

Bodyguard 4051

Chapter 4051 Vice-Island Lord Tian Xingdao

This person was the Vice-Master of the Sky Class Island, the legendary figure who had lost his mind after cultivating the creation battle technique and had his meridians destroyed-Tian xingdao!

Tracing back to their ancestors, Tian Dao and Tian Huan actually came from the same line. However, as early as a thousand years ago, the line of Tian Dao had used a special method to move to the Tian class Island by chance.

However, they had always lived in the cultivator tribe, and there had never been any outstanding cultivators in their families. The lifespan of the clansmen was similar to that of ordinary people, so it was difficult to calculate the seniority.

According to what Tian Xing had said, perhaps Tian Huan's seniority was higher than his. However, with his age, it was only right for Tian Huan to call him senior.

Tianxing and Zhang Liju had a close personal relationship. After his Qi deviation, he had been recuperating in the pill Hall, but it didn't have much effect. His meridians were broken into hundreds of pieces, and it was a miracle that he was still alive. Even with Zhang Liju's magical medical skills, there was nothing he could do to fix them.

"I'm not the Vice Island master. Do you think anyone would believe a madman like me if I said I was the Vice Island master? You don't have to think about clinging to the rich and powerful, and you don't have to cling to my relative either. Anyway, it's useless to cling to him, and it's not even as impressive as the name of Zheng dongjue's granddaughter-in-law. Alright, put the medicine there and go!" As usual, Tianxing Road didn't open the door. They directly asked him to leave.

Tian xingdao used to be the Vice Island master of the Sky Class Island, a peak figure who looked down on all living beings, but that was all in the past. Now, he was just a cripple who couldn't even take care of himself. With his strange, crazy, and bad temper, no one was willing to serve him, not even to look at him.

However, Tian Gang did not show any signs of displeasure. He helplessly shook his head and placed the medicine at the door. He bowed respectfully and said, ""That's good. I'll come back to see senior in a few days. I'll take my leave first. "

In the room, Tian xingdao, whose hair was disheveled, heard these words. His turbid eyes revealed a strange and helpless look.

No matter how crazy he was, a person's heart was still made of flesh, especially when he was at his most miserable and despondent moment. A friend in need was a friend indeed. Whether Tian Huan was sincere or not, how could he not see at all?

What was the use of seeing through it? he was just a cripple with all his meridians broken, a cripple that was worse than a beggar on the streets. What could he do?

The room was silent for a long time. Suddenly, the crazed laughter of the Tian Xing Dao rang out again ...

Walking out of Tian Xing's room, Tian Gang couldn't help but feel a little worried. Coming to Tian class Island and being able to see her blood-related elder was a great fortune. However, Tian Xing's current state really made her unable to be happy.

After taking two steps, a white-clothed youth suddenly walked over from the front of the corridor. When he saw Tian Gang, his eyes lit up and he greeted him with a smile, "Sister-in-law, you went to see the sky again!"

Tian Gang's eyes turned cold when he saw this person. A look of disgust flashed across his face and he replied coldly, ""Yes, I am."

The young man in white was called Zheng tianchu, Zheng Tianjie's cousin. In terms of status, Tian Gang had to call him brother-in-law.

Zheng Tianjie, who had high hopes for him, had died miserably halfway. Rumors had it that Zheng dongjue had begun to turn his attention to Zheng tianchu, intending to train him to replace Zheng Tianjie's position and become the future leader of the Zheng family.

In terms of strength, Zheng tianchu and Zheng Tianjie could not be compared at all. Although he had the Halo of being Zheng dongjue's grandson, everyone in the pill Hall did not take him seriously. He could only be regarded as a minor character on the sidelines.

However, it was different now. Zheng tianchu had suddenly become a popular person in front of Zheng dongjue. He immediately began to show off. Now, he could be said to be in the limelight, and had the momentum of becoming the second Zheng Tianjie.

However, all of this had nothing to do with Tian Gang. She hated the Zheng family from the bottom of her heart and didn't even want to say a word.

"I think elder Tian gave you a bad attitude again, right? Sister-in-law, you're too virtuous. If it were someone else, they wouldn't be willing to serve a crazy old man like this. Why do you have to suffer for nothing? Sister-in-law, how about I accompany you the next time you go?" Zheng tianchu continued with a smile.

Tian Gang looked at him indifferently and said, ""It's fine. If there's nothing else, I'll go back first,"

With that, Tian Gang didn't want to pay any more attention to the other party. He directly went around Zheng Tian's side and left without looking back.

Looking at Tiangang's beautiful and graceful back, Zheng tianchu's eyes flashed with a trace of lust. He held his chin and sneered, ""Why are you still pretending to be a chaste woman? Fine, the more temperamental a woman is, the more fun it'll be to play with her in the future. It's not as delicious as dumplings, but it's more fun than anything else ... Hehe, sis-in-law!"

Tian Gang's status as a widow was like a cooked duck in Zheng tianchu's eyes. There was no way he could escape from his grasp. As long as he could secure his position as the young master of the Zheng family, this beautiful sister-in-law would have to submit to him sooner or later.

Thinking of this, Zheng tianchu couldn't help but laugh. He couldn't help but praise in his heart. His cousin, Zheng Tianjie, died at the right time!

North Island, law enforcement Hall.

Shangguan LAN 'er had returned unscathed, and it was clear that the crisis directed at Lin Yi had been resolved on its own. On the other hand, Murong Zhen, the snitch, was in huge trouble.

There was a risk involved if she just stepped in. She already had this bad feeling when Kang Zhaoming told her to report Lin Yi, but Shangguan LAN 'er didn't cooperate at all, and Kang Zhaoming obviously didn't want to step in. Cha Wu was a fence-sitter, so she had no choice but to step in.

But now, not only did she not manage to frame him, she was the victim instead. Her bad premonition had become reality. Lin Yi had gone out with Shangguan Tianhua, and she, the informant, had become a prisoner, locked up in a dirty and stinky dungeon. No one would help her!

Murong Zhen could not help but shudder at the thought of the cruel and brutal methods used by the law enforcement Hall. It was already a shame to have a guilty conscience. In addition, she was a woman. No matter how sinister and ruthless she was outside, once she was in this dark dungeon, the fear that she could not get rid of would drive her crazy.

Although Murong was good at sweet-talking and saying that he'd misjudged Lin Yi because Lin Yi wasn't in the hall during this time, and that the masked man's body shape was very similar to his, he'd misunderstood that Lin Yi was the kidnapper in a moment of desperation. But there were no secrets in front of the law enforcement Hall!

Chapter 4052 Can't Swallow This

The existence of the soul-searching technique was simply courting death when lying to the law enforcement Hall.

Murong Zhen's heart sank to the bottom the moment she was locked up in the dungeon by the Masters of the law enforcement Hall. She knew that she was completely finished this time. Even if she had a little bit of luck, it was just wishful thinking!

This was a matter of great importance. Although Shangguan LAN 'er had been safely rescued, kidnapping the first young lady of the rising Sky Pavilion was a terrible thing to do. The law enforcement Hall would definitely pursue this matter to the end, and she, who had reported the incident with many suspicious points, was a ready-made breakthrough.

Finally, in the midst of her extreme anxiety and fear, Murong Zhen's anticipated tragic fate arrived. The law enforcement Hall had sent someone to interrogate her.

Even though Murong Zhen had already prepared an excuse in his mind, he was not confident that his flowery words would be able to fool the people of the law enforcement Hall.

Murong Zhen followed the men from the law enforcement Hall in silence. With every step she took, she felt as if she was one step closer to death. The despair brought about by the end of the road crushed the last bit of her nerves. She suddenly squatted on the ground and started bawling. The prisoners in the other Dungeons looked at each other excitedly and whistled softly.

The law enforcement Hall's master who was leading the way in front was suddenly stunned. He turned his head to look at her and shouted, ""If you want to cry, cry outside. Is the dungeon a place for you to make a scene?!"

"Outside?" Murong Zhen stopped crying and looked up at the expert from the Hall of Justice. ""Don't you want to interrogate me?"

The two experts of the law enforcement Hall laughed upon hearing this. "According to the rules, we were supposed to interrogate you, but Hall Master Gongyang told us not to make things difficult for the informer. Otherwise, who would dare to provide clues for the law enforcement Hall in the future? so, we're not interrogating you now, but letting you out."

"Re ... Really?" Murong Zhen was overjoyed. He had been in despair, but now he had a new lease on life. This feeling made him so happy that he felt dizzy.

"Of course it's true. Do you think that our law enforcement Hall is so idle that we have so much time to play with you? Have you cried enough? if you've cried enough, get up!" The expert of the law enforcement Hall twitched his mouth speechlessly. At the same time, he shouted loudly to make the prisoners in the other Dungeons calm down.

If it wasn't for the fact that Murong Zhen was a pretty girl, he would have kicked her out of impatience.

"Uh ... Yes, yes. I'll get up now ..." Murong Zhen blushed awkwardly. He was wondering when Gongyang Jie had become so generous.

For so many years, the law enforcement Hall under Gongyang Jie had always been known for being cold and brutal. Anyone who was caught would be at least half-dead, even if they were innocent. The number of people who died in the law enforcement Hall in the past ten years was more than the total number of people who died in the past hundred years combined!

Although it did not sound like Gongyang Jie's style to say 'don't make things difficult for the person who reported the incident', it was not his style at all. Moreover, he knew what was going on. Now that Shangguan LAN 'er had returned, Murong Zhen's report was full of suspicions. Could Gongyang Jie really not see through it?

Murong Zhen walked out of the Hall of Justice with a head full of questions and headed straight for the welcome Pavilion. Zhaoming was already waiting for her in her wooden house.

"Miss mu Rong, this is great, you're finally back!" Kang Zhaoming let out a breath of relief when he saw that she came back safe and sound.

Murong Zhen couldn't help but feel touched by Zhaoming's concern for her. The anger she felt when Zhaoming forced her to report Lin Yi to the Hall of Justice dissipated by half.

However, Murong Zhen was a scheming woman after all. One look at Zhaoming's happy face and he quickly realized that this guy wasn't here to show concern for him!

The only reason Zhaoming was here was because he wanted to know what happened to Murong Zhen first, and use it to determine if he was going to stay or leave.

Seeing Murong Zhen's cold expression, Zhaoming choked. He continued to smile, "I heard that miss mu Rong had been thrown into the dungeon by the law enforcement Hall. I was worried sick. Now that I see you are safe and sound, I can finally rest assured."

"I'm really flattered that Deacon Kang has been so worried about me. However, it's all thanks to Hall Master Gongyang that I was able to leave the law enforcement Hall safe and sound. If it wasn't for him speaking up for me, we would have been wiped out. " Murong Zhen suppressed the anger in his heart and pretended to be mysterious.

As expected, Zhaoming's eyes twitched as he asked, ""Thanks to Hall Master Gongyang? Gongyang Jie spoke up for you? What's your relationship with him?"

Even a young master like Xu lingchong would have a hard time talking to a powerful and overbearing person like Gongyang Jie. Why would he stand up for a mere Murong Zhen?

"Who knows? as the saying goes, even a hero can't stand the charms of a beauty. After all, the three pavilions have always had more men than women. No matter how powerful and overbearing Hall Master Gongyang is, he's still a man full of vigor. What do you think, Deacon Kang?" Murong Zhen deliberately gave her a flirtatious look and said vaguely.

She knew that it was impossible for her to hook up with someone like Gongyang Jie with her looks alone, but she didn't want to offend anyone by spreading her relationship with Gongyang Jie so ambiguously. She could also use this to intimidate Kang Zhaoming, so she wouldn't have to take the blame if something happened to him in the future.

"Uh ... Probably ..." Kang Zhaoming wasn't sure anymore. All men were lustful, and he was the best proof. If Gongyang Jie really liked Murong Zhen, then he would have to think twice about his attitude towards him.

"What do we do now? "The kidnapping incident isn't over yet, it'll be hard for us to deal with Lin Yi now ..." Zhaoming said helplessly, testing the waters.

Murong Zhen glanced at him, shrugged, and said, ""Don't look at me. I don't have a choice now. If I continue to go against the wind, the risk is too great. I can't afford it."

"But if we just let Lin Yi live like this, will you be able to take this lying down, miss Murong?" Zhaoming said unwillingly.

"Even if I can't swallow it, what can I do?" Murong Zhen wasn't willing to give up either, but at this point in time, she was at her wit's end when it came to Lin Yi, who was getting stronger by the day.

Suddenly, Murong Zhen's eyes lit up and he suggested, ""Two heads are short, three heads are long. Why don't we get Meng Tong to come over and discuss this?"

"This is good too." Kang Zhaoming thought about it and nodded.

Chapter 4053 Reuniting

If it had been the previous idiot Meng Tong, the two of them wouldn't have paid him any attention at all. But this guy's strength had skyrocketed after taking the meridian heart-shattering pill, and his temperament had also changed greatly. Especially after Meng jueguang's violent death, he had been in a state of seclusion, becoming somewhat unfathomable. He might be a good help.

Meng Tong and Lin Yi's enmity was no less than theirs. They were natural allies, and there was no doubt about their reliability.

Unexpectedly, Meng Tong, whose temperament had become more and more demonic and strange, only cursed coldly after listening to the two men's story, "You dumb * SS!"

Murong Zhen and Zhaoming couldn't hold their expressions when they saw the undisguised contempt. They had always thought that they were above Meng Tong in terms of status, but now they were being looked down upon by a former Lackey. It was unbearable!

However, just as their expressions changed, they immediately felt a violent and brutal aura pressing down on their heads, causing them to be unable to breathe.

"You ... You're already in the middle stage of the foundation building realm?" Zhaoming and Murong Zhen's faces paled-they'd never thought that Meng Tong would be reborn in such a short amount of time, breaking through to mid-Foundation!

Thinking back, when Murong Zhen first came to the welcoming new pavilion, he was at the peak of the early stage of the foundation building realm and could be said to be the only one in the world. Meng Tong and the others were not even worthy of her attention. Now, in just a few months, he had become a mid stage foundation building expert that she could only look up to.

Strength determined one's right to speak. If Meng Tong was still at the peak of the early Foundation Stage, Murong Zhen and Kang Zhaoming would've flipped out on the spot at his disdainful words. But he was now in the mid Foundation Stage, and his strength was above the two of them. It was a completely different story.

Even if they weren't happy, they could only endure it.

Meng Tong ignored the two's shock and continued to speak in disdain, "You kidnapped Shangguan LAN 'er and tried to frame Lin Yi with your strength? It's a miracle that you're still alive, and you still have the face to wonder how we found you? Even Shangguan Tianhua is here. Is it strange that such a powerful figure has a way to find you?"

Murong Zhen and Zhaoming's faces turned red at the merciless scolding. Thinking back, they were really lucky to have survived until now.

"Kidnapping Shangguan LAN 'er was miss Murong's idea in the first place, it has nothing to do with me ..." Kang Zhaoming tried to clear his own name. He only wanted to deal with Lin Yi from the beginning, unlike Murong Zhen who had a personal grudge with Shangguan LAN' er.

Murong Zhen was so embarrassed that he could not say anything for a long time. After a long time, he said with a straight face, ""We're already at this stage, what's the point of talking about this? if you have the time to blame each other, you should think about how to deal with Lin Yi!"

"Hmph! Now that Xu lingchong is gone, Meng jueguang is gone, and our backing is gone, what's the point of doing this!" Meng Tong snorted in disdain.

If it was the old Meng Tong, he would've jumped out to challenge Lin Yi already after his strength skyrocketed to the mid Foundation Stage. He probably wouldn't even be bothered to think about schemes and schemes, he would just want to stomp Lin Yi to death and show off. But now his personality had changed, he was no longer that stupid and simple-minded person, he'd learned to endure.

"But we can't let Lin Yi go so easily. As long as we study him, we'll definitely find his weakness!" Murong Zhen said unwillingly.

"Kang Zhaoming, you and Lin Yi are old rivals in the common world. You should know his weaknesses the best." Meng Tong turned his head and asked. He had a history with Lin Yi, and no matter how much he changed, he wouldn't let go of the chance to kill Lin Yi.

Kang Zhaoming pondered for a while, "Oh, this guy is amorous and likes to act tough. Other than that, there doesn't seem to be anything else ... Eh, I got it!"

Meng Tong and Murong Zhen's spirits were lifted at the same time."Hurry up and tell me!"

"Lin Yi and Dongfang Badao from the mysterious Pavilion are enemies in the common world. I heard that old J8 lamp is doing pretty well now, I'll go get him to help us think of a solution." Kang Zhaoming suggested.

He didn't have much of a relationship with Dongfang Badao, but the enemy of an enemy was a friend. Since they were all here to deal with Lin Yi, the more people the better.

Meng Tong nodded,"that's good too. By the way, Zhong pinliang from your Pavilion should come as well. We can't lose contact with these people just because Xu lingchong is gone. I think Zhong pinliang is a good guy."

"Right, right, right. How could I have forgotten about him for this kidnapping? if he was here back then, why would I need to find a fence-sitter like Cha Wu!" Kang Zhaoming nodded.

It wasn't that he forgot, but Zhaoming had been hanging out with Murong Zhen all this time. He didn't call pinliang along because he wanted to keep him to himself. He didn't want pinliang to get too close to Murong Zhen.

But he couldn't care about all that now-Lin Yi was more important.

Kang Zhaoming immediately went to find Dongfang Badao. He had the important identity of the new disciple manager. Even if Xu lingchong's backing was gone, he was still able to do well in the welcoming new pavilion. Everyone had to give him some face.

It'd been half a year, and out of all the newbies from the three pavilions, Lin Yi was at first place, while Zhaoming was at second place with his new member status. The third place was none other than the mysterious Pavilion's Dongfang Badao.

Although most of the Sky Class islands looked down on the cultivators from the mortal world, it was proven that every time someone from the mortal world was sent here, they would become an elite in the end, surpassing most of the Sky Class islands "native cultivators.

This wasn't strange at all-anyone who had the chance to come to Sky Class Island was a super elite of the common world. Even if they couldn't compare to the top of the Sky Class Island, they were more than enough to compete with the ordinary cultivators, whether it was strength or schemes. If they encountered a bit of luck, they could easily stand out.

This year, the GreenCloud Pavilion's newcomer King was Lin Yi, from the common world. The rising Sky Pavilion's newcomer King was Kang Zhaoming, from the common world, and the mysterious Pavilion's newcomer King was Dongfang Badao, from the common world.

Chapter 4054 Destruction

It'd be a lie if Dongfang Badao said he wasn't jealous of Lin Yi after all that time he'd been watching him perform so well. He'd want to step on Lin Yi even in his dreams.

It was a pity that he was in the mysterious Pavilion, and he didn't have much interaction with Lin Yi from the Qingyun Pavilion. He couldn't pose any threat to Lin Yi, either. This feeling of having power but not being able to use it was enough to drive one crazy.

Kang Zhaoming and the others were too lazy to even bother with him after being stood up by the mysterious Pavilion during the voting. If it wasn't for Xu lingchong's support, they wouldn't even remember that there was someone like him.

Dongfang Badao was extremely enthusiastic when he saw Kang Zhaoming, especially when he heard that they were going to team up against Lin Yi. He agreed to join without a second thought.

At first, Dongfang Badao had wanted to take advantage of his seniority and thought that he would at least be able to give orders after joining them. However, when he saw Meng Tong and Murong Zhen's strength, especially Meng Tong, a mid-Foundation Stage expert, he immediately wilted.

Dongfang Badao didn't dare to show off, so he gave everyone a plan, ""The old men in the mysterious Pavilion have their own group, and they have a wide social network. I heard some news about Lin Yi a few days ago, have you guys heard about it?"

"What news?" Everyone asked in unison.

"That Lin Yi guy, I think he's preparing to forge a weapon recently. I heard from those old men in the mysterious Pavilion that Lin Yi even went to the auction on the northernmost Island with Hong Zhong of the Hong Chamber of Commerce. It seems like it's to bid for the forging materials. I don't know where he got so many spirit jades and is so confident." Dongfang Badao said as he pinched his chin.

"Forging?" Zhaoming's eyes lit up, excited. "Isn't that great? we'll go and cause some trouble for him. Even if we can't kill him, we'll at least disgust him to death!"

Hearing this, Meng Tong and Murong Zhen both nodded. This idea might sound like a small one, but they didn't have a better idea at the moment. Besides, if they let Lin Yi forge some divine weapon and increase his strength, it wouldn't be a good thing for them.

"I see, no wonder Lin Yi's been coming and going like a shadow these days!" Murong Zhen finally understood and felt a headache coming on. "But if we want to destroy it, we have to find the place where he forged it first, right? It's like looking for a needle in a haystack with just the few of us. How are we going to find it?"

"Kang Zhaoming, you guys seemed to have used a flying spirit beast when you kidnapped them, didn't you?" Meng Tong asked after some thought.

"That's right. I borrowed it from an acquaintance in the pill Hall. Although our welcoming new pavilion also has its own flying spirit beasts, there are only a few in total, and they are easily noticed by people with ulterior motives." Kang Zhaoming nodded.

"That's good. Go find a way to borrow an aerial spirit beast. The next time Lin Yi shows himself, we'll follow him from the sky. No matter how sharp his senses are, he won't be able to detect us. We'll just have to follow the trail and find where he's hiding!" Meng Tong said with confidence.

"Right, this is a brilliant idea!" Zhaoming and the others nodded. It was too difficult for them to follow Lin Yi on the ground, but it was a different story if they were in the sky. Not only would it be harder to lose him, but it would also be hard to find him under normal circumstances.

After discussing the plan, they started moving. They had Kang Zhaoming borrow the flying spirit beast while Murong Zhen stayed in the wooden house to watch Lin Yi. As soon as Lin Yi appeared, he would notify Meng Tong and the others.

Lin Yi, on the other hand, didn't notice any of this. All his attention was focused on the forging that was about to begin. After the king of junk's delay time and time again, everything was ready. Success or failure depended on this one move.

Before he started, Lin Yi went back to the pavilion to give his fellow disciples a heads up. Forging couldn't be stopped halfway, and no one knew how long it would last.

He needed to let these people know first, so they wouldn't think that Lin Yi was missing and cause trouble.

This gave the scheming Kang Zhaoming and the others a chance. After Lin Yi left, they started to follow him from the sky. No matter how careful Lin Yi was, he didn't notice the flying spirit beast above him!

Even if they occasionally looked up, they wouldn't think too much about it. Flying spirit beasts were very common mounts on the sky Island, and they would often fly above their heads.

Kang Zhaoming and the others didn't have any bad intentions towards Lin Yi when they were in the sky, so the jade pendant didn't call the police.

"Eh? What was this kid doing in the forest? Could it be that he's preparing to forge in the forest? he can't be that stupid, right?" Kang Zhaoming saw that Lin Yi left the pavilion and ran into the small forest. He was confused.

They weren't weapon forgers, but they knew that the stability of the surrounding environment for weapon forging was almost no less than that for pill refining. Only the heavens knew whether the weapon forging in the forest would catch on fire.

"Let's wait and see. " Meng Tong and the others were also confused. After hesitating for a while, they decided to bide their time and have their flying spirit beasts pretend to be busy flying back and forth in the sky.

A moment later, their eyes lit up. "He's out!"

However, Murong Zhen was taken aback. ""That's not right, this isn't Lin Yi. Look at his face, it's completely different from Lin Yi 's. "

Women were always more careful. They weren't too high up, but they didn't want Lin Yi to notice them. From above, they looked like a peanut. At most, they could tell who they were from their body shape. Very few people would pay attention to their appearance like Murong Zhen did.

However, after she said that, Meng Tong, Kang Zhaoming and the others also realized that something was wrong. It wasn't obvious, but if you looked closely, you could see the difference.

"It really isn't Lin Yi. Damn it, this forest is so dense that there isn't even a foothold. Normally, there shouldn't be anyone here, where did this guy come from? we were almost misled by him and followed the wrong person!" Meng Tong secretly rejoiced.

At this time, Kang Zhaoming suddenly slapped his thigh, "Wrong, wrong, this guy's Lin Yi, you've all been fooled by his smokescreen!"

"What do you mean?" Meng Tong and Murong Zhen were both stunned.

"Did you guys forget? Yu Zhe and the people from the southern sky Gate came to our Pavilion multiple times, saying that they were looking for a guy called Lin er. They suspected that it was Lin Yi, but let it go because they didn't have the right face. Now that I think about it, Lin Yi is the Lin er they were looking for, he just changed his face!" Zhaoming analyzed, pleased with himself.

Chapter 4055 Really Lin Yi?

"Oh, right! I still remember the time when Nantian gate and Yu Zhe called Lin Yi out. So that's what happened! If you really have the heart, it's not difficult for us cultivators to change a fake face at the last minute!" Murong Zhen was also enlightened.

Meng Tong's eyes lit up, "so this kid is Lin Yi?" That's right, it's normal for no one to come to such a remote place. Moreover, forging is a matter of life and death, so it's reasonable to change to a fake identity in order to hide. "

While they were talking, Lin Yi had already headed to the king of junk's Secret base. His mind was focused on forging, so he didn't notice the changes in the sky.

After Lin Yi went around in circles for a long time, he suddenly went into a hidden cave. Kang Zhaoming and the others were relieved and excited, "This is definitely the right place. This cave should be the place he used to forge weapons!"

"Hehe, Lin Yi's dead for sure now that we've caught him! Let's wait for a while. When he starts forging, we'll attack him together! Brother Meng Tong is already a mid Foundation Stage expert. With the

addition of us, I don't believe he'll be able to escape alive with so many people ganging up on him!" Zhaoming said with a sinister smile.

Meng Tong, on the other hand, wasn't flustered at all as he signaled for Zhaoming to land the flying beast. "There's no rush. This is a rare opportunity, and we have to make sure it's foolproof. Let's do it as we've discussed. Murong Zhen and I will stay here and keep an eye on things. Kang Zhaoming, you go and get Dongfang Badao and Zhong pinliang. We have the numbers, so they won't slip away again. "

"Alright, I'll go get them. Lin Yi's asking for it this time-he's looking for a narrow cave with no way out. We'll block the entrance together, and we won't be able to escape!" Kang Zhaoming grinned.

Zhaoming was just about to leave when Murong Zhen interrupted, "You can also go to Yu Zhe and the southern Heaven Gate and tell them that Lin Yi is Lin er! They're not exactly on the same side as us, but they're still Lin Yi's enemies-they'll be a double insurance if we mess up. "

Zhaoming and Meng Tong looked at each other and nodded, "Wahahaha, well said! Lin Yi, I'll see how you die today!"

The group split up immediately, and pinliang panicked when he received Kang Zhaoming's message. He was the last one to know about this from the beginning to the end, and he was already ready to make his move before these people came to inform him. Even if he wanted to warn Lin Yi now, he didn't have the time and opportunity.

Zhaoming squinted his eyes as he looked at pinliang's face, his head lowered. "What's wrong? You're not willing to go?"

"Go! Of course I'm going! This is such a good opportunity for revenge, how can I not go!" Pinliang said, his head raised.

She couldn't warn Lin Yi, but going was better than not going at all. If things went south, she'd just expose her identity and turn around!

"That's good. Go and get that old B * stard Dongfang Badao. I'll go to the rising Sky Pavilion and greet Yu Zhe and the southern Heaven Gate. I'll be back soon to bring you there." Zhaoming ordered as he took off on his aerial spirit beast.

Pinliang replied, worried for Lin Yi. He hadn't had much contact with Lin Yi recently, and he didn't know what Lin Yi's strength level was, but these people who were going to attack him were definitely not simple.

Pinliang had absolute confidence in Lin Yi's strength, but that was only in a one-on-one fight. After all, Lin Yi was still a newbie, and there was a limit to how strong he could be.

Kang Zhaoming had already returned from the Sky Tower Pavilion, bringing him and Dongfang Badao to meet up with Meng Tong and Murong Zhen.

"There's no time to waste, do it!" As the most powerful of them all, Meng Tong took the lead and entered the cave, followed by Murong Zhen and the others.

A safer way was to wait for Yu Zhe and the people from the southern Heaven Gate. Perhaps even a golden core Master like Nan Tianba would be there, and Lin Yi would be a surefire target.

However, after killing someone, they would just split the loot. After all, they weren't on the same side, and if Nan Tianba really made a move, they wouldn't get anything even if Lin Yi had something good on him.

It was better to finish Lin Yi off before Yu Zhe and the others arrived. With their strength, they were more than enough to deal with Lin Yi as long as there were no accidents.

Even if he couldn't solve it, he still had the southern Heaven Gate as a backup.

Just as Meng Tong and the others stepped into the cave, the king of junk, who had started to forge, suddenly changed his expression. "Not good, someone's coming in!"

"How did you know?" Lin Yi blinked-the cave was deep and narrow, and even with his senses, he couldn't tell what was at the entrance. With the king of junk's strength, it was even more impossible.

"Brother Lin, you might not know this, but when my master first dug this cave, it wasn't as simple as just making a foothold. Other than the fact that the environment was stable and filled with spiritual energy, making it suitable for forging weapons, he also set up formations everywhere. As long as one's divine sense was integrated into the formations, one would be able to detect the situation in every corner of the cave at any time." The king of junk explained.

"Who's that?" Lin Yi asked, understanding. How many people are there?"

"There are five of them, but I'm not sure who they are." The king of junk shook his head and said anxiously, ""This is bad. Now that the forging has begun, it's too late to stop. I can't stop midway or be affected in any way, or else all the efforts will be in vain and so many rare materials will be wasted!"

"Don't be anxious. Leave these people to me. You just need to focus on forging. " Lin Yi got up and patted the king of junk's shoulder to comfort him. He then walked towards the entrance.

He didn't know who had entered this time, but at this moment, the arrow was already on the bow. No matter how strong the other party was, he could only brace himself and think of a way to fight back! Indeed, someone was coming, and the jade pendant started to alert him ...

At the same time, Meng Tong and the others, who had fumbled their way in through the cave, were all amazed.

From the outside, this cave was completely unremarkable, like a sparse and ordinary bear cave, but the deeper they went, the more profound they felt. With their eyesight, they could not completely understand the mysteries, but at least they knew that there were profound arrays hidden in the surroundings, not something ordinary people could do.

Chapter 4056 Did You Take The Wrong Medicine Or Not?

"How did Lin Yi find this place? From the looks of it, it seemed to be right beside the spirit jade mine? Pay attention to your feet, you might even find some spiritual Jade!" As Meng Tong and the others marveled at this, they slowed down their pace and became more attentive.

"This place obviously wasn't something Lin Yi could make on his own. If there's a hidden master hiding there, wouldn't we ..." Pinliang said as he followed Zhaoming's lead.

Pinliang's words made everyone's face change-they'd have to think twice if there really was a master here.

But Zhaoming's face twisted. "Master my ass, if there was, he would've come out to back Lin Yi up already, why would he need to hide?"

"That makes sense ..." Murong Zhen nodded in agreement. Pinliang was annoyed that he didn't scare them away.

Just as they were feeling suspicious, a voice suddenly came from the depths of the cave, "I was wondering who it was. I didn't expect it to be you guys. You're really persistent!"

"Lin Yi!" Meng Tong and the others' eyes narrowed. They let out a breath of relief when they saw that there was no one behind Lin Yi. They sneered, "Or should we call you Lin er? No wonder you're the newbie king who loves to show off. You still have the courage to show up at this time. Do you think we should admire you or call you stupid?"

Lin Yi wasn't surprised that people came out. Since these people were able to find this place, they probably already found out his identity. He smiled, "I think it's better to keep these words to yourselves. You've suffered so much in the past, but you still haven't learned your lesson. You even dared to enter the cave to block me. Hehe, who gave you such courage and boldness?"

"This is my courage!" Before he could finish his words, Meng Tong snorted coldly and charged forward without a word. In the next moment, his legs carried the power of wind and thunder, which could capture people's minds. His strength of the middle stage of the foundation building realm was fully displayed.

This kick was a sure hit as it went straight for Lin Yi's head. Meng Tong was a speed-type master after training in the thousand kicks, and after taking the meridian heart-shattering pill, his personality changed drastically. His speed was even faster than before, so fast that people couldn't help but feel demonic and evil!

Lin Yi was a little surprised. He didn't expect Meng Tong's strength to improve so fast. It was hard for him to Dodge the 25 forms of a thousand legs even with his current strength! In this narrow cave, the space left for him to move around was too limited.

Since he couldn't Dodge, he could only face it head-on. Now that he was forced to attack in a hurry, how could he block this aggressive 25 forms of a thousand legs?

In a hurry, Lin Yi didn't advance, but retreated instead. He formed a fist with one hand, and before he even used the wild fire Fist, the temperature in the cave rose by a huge amount, and the suffocating heat wave hit them.

Bang! Bang! The twenty-five forms of wild fire Fist met the twenty-five forms of a thousand kicks in an instant. The shockwaves from the collision set off layers of sand and stones, causing Murong Zhen and the others behind Meng Tong to be covered in dust.

Meng Tong felt a slight numbness in his leg as he was knocked back by the force. At the same time, Lin Yi's body also shook from the impact of the 25 forms of a thousand legs.

The two sides exchanged a move, and no one was able to gain the upper hand. They were actually evenly matched!

"You're indeed powerful, but it's a pity that you're still going to die today!" Even though he failed to land a hit, Meng Tong was already mentally prepared for this. He immediately followed up with an even more brutal move, the 26 forms of a thousand legs. At the same time, he shouted to the people behind him, "What are you waiting for? attack together!"

Hearing Meng Tong's shout, Murong Zhen, who was behind him, quickly launched a sinister Phantom finger attack, coordinating with the gap between Meng Tong's 26 forms of the thousand legs.

However, because they were standing in a straight line, Zhaoming and the others couldn't cooperate. The cave was too narrow, and if they all attacked at the same time, they might accidentally hurt Meng Tong and Murong Zhen before they could hit Lin Yi.

Even so, Meng Tong's heart was set. In his eyes, Lin Yi was at most mid-Foundation Stage, and it was already very difficult for him to face his full-powered thousand kick 26 forms. It would be impressive if he could withstand it.

Murong Zhen's illusionary finger was not very lethal, but it came from a tricky angle. It was a perfect match for the domineering thousand kicks. As long as it was aimed at the vital point, it would be the last straw that broke the camel's back!

Lin Yi remained unmoved as he gathered an unparalleled amount of pure Qi in his palms. He laughed coldly, "You're despicable, but you're still too weak. You've all suffered at my hands, but you just don't remember how to beat me!"

"You're on the verge of death, yet you're still so stubborn!" Meng Tong and the others all laughed.

However, before they could finish laughing, everything stopped abruptly. Lin Yi suddenly used the twenty-four forms of the wild fire Eight Trigram palm. The chaotic flow of Qi poured out of his palm instantly like a wild snake dancing, directly passing through the opponent's thousand legs and Phantom finger attacks, and then turned into a pair of giant palms again, hitting Meng Tong's chest without any suspense!

Pfft! Meng Tong spat out a cloud of blood and was sent flying like a kite with a broken string.

Even Murong Zhen, Kang Zhaoming, and the others behind Meng Tong were caught off guard and hit as well. One of them was stacked on the other, and the other peed their pants. They all fell to the ground, looking extremely pathetic.

"How is that possible? I've been suffering for so long, and I'm already in the middle stage of the foundation building realm. How can I not defeat this country bumpkin?" Meng Tong's face was full of disbelief as he stared at Lin Yi, who was approaching him step by step.

For such a long time, he had to endure the destruction of the meridian heart-breaking pill every day. To be able to quickly increase his strength under this inhuman torture, Meng Tong felt that he had been reborn. He was not an existence that a normal practitioner like Lin Yi could compare to. It should be a piece of cake for him to beat someone of the same level.

She didn't expect the reality to be so cruel. She was determined to win the first time after her strength increased, and even asked Murong Zhen to help her with a sneak attack, but she was taken down by Lin Yi in one move. Her ending was the same as before. Wasn't this too weird and ironic?

Lin Yi laughed, "you think you can take me on just because you're a mid Foundation Stage practitioner?" I thought that after not seeing you for such a long time, you would have at least improved a little. Why are you still so innocent and ignorant? I say, did you take the wrong medicine or did you not take it?"

Chapter 4057 Another Person

Lin Yi paused for a moment before looking at the crowd with ill intentions. "By the way, have you guys played football before? why don't we play?"

"Soccer?" Kang Zhaoming and the others "eyes twitched.

Without waiting for them to react, Lin Yi lifted his leg and kicked Meng Tong mercilessly, sending him flying a few meters away. The dazed Meng Tong couldn't even make a decent move.

This time, not only was Meng Tong, who was at the front, unlucky, but even Murong Zhen and the others, who had not reacted in time, were also unlucky.

After one kick, Lin Yi kicked him out of the cave like a soccer ball.

Murong Zhen and Kang Zhaoming were even worse off-they were all pissing their pants under Meng Tong's back, and they couldn't escape the fate of being human meat pads. They weren't injured directly by Lin Yi, but they were all bruised and swollen.

F * ck, this is f * cking football?

The group wanted to die after Lin Yi toyed with them like that. They wanted to fight to the death several times, but Lin Yi kept on controlling the rhythm and didn't give them a chance to steady themselves. It was impossible for them to fight back in such a narrow passage.

Only Zhong pinliang, who was at the back of the group, managed to escape. Not only did Lin Yi intentionally protect him, but he also intentionally blocked the path of the people in front of him. Without leaving any traces, he'd screwed them up. Otherwise, Lin Yi wouldn't have had the chance to kick them so hard.

By the time they were kicked out of the cave, not only Meng Tong, but even Kang Zhaoming and the others couldn't stand up anymore. They couldn't fight Lin Yi to the death, and even if they wanted to run, Lin Yi wouldn't give them the chance.

Lin Yi raised his head and looked around, "In the wilderness, there's no one around. It's really a good place to kill and hide corpses, don't you think?"

Zhaoming and the others shivered in fear-they'd only wanted to kill Lin Yi, never would they have thought that they'd end up in a situation where Lin Yi could do anything to them!

"You ... You dare! Do you know what kind of crime it is for newbies to kill each other?" Kang Zhaoming and the others quickly said.

Lin Yi shook his head indifferently, "I don't know, but no one will find out anyway. Since you can come to kill me, I'll kill you in return. There shouldn't be any complaints, right? We're all adults, so we should be more open and reasonable, don't you think so?"

With that, Lin Yi was ready to make his move. These people had been in his way time and time again, and he really wanted to kill them, especially with Meng Tong's shocking speed of improvement. If he kept them alive, it would be a problem. He might as well kill them all.

There wasn't anyone else here anyway, and they could just bury their bodies without anyone knowing. Even if the law enforcement Hall investigated, they wouldn't be able to trace it back to Lin Yi, so it wasn't too risky.

"One by one, I'll start with you, great Deacon Kang." Lin Yi slowly walked to Zhaoming's side with a murderous look on his face. Zhaoming was so scared that he almost peed in his pants.

Dongfang Badao was also scared out of his wits. He should not have come! Not only did he not do anything from the beginning to the end, but he also had to be buried with them at the end. He was really unlucky.

Lin Yi's hand was coming for his neck, and Zhaoming was so scared that he backed off with all his might. He rolled and crawled a few feet away from Lin Yi before an idea came to him. "Lin Yi, don't be so cocky! We've come here to find news of you, and other people also know about it. He's on his way here, and if you dare to kill us, you won't be able to escape punishment either. At that time, you'll be buried with us!"

Lin Yi couldn't help but frown at the words-he noticed from the corner of his eye that pinliang was nodding at him as well.

If no one knew, he could just kill them here. But now that he had done this, he would have to die with these people if he killed them. He had no choice.

Lin Yi's killing intent was slowly fading away. Zhaoming gritted his teeth and rolled to his feet. He didn't dare to say anything more to provoke Lin Yi. Before Lin Yi changed his mind, he got on the flying spirit beast and prepared to leave.

With Zhaoming leading the way, the rest of the group followed suit, carrying the dejected Meng Tong as they climbed onto their flying spirit beasts and ran for their lives.

Lin Yi didn't want to let these people go, but he had to stop. If he really killed them, he'd have to pay for it with his own life-even Shangguan Tianhua might not be able to save him.

"It's quite troublesome for these people to find out where I forge my weapons. " Lin Yi's head hurt.

Due to the use of many ultra-rare materials, there were few precedents for reference. Even the king of junk himself was not sure how long it would take to cast the weapon.

Judging from his experience in forging, the duration wouldn't be too short. He couldn't let his guard down if Kang Zhaoming and the others came back to cause trouble.

The only good news was that the people backing them up were either dead or missing. If they wanted to face Lin Yi with their own strength, they'd end up the same as they did today. They didn't need to worry too much about it.

At this moment, a few whistling sounds came from above his head, and three figures descended from the sky, appearing in front of Lin Yi with unkind expressions. It was Nan Tianba, Nan Tianmen, and Yu Zhe.

"Lin er, we've finally caught you red-handed this time. With my eldest senior uncle and second senior uncle here, I'd like to see how you can escape! Wahahaha!" Yu Zhe laughed arrogantly.

They didn't believe it when they received the news from Kang Zhaoming, but after what happened at the northernmost Island, they didn't believe that Lin Yi was Lin er anymore even if they hated him. In comparison, Kang Zhaoming was more suspicious.

But now, Lin er was standing right in front of them. His other identity was no longer important. They only needed to know that Lin er was the murderer of their third brother, Nan tianyong, and that he had the star inkstone on him!

Lin Yi's heart skipped a beat when he saw the three people descending from the sky. Zhaoming said that someone knew they were here, but he didn't expect it to be these three enemies! This was serious!

Of the three people in front of him, even the weakest Yu Zhe was at the peak of the mid Foundation Stage after taking a huge amount of Nan tianyong's resources. In terms of level, he was on the same level as Lin Yi.

Chapter 4058 Video Evidence

As for nantianmen and Nan Tianba, the former was at the peak of Foundation Stage, and the latter was an unpredictable golden core stage master. Lin Yi had no chance of winning if he wanted to face these two strong enemies alone, and the possibility of him getting out alive was very small as the other side would never give him the chance to store up his strength and prepare for his killer move.

"Lin er, you've really made me search for you. My third brother has died in vain for so long. He can finally rest in peace today!" Nan Tianba's body exuded an indescribable killing intent that soared to the sky. Even the birds and beasts a thousand feet away scattered in fear.

Southern sky Gate, on the other hand, said with an embarrassed expression, "be tactful and hand over the star inkstone of your own accord. I can still make the decision to leave your corpse intact. However, it's fine if you don't want to say it. At most, you'll have to spend some effort to use a soul-searching technique. However, you'll be in deep trouble this way. Have you heard of human torture? I will Cut Off Your Hands and feet, dig out your eyes, cut off your tongue, and make you wish you were dead!"

One more aggressive than the other-Lin Yi's heart shivered as he racked his brain for a way to deal with them, but he didn't show it on his face. His lips curved up, "So, I must die today?"

"Haha, could it be that you're still fantasizing about living past today? Don't you think you're too stupid to even ask such a stupid question?" Yu Zhe laughed insolently. He had finally found a punching bag for the anger he had suppressed for so long under the hands of southern sky BA and Southern sky Gate.

Immediately after, Yu Zhe turned to Nan Tianba and the southern Heaven Gate and asked, ""Uncle-Masters, although this person is undoubtedly Lin er, I still think that we need to find out his other identity. If he really is Lin Yi, then we'll be more prepared when we face hongzhong and the others in the future."

Kang Zhaoming had already made it clear that Lin Yi was Lin er, but seeing was believing. He needed to confirm it with his own eyes.

Initially, Nan Tianba wanted to kill Lin er to avenge his third brother. However, after some thought, he nodded and said, ""Forget it, regarding the whereabouts of the star inkstone and his other identity,

second brother, you should directly use the soul searching technique on him. There's no need to waste your time on him."

"Alright," he said. Southern Heaven Gate agreed immediately. Using the soul searching technique would damage one's consciousness, but compared to the generous reward of the star inkstone, this small price was negligible.

"Wait, you don't need to do anything-I can tell you straight away that I'm Lin Yi!" Lin Yi said as he took off his mask, revealing his true face.

As their guess turned out to be true, the eyes of Nan Tianba and the other two turned serious. Seeing this, Yu Zhe was overjoyed and asked Nan Tianba and the other two from the southern Heaven Gate for credit,""I knew it! This kid is Lin er without a doubt. But you're really good at acting. You caused me to be punished by my two martial uncles. Today, I'll make you pay back a hundred times or a thousand times!"

Remembering their experience on the northernmost Island, Nantian BA and Nantian gate couldn't keep their faces straight either. It was Lin er and Lin Yi, and this was a double grudge.

"Just as well, let's settle the Old and New grudges together. Now that Hong Zhong has gone far to Middle Island, I'd like to see who can save you! Second brother, what are you waiting for? hurry up and do it!" Nan Tianba gritted his teeth and said with a ferocious expression.

Nantianmen nodded and took a step forward, reaching out his hand to grab Lin Yi. Even if Lin Yi was at the peak of mid Foundation Stage, the difference in strength between them was too great. Unless he used his ultimate killing move like the pellet fire bomb, he didn't have much of a chance against nantianmen.

But at this moment, Lin Yi suddenly smiled, his expression calm and unhurried, ""Do you really think that no one can save me just because elder Hong isn't here?"

"What do you mean? Who else can save you? why don't you tell me? It's not a wise choice to play tricks with us at this time. You'll only make your death more miserable!" South Heaven Gate paused for a moment and laughed with a sinister look.

"Deliberately mystifying? Do I look like such a boring person? The person who can save me is at the scene, and he's among you!" Lin Yi's eyes were burning as he stared at Yu Zhe.

Lin Yi's stare made Yu Zhe's hair stand on end. He didn't know what the problem was, but he had a bad feeling.

"You mean Yu Zhe?" Nan Tianba and Nan Tianmen couldn't help but feel suspicious, and their gazes towards Yu Zhe also carried a sense of scrutiny.

Although they were martial nephews, they didn't have much contact with Yu Zhe before. They only joined them after southern sky Gate was killed, so they didn't know each other completely.

"How is that possible? I can't wait to tear him into pieces to avenge master, so how can I save him? Martial uncles, don't fall for this brat's scheme to sow discord!" Yu Zhe hurriedly denied.

South Heaven Gate also reacted quickly, ""Kid, don't look down on us. How dare you say that Yu Zhe will save you? do you think we will believe you and treat us like pigs?"

"That's right, even if Yu Zhe really had such thoughts, with his little strength, it's simply a fool's dream to save you under my eyes!" Nan Tianba sneered.

"Martial uncle is wise, this brat still hasn't given up on his evil intentions despite the imminent disaster. He wants to sow discord between martial nephew and martial uncle, so he should be dismembered into ten thousand pieces!" Yu Zhe let out a sigh of relief and quickly hit him while he was down.

The three's expressions were getting more and more unfriendly, but Lin Yi was still calm, "You've all misunderstood. I didn't say that Yu Zhe would save me. What I meant was that he would die in my place."
"

"What? You want me to die in your place? There's something wrong with your brain!" Yu Zhe was stunned for a moment, and then laughed out loud. However, the trace of an ominous premonition in his heart, which he didn't know why, became stronger and stronger.

At the same time, Nan Tianba and the other two from Nantian gate looked at Lin Yi as if he was an idiot, thinking that Lin Yi had lost his mind from the shock and was talking nonsense.

"It sounds ridiculous, doesn't it? "But I think you'll change your mind after you see this ..." Lin Yi smiled as he took out his phone and pulled up a video he took earlier.

"What the hell is this?" Nan Tianba and the other two were stunned. No matter how knowledgeable they were, it was impossible for them to have seen a smartphone that had only been developed in the secular world in recent years. They looked at each other in shock.

At that moment, a figure suddenly appeared on the screen of the mobile phone. Even though the camera was a little far away, the figure and appearance were very familiar to them ... "

Chapter 4059 Lin Yi's Backing

Why was this thing similar to the legendary 'Xiang chicken'?

"Yu Zhe, what are you doing here?" Nan Tianba and Nan Tianmen asked in confusion.

"Uh ... I don't know either ... Who knows what kind of sorcery this kid is using ..." Yu Zhe himself was also at a loss. Looking at the familiar scene in the video, his heart couldn't help but start to race.

Then, the image changed, and a familiar figure on the verge of death appeared, causing Nan Tianba and Nan Tianmen to widen their eyes.

This time, no matter how shocked and slow Yu Zhe was, he finally reacted. Wasn't the scene inside the scene when Nan tianyong died?

If this continued, wouldn't it be the scene of him killing Nan tianyong?

Yu Zhe suddenly quivered, finally finding the source of that ominous premonition. If the scene of him killing his master was seen by Nan Tianba and the southern Heaven Gate, even if he had ten thousand lives, it wouldn't be enough to die!

"You still dare to play tricks? I'll kill you now and avenge my master!" Yu Zhe suddenly shouted and attacked Lin Yi. Even if he couldn't kill Lin Yi immediately, he had to destroy this unknown thing in Lin Yi's hands first or he would live in fear for the rest of his life.

However, it was still too late for Yu Zhe to make a move at this time. The scene of him killing Nan Tianyong with his own hands had already fallen clearly into the eyes of Nan Tianba and Southern sky Gate.

Bang! Bang! Lin Yi raised his leg and kicked Yu Zhe a couple of feet away. The whole place fell into dead silence.

After a long time, Nan Tianba's gritted teeth voice finally reached everyone's ears like a talisman from hell, ""Yu Zhe, did you kill third brother?!"

"No, no... Uncle master, I'm innocent! This is all Lin Yi's evil ways to create this illusion, don't fall for his tricks!" Yu Zhe quickly quibbled with sweat all over his forehead.

Nan Tianba and Nan Tianmen were burning with anger. If this was true, then they had been toyed with by Yu Zhe like fools from the beginning!

But they'd never seen a phone before, and this video came from their enemy, Lin Yi-they had to think twice before deciding how reliable it was.

Lin Yi smiled faintly, "don't you think it's a bit too late to argue now?" With your eyesight, it should be easy for you to determine whether this video is real or fake. Besides, don't you know the soul-searching technique? you'll know if it's real or fake after a try. "

At this point, Nan Tianba and Nan Tianmen were already 70 - 80% convinced. To be able to reach the peak of the foundation building stage and even the height of the Golden core stage, their shrewdness was beyond doubt. Especially when it involved such a major matter as Nan tianyong's death, it was not easy to deceive them.

Nan Tianba, in particular, could be considered to have seen the world. He immediately nodded, ""Is this the Prime Minister chicken of the secular world? I've heard of this thing, but I didn't expect you to have it!"

Seeing the two people looking at him with unkind eyes, Yu Zhe's legs suddenly went soft. He hysterically continued to quibble, ""Uncle-master, don't believe him. How could I do such a disgraceful thing as killing my teacher? He's clearly trying to drive a wedge between us. If he uses a soul-searching technique on me, even if I'm wronged, I'll become a cripple!"

Hearing this, southern sky Gate's expression turned cold, ""Don't worry, even if I don't use the soul-searching technique, I can also determine whether it's true or not. Third brother's body is still in the law enforcement Hall's ice cellar. As long as we compare the wounds on third brother's body, the truth will naturally come to light!"

"If the final result is that you're lying to me, Yu Zhe, just wait to be cut into a thousand pieces. I'll definitely use you as a living sacrifice to third brother's spirit in heaven!" Nan Tianba's voice sounded as if it was coming out from the gaps between his teeth. The killing intent in his voice caused Yu Zhe to be unable to help but tremble in fear.

This time, Yu Zhe didn't know how to argue anymore. He fell to the ground in a daze, his eyes staring at Lin Yi with extreme hatred.

"Big brother, even if Yu Zhe killed our third brother, we can't let Lin Yi go so easily. We still haven't avenged him on the northernmost Island, and he still has the star inkstone that I want!" Nantianmen suddenly said.

To the South Heaven Gate, everything, including the death of their third brother, Nan tianyong, was just fleeting clouds. The star inkstone was their only goal.

"That's fine. Then we'll take this kid with us. It won't be too late to kill him after we've figured out everything!" Nan Tianba's only thought right now was to find out who the murderer of his third brother was.

Seeing that the southern heavenly gate was about to attack again, Lin Yi said, "Catch me? Have you all thought about the consequences? Miss Shangguan also knows that I'm here. If you don't catch the murderer and attack me, you can think about the consequences! Oh, by the way, Pavilion master Shangguan personally promised me that I could go to him if I needed anything. As disciples of the rising Sky Pavilion, shouldn't you ask him for permission?"

Hearing this, Nan Tianba and Nantian men's eyelids twitched. Shangguan LAN 'er was one thing, as she was just a young lady with status but no strength. But Shangguan Tianhua was a top boss who could crush them with a finger!

If what Lin Yi said was true, then taking Lin Yi away now was the same as slapping Guan Tianhua in the face. The consequences would be unimaginable!

Nantianmen didn't want to believe this from the bottom of his heart, but remembering how Lin Yi was invited to Shangguan LAN 'er's birthday party as a newbie, especially after the kidnapping incident, and how Shangguan Tianhua did treat Lin Yi differently, it meant that the rumors weren't made up.

The southern Heaven Gate couldn't afford to take this risk, and neither could the southern Heaven BA!

After hesitating for a moment, Nan Tianba suddenly gritted his teeth and snorted coldly, ""Hmph, I'll let you off for now. Let's go!"

With that, Nan Tianba grabbed the dazed Yu Zhe with one hand and jumped onto his flying spirit beast. Nan Tianmen, on the other hand, looked at Lin Yi unwillingly, but didn't dare to make a move in the end and followed behind.

Lin Yi let out a long breath as he watched the three fly away. Facing a golden core and a Foundation peak all by himself-he hadn't really fought them, but the pressure wasn't something a normal person could handle.

The conversation just now, if there was just a little bit of something wrong, Lin Yi would probably be a dead body by now. Fortunately, he was quick-witted enough to record the video of Yu Zhe killing his master, or he would've been dead for sure today.

He adjusted his mental state and checked the surroundings. After making sure that no one else was around, he turned around and returned to the cave.

Chapter 4060 The Man In Black Reappears

"Who are you?" The king of junk was shocked when he saw an unfamiliar face.

"Don't be nervous, it's me. I've always been wearing a mask, and this is my true appearance. I'm really sorry for hiding it from you, brother Wang." Lin Yi explained.

"Hey, it's you, brother Lin! It's okay, it's okay. I can actually make this kind of mask that can change one's appearance. It's understandable that you have to keep something up when you're out in the world. " The king of junk laughed.

"I've taken care of the problem outside. It didn't affect your forging, did it?" Lin Yi nodded, concerned.

"Not really. Right now, we're only at the beginning of the preheating stage. Although we can't stop halfway, at least for the next few days, we just have to wait patiently at the side. There's nothing much to do for the time being." The king of junk said.

"That's good. I'm afraid these people will ruin our big plan. " Lin Yi let out a breath of relief. He didn't stay idle after that and sat down to discuss with the king of junk about the forging process. Other than forging his own weapon, he had another mission-to observe and learn.

After all, he was a blacksmith, and he should have made some progress in this area. Otherwise, if he needed to forge in the future, he could not come back to the king of junk for help every time.

At the same time, Yu Zhe, who was brought back by Nan Tianba, wasn't in such a good mood. The three of them went to the law enforcement Hall to do a detailed autopsy and quickly came to a conclusion. The third brother, Nan tianyong, had indeed died in Yu Zhe's hands!

Because of the appearance, Nan tianyong didn't check carefully. Now, he knew that he had been fooled by Yu Zhe!

The evidence was irrefutable. This time, Yu Zhe was completely unable to defend himself. The last trace of luck in his heart was also extinguished. This time, all his hopes were finally extinguished.

"You traitorous scum, how did third brother raise a disciple like you? he's really blind! I will slice you into a thousand pieces tomorrow and offer you as a living sacrifice to third brother's soul in heaven!" Faced with this result, Nan Tianba was so angry that his eyes were about to burst.

No matter who killed Nan tianyong, he could accept it. But to be killed by Nan tianyong's disciple, this was really intolerable. This death was too cowardly, he could not die in peace!

Especially when he and Southern Heaven Gate had been deceived by a nobody like Yu Zhe for so long. Now that he thought about it, he couldn't help but feel embarrassed. How embarrassing!

A traitorous disciple killing his teacher, no matter in any era or place, would be a huge scandal. Although Nan Tianba and Southern Heaven Gate did their best not to let anyone know, there was no such thing as an impervious wall in the world. From the moment they performed the autopsy, the news had already spread.

In less than half a day, the news of Yu Zhe killing his teacher had spread throughout the three pavilions. Almost everyone on the streets was talking about it.

First, it was Xu lingchong's attempted rape and escape, followed by Shangguan LAN 'er's kidnapping, and now the huge scandal of Zhe Shishi. The three great pavilions, or to be more precise, the rising Sky Pavilion, were really in a state of turmoil.

However, even though everyone knew about it, it did not change Nan Tianba's determination to cut Yu Zhe into pieces. This was his family matter, and even the three pavilions and the law enforcement Hall had no right to interfere.

Furthermore, since everyone already knew about it, Nan Tianba decided not to hide it anymore. He publicly held a sacrificial altar in the square of the rising Sky Pavilion and used Yu Zhe as a living sacrifice for his third brother, Nan tianyong, in front of countless people!

To Nan Tianba, although doing so would attract criticism, it was the best way to wash away the shame Yu Zhe had brought to his family.

The news spread like wildfire, and by noon the next day, hundreds and thousands of people had already gathered in the square of the rising Sky Pavilion. Not only were there disciples of the rising Sky Pavilion, but disciples from the other two pavilions had also come to watch the show.

However, under everyone's watchful eyes, the southern Heaven sect brothers suddenly stood everyone up. There was no other way, Yu Zhe had disappeared!

Looking at the empty basement, Nan Tianba was so angry that the three corpse gods jumped up and down. At the same time, even he himself felt that it was unbelievable.

From yesterday until now, he had not taken a single step out of the room above, and this fully enclosed basement only had one exit, which was under his feet. The surroundings were shrouded in a tight protective array, so it was impossible to escape from other places.

However, it was such an impossible thing that happened right under his nose. Yu Zhe, who should have closed his eyes and waited for death, disappeared without any warning.

If they didn't know their big brother's temperament, they would have suspected that their big brother had let Yu Zhe go in a moment of soft-heartedness, but that was impossible.

Since it was related to the death of his third brother, Nan Tianba could only let Yu Zhe suffer a few more strikes and die a more miserable death, but it was impossible for him to let the other party live.

After a long time, Nan Tianba finally managed to squeeze out a sentence, "It seems that an expert has saved him."

"What?" Southern Heaven Gate was shocked, "big brother, you're personally guarding this place. Who else can escape your eyes and ears and rescue Yu Zhe from the basement?" That's not possible, is it?"

"I don't think it's possible either, but there's always someone better. What can you say when the truth is right there?" Nan Tianba said helplessly.

Nan Tianmen was speechless. In his eyes, Nan Tianba was already extremely powerful as a golden core cultivator, but there were still many people in the three pavilions who were far stronger than Nan Tianba.

What the two couldn't figure out was that in the past few months, Yu Zhe had been acting obediently in front of them. When did he manage to hook up with such a powerful figure?

Yu Zhe's disappearance immediately set off another huge uproar. Not only did it make the two brothers, Nan Tianba and Nan Tianmen, lose face, but it was also the second case of Yu Zhe running away and disappearing after Xu lingchong. The time between the two cases was less than a month.

In the secret underground room, Yu Zhe slowly opened his eyes and looked around with the help of the dim light. Suddenly, he shivered and begged, ""Martial uncle, I beg you to spare my life. It was indeed disciple's fault for having evil thoughts at that time. Disciple deserves to die, disciple is worse than a pig or a dog, but disciple is still useful to you! As long as you spare me this time, I'll be your slave in this life, no, in the next life, and the life after that ..."

He was interrupted by a black-cloaked Figure In the Shadows. ""Save it. I'm not Nan Tianba. You don't have to be afraid. I won't kill you, nor will I hand you over to Nan Tianba."

"What? You're not eldest martial aunt?" Yu Zhe was shocked. He recalled that he had been completely disheartened when he was locked in the secret room. He spent countless efforts but couldn't find a way to escape. As a result, he was hit in the back of the neck by a hand knife and then lost consciousness.
