

## Bodyguard 4181

### Chapter 4181 A Major Event In Life

"Yes." The Man in Black immediately lowered his head in cold sweat. Although the other party did not release any aura, these words were extremely heavy to him, and he could not bear it.

"However, you're one of us. Although this is a core secret, there's no harm in telling you." The mysterious woman's tone was still neither fast nor slow. She said indifferently, ""This is the medicine that professor li gave me through a special channel. Once the test is successful, we can mass produce original infant stage experts and help us achieve great things!"

If these words were to leak out, it would definitely set off a storm. In the entire Sky Class North Island, nascent soul masters were all first-class existences, second only to the very few people at the top. However, in the mouth of this mysterious woman, they were like puppets. This was a big event that could change the world's structure.

"Ah? Professor li?" The Man in Black was obviously not surprised by this. He couldn't hold back his excitement and said, ""Not only did he open the four-dimensional space Channel between the Sky Class Island and the mortal world, but he also opened the channel between the Sky Class Island and planet Yan Huang's transfer station?"

"It can't be considered as getting through." The mysterious woman shook her head, her expression still indifferent. ""He used a special channel to send this medicine over. We're only going to the secular world to send things over, but we can't go there as humans. But it's all thanks to Zhang Liju that we were able to find this loophole. If it weren't for him, we wouldn't have found the loophole in this four-dimensional array."

"A four dimensional space Array? This is what sun sikong arranged in the past?" The Man in Black raised his eyebrows.

"That's right. That sun guy thinks he's smart, but he doesn't know that it's not a difficult task for professor li. Professor li has already told his disciple, professor Benjamin II, the way to crack it, and my clone in the secular world has already begun to study it with him." The mysterious woman's lips curled up. "One day, we'll be able to travel freely between Sky Class Island and the mortal world. I don't think we'll have to wait too long."

Just as the two of them were talking, a tremor suddenly came from under their feet, and traces of true Qi escaped.

"It seems like it's working. Go and take a look." The mysterious woman immediately ordered.

The Man in Black accepted the order and left, but he was secretly shocked. This was their secret base on the North Island, and they used almost the best defensive array. Even the North Island Pavilion could not compare to this place.

However, after the man below was injected with the drug, the true energy emitted from his body could actually penetrate the top-tier defense array and even cause the entire base to tremble. It was simply unbelievable.

The Man in Black only took a step forward after entering the secret underground room. With his strength, he was almost blasted out by the raging and turbulent true energy inside. It was truly inconceivable.

The bamboo hat man's current state was even more demonic. His entire body was enveloped in an unprecedented amount of true Qi, and it felt as if the space around him was distorted.

Accompanied by endless painful howls, his strength rapidly soared at a frightening speed, from the middle stage of Jindan to the complete stage of Jindan in the blink of an eye. After that, the huge barrier between the Jindan and the Yuanying was easily broken like a window paper!

In less than the time it takes for an incense stick to burn, the man in the bamboo hat had turned from a mid-Aurous core stage cultivator to a nascent Soul Stage cultivator!

"This potion is indeed powerful!" Even the Man in Black couldn't help but sigh. Although he knew that the more powerful the drug, the more terrifying the side effects would be, but even so, just the fact that it could mass-produce nascent Soul Stage Masters was already earth-shaking.

However, before he could finish sighing, the man in the bamboo hat, who should have gradually calmed down, suddenly let out an even more heart-wrenching roar. Then, his true energy, which was already raging, suddenly soared again and rapidly rose to an even more shocking level.

The Man in Black's expression changed. Before he could do anything, he heard a muffled bang and the entire underground secret room was instantly covered in blood and flesh. It was a ghastly sight. The man in the bamboo hat had exploded and died!

The Man in Black was shocked. He immediately turned around and went upstairs to report to the mysterious woman.

"So, this experiment has failed." The mysterious woman shook her head in regret. This was an experiment that could overturn the power structure of the Sky Class Island. Although she had expected

the possibility of failure to be high, she couldn't help but feel a little disappointed when faced with the reality.

"In my opinion, it can't be considered a complete failure. At least this drug can indeed raise one's strength to the nascent Soul Stage, but it can't be maintained at a stable level yet." The Man in Black reported.

"Yes, I'll have to report this to the headquarters. You can go and dispose of the body." "Let's go!" The mysterious woman ordered and entered the inner room. She used her special channel to report to the headquarters, and the Man in Black accepted the order and left.

.....

In the Hong Chamber of Commerce on the market Street, Lin Yi, Shangguan LAN 'er, Huang Xiao Tao, and Hong Zhong sat at a table and raised their cups in celebration.

The reason why everyone came here was actually Shangguan LAN 'er's idea in the beginning. She wanted to hold a celebration party for Lin Yi, and Lin Yi just happened to come to see his old friend, Hong Zhong, so everyone came to the Hong Chamber of Commerce. As for why Huang Xiao Tao was here, there was another reason.

"Hehe, alright, since we've already celebrated for Little Junior Brother, it's time to talk about business!" Shangguan LAN 'er suddenly cleared her throat and said.

"Oh? What serious business?" Lin Yi and Hong Zhong looked at each other, confused. Only Huang xiaotao, who was beside them, suddenly blushed and lowered her head.

"I'm already so serious about this matter, so of course it's a big matter. Moreover, it's a lifelong matter. Little Junior Brother, this is a great thing for you. You have to thank your Senior Sister properly!" Shangguan LAN 'er said with a mysterious look.

"A major event in life? What's the situation?" Lin Yi was even more confused.

"Hehe, since you're so curious, then I won't keep you in suspense. Little Junior Brother, listen well, Senior Sister Xiao Tao likes you very much, so you have to treat her well in the future!" Shangguan LAN 'er announced with a mischievous look.

However, for some reason, when she said this, she suddenly felt a little disappointed. Even someone as insensitive as Shangguan LAN 'er couldn't help but feel a little strange. What was wrong with her?

At this moment, when Huang xiaotao heard these words, her already red face instantly turned red to the root of her ears. She immediately buried her head deeper and did not dare to look up.

Shangguan LAN 'er had specially pulled her here today for this matter!

Chapter 4182 Automatic Casting Mechanism

At first, she thought that Shangguan LAN 'er was just joking on a whim, but she did not expect this little girl to really do it!

At that moment, Huang xiaotao was both happy and shy. She liked Lin Yi, there was no doubt about it, and now that Shangguan LAN 'er, her "real girlfriend," was personally bringing them together, there should be no more obstacles ...

Lin Yi, on the other hand, was stunned. He didn't expect Shangguan LAN 'er to do this to him. What should he do?

This wasn't a private setting, and he was in front of both hongzhong and Shangguan LAN 'er. If he rejected her directly like last time, it would really hurt Huang xiaotao's heart. Although Huang xiaotao was blushing and didn't say anything, Lin Yi could tell that she wanted him to nod.

Huang xiaotao's personality was a classic example of being soft on the outside but tough on the inside. If Lin Yi rejected her now, she might still force a smile on her face, but she'd definitely be sad and cry when she went back. This emotional hurt would be hard to recover from.

However, Lin Yi didn't want to get himself into more love debt. He couldn't reject or agree to it in this situation, so he said helplessly, "As long as we can get along, let's get along slowly first and let nature take its course in the future."

"Yes, yes." Huang Xiao Tao's heart bloomed when she heard this, and she nodded shyly. Lin Yi's words weren't as decisive, but it was enough to confirm it. From now on, she could be with Lin Yi openly.

"That's great! Remember, I was the one who set you two up. I'm your matchmaker, hehe!" Shangguan LAN 'er laughed and teased, but the inexplicable disappointment in her heart was still lingering.

"Haha, the two of you are a perfect match. Young hero Lin, your fortune is really enviable. Congratulations!" Hong Zhong said with a smile.

"This ... Many thanks, manager Hong." Lin Yi didn't know how to explain to a clueless crowd like Hong Zhong, so he changed the topic. "By the way, manager Hong, other than the hucai tianwu mountain, are there any other places that have life phase mushrooms?"

Speaking of which, Lin Yi's initial goal of going to Mount tianwu was to get the life phase mushrooms, but he didn't expect to find the Wandu golden core fruit by accident. After that, a series of things happened and he was sent to the middle Island. In this one month, Lin Yi's harvest wasn't small, but the life phase mushrooms were the only thing he was missing.

It was for this reason that Lin Yi didn't go to the king of junk these days. Otherwise, he would've gone to the king of junk to study forging even if su Zhaohe challenged him in public.

"Oh? Lin shaoxia, didn't you go to the cultivators Association on the North Island? didn't you go and look for him yourself?" Hong Zhong couldn't help but ask curiously.

"It's a long story. I did go to Mount tianwu, but before I could find the life phase mushroom, I fought with someone and both sides were injured. After that, I was sent to Middle Island. I didn't have the chance." Lin Yi shook his head with a bitter smile. He told them about what happened in Nakajima.

"Right, right, we went to hucai tianwu mountain together, and that's how I got to know Lin Yi." Huang xiaotao nodded from the side.

"There's such a thing? I didn't expect you to really go to Nakajima, Lin shaoxia. " Hong Zhong raised his eyebrows in surprise. He had introduced Nakajima's Cai Zhongyang to Lin Yi as a precaution, but he didn't expect it to come in handy.

Apart from being surprised, Hong Zhong couldn't help but praise Lin Yi's actions in the middle Island. Each and every one of them wasn't a small amount of money-Lin Yi wasn't an ordinary person, after all.

"That's right, so we're back to square one. I have to think of a new way to get the life phase mushrooms. If I really can't, I can only go to hucai tianwu mountain again." Lin Yi said helplessly. He didn't know how much longer the king of junk could wait, but no matter what, the sooner he got the life phase mushrooms, the better.

"There's no need for that. I've already put up a bounty for you at the cultivators 'Union on the North Island a month ago. I think you'll get the results by the end of this month. You can wait a little longer, young hero Lin." Hong Zhong said with a smile.

"That's great. Thank you, manager Hong! Come, I'll toast you!" Lin Yi was overjoyed and raised his cup in thanks.

.....

On the West Island, ning Xuefei had finally returned to her familiar home after playing on the North Island for so long. However, the first thing she did was not to see her mother, who was the master of the island. Instead, she could not wait to find han Jingjing.

"Jingjing, Jingjing, guess who I met on the North Island?" Ning Xuefei hugged han Jingjing, who was studying the mechanism of automatic casting, and kept her in suspense.

"Who is it? Didn't you go to find Shangguan LAN 'er?" Han Jing Jing blinked her big eyes and asked in confusion.

"Of course I've seen LAN 'er, but I'm not talking about her. I'm talking about someone else. He has a deep relationship with you, Jingjing!" Ning Xuefei winked.

"Related to me? I've never been to the northern part of the island, so who would have anything to do with me?" Han Jing Jing was even more confused.

"Who says there isn't? the person I met on the North Island is the person you've been thinking about day and night, Jingjing!" Ning Xuefei laughed.

"Could it be Lin Yi bro?" Han Jingjing's eyes lit up as she hugged ning Xuefei.

"Hehe, that's him!" As ning Xuefei spoke, she took out a small box with three Supreme-grade pills. She handed it to han Jingjing and said, ""Here, this is what your Lin Yi bro made, hurry and put it away!"

"A Supreme-grade foundation-building golden core?" Han Jingjing was surprised and happy. She couldn't help but say, ""Lin Yi bro knows I'm here?"

"No, I haven't told him yet. I'm thinking of bringing you over next time to give him a surprise!" Ning Xuefei stuck out her tongue.

"Are we going to the North Island?" Han Jingjing nodded, her face full of anticipation. She then pulled Ning Xuefei and asked eagerly, ""Feifei, how's Lin Yi bro doing? tell me,"

Ning Xuefei told her everything that had happened to her since she went to the North Island. Because of Lin Yi, Han Jingjing listened attentively. Even if it was just a small thing, she couldn't help but feel nervous and happy.

Especially when she heard that Si Tsunami was flirting with the two girls, and Lin Yi stood up for them, she was so nervous that she didn't even dare to breathe. She only patted her chest and heaved a sigh of relief when she heard that there were five golden core disciples.

"Lin Yi bro went to the practitioner's Union? What happened after that? did he find the life-phase mushroom?" Han Jingjing asked.

Chapter 4183 Success Or Failure Depends On This One Move

"I don't know. He left for half a month and there was no news from him. Then I came back, so I don't know how he is now." Ning Xuefei shook her head helplessly.

"I see. Didn't they say that Hucai Tianwu mountain was very dangerous? I'm worried that Lin Yi bro will be in trouble," Han Jingjing was deeply worried. Suddenly, she blinked her large eyes and said, ""Feifei, why don't you write a letter to ask?"

"Alright, to be honest, I'm a little worried too. I'll write to LAN 'er and ask." Ning Xuefei agreed immediately and started writing the letter. The two girls were still talking about Lin Yi even after they mailed it out.

However, it was the opposite this time. Ning Xuefei was the one who kept pestering Han Jingjing to tell her about Lin Yi's life in the secular world. Han Jingjing did mention it before, but she didn't know who Lin Yi was at that time. She didn't think that Lin Yi would have anything to do with her, so she didn't take it to heart. But now, it was different.

Lin Yi's situation wasn't something only his girlfriend cared about-even the little princess of the Western Island was concerned about him.

Beidao. It had been a few days since he killed Su Zhaohe in one move. Lin Yi's domineering return made the three pavilions talk about him, but no one dared to cause him trouble anymore.

If Lin Yi was just an ordinary No. 1 rookie, no matter if it was for fame or profit, there would still be a lot of people who came to cause trouble. But now, he killed Su Zhaohe in one move. Even in the history of the three pavilions, he was undoubtedly the No. 1 rookie.

With such strength, even if he put aside his identity as a newcomer, he was definitely considered an upper-class existence in the entire three pavilions. Ordinary people could not afford to offend him at all. He would be courting death if he came to find trouble with them. Who would dare to provoke him?

As for people stronger than Lin Yi, it wasn't as if there weren't any, but they were either the disciples of the top tier Masters or people like Gongyang Jie, the head of the Hall of Justice. They wouldn't come to Lin Yi for trouble unless there was a huge conflict of interest.

After all, Lin Yi wasn't just strong. After the last battle, the news of Shangguan Tianhua's favor had spread throughout the three pavilions. Anyone who wanted to touch Lin Yi would have to consider Shangguan Tianhua's attitude first.

As a result, Lin Yi had a rare moment of leisure these past few days. Other than Shangguan LAN 'er occasionally coming to chat with him with Huang xiaotao, the things he did every day were either going to the Hong Chamber of Commerce to wait for news about the life mushrooms or cultivating in the cave to stabilize his realm.

A high-level life-and-death battle was worth months of hard work-this was common knowledge in the world of cultivation. Lin Yi's fight with su Zhaohe before, even if it wasn't intense, it was still a real life-and-death battle. Coupled with Lin Yi's hard work during this period of time, not only did he completely stabilize his early golden core realm, but he was even starting to show signs of a breakthrough.

The next level above the early golden core stage was the peak of the early golden core stage-even Lin Yi himself found it unbelievable, let alone shocking. This speed was even faster than when he went from the early Foundation Stage to the peak of the early Foundation Stage-it completely reversed the common sense that the higher the level, the harder it was to break through.

One could only say that the so-called perfect breakthrough, the so-called strongest golden core stage master, was not just for show. At this rate, the day when Lin Yi became truly invincible in the Golden core stage wouldn't be too far away.

Finally, Lin Yi received hongzhong's message-the life phase mushrooms were in his hands!

As its name suggested, the life phase mushroom combined all known phases, and each phase had its own color, so at first glance, the life phase mushroom could be described as colorful.

More importantly, its color was not static, but constantly changing. The pattern of its change was in line with the surrounding environment, and nature and the environment became one. It was an extremely brilliant protective color.

It was very rare to begin with, and with this layer of protection color that changed at any time, it was difficult to detect unless it was an experienced gatherer. It was not difficult to understand why the life phase mushroom was so rare in the market.

With the life phase mushrooms, Lin Yi immediately headed to the king of junk's Secret base. When he found the king in the cave, the guy was still carefully controlling the fire, his expression focused, not daring to let his guard down at all.

"Brother Wang, it's been hard on you these past two months. Lin Yi will remember your hard work." Lin Yi couldn't help but ask.

"Hey, brother Lin, what are you saying? I'm doing what I'm told. This is my duty. Besides, I was the one who suggested it. If I don't keep an eye on this unusual situation, wouldn't I be letting down all the top-tier materials you have?" The king of junk waved his hand and laughed, surprised and happy to see Lin Yi.

He sounded calm, but Lin Yi was touched. It was a simple request, but it'd been more than two months, and he didn't even know if it'd work. He'd stayed here all this time, and if it were someone else, they wouldn't be so straightforward-they might've sneaked away as soon as Lin Yi left.

Casting aside, the king of junk was definitely worthy of the word 'righteous'. It was worth it to make such a friend!

"This is the life mushroom and the other materials you listed. Brother Wang, take a look." Lin Yi patted on his shoulder heavily and took out all the materials without saying anything else.

"That's great!" The king of junk was overjoyed. He took them and checked them carefully one by one until he confirmed that they were all of high quality. Then, he nodded with certainty.

There had already been an accident before, and the next step to remedy it was of utmost importance. If they failed again, it would be a complete failure, so they could not afford to make any mistakes.

"How is it? can we start over?" Lin Yi said expectantly.

"Yes, we can't wait any longer. Although there hasn't been much change in the past two months, some things can't be observed with the naked eye. It's not a good thing to delay it too long. Let's start now." The king of junk took a deep breath and immediately increased the heat. The forging pool, which had been lukewarm, began to boil again.

Then, he mixed the materials Lin Yi gave him and added them into the pool one by one, guiding them to the iron lump in the middle.

Lin Yi watched all of this without blinking-even someone as calm as him couldn't help but feel nervous. He'd spent so much material and energy on this, and the success all depended on this one move.

Chapter 4184 A Helpless Failure

He held his breath and stared at the iron lump in the pool. After a whole incense's time, Lin Yi and the king of junk couldn't help but look at each other, thinking that they had failed. Then, the iron lump finally started to react!

Although his reaction was very slow, to the point that normal people couldn't detect it, Lin Yi and the king of junk had extremely sharp senses. The king of junk was a professional forger, and sensing changes was one of his basic skills. The metal block started melting like a thousand-year-old ice, and it couldn't escape their eyes.

"It's done!" Lin Yi and the king of junk high-fived each other. As long as they could break the ice, the next change would happen.

For more than two months, the king of junk did not just look at this lump of iron. He took advantage of this time to re-study the process of forging and calculate every possible change. He had prepared more than a hundred emergency plans for this. If even this failed, it could only be said that it was fate.

As expected, the king of junk seemed to be at ease during the forging process. Every time there was a sign of an accident, he would immediately suppress it without causing any trouble.

A few days passed in a flash as he waited nervously. Lin Yi's originally calm mood gradually became uneasy because the final formation was here!

If he succeeded, with all the top-tier materials Lin Yi had thrown in and the king of junk's blood and sweat, the God-level weapon he would make would be countless, even if it wasn't unprecedented. Lin Yi's already strong power would increase by a huge amount!

However, in the midst of this anticipation, the king of junk's face changed, and so did Lin Yi's. They were stuck at the last step.

"What's wrong? Is there something you're missing?" Lin Yi couldn't help but ask. He was just about to take it out of the furnace when it suddenly got stuck. It was a heart-wrenching feeling.

"Ugh ... It's not really that bad ..." Trash King turned his head and smiled bitterly at Lin Yi, "To create a divine weapon, one has to be very particular about the heat control. The temperature and environment must be controlled very precisely in order to successfully create it, but I can't do it ..."

"Ha? You can't do it?" Lin Yi didn't know whether to laugh or cry-what was this guy trying to do, saying that he couldn't do it at this critical moment?

"Brother Lin, if we fail again this time, the problem will be on me." The king of junk said in a deep voice, but then he scratched his head in disbelief. "But it's just the last bit of heat. There has never been a problem before, so why is it not working today? Could it be that my forging skills are really that bad?"

"It's fine. There won't be any more problems at this point anyway. If the first time doesn't work, we'll try a second time. If the second time doesn't work, we'll try a third time. Let's try more." Lin Yi consoled.

The king of junk nodded and continued to try. However, no matter what he did, it would not work. There was always an error. Although it was only a little bit, it seemed to be an insurmountable gap.

At this point, even Lin Yi didn't know how to comfort him. He could only look at the king of junk in the eyes. The usually confident King of junk started to doubt if his forging skills were really at their limits.

Little did he know that if this matter was known to those Grandmaster blacksmiths, they would probably all cry.

The 10,000-year-old tree crystal, the ancient Pure Land, and other rare natural treasures were all put together. Even the grandmasters found it difficult to control them, and you two newbies actually dared to open the furnace?

He really didn't know what he was talking about. It would be a miracle if he could form it. In fact, to be able to reach this final step was already considered an unprecedented legend!

However, the two of them didn't know about this. They thought that it was really just a problem with their skill level. They frowned and didn't know what to do.

The final step of forming the shape was to rely on the control of the flame to the peak. There were no other shortcuts. Unless he found a ready-made Grandmaster forger to help, otherwise, it was simply impossible. In fact, even ordinary Grandmaster forgers could not do it!

However, there were very few blacksmiths. In the entire North Island, it was hard to find a few other than the king of junk. Moreover, in terms of forging skills, they were probably not even as good as the king of junk. They could not be considered grandmasters at all. What should he do?

Helplessly, Lin Yi could only let the king of junk stay in the cave and continue to try, while he went back to the welcome new pavilion first. After all, he couldn't just waste time there. Even if he stayed there, he couldn't help the king.

However, he couldn't get rid of this problem. Even when Lin Yi was out alone, he couldn't help but frown.

"Little Junior Brother, what's wrong with you? Aren't you happy to be with us?" Shangguan LAN 'er couldn't help but pout. She'd been dragging Huang xiaotao to play with Lin Yi these past few days when she had nothing to do, saying that she wanted to help the two develop their relationship and be a competent matchmaker.

Huang xiaotao was also watching Lin Yi carefully from the side, secretly worried. She thought that Lin Yi was annoyed by her frequent visits with Shangguan LAN 'er.

"No, don't misunderstand. It has nothing to do with you two." Lin Yi quickly explained, "actually, I'm just troubled by my own things. I've been forging with a friend recently, and we used a lot of natural treasures and energy. I tried everything I could to find the life-form mushroom for this forging, but now I'm just about to succeed, and I'm stuck at the last step. I can't shape it successfully. I really don't have any other way."

"Oh, so that's how it is. It's a pity that my grandfather doesn't know anything about forging. Otherwise, I could ask him to help." Shangguan LAN 'er shook her head in regret, "I still need to gather the materials for my weapon and send them to the forgers to forge it. However, the forgers' levels aren't very high, so I don't think they'll be of much use ..."

Huang xiaotao couldn't help much with this kind of thing. The only thing she could do was to comfort Lin Yi and tell him not to be anxious.

"There's no other way. We can only take one step at a time. I'll let my friend continue to try. I hope it won't get worse before we find a solution." Lin Yi said with a bitter smile.

After chatting for a while, they all went their separate ways. Shangguan LAN 'er received ning Xuefei's letter and immediately wrote down everything that had happened to Lin Yi during this period of time in detail, even including Lin Yi's current troubles.

#### Chapter 4185 Xu Lingchong Returns

After receiving Shangguan LAN 'er's reply, ning Xuefei naturally couldn't wait to share it with han Jingjing. Looking at Lin Yi's current situation, especially the powerful performance of killing su Zhaohe in one move, the two girls were sincerely happy for Lin Yi.

"Lin Yi bro's really strong, you're already an early golden core! We need to work hard too, or we won't be able to keep up with him." Han Jing Jing said with a look of admiration.

"Yes, yes. It's not good to fall behind too much!" Ning Xuefei nodded in agreement, ""Jingjing, your Foundation-building golden core is still useless, right? hurry up and use it to level up."

"Yeah, that's what I was thinking. Our research on autoforge has reached a bottleneck recently, but I believe that we'll be able to solve it after we get stronger. If we succeed, we'll be able to help Lin Yi bro solve his problems!" Han Jing Jing said seriously.

"That's right. Our automatic forging mechanism can perfectly solve the problem of controlling the heat. It can help him. We have to work hard!" Ning Xuefei encouraged.

"Yes, let's work hard together!" Han Jingjing consumed a peak-grade foundation elixir and started meditating. She didn't really care about strength, but she was willing to try anything to help Lin Yi.

The peaceful days always passed in a flash. Lin Yi's life had been calm recently, and all the forces that were against him had all given up.

Lin Yi, on the other hand, was happy to be free. Although he still couldn't solve the problem of not being able to shape the weapon, he didn't let it affect his normal training. He was getting closer and closer to the peak of the early golden core stage.

As the days passed and the one year period for the newbies of the welcome Pavilion was about to arrive, a major event happened in the three pavilions on the North Island.

The young master of the rising Sky Pavilion, Xu lingchong, who had disappeared a few months ago, had actually returned!

As soon as this news spread, everyone in the three pavilions was shocked. Many people were shocked and suspicious. Back then, Xu lingchong's disappearance was confirmed by the law enforcement Hall. He had fled for fear of punishment for attempting to rape Shangguan LAN 'er. He had been wanted in the entire North Island for a long time, but there had been no news of him.

It was only recently that the law enforcement Hall suddenly revoked the arrest warrant. Everyone thought that it was because they couldn't find the person, so they could only let it go. Behind the scenes, Xu Yuanzheng, the third elder of the rising Sky Pavilion, was also helping to cancel the arrest warrant so as not to be laughed at by outsiders.

Little did he know that even Xu Yuanzheng himself was confused about this matter. He had thought that it was Shangguan Tianhua who had come forward to greet him. After all, this matter was related to Shangguan LAN 'er, and it was not convenient for others to come forward and speak. Moreover, apart from Shangguan Tianhua, Gongyang Jie had never shown any respect to anyone else in the three pavilions.

What they didn't expect was that this young master Xu, who had disappeared for several months, would suddenly appear again after the arrest warrant was lifted. Could it be a smokescreen deliberately released by someone with ulterior motives?

This rumor was only completely confirmed after Xu lingchong appeared. This young master Xu who was once influential had indeed returned!

What was even more shocking was that Xu lingchong, who appeared again, was completely different from the young master from before. Not only was his long hair fluttering, but his speech and actions also carried an inexplicable gentleness and evilness, which made people unconsciously feel strange.

The most shocking thing was that Xu lingchong, who was only at the perfected Foundation establishment stage before, now had the power of the intermediate golden elixir stage in just a few months!

The shock this news brought was no less than when they found out that Lin Yi was an early golden core practitioner. Not only did he form his core in just a few months, he even rose three levels-this was a fantasy.

Countless people had the same question in their hearts. How did he do it? There were really strange talents every year, but there were especially many this year!

If Xu lingchong's sudden return was a shock to the three pavilions, then the one who was the happiest about it was none other than his grandfather, Xu Yuanzheng.

As a Big Shot of the Council of Elders, Xu Yuanzheng could be said to be mentally and physically exhausted during this period of time. For so many years, Xu lingchong, this direct grandson, had always been his one and only heir. Other than Xu lingchong, there was no other young junior in the huge Xu family who could replace his position.

Unlike other families, the Xu family's ancestors were all from the North Island's big family. They were deeply rooted and had a huge influence. Not only did the heir need to have a bloodline, but he also needed to be powerful. Otherwise, he would not be able to control the situation, let alone be the head of the family. Among all the younger generation of the Xu family, there was only one person who met this condition, Xu lingchong.

Therefore, after Xu lingchao suddenly disappeared, Xu Yuanzheng, this Big Shot, was really anxious. The more powerful a family was, the more important the inheritance was. Once something happened to the heir, the consequences would be unimaginable.

Even with Xu Yuanzheng's suppression from above, they still couldn't resist the surging undercurrents. During this time, the Xu family, including many of the Xu family's branch forces, had obviously begun to be restless.

But now, with Xu lingchong's sudden return, especially with the astonishing strength of the intermediate Aurous core stage, all these problems were solved!

How could he improve his strength to such an astonishing level in just a few months? of course, Xu Yuanzheng would ask this question. The answer that Xu lingchong gave was that he had received guidance from a mysterious expert, which was why he could advance so much.

Although Xu Yuanzheng still had doubts in his heart, the more powerful his own grandson was, the better. Since Xu lingchong was unwilling to say more, he did not have to get to the bottom of it. He just felt sincerely happy.

However, if Xu Yuanzheng knew that Xu lingchong had castrated herself, he might not be able to laugh anymore.

Other than Yuanzheng, the person who was the happiest about lingchong's return was Zhaoming, his ex-follower.

Xu lingchong had been his biggest backer before this. Now that he had returned with the tyrannical strength of a mid-golden core cultivator, and because Shangguan Tianhua and Gongyang Jie had not made any move to arrest him, the suspicion that they had placed on Xu lingchong had disappeared. As soon as he returned, he had once again seized the position of the eldest senior brother of the soaring Pavilion's steward. He was now an absolutely strong and powerful backer.

Even the Lin Yi from before couldn't be compared to the current Xu lingchong, so why wouldn't he?

After Zhaoming heard the news, he went to join them without a second thought. He may be an outer circle member of the central now, but it wasn't a bad thing to have one more backer. Pinliang, on the other hand, went with them to find out more about lingchong's background.

Chapter 4186 Forceful Appointment

When they saw Xu lingchong's change in temperament, the two of them were shocked. They looked at each other, but Xu lingchong did not look surprised at all. She only glanced at the two of them indifferently.

"You guys are here? Where's the one called si tsunami?" Xu lingchong asked directly.

Si tsunami?" "Young master Xu, you know about manager si?" Zhaoming asked, confused. But he wasn't with us before, was he?"

"He wasn't before, but he is now. Go and call him over." Xu lingchong ordered indifferently.

Kang Zhaoming didn't dare to dawdle. He immediately went out and invited si tsunami from the central Chamber of Commerce.

On the way, si tsunami couldn't help but be puzzled and nervous. What did Xu lingchong mean by calling him over?

Could it be that lingchong found out about his alliance with Zhaoming and the others, and how he'd pulled them into the outer circle of the center? He was unhappy that she had poached him, so he wanted to kill one to warn the others?

Si tsunami muttered in his heart. In the end, he still decided to come and take a look. Although Xu lingchong had returned with a strong momentum and ordinary people had to avoid him, si tsunami was not to be trifled with. In terms of strength, he was only stronger than a mid-stage golden core cultivator. In terms of status, he was also the spokesperson of the North Island of the central Chamber of Commerce. He was not afraid of Xu lingchong in any way.

Whether Xu lingchong was a friend or foe, and how he should face this young master of the rising Sky Pavilion, he had to personally make a trip down to confirm.

Unexpectedly, Xu lingchong's reaction was far beyond si tsunami's expectations when he came to the rising Sky Pavilion with such thoughts.

"You are si tsunami? Very good, you can work for me from now on. " Xu lingchong glanced at him and nodded indifferently.

"What?" Si tsunami was stunned, and his face immediately became ugly. Is there something wrong with this young master Xu's brain? I'm the shopkeeper of the central Chamber of Commerce. Even people like Nantian Aurora call me an old friend. Why should I work with you?

In an instant, the atmosphere became tense. Zhaoming and the others looked at each other, not daring to make a sound.

"Young master Xu, you're indeed the eldest senior brother of the rising Sky Pavilion's manager, but I'm the manager of the North Island branch of the central Chamber of Commerce. We're not on the same page, so aren't you being a little too rude?" Si tsunami said in a deep voice.

"Hehe, really?" Xu lingchong smiled nonchalantly and suddenly threw out a photo. On it was a group photo of him and the mysterious man in Black. Along with the photo, there was also a handwritten letter. It was clearly written that Xu lingchong was appointed as the deputy manager of the North Island and was fully in charge of the North Island's central affairs!

"Central North Island's vice-manager? How did this happen?" Si tsunami was shocked to see this. This was much more powerful than the Beidao intelligence team that he was secretly in charge of. However, Xu lingchong's strength was clearly not as high as his.

"Hmph, I have a backer in central. I'm master Pao's disciple. Even the mysterious man in Black has to respect him. Do you know that now?" Xu lingchong saw the other party's doubt and immediately said with pride.

"Ah? Master Pao?" Si tsunami was shocked and suspicious. He couldn't refute it. He could only lower his head and carefully identify the appointment letter in his hand. There was a unique symbol of central on it, which couldn't be faked. Moreover, he was in the intelligence Department. It was impossible to get away with it.

In fact, when he first saw the group photo, he had already believed Xu lingchong. Although the mysterious man in Black still did not show his face, his figure and aura could not be disguised by others.

Moreover, Xu lingchong's sudden disappearance and return, as well as the fact that he had become a mid-stage golden core expert in just a few months, were strange in every way. It was impossible to explain it logically, but if he joined the central, it would be understandable.

"This subordinate will do as you command." The situation was more important than the person. Si tsunami had no choice but to lower his head to Xu lingchong. At the same time, he glanced at Kang Zhaoming. It seemed that this kid was going to be rich in the future. He had found a strong backer.

"That's great! I didn't expect young master Xu to be one of the top figures in our Center. Congratulations, young master Xu!" Kang Zhaoming quickly flattered.

Zhong pinliang chimed in as well, but he couldn't help but think to himself that Xu lingchong had turned from an old hen into a duck in the blink of an eye. The master Pao he was talking about sounded a little weird, too.

At this moment, lingchong Xu turned her head. Her gaze went past si tsunami and landed on Murong Zhen, who had come with him today. This gave Murong Zhen a shock.

"Greetings, young master Xu. Last ... Last time, I offended miss Shangguan. I apologize to young master Xu. I hope that young master Xu will forgive me and let me go." Murong Zhen said carefully.

"Shangguan LAN 'er?" Xu lingchong, however, waved her hand indifferently and said indifferently, "She's just a woman. It doesn't matter. Since you've joined central, you're one of us. Let's forget about the past. "

If it was before he went missing, he would not have been so magnanimous to please Shangguan LAN 'er, even if he did not take the initiative to cause trouble for Murong Zhen. However, now that he had castrated himself, Shangguan LAN' er was not important anymore.

"Thank you, young master Xu!" Hearing this, Murong Zhen was overjoyed. She thought that she would be in for a tragedy after being targeted by Xu lingchong. One must know that apart from Shangguan LAN 'er, she was also one of her targets for revenge. She did not expect Xu lingchong to be so magnanimous and write off the matter directly.

In the past, he was acting out of spite with hatred. Now, looking at this young master Xu, not only was he powerful and had a noble status, but he also exuded an indescribable aura of a powerful man. Although he was a little feminine, he was still a top-grade man.

Murong Zhen couldn't help but feel a ripple in her heart. This young master Xu was so generous to her. Could it be that he also liked her looks? if she could hook up with him, she would have a much better future than following an old pervert like Si Tsunami.

"Young master Xu, if you don't mind, would you like me to massage your shoulders? I've specially trained for it, I guarantee you'll be very comfortable and satisfied!" Murong Zhen's eyes were flirtatious, and her body was enchanting. She twisted her waist and walked towards Xu Lingchong.

"No need, you don't need to waste your effort, I'm not interested in you." Xu Lingchong saw through her thoughts with a single glance and immediately rejected her coldly.

"Yes ..." Murong Zhen's face reddened instantly. She had to stop in her tracks weakly. Kang Zhaoming and the others beside her were all sneering at her. Si Tsunami, in particular, glared at her secretly. This shameless B \* tch!

Chapter 4187 Important Information

"By the way, how's that Meng Tong doing?" Xu Lingchong suddenly asked. Other than Meng Jueguang, who had died long ago, Meng Tong was the only one who had not yet arrived among the forces he had cultivated in the welcoming new pavilion.

"He ... Has changed a lot recently. His temperament has changed a lot. It's as if he's a completely different person. He usually secludes himself in the cave and rarely comes out." Kang Zhaoming answered.

"En, what about Lin Yi? When I first came back, I heard that you kept losing?" Xu Ling asked. Lin Yi's return to the scene and his one-hit kill of su Zhaohe was something she heard on the way back. She was just asking to confirm.

"Uh ... Yes ..." Everyone looked at each other and nodded. They really didn't know what to do with Lin Yi now.

"Hmph, you bunch of useless trash!" Xu lingchong cursed coldly and then said with a look of disdain, "Forget it, let me do it myself. Wahahaha, with master Pao's legacy, no matter how Lin Yi pranks around, he's just an ant after autumn-he's not far from death!"

"Young master Xu is mighty!" Kang Zhaoming quickly took the lead in flattering.

"Young master Xu, may I ask who master Pao is ..." Si tsunami asked carefully. He had the highest rank among these people and was specialized in intelligence. However, even he had never heard of such an impressive figure like master Pao in central.

"Is this something a servant like you should ask?" Xu lingchong glanced at him in dissatisfaction. However, when she saw the curious looks on everyone's faces, she couldn't help but praise him, "All in all, master Pao is very powerful. He's the top figure in our Center. I've already learned master Pao's special skill, the chrysanthemum Arts!"

"Ah? The chrysanthemum Arts?" Everyone's faces changed. It was rumored that this was a peerless ancient divine technique that even the Sky Class Island had gone extinct for many years. It was said that only one sect in the secular world still had its legacy. Xu lingchong actually practiced this kind of peerless divine technique!

However, after thinking about it carefully, the central Chamber of Commerce could trade with the secular world, so it was not impossible for them to get such a peerless divine skill from the secular world.

Pinliang was equally shocked, but his focus was different from the others.

Master Pao? Chrysanthemum Arts? Holy shit! This master Pao wasn't that Zhang naipao, was he? F \* ck, this kid better not betray us-I was pretending to join central, but this Zhang naipao kid seems to be doing pretty well there?

No, this was important information-he had to find a way to inform boss Lin Yi!

"It's truly a cause for celebration that young master Xu has cultivated such a divine technique. In the future, young master Xu will definitely be the champion of the younger generation of the three pavilions!" Zhaoming quickly flattered, but he was just as surprised as pinliang.

After all, he knew naipao as well-master Pao and the chrysanthemum Arts were two distinct labels, and any normal person would think that way. Of course, doubts were just doubts, and before he met this master Pao in person, he could only keep it to himself.

Otherwise, if he really said it out in public, it would be fine if he guessed it right, but if he guessed it wrong, not only would he make a mistake and become a joke, but he would also anger master Pao, which would be a huge loss.

"Hmph, dominating the three great pavilions is only the first step. I still have a long way to go in the future." Xu lingchong smiled proudly. After joining the central, his vision was completely different from before.

Initially, young master Xu was bent on taking over Xu Yuanzheng's position and becoming Shangguan Tianhua's son-in-law, bringing the Xu family to a higher level. However, now, this was child's play for Xu lingchong. His ambitions were far greater than this.

With the backing of central, which had a heaven-defying Foundation, he had the strength and the power. As long as he advanced step by step, what was there to worry about?

In the time it took to make a cup of tea, everyone, including si tsunami, flattered Xu lingchong, who was already full of pride and satisfaction, before they dispersed.

"Right, Zhaoming, pinliang, you two come with me to the welcome Pavilion. I'm going to see that Meng Tong kid." Xu lingchong stopped the two of them. After a pause, he suddenly sneered, "I'll go see Lin Yi too-he's in the limelight now, I'd like to see how capable he is!"

Speaking of Lin Yi, Xu lingchong's feminine aura became even more sinister, like a venomous snake sticking out its red tongue, causing everyone's hair to stand on end.

Although joining central was a blessing in disguise to Xu lingchong, he didn't forget the scene of his face being wiped off by the little Curly Bear card. Almost every time he closed his eyes, he would think of that scene, like a nightmare that couldn't be wiped away. And the main culprit of all this was the busybody Lin Yi!

After that, he was accidentally led to the center by the mysterious man in Black. He wanted to thank Lin Yi properly, but the way he wanted to thank Lin Yi was to find an opportunity and pay with his blood!

"Yes!" Kang Zhaoming and Zhong pinliang looked at each other and replied in excitement.

Kang Zhaoming immediately led the way in high spirits. He had been suppressed by Lin Yi for so long, and he was also ignored by the welcome Pavilion master Hu Yunfeng. He was a new manager who had lost his support, and he was no longer the same as before. Many new people didn't even take him seriously.

However, now that Xu lingchong had made a strong return, he could finally take advantage of her power and raise his tail high again. He could finally act tough in the Ying Xin Pavilion!

Pinliang, on the other hand, was putting on an act-the only thing on his mind right now was to find a chance to tell boss Lin Yi about this. Naipao's situation was a big deal!

The three of them immediately went to the welcome Pavilion. Hu Yun Feng, a member of the Xu family, received the news and immediately came out to welcome them, accompanying them at all times.

However, when the group arrived at the newbie's cave, they didn't see Lin Yi. According to the reports of the other newbies, Lin Yi had just been called away by Shangguan LAN 'er not long ago.

"Did he leave with Shangguan LAN 'er?" Xu lingchong's expression changed, but he quickly returned to normal. He no longer had any love for Shangguan LAN 'er, just like how he treated Lin Yi. All he had left was anger and bone-deep hatred!

Zhaoming couldn't help but look disappointed. He finally got young master Xu's leg back, and he thought he'd have a chance to show off in front of Lin Yi. He didn't expect this to happen-it was like a heavy punch to cotton, making him depressed.

Chapter 4188 Gongyang Jie's Decision

"Forget it. Since it's like this, I'll go and see Meng Tong first. One of you go and keep an eye on him. When you find Lin Yi, or when he comes back, report to me." Xu lingchong paused and said with a cold expression, "Also, take a good look at him and Shangguan LAN 'er. See if they're together!"

This "together" didn't mean that Lin Yi and Shangguan LAN 'er were just having fun together, but that the two of them were already in cahoots! This would affect how he was going to deal with Lin Yi-he'd have to be wary of Shangguan Tianhua if they really did end up together!

"This ..." Kang Zhaoming and Zhong pinliang looked at each other, obviously unwilling. They came back with Xu lingchong today, and this was a long-lost opportunity to show off. Who wouldn't want to be in the limelight with Xu lingchong? If they were sent to keep watch, then what was the point of acting?

Especially Kang Zhaoming, he was using this opportunity to rally his forces and raise his prestige as the new executive Officer once more. How could he be kicked out like this!

Zhaoming was getting anxious under lingchong's gaze. He looked at pinliang and pretended to cough.

"Young master Xu, why don't I go?" Pinliang said, understanding what Lin Yi was trying to say. The reluctance on his face was a pretense-he was looking for a chance to report to boss Lin Yi, but he couldn't be too eager.

"Alright, you can go." Xu lingchong indifferently nodded.

Kang Zhaoming was secretly happy as he gave Zhong pinliang a thumbs up. He was very satisfied with Zhong pinliang's initiative. Although his position was threatened when Xu lingchong went missing, now that the young master was back, his position naturally rose again.

He was much closer to lingchong than pinliang was, but pinliang's tactfulness was rare. It seemed like he could help lingchong more in the future so that he could take the blame when the time came.

Pinliang turned around and left, a smile on his face. Zhaoming was still counting the money he'd earned from the betrayal-he wouldn't have had the chance to tell boss Lin Yi if it weren't for him!

Although Lin Yi wasn't in the cave, he knew Lin Yi well. Since he was called out by Shangguan LAN 'er, he must have gone to the small forest, a place they often played in.

After sending Zhong pinliang out to keep watch, Zhaoming continued to follow Xu lingchong to the entrance of Meng Tong's cave and activated the cave's restriction.

"Young ... Young master Xu, you're back?" Meng Tong opened the door of his cave abode and was shocked to see the group of people in front of him, especially Xu lingchong, who was leading the group.

He'd been in isolated practicing all this time, rarely coming out. He'd never even heard of the rumors that women and children knew about. He didn't care much about the others, but it'd be weird if he wasn't surprised to see someone he'd never seen before.

Xu lingchong looked at the completely different Meng Tong in front of her. Her eyes could not help but light up and she was a little surprised. In the past, Meng Tong was a complete and utter straw bag of cannon fodder. But now, not only was his strength completely different from before, but his entire image and temperament had also become unpredictable. His white hair fluttered in the wind and he had a unique charm.

Xu lingchong's heart skipped a beat. He waved his hand to the people behind him and ordered, "Zhaoming, you stay outside. I'll go in and have a good chat with Meng Tong."

With that, Xu lingchong pulled Meng Tong into the cave and closed the door and restrictions. No one knew what they were doing inside, leaving Kang Zhaoming, Hu Yunfeng, and the others at the door, looking at each other.

At this moment, in the small forest, Lin Yi was sitting and chatting with Shangguan LAN 'er, while Huang xiaotao was on the side, playing with the little Curly Bear.

"Hehe, Xiao Bai seems to like playing with Xiao Tao recently!" Lin Yi couldn't help but raise his eyebrows in surprise. This little guy wasn't very shy with strangers, but other than Shangguan LAN 'er and himself, it rarely took the initiative to get close to others. He didn't expect it to get along so well with Huang xiaotao.

"It's trying so hard to please Senior Sister Xiao Tao, but it actually has other intentions. " Shangguan LAN 'er giggled.

"What do you mean?" Lin Yi asked curiously.

"Last time, Xiao Bai played with Senior Sister Xiao Tao's Spirit Bird for an entire afternoon. In the end, it fell in love with the feeling of riding the bird and couldn't stop at all. I coaxed it for a long time before it went to sleep." Shangguan LAN 'er pouted and said.

"Oh? Little white is preparing to become a flying Knight. He has great ambitions!" Lin Yi laughed, "it's not a bad thing. It's better than scaring people with the big scissors every day."

Ever since Xu lingchong's death at the birthday party, the little Curly Bear had fallen in love with the pair of big scissors. It couldn't bear to put it down, not even when it was eating or sleeping. It had been a headache for a while, but now, the little guy's interest had finally shifted.

"Hehe, that's true." Shangguan LAN 'er stuck out her tongue, and suddenly her expression changed, ""Speaking of this, Little Junior Brother, have you heard that Xu lingchong has returned?"

"Yes, I've already heard about this. They say that this young master Xu has changed a lot. He's now a master in the middle jiedan stage. He's really awesome." Lin Yi nodded, his expression calm.

"I don't know what Gongyang Jie is thinking. He actually canceled his arrest warrant. He has offended me, but he still came back to show off. It's so annoying!" Shangguan LAN 'er said angrily.

"Gongyang Jie made the decision to cancel the arrest warrant? Could it be that it wasn't Xu Yuan Zheng or some other higher-ups who came forward to pressure us?" Lin Yi's heart moved. The rumors said that this was Xu Yuanzheng's doing, but if it was Gongyang Jie's doing, then the meaning behind it was a bit thought-provoking.

"Well, I'm not sure about that. But it's the law enforcement Hall's Hall Master who keeps things to himself. Without his consent, no matter what the others do, there's no way to cancel the wanted order. That's for sure." Although Shangguan LAN 'er had never cared about these things, she had been influenced by them and was very clear about it.

"Did Gongyang Jie really agree to it?" Lin Yi pinched his chin thoughtfully. He'd dealt with Gongyang Jie before, and from what he knew, this guy was extremely proud and confident. If he didn't want to, even God wouldn't be able to make him lower his head.

"Who knows? the most important problem now is that Xu lingchong has come back so aggressively. He must be up to no good ..." Shangguan LAN 'er said with a worried look.

"That's fine. We'll deal with things as they come. Previously, when we dealt with su Zhaohe, since we've already made a high-profile appearance, it doesn't matter if we have Xu lingchong. At most, we'll just fight again." Lin Yi chuckled.

Chapter 4189 Xu Lingchong's New Partner

Although Xu lingchong's sudden return had indeed surprised him, things had remained the same but people had changed. With his current strength, this young master Xu would no longer pose a fatal threat to him.

"But su Zhaohe is only at the early golden core stage, while Xu lingchong is a master at the middle golden core stage." Shangguan LAN 'er could not help but remind.

"Don't worry, it'll be fine. " Lin Yi smiled faintly. Although he was only at the early golden core stage, he was the strongest golden core stage master who had broken through perfectly. Even if he faced a mid-stage golden core Master, he would be able to suppress them with ease. He was confident in that.

"Then, Little Junior Brother, you have to be careful. I once saw Xu lingchong from a distance. I felt that this guy was really different from before. From a distance, he had an indescribable evil aura around him. It felt like he was neither Yin nor yang. Moreover, he has been back for a few days, but he has not come to disturb me." Shanguan LAN 'er said, blinking her big eyes.

If it was the Xu lingchong of the past, no matter what, she would come and pester her every two or three days. But now, she turned a blind eye to it. It was simply like the sun rising from the West.

"Xu lingchong can't be blamed for the matter of being neither Yin nor yang. The source of it all lies with little white." Lin Yi couldn't help but smile-even Xu lingchong had a crack, it'd be a miracle if he could be masculine.

As the two were talking, Zhong pinliang ran in from a small path in the forest, winking at Lin Yi. Lin Yi knew that something had happened, and quickly walked over after telling Shanguan LAN 'er.

"Boss Lin Yi, we're in trouble!" Pinliang said, surprised.

"What's wrong?" Lin Yi asked, surprised.

"Xu Ling has rushed back and has become a mid-stage golden core expert with unprecedented power! And his entire aura has changed!" Pinliang reported.

"En, I already know about this. Little Senior Sister also told me about it just now." Lin Yi nodded, still as calm as ever.

"No, it's like this, I heard him say it himself, he's now the Vice-manager of the North Central island, and he's trained in the chrysanthemum Arts, and the one who taught him this is a high ranking person in the central Division called master Pao!" Pinliang explained everything to Lin Yi as if he was pouring out beans from a bamboo tube.

"What? Chrysanthemum Arts? Master Pao?" Lin Yi's face turned weird after hearing that.

The look on Lin Yi's face told pinliang that he was thinking the same thing."Boss Lin Yi, do you think this master Pao is that kid Pao?"

"That's ... Hard to say ..." Lin Yi frowned,""You know naipao the best, can you be sure it's him?"

"I'm guessing so!" Pinliang nodded heavily and gritted his teeth."But this kid, don't really go back on his word. Damn it, if he dares to go back on his word, I'll definitely kill him myself!"

"Yes, there's no way to verify this for now. Let's wait and see. You just have to keep an eye on Xu lingchong." Lin Yi said after some thought.

He felt that things had become a little complicated when he suddenly received this news. Who exactly was this mysterious Center? why did Nakajima have it, and so did the North Island, and they were all so powerful?

Lin Yi had heard of central when he was in the common world. Jianwen seemed to be with them, and the xuanchen ancestor was working with central as well. However, there were only a few bio-humans. He didn't pay much attention to them. How did central become so powerful on Sky Class Island?

Was the center of the secular world and the center of the Sky Class Island the same group of people, or was it just a coincidence of their names and not related to each other?

If the two central Powers were the same, and could reach out to the common world and the sky Class Island at the same time, then this mysterious central power would be a bit shocking.

"Okay, I'll listen to you, boss. By the way, Xu lingchong has already arrived at the welcome Pavilion. He originally wanted to see you, boss, but he found that you weren't there, so he asked me to come out and keep watch. Do you want to go back and meet him or just ignore him? I just have to say that I didn't find you. " Pinliang asked.

"No need, I'll go back and meet him." "To be honest, I'm quite curious about what young master Xu has become," Lin Yi smiled faintly.

With that, Lin Yi turned around and said goodbye to Shangguan LAN 'er and Huang xiaotao, before following Zhong pinliang back to the welcome Pavilion.

In the welcoming Pavilion, the door of the cave dwelling opened again. Xu lingchong and Meng Tong walked out with smiles on their faces. They walked out side by side, one on the left and one on the right.

"This guy will be my partner in the future. You have to call him brother Meng!" Lingchong ordered.

"Ah?" Zhaoming froze. Pinliang just happened to come back, and he grinned at the scene. The relationship between the two didn't feel right, it felt weird.

Since when did young master Xu become so courteous to the wise? Although Meng Tong had become more unfathomable than before, his strength and status couldn't be compared with si tsunami. Young master Xu didn't care about si tsunami before, but why was he only so good to Meng Tong?

And he even had to call him brother Meng? Meng Tong used to be just a small cannon fodder. When did his status become so high that he was directly stepping on their heads?

"How is it? Where's Lin Yi?" Xu lingchong stood side by side with Meng Tong, ignoring everyone's weird expressions as she turned to Zhong pinliang.

"I saw him walking this way just now. He should be back." Pinliang said, nodding.

"Alright, let's go and take a look!" Lingchong Xu's lips curled into a cold smile as he led the group towards Lin Yi's cave.

At the entrance, Xu lingchong and the others came face to face with Lin Yi, who came back on purpose.

Xu lingchong's cold and vicious eyes couldn't help but freeze a little as he looked at Lin Yi who seemed to have been reborn. Lin Yi, on the other hand, was also a little surprised as he sized him up.

Xu lingchong's current neither Yin nor yang temperament was particularly in tune with Meng Tong, who was standing beside him with the same strange temperament.

Both sides hadn't even opened their mouths when lingchong Xu's cold aura suddenly became ferocious and violent. The powerful aura of a mid-Aurous core stage master poured out without holding back, pressing down on Lin Yi's head like a sudden explosion.

Lin Yi's side was not to be outdone either. His aura also increased. Although he was only in the early golden core stage, two levels lower than Xu lingchong, he was unmoved in the face of Xu lingchong's overbearing pressure. He didn't seem to be at a disadvantage.

Chapter 4190 Not Willing!

As for the other rookies present, with their mere Foundation establishment stage strength, standing here was simply like a small boat in a monstrous wave. They swayed unsteadily and could capsize at any time.

And this was when Xu lingchong and Lin Yi were both focusing on each other-if they were to change their target, these normal newbies would be crushed by their aura.

He only needed to look at you, and you'd collapse. They were all newbies, and this was the difference between them and Lin Yi!

The two sides were in a stalemate. For a moment, dark clouds loomed over the city. The entire Welcome Pavilion looked as if a storm was about to come. Perhaps it was just a coincidence that the weather had changed. However, at this moment, everyone could already feel a heavy pressure in their hearts. This was especially so for the ordinary newcomers around them. They felt as if the gods were fighting and the mortals were suffering.

However, despite the tense confrontation between the two, neither Xu lingchong nor Lin Yi had any intention of making a move. Needless to say, although Xu lingchong wanted to kill Lin Yi, he couldn't attack Lin Yi without a good reason-he'd be caught and severely punished in front of the law enforcement Hall.

"Lin Yi, I heard that you've been pretty cocky lately?" Xu lingchong coldly sneered.

"Hehe, senior brother Xu, you're too kind. I'm just living my life according to my duties. It's just that I can't stand some blind people who always come to my door and ask for a beating. I can only reluctantly do it." Lin Yi replied faintly.

"Very good, since you're already an early jiedan stage expert, it's rare for a newcomer to have such a performance, it's worthy of praise!" Xu lingchong didn't seem to hear the mockery in Lin Yi's words as he suggested, "I can make an exception and recruit you as an official disciple of the rising Sky Pavilion. Are you willing?"

As soon as these words came out, the surrounding people suddenly went into an uproar. The rising Sky Pavilion was the most powerful among the three great pavilions. There was no doubt about this. Whether it was in terms of resources or status, they were much higher than the other two pavilions. Under normal circumstances, any disciple of the profound secrets Pavilion or the GreenCloud Pavilion would dream of joining the rising Sky Pavilion.

As the eldest senior brother in charge of the rising Sky Pavilion and the grandson of Xu Yuanzheng, the third elder of the rising Sky Pavilion, Xu lingchong indeed held such power in his hands. As long as he had the right reason, it was not too difficult for him to get someone to join the rising Sky Pavilion.

"I don't want to." Lin Yi's answer was simple and clear, surprising everyone.

"Gah?" Lingchong Xu was stunned. The reason why he suggested this was to take care of Lin Yi.

After all, he was one of the representatives of the pavilion, and it wasn't convenient for him to fight Lin Yi. If he wanted to fight like su Zhaohe did, he didn't have a proper reason, and he couldn't just castrate himself in public.

But, if he could get Lin Yi into the pavilion, then as the manager of the pavilion, he'd be able to do anything he wanted with ease. Lin Yi would never be able to escape from him.

He didn't expect Lin Yi to reject him without a second thought. Did this guy see through his plan?

"This is a once-in-a-lifetime opportunity. If you reject it now, you'll be blocking this path and never enter the rising Sky Pavilion again. Have you thought about it?" Xu lingchong said, still unwilling to give up.

"I'll just stay here. It's pretty good, so I don't need to trouble senior brother Xu." Lin Yi, on the other hand, didn't give in at all. He sized lingchong up and turned around with a playful look, "Senior brother Xu, it's great to see that you're fine, but ... Hehehehehehe ..."

Lin Yi's laughter might look ridiculous to the others, but lingchong knew that this guy was laughing at her for losing her manhood!

"What are you laughing at!" Xu lingchong was instantly infuriated by the laughter. He immediately said furiously, "If you laugh again, do you believe that this young master will kill you right now!"

"Hehe, you're in charge of the heavens and the earth, and you're also in charge of whether I laugh or not? the power of the eldest senior brother of the rising Sky Pavilion's manager isn't that exaggerated, right?" Lin Yi said mischievously.

"Hmph, you've got balls, Lin Yi-you better be careful, don't let me catch you!" Xu lingchong gritted his teeth in anger, but he couldn't do anything to Lin Yi. He could only leave with a dark face.

He really didn't think that Lin Yi wouldn't be afraid of him at all. It seemed like this kid wasn't as easy to deal with as he thought-he had to plan this out properly!

Lin Yi and Shangguan LAN 'er had to pay the price!

Lin Yi's mouth twitched as he watched lingchong leave. She didn't come with good intentions, and since she'd returned, she'd definitely come looking for trouble. He had to be careful.

In the following period of time, Lin Yi rarely left the house, spending every day in his cave practicing. He was already close to the peak early golden core stage, and thought that he could break through

easily, but for some reason, he felt like he'd hit a bottleneck. He was only one step away, but he couldn't get past it. He didn't know what the problem was.

Other than that, the other thing that surprised Lin Yi was that Xu lingchong didn't come looking for trouble!

During this period of time, lingchong had been attending all sorts of events and had returned to being the big Senior Manager of the soaring Pavilion. His power and position were gradually stabilizing, but the only thing he didn't do was cause trouble for Lin Yi.

What was even weirder was that no matter where lingchong went, he would always bring Meng Tong along. The two were like glue, never leaving each other's side. This made Zhaoming even more jealous- he'd always thought of himself as lingchong's number one follower!

Now, the trust and respect Meng Tong had received was far above Kang Zhaoming 's. What made him even more annoyed and puzzled was that Xu lingchong still insisted that they call Meng Tong "brother Meng"!

He had to treat Meng Tong with the same respect as he treated young master Xu. He had to be at Meng Tong's beck and call. This was like acknowledging another ancestor!

What kind of magic potion did Meng Tong give young master Xu to make him treat him so well? he was being way too nice!

Plus, the two were stuck together like glue. In Zhaoming's eyes, they weren't just friends, nor were they superior and subordinate. They gave off the feeling that they were more like an intimate couple!

Couple? Zhaoming himself was shocked by the thought, but he didn't dare ask any more questions. He just continued to serve.

Zhaoming wasn't the only one who was confused-everyone else who was close to lingchong had the same thought as well. The two men suddenly became so close to each other, and their relationship had clearly gone beyond friendship. It was hard not to be suspicious.
