

Bodyguard 4141

Chapter 4141 Helping People Increase Their Strength

However, what would happen if Lin Yi turned all his men into skilled Masters?

At that time, no matter how blind they were, they would only dare to respect them and not provoke them.

Since it was proven to be effective, Lin Yi wouldn't stop so easily. He went one step further and focused on increasing the girls "strength.

He was an early gold core expert. If there were no accidents, he should be able to forcibly raise the two women to the perfected Foundation establishment realm!

It was just as Lin Yi expected-he'd been very familiar with this since he was in the common world, and it was just a different realm now. The logic was the same.

Everything was so natural, and under Lin Yi's full strength, the two girls "strength skyrocketed, forcibly rising to the full foundation Stage.

The level barriers that normal people couldn't break through were nothing in front of a perfect golden core like Lin Yi, especially with the Jade space constantly replenishing his Qi. Everything seemed so natural.

Tian Gang and Xue Li felt like they were in a dream, and even Lin Yi didn't expect the process to be so smooth.

However, just as Lin Yi thought that he had succeeded and slowly pulled his hands away from the girls' backs, something happened!

Bang! Bang! Without any warning, the clothes on the two women exploded into rags. Even their most private underwear was not spared.

"Ugh ..." Lin Yi was dumbfounded as he looked at the naked tianshuo and Xue Li. He couldn't help but swallow.

No matter how calm he was, if he still didn't have any reaction to the two exquisite and fair bodies, he would probably have to hurry to an androgynous hospital to have a look.

Tian Gang and Xue Li didn't realize it at first, still immersed in the joy of their strength rising, but when they turned and saw Lin Yi's strange expression, they suddenly came to their senses and crossed their arms in front of their chest, lowering their heads shyly.

"How are you guys feeling? Are you alright?" Lin Yi gulped with difficulty as he asked in concern.

"I'm ... I'm fine ..." The two girls looked at each other and shook their heads, but they didn't dare to look Lin Yi in the eye. Their faces were red to the ears.

both of them were virgins, and they'd never shown their faces to a man like this before. even if they'd already fallen for lin yi, they'd never really been intimate with him before. they weren't prepared for this at all, and their hearts were beating like deer in the headlights, jumping out of their throats.

"that's good, i guess you guys aren't familiar with the sudden increase in your qi. although you're at foundation stage peak, you still haven't stabilized it yet, so you can't control it, that's why ..." lin yi enjoyed his eyes as he rubbed his chin awkwardly.

"oh." the two girls nodded, and then xue li suddenly bit her lips gently, let go of her hands that were covering her chest, and said with a blush, ""actually, lin yi, if you want, i can ..."

xue li's heart had been with lin yi for a long time, especially after lin yi saved her from her misery. she subconsciously wanted to marry him, but she never had the chance.

If Lin Yi didn't mention it, she wouldn't have offered herself to him. She didn't expect things to turn out this way.

"Ha?" Lin Yi's eyes froze, but before he could react, Tian Gang also let go of his chest and bit his lips, ""I can do it too ..."

Suddenly, two girls threw themselves into his arms at the same time, both as beautiful as fairies, and they didn't hide anything at all. Lin Yi was caught in a battle between heaven and man.

He didn't consider himself to be a gentleman. In fact, even if he was, there was no reason for him to back down at this time. If he did, he would be worse than a beast.

However, time was of the essence, and Lin Yi could only pinch his own thigh in the face of such temptation. He forced himself to hold on to the last bit of clarity in his mind and smiled bitterly, "This ... Xiao Ling, Xue Li, we're not done with our business yet ..."

"Ah?" Tian Gang and Xue Li looked at each other, and their faces suddenly turned redder. They both thought it was over.

"The two of you have just broken through to the perfected Foundation establishment realm, and the true Qi in your bodies is at its most active. If you try to break through to the Golden elixir realm, with me guiding your true Qi from the side, the possibility of success in one go is still very high." Lin Yi said as he took out the remaining two peak grade golden cores and the star inkstone!

Strictly speaking, star inkstones were the same as elixirs. They were consumable items. After all, the power of the stars and the power of the sea contained within them were limited. Once they were completely used up, they would be useless.

The star inkstone in Lin Yi's hand, on the other hand, only used half of the star and Ocean Energy to successfully form the ten thousand beauty golden pill when he broke through. He had the remaining half, and it was just right for Tian Gang and Xue Li.

Lin Yi knew that he wouldn't be staying in the middle Island for too long. Once he left, if the two girls were still at the peak of the Foundation Stage, he wouldn't be able to rest easy even with the help of the Tianxing path. But if the two girls were to become the strongest golden core stage Masters like him, then there was nothing to worry about.

"Directly attack the Golden elixir realm?" Tian Gang and Xue Li jumped in shock and looked at each other, forgetting the awkwardness of meeting Lin Yi.

Before this, they were only experts of the early Foundation Stage, and even the peak of the early Foundation Stage could only be imagined. Now, less than half a day had passed, and they were actually preparing to break through to the jiedan stage. If this news were to spread, it would definitely be regarded as whimsical lunatics by the world.

"that's right, together with this half a star inkstone, once you succeed, it will be a perfect breakthrough. you will become the jindan stage experts with the greatest potential. do you want to try?" lin yi nodded.

"the jindan stage expert with the strongest potential?" tian gang and xue li's eyes lit up. although they were not warlike people, they had tragic experiences before. they knew that in the world of cultivation where the strong preyed on the weak, strength was the real foundation. naturally, the stronger the better.

"alright, i'll listen to you." the two women responded in unison after a moment.

from their point of view, this was too unbelievable, but they had developed a blind trust in lin yi. no matter what lin yi told them to do, they wouldn't have any objections. after all, everything lin yi did was for their own good, and he would never harm them.

Chapter 4142 A Sixth-Grade Golden Core Of Nascent Formation

"Then, let's start." Lin Yi explained the main points to the two girls and made them consume their golden cores, guiding their Qi.

Breaking through to golden core was a big deal, and he couldn't afford to be distracted at all. Even with the two girls "beauty in front of him, Lin Yi didn't care.

They were both trying to break through to the Golden core stage, and they were both trying to break through perfectly. The process that Tian Gang and Xue Li needed to go through was the same as Lin Yi 's. Originally, they wouldn't be able to do this with their Foundation, but luckily, they had Lin Yi as a cheat.

Although Lin Yi couldn't directly raise their strength to the early golden core stage, he could help them share a large portion of the pressure during this difficult breakthrough process.

What Lin Yi had to do was not only to guide the Qi from the two girls "golden cores and protect their meridians, but also to use the refinement fire to refine the power of the stars and use his spirit sense to gather the power of the ocean for them.

In other words, the most difficult parts of breaking through to golden core were all taken care of by Lin Yi for Tian Gang and Xue Li. The only thing they needed to do was to focus on forming the Golden core in their dantian.

Two days passed by in a flash. When he saw Lin Yi coming out of seclusion, Tianxing, who had been guarding the heavenly elixir Pavilion, quickly went up to him. However, Lin Yi didn't say anything. The first thing he did when he came out was to go to Tian Gang and Xue Li's room and get them clothes.

After that, he looked at the two girls blushing and walking out of the room awkwardly. Tian xingdao couldn't help but smile at Lin Yi,"Lin Yi lil bro, you're the envy of many! I thought you were in a hurry to take them away, and even closed the heavenly pill Pavilion. I didn't expect you to be a Playboy!"

"ugh ... you're thinking too much, tian bro ..." lin yi was speechless. he pointed at the two girls, ""can't you see the change in them?"

"change?" when tian xing heard this, he was stunned. when he looked at tian gang and xue li again, there was no longer any mockery in his eyes. "early ... early aurous core stage? how is this possible?"

three short days ago, the two girls were still young and weak early foundation practitioners, but now, they were both golden core practitioners, just like lin yi.

Tian xingdao even felt a strange aura from the two girls. Although they were much weaker than Lin Yi, they were obviously the same. In other words, the two girls were also the strongest golden core cultivators who had broken through perfectly!

Such a thing was simply unheard of. Even with Tian Xing Dao's vast knowledge, he was so shocked that he almost bit his tongue and could not say a word for a long time.

"Lin Yi lil bro, this is your doing? Three of the strongest Jindan experts at once?" Tian xingdao took a long time to calm down and asked, dumbfounded.

Although a miracle happened to Tian Gang and Xue Li, Tian Xing could tell that this was Lin Yi's doing even if he used his toes. Otherwise, it was impossible for the two girls to do this.

"I have no choice. If I don't increase their strength, I won't be able to rest easy." Lin Yi smiled faintly.

"Little brother, you're going against the heavens!" Tian xingdao could only squeeze out one sentence.

He was very curious as to how Lin Yi managed to raise the strength of the two girls to such a shocking level, but he knew without even asking that this was Lin Yi's biggest secret. The fewer people who knew, the better. After all, no matter how he thought about it, this was too heaven-defying.

Before this, he thought that Tian Gang and Xue Li serving Lin Yi together would be too much for them. After all, although Lin Yi was good, the two girls were both peerless beauties. No matter where they went, they would be the stars surrounding the moon.

But now, it seemed that being able to follow Lin Yi wasn't a bad thing for them at all-it was a great fortune for them!

Tian xingdao couldn't help but feel that it was ridiculous. He thought that he was already legendary, but compared to Lin Yi, all the things he did back then were child's play.

Tian xingdao wasn't just saying the word "defying the heavens" out of the blue. He truly felt that Lin Yi was a monster that could defy the heavens!

As they were talking, hou guanqi and Cai Zhongyang came over to ask as usual. When they saw Lin Yi and the other two golden core stage Masters, their performance was worse than Tian xingdao 's. Their jaws dropped, and they couldn't speak for a long time.

"Monster, you're really a monster. Even my master can't compare to you!" This was the final conclusion that everyone came to.

Lin Yi could only smile bitterly at this. Your master was my cheap master, and if I'm a monster, then wouldn't he be an old monster too?

Since they had successfully come out of seclusion, the heavenly pill Pavilion's business naturally had to reopen. Tian Gang and Xue Li started to get busy again. As usual, Xue Li was the main manager of the business, while Tian Gang was focused on alchemy.

Now that she'd reached the early golden core stage, her speed and success rate were much higher than before. She even had the chance to make supreme quality fourth-grade pills now. To the heavenly pill Pavilion, which only had Lin Yi and her to supply them with, this was great news.

As for Lin Yi, he wouldn't be able to take care of the heavenly elixir Pavilion's business for the time being. The reason was simple-he was busy making the Golden elixir for Tian Xing Dao!

The Tianxing sect had the recipe, and hou guanqi and Cai Zhongyang were providing the ingredients. All that was left for Lin Yi was to try making this level six golden pill.

He went back to practicing, and as he expected, the energy he had was enough to make level six pills after reaching the early golden core stage. As for how he was going to make it, he had the Shennong medicine cauldron, a godly tool that could automatically make elixirs, so he didn't have to worry too much.

The only thing he had to do was to control the strength of his true Qi and control the fire in Shennong's medicinal cauldron while he waited for the pill to be completed.

After a whole day and night, Lin Yi didn't let them down. He succeeded on his first try and made a golden core of the nascent soul. When he finally handed it to Tian Xing Dao, everyone was already used to it.

To be able to cure the terminal illness of Tianxing Daoist sect and to produce three strongest Masters of the Golden core stage at once, was it strange that this freak could refine a sixth-grade golden core of nascent formation?

Now that he had the sixth-grade golden core, Tian xingdao, who was eager to restore his strength, immediately took it on the spot and began to condense his nascent soul in seclusion.

Chapter 4143 The Battle For The Position Of Vice Island Master

Lin Yi didn't just stand by and watch, but went into isolation with Tian xingdao. This way, he could protect him. After all, according to Tian xingdao himself, every time he broke through to this realm, it was very dangerous. His meridians might burst, but with Lin Yi by his side, he could save him in time and not cause another tragedy.

On top of that, watching someone else forming their nascent soul up close, especially a legendary master like Tian xingdao, was a rare experience for anyone. When it was Lin Yi's turn in the future, he would be able to use it with ease.

The difficulty of condensing a Yuanying was countless times more difficult than condensing a jiedan. Since ancient times, countless Masters had been stuck at this threshold. Even if they were fully prepared in advance, the success rate had always been low.

However, Tian Xing Dao had successfully formed his nascent soul before. Strictly speaking, it was only a nascent soul this time, so the difficulty was much lower. With Lin Yi's protector as a witness, he successfully formed his nascent soul!

after that, tian xingdao did not choose to leave his seclusion immediately. instead, he decided to take advantage of the situation to recover his peak strength.

after breaking through the threshold of forming a nascent soul, there was no obstacle that could stop tian xingdao in his deep foundation. after only a few days, tian xingdao successfully came out of his seclusion, and his strength had been restored to his previous peak state of the great circle of the nascent soul!

now that he had regained his strength and stood at the top of the sky class island, tian xingdao was naturally full of confidence. with his straightforward personality, there was no reason for him to continue enduring the humiliation he suffered last time. without saying anything, he went to the island owner's pavilion again.

the pavilion of the island owner was located at the peak of middle cauldron mountain. as the name suggested, it was a place where only the island owner could enter and leave. the pavilion of the island owner had always been formed by five people, one island owner and four deputy island owners.

This time, Tian Xing Dao reappeared in the pavilion of the island master, but the situation was the same as before. The island master of Nakajima still used his absence as an excuse and declined to comment on restoring his status as the Deputy Island master. As for the other three Deputy Island Masters, they also found various reasons to change the topic.

"Everyone, I've never mistreated you or offended you all over the years. Why do you have to make things difficult for me over such a matter that is only right and proper? Is there any benefit to you?" Tian xingdao sneered at the four island Lords.

Without waiting for the four of them to speak, Tian xingdao released his full power of a peak nascent soul realm cultivator.

Everyone's expression changed. When they heard that Tian xingdao had recovered from his injuries, they were already surprised. They thought that no matter how powerful Tian xingdao was, it would take at least a few months for him to recover his full strength. They didn't expect that he would do it in just a few days!

Everyone present, except for Tian xingdao, was a master of the xuansheng stage. If it were any other master of the great circle of the original level, they would not put him in their eyes at all. But Tian xingdao was different. This guy absolutely could not be looked at with the eyes of ordinary people.

The number of xuansheng stage cultivators who had died at his hands in the past was not just one or two. To others, killing cultivators of a higher level in an instant was a challenge, but to him, it was a common occurrence. He could not be taken lightly just because his actual level was low.

At the very least, in terms of pure combat strength, Tian xingdao was at least above average, even if he was not the best among them. No one present, including the master of the middle Island, dared to say that they had a 100% chance of winning against him.

Faced with Tian xingdao's imposing aura, everyone's expression became somewhat subtle. Strength determined the right to speak. Previously, when Tian xingdao had not recovered his full strength, they could ignore him. But now, they did not dare to be so arrogant.

Everyone looked at each other, and the three vice-Island Masters all stopped talking. They all made a gesture of watching from the sidelines. This ball was finally kicked to the feet of the island master of Nakajima.

"According to the rules, if you don't report to the owner's Pavilion for ten years, you'll have given up your position. Even Zhang Liju, the honorary owner, has never been absent for ten years." The master of the island looked at Tian xingdao and said in a deep voice, ""Could it be that you want to change the rules of the island Lord's pavilion by yourself?"

"I wouldn't dare, but I was seriously injured before, and it wasn't that I didn't want to report. The rules are dead, but people are always alive. You can't possibly not show this much understanding, right?" Tian xingdao said angrily.

"For the past thousand years, the rules of the island Lord Pavilion have never been broken. This rule will not be broken by me." The island master said expressionlessly.

"You!" Tian xingdao wanted to continue fighting, but a vice Island master standing not far away from him suddenly gave him a look.

This man was called Chu Wentian, and he was the one who had the closest relationship with the heavenly path among the people present. Although they were not die-hard buddies, they could be considered to have similar temperaments. Most importantly, they had never had any conflicts, so their relationship had always been good.

"This problem can't be solved with a few words. In my opinion, xingdao, you should give everyone some time to think about it." Chu Wentian tried to smooth things over.

Although Tian xingdao was unwilling, he still nodded. Although he was a stubborn person, he could see that the current situation was not good. If he continued to be so stubborn, he would only push the island master and the other vice Island Masters to the opposite side. Once the relationship was strained, it would be even more difficult to deal with.

As he stepped out of the door, Tian xingdao was pulled aside by Chu Wentian. He wanted to find out what was going on.

"Actually, even if there are rules, xingdao's special circumstances will allow you to do things on a special occasion." Chu Wentian consoled.

The last time Tian xingdao came, he did not say anything. Ultimately, it was because Tian xingdao's strength was too low at that time. They did not even have the qualifications to know the inside story. It would be useless to tell him. But now, the situation was naturally different.

"I can also guess that something must have happened in the middle. What exactly is the inside story? you'd better tell me." Tian xingdao waved his hand and said.

"Alright, then I'll be frank with you. Someone has their eyes on your position." Chu Wentian said with a bitter smile.

"Who is it?" Tianxing's eyelids twitched, and he was immediately enraged. Although he had some speculations, he did not expect that someone would really dare to stroke his Tiger's whiskers. They even wanted to snatch his position as the Deputy Island master of Nakajima. Could it be that they had already forgotten his impressive battle achievements in the past?

"The cultivator college, Nantian Aurora. He's already the Vice Dean." Chu Wentian said bluntly. He was not familiar with Nantian Aurora Polaris. To him, if his old friend, Tian Xing Dao, could keep his position as the Vice Island master, it would obviously be more beneficial.

Chapter 4144 Preparing For The Challenge

however, he could only help the tian xing dao so much. at most, he could provide some information to sell a favor. it was impossible for him to help the tian xing dao deal with the southern heaven aurora openly.

after all, the relationship between him and the tian xing dao was not that close. since nantian aurora polaris could compete for the position of the vice island master, he was naturally not a weakling. it was obviously not worth it to offend such a strong expert for the sake of a favor from the tian xing dao.

"southern heaven aurora?" tian xingdao's eyes revealed a frightening killing intent. he asked in a deep voice, ""this matter has already been decided?"

"Not yet, but it's basically been decided internally. The last step is to hold a meeting and vote. If xingdao had recovered a few days later, you probably wouldn't have been able to do anything. After all, from the current situation, the island master and the other two support him in taking the position." Chu Wentian shook his head and smiled bitterly.

In fact, in his opinion, even if Tian Xing Dao's strength was restored to its peak, it would still be very difficult for him to keep the position of Deputy Island master. Even if he chose to give up, the other three, including the island master, all supported Southern Heaven Aurora. It would not be easy for Tian Xing Dao to change their minds in a short time.

Furthermore, Tianxing had never been a person who was good at making friends. In the past, his relationship with the three of them had been very ordinary. At this time, he would not lower his head and speak to the three of them, unless the sun rose from the West.

"Fine, since that's the case, I'll fulfill their wishes." Tian xingdao suddenly sneered.

"Ah?" Chu Wentian was taken aback and said in surprise, ""You're planning to give up just like that? This doesn't seem like your usual style. "

"Since they all support Southern sky Aurora, what can I do? I can't force them to change their minds, right? Although I'm confident, I'm not that arrogant. Since that's the case, I might as well fulfill their wishes. What do you say, old friend?" Tian xingdao said with an unreadable expression.

"That ... That's true, but no matter how I think about it, I don't think you'll be willing to endure it. Xingdao, what are your plans? there's no need to hide it from me, right?" Chu Wentian looked at Tian Xing in confusion.

"It's very simple. If they support Southern Heaven Aurora Polaris, then let them support him. It's just that on the day he takes office, whether or not Southern Heaven Aurora Polaris can really sit on the position of Nakajima's vice-Island master will depend on whether he has the ability to do so." Tianxing's eyes were cold.

"Could it be ... You want to challenge him?" Chu Wentian was shocked, and then he suddenly realized.

Sky Class Island had always encouraged geniuses to stand out. Even the Vice Island master of the middle Island, who was at the peak of power, could be challenged on the day he took office.

However, there was a prerequisite here. The strength of the Challenger must be lower than that of the previous one. Otherwise, if it was purely based on the strong bullying the weak, then it would not be considered a world-shocking genius expert, and naturally there was no need to be promoted and treated as an exception.

Although this rule had always existed since ancient times, the chances of it actually taking effect were rare.

After all, those who could compete for the position of vice Island master were the best among the Masters of the same level. Even among the Masters of the same level, they were the top or even invincible existence. If a person whose strength was lower than his realm were to challenge him, then there was no chance of winning.

"Hmph, I'll wait until that day to challenge him. Even the island Lord and the other two can't stop me." Tian xingdao's eyes were filled with battle intent. After being injured for so many years, he had not felt this excited for a long time.

"This ... Xingdao, are you sure you want to do this? That Nantian Aurora Polaris is an early stage mysterious Ascension realm expert!" Chu Wentian couldn't help but remind him.

"Hehe, so what? Many xuansheng stage cultivators have died at the hands of my Tian Xing Dao. Do you think I'm afraid of him?" Tian xingdao said with a confident smile.

"Uh ... That's true. You've always regarded challenging those of a higher level as a common occurrence." Chu Wentian couldn't help but shake his head and laugh. "Now that I think about it, why do I feel like the rules of the challenge were tailor-made for you?"

What others couldn't do was child's play for the heavenly path. The word 'tailor-made' was not a lie.

"The only thing I'm worried about now is that when the time comes, the southern Heaven Aurora will be thick-skinned and refuse to accept the battle. Then, I'll really be at my wit's end." Tian xingdao said worriedly.

"Don't worry about that. If he doesn't accept the challenge, he won't be able to take the position. Even if he avoids you and secretly takes the position, it won't be proper and won't be able to convince the public." Chu Wentian chuckled. "That's why I believe that no matter who's in his position, they would definitely not avoid the battle. After all, he's a xuansheng stage expert, but he's afraid of you, a nascent Soul Stage expert. If this gets out, it'll be too embarrassing."

"I hope so," Tian xingdao nodded. Although his achievements in the past were shocking, it had been a long time since then, and his intimidation had been greatly reduced.

Any xuansheng stage expert was bound to be extremely ambitious and would not easily lose face. For someone like Nantian Aurora Polaris who was about to make a name for himself, even if he was afraid of him, he would not admit defeat in front of him.

A few days later, due to the unanimous approval of the island master Pavilion and the push from the forces behind him, Nantian Aurora Polaris finally had the joyous day of taking over the position of the Deputy Island master.

This day was destined to be remembered in history because it was the first time that someone from the cultivator college had won the glorious position of the top power in Nakajima District.

The pavilion of the island Lord, which had never been open to the public, opened its doors to welcome everyone. Almost all the leading figures of all the sects and forces on the middle Island were invited to attend and cheer on the new vice-Island Lord, Nantian Aurora Polaris.

"Heh, what a big scene." Lin Yi couldn't help but exclaim as he followed Tian Xing Dao into the crowd, feeling the strong presence of the people around him.

The people who came here today were all the top leaders of various forces. He was an early jiedan stage master. Although he had a perfect breakthrough and had the potential to become the strongest jiedan stage master, compared with the surrounding Super Masters who were at the Yuanying stage and even the xuansheng stage, he was still too far behind. They were not on the same level at all.

"It's obvious that this southern sky Aurora has a strong background. Otherwise, these people would not come in person just because of his title as the Vice Dean of the cultivator college. At most, they would send a letter of congratulations." Tian xingdao said indifferently.

In the past, whether it was him or the other three Deputy Island Masters, they were far less exaggerated when they took office. The vast array of Southern Heaven Aurora was even comparable to the island master's appointment.

"Could the other important background of the southern sky Aurora be the central Chamber of Commerce?" Lin Yi couldn't help but wonder as he looked at si tsunami, who was laughing and talking with Nantian Aurora.

Chapter 4145 What A Great Style!

He really didn't expect that the person competing for the position of vice-Island master with the heavenly path would turn out to be southern sky Aurora, an old rival who had dealt with him in the secular world. What was even more unexpected was that southern sky Aurora was actually in cahoots with si tsunami. This reminded him of the recently rising central Chamber of Commerce.

As an early xuansheng stage master, the southern sky Aurora's senses were extremely sharp. Lin Yi only took one look at him and he immediately sensed it. After carefully examining Lin Yi's appearance, his face changed.

The crowd split apart, and Nantian guangzhao and Si tsunami walked in front of Lin Yi. Nantian guangzhao was the main character today, so he naturally attracted everyone's attention.

"I didn't expect to see you here, Lin Yi. I don't know if I should say you're just unlucky or that you're just stupid enough to come here and let me take care of you." Nantian Aurora smiled coldly at Lin Yi.

He already didn't like Lin Yi when they were in the secular world. He also heard about Lin Yi's conflict with the Nan Tianba brothers from Si tsunami. If Lin Yi hid far away, it would be fine. He didn't want to waste his energy to find him. But now that this guy came to his door, how could he not teach him a lesson?

Although he was the new Vice-Master today, and there were so many eyes watching, Nantian Aurora had to care about his image, but it wouldn't be a problem to take care of a small Lin Yi. He could use him as a stepping stone to show his strength.

Lin Yi frowned. He was an early golden core, and his opponent was an early xuansheng-they were two whole levels apart. He was barely able to withstand the pressure, let alone fight.

However, in front of Nantian Aurora, he wouldn't admit defeat even if he knew he couldn't beat Lin Yi. He didn't even need to show his face in this situation. Nantian Aurora wasn't his opponent.

"Hmph, you haven't even taken the position of vice Island master and you're already putting on airs. You're very imposing." Tian xingdao took a step forward and protected Lin Yi behind him as he sneered at Nantian Aurora.

Under everyone's watchful eyes, the southern Heaven Aurora subconsciously took a step back when he suddenly felt the overbearing aura of the heavenly path. Then, he reacted in a somewhat angry manner. He was a master of the early stage of the xuansheng stage! How could he be afraid of a mere complete nascent soul realm cultivator?

"Tian xingdao, this is a personal grudge between me and him. I advise you not to interfere, lest you ask for a snub." Nantian Aurora said with a gloomy face.

"Personal grudges? That's too much of a coincidence. There seems to be a personal grudge between you and me, right?" Tian xingdao sneered.

"Are you trying to say that I stole your vice Island master position? Haha, this is something that everyone in the pavilion has agreed on. Tian xingdao, you are a legendary figure, you don't have to act like a resentful woman and play the part of a resentful wife, right?" Southern Heaven Aurora laughed with a proud look.

Beside him, si tsunami and the rest of the people also echoed one after another. It was human nature to praise the high and trample on the low. Compared with the "loser" Tian Xing Dao, they naturally stood on the side of the southern sky Aurora.

In particular, patriarch xuanchen, who was hidden in the crowd not far away, was looking over with a sinister smile! He had followed Nantian Aurora Polaris and was now a small Deacon at the cultivator college. It was reasonable to say that he could not come to this kind of occasion, but Nantian Aurora

Polaris had brought him here to join in the fun. However, he did not have the ability to join in, so he could only mix in the crowd to cheer!

"Resentment? "Hehe, you seem to have misunderstood ..." Tianxing smiled, but he was too lazy to explain further. After all, this was the only time the other party could be arrogant."Nantian Aurora, I have something to say first, in case you die without knowing why. Tian Ji is my sister, and Lin Yi is my brother-in-law. If you dare to touch him, I won't even let you be a ghost, let alone vice-Island master."

"Hmph, what a big tone!" Nantian Aurora Polaris's face suddenly became extremely ugly. If it was any other peak Yuanying stage expert, he would have killed them on the spot just because of these words.

However, his opponent was Tian Xing Dao, a famous man. In the face of a legendary master who could kill people of a higher realm in seconds, even if Nantian Aurora was arrogant, he had to think carefully.

Looking at Lin Yi behind Tian xingdao, Nantian Aurora couldn't help but curse in his heart. I'll let you go today. After I figure out a way to kill Tian xingdao, let's see who'll still support you!

Under everyone's attention, the two sides confronted each other for a moment. The smell of gunpowder was strong, but they didn't start fighting. Nantian Aurora Polaris sneered and immediately turned around and left with si tsunami.

Today was the big day for the new Vice-Master of the central island. Before that, he didn't want anything to happen. As for Tianxing and Lin Yi, he would deal with them in the future.

Unfortunately, his wish was destined to not be fulfilled today. After a moment, the entire place quieted down, and the Vice Island master's inauguration ceremony officially began.

However, just as Nantian Aurora Polaris was about to step toward the seat representing the Vice-Island master, he was stopped by someone before he could even touch it. This person was naturally Tian xingdao.

"I, Tian Xing Dao, challenge the Vice Island master of Nakajima. Nantian Aurora, do you dare to fight me?" Tian Xing Dao slowly walked out of the crowd under everyone's gaze.

F * ck! Nantian Aurora Polaris almost spat out a mouthful of blood. He wanted to deal with Tianxing, but he never thought of fighting to the death with Tianxing at this time!

As long as he could successfully take over the position, he had a hundred ways to kill Tianxing, but that did not include a one-on-one fight with Tianxing. No matter what, even if Tianxing had been seriously injured for so many years, he was still a powerful man with a fierce reputation.

In an instant, everyone's eyes darted back and forth between the heavenly path and the southern Heaven Aurora. They were all discussing spiritedly. They had only come to support the southern Heaven Aurora, but they had never expected to see such a good show.

"Alright, since you're bent on seeking death, I'll fulfill your wish!" Nantian Aurora couldn't afford to lose face in front of so many people. He could only grit his teeth and fight. The powerful aura of an early stage xuansheng expert poured out without reservation.

"Hmph, at least you have some courage. As for whether you'll die or not, we'll only know after we fight." Tian xingdao smiled and also released a powerful aura, competing with Nantian Aurora.

When the surrounding people saw this, they immediately retreated tactfully and revealed an expression of anticipation.

Both Nantian Aurora Polaris and Tian xingdao were Supreme experts who stood at the peak of the middle Island. Not only did they want to see how strong Nantian Aurora Polaris was, but they also wanted to know how much strength Tian xingdao, who was rumored to have recovered, had recovered!

Chapter 4146 Turning Around Too Quickly

the pavilion of the island master was located at the peak of the middle cauldron mountain, which was already high up in the clouds. now that the aurora polaris of the southern sky and the tianxing daoist were confronting each other, their auras intertwined, and even the sky above everyone's head was changing. it was a depressing scene as if a storm was coming.

"tian xingdao, i really wonder if you've been injured for so long that even your brain can't function! killing someone of a higher level in seconds is just a boast. do you really think that you can deal with me with the strength of a mere peak nascent soul realm cultivator?" hmph, you really don't know how to spell the word "death"!" nantian aurora said with a cold smile.

"Why are you talking so much? let's just start fighting. If you don't know how to spell the word 'death', then I can teach you." Tian xingdao stretched his neck and the joints of his hands and feet as he walked toward the southern Heaven Aurora.

F * ck you! Nantian Aurora's expression froze, and his face turned even uglier. With a ferocious look on his face, he leaped up and rushed toward Tianxing. His body was surrounded by a powerful true energy that seemed to have materialized, and he was constantly changing his moves.

One moment it was a palm, one moment it was a claw, one moment it was a fist, and there were even all kinds of weapons. No matter what ordinary people could think of or not, it could be found in the

solidified true Qi. Such an unpredictable posture, just looking at it, it was already very difficult to deal with.

"It's said that the southern heavenly Aurora is an expert who practices the phaseless magic. Seeing it today, it really lives up to its reputation." An expert in the crowd praised.

"That's right, the phaseless magic can copy any martial arts technique. Before being hit by him, it's impossible to even judge which martial arts technique he's using, so it's impossible to guard against him."

"He's indeed powerful! Looking at Nantian Aurora Polaris's posture, he must have mastered at least twenty to thirty martial arts techniques. He has been a Chancellor for so many years in the cultivator college, it seems that he has put in a lot of hard work!"

"I think Tianxing is in trouble this time. Nantian Aurora is obviously not an ordinary master of the xuansheng stage. If he was in his Prime, we might have a chance to arm wrestle him. But now that he has been injured for so many years, his vitality must not have recovered yet, hehe ..."

While everyone was discussing, Nantian Aurora had already started fighting with Tian xingdao. In just one exchange, Tian xingdao had been mercilessly swallowed up by dozens of powerful martial techniques.

The southern Heaven Aurora's attack was not one move at a time, but all at once. He was an expert in the early stage of the mysterious Ascension realm, so his genuine Qi storage was much more abundant than that of the Tian Xing Dao, a peak nascent soul realm expert. Naturally, he could withstand such a consumption.

He had not been a libation for so many years in the cultivation college for nothing. The southern Heaven Aurora knew better than ordinary people that even a Lion would use its full strength when hunting a rabbit. There was only one reason why so many powerhouses were defeated-they had underestimated their enemy.

Although Nantian Aurora Polaris had never fought with Tian xingdao before, he knew without a doubt that Tian xingdao must have some kind of extremely powerful heaven-defying martial technique to be able to challenge those of a higher realm.

If he was given a chance, he might really succeed in his counterattack. Therefore, the safest way was to suppress him with all his strength from the beginning and not give him any chance at all!

In an instant, Tian Xing's entire body was submerged. Everyone present could not help but look at each other, and their gazes towards the southern Heaven Aurora became more fearful.

This guy was indeed a ruthless man who could compete for the position of the Vice-Island master. If they were in the position of the Tian Xing path, they would have been blown to pieces by the dozens of martial arts techniques.

Nantian Aurora Polaris's next performance was completely unforgiving. He used dozens of powerful martial arts techniques to trap Tian xingdao for the time for half an incense stick to burn!

Everyone present couldn't help but look at him. Under the cover of the solidified Zhen Qi, although they couldn't see the specific tragic state of Tian xingdao, they could tell from the continuous collapse and cracks of the ground under his feet that even if Tian xingdao was not dead, he was definitely not far from it.

With such a fierce attack, ordinary peak Yuanying stage experts would almost die if they touched it. Even the early xuansheng stage experts of the same level could not withstand such a desperate martial technique.

"Are you dead? If you're not dead, beg for mercy and I might be merciful and spare your life. You're a legendary figure and the previous vice Island master. If I kill you, I'm afraid others will say that I'm narrow-minded and unforgiving, so I can consider leaving you a way out, hahaha!" Nantian Aurora burst into laughter.

Everyone also revealed an expression that they could not bear to look at. Although Tian Xing Dao was once very powerful, it was now a thing of the past. In front of Nantian Aurora, he was completely powerless.

"Leave me a way out? Then I'll have to thank you for that?" Tian xingdao's voice suddenly rang out, and everyone was shocked. They looked in disbelief at the square area in the middle that was being bombarded by dozens of martial arts techniques.

"You're actually still alive?" Nantian Aurora Polaris was even more shocked and subconsciously took a few steps back.

"Hehe, your question is a little too strange. Do you think you can kill me with these tickling moves? You're underestimating me!" Tian Xing Dao still didn't see him, only his voice.

"Hmph, pretentious. Do you think you can scare me like this? you're too naive!" The southern Heaven Aurora immediately reacted and attacked with all his might, vowing to kill Tian xingdao in one fell swoop.

However, in the next moment, Tianxing only used an empty-handed punch, and all these powerful martial arts techniques disappeared in an instant, as if they had never existed.

As for Tian xingdao's body, there was not even a speck of dust on it, let alone any injuries!

"How is that possible? How is that possible?" Nantian Aurora Polaris was so frightened that he kept retreating. He would never have thought that the phaseless magic, which he was so proud of, had no lethality at all on Tian Xing Dao. If he had not seen it with his own eyes, no one would have believed it.

"I've already told you that I've killed more than one or two xuansheng stage experts. As for you, an early xuansheng stage expert, you should save it." Before Tian xingdao could finish his sentence, he threw an empty-handed punch at the southern Heaven Aurora.

BOOM! There was no leakage of genuine Qi, nor any unusual power. However, Nantian Aurora Polaris was suddenly hit by a ten-thousand-ton hammer. He was directly sent flying out of the middle cauldron mountain!

With a wail, Nantian Aurora immediately fell from the sea of clouds outside the mountain like a kite with a broken string, and disappeared in an instant.

The entire place fell into a deathly silence. Everyone could not help but look at each other in dismay, and their gazes towards Tianxing were also filled with shock and fear. This turn of events had come too suddenly and too quickly!

Chapter 4147 All Retreating

The middle cauldron mountain was the highest point on the middle Island. The distance between the peak and the ground was at least 3000 meters. Even an expert at the xuansheng stage would not be able to take it if he fell from the sky just like that. Furthermore, that punch just now had clearly injured Nantian Aurora.

This Tian xingdao was indeed a ruthless character who had rampaged across the Middle Island in the past. A dignified expert in the early stage of the mysterious Ascension realm had been killed by him with a single punch. His reputation of being able to skip levels and kill in seconds was indeed well-deserved!

While everyone was in shock, si tsunami, who was originally very close to Nantian Aurora, was frightened by a glance from Tian Xing Dao. He didn't dare to stay here any longer and quickly led his people down the mountain.

Although Nantian Aurora Polaris had been punched down the middle cauldron mountain, and it was inevitable that he would be seriously injured, it did not mean that he was truly dead. As long as he could be found in time, he might still have a chance to live. After all, he was an early stage mysterious Ascension expert, and his vitality was much stronger than Xiao Qiang 's.

Among the crowd that followed si tsunami and left in a panic, Lin Yi discovered the figure of an old enemy to his surprise. It was actually ancestor xuanchen!

Although Lin Yi was surprised by this sudden discovery, he was not completely unprepared. After all, Xue Li had said before that ancestor xuanchen was teleported to the middle Island with them. When they

were in the secular world, xuanchen had been currying favor with Nantian Aurora. It was not strange at all that he was now in the middle Island with Nantian Aurora.

Furthermore, looking at xuanchen's current attire, he was in the same uniform as the others around him. If there were no accidents, he should be from the cultivator college.

Looking at xuanchen's back, Lin Yi couldn't help but smile. If it wasn't for the fact that it was sensitive to the gathering of big shots, he would definitely make xuanchen stay.

However, since he already knew that xuanchen was from a practitioner school, it wouldn't be a problem to deal with him next time. After all, with Lin Yi's current strength as an early golden core, xuanchen shouldn't be his opponent.

The whole place was silent for a long time. Under everyone's gaze, the island master of Nakajima helplessly announced, ""Tian xingdao has succeeded in his challenge. I hereby announce that from today on, Tian xingdao has regained the position of Deputy Island master of Middle Island."

The crowd suddenly burst into a clamor again. Although this was the meaning of the question, they came here today with the intention of cheering for Aurora Nantian. They did not expect that the protagonist would be changed to Tian xingdao in the blink of an eye. How could they accept this?

However, to be able to become the leaders of a force, these people's shrewdness and face were naturally not trivial. They immediately suppressed their uneasiness and surrounded Tian xingdao to congratulate him.

After today's battle, there was no doubt about the strength of the Tianxing sect. With the realm of the great circle of the nascent soul, he was already standing at the top of the few people. In addition, with the power and Halo of the Deputy Island master of Nakajima, no force would dare to easily make an enemy of him.

Even if they couldn't make friends with him, at least they couldn't let the heavens bear a grudge because of what happened today. Otherwise, they would be in deep trouble.

However, Tianxing Dao couldn't be bothered with these big shots 'false compliments. He walked up to Lin Yi and the two held hands.

"Big brother Tian, we must celebrate when we go back today. Killing southern sky Aurora in one move and regaining the position of vice Island master is a great thing!" Lin Yi greeted with a smile.

"That goes without saying-let's go back and drink to our heart's content! But, I'm where I am today all thanks to you, Lin Yi lil bro-I'll have to give you a few toasts!" Tian Xing Dao laughed.

"Big brother Tian, you're being too serious. I'm just your support. To be able to do this, your strength is the foundation. To be honest, I was a little worried just now." Lin Yi said, still a little scared.

He was only in the early stage of the Aurous core stage, and his vision was not enough to see through such a high-level confrontation. Just now, Tianxing was being beaten by Nantian Aurora Polaris, and it seemed that he had no power to fight back at all. His palms were really sweating.

"Hehe, brother, you don't have to be so shocked. Our creation battle technique is not just for show. It's very normal for us to crush those at the same level or even those at a higher level. Nantian Aurora is

only at the early stage of the xuansheng realm. You don't have to worry about him. When you reach this level, you'll know what I mean." Tian xingdao explained with a smile.

"Brother Tian, I'm really looking forward to it now. But I'm only at the early Aurous core stage. I don't know how long it'll take for me to reach the peak of the nascent Soul Stage." Lin Yi was excited and emotional.

The higher the realm, the longer the cultivation process, and the more difficult it was to break through. It was normal for ordinary people to be stuck in the jiedan stage for decades or even centuries, not to mention the Yuanying stage.

"Other people might have to wait for God knows when, but I bet you won't take long, Lin Yi lil bro!" Tian xingdao said with a confident look.

After all that he'd been through, in his eyes, Lin Yi's level of abnormality was even higher than Zhang Liju's. If even a freak like him was stuck in a mere golden core and nascent Soul Stage, he'd rather cut his head off and kick it like a ball.

"I hope so. Thank you for your kind words, big brother Tian!" Lin Yi laughed.

As they watched Lin Yi and Tian xingdao leave, all the big shots, including the central island master, had complicated expressions on their faces. Only Chu Wentian, who had done Tian xingdao a favor, was relaxed.

In the crowd, Zheng dongjue and Zheng tianchu's faces were extremely unsightly. They had come here today with the intention of seeing Tian xingdao lose the position of vice Island master and embarrass himself. They had not expected such an unexpected turn of events.

More importantly, he had killed Nantian Aurora Polaris in one move. Just thinking about such terrifying and overbearing strength made his heart feel heavy. Even as the Vice Hall Master of the alchemy Hall, Zheng dongjue could not help but tremble in the face of such a monster.

"I think we should forget about Tian Huan. Tian Chu, you shouldn't go looking for trouble. Tian Xing is a bastard. If you really anger him, who knows what he will do. At that time, even I can't protect you." Zheng dongjue sighed helplessly and said faintly.

He was speaking the truth. Previously, he had not seen Tian xingdao in action and did not know how much of his strength had been restored. Thus, he still had a glimmer of hope. However, if he still harbored such an illusion now, he would really be an idiot.

"Grandfather, I ... I understand." Zheng tianchu gritted his teeth unwillingly, but no matter how stupid he was, he was not that stupid.

Zheng dongjue's words were not alarmist talk. After today's battle, Tianxing had once again become the legendary master who dominated Middle Island. His reputation was once again at its peak. If he really dared to provoke Tian Gang and was killed by Tianxing, no one would speak up for him. Zheng dongjue would even have to apologize on his behalf!

Chapter 4148 Xuanchen's Speculation

"You're not willing to accept this, are you?" Zheng dongjue glanced at him and said with a bitter smile, "I'm also very unwilling, but there's no other way. The situation is more powerful than us, and we must bow our heads when it's time! "But you don't have to be discouraged. As the old saying goes, once you reach the peak, you'll fall. Tianxing is so arrogant and domineering, someone will come out to deal

with him. I'm sure he won't be arrogant for long. At that time, you'll be able to do as you wish. After all, Tianji is the daughter-in-law of our Zheng family, no one can take her away."

"Yes, Grandpa, you're the one who sees it clearly. Don't worry, I can endure it!" Zheng Tian Chu nodded heavily.

A few days later, at the cultivator college.

After mobilizing all the people in the college and a group of experts from the central Chamber of Commerce, Si Tsunami led the people in the vast forest of the middle cauldron mountain and searched for three days and three nights. Finally, they found Nantian Aurora, who had fallen into the mud.

At this moment, Nantian Aurora Polaris, a high and mighty early stage xuansheng expert, had already become a drenched chicken on the verge of death. If he had been discovered a few days later, he would probably have become a cold corpse.

Nantian Aurora Polaris had been hit by Tian Xingdao's deadly punch and thrown from the peak of the middle tripod mountain, which was more than 3000 meters high. It was already a miracle that he could still hold on until now. The tenacious vitality of an early stage xuansheng expert was indeed extraordinary.

However, even so, when Nantian Aurora was carried back to the cultivator college, he was still like a dead dog, only one step away from death.

Upon hearing the news, patriarch xuanchen, who was searching for someone else, rushed to Nantian auroras 'cultivation abode. The moment he entered the door, he began to wail in grief. He cried so hard that his heart was torn and his lungs were torn.

"Wailing, my ass!" In the room, si tsunami glanced at him, frowned, and scolded, ""You're not dead, why are you crying? This kind of injury is nothing to our central Chamber of Commerce. We have plenty of spirit Jade, and no matter how serious the injury is, it can be cured. We can even bring the dead back to life, so don't f * cking come to me and cry. "

Between his words, he exuded the air of a local tyrant. Rich people were just so willful.

"Ah? So, principal Nantian is fine?" Patriarch xuanchen was taken aback and immediately heaved a sigh of relief. Only then did he stop crying resentfully.

"Of course it's fine. Otherwise, do you think our central Chamber of Commerce is useless?" Si tsunami smiled smugly and sized up patriarch xuanchen. He asked, ""If I remember correctly, you're the follower of old friend Nantian from the secular world, right? he even introduced you to me before?"

"Yes, yes. I didn't expect manager si to still remember me. I'm really honored." Patriarch xuanchen nodded.

He'd been a Big Shot in the common world, but now that he was on Sky Class Island, he had to change his mind and live with his tail between his legs. Otherwise, he wouldn't be able to live long, let alone achieve his ambitions.

"Since old friend Nantian values you so much, I won't treat you as an outsider. You can stay here for the next few days and serve old friend Nantian," Si tsunami said lightly.

thank you, manager si. that's what i was thinking." "yes!" patriarch xuanchen hurriedly agreed.

if he, the big shot of the five-elements sect, had to serve someone in the secular world, he would have slapped the person to death. however, at this moment, he was not worried at all. instead, he was overjoyed.

even if he lost to tianxing, nantian aurora polaris was still the vice-principal of the cultivator academy. he was still a super expert in the early stage of the mysterious ascension realm. to be able to serve such a great figure was not a humiliation, but a blessing. this was a rare opportunity that he could not even ask for.

ancestor xuanchen believed that as long as he served nantian aurora with all his heart, nantian aurora would definitely value him even more after he recovered from his injuries, and he would definitely benefit endlessly.

it turned out that si tsunami's words were true. with the help of the sacred healing medicine of the central chamber of commerce, nantian aurora, who was on the verge of death, quickly returned and woke up.

although he was too severely injured to recover in a short time, at least nantian aurora polaris was now conscious and could speak.

"manager si, thank you so much. if it wasn't for you, i'm afraid i would have ..." nantian aurora said gratefully.

"hehe, we're family. old friend nantian, we're on the same side. it's my duty to save you. it's my duty. you don't have to be so polite with me!" si tsunami immediately shook his head and waved his hand.

"Sigh, this was supposed to be a good thing. I didn't expect that the Tianxing path would come out of nowhere and ruin our plan. This is intolerable!" Nantian Aurora said through gritted teeth.

A moment before Tian xingdao's challenge, he had been the glorious Deputy Island master of Nakajima. He had been proud of himself. He had not expected that he would fall into the dust in the blink of an eye. Now, he had probably become the laughing stock of the entire Nakajima.

"I didn't expect the Tian Xing Dao to be so powerful. Even you, my old friend Nantian, are no match for him. Didn't you say that he had just recovered from his injuries? how did he recover so quickly?" Si tsunami was puzzled.

"I also thought it was unbelievable, so I wasn't mentally prepared at all. That's why I was caught off guard by him!" Nantian Aurora Polaris found an excuse for himself, and then he said,""Compared to that, I'm more curious about how this guy recovered all of a sudden. His meridians have been injured for so many years, and the rumors say that even Zhang Liju couldn't cure him. I didn't expect him to recover all of a sudden, how weird!"

"Yes, yes. I've been wondering about this too. Even the intelligence Department of our central Chamber of Commerce couldn't find out what happened. They only found out that it was cured by a foreign pharmacist." Si tsunami also nodded in agreement.

When the news of Tianxing Dao's recovery spread, it had already caused a great sensation on the central island. Such an important figure like Tianxing Dao would naturally attract the attention of the central Chamber of Commerce. However, the pill Hall of the central island was different from ordinary sects. Even they could not easily infiltrate it, so they could not grasp clear information.

"A foreign pharmacist?" Patriarch xuanchen was taken aback when he heard that. He suddenly interjected thoughtfully, "If that's the case, I think it's very likely Lin Yi! Didn't he walk with the Tian Xing Dao before? and back in the secular world, he specialized in repairing people's meridians. It's said that his medical skills are quite good!"

"Really?" Nantian Aurora and Si tsunami were both shocked. The person who could cure Tian Xing Dao must be a mysterious expert, so they ruled out Lin Yi as a suspect. However, after hearing ancestor xuanchen's words, it seemed like it was possible.

Chapter 4149 Don't Dare To Make A Move

"that means that lin yi and tianxing dao only met recently, the timing matches perfectly!" si tsunami nodded.

"that's lin yi for sure! why is it this damn kid again? his strength isn't that great, but he keeps ruining our plans. he's simply stepping on our noses and taking advantage of our faces!" southern sky aurora said angrily.

if it wasn't for lin yi, there wouldn't be tian xing dao. without tian xing dao, he'd be the respected vice-master of nakajima now. he wouldn't be lying in bed with heavy injuries like this, becoming the laughingstock of the outside world.

"Dean Nantian, we can't take this lying down, and we can't let that Lin Yi kid be anymore. We have to find a chance to take him down!" Patriarch xuanchen suggested with a dark expression.

"That's right, this kid is too arrogant. " Si tsunami nodded in agreement. Last time, he was beaten up like a dog at the Hong Chamber of Commerce in the North Island. In fact, it had something to do with Lin Yi, and he had always held a grudge against him.

"Hmph, you think I don't want to kill that kid? However, we can't make a move here. The Tian Xing Dao is obviously protecting him. If we attack him, it'll be equivalent to offending that madman!" Nantian Aurora said with a frown.

During the battle at the middle cauldron mountain, Tian Xing Dao had already left a psychological shadow on him. He was clearly only a peak Yuanying stage expert, but he had made him, an expert at the early stage of mysterious Ascension, feel an insurmountable gap in strength. This gap was not visible to others, but he himself had already felt despair.

There was no doubt that Nantian Aurora was a proud man, but even so, he had completely lost the courage to fight with Tian xingdao again. He would never be able to defeat Tian xingdao in this life.

Upon hearing this, si tsunami and ancestor xuanchen fell silent. Even Nantian Aurora was afraid of heaven's will, and the two of them were far weaker, so they did not dare to provoke him.

"Why don't we wait until Lin Yi returns to the North Island? No matter how powerful Tian Xing Dao is, he can't possibly follow him to the northern island, right?" Patriarch xuanchen suddenly suggested.

"That's even more impossible. That kid has a backer on the North Island. He's under the protection of the pavilion master of the rising Sky Pavilion, Shangguan Tianhua!" Si tsunami shook his head.

"Shangguan Tianhua? He's just the pavilion master of the rising Sky Pavilion, what's there to be afraid of?" Nantian Aurora Polaris said disdainfully.

With Tian xingdao's strength, there was no doubt that he was at the top of the Nakajima. It was understandable that he was no match for him. However, Nakajima was still Nakajima. The strength of the top experts was by no means comparable to that of the Nakajima.

"Old friend Nantian, you're gravely mistaken." Si tsunami shook his head.

"Ah? What do you mean?" Nantian Aurora was stunned.

"Don't think that Shangguan Tianhua is just the pavilion master of the North Island's rising Sky Pavilion. According to the information we have, he has already become a complete mysterious Ascension realm expert more than twenty years ago. If we really force him to take action, it will be easy and pleasant for him to kill us." Si tsunami smiled bitterly.

"What? A mere Pavilion master of the North Island's rising Sky Pavilion is almost as powerful as the island master?" Nantian Aurora was taken aback, and patriarch xuanchen was equally shocked.

"Nantian, my old friend, don't underestimate the strength of the big shots outside of the middle Island. Many of them are unwilling to come to the middle Island. Otherwise, the power structure of the middle Island would not be like this." Si tsunami reminded him, "Shangguan Tianhua rarely takes action personally. Very few people know about his strength, let alone mention it. If I hadn't recently taken charge of the intelligence Department of the central Chamber of Commerce in the North Island, I wouldn't have known about these things."

Nantian Aurora Polaris and ancestor xuanchen didn't know what to say anymore. The strength of a peak xuansheng realm cultivator was even stronger than a monster like Tian xingdao. To touch Lin Yi in his territory was like touching a Tiger's butt!

"then ... we can't touch the middle island, and we can't touch the north island either, so we really can't touch that lin yi kid?" patriarch xuanchen said unwillingly.

"actually, it's not that there's no other way." si tsunami's eyes suddenly lit up and he said, 'we can totally make a move on his way back to the north island! he's a disciple of the north island's three pavilions. even though he's on the middle island now, i don't believe that he won't return forever!'"

"That's right, if Lin Yi stays in the middle Island and doesn't go back, he'll be betraying the three pavilions on the North Island. He'll no longer have a place on Sky Class Island, and even Shangguan Tianhua won't be able to protect him! That's why he'll have to go back sooner or later, and the journey will be the best opportunity. Manager Si's idea is brilliant!" Nantian Aurora Polaris and patriarch xuanchen agreed.

"If that's the case, then let's start preparing for this as soon as possible. We only have one chance, so we must be well-prepared and make sure nothing goes wrong." Si tsunami nodded and said, ""By the way, old friend Nantian, now that you've woken up, it's time for you to meet the owner of our central Chamber of Commerce. What do you think?"

"Sure. Your central Chamber of Commerce has invested so much in me this time, but it has been messed up in the end. To be honest with you, manager si, I'm actually very nervous. I've long wanted to come to your place to ask for your forgiveness." The southern Heaven Aurora said in fear.

The central Chamber of Commerce was mysterious and unpredictable. The more one came into contact with it, the more one would be shocked by its power. Now that things had been messed up and he had

even been seriously injured, once he was judged to have lost his value, Nantian Aurora Polaris would be very worried that the other party would do something harmful to him. This was human nature.

"Hai, old friend Nantian, you're thinking too much. No matter how well prepared one is, there will always be accidents. Our boss has already made his stance clear. It's not your fault, or I wouldn't have given you so many healing pills." Si tsunami smiled and comforted her.

"That's good, that's good. " Nantian Aurora heaved a sigh of relief.

The next day, si tsunami brought Nantian Aurora Polaris to the central Chamber of Commerce's headquarters on the island. As Nantian Aurora Polaris's follower, ancestor xuanchen was also brought along.

When he arrived at the central Chamber of Commerce, Nantian Aurora was quickly met by si tsunami's so-called boss. It was the mysterious black-robed man who had accepted him in the North Island.

This person was very strong! Nantian Aurora Polaris shuddered. Although he could not see the other party's face clearly, he was 100% sure that the other party's strength was far above his. He was at least a master of the mid-stage of the mysterious Ascension realm!

He felt that this person's strength was almost the same as that of the island master of Nakajima. As soon as this thought came to his mind, Nantian Aurora immediately jumped in shock.

In the entire Middle Island, there were not many masters in the xuansheng stage, and there were even fewer who were above the middle stage of the xuansheng stage. Nantian Aurora Polaris had been in the

cultivator college for so many years, so he basically knew all the prominent figures. However, he had no impression of this person in front of him.

Chapter 4150 Joining The Center

Nantian Aurora couldn't help but be secretly shocked. He had already thought highly of the central Chamber of Commerce, but he didn't expect that he had still underestimated it. A newly established Chamber of Commerce actually had such a terrifying super expert. This was simply shocking.

"I am Nantian Aurora Polaris. Greetings, senior." Nantian Aurora Polaris originally wanted to put on the airs of an early stage xuansheng expert, but when he saw this mysterious man, he immediately dared not put on airs and greeted him respectfully.

Although he couldn't see the other party's face, he thought that since the other party's strength was so high, his age must be far above his own. It wouldn't be a loss to call him senior.

"I've been paying attention to you for a long time. No need to be so formal. Have a seat." The mysterious man replied indifferently.

Nantian Aurora hurriedly nodded and thanked him. He sat down opposite the mysterious person, and Si tsunami sat beside him. As for ancestor xuanchen, who came with them, he did not have the qualifications to meet the mysterious person and was left outside the door.

"Although the Tian Xing Dao interfered in the competition for the position of the Vice-Island master of Nakajima and caused you to die halfway, I still value your strength very much. Therefore, I'm going to personally invite you to join our Center. Are you willing to join us?" The mysterious man went straight to the point.

"I am very grateful for senior's favor. I can't get to where I am today without the strong support of the central Chamber of Commerce. Since senior has asked, I shouldn't reject it. However, I am now the Deputy Dean of the cultivator college. If I join the central Chamber of Commerce, I'm afraid it will be difficult to explain to the college ..." Nantian Aurora said with a bitter smile.

Before he came here, he had already expected the other party to ask this question, so he had already thought of an excuse in advance. Although he, southern sky Aurora, needed the support of the central Chamber of Commerce, he was not willing to join the central Chamber of Commerce just like that.

These were two completely different concepts. For now, it was only a cooperative relationship, and everyone was equal to each other. However, if he agreed to join the central Chamber of Commerce, he would become the other party's subordinate in the future, and he would inevitably be subject to various restrictions. Nantian Aurora was very clear about the stakes.

"That's not a problem. If you join our Center, we'll give you a secret identity that won't be made public. Naturally, there won't be any trouble with the cultivator college. As for your position and treatment here in the future, you don't have to worry about it either. It'll definitely satisfy you. " The mysterious man said indifferently.

This time, southern sky Aurora didn't know how to refuse. He saw si tsunami winking at him repeatedly to make him agree. He knew that it would be embarrassing if he continued to refuse. If he really annoyed this mysterious man, the central Chamber of Commerce would no longer be an ally in the future. Instead, they would become enemies, which would be troublesome.

"Then ... I'll accept your invitation." Nantian Aurora immediately nodded and agreed. He thought that he would only join in private, and the outside world didn't know his relationship with the central Chamber of Commerce. Even if something happened, he could go back on his word and not admit it.

"Very good. Then, take this medicine. You're one of us from now on." As the mysterious man spoke, he placed a pill in front of Nantian Aurora.

he actually had to take medicine! nantian aurora's eyelids twitched. this was completely different from what he had expected. even if he had not eaten pork, he had seen a pig run. the pill in front of him was definitely poisonous. once he took it, he would never be able to escape from this mysterious person's control in the future.

for a moment, nantian aurora couldn't help but want to leave. in the end, he and the central chamber of commerce were just using each other. he had never thought that he would become a puppet controlled by the central chamber of commerce.

however, the powerful aura of the mysterious man in front of him suppressed him so much that he didn't dare to move at all. nantian aurora even suspected that if he dared to refuse in front of him, he probably wouldn't be able to walk out of this place today.

the southern heaven aurora did not dare to leave, and he was not willing to respond. he was in a dilemma. in a moment, his forehead was sweating like rain, and his back was completely wet.

"What's wrong? You're not willing?" The mysterious man's voice was filled with hostility. He did not release any earth-shattering aura, but it made Nantian Aurora Polaris, an early stage xuansheng expert, so scared that he could not breathe.

"Old friend Nantian, hurry up and eat. We won't harm you." Si tsunami saw this and quickly said, ""There's only reward when you put in effort. If you want to get higher power and status, you naturally have to show sincerity. Otherwise, how can central spend more money on you? don't you think that's reasonable?"

One was intimidation, and the other was temptation. Nantian Aurora had no choice but to agree. What's more, as si tsunami said, he had seen the great power of the central Chamber of Commerce during this period of time. He knew how terrifying it was. If he could get its full support at all costs, that scene would make him excited and fascinated.

In the end, Nantian Aurora Polaris gritted his teeth and took the elixir on the table. He had no choice. If he didn't take it, he wouldn't be able to escape today.

"Okay, from now on, we're on the same side. Don't worry, the center will never treat our own people badly." The mysterious man smiled in satisfaction.

"Senior, please tell me what I should do next." The southern sky Aurora asked respectfully.

Nantian Aurora Polaris was a wise man. Since he had already taken the medicine, he knew that it was impossible for him to go back on his word. Instead, he might as well lower his stance and serve this mysterious man well. In the future, he would receive greater benefits.

"Since you have failed in the competition for the position of vice-Island master, you will have to find another opportunity next time. What you need to do now is to lay low in the cultivation college, stand firm, and find a way to strive for the position of the managing Vice Dean. As for the other things, we will decide later." The mysterious man ordered.

"Yes, I will follow senior's instructions." Nantian Aurora immediately accepted the order.

Since he couldn't compete for the Vice-Island master of Nakajima in a short time, it was also a good idea to take the position of the managing Vice Dean of the cultivator college first. He believed that with the support of the central Chamber of Commerce, this step would be easy.

After coming out of the mysterious man's room, Nantian Aurora was soaked in cold sweat, as if he had just finished a sauna. He looked back at the closed door and felt a lingering fear. Fortunately, he was smart enough just now. Otherwise, if he had said anything wrong, he might have been a corpse by now.

Since the matter with Southern Heaven Aurora had been settled, ancestor xuanchen, who was guarding outside the door, naturally joined the center. However, he was different from a core figure like Southern Heaven Aurora. Even if he had taken the medicine, he could only be considered an outer member and would still be a subordinate of Southern Heaven Aurora in the future.

In order to celebrate the two of them joining central, si tsunami specially asked someone to prepare a private room with a table full of good food. The three of them drank and chatted happily.
