

Bodyguard 4091

Chapter 4091 Fighting A Golden Core Cultivator

"It's fine, you don't have to worry about me. I have a map with me, and I can go back without an aerial spirit beast." Lin Yi said, shaking his head.

Apart from looking for the life phase mushrooms, the other goal of this trip was to gain experience and break through. If he were to use an aerial spirit beast to return, it would be ineffective.

"In that case ... Alright. Senior, we will return first. If you need anything in the future, you can come to the GreenCloud Pavilion to look for me. The two of us will definitely go through fire and water for senior." Huang xiaotao immediately raised her head and whistled, summoning the spirit Bird that was circling above her head. She supported Cong Zhima and was about to leave.

But at this time, Lin Yi suddenly reached out and stopped them, his expression serious, ""Wait!"

Huang xiaotao and Lin Yi were shocked and scared. They thought that Lin Yi was going to change his mind and take back the Wandu golden core fruit.

"Someone's coming," Lin Yi said. "Don't take off yet, run in this direction for a while. I'll Cover You guys."

The Jade was already signaling, and Lin Yi could feel an extremely powerful aura quickly approaching them. If Huang xiaotao took off now, she would be too obvious a target and would be easily targeted.

Huang Xiaotao and Lin Yi finally realized that they had misunderstood Lin Yi. They were ashamed, but seeing Lin Yi's serious expression, they knew that the situation was urgent. They didn't say anything more and left with the spirit bird after telling senior to be careful.

Lin Yi watched the two leave and continued to wait. From the other party's obvious intention of approaching quickly, he had a feeling that the other party was also here for the Wandu golden core fruit.

Soon, a middle-aged man in his forties appeared on top of Lin Yi's head on his flying spirit beast. He looked down at the ground and landed in front of Lin Yi.

The middle-aged man looked at Lin Yi coldly, "The Mantis stalks the cicada, unaware of the Oriole behind. I didn't expect that a little sparrow like you would beat me to it. What are you waiting for? Hurry up and take it out!"

"What is it?" Lin Yi pretended to be confused.

"Hmph, you're just a peak late Foundation establishment cultivator, and you dare to play tricks on me? Fine, then you don't have to take it. When you die, I'll personally find it from you!" As soon as the middle-aged man finished speaking, his aura skyrocketed, and his already powerful aura became even more terrifying and violent.

Lin Yi was shocked-from the aura, this man was at least a mid-stage golden core!

Lin Yi thought that the strongest people who came to this mountain were at most Foundation Stage cultivators, and it wouldn't be easy for them to meet a golden core stage cultivator. After all, which golden core stage cultivator would lower themselves to come to a place like this to collect herbs?

But he didn't expect that he would not only meet a Jindan expert, but also a middle Jindan expert. This was an unprecedented strong enemy!

Lin Yi was still in shock when the middle-aged man made his move. With a casual wave of his hand, a huge claw formed from pure energy appeared above Lin Yi's head without warning.

If it wasn't for Lin Yi's quick reaction and butterfly microsteps, he would've been heavily injured or even killed by this attack!

A middle jiedan stage expert was indeed not to be trifled with! Lin Yi's heart froze, but before he could let out a breath of relief, two more giant claws came at him, followed by the middle-aged man's cold smile. "You're only at the peak of the late Foundation establishment stage. To be able to escape from my claws, you're not ordinary. It's a pity that you won't be able to escape death today!"

The two giant claws came from the left and right, not giving Lin Yi the chance to react and Dodge. Even with butterfly microstep, he couldn't completely avoid it this time. Running away would only lead to death. Helplessly, Lin Yi had to brace himself and face it head on.

The 28th style of the wild fire Eight Trigrams palm! Lin Yi gritted his teeth as he chose one of the claws and slammed it out. He followed closely behind, ready to break out of the encirclement. This was the strongest skill he had at the moment. If he couldn't even break through the claw, he would be in deep trouble.

BOOM! The wild fire Eight Trigram palm hit The Giant Claw head-on without any suspense. The unparalleled brutal Zhen Qi collided wildly, instantly setting off a terrible storm. The grass and trees

within a radius of a thousand feet were all flattened. The storm caused by the powerful Zhen Qi swept up into the sky, covering the sky and the sun for a moment, as if the end of the world had come.

"Eh? It's no less than the power of an early jiedan stage cultivator. Where did you come from?" The middle-aged man could not help but frown.

An ordinary expert at the peak of the late stage of the foundation building realm wouldn't be able to leave a complete corpse with a single claw, let alone resist his giant claw. This kid in front of him was a complete anomaly.

However, even if it was comparable to the power of the early jiedan stage, compared with him, who was a real master of the middle jiedan stage, it was still a long way off. They were not on the same level at all.

Bang! Bang! In the chaos, Lin Yi's body flew back like an arrow, and he spat out a mouthful of bright red blood. He'd already suffered quite a heavy internal injury.

The twenty-eight forms of the wild fire Eight Trigram palm couldn't block the claw at all, and only nullified a part of its power. Although Lin Yi wasn't killed directly, his internal organs were all shifted from the impact. His stomach was in a mess, and the situation was worrying.

"Oh? He actually didn't die? You little brat, you've really made me look at you in a new light. A mere peak late Foundation Stage being able to hold on until now, you can be considered a rare genius. It's just a pity that I've never understood how to cherish talent. What's more embarrassing is that my greatest hobby is to kill you so-called geniuses!" The middle-aged man sneered.

As he spoke, the man's expression turned extremely cold and fierce. Two more giant claws appeared out of thin air, and this time, Lin Yi could even hear the faint roar of an ancient beast!

Lin Yi's face changed. He ignored the pain in his organs and activated the butterfly microsteps with all his might.

BOOM! Plants and vegetation flew everywhere as Lin Yi was hit by The Giant Claw again. He was sent flying by the pure energy again, and his already serious internal injuries worsened.

"If this continues, I'll definitely die today!" Lin Yi knew that he was in a life or death situation-if he couldn't come up with an effective plan, he'd die Here in the next moment.

"Hmph, you still don't want to give up? However, I like to see geniuses like you struggling in death's door. It's really satisfying! Hahahaha!" The middle-aged man laughed, pleased with himself. He was ready to strike again and kill Lin Yi.

Chapter 4092 Returning After Escaping

However, at this moment, Lin Yi's hand shook and three rare fruits that looked like golden cores appeared in his hand. They were the Wandu golden core fruits.

"What do you mean? Now you want to surrender? I'm telling you, it's too late!" The middle-aged man was stunned for a moment. When he came back to his senses, he sneered arrogantly. However, his expression immediately froze, and his face was filled with embarrassment and anger from being fooled.

Lin Yi didn't take out the three fruits for him at all-he threw them into the depths of the forest with a look of "if I can't get them, then you can forget about getting them!"

F * ck! The middle-aged man's face started twitching as he watched the Wandu golden core fruit fall into the forest. He wanted to tear Lin Yi into pieces right now.

However, he didn't dare to chase after Lin Yi anymore. He was 200% sure that he could kill Lin Yi, but the most important thing now was to get the Wandu golden core fruit back. Even if he knew that Lin Yi was trying to escape, he had no choice but to fall into his trap.

After all, there were countless powerful spirit beasts hiding in the forest. If he just ignored them, the three Wandu golden core fruits might have been eaten by the passing spirit beasts by the time he came back after chasing Lin Yi.

The reason why the five high rank spiritual beasts did not eat the Wandu golden core fruit directly was that it was not ripe yet. They could wait for a while more. But now that it had been picked, it would wither very quickly if they did not eat it. These spiritual beasts were not stupid. If they found out, they would definitely eat it immediately.

If that really happened, even if the middle-aged man killed Lin Yi to vent his anger, it would be useless.

"Hmph, I'll let you live a little longer. When I get the Wandu golden core fruit back, you'll still die today!" The middle-aged man cursed. He turned around and ran in the direction of the Wandu golden core fruit. He was determined to get it.

The middle-aged man rushed into the dense forest. He raised his overbearing aura to the extreme and scared away all the spirit beasts within a few miles. Although doing so in this place was suspicious of

asking for trouble, he had to make sure that the Wandu golden core fruit would not be eaten by the spirit beasts. He had no choice but to do this.

"I'm so mad! Where did this kid throw the Wandu golden core fruit to?" The middle-aged man gritted his teeth in anger as he watched Lin Yi run away, but he had no choice but to get the item back first.

The appearance of the Wandu golden core fruit was dazzling. However, even a God would not be able to find it easily in this dense forest. After all, this thing was not like humans and spirit beasts, who could sense obvious fluctuations in aura.

The only choice left for the middle-aged man was to be like an ordinary person, pushing aside the grass again and again and looking inch by inch with the naked eye.

This continued for half an incense's time before the middle-aged man finally found the Wandu golden core fruit. It was shot into the trunk of a giant tree, but it wasn't damaged. Lin Yi must've used some skill to protect it with pure Qi.

The middle-aged man was overjoyed to see this and immediately stepped forward to take it. However, at this time, an inexplicable sense of warning rose in his heart.

"Could it be that we've attracted some powerful spirit beast?" The middle-aged man frowned, and before he could figure out what was going on, a figure fell from the sky above him without any warning. It was Lin Yi, who had just escaped.

He didn't think that Lin Yi would come back when he was looking for the Wandu golden core fruit! Lin Yi had just run away from him! He was completely unaware of Lin Yi's sudden appearance and wasn't prepared for it at all.

In a fight between Masters, a moment of distraction was often enough to be a fatal flaw. Lin Yi was overjoyed when he saw the middle-aged man's reaction. He didn't waste his time running around with the butterfly microsteps.

As long as he caught them off guard, he could reverse the passive situation of being suppressed just now and obtain the opportunity to launch a surprise attack!

"Hmph! You actually dared to come back and ambush me. With your puny strength, so what if I let you have one move? you really don't know the immensity of heaven and earth!" Even though he was caught off guard and fell into a passive position, the middle-aged man still remained arrogant.

He'd already figured out Lin Yi's strength from the exchange just now-he was at most at the early golden core level, and that was far from enough to fight a mid-golden core!

However, when Lin Yi descended from the sky and combined the energy bomb and the fire bomb in his hands, the middle-aged man's face finally changed and turned pale.

What kind of monster was this kid? this move was not only at the early stage of the Golden core realm, but even the middle stage of the Golden core realm was only so!

BOOM! The huge hucai Sky Noon Mountain suddenly trembled, and countless spirit beasts scattered in panic. Even the vast ocean on both sides suddenly surged with huge waves that couldn't be calmed for a long time.

"Eh? He didn't die even after that?" Lin Yi looked at the giant hole in front of him as he endured the pain. His heart sank when he couldn't find the middle-aged man.

He'd already used his strongest trump card, and if he still couldn't kill his opponent, then Lin Yi really didn't know what to do. As expected of a mid-stage golden core practitioner, fighting to the death with such a strong opponent was still too much for him.

But luckily, from the pool of blood on the ground, the middle-aged man was at least half-dead after taking that ultimate attack. He was so heavily injured that he didn't dare to fight anymore. Otherwise, he would've killed Lin Yi instead of leaving.

In this situation, Lin Yi didn't dare to stay any longer. He picked up the Wandu golden core fruit and chose a direction to run in. If the middle-aged man turned around, he would be dead for sure in his current state.

He was already heavily injured, and now that he was risking mutual destruction to activate his ultimate move, wave after wave of dizziness started to hit Lin Yi's nerves. Even if he didn't take any more attacks, he might just lose consciousness and fall on the spot.

He forced himself to maintain his last bit of consciousness and ran for who knows how long with his injuries. He was already out of the hucai tianwu mountain's boundary and saw a man-made road in front of him. He relaxed and fainted on the ground.

Even Lin Yi himself didn't know that after he lost consciousness, his self-protection mechanism was activated, and he was forced into the Jade space to heal.

Chapter 4093 Miss Situ

Lin Yi lay unconscious on the side of the road for half a day, not moving an inch from start to finish. Fortunately, he'd already left the tianwu mountain area, or he'd have fallen into the mouth of a powerful spirit beast already.

Finally, a group of people came from afar and stopped beside the unconscious Lin Yi.

"Why did you stop?" A seductive woman's voice came from a luxurious carriage that had been modified by a spirit beast.

One of the disciples came up to check on Lin Yi and reported, ""Miss situ, we've found an injured and unconscious cultivator. What do you think ..."

"Oh? Is it a male or female?" The woman called miss situ hurriedly asked.

"Male." The accompanying disciple replied.

"That's great. I've really worn out my iron shoes in a long search, but I found it without any effort. Quickly carry it for me to see!" Miss situ immediately ordered someone to open the car door and gracefully walked out of the car.

This woman's face was like a peach blossom, her face was covered in makeup, and her figure was hot and attractive. Her clothes were light and her delicate body was faintly discernible. Even the people who had been serving her for years could not help but swallow their saliva when they saw her. In particular, the natural flirtatious aura that was emitted from her body was even more deadly and irresistible.

"Search him carefully and see what his background is." Miss situ ordered as she eyed Lin Yi up and down with her eyes.

"Yes." The disciple accepted the order and searched Lin Yi's body carefully. He didn't find anything but a map with the North Island practitioner's Union's logo on the corner.

"Miss situ, if I'm not wrong, this person should be a cultivator from the North Island. Also, looking at his attire, he should be a rogue cultivator. He doesn't look like a disciple of the three pavilions of the North Island." The accompanying disciple replied.

"A wandering cultivator from the North Island?" Miss situ's charming eyes immediately curved into crescents. She immediately smiled and said, "Isn't that great? carry him up and bring him back. "

"Miss situ, do you mean ..." The accompanying disciple asked with some uncertainty.

Miss situ smiled coquettishly and licked her red lips seductively. "I've decided to choose him. There's no need to continue looking."

The accompanying disciple quickly nodded, "yes, then do we need to treat him?" Looking at his injuries, if we don't save him, he shouldn't be able to hold on for long. "

"Well, what you said makes sense. Then let's treat him, but we don't need too good a pill. It'll be fine as long as it can bring him back to life." Miss situ casually ordered before throwing out a grade three great recovery pill.

The disciple quickly took it and stuffed it into Lin Yi's mouth. He threw Lin Yi onto a spirit beast carriage at the back and continued to ask, ""Miss situ, shall we go back now?"

"Of course, let's go back to Nakajima now!" Miss situ's tone was filled with excitement.

"Yes!" The accompanying disciple immediately ordered his men to change direction and return along the path they had come from.

Although Lin Yi was still unconscious, his spirit was almost fully recovered under the healing of the Jade space. He could sense everything clearly with his divine sense.

"Listening to miss situ's tone, could it be that there's something you can't tell others? it doesn't feel like you're a good person with a pure heart, and it seems like you have other intentions by getting me into the car? There's even a specialized guard to clear the way, and they even address me as miss. Why does it feel like we've returned to ancient times?" Lin Yi couldn't help but wonder.

However, the man did give him a class 3 great recovery pill, which was a huge help. Now that Lin Yi's essence spirit had recovered, he still needed time to heal his physical injuries. This Class 3 great recovery pill would help him recover faster.

Half a day later, Lin Yi finally woke up, and the location of the carriage surprised him. They were almost at the edge of the mountains and forests, a completely unfamiliar territory!

Lin Yi frowned. He vaguely remembered that before he fainted, he was running for his life and was almost at the edge of Mount tianwu. Looking at the situation now, he was probably out of the range of Mount tianwu. He couldn't even find his current location on the mission map given by the North Island practitioner's Union.

As far as Lin Yi knew, there were only two possibilities once they were out of the mountain range-the North Island or the middle Island.

But Lin Yi had no impression of the surroundings at all, and he couldn't compare it to the route on the map at all. This meant that this group of people was probably not heading towards the North Island, but the middle Island!

Miss situ got the report as soon as Lin Yi woke up. She came to Lin Yi's car personally and asked in a seductive voice, ""I'm situ Qian, the owner of this group. By the way, Who are you? How did you get such a heavy injury, and in such a dangerous place like hucai tianwu mountain?"

"Thank you for saving me, miss situ. I'm Ling Yi, a solo practitioner from the North Island. I came to Mount tianwu for a mission, but I was attacked by a spirit beast ..." Lin Yi replied without changing his expression.

Although he guessed that the pig had some other intentions, he didn't plan to leave just yet. After all, he had just recovered from his injuries, and he didn't know where he was. The map was no longer useful. If he left halfway, it would be difficult to find the pig even if he had the pig.

After all, the pig's talent was for treasure hunting, not for finding paths.

"Oh, I see." Si tu Qian didn't suspect anything. After nodding her head, she suddenly leaned forward and made a seductive pose. "I heard that there are no female cultivators in the North Island. Do you think I'm pretty?"

Lin Yi blinked, not quite understanding what was going on. If he were to use a normal person's eyes to measure her, this miss situ had both the body and the looks-she could be considered a rare beauty.

However, there was something flirtatious about her, and Lin Yi didn't like it. He couldn't help but think of another woman with the same aura as her, Murong Zhen.

Moreover, in terms of looks, this si tu Qian was nothing compared to his girlfriends in the secular world. Even his Little Mistress, Bing Tang Xue Li, was much better than her.

However, no matter what, this person had just saved him. If he had not met this group of people and left him unconscious in the forest, who knew if he would have been eaten by the passing spirit beasts?

Chapter 4094 Betrothed To A Maid?

And so, Lin Yi pinched his nose and said, "Miss situ is very beautiful. She's as beautiful as a fairy."

"Oh, really? You really are an honest man!" Situ Qian laughed happily after hearing that. She then said, ""I also think that you are very heroic. You dare to do a mission on hucai tianwu mountain alone. It's rare in this world, and it would be a pity to miss out on such a rare talent like you. How about you come to our situ family to work?"

"This ..." Lin Yi was taken aback. He'd been trying to guess what this miss wanted to do, and he didn't expect her to make such an abrupt request.

Situ Qian smiled at the sight and lifted Lin Yi's chin with her hand, licking her lips seductively. "If you agree, as a reward, I can betroth one of my family's maids to you. Although she's not as beautiful as me, she's still a rare beauty. As long as you nod your head, she'll be yours!"

Lin Yi couldn't help but frown-this sounded like a conspiracy. This B * tch first used her body and words to provoke his desire, and then she said she'd marry him a pretty maid. All of this was linked together-any practitioner with a slightly more impulsive mind wouldn't be able to resist this temptation at all.

However, Lin Yi had his guard up against this woman. He was calm from the beginning to the end. All these seduction methods were useless to him. In fact, he didn't even care about someone like situ Qian.

Just take Shangguan LAN 'er and ning Xuefei, who had been together recently, for example. Which one of them wasn't better looking than her? Even the disfigured Huang xiaotao gave Lin Yi a better impression than she did!

However, Lin Yi still had to follow her for the time being and couldn't fall out with this situ Qian. He pretended to be happy and cooperated, ""Really? that's great! I won't hide it from miss situ, but I've always been lonely and depressed on the North Island. Female cultivators are rare existences, and only cultivators with sects and backgrounds have the opportunity to come into contact with them. I can't

even dream of meeting them, and ordinary women can't be my partner. Miss situ, you've not only saved my life, but you've also given me charcoal in the snow. I can't repay your great kindness!"

Seeing that Lin Yi had taken the bait, situ Qian's lips curved up as she rubbed Lin Yi's cheek with her sleeve, "Very good, then you should recuperate first. I'll make arrangements for you when the time comes. As long as you listen to me and do what I say, I guarantee that you'll have a beauty in your arms!"

"Yes, yes, I'll definitely listen to miss situ." Lin Yi put on a perverted look on purpose, his eyes even wandering up and down her body as he nodded.

Not only did situ Qian not seem to mind, she seemed to enjoy it a lot. She even twisted her waist and rubbed it against Lin Yi's body, intentionally or otherwise, before getting off the car with a smile.

Lin Yi's face turned cold as he watched her leave. This woman wasn't easy to deal with, after all. He'd taken the chance to check her strength, and she was a Foundation Paragon!

For the next two days, Lin Yi stayed in the car, healing his injuries and consolidating his strength.

Recently, his strength had increased by leaps and bounds, and he'd been a bit proud of himself, but after the fight with the mid-Aurous core stage master, that impetuous feeling had disappeared, replaced by an endless desire to become stronger. Only strength was the foundation of this Sky Class Island.

In these two days, the convoy had completely left the mountain range and forest, and had turned into a bustling boundary.

To Lin Yi's surprise, the customs and the architecture here were all similar to an ancient capital. It was different from the strict and serious cultivation sects on the North Island. This was a prosperous capital.

Along the way, all kinds of inns, shops, restaurants, brothels, gambling dens appeared on both sides. All the secular places one could think of were available here. Other than that, there were some large families' deep courtyards scattered in the noisy and bustling city. There was a deep and serene temperament in the midst of chaos, making people envious.

"Is this the Nakagama that everyone yearns for?" Lin Yi couldn't help but be amazed.

In his imagination, the legendary Middle Island, where the top sects gathered, should be similar to the three pavilions of the North Island, with famous mountains, Daoist halls, immortal caves, and immortal residences everywhere. But he did not expect such an unexpectedly prosperous scene. It gave him the feeling that he had returned to the secular world. It was noisy and lively, but it always gave people a rare peace of mind. Of course, this was the ancient secular world.

While they were still in shock, the convoy had already driven into a deep courtyard. From the dazzling layers of courtyards, it should be a rare large family.

After getting out of the car, Lin Yi was arranged to have his own guest room, but no one came to greet him. The guards outside had received orders from Situ Qian to not let Lin Yi leave without permission.

Helplessly, Lin Yi could only wait in his room. With his strength now, he was comparable to a normal early golden core practitioner. Although it wasn't hard to get rid of these guards, it would be hard to say if he went out.

After all, this was the middle Island where all kinds of powerful people gathered. He wasn't familiar with the place, and with his current strength, he might not be able to handle any sudden changes. He might as well stay here and wait and see.

In the evening, si tu Qian finally arrived. This time, she had deliberately changed into a thin and revealing low-cut gauze dress. Her movements were full of waves, and her flesh was hidden. Coupled with her flirtatious and seductive aura, she was constantly arousing men's instinctive desires.

"Young hero Ling, I've really treated you well today. I've been on the road for the past few days, and my body is all sticky, so I went to take a shower. I hope you don't mind." Situ Qian smiled as she moved to Lin Yi's side, her alluring body rubbing against him as she did so.

"You're too kind, miss situ. You're already very thoughtful, and I'm very satisfied. " Lin Yi chuckled to himself-trying to seduce him with someone like that? he'd just be humiliating himself.

On the surface, however, Lin Yi played along with her. His eyes were shining and his breathing was rapid, making him look like a typical pervert.

Situ Qian's eyes lit up with pride as she walked over to Lin Yi with a bowl of soup,"Young hero Ling, you were seriously injured before, and the journey these past two days has been bumpy. You should quickly drink a bowl of ginseng soup to replenish your energy."

Chapter 4095 Very Strange

"Miss situ, you're too kind. I don't deserve such favor from you." Lin Yi quickly thanked him.

"Aiya, I'm giving you the ginseng soup. It's not only for you to nourish your body, but there's also a deeper meaning to it!" Situ Qian acted as if she was going to feed Lin Yi herself as she chuckled, "I've personally decided that tonight will be your wedding night with my maidservant! A moment of spring is worth a thousand gold, so how can we not take advantage of this time to nourish ourselves, don't you think?"

"Really? That's great! Thank you for your help, miss situ!" Lin Yi acted as if he couldn't wait any longer as he took the ginseng soup with both hands and took a sip.

Back in the common world, Lin Yi was already a Master in Medicine. He knew what was in the ginseng soup with just a taste, and he could analyze the ingredients with just a small sip.

There was nothing wrong with this bowl of ginseng soup. However, a small ingredient had been added. It was nothing else but a Tiger and Wolf Medicine specially used for sex. It was similar to the Yang-replenishing medicine in the secular world!

Could it be that this situ Qian really wanted him to go to the nuptial chamber with her maidservant? Lin Yi was even more confused now. He thought that the guy was just giving him some benefits to keep him from doing something shady, but now he was really giving him this medicine. It was too weird.

"How is it? Is the ginseng soup good?" Situ Qian's eyes were burning as she stared at Lin Yi-she wouldn't let Lin Yi go if he didn't finish the whole glass in front of her.

"It's ... It's good ..." Lin Yi decided to go with the flow and drank the entire bowl of ginseng soup. It was just a small ingredient, and it would be refined in his body after he drank it. It wouldn't be of much use at all.

However, after drinking it, Lin Yi pretended to be burning with desire. His body was hot, his eyes were red, and he was panting heavily as he reached out his hand to touch situ Qian.

Situ Qian didn't Dodge at all, letting Lin Yi take advantage of her. Her lips curved up as if her scheme had succeeded, "Alright, young hero Ling, I'll have someone send you to the nuptial chamber."

With that, situ Qian snapped her fingers, and a guard came in from outside, carrying Lin Yi away.

However, in the next moment, the flirtatious-looking situ Qian's expression changed into a sinister and cold one. She said to a maidservant who had pushed open the door and entered, ""Little qihua, how is it? has everything been arranged?"

"Everything has been arranged. Please take a look, miss." Little qihua handed over an item. It was an MP4 that looked like a tablet!

Si tu Qian opened it, and the screen showed the surveillance footage of a room. A beautiful woman was sitting in the room, and she was wearing a white dress. She looked like a fairy who had wandered into the mortal world, pure and innocent. People admired her, but they couldn't bear to profane her.

"Tsk, ts, the things sold by the central Chamber of Commerce are really advanced! "It's said that this is the top technology of the secular world, and it can't be brought up with ordinary means. Only the central Chamber of Commerce can do it. Such a small surveillance device costs 10000 spiritual Jade. It's really outrageously expensive ..." Situ Qian sneered as she looked at the woman on the screen and clicked her tongue in admiration.

"Yes, miss, but this thing is really useful! When the time comes, you just need to show this video to senior brother Wei and let him know that the woman he likes is actually a slut. Then he will definitely change his mind and know how good you are!" Little qiuhua complimented with a smile.

"Not bad! Hmph, a mere maid who's not even worth a fart actually dares to compete with this young lady for the limelight. Let's see if I won't kill you this time! Hahahaha!" Situ Qian laughed complacently. "I told senior brother Wei before that this maid, little Xue, has a mistress outside, and she's a B * tch. Senior brother Wei didn't believe me, but I didn't expect that we'd be able to catch a fool so quickly. Anyway, there's no sound in this video, so let's let this fool F * ck that B * tch. When the time comes, they'll have a hard time explaining themselves just by watching the video!"

"Hehe, young miss is still the smart one. The truth is right in front of you. Senior brother Wei has no choice but to believe it. Anyway, that slut's virginity has already been taken by an idiot. That's a matter of course. Senior brother Wei will definitely give up." Little qiuhua also laughed smugly.

"Of course. If I wasn't afraid of senior brother Wei's suspicion, I would have killed this B * tch long ago. I wouldn't have to go through so much trouble and waste 10000 spiritual jades to buy this surveillance equipment!" Situ Qian said hatefully. 10000 spiritual jades was not a small sum to anyone. Even for a young lady like her, it was considered a huge loss.

"There's nothing we can do about it. Senior brother Wei is such a smart person. If there's no solid evidence, he won't believe it. But now, it's already foolproof. Miss's plan is still very safe. With miss's outstanding wisdom, senior brother Wei will definitely fall under your pomegranate skirt, and no one will be able to snatch him away!" Little qiuhua said with a flattering smile.

"You, girl, love to tell the truth!" Hearing this, situ Qian was elated and suddenly said, ""By the way, the thing that I ordered from the central Chamber of Commerce that can restore a Virgin's body, has it arrived?"

"Not yet, but I'm already urging them to send it over as soon as possible." Little autumn flower replied.

"Yes, this is a very important matter. Little qihua, you better keep a close eye on me. Otherwise, if senior brother Wei finds out that I'm not a virgin, then ..." The consequences were unimaginable. Even situ Qian herself felt guilty.

Seeing this, little qihua comforted her. "Miss, you don't have to worry so much. Those male companions who used to accompany us for fun have been quietly disposed of. No one will know about this!" If it really doesn't work, then we can just say that it was torn during cultivation. It shouldn't be a big deal. Don't I often hear people talk about this ..."

Upon hearing this, situ Qian shook her head decisively and said, "That won't do. This is a lifelong event, and we can't be careless. It's better to be safe! Otherwise, if I say I've torn it apart, are you going to tear it apart as well? Did you forget, girl? you'll also have to serve senior brother Wei with me. "

"Yes, yes, I'll rush them now. Miss, you can rest assured, hehe!" When little qihua thought about how she would also be in senior brother Wei's arms, she was suddenly overjoyed. This was her long-cherished wish. She immediately trotted out of the door with light steps.

"This shameless little girl!" Si tuqian was also in a good mood. She turned to look at the MP4 in her hand. Whether she could successfully capture senior brother Wei's heart would depend on the performance of the person in the video.

Chapter 4096 Meeting Xue Li Again

"This is the place, you can go in by yourself." Under the Guard's lead, Lin Yi passed by a few courtyards before stopping in front of a secluded bedroom.

Lin Yi stopped in his tracks as he pondered over what Situ Qian was up to. No matter how he thought about it, everything that happened today was too strange.

It was either that Situ Qian had something that she wanted him to do, so she had given him her maidservant first to give him some benefits in advance.

Either there was something strange about the bedroom in front of him, or the so-called maid was a monster, and he was only being used as a sacrifice. Otherwise, there was no need to give him medicine.

Lin Yi was on his guard, but he didn't show any hesitation on his face. He pushed open the door and walked in under the Guard's watch.

However, as soon as he entered the room, contrary to the terrifying and dangerous scene he had expected, there was no danger in the secluded bedroom. Instead, there was a beautiful woman in white sitting in the middle.

Lin Yi froze at first glance—he knew this woman in white!

"Xue Li?" Lin Yi was stunned for a moment before he called out in disbelief.

Strictly speaking, Lin Yi and Xue Li didn't interact much in the common world before, and their relationship didn't develop much. However, on the way to Sky Class Island, the two confirmed their relationship by accident.

Even if they weren't as close as his other girlfriends back then, it'd been half a year, and now that they'd met again, Lin Yi couldn't help but feel like it was a lifetime ago. It was the same as when he met Tian Gang on the northernmost Island, and there was a rare warmth in his heart.

But at this moment, Xue Li didn't notice Lin Yi's call. She was just looking up at the ceiling with empty eyes, lost in her own thoughts.

She'd come to Sky Class Island with a lot of hope, thinking that it'd be a paradise for practitioners-she didn't think that the law of the jungle here would be even crueler than in the common world. And what was worse was that a Sky Class full master like her, who could do whatever she wanted in the common world, would become the weakest here.

After being teleported to the middle Island, almost everyone was much stronger than her. As for Tiangang, patriarch xuanchen, and the others who were considered acquaintances, they were picked up separately.

In the end, she was taken to a place called snow sword sect. She thought that she would become a disciple here and start from the bottom step by step. She had already prepared herself mentally for this, but the reality was even crueler. She was not even comparable to the lowest level of ordinary disciples. Instead, she was taken in as a maid by the granddaughter of an elder of snow sword sect!

The dignified Valley master, who was once a noble existence in the secular world, had now become a maidservant dedicated to serving others. She was forced to do the lowest and most vulgar work every day. Life was full of ups and downs. It was really ridiculous.

But, in the face of such a cruel reality, Xue Li couldn't fight back at all-she didn't have the strength to fight back, either. This elder's granddaughter was already a high and mighty late Foundation Peak

Master, and she was just a lowly Sky Class full master. It was no different from a fool's dream to get rid of this man's shadow.

In the past six months, Xue Li had been doing the servant's manual work repeatedly. Her only hope every day was that she could serve miss situ well and let her teach her some ways to break through to the foundation establishment stage.

It was a pity that this miss situ had never taken her seriously from the beginning. Not only did she not treat her well because of this, but because of her appearance and temperament, she was very unhappy with her. She repeatedly found various excuses to punish her. Several times, she was beaten until she was covered in bruises and bedridden, but she still had to grit her teeth and continue to work. The sadness was simply unbearable to recall.

Xue Li had been struggling for half a year. She thought that her miserable life would continue like this. However, she did not expect that situ Qian's Secret date with her lover would turn her life around. However, it was not a good turning point ...

Senior brother Wei, who was mentioned by situ Qian, had accidentally discovered her existence. He was immediately shocked and fell in love with her at first sight. He also discovered that her physique was a natural ice body, which was very suitable for cultivating the core heart cultivation technique of the snow sword sect.

This senior brother Wei wanted to be her Dao companion and decided to marry her on the spot. Although this change was like a bolt out of the blue in situ Qian's eyes, with senior brother Wei's status and strength, there was nothing she could do even if she was unwilling. She could only agree to put Xue Li under house arrest and prepare for the wedding date.

From being situ Qian's lowly servant to being senior brother Wei's cultivation partner, neither of them was the result that Xue Li wanted. However, she was locked up in this secluded bedroom and couldn't even take a step out of the door, so how could she control her own fate?

"Xue Li? You don't remember me?" Lin Yi was surprised at her lack of reaction. He thought that she was like tianshuo, refusing to acknowledge him on purpose. He quickly walked up to her and wanted to hold her hand.

Xue Li was still in a bitter and helpless state of confusion, and it wasn't until Lin Yi rushed in front of her that she realized that someone had entered the room. Her heart quivered, and she subconsciously thought that the person was that Wei Shixiong.

Xue Li quickly got up and took a few steps back. After taking a closer look, she found that it was not senior brother Wei, but a rough warrior that she had never seen before. This warrior even knew her name. Who let him in?

Seeing Xue Li's panicked expression, Lin Yi paused, finally realizing that he was wearing a thousand silk mask. He didn't even change his fake voice back, so he immediately changed back to his original voice, ""Xue Li, don't be scared, I'm Lin Yi."

"Ah!" Xue Li was shocked when she heard this. Her face was full of disbelief, and she said in disbelief, ""You are Lin Yi? You're really Lin Yi?"

"It's true, it's real. " Lin Yi opened his arms with a smile. He still didn't know what was going on, but it wasn't hard to guess that situ Qian might break in at any time, so he didn't take off his mask. Even so, it was enough for Xue Li to recognize him.

Familiar voice, familiar figure, familiar smell ... Xue Li didn't know why Lin Yi changed his appearance, but she recognized him. It was the Lin Yi she had been thinking about day and night.

She didn't really have any feelings for Lin Yi before, but it was probably because of the trip to Sky Class Island, where she felt Lin Yi's care and protection. She'd never been moved by a man before, and now she was attached to Lin Yi, especially after coming to Sky Class Island. She missed that time even more ...

"

Chapter 4097 Furious To Kill

This time, Xue Li finally couldn't control her emotions anymore and threw herself into Lin Yi's arms, crying.

She'd been trying to get information on Lin Yi almost every day for the past six months, but no matter what she did, she got nothing. No one knew who Lin Yi was.

She never thought that when she was on the verge of complete despair, the lover that she had been thinking about day and night would appear. She finally felt the warm embrace again.

Fate had played a cruel joke on her, but at least it had not completely abandoned her.

Xue Li's reaction caught Lin Yi off guard. He didn't know what happened to her in the past six months.

However, as a man, all he had to do at this time was to hold her quietly and let her vent all her grievances.

He gently touched Xue Li's thin back and was a little surprised. He remembered that Xue Li's body was quite full before.

In the end, she had become so thin after not seeing him for only a few months. The bitterness and pain revealed in this made him feel heartache.

Buried in Lin Yi's arms, Xue Li cried for a long time before she slowly recovered. She looked up at Lin Yi with her tear-stained face, intoxicating him.

"Alright Xue Li, tell me, what happened to you in the past six months, why did you lose so much weight?"

Lin Yi couldn't help but ask.

"Yes."

Xue Li nodded obediently and began to tell Lin Yi everything. She was full of sadness and grievances, and she needed someone to listen.

At the same time, Situ Qian, who was monitoring every move in the room with her MP4, was overjoyed to see the two of them hugging each other tightly.

Although there was only a picture and she couldn't hear what the two were talking about, in her opinion, it was enough.

According to her original plan, after drugging Ling Yi, she would let him go in and force Xue Li down.

Anyway, when the time came, she would say that this was Xue Li's lover. Whether senior brother Wei believed it or not, the raw rice had already been cooked rice. He could only kill this adulterous couple to vent his anger.

All of this had nothing to do with her. She could just say that her lover had sneaked in on his own and that she had only found out after watching the surveillance video.

However, the scene in front of her was completely beyond her expectations. The two of them actually hugged each other and acted all lovey-dovey as soon as they entered the room. There was no trace of coercion at all. This time, there was even foreplay. It was simply too perfect and realistic!

"Just as I expected, this B * tch looks pure and clean, but she's actually a slut. She even wants this kind of uncouth wild man, she's really slutty to a certain level! Hmph, you actually dare to snatch senior brother Wei from me, do you think a slut can have such a good life?"

Si tu Qian secretly cursed with a proud expression.

From her angle, she couldn't see Xue Li crying, she could only see the two of them hugging each other tightly.

Therefore, it didn't matter whether the two of them did it or not. Just this part was enough to prove that Xue Li had a wild man outside. This kind of dirty woman, senior brother Wei would never want.

Her plan had succeeded, and it had been unexpectedly smooth. Situ Qian was suddenly a little impatient and immediately asked someone to call little Qiu Hua back so that they could start the next step immediately!

In the isolated room, Lin Yi quietly listened to Xue Li's tragic experience. Even he felt wronged for Xue Li. He gritted his teeth and said, ""This situ Qian is indeed not a good person. But now that I'm here, Xue Li, you don't have to be afraid anymore. I'll definitely avenge you a hundred times or a thousand times!"

"Yes, yes."

Xue Li nodded happily, but then she said worriedly, ""She's already at the peak of the Foundation Stage, she's not someone we can fight against. We still have a long way to go. "

She was already very happy that she could see Lin Yi again today. She didn't want Lin Yi to lose his life in a moment of impulse. That would be a tragedy.

"We don't have to wait long, but we do have to find a suitable opportunity."

Lin Yi shook his head noncommittally. He had the strength to kill her, but the biggest problem was that he was unfamiliar with the place. What would he do after killing her? He could only figure out the situation first.

"By the way, Xue Li, you're still at the peak of the Sky Class, haven't you reached the Foundation Stage yet?"

Lin Yi asked.

"No, I haven't even seen a technique to break through to the foundation building realm in the past six months. I also don't have any cultivation resources, let alone try to break through to the foundation building realm."

Xue Li said helplessly.

Lin Yi couldn't help but feel his heart ache. Even Xiao ran and Qiao hongcai, who were following him, were already in the early stages of Foundation.

Xue Li was the valley master of the snow Valley. In terms of talent and Foundation, she was much stronger than these people, but until now, she had not yet reached the foundation establishment stage. It was really sad that her fate was so unpredictable.

But the good thing was that for the current Lin Yi, getting some Foundation pills to help Xue Li break through was a piece of cake. As long as Xue Li adjusted her condition, she could try it at any time.

"Xue Li, I can ..."

Lin Yi was just about to tell her about it when he lowered his head to find Xue Li already asleep in his arms. She'd never had such a good sleep in all the time she'd been on Tianjie Island.

"Sleep well and have a good dream. When you wake up tomorrow, I'll take you away from here."

Lin Yi gently patted Xue Li's back and pulled her into his arms, snuggling up to her.

On the other side, although situ Qian couldn't see the further movements of the two, she couldn't hold back anymore.

After little qihua came back, she immediately asked her to bring the video to senior brother Wei and let him enjoy the show.

Two hours later, senior brother Wei rushed over in a rage. The first thing he said when he saw situ Qian was a murderous look. "Where the hell is that adulterous couple? I'm going to kill them!"

"Senior brother Wei, don't be angry. It's not worth it to ruin your body because of this B * tch. I'll Take You There now!"

Feeling extremely pleased with herself, situ Qian said while leading the way, ""I've already told you that this B * tch has a mistress outside, but you didn't believe me at first, senior brother Wei. Fortunately, we've caught you in bed with her, otherwise, if you were really deceived by this B * tch to become Dao companions, your reputation would be ruined. Look, I'm still the best ..."

Hearing this, senior brother Wei's face darkened and he didn't say anything. However, the killing intent he emitted became more and more intense.

In the snow sword sect, he was regarded as the future core disciple of the sect, and his every move was closely watched.

Just like what Situ Qian had said, if he were to marry Xue Li and be cuckolded, he would become a laughingstock. Not only would his reputation be ruined, but his bright future would also be affected.

Chapter 4098 I Tricked You

In his eyes, Xue Li was like a fairy who had descended to the mortal world. Otherwise, with his vision and status, he would not have fallen in love at first sight. However, he did not expect that she would have an affair with such a rough and boorish man. It was simply intolerable. If he had not seen the real surveillance video, he would not have believed it.

But now, the only thought in his mind was to kill this adulterous couple to vent his anger!

Bang! Bang! The door was kicked to pieces, and senior brother Wei stepped into the bedroom. Seeing the two people still hugging, he was so angry that his eyes were burning. He pointed at Xue Li and scolded, "You B * tch, which part of me, Wei shenjin, can't compare to this boorish man? I didn't expect that a B * tch like you would have such a taste. Good, very good, I'll kill you today!"

"Yes, yes, adulterers should be killed. They should be cut into pieces!" Situ Qian fanned the flames.

It wasn't until this moment that Xue Li woke up from her deep sleep in Lin Yi's arms. She looked at the menacing Wei shenjin at the door and jumped in shock, shrinking back into Lin Yi's arms.

Lin Yi, on the other hand, had already noticed Wei shenjin before he kicked the door open, but even if he did, he couldn't do anything about it. The only problem he had to think about now was how to get Xue Li out of here.

This guy was not to be underestimated, he was actually an early jiedan stage master!

Lin Yi kept his guard up, but replied coldly, "Are you sick? Xue Li and I are in love with each other and we've known each other for a long time. What does it have to do with you that we're together?"

"What did you just say? You guys have been together for a long time?" Wei shenjin's eyes immediately widened in anger, and he felt like there was something green above his head.

All this time, he had been busy preparing for the wedding in order to marry Xue Li. He had even let out his words, and it was hard to take them back. He didn't expect that the other party had such a wild man long ago. This was really embarrassing.

Upon seeing this, situ Qian chimed in, "Xue Li is my maidservant, she is mine. Naturally, I have the final say in her marriage. You are just a rough man, how dare you argue with senior brother Wei here? Don't tell me you think that snow sword sect has no more people and that we can be bullied by an ant-like trash like you?"

Lin Yi looked at situ Qian and smiled coldly at Wei shenjin, "This Junior Sister of yours is the real slut. I don't know how many people have stepped over her seductive face. Before you interfere in the matter

between me and Xue Li, you'd better take care of your own family first. Don't come out and make a fool of yourself, or else you'll make people laugh their heads off."

Wei shenjin didn't react at all, but situ Qian jumped up like a cat whose tail had been stepped on, pointing at Lin Yi angrily, "Senior brother Wei, this wild man dared to insult me. Quickly help me kill him! Adulterous couple, we definitely can't let them walk out alive today, or else senior brother Wei will have no face to see anyone!"

Lin Yi was right about situ Qian being a Mount for a thousand men-it was no wonder she was panicking like this. Whether Lin Yi guessed it or not, he had to die today no matter what! She had to kill him no matter what!

At this time, Wei shenjin didn't need situ Qian's instigation at all. He had already made his move on Lin Yi and Xue Li. Just as situ Qian had said, they couldn't let this B * stard couple go today. This wasn't just to vent their anger, but also to cover up their embarrassment. Only after killing them would they be able to end everything and not let outsiders know about this scandal.

As for the marriage that had already been announced, if it really didn't work out, he could only find situ Qian to take the blame. This woman was very happy to do it anyway!

Lin Yi's eyes narrowed. Wei shenjin was an early golden core Master, and every move he made was extraordinary. If it was just Lin Yi alone, there was nothing to worry about. With his current strength, he could barely fight a mid-golden core Master to the point where both sides would be injured, let alone an early golden core Master.

However, the key thing was that he had Xue Li in his arms. She was a Sky Class full master, and even a mere touch from a Foundation master would be enough to seriously injure or even kill her, let alone an even more powerful early golden core.

If they were to start a fight here, Lin Yi wouldn't be able to guarantee Xue Li's safety. Even if he could kill her to vent his anger, he'd be left with a lifelong regret.

Moreover, this was the territory of snow sword sect. If he really killed someone here, he would inevitably be wanted by snow sword sect. In the future, it would be difficult for him to move on the middle Island, and he might even have nowhere to hide.

Retreat first! Lin Yi instantly made up his mind. Facing Wei shenjin's aggressive attack, he didn't have the slightest intention of fighting him head on. His body flashed as he charged towards situ Qian.

"Eh? This wild man's speed is quite fast, but he still has to die!" Seeing this, Wei shenjin paused for a moment and immediately changed his attack. In a flash, he reached out his hand and blocked in front of situ Qian.

Although situ Qian was also a perfected foundation building expert and wouldn't be so easily ambushed, this woman was definitely lacking in actual combat. If she wasn't careful, it was extremely likely that she would be defeated by someone stronger than her. After all, she was the granddaughter of an elder. If she was captured as a hostage, Wei shenjin would be afraid of shooting at the rat for fear of breaking the vases.

However, in the next moment, Wei shenjin's face turned extremely ugly. Lin Yi's action of charging at situ Qian was a well-planned feint to trick Wei shenjin.

Making use of this small opening, Lin Yi instantly changed his direction and pushed his butterfly microstep to the extreme. He carried Xue Li on his back and ran out of the room, passing by Wei shenjin who was busy protecting Situ Qian.

"Ya ya ya! I'm so angry!" He watched as Lin Yi and Lin Yi ran out of the door, and the feeling of his intelligence being completely exploded in front of him instantly made Wei shenjin angry.

He'd underestimated Lin Yi a little, taking advantage of his early golden core strength. He didn't expect Lin Yi to be able to burst out with such shocking speed in an instant-even he couldn't react in time.

"Despicable and shameless scum, do you think you can escape from my grasp like this? I'd like to see where you can run to!" Wei shenjin immediately followed. Since he said he wanted to silence the two, they would die without a doubt. No matter where they escaped, they would not be able to survive.

Lying on Lin Yi's back, Xue Li's mind was still in a daze as she watched the scenery on both sides move quickly. She was still in shock when she saw Wei shenjin. When she finally reacted, Lin Yi had already rushed out of the house and into an empty back alley.

Chapter 4099 Quickly Become Wanted

"Lin Yi, why don't you put me down ..." Xue Li lay on Lin Yi's back, her heart was nervous and a little shy.

"No, the other party won't let this go. This will speed things up." Lin Yi didn't even turn his head as he used his butterfly microstep. Even if he was carrying someone, he was still much faster than Xue Li, a Sky Class full master.

Although the butterfly steps were extremely exquisite, Wei shenjin's figure followed after him in just a moment.

Carrying a person on his back would have a huge impact on his speed. Moreover, the other party was an early jiedan stage expert who was good at Qinggong!

"Go to hell!" Wei shenjin laughed evilly and his speed increased even more. He instantly appeared behind Lin Yi and Lin Yi and sent out a palm towards them. He was prepared to kill them both at once.

However, Lin Yi was already prepared for this. He gathered Qi at his fingertips and locked onto his opponent's thigh with his divine sense without even turning his head. Wei shenjin was caught off guard and was hit!

The forceful finger was the martial skill su Zhaohu used to kill Chen Muzi. It was powerful, but not profound. Lin Yi only saw it once and mastered it easily, modifying it into the raging fire forceful finger. It was perfect for this situation. He could blame it on su Zhaohu in the future. The man was dead anyway. The dead couldn't prove anything.

By the time these people realized that something was wrong and started to suspect him, he would have already returned to the North Island.

"F * ck!" A sharp pain came from his thigh, and Wei shenjin's face darkened. His foot trembled and he fell into a pile of trash. He watched as Lin Yi and Lin Yi ran away, unable to catch up. He gritted his teeth, ""This sinister bastard, if I had known earlier, I would have used my sword to kill him!"

As a core disciple of the snow sword sect, using a sword was Wei shenjin's true strength. However, there were signs of snow whenever he used his sword. This was the downtown area of Tianjie Island, and

fighting was forbidden here! Plus, he'd been careless and was about to use his palm to get rid of the two, but he'd been injured instead.

"Senior brother Wei, how did you get injured?" Situ Qian, who had caught up from behind, was stunned when she saw Wei shenjin lying in the trash pile.

Wei shenjin was a core disciple who was regarded as a pillar by the snow sword sect's higher-ups, a dignified golden core stage expert. In situ Qian's opinion, it would be a piece of cake for him to kill Ling Yi and Xue Li.

That Ling Yi had just recovered from his serious injuries and was carrying a burden like Xue Li on his back. The target was so obvious, it would be strange if he could escape from Wei shenjin. Who would have thought that he would actually fail so miserably!

"It's nothing. I was just ambushed by him. " Wei shenjin's face suddenly became a little embarrassed as he replied in a dark tone.

Still skeptical, si tu Qian helped him up from the ground and asked, ""What should we do now? We can't just let that adulterous couple run away, can we?"

Situ Qian couldn't help but suspect that Wei shenjin still had fantasies about that B * tch, so he had been merciful just now. Otherwise, she wouldn't have been able to escape so easily. But now, she was in an awkward situation.

Wei shenjin still had feelings for Xue Li, so how could she successfully become his Dao companion? Not to mention, Lin Yi's scolding of a thousand men really did give her a big shock!

Therefore, no matter what, she had to find a way to kill this adulterous couple before she could be at ease. Otherwise, as long as these two people lived for one more day, it would be one more fatal danger.

"How can we let them go? this pair of B * tches must die! Let's go back now and report to the sect and have them put on a wanted list in the entire city. Let's see where they can run to!" Wei shenjin gritted his teeth in hatred.

Hearing this, Situ Qian was overjoyed. This was exactly what she wanted. She then asked, "Yes, yes, we'll make it so that they can't escape even if they have wings. But, what reason should we use to report back?"

If he told the truth, Wei shenjin would lose a lot of face. He thought for a while and said, "Just tell them that Xue Li Ran away with that wild man, and before she ran away, she attacked me!"

"Senior brother is wise! This way, she's betraying the sect. We don't even need to do anything, the higher-ups will definitely tear this B * stard couple into pieces!" Situ Qian was overjoyed.

After the two agreed, they acted according to the plan. As expected, the snow sword sect's higher-ups were furious after learning about the situation. Betraying the sect was the most serious crime no matter which power it was. They immediately mobilized the entire sect's power and wanted Lin Yi and Xue Li in the entire city!

After all, it was a sect that could establish itself in the middle Island. Once the snow sword sect took action, it would be thunderous. In just half an hour, the wanted order had been spread all over the city.

On it was a rough sketch of the two people's appearance and temperament. The man was named as a rough warrior, and the woman was the snow sword sect's maid, Xue Li.

Lin Yi and Xue Li jumped in surprise when they saw the wanted posters up ahead. They didn't expect the other party to react so quickly. Fortunately, they had been walking in an empty alley, or they would've been exposed already.

Lin Yi quickly brought Xue Li back to an empty alley and took off his mask, revealing his face.

Looking at Lin Yi's familiar face, Xue Li's eyes couldn't help but have a bit of kindness and gentleness. Although she knew that the other party was Lin Yi, there was still a difference between a strange and boorish face and Lin Yi's original appearance.

However, she didn't have the time to feel emotional right now. As expected, the city was covered in wanted posters, and she couldn't help but feel scared. She looked up at Lin Yi guiltily, "Lin Yi, I'm sorry, I dragged you into this."

"What nonsense are you saying? you're my Xiaoxiao, Xiaoxiao, Xiaoxiao wifey. Does this not count?" Lin Yi said, pulling a long face.

"Hehe ... You still remember this ..." Xue Li lowered her head in happiness and shyness. Her white cheeks had an alluring blush, like a flower exuding a mature glow, making people unconsciously admire her. Even Lin Yi couldn't help but stare at her.

"By the way, how did you become so strong? You can even injure the Jindan Wei shenjin, could it be that you are also a Jindan expert?" Xue Li suddenly asked.

With her experience in the past six months, she thought that these people from the secular world would be at the bottom of the food chain when they came to Sky Class Island. She didn't think that Lin Yi would grow to such a level in just half a year-he could even injure golden core Masters.

Chapter 4100 Seeking Refuge With Shopkeeper Cai

Such an expert, even if placed in any top sect, would definitely be an official disciple!

Lin Yi shook his head,"not really. I'm only at the peak of the late Foundation Stage. It's just that I've always been able to fight people above my level. It's not like you don't know about the things in the common world. It's the same here."

Xue Li was shocked. Lin Yi's words were light, but the meaning behind them was not that simple!

The common world and Sky Class Island were two completely different levels. A top existence in the common world like her was just an ant at the bottom of the Sky Class Island. The so-called genius was also based on their value. A peerless genius in the common world was nothing on the Sky Class Island. There were many examples of this.

Perhaps, only people like Lin Yi, who could always be a freak of nature no matter where he went, could be called a true genius.

After a long time, Xue Li finally came back to her senses. She was happy for Lin Yi, but she was still worried,""Lin Yi, why don't you leave on your own first? you're strong, and you don't look the same as on the wanted list. No one will come looking for trouble with you, but it'll be different if you bring me along. It'll be very difficult for us, and we won't be able to escape ..."

Before she could finish, Lin Yi blocked her mouth with two fingers, his face serious. "You are my little, little, little, little, little, little wife. No matter where we go, no matter how dangerous it is, I will never leave you behind, do you understand? So in the future, don't say things like letting me go first. It's useless even if you say it, I won't listen to you. "

Xue Li's heart was warmed by Lin Yi's words, and the happiness she hadn't felt in a long time rushed into her heart. She jumped into Lin Yi's arms again and couldn't help but cry.

Lin Yi never said anything romantic, and he didn't know how to say it. He didn't even know how to make a woman happy, but a reliable and responsible man was enough to kill all romantic mountain flowers and make a promise.

With Xue Li in his arms, Lin Yi said, ""Let's go. We'll find a place to stay first. "

In the current situation, it was impossible to escape Nakajima with Xue Li. The only way was to find a safe and reliable place to stay first, and then find a way to leave this place after the wind blew over.

After making Xue Li lie on his back and lower her head to cover her face, Lin Yi led the way out of the alley. On the main street, all kinds of people were coming and going, and there were special notice boards almost every hundred feet, covered with all kinds of sects 'notices, including the wanted order for Lin Yi and Xue Li.

Fortunately, Lin Yi was in his true form, and Xue Li didn't show her face, so no one would suspect the two of them for a while.

After passing two streets, Lin Yi finally found the place. In front of him was an ordinary looking three story building, but in this busy street, it was the five elements Chamber of Commerce, his destination.

Back on the North Island, hongzhong had specifically told him that if he were to accidentally end up on the middle Island, he could look for assistant manager Cai of the five elements Chamber of Commerce under the pill Hall of the middle Island for help. This was originally just a precaution, but who knew that it'd come in handy now-it was even the only life-saving straw that Lin Yi could grab onto.

He'd never met this manager before, and he didn't know what kind of person he was. He didn't even know if he'd be willing to help him, or if he could help him, but he had no other choice.

After all, he was unfamiliar with this place. Tian Huan was in the pill Hall, but her status and strength were far from enough to protect the two of them. Lin Yi didn't want her to be involved in anything before he solved the problem.

As for that master Liju, who she'd never met before, she'd be able to do whatever she wanted if she could get his approval. Unfortunately, this elixir God was a mystery, and even the people from the Nakajima elixir Hall didn't get to see him easily, let alone Lin Yi, who just arrived.

Helplessly, Lin Yi could only place his hopes on this assistant manager Cai. Birds of a feather flock together, and with hongzhong's honest character, a friend that he respected so much shouldn't be the kind of person who would forget his friends for profit.

Carrying Xue Li on his back, Lin Yi didn't hesitate and walked into the five elements Chamber of Commerce. After the waiter came up to him, he said, ""Please, I'm looking for assistant manager Cai."

The shop assistant looked at him up and down, and then saw that he was carrying a woman on his back. He didn't have any doubts and nodded, ""Oh, you're here to see assistant manager Cai, right? I'll Take You There."

This assistant manager Cai was Zhang Liju's disciple in name, and his medical skills were exceptional. There was an endless stream of people who came to see him, almost turning this place into half a clinic, and the staff was used to it.

Although some people complained about this in private, they never dared to show it. Even the true shopkeeper, who had the support of Zheng dongjue, the Deputy Hall Master of the Nakajima pill Hall, never dared to do anything to this Deputy shopkeeper Cai.

The opponent had the Super god Zhang Liju behind him, even Zheng dongjue had to bow his head to him. To find trouble with him in the five elements Chamber of Commerce, wasn't that courting death?

They followed the worker into a quiet room on the second floor, and the worker left after telling them to wait for a moment.

A moment later, a middle-aged man who looked like he was in his forties or fifties walked in. Lin Yi didn't know his real age, but the first impression he gave Lin Yi was that this man had a steady and mature air about him-it was all built up over the years.

"Come, please have a seat. I'm cai Zhongyang. Are you two here to see a doctor?" The person had a gentle smile on his face.

A Doctor's Heart was like a parent's. Although he was a businessman, he was still a true doctor. He also had the feeling of helping the world and saving people. If not for this, he wouldn't have been able to become Zhang Liju's disciple.

He didn't lie in front of the real person, and there weren't any other people around, so Lin Yi said, "I'm sorry, but I'm not here to seek medical treatment. I have another request. "

"Oh? What do you mean?" Cai Zhongyang was slightly stunned. As the deputy manager of the five elements Chamber of Commerce, he rarely personally involved himself in business matters. Instead, he treated and saved people more often. Those who came to him were all for medical treatment and very few other matters.

"I'm Lin Yi, a friend of elder Hong Zhong. " Lin Yi said, getting straight to the point.
