling his practitioner's Arts to get rid of the effects of the wine.

From the little Curly bear's reaction, Lin Yi was now one hundred percent sure that his prediction was correct-lingchong had indeed added some ingredients to the wine.

The little Curly bear's endurance was much lower than a practitioner's, which was why the effects took place so quickly. If it were Lin Yi himself, it would take some time before the effects took effect.

No matter what, as long as it wasn't a lethal poison, Lin Yi would have a way to deal with it. He was a Healing Master himself, and poison was also a type of internal injury.

However, Lin Yi quickly realized that the drug wasn't strong or fatal at all, but it was endless. He could get rid of it easily every time he felt it, but it would come back immediately after. He spent half a day trying, but there was no sign of the root being removed.

"This thing is really hard to deal with." Lin Yi shook his head speechlessly. In the past, no matter how serious the injury was, he was always confident that he could recover quickly. On the other hand, this medicine, which clearly wasn't fatal, was like a dogskin plaster that he couldn't get rid of.

Lin Yi didn't know that he was under the effects of the God's inebriation. Even gods could only get drunk, how could it be removed so easily?

However, even if he couldn't get rid of the drug in a short period of time, Lin Yi had to try his best to control his body's condition. He didn't have to go crazy like Curly Bear.

If everything went as expected, Xu lingchong should be making a move soon. Otherwise, he wouldn't just add some medicine to help the wine.

"Little Junior Brother, what are you doing?" Shangguan LAN 'er couldn't help but ask after seeing Lin Yi's strange expression.

"Nothing, I can't drink. I'm just trying to relieve myself of the alcohol." Lin Yi smiled noncommittally.

"Cure the alcohol? Little Junior Brother, you've only drunk one cup and you're already so drunk. How are you going to socialize with these cunning old foxes in the future? it seems that little Senior Sister will have to get you a few more jars of high-grade spirit wine for you to practice!" Shangguan LAN 'er giggled, still confused.

"Hehe, then many thanks for little Senior sister's good intentions." Lin Yi continued to channel his energy to force the drug out of his body while accumulating his pure Qi. Even if the effects of the immortal inebriation could suppress the drug, his strength would still be affected. It was better to be prepared.

Chapter 4002 Do Me A Favor

While the two were talking, the little Curly Bear had already turned the whole place upside down. Although this little guy did not have much strength, it was really destructive when it was drunk. In the blink of an eye, half of the house had been demolished. If this continued, the entire third floor of Huayang residence would probably fall.

Seeing the little Curly Bear picking up the giant scissors used to trim the giant potted plants in the house and waving them around, Shangguan LAN 'er had no choice but to chase after it to comfort it. However, before she could chase after it, she was hit on the back of the neck, and her eyes rolled back and she fainted.

At the same time, this person didn't even let the little Curly Bear go and was kicked to the corner.

Lin Yi, who was meditating in the distance, couldn't help but Twitch when he saw this scene. At the same time, the corner of his mouth curled up into a smile as expected. The person who came was Xu lingchong.

"Young hero Lin, you probably didn't expect us to meet again so soon, did you?" Xu lingchong kicked the little Curly Bear to the side, then glanced at the unconscious Shangguan LAN 'er on the ground. With eyes full of greed, she sat on a large chair with the posture of a superior.

Lin Yi raised his head and shook it like the little Curly Bear did, his eyes dazed and silent.

Xu lingchong smiled, "Oh right, I almost forgot. Young hero Lin just drank. He should be delirious right?" A country bumpkin from the secular world like you should have never drunk such a high-end spirit wine before. You must think that all spirit wine has such a strong aftereffect, right? Hahaha, immortal inebriation can even knock out Immortals. For a grassroots ant like you, to be able to taste immortal inebriation before you die, you have not lived in vain!"

Lin Yi still didn't react. In Xu lingchong's eyes, Lin Yi's consciousness was completely gone. He was barely keeping his eyelids open and maintaining the last bit of consciousness. Perhaps he couldn't take it any longer.

Not to mention Lin Yi's puny strength, even Xu lingchong, a Foundation peak stage, admitted that he couldn't withstand the effects of immortal inebriation.

Xu lingchong sneered as he lecherously scanned Shangguan LAN 'er's exquisite body, drooling.

Although Shangguan LAN 'er looked like a little girl who had not grown up and her figure was not as mature and charming as Murong Zhen' s, she had a little more of a pure and innocent temptation, especially with the noble status of Shangguan Tianhua's only granddaughter. Even a veteran like Xu lingchong could not hold back at this moment.

Seeing that Xu lingchong was about to touch Shangguan LAN 'er's body, Lin Yi suddenly let out a muffled groan. He seemed to be struggling to get up, but his limbs were not listening to him. He tried to get up a few times, but he fell down a few times. He couldn't stand at all.

"Oh my, even after drinking the immortal inebriation, you are still able to retain a bit of consciousness. Young hero Lin, you are really something. I have underestimated you!" Xu lingchong smiled teasingly as she walked over and squatted in front of Lin Yi. "Fine, I'll let you die with a clear understanding just for this rare performance of yours."

"What ... What do you want to do?" Lin Yi rolled his eyes as he mumbled.

"What do I want to do? Isn't that something very clear? there's good wine and beautiful women here, and it's human nature to have sex after drinking. What do you think, young hero Lin?" Xu lingchong glanced at the unconscious Shangguan LAN 'er proudly and couldn't help but swallow her saliva.

"Drunken sex ..." Lin Yi's heart suddenly quivered. Although he'd guessed this before, hearing Xu lingchong say it himself still felt a little unbelievable.

If it were any other woman, he, Xu lingchong, would be able to get as many women as he wanted from young master Xu. However, Shangguan LAN 'er was the precious daughter of Shangguan Tianhua, the pavilion master of the rising Sky Pavilion. If Xu lingchong dared to touch even a single hair of her, he would only end up dead.

And now, this guy was actually preparing to force himself on him. Did Xu lingchong eat the guts of a leopard or was he having sperm in his brain? even if he was looking for death, he wouldn't do it this way!

"You think it's unbelievable? Do you think that I shouldn't have such courage? Hahaha!" Xu lingchong laughed smugly and pointed at Lin Yi. "Don't worry, swordsman Lin. I don't have the guts to force myself on my Junior Sister, LAN 'er, but I really can't bear to leave her. So, after thinking about it, I can only ask you to do me a favor."

"What ... What help ..." Lin Yi continued to pretend to be confused.

Xu lingchong shot him a disdainful look, before standing up and walking towards Shangguan LAN 'er, saying, "Of course, you'll take the blame for me. Lin shaoxia, you raped Junior Sister apprentice LAN 'er after drinking too much and was killed by me in one move. After that, I can show my generosity and accept her as my disciple. How about it? I'll gain both fame and fortune, right?"

"You're so despicable ..." Lin Yi was shocked. If they really followed Xu lingchong's plan, they'd just have to throw the dirty water on a dead person like him. The dead couldn't testify, and there really wouldn't be any flaws.

"Despicable? Hmph, only the weak who have failed would say such ignorant and stupid words!" Xu lingchong paused, turned around, and smiled. "I have to thank you, young hero Lin. If you weren't so close to Junior Sister LAN 'er, I wouldn't have had such an opportunity and excuse. I might not have been able to get close to her even after waiting for decades. Now, I can finally get what I want. I can finally be Shangguan Tianhua's son-in-law. You've contributed greatly! Hahaha!"

After saying that, Xu lingchong impatiently took out a small bottle of medicine from her bosom and turned around, wanting to pour it into Shangguan LAN 'er's mouth.

This was the immortal inebriation that he had prepared long ago. Since he had not been able to make Shangguan LAN 'er drink it with the spirit wine just now, he could only force her to drink it now. Although she had been knocked unconscious, she might wake up later, so it was safer to let her be in a trance.

With a Savage smile on his face, Xu lingchong downed the immortal inebriation and grabbed Shangguan LAN 'er's belt with one hand, preparing to undress her. He had been fantasizing about this action for many years, and had practiced it on other women.

It was true that there were few female cultivators in the three pavilions of the North Island. However, with his identity as the young master Xu, it was easy for him to find a few women to play with. He didn't even need to say anything. Lou Tianyou and the others would take the initiative to help him.

However, these were all ordinary women. There were very few female cultivators. As for those with a noble status like Shangguan LAN 'er, they were even rarer. Today, Xu lingchong could finally get this woman of his dreams. Just thinking about it made her unable to extricate herself.

Chapter 4003 Blow Up Your Head

He watched as Xu lingchong unbuckled his belt, and Shangguan LAN 'er's body was about to be revealed in front of him. Finally, Lin Yi, who had been storing his energy for a long time, suddenly burst out.

With Xu lingchong's perfected Foundation Stage strength, Lin Yi had no chance of winning against him under normal circumstances, unless Lin Yi threw a super energy bomb in his face like he did with Nan tianyong.

Lin Yi didn't have the chance to do that. If it wasn't for the immortal inebriation, Xu Ling would've killed him right away, and then she would've poured the dirty water on the dead man.

However, it was precisely because Xu lingchong believed in the effects of the immortal inebriation that he didn't expect Lin Yi to be able to fight at this time. In addition, he was completely focused on Shangguan LAN 'er at the moment, and by the time he reacted, Lin Yi was already only one step behind him.

By the time lingchong finally sensed the threat behind him, Lin Yi was already holding an energy bomb in his hand and pressing it against the back of his head.

He made use of the time he had to get rid of the immortal inebriation's effect to create an energy bomb. It wasn't as powerful as the one he used against Nan tianyong, but it was still powerful enough to hit someone's face.

Lin Yi's movements couldn't be said to be slow-he'd already pushed his mid-foundation strength to the limit, and in that split second that couldn't even be considered a split second, lingchong was the first to reach him-she turned around and grabbed him.

"You actually dare to sneak attack this young master, truly don't know the immensity of heaven and earth!" Xu lingchong sneered coldly at the Tao Wu, the aura of a powerful expert on full display.

Lin Yi was secretly shocked. Although Nan tianyong, a peak late Foundation Stage master, had basically fallen in his hands, he didn't know how strong a master at this level was. But now, he finally saw what a peak Foundation Stage was!

Although Xu lingchong was born as a young master, his own powerful strength was not inferior to his prominent status.

If they were to fight one on one, Lin Yi had to admit that he wasn't young master Xu's opponent at all. He wouldn't even be able to last one exchange.

And now, Lin Yi's energy bomb, which he had been preparing for a long time, suddenly exploded from the back when the enemy was unprepared, but it still didn't succeed.

Luckily, Lin Yi was prepared for this. He took advantage of Xu lingchong's grab and stuffed the energy bomb into his hand.

"Small tricks!" Xu lingchong's mouth twitched in disdain. He had never seen a move like the true energy bomb before, and thought that it was just a counterfeit martial art that he had never seen before. He could grab it with one hand and it was not worth mentioning.

However, Xu lingchong's expression changed the moment the true energy bomb touched his hand. The powerful true energy contained in it made even him, a perfected foundation building expert, feel shocked.

More importantly, the mass of genuine Qi in his hand was ready to explode.

Lingchong Xu only realized now that he'd been tricked by Lin Yi again. This Qi wasn't the knockoff he'd imagined, but a hot potato through and through.

"You should be very clear about the power of this pill fire bomb that I stole from you, right? If you don't want to make a big deal out of it and be brainwashed by the big shots downstairs with the soul-searching technique, young master Xu, you'd better think of a way quickly, or else the consequences will be dire. " Lin Yi quickly dodged and retreated before he spoke calmly. Before he let go of the energy bomb, he didn't dare to detonate it. After all, the two of them were too close, and if they detonated it, both of them would be injured. However, Lin Yi's strength was obviously weaker than Xu lingchong 's. Even though he could recover after the explosion, Xu lingchong could kill him while he was healing!

"Despicable little man!" Xu lingchong cursed through gritted teeth, but he could only let Lin Yi go for now and take care of the energy bomb in his hand first.

Just as Lin Yi had said, if he let this energy bomb go off, not only would his plan of forcing himself on Lin Yi be for naught, even if he wanted to frame Lin Yi, it would be hard for people to believe him completely, because Shangguan LAN 'er would definitely not stand on his side.

Hence, he could only follow Lin Yi's plan and take care of the energy bomb in his hand before he could move on.

"Didn't you just say that despicableness is the foolish words of the weak?" Lin Yi laughed coldly. Their strengths didn't match up at all. If he didn't set this up, he wouldn't be able to deal with someone like Xu lingchong.

Xu lingchong hmphed coldly. He didn't have the time to waste on Lin Yi anymore. He held the energy bomb in his hand and his body exploded with an unparalleled aura. His strength of a Foundation Stage peak was instantly activated to the extreme. Layers of energy wrapped around the energy bomb in his hand.

BOOM! With a muffled sound, the true energy bomb finally exploded. However, under Xu lingchong's full control, it did not dissipate. The power was actually completely blocked by Xu lingchong's true energy.

As expected of a perfected Foundation establishment cultivator, his strength was truly shocking!

Lin Yi sighed to himself, but his hands didn't stop moving. Taking advantage of the gap in Xu lingchong's suppression of the energy bomb, he struck out with the 23rd Style of the wild fire Eight Trigrams palm towards her face.

"A lowly ant like you dares to fight for glory with me? you really don't know what death is ..." Lingchong wanted to show off, but Lin Yi slapped him in the face before he could finish.

Bang! Bang! Xu lingchong had just used up 90% of his pure Qi and was at the point where he couldn't replenish it. This was a completely unexpected attack-a peak Foundation Stage master was sent flying by Lin Yi, a mid Foundation Stage. His face was a bloody mess.

"Damn it ..." Xu lingchong was forced into a solid corner by this palm and couldn't stop coughing blood. She couldn't get up for a long time as she glared at Lin Yi with fire spewing out of her eyes. She wanted to tear him into eight pieces to vent the hatred in her heart.

On the other hand, Lin Yi's condition wasn't too good either. After using the energy bomb and the 23rd Style of the raging fire Eight Trigrams palm, his body was completely drained of energy. Even the Jade space couldn't replenish it instantly. Don't forget, the effects of the God's inebriation still remained in his body.

Feeling the waves of dizziness, Lin Yi knew that things weren't looking good. Now that his Qi was depleted, the effects of immortal inebriation would come back again. If he didn't meditate now, he would lose his mind very soon, which was a bit fatal!

Seeing this, Xu lingchong's eyes lit up. Although he accidentally lost to Lin Yi today, there was still an insurmountable difference in strength between them. No matter how much he lost or how serious his injuries were, as long as he could recover, it would be as easy as flipping his hand to take out Lin Yi.

Chapter 4004 The Powerful Bear

"Hehe, I thought you were some powerful Lin Yi with three heads and six arms, but it turns out you couldn't resist the effects of immortal drunk either! Very good, this young master originally wanted to give you a quick and painless death, but now this young master has changed his mind. Today, I'll definitely let you have a good taste of what it's like to be better off dead!" Xu lingchong gritted her teeth and said with a ferocious expression.

In a breath's time, as long as Xu lingchong could struggle out of the corner and regain his mobility, even if he only had 10% of pure Qi left in his body, it would be as easy as squashing a bug to death if he wanted to kill Lin Yi.

This time, he had miscalculated! Lin Yi was panicking-no one could save him here, and if lingchong still couldn't suppress the effects of the immortal inebriation by the time he got up, he'd really die Here.

However, it wasn't that easy to get rid of the effects of God drunk's medicine. Not only was it not weakening, it was getting stronger and stronger. Lin Yi couldn't even get up, let alone deal with Xu lingchong!

Finally, Xu lingchong slowly regained his mobility. The sunken wall behind him cracked and shattered as he stood up. The scales of victory were already slowly tilting in his favor.

"Are you ready to die, newbie Lin?" Xu lingchong grinned coldly, looking like a winner. However, at this moment, a sound suddenly came from behind him. Kacha, Kacha, Kacha ...

Turning around, Xu lingchong's face instantly turned pale. It was the little Curly Bear that he had just kicked away, and it was running over with a pair of giant scissors on its back ...

Originally, a weak young spiritual beast like the little Curly Bear was not a threat to Xu lingchong at all. Therefore, he did not take this little guy seriously from the beginning to the end and only kicked it away. Moreover, this little Curly Bear had already drunk the immortal's inebriation downstairs and was in a daze. It was not a threat at all.

However, Xu lingchong had forgotten one thing. Curly bears were known to be wild drinkers. Curly bears that had drunk spirit wine and curly bears that had not drunk spirit wine were two completely different existences.

Before drinking, the curly Bear had always been simple and docile. It almost never took the initiative to hurt people. However, after drinking the spirit wine, especially after getting drunk, not only did its temperament change greatly, but even its strength would also undergo a complete transformation. It was normal for it to increase by several times or even ten times. People called this process drunkard madness.

The drunken frenzy was a natural ability of the curly Bear tribe. Although the little Curly Bear was still an infant, it had the same ability. Now, not only were its eyes red, but its fur was also starting to turn red. Its body began to emit a fierce aura.

How could I have forgotten about this! At this moment, Xu lingchong wished she could give herself two tight slaps. The reason why the curly-haired bear tribe could be ranked as a powerful spirit beast was because of their heaven-defying innate ability to go into a drunken frenzy. Even an ordinary small curly-haired bear with little strength would be a ferocious creature that could not be underestimated after going into a drunken frenzy.

If that was all, it would not be a big deal. With Xu lingchong's strength at the perfected Foundation establishment stage, he could easily deal with an adult curly-Curly Bear that had gone into a drunken frenzy, let alone a mere infant.

The problem was that he'd spent a lot of effort to suppress the energy bomb, and he didn't even have 10% of his Qi left. He'd also been hit by Lin Yi's raging fire Eight Trigram Palm's 23rd Style, and his Qi was in chaos. Even though he was slowly regaining his ability to move, he still wasn't at the stage where he could fight.

This was the time when he, a perfected foundation building expert, was at his weakest!

The little Curly Bear had gone into a drunken frenzy. It was like it was coming for its life. Xu lingchong was so scared that his face turned pale!

Xu lingchong watched helplessly as the little Curly Bear carried the giant scissors that made one's eyelids Twitch. It roared in a low voice and approached step by step with an extremely dangerous aura. Xu lingchong was so scared that he almost peed his pants.

He was the young master of the rising Sky Pavilion, the senior brother of the pavilion's manager, and a perfected Foundation Stage cultivator. However, he was about to die at the hands of a young curly-haired bear. If this matter were to spread, it would become a legend in the world.

"Little ... Little Bai, calm down. I ... I'm xu lingchong. The Xu lingchong who used to feed you good food. Don't you recognize me?" Xu lingchong was so frightened that she stuttered and hurriedly begged for mercy with an obvious trembling voice.

The great young master Xu had never fallen into such a tragic situation before-he had so much strength, but he couldn't move at all because of a newbie like Lin Yi. Now, he was even forced to beg for mercy from a little Curly Bear. No one would believe it if they told them.

If the other party was someone like Lin Yi, lingchong might not be so scared. After all, everyone had their own concerns, and they couldn't attack young master Xu without any restraint. But the little Curly Bear was different. No matter how human this guy was, he was still a spirit beast!

This little guy was simply ignorant and fearless. As long as it was given a chance, it could really do anything. It didn't even have a chance to beg for mercy. This was even more terrifying than humans!

Lin Yi, who was trying his best to suppress the effects of the immortal inebriation, didn't know whether to laugh or cry at this ridiculous scene. He couldn't believe it, but it happened right under his nose. He could only sigh at how ridiculous fate was.

Crack, crack, crack ...

No matter how much Xu lingchong begged for mercy, the little Curly Bear still carried its giant scissors and rushed to his side without stopping.

Like master, like pet. If Shangguan LAN 'er, the master, hated Xu lingchong so much, the little Curly Bear was naturally no exception. That kind of disgust that came from the bottom of its heart was not something that Xu lingchong could buy over with a little food.

Then, under Xu lingchong's extremely horrified gaze, the little Curly Bear suddenly placed the giant scissors under his crotch.

Lin Yi was also stunned by this scene, and only one sentence appeared in his mind, which was what Shangguan LAN 'er had said not long ago: "If he dares to have any evil thoughts, I'll cut him!"

Lin Yi remembered very clearly that when Shangguan LAN 'er said that, the little Curly Bear even made a cutting action very cooperatively.

At that time, he thought it was just a joke. Now that he thought about it, the little Curly Bear was ready to put it into practice!

"Hey! Hey! What the f * ck do you want to do! "Get away from me, get lost, or I'll kill you with a palm strike ..." Xu lingchong was so frightened that the crotch of his pants was wet. He cursed in horror as he tried his best to retreat. Unfortunately, there was a corner behind him, and it was in vain no matter how much he tried to move back.

Chapter 4005 Another One

At this moment, the little Curly bear's fur had already turned completely red. Its eyes had also turned blood red, and there was clearly a hint of drunkenness in them. When Xu lingchong saw this, he could not help but feel his scalp go numb.

Only then did Xu lingchong remember that the combination of Curly Bear and immortal inebriation was a publicly acknowledged taboo combination. It was already troublesome enough to make Curly Bear drink alcohol, but now, after drinking immortal inebriation, he was in an extreme state of drunkenness. If he wanted to risk his life and court death, even the immortals would not be able to stop him.

"Young master Xu, you'd better endure the pain. Otherwise, it won't be good if you attract the attention of the big shots downstairs." Lin Yi said suddenly, his tone full of meaning.

Of course, Lin Yi was just saying it casually. In the rooms of these big shots, there were high-level practitioners who set up restrictions. Everyone was a heavenly path master and could easily use their spirit sense to sense what other people were doing. If there weren't restrictions, then no one would have any secrets. No one would hear Xu lingchong even if he shouted.

"What the f * ck are you talking about ..." Xu lingchong was only halfway through his sentence when he heard a crack from below. The giant scissors pressed against his crotch were suddenly closed by the little curly-haired bear.

In an instant, the entire world fell silent.

Staring blankly at the pool of blood in his crotch, Xu lingchong couldn't react to what had happened for a long time. To be more precise, he had already reacted, but he just didn't dare to believe it. Because he was too shocked, he didn't even feel the intense pain coming from his crotch.

Lin Yi looked at the scene and was stunned for a long time. After a long time, he said, ""From now on, there will be another eunuch in the world of cultivation."

After a while, Lin Yi finally suppressed the effects of the immortal inebriation and regained his ability to move. Xu lingchong, on the other hand, just sat there in a daze. She didn't make a sound or move at all. She even forgot to ask Lin Yi what he meant by "again."

Even so, Lin Yi didn't dare to underestimate him at all. Suddenly turning from a man to a eunuch, especially when the other party was Xu lingchong, the young master of the rising Sky Pavilion who had a bright future, it was completely unpredictable what he would do after such a change.

Xu lingchong wasn't in a good state right now, but he was still a Foundation Paragon. If he really wanted to go on a rampage, Lin Yi wouldn't be able to get out of here unscathed unless someone else intervened.

Staring at Xu lingchong, Lin Yi stood up carefully and pulled the little Curly Bear, who was still a little unsatisfied and ready to cut Xu lingchong again, back from behind.

It was weird-curly bears usually lost their consciousness after they went into a drunken frenzy, except for a few extremely powerful individuals. But this little Curly Bear didn't resist at all when Lin Yi hugged it. Other than the fact that it looked different from before, it didn't resist at all. Instead, it followed Lin Yi's arm and sat on his shoulder.

It gave people the feeling that after this little guy went into a drunken frenzy, other than being a little braver than normal violent people, his mind was still clear. It was really unexpected. Otherwise, if he really went crazy, it wouldn't just be Xu lingchong who would suffer from the scissors-Lin Yi might be affected as well.

Seeing that Xu lingchong still didn't react, Lin Yi didn't make a sound and immediately picked up the unconscious Shangguan LAN 'er. He held his breath and quietly left the room.

Logically speaking, as long as Xu lingchong was still conscious, it was impossible for him to not make a move on the little Curly Bear, and he couldn't let Lin Yi carry Shangguan LAN 'er away. However, the reality was that this guy was in a daze from the beginning to the end, only staring at the pool of blood at his crotch, as if he couldn't sense anything happening outside.

Lin Yi only let out a long breath of relief after he successfully left the third floor with Shangguan LAN 'er in his arms. At this time, he could already be seen by the people below. Even if Xu lingchong were to chase after him, as long as he made a little noise and was noticed, someone would naturally stop him.

Today's birthday banquet was really shocking! Even with Lin Yi's mental fortitude, he couldn't help but feel a chill down his spine. It was indeed a bit risky!

He didn't think that the wine would affect him much-after all, Lin Yi had been able to drink thousands of glasses in the common world, but he didn't think that this immortal inebriation really lived up to its name!

But Lin Yi didn't regret it. Although he could store the wine in the Jade space, Lin Yi didn't dare to do so. These heaven's path Masters were different from those normal practitioners in the secular world. Moreover, Xu lingchong's strength was there for all to see-it was much higher than Lin Yi 's. If anything went wrong, it could lead to even bigger trouble! After all, Xu lingchong was watching them closely. This kind of thing could only be done secretly when others were not paying attention, and could not be careless ...

At this moment, a familiar voice suddenly rang in his ear. ""Eh? Little Junior Brother, why are you hugging me?"

Lin Yi was surprised to see Shangguan LAN 'er staring at him in surprise. He quickly let go of her and put her down awkwardly, "You're fine after being drunk with the immortal's inebriation?"

In his opinion, even he himself had a hard time suppressing the medicinal power of immortal inebriation, so Shangguan LAN 'er, who was at the peak of the early stage of the foundation building realm, should have a harder time resisting it. But why did it seem that immortal inebriation had no effect on her at this moment?

"Immortal inebriation?" Shangguan LAN 'er rubbed the back of her neck, where Xu lingchong had knocked her out, and said with a confused look, ""I've been forced to drink immortal inebriation? Isn't that little White's favorite thing? when did I drink this? Wasn't I talking to you just now, Little Junior Brother?"

This young miss was really slow to realize! Lin Yi shook his head speechlessly, "you were knocked out just now, and he gave you the immortal's inebriation. I thought you'd be like little Bai, unconscious ..."

"Of course not. Although little white will go crazy when it drinks the immortal inebriation, it will always become more energetic the more it drinks. It's actually sober. And not only little white, I'm not afraid of this kind of thing either. Since I was young, my grandfather has made me soak in all kinds of spirit medicine jars every day, so I'm immune to all poisons. Ordinary medicine is useless to me, and so is the immortal inebriation." Shangguan LAN 'er proudly raised her neck.

"Immune to all poisons? So that's how it is. " Lin Yi realized now-he was immune to all poisons, and that was how he grew up in the common world. It was just that it didn't work on Sky Class Island, and he'd never heard of any of these poisons.

Chapter 4006 Strange Disappearance

However, in this case, even if the little Curly Bear didn't cut Xu lingchong up, it would be difficult for Xu lingchong's plot to be realized today! Since the immortal inebriation had no effect, he wanted to force

himself on Shangguan LAN 'er. At that time, it would be impossible for him not to wake her up. When Shangguan LAN 'er screamed, his end would not be as simple as being cut off, but would die faster and more miserably.

At this time, Shangguan LAN 'er looked down at her unbuckled belt and finally noticed that her clothes were a little messy. Suddenly, she covered her chest with a shy face and said, ""Little Junior Brother, you're not good. Tell me, what did you do to me just now?"

"Uh, nothing ..." Lin Yi sweated. He didn't do anything at all.

However, this little girl's nerves were really big enough. Her clothes were in such a mess, and she actually took so long to react.

"You really didn 't? Then how did my clothes become like this?" Shangguan LAN 'er looked around suspiciously. Suddenly, she blinked and laughed, ""Little Junior Brother, just admit it. Don't worry, I won't blame you."

Lin Yi was speechless. He had to be honest, "I really didn 't. It was someone else, Xu lingchong. He was also the one who knocked you out. He's probably still squatting in the room."

"That annoying fellow?" Shangguan LAN 'er's expression immediately changed. Her relaxed and joking expression was replaced by a nervous one, ""He ... What did he do to me?"

"Actually, he didn't do much. After he knocked you out, he made you drink immortal inebriation and unbuckled your belt. He didn't get any benefits and became a eunuch himself." Lin Yi chuckled.

"Eunuch?" Shangguan LAN 'er was confused.

Lin Yi had to tell her everything from the beginning to the end. After a while, Shangguan LAN 'er finally came back to her senses, "Little Junior Brother, do you mean that little white cut off Xu lingchong?"

"Well, to be precise, it cut Xu lingchong." Lin Yi nodded. Seeing that Shangguan LAN 'er was worried, he consoled her, "Little Senior Sister, you don't have to worry. This is all Xu lingchong's own fault. He deserves it."

Unexpectedly, Shangguan LAN 'er jumped up excitedly and gave the little Curly Bear a thumbs up, saying, "Little white, well done. I must reward you well for the next month! I've wanted to do this for a long time, but unfortunately I never had the opportunity. Now I've finally gotten my wish!"

Lin Yi felt a chill down his spine at the words-he felt a little guilty standing next to this miss who wanted to cut people at every turn.

Lingchong had been thinking about her for so many years, but this girl had such dangerous thoughts all day long. Just thinking about it made Lin Yi panic for this young master Xu.

"Where's that annoying fellow? wasn't he cut into eunuchs by little white? quick, bring me to him!" Shangguan LAN 'er was eager to try, her eyes shining as she urged.

Lin Yi sweated again-he'd have to get to know this miss all over again. Other than her usual innocent and cute side, she had a weird side to her. It was quite unexpected.

Although he was still extremely afraid of Xu lingchong, he couldn't stand Shangguan LAN 'er's constant urging. Lin Yi could only bring her and the little Curly Bear back to the room. Xu lingchong's current state was not good anyway. Even if Lin Yi admitted that he couldn't win, it shouldn't be difficult to stall for time for Shangguan LAN' er to call people over.

Entering the room, Lin Yi's eyelids twitched-his wariness was unnecessary, because Xu lingchong was nowhere to be seen, leaving only a pool of blood in the corner to prove what happened.

"Where's the annoying person? Are you hiding?" Shangguan LAN 'er looked around the house for the newly appointed eunuch, Xu lingchong, but could not find him. Her face was filled with disappointment.

"Maybe ..." Lin Yi's tone also carried an unfathomable surprise.

Encountering such a major incident was enough to change a lifetime. It was not strange for Xu lingchong to do anything at this time, but it was still a little strange to disappear into thin air without a sound.

Even if Xu lingchong couldn't accept the reality at the moment, even if he was completely disheartened, by the time he reacted, there were only two kinds of thoughts in his mind. One was to give up on himself, and the other was to endure the humiliation.

However, one thing was clear-no matter what the result was, Xu lingchong would never let Lin Yi and Shangguan LAN 'er go so easily. He might have some reservations when dealing with Shangguan LAN' er,

but when it came to Lin Yi, a GreenCloud Pavilion newbie with no background, he didn't have much to worry about in his current state.

Lin Yi even thought that once they returned, Xu lingchong would go on a killing spree. Even if he couldn't kill Shangguan LAN 'er, Lin Yi would definitely die with him.

However, he did not expect Xu lingchong to disappear from the room without a word.

One had to know that Lin Yi had been standing at the only staircase ever since he left the room. No matter if lingchong was going up or down, as long as she was walking out normally, she wouldn't be able to escape Lin Yi's notice.

The only explanation was that the guy jumped out of the window, but Lin Yi scanned the area through the window-the security was tight, and there was nothing out of the ordinary.

With so many guards, they might not dare to monitor the interior of Huayang residence, but if someone broke out of the window, they would definitely not escape their eyes and ears.

Not to mention Xu lingchong's current pathetic state, even if he was at the peak of the perfected foundation building realm, it would be difficult for him to completely hide from these people and disappear into thin air.

Lin Yi didn't know what was going on. He thought about it and realized that there might be other hidden passages in the house that people couldn't find.

"F * ck, I didn't expect you to be a coward!" Shangguan LAN 'er pouted in disappointment, but then said happily, ""But this is good too. Now that the annoying fellow has become a eunuch, he definitely won't dare to come and bother me anymore!"

The little Curly Bear, who seemed to have returned to normal, made a cutting gesture again, as if he would cut whoever dared to mess with Guan LAN 'er. Lin Yi couldn't help but laugh.

However, the great young master Xu's lifeblood was broken in the hands of this little guy, and the little Curly Bear was indeed considered to have a brilliant record. If others looked down on it, they might really follow in Xu lingchong's footsteps.

"Little Senior Sister, why don't you tell your grandfather about this first? if the other party uses this as an excuse to make things difficult for you, it might be a bit troublesome." Lin Yi reminded.

Chapter 4007 How Have You Been?

Although Xu lingchong had only himself to blame for today's incident, if Xu lingchong went back and fabricated another version, making himself the victim, the matter would be unclear. It was not impossible that Xu Yuan had come to find Guan Tianhua for the sake of his grandson, who he had high hopes for.

However, Shangguan LAN 'er rolled her eyes and said with certainty, ""Little Junior Brother, you don't understand. An annoying person like Xu lingchong only thinks about how to take over the position all day long. Everything else is just fleeting clouds. Therefore, he definitely doesn't dare to tell his family about today's incident. On the contrary, he has to hide it everywhere, for fear that his family will know that he has already become a eunuch, hehe!"

"That's true. If his grandfather Xu Yuanzheng were to find out about this, he'd probably be reduced to a marginal figure. " Lin Yi nodded in agreement.

This was actually not difficult to understand. No family would let a eunuch take over the power. This was an unquestionable matter.

Moreover, even if Xu lingchong were to tell them everything, it would not benefit him in any way. On the contrary, it would be a huge risk, because Shangguan Tianhua would never turn a blind eye to his only granddaughter's matters.

"That's why I don't need to tell grandfather about this. Otherwise, little Bai and I will be in big trouble. I don't know how long we'll be in confinement." Shangguan LAN 'er stuck out her tongue and said.

Lin Yi couldn't help but laugh-no wonder this girl was so opinionated. This was the root of it all-this little Senior sister's intelligence was always selective.

Xu lingchong disappeared, and Shangguan LAN 'er looked at the pool of blood in the corner of the wall. She was a little disgusted, and pulled Lin Yi downstairs after a while.

When the two of them went downstairs, the banquet was just at its climax. Many big shots were toasting each other and gathering in twos and threes. They were trying to build relationships with each other and were talking loudly. Their faces were glowing.

Lin Yi looked around and saw that Nan Tianba and a few others were surrounding Xu Yuanzheng, flattering him. Gongyang Jie, the youngest and most prominent figure in the hall, was nowhere to be seen. He didn't know why Gongyang Jie had left early for such an important occasion.

Lin Yi was a little suspicious, but remembering Gongyang Jie's pride, it wasn't strange for him to leave the table on his own.

"Does Hall Master Gongyang always leave so early for banquets of such scale?" Lin Yi turned to Shangguan LAN 'er.

Shangguan LAN 'er thought for a while, then shook her head and said, ""No, he's the master of the law enforcement Hall. It's his duty to maintain order. He usually stays until the end. Unless there's a special situation, he'll leave early. What's wrong?"

"Special circumstances ... It's nothing much, I was just asking." Lin Yi said with a smile.

Just as Lin Yi was suspicious, an old acquaintance walked up to him. It was Hong Zhong, the full power representative of the Hong Chamber of Commerce's North Island.

"Young hero Lin, how have you been?" Hong Zhong's face carried a gentle smile, but his words had a deeper meaning.

"Manager Hong, how have you been? thank you for helping me out today." Lin Yi smiled faintly.

It was just a simple conversation, but both sides already knew who Lin Yi was. Lin Yi had told Hong Zhong his identity. After all, if he wasn't Lin er, he wouldn't even have seen Hong Zhong before.

He was 99% sure that Lin Yi was Lin'er when Hong Zhong came out to save him, but it was different if Lin Yi admitted to it.

If Lin Yi didn't admit it, then he'd lose the favor he'd done for him, and he'd have to lower his evaluation of Lin Yi's character and value.

Luckily, Lin Yi wasn't an ungrateful person. He didn't give him the chance to do so.

Hong Zhong's eyes lit up as he looked at Nan Tianba and the others in the distance, sighing, "Lin Shaoxia is really bold. He's surrounded by strong enemies, and he still dares to appear in this situation. I have to say, I'm impressed."

"What will come will come. It's only a matter of time. We can only deal with it when it comes." Lin Yi said indifferently.

To be honest, he didn't expect so many things to happen today. If he had known earlier, he would've thought about it carefully and decided to take the risk.

But what should've happened and what shouldn't have happened had already happened, and there was no point in regretting it now. Lin Yi's mentality was now a classic example of "there's nothing to worry about when you're already full of lice," or rather, a dead pig wasn't afraid of boiling water.

In the end, there was no such thing as absolute safety in the world of practicing threats were always there, big or small. Lin Yi knew that it was better to deal with them than to avoid them.

"Young hero Lin is very bold. But if you need anything, you can tell me. Although I'm old, I can still be useful against some small fry." Hong Zhong said with a smile.

"Then I thank manager Hong for his good intentions." Lin Yi said faintly. He didn't need any outside help yet, at least not before his identity was discovered.

Hong Zhong didn't stay any longer after talking to Lin Yi. After all, he represented the Hong Chamber of Commerce and was one of the few hot figures in the hall.

In a sensitive situation like this, he couldn't interact too much with Lin Yi. If he acted too friendly, he wouldn't be helping Lin Yi, he'd be harming him.

After this, the birthday party had become a gathering for the upper echelons, and it had nothing to do with a small figure like Lin Yi. After being dragged by Shangguan LAN 'er for a while, Lin Yi left early.

Lin Yi would rather go back to his cave and train than watch these big shots play a power game. At least that way, he would feel more at ease. Maybe one day, he would become one of the big shots here, but at least for now, he had no interest in these bullsh * t things.

Now, Xu lingchong had completely become an enemy that would not rest until one of them was dead. After being turned into a eunuch by a pair of scissors, it was hard to imagine what kind of revenge he would take in the future. Previously, he would follow the rules of the game of the three pavilions, but it was hard to say what would happen in the future. He might even do things like sneak attacks and assassinations.

Other than that, Nan Tianba's threat level had increased as well. Lin Yi could clearly feel that their suspicions towards him had returned.

Hence, Lin Yi's current situation could be said to be unprecedentedly dangerous. Only by constantly increasing his strength could he be able to deal with these kinds of crises that could erupt at any time in the future. For this, he had to Train no matter what.

Chapter 4008 What Intentions Do You Have?

Just as Lin Yi returned to the cave to cultivate, the dazed Xu lingchong appeared in a secluded underground secret room. It was completely silent and dark all around, and the only thing he could hear was his own breathing and heartbeat.

The bone-chilling feeling that seemed to have come from the abyss of hell made even Xu lingchong, who had just experienced a great change and was completely disheartened, wake up with a start.

"What is this place? why am I here?" Xu lingchong couldn't help but Mutter. No one answered his question, so he could only Mutter to himself.

Immediately after, Xu lingchong subconsciously reached out to touch his crotch. It was bloody and sticky. Even he could not help but feel creeped out when he touched it. However, he had no choice. He had to endure the pain and carefully confirm whether his life was still there.

At this moment, Xu lingchong was still holding on to a one-in-a-million chance. What if the little Curly bear's scissors cut wrongly?

However, the final result of his exploration made his heart turn cold. His manhood had already been cut in two by the evil little Curly Bear.

Holding back the panic and fear in her heart, Xu lingchong took out the remaining half that had been cut off from her crotch, trembling. Her face was filled with endless hatred and ferocity.

Suddenly, Xu lingchong shuddered and his face revealed a look of ecstasy. He suddenly remembered that things like limb reattaching were not difficult for cultivators, especially high-level cultivators who were proficient in medicine!

The three great pavilions happened to have such an expert. Even if his medical skills weren't as profound as the legendary pill God and medical Saint Zhang Liju, he definitely wasn't far off. If he could help, the broken half in his hand might be able to be reattached.

At the thought of this, Xu lingchong immediately gritted her teeth and stood up. After all, no matter how brilliant the medical skills were, there was a necessary premise for the reattachment of a broken limb, and that was that the time taken to reattach the broken limb must not be too long. Otherwise, if the broken limb had already lost its vitality and was completely necrotic, even God would not be able to do anything. The broken limbs were like this, and the more precious and fragile ones were naturally no exception.

With such luck in his heart, Xu lingchong immediately wanted to find a way out. Up until now, he had been out of his mind and did not know how he came to this place. If he wanted to get out, he could only rely on exploration.

However, just as Xu lingchong was about to explore this dark place, the scene in front of him suddenly shook slightly. A fluorite appeared out of nowhere and lit up the surroundings.

Looking around, there were only four pitch-black walls around her. There was nothing else. It was only at this moment that Xu lingchong realized in shock that there was a person standing less than three meters in front of her.

Xu lingchong was scared out of his wits when he saw this scene. One must know that with his perception as a perfected foundation building expert, even in the dark, it would be impossible for him to not notice the slightest movement of the other party's aura. It was absolutely impossible.

However, the truth was right there. From the other party's posture, he should have been standing in front of them for a long time.

"Is it a human or a ghost?" Xu lingchong suppressed the fear in his heart and asked in a trembling voice. From what he understood, only the dead could escape his perception at such a close distance. It was impossible for a living person to escape.

Under Xu lingchong's terrified gaze, the other party slowly turned around. His body was covered in a black cloak and his face was covered with a ferocious and terrifying ghost mask, making it impossible for others to see his true face.

"So what if he's human? So what if they were ghosts? Do you think you can resist me?" This person's voice was sometimes near and sometimes far, making it impossible to fathom and use this to determine his identity.

Xu lingchong was taken aback. Even if the other party did not reveal any aura, he could tell that the other party's strength was far above his own just from the fact that he was standing there without being detected by Xu lingchong. He was not someone Xu lingchong could contend with at all.

Seeing Xu lingchong's frightened and alert face, the other party suddenly laughed. There was obvious disdain and contempt in his laughter. It was only when he heard Xu lingchong's anger that he said, "From now on, whether you want to be a human or a ghost, that's the question you have to think about, not me."

Every word of this sentence was like a heavy drum that struck Xu lingchong's chest, causing him to be unable to breathe. At the same time, he felt fear and trembling from the depths of his soul.

"Who are you?" Xu lingchong gritted his teeth and asked.

"That's not something you need to care about. Now, throw away that thing in your hand." The masked man's tone was irresistible.

Upon hearing this, Xu lingchong's heart trembled. This was his most precious thing. He wanted to find someone to take it back as soon as possible. How could he throw it away just like that?

"I'll count to three. If you don't throw it away, get ready to be a ghost." The masked man's voice was calm but unquestionable.

Xu lingchong's heart skipped a beat when he felt the killing intent from the other party. However, he could not just throw it away.

"Three," The masked man skipped the first and second. Xu lingchong was so scared that she wanted to let go of him.

However, it was already too late. A sharp pain suddenly came from his hand. He didn't know what method it was, but a large piece of flesh had been directly cut off. Even the half of his hand fell to the ground. It was a terrible sight.

"Very good. If you didn't let go, your entire palm would be on the ground now." As Xu lingchong gasped in fear and pain, the masked man gave an unfathomable smile.

Then, he slowly walked in front of him. Under his shocked gaze, he stepped on the other half of the man's body and crushed it into minced meat.

Looking at this scene, Xu lingchong's eyes were about to pop out of their sockets. She gritted her teeth and her body trembled uncontrollably. Her eyes were completely red, and her face was filled with madness as if she was ready to go all out to fight the other party.

There might have been hope earlier if he asked a medical expert for help, but now, that half of the body had already become a pile of minced meat. Even a God wouldn't be able to take it back. This time, Xu lingchong was completely disheartened.

Seeing the crazed look on Xu lingchong's face becoming more and more apparent, and his breathing becoming heavier and heavier, the masked man was unmoved. He just stood there and looked at him coldly.

After a long time, Xu lingchong finally calmed down. Although the hatred in her eyes did not decrease, at least she was no longer so crazy as to fight to the death with the other party.

Seeing this, the masked man couldn't help but smile in surprise. ""To be able to restrain yourself from attacking me, your patience is not bad. It seems that you are not a good-for-nothing idiot."

Xu lingchong could only suppress the anger in his heart. It wasn't that he didn't want to make a move, but he simply didn't dare to. As a life-Supreme-and-death realist, no matter how much he wanted revenge, he had to have the strength to do so. Otherwise, rashly making a move would be sending himself to his death in vain. He wouldn't do such a stupid thing.

Chapter 4009 The Reappearance Of The Grimoire

"What is your intention in bringing me to this place?" Xu lingchong suppressed his hatred and asked in a deep voice.

"It's nothing," the masked man chuckled. "I pitied you, so I just helped you."

"Help me?" Xu lingchong couldn't bear to look at her and pointed at the pile of minced meat on the ground. She gritted her teeth and said, "You're also helping me?"

"Of course. Let me ask you a question. Do you prefer women or power?" The masked man teased.

Xu lingchong was stunned for a moment before he slowly replied, "Power."

To cultivators who were dedicated to pursuing strength, although women were good things, they were really nothing compared to power and strength, especially for extremely ambitious people like Xu lingchong.

For so many years, he had spared no effort in pursuing Shangguan LAN 'er. Even if there was a factor of lust, the more essential purpose was to take advantage of the situation to rise to power. As long as he could successfully rise to power, he would have as many beautiful women as he wanted.

"Since you want power, then why do you have to go through so much trouble to keep this thing?" The masked man chuckled in disdain and said, ""Compared to the child's play of clinging to a woman, it's far more practical and reliable to strengthen your own strength, don't you think?"

Xu lingchong was left speechless by the question. After a long while, she finally opened her mouth and said, "Even if you want to improve your strength, there's no need to be a eunuch. What the hell is the relationship between the two?"

"Of course it's related." The masked man snapped his fingers, and an ancient book appeared in front of Xu lingchong. The title page was engraved with the dark gold words "Jade chrysanthemum treasure book."

Xu lingchong's eyelids twitched. Under the other party's instructions, he picked up the ancient book and flipped it open. The first sentence that entered his eyes shocked him speechless. "To practice this technique, you must first castrate yourself ..."

"This chrysanthemum Arts is an unparalleled skill, and after you master it, its power is no weaker than the five great skills of Sky Class Island, perhaps even stronger. It's just that it has two prerequisites-first, you have to castrate yourself, and second, you have to have hatred that seeps deep into your bones. You've already mastered both of these." The masked man explained.

"This ..." Xu lingchong wavered. Whether he dared to face it or not, he had to accept the fact that he was already a eunuch. As for hatred, his hatred for Lin Yi and Shangguan LAN 'er was definitely beyond the heavens.

"With your talent and condition, as long as you focus on the chrysanthemum Arts, you'll be able to reach a certain level in a few months. By then, you'll be at least a few times stronger than you are now. Compared to people of the same level, you'll be invincible." The masked man continued to tempt him.

Hearing this, Xu lingchong fell into deep thought. He could feel that these words were not empty words without any basis. However, up until now, he still knew nothing about this masked man in front of him.

What was the other's identity, what was his motive, and why did he want him to cultivate the chrysanthemum Arts? these were all question marks, and he didn't seem to have any intention of explaining.

After a long silence, Xu lingchong suddenly gritted his teeth and said, "I don't have any other choice. I'm taking this chrysanthemum Arts."

"Very good, I didn't misjudge you. You're indeed a smart guy. Then from today on, you can stay here and cultivate. When you've cultivated to the small success realm, I'll let you out. As for the matters outside and in your home, I'll take care of them for you." The masked man said in admiration. Then, with a sway of his body, he disappeared from Xu lingchong's line of sight as if he had never appeared.

"Who is this mysterious guy?" Xu lingchong looked at the empty secret room and couldn't help but wonder in her heart.

This secret chamber was completely impervious to wind in all directions, including the top and bottom of his head. There was no way out at all. Even with Xu lingchong's extraordinary eyesight, he could not find any gaps. He even felt a familiar protective array on the wall. The level of protection was so high that it made one dumbfounded.

And this masked man had actually disappeared right before his eyes in such a place. Such cultivation and strength, even with Xu lingchong's experience, could not help but be dumbfounded and incredulous.

Taking a deep breath, Xu lingchong immediately sat down cross-legged and began to study the chrysanthemum Arts. It didn't matter if he was willing or not, things had already developed to this point. If he didn't do as the masked man said and didn't cultivate the chrysanthemum Arts to the small success realm, he would probably never see the light of day again.

Xu lingchong's strange encounter, to Lin Yi who didn't know anything, was equivalent to helping him a lot.

After all, lingchong just went through a huge change, and now was the time when it was the easiest for her to go to the extreme. This was also the time when she posed the greatest threat to Lin Yi, and yet she was suddenly locked up by this masked man to practice the chrysanthemum Arts.

Putting the future aside, at least in the short term, Xu lingchong was no longer a threat to Lin Yi. Lin Yi could focus on his cultivation for a while! Lin Yi didn't go out of his way to find out where Xu lingchong was, either. He was happy to be free since there was no news.

Time flew by, and in the blink of an eye, it was the day of the auction. According to their agreement, Lin Yi had come to the Hong Chamber of Commerce early to meet up with Hong Zhong.

However, this time, he appeared in his original appearance. Hong Zhong already knew his identity anyway, and his relationship with Hong Zhong had been seen by everyone at the birthday banquet. Instead of using Lin er's identity to hide it, it was better to appear openly in his original appearance.

This was actually a psychological game-after all, no matter how much Nan Tianba and the others suspected him, they didn't have enough evidence to confirm that he was the same person as Lin er. Facing Lin Yi himself, this uncertainty could very well become an opportunity. On the contrary, if it was Lin er, the other side could make a move without any mistake.

After greeting Hong Zhong, Lin Yi took out a bag of things and handed it to him,""Shopkeeper Hong, these are some pills that I refined not long ago. Can I wrap them up and sell them to your Hong Chamber of Commerce?"

Hong Zhong's eyes brightened. He took a look at the cloth bag and found that there were thirteen pills inside, all of which were Foundation-breaking pills. What surprised him even more was that each of these Foundation-breaking pills was shining with a heavy red halo. They were all rare and top-grade goods!

"A total of 13 Supreme-grade foundation-building golden cores! Young hero Lin, you're really generous!" Even Hong Zhong, an old shopkeeper who was used to seeing the world, couldn't help but exclaim.

Chapter 4010 The Situation Is Abnormal

Thirteen pills wasn't a lot. Although a Supreme-grade foundation-breaking pill was rare, it wasn't something to be surprised about. However, when these two conditions were stacked together, it could be seen that it was extremely rare.

Hong Zhong had been the manager of the North Island of the Hong Chamber of Commerce for decades, but he had never seen anything like this.

"Hehe, I'm just preparing for the auction. If I don't have enough spiritual Jade on hand, it'll be a waste even if I go to the auction today." Lin Yi smiled faintly.

"That's right. Although there are many good things in an auction, the price is also high. If you don't prepare enough capital, it will be a pity if you miss the treasure in the end." Hong Zhong nodded in agreement. After a moment of silence, he said, "Swordsman Lin, I'll accept these thirteen Supreme-grade foundation breakthrough pills for fifteen thousand spiritual jade pieces. What do you think?"

Fifteen thousand spiritual jades! Lin Yi was a little taken aback. He took in a cold breath. "Manager Hong, your price is too high. I can't afford to be taken care of by you every time."

The last time he had come to the Hong Chamber of Commerce to sell the extreme grade foundation-breaking pill, he had wanted to compete with Yu Zhe for the star inkstone. At that time, the price of a single extreme grade foundation-breaking pill was only 800 spirit Jade.

800 spiritual Jade for one pill. According to this price, 13 Supreme-grade foundation-breaking pills would only be worth slightly more than 10000 spiritual jade pieces. That was nearly 5000 spiritual jade pieces less than the price that Hong Zhong had offered!

Giving Lin Yi an extra five thousand spiritual jades at once was a big deal, even for someone like Hong Zhong. He was very kind to Lin Yi.

Hong Zhong laughed and waved his hand. "Young hero Lin, you're actually thinking too much. The purchase price of a Supreme-grade foundation-breaking pill is usually one thousand spiritual jades or even higher. The reason why we only gave you eight hundred spiritual jades last time was because you're a newbie who's dealing with us for the first time. It's the usual killing routine of businessmen, so we'll definitely lower your price."

"But even if it's 1000 spiritual jades per pill, that would only cost 13000 spiritual jades?" Lin Yi said, shaking his head.

"That's right. However, when it comes to transactions, other than the usual price as a reference, the final price still depends on the market. Right now, the market is good. Giving you 15000 is really not much at all." Hong Zhong said with a smile.

Lin Yi couldn't reject the man's insistence and shook his head in amusement. "Shopkeeper Hong, this is the first time I've met a merchant like you, who keeps giving discounts to customers and at the same time trying to find a good excuse. If all the merchants in the world are like you, I'm afraid they'll all go bankrupt."

Hong Zhong laughed loudly as he paid for Lin Yi with his spiritual Jade card, "Lin shaoxia, I wasn't lying just now. The auction we're going to today is usually jointly supplied by various Chambers of Commerce, and the North Island branch under me happens to be in short supply of high-quality auction items. So, Lin shaoxia, your thirteen Supreme-grade foundation-breaking pills can be considered as timely help. This price is absolutely fair and reasonable."

"Since I can help manager Hong, that would be great." "By the way, where's the auction?" Lin Yi asked with a nod.

Hong Zhong did tell Lin Yi that the auction wasn't in the inner street of the market, and he even told him to come earlier, which meant that it wasn't close. Lin Yi was curious.

"The northernmost Island, the northernmost Island you can find to the North of the sky-class Island. It's only the size of a palm on the map, but it's the most high-end place in the northern region. It's a money-squandering cave that can be ranked among the five Big Sky-class islands." Hong Zhong introduced.

He'd guessed that Lin Yi must have some sort of background, but he knew that Lin Yi's public identity was just a newbie in the GreenCloud Pavilion. It was normal for him to have never even heard of a place like the northernmost Island.

This was the truth. Although the northernmost Island was a famous money-squandering cave, it was the exclusive territory of the big shots. Ordinary cultivators were not qualified to enter and exit it. Even the people who knew of its existence were very few. For example, the miserable senior brother, who had been in the three great pavilions for many years, knew nothing about it.

"The northernmost Island. It sounds pretty good. How do we get there?" Lin Yi raised a brow.

Hong Zhong understood what Lin Yi meant and shook his head, "There's no teleportation array, so the only way to get there is to use an aerial spirit beast. It will take at least four hours to fly there, so we have to hurry."

While the two were talking, Hong Zhong had already ordered people to get ready. A huge flying spirit beast was on standby on the street. In addition to Hong Zhong and Lin Yi, there were two staff members accompanying them to the auction on the northernmost Island. They were responsible for assisting Hong Zhong.

The huge aerial spirit beast took to the air and headed north at high speed.

Standing on the back of the flying spirit beast, Lin Yi could see that other than him and Hong Zhong, there were also a dozen flying spirit beasts on the North Island. They took off from all directions, and their direction was the same as theirs, towards the northernmost Island.

Lin Yi suddenly noticed that Hong Zhong's expression was a little strange. He asked, "What's wrong? What's wrong?"

Since it was an auction, the Hong Chamber of Commerce would send people over. The three pavilions of the North Island and the other Chamber of Commerce forces would naturally send people over too. This shouldn't be strange, right?

"It's nothing. I just feel that these people are a little too much. In the past, the North Island Auction has never sent so many people at once ..." Hong Zhong said thoughtfully while pinching his chin.

Lin Yi looked over and saw that there were dozens of people on the other flying spirit beasts, only his side had four people. Compared to them, it was much thinner.

According to past practice, the North Island Auction was held once every six months. This frequency was neither too high nor too low. All the forces on the North Island would send people to participate, but very few people would make such a big move.

Basically, Hong Zhong and his two assistants were enough to deal with the situation. If there were too many people, they would be idle. After all, this was not a fight, but a normal auction. There was no such thing as numbers.

However, it was fine if only one family had mobilized such a large force. At this moment, looking around, almost every other aerial spirit beast was packed with more than a dozen people. Some even had more people. This was too abnormal.

Hong Zhong gave his assistant a look, then found the flying spirit beast closest to them and slowly approached it.
