

Bodyguard 4041

Chapter 4041 Han Jingjing's Sweetheart

Lingchong Xu tried to avoid him, remembering how Zhaoming was sucking up to him. He had no choice but to come up and yell, "Brother Pao ..."

As the young master of the rising Sky Pavilion, it had always been people who flattered him. He had never taken the initiative to do so. However, he had to lower his head when he was under the roof. If he didn't know what was good for him in this situation, he would only be asking for trouble.

Unexpectedly, Xu lingchong had just called out 'brother Pao' when she was immediately kicked to the corner by the mysterious man, almost suffering internal injuries.

"You think you can call me Pao bro? Are you saying that you and I are of the same generation?" The mysterious man's tone was unfriendly.

Xu lingchong was shocked. She couldn't care less about the pain in her body and quickly changed her words, "Master Pao ..."

"En, your talent isn't bad, and you have hatred in your heart. You're perfect for training my unique skill, the chrysanthemum Arts." Junior Brother Pao nodded and said, ""You don't have to worry too much. The ultimate secret of the chrysanthemum Arts is to take over a body and revive! Although you're incomplete and an incomplete man, as long as you cultivate with me in the future, as long as your strength reaches that level, you can take someone else's body to be Reborn!"

Even in the cultivation world where experts gathered, possession and rebirth was an extremely rare occurrence. Even with Xu lingchong's experience, he had only heard rumors about it and had never really come into contact with it.

But he didn't expect that the chrysanthemum Arts that the mysterious man had him train in would have this kind of legendary skill!

"This is great, wayayayaya, I'm going to possess Lin Yi!!!" Xu lingchong's gloominess was instantly swept away. No man would really want to be a eunuch. As long as there was a glimmer of hope, he would firmly hold on to it as his last life-saving straw.

"Well, it's good that there's hatred." Junior Brother Pao's lips curved into a cold smile as he handed Xu lingchong a piece of paper. "These are my notes, they'll be very useful for your chrysanthemum arts training. Also, take this pill, it's for your chrysanthemum Arts. I've used half of this star inkstone, you can use it too! This mysterious senior brother will teach you how to use it!"

"Thank you, master Pao! I'm so grateful!" Xu lingchong didn't doubt it. He took it and nodded his head in thanks. Right now, there was only one thing on his mind-reincarnation!

Seeing Xu lingchong's performance, Junior Brother Pao and the mysterious man looked at each other and laughed silently.

On the West Island, ning Xuefei had just returned from the auction on the northernmost Island, and she couldn't wait to bring her best friend over. If Lin Yi was here, he would be shocked to see her best friend-it was han Jingjing!

Ever since they came to Sky Class Island, Han Jingjing had maintained her secular hobby of studying strange mechanisms. Ning Xuefei, the daughter of the Ning family, also had the same hobby. After a chance encounter, the two hit it off and quickly became best friends.

Unfortunately, the technology on Sky Class Island was limited, and without the electronic components, Han Jing Jing could no longer make automatic cauldrons, so she couldn't make pills. The two could only study other delicate mechanisms together.

Although Ning Xuefei did not like to cultivate, she was a true blacksmith, just like the king of junk!

When she was chatting with Han Jingjing, she accidentally found that the two of them actually had a common "master," which was Sun Sikong. More or less, both of them had received Sun Sikong's guidance.

With this unexpected origin, the relationship between the two became even closer. They talked about almost everything. No matter what happened, they wanted to share it with each other immediately.

"Jing Jing, Jing Jing, look, these medicinal pills are my biggest harvest from this trip to the northernmost Island. What do you think of the color of these medicinal pills?" Ning Xuefei said.

"Eh? Even if these are the highest quality, they're still rare. It's the first time I've seen such good pills since coming to Sky Class Island, just like the ones Lin Yi bro made back in the common world!" Han Jing Jing said in wonder.

"Hehe! My eyes are sharp, right? do you want to know where these pills came from?" Ning Xuefei pretended to be mysterious.

"How did you get here?" Han Jing asked.

Ning Xuefei giggled and stopped beating around the bush. Tutu Tutu told han Jingjing everything that happened in the auction on the northernmost Island from the beginning to the end, especially her and Lin Yi's matters, which were the main points.

After hearing that, han Jingjing's eyes lit up and she asked, ""Feifei, what's the name of that guy?"

"I don't know." Ning Xuefei was stunned and scratched her head. "I forgot to ask."

"What does he look like?" Han Jing Jing asked again.

"Eh? Jingjing, why are you asking so many questions?" Ning Xuefei looked at han Jingjing suspiciously, then suddenly hugged her and laughed. ""Ya! I know! Jingjing, did you fall in love with that little buddy after I said that? If there's a chance, I'll help you matchmake them?"

Han Jingjing's face instantly turned red. She wrinkled her nose and said, ""Forget it. You know that I already have someone I like!"

She and ning Xuefei talked about everything. Ning Xuefei knew everything about the secular world, especially about Lin Yi.

"Haha, okay, let's not talk about this for now. Let's continue to study the automatic casting mechanism today. I can't wait these few days ..." Ning Xuefei played around for a while, then dragged Han Jingjing to a secret room. This was a secret base specially set up for the two of them to study.

"Yes, yes. I've thought of a new idea regarding this automatic forging mechanism. We can give it a try ..." Han Jingjing immediately put the matter of the shop assistant to the back of her mind and started discussing it excitedly.

Of course, Lin Yi didn't notice this at all. After returning to the North Island, he heard about Xu Lingchong's incident. Although it was a little unexpected, it was still within reason.

The attempted rape was a fact. Even if Shangguan Lan'er did not take the initiative to report it, Xu Lingchong would not have the courage to show up, especially from the situation at that time. His current situation was still unknown as for his disappearance, it was normal.

What Lin Yi didn't expect was that even someone with Xu Lingchong's background would be beaten up like this. The law enforcement Hall under Gongyang Jie was indeed full of confidence.

"That's good too. The law enforcement Hall's actions have saved me a lot of trouble." Lin Yi smiled as he looked at the document.

Even if Xu Lingchong was confirmed to be missing, Lin Yi still couldn't let his guard down!

Chapter 4042 Visiting The Pier

The enmity formed at the last birthday banquet could be said to be irreconcilable. Xu lingchong could jump out from the dark at any time to launch a sneak attack. With the strength of the other party's perfected Foundation establishment realm, there was no doubt that it would be difficult to deal with.

But things were much better now-not only the three pavilions, but even the entire North Island was covered in wanted posters from the law enforcement Hall. Let alone sneak attacking Lin Yi, Xu lingchong didn't even dare to show himself-at least for a short period of time, Lin Yi didn't have to worry about his threat.

However, Lin Yi soon received bad news-Hong Zhong was about to leave the North Island.

As the soon-to-be Vice-President of the Hong Chamber of Commerce, Hong Zhong's departure was a foregone conclusion the moment he was appointed. What really gave Lin Yi a headache was what Hong Zhong told him before he left.

"Lin shaoxia, as per your request, I've already told the headquarters to keep your honorary Vice President status a secret. Only the president and the Executive Vice President will know about it. Don't worry." Hong Zhong said.

"Yes, I'll have to trouble elder Hong." Lin Yi sighed in relief.

It was only natural-with his status as a newbie in the pavilion, he'd be attracting hatred points if he suddenly became the honorary Vice President of the Hong Chamber of Commerce. People would be jealous of him, and it didn't fit his purpose of keeping a low profile.

However, Hong Zhong's next words caused his expression to change slightly. "I'm leaving today to take up the position of Vice President in Nakajima. If nothing goes wrong, the new manager of the North Island branch will arrive in two days. You have to be careful of this person, young hero Lin."

"What do you mean?" Lin Yi's eyes narrowed.

"This person is called si tsunami. He was originally the inspector of the four directions of the Hong Ying group at the Nakajima headquarters. He was responsible for supervising the branch's shopkeeper. This time, he took advantage of the vacancy in the North Island branch and spent a lot of effort to fight for this shopkeeper position." Hong Zhong paused. "There's one thing you don't know yet, young hero Lin. Previously, the southern Heaven Gate came to threaten me to reveal the details of your other identity. At that time, they used si tsunami's personal letter as a threat."

"So, this si tsunami has a close relationship with Nan Tianba and the others?" Lin Yi's head hurt.

With his friendship with Hong Zhong, it would be a piece of cake for him to ask the Hong Chamber of Commerce for help in the future, such as acquiring the heart-devouring exquisite grass and the like. Even if it was someone else, with Hong Zhong, the Vice President with real power, explaining, it wouldn't be a big problem.

However, if the successor was someone who had a close relationship with Nan Tianba and the others, it would be as difficult as ascending to heaven to find the Hong Chamber of Commerce for help.

Even if Hong Zhong was his direct superior, the branch manager was a Lord and had great autonomy. If he insisted on not cooperating with him on such a small matter that had nothing to do with principles, even Hong Zhong could not do anything to him.

"That's right. This guy is from the Hong shadow group, so his intelligence monitoring ability is far above ordinary people. Once you are targeted by him, it will be difficult to keep any secrets. So, young hero Lin, you must be careful." Hong Zhong reminded him again.

Lin Yi nodded, "I understand. Thank you for your concern, elder Hong. I'm sure you'll face many challenges in the middle Island. I wish you all the best!"

Hong Zhong laughed. "Then I'll count on young hero Lin's good words. I'll go to Nakajima first to fight. If there are no accidents, we'll meet again in Nakajima soon!"

"Goodbye, Nakajima!" Lin Yi smiled.

Hong Zhong thought that the new branch Manager, si tsunami, would only arrive after a few days. He didn't know that si tsunami had already arrived on the North Island when he said goodbye to Lin Yi. He just didn't show up and had been investigating in secret.

Before the troops and horses moved, the intelligence was the first. As the former Hong shadow group's inspector of four directions, even if si tsunami became the manager of the North Island branch, he would not change this habit that he had developed for many years.

As for Nan Tianba and the others, they were the local tyrants of the North Island and had all kinds of connections with him. Their relationships were reliable, so they were naturally the first candidates for si tsunami to understand the situation.

"Supervisor si, oh no, it should be manager si now. I didn't expect you to be transferred to the North Island. This news really made us overjoyed. We've finally found a backer. We'll have to ask manager si to take care of us in the future!" South Heaven Gate said with a flattering smile.

Nan Tianba was unruly and disdainful of flattery, while Yu Zhe's level was not high enough. Therefore, among the few of them, his Southern Heaven Gate had the closest relationship with si tsunami.

"Well said, well said. We're all on the same side. In the future, as long as you help me well, I won't mistreat you, hahaha! However, this shopkeeper has just arrived here, and my understanding of the North Island is mostly based on the information given. As for the specific situation, I will need you to explain it to me in detail. " Si tsunami said with a casual and approachable face.

"Alright, alright, alright." South Heaven Gate was happy to show off and immediately nodded.

Although they seemed to look down on Hong Zhong before, the position of the manager of the North Island branch of the Hong Chamber of Commerce was very important to anyone. Otherwise, Hong Zhong would not have been able to easily become a guest of honor of Shangguan Tianhua and the other top figures of the three pavilions. If he could curry favor with him, the benefits were self-evident.

Especially after these few confrontations with Hong Zhong, they knew the foundation of the Hong Chamber of Commerce, so they were even more respectful.

The three men from the southern Heaven Gate immediately poured out everything they knew about the situation on the North Island. They didn't even hide the secrets of the three pavilions.

In the end, Nantian men didn't forget to mention Lin Yi. Although they were sure that Lin Yi wasn't the Lin'er they were looking for, they had made an enemy of Lin Yi and Hongzhong after the incident at the northernmost Island.

It would be a waste if he didn't make good use of Si Tsunami's support.

After listening to their narration, Si Tsunami pondered for a moment and said, "I think it's best to let this matter rest for now. Hong Zhong's in the limelight right now, and after he leaves for Nakajima and is separated from Lin Yi for a long time, their relationship will naturally fade. It won't be too late to make a move on Lin Yi then."

Hearing these words, Nan Tianba and the others looked at each other in dismay. This wasn't right, the meaning of shirking was too obvious.

Seeing their obscure expressions, Si Tsunami continued, "As for Hong Zhong, I will replace him sooner or later. Don't worry, I will make him pay for the humiliation he brought to you ten times or a hundred times. No matter what, your uncle has helped me to take over my position, so I will not ignore your matter. You can rest assured about this, just wait for the right time."

Chapter 4043 Telepathy

From the square Hong shadow group to the manager of the North Island branch, Si Tsunami's position had changed a lot. Not only did he have his own connections, but the uncle of Nan Tianba and the others had paid a high price to help him get an amazing performance. This allowed him, a supervisor who was not in charge of business, to be in the limelight in the Hong Chamber of Commerce. This was why he had the capital to compete for the top position.

Seeing that Si Tsunami had already said this, Nan Tianba and the other two couldn't force anything and could only nod silently.

"I'll think of a way to help you investigate Lin er's whereabouts during this period of time." Si tsunami laughed. Although he was unfamiliar with the people and the place, he had a deep relationship with an intelligence system like shadow Hong. If he wanted to make use of shadow Hong's intelligence power in the North Island, it was just a matter of words.

"Then I'll have to trouble manager si!" Nan Tianba and the other two were overjoyed.

They only wanted to take revenge on Lin Yi, but if they found Lin er, not only would they be able to take revenge for their third brother, Nan tianyong, they would also be able to obtain the star inkstone. This matter was much more important.

At the same time, si tsunami and Nan Tianba were planning. After Lin Yi sent Hong Zhong away, he went to find the king of junk and gave him all the forging materials, which really shocked him.

Although he listed seven materials for Lin Yi and pointed out the auction as a way, the king of junk didn't think that Lin Yi would be able to get them so easily. If it were him, he would never be able to get so many high-quality materials in his life.

The forging materials had already been gathered, but the king of junk did not start forging immediately. As a forger, he needed to spend some time familiarizing himself with the materials. Otherwise, if he were to act rashly, his success rate would be very low.

Lin Yi didn't have much to do during this period of time. The preparation work for forging was handled by the professional King of junk, and as for the daily tasks at the welcome Pavilion, Kang Zhaoming and his gang had obviously stopped because of Xu lingchong's sudden disappearance. Lin Yi's life had become calm and peaceful.

Murong Zhen gritted his teeth, but there was nothing he could do. Without Kang Zhaoming and the others to help her, it was impossible for her to fight Lin Yi on her own.

However, how could a vengeful creature like her give up so easily? since there was no chance to push the boat with the current, she would take the initiative to create an opportunity and stir up the waves!

.....

While the king of junk was making his final preparations, Lin Yi focused on his training as usual. Other than familiarizing himself with the new killer moves, he also needed time to stabilize his new realm.

He had heard people say before that every peak of the Foundation Stage was an insurmountable threshold. The last time he broke through to the peak of the early Foundation Stage, it was clear. This time, if he didn't practice hard, it would be useless no matter how many pills he had.

However, in the past few days, a rumor about Lin Yi had spread throughout the three pavilions.

"Boss, is it true that you like miss Shangguan?" When they gathered together, Qiao hongcai asked with a mischievous look on his face. Even the miserable senior brother, Xiao ran, and Lee Zhengming all had the same expression on their faces-gossip.

"What do you mean?" Lin Yi asked, confused.

"Junior Brother Lin, you don't have to pretend with us. It's not embarrassing to say such things out loud. Just admit it." Even an honest person like the miserable senior brother started to make faces.

Lin Yi was even more confused as he looked at the weird expressions on their faces, "What's the situation? What do you want me to admit?"

The few of them looked at each other. In the end, it was Xiao ran who explained slowly, "Recently, there has been a very hot rumor that you like miss Shangguan, but unfortunately, you failed to confess at the birthday party. And Xu lingchong realized the danger when he saw you alone with miss Shangguan, so he tried to rape you."

This rumor was well-received and was somewhat corroborated with the situation that day. In addition, the main characters were influential figures like Shangguan LAN 'er and Xu lingchong, which completely fulfilled everyone's gossip needs. It was reasonable for it to be spread even more fiercely in a place like the three pavilions.

Lin Yi shrugged helplessly as he looked at the curious faces. "It's said that a wise man stops at rumors. You guys don't really believe this, do you? There's obviously a problem with the logic here. If I failed to confess to Shangguan LAN 'er, then what's Xu lingchong worried about? just because he saw that I was close to Shangguan LAN' er, he went crazy and wanted to rape her. In the end, he ended up being arrested. Is Xu lingchong that brainless?"

"That's true," The miserable senior brother and the others nodded in succession.

In fact, they didn't really believe this rumor either, but it was an obvious fact that Shangguan LAN 'er saw Lin Yi in a different light. In the end, they just wanted to know if Lin Yi had any feelings for this miss Shangguan.

"However, the sudden spread of this rumor ... Was it purely because everyone was gossiping behind the scenes, or was there someone behind it?" Lin Yi couldn't help but be suspicious.

It didn't matter how far-reaching the impact would be in the future, but the rumors were enough to put Lin Yi on fire. Every move he made would be watched, and it was a big problem.

Lin Yi's words made everyone's eyes Twitch. "That's right. If this rumor is true, then you'll be in danger, Junior Brother Lin. This is equivalent to becoming the main culprit behind Xu lingchong's current situation. Xu Yuanzheng has always regarded Xu lingchong as the future of the Xu family. It's hard to guarantee that he won't take revenge!"

"It's possible. However, an elder like Xu Yuan Zheng has always had an image of righteousness. The possibility of him rashly making a move against me shouldn't be big. After all, this would give others a handle. " Lin Yi shook his head. He was more worried about Shangguan LAN 'er than his own situation.

Although she was Shangguan Tianhua's only granddaughter, Shangguan LAN 'er did not have much strength herself. She was also a little naive and innocent, and she often snuck out with her little Curly Bear. If someone was really going to target her, there was a chance that they would succeed.

They didn't know if it was telepathy or if they were speaking of the devil-they were just on time when a small figure ran towards Lin Yi in the distance. It was the curly Bear.

The group saw this and winked at Lin Yi before returning to their own caves.

Chapter 4044 Gifting The Necklace To The Beauty

Lin Yi didn't know whether to laugh or cry, but he didn't say anything. Seeing how Curly Bear dared to come to the welcome Pavilion in broad daylight, he sighed to himself. Without the big trouble Xu lingchong, his little Senior Sister obviously didn't have her guard up anymore. If it were in the past, she wouldn't have let Curly Bear come over at this time.

The purpose of the little Curly Bear was naturally to deliver a letter for Shangguan LAN 'er. The letter only had seven words: See you in the small forest three days later.

There were countless forests, and anyone else would be confused. Only Lin Yi himself knew which one this forest was.

Three days passed by in a flash, and Lin Yi arrived on time for their date. The location was the forest where he and Shangguan LAN 'er had their first "date."

As expected, Lin Yi saw Shangguan LAN 'er waving at him from a distance as soon as he passed through the forest path.

"Little brother, I heard that you went to the northernmost Island a few days ago. How was it? was it fun there?" Shangguan LAN 'er asked excitedly as soon as they met.

"It's alright, but I'm going to the auction this time, so I didn't really go out to play. " Lin Yi nodded with a smile, but he was a little surprised inside. He'd never told anyone about going to the northernmost Island with Hong Zhong, so how come even the Miss Shangguan LAN 'er heard about it?

What they didn't know was that on the first day of their return from the northernmost Island, Nan Tianba and the others had reported this matter to the higher-ups of the three pavilions, urging Hu Yunfeng, the pavilion master. They accused Lin Yi of running around without following the rules despite being a newcomer. Even if they couldn't punish Lin Yi physically, they had to use this to disgust him.

However, everyone's attention was on the wanted Xu lingchong, and no one paid attention to this small matter. Of course, if Lin Yi made any mistakes in the future, this matter would be brought up by people with ulterior motives, and it would be even worse.

"That's a pity. I heard from Feifei that the northernmost Island is very fun! "However, my grandfather has never gone, and he Never Let Me Go alone ..." Shangguan LAN 'er suddenly said,""Why don't we secretly go and play next time? we can just not let my grandfather know!"

"Gah?" Lin Yi was still wondering who this Feifei was, and jumped in surprise when he heard her.

He and this little Senior Sister hadn't even done anything yet, but rumors had already spread everywhere. If he really took the other party to the northernmost Island, he would be caught and criticized!

"What's wrong? You don't want to?" Shangguan LAN 'er frowned.

"Oh, we'll see when we get the chance then. The security here is tight, and you can't just go in like that," Lin Yi said.

"Alright then ..." Shangguan LAN 'er pouted, and suddenly said, ""Then, Little Junior Brother, did you bring a gift for me on your rare trip to the northernmost Island?"

Lin Yi was still thinking about it, and he nodded. "I did."

As he spoke, he took out two necklaces that glowed with a crystal blue light and handed one of them to Shangguan LAN 'er.

Shangguan LAN 'er was immediately overjoyed, holding the necklace and cheering, ""Little Junior Brother, at least you have a conscience. I didn't dote on you for nothing. This necklace is so beautiful, I like it a lot!"

"Since little Senior Sister likes it, that's great." Lin Yi smiled, pleased. "These two necklaces were actually personally made by me after I found a forger to guide me these past two days."

"Really?" Shangguan LAN 'er's eyes lit up even more upon hearing this. A necklace bought by someone else and a necklace made by Lin Yi himself were two completely different things in her eyes. Lin Yi's heart and blood were poured into this necklace.

"Of course it's true. I bought a pair of heaven-made blue photon mother stones at the auction on the northernmost Island, so I made a pair of mother-son necklaces on a whim. After injecting Zhen Qi into them, the two necklaces can sense each other. Little Senior Sister, after you put on this necklace, the Zhen Qi I inject into you will fluctuate when you're in danger and nervous, so no matter where you are, I can sense your position." Lin Yi explained.

The idea of making a mother-child necklace wasn't just a whim, but after hearing the recent rumors, Lin Yi thought of a way to protect Shangguan LAN 'er. This way, if she encountered any danger, Lin Yi would be able to sense it.

"It's so magical. Then I can't disappoint Little Junior brother's heart!" Shangguan LAN 'er jumped in joy, putting the blue photon necklace on right in front of Lin Yi.

"What do you think, Junior Brother? do I look good in it?" Shangguan LAN 'er turned around with her neck raised, her beauty like a fairy that had descended to the mortal world. Even with Lin Yi's composure, he couldn't help but stare.

"It's very good looking. " Lin Yi praised.

"Hehe, Little Junior brother's mouth is so sweet. I like it!" Shangguan LAN 'er teased innocently, but Lin Yi, the "old man" who had been in love for a long time, actually blushed in embarrassment.

This time, Shangguan LAN 'er didn't ask Lin Yi out for anything special, just to have fun. This little Senior Sister didn't put on any airs, and it was easy and happy to be with her. It was a good balance between work and rest, and Lin Yi finally had a day to relax with her.

The next day, it was almost time. Lin Yi headed to the secret cave base and started the countdown.

Lin Yi had a good understanding of the king of junk after all the time he'd spent with him. He believed that this forger, who had never had any outstanding achievements, would be able to use all the rare materials he'd gathered to forge a powerful divine weapon that suited him.

But Lin Yi was a forger himself, and naturally, he couldn't just be a free hand in this kind of thing. Even if he couldn't control the whole process with his ability, it wasn't a big problem for him to just be a helper for the king of junk. No matter if he succeeded or failed, he would benefit a lot from it.

Including the ten thousand year tree crystal, the ancient Pure Land, and other super rare materials, this forging event was a once in a lifetime event even in the entire world of cultivation. Not to mention Lin Yi and the king of junk, even the most awesome master would be excited.

The king of junk had told Lin Yi more than once that his craftsmanship would go down in history and make him famous in the world!

According to the king of junk's usual style, he had always pursued the highest quality of his forging without caring about the success rate. However, this time, he had changed his style for the first time.

Chapter 4045 Little Senior Sister's Disappearance

The king of junk didn't say anything about this change, but Lin Yi could tell from his actions that this guy was even more careful than Lin Yi himself, afraid of any accidents.

From the beginning to the end, he looked at the entire casting plan that he had already conceived, and changed it again and again. Even the word "nitpicking" was not enough to describe the harshness of the king of junk.

After finishing the preparations with the king of junk, Lin Yi asked, "Now that everything is ready, it's time to start forging, right?"

Unexpectedly, the king of junk was so sensitive that he tidied himself up from the top again. He shook his head and said, ""Still not enough."

"Ah? Why can't I?" Lin Yi was stunned. He was an assassin, and his patience was pretty good, but after so many long preparations, his patience was running out.

The king of junk was indeed a research talent. Once he was immersed in it, his level of persistence was not something that ordinary people could tolerate.

"Brother Lin, can you go and find some weapons or tools that have been formed outside? it doesn't matter if they are of high or low grade. I have an idea that might be of some use when I'm forging." The king of junk rubbed his forehead.

Lin Yi thought about it and pulled out a ring for him. "Will this ring of true energy work?"

The king of junk's eyes lit up, and he nodded. ""Yes, yes, as long as it's a divine weapon, it's fine. It's just a supplementary material. Anyway, it's better to be prepared. It's better to have a few more of these weapons."

"If that's the case, I still have a few of my old weapons. Since I don't need them anymore, I can bring them over to forge for you." Lin Yi was referring to the sky-grade weapons he collected back in the common world. It was a good time to make use of them.

After telling King of junk, Lin Yi was about to find a quiet corner and dig out the heaven-grade weapons from the Jade space when he felt his heart throb.

The source was the Qi fluctuation from the blue light mother-and-child necklace on his chest. Lin Yi never thought that the mother-and-child necklace would come in handy after giving it to Shangguan LAN 'er for a few days.

Using the necklace to sense Shangguan LAN 'er's location, Lin Yi realized that she was extremely far away. Although she was still in the North Island, it seemed that she was at least out of the territory of the three pavilions.

The connection between the mother and son necklaces would only send out a clear warning when Shangguan LAN 'er sensed danger and was nervous. It was impossible for Shangguan Tianhua to take her out. However, this little Senior Sister was probably in big trouble for leaving the three pavilions so far away.

Just as Lin Yi felt the danger, on the other side of the North Island, in a deserted field, Shangguan LAN 'er was tied up. As for the little Curly Bear that was always with her, it was knocked out and thrown in a corner in a sack, its body still reeking of alcohol.

"Hey, what do you want to do by bringing me to this broken place?" Shangguan LAN 'er's performance at this time was simply shocking. Not only was she not afraid and timid like before, but she also angrily shouted at the two masked men in Black.

As she spoke, she secretly glanced at the little Curly Bear in the corner, her eyes filled with hope.

This little guy was the cause of this incident. If it wasn't for this little guy stealing wine, Shangguan LAN 'er wouldn't have followed him out. Otherwise, if she had stayed in the tightly guarded territory of the rising Sky Pavilion, the two masked men in Black wouldn't have had the chance to kidnap her.

However, thinking about the little fellow's magical performance after drinking the spirit wine, Shangguan LAN 'er still had some confidence in her heart. He could even cut off Xu lingchong's manhood, so it should not be a problem for him to deal with these two masked men in Black who did not look very strong, right?

One of the masked Men in Black looked at her and said in a hoarse voice, ""Do you still need to ask? Of course I'm kidnapping you. Is it strange to kidnap a rich young lady like you?"

"Tsk, you kidnapped me. Do you really dare to go to my grandfather for a ransom?" Shangguan LAN 'er pouted disdainfully. Even if she was not strong enough, she could tell that these two people were not that strong. It was impossible for them to arm-wrestle with her grandfather, Shangguan Tianhua.

"Who told you that the kidnapping must be for the ransom? Hmph, a young miss like you is just ignorant!" The masked man in Black sneered.

Shangguan LAN 'er was stunned. At this time, another masked Man in Black also spoke. It was a rather familiar female voice, ""Without Xu lingchong as a big obstacle, boss will be able to take the position smoothly this time and become Shangguan Tianhua's son-in-law. He will be there soon!"

The masked man glared at her and looked at Shangguan LAN 'er carefully. He then turned around and scolded, ""Don't talk nonsense!"

The female masked man didn't think much of it. "What's there to be afraid of? When the time comes, what's done can't be undone. Would he still be afraid that this girl wouldn't acknowledge it? We were forced to do this. Otherwise, with boss's relationship with her, even though it's not bad, it's still not enough to get Shangguan Tianhua's approval. After all, her status is not good enough. She's just a newcomer in the welcome Pavilion. It's impossible for her to reach Shangguan Tianhua's level!"

As the two masked men talked, they paid attention to Shangguan LAN 'er's expression, only to find that this little girl was not confused or surprised at all. Instead, she was looking at them as if they were crazy.

These two people must be sick in the head. He didn't know what nonsense they were talking about!

Shangguan LAN 'er did not care about what the two of them were talking about at all. She only stole a glance at the little Curly Bear and found that the little guy was snoring thunderously. She rolled her eyes speechlessly. Why did he sleep at such a critical time? this little guy was really unreliable!

Shangguan LAN 'er was speechless, and the two masked men in Black were even more speechless than her. They had racked their brains to think of these words just now, and deliberately said it to Shangguan LAN 'er face to face. In the end, this little girl did not take it seriously at all, making them wonder what to do?

He really didn't know if Shangguan LAN 'er was too crazy or if her brain really wasn't working well. How could she not have any reaction to such obvious words?

The two masked men looked at each other speechlessly, but there was nothing they could do. They couldn't possibly repeat what they had said in front of each other, right? if they did, they'd really look like idiots.

They waited until the sun set. Two masked men went out to rest and eat, and another masked man came in.

Chapter 4046 Framing Lin Yi

After walking into the broken training field, the man peeked at the two people outside carefully. After making sure that no one was looking at them, he quickly turned around and walked to Shangguan LAN 'er's side, whispering, ""Miss Shangguan, I'm actually pretending to follow boss. In fact, I'm in Cao's camp and my heart is elsewhere. I can help you pass on the information! Although I don't dare to let you go just like that, you can write a letter to your grandfather. I'll send it out on your behalf and ask him to come and save you. "

"Write a letter? How do I write it?" Shangguan LAN 'er turned to look at him.

"It's simple, just tell your Grandpa that you've been kidnapped by boss Lin Yi," The masked man in Black said.

Hearing this, Shangguan LAN 'er's eyes curved into beautiful crescents. Seeing the masked man in Black staring at her eagerly, she suddenly smiled and said helplessly, ""But I don't read much, I can't read!"

Gah! The masked man in Black almost choked to death. "You're Shangguan Tianhua's precious daughter, and you say you can't read?"

The black-robed man was stunned for a long time, not knowing if it was true or not. After all, some cultivators had been cultivating since young, so it was not impossible for them to be illiterate. "How about this, you say I'll write it, and you'll sign it at the end, okay?"

However, Shangguan LAN 'er continued to shake her head."I don't think so. I've never signed my name before. In the three pavilions of the North Island, who would dare to ask me to sign my name?"

"You ..." Even with the black mask, one could feel the twitching expression on the masked man's face."Do you still want your Grandpa to know that you were kidnapped by Lin Yi? do you want him to come here and save you?"

"I don't want to. It's quite fun here. Let's wait for a few days. It'll also make Grandpa anxious. It'll save him the trouble of making me cultivate all day long." Shangguan LAN 'er's face was full of "since you're here, I'll take it."

Pfft! The masked man in Black almost choked to death on his own saliva. This time, he was completely at his wit's end. He was completely impervious to anything. How was he going to deal with this little girl?

Outside the training grounds, the two masked men had already taken off their face masks. If there were people in the welcome Pavilion, they would be shocked to see that these two were Kang Zhaoming and Murong Zhen.

"As long as we hand that girl's letter to Shangguan Tianhua, Lin Yi's going to be in trouble. He'll be sh * t, Deacon Kang, you're really good at scheming!" Murong Zhen laughed excitedly.

"No, no, miss Murong's courage is really admirable for being able to think of such a bold idea as kidnapping Shangguan LAN 'er." Zhaoming replied, pleased with himself as he turned to look at the destroyed training ground. "It's just that I didn't expect that little girl to be so stupid. She couldn't even hear such an obvious hint. Now, I can only place my hopes on that fence-sitter, Cha Wu. "

"Don't worry, Deacon Kang. Although Cha Wu is a fence-sitter who doesn't have much loyalty to speak of, the more insignificant he is, the more realistic he is. Even if it's just to save his little life, he wouldn't dare to ruin our big plan. " Murong Zhen said confidently.

As the two of them were talking, they saw Cha Wu already come out from there. His head drooped and he had a dejected and speechless expression.

"Cha Wu, how is it? is it done?" Kang Zhaoming asked.

"Al, don't even mention it ..." Cha Wu's face was extremely depressed.

After listening to Cha Wu's report, Kang Zhaoming and Murong Zhen were both dumbfounded. How did Shangguan Tianhua raise his only granddaughter? she was already kidnapped, how could she still be so big-hearted? Are you stupid?

Kang Zhaoming thought about it and made a decision, "We can't keep waiting like this. Miss Murong, you should go back and report this. Lin Yi's been coming and going like a ghost, we don't know where he is. As long as he's not in the pavilion, you can say whatever you want!"

"This ... Alright!" Murong Zhen hesitated for a moment before he finally nodded.

Reporting Lin Yi to the police was a risky move, but since Kang Zhaoming had already said it, she couldn't just go back on her word. If the two started fighting, it would be over. After all, Shangguan LAN 'er's identity was not to be underestimated, and the longer she waited, the more danger she would be in.

Murong Zhen immediately set off for the three pavilions and went straight to the Hall of Justice, claiming that he accidentally saw Lin Yi kidnapping Shangguan LAN 'er!

As soon as these words came out, the entire law enforcement Hall was shocked. The last time was because Xu lingchong had failed to rape her. How long had it been since she was kidnapped again? could it be that Shangguan LAN 'er was in her fated year this year?

Not only was this report shocking, but the reaction of the Hall of Justice-or more accurately, Gongyang Jie's reaction was even more shocking. Within an hour of Murong Zhen's disclosure, the Hall of Justice had sent out an arrest warrant without even informing Shangguan Tianhua's family!

Such a decisive and Swift reaction, compared to when Nan tianyong was killed, it was like a stone sinking into the sea. The difference was like heaven and earth. Even Murong Zhen, who was the informer, felt that it was unbelievable.

She had thought that the law enforcement Hall would at least do a detailed investigation, and she had even prepared a draft in advance. But she did not expect things to go so smoothly. It was so smooth that she was a little depressed. She had prepared for nothing. She had not even displayed her skills, but she was not allowed to speak. However, thinking about what happened to Xu lingchong before, it was understandable. It was related to Shangguan LAN 'er, so he was quick.

Once the warrant was out, the three pavilions were in an uproar again. What was even more shocking was that it had only been two hours since the warrant was sent out, and Lin Yi, who didn't know anything about it, had been caught on the spot.

Lin Yi finally realized that this was a conspiracy against him after seeing his arrest warrant being taken down by the Masters of the Hall of Justice. He was busy with the king of junk's smithing, and his thoughts were out of sync with the outside world.

If it was before, with Lin Yi's usual cautious style, he would've raised his vigilance the moment he found out that Shangguan LAN 'er was in danger. He definitely wouldn't swagger back to the welcome new pavilion like this, and even go up to look at his arrest warrant after realizing it.

However, it was too late now. Lin Yi couldn't escape from the Hall of Justice with his own strength. He could only wait for Gongyang Jie's reaction.

From his interaction with Gongyang Jie during the birthday party, Lin Yi could tell that Gongyang Jie was not the type of person who liked to play dirty tricks. If he wanted to deal with him, he wouldn't have to go in such a big circle and even use a sensitive person like Shangguan LAN 'er.

As long as Gongyang Jie wasn't the mastermind, Lin Yi still had a glimmer of hope!

Chapter 4047 Tian-Hua Visits

If Xiao Zhi moved him with reason, he might have a chance to escape when Gongyang Jie asked him.

However, Lin Yi soon realized that he had thought too simply of this. He was locked up in the dungeon right after he was caught, and Gongyang Jie didn't even show up from the beginning to the end. He didn't even give him a chance to speak!

Being locked up in the cold and dark dungeon, Lin Yi was completely helpless. When Shangguan LAN 'er was still here, he could still get out if he was locked up, but now that Shangguan LAN 'er was missing and couldn't even save herself, who would help him?

As for the miserable senior brother and the others, they were not important enough. They could not even enter the dungeon, let alone help.

Just as Lin Yi was feeling helpless, the prison door opened, and a series of footsteps came closer and closer, stopping right in front of his cell.

Lin Yi couldn't help but guess-could it be that Gongyang Jie was finally going to interrogate him?

At this moment, an old but dignified voice sounded not far from the door, ""Open the door, you can all leave. I want to see him alone."

Lin Yi froze, and when he saw the face of the person, he was shocked!

Although he was wearing an ordinary yellow robe and looked like an ordinary old man at first glance, the aura he exuded was inexplicably intimidating, and people couldn't help but have the urge to submit.

The man was Shangguan LAN 'er's grandfather, the master of the rising Sky Pavilion, Shangguan Tianhua.

Shangguan Tianhua swept his gaze across the prison cell. It was filled with dirty and stinky things, and there were even all kinds of venomous snakes and insects that made people tremble. He smiled and said, ""After so many years, Gongyang Jie still likes to do this. I don't know where he got so many poisonous things."

With that, Shangguan Tianhua used his foot to clear away a pile of moldy straw and a few venomous snakes coiled on it. He sat down on the ground without a care and waved at Lin Yi, "Don't just stand there, sit down and talk. "

It wasn't Lin Yi's first time meeting Shangguan Tianhua, but compared to the high and mighty image he had at the birthday party, the man in front of him had a completely different air about him. He had the air of an old man next door, and the pressure he had on him disappeared instantly.

Lin Yi froze for a while before walking over and bowing, "Disciple Lin Yi greets Pavilion master Shangguan."

Shangguan Tianhua nodded, gesturing for Lin Yi to sit down. "I still remember that you gave Xiao LAN 'er two Supreme-grade foundation-building golden elixirs at her birthday party last time. You're so thoughtful to give her such a valuable gift as a new couple. I thank you on behalf of Xiao LAN' er."

"Pavilion master Shangguan, you're being too serious. Little Senior Sister has been taking good care of me, so I'm giving her a gift to show my sincerity. This is what I should do." Lin Yi had already calmed down and was back to his usual calm self.

Shangguan Tianhua couldn't help but look at Lin Yi in a higher light. With his position and strength, even the higher-ups of the three pavilions would be scared of him, let alone a newbie. Lin Yi, on the other hand, was able to recover in such a short time. He was a young hero indeed.

Shangguan Tianhua had always had a good eye for people. A simple word or action, in his eyes, was enough to see a person's talent.

"As far as this old man knows, you're a newcomer of the GreenCloud Pavilion, and little LAN 'er rarely goes to the welcome Pavilion, so there shouldn't be much interaction between the two of you. How did you get to know her?" Shangguan Tianhua did not directly ask about Shangguan LAN 'er's disappearance. Instead, he asked in a casual tone, without the air of a superior Pavilion master.

Is he trying to test what I'm planning? Lin Yi didn't let his guard down at all and replied honestly, "The first time this disciple met little Senior Sister, it was actually because of the little Curly Bear. It sneaked out and happened to be encountered by this disciple. At that time, it was unknown why it was injured, but in the end, little Senior Sister misunderstood that this disciple had abducted it. It can be said that we have become friends through a fight."

"Haha, Xiao LAN 'er is pure and innocent. She takes everything for granted. Xiao Bai is also her favorite, so it's normal for her to misunderstand you. Because of Xiao Bai, I've been misunderstood and blamed by her many times in the past." Shangguan Tianhua laughed heartily. Even in this dark and cold dungeon, sitting next to him still felt like a spring breeze caressing one's face, making one unconsciously trust and get close to him.

Could this be the legendary charisma? Lin Yi was shocked. As his vision grew, he saw people in a different light. He used to look at strength from the outside, but now he focused on the inside.

A truly powerful figure would be able to intimidate the common people from the inside out. This could be proven by many big shots, and the pavilion master of the rising Sky Pavilion was the best proof.

"At the birthday party last time, little LAN 'er said that Xu lingchong had ill intentions towards her. In the end, little white, who had gone into a drunken frenzy, cut off her manhood. You should be credited for this, right?" Shangguan Tianhua asked with a deeper meaning.

As a grandfather, he had never asked Shangguan LAN 'er in detail about this matter from the beginning to the end. The information he knew was limited to the confession that Shangguan LAN' er had said in the law enforcement Hall.

But these things, even if he didn't ask, he could easily deduce it. After all, Lin Yi followed Shangguan LAN 'er upstairs, this was something that many people saw.

Lin Yi didn't deny it and nodded,"that's right. The situation was urgent and I couldn't think too much. I could only choose to attack Xu lingchong. Fortunately, he didn't succeed."

"With your strength, you were able to control Xu lingchong, who was in the perfected Foundation establishment stage. It must have been hard on you." Shangguan Tianhua smiled and suddenly asked,""Then, do you like little LAN 'er?"

"Oh?" Lin Yi was taken aback. The question came out of nowhere, and the person was the pavilion master. It was strange no matter how he thought about it.

After a while, under Shangguan Tianhua's gaze, Lin Yi answered honestly,""Well, I do have a good impression of her, but I already had a girlfriend before I came to Sky Class Island ... And it wasn't just one ..."

Lin Yi thought that the other party would be furious at this answer. After all, Shangguan LAN 'er was the apple of his eye, and just from their status alone, they were completely incompatible. Not to mention that he had so many female friends. Any other parent would probably tell him to stay away from his granddaughter!

Unexpectedly, Shangguan Tianhua only responded with an "Oh" and nodded his head with a normal expression. He then moved on to the next topic. "So, how are you going to get rid of the suspicion?"

Chapter 4048 Terrified

Shangguan Tianhua looked like a warm old man next door, but according to Murong Zhen's report, Lin Yi was a serious suspect in Shangguan LAN 'er's kidnapping. If they couldn't get solid evidence, no matter how highly Shangguan Tianhua thought of Lin Yi, he wouldn't let go of this newbie who was suspected to have kidnapped his only granddaughter.

Shangguan Tianhua only cared about one thing, and that was how to find his precious granddaughter. This was the reason why he'd come to visit Lin Yi. Otherwise, he wouldn't be here at all.

"Actually, this disciple already knows where little Senior Sister is." Lin Yi said slowly.

"Oh?" Shangguan Tianhua was taken aback. It wasn't unusual for Lin Yi to prove his innocence, but it was surprising that he knew where Shangguan LAN 'er was.

"Pavilion master Shangguan, if you don't mind, I can lead the way, but you have to let me out first." Lin Yi's eyes were burning.

Shangguan Tianhua looked at Lin Yi deeply and nodded, "Alright, I'll grant your wish."

If it was someone else, even Xu Yuanzheng, a Big Shot in the elders "Association, he wouldn't dare to Pat his chest and say that he could take Lin Yi out of here easily. After all, this was Gongyang Jie's territory. Without Gongyang Jie's permission, no one could take anyone away.

However, Shangguan Tianhua was not one of them. Not only was he the pavilion master of the soaring Pavilion, but he had also taught and guided Gongyang Jie. If there was anyone in the three great pavilions who could intimidate Gongyang Jie, Shangguan Tianhua would definitely be one of the top.

As expected, Gongyang Jie did not have any objections to Shangguan Tianhua's simple instructions. He nodded and did as he was told.

From the time he was locked up to the time he saw the light of day, it was only two hours, but Lin Yi felt like it was a lifetime ago.

If it was not for Shangguan Tianhua, and if Gongyang Jie did not care about him from the beginning, it was not impossible for him to be exhausted to death in a dark dungeon that was isolated from the world.

Lin Yi stretched lazily. It hadn't been too long yet, and he hoped that Shangguan LAN 'er was still alive.

"How?" Shangguan Tianhua asked from behind. Even with his calm demeanor as one of the top leaders of the three pavilions, he could not help but feel worried when it came to his precious granddaughter's safety.

Lin Yi looked around, and his eyes fell on an aerial spirit beast in the Hall of Justice. He pouted, "That place is a little far, we need it to give us a ride."

"Alright," he said. Shangguan Tianhua immediately brought Lin Yi onto their flying spirit beasts and flew away, leaving the group of Masters behind.

Lin Yi was an important suspect, and it was obviously unreasonable for him to be taken away by Shangguan Tianhua without the escort of the Masters of the Hall of Justice. However, the other party was the pavilion master of the soaring Pavilion, and Gongyang Jie had no choice but to do whatever he wanted. If these underlings were to order him around or even interfere, they would be courting death.

However, it was Shangguan LAN 'er who was in trouble, and it was also Shangguan Tianhua's family matter. Although he was suspected of overstepping his authority, he could not be blamed.

Just as the crowd of law enforcement Hall's experts watched the two of them leave, this scene also fell into Murong Zhen's line of sight. As the crucial informer and witness, she was still in the law enforcement Hall to assist in the investigation. However, she was not strictly restricted.

Murong Zhen's face paled at the sight-she didn't know why Shangguan Tianhua was taking Lin Yi out alone, but the flying spirit beast's direction was clear-it was heading straight for the old training ground where she and Zhaoming had kidnapped Shangguan LAN 'er!

He didn't have time to think about the reason behind this and quickly left the Hall of Justice. He ran to a quiet place and sent a message to Kang Zhaoming on the other side of the island.

"Shangguan Tianhua seems to be able to sense Shangguan LAN 'er's location, and he's coming with Lin Yi on an aerial spirit beast. Let's go!" Looking at the scribbled note in his hand, Kang Zhaoming almost had a heart attack from the shock. Cha Wu, who was beside him, was scared pale.

Their kidnapping of Shangguan LAN 'er was a follow-up to the previous rumors to frame Lin Yi. They never thought that Shangguan Tianhua, the pavilion master, would come in person!

With their strength, they couldn't even fight Lin Yi, let alone a powerful Big Shot like Shangguan Tianhua. If they were targeted, they wouldn't even know how they died.

"The speed of the messenger Eagle is not much faster than that flying spirit beast. Deacon Kang, let's hurry up and escape. Otherwise, we'll be finished if we're late!" Cha Wu hurriedly advised.

Kang Zhaoming's fear was no better than Cha Wu 'S. He didn't want his planned kidnapping to come to a premature end, but his life was more important. Shangguan Tianhua and Lin Yi might be here any second now, and then he would be doomed.

"Wait! Even if we want to run, we can't just run like this. According to what I'm going to say next, hurry up and go to Shangguan LAN 'er, and then ... Shout before running!" Kang Zhaoming suddenly said.

At this point, he did not dare to take Shangguan LAN 'er away again. What if Murong Zhen was right and the other party could sense Shangguan LAN' er's location?

But, after coming all the way up from the common world, Zhaoming was quite smart-even if he couldn't take Shangguan LAN 'er away, he could at least throw a few words at her to confuse her.

Cha Wu was extremely unwilling, but he didn't dare to argue with Kang Zhaoming at a time like this. The longer he delayed, the more danger he'd be in. He could only grit his teeth and do as he was told.

Hurriedly running to the broken training field, Cha Wu suppressed the fear in his heart and said to Shangguan LAN 'er in a low voice, ""Miss Shangguan, boss said that he kidnapped you this time to show that he's a hero saving the beauty, so he'll come to save you in person later. It's good for him to show off in front of your grandfather. Don't be fooled by him. This is all a self-directed act by him!"

Shangguan LAN 'er raised her eyelids, her long curly eyelashes fluttered, and she said, ""What do you mean? I don't understand?"

..."It's boss Lin Yi, he's going to save you later, but it's all an act! He's going to show us that he's a hero saving a beauty!" Cha Wu explains helplessly.

"Save me? Then why are you still pretending?" Shangguan LAN 'er asked curiously.

"..." Cha Wu was about to go crazy at this moment. Time was pressing and this young miss's brain didn't seem to be very bright. She couldn't understand what he was saying. He could only roar, ""Just remember that Lin Yi's a liar!"

"Oh, alright, I know." Only then did Shangguan LAN 'er nod.

Chapter 4049 True Intentions

Only then did Cha Wu leave helplessly. He didn't know if Shangguan LAN 'er really understood him, but after meeting up with Zhaoming, the two of them couldn't care about anything else and ran away.

Not long after the two ran away, Shangguan Tianhua and Lin Yi descended from the sky. If Zhaoming and Lin Yi dawned any longer, they wouldn't be able to escape.

With Shangguan Tianhua's powerful perception, he had already locked onto his precious granddaughter's position in the sky. The two of them barged into the broken training field. Seeing this, Shangguan LAN 'er said happily, ""Grandpa, Junior Brother, you've finally come to save me!"

She didn't suffer much from the kidnapping this time, and she could tell that the kidnappers had ulterior motives. They didn't dare to really hurt her, but she was in danger after all, especially when she was scared at the beginning. Otherwise, Lin Yi wouldn't have been able to sense her location through the necklace.

Seeing that Shangguan LAN 'er wasn't hurt, Shangguan Tianhua's heart finally settled down. He turned to Lin Yi and asked, How did you know where Xiao LAN 'er was?"

In the three pavilions of the North Island, Shangguan Tianhua's strength could be said to have reached the peak, and the range of his divine sense was also extremely wide. However, Shangguan LAN 'er was tied up so far away that even he could not lock onto her position.

Lin Yi, on the other hand, was untying the sea beast rubber rope on Shangguan LAN 'er's body as he smiled, "Disciple just so happened to forge two mother-child necklaces a few days ago, one of which was given to little Senior Sister. When in danger, it will sense the fluctuation of true Qi, so I know."

Shangguan Tianhua clicked his tongue in wonder and said, ""I've heard that you're an Alchemist, but I didn't expect you to be a blacksmith as well. As a newcomer, you're a rare genius in the three pavilions to be able to have so many abilities!"

"Pavilion master Shangguan, you flatter me. I only know a little about this." Lin Yi replied with a smile.

"He's neither arrogant nor rash. That's very rare. However, blacksmiths are rare even in the rising Sky Pavilion. It's even rarer for him to be able to forge such a magical necklace!" Shangguan Tianhua nodded approvingly, and then suddenly asked with a playful expression, ""But I heard that this necklace has always been a gift between lovers. What do you mean by giving it to Xiao LAN 'er?"

"Well ..." Lin Yi felt awkward, not knowing what to say.

If he said that he had no feelings for this little Senior Sister, it was obviously a lie. Otherwise, he would not have given her a mother-child necklace. However, if he really was interested in Shangguan LAN 'er, it was not entirely the case. He just had a good impression of her, and they had a good relationship.

At this time, Shangguan LAN 'er stood up and hugged Shangguan Tianhua's arm, saying, ""Aiya, Grandpa, Little Junior Brother and I have a deep sisterly relationship, much closer than lovers or anything. We're friends who have gone through life and death together!"

Hearing this, Shangguan Tianhua burst out laughing. ""Haha, good ..."

However, as he laughed, Shangguan Tianhua gave Lin Yi a meaningful look. There were some things he didn't say out loud.

Lin Yi smiled bitterly at the situation-Pavilion master Shangguan's expression made it clear that he'd misunderstood it as something else.

However, there was no way to explain this kind of thing in person. Perhaps they would think that explaining it was just a cover-up, and it would only make things more chaotic. He could only face it in silence.

"Xiao LAN 'er, did you get a good look at the faces of the kidnappers?" Shangguan Tianhua asked.

Shangguan LAN 'er shook her head. "No, they're all dressed in black and their faces are covered. I can't even see what they look like."

Although she said that, she could more or less guess the identity of these people from their strange behavior before. She just did not want to tell Shangguan Tianhua about it. After all, there would be no suspense if she did that, and it would not be fun at all.

"I see. It seems that the follow-up arrest can only be handed over to the law enforcement Hall. However, little LAN 'er, you have to remember not to run around blindly in the future, understand? It's a good thing Lin Yi brought me here in time this time, so nothing serious happened. Next time, I won't be so lucky!" Shangguan Tianhua admonished with a stern face.

"I know. If it wasn't for little white stealing wine, I wouldn't have been kidnapped by them so easily!" Shangguan LAN 'er said, pouting.

As he said this, the little Curly bear's loud snores came from the corner. The three of them were stunned for a moment before they laughed in unison.

After such a long time, it turned out that little Curly Bear, the fuse, was still drunk and sleeping. He didn't know about the kidnapping at all. When he woke up, everything was over. Silly bears really have silly luck. He didn't know if he should be angry or laugh when facing this little guy!

Shangguan Tianhua didn't know whether to laugh or cry as he shook his head. There was no one around, and there was no point in staying here any longer. He called Lin Yi and Shangguan LAN 'er to get on their flying spirit beasts and return to the three pavilions.

The return of Shangguan Tianhua and the other two caused a commotion in the Hall of Justice. Since Shangguan LAN 'er was back unscathed, and could prove that Lin Yi wasn't the one who kidnapped her, Lin Yi's suspicion was naturally cleared, and he didn't need to go back to that dark and dark prison.

On the other hand, the person who reported him, Murong Zhen, was in big trouble. Framing Lin Yi was a small matter, but providing false information to mislead the law enforcement Hall was the real problem.

If she really wanted to pursue the matter, even if Murong Zhen did not die this time, he would at least lose a layer of skin. She had gone for wool and came home shorn. No matter how she tried to exonerate herself with flowery words, she was definitely going to take the blame.

Of course, it was the Hall of Justice's business to pursue Murong Zhen, not Lin Yi 's. If he wanted revenge, he'd have to do it in private, and it was a personal matter.

As for reporting him to the Hall of Justice, he wasn't interested. He didn't have any evidence, and he didn't want to get too close to the people there.

He followed Shangguan Tianhua out of the hall, and before they parted, he suddenly stopped and turned to Lin Yi. "I owe you another favor for this. If you need anything in the future, you can come to the rising Sky Pavilion to find me."

With that, Shangguan Tianhua quickly disappeared from sight with the reluctant Shangguan LAN 'er and the little Curly Bear, leaving Lin Yi all alone, stunned.

A favor from Shangguan Tianhua was a priceless treasure in the three pavilions of the North Island. If it were anyone else who had heard his promise, they would have been so excited that they would have forgotten themselves.

Although Lin Yi was excited, he was more confused than excited. He didn't understand why Shangguan Tianhua would suddenly say something like this.

Chapter 4050 Tian Huan's Great-Grandfather

Did she really think highly of him, or was she hinting to him that this matter was only treated as a favor and not to think too much, so that he could keep a distance from Shangguan LAN 'er in the future?

No one could give Lin Yi an answer to this question. He could only suppress it in his heart and wait for the day to prove it. There was only one thing he needed to focus on right now, and that was the forging plan!

On the other hand, after the kidnapping incident, Shangguan LAN 'er was grounded immediately after being brought home by Shangguan Tianhua. Even her little Curly Bear was strictly forbidden to step out of the house.

With this lesson, no matter how hard Shangguan LAN 'er racked her brains, she could not find an excuse to go out in a short time.

However, what made Shangguan Tianhua quite helpless was that even if she was locked up at home, she could not expect Shangguan LAN 'er to concentrate on her cultivation. In addition to playing with her little Curly Bear, she also had to take time to write to her best friends outside of the North Island. She was very busy.

Her best friend was the daughter of the Lord of the West Island, ning Xuefei!

Birds of a feather flock together-with the exception of Lin Yi, who was an extremely special case, Shangguan LAN 'er's family background made it so that even if she didn't have the temper and arrogance of a miss, ordinary people were destined to never become her best friend. They were on different levels, and it was impossible to talk on equal terms, so there was no pure friendship to speak of.

In the entire North island's three pavilions, there were only a few people whose family background could be compared with Shangguan LAN 'er' s. If the target was a girl of similar age, it would be even more difficult to find.

Therefore, almost all of Shangguan LAN 'er's best friends were on the outer island, and ning Xuefei was the closest one to her.

Unlike the North Island, the West Island was not only a gathering place for female cultivators, but it still retained the legacy of the ancient mother clan. Everything was decided by the women. However, these female cultivators were all very powerful and were not any weaker than the other sub-islands. Ning Xuefei's mother was the island master of the West Island.

The Sky Class five islands were filled with strong practitioners-to be the master of an Island, even if it wasn't the middle Island, it meant that you were one of the few Masters on the five islands, especially for a woman-you could imagine how difficult it was to become a master.

In the ancient secular world, the island master of the West Island was comparable to Empress Wu Zetian. He was a legendary existence admired by countless people!

Strictly speaking, ning Xuefei's background was even better than Shangguan LAN 'er' s.

Of course, the main reason why the two of them could become best friends was that they had similar temperaments. As for their family background, it was not in their scope of concern.

A while ago, ning Xuefei had sent a letter saying that she was going to the northernmost Island to attend an auction. Shangguan LAN 'er had thought that ning Xuefei would come to the northernmost Island to play with her, but she had not seen her best friend, so she had been feeling regretful.

In her reply to ning Xuefei this time, Shangguan LAN 'er told her everything that had happened to her recently, from her birthday party to her kidnapping. Since she was grounded and had nothing to do at home, she might as well share it with her best friend.

It was hard on this self-proclaimed Missy who couldn't write. She spent the whole day writing on a large stack of paper before finally explaining the general situation and sending it out.

A few days later, Shangguan LAN 'er received ning Xuefei's reply. The contents of the letter made her jump for joy. Ning Xuefei said in the letter that she had received her mother's approval to come to the North Island to play with her!

Just like Shangguan LAN 'er, ning Xuefei had very few close friends. Now that she had heard about Shangguan LAN' er's various experiences, as her best friend, she naturally had to come over to comfort her. As for the research work of the automatic casting mechanism, it was naturally taken over by her other best friend, han Jingjing.

Shangguan LAN 'er was depressed because she was grounded by her grandfather, but now she was finally in high spirits again.

.....

Nakajima, pill Hall.

In recent times, there were two things that attracted the most attention in the pill Hall. One was Zheng Tianjie's death, and the other was the netherworld marriage between Zheng Tianjie and Tian Gang!

She was at the age where she was as beautiful as a flower. Every girl who loved to dream would think of such a scene when she put on a charming bride's dress. Even the cultivators who were infinitely close to transcendent Immortals would probably have the same thought at this time. They would only envy the couple, not the immortals.

However, what if the ideal husband in front of him was a cold corpse?

Against Zheng Tianjie's cold corpse, the more beautiful Tianjie was, the more pitiful she looked in the eyes of others. Even those who didn't have any friendship with her couldn't help but sigh for her.

If it was any other girl, no matter how bad the other party was, they would at most say that a flower was stuck on cow dung. But Tian Ji, the ideal husband, was probably worse than a pile of cow dung in the eyes of ordinary people.

However, these were only the opinions of others. Tian Huan was very satisfied with this.

Although a netherworld marriage with a dead person sounded very horrifying, being Zheng Tianjie's widow would bring quite a lot of benefits to Tian Huan. Not only would there be no other people who didn't have eyes to harass him, but his status in the pill Hall would also rise.

Without so many complicated cultivation tasks and no need to participate in the routine cultivation of the pill Hall, Tian Huan's life was much more peaceful and peaceful compared to before the Ming marriage.

In the depths of the pill Hall's core, there was an extremely special room. A strange patient lived inside. Originally, with the identity of an ordinary disciple of Tian Huan, she naturally could not easily enter, but now, she would come to visit this person whenever she had time.

"Great-grandfather, how do you feel today?" Tian Gang once again appeared at the door of the room, smiling as he respectfully greeted.

A slightly hoarse voice quickly came from inside the room, ""I'm not your great-grandfather, and I have nothing to do with your Tian family in the secular world. You don't have to deliberately curry favor with me. I'm a cripple now, and it's useless no matter how you try to curry favor with me! Zheng dongjue won't listen to my words either. If you want me to help you break off the engagement, you'd better give up!"

"Great-grandfather, no matter what, you're still Huang 'er's senior," Tian Gang smiled.

"Don't talk about your elder. I'm not your elder, so it's hard to say who's the older one. You might even be my sister!" The hoarse voice said in an unpleasant tone.

Tian Gang choked on these words for a while and could only smile bitterly. ""Alright, heavenly vice Island master, even if your meridians are broken due to Qi deviation, you should not be discouraged. As long as you have confidence, there will be a day when you recover."
