

Bodyguard 4101

Chapter 4101 Aren't You Going To Scram?

"Ah, it's Hong Zhong!" Cai Zhongyang's eyes brightened, and the unfamiliarity disappeared. His attitude towards Lin Yi and Lin Yi changed, "Few people know about my friendship with Hong Zhong. He's always been cautious. Since he told you about this, it shows that he trusts you a lot!"

"Elder Cai, you flatter me. I've always been indebted to elder Hong for taking care of me in many ways. I'm ashamed." Lin Yi was happy-from the way this guy was acting, he was pretty close to Hong Zhong. It wasn't just a simple nod.

"Young hero Lin, you're too humble. Hong Zhong is a genuine businessman. If he's taking care of you, it means you have the ability to take care of him. This is all mutual." Cai Zhongyang was familiar with hongzhong's character, and his comments were bloody. He laughed and said, ""By the way, how did you get to know Hong Zhong, Lin shaoxia? This fellow has always been on the North Island. He only returned a few days ago, and now he's back on the North Island again. I don't even have the chance to play chess with him ..."

"To be honest, I'm a disciple of one of the three pavilions on the North Island. I also met elder Hong on the North Island. Recently, I came out for a trial mission, but something happened midway, which led me to the middle Island. I was entrusted by elder Hong to come to the five elements Chamber of Commerce to ask for your help, elder Cai." Lin Yi explained.

"So that's how it is. Well said, well said. Hong Zhong has never been polite with this old man. Who is this young lady beside him?" Cai Zhongyang asked.

Xue Li and Lin Yi looked at each other and didn't hide anything, "My name is Xue Li. Greetings, elder Cai."

"Xue Li? Why does this name sound so familiar?" Cai Zhongyang was stunned for a moment, then he looked up and down at Xue Li carefully, and then he suddenly reacted, ""If I'm not wrong, the person who was wanted by snow sword sect on the streets just now, could it be ..."

"That's right, it's US two. " There was no point in trying to hide or deny it now, so he had to admit it. The only thing Lin Yi needed to care about now was whether Cai Zhongyang's character was reliable or not.

To this, Cai Zhongyang only nodded in understanding. He didn't have any strange expression and said to Lin Yi and Lin Yi, ""Don't worry, since you're a friend of that old man hongzhong, you're also a friend of mine. The snow sword sect may be powerful, but we don't care about them at all. Not to mention, I'm also master Zhang Liju's disciple in name. Even if they had ten times the courage, they wouldn't dare to come here and search. You can stay here without worry. "

"Then, I'll have to thank elder Cai." Lin Yi quickly thanked him with Xue Li. He didn't expect this guy to be so loyal, taking the hit for him without a second word. From the look in his eyes, he didn't seem to be lying.

But what surprised Lin Yi even more was the fact that he was Zhang Liju's registered disciple. Was that his own senior brother or Junior Brother?

"Hehe, Lin shaoxia, you're too polite. This is just a small matter, not worth mentioning. Come, this old master will arrange a superior room for you two. You two don't look too good, so you should have a good rest first. " Cai Zhongyang immediately found the best room for them and sent them to their room. ""This old man still has some matters to deal with. The two of you should rest first, and we'll have dinner together tonight."

After seeing Cai Zhongyang off, Lin Yi and Xue Li turned around and went back to their room. They were still a little worried, but it seemed like this friend Hong Zhong introduced was reliable. Of course, it wasn't the time to be completely at ease yet.

If what Cai Zhongyang said was true, that he could easily protect the two of them, then the problem of being wanted by the snow sword sect in the entire city would be half solved.

As soon as the two sat down in the room, they heard a loud noise coming from downstairs. Even with Xue Li's strength of heaven class full completion, she could clearly sense what was happening downstairs. The snow sword sect disciples were indeed here to find someone!

With the wanted poster in hand, the disciple of the snow sword sect, who was the leader of the group, shouted to the guests and waiters of the five elements Chamber of Commerce, "Anyone who knows the whereabouts of these two people will be rewarded with a thousand spiritual jades as long as they report it. Has anyone seen this before?"

The crowd quieted down. Although the five elements Chamber of Commerce was the number one leading Chamber of Commerce in the merchant Union, those who came to buy elixirs were not necessarily rich. As long as they reported the news, they could get 1000 spiritual jades. This was a huge temptation for most people.

However, even though it was a temptation, no one would dare to respond to it without any actual witness. After all, snow sword sect was not a small sect, and ordinary people would not have the guts to fool them.

"No one has seen it before? It's a whole thousand spiritual jades! There are so many people here, but has no one seen it before?" The leading snow sword sect disciple shouted again.

At this time, Cai Zhongyang's voice suddenly came from the stairs,""The snow sword sect is really impressive. You've even brought your people to my five elements Chamber of Commerce. I would like to ask, who gave you the courage to interfere with my business so blatantly?"

With such a huge accusation pinned on them, the snow sword sect disciples cowered in fear. The leader was even more shocked as he stammered,""No... No... Deputy Manager Cai, don't be angry. We're just asking ..."

"Are you done asking? Why aren't you getting lost? Or do you need me to personally send you off?" Cai Zhongyang scolded with a cold face. He didn't usually ask about these things, but now that it involved Lin Yi and Lin Yi, it was a different story.

"Yes, yes, we'll get lost now, get lost now." The group of snow sword sect disciples nodded and bowed. They didn't even dare to say a word and left dejectedly.

They were not willing to do this kind of job. These top Chambers of Commerce were all very powerful, especially the five elements Chamber of Commerce, which had the backing of the central island pill Hall. They did not put the snow sword sect in their eyes at all. This time, he was just going through the motions and giving an explanation to his sect. Otherwise, he would not have come to ask for a snub.

Moreover, they had never thought that they would be able to find someone in a place like the five elements Chamber of Commerce. Naturally, they wouldn't dare to go against Cai Zhongyang for this.

Lin Yi could clearly feel what was happening downstairs, and he was finally at ease. This friend of hongzhong 's, Cai Zhongyang, was indeed a trustworthy and reliable person. He could finally stay here in peace for the time being and didn't have to hide anymore.

"Xue Li, you should adjust your state now. I'll help you break through to the foundation building realm." Lin Yi said.

Chapter 4102 Helping You Build Your Foundation

"Ah? Now?" Xue Li froze-she'd been dreaming of breaking through to the Foundation Stage for the past six months, but she'd never had the chance or the conditions to do so. Lin Yi's sudden words made her unable to react.

Lin Yi smiled and took out a high quality foundation pill from his pocket. He made it for Hong Zhong on the northernmost Island, but he didn't sell it all at the auction. He kept some for himself and gave it to Xue Li.

"This ... This is the foundation building elixir?" Xue Li was shocked.

She was only sky Class full phase, but she'd been on Sky Class Island for a long time, and she knew what a Foundation pill was-it was an important pill to help one break through to Foundation, and even a Middle Island sect like the snow sword sect wouldn't give it out to their disciples. She didn't think Lin Yi would just take one out like that, and it looked like it was a top quality one!

"That's right. You'll be able to quickly build your foundation after taking it. You'll also have more power to protect yourself, so you won't be bullied by any random cat or dog in the future." Lin Yi said with a smile.

"Yes, sure." Xue Li already saw herself as Lin Yi's woman, so she didn't hold back and accepted the pill.

The only thought she had was that she hadn't misjudged him. No matter where this man went, he wasn't destined to be weak. He'd only been on Sky Class Island for half a year, but his strength had already advanced by leaps and bounds to the peak of the late Foundation Stage. What was even more ridiculous was that even the early golden core Wei shenjin had been defeated by him. If this got out, it would be a huge shock!

Of course, what shocked Xue Li even more was Lin Yi's connections! He was far away in the North Island, but he actually had acquaintances in the middle Island, and they were even top forces like the five elements Chamber of Commerce. Moreover, his network seemed to be absolutely reliable and would not betray him!

This made Xue Li even more convinced that it wasn't without reason that Lin Yi was able to go from a lone practitioner to someone that all the ancient sects feared! Perhaps one day, Lin Yi would have a place in the middle Island where Masters were everywhere!

After adjusting her condition, she took a Foundation pill and Lin Yi taught her how to channel her Qi, guiding Xue Li step by step to break through to the Foundation Stage.

Whether it was foundation or talent, Xue Li wasn't any worse than the others. With the help of a peak grade foundation pill and Lin Yi's guidance, breaking through to the Foundation Stage was a piece of cake.

Under Lin Yi's protection, Xue Li successfully broke through to the early Foundation Stage after four hours without any danger.

"I ... I succeeded just like that?" Feeling the change in her body, Xue Li couldn't help but feel unreal.

She'd been wanting to break through to the foundational level for a long time, but she'd never made any progress in the past half a year, let alone succeed. It'd always been so far away, and now she'd met Lin Yi in just one day, and she'd done it in one go. It was unbelievable.

"Of course, you're now a true expert of the early stage of the foundation building realm. However, there'll be a bit of trouble from now on." Lin Yi frowned as he smiled.

"Ah? What's wrong?" Xue Li's heart suddenly tightened. She thought that something had gone wrong during the process of breaking through to the foundation building realm just now, leaving behind some residual effects.

"Do you have the rest of the mantra of the snow Valley?" Lin Yi asked.

"No, I didn't," Xue Li was stunned.

"I don't have any, either." Lin Yi shrugged helplessly, troubled, "So the problem now is that you've become an expert in the early stage of the foundation building realm, but you can't continue to cultivate."

"This ..." Xue Li finally recovered from the joy of successfully building her Foundation. She realized her embarrassing situation and didn't know what to do for a while.

Breaking through to the foundational level was a beautiful thing, but the strength of an early-stage foundational level was nothing on Sky Class Island, especially on Middle Island. He couldn't escape the fate of being cannon fodder at the bottom.

The practitioner's Arts after that was a crucial problem, and they couldn't afford to be careless. Xue Li had just reached the Foundation Stage, and it wasn't stable yet. If she couldn't continue to practice for a long time, not only would she not be able to improve further, but her strength might even fall back to the Sky Class, and she would be crippled.

"Actually, it's not that there's no way. Although cultivation methods are regarded as treasures by various sects, as long as you go out and look for them, you should be able to buy them. The biggest problem now is that the cultivation methods you buy rashly may not be suitable for you to cultivate." Lin Yi analyzed.

Since he didn't have the original follow-up cultivation method of the snow Valley, he could only find another one to continue cultivating. However, cultivation methods had always been different, and they were very different. Once the follow-up cultivation method conflicted with the original cultivation method, the lightest consequence would be Qi deviation, and the worst would be death on the spot.

Other than some special reasons, very few people in the cultivation world would change their cultivation method halfway, and it was also because of this consideration.

Xue Li thought for a moment and said, "actually, when I first came here, all the big sects in Nakajima tested our physiques and mental cultivation methods. They said that I was born with an ice body. It was highly compatible with the snow sword sect's mental cultivation method. That's why I was brought to the snow sword sect."

For the past six months, the reason why Xue Li had been looking forward to the snow sword sect was because of this. As long as she could practice the snow sword sect's heart cultivation method like ordinary disciples, even if it was the most basic, she believed that she would not be worse than others.

However, she did not expect that fate would play a trick on her. After becoming situ Qian's maidservant, she did not even have the opportunity to cultivate normally, let alone cultivate the snow sword sect's heart technique.

"In that case, we just have to find a way to get snow sword sect's cultivation heart technique, won't that do?" Lin Yi's eyes lit up.

Xue Li nodded, but she said helplessly, ""That's true, but the snow sword sect is a big sect in Nakajima. The cultivation method is the foundation of the sect, and it's a secret that can't be passed on. It's impossible for them to reveal it, let alone let us buy it."

"That's a problem, but there's always a way out. Since we've found the direction, we'll eventually find a solution. It's just that we'll need to spend more time thinking. " Lin Yi consoled.

As long as he had enough spiritual jades, he would definitely be able to get Xue Li the snow sword sect's heart technique.

Just then, Cai Zhongyang's voice came from the door, ""Just what is it that is giving the two of you such a headache? do you need this old master's help?"

Lin Yi and Lin Yi quickly opened the door and welcomed him in gratefully, ""Thank you for helping me out with the matter downstairs earlier, elder Cai."

Chapter 4103 Zhang Liju's Disciple

"Hehe, it's just a small matter. The snow sword sect has treated you two like this, do you think I should be nice to them?" Cai Zhongyang laughed, but then his eyes stopped on Xue Li and he said in surprise, ""Eh? Miss Xue Li was only at the completion of the Sky Class before, and now she has successfully built her Foundation in less than half a day? He's truly a genius, worthy of congratulations!"

"You're too kind, elder Cai. It's all Lin Yi's work-if it weren't for his guidance and the foundation pill, I wouldn't even know how to break through to the Foundation Stage, much less succeed. " Xue Li explained.

"Hehe, my two young friends are not ordinary people, so don't be too modest." Cai Zhongyang nodded and smiled. Since Lin Yi was hongzhong's friend, it wasn't strange for him to have Foundation pills.

After a pause, Cai Zhongyang continued to ask, ""When I was at the door just now, I heard the two of you mention the heart technique of snow sword sect. Are the two of you racking your brains over this matter?"

"Not bad." Lin Yi and Xue Li looked at each other. From what they'd seen before, this assistant manager Cai was one of their own, and there was no need to hide anything from him.

"In that case, please wait a moment, I'll be back soon." Cai Zhongyang smiled mysteriously and left the room, leaving Lin Yi and Xue Li staring at each other.

A moment later, Cai Zhongyang returned with an ancient yet exquisite scroll in his hand. He handed it to Lin Yi with a smile.

"What is this?" Lin Yi took it and opened it. His eyes twitched, surprised, "Snow sword heart technique? How did you get this, elder Cai?"

Just now, he was still racking his brains on how to get the snow sword sect's cultivation technique, but Cai Zhongyang turned around and brought it over. It was like he was just about to doze off when someone sent him a pillow.

Cai Zhongyang laughed and said, "Lin shaoxia, have you forgotten? my master is the alchemy God. The sect leaders of the sects, including the snow sword sect, have to be humble when they ask my master for help. My master owns the five elements Chamber of Commerce and doesn't lack spiritual jades at all. So if you want to ask him to make elixirs, you have to exchange rare resources. In addition to those rare natural treasures, the rest are the core mental cultivation methods of each sect."

Lin Yi was speechless. The head of the central island sect was a powerful figure, but he had to lower his voice in front of his cheap master. It was clear that the alchemy God Realm was really a win-win situation.

But no matter what, this was the sect's top secret, and it wasn't easy for Zhang Liju to get it! He didn't believe that the snow sword sect didn't have other treasures, and the only reason was this item that Zhang Liju wanted.

Cai Zhongyang continued. "My master came back a while ago. He gave me some of his rare gains from the past few years. He asked me to be in charge of these rare resources. I'm going to participate in the Nakajima auction soon."

"The Nakajima auction?" Lin Yi blinked, remembering the four-Island Auction fair on the northernmost Island.

"Haven't you heard of Lin shaoxia? The so-called central island Auction is a super large auction that all the Chambers of Commerce in the central island can participate in. It's officially organized by the central island Lord and the elder Council, and it's the highest level of auction in the five big islands of the Sky Class." Cai Zhongyang explained patiently, "every item in this auction is a rare treasure. The snow sword sect's cultivation technique that master gave me is for this purpose."

"I see." Lin Yi's heart skipped a beat. Any practitioner would be interested in a treasure auction like this, but he could only think about it for now. He still had to find a way to get back to the North Island, and he didn't know if he'd be able to make it in time.

Lin Yi paused and pointed at the snow sword in his hand, "Elder Cai, this snow sword heart technique was prepared for this purpose. Now that you've given it to me, how are you going to auction it off?"

Cai Zhongyang looked at Lin Yi strangely and smiled, "It won't break even if you take a look. Why don't you make a copy and return it to me later?"

"Ah? This works too?" Lin Yi and Xue Li were both stunned.

"Haha, the core heart technique is the secret of each sect. Even if the snow sword sect gave it to my master, they wouldn't allow anyone to copy it. Even if it was auctioned off, they wouldn't allow anyone to copy it. This is the rule of the martial world. However, the rules are always dead. Lin shaoxia, you're hongzhong's friend, so I naturally have to be lenient." Cai Zhongyang sighed and said, ""Hong Zhong and I are life-and-death friends. We saved each other's lives when we were young. How can we be restricted by this rule?"

Lin Yi nodded-so the two were this close. No wonder Cai Zhongyang was so protective of him.

It was indeed as he had said. Under normal circumstances, the core cultivation methods of the major sects were not allowed to be copied. Not only would the sect investigate it after it was spread, but even if the risk was not taken into account, no matter who paid a great price to win the heart cultivation method, they would definitely hide it. Outsiders would not even be allowed to take a look, let alone copy it.

If it wasn't for this rule of the pugilistic world, if it wasn't for everyone's selfishness and love to hide their own secrets, the cultivation methods of the major sects would have been passed down for hundreds of thousands of years and would have been spread all over the streets. How could they be as rare as they were now?

It was impossible for them to be like the ordinary heart techniques in the North Island, where they were everywhere. The truly profound heart techniques were extremely rare.

"If that's the case, then I won't stand on ceremony with you, elder Cai." Lin Yi said.

Although he didn't like to owe people favors, the snow sword heart technique was very important to Xue Li. Since Cai Zhongyang had already given it to her, there was no reason to reject it. He could only find a way to make it up to her in the future.

Moreover, apart from Hong Zhong, he and Cai Zhongyang had a closer relationship as fellow disciples. Even though they had not met yet, there was no need to be too formal.

He passed the snow sword heart technique to Xue Li and asked her to copy it. Lin Yi and Cai Zhongyang prepared a table of good food and wine and sat down to chat.

Although there was a huge age difference between the two, they were both alchemy Masters and had unique medical skills. A casual sentence was a common topic. For a time, they actually had a good chat. They regretted not meeting each other earlier and became friends despite their age.

Lin Yi asked, "The name of the divine pill Doctor Zhang Liju is like thunder to my ears. I've always looked forward to it. Elder Cai, you're master Zhang's proud disciple. Can you tell me more about master Zhang so I can understand more?"

Chapter 4104 The Wanted Order Has Been Canceled

If nothing went wrong, once he met Zhang Liju, this cheap master would become his biggest support on Sky Class Island-it was always good to know more before that.

Although he had heard a lot about Zhang Liju's legendary stories from other people, most of them were just rumors that were passed down by word of mouth. It was far from being as real and reliable as the words of people who were close to him like Cai Zhongyang.

"Hey, this old man is only an in-name disciple, how can I be considered a proud disciple!" Cai Zhongyang smiled and shook his head.

"Honorary disciples are still proud disciples. Otherwise, why would he hand over such rare resources like the snow sword heart technique to you, elder Cai? could it be that master Zhang still has many direct disciples?" Lin Yi asked.

"Direct disciple?" Cai Zhongyang raised his eyebrows and said, "speaking of this, my master is quite different. At his level, which of the other big shots doesn't have disciples everywhere?" Only my master is a lone wolf. Let alone direct disciples, he doesn't even take in honorary disciples. "

"Oh? Master Zhang is such a legendary figure, yet he doesn't even have a single disciple?" Lin Yi couldn't help but wonder-only direct disciples were the true inheritors of the legacy. Did that cheap master of his really have nothing to lose, and had even gotten over the inheritances of the sect?

"Speaking of this, my master once said something ambiguous. He said that he should have a direct disciple in the secular world ..." Cai Zhongyang suddenly said.

"Should be?" Lin Yi blinked.

Cai Zhongyang smiled bitterly. "These are my master's exact words. A few of us in-name disciples are wondering. If there is, there is. If there is no, there is no. What exactly does this 'should' mean? However, my master didn't say much, and it's not our place to ask. It's already become an unsolved mystery in our pill Hall now!"

Lin Yi's heart skipped a beat. He didn't know how Liju did it, but he could tell from Liju's words that he already knew that he received his legacy from the common world. He just couldn't confirm it before meeting him.

Lin Yi suddenly remembered ... The people that came after Zhang Liju's tomb, could it be ...

Lin Yi understood the situation, but he didn't show it on his face. He changed the topic, "Elder Cai, you're the deputy manager of the five elements Chamber of Commerce. I wonder if you can help me get some heart-devouring exquisite grass and life-form mushrooms?"

"The life-phase mushroom is more difficult, but the heart-devouring exquisite grass is no problem. I'll send someone to the warehouse to look for it. The Chamber of Commerce might not have it. Most of them are ready-made pills, but the pill Hall should have it." Cai Zhongyang agreed without hesitation.

"Then, I'll have to thank elder Cai." Lin Yi said gratefully. The life phase mushroom was just a casual question, and the heart-devouring exquisite herb was naturally used to make the foundation-stage golden elixir. This wasn't just for himself, but for Xue Li.

Lin Yi himself was already at the peak of the late Foundation Stage, and he just broke through not long ago, so he didn't need it for a while. But Xue Li was too weak right now, she didn't even have the power to protect herself. If he didn't hurry and raise her strength, it could easily lead to a tragedy in the future if something happened.

In any case, the snow sword heart technique was already in place, and with the Foundation Stage golden core, with the snow sword's talent and Foundation, it shouldn't be a big problem to break through quickly.

In the blink of an eye, three days had passed. The snow sword sect had mobilized all their forces to hunt down Ling Yi and Xue Li. However, it was as if the two of them had vanished from the face of the earth. Not only could they not be found, there was not even any information about them being seen.

Logically speaking, since a reward of one thousand spiritual jades had already been offered, if anyone saw it, they would definitely report it to the snow sword sect. However, in the end, there was not even one person who saw it in three days.

The snow sword sect had no choice but to give up for the time being. They were a large sect, especially in a place like Nakajima, where dragons and tigers ruled, and they had all kinds of important things to deal with every day. It was impossible for them to spend so much manpower on a mere servant girl who had eloped.

As for Wei shenjin, although he hated Ling Yi and Xue Li to the core, he didn't have the energy to look for them every day. He had already released the news of his wedding, and if he continued to delay it, he would only be laughed at. Now that the arrow was on the bow, he had no choice but to marry situ Qian.

In any case, the invitation that he had sent out previously only stated that he, Wei shenjin, was going to marry a Dao companion for dual cultivation, but it did not clearly state who it was. It only said that it was a disciple of the snow sword sect. Although Xue Li had run away, the remaining person, situ Qian, just happened to meet this condition and could replace her.

Strictly speaking, Wei shenjin didn't like situ Qian very much. At most, he only had a good impression of this woman. Otherwise, with his nature, he would have never touched her even though situ Qian had always thrown herself at him. This was already enough to explain the problem.

But now, Wei shenjin was forced into a corner. He had no choice but to do this. The only thing that comforted him was that situ Qian's conditions were not bad. Although she was not as good looking as Xue Li, her appearance was not bad. More importantly, situ Qian had a deep background.

In the snow sword sect, Wei shenjin's only backer was the great elder. Moreover, they were only slightly related, which could not be compared to the elder's granddaughter, situ Qian. After marrying situ Qian, not only would he be able to bring back the beauty, but his status in the snow sword sect would also improve in the future, becoming a core disciple that was truly relied on. It was killing two birds with one stone.

As for the remaining two, no matter how unwilling Wei shenjin was, he could only put them aside.

It was impossible for the snow sword sect to spend so much manpower all the time. These three days had proved that it was impossible to catch the person solely by relying on the wanted order. If they wanted to obtain an immediate effect, they had to ask the Nakajima law enforcement Hall to come out and arrest him. Unfortunately, the influence of the snow sword sect was not strong enough to that extent.

"Lin shaoxia, I have good news for you. The wanted order from snow sword sect has been removed." Cai Zhongyang quickly brought the news to the two.

"Really? That's great. " Lin Yi and Xue Li were overjoyed. Even though this didn't mean that the snow sword sect would let them go completely, at least they would have more freedom in the future. They wouldn't have to stay in their room forever.

"Without this Street full of wanted posters, as long as the two of you don't go to crowded places, there shouldn't be any problems," Cai Zhongyang was happy for the two. He didn't think much of snow sword sect, but Lin Yi and Lin Yi didn't have his background. It would be troublesome if they were caught by snow sword sect.

Chapter 4105 Want To See Tian Gang

After a pause, Cai Zhongyang continued,""Oh right, young hero Lin, I have news about the heart eating exquisite grass you asked me to find. Although I didn't find any in stock from the Chamber of Commerce and pill Hall, a small team went to collect it. I will be able to get it back in a few days. Just wait for a while."

"Alright. Thank you for your concern, elder Cai." Lin Yi nodded happily.

In the past three days, the thing that bothered him the most was how to settle Xue Li down in the future. He definitely could not go back to the snow sword sect, but it was not realistic to let Xue Li follow him back to the North Island.

Even if Lin Yi had Shangguan Tianhua's connections, it would still be very difficult to arrange for Xue Li to enter the three pavilions, especially when Shangguan Tianhua thought that there was something between him and Shangguan LAN 'er. If he suddenly brought back a Super beauty, as Shangguan LAN 'er's grandfather, no matter how open-minded he was, he would have to have a good talk with Lin Yi about life ideals ...

In the worst case, he could only ask ning Xuefei to take Xue Li to the West Island, where female cultivators gathered. With the care of the little princess, Xue Li should be able to live a good life.

However, this was the last resort. After all, if he wanted to do this, he would have to bring Xue Li back to the North Island first. Not only would Shangguan Tianhua know about it, but they would also encounter dangers along the way. It would be a big problem that couldn't be solved. Xue Li's strength was too weak now.

Moreover, it was unknown if ning Xuefei would still be on the North Island by the time he returned with Xue Li. After all, so many days had passed. Ning Xuefei had only come out to play with Shangguan LAN 'er. She would not stay on the North Island for long.

After thinking for a while, another familiar and beautiful face appeared in Lin Yi's mind-Tian Gang!

He didn't know how she was doing after the last time they left in a hurry on the northernmost Island. Coming to the Middle Island by accident was out of his plan, but since he was here, he had to find a way to see Tian Gang.

"Elder Cai, as the deputy manager of the five elements Chamber of Commerce and master Zhang's in-name disciple, you are a member of the Nakajima pill Hall. Do you know Tian Ji? She's also a disciple of the pill Hall. " Lin Yi asked.

"Tiangang? I know, young hero Lin, if you ask the other normal pill Hall disciples, I might not know them. After all, there are so many of them. I spend most of my time at the five elements Chamber of Commerce and don't spend much time there. However, this Tian Ji is an exception. " Cai Zhongyang replied.

"Oh? Why is that so?" Lin Yi asked, confused.

"Hey, I know her because something related to her has caused a lot of commotion recently. Everyone in the pill Hall of Nakajima, including the five elements Chamber of Commerce, knows about her, so I've heard about her." Cai Zhongyang said.

"What is it? Elder Cai, please tell me about it. " Lin Yi's heart tightened as he asked.

Although Tian Huan was not as miserable as Xue Li, their situation was not good either. They were all alone. No matter what happened, they would not be the one who benefited.

"It's a long story, and the source starts from the northernmost Island ..." Cai Zhongyang told Lin Yi everything he knew about Tian Gang and sighed. "This Tian Ji is also a girl with a hard life. At such a young age, she was forced to marry someone. The heavens are really jealous of beautiful women ..."

Before he could finish, Cai Zhongyang's eyes twitched as he saw Lin Yi's body suddenly exuding an extremely violent aura. He was confused and shocked.

If he wasn't wrong, Lin Yi should only be at the peak of the late Foundation Stage, but why did he feel like he was at the early golden core stage?

"Zheng dongjue, you old man! If I don't tear you to pieces, I'm not a human!" Lin Yi's veins were popping as he clenched his fists in anger.

With his personality, even if someone was blind enough to provoke him, he would at most deal with them. Normally, he would not get angry at all, let alone lose control of his emotions like now.

But after hearing what happened to Tian Gang today, Lin Yi completely lost control.

This time, he came to Nakajima by accident. First, it was about Xue Li, and now he knew about Tian Gang's tragic fate. How could Lin Yi not be furious?

"Lin Yi, calm down first ..." Xue Li quickly pulled him back, afraid that he would lose control and rush out. This was the middle Island where Masters gathered, and Foundation Stage cultivators were everywhere. If Lin Yi lost control and went on a rampage, he would be the one to suffer.

"Why is young hero Lin so excited?" Cai Zhongyang asked curiously as he looked at Lin Yi's reaction.

"Tian Gang is the same as me, when we were in the common world, we already ..." Xue Li explained with a red face.

He didn't finish his sentence, but Cai Zhongyang already understood. He couldn't help but sigh. This Lin Yi was really a Playboy. When he was in the secular world, he already had so many beautiful female friends. This Xue Li in front of him was already a Super beauty, and that Tian Ji was also one of them.

Femme fatale was indeed a femme fatale, especially on this Sky Class Island where the strong preyed on the weak. Whether it was Xue Li or Tian Huan, the reason why they were in so much trouble was because they were too beautiful.

However, Cai Zhongyang suddenly remembered that his master was actually the same. When he brought master ice and master snow, his two wives, up from the secular world, they seemed to have caused a lot of trouble in the beginning.

Cai Zhongyang pondered for a moment before turning to Lin Yi, "Young hero Lin, it is not impossible for you to see Tian Gang. My senior and junior brothers are all in the pill Hall. We are all master's in-name disciples and we take care of each other. I can ask them to help you meet Tian Gang."

"Really?" Lin Yi's violent aura stopped, and he slowly recovered from the rage.

Cai Zhongyang nodded his head and said, ""But you have to promise me first that you can't be impulsive. My master is not in the pill Hall now. As the most powerful vice Hall Master, Zheng dongjue is the most influential person in the pill Hall now. If you challenge him with your current strength, you'll be seeking your own death. Even I can't help you."

Lin Yi took a deep breath and lowered his head to calm himself down. "Alright, I'll listen to elder Cai."

He had already sobered up from his rage. Although Tianji had suffered a lot, this so-called netherworld marriage was not a bad thing from her point of view. After all, Zheng Tianjie was already dead and could not do anything to her. On the contrary, this identity could become her protective umbrella and save her from a lot of trouble.

Chapter 4106 Heading To The Pill Hall

"That's good. In a few days, I'll take the opportunity to go back to the pill Hall while preparing for the Nakajima auction. At that time, you'll pretend to be my accompanying assistant, how about it?" Cai Zhongyang suggested.

"Many thanks, elder Cai." Lin Yi said gratefully from the bottom of his heart. They were only friends separated by a layer, and Cai Zhongyang was willing to help so much. Lin Yi had to remember this kind of thought and favor.

Although he still had to wait a few more days, Lin Yi's heart was filled with anticipation. Even though they'd met last time on the northernmost Island, Lin Yi couldn't wait to see Tian Gang after hearing about what happened to him recently.

As Lin Yi's woman as well, Xue Li wasn't jealous at all. Instead, she felt sympathy for Tian Gang's situation. After all, wasn't she the same?

It was the same for him and Tian Huan. It seemed that the beautiful female cultivators from the secular world would not be able to escape this calamity. He wondered how Rock Candy was doing now.

In the past, in the secular world, Snow Pear and rock sugar were absolutely sworn enemies, but now that he thought about it, this so-called conflict between them was nothing ...

"Oh right, Lin Yi, other than me and Tian Gang, who else did you find from the mortal world?" Xue Li couldn't help but ask.

She didn't want to say it was Rock Candy, but Lin Yi understood what she meant. He shook his head. "Other than you and Tian Gang, I haven't heard from any of my female friends. As for the others, Zhong pinliang, Kang Zhaoming, Dongfang Badao, and the others, they've all been teleported to the North Island like me and joined the three pavilions,"

"I see ..." Xue Li was a little disappointed, but she still tried to comfort him, ""It's okay. I believe they'll be fine. As long as you're here, we'll be able to meet again."

"Yes, I will." Lin Yi nodded heavily, but he couldn't get rid of the worry in his heart. He only got news of Xue Li and Tian Gang now, and they weren't in a good situation. Who knew how Han Jing and the girls were doing? if he wanted to find them, he had to raise his strength as soon as possible. Otherwise, he wouldn't be able to move anywhere.

.....

Nakajima pill Hall.

Coming out of Tian Xing's room, Tian Gang's expression was calm, but there was a hint of helplessness. After so long, Tian Xing was still the same as before, crazy and unwilling to acknowledge himself.

Now that things had come to this, Tian Gang no longer hoped for Tian Xing to acknowledge him. He only hoped that he could take care of this elder who was related to him by blood. However, every time the other party saw him, he would curse at him. Now, the trend was even more intense. What could he do about this?

At this time, a figure appeared from the dark and stopped her. It was her brother-in-law in name, Zheng tianchu.

"Sister-in-law, are you here to deliver medicine to elder Tian again? It's lonely to be alone. I'll accompany you next time, okay?" Zheng tianchu said as he looked at Tian Gang's exquisite body.

Tian Gang frowned and a hint of disgust flashed in his eyes. He didn't want to talk to him, but out of courtesy, he still endured the disgust and said, ""No need, I can do it by myself. Is there anything else, young master Chu?"

Zheng tianchu did not notice this. He took a step closer to Tian Gang and said with a frivolous smile, ""I heard that Nakajima has been in turmoil recently. Two traitors escaped from the snow sword sect. One of them is a rapist, and he's already taken a female disciple of the snow sword sect. Sister-in-law, you have to be careful not to fall for it!"

"Thank you for your concern, young master. However, this is the Nakajima pill Hall. No matter how blind that rapist is, he would not come to such a place." Tian Gang took a step back.

"Even so, it still can't stand other people's lust, especially with a great beauty like you here, that flower thief may come over in a moment of heat. As the saying goes, 'to die under a peony flower, even if you become a ghost, you'll still be cool!'" Zheng tianchu's smile became more and more sneaky, and he took another step forward.

The meaning of these words of teasing was already very obvious. In addition, there was no one here. Tian Gang knew that if they continued to be entangled like this, the other party might have the intention to make a move. At that time, it would be difficult to deal with.

Tian Gang's expression turned cold and he frowned. ""Young master Chu, you're thinking too much. If there's nothing else, please make way. I have to go back first."

"Aiya, sister-in-law, don't be so anxious! Anyway, you have no one to accompany you when you go back. You're in the prime of your life, and it's the time to have fun, but you're all alone in your room. Don't you think it's boring?" However, Zheng tianchu did not give up. Not only did he not make way, but he also reached out to touch Tian Gang's face.

Tian Gang quickly dodged and warned with a cold face, ""Men and women shouldn't touch each other. I'm your sister-in-law. Young master, please conduct yourself with dignity."

"Sister-in-law, don't be so serious!" Zheng tianchu suddenly laughed, looking up and down at Tian Gang with an obscene look, and said, ""People say that women need men to nourish them in order to remain young and beautiful. Although you're my sister-in-law and my cousin's woman, my cousin is now a dead ghost. He doesn't have the ability to nourish you. But now that I've inherited his position, I naturally have to fulfill the corresponding responsibility. What do you think, sister-in-law?"

Such explicit and shameless words really made Tian Gang furious. When they first met, although Zheng tianchu was frivolous, at least he still had a bottom line. But now, as his position in Zheng dongjue's eyes gradually solidified, his actions began to become more unscrupulous.

After meeting him a few times, Tian Gang had a deep understanding of Zheng tianchu's shameless nature. The more he was entangled with him, the more he was insatiable and insatiable.

"Young master Chu, does your grandfather know what you're doing?" Tian Gang coldly snorted and no longer paid attention to him. He turned his body and quickly walked past the other party.

"Hmph, you still want to play chaste with me? Interesting, I'd like to see how long you can last!" Looking at Tian Gang's graceful back, Zheng tianchu's eyes suddenly flashed with a touch of ruthlessness. Although he had always been drooling over his sister-in-law, there was always a limit to his patience. Now, his patience was almost exhausted.

.....

A few days later, Lin Yi finally received news from Cai Zhongyang. He'd already discussed it with the pill Hall's Shixiong, and now that everything was ready, he could bring Lin Yi to see Tian Gang.

Lin Yi was overjoyed. He immediately disguised himself as a shop assistant and left Xue Li behind to continue her isolated cultivation. He followed Cai Zhongyang alone.

Chapter 4107 The Old Doctor

This time, he was using his original appearance. After all, the martial artist with the thousand silk mask had been pasted all over the streets. Although the snow sword sect had withdrawn the wanted order, there were many people on the road, and it was difficult to guarantee that he would not be noticed by people with ulterior motives. It was better to use his original appearance. Anyway, no one in Nakajima should be able to recognize him.

As one of the top sects and forces in the middle Island, the pill Hall of Nakajima was an outstanding existence in terms of status and influence. This could be seen from its geographical location alone.

The middle cauldron mountain was located in the center of the middle Island. Not only did it represent the highest height of the middle Island, but its unique location and environment also nurtured a large number of legendary experts.

According to the records, the first group of cultivators on Sky Class Island had settled down on the middle cauldron mountain. It had been passed down from generation to generation for thousands or even tens of thousands of years, and it was only then that the Sky Class island's cultivation world had become so prosperous. The middle cauldron mountain's high status on Sky Class Island was beyond doubt.

Settling down at the middle cauldron mountain not only meant that one could occupy the cultivation resources that everyone coveted, but more importantly, it also meant that one had an unparalleled Supreme status on the middle Island.

Even the powerful sects that could establish themselves on Middle Island, including snow sword sect, could only dream of reaching the core area of middle cauldron mountain.

There were no more than five superpowers that could occupy the middle cauldron mountain in the entire Sky Class Island, and the pill Hall was one of them.

He followed Cai Zhongyang and walked through the main entrance of the pill Hall. He looked at the beautiful paradise inside and the bustling scene outside. It was only one door away, but there was such a sharp contrast. Even Lin Yi couldn't help but sigh.

This feeling of peace in the midst of chaos reminded Lin Yi of a saying in the common world-it was said that only the person who could live in a courtyard in the heart of Yanjing was a big Shot. This wonderful scene in front of him was no different.

The layout of the Nakajima pill Hall was like a super villa with an exquisite structure. Except for a few gates, almost every location was connected with quiet and elegant pavilions and water pavilions, which were all interconnected and beautiful.

They passed through door after door without any obstacles, but there weren't any guards around. It was the complete opposite of the heavily guarded scene he expected. Lin Yi couldn't help but ask, "Elder Cai, has the Nakajima pill Hall always been like this? why aren't there any guards?"

In a place like the pill Hall, whether it was ready-made elixirs or spiritual medicine materials, they were all treasures that made people's hearts pound. No matter how famous the Nakajima pill Hall was, it was difficult to prevent people from taking risks in the face of benefits. This was all human nature, and it could not be stopped.

Cai Zhongyang laughed. "Lin shaoxia, you don't know this. Don't think that we didn't see any guards along the way. This place is loose on the outside but tight on the inside. Those guards are just hiding in the dark and not letting outsiders see. Our pill Hall's guards are second to none even in all of the five big islands of the heaven class. The reason why we didn't come over to check on you is that I've asked someone to specifically inform you before. "

"I see." Lin Yi realized that if the guards were as lax as they seemed, the central island pill Hall wouldn't have such a high position on the Sky Class Island where the strong preyed on the weak.

After a while, Lin Yi followed Cai Zhongyang to a small Manor in the depths of the core. Compared to the outside, the environment here was even better, and there were very few people. There was almost no ordinary pill Hall disciples passing by.

Seeing Lin Yi's curiosity, Cai Zhongyang turned around and introduced, "This garden is an area specially reserved for us, master's in-name disciples. Other ordinary pill Hall disciples do not have the right to enter and exit from here. Even if the Vice Hall Master wants to enter and exit, he has to inform us first."

Lin Yi nodded. The pill Hall was built by Zhang Liju, and it wasn't strange for his registered disciples to have this special privilege.

At this moment, a handsome young man walked over and smiled at the two of them. ""Brother Cai, you're here. Is this the Lin Yi you were telling me about?"

Lin Yi turned to look at Cai Zhongyang, who nodded with a smile, "That's right, this is Lin Yi, young hero Lin. This is hou guanqi, he's also a disciple of master like me, but don't be fooled by his young looks-he's our big senior! Whether it's talent or strength, he's the highest among us fellow disciples, and he's also the one that master values the most!"

"I'm Lin Yi, greetings, senior hou. " Lin Yi quickly greeted.

The other party was so young, so calling him old hou felt a little strange. He might not like this form of address, but he could not directly call him senior brother, so he could only call him senior first.

"Haha, Lin Yi, don't be nervous. I'm an old friend of hongzhong 's, and I've heard about your situation from brother Cai. I'll do my best to help." Hou guanqi patted Lin Yi's shoulder with a friendly smile.

"That's right. I was able to bring you here this time because of eldest senior brother. Otherwise, even I wouldn't have been able to bring my staff back. After all, this is an important place in the hall of alchemy. Other than our sect's disciples, outsiders are not allowed to enter under normal circumstances." Cai Zhongyang explained.

"Many thanks, senior hou." Lin Yi said gratefully. He couldn't hold back his excitement anymore, "May I know when I will be able to see Tian Huan?"

Hou guanqi and Cai Zhongyang smiled at each other before turning to Lin Yi, "Little friend, you are truly an infatuated person. You can rest assured that I will make sure your wish is fulfilled. However, this matter needs to be concealed. You can't go directly to Tian Huan, but you need to find a compromise."

"A compromise?" Lin Yi was taken aback. He knew that if he went to see Tian Gang just like that, it would be easy for people to notice him. With Tian Gang's current sensitive identity, it wouldn't be good for her.

"That's right. I've recently heard something that can be put to good use." Hou guanqi nodded and said, "I heard that Tian Gang has been visiting Tian Lao a lot recently. He will go there every few days. So, if we spread the word that we have found an apothecary to treat Tian Lao, people won't care about it. But if Tian Gang hears the news, she will definitely go."

"That's right, it is better for Tian Gang to go over than for us to find her. That way, young hero Lin, you and Tian Gang will just meet by chance and no one will notice." Cai Zhongyang agreed.

"I'll follow the arrangements of the two seniors. However, if I may ask, who is that elder Tian?" Lin Yi asked curiously.

Chapter 4108 Could He Be A Liar?

Hou guanqi and Cai Zhongyang looked at each other and said, ""The sky elder we are talking about is the former deputy Island master of Nakajima, Tian xingdao. He was also a legendary figure of his generation. However, because he practiced the battle technique for seizing heaven's fortune, he suffered Qi deviation and his meridians were all shattered, becoming a disabled person."

"Ah? It's him?" Lin Yi blinked, remembering that Chancellor Nantian had mentioned this person back in the common world.

"It seems that you've heard of it, young friend. Elder Tian has a deep relationship with our master. Since then, he has been staying in the pill Hall to recuperate. Unfortunately, it has been to no avail. Master has been elusive these years. Part of the reason is actually to find a way to heal him. When master is not around, it has been us who take care of him." Hou guanqi explained.

Cai Zhongyang continued, "that's why we asked you to meet Tian Gang. We are using him as a cover. Anyway, we have invited outside doctors to treat Tian Gang. No one will suspect anything."

"En, many thanks for the two seniors' concern. When shall we head over?" Lin Yi asked.

Hou guanqi smiled. "Since you're in such a hurry, you can go now. I've already arranged for people to spread the news to Tian Ji. I believe she won't just sit and watch."

After their discussion, the three of them immediately set off for the private recuperation Center that was specially prepared for the Tian Xing Dao. Lin Yi didn't know why Tian Gang was taking care of elder Tian, but it was probably a mission from the pill Hall.

When he entered the room, he was greeted by the sight of an old man with a rather stalwart figure. He was in good spirits, and he could vaguely feel a trace of the heroic spirit of the past. However, between his brows, there was a sense of helplessness and frustration that could not be removed.

This was Lin Yi's first time seeing Tian xingdao, the legend of Sky Class Island. He was now a cripple, and his strength might not even be comparable to a normal person, but a legend was a legend. No matter how down and out he was, he wouldn't be ordinary.

When he saw the three of them enter, Tian Xing did not speak to Tian Gang as harshly as he did before. Instead, he smiled calmly and said, "Oh, it's Xiao Hou and Xiao Cai. Did you two bring me some kind of miraculous medicine again? or have you thought of another way to cure me?"

All these years, not only Zhang Liju, but hou guanqi and the other in-name disciples had never given up. They had been trying to find a cure for heaven's will. They would often bring back some rare herbs, but it was always useless.

"No, we actually brought a medicine master here to take a look at you, elder Tian. It's Lin Yi, our little friend here." Hou guanqi explained.

"A pharmacist?" Tian xingdao's eyes fell on Lin Yi, surprised. Wasn't this medicine master a little too young?

Once one's strength reached a certain level, one's appearance and temperament would not age unless there was a major change. However, to an experienced person, even if it was just a person's temperament, it was easy to judge the true age of the person. As a former legendary figure, Tian xingdao naturally did not lack this kind of judgment.

However, Tianxing didn't look down on Lin Yi at all even though he could tell that Lin Yi was young. After all, age wasn't necessarily proportional to strength. Some people were young, but they were already geniuses. Perhaps the achievements of a few years could be compared to hundreds or even thousands of years of hard work by others. For example, Tianxing himself and Zhang Liju were living examples.

Besides, other than the status of the pill God, Zhang Liju also had the status of the medical Saint. His few registered disciples were also extraordinary in medicine, such as Cai Zhongyang, who was a famous Master in Medicine in Nakajima. Since the young pharmacist in front of him could get their recognition, he was probably not a simple person.

This Lin Yi, he seemed to be very capable!

"Then I'll have to trouble you, apothecary Lin. Please." Tian xingdao asked Lin Yi to sit down politely.

Hou guanqi and Cai Zhongyang looked at each other helplessly as they saw Tianxing's face full of anticipation. Although they were doing this to help Lin Yi, they were basically using Tianxing to deceive people. Lin Yi wasn't a medicine master at all. He was just using this identity to make it easier for him to meet Tian Gang.

"Elder Tian, actually, we ..." Hou guanqi was about to tell the truth to the Tian Xing sect when he heard footsteps outside the door.

A moment later, Tian Gang appeared at the door with a face full of concern, and behind her was Zheng Tian Chu, who was following her like a ghost.

Everyone was surprised. It was expected that Tian Gang would be attracted here, but what was going on with this Zheng Tian Chu? why did he appear with them?

Lin Yi was happy that he finally saw Tian Gang, but he was also curious. Who was this guy? his eyes were full of lust, and he didn't look like a good person.

On the other side, Tian Gang's body jolted when he saw Lin Yi. He was also overjoyed, but he didn't show it on his face. After all, Zheng tianchu was following him. If he knew about Lin Yi and him, he would be in big trouble.

"What are you doing here?" Before anyone could speak, Tian Xing had already shouted at Tian Gang, ""I've told you many times, you don't have to come and see me. You're not welcome here!"

If it was in the past, Tian Gang would've backed off, but now that she saw Lin Yi, she immediately understood that he was using this as an excuse to see her. There was no way he would leave now.

"Senior, Huang 'er only wanted to see you and do my best." Tian Gang then turned to Zheng tianchu and said with an indifferent expression, ""Thank you for sending me off, young master. I'm going in to see the sky. You can go back."

Zheng tianchu was suddenly anxious and quickly said, ""Don't be like that. There are so many people here, and there's even a stranger that I've never seen before. What if it's that ... The rapist I told you about before?"

After a pause, Zheng tianchu glared at Lin Yi with an evil look on his face, "Who the hell are you? you're not a pill Hall disciple, right? how did you get in here? hurry up and give this young master an honest explanation!"

Before Lin Yi could say anything, hou guanqi frowned and replied coldly, ""This is the apothecary we've invited to diagnose elder Tian, Zheng tianchu. This is a matter of whether elder Tian can recover or not. Can you bear the responsibility of offending an apothecary?"

"apothecary? such a young pharmacist? how was that possible? don't tell me he's a swindler. don't be deceived by this kind of jianghu swindler!" Zheng tianchu still had no intention of retreating. Relying on Zheng dongjue, this powerful backer, he was now a character who could do whatever he wanted in the pill Hall. He could look down on everyone.

Chapter 4109 You're Quite Good At Acting, Huh?

"We don't need you to teach us how to do things. Zheng tianchu, don't tell me you think that you can be disrespectful to us just because you're Zheng dongjue's grandson!" Hou guanqi was furious. He released a powerful aura, which made Zheng tianchu breathless.

It was as if a bucket of cold water had been poured on Zheng tianchu's head. He was shocked and scared. Because of his rising status during this period of time, his heart had long been floating. He had

forgotten that his grandfather, Zheng dongjue, was only the Deputy Hall Master of the pill Hall. The master of these two people in front of him, Zhang Liju, was the real master of the pill Hall.

Although he was now seen as the future successor by Zheng dongjue to take over Zheng Tianjie's position, even Zheng Tianjie had never dared to show any disrespect to hou guanqi and the other in-name disciples of Zhang Liju. After all, his grandfather didn't even dare to let out a fart in front of the other party's backer.

Although Zheng tianchu realized that he had been too proud and wanted to retreat, he was not willing to lose face in front of Tian Gang.

Zheng tianchu didn't dare to argue with hou guanqi anymore, but he vented his anger on Lin Yi and threatened him, "Hmph, kid, do you know the consequences of coming to our pill Hall to cheat? If you can't cure Tian Lao today, don't even think about leaving this place!"

Tian Gang was a little worried and defended Lin Yi, "Young master Chu, your words are not appropriate. Even the alchemy God is helpless against old Tian's illness. Even if this apothecary's medical skills are superb, how can he cure old Tian in one go? If you really do that, who would dare to treat Tian Lao in the future?"

"Oh, sister-in-law, don't tell me you've taken a fancy to this pretty boy?" Zheng tianchu looked at Lin Yi and Tian Gang with an unfriendly look, his lips curling into a cold smile. "Sister-in-law, don't forget who you are. You're my cousin Zheng Tianjie's official wife. You're a member of the Zheng family in life and in death. Now, you're helping an outsider to run me, your brother-in-law. What's the meaning of this?"

Lin Yi clenched his fists. If they weren't in the pill Hall, he would've killed Zheng tianchu for what he said. Even if they were forced into a netherworld marriage, Tianji would always be Lin Yi's woman. This would never change.

The Zheng family? What the hell! You actually want to make the Zheng family a ghost after Tian Gang's death? then I'll turn your Zheng family into a ghost first!

Tian Gang was shocked when he heard this, but he replied without changing his expression, "I'm just speaking the truth. I advise you to think before you speak. Otherwise, if word gets out, not only will my image be damaged, the entire Zheng family will be embarrassed as well."

"Is that so? Don't forget that I'm a disciple of the hall of alchemy. I also know medical skills. If he is really an expert apothecary, then it's fine. If he isn't, I can see it at a glance. At that time, hehe!" Zheng tianchu threatened with a cold smile.

Because he had always been drooling over Tian Huan, no matter what kind of abnormal reaction Tian Huan had, he could quickly detect it. His intuition told him that his sister-in-law seemed to have an inexplicable feeling towards this apothecary who had appeared out of nowhere. So today, he had to keep a close eye on this person!

Hou guanqi and Cai Zhongyang were worried. If they let Zheng tianchu stay here, it would affect Lin Yi's meeting with Tian Gang. More importantly, Lin Yi's identity as a pharmacist would be exposed.

Once this matter got out of hand, even if they were Zhang Liju's registered disciples, they wouldn't be able to protect Lin Yi. After all, their master Zhang Liju wasn't here, and Zheng dongjue was the one who had the final say in the pill division. Although they were registered disciples, they didn't have the power to go against Zheng dongjue. Besides, they were in the wrong first.

At this time, Lin Yi looked at Zheng tianchu indifferently and said, "Could this be the way your pill Hall treats its guests? I was invited by you to treat Tian Xing Dao, not to be wronged. This person doesn't seem to welcome me. "

Hou guanqi's eyes lit up and he immediately chided, ""Zheng tianchu, did you hear that? hurry up and leave!"

When Zheng tianchu heard this, he immediately exploded with anger. As the grandson of Zheng dongjue, his status in the pill Hall was now like the sun in the sky. He had never been berated like this before. He pointed at the crowd and said, ""You ... You dare ..."

Before he could finish, hou guanqi interrupted him, ""I'll ask you again, are you going out or not? Treating and treating elder Tian's injuries is an order from my master, the alchemy God. By making things difficult for you, are you trying to disobey my master's orders and betray the sect?"

As soon as the word "traitor" came out, Zheng tianchu could not help but shiver in fear. With such a big accusation, no matter how strong his background was, he would still die.

"You ... You guys ..." Zheng Tianqi gritted his teeth, but under the glare of hou guanqi and Cai Zhongyang, the two registered disciples of Zhang Liju, he didn't dare to be tough anymore. "Alright, I'll wait at the entrance. I'd like to see how you're going to clean up the mess!"

"Sister-in-law, come out with me!" Zheng tianchu was still worried about Tian Gang, so he tried to hold his hand.

However, Tian Gang dodged it nimbly. He said indifferently, ""No need, I'll just stay here."

Zheng tianchu didn't dare to use force in front of everyone, so he had no choice but to walk out of the door alone.

In the room, hou guanqi and Cai Zhongyang could only look at each other with a bitter smile. Although Zheng tianchu had been driven out, this guy would definitely continue to guard the door. Paper can't cover fire. When the time came, he would be exposed. The two of them didn't know what to do.

At this time, Lin Yi sat beside Tianxing with a calm expression, gesturing for him to stretch out his hand and take his pulse. He really did have the air of a doctor.

Tian Gang was surprised-when did Lin Yi become a medicine master? he was even invited by hou guanqi and Cai Zhongyang to do medicine for the heavens?

However, as surprised as she was, Tian Gang still had confidence in Lin Yi. She knew that Lin Yi's medical skills were superb when they were in the common world. Even if he couldn't completely cure Tian Xing, he should be able to diagnose something.

Hou guanqi and Cai Zhongyang, on the other hand, had no idea what was going on. They thought that Lin Yi was just putting on an act, and their expressions froze.

Hou guanqi glared at Cai Zhongyang."This kid is so unreliable. He's good at pretending. If he doesn't tell the truth to the sky elder now and ask him to help deal with Zheng tianchu, he'll be courting death if he continues to pretend!"

Chapter 4110 Shocking Everyone

Cai Zhongyang spread his hands helplessly. After interacting with Lin Yi for a few days, he felt that Lin Yi was very stable and reliable despite his young age. Otherwise, the two wouldn't have become friends despite their age difference. He really didn't expect things to turn out this way.

There was no other way-since Lin Yi didn't want to say it, Cai Zhongyang felt that he had to force himself to say it for him. This was better than letting sky elder find out later. With his fellow disciples "efforts for sky elder all these years, he believed that he'd be disappointed at most, but he wouldn't pursue it too much.

Cai Zhongyang knew that Zheng tianchu was guarding outside the door, so he secretly used his strength to create an artificial barrier. It was invisible and hard to detect, but if one paid close attention, they would find that standing at the door could no longer hear the sound inside the room. It had been blocked.

Of course, it was only effective against Zheng tianchu. It would not be effective against high-level experts.

Then, Cai Zhongyang was ready to confess to the sky elder, but Lin Yi had already finished checking his pulse. He concluded with a surprised face, "Elder Tian, not only have your meridians been completely shattered, even the traces of your original meridians 'growth have begun to blur. This is truly unprecedented. Even the gods can't cure you."

One sentence from Lin Yi stunned everyone. Hou guanqi and Cai Zhongyang looked at each other-so this Lin Yi wasn't just acting, he really did have some skills!

It was just as Lin Yi said-the root of elder Tian's injuries was his crushed meridians! It was different from si tsunami's broken meridians. Even the meridian opening elixir couldn't show its effect. This was the reason why Zhang Liju and the registered disciples were helpless.

There was only one way to truly cure him, and that was to piece his broken meridians back together bit by bit. Such an action was heaven-defying, and even the Saint Doctor Zhang Liju didn't have such a terrifying ability. It was also because of this that Tianxing's injury had been delayed until now, and they were still helpless.

Tian xingdao's heart sank at Lin Yi's words, disappointment flashing through his eyes. He smiled bitterly, ""Even the gods can't cure him, so that means there's no cure at all ..."

Tianshuo, who was standing at the side, looked at Lin Yi with a pleading and longing gaze.

She also knew that this kind of thing could only be cured if it could be cured and could not be cured if it could not be cured. She could not force him to do something against his will. However, Tian xingdao was an elder who was related to her by blood. She really could not bear to see him so helpless and depressed.

To her surprise, Lin Yi shook his head and smiled, ""That's not entirely true. Immortals are not omnipotent. What Immortals can't do, it's not necessarily impossible for us mortals to do."

"Ah?" Hou guanqi and Cai Zhongyang looked at each other. They were just relieved, but they were worried about Lin Yi again. Even their master couldn't do anything about it, how could Lin Yi Do it? this little friend was really worrisome!

Tian xingdao's eyes lit up like a drowning man clutching at his last straw. He stared at Lin Yi and asked, "Could it be that you have a way to heal my injuries?"

He'd been waiting helplessly for so long-he wasn't afraid of Lin Yi talking big, but he was afraid that Lin Yi wouldn't even dare to talk big. If Lin Yi didn't even dare to try, then there'd be no hope.

Lin Yi smiled faintly, "to be honest, with your injuries, other people wouldn't be able to hold on anymore. But a legend is a legend, after all. You're so energetic now, and you've saved the last chance for yourself to recover. I can't guarantee a complete recovery, but I'm willing to give it a try."

"Lin Yi, this is about elder Tian's life. This isn't a game, you have to think this through ..." Hou guanqi and Cai Zhongyang quickly reminded Lin Yi.

Lin Yi's words were solid, but they still couldn't believe it. It wasn't that they looked down on him, but they were concerned for him. After all, if even the Saint Doctor Zhang Liju couldn't cure it, it would be too much of an exaggeration for a kid like Lin Yi to say that he could.

However, Tian xingdao interrupted the two of them and said, ""It's okay, apothecary Lin. No matter what the result is, I believe it won't be worse than what I'm doing now. I'll only be grateful and not blame you."

"Alright, let's start now." With that, Lin Yi clasped his wrist and started channeling the art of Dragon mastery, healing the man.

Hou guanqi and the other man were confused. What kind of treatment method was this? Why did it look like he was checking his injuries and not treating them?

However, when they saw Tian Lao's grave expression, they did not dare to disturb him. They could only watch from the side in fear. The only thing they could do now was to protect the two of them.

Time passed by slowly, and after two hours, Lin Yi finally retracted his pure Qi. The healing process had come to an end.

"Elder Tian, what do you think?" Hou guanqi and Cai Zhongyang quickly asked.

Tian xingdao sensed the condition of his body and was shocked. He looked at his right arm in disbelief and said,""The meridians in my arm ... Have recovered?"

"Really?" Hou guanqi and hou Yunfeng were shocked. They didn't need an answer to know that Tian xingdao was telling the truth. They realized that the spiritual Qi in the room was flowing toward Tian xingdao's right arm!

As a former legendary figure of Nakajima, Tianxing's strength was beyond doubt. He could control the spiritual energy of heaven and earth with a single thought. This kind of magical power seemed incredible to ordinary people, but it was at his fingertips. However, the most basic premise was that his meridians had to be restored.

"Elder Tian, you ... You've really recovered?" Hou guanqi and Cai Zhongyang were looking at Lin Yi as if he was a monster.

Treating Tianxing's illness was just an excuse, but they didn't think that it would turn into reality. What was even more unexpected was that even their master, Liju, couldn't do anything about it, and Lin Yi really did cure it!

The two couldn't help but have a ridiculous thought-could this Lin Yi be some legendary figure in disguise?

Tian xingdao was immersed in his ecstasy, but Lin Yi shook his head and replied, ""Seniors, you've misunderstood. Elder Tian hasn't fully recovered. I've only reconnected the meridians in his right arm, that's all."
