

Bodyguard 4161

Chapter 4161 Follow-Up Plan

"It's very simple. After you go back, you'll pretend to greet situ Qian. Then, you two will use the first medicine. By then, you'll both have a great time. I guarantee that the effect will be better than the one at the central Chamber of Commerce!" Lin Yi explained.

"Ah? He still had to pretend to greet that B * tch? Alright then, I'll listen to boss Lin Yi. " Wei shenjin felt disgusted at the thought of situ Qian's face-it was fine if she didn't have the strength, but if she did ... But since Lin Yi said so, he could only nod.

"With situ Qian's lecherous nature, after she's tasted the sweetness, she'll definitely take your medicine and secretly find her lover, MA Shangfeng, to have fun. At that time, you can just ask her to take the second medicine." Lin Yi continued.

"Oh? Okay, but is there any difference in the effects of the second medicine?" Wei shenjin asked curiously.

"Of course, the second type of medicine is more effective than the first. There's also a problem!" Lin Yi chuckled,"after a man takes it, it'll cause his kidney to be blocked, and he'll die from the wind after his impotence!" However, when you told me the name MA Shangfeng, it reminded me of something. It's quite a matching name! "After a woman takes it, she will be overwhelmed by desire. Her body will instinctively keep on asking for more. She can't stop at all. In the end, her heart can't take the extreme excitement and she will die!"

"Pfft ... Good, good, good, that's great! Boss Lin Yi's a God, this miracle drug that can kill without leaving a trace is made for that B * stard couple! There's no way they wouldn't fall for it!" Wei shenjin was overjoyed.

If he did as Lin Yi said, he wouldn't have to take any risks at all. Everything would be situ Qian's own death, and no one in the snow sword sect would suspect him anymore. They'd only think that the adulterous couple deserved to die.

"Hehe, when you return this time, be careful not to reveal your strength. If you do, situ Qian might not go to find MA Shangfeng to have fun. At that time, our plan will be ruined." Lin Yi reminded.

"Don't worry, boss Lin Yi, I understand. That B * tch is extremely shameless. She's having fun with that ugly MA Shangfeng, not because she likes him, but just to satisfy her cravings. If she finds out that I've recovered, she'll definitely shamelessly stick to me again and continue to pretend to be pure in front of me, treating me like an idiot!" Wei shenjin nodded.

"That's right. After situ Qian's death, I'm afraid that you, her husband, will still be investigated. At that time, pay attention to your traces and blame the two drugs I gave you on situ Qian. Just say that she secretly bought them from the central Chamber of Commerce. Then, expose her dirty deeds and tell them about your helplessness and sadness. The truth is there, and they will definitely believe you." Lin Yi continued.

"Alright. If I'm not mistaken, that B * tch situ Qian should be together with MA Shangfeng. There's irrefutable evidence. I believe no one can say anything." Wei shenjin agreed.

"That's right. That's about the whole plan. Do you have any other questions? tell me, and I'll help you find a way to solve them." Lin Yi asked.

"there's no problem, but ..." wei shenjin hesitated and said worriedly, "situ qian is situ guangzong's granddaughter. if she were to die like this, situ guangzong's face as an elder of the snow sword sect would be completely lost, and he would never be able to raise his head again. even if he didn't say

anything at that time, he would definitely find an opportunity to deal with me after that. after all, as long as i'm alive, people would think of the granddaughter of the situ family who violated public morals, and that would be a disgrace to him."

"the situ guang sect is indeed a threat, but i can help you solve this problem." lin yi smiled and gave him an idea,"after the incident, come to our heavenly elixir pavilion. when you return, tell everyone that brother tianxing has healed your injuries. that way, you will regain your strength and potential, and become a core disciple of the snow sword sect again. you might even be able to establish a relationship with brother tianxing. by then, who would dare to deal with you again?"

"Yeah! It was too wonderful! I can't thank you enough for your help. No matter what you ask me to do in the future, I, Wei shenjin, will do it without hesitation!" Wei shenjin said excitedly.

Lin Yi wasn't just a man with great strength, he also had magical abilities and a strong background. Most importantly, he had a sharp mind!

The more he interacted with Lin Yi, the more Wei shenjin couldn't help but feel a little scared. Even if he didn't have the kindness of being reborn, even if he didn't have the heart-devouring Gu insect, he was starting to feel that he didn't choose the wrong boss.

In time, if even this kind of person couldn't reach the peak, then no one in the world would be qualified to stand at the peak of Sky Class Island!

"I don't need you to do anything for the time being. Just think of a way to cancel the arrest warrant after you return. Then, put the blame of your recovery on big brother Tian Xing Dao. Don't have anything to do with me." Lin Yi ordered.

Lin Yi emphasized this point because he had his own concerns. There were so many masters on Sky Class Island, and if the news of him healing Wei shenjin's meridians got out, people would naturally ask him about it. He'd be the center of attention of the top-tier people, and he'd be pushed into the teeth of the storm.

On the contrary, if he pushed all the blame onto Tian Xing Dao and said that he recovered on his own, no one would be able to verify it even if they were suspicious. They couldn't just ask Tian Xing Dao face to face, could they? even if they did, Tian Xing Dao would play along with Lin Yi, and they wouldn't be able to get the truth out of him.

"It's not a problem if I put the blame on Tian xingdao, but boss Lin Yi, I might not be able to do anything about the arrest warrant. After all, those people from southern sky Aurora are certain that you're martial artist Ling Yi. Even if I go back and deny it to their faces, the snow sword sect's higher-ups will only be suspicious, and they won't cancel the arrest warrant ..." Wei shenjin scratched his head awkwardly.

He was just saying that he would do anything for Lin Yi, but this small thing stopped him. Wei shenjin felt that his IQ wasn't enough.

"That's easy. When you go back, tell them that they are not sure of my identity. Moreover, the heavenly path often appears here. Even if they are sure, they can't do anything. Let them make the decision." Lin Yi paused for a moment before continuing, "as for the cancellation of your arrest warrant, we'll wait until you publicly announce your recovery. Just say that although someone from the heavenly elixir Pavilion injured you, Tian Xing Dao also healed you. We'll cancel each other out. I believe that the higher-ups of your snow sword sect will know what's good for you."

Chapter 4162 Can't Be Sure

Removing the wanted order or not wasn't a big threat to Lin Yi himself. He was thinking about Xue Li, and he had to take care of all the hidden dangers before returning to the North Island.

"Alright, I understand! Boss Lin Yi, you're right-the higher-ups are really afraid of senior Tianxing, or they wouldn't have sent us here to test the waters. " Wei shenjin agreed.

"Okay, then you can go back now. Just do as I said and follow the plan." Lin Yi nodded.

"Alright, boss Lin Yi, don't worry and just wait for my good news!" Wei shenjin cupped his hands at Lin Yi and left, turning around and walking out the door. He couldn't wait to get rid of that B * tch!

After returning to the snow sword sect, the first thing Wei shenjin did was naturally to report to situ Guangzong and the others. As he had expected, the B * tch situ Qian was indeed not around.

"Shen Jin, you're back! Tell me, did you see Xue Li? can you confirm that Lin Yi is Wufu Ling Yi?" Situ Guangzong and the others quickly asked.

Seeing everyone's reaction, Wei shenjin understood that situ Qian had other plans for Lin Yi and hadn't reported it to these people yet. He let out a breath of relief.

"I didn't see Xue Li, but I did see Lin Yi. From his aura, he's very different from Wufu Lingyi. I can't be sure if they're the same person. I heard that the Tianxing path appears there every few days. Even if I can confirm it, I can't do anything to him in the heavenly pill Pavilion." Wei shenjin replied.

"You can't be sure? How is that possible?" Nantian Aurora, si tsunami, and patriarch xuanchen immediately looked at each other. This matter was not fabricated out of thin air to deceive snow sword sect, but it was a matter that was set in stone. How could it not be confirmed?

"This disciple is only seeking the truth, and does not dare to jump to conclusions. Otherwise, if I rashly bring unnecessary disaster to the sect, this disciple can not bear the responsibility." Wei shenjin shrugged his shoulders.

"If that's the case, then we'll have to find an opportunity to test it out in the future. After all, this is a matter of great importance. I hope that you can understand, Dean Nantian. No matter what, our sect will remember everyone's good intentions in our hearts." Said situ Guangzong after a moment of silence.

He understood that Wufu Lingyi had to be captured as this concerned the reputation of the entire snow sword sect, but he wouldn't act rashly against Lin Yi and the heavenly elixir Pavilion unless there was solid evidence.

After all, it was best not to provoke a troublesome demon like Tianxing. Otherwise, it would be a big problem. Even if he, situ Guangzong, was an elder with real power, he would not be able to bear such a big crime.

"Then ... Alright. After all, this is your sect's matter. We're just giving you a kind reminder. We're just afraid that if this matter drags on for too long, it will affect your sect's reputation. Since your sect is not in a hurry, we have nothing to say." Nantian Aurora said with dissatisfaction.

"Dean Nantian, you're being too serious. The information you provided us was a timely rain, and the entire sect is extremely grateful. As for that Lin Yi, if he really is martial artist Ling Yi, we will never let him go!" Situ Guangzong quickly smiled apologetically. "It's getting late, and I've already asked people to prepare a banquet. Everyone, please stay and have a few drinks. Let us also do our part as hosts. Otherwise, we won't be able to rest in peace."

Nantian Aurora and the others looked at each other * although snow sword sect's attitude wasn't right, as long as they persuaded them * there was still a possibility of them coming out to deal with Lin Yi. There was no need to make their relationship too stiff, so they nodded and agreed.

The two elders, situ Guangzong and Wei Feng, came out to entertain Nantian Aurora and the others. As for Wei shenjin, a small fry, he was just a "cripple" in everyone's eyes. Naturally, he did not have the qualifications to sit at the table and was sent home by situ Guangzong.

However, this was what Wei shenjin wanted. He wasn't as good at hiding his strength as Lin Yi, and he almost couldn't hold it in anymore.

Fortunately, his meridians had just recovered, and his strength was only showing a slight sign of recovery. Everyone thought that he was a cripple and didn't pay much attention to him. Otherwise, Nantian Aurora and situ Guangzong would've seen through him, and the plan Lin Yi gave him would've been ruined.

When he returned to his room, Wei shenjin was surprised to find that the hussy situ Qian did not go to find her senior brother MA to have fun. Instead, she sat in her room sulking, while her maidservant Xiao qiuhua accompanied her and comforted her.

"Hmph, it seems like this bitch is really into boss Lin Yi." Wei shenjin sneered and stepped into the room. He deliberately squeezed out a smile and said to situ Qian, ""Qian 'er, I just found something good in the heavenly elixir Pavilion. Shall we try it now?"

"Good stuff? What good stuff?" Situ Qian frowned and glanced at him.

"it's a good thing for entertainment in that area. i heard that the effect is very good. it's unique and there's no one else!" wei shenjin immediately took out the two bags lin yi gave him as if he were presenting a treasure. the packaging looked exactly the same, but only he knew which one had a problem and which one didn't.

"something good to liven things up? the heavenly elixir pavilion is actually selling this stuff, let me see!" situ qian, who was originally in a gloomy mood, immediately became spirited after hearing this. her eyes lit up as she took the first bag of medicine that wei shenjin handed over. little qiu hua also came over excitedly.

They were indeed a pair of shameless B * tches! Wei shenjin sneered to himself. Seeing the two girls studying it for a while, he suggested, ""You can't tell just by looking at it. Whether it's good or not, you'll only know after you've used it."

"Then why don't you hurry!" Situ Qian couldn't wait to take off her clothes. Little qiu hua also followed closely onto the bed and kept urging Wei shenjin to hurry up.

Wei shenjin smiled to himself and walked over while holding back his disgust. After the three took the first pack of medicine, it was just as Lin Yi said-they were much more excited than any other time. Even lustful girls like situ Qian and Xiao qiu hua couldn't take it. They were as happy as gods.

after that, the two women even felt that they had lived for so many years in vain. such a divine medicine, even the expensive aphrodisiac medicine from the central chamber of commerce could not be compared with it. in front of this divine medicine, those were at most a pile of shit.

having tasted such sweetness, with situ qian and xiao qiu hua's promiscuous nature, they naturally wouldn't give up. the next morning, before wei shenjin woke up, situ qian pushed him up and asked him

to do it again. however, wei shenjin said in a daze, ""i can 't, qian' er. senior brother's physical strength is too weak. i can't get up ..."

Chapter 4163 Dying In Succession

"You useless thing!" Situ Qian couldn't hold back her desire and cursed under her breath. She then secretly took the second bag of medicine and went out with little qiuhua to steal some fish.

This scene naturally fell into the eyes of Wei shenjin, who was pretending to be lazy. His lips curved into a mocking arc. Boss Lin Yi was indeed a genius. Up until now, everything was going according to his script without any deviation.

Situ Qian, little qiuhua, and that MA Shangfeng, the time of death for the three of you is finally here!

Situ Qian and the other woman, who were completely unaware of this, excitedly went to find MA Shangfeng. Without a word, they began to do their lewd acts in broad daylight. In their minds, MA Shangfeng was already very brave in that aspect. After taking this divine medicine, he would definitely be far above that useless person like Wei shenjin. Today would be a great day.

Sure enough, after taking the second pack of medicine, the three of them immediately felt it. The excitement that made their faces blush and their hearts beat faster was obviously much stronger than last night. Situ Qian and little qiuhua didn't sense anything wrong at all, and instead, they were overjoyed.

On the other hand, MA Shangfeng's reaction was even worse than the two women 's. His heart was beating wildly and his blood was burning as if it was about to explode. The last bit of clarity in his mind was drowned by desire, making him instinctively want to vent it out as soon as possible.

In the beginning, MA Shangfeng's strong performance really let the two girls taste an unprecedented wonderful taste. However, just as they were about to climb to the peak, MA Shangfeng's body suddenly stiffened, and then he suddenly stopped his movements, and fell straight down.

"Senior brother MA, what are you dawdling for? hurry up!" Situ Qian complained in dissatisfaction. However, when little Qiu Hua saw MA Shangfeng's current appearance, her eyes suddenly widened and she stuttered in fear, "Young ... Young miss, it's not good. Senior MA, he ..."

"He what?" Situ Qian frowned and turned around. When she saw what was happening, she was also shocked.

MA Shangfeng's whole body was like a cooked shrimp, curled up into a ball, his expression was ferocious and twitching, white foam was coming out of his mouth, and it looked like he was breathing more than he was breathing. After a short while, MA Shangfeng was completely motionless and became a dead body.

"He ... He died just like that?" Situ Qian's mind suddenly spun and turned completely blank. She would never have thought that such a thing would happen when she was at her most pleasurable moment!

"Miss, what ... What should we do?" Little qiu Hua's face was ashen. MA Shangfeng was an early jiedan stage master. If he died just like that, the higher-ups of the sect would definitely find out. At that time, they would be finished.

Situ Qian had her grandfather, situ Guangzong, behind her. At most, she would only be embarrassed and be gossiped about. However, she, a little handmaiden with no status, might become the scapegoat.

"No, we have to destroy the corpse and get rid of all traces. We have to find a way to get rid of this corpse quickly ..." Situ Qian said while gritting her teeth. If this matter were to be spread out, it would be a huge scandal. Even if she didn't die, she would definitely not be able to escape punishment. She would have no hope in this life.

"Yes, yes." Little qiu Hua nodded repeatedly and immediately got out of bed. If this matter could be quietly passed, it would be the best for her.

However, before the two of them could put on their clothes, they felt waves of strong impulses surging in their bodies. The indescribable stimulation rushed to their scalps and could not be stopped.

The two of them couldn't even stand still, let alone destroy the corpse. The desire in their bodies was completely out of control and rushed to their brains. The last bit of rationality was swallowed by desire. They were like travelers trapped in the desert, crazily wanting to quench their thirst. However, it wasn't water that could quench their thirst, but men.

Driven by the tide-like desire, the two women could no longer care about MA Shangfeng. They immediately rushed out of the door with their clothes disheveled. There was only one voice in their minds at this moment. "Man, I want a man!"

The commotion caused by the two girls attracted the attention of a passing snow sword sect disciple. He happened to be a man, and he was shocked when he saw the two girls' untidy clothes. However, before he could react, the two girls had already pounced on him like wolves and tigers. Without saying a word, they stripped him naked and forced the Overlord to take the bow.

The male disciple was completely dumbfounded by this scene. He knew very well what kind of person Situ Qian was. Not only did she have a noble status, but she was also quite beautiful. Coupled with her manners, she had always been the subject of discussion among the male disciples. However, he never

thought that he would encounter such an encounter today. As a man, he had actually been pushed down by situ Qian and Xiao qihua.

However, even if he had fantasized about this normally, the sudden incident and the abnormal behaviour of situ Qian and situ Qing made the male disciple's first reaction to escape rather than enjoy it.

However, situ Qian and little qihua were already burning with desire at this moment. They were like people who had fallen into the water and were grasping at their last life-saving straw. How could they let him go so easily?

The two girls forced each other down and poured the second bag of medicine into his mouth. In the blink of an eye, the male disciple became energetic and fierce. Not only did he stop running away, but he also took the initiative to get into a ball with the two girls.

However, after a while, this male disciple suddenly started to foam at the mouth. His whole body twitched as he fell to the ground and did not get up. He followed in MA Shangfeng's footsteps and died.

This time, situ Qian and little qihua no longer knew what fear was. Seeing that this male disciple could no longer satisfy their desires, they immediately dropped the corpse and went to find someone else. They randomly grabbed a passing disciple and dragged him over to feed him medicine. Then, they pounced on him like hungry Tigers pouncing on sheep.

In less than an hour, the two women had used this method to kill four male disciples in succession. However, the turbulent desire in their bodies did not reduce in the slightest, but instead became even crazier. This time, the matter was completely blown out of proportion.

The news of situ Qian and little Qiu Hua capturing male disciples to mate with each other spread like wildfire. Soon, it was spread around like wildfire, and the entire snow sword sect knew about it. This was an unprecedented event, and the snow sword sect disciples who heard the news all gathered around and crowded to the side.

When the higher-ups of the sect learned of this news, the snow sword sect disciples who had gathered to watch the show had already formed three layers inside and three layers outside, surrounding the place so tightly that not even water could pass through.

At first, situ Guangzong did not believe it. However, when he saw situ Qian and Xiao qiuhua naked on top of a male disciple and shamelessly screaming, he finally accepted the reality and almost fainted.

Chapter 4164 Wei Shenjin's Unyielding Attitude

The few higher-ups of snow sword sect, including Wei Feng, were also shocked speechless by this explosive scene. They looked at each other and only one message was revealed in their eyes. Were these two women crazy?

"Situ Qian, what are you doing?!" Situ Guangzong was so angry that the veins on his forehead were bulging as he shouted.

The elder's prestige that he had painstakingly built up over the years had all gone down the drain because of this lunatic, situ Qian. In the future, when the other disciples saw him again, they would no longer respect him. Instead, they would point at him and talk about today's events and the situ family's disgraceful matters!

Thinking of this, situ Guangzong even wanted to strangle his own granddaughter to death on the spot!

Suddenly hearing situ Guangzong's shout, situ Qian and little qiuhua, who were immersed in the endless sea of desire, finally recovered a little bit of their consciousness. They turned their heads and looked at situ Guangzong, who was about to swallow them alive. They were immediately shocked, and their hearts shrank uncontrollably.

Bang! Bang! The two women's exposed chests exploded at the same time, and blood splattered in all directions. It was a ghastly sight-their hearts had exploded right before everyone's eyes!

For a moment, everyone present was silent, including situ Guangzong. They had never thought that the two women would suddenly die so simply.

Immediately, everyone's eyes were focused on situ Guangzong. Today's incident could not be said to be small. From MA Shangfeng to the sudden death of the two women, a total of eight people had died. This was an unprecedented big event!

Especially situ Qian and Xiao qiuhua's lustful behavior, the impact was extremely bad. This was not only a scandal of the situ family, but once it was spread, it would also tarnish the reputation of the entire snow sword sect and even become the laughing stock of the entire Middle Island. The consequences were unimaginable.

"Investigate, investigate clearly for this old man, what exactly is going on!" Situ Guangzong gritted his teeth and gave the order. He was the elder with the highest authority present. Furthermore, situ Qian was his granddaughter, so she had the greatest influence on him. He was also the most eager to know the truth.

Although situ Qian had made him lose all his face, anyone with a discerning eye could see that the reason she had become so bold and shameless was obviously because she had taken medicine. There might be some other secret behind this, and situ Guangzong could only place his hopes on this.

This was a matter of great importance, so they had to find out the truth as soon as possible and quell the rumors. Only then would they have a chance to reduce the impact as much as possible. The snow sword sect's most elite law-enforcement officers were immediately dispatched, and the first to be investigated was naturally situ Qian's husband, Wei shenjin.

Wei shenjin was already prepared for this. He immediately revealed the matter of situ Qian and MA Shangfeng's adultery. When the news spread, the entire snow sword sect was in an uproar.

MA Shangfeng's corpse was placed there, and situ Qian and Xiao qiuhua's performance was obvious to all. Wei shenjin's statement quickly gained everyone's agreement.

Not only did he commit adultery, but he also did not let off any passers-by and announced his lewd acts in public until he was too excited and finally died!

In an instant, situ Qian, who had already been talked about by everyone, became a promiscuous slut in public. She could even be recorded in the history of Sky Class Island as a classic example of a slut.

In this regard, situ Guangzong was unable to refute. As her grandfather, he more or less knew about situ Qian's temperament. The adultery between her and MA Shangfeng had also been found out, and it was impossible to distort the truth.

However, if the case was closed according to this statement, the impact on the situ family would be too great. He might even be nailed on the pillar of shame for thousands of generations. The situ family couldn't afford to bear this infamy.

"Wei shenjin, you said that situ Qian and MA Shangfeng committed adultery. This old man will not comment on this matter for the time being. However, the reason why she is so crazy and abnormal today is clearly due to her overconsumption of medicine. This is your doing, right?" Situ Guangzong suppressed the anger in his heart and coldly rebuked Wei shenjin.

Situ Qian was a lecherous person, and this was something he could not change. The only thing he could do now was to shift the focus of everyone's attention to Wei shenjin's murder with hatred. This way, at least his situ family would be less affected.

"Elder situ, do you mean that I've drugged situ Qian and MA Shangfeng and caused their deaths?" Wei shenjin asked in public.

"It's reasonable for you to do such a thing with a grudge. I can understand you. As long as you confess, I can consider giving you a lighter punishment and even give you some compensation so that you can live the rest of your life well. I hope you can think about this clearly." Situ Guangzong said, half threatening and half enticing.

he didn't have to do anything to wei shenjin, nor did he have any thoughts of avenging situ qian. the only thing he wanted to do was to eliminate the impact as much as possible.

"elder situ, i will not admit to any false charges. it's just as you said, after i found out that she had an affair with ma shangfeng, i did have the intention to kill her to vent my anger. unfortunately, i'm a cripple now and i don't have the strength to do so. i can't even use the spiritual jade card, where would i get the spiritual jade to buy her medicine?" wei shenjin said with a bitter smile.

situ guangzong was speechless. wei shenjin was telling the truth. he needed spiritual jade to buy medicine, and he was a cripple who couldn't even use a spiritual jade card. it was impossible for him to carry a sack of spiritual jade out. that would be too obvious, and people would definitely remember.

"Why don't you go to my house and check it out? you'll know once you take a look at situ Qian's dressing room. It's filled with the things she bought. I believe it'll be an eye-opener for you." Wei shenjin sneered.

He used to be very afraid of powerful elders like situ Guangzong, but after interacting with Lin Yi, he suddenly realized that these so-called big shots weren't that big of a deal. They'd be trampled under his feet sooner or later.

Hearing this, situ Guangzong's face suddenly became extremely ugly. However, when the law-enforcement officers returned from the investigation of Wei shenjin's home, his face became even uglier.

"The dressing room is full of dirty things used to liven things up. There are also a lot of medicines for both men and women. They are all from the central Chamber of Commerce and are not cheap." The law-enforcement officer replied.

This time, situ Guangzong was completely speechless. The items from the central Chamber of Commerce were famous for being expensive. Wei shenjin was a cripple who couldn't use the spirit Jade card, so he naturally couldn't afford these herbs. In the end, he could only attribute it to situ Qian, this cheap slut, who brought this upon herself.

"Alright, I understand. You guys do as you see fit." Situ Guangzong coldly looked at Wei shenjin and angrily flicked his sleeves as he left. From his eyes, one could clearly see that he didn't know what was good for him.

Chapter 4165 One Round A Day

"Why do you have to do this? you won't suffer any substantial losses if you cooperate with him. Why do you have to make him hate you for nothing? you have to be careful in the future." Seeing this, Wei Feng walked over and reminded.

Although Wei shenjin was one of his people, he was now a cripple. If situ Guangzong really wanted to find trouble with him, he could kill him with a few words. He couldn't go against an elder with real power for a cripple. If that really happened, Wei shenjin could only pray for good luck.

"Thank you for your reminder, uncle Feng. But I'll still say the same thing. Since it's not my fault, why should I be the one to take the blame?" Wei shenjin smiled calmly. If he was really a cripple, then he might really drag out an ignoble existence. But the situation was different now.

"Then you're on your own." Wei Feng helplessly patted his shoulder, shook his head, and left with a sigh. He then began to wonder if he should give up on Wei shenjin.

However, just a few days later, before he could make up his mind, a shocking news suddenly came. Wei shenjin's meridians had been repaired!

What was even more shocking than this news was the meaning behind it. Wei shenjin's meridians were personally repaired by the Deputy Island master of Nakajima, Tian xingdao, who was at the peak of his power recently!

This was quite interesting. When one's status reached the level of Tian Xing Dao, every move they made had a profound meaning. Even if he didn't have any, with so many eyes watching, everyone would take the initiative to interpret it for him.

In an instant, the entire snow sword sect looked at Wei shenjin in a completely different light.

First, his meridians were destroyed. Then, he was cuckolded by situ Qian. His life was at its lowest point, but in the end, he suddenly changed. Not only did he completely recover from his injuries, he even made contact with a top-notch figure like the heavenly path. Wei shenjin's experience was like a roller coaster, full of ups and downs.

Not to mention the private discussions of the crowd, the reactions of the snow sword sect's higher-ups towards this matter were surprisingly unanimous. They restored Wei shenjin's status and treatment as a core disciple, and at the same time, gave up on the arrest of martial artist Ling Yi!

This decision was made by the sect leader on the spot and was unanimously agreed by all the elders. Even situ Guangzong, who harbored a grudge in his heart, could only remain silent and did not dare to object.

Wei shenjin was originally a core disciple. Now that he had recovered from his injuries, it was only natural for him to regain his status. As for giving up on the arrest of martial artist Ling Yi, it was to express goodwill to Tianxing, the Deputy Island master of Nakajima!

After all, for the entire snow sword sect, since Wei shenjin had already recovered, the matter of martial artist Ling Yi was irrelevant. At most, people would gossip about it. However, expressing goodwill to Tian Xing Dao was a major matter that concerned the interests of the entire sect.

If they were to continue to hold onto Wu Fuling and oppose the heavenly pill Pavilion and even the Tian Xing Dao, then they would really be out of their minds.

"Shen Jin, after going through all these inhuman trials, you can be considered to have managed to hold on until the clouds parted and the moon brightened. I am deeply gratified." Wei Feng patted Wei shenjin's shoulder and laughed, informing him of the decision of the higher-ups.

"Thank you, uncle Feng. Tribulations make people improve. If I didn't go through all this, I might still be proud and arrogant. I don't know that there are always people better than me. Thinking back, this isn't a bad thing." Wei shenjin sighed and shook his head.

"That's right. As long as you can get through it, all hardships are not a bad thing. Shen Jin, you've improved a lot." Wei Feng immediately had a whole new level of respect for him. Although his strength was not much different from before, the feeling that Wei shenjin gave off now was like he had been reborn and could not be underestimated.

Wei shenjin smiled. If it weren't for all this, he wouldn't have been forced to become Lin Yi's follower. In the long run, being able to get on Lin Yi's good side, even if it was just being his follower, was something he wanted.

"Elder situ won't dare to do anything to you for the time being. You just have to be a little more careful." Wei Feng reminded him and then lowered his voice, "By the way, the sect leader just told you to visit the heavenly elixir Pavilion more often in the future. Do you understand the meaning behind this?"

"Uncle Feng, don't worry. I understand." Wei shenjin smiled. He had already expected this. The reason why he was asked to visit the heavenly elixir Pavilion more often was so that he could use this opportunity to build a connection between the snow sword sect's higher-ups and the Big Shot Tianxing.

From the looks of it, the impact of the return of the heavenly path on the power structure of the middle Island had begun to show its effect. Even the snow sword sect had taken the initiative to express goodwill to the heavenly path. In the future, it was even possible for them to get closer to the heavenly path. Presumably, the other sects would also have their own response. This might be the harbinger of a new round of power reshuffling.

With the sect leader's order as a shield, Wei shenjin going to the heavenly elixir Pavilion was a matter of the crown and no one could say anything.

Wei shenjin couldn't wait to come to the sky elixir dispensary, and he reported the decision to Lin Yi. He couldn't help but add, "Everything's under control, boss Lin Yi is a God!"

"It's only human nature to seek advantages and avoid disadvantages. At the level of a sect leader, face is only a price. In the face of substantial benefits, they can cast it aside at any time." Lin Yi said with a smile.

"That's because you're right, boss. If it weren't for your help, I'd be in a terrible situation right now. I would probably be a corpse by now. I wouldn't even be able to kill that B * tch situ Qian, let alone recover my strength and identity. I'll never forget your kindness." With that, Wei shenjin bowed three times to Lin Yi, expressing his gratitude.

"You don't have to do that. Since you've decided on your side, I'll be preparing to return to the North Island in two days. You'll have to pay attention to the heavenly pill Pavilion in the future. Although there won't be any trouble with big brother Tianxing's help, if it's just some small characters who don't have eyes and cause trouble, we can't let him, the Vice-Island master of Nakagama, solve it. Tian Ji and Xue Li are women, and it's not convenient for them to show their faces in public, so you'll have to pay more attention to them." Lin Yi ordered.

He could count the number of friends he had here. Other than Tian Xing Dao, there were only Cai Zhongyang and Hou Guanqi. These two were very busy people, and it was obviously unrealistic to ask them to come to the heavenly elixir Pavilion. Thus, this task could only fall on Wei Shenjin.

"Don't worry, boss Lin Yi-the sect leader just told me to visit the heavenly elixir Pavilion more often, and I promise I'll come here every day. I'll kill anyone who dares to cause trouble!" Wei Shenjin said with killing intent.

The strength of an early-stage golden core cultivator was not considered to be very impressive in Nakajima. However, he had the snow sword sect and the support of the heavenly path behind him. Naturally, he was full of confidence and had no fear.

Chapter 4166 A Pillow When You're Sleepy

"Then I'll have to trouble you." Lin Yi nodded with a smile.

The snow sword sect had given up on the pursuit of martial artist Lin Yi and had turned to heavenly pill Pavilion to express their goodwill. This was not a secret. Anyone who had the intention to find out would be able to find out. Most of the people who knew about this would just watch the show and discuss it after a meal. However, when Nantian Aurora and the others heard this news, they exploded in anger.

"What's wrong with this snow sword sect? we've lowered ourselves to provide them with information, and not only did they not go after Lin Yi, they even turned around and got together with him! They're just a bunch of despicable people, and all our efforts were wasted!" Si Tsunami said indignantly.

"That's right, Dean Nantian. They're not even putting you in their eyes. Lin Yi's Tianxing path isn't to be messed with, but do they think we're to be messed with too? this is ridiculous!" Patriarch xuanchen was equally furious, and he did not forget to provoke her.

"Those damn bastards!" Nantian Aurora Polaris's face was as dark as water. The fact that he was instantly killed by Tian xingdao in one move was already enough to make him unable to lift his head. He just deliberately did not think about it. But now, the snow sword sect's actions were clearly a slap to his face.

If the current vice-island master of Nakajima was him and not Tian Xing Dao, the snow sword sect would not dare to do this even if they had the courage to!

"old friend nantian, what should we do now? should we go to snow sword sect and beat him up? let's see if they still dare to look down on us in the future!" si tsunami suggested.

nantian aurora was tempted. he could not swallow this anger. however, after hesitating for a while, the last bit of reason he had left made him give up on this idea.

he had the backing of the cultivator college and the central chamber of commerce. in addition, he was one of the few early stage mystique venerable rank masters in the middle island. he had enough confidence to face a mere snow sword sect. however, he had joined the central with a secret identity. even if the matter was blown up, the central would not be able to stand up for him. he might even be punished instead. it would not be worth it.

"Forget it, making an enemy of the entire snow sword sect is too big of an impact-it might mess up the higher-ups" plans. We can't act rashly, and that's not my biggest headache right now-it's Lin Yi!" Nantian Aurora said as he rubbed his temples.

Si tsunami and ancestor xuanchen fell silent after hearing that. Lin Yi might return to the North Island at any time, but they didn't even get to borrow a knife. The plan they discussed before was simply a joke.

"Since snow sword sect can't do it, why don't we go to another sect?" Patriarch xuanchen suggested.

"which one? lin yi hasn't been in the central island for long, and not many people know his name, much less those who hold grudges against him. not to mention, he has tianxing backing him up-who would want to mess with him unless it's a blood feud?" si tsunami said helplessly.

"what should we do then? we can't just let that lin yi kid go like this, can we?" patriarch xuanchen was also helpless, but he still said unwillingly.

"It seems like we'll have to ask the higher-ups for permission. If they agree, we won't have to worry about the Tianxing path's threat even if we kill that Lin Yi kid ourselves." Nantian Aurora Polaris decided.

Si tsunami and patriarch xuanchen looked at each other and nodded in agreement. After all, there was no other good plan to come up with.

The three of them immediately went to the central Chamber of Commerce to meet the mysterious man in Black. They told him everything and waited for the mysterious man to make a decision. However, the mysterious man's words shocked them.

"That Lin Yi, don't touch him for now. I've been paying attention to him for a long time, and he's on my side." The mysterious man said indifferently.

Nantian Aurora and the other two looked at each other speechlessly. Although they were unwilling, they didn't dare to have any objections and could only nod their heads.

The three of them broke out in cold sweat helplessly. They never would've thought that even the mysterious man's boss would value Lin Yi so much. Luckily, they didn't rush to kill him. If they did, they would've messed up the mysterious man's plan and they would be in big trouble.

Nantian Aurora and the other two could only give up on Lin Yi, and Si tsunami could only return to the North Island with a depressed mood.

His main mission in coming to the Middle Island was to get Nantian Aurora Polaris on his side. As for Lin Yi, it was only an idea he had after the unexpected discovery. Now that Nantian Aurora Polaris had joined the central, and the higher-ups didn't allow them to touch Lin Yi, there was nothing they could do in the middle Island.

Even so, he still couldn't accept it. He was humiliated in front of Lin Yi, and he almost reported to the King of Hell. He hated Lin Yi so much, but now his superior didn't let him touch Lin Yi. How could he accept this?

However, si tsunami had never been a peaceful person. Since he had made up his mind to deal with Lin Yi, no one could stop him. Even if he didn't dare to do it openly because of the mysterious man's power, there wouldn't be any risk if he only incited disharmony in the dark.

Lin Yi didn't have many enemies on the central island, but he had quite a few on the North Island. Even the mysterious man couldn't stop these people from killing him.

Hard work paid off. As soon as Si Tsunami returned to the North Island, he found a heaven-sent opportunity. The North Island was now covered with wanted posters, and the image depicted on the wanted posters was none other than martial artist Ling Yi!

"Wonderful, truly wonderful! Someone's giving you a pillow just as you're about to doze off-this is Lin Yi's own doing, so don't blame me for adding fuel to the fire. You're the one who made enemies everywhere, hehe!" Si Tsunami was overjoyed.

Wufu Lingyi had a new image. No one on the North Island knew that this was Lin Yi's disguise. As long as he spread the news out, Lin Yi would be skinned alive when he came back. Even the mysterious people wouldn't blame him.

Si Tsunami immediately laughed and took the arrest warrant. He read it carefully. After understanding the cause and effect, he couldn't help but laugh even more happily.

On the North Island, only the law enforcement Hall had the right to issue an arrest warrant. This time, martial artist Ling Yi was wanted for the murder of Su Zhaohu, a disciple of the Rising Sky Pavilion!

Si Tsunami didn't say anything. After deliberately hiding it from the eyes and ears of others, he went straight to the law enforcement Hall.

Now, the central Chamber of Commerce had become famous on all the major islands of the Heaven Class. It was so powerful that it was comparable to the top Chambers of Commerce such as the Five Elements Chamber of Commerce and the Hong Chamber of Commerce. As the manager of the North

Island branch, si tsunami was also a prominent figure on the North Island. When he came to a place with a strict hierarchy like the law enforcement Hall, there would naturally be someone to receive him.

Chapter 4167 Return

However, because of the last time he flirted with Shangguan LAN 'er and ning Xuefei when he was drunk, even if si tsunami was not directly blacklisted by the three pavilions of the North Island, he was still very unpopular. Normally, it should be at least the high-level of the law enforcement Hall who came out to receive him. However, this time, it was only an ordinary law enforcement envoy.

This law enforcer was none other than Niu Qiang. Back then, his sworn brother Ma Jian was imprisoned for taking revenge for a private matter. Now, he was tortured to death. However, he managed to escape and wasn't implicated. The case of martial artist Ling Yi was also handled by him.

"So you're the shopkeeper of the central Chamber of Commerce. It's an honor to meet you. I'm Law enforcer Niu Qiang." Niu Qiang recognized si tsunami at a glance and greeted him with cupped hands.

His backer, Xu lingchong, was missing, and his sworn brother, Ma Jian, was imprisoned and killed. During this period of time, he had been living with his tail between his legs. He didn't dare to offend anyone, for fear that others would dig up his old debts and follow in Ma Jian's footsteps. Now that he had finally met a powerful figure, even if it was someone like si tsunami, who was not liked by the three pavilions, he had to find an opportunity to please him. Perhaps he would have another way out in the future.

"Oh, it's law enforcer Niu. I heard that you're the one in charge of the case of martial artist Ling Yi?" Si tsunami sized him up and asked.

"That's right. It's me. What advice does manager si have?" Niu Qiang nodded his head and replied.

"I can't say that I gave you any advice, but I have some clues about that martial artist Ling Yi." Si tsunami smiled deeply.

"Really?" Niu Qiang's eyes lit up. The wanted poster had been issued for some time, but there was still no news. It was as if Wufu Lingyi didn't exist at all. He was worried about this matter. He didn't expect si tsunami to deliver the information to him.

He came here specifically to deal with Lin Yi, so si tsunami didn't hide anything and told him what he found on the island. Niu Qiang was overjoyed.

"So Wufu Lingyi is Lin Yi in disguise, that's great! I'll ask for help from the higher-ups to arrest him!" Niu Qiang couldn't hold back his excitement.

To put it bluntly, Ma Jian was killed by Lin Yi. Now that he had this once in a lifetime opportunity, he could take revenge for his dead brother and at the same time claim credit from the soaring Pavilion's most powerful figure. It was killing two birds with one stone!

"Don't worry, Lin Yi's still in the middle Island, don't let him know that he's ready. This is a rare opportunity, we have to make it a done deal and kill him in one fell swoop, not giving him a chance to make a comeback!" Si tsunami reminded him.

"An ironclad case?" Hearing this, Niu Qiang's expression stiffened slightly and he said awkwardly, "That's a little difficult. He killed su Zhaohu because of the incident at Sky Noon Mountain, which is no longer within the scope of the North Island. Strictly speaking, I've overstepped my authority by forcefully sending out an arrest warrant for him. This is all because of Brother Su, so the others turned a blind eye and didn't ask about it."

"Brother Su? Who is that?" Si tsunami couldn't help being stunned.

"It's Su Zhaohe, the most popular genius disciple in the soaring Pavilion, who is about to be accepted by Pavilion master Shangguan. Originally, his cousin su Zhaohe was not killed in the North Island territory, so the normal procedures would not be filed. It was because he came forward to inform me that I accepted this task. " Niu Qiang explained.

Now that Xu lingchong was missing, he was in a hurry to find a new backer. It just so happened that he met a genius like su Zhaohe with a promising future. Naturally, he seized the opportunity to quickly curry favor. Once he did this job well, he could get on good terms with su Zhaohe in the future.

Everyone knew about the relationship between Gongyang Jie and Shangguan Tianhua. Su Zhaohe was Shangguan Tianhua's apprentice. Once he became Gongyang Jie's apprentice, he and Gongyang Jie would be apprentice brothers. If Niu Qiang could get close to Gongyang Jie, he would benefit a lot.

"In that case, Wufu Ling was wanted just to sell a favor, so this matter really can't be solved?" Si tsunami couldn't help but frown.

"That's right, if we have to do it the hard way ... The only thing I can do now is to capture Lin Yi and hand him over to the higher-ups for decision making," Niu Qiang said helplessly.

Thinking of Lin Yi, he couldn't help but think of his close brother Ma Jian. Ma Jian died a tragic death just to deal with Lin Yi. If he used public office to take revenge again, he was afraid that he would follow in Ma Jian's footsteps. The consequences would be unimaginable.

"If that's the case, then we might as well not go through the official channels-there's too many restrictions. Plus, I heard that Shangguan Tianhua's pretty good to Lin Yi-if things get out of hand, Lin Yi won't die even if we catch him. It's better to go through the private channels." Si tsunami's eyes rolled.

"Private channels? How do you explain this?" Niu Qiang was confused.

"Isn't that simple?" Si tsunami glanced at him and secretly thought that this person was stupid. He patiently reminded him,""Why did you do this case? it's to sell su Zhaohe a favor, isn't it? What do you think he'd do if you told him who Lin Yi is?"

"Su bro will definitely do something to Lin Yi! He was at the peak of his power, and Lin Yi killed his cousin-how could he just let that happen? Even if he wants to let it go, when the news gets out, people will say he's weak, and it might even affect him from taking Lin Yi as his master. He'll have to end things with Lin Yi!" Niu Qiang's eyes lit up.

"So, you tell him the information and bring him to Lin Yi for a fight. Then, all you need to do is watch the show! Su Zhaohe was chosen by someone like Shangguan Tianhua, and it wouldn't be wrong to say that he's the strongest foundational level! He'll be able to kill Lin Yi easily!" Si tsunami smiled evilly.

In his eyes, su Zhaohe had become a sharp knife, and it was aimed at Lin Yi. The only thing he could do now was to encourage Niu Qiang to get su Zhaohe's blade closer to Lin Yi's neck.

Unfortunately, he still didn't know Lin Yi's strength and assumed that Lin Yi was still in the foundational level. Wei shenjin was injured by Lin Yi's sneak attack from the back, and that didn't count.

What they didn't know was that Lin Yi was an extraordinary person-common sense didn't apply to him. Su Zhaohe's so-called strongest Foundation master's blade, even if Lin Yi took the initiative to come over, he wouldn't be able to cut it!

"Good idea! Manager si is indeed brilliant!" Niu Qiang nodded as he listened. He didn't have to break the rules and take any risks, and he could get on su Zhaohe's good side. He could also use this opportunity to kill Lin Yi. It was killing three birds with one stone.

He stayed in the middle Island for a month, and after saying goodbye to Tianxing and the others, he spent some time with Tian Gang and Xue Li before finally setting off on his return journey.

Chapter 4168 I'll Grant You Your Wish Reluctantly

This time, he had chosen to return to the North Island by riding on an aerial spirit beast. Compared to the land and sea routes, the aerial spirit beast was obviously much faster. However, the price was that it was more risky.

When crossing the vast ocean, not only did they have to be on guard against the birds in the sky, but they also had to pay attention to the sneak attacks of the sea beasts. In addition, the journey was long, and ordinary flying spirit beasts could not withstand such a high-intensity long-distance flight. Fifty to sixty percent of them would be killed halfway.

As such, most of the people who chose to ride on flying spirit beasts didn't dare to cross the vast sea. They avoided the sea and took the long way to the land to ensure their safety. However, Lin Yi was riding on the Tian Xing Dao's exclusive mount this time, so he didn't have to worry about this.

Not only was the flying spirit beast's strength outrageous, but the special symbol on its body, especially the five dazzling words "Nakajima Island master Pavilion", was enough to scare off 99% of the cultivators and spirit beasts.

If they were to attack it, it would be equivalent to going against the Nakajima Taishi Pavilion. Not to mention the cultivators, even the spirit beasts would not have the courage to do so. Their intelligence was not much lower than that of humans. Even if the vast sea had never been conquered by humans, they still knew what the Nakajima Taishi Pavilion represented.

The journey was uneventful, and after two days and two nights, Lin Yi had returned to the familiar North Island thanks to the extraordinary speed of the Tian Xing Dao Mount.

After seeing the flying spirit beast off, Lin Yi had just returned to the welcome Pavilion. He didn't even have time to say a few words to his miserable senior brother and the others when something big happened at the noodle shop. Su Zhaohe came with Niu Qiang!

Rumors had it that su Zhaohe's apprenticeship under Shangguan Tianhua was a foregone conclusion. Therefore, su Zhaohe's current status in the North Island's three pavilions was like the sun in the sky. His appearance had attracted a large number of new disciples in the welcome Pavilion.

"You're Lin Yi? You've been a coward for so long, and you're finally willing to come back. Just in time, I'm going to challenge you in public, do you dare to accept?" Su Zhaohe said in a clear voice.

Lin Yi didn't know that he'd been wanted on the North Island as well, so he was completely confused by this. This guy had a big face and a strong presence-he did look like a big Shot.

"Who are you?" Lin Yi couldn't help but frown.

F * ck! Lin Yi's words caused an uproar in the hall. Who wouldn't know su Zhaohe from the three pavilions? Did this guy really not know her or was he just pretending?

The new members of the welcome Pavilion looked at each other. This guy had disappeared for so long. They didn't expect him to start acting tough again as soon as he came back.

The crowd was just watching the show, but su Zhaohe's face was flushed at the moment. He had long been accustomed to being surrounded by others. He had never been looked down on in front of others, not to mention that the other party was just a disciple of the welcoming new pavilion. Normally, he would not even bother to look at him.

"I'm su Zhaohe from the rising Sky Pavilion. " Su Zhaohe gritted his teeth and replied with a stiff expression.

"Su Zhaohe?" Lin Yi raised an eyebrow-what was this guy doing here?"I don't think I've seen you before. Why are you challenging me to a battle?"

"Hmph, you haven't seen me before, but you've seen my cousin su Zhaohu, right, Lin Yi? Oh no, or should I call you Ling Yi?" Su Zhaohe sneered.

Lin Yi understood immediately, but he was surprised at the same time. He did look like Wufu Lingyi when he killed su Zhaohu, but how did he get exposed in a place like hucai tianwu mountain where no one visited?

At that time, other than su Zhaohu and Chen Zhuliang, who were already dead, there were only Huang xiaotao and Cong Zhima left. But Lin Yi's eyes were always accurate, and he believed that the two of them wouldn't sell him out.

Could it be that middle jiedan stage expert? Lin Yi's eyes twitched-the guy didn't see the whole thing, but he could've been the one who provided the clue!

However, Lin Yi had no way of knowing who this person was. He could only wait until they met again in the future to have the chance to take revenge.

"He only had himself to blame. In a place like hucai tianwu mountain, since he wanted to steal someone's things, he naturally had to be prepared to die," Lin Yi replied faintly.

The fact that he was a martial artist, Ling Yi, would be known as long as he went to Nakajima to investigate. There was no way to deny it, and he had no intention of denying it.

"He asked for it? Hmph, you look very proud, don't you? Now that my cousin is already dead, whether it's right or wrong, it's all up to you. There's no way to prove it. " Su Zhaohe stared at Lin Yi coldly, "Since you're talking to me about resolution, I'll also talk to you about resolution. Since you have the courage to kill, you should naturally have the resolution to die. What do you think?"

"So you're saying that you have to kill me?" Lin Yi said faintly.

He turned around and saw that more and more people were attracted by the tense atmosphere. Lin Yi even saw Shangguan LAN 'er in the distance, rushing over.

"What's wrong? You're scared? You don't dare to accept the challenge?" Su Zhaohe laughed contemptuously and said, ""You're a disciple of the welcoming new pavilion. So, it's fine if you refuse. You'll only lose face. But, you'll still be able to keep your dog life. That's good. I don't want to be labeled as a bully. "

Before Lin Yi could even open his mouth, everyone was already pointing at him. Although they weren't on the same level in terms of fame and strength, Lin Yi was still a famous newcomer King in the pavilion. If he admitted defeat in front of everyone, his reputation would be ruined.

"Lin Yi's done for this time. Su Zhaohe's the strongest Foundation Paragon, I heard he could even fight golden core cultivators ..."

"Yeah, hehe, I heard that Lin Yi's a poser, but I wonder if he'll throw his life away ..."

"..." The people nearby immediately began to discuss.

However, Lin Yi never cared about these things. He squinted his eyes and sized su Zhaohe up, the corner of his mouth curved up slightly.

With his current strength, if he really wanted to kill the powerful su Zhaohe, it would definitely be easy and pleasant. The only thing he needed to consider was how to deal with the aftermath after killing the other party.

"Alright, since you're so insistent, I'll reluctantly fulfill your wish." Lin Yi nodded immediately. There were so many people here, and the guy was the one who challenged a newbie. He was in the wrong, and even if he died, Lin Yi wouldn't be blamed.

Chapter 4169 A Fair Battle

The crowd burst into an uproar. No matter how they looked at it, they didn't think that Lin Yi could be su Zhaohe's opponent. As a newcomer, it wasn't too embarrassing for him to reject the challenge. They didn't expect this guy to agree!

Challenging su Zhaohe, the strongest Foundation Stage master, to an arena battle was just asking for death. Lin Yi, the head of the posturing group, really hadn't died before!

"Very good. Five days later, see you at the North Island's arena!" Su Zhaohe was overjoyed. He was most afraid of Lin Yi's rejection this time, and he would've made a wasted trip. He didn't think that this guy would actually agree. He didn't know what death was.

The so-called North Island Arena was a place specially set up by the three pavilions to prevent their disciples from fighting in private. It was a place for people to challenge each other and compete in skills. It was so that they could speak with their strength and resolve conflicts fairly.

In this way, to a certain extent, they could avoid disputes in the dark and turn conflicts into open conflicts. They could be controlled within a controllable range. Only when both parties agreed could they carry out the battle. Once they entered the ring, no one could blame the other.

If he felt that his strength was not enough, he could reject it in person. At most, it would only make him look bad, but at least his life would not be in danger.

"As you wish." Lin Yi said with a light smile.

"Then you can just wait for your death." Su Zhaohe couldn't help but feel disgusted when he saw Lin Yi's calm and pretentious look. In his opinion, only a strong person like him could really stay calm in the face of danger. As for trash like Lin Yi, he only knew how to act pretentiously. What the hell was he acting for?

Su Zhaohe left with Niu Qiang and the others, and the onlookers who were attracted to Lin Yi all left after pointing at him and discussing. Only Lin Yi's own people were left.

"Junior Brother Lin, su Zhaohe is publicly acknowledged as the strongest foundation building disciple in the three pavilions. I heard that he can even fight against golden core stage experts. This is not a joke. How can you agree to this?" The poor guy didn't even have time to chat with Lin Yi after not seeing him for so long-he was worried the moment he spoke.

"Boss, su Zhaohe's quite well-known. His strength must not be too bad to have such a great reputation. Otherwise, Pavilion master Shangguan would not have chosen him. The challenge this time is really a little uncertain." Xiao ran was also a little worried.

As for Qiao hongcai, he'd always been a blind admirer of Lin Yi, but he didn't say anything this time either. He only looked at li Zhengming, worried as well.

Lin Yi couldn't help but feel a warm feeling in his heart as he faced all the worry and complaints. He'd been in the middle Island for more than a month, and he'd felt a little unfamiliar when he first returned to the three pavilions in the North Island, but he felt like he was home now.

"Hehe, we've known each other for so long, when have you ever seen me do something I'm not confident in? "You'll know when the time comes ..."Lin Yi smiled.

The senior brothers still wanted to say something, but they were interrupted by Shangguan LAN 'er, who suddenly walked over, "Little Junior Brother, when did you come back? why didn't you come to find me?"

"Just now. I didn't even have time to rest my feet before I got into this." Lin Yi shrugged helplessly and carried the bear as usual, "By the way, where's ning Xuefei? did she go back to the West Island?"

"That's right. She's the little princess of the West Island. She can't be out for too long. She went back more than half a month ago." Shangguan LAN 'er stuck out her tongue, then paused and said nervously, ""Little Junior Brother, have you really decided to fight with that guy?"

"That's right. Since we've agreed to the battle, we naturally have to fight in this arena. I can't stand him up in front of so many people." Lin Yi smiled faintly.

"However, my grandfather once said that that guy is one of the best among the disciples of the three pavilions in this generation, whether it is in terms of strength or potential. He is not simple." Shangguan LAN 'er had always been a carefree person, and it was rare for her to be worried for Lin Yi.

"Oh? If even Pavilion master Shangguan has such an evaluation, then all the more I should have a good fight with him. " Lin Yi's interest was piqued-from Shangguan Tianhua's point of view, someone who could make him give such a high evaluation couldn't be someone with fame but no strength.

"Aiya, this isn't a sparring session, but a life and death battle. If you're not careful, you can really die. Little Junior Brother, why are you still so careless?" Shangguan LAN 'er stomped her feet in exasperation, and suddenly rolled her eyes and said, ""Forget it, I'll go talk to Grandpa about this."

Without waiting for Lin Yi's reply, Shangguan LAN 'er turned around and left, not even caring about the little Curly Bear, disappearing without a trace.

Back at Hualan residence, Shangguan LAN 'er went straight to the study. Seeing Shangguan Tianhua practicing writing, she rolled up her sleeves and took the initiative to grind the ink for him.

"Tell me, what's the matter?" Shangguan Tianhua smiled without raising his head. It was rare for this girl to take the initiative to grind for him. She must have something to ask of him.

"Hehe, Grandpa, are you going to accept a disciple soon? su Zhaohe or something?" Shangguan LAN 'er giggled. She had never paid much attention to the outside world, but recently, the rumor of su Zhaohe becoming a master was getting more and more intense, and it was hard for her not to hear about it.

"Oh? Even little LAN 'er, you've heard the rumors?" Shangguan Tianhua was a little surprised, but he did not deny it. ""It's just a rumor. I won't admit it, but I won't deny it either. "

"What? Grandpa is playing with words again. It's so confusing!" Shangguan LAN 'er pouted and said directly, ""That su Zhaohe guy just went to the welcome Pavilion to challenge our Junior Brother. Grandpa, don't you think you should intervene?"

"lin yi?" shangguan tianhua stopped writing and raised his head in surprise. ""su zhaohe challenged lin yi? did lin yi agree?"

"I don't know what little junior brother was thinking, he actually agreed." Shangguan Lan 'er pouted helplessly.

"Hehe, this little guy is quite interesting." Shangguan Tianhua laughed when he heard that.

"This is interesting! Su Zhaohe is simply bullying the weak. He is really shameless. Grandpa should have scolded him, then made him apologize to Little Junior Brother and cancel the battle!" Shangguan LAN 'er said angrily.

"That won't do. The battle is between the two of them. No one else can interfere. Even if I'm the pavilion head of the rising Sky Pavilion and the elder of the North Island, I can't lead the way and break this rule. Since Lin Yi has agreed to the battle, then we just have to prepare well." Shangguan Tianhua said slowly, shaking his head.

"Argh! How could he do this? Grandfather, don't you think that this kind of arranged battle isn't fair at all?" Shangguan LAN 'er said angrily.

Chapter 4170 Going Forward To Remind

"Xiao LAN 'er, the three pavilions of the North Island set the rules for the battle to be fair! If you think it's unfair, you can reject it. Since Lin Yi agreed, then this challenge is fair to him. Even if he loses and has to pay with his life, he can't use this as an excuse for failure. " Shangguan Tianhua said slowly.

"Hmph, I don't care about that. Su Zhaohe is in the wrong for bullying Junior Brother! Grandpa, you're so bad. You must have a way, but you just don't want to help me!" Shangguan LAN 'er stomped her feet and turned around to leave angrily.

Looking at Shangguan LAN 'er's back as she left, Shangguan Tianhua stroked his beard helplessly. If he really wanted to stop this battle, he could just say it casually. The reason why he didn't agree to Shangguan LAN' er's request was not only because he didn't want to break the rules, but more importantly, he wanted to take this opportunity to see Lin Yi's potential.

Su Zhaohe was a pretty good Whetstone for Lin Yi at his current stage. If Lin Yi didn't even have the confidence to fight su Zhaohe, he wouldn't be worthy of LAN 'er.

In the teahouse at the center of the North Island, Nan Tianba, Nan Tianmen, Kang Zhaoming, and the others gathered to welcome si tsunami back from the middle Island.

In terms of seniority, the Nan Tianba brothers sat at the head of the table closest to si tsunami, followed by Murong Zhen and Zhong pinliang. As for Kang Zhaoming, he had to queue at the end, almost all the way to the door.

It couldn't be helped. No matter how much Xu lingchong valued him, it was all in the past. This was si tsunami's circle, and everything was centered around si tsunami. In si tsunami's eyes, Kang Zhaoming didn't have any contribution at all.

"Oh right, Kang Zhaoming, I heard you're xuanchen's last disciple?" Si tsunami noticed Kang Zhaoming's unnatural expression and suddenly thought of the xuanchen ancestor.

"That's right. Manager si, how did you know?" Zhaoming froze.

Although the things in the secular world weren't secrets, and there wasn't anything that couldn't be revealed, Zhong pinliang knew everything clearly. But this guy shouldn't be talkative enough to secretly report these things to si tsunami, right? it was worthless.

"Heh, it's such a coincidence. To be honest, your master xuanchen is now in Nakajima and has joined the central with my old friend Nantian. We're on the same side. He asked me to take care of you before he came back." Si tsunami said with a smile.

"Master is in Nakajima? And he even joined central? That's great!" Zhaoming was overjoyed. To be honest, with his selfish nature, he usually wouldn't care about how patriarch xuanchen was doing. But now that he suddenly heard about his whereabouts, he was overjoyed.

Since elder xuanchen was able to follow a Big Shot like Nantian guoru, it meant that he was doing pretty well. Otherwise, he wouldn't have the face to ask si tsunami for help. To Kang Zhaoming, this was the beginning of him finding a new backer!

Although si tsunami didn't say anything more, Kang Zhaoming felt that the way he spoke was different. Even if his seat didn't change, Kang Zhaoming's back was straightened and he was more confident. At least when he looked at Murong Zhen and Zhong pinliang, he wasn't inferior to them anymore.

"Your master, Nantian, and I were planning to let the snow sword sect deal with Lin Yi a while back in the middle Island. We were almost successful, but we didn't expect to fail at the last moment. It's such a pity." Si tsunami sighed with emotion, but then his spirit was lifted and he said,""It's fine, Lin Yi's a suicidal kid. He's made countless enemies, and I thought no one could stop him. I didn't expect su Zhaohe to be waiting for me. With su Zhaohe's strength, Lin Yi's death will be in the battle five days later. He brought it on himself, hahaha!"

"I've sparred with su Zhaohe once before, and he's indeed unfathomable. No one in the Foundation Stage is his match. Lin Yi has really kicked an iron board this time. " South Heaven Gate nodded in agreement.

He had occupied the position of the eldest senior brother in charge of the rising Sky Pavilion for many years, so he knew the background of the disciples in the rising Sky Pavilion very well. He had the most say in how strong su Zhaohe was.

"But Lin Yi has always been weird. I think we should find a chance to remind su Zhaohe that Lin Yi is asking for death this time. It's a heaven-sent opportunity to kill him openly, so we can't fail miserably." Kang Zhaoming reminded.

In the past, he wouldn't have been qualified to say this, and no one would have taken it to heart. However, this time, si tsunami nodded.

"That's right. That kid does have some skills. In less than a month, he was able to gain a foothold in Nakajima, which is full of strong people. He is definitely not an ordinary person that can be underestimated. If su Zhaohe underestimates his enemy and doesn't take him seriously, there might be a possibility of failure." Si tsunami agreed.

Since si tsunami had already said so, even if the other people such as southern sky BA and Southern Heaven Gate didn't agree, they wouldn't object. They immediately went to find su Zhaohe.

Even su Zhaohe, who had been full of confidence and claimed to be Shangguan Tianhua's prospective disciple, took the initiative to welcome the sudden visit of si tsunami and the others. After all, there was si tsunami, the North Island shopkeeper of the central Chamber of Commerce, and an old figure like the southern Heaven sect's tyrant in the South Heaven sect. For any disciple of the rising Sky Pavilion, their weight was not light.

"I wonder what advice does everyone have for me?" Su Zhaohe looked at the crowd and slowly asked.

"Five days later is the day of your battle with that Lin Yi. We've come here to give you a warning. Don't underestimate that kid just because he's new." Si tsunami said seriously, "previously, he killed Nan tianlong, who was at the peak of the late Foundation establishment stage, with one move. A while ago, he seriously injured the core disciple of the middle Island snow sword sect. His strength is equivalent to the early golden core Wei shenjin. Although this is a sneak attack, we can't take it lightly."

"Thank you for your reminder, but even without your advice, I will not underestimate my enemy." Su Zhaohe smiled and asked, ""Oh right, that Lin Yi, I've heard some rumors about him before-he's the number one newbie in your Welcome Hall, right? I heard you guys even gave him a nickname, something like acting tough leader?"

"Man, that's just a random name I made up. The main thing is that the kid only knows how to act cool all day long. It makes people want to kick his face ..." Zhaoming blushed. He was the one who started calling him that.
