

Bodyguard 4171

Chapter 4171 Probably No Chance

"It doesn't matter. As long as you have the strength, it doesn't matter if you want to act tough. Otherwise, you'll be really stupid. You know, when I was in the welcoming Pavilion, I was also recognized as the number one newcomer. Some people even called me the acting tough leader. As for seriously injuring an early jiedan stage expert, I have done it before. However, he attacked me from behind, while I faced him head-on!" Su Zhaohe's words revealed his unconcealable pride.

To be honest, he had not been in the rising Sky Pavilion for a long time, so he was not very experienced. It was because of his outstanding achievements that he was called a genius and attracted the attention of top leaders like Shangguan Tianhua. These were all the things he was proud of.

Hearing this, everyone was indeed shocked. Whether it was the outsider, Si Tsunami, or Kang Zhaoming, Murong Zhen, Zhong Pinliang, none of them were elders of the three pavilions, so they naturally didn't know about these things. Only the two brothers from Southern Heaven Gate, Southern Heaven tyrant, knew about it.

As shocked as he was, Pinliang didn't think much of it—Zhaohe's cocky face made it seem like Lin Yi's boss wasn't even worth mentioning compared to him. He was just lying to himself.

Su Zhaohe, even if you've really killed an early golden core practitioner before, you've only done so after you joined the rising Sky Pavilion, right? boss Lin Yi, on the other hand, is still a newbie who hasn't even become a full-time employee yet.

If you were already so powerful during the Ying Xin Pavilion's time that you could challenge an early gold core expert, then Shangguan Tianhua would have long fought to recruit you. Why would he wait until now?

"Besides, you guys don't know yet, right? Hahahahaha, actually, I've already successfully formed my Aurous core and am now an early Aurous core expert!" "Hahaha!" Su Zhaohe laughed complacently. "I've been hiding my strength and didn't make it public. I'm looking for an opportunity to make an official appearance. When the time comes, I'll amaze everyone and become a disciple of Pavilion master Shangguan!"

"That's great! Then this time, the general situation has really been set. We've been overthinking!" Si tsunami and the others were all excited, and Zhong pinliang's face changed.

From everyone's point of view, if su Zhaohe was only at Foundation peak, then with Lin Yi's evil abilities, there was a possibility that he would fail miserably. But su Zhaohe was now an early golden core Master. No matter how heaven-defying Lin Yi was, he was definitely not his opponent!

Who was su Zhaohe? he was a genius disciple who could enter Shangguan Tianhua's eyes and challenge those of higher cultivation levels. How could an early golden elixir realm master like him be compared to ordinary Masters of the same level?

Haha, Lin Yi really did hit a brick wall this time-he'd sent himself to someone's door to be their master's stepping stone, and there was nothing he could do to stop him!

Si tsunami and the others immediately dispersed happily. On the other side, Shangguan LAN 'er came out of the Hualan residence with a depressed look and went to the welcome Pavilion.

"Little Junior Brother, no matter how much I begged, grandfather refused to stop this unfair battle. He said that the rules are the rules. He's too unreasonable!" Shangguan LAN 'er pouted as she complained.

"It's fine. I wanted to fight su Zhaohe anyway. It's a good thing that Pavilion master Shangguan didn't interfere." Lin Yi smiled as he consoled.

He could more or less figure out what Shangguan Tianhua was thinking. With Shangguan Tianhua's status as the pavilion master of the rising Sky Pavilion, any rules were just a formality, and he could change them with a word. However, if Shangguan Tianhua were to interfere this time, he would not be helping him, but harming him.

In Shangguan Tianhua's opinion, since he dared to accept the challenge in public, it meant that he had some confidence. If he interfered without saying anything, it would only make others think that he was weak and that he was a coward who only knew how to talk. It would be detrimental to his future development in the three pavilions.

Besides, since Lin Yi killed su Zhaohe, su Zhaohe was a Tiger on the road that he had to cross sooner or later. Running away would never solve the problem, and the only way was to crush him.

"You're still talking about good things? I heard that su Zhaohe is quite powerful, even though he is always bluffing and saying that Grandpa wants to take him as a disciple. Junior Brother, you are the new disciple of the welcoming new pavilion. It's not fair for him to force you to accept the challenge!" Shangguan LAN 'er said angrily.

"It doesn't matter if it's fair or not. Identity doesn't represent strength. Perhaps when the battle is over, you'll find that this battle is even more unfair to him?" Lin Yi smiled meaningfully and changed the topic, "You're saying that su Zhaohe made up the story that Pavilion master Shangguan accepted him as a disciple. How could he be so bold?"

"I don't know. I've asked about it just now, but Grandpa kept me in suspense again ..." Shangguan LAN 'er wrinkled her nose helplessly and said, ""Anyway, su Zhaohe is so annoying. I don't want him to be my grandfather's disciple. If I see him all the time in the future, I will be so upset!"

"don't worry. i don't think you'll have the chance to see him again. i'll help you solve this problem." lin yi smiled faintly.

"really? little junior brother, if you're so confident that you can defeat him, then i won't go back and bother grandpa anymore. " shangguan lan 'er's eyes lit up, thinking that her junior brother had always been unexpected, always able to do things that others dared not even imagine, and maybe this time was no exception.

As long as Lin Yi could defeat su Zhaohe in this battle, then su Zhaohe, the self-proclaimed once-in-a-thousand-years genius, would no longer have the face to be his grandfather's disciple! It was obvious that Shangguan LAN 'er had misunderstood Lin Yi.

"En, little Senior Sister, you can rest assured and wait." Lin Yi nodded, but there was a cold killing intent in his smiling eyes. The effect he wanted was not to defeat su Zhaohe, but to eliminate the root of the problem and kill su Zhaohe!

Su Zhaohe looked like a sanctimonious person, but he was actually a bastard. This was something that could be judged from Huang xiaotao's experience before they met. However, at that time, he didn't have any interactions with Lin Yi, and they didn't have any deep grudges. Lin Yi didn't have the time to deliberately target him.

But now, Lin Yi had killed su Zhaohu, and the enemy was coming to him. There was no reason for him to let him go. How could Lin Yi miss a chance to kill the scum?

.....

After eating a calming pill at su Zhaohe's place, Lin Yi was already a dead man in the eyes of si tsunami and the others. He only had less than five days left to live. After Kang Zhaoming, Murong Zhen, and Zhong pinliang returned to the welcome new pavilion, he couldn't wait to find Meng Tong.

Chapter 4172 Everyone's Trump Card

"What's the matter?" Meng Tong looked at them coldly. He didn't know if it was a psychological effect or if it was true, but his temperament had become even weirder than before. If the feeling he gave people a while ago was that he had been reborn, after such a long time, it seemed that his entire personality had begun to change and distort.

Pinliang's eyes twitched as he mumbled to himself. Lingchong had mentioned a long time ago that this guy ate a Meridian heart-shattering pill-was the pill really that scary? how could it turn such an idiot into such a twisted person?

It wasn't just him-Zhaoming and Murong Zhen looked at each other as well. They couldn't see through Meng Tong's strength at all-they just felt that this guy was unpredictable and dangerous.

"It's nothing, actually. You've heard about Lin Yi's challenge to su Zhaohe, right?" Zhaoming said, calming himself down.

"So what?" Meng Tong's expression did not change.

"It's Su Zhaohe we're talking about, don't you think Lin Yi's dead for sure?" "We just got some inside information," Zhaoming said excitedly. "Su Zhaohe isn't at the peak Foundation Stage like everyone thinks he is, he's at the early golden core stage! Lin Yi won't survive this even if he has ten lives, Wahaha!"

"Early Aurous core stage?" Meng Tong's expression changed slightly, but he quickly returned to normal. No one could tell what he was thinking.

"That's why Lin Yi's dead for sure this time. By that time, all the people he's gathered will be scattered. We have to be prepared and take in these opportunists. When we have more people under us, we'll be more confident." Zhaoming's eyes lit up as he suggested.

"That's right, this is the best chance to win people over. Although they still have people like Kubei, Xiao ran, and Qiao hongcai, Lin Yi is the backbone. His death will definitely cause people to waver. This is a rare opportunity. Otherwise, it will be difficult for us to poach them after we've convinced these people." Murong Zhen agreed.

"If you want to poach him, you guys go ahead. I'm not interested." Meng Tong's face was still expressionless. After all the setbacks and tribulations, especially the torture of the meridian heart-shattering pill twice a day, he was no longer on the same level as Kang Zhaoming.

Only people like Kang Zhaoming wouldn't be able to forget those fence-sitters, and would use them as tools to fulfill his ambitions. The current Meng Tong didn't even care for them.

"Ugh ..." Zhaoming paused. The reason he called Meng Tong here was because of his influence among the new disciples. Even if Lin Yi had stepped on him many times before, he should still be a threat to the new disciples. How could this guy say he wasn't interested?

If it was before, Zhaoming would've given him a good scolding already, but he couldn't see through Meng Tong now. Even if he wasn't happy, he could only hold it in.

"Why don't you let me try?" It was Zhong pinliang who volunteered, "I can try to get Lee Zheng Ming on my side. If I can get him to defect, it would definitely be a great help to the other new disciples of the GreenCloud Pavilion!"

"That's true, but Lee Zheng Ming is different from the other newbies. He has a strong will, and it's not easy to convince him. I've tried to talk to him a few times, but it didn't work." Murong Zhen said awkwardly.

She had always been confident in her honey trap, but it didn't work on Lin Yi or Li Zhengming. It was a big blow to her. If she didn't have Si Tinghai with her, she would have suspected that she had become an old hag.

"That's probably because he's too wary of you. Since pinliang volunteered, why don't you give it a try? maybe it'll have an unexpected effect!" Kang Zhaoming nodded, "But you don't have to be in such a rush to get him on your side. This time, you just need to get close to him and give him a hint. He's a smart person, and I believe he'll know what to do when Lin Yi dies."

"I understand." Pinliang smiled to himself as he left.

The so-called offering himself to make Li Zhengming defect was, of course, just an excuse. The real purpose was to inform Lin Yi that Su Zhaohe was an early golden core Master. This was a super hidden danger. If Lin Yi didn't know about it and started a war directly, he would suffer a big loss.

At this point, Lin Yi was the center of attention of the entire Pavilion-his every move was being watched. Pinliang had no choice but to use a roundabout way to send him a message.

"What are you doing here?" Li Zhengming was quite surprised that Zhong pinliang came to him on his own initiative. He didn't know that Zhong pinliang was also a spy planted by Lin Yi, just like him.

"It can't be. Brother li is a smart man. Can't you guess why I'm here?" Pinliang said with a smile.

"There's no point in saying more, please go back. " Li Zhengming's face darkened immediately. He didn't mind going back to being a spy, but Lin Yi had to give the order first. Otherwise, he didn't want to have any contact with these people at all. Instead of wasting time with them, he'd rather use it to train.

"Don't worry, don't you know about Lin Yi and su Zhaohe's fight, brother li? if you're thinking that your boss can win again, then I might as well give you some top-secret information so that you can give up on it. " Pinliang said, his face mysterious.

"What news?" Lee Zheng Ming looked at him.

"Su Zhaohe isn't a perfected Foundation establishment cultivator. He's a genuine early golden core expert. I wonder if this news is explosive?" Pinliang smiled deeply and left before Lee Zhengming could reply.

An early gold core expert? Li Zhengming's heart shook. His admiration for Lin Yi was no less than anyone else 's, but Lin Yi was still a newbie after all. It was already very difficult for him to fight against su

Zhaohe who was at Foundation establishment state peak. If his opponent was really an early golden core, how could he fight?

However, pinliang had never interacted with him before. Was he really just trying to convince him to surrender by giving him this shocking inside information?

this kind of information should be top secret. there was no reason for him to reveal it to her so easily. was this person's brain so simple?

Li Zhengming was confused, but he still went to Lin Yi and told him the news.

Chapter 4173 Huang Xiaotao's Dilemma

"If what Zhong pinliang said is true, boss, you really need to think about it this time. A real man knows when to give in and when to hold back. Boss, you're still a newbie, after all ..." Li Zhengming wanted to say something, but he stopped himself. He was trying to suggest that Lin Yi take the initiative to admit defeat.

Facing an early golden core su Zhaohe, Lin Yi had no chance of winning. It would be stupid to fight to the end even if he knew he was going to die.

"Hehe, it's fine. I already knew about this." Lin Yi only smiled faintly-it wasn't a lie, it was the truth.

Su Zhaohe's strength was only at Foundation peak, and even Lin Yi was fooled at first glance. But even if su Zhaohe could fool everyone, he couldn't fool Lin Yi's cheat.

After coming to Sky Class Island, although he couldn't directly see through the strength of higher levels, he could easily see through opponents of the same or lower level. There was no possibility of him getting away with it.

"Ah? Li Zhengming was stunned. He could tell that Lin Yi wasn't trying to put on an act, but he really had the confidence to deal with the situation.

However, was it possible for a newcomer of the welcoming new pavilion to fight against an early jiedan stage expert, who was also a famous genius?

"You'll know when you see it. " Lin Yi smiled as he patted Li Zhengming's shoulder. He was surprised to see a slim figure not far away, and she looked very familiar.

"Are you Lin Yi?" The person was wearing a veil, and his voice was very familiar. It was Huang Xiaotao, who had gone to Hucai Tianwu Mountain with him.

"Captain Xiao Tao?" Lin Yi was stunned. He didn't think that Huang Xiaotao would come looking for him. But thinking about it, his identity as martial artist Ling Yi had been made public, so it wasn't strange for Huang Xiaotao to know about it.

"Senior, you're indeed senior Ling Yi, this is great!" Huang Xiaotao was overjoyed and quickly walked to Lin Yi, unable to hide her happiness.

Li Zhengming looked at the two of them with a strange expression. Looking at Huang Xiaotao's attire, she should be an official disciple of the GreenCloud Pavilion without a doubt. Although his boss Lin Yi

was strong, he was still a newcomer. No matter how he looked at it, he was called a senior. This scene was strange.

"Boss, I'll go back first." Lee Zheng Ming had a strange expression on his face, and he immediately left tactfully.

"Don't call me senior, it's awkward. You can just call me Lin Yi. " Lin Yi said with a bitter smile.

"This ... Fine, then forgive me for being bold, Lin ... Lin Yi." Huang xiaotao was also stunned, and then she said in embarrassment.

In her previous impression, Ling Yi was an extremely powerful existence that she could only look up to. However, she never thought that he was actually a newcomer of the welcoming Pavilion. Moreover, he was a junior of the GreenCloud Pavilion. When she first heard this news, she didn't believe it. It was only now that she had seen it with her own eyes that she finally accepted the reality.

"Is there anything you need from me this time?" Lin Yi asked.

"It's ... It's nothing, I just wanted to thank senior ... Oh no, Lin Yi, for saving my life, and I just wanted to say sorry. " Huang xiaotao lowered her head and whispered.

"I'm sorry? Where does this come from?" Lin Yi couldn't help but ask.

"If you didn't stand up for us back then, you wouldn't have provoked su Zhaohe and you wouldn't be in this situation. It's all my fault ..." Huang xiaotao said sadly.

Back then, Ling Yi had indeed displayed great strength, but in Huang xiaotao's heart, su Zhaohe had always been a lingering shadow. She couldn't help but worry that Lin Yi might not be su Zhaohe's match. If that happened, it would be the same as her harming Lin Yi. She would feel guilty for the rest of her life.

"Actually, you're thinking too much. Even if this didn't happen, I would still want to kill su Zhaohe."
"Captain Xiao Tao, I already wanted to kill this person after I heard about what happened to you. How can a scumbag like him live in this world?" Lin Yi smiled faintly. I was just worried that I wouldn't have a chance to attack him, but I didn't expect him to take the initiative to challenge me. Isn't this just right?"

"Ah?" Huang xiaotao was a little surprised when she heard that. She hesitated and said, ""You ... You actually want to avenge me? I ..."

As Huang xiaotao spoke, she lowered her head. Her fingers were tangled together, not knowing what to do. This was because after being injured, her usually cautious and fragile heart trembled violently at this moment, as if something had touched it.

Thinking back, back at hucai tianwu mountain, Lin Yi killed su Zhaohe and his men to protect them. Then, to protect them, he fought with a mysterious master. From the aura he felt from afar, that person should be a golden core Master!

And now, he even wanted to take the initiative to stand up for him and take revenge on su Zhaohe!

Why was he so good to her for no reason, and they had no connection to begin with?

Does he like me? This thought suddenly popped up and took over her mind in an unstoppable manner, scaring Huang Xiaotao herself.

Her thoughts had always been simple. Before she was injured, she had always been cultivating. After that, she had devoted all her attention to accumulating spiritual jades to restore her appearance. She had never seriously thought about the matters between men and women. She had always felt that love was very far away from her, especially after she was disfigured. She felt that she could only live alone from now on.

She didn't expect to meet this Lin Yi all of a sudden. They'd only met once before, and they didn't talk much, but it was undeniable that Lin Yi's first impression in her heart was unique, and it made her curious.

When a woman started to be curious about a man, she was not far from falling for him.

Huang Xiaotao couldn't help but let her thoughts run wild. The feeling of being protected by a man was really very warm. Did he really like her? Did she like him too?

"What's wrong with you?" Lin Yi saw that Huang Xiaotao had her head lowered and didn't say anything for a long time. He couldn't help but ask curiously.

"Ah? It's ... It's nothing ..." Huang Xiaotao's heart was beating like a deer, as if her thoughts were seen through. Fortunately, she was wearing a veil, otherwise Lin Yi would see her blushing and embarrassed face.

"Oh, that's good." Lin Yi looked at her strangely and shrugged.

"But, I ... I'm already disfigured. You don't have to be so good to me ... I'm not worth it for you to do this for me ..." Huang xiaotao suddenly remembered her current situation. She looked down and her voice trembled as she spoke dejectedly.

Chapter 4174 It'll Be Over Very Soon

"What?" Lin Yi froze for a moment before he realized that Huang xiaotao might be wrong. Women's minds were really hard to read.

Lin Yi wanted to explain, but even through the veil, he could feel Huang xiaotao's shyness, inferiority, and joy. He couldn't help but stop.

No matter how beautiful Huang xiaotao used to be, after her face was disfigured, perhaps no man would have any thoughts about her anymore. It was not strange for him to suddenly treat her so well and be misunderstood as having feelings for her. However, if he were to tell her the truth, would it hurt her?

Although he did not have much contact with Huang xiaotao and did not have any sexual thoughts at the moment, any man would probably feel pity for this pitiful but strong and kind girl and would never have the heart to hurt her.

Even if it was a misunderstanding, Lin Yi still couldn't bear to ruin Huang xiaotao's beautiful thoughts. If he said it out loud, she might pretend not to care, but she would definitely be sad and embarrassed.

She was already disfigured by su Zhaohe, and Lin Yi didn't want her to feel inferior anymore. Huang xiaotao might not care about this, but if she was hurt because of him, what difference would she be from su Zhaohe?

"Actually ..." Lin Yi thought about it and said in a very tactful way, "I still have a few close female friends ..."

"Yes, I've heard about it ... You have a good relationship with Shangguan LAN 'er ..." Huang Xiao Tao still had her head lowered, and she said in a soft and embarrassed voice, "So ... I can't compare to her. When I see her ... I feel inferior ..."

"Ah?" Lin Yi was stunned. He didn't expect Huang xiaotao to pay so much attention to him. She should have just found out that he was a martial artist, but she already knew about this.

However, from Huang xiaotao's tone, it seemed like she did not care whether she had a girlfriend or not.

However, the Sky Class Island had always maintained the ancient customs. Polygamy had always been common, so it was normal for a native like Huang xiaotao to not resist it.

What made Lin Yi feel helpless was that she didn't seem to understand the main point of his question at all, and was even comparing herself to Shangguan LAN 'er. He couldn't help but sigh again-women were really hard to read ...

"Forget it, let me see your face." Lin Yi said.

Although he did not know whether to laugh or cry, he could still tell that Huang Xiao Tao's appearance was the biggest knot in her heart. If he did not help her solve it, she would eventually feel inferior. Especially after seeing a beauty like Shangguan LAN 'er, it touched her fragile nerves and reminded her of herself, who used to be equally beautiful.

But if she recovered, Huang xiaotao would naturally regain her confidence, and she would be the center of attention again. She wouldn't care if Lin Yi liked her or not.

"It's ... It's better not to look ..." Huang xiaotao was suddenly shocked. She covered her veil and subconsciously took a step back. She no longer had the domineering and decisive attitude of the team leader of the trial team at hucai tianwu mountain. Instead, she became more and more embarrassed.

"Don't be afraid, I'm just going to take a look," Lin Yi consoled.

"No... Don't ..." Huang xiaotao shook her head. She didn't want anyone to see her ugly appearance, let alone a man like Lin Yi who made her like him. She didn't want her image in Lin Yi's heart to have any flaws. This was the common point of all women.

However, Lin Yi didn't give her the chance to reject. He took a step forward and pulled off her veil. He saw the scary scar that looked like a centipede crawling across half of her face and smiled.

Seeing Lin Yi laugh, Huang Xiao Tao's heart was suddenly filled with sorrow. Her eyes reddened and she started crying.

"You ... You really laughed at me ... I knew it ... After seeing me like this ... It's impossible for you to like me anymore ... I was just thinking too much ..." Huang Xiao Tao sobbed with extreme sadness.

Hearing this, Lin Yi smiled even more bitterly. He thought that Huang Xiaotao was too fragile and sensitive on this issue. No matter what happened, she would unconsciously think about inferiority. This had become a knot in her heart.

"You're really overthinking it. I won't laugh at you, I definitely won't." Lin Yi promised seriously before pausing. "Give me a moment."

"Really?" Huang Xiaotao blinked her tear-stained eyes as she covered her face with both hands, not letting Lin Yi see. It was a pity that the huge centipede-like scar was useless no matter how hard she tried to cover it.

Lin Yi nodded with certainty and searched the Jade space for a while before finally finding a special edition injury medicine. It was the special edition injury medicine that House Yu auctioned off back in the common world. Wu Chengtian had packed everything up and brought it to Sky Class Island.

He had thought that it wouldn't be of any use, but he didn't expect it to come in handy. This medicine also had a magical effect on old injuries. The key was that it could remove scars.

Of course, with Lin Yi's ability, even without the medicine, he could still use the art of Dragon mastery to restore Huang Xiao Tao's appearance. However, she would have to be disfigured again before she could recover.

This was because this was an old injury from many years ago, and it had already recovered a long time ago. It only left behind an ugly and frightening scar. If she treated it directly like this, there was no way to heal it.

If he had to forcefully disfigure her again to restore her looks, it would be very painful. Huang xiaotao might not mind doing it herself, but since there was a better way, Lin Yi naturally didn't want her to suffer this pain.

"It's fine, it'll be over soon. " Lin Yi said as he personally applied the medicine on Huang xiaotao's face. The feeling of skin to skin contact made Huang xiaotao shocked, scared, and embarrassed. Her body immediately stiffened, not daring to move.

Feeling Lin Yi's warm breath right in front of her and looking at Lin Yi's focused expression, Huang xiaotao knew that his action didn't mean anything else, but her heart still couldn't help but beat wildly. Her mind started to let her imagination run wild again. She even started to fantasize about how great it would be if time could stop at this moment forever.

After a while, Lin Yi finished applying the medicine for her, but Huang xiaotao was still immersed in her fantasy. She didn't even notice that the injury medicine was taking effect, only feeling an itch on her face.

Chapter 4175 Five-Day Deadline

The scary centipede-like scar slowly disappeared under the effects of the injury medicine. In the end, not even a wrinkle was left. Lin Yi smiled in satisfaction and handed a mirror to Huang xiaotao.

She took the mirror from Lin Yi's hands in a daze, finally waking up from her wild thoughts. Her hands trembled when she thought of the possible situation, holding the mirror for a long time, not daring to look at her face.

"Don't be afraid, take a good look at your current self. " Lin Yi encouraged with a smile.

"Yes." Huang Xiao Tao nodded and took a deep breath. She finally mustered the courage to look at herself in the mirror. Then, she was stunned in disbelief.

Her skin was as white as Jade, as soft and smooth as a newborn baby 's, and her face was pure and beautiful. After being tortured in pain for so many years, Huang xiaotao finally saw her past self again. This was a scene that only appeared in her dreams!

Was this a dream again? Huang xiaotao pinched her arm subconsciously and felt a real pain. She was overjoyed. It was real!

Squeak! Huang xiaotao suddenly hugged Lin Yi excitedly and stood on her tiptoes to kiss him on the cheek. She was so excited that she couldn't even speak properly, "Do you like me because you know that you can help me recover my appearance ... You're really amazing ..."

"Ha?" Lin Yi didn't know what to say. He thought that after Huang xiaotao regained her looks, she would naturally regain her confidence and wouldn't be so stuck with him.

In terms of looks, Huang xiaotao was no less beautiful than Shangguan LAN 'er after she regained her looks. In the past, even su Zhaohe was fascinated by her and did not hesitate to use despicable means. Now, she would definitely be able to attract countless young talents and make them submit to her.

Lin Yi didn't expect this to be Huang xiaotao's first reaction after the surprise. Lin Yi didn't know what to do.

"Xiao Tao, I just treat you as a good friend, I don't have any other intentions ..." Lin Yi had no choice but to tell the truth.

She'd recovered her looks and confidence anyway, and she'd be a star-moon figure when she went back. Lin Yi thought that she wouldn't be too sad even if he said it ...

Huang xiaotao was stunned when she heard this. Her beautiful eyes stared at Lin Yi's face, her lips moving but no words came out.

"Xiao Tao, I know you're a good girl, but I already have a lot of girlfriends ..." Since he'd already said it, Lin Yi decided to just say it all at once to avoid any misunderstandings. "It's not just what you've heard and seen. I also have female confidants in Nakajima, and more than one, so ..."

"Since you already have so many, do you still need me?" Huang xiaotao suddenly interrupted. Not only did her eyes not shrink back, but they became even more determined and remorseless.

"Pfff ..." Lin Yi almost puked blood. He didn't know what to say. What was this girl's brain made of? what was she thinking?!

"Oh, I know!" Huang xiaotao suddenly smacked her head and said in realization, ""You're afraid of letting them know, so you don't dare to accept me, right? That's right, how could a high and mighty little princess like Shangguan LAN 'er accept a low-level disciple of the GreenCloud Pavilion like me ..."

"Well ... You're right ..." Lin Yi was completely defeated by the girl's logic. He could only lie. No matter what, as long as he could make her back off, the reason didn't matter. The result was the most important.

"I understand ... Thank you ..." Huang xiaotao seemed to have finally figured something out. She smiled sweetly at Lin Yi and put on her veil again. She didn't say anything else and ran away.

"Phew, I've finally given up." Lin Yi looked at her back and let out a long breath. He wiped the cold sweat off his forehead. Talking to this girl was more tiring than fighting.

To be honest, with Huang xiaotao's pure beauty and her strong and kind personality, any man would be happy to see her. Lin Yi was no exception. After all, it was a man's nature to be attracted to a Fair Lady.

The only reason he rejected her was because he didn't want to carry any more love debts. Having so many women was a blessing that all men would be envious of, but it was also a heavy responsibility.

From the beginning to the end, Lin Yi felt that he'd let down too many of his female friends, and so after coming to Sky Class Island, he'd avoided getting into love affairs on purpose and focused on training, hoping to wake them up as soon as possible.

If Huang xiaotao was added to the mix now, it would be unfair to the many beauties and Huang xiaotao herself. It was better to dispel the idea as soon as possible.

"I guess it's because she's grateful that she impulsively came up with the idea of marrying him. As long as she calms down and thinks about it, I believe she'll think it through." Lin Yi smiled as he shook his head.

Little did she know that this kind of impulsive action was indeed very likely to happen to other girls, but with Huang Xiaotao's always firm heart, how could she be so easily impulsive?

Five days passed by in a flash, and the day of the battle between Su Zhaohe and Lin Yi finally arrived under everyone's eyes.

On this day, the North Island's arena was packed with people, and the surrounding stands were so crowded that not even water could trickle through. It had almost attracted more than 60% of the disciples of the three pavilions to come and watch the battle.

Su Zhaohe, of course, was the most popular disciple in the three pavilions because of the rumors that he was going to take Shangguan Tianhua as his master. Lin Yi, on the other hand, was only a newcomer in the Welcoming Pavilion, but he was the most popular newcomer in the recent years. His name was known to all three pavilions.

Both sides were the focus of attention. In addition to the clear difference in strength between them, this battle had attracted a lot of attention from the moment it was decided. It became the latest topic of discussion among the disciples of the three pavilions.

Even in these short five days, the public had interpreted the relationship between the two into several different versions.

Some people said that Lin Yi killed su Zhaohe, so su Zhaohe wanted to avenge his cousin and show his strength to attract Shangguan Pavilion master's attention. Su Zhaohe said the same thing when he challenged Lin Yi in public.

Some said that Huang xiaotao had once gone to the welcoming new pavilion to meet Lin Yi in private. This woman had a scandal with su Zhaohe before, and was later exiled to the Qingyun Pavilion because of her disfigurement. It was because of her that su Zhaohe and Lin Yi were at odds with each other.

Chapter 4176 Shangguan Tianhua Spectating The Battle

Some even said that su Zhaohe not only wanted to be Shangguan Tianhua's disciple, but also wanted to be Shangguan Tianhua's son-in-law. It was rumored that Lin Yi was very close to Shangguan LAN 'er, so naturally, he became a thorn in su Zhaohe's side. He wanted to get rid of Lin Yi quickly, which was why they had a battle.

All kinds of rumors were flying around, and they were all very convincing. This made the battle that was already the focus of everyone's attention become even more eye-catching, and even evolved into a hot scene that was full of people today.

But no matter which version they believed, the public opinion was always one-sided. Against su Zhaohe, Lin Yi had no chance of winning!

Lin Yi stepped onto the arena slowly, accompanied by his fellow disciples. He looked around, and his eyes narrowed when he noticed the figure in the center of the arena.

Lin Yi didn't think that a small fight like this would get a big Shot like Shangguan Tianhua to come and watch!

He was not the only one. The other people present were also shocked by Shangguan Tianhua's arrival. They all thought that this top-notch Big Shot had come for su Zhaohe. He wanted to use this battle to see if su Zhaohe had the potential to become his proud disciple.

Most people had this idea. As one of the protagonists of this battle, su Zhaohe believed it without a doubt and was overjoyed!

A Big Shot like Shangguan Tianhua wouldn't come here just to watch a newbie like Lin Yi, would he? the only logical explanation was that he was paying attention to him, and wanted to see if he was worthy of his attention. This was a once-in-a-lifetime opportunity!

During this period of time, the rumor that su Zhaohe was going to become Shangguan Tianhua's apprentice became more and more intense. Everyone had already believed it to be true. The one who was really uncertain was su Zhaohe himself.

The reason was simple. Shangguan Tianhua had never explicitly said that he wanted to take him as a disciple. Instead, he had only praised him at one of the elders' meetings, intentionally or otherwise, saying that he could be trained. That was why the rumor that Shangguan Tianhua was going to take him as a disciple gradually spread, and it was known to everyone. In addition, Shangguan Tianhua did not deny it, so the rumor gradually became more and more real.

Su Zhaohe was still a little nervous at first, but now that he saw Shangguan Tianhua "attending" just for him, he felt like a huge rock had been lifted off his chest. He felt completely at ease. He thought that as long as he crushed Lin Yi to death today and revealed all of his hidden strength, he would be able to take Lin Yi as his master!

Little did he know that Shangguan Tianhua's appearance this time was completely the work of Shangguan LAN 'er. She had no choice but to come, as her youngest granddaughter had almost pulled off her beard!

The reason why she pulled him over was because she wanted him to save Lin Yi. She didn't want him to stop the fight, but at least when Lin Yi was in danger, Shangguan Tianhua could easily stop him and not kill him on the spot.

However, when he saw the person standing next to Shangguan Tianhua and Shangguan LAN 'er, Lin Yi couldn't help but be stunned. He saw Huang xiaotao!

Ever since they went back, Huang xiaotao didn't take off her veil, and the news of her regaining her looks didn't spread either. Everything was as usual, and Lin Yi wasn't too surprised by this. What really surprised him was when Huang xiaotao went with Shangguan LAN 'er.

Looking at how Shangguan LAN 'er was talking and laughing with her, the two seemed to have a good relationship. Could they have been friends a long time ago? why had she never heard Shangguan LAN' er mention it?

However, Lin Yi thought about it again. Huang xiaotao was a disciple of the rising Sky Pavilion at the beginning, and there were only a few female disciples in the rising Sky Pavilion. It seemed quite normal for Shangguan LAN 'er to know her and be her best friend.

Little did he know that although Huang xiaotao was a disciple of the rising Sky Pavilion in the beginning, she had not stayed there for long. Moreover, the huge difference in status between her and Shangguan LAN 'er meant that they would not even have the chance to meet each other, so how could they be best friends?

Under normal circumstances, only people of equal social status would have common interests. Only princesses like Ning Xuefei could become Shangguan LAN 'er's best friend. As for Huang Xiaotao, she obviously did not have this qualification.

She and Shangguan LAN 'er had only gotten to know each other a few days ago, and the common point between the two, or rather, the source of their relationship, was Lin Yi.

"Senior Sister Xiao Tao, was what you told me before true? Little Junior Brother, can he really fight against a Jindan expert?" Shangguan LAN 'er asked worriedly as she watched Lin Yi walk up the stage.

This girl really did care about Lin Yi! Huang Xiaotao sighed in her heart. A few days ago, it was also because of this that she saw Shangguan LAN 'er having a headache over this matter. She remembered that she was Lin Yi's girlfriend, so she went up to comfort her and told her about this.

At first, Huang Xiaotao didn't think that the high and mighty miss Shangguan would be so innocent and without any airs. After a while, the two became friends, and she was even dragged here by Shangguan LAN 'er to cheer for Lin Yi.

Of course, even without Shangguan LAN 'er, Huang Xiaotao would have come by herself. It was just that she would not be standing in such a central place.

However, Huang Xiaotao was still very happy. Being able to become good friends with Shangguan LAN 'er was not because of her noble status. She was not the kind of girl who was vain. It was because she was Lin Yi's girlfriend. After getting to know her better, at least it would help her with her relationship with Lin Yi in the future.

"Yes, yes, of course it's true. Although we ran away early that day, we could still feel the auras from the fight behind us. The opponent is definitely a golden core stage master, and Lin Yi is still intact. It's enough to prove that he has the ability to fight against an early golden core stage master, so you don't have to worry, LAN 'er." Huang Xiaotao said with certainty.

These words were not only to comfort Shangguan LAN 'er, but also to comfort herself. After all, she was only speculating about this matter, and was not 100% sure.

Previously, when the Golden core stage master disclosed the news to su Zhaohe, he did not mention his own strength at all. Anyway, he was a loose cultivator, no one would pay attention to him.

The reason why he didn't mention it was because this fact was too embarrassing. He was a master of the middle jiedan stage, but the result was that he was seriously injured by a kid of the peak of the late Foundation Stage. If this news were to spread, wouldn't he become a laughingstock?

Chapter 4177 I'm Afraid That Won't Do

"Oh, that's good!" Only then did Shangguan LAN 'er relax a little. However, she still turned to Shangguan Tianhua and said seriously, ""Grandpa, you can't just stand by and do nothing. You can't let anything happen to Little Junior Brother, you can't!"

"I know. Little LAN 'er, you've said it 800 times. I've heard it so many times that I'm getting calluses in my ears." Shangguan Tianhua said helplessly. He did not know whether to laugh or cry at the fact that the pavilion master of the rising Sky Pavilion had been forced to be a firefighter.

To be able to fight against a Jindan expert? Shangguan Tianhua looked at Lin Yi in the ring with a faint smile on his face. This little guy was getting more and more interesting, but that wasn't enough to go against su Zhaohe.

On the stage, Lin Yi and Su Zhaohe faced each other from a distance. Everyone's eyes began to focus on them, and the noisy discussions slowly calmed down.

Only Kang Zhaoming, Nan Tianba, and the others were still laughing at Lin Yi's misfortune. Today was the day of Lin Yi's death, and they had to enjoy it. It was a pity that Si Tsunami wasn't here, or they would have laughed even harder.

After all, this was the territory of the three pavilions, and outsiders were not allowed to enter normally. Besides, Si Tsunami had once made a big mistake by teasing Shangguan Lan 'er and Ning Xuefei. If he came here today, he would probably be drowned in the saliva of the disciples of the three pavilions. So, even if he was itching to go, he could only wait for Lin Yi's death in the central Chamber of Commerce.

"Boy, I heard that you're the number one newcomer in the welcoming new pavilion, and that you've been in the limelight for a while?" Su Zhaohe finally opened his mouth. In an instant, the entire place was completely silent. Everyone looked like they were waiting for a good show to start.

"I have no choice. There are always some bored people who come to me. I have to step on them. I'm just forcing myself." Lin Yi replied faintly.

"Hey, your strength isn't that great, but you do have the style of a pretentious leader. You seem quite proud of yourself!" Su Zhaohe laughed sarcastically, then pretended to be indifferent and said, ""Let me tell you, I'm also the number one newcomer in the past. Don't try to show off your skills in front of an expert. You'll only be humiliating yourself."

"Oh? So you're a senior?" Lin Yi raised a brow in surprise before smiling. "That's true of the old saying, the waves behind push the waves in front, and the waves in front die on the beach. "

The crowd burst into laughter. Although the fight hadn't started yet, it was quite interesting to see these two bickering. Lin Yi was definitely not su Zhaohe's opponent in a fight, but his verbal skills were unforgiving.

"You have a sharp tongue. Only a frog at the bottom of a well would say such ignorant and fearless words." Su Zhaohe laughed coldly and glanced at Shangguan Tianhua on the grandstand. He could not wait to show off, so he pretended to be magnanimous and said, ""Let's cut the crap. Let's hurry up and start so we don't waste everyone's time. As a senior, I'll let you have the first move so that others won't say that I'm bullying the weak. You do it!"

"I think it's better if you don 't. You won't have a chance if you give me one move." Lin Yi said, shaking his head.

"Haha, childish!" Su Zhaohe laughed nonchalantly and no longer hid his strength. He suddenly released the powerful aura of an early golden core and said proudly, ""You don't know yet, right? I've already successfully formed my gold core. Today, I'm just beating you up. That's why I'm being merciful and letting you have one move, so that you won't die in peace. Hahaha!"

The crowd was in an uproar. Everyone could not help but look at each other. They had never heard anyone say that su Zhaohe was already an early golden core Master!

If he remembered correctly, su Zhaohe was not even 40 years old yet. To successfully form his gold core at such a young age was not unprecedented, but at least in the history of the three pavilions, he could be considered a rare genius!

"No wonder Pavilion master Shangguan likes him. His talent is too terrifying!"

"That's right. He formed his gold core before the age of 40. If we count before that, it would be Gongyang Jie, right?"

"That's right! I didn't expect that he has already reached the level that can be compared with Hall Master Gongyang. The title of a once-in-a-thousand-years genius is indeed true!"

Lin Yi's lips curled up as he listened to the crowd's praises. He had never fought Gongyang Jie before, but his intuition told him that even Gongyang Jie was not someone Su Zhaohe could compare to. He wondered how Gongyang Jie would feel when he heard these people comparing the two.

"Kid, now you see the difference, right?" Su Zhaohe was very pleased to hear these words. He said proudly, "Even if you and I are both No. 1 newcomers, the quality is not the same. We are not on the same level at all. I am the first to form my gold core among the disciples of the three pavilions!"

"Oh, so what?" Lin Yi asked indifferently.

"How is it? Hmph, you think you're worthy of being called the number one newcomer? aren't you embarrassed after seeing me? how thick is your skin?" Su Zhaohe sneered.

"Oh, then what should I do to deserve this title?" Lin Yi said with a playful smile.

"At least, you formed your gold core at the age of 35, like me!" Su Zhaohe said proudly with his nose up.

"I'm afraid I can't ... It's too difficult ..." Lin Yi shook his head helplessly.

"Hahahaha, even you know that you can't do it. It seems that you're not so stupid that you can't be saved!" Su Zhaohe laughed when he heard that.

The crowd laughed along, especially Kang Zhaoming and the others. Lin Yi actually admitted defeat in front of so many people, this was the first time!

However, Lin Yi's next sentence caused the laughter to stop.

"I'm sorry, I'm only twenty this year, it's a little early ..." Lin Yi shrugged helplessly.

"Eh? What do you mean by that?" Su Zhaohe, like the crowd, was baffled and looked at each other.

Lin Yi smiled faintly, and the aura around him suddenly changed. The powerful aura of an early golden core Master poured out in an instant. Su Zhaohe, who was also an early golden core Master, was like a small boat in a stormy sea in front of Lin Yi. There was no threat to speak of, but the feeling he gave people was that he could be swallowed at any time.

In an instant, the entire arena was in an uproar. Su Zhaohe, Kang Zhaoming, and the others all had their mouths wide open!

Chapter 4178 Imminent Death

How was that possible? This guy was also in the early stage of the Golden core realm? This was completely unbelievable!

The audience couldn't be sure of Lin Yi's age, but Zhaoming was very clear. Lin Yi was only twenty years old, and he formed his Aurous core at twenty. What the hell was that?

Su Zhaohe, the so-called genius who formed his core at the age of 35, wasn't even comparable to him. Even if you looked at the entire history of Sky Class Island, you wouldn't be able to find a 20-year-old who formed his core, right? Freak or perverted?

Compared to Zhaoming and the others who were at a loss, the miserable Shixiong and Xiao ran let out a long breath. They were really worried for Lin Yi when they found out that su Zhaohe was an early golden core, but Lin Yi turned the situation around in the blink of an eye!

Making a breakthrough during the welcoming new pavilion's time-Lin Yi wasn't just the number one newbie in the entire history of the three pavilions, he'd be the number one newbie! He could even beat a legendary figure like Zhang Liju-this was a terrifying achievement that could go down in the history books!

The group of people couldn't contain their excitement, and Shangguan LAN 'er and Huang Xiao Tao were even more surprised and happy. They were more worried about Lin Yi than these people.

When she found out that su Zhaohe was an early gold core expert, Shangguan LAN 'er even pulled her grandfather's beard, ready to let Shangguan Tianhua interfere.

As for Huang xiaotao, although she knew that Lin Yi could escape from a golden core Master, it was a completely different concept to fight against an early golden core su Zhaohe.

No matter how much he hated su Zhaohe, one thing was undeniable. This person was very strong. He could already counterattack a golden core stage master when he was in the foundation establishment stage. Now that he was in the early golden core stage, wouldn't he be even more powerful?

The two girls "judgment of the situation was the same as the others, but they didn't expect Lin Yi to be in the early golden core stage-this was a real big news!

However, the layman only saw the show, while the expert saw the skill. Although everyone was completely blinded by the brilliance, they still couldn't see the true nature of Lin Yi's power. Only Shangguan Tianhua saw through the essence of it with one look, and his eyes were shining with a strange light as he looked at Lin Yi.

"Ten thousand beauty golden pill? Could it be that this little fellow has achieved a perfect breakthrough?" Even Shangguan Tianhua, a top-tier boss, was shocked by Lin Yi's presence. They were both early golden core cultivators, but Lin Yi's aura was far beyond su Zhaohe 's, a thousand-year genius.

Forming one's gold core at the age of twenty was already an earth-shattering event, and with the legendary perfect breakthrough, it was even more exaggerated and heaven-defying. Shangguan Tianhua could not help but feel an unprecedented emotion. This was simply a fearsome future!

"What? You're also in the early jiedan stage?" Su Zhaohe was shocked and angry. He thought that Lin Yi would be as easy as stepping on an ant, but he suddenly felt guilty.

"Yeah, that's why your 35 year old plan is too difficult for me ..." Lin Yi shrugged, ""If nothing goes wrong, I might already be in the nascent Soul Stage by then. I really can't return to the core formation stage and meet your requirements ..."

The crowd burst into laughter. This world had always been one where the strong were praised and the weak were trampled on. Naturally, they would stand on the side of the strong. They thought that su Zhaohe had Lin Yi in the bag, but now it seemed like that wasn't the case at all. The wind naturally turned around. Su Zhaohe was arrogant and flamboyant, and many people didn't like him.

"Hmph, nascent soul? I'll let you have your way!" In the face of everyone's ridicule, su Zhaohe's nose was crooked in anger. His face was livid as he said angrily, ""I'll let you understand today what it means that there's always someone better than you. Even if we're both early jiedan stage cultivators, there's still a difference in strength. In front of me, you're just a piece of trash with no strength. Go to hell!"

As he spoke, the stage under su Zhaohe's feet suddenly exploded, and his figure instantly disappeared. He didn't dare to say that he would let Lin Yi have one move.

Su Zhaohe wasn't stupid. He thought that he could challenge people of a higher level than him and was invincible against people of the same level. He thought that he had a hundred percent chance of winning against a Dark Horse like Lin Yi, but he also knew that it wasn't easy to fight someone of the same level. He might be defeated if he was careless.

So, even if he had to go back on his words and lose face, su Zhaohe still chose to strike first. Only the one who laughed last had the right to speak. As long as he could successfully step on Lin Yi, the stronger Lin Yi was, the more powerful he would be!

"That was fast!" Seeing that the battle had finally begun, the people on the stands were invigorated and exclaimed one after another.

There were so many disciples from the three pavilions present, and there was no lack of golden core stage experts among them. However, even with their vision, at this moment, they could not help but be shocked when they suddenly saw su Zhaohe's skill, and their faces revealed a look of fear.

If it were a few early jiedan stage experts among the crowd, let alone su Zhaohe, they would not even be able to touch the corner of his clothes with the horrifying speed he showed at the moment. They would probably be killed easily.

Nothing was indestructible, only speed was indestructible. This principle was not only applicable to martial arts. It was also applicable to cultivators like them.

However, his next performance was truly jaw-dropping.

Bang! Bang! There was a sudden explosion on the ring. Su Zhaohe's figure, which was already so fast that it was blurry, suddenly became much faster with this explosion. The crowd below the stage could not even catch his figure with their eyes, let alone confront him!

"Break the sound barrier? Hehe, this speed is indeed not bad for ordinary early jiedan stage experts, but in front of me, it's still too weak. " Lin Yi stood on the stage with a faint smile, his hands still behind his back.

"You're still acting tough even when you're about to die. I'll fulfill your wish!" Su Zhaohe laughed hideously. His speed did not decrease but increased instead. His hands stretched out into the shape of claws. Powerful genuine Qi quickly condensed at the tip of the claws, emitting a terrifying and powerful aura. Every time it streaked across the air, it left behind five streams of genuine Qi, like sharp knives.

Immediately, under everyone's terrified gazes, a dense spider web appeared on the stage in the blink of an eye, quickly surrounding Lin Yi from all directions.

This wasn't an ordinary net. Each wisp of true Qi could cut through iron as if it was mud, and it was an existence not inferior to divine weapons. Once one was trapped by this net, it was even a dream to be cut into eight pieces. Only a pile of minced meat would be left behind, and there was no other outcome.

Chapter 4179 Instant Kill

"Heavenly net cover, countless experts have died under my hand. You will be the next!" Su Zhaohe's maniacal laughter could be heard in the air. He never thought of leaving his opponent a way out in today's battle. The more powerful Lin Yi was, the stronger his killing intent was.

A 20-year-old forming his core-this Lin Yi kid was too much of a threat. If he didn't get rid of him today, he'd cause endless trouble in the future!

At that moment, no one dared to even breathe, and the disciples were all trembling with fear. Shangguan LAN 'er even pulled on Shangguan Tianhua, signaling that he could save Lin Yi now.

In their eyes, although Lin Yi was an early golden core Master, su Zhaohe's reputation was not undeserved. The battle today was still very dangerous.

Shangguan Tianhua was the only one who was able to see through the situation and remain calm. Lin Yi was the strongest golden core stage master after his perfect breakthrough. How could he lose to su Zhaohe, who was at the same level? Don't be funny!

Strangulation! Su Zhaohe's eyes lit up as he retracted his tianluo cover. Countless beams of pure Qi shot towards Lin Yi's head from all directions, leaving him no way to escape.

However, Lin Yi wasn't flustered at all. He took advantage of the last moment before the cover closed up and suddenly moved, throwing out a wild fire thousand legs at the empty space.

BOOM! Su Zhaohe's sorry figure suddenly appeared on Lin Yi's legs and was directly sent flying like a cannonball, penetrating through the stone wall dozens of meters thick and buried deep under the stands!

As for the fatal net around him, it was instantly obliterated by this astonishing kick, as if it had never appeared.

Such a sudden scene shocked everyone so much that they couldn't close their jaws. They hurriedly looked down at the deep pit. At this moment, su Zhaohe's eyes had already rolled back. His bloodshot eyes were wide open, and he was spitting out blood bubbles. He couldn't move. It was obvious that he was breathing more than he was breathing.

"One move! Instant kill!" After a long period of silence, someone suddenly exclaimed. The crowd reacted and instantly burst into an uproar, discussing endlessly.

The No. 1 newcomer was indeed worthy of his reputation. He wasn't a pretentious leader at all, but he really had the strength to crush others. They were both early golden core Masters, but su Zhaohe, who had been bragged to the sky, couldn't even withstand one move in front of him. What kind of monster was he?!

However, when Lin Yi opened his mouth, the crowd went silent. At this moment, he was the only star.

"I didn't have to kill you, but I have a friend called Huang xiaotao ..." Lin Yi said faintly to the pit. Su Zhaohe, who was on his last breath, suddenly froze when he heard this. He twitched helplessly and in despair for a while before he died on the spot!

"He really did it for me ..." Huang xiaotao, who was in the stands, was moved to tears. She was happy that Lin Yi could kill su Zhaohe in one move, but the last sentence was even more difficult to hear than that!

"Senior Sister Xiao Tao, do you like Little Junior Brother?" Shangguan LAN 'er, who was also immersed in surprise, looked at Huang xiaotao with some doubt and suddenly asked.

"Ah? "I ... I ..." This question came too suddenly. Huang xiaotao immediately stuttered, not knowing how to answer.

"Haha, so it's like that. Do you want me to be your matchmaker?" Shangguan LAN 'er couldn't help but smile and immediately suggested on a whim.

However, when she said this, she did not know why her heart tightened a little, but she could not understand why it was like this. However, Shangguan LAN 'er was not a sensitive person, so although she felt that it was a little strange, she did not take it to heart.

"This ... This ..." Huang Xiao Tao suddenly became even more excited and incoherent. Did Shangguan LAN 'er's words mean that she had accepted her? Didn't that mean that she could be with Lin Yi openly without any obstacles?

This silly girl! When Shangguan Tianhua saw this, he could not help but shake his head with a bitter smile. However, he did not say anything.

He only cared if Lin Yi was strong enough, and if he could take care of his granddaughter. As for how many women Lin Yi had, that wasn't his concern. It was a rule of polygamy on Sky Class Island, and he wasn't so dictatorial that Lin Yi had to marry Shangguan LAN 'er alone.

Lin Yi smiled faintly as he took in everyone's shocked expressions. Today's first appearance on the North Island was a perfect ending.

Killing su Zhaohe in one move, such a domineering display, the purpose was to intimidate the rascals. As Lin Yi expected, what he did in the middle Island would be spread to the North Island sooner or later. The heavenly elixir Pavilion and the like would definitely make people jealous, and it was inevitable that there would be people with bad intentions, so he needed to suppress them with force!

Su Zhaohe, this scumbag, took the initiative to come to the door at this critical moment. With old grudges placed there, how could there be any reason not to kill?

Looking at Lin Yi's enemies on the North Island, including Nan Tianba, the brothers from the southern heavenly gate, Kang Zhaoming, Murong Zhen, and the others, there was nothing to fear with his current strength. They were no longer on the same level.

Lin Yi couldn't kill them directly due to the rules of the three pavilions, but they wouldn't dare to mess with them after what they'd seen today. Su Zhaohe would be their lesson.

With absolute strength, there would be absolute intimidation. When one's strength had reached the level of crushing others, blindly hiding one's strength would instead cause a lot of unnecessary trouble. When necessary, one needed to reveal one's strength to make these evildoers despair!

"How could this be? It's only been a month. How could he be an early jiedan stage master? and he could even kill su Zhaohe in one move. How is this possible?" Murong Zhen muttered to himself as he stared at Lin Yi.

Not long ago, she was still fantasizing about making Lin Yi kneel under her skirt and beg for mercy, but she didn't think that Lin Yi would become someone she had to look up to in such a short time. She couldn't even catch up to him.

On the other hand, Zhaoming, who hated Lin Yi to the bone, wasn't too dejected despite the shock. Back in the common world, he'd been following Lin Yi around, trying to turn the tables, but never succeeding. He'd gotten used to it already.

Since he couldn't kill Lin Yi this time, he'd just admit defeat for now. He'd always been a shameless person, after all, and he'd never thought of using his own strength to defeat Lin Yi. No matter how strong Lin Yi was, there'd always be someone stronger. He'd just have to provoke them later.

Chapter 4180 The Man In Black Reappears

As expected of boss Lin Yi, what a relief! Pinliang, on the other hand, was extremely excited-he'd already completely submitted to Lin Yi a long time ago, and the more powerful Lin Yi was, the happier he was. He wanted his boss to be invincible!

Only Meng Tong's expression didn't change as he looked at Lin Yi calmly. No one knew what he was thinking.

As for Nan Tianba and the southern sky Gate brothers, they looked at each other with lingering fear. Su Zhaohe had the ability to kill people above his level, at least comparable to a peak early golden core practitioner, but he was still killed by Lin Yi like a chicken. If it were Nan Tianba, he wouldn't have a good end either, not to mention the southern sky Gate who was only at the peak Foundation Stage.

After today's battle, Lin Yi had become an existence that they could only look up to. They wouldn't dare to provoke him on their own, or they'd really be courting death.

One of the people in the crowd, who was wearing a bamboo hat and couldn't see his face clearly, shivered when he saw the calm but domineering Lin Yi on the stage. He shrunk his neck and quickly left.

This person wasn't from one of the three pavilions-he'd sneaked in with the crowd. If Lin Yi was standing in front of him, he'd recognize the face under the hat-it was the mid golden core practitioner he'd met at Mount tianwu!

He was forced to go into seclusion for a month to recuperate after the fight with Lin Yi ended in a draw. It was only recently that he barely recovered from his injuries and could finally come out to act. The first thing he did was to report to su Zhaohe about Lin Yi killing su Zhaohe's group. He only had one purpose-to kill with Lin Yi's hands.

Lin Yi's identity was exposed, and su Zhaohe challenged him in public. Everything was going according to his plan. He thought that although he was tricked by Lin Yi's alchemy bomb and still had lingering fears, with su Zhaohe's long-established genius strength, even if it didn't go so smoothly, it wouldn't be a big mistake against Lin Yi.

He had never expected that things would suddenly develop into such a situation!

Su Zhaohe was an early golden core, but he was so weak in front of Lin Yi. Even if he was stronger than su Zhaohe, there was a limit. How could he be Lin Yi's opponent?

What he couldn't figure out was that Lin Yi was only a Foundation Stage practitioner a month ago, how did he suddenly become an early golden core practitioner? Could it be that he had been hiding his strength?

Even if it was the Wandu golden core fruit, it could only be used to increase the strength of a golden core stage expert. It couldn't possibly allow a Foundation establishment stage expert to form the core in one go, right? This kind of thing was simply unheard of, and it was simply unrealistic!

The man couldn't figure it out no matter how hard he thought about it-his hatred for Lin Yi was mixed with an indescribable fear.

Lin Yi was only a Foundation Stage cultivator before, but he'd already fought to a draw with him. Now that Lin Yi was an early golden core, his strength must've skyrocketed more than ten times-what was he supposed to do?

Find a chance to ambush Lin Yi? The thought had only just appeared when the man in the bamboo hat felt guilty. If he really did that, there was a 90% chance that Lin Yi would be fine, and he would end up like su Zhaohe.

But, if he just watched Lin Yi get away with it, he'd be in deep trouble.

If he took revenge, he might be killed instead. If he didn't take revenge, he couldn't take this lying down. If he didn't untie the knot in his heart, it might even delay his future cultivation. The man in the bamboo hat was in a dilemma.

"Are we just going to watch that Lin Yi Do whatever he wants?" The man in the bamboo hat pinched his chin and mumbled unwillingly. At this moment, a hand suddenly patted his shoulder from behind without a sound.

"Who is it?" The man in the bamboo hat was so scared that he almost lost his mind. He quickly jumped forward and turned around to look behind him. There was a mysterious Man in Black.

The man in the bamboo hat was suddenly scared and broke out in a cold sweat. He looked at this man with a face full of vigilance. To be able to quietly appear less than a step behind him, and he, a master of the intermediate stage of the Golden core realm, was not even aware of it. If the other party had intended to kill him, he would have died a hundred times over. The strength of this mysterious black-clothed man was absolutely unfathomable.

"I have a way to help you quickly increase your strength. Are you interested?" The mysterious man in Black said indifferently.

"Quickly increase my strength? There's such a good thing?" The man in the bamboo hat looked at the other party with a guarded expression and then sneered, ""There's no such thing as a free lunch in this world. Aren't you underestimating me by using such a childish trick to deceive people?"

In the pugilistic world, there were too many things that involved mutual deception. If one was not careful, one could fall into the trap of others. As a middle jiedan stage master, the man in the bamboo hat had already experienced this kind of thing many times.

"Hehe, you're quite vigilant." The mysterious man in Black laughed nonchalantly. Then, his figure suddenly flashed and he disappeared into thin air. In the next instant, he appeared behind the man in the bamboo hat.

The man in the bamboo hat was once again in shock. The supersonic speed that su Zhaohe had displayed in the ring was simply child's play compared to the mysterious man in Black. It was not worth mentioning.

And he had once again confirmed one thing. If the other party wanted to kill him, it would be as easy as blowing off dust.

However, the mysterious man in Black clearly did not have this intention. He only whispered a few words into his ear and then turned to leave.

However, it was this simple sentence that caused the bamboo hat man's expression to change. His attitude immediately underwent a 180-degree change. He hurriedly nodded in agreement and followed the mysterious man in Black with a face full of trust.

A moment later, the man in the bamboo hat was already in an underground secret room. He had been injected with a drug and was currently using his cultivation to digest the drug.

At the same time, right above the secret room, in a unique and elegant room, a black-clothed man was respectfully reporting to a mysterious woman.

"I've already injected him with the medicine and taught him the trick to digesting it." The Man in Black reported.

"Alright," he said. The mysterious woman nodded as she arranged the flowers.

"However, if I may be so bold as to ask, what is this potion?" The Man in Black couldn't help but ask curiously. This was the first time he had come into contact with this potion. He had never seen it before. With his level and status, this was a rare thing.

"Don't ask what you shouldn't ask. You're an old man, don't you know these rules?" The mysterious woman's calm tone had a hint of worry.
