

Bodyguard 4151

Chapter 4151 Disgust And Disdain

"Manager si, you're the manager of the North Island branch and also in charge of the intelligence Department. I'm sure you're very familiar with the situation on the North Island. I'd like to ask about someone. Do you have any impression of him?" Patriarch xuanchen asked as he poured wine for the two of them.

"Oh? Xuanchen, you can ask me whatever you want, and I will tell you everything I know." Si tsunami agreed.

"I have a disciple in the common world who was teleported to Sky Class Island with me, but he didn't come to Middle Island. I wanted to ask manager si if he was teleported to the North Island. His name is Kang Zhaoming." Asked patriarch xuanchen.

"Kang Zhaoming? It turns out that he's your disciple, xuanchen. That's such a coincidence. To tell you the truth, this kid was recruited by me a while ago and is now an outer member of our Center. If I had known about this relationship, I would have taken good care of him!" Si tsunami agreed with a smile.

"Ah? He's really on the North Island! That's great! Thank you for your concern, manager si. Here, let me toast you on behalf of my disciple!" Patriarch xuanchen was overjoyed and quickly toasted si tsunami.

"No problem, no problem. Old friend Nantian, you're here too. Seeing how much the boss values you today, you'll definitely soar in the future. Don't forget your old friend." Si tsunami turned his head and smiled.

"Same to you. We're all grasshoppers on the same line, so no one can forget the other." Nantian Aurora burst into laughter, and the three of them drank the wine in one go.

In the snow sword sect of Nakajima.

It had been more than half a month since the last auction on Nakajima. The entire sect had been focused on hunting down martial artist Ling Yi, but there had been no news at all.

It was as if this person had vanished into thin air. Not to mention catching him, after so many days, not a single person had seen him. Although the snow sword sect higher-ups were furious, they could only let this matter go for now.

As for Wei shenjin, he had barely recovered to the point where he could get out of bed and move, but the meridians in his body could not be cured. Naturally, he did not have the strength of the early jiedan stage. Now, he was almost no different from an ordinary person.

No matter how much attention he was previously given to the core disciple, he had now become an ordinary person with no strength at all. It was impossible for the snow sword sect to pay any attention to him. Since he could not cure his injuries, it was meaningless to waste any more medicinal herbs. He had been completely abandoned by the higher-ups of the sect.

In the room, there was a man and two women with messy clothes. They were Wei shenjin and situ Qian, as well as their maidservant, Xiao qiuhua.

Suddenly, from a highly sought-after genius to the sad situation of being an ant, Wei shenjin simply could not accept such a cruel reality. He did not dare to go out and could only rely on having fun day and night to numb himself.

Otherwise, he would have been tortured to madness by the gloating gazes of his fellow disciples.

However, even in bed, because of his injury, it was difficult for him to find his manliness, and he was not as good as before.

"Why is it so short again this time? He hasn't had enough yet, how useless!" Situ Qian got up from the bed in disgust and said with a displeased expression.

The maidservant, little qiu Hua, also had a resentful look on her face. When they had just gotten married, Wei shenjin was full of energy and had more than enough to serve the two of them. But now, he couldn't even feed Situ Qian. He couldn't do it at the beginning, and it wasn't her turn at all. She had been holding it in for so long that she was about to die.

Wei shenjin couldn't help but feel depressed when the two girls looked at him in such a disdainful way. His meridians were all damaged, so this aspect would naturally be affected. Moreover, he had yet to recover from his injuries, and his body was not even as good as an ordinary person's. Moreover, Situ Qian and Xiao qiu Hua had very strong requirements in this aspect. He simply couldn't follow his heart, so what else could he do ...

Looking at Wei shenjin's cowardly appearance, the disgust in Situ Qian's eyes became more and more intense. When Wei shenjin had just been injured, she didn't think too much about it. Not only did she have to take care of him every day, but she also had to be responsible for comforting him. She could be considered to be doing her best.

But now, as time went on, she began to gradually become impatient. She was originally a slut. In the past, she admired Wei shenjin's strength, so she tried to find ways to be with him.

However, Wei shenjin had been abandoned by the higher-ups of the sect and had become a complete cripple. There was no hope of him recovering at all. The admiration in situ Qian's heart had long disappeared and was replaced by an increasingly strong disgust.

"Forget it, I'm going to cultivate!" Situ Qian couldn't be bothered to deal with this piece of trash anymore. She gave little Qiu Hua a look, and the master and servant put on their clothes. Then, they twisted their waists and pushed open the door together.

"Training?" Wei shenjin couldn't help but be stunned. In his impression, situ Qian had never been such an ambitious person. It was rare for her to take the initiative to cultivate all year round. Today, the sun had risen from the West.

The room suddenly became empty, leaving Wei shenjin alone with a sad expression. He looked at the yellow autumn scenery outside the window in a daze.

.....

Tianxing had regained his strength and was once again the Vice-Master of the central island. The heavenly elixir Pavilion's business was on the right track as well, with Tian Gang and Xue Li both having a place to stand. To Lin Yi, the central island's matters were pretty much settled.

Counting the days, it'd been about a month, and this unexpected trip to the middle Island should be over. He couldn't guarantee what would happen to the North Island if he continued to drag it out.

But before he left, Lin Yi started to focus on making elixirs. He wanted to leave some elixirs for the heavenly elixir Pavilion. Although Tian Ji's strength had increased greatly, his efficiency in making elixirs had also increased greatly. It seemed like it was enough to support the daily turnover of the heavenly elixir Pavilion.

However, the heavenly elixir Pavilion's business was still growing, and if it continued like this, it wouldn't be long before it exceeded Tian Gang's capabilities. Lin Yi had to be prepared.

Of course, he could continue to refine pills after he went back, and he would ask Hong Zhong to bring them over regularly.

But other than the business at the heavenly pill house, what Lin Yi couldn't let go of the most were still Tian Gang and Xue Li.

The two girls were both early golden core cultivators now, and they had the protection of the Tian Xing sect, so they didn't have to worry too much about their safety. But Lin Yi still didn't want to be separated from them.

It wasn't easy for them to meet again in the middle of the island, and now they were going to be separated again. No matter who it was, they'd be reluctant to part, especially when the two girls were his best friends. Lin Yi wasn't a monk who didn't care about anything, after all. He'd be lying if he said he wasn't moved at all by being with these two beauties every day.

Chapter 4152 Green Hat Senior Brother

These days, Lin Yi's heart had been moved a few times, and Tian Gang and Xue Li were already prepared to give their bodies to him, but Lin Yi would always stop at the last moment.

It wasn't that he had any psychological barrier, nor was it that he had something that he couldn't talk about. The reason why he had such self-control was because of what that thing had suddenly said when he was drunk and tempted.

"The creation battle technique is a traditional righteous heart technique. At least before the xuansheng stage, you must not touch women. Otherwise, it will cause the true Qi in your meridians to flow backward. Every time you do it, you accelerate the flow backward. If you do it too much, you will definitely die from the true Qi in your meridians flowing backward." The ghastly thing warned.

"It's that terrifying?" Lin Yi jumped in shock.

"Think about it, if you were to cultivate the heart technique backward, what would happen? I'm not trying to scare you with alarmist talk. There was a similar case on the Tianjie Island before. " The ghastly thing laughed.

"Okay ..." Lin Yi suppressed the fire in his heart, but he thought that the art of Dragon mastery was an all-purpose art. After Lin Yi modified the art of heaven's fortune, even if he practiced it backward, he wouldn't die, right?

Of course, this was just a thought-Lin Yi wasn't bored enough to go against the flow. After all, this wasn't a joke. If his guess was wrong, the price would be Qi deviation or death on the spot!

It was because of this interlude that Lin Yi was able to control himself and not take advantage of the two girls, saving it for the future.

Other than Tian Gang and Xue Li, Lin Yi had another wish that he had yet to complete-that cheap master of his that he'd never met before, the pill God Zhang Liju.

Lin Yi thought that he'd be able to meet Zhang Liju one day after this unexpected trip to central island, but he didn't think that this cheap master of his would never show his face. He didn't even know where he went, let alone meet him.

During this time, Lin Yi had asked hou guanqi and Cai Zhongyang to contact Zhang Liju, but there was no news.

Helplessly, Lin Yi started to prepare for his return to the North Island. As for meeting with Zhang Liju, he could only leave it for another day.

Lin Yi couldn't help but sigh as he prepared for the aftermath. He recalled the original intention of coming out this time and felt that everything was unpredictable.

Originally, he had only gone to Mount tianwu to look for the life phase mushrooms. He had not expected to be injured by a mid-Aurous core stage expert and brought to Middle Island by situ Qian. After that, a series of unexpected twists and turns had happened. The saying that fate made fools of people was true.

Thinking of situ Qian, Lin Yi couldn't help but hesitate. This woman was the source of Xue Li's tragic experience for the past half a year. Just like Wei shenjin, he'd already made up his mind to get rid of her.

However, now that Wei shenjin had been crippled by him, this woman was the only one left. She was no longer a fatal threat to Xue Li. After all, she had the protection of the great God Tian Xing Dao. Even if Xue Li's identity was exposed, he believed that the snow sword sect would not dare to do anything to her.

However, this woman was still a threat. Lin Yi was thinking if he could get rid of this threat before he left. It was risky to kill situ Qian, but he could use his identity as Ling Yi to take the blame like he did with Wei shenjin. This way, the sky pill Pavilion wouldn't be affected.

Of course, the snow sword sect was one of the few big sects in central island. Even if Lin Yi was an early golden core stage master, and had the potential to become the strongest golden core stage master, it was still too arrogant for him to go kill someone. Especially since the snow sword sect was still hunting Wufu Ling Yi. If he wanted to make a move, he had to find the best opportunity.

Just as Lin Yi was assessing the risks, his target, situ Qian, was acting weirder and weirder these few days, even raising Wei shenjin's suspicion.

Prior to this, situ Qian and her maidservant Xiao qihua would often stay in the room to accompany him. However, in the past few days, the master and servant spent less and less time in the room. They never said what they were doing when they went out every day, but every time they returned, Wei shenjin would find that their faces were ruddy and full of energy, like fresh flowers that had been nourished, bright and beautiful.

As for sex, he had not mentioned it since the last time, which made Wei shenjin particularly surprised.

It should be known that both Situ Qian and Xiao Qihua were women with extremely strong sexual needs. They had been complaining about this matter for the past few days, but now they simply didn't mention it. No matter how he thought about it, he felt that there must be something fishy about this.

Wei Shenjin couldn't help but ask a few times about their whereabouts. However, the answer he got from Situ Qian was that they went to cultivate. Wei Shenjin didn't believe this answer at all.

According to Situ Qian's usual temperament, it was already a miracle that she could take the initiative to cultivate once in a while. It was impossible for her to cultivate for several days in a row!

However, since Situ Qian didn't want to say it, Wei Shenjin's questions would be in vain. He wouldn't be able to get any answers, so he could only keep his doubts to himself.

On this day, just like the previous few days, Situ Qian and her maidservant Xiao Qihua went out early, leaving Wei Shenjin to rest alone in his room for the day. It was not until late at night that the sound of their footsteps could be heard from outside the door.

"Miss, senior brother MA is really brave today. The medicine from the central Chamber of Commerce is really overbearing. He has served us for several hours and is still so brave. Hehe!" This was the voice of the maid, little Qihua. Her voice was clearly a bit louder than usual, and she seemed to be a bit drunk, as if she had been drinking.

"Yeah, today was too exciting! That Wei fellow is getting worse and worse. We shouldn't have killed all those male companions back then. If we had known earlier, we would have left a few behind. It's such a pity that we had to go to senior brother MA to satisfy our cravings ..." Situ Qian laughed drunkenly.

"That's true. Senior brother MA is brave, and we're very satisfied with him. But he's just too average-looking, and it's a little nauseating to look at him from the front. He's not as pleasing to the eye as our male companions." Little qiu Hua also said regretfully.

Hearing these words from outside the door, Wei Shenjin was so angry that his eyes were about to burst. He was furious and wanted to immediately go out with his sword and cut this B * tch in half!

He had long suspected that something was wrong with the two women. He thought that they were just comforting each other. Although it was a little embarrassing, he could only turn a blind eye to it since his body was not in good condition.

He didn't expect that these two women had actually gone to look for a wild man and made him wear a green hat!

Chapter 4153 Wei Shenjin's Rampage

Especially when this person was actually senior brother MA. One should know that this person had once been disfigured, and was one of the ugliest people in the entire Snow Sword Sect. Two women were actually so desperate that they went to find him. They were really F * cking despicable to the extreme!

What made Wei Shenjin even angrier and more surprised was that these two women actually had male companions before? Wasn't it their first time, and they had witnessed it on their wedding night, how could there be a male pet?

For any man with a healthy body, the most intolerable thing was that his woman had cheated on him. He could wear any hat, but he could not wear a green hat!

Suddenly hearing the truth from the two girls, Wei shenjin was like struck by a bolt from the blue. He didn't care about his weak and unhealed body at all. His first reaction was to raise his sword and kill!

However, just as he walked to the door, he heard the footsteps of the two girls getting closer and closer, as well as their shameless and lewd laughter. He felt the cold touch from the snow sword in his hand, and the embarrassed and angry Wei shenjin suddenly sobered up a little.

He was now a cripple without any strength, not a core disciple who was heavily relied on. Not to mention that he couldn't defeat Situ Qian, just the fact that she was the granddaughter of an elder was enough to suppress him to the point where he didn't dare to move.

If he could, he would definitely rush out and hack these two B * tches to death regardless of the consequences. However, all of this was just wishful thinking. He had to force himself to calm down and bide his time for the time being.

Although the words he had just heard were enough to let him know the truth, it was not irrefutable evidence. In his current situation, if he wanted to clean up the mess, he had to first obtain irrefutable evidence. At least, he had to make it so that Situ Qian, this B * tch, could not defend herself.

Wei shenjin suppressed his anger and immediately turned back to the bed to pretend to be asleep. He only pretended to have just woken up when Situ Qian and Xiao Qihua pushed open the door, reeking of alcohol.

"Junior Sister, you're back! You must be tired from today's cultivation. Come, sit down and rest for a while. I'll get you some hot water to take a bath." Wei shenjin suppressed the disgust in his heart and forced out a smile.

"What?" Situ Qian and little qihua looked at each other in surprise. Fetching water was the work of servants. Even if Wei shenjin bathed himself, he would never personally fetch water. This had never changed even after he was injured and became a cripple. Today was the first time.

"Alright, but don't let it be too hot. I like warm water." Situ Qian immediately nodded. She had thought that Wei shenjin had finally recognized the reality and changed his attitude from a high and mighty core disciple to a good-for-nothing cripple.

A cripple without strength or status, what else could he do besides serving people?

Seeing Wei shenjin busily getting water for her, situ Qian couldn't help but raise her eyebrows. In the past few days, she had been colluding with senior brother MA. Wei shenjin, this useless husband, had become a burden in her eyes. Not only was he useless, but he was also a hindrance. She had even begun to think about whether she should do something to kill Wei shenjin.

In any case, the sect had already given up on him long ago. If he found an excuse that his injuries had relapsed, presumably, no one would come to investigate in detail. At that time, she would no longer have to worry about this waste and would be able to fool around with senior brother MA without any restraint.

However, seeing that Wei shenjin was so sensible now, the killing intent in situ Qian's heart dissipated a little. If this guy could recognize the reality and correct his attitude, it was not impossible to keep him. In any case, it would not be a big problem to order him around like a servant.

A moment later, Wei shenjin fetched the water and specially adjusted the temperature to situ Qian's liking. Not only that, he even lowered his status and personally helped situ Qian take a bath. He massaged her shoulders and back with all sorts of hard work, making situ Qian's heart burst with joy.

"Not bad. You did well today. I'll reward you tonight." Situ Qian nodded her head in satisfaction with the attitude of a high and mighty Queen, as if it was already a great grace for her to let Wei shenjin sleep with her once.

"Alright, alright," Although Wei shenjin was as disgusted as if he had eaten a fly, he still had to pretend to be overjoyed. Before he had concrete evidence, he could not let this B * tch have any doubts.

This time, because Wei shenjin's heart was filled with disgust, he didn't feel happy at all. However, it caused the time to be much longer than before, which made situ Qian very surprised. Even her maidservant, little qiuhua, had a rare chance to bask in the light.

They hung out with senior brother MA during the day, and at night, Wei shenjin worked so hard at plowing the fields. Situ Qian and Xiao qiuhua felt like they had returned to the past. However, at that time, they had kept several male pets in captivity, which made them so satisfied.

Not bad, not bad. Wei shenjin, this useless person, was still useful. He could do servant work and also be a male pet. It was good to keep him like this.

Satisfied, situ Qian showed a rare kindness and fell asleep with little qiuhua, their clothes disheveled and their limbs entangled.

After listening to the breathing of the two women gradually become stable and confirming that they were completely asleep, Wei shenjin secretly scolded the two B * tches. Then, he gritted his teeth and got out of bed.

Pulling open the screen, Wei shenjin walked into a room at the side. This was the room that situ Qian had specially used to wash up and put on makeup, and it was also her most private place.

If it was before, Wei shenjin wouldn't even bother to look at it, let alone walk in. But now, he had to look carefully. There might be something that he couldn't tell others.

At a glance, the dressing table and cabinet were filled with women's Rouge and powder. At first glance, there was nothing special about it, but paper could not hide fire. Wei shenjin had only casually flipped through a few times when what he saw next completely shocked him.

All he could see were filthy things, which added up to a large box, all of which were used to increase sexual pleasure!

If it had been before he had been injured, situ Qian would have been very careful. She would have kept these things very well and wouldn't have been discovered by him so easily. However, in the past few days, it was obvious that situ Qian had begun to look down on him, her real husband. Naturally, she wasn't as vigilant in this aspect.

Looking at the things in front of him, Wei shenjin was so angry that he clenched his teeth. His body trembled as he cursed inwardly, "B * tch!" He really didn't expect that situ Qian, as the granddaughter of the snow sword sect's elder, would be such a shameless person!

Looking at the logo, Wei shenjin couldn't help but be stunned. It was all the logo of the central Chamber of Commerce. In addition to the pile of props, there were also many drugs for entertainment, both men and women.

Chapter 4154 Getting Harder To Deal With

Wei shenjin was so angry that his head was buzzing. However, before he could act up, an exquisite little box attracted his attention.

"Man-made membrane?" Wei shenjin didn't know what was going on. He carefully read the instructions inside, and after completely reacting, his blood suddenly surged, and he almost fainted on the spot.

The two man-made membranes had all been used, leaving only two outer packages. He finally understood everything.

Bitch! Bitch! Bitch! If I don't kill you all, I, Wei shenjin, will not be a human in this life!

Wei shenjin's eyes were spitting fire. He turned around and went back to the room to pick up his snow sword. He walked towards the two girls who were sleeping soundly on the bed. He had completely lost all reason.

In any case, he was already a cripple with no hope of recovery. If he continued to live with this green hat, then what was the point of living?

Wei shenjin's hatred for Ling Yi, the martial artist, had been completely transferred to situ Qian and her servant.

In his opinion, maybe the incident between Xue Li and the martial artist Ling Yi was a trap set up by si tuqian. She deliberately framed Xue Li and Ling Yi in order to lure him into marrying her!

This woman was really too scheming!

This was indeed the case. Wei shenjin was not a fool. Now that he thought about it, the things that had happened before were indeed quite strange. Now, he finally found the real answer.

"Situ Qian, you must die today!" Carrying the snow sword, Wei shenjin walked to the bed. His face was filled with malevolent and crazy killing intent. He knew that if he were to kill someone tonight, he would definitely not be able to escape death.

However, he couldn't care so much anymore. Even if he died, he would make this pair of B * tches take his place and cut them into a thousand pieces!

However, just as Wei shenjin was about to kill him, situ Qian, whose clothes were disheveled on the bed, seemed to have sensed something and turned over in a daze.

"Eh? What are you doing up in the middle of the night?" Situ Qian opened her sleepy eyes and mumbled to Wei shenjin, who was standing in front of the bed.

Wei shenjin was instantly shocked. He suddenly remembered that his opponent was not a cripple like him, but a perfected Foundation establishment expert with extremely sharp senses. Moreover, his snow sword was forged from Millennium Coldsteel. Even if he didn't use the core martial arts of snow sword sect, just taking it out of the scabbard would cause the surrounding temperature to drop drastically, which was why Situ Qian had been woken up.

Fortunately, situ Qian had drunk too much wine and had been fooling around day and night. Although she had been subconsciously awakened by the cold air, she had not truly woken up and was only mumbling in a daze.

Even if he wanted to die together with her, now that situ Qian had woken up, Wei shenjin knew that he could no longer kill her. He could only find an excuse to fool her and wait for the next opportunity.

"Oh, it's nothing," Wei shenjin quickly put the snow sword to the side and pretended to be impatient. He swallowed his saliva and said to situ Qian, ""Qian 'er, you're too beautiful, so I thought ..."

"You want to try again? I don't think I gave you any medicine. Why are you so fierce today? you've improved a lot. Come on, I'll make an exception and reward you again!" As expected, situ Qian's attention was diverted. She immediately twisted her body and urged Wei shenjin to hurry up. For such matters, she had never rejected anyone.

Wei shenjin's heart relaxed, and he secretly heaved a sigh of relief. He quickly responded and pounced forward, but his eyes were cold and gloomy ...

In the school of cultivators, Nantian Aurora, si tsunami, and ancestor xuanchen were gathered together, discussing how to deal with Lin Yi.

They'd already made up their minds to make a move on Lin Yi's way back to the island-that was the best chance for them, but it was still a risk.

With their strength, killing Lin Yi wouldn't be a problem, but the real problem was what would happen next. What they had to worry about was whether Lin Yi's death would anger the Tian Xing Dao and Shangguan Tianhua.

One of them was in the middle Island, and the other was in the North Island. Once the news got out, it would be easy for either of them to kill them unless they hid in the central Chamber of Commerce and did not come out. In that case, the mysterious man could save their lives.

"Killing that Lin Yi isn't hard at all, the hard part is how to make sure he doesn't get involved with us and leave no clues behind. That's the key." Si tsunami pinched his chin and frowned.

"That's true. That old man from the Tianxing path is too strong. If he finds out that we killed Lin Yi, with his crazy nature, he might just kill his way into the practitioner school. With his explosive power, no one can stop him except the Dean. " Nantian Aurora Polaris nodded with lingering fear.

"If we all cover our faces and be a little more careful, we shouldn't leave any clues, right? Even if he's powerful, he's not an immortal. He can't be omniscient and omnipotent, right?" Patriarch xuanchen could not help but ask.

In his opinion, both Nantian guangzhao and Si tsunami were a little too cautious in this matter. The higher the status, the less courageous they were. As long as they covered their faces and made a move, how would the heavenly path know that they were the ones who did it?

Tian xingdao is indeed not an immortal, nor is he omniscient and omnipotent. However, with his level and ability, it's easy for him to know something. Xuanchen, have you forgotten his identity? Nantian Aurora Polaris said as he glanced at him.

"Identity?" Patriarch xuanchen was taken aback. He had never heard anyone mention it before.

"That's right. Don't forget that the sky path sect is the Deputy Island master of Nakajima! He only needs to let the Nakajima law enforcement Hall handle this kind of thing, and I'm afraid it'll be easy to find out the truth. After all, we're not experts in this field, so we must not take it lightly!" Nantian Aurora agreed with a bitter smile.

"Uh ... If that's the case, as long as we're the ones who did it, wouldn't he be destined to know?" Patriarch xuanchen said helplessly.

"That seems to be the case. It's impossible to kill Lin Yi without taking any risk." Nantian Aurora and Si tsunami both sighed.

If they could afford to offend Tian Xing Dao, they would've done it directly. Why would they turn their eyes to Lin Yi? However, after much discussion, they realized that even Lin Yi was getting harder and harder to deal with. How could they accept this?

However, they weren't willing to stop just like that. After all, they were big shots with status. If they didn't even dare to kill Lin Yi, then they wouldn't even be able to survive.

Chapter 4155 Killing With A Borrowed Knife

Just as Nantian Aurora and Si tsunami were about to make up their minds to kill Lin Yi even if they had to risk the Tian Xing path's revenge, ancestor xuanchen suddenly made a suggestion that made their eyes light up.

"What if we don't do it ourselves, but get someone else to kill Lin Yi?" The xuanchen ancestor asked. He was a vicious person, and if he wanted to play dirty tricks, he could compete with Zhaoming. Otherwise, they wouldn't be master and disciple.

"Killing with a borrowed knife? That's a good idea!" Nantian Aurora Polaris's eyes brightened. He turned to si haixiao and said, ""Manager si, didn't you say that you were in charge of the intelligence system? let's see if there are any people we can use!"

"I'm only in charge of the North Island's intelligence system. I haven't gotten involved with the Nakajima side yet. I've only roughly read some information." Si tsunami laughed and said, "but speaking of making use of him, other than Tian Xing Dao, isn't the biggest news in Middle Island recently that the core disciple of snow sword sect was crippled? snow sword sect is in a hurry to take revenge. Can we think of a way to blame it on Lin Yi?"

"Oh? What's going on? quickly tell us. " Nantian Aurora quickly asked.

Previously, he had been focused on striving for the position of Deputy Island master of Nakajima and did not have the time to care about any gossip. As for patriarch xuanchen, he happened to be in seclusion a while ago and only came out to cheer on Nantian Aurora Polaris on the day he took office. After that, a series of events happened, and he had no chance to hear these rumors.

"The snow sword sect's core disciple, Wei shenjin, was beaten to a pulp a while ago. The one who injured him was a martial artist named Ling Yi. No one knows where he came from, but before that, he had already caused a stir. It was said that this martial artist Ling Yi had committed adultery and eloped with the snow sword sect's maidservant, Xue Li. It caused a huge commotion in the city. Because of this, the snow sword sect has already issued a warrant for him twice in the entire city. He has now become a famous person in our Middle Island." Si tsunami explained to the two.

"I see." Nantian Aurora Polaris nodded, but then he frowned and said, ""But what does that have to do with Lin Yi? the snow sword sect is looking for martial artist Ling Yi, they can't just blame it on Lin Yi just because the name sounds similar. The snow sword sect isn't stupid, they won't let us use them that easily."

"That's true, but apart from this, there doesn't seem to be anything else that can be used ..." Si tsunami was only halfway through his sentence when ancestor xuanchen suddenly slapped his thigh and shouted with bright eyes, ""Aiyo, F * ck! This is a golden opportunity from the heavens!"

"Oh? What do you mean?" Nantian Aurora and Si tsunami were stunned.

"Manager si, the martial artist you mentioned earlier is called Ling Yiliang, right? Do you guys know what Lin Yi's favorite alias is in the common world?" Patriarch xuanchen said excitedly.

"Could it be Ling Yi?" Si tsunami was shocked. He suddenly remembered that Lin Yi had done this in the North Island before, but he used Lin er as his alias. Now that he was in the middle Island, it was hard to guarantee that he wouldn't use the same trick.

"That's right, it's Ling one!" Patriarch xuanchen nodded heavily.

"There's such a thing?" Nantian Aurora's eyes lit up, but then he said, ""But how do we prove that Lin Yi is Ling Yi? even if he used this name in the common world, we can say that it's just a coincidence. This alone isn't enough to convince the snow sword sect to be our fighter."

"Hehe, there's no need to prove it. It's possible for someone else to have the same name, but I know that Xue Li was Lin Yi's mistress in the common world!" "Dean Nantian, did you forget? when the Sky

Class Island was opened in the secular world, Xue Li was one of Lin Yi's women in his harem!" Ancestor xuanchen said with certainty.

"Ha! That's right!" It was only then that Nantian Aurora Polaris came to a realization. With his status, he would not pay attention to such a small matter. However, with patriarch xuanchen's reminder, he recalled it. Although his memory was a little blurry, it did seem to have happened.

"If that's the case, then Lin Yi's the fake Ling Yi?" Si tsunami asked quickly.

"It's definitely true, Wu Fuling and Lin Yi are one hundred percent the same person, I can guarantee this with my head!" Patriarch xuanchen vowed.

"Wonderful, this is simply wonderful. In this case, snow sword sect can't refuse to be a free fighter. Let's go, we'll go to snow sword sect now!" Nantian Aurora immediately clapped excitedly.

Once this plan of killing with a borrowed knife was successful, even if Tian Xing Dao pursued the matter afterward, the hatred would only fall on snow sword sect's head. The three of them would not have to bear any risk for this. It was simply wonderful.

Nantian Aurora Polaris immediately brought si tsunami and patriarch xuanchen to snow sword sect. With his status as the Deputy Dean of the cultivator college, the higher-ups of snow sword sect came out to welcome him before he even entered the door.

Even if he had failed to compete for the position of the Vice-Master of the middle Island and had been beaten by the Tian Xing Dao, he was still one of the few early stage mysterious Ascension realm experts

in the middle Island. He had a wide network of connections. No matter which power he went to, he would be a highly sought-after guest.

"I haven't seen you for a few days, elder situ. I hope you're well," Nantian Aurora Polaris greeted with a smile. Coincidentally, the snow sword sect's senior elder who came out to welcome them was situ Qian's grandfather, situ Guangzong.

"Dean Nantian is an honored guest that we can't even invite. It is an honor for our snow sword sect to have you all come from afar. Please come in!" Situ Guangzong cupped his hands and greeted with a smile.

However, situ Guangzong could not help but be surprised. He had personally witnessed Nantian Aurora Polaris being beaten down the middle cauldron mountain by Tian xingdao.

Like most people, situ Guangzong thought that even if Nantian Aurora Polaris didn't die, he would become a cripple. He didn't expect that in just a few days, he had recovered and was in such high spirits. It was really strange! One had to know that the effect of a superior-grade fourth-grade great cyclic pellet on a xuansheng stage expert was no longer as obvious!

As they chatted and laughed, Nantian Aurora and the other two were invited to the main seat in the living room. Situ Guangzong even specially ordered people to prepare high-quality spiritual tea to entertain them.

"I don't come here without a reason. I came to your sect this time because I have important news that I think is necessary to inform your sect." Nantian Aurora Polaris said directly.

"Important news?" Situ Guangzong was stunned for a moment before he replied, "Please speak, Dean Nantian. I'm all ears."

"I heard that your sect's genius disciple, Wei shenjin, was crippled by a martial artist a while ago?" Nantian Aurora asked while sipping his tea.

Chapter 4156 Lin Yi Is Ling Yi

"That's right, there is such a thing. That Wei shenjin is not an outsider, he is this old man's grandson-in-law. He originally had a promising future, but I didn't expect this to happen. Sigh ..." Situ Guangzong said with a sigh.

He had originally thought very highly of Wei shenjin and had been trying to matchmake Situ Qian and Wei shenjin's marriage. Unexpectedly, after just a few days of marriage, he was directly beaten to a cripple. He had turned from a potential stock to a trash stock. How could he bear this?

"Elder Situ, why don't you call him over? I'm sure he's been waiting for this news for a long time," Nantian Aurora pretended to be profound and kept him in suspense.

"Could it be?" Situ Guangzong's eyes lit up as he had already guessed the reason. He immediately agreed, "Alright, alright. Please wait a moment, Dean Nantian. I'll send someone to find him. Oh, that's right. Invite elder Wei Feng as well. He's also from the Wei family and has some blood ties with Wei shenjin. He's also very concerned about this matter."

"That's even better. Please invite him here, elder Situ." Nantian Aurora and Si tsunami nodded repeatedly. They came here to kill with the help of others. Of course, the more knives the better. An elder-level expert was naturally what they wished for. It would be best if the entire snow sword sect came out. That would be the most satisfying.

Situ Guangzong immediately gave instructions to the snow sword sect disciples who were guarding the door and asked them to call for the others. He then continued to chat and joke with Nantian Aurora and the others.

A moment later, Wei Feng took the lead and entered. This was a middle-aged man with a forthright appearance. His strength could be considered as a first-class existence in the snow sword sect. Behind him, Wei shenjin and situ Qian followed.

Situ Guangzong made the introduction. After exchanging pleasantries for a while, they entered the main topic.

"I won't hide it from you guys, the news I brought is about the martial artist Ling Yi who your sect has been putting on a wanted list in the entire city." Nantian Aurora Polaris cleared his throat and said.

"Martial artist Ling Yi!" Hearing this, the few of them were shocked. Even if situ Guangzong had guessed it in advance, he was still shocked when he heard this. As for Wei Feng, his expression changed. Wei shenjin was a disciple that he had nurtured with his own hands. Now that his many years of hard work had been destroyed in one day, his hatred for that martial artist Ling Yi was no less than anyone else's.

Among the people present, it was Wei shenjin who was the person involved who was not as shocked when he heard this news. His hatred had been completely transferred to situ Qian, that B * tch.

Even though the one who injured him was the martial artist Ling Yi, strictly speaking, they were just pawns that were incited by others. The slut situ Qian should be the one who started the whole thing.

As for situ Qian, she didn't care about this matter at all. Right now, all she wanted to do was to find a wild man to have fun with, and it would be best if he was more burly than senior brother MA and had a good appearance.

"Where is he? Have they already escaped to the outer island?" Situ Guangzong asked on behalf of the crowd.

"No, he's in Nakajima right now, and he's Living a Good Life." Nantian Aurora said as he shook his head.

"How is that possible?" Situ Guangzong and the others looked at each other. The snow sword sect had put in all their efforts to capture him. Even though they had withdrawn a lot of manpower these few days, they had not stopped hunting him down in the entire city. If this Wufu Lingyi was still in the middle Island, how could he have lived so gloriously without them knowing? the reward that the snow sword sect had set was not low at all.

"That's the truth. The reason why he was able to hide from your sect's eyes and ears is actually very simple. He just changed his appearance." Nantian Aurora Polaris curled his lips and smiled.

"Dean Nantian, are you saying that Wufu Ling Yi is now wearing a human skin mask and has changed his appearance?" The few people from situ Guangzong looked at each other.

This kind of thing was actually not new. Some people in snow sword sect had also made such speculations. But even so, they did not know what the other party had changed into, so they had no way to deal with it.

"It's the exact opposite. Wufu Lingyi is just a human skin mask. This is his original appearance. As for his current identity, I'm sure you've all heard of it. Elder Situ might've even met him in person that day at the middle cauldron mountain's Island Lord Pavilion. He's the brother-in-law that Tian Xing Dao has publicly supported, and he's also the owner of the heavenly pill Pavilion, Lin Yi," Nantian Aurora finally revealed the truth.

"That Lin Yi is Wufu Lingyi?" Situ Guangzong and the others were shocked. Both the heavenly elixir Pavilion and the heavenly path had double influences, and Lin Yi's name was slowly entering the central island's main circle. Many people had heard of him.

"Do you have any evidence, Dean Nantian?" Wei Feng asked in a deep voice. He wasn't familiar with Nantian Aurora, so he couldn't help but be suspicious when he heard this. After all, if Lin Yi and Wufu Lingyi were the same person, then what Lin Yi did before was a little unbelievable.

For example, if Wufu Lingyi had the powerful backing of Tianxing, he could take Xue Li away with just a word. The snow sword sect would not reject him for a little handmaiden. Why would they change their appearance and elope in secret?

"Of course there is. We would never use such a thing to deceive your sect. What good would that do us?" Nantian Aurora and Si tsunami looked at each other and told them everything about Lin Yi, including the evidence that confirmed Lin Yi was martial artist Ling Yi.

He'd fought his way up from the common world to Sky Class Island in less than a year, and he'd already made friends with a Super Master like Tian xingdao. Now, he'd even opened the heavenly elixir Pavilion and become a gold-digging boss. Lin Yi's legendary experiences really left everyone dumbfounded, especially Situ Qian, whose eyes were shining.

If I had known that this guy was so powerful, I wouldn't have let him meet Xue Li. I should have kept him for my own use. He has a strong strength and background, and so many female confidants. His ability in that area must be heaven-defying. He's simply a rare rich man in the world!

Sigh, what a pity! Situ Qian was regretting her actions as she fantasized about having sex with Lin Yi, and her body wriggled unconsciously as she felt it. Even her breathing became rapid.

While Wei shenjin was in shock, he noticed situ Qian's lecherous appearance. He didn't need to ask to guess what this slut was thinking. He couldn't help but clench his fists in anger, and his knuckles cracked. This shameless slut who could be ridden by a thousand people!

Situ Guangzong and the others looked at Wei shenjin, thinking that he was just too angry after hearing about Lin Yi. This was human nature, and they didn't notice the difference.

"If it wasn't for Dean Nantian and the rest of you, we would still be in the dark. I'm grateful on behalf of the snow sword sect!" After listening to Nantian Aurora Polaris's explanation, situ Guangzong sincerely thanked him.

Chapter 4157 Going To Verify

"You're too kind. I'm only here to deliver this information to express my indignation on behalf of your sect. After all, the matter has blown up so much that it should be resolved as soon as possible. Otherwise, it'll be detrimental to your sect's reputation." Nantian Aurora Polaris said, feigning righteousness.

"That's right, now that your sect knows that Lin Yi is martial artist Ling Yi, you should act quickly. Otherwise, you'll be laughed at by others. " Si tsunami chimed in.

"This ..." Situ Guangzong did not give a direct answer. After exchanging a glance with Wei Feng, he said, ""Although that's the case, we still have to be careful about this matter. We have to find a way to verify it, otherwise, Tian xingdao is not to be trifled with."

Not only were Nantian Aurora Polaris and the others afraid of Tian Xing Dao, but the snow sword sect was also afraid of him. Not only was the other party so powerful that it made one's hair stand on end, but the key was the high and mighty Deputy Island master of Nakajima. Even if the snow sword sect was powerful and had a lot of assets, if they were to rashly go against this kind of fiend, they would inevitably suffer losses in the end.

"Verify it? How is your sect going to verify this? you can't just go to the mortal world to verify this, right?" Nantian Aurora Polaris, si tsunami, and patriarch xuanchen all frowned and thought to themselves that it was indeed not easy to borrow the saber of snow sword sect.

"That won't be necessary, the price is too high. Actually, if you want to verify it, you just need to go to the heavenly pill Pavilion and see if you can find Xue Li." Situ Guangzong smiled and turned to Wei shenjin, ""Shen Jin, pretend to be a customer and go to the heavenly pill Pavilion to take a look. You don't need to do anything else, just identify the person and confirm it."

"Yes." Wei shenjin immediately nodded.

"Grandpa, I'll go too. I can cover for him." Situ Qian quickly asked, her eyes filled with excitement and joy. All her thoughts were on Lin Yi now, and if she could hook him up, she'd be able to kick that ugly senior brother MA aside.

Although Lin Yi had the appearance of a martial artist and was rough, it was still not bad!

Situ Guangzong had no objections to this and immediately nodded his head in agreement. Wei shenjin, on the other hand, was sneering in his heart. He knew exactly what this B * tch was thinking. A woman could actually be so lecherous, she was really unique!

However, Wei shenjin's expression did not change. After putting on the bamboo hat to cover his appearance, he immediately went to the heavenly elixir Pavilion with situ Qian. As for situ Guangzong and Wei Feng, they stayed behind to continue entertaining Nantian Guangming and the others while waiting for news.

The two of them didn't say anything along the way, and soon they arrived at the heavenly pill Pavilion. As soon as they stepped through the door, they saw Xue Li's busy figure. Although her face was covered, they could recognize her at first glance.

"It's Xue Li!" Wei shenjin's heart trembled. At first, he really liked Xue Li, but he didn't expect so many twists and turns to happen later. Now, things were still the same, but people had changed. He had ended up as a cripple, which made him sigh.

Seeing Wei shenjin's eyes fixed on Xue Li's busy figure not far away, situ Qian pursed her lips and smiled. She didn't have any intention of being jealous. After all, what was so good about being jealous of a useless person?

"Brother Wei, don't you like Xue Li? then you might as well stay here and look at her. I'll go and look at Ling Yi and identify him in detail, so as not to accuse anyone wrongly!" Situ Qian whispered and left Wei shenjin alone to find Lin Yi without waiting for his reply.

Wei shenjin immediately trembled with anger. If it was in the past, before he was crippled, si tu Qian would have been jealous if he even looked at other women.

However, he was now just a servant's toy in situ Qian's eyes. He had no status at all. As for the nominal relationship between husband and wife, it was only a greater wound and humiliation for him!

Looking at situ Qian's alluring back as she twisted her waist, Wei shenjin clenched his fists tightly, but he didn't lose his temper. When he looked at Xue Li again, he was no longer as excited as before, and had become much calmer.

When Nantian Aurora and the others were talking about Lin Yi, ancestor xuanchen mentioned that Lin Yi and Xue Li had already gotten together when they were in the secular world. In other words, he was the one who interfered later. No wonder Lin Yi eloped with Xue Li.

Wei shenjin wasn't an unreasonable person. Now that he thought about it, it was all because of that B * tch, situ Qian, who pushed the situation to its peak and made him stand on the opposite side of Lin Yi and Xue Li. The source of his tragedy was this B * tch, and now he was being cheated on. This was a humiliation that he couldn't bear!

Wei shenjin glanced at Xue Li from afar and turned to look for situ Qian. He wanted to see what this B * tch was going to do to Lin Yi. As for Xue Li, he didn't have any more wishful thinking.

To be honest, Wei shenjin's only wish was to find an opportunity to kill situ Qian. He would not hesitate to die with her. Unfortunately, with his current strength and situation, even this wish would be difficult to achieve without special opportunities.

There weren't any elixirs for sale on the second floor, but there were a few private rooms. Other than for Lin Yi and the others, there were also rooms for guests.

Wei shenjin immediately saw that one of the doors was open, and as expected, situ Qian's voice came from inside. Without a word, he immediately held his breath and leaned against the wall, quietly eavesdropping on the movements inside.

"I'm situ Qian. I wonder if shopkeeper Lin still recognizes me?" Situ Qian laughed seductively as she studied Lin Yi's face, drooling at the sight. This was way more attractive than the boorish warrior from before-she couldn't tell that he was a young hunk.

"Miss situ, you must have mistaken me for someone else." Lin Yi raised a brow-he'd been thinking about how to get rid of this hidden danger, but she'd come right to his door, and it seemed like she already knew his true identity, surprising him.

"How could that be? I've always been a good judge of character. I've never made a mistake. But if shopkeeper Lin wants to pretend to be ignorant, then I can't do anything about it." Situ Qian continued to drool.

Lin Yi looked at her coldly, a murderous intent rising in his heart. They were already planning to get rid of this threat, and this woman still dared to threaten them so blatantly. She didn't know how to spell the word "death."

"Since you don't want to admit it, how about we make a deal? you're a businessman now, so I'm sure you'll agree to it." Situ Qian didn't seem to sense the danger at all as she moved closer to Lin Yi with a smile.

Chapter 4158 But On What Basis?

"A deal?" Lin Yi asked back without changing his expression. He wanted to hear what this woman was trying to say. With his current strength, he could kill her without any effort, but the first thing he needed to confirm was how many people knew about his identity.

"That's right. Since I'm already here, I'm sure shopkeeper Lin knows that your identity as a martial artist has been exposed. It's useless to pretend in front of me because I'm not the first person to know this information. The ones who really exposed you were your old enemies in the secular world, such as Nantian Aurora and Xuan Chen. Do you understand what I mean now?" The way situ Qian looked at Lin Yi was getting more and more brazen.

In her eyes, now that she'd confirmed Lin Yi's Secret identity, he was meat in her mouth-there was no escape.

"What do you mean?" Lin Yi's face was still indifferent, but the killing intent in his heart was like a stormy sea. He really didn't expect that Nantian Aurora and the others would work with snow sword sect!

This time, the problem he was about to face was not as simple as a hidden danger. If he did not handle it well, this matter could very likely turn into a fatal threat. Even if he had the protection of the Tian Xing Dao, the other party was the southern Heaven Aurora and the snow sword sect. Their strength could not be underestimated.

Lin Yi even decided not to go back to the North Island for now. He wouldn't leave Tian Gang and Xue Li here and go back alone if he didn't solve this crisis.

"My meaning is very simple. Although they have some guesses about your identity, they are not completely sure about it. I'm here to verify it. Therefore, you don't need to be afraid. As long as you listen to me, I will cover for you when I return. In this way, no one will know that you are Wufu Lingyi.

How about it?" Situ Qian's coquettish body got even closer to Lin Yi as she drooled, "Don't worry, I won't force you to do anything dangerous, nor will I let you suffer losses. I'll just do something that both men and women love to do. "

With that, situ Qian reached out her hand and hooked it around Lin Yi's neck, pulling her body into his arms. It was broad daylight, and there was a lot of people downstairs, but she couldn't wait to have some fun with Lin Yi-it was more exciting and more to her liking!

However, Lin Yi pushed her away and looked at her coldly, ""Miss situ, you've got the wrong person. I'm not the martial artist Ling Yi that you've been talking about."

"Ya ha? You're still trying to deny it at this point? Lin Yi, you really won't give up until you're dead!" Situ Qian was enraged as she pointed at Lin Yi's nose, "Alright! Just you wait, Lin Yi-we'll bring you back to the snow sword sect and see who'll be able to save you!"

Seeing that Lin Yi was still unmoved, situ Qian paused and softened her tone as she tried to persuade him, "Lin Yi, you'd better think this through-you'll be mine sooner or later, but you'll be a toy with no status then. Don't be shameless, it's not too late to regret it now. If you agree, I'll go back and think of a way to kill Wei shenjin, and then we'll get married ..."

Wei shenjin, who was outside the room, was furious when he heard these words. If he had the strength, he would rush in and strangle this B * tch to death!

Unfortunately, he was now a cripple without any strength. He couldn't even die together, so he could only choose to continue enduring.

"Alright, you don't have to say anymore. I'm not the martial artist Ling Yi you're looking for, so miss situ, please leave." Lin Yi interrupted.

Initially, he had wanted to kill situ Qian, but doing so would alert the enemy. The people from Southern Heaven polar light and snow sword sect were the real threats. He couldn't deal with this matter alone, so he had to discuss it with Tian Xing Dao.

"Good, good, you have guts. Let's wait and see. You won't be able to escape from my palm sooner or later!" Situ Qian was instantly furious. She immediately turned her head and slammed the door. When she saw Wei shenjin coming from the corridor, she was slightly stunned. However, she didn't even bother to call out to him and just walked away in anger.

To this, Lin Yi only shrugged his shoulders indifferently. With the strong protection of Tianxing path, even if his identity was confirmed by southern sky Aurora and snow sword sect, there wasn't much risk. At least these people wouldn't have the guts to come and catch him, so he could deal with them.

However, this woman, situ Qian, was unimaginably cheap. She actually used this as a threat to force him to fool around with her. She was simply a weirdo.

Just as he was feeling speechless, someone came in and knelt down without a word, giving Lin Yi a shock.

Lin Yi was even more surprised when he looked at the person's face-it was the Wei shenjin he'd crippled.

"Lin Yi, I don't blame you for hurting me. I know that it's all because of that evil bitch, situ Qian, that I'm in this situation." Wei shenjin took the initiative to speak.

"You don't have to do this, do you? Do you want to be my disciple or what?" Lin Yi said, confused. He even suspected that this guy was putting on an act to lure him into confessing his identity.

However, Lin Yi could tell that situ Qian wasn't lying when she said that she was going to kill Wei shenjin. He really did feel the killing intent from her, and he could sense that Wei shenjin was just outside the door. There was no reason for him to play along with her.

"No, I won't acknowledge you as my master ..." Wei shenjin shook his head and took a deep breath, "I just want to ask you to do one thing. Help me kill that B * tch, situ Qian!"

"Kill situ Qian?" Lin Yi's eyes twitched-what a weird couple this was, trying to kill each other.

"I know that with your ability and strength, you can definitely do this. Now, no one can help me, only you ..." Wei shenjin said with a bitter face.

If he had any other choice, he wouldn't have knelt down to Lin Yi. Even if it was situ Qian, Lin Yi was the one who injured him.

He was really at his wit's end and had no one else to ask for help. No one in the snow sword sect would offend a powerful elder like situ Guangzong for a cripple like him. Even his backer, Wei Feng, might not be willing to help him with such a matter.

"I can kill her, but on what basis?" Lin Yi narrowed his eyes.

Even if situ Qian was his target, this was completely different from helping Wei shenjin kill someone. Not to mention the fact that Lin Yi might not be willing to do him a favor, he wasn't on the same side as Wei shenjin at all-he couldn't kill someone together with him.

Chapter 4159 Wait A Moment

"I ..." Wei shenjin's tone froze, and he finally reacted in disappointment. Yeah, why would Lin Yi help him for no reason?

He knelt down to Lin Yi because he realized that killing situ Qian was impossible no matter what he did. He was a cripple, and it was impossible for him to cut her into pieces with his own hands. If there was anyone in the world who wanted to kill her, it would be Lin Yi.

However, the other party had the backing of the great God Tian Xing Dao, and was also the owner of the heavenly pill Pavilion. His status was incomparably noble, while he, Wei shenjin, was now a good-for-nothing person. His strength couldn't even be compared to a slightly stronger ordinary person. Why should he ask the other party to help him?

Not to mention, even if that B * tch situ Qian was the one who'd set him up, there were still some grudges between them. Even if he'd shifted all his hatred onto situ Qian, it didn't mean that Lin Yi would do the same.

"previously, i was completely set up by situ qian and misunderstood you and xue li. that's why i offended you on impulse ..." wei shenjin fell to the ground in despair and helplessness, mumbling to himself, ""however, i've now seen the true face of this b * tch. she's a lecherous woman who can be ridden by thousands of people, a vicious woman with a heart of a snake!"

lin yi looked at him, but didn't interrupt. to be honest, he thought that wei shenjin and situ qian were a couple, but it seemed like there was more to it.

"after i was reduced to a cripple, she was so shameless that she went to have fun with ma shangfeng, that ugly b * tch, all day long. she didn't put me, her real husband, in her eyes at all. she even wanted to kill me so that i, a cripple, wouldn't be an eyesore to her. do you think there's a more shameless b * tch in the world than her?" wei shenjin revealed his family's scandal with a bitter smile and told her everything about situ qian. he even told her about the male pet and the artificial membrane without hiding anything.

lin yi was stunned. he knew that situ qian wasn't a good person, but wei shenjin's words still shocked him. there was a woman even worse than murong zhen in this world? situ qian was a weirdo.

"I'm very clear about that b*tch's temperament. Since she has her eyes on you, she won't let you go so easily. She'll definitely think of ways to stir up trouble when she returns! She's a born B * tch, and in order to get you, she'll definitely do anything. I also believe that you're a gentleman, and you definitely won't be willing to collude with such a B * tch, so if you don't kill her, you'll be in trouble later on, and you won't be able to get rid of her. " Wei shenjin advised earnestly.

"But if I kill him, the entire snow sword sect will be furious. Wouldn't we be in even more trouble?" Lin Yi said faintly.

"You don't have to worry about this. I can cooperate with you and help you eliminate this hidden danger!" Wei shenjin was overjoyed to see Lin Yi's tone change. He quickly offered,""when i return to snow sword sect, i will insist that you are not martial artist ling yi. this way, even if situ qian tells them the truth, they will only be suspicious. besides, i believe that in order to get you, that b * tch will definitely not expose your identity, so you can rest assured."

"and then?" Lin Yi said calmly. According to Wei Shenjin's words, they could indeed use it as a smokescreen. Even if it couldn't completely remove the suspicion, it could at least confuse the opponent for a short time.

"Then, you can think of a way to hint to that B * tch, play hard to get, and pretend to agree to lure her out. I believe that with your strength, it'll be absolutely easy to kill her! When the time comes, we'll fake the scene, and I'll take the blame and say that I killed Situ Qian. Anyway, I'm a useless cripple, and I don't want to live in such an ignoble way anymore!" Wei Shenjin said emotionally.

Lin Yi pondered for a moment. If he did as Wei Shenjin said, he could easily get rid of this hidden danger, Situ Qian. As long as Wei Shenjin was willing to expose his family's dirty laundry and had a good motive, no one would suspect him. It was a good suggestion, but it wasn't that secure.

"Why should I believe you?" Lin Yi asked in a deep voice.

"I'm willing to sign a spirit beast contract with you. You can use a high level spirit pet talisman to control you. As long as I'm willing, even a human can become a spirit pet!" Wei Shenjin said excitedly.

"You want to be my spiritual pet?" Lin Yi was surprised. It wasn't impossible-after all, high-level spiritual pet talismans could control people, but very few people did it since ancient times. After all, who would want to be controlled for their entire life?

It must be known that the intelligence of humans was far above that of many spirit beasts. The complexity of the primordial spirit was unique. Even if the strength of a high-level spirit pet was completely disproportionate, it was impossible to successfully tame it unless the target was willing to cooperate.

"That's right, I'm willing to be your spiritual pet!" Wei shenjin's eyes were burning. In order to kill this B * tch situ Qian, he was prepared to give up everything, including his life and dignity.

"Then wait here for a while, I'll think about it." Lin Yi didn't reply immediately. He turned around and went back to his room to make a heart devouring Gu poison pill.

This was something he learned in his early years in the secular world when he was cultivating with his master. It was made by his master's wife, LAN Ling. Once he took this heart-devouring Gu pill, he must sincerely obey the person who placed the Gu, otherwise, he would be devoured by tens of thousands of insects and die.

This thing, unless you met someone who was also an expert in the art of Gu, otherwise even the best pharmacist, or even a medical Saint like Zhang Liju, might not be able to cure it. After all, each profession had its own specialty, and they were not from the same system. Normal thinking and experience would not work at all.

As for the high-level spirit pet talisman that Wei shenjin mentioned, it wasn't hard for Lin Yi to get it with his current wealth and connections. He had far more control over it than the heart devouring Gu worm, and could turn Wei shenjin into a puppet, but this thing had its disadvantages.

Once something happened to a spiritual pet, the owner would also suffer a powerful backlash. Back then, Meng Tong had been bitten by the black back rod ape and had vomited blood.

Wei shenjin had already made it clear that he was prepared to die together with situ Qian. If Lin Yi still kept him as a spirit pet, he'd be waiting for the backlash. It was safer to use the heart devouring Gu.

This was similar to the poison that he had given brother Dafeng in the secular world. He had enough control and didn't have to worry about any side effects. But a few days before he left, Lin Yi gave the antidote to Wu Chengtian and told him to bring it to Dafeng bro.

Chapter 4160 You Go Take Revenge Yourself

"This is called the heart devouring Gu pill. Eat it and I'll believe you." Lin Yi returned to the living room and handed the heart devouring Gu poison pill to Wei shenjin, "If you betray me, you'll die a horrible death."

Wei shenjin took the heart devouring Gu poison pill and swallowed it without hesitation. He even had the intention to be Lin Yi's spiritual pet, why would he be afraid of a small pill?

"Is it okay now? Now, you don't have to worry about me betraying you anymore, and you can make a move on that B * tch, situ Qian, right?" Although Wei shenjin didn't know what it was, he was sure that it was something that controlled him, so he couldn't wait to say it.

"As for this, I'll leave it to you to kill." Lin Yi only smiled.

"What? I'll kill them myself? I'm a cripple now, how can I kill her?" Wei shenjin was stunned for a moment. After he reacted, he immediately flew into a rage. He said in a sorrowful and helpless voice, ""You ... You tricked me?"

He'd bet everything on Lin Yi, even his life and dignity, and all he got in return was "go kill him yourself." He couldn't accept that!

"Hehe, I've never lied to anyone. Since I told you to kill them yourself, I'll naturally give you the strength to do so. Why Would I Lie to You?" Lin Yi smiled faintly and gestured for Wei shenjin to sit aside, ""Sit down first, I'll help you recover your damaged meridians."

"Ah? Recover your meridians?" Wei shenjin was shocked and threw his sadness and helplessness to the back of his head as he stared at Lin Yi in disbelief, ""How is this possible? Don't lie to me, my meridians have been crushed by you. Even the Tier 4 great recovery pill and Tier 5 great circulation pill have no effect, otherwise I wouldn't have become a cripple. You should be clear about this ..."

"I know. The meridian opening pill is indeed useless, but that doesn't mean that I can't cure him. Do you know that big brother Tian Xing Dao's meridians were crushed just like yours? in fact, his condition was even worse than yours. But isn't he still alive and kicking now?" Lin Yi smiled faintly.

"You cured Tian xingdao?" Wei shenjin's face paled as he stared at Lin Yi, speechless.

Tianxing's recovery was a mystery in the entire central island. No one knew who cured this terminal illness. Some said it was a mysterious pharmacist, some said it was Zhang Liju's work after years of hard work. There were all kinds of theories, but Tianxing never came out to clarify it, and the pill Hall never said anything. Wei shenjin never thought it was Lin Yi's work!

If someone else said this, Wei shenjin would've thought that this person was bullshitting, but since it was Lin Yi, he believed it without hesitation.

If not, with Tian Xing Dao's status as a legendary master, even if Lin Yi was his brother-in-law, why would he protect a mere new disciple of the three pavilions?

Lin Yi didn't answer Wei shenjin's question and used his actions to give him the answer. In just two hours, Wei shenjin was shocked to find that his shattered meridians were miraculously recovered!

"This ... This is a miracle!" Wei shenjin instantly fell into a state of ecstasy. He was originally a useless person who had lost all hope, a walking corpse without a future. The only meaning of living was to kill Situ Qian, that B * tch. He didn't expect the surprise to come so suddenly!

At that moment, Wei shenjin was so excited that he couldn't even speak. He opened his mouth to Lin Yi but didn't know how to express his gratitude. He knelt down again and kowtowed three times to Lin Yi.

"There's no need for that. Hurry up and get up. " Lin Yi quickly went up and helped him up. Although Wei shenjin's meridians were all broken like Tian Xing Dao 's, Wei shenjin's injuries were much lighter. Unlike Tian Xing Dao's old injuries that had accumulated for many years, Wei shenjin's recovery was relatively easy and didn't use much strength.

"Lin Yi, oh no, boss Lin Yi, you're my second parent! You can take these kowtows!" Wei shenjin said firmly. Lin Yi had already given him the heart devouring Gu pill, and even without it, he wasn't an ungrateful person. He was grateful from the bottom of his heart and wasn't putting on an act.

Lin Yi smiled. He'd seen a lot of people since he came from the common world-he knew with one look whether Wei shenjin was sincere or not. Just from his performance, he could tell that this guy was a man who knew how to repay kindness. It wasn't a loss to take him as a follower.

"Boss Lin Yi, I'll go back and kill that bitch!" Wei shenjin said with killing intent, and was about to leave with his sword. Although his meridians had just recovered, he was confident that he could quickly recover his strength and kill Situ Qian as easily as turning his hand!

"Hold on!" "If you just go back and kill her like this, you won't be able to escape punishment even if you're a core disciple of snow sword sect!" Lin Yi said.

"Who cares!" Wei shenjin didn't care and angrily said,""This woman has brought me such great humiliation. If I don't kill her, where would the heavens be? I didn't have the strength before, so I had no choice but to drag out an ignoble existence. But now I can't take it anymore. Even if I die, I'm going to drag this bitch down with me!"

"For the sake of such a shameless bitch, is there any meaning in you dying with her?" "Don't forget, your life is mine now. I didn't put in so much effort to cure you just so you can die with that bitch. "Lin Yi looked at him coldly.

"But ... But what should I do, boss Lin Yi? I can't take it anymore!" Wei shenjin finally calmed down a little, but he was still restless.

He had already realized that he was no longer the same as before. Just now, he was a hopeless cripple, and it was a great deal to be able to drag situ Qian to die with him. However, now that he had become an early gold core disciple with a promising future, it would be foolish of him to want to exchange his life for a life with a B * tch like situ Qian.

"Wait for me here for a moment." Lin Yi smiled and went out to make two types of medicine, handing them to Wei shenjin.

"This ... Is for me to poison that B * tch to death?" Wei shenjin said in surprise.

"Of course not. If it was just pure poison, situ Qian's death would easily be traced back to you. What's the difference between that and you killing situ Qian? The two medicines that I gave you are the right ones. Even if situ Qian dies in the end, I can guarantee that no one will suspect you. " Lin Yi shook his head with a smile.

"The right medicine? What do you mean by that?" Wei shenjin was still confused.
