

Bodyguard 4211

Chapter 4211 Shall We Admit Defeat Together?

"Yes, young master Xu. I'm here to report to you." As Yu Zhe spoke, the corners of his mouth curved up, and he looked at the Nan Tianba duo with a playful expression.

"Report in?" The two brothers, Nan Tianba and Nan Tianmen, were dumbfounded on the spot. Before this, Yu Zhe and this young master Xu didn't have any interaction with each other. How did he suddenly become young master Xu's underling?

"That's right. You two might not know this, but Yu Zhe is already a member of our Center." Xu lingchong explained to the two of them. "Moreover, he's different from you. He's not just a mere peripheral member. He's a Special Assistant that the mysterious man sent to me."

"Special Assistant?" Nan Tianba and the men from Southern Heaven Gate looked at each other in disbelief. In addition to their shock, their faces also became extremely interesting.

He had just hugged the big thick leg and thought that he didn't have to be afraid of Yu Zhe anymore. He could use young master Xu's prestige to directly deal with this rebellious bastard. In the end, in the blink of an eye, they had actually become a group?

What was even more ridiculous was that Yu Zhe, this traitorous disciple's status was actually above the two of them!

"Since you've all joined the central, don't think about your previous grudges anymore. It's useless to think about it. If anyone dares to have any evil thoughts about attacking our own people, I'll be the first

to not let him off!" Xu lingchong glanced at the three people in front of him and said indifferently. He exuded the aura of a superior and exuded an awe-inspiring aura.

"Yes." Yu Zhe readily agreed on the spot. In any case, he had already gotten back his face in the first round of the individual battles. He had also vented his anger. In addition, his strength and future were far stronger than Nan Tianba and the others, so there was naturally nothing to worry about.

On the other hand, Nan Tianba and the southern Heaven Gate disciples looked at each other unwillingly. However, due to Xu lingchong's tyrannical abuse of power, they could only nod in agreement in the end.

They knew that it was impossible to take revenge on Yu Zhe now. Even their uncle, Nantian Aurora, who was far away in Nakajima, might not be able to do it.

Although southern sky Aurora had also joined central and was a core member, central would not allow him to deal with his own people. He could only continue to hold this grudge in his chest for the time being.

"Very good. We don't have any other tasks for now. Let's make good use of this inner sect competition and get as much attention as possible. It'll be best if we can take this opportunity to become the disciples of some high-level big shots, understand?" Xu lingchong ordered.

"Yes, but young master Xu, I'm still lacking a partner for a duo battle." Yu Zhe replied. He had just returned a few days ago, and didn't know any Jindan experts before, so it was normal to not have a partner for a while.

"That's easy. There's one right in front of you. Nan Tianba, you'll partner up with Yu Zhe next. If you've already agreed on a partner, then kick him out. Your own people are more important." Xu lingchong said in an unquestionable tone.

Although Nan Tianba's expression was a little conflicted, in the end, he didn't dare to disobey Xu lingchong's instructions. He could only put aside his personal grudges and temporarily choose to join forces with Yu Zhe to fight the two-person battle in the inner sect competition. This was why everyone was confused by the scene today.

In the face of this strange pair, everyone was puzzled, but they also had to be secretly afraid. After all, Yu Zhe's performance was really not to be underestimated. They couldn't be taken lightly against them, or they might end up like this pair of peak early jiedan stage.

However, although Yu Zhe and Nan Tianba's combination was frightening, for those truly powerful inner core disciples, they didn't need to pay too much attention to them. The next pair of newcomers were the strong enemies that they really needed to be on guard against, Xu lingchong and Meng Tong!

Meng Tong was a newcomer from the welcome Pavilion, just like Lin Yi. The strength he displayed in the one-on-one battle was no less than Yu Zhe's, and might even be better. At least in terms of ranking, he was much better than Yu Zhe, who was blocked out of the top 50 by Lin Yi.

Xu lingchong's strength was obvious to all. From the first round of the individual battle to the first place at the end, there was no suspense as he crushed all the way. Looking at all the Golden core stage disciples who participated in this year's inner sect competition, there was simply no one who could match up to him.

At first, everyone thought that Lin Yi would be a competitor since he had the strength to fight his way into the finals. However, it turned out that he was nothing in front of the powerful Xu lingchong.

If he didn't even have the courage to fight Xu lingchong, how could he talk about strength? He was just a pretentious leader who only knew how to bully the weak and fear the strong!

With a powerful aura, Xu lingchong and Meng Tong slowly walked up to the ring side by side. They looked down at the audience below the stage like emperors, and the corners of their mouths curled up in an extremely confident arc.

At this time, their opponents had not been drawn yet, but Xu lingchong already knew who their opponent would be, because he had already told Xu Yuanzheng that he would fight Lin Yi in the first round of the two-man battle!

He didn't want to meet Lin Yi in the 1v1 battle and kept it all the way to the finals so that he could trample Lin Yi to death in the finals. Only then would his merit be complete, but he didn't expect Lin Yi to be so cunning. He just surrendered and didn't give him a chance to fight at all. Lin Yi got forty-nine points too, which made him regret his decision!

So this time, he was going to kill Lin Yi as soon as he came up, not giving him any chance. If Lin Yi surrendered, he'd lose no points at all, and the loss would be huge.

As expected, the next opponent caused another uproar-it was Lin Yi and Huang xiaotao.

In the midst of the discussion, Lin Yi and Huang xiaotao walked up to the ring and stood opposite Xu lingchong and Meng Tong. Their faces were calm and composed. Lin Yi naturally wasn't afraid of Xu lingchong and Meng Tong. As for Huang xiaotao, she was a little nervous at the moment, but she was wearing a veil and no one could see her.

"Pretentious newbie King, since you've already admitted defeat in the 1v1 finals, why don't you be more tactful and admit defeat together?" Xu lingchong took the lead and sneered.

"In any case, both of you were defeated by chongchong and me. Now that you've joined forces, you'll only lose faster and more miserably. Since chongchong is kind enough to give you a way out, you might as well be sensible and admit defeat directly. Otherwise, you'll be beaten to tears by the two of us later. That'll be too embarrassing, don't you think so?" Meng Tong, who was standing at the side, contemptuously echoed.

There was also a burst of ridicule in the audience. Normally, for the level of Jindan stage Masters, very few people would be so bored, but today was an exception. Most of them were inner core disciples, but in the previous one-on-one battle, they were actually trampled under the feet of a group of new disciples, which was really embarrassing.

Chapter 4212 Victory And Defeat Have Been Decided?

Even so, they knew that it wouldn't be easy for them to regain their dignity with their own strength. Now that they had the rare opportunity to praise the high and step on the low, they would naturally spare no effort in mocking them.

Facing the boos from the crowd, Huang xiaotao, who was already a little nervous, couldn't help but clench her fists. However, Lin Yi, who was standing beside her, still had a calm expression on his face. He even laughed as if nothing had happened, making everyone in the crowd puzzled.

"What are you laughing at?" Xu lingchong and Meng Tong looked at each other and pretended to be enlightened. "Oh, so this is the so-called "covering up awkwardness"? The newbie King's skin isn't as thick as we thought! Hahaha!"

"Hehe, the two of you shouldn't think too much, especially the so-called Chong Chong. The way you two address each other is quite unique. "I didn't fight you in the 1v1 because I didn't want to fight you ... I didn't think you'd take it seriously ..." Lin Yi curled his lips, a smile that wasn't a smile.

"Hmph! You're really boasting shamelessly to a certain level. With your insignificant strength of an early jiedan stage, you actually dare to say that you'll give in to me, a middle jiedan stage expert. Do you believe your own words?" Xu lingchong immediately sneered.

Everyone in the audience was also taunting-whether it was strength on paper or individual combat performance, lingchong was at least a level higher than Lin Yi. It was clear who was stronger and who was weaker-saying that he'd let the opponent win just because he couldn't win was child's play.

"I believe you. Even if you don't believe me now, you'll believe me soon enough." Lin Yi shrugged his shoulders with a relaxed face. He turned around and smiled at Huang xiaotao.

Seeing his reaction, Huang xiaotao, who was originally nervous, suddenly relaxed for some reason. It was as if the aggressive pressure from Xu lingchong and Meng Tong had disappeared in an instant. At this moment, there was only Lin Yi in her eyes.

"You're lying to yourself. This young master will let you properly wake up!" Xu lingchong snorted coldly and immediately jumped up to attack Lin Yi. Meng Tong, who was beside him, also attacked at the same time, but his target was Huang xiaotao.

Although it was a two-on-one battle, with their strength, they didn't need any extra cooperation. One on one was enough to take down the opponent. After all, whether it was Lin Yi or Huang xiaotao, they were both just losers.

Meng Tong still used his usual thousand kicks to deal with Huang xiaotao. He had defeated Huang xiaotao in the same way in the previous one-on-one battle. This time, it was just a repeat. As for Xu lingchong, he had revealed his secret divine weapon, the nine Heavens poisonous Dragon whip.

The whip was three and a half feet long and made of the highest grade Dark Iron from beyond the heavens. It was divided into three hundred and sixty sections, each of which was a sharp miniature dagger with poisonous green fluorescent spots and clear blood grooves. No matter how powerful one was, once they were cut by the nine Heavens poisonous Dragon whip, they would lose half of their life even if they didn't die.

Xu lingchong was a master who had a perfect breakthrough to the intermediate stage of the Golden core realm. His strength was comparable to that of an ordinary late stage golden core realm master. With the nine Heavens poisonous Dragon whip, he was like a tiger that had grown wings. Therefore, in this inner sect competition where Masters above the late stage of the Golden core realm rarely showed up, it was only natural that he was invincible.

In fact, after the increase in strength, Xu lingchong's confidence had become unprecedentedly strong. Not to mention killing Lin Yi in a one-on-one, even if Lin Yi and Huang xiaotao attacked together, he could easily crush them. Now that he asked Meng Tong to cooperate with him, he was already thinking too highly of Lin Yi.

The nine Heavens poisonous Dragon whip let out a sharp and terrifying whistling sound, turning into a sky full of whip shadows, instantly covering Lin Yi's head, and the people below immediately gasped in unison.

At this moment, Xu lingchong was unprecedentedly serious. The power of the nine Heavens poisonous Dragon whip was clearly a level higher than when he fought against a late-stage golden core in the first round. Even the spectators felt a chill down their spines. If they were in Lin Yi's position, they would be done for in one exchange.

However, Lin Yi seemed to have been prepared for this. The nine Heavens poisonous Dragon whip was fast, but his speed was faster. To be more precise, his reaction was faster. Long before Xu lingchong attacked him, he had already left his original position and quickly approached Huang xiaotao on the other side.

They wanted to fight Meng Tong with numbers and cooperate with Huang xiaotao to kill Meng Tong first to create a two-on-one situation. Then, they could turn around and deal with the more troublesome Xu lingchong?

Everyone present was a master and instantly understood Lin Yi's intentions. Xu lingchong and Meng Tong were no exception.

"Hmph, that's wishful thinking. However, to play such a small trick under this young master's eyes, aren't you looking down on this young master too much?" Xu lingchong replied with a cold smile.

With his voice, the nine Heavens poisonous Dragon whip that had already transformed into thousands of forms suddenly became even more overwhelming, chasing after Lin Yi's figure all the way. This posture was actually ready to take advantage of the opportunity to capture Lin Yi and Huang xiaotao in one fell swoop!

The situation on the field became extremely dangerous again. Lin Yi and Huang xiaotao were like prey in the mouth of a poisonous Dragon, about to be swallowed at any time. Not even their bones would be left.

At the same time, in order to avoid being accidentally injured by the nine Heavens poisonous Dragon whip, Meng Tong, who was originally attacking Huang xiaotao, could only take a step back. Although he was Xu lingchong's partner, the attack of the nine Heavens poisonous Dragon whip was no joke. Once he was caught up in it, even Xu lingchong could not save him.

"The winner has been decided ..." The crowd made their judgments, and even the judge on the field didn't think much of this original leveled master. Unlike the crowd, he didn't think that Lin Yi was weak at all, and in fact, he admired Lin Yi's performance as the new generation King. Even so, he didn't think that Lin Yi could survive such a powerful attack.

In the face of absolute strength, no matter how good one's talent, potential, and brain were, they were all just floating clouds. They couldn't change the outcome at all.

"Grandpa, please save Little Junior Brother and Senior Sister Xiao Tao!" Shangguan LAN 'er, who was in the stands, was so anxious that tears were about to fall. She grabbed Shangguan Tianhua's arm and said hurriedly.

Shangguan Tianhua frowned. Even he felt that the situation was not looking good. However, he was not in a hurry to make a move. He turned around and consoled, ""LAN 'er, don't worry. Lin Yi won't be defeated that easily. Let's wait a little longer."

In his expectation, even if Lin Yi lost, he wouldn't lose so easily, unless he gave up like in a 1v1 fight. Otherwise, no master would give up so easily in a fight, and Lin Yi was no exception.

Chapter 4213 Victory And Defeat Have Been Decided!

Of course, Shangguan Tianhua didn't say that just because he believed in Lin Yi's strength. Even if Lin Yi couldn't fight back at all, he could save Lin Yi and Huang xiaotao with just a thought. There would be no accidents.

However, in the next moment, Shangguan Tianhua was slightly shocked. The situation on the battlefield had suddenly changed!

BOOM! Under the overwhelming shadow of the nine Heavens poison Dragon whip, two balls of Crimson flames suddenly burst out. The nine Heavens poison Dragon whip that Xu lingchong was so proud of was actually broken on the spot. The power was so shocking that it was simply appalling!

Amidst the gasps of shock, the Golden core stage experts finally recognized the two balls of red fire. They were actually the illusionary images of two fire palms, one small and one large. In the middle, the shape of an Eight Trigram could be vaguely seen. They split into two directions, the small one heading towards Meng Tong and the large one towards Xu lingchong.

At this moment, Xu lingchong and Meng Tong were still in a state of disbelief and shock. Before they could react, they heard two "Bang Bang" sounds, followed by the muffled sound of bones breaking. Then, like two kites with their strings cut, they were directly thrown out of the ring without any room to fight back.

The power of the temporarily created wild fire Eight Trigrams palms was so powerful!

Gasps of shock instantly rang out in the entire arena. Everyone looked at each other, speechless for a long time.

What was even more shocking than sending the two of them flying was the injuries on their bodies. Meng Tong was fine because the one who attacked him was Huang xiaotao. Although they both used the same wild fire Eight Trigrams palms, the power was obviously much weaker. Therefore, even though Meng Tong was in a sorry state, his injuries were not too serious.

Xu lingchong was the one who suffered the most. The wild fire Eight Trigrams palms that landed on him came from Lin Yi, and its power was at least at the peak of late Foundation Stage. He was caught off guard and hit right in the chest. This young master Xu, who had returned from his powerful days, was now on the ground with his eyes bulging. He was breathing more heavily than he was breathing. It was obvious that he was on the verge of death!

"Charge, charge!" Seeing this, Meng Tong immediately roared in grief and indignation. Without caring about his own injuries, he scrambled to Xu lingchong's side.

At the same time, a figure suddenly followed closely behind. It was the person in charge of this year's inner sect competition, Xu Yuanzheng.

"He's still breathing. Quick, bring him for treatment!" Xu Yuanzheng hurriedly ordered after checking Xu lingchong's condition.

Although he was anxious, he was the host of the inner sect competition and could not be absent at will. He could only let Meng Tong take him away and find someone to treat him.

Meng Tong quickly nodded. He couldn't be bothered with Lin Yi on the stage anymore as he carried Xu lingchong up and walked out. The three pavilions had their own specialized medical dorms where doctors gathered. No matter who it was, they would do their best to save Xu lingchong for the sake of Xu Yuanzheng. Although Xu lingchong's condition was extremely weak now, there might still be a chance of survival.

However, just as he carried Xu lingchong out of the North Island's arena and reached a secluded area, the mysterious man in Black suddenly appeared in front of him. After a breeze blew, the mysterious man in Black, Meng Tong, and Xu lingchong disappeared without a trace.

At this moment, on the stage, after a long time of shock, the judge finally announced Lin Yi and Huang xiaotao's victory. Everyone's gaze towards Lin Yi was completely different from before.

"This ... This Lin Yi is so F * cking strong ..." Someone commented.

"Nonsense, what kind of eyesight do you have to see it now? I already knew that this new player King was awesome. I could tell that he deliberately admitted defeat in the 1v1 finals!"

"That's right. He probably doesn't even care to fight Xu lingchong one-on-one. He's planning to save it for the two-on-two match. It'll save him a lot of trouble if he can solve it together!"

"That seems to be the case ... Eh? Wait a minute! Didn't you two say that Lin Yi was no match for Xu lingchong? why did you change your tone?"

"....."

"Grandpa, look at Little Junior Brother and Senior Sister Xiao Tao, they're amazing, right? their high five is the ultimate move that I've learned with them a few days ago!" The worry on Shangguan LAN 'er's face was long gone, and she was happy for Lin Yi and Lin Yi as she praised Shangguan Tianhua.

"Hehe, little LAN 'er, you're just going to watch them practice, right?" Shangguan Tianhua laughed in a daze.

"That's still the same. I also contributed to it!" Shangguan LAN 'er stuck out her tongue in an adorable manner.

Shangguan Tianhua laughed out loud and patted Shangguan LAN 'er's head. He looked at Lin Yi in the distance, his eyes full of praise.

To be honest, even he didn't think that Lin Yi's counterattack would be this Swift and powerful. He was only an early golden core, but he killed the arrogant Xu lingchong in one move-this was shocking!

If Xu lingchong was just an ordinary intermediate Aurous core stage expert, it would still be fine. The problem was that he was also an expert who had broken through to the Aurous core stage perfectly!

They were both perfect golden core stage Masters, and Lin Yi's sudden counterattack made everyone understand one thing-even among geniuses, there were different levels!

Xu lingchong and Meng Tong were originally the pair with the highest chance of winning the championship, but they were killed by Lin Yi and Huang xiaotao in one move. The two-man battle after that simply became their stage.

No matter what kind of opponent he faced, from the beginning to the end, it was always a one-hit kill. There were no changes to speak of. From the beginning to the end, it was the wild fire Eight Trigrams palms.

In the final stage, everyone could even figure out the moves of the two. However, even so, it did not change the situation at all. It was just a wild fire Eight Trigrams palm. Even if they could see the moves clearly, it was still unsolvable at the beginning and still unsolvable at the end. This was the absolute difference in strength!

Lin Yi and Huang xiaotao had demonstrated to everyone what it meant to be invincible in the Golden core stage!

There were a few rounds where their opponents couldn't even muster up a bit of fighting spirit against such a domineering combination. They quickly admitted defeat as soon as the match started. After all, Lin Yi's combination was invincible, and it wasn't embarrassing to admit defeat. They could also avoid getting hurt. There was no need to fight.

One thing worth mentioning was that this included the Yu Zhe and Nan Tianba duo. The two of them wanted to trample Lin Yi under their feet even in their dreams, but the situation was stronger than the person. Even Xu lingchong was about to be beaten to death, and they still didn't know what was going on. Weren't they looking for death?

In the end, Lin Yi and Huang xiaotao secured the number one spot in the duo battle without a doubt. It was much more impressive than Xu lingchong's number one spot in the individual battle.

Chapter 4214 Shangguan Tianhua's Evaluation

Lin Yi and Xu lingchong, who was the stronger one, this was a fact-the latter was almost dead, and could even be a corpse now. Was there any suspense left?

With the two-man battle coming to an end, the inner sect competition had come to an end. Lin Yi had obtained ninety-nine points in both the individual and the two-man battles, and he was fully deserving of the first place. The new disciple King title of the Ying Xin Pavilion was about to change-he was now the new disciple King of the inner sect!

As for Huang xiaotao, although she did not get a single point in the individual battle, the 50 points she got in the pair battle were enough to guarantee her a spot in the top 50 and finally place 32nd.

It was worth mentioning that although Xu lingchong was killed in one move in the duo battle, as the first in the individual battle, he also had 50 points and tied with Huang xiaotao at 32nd place.

As for Meng Tong, Yu Zhe, and Nan Tianba, their points were much worse than these three people, but they still managed to squeeze into the top 50 list in the end, but they were only ranked at the end.

The inner sect grand competition had come to an end, but the crowd of golden core stage disciples gathered in the North Island Arena did not disperse. On the contrary, they became even more nervous and excited.

According to the rules of the past years, the inner sect tournament was not only meant to divide the cultivation resources for the next year, but also for the elders of the three pavilions to choose their disciples!

At this time, the elders Guild's high-level big shots, including the three Pavilion Masters, had all appeared one by one. They would take into account the performance of the Aurous core stage disciples in the inner sect competition, measure their qualifications and potential, and then decide who to accept as a disciple.

Among all the high-ranking officials of the three pavilions present, Shangguan Tianhua was the most powerful one in terms of status and strength. Naturally, he would be the one to start the selection of disciples.

Of course, Shangguan Tianhua rarely took in disciples, and very few people could catch his eye. Normally, he would not take in a single person even in decades or even centuries. However, out of courtesy, whether he took in a disciple or not, he had to speak first.

The audience held their breath. Although they knew that they would not be chosen by Shangguan Tianhua, their hearts still skipped a beat when he looked at them with his imposing gaze. Unfortunately, their luck was not on their side.

After slowly scanning the room, Shangguan Tianhua finally said, ""Lin Yi, not bad."

The crowd burst into an uproar. Not only were they surprised that Shangguan Tianhua had actually chosen someone, but they were even more surprised that he was going to cross boundaries to choose someone.

Every high-level Big Shot belonged to one of the three pavilions. Therefore, normally, they could only choose people from their own Pavilion and could not choose people from other pavilions because it was very easy to violate a taboo.

Although Lin Yi was a new member of the pavilion, he was already a part of the GreenCloud Pavilion. This was something that everyone could see. Shangguan Tianhua, on the other hand, was the pavilion master of the rising Sky Pavilion. This was clearly a violation of the rules.

However, after Shangguan Tianhua finished speaking, the Golden core disciples below were in an uproar. However, the higher-ups continued to sit upright and still. They did not look surprised at all, and they did not have any intention to step out and pick a fight.

With the rising Sky Pavilion's current strength, it wasn't strange for them to break the rules. Since Shangguan Tianhua had spoken, it didn't matter which Pavilion Lin Yi was from.

Thinking back, based on Huang Xiaotao's personal experience, since the rising Sky Pavilion could demote a disciple to the GreenCloud Pavilion, it was only natural that they could accept disciples from the GreenCloud Pavilion. Especially since this was Shangguan Tianhua's personal request, no one would have any objections.

Below the stage, everyone's eyes were on Lin Yi with passion and envy, only Lin Yi himself was calm.

Feeling Shangguan Tianhua's gaze on him, Lin Yi raised his head and met his eyes. He didn't say anything, but his lips curved up slightly. No one knew what he was thinking.

As for Shangguan Tianhua, who was in the center of the grandstand, after saying those words, he suddenly laughed and actually stood up to leave, leaving a bunch of people in the audience who were baffled.

What was the meaning of this? She just said that Lin Yi was not bad and left like that. Did that mean that she wanted to take Lin Yi as her disciple, or was it just a compliment?

"Grandpa, are you going to accept or not?" Shangguan LAN 'er was also anxious, and quickly caught up to ask.

"LAN 'er, if I take Lin Yi in, he'll be more senior than you, okay? Do you agree to it?" Shangguan Tianhua chuckled playfully as he walked.

"Ah? "This ..." Shangguan LAN 'er choked. She didn't want to be Lin Yi's junior for no reason. It wasn't just embarrassing on the surface, it could also cause trouble.

"Hehe, so of course I won't accept it." Shangguan Tianhua said with a smile.

"Then ... Grandpa, why did you call Little Junior Brother by his name?" Shangguan LAN 'er asked with a puzzled look.

"Lin Yi isn't an ordinary person-unless he's a true master, anyone else would only restrict his growth. It'd do more harm than good, so it'd be better to let him develop on his own." "I don't want to tie him down," Shangguan Tianhua said seriously,"and the reason I said that was to stop others from taking Lin Yi as their disciple."

With Shangguan Tianhua's level and vision, he could see through anyone's potential and future with one look. Lin Yi, however, was the only one he couldn't.

Shangguan Tianhua only knew that Lin Yi's future was the stars, and any kind of teaching would only become a restraint.

If Lin Yi had to pick an example, it would be Gongyang Jie, who'd appeared out of nowhere back then. Shangguan Tianhua had used the same strategy to create the unfathomable Hall Master of the law enforcement Hall.

And so, even though he'd been called out by Shangguan Tianhua in public, and it was after the inner sect competition, at an event like this, Lin Yi wasn't completely considered a disciple-he was only half a disciple.

After Shangguan Tianhua left, everyone was stunned and silent for a moment. Then, the selection continued. From the pavilion master of the pavilion of profound secrets, the pavilion master of the GreenCloud Pavilion to the elders, they were all ranked according to the default status and strength.

In the end, the disciples who performed well in this year's inner sect competition were all accepted as registered disciples by the big shots. From then on, they rose to the top in a single step. However, it was worth mentioning that from the beginning to the end, all the big shots seemed to have forgotten about Huang xiaotao. No one mentioned her.

In terms of performance, Huang xiaotao's performance in this year's inner sect competition was remarkable. Other than Lin Yi and Xu lingchong who were in the limelight, she left the deepest impression on everyone. In terms of potential, she also broke through to the Golden core stage perfectly, and her future was destined to be limitless.

Chapter 4215 Pavilion Master Of GreenCloud Pavilion

The big shots weren't blind, having reached their level today. Normally, they'd think that after Lin Yi, there'd be some big shots who'd take the potential for themselves, unlike today, where no one cared about him.

However, Lin Yi could understand the reason behind this. Huang xiaotao was his partner, and she often sat with Shangguan LAN 'er these days. They were like sisters, and naturally, everyone would label her as Shangguan Tianhua. No matter how much the big shots coveted her, they wouldn't take the risk of stealing Shangguan Tianhua's woman.

By the end, all the big shots had already gone through one round. The remaining Aurous core stage disciples who were not selected knew that they had no hope and could only leave helplessly.

Lin Yi was about to head back to the pavilion when someone greeted him with a smile. He turned around and his eyelid twitched. The person was dressed like a Taoist, and he had the air of a celestial. It was Yu Zhenyang, the master of the Qingyun Pavilion.

"Greetings, Pavilion master." Lin Yi and Huang xiaotao cupped their hands at the same time. After all, they were both inner sect disciples now.

"No need to be so polite." Yu Zhenyang waved his hand with a smile. He was surprisingly approachable."Lin Yi, I'm very happy that a genius like you can appear in my GreenCloud Pavilion. Xiao Tao too, the future of the three pavilions on the North Island will depend on you guys. It's a long road ahead."

"Pavilion master, you're too kind," Lin Yi exchanged a look with the reserved Huang xiaotao and said humbly.

The other disciples who were passing by looked envious. Yu Zhenyang was the master of the GreenCloud Pavilion, a top figure on the same level as Shangguan Tianhua. Even the inner sect disciples would find it difficult to meet him. When had they ever seen this Big Shot appear and greet anyone? This Lin Yi was the apple of the eye-he was the envy of the heavens!

"Hehe, although you have to be humble, I'm telling the truth. You two don't have to be too humble." Yu Zhenyang laughed and said, "Lin Yi, since Pavilion master Shangguan called your name, do you want to transfer you to the Sky Tower? it'll be more legitimate, and with me here, the procedures will be simple."

"Many thanks Pavilion master for your understanding, but this disciple feels that it's fine to continue staying in the GreenCloud Pavilion, there's no need to go through so much trouble." Lin Yi rejected with a smile.

He had pretty much figured out Shangguan Tianhua's intention. Since he was only half a disciple, it would not make much of a difference whether he went to the rising Sky Pavilion or not. It would be good for him to stay in the GreenCloud Pavilion.

On the contrary, if he went to the rising Sky Pavilion, he might see Xu lingchong, Meng Tong, Yu Zhe, and the rest of them all the time in the future. Not only would they pose a threat to him, but they would also annoy him. These things would affect his mood, and he would be as depressed as he could be!

Yu Zhenyang was overjoyed. Anyone could tell that Lin Yi had a bright future ahead of him. Shangguan Tianhua might have picked him, but a peerless genius like him was taken away by the rising Sky Pavilion for no reason. It would be a lie if he said he didn't have any thoughts about it.

If Lin Yi really wanted to go to the Sky Tower, he couldn't stop him, but since he was willing to stay, it was for the best. The pavilion was already weak to a certain extent, and if they wanted to get back on their feet, they would need a legendary figure like Zhang Liju, and Lin Yi didn't seem to be any weaker than Zhang Liju!

"Since you've already made up your mind, I won't try to persuade you any further. In any case, the GreenCloud Pavilion is your home. Since we're one of our own, there's no need to treat you as an outsider. Tell me, is there anything you need my help with?" Yu Zhenyang said.

With his status and position, he could do anything he wanted in the pavilion with just a word. Naturally, he'd give Lin Yi a favor if he could. He couldn't ask for more.

After all, after Gongyang Jie, Lin Yi was the third person to receive praise from Shangguan Tianhua!

It was rare for Shangguan Tianhua to publicly praise someone, especially in such a public and formal event like the inner sect competition. In history, he had only praised someone three times.

The first time was Zhang Liju, the second time was Gongyang Jie, and the third time was Lin Yi.

Zhang Liju was a legend on the Sky Class Island, and Gongyang Jie, despite his young age, was also unfathomable. Not only was he the hall Master of the Hall of Justice, but his reputation and status in the three pavilions were above most of the elders. Perhaps in a few years, he could challenge the three Pavilion Masters.

He wouldn't be where he was today if he still didn't recognize Lin Yi's potential after all this.

"Since Pavilion master has said so, then this disciple will not refuse." Lin Yi didn't reject too much. He knew that it wouldn't be annoying to make a request at a time like this, and it'd make them closer. Since he'd decided to stay at the pavilion, it was necessary to build a good relationship with Yu Zhenyang.

"Just say it, if you have any requests, just say it." Yu Zhenyang laughed.

"En, this disciple hopes to have a place to stay in the GreenCloud Pavilion in the future. I'll have to trouble Pavilion master to arrange a slightly bigger place for me, one that can accommodate a few more people." Lin Yi said after some thought.

"Haha, with your strength and potential, Lin Yi, this is only natural. Even if you didn't mention it, we wouldn't treat talents like that." Yu Zhenyang laughed. At the same time, he looked at Huang xiaotao with a playful look. The meaning of his words was obvious.

Huang Xiao Tao immediately lowered her head in embarrassment. Even through the veil, the people around her could feel her blush.

Lin Yi smiled and didn't explain further. He asked Yu Zhenyang to arrange a bigger place for Huang xiaotao to live in. Naturally, Huang xiaotao would move in with him, but he didn't want to live with her.

In Lin Yi's expectation, not only would Huang xiaotao move over, but he would also bring the king of junk over. Although he had yet to succeed in casting the weapon, he had done his best to help him for so long after all. He was already considered one of his own, and he just happened to be a disciple of the Qingyun Pavilion. It was just that he didn't have a good time before.

Other than that, there were Xiao ran, Qiao hongcai, and the others-they could look out for each other, and it'd be easier for Lin Yi to help them level up.

"Do you have any other requests?" Yu Zhenyang continued to ask.

"No, thank you for your concern, Pavilion master." Lin Yi replied. It was their first time meeting each other, after all, and even if he wanted to get closer to her, he had to stop before he went too far.

Chapter 4216 A Change In Attitude

Yu Zhenyang looked at Lin Yi deeply, surprised. He nodded after seeing that Lin Yi didn't change his mind, "In that case, I'll have my men prepare a place to stay. We'll talk about the rest later."

"Thank you for your trouble, Pavilion master." Lin Yi and Huang xiaotao cupped their hands as a disciple's greeting and watched Yu Zhenyang leave. Not long after, the two also went their separate ways. Huang xiaotao returned to the GreenCloud Pavilion, and Lin Yi returned to the welcoming Pavilion.

With Yu Zhenyang, the master of the pavilion, making a personal appearance, the matter of accommodation could be settled with a single word, but it still had to be made at the last minute. Lin Yi had to stay at the welcome Pavilion, at least for tonight.

Today, the one-year period for the newcomers of the welcoming new pavilion had passed. The newcomers who should go to the three pavilions, the managers, and the Kuangqu areas had all found their own places. The cave abodes specially prepared for them had all been emptied.

Lin Yi was the only exception-he was the only one who still had a cave. Even so, even the head of the pavilion, Hu Yunfeng, didn't dare to show Lin Yi any disrespect, let alone the current manager of the GreenCloud Pavilion.

When Lin Yi returned to the pavilion, he saw someone guarding the entrance of his cave. It was Hu Yunfeng.

"Lin Yi junior, congratulations! After today, you'll have a meteoric rise and a bright future ahead of you. It's an honor for the welcoming new pavilion to have a genius disciple like you!" Hu Yunfeng's attitude changed completely, and he took the initiative to greet Lin Yi with a smile.

He'd never liked Lin Yi because of his position in the sect, but after hearing Lin Yi's performance in the inner sect competition, especially after Shangguan Tianhua's praise, he'd be an idiot if he didn't change his attitude.

No matter what was said, he, Hu Yun Feng, could also be considered a person of the officialdom. It was impossible for him to not have such a discerning eye.

"Pavilion master Hu, you flatter me." Lin Yi was a little surprised, but he smiled. "Pavilion master Hu, did you come to find me today for the matter of the cave? Don't worry, I'm moving out immediately. I won't stay here. "

"What are you saying, Lin Yi? You're treating me like an outsider!" "The welcome Pavilion is your first home on Sky Class Island, and it'll be your home forever," Hu Yunfeng said angrily. "As long as you're willing to live there, as long as I'm in the welcome Pavilion, I'll keep this cave for you forever. No one else is allowed to touch it!"

"Hehe, there's no need for that. I've already spoken to Pavilion master Yu. The GreenCloud Pavilion will probably arrange a new residence for us tomorrow. There's no need to trouble Pavilion master Hu." Lin Yi smiled faintly as he shook his head.

"Oh? Since Pavilion master Yu is here personally, I'm sure he won't mistreat Lin Yi-I'm relieved. " Hu Yunfeng laughed, but he was secretly shocked. This Lin Yi guy really flew up the branch and became a Phoenix!

Not only was Shangguan Tianhua, the pavilion master, interested in him, but even Yu Zhenyang, the pavilion master, was concerned about him. With these two big shots behind him, Lin Yi could do whatever he wanted in the three pavilions.

Although Hu Yun Feng was also known as the pavilion master, he was only a small welcoming new pavilion. In terms of status and power, he was far inferior to any other independent Department, not to mention top leaders like Shangguan Tianhua and Yu Zhen Yang. They were not on the same level at all.

After a while, Hu Yunfeng said goodbye to Lin Yi politely. He didn't come here today to get closer to Lin Yi, but he hoped that Lin Yi wouldn't mind his past actions.

Looking at Hu Yunfeng's back as he left, Lin Yi couldn't help but laugh and shake his head. He'd been picking on him in so many ways before, and now his attitude changed 180 degrees just because of one sentence from Shangguan Tianhua. It really made him speechless.

Not long after Hu Yunfeng left, a few more people came to Lin Yi's cave, but this time they were all his own people. It was the miserable senior brother, Xiao ran, Qiao hongcai, and Li Zhengming.

"Junior Brother Lin, we've all heard about what happened today. It's really a cause for celebration!" The senior brother said happily.

He felt from the bottom of his heart that Lin Yi was the Savior of his life. If it weren't for Lin Yi, he would still be a bully, and he might not even be able to keep his position as the new manager. He wouldn't be able to live so comfortably now, and it was all because of Lin Yi.

"That's right, that's right. From now on, our boss will have a meteoric rise. We must celebrate it well. We won't leave until we're drunk!" Xiao ran, Qiao hongcai, and Lee Zhengming all said in unison.

The first two were Lin Yi's lackeys, and the latter was his most trusted spy. Now that Lin Yi had made it big, they were bound together. For tonight's celebration, the three of them spent a lot of effort to get a few jars of high quality spiritual wine.

"Alright, let's drink to our heart's content tonight. We won't leave until we're drunk!" Lin Yi chuckled. With his current strength, he could drink a thousand glasses of the best spirit wine and still not get drunk, but Xiao ran and the others might not be so.

The few of them laughed and filled their cups together, then drank it all in one gulp. In the past year in the welcome Pavilion, they had experienced many ups and downs together and had developed a deep tacit understanding. Everything could be said without words.

"Junior Brother Lin, let me toast you again. I'll be relying on you in the future." The miserable senior brother raised his cup again.

"Senior brother ku, you're wrong. No matter what happens to me in the future, you'll always be my senior brother. We'll work hand in hand, so there's no need to protect me. You'll have to drink a cup of wine as punishment!" Lin Yi smiled, speechless.

"Boss is right, senior brother ku has to punish himself with a cup of wine!" Qiao hongcai took the lead and jeered.

"Alright, alright, I'll accept my punishment, I'll accept it." The guy smiled bitterly and finished the drink, while Lin Yi and the others cheered.

However, although he said that, the words of the miserable senior brother did give Lin Yi a reminder. Everyone present was a reliable person, and he really did need to spend more time and effort on them in the future. Their strength was not bad in the welcoming new pavilion, but outside, it was far from enough.

They celebrated for the whole night until the next day, when someone came to knock on the door, and it finally ended.

It was an inner sect disciple in charge of Lin Yi's accommodation, according to Yu Zhenyang's orders.

The poor guy felt emotional when he saw this person. This person wasn't a Big Shot like his big senior, but he was at least a powerful inner sect manager. He was a high and mighty existence in the eyes of others, but now he was running errands for Lin Yi. He wouldn't have dared to imagine this before.

Chapter 4217 There Is A Candidate

After a polite greeting, the inner hall manager brought Lin Yi to his residence, with the miserable Shixiong and the others following.

They all had their own caves, but according to Lin Yi's instructions, he'd leave rooms for them in his own residence, and they'd try to live together as much as possible. Naturally, they had to go and take a look.

With Yu Zhenyang's presence, Lin Yi and the others already knew that this place wouldn't be bad, but they were still shocked when they arrived.

The core of the GreenCloud Pavilion's inner sect, mansion number one!

Even though there were no official Rules, everyone knew that the ranking of the residence directly reflected the status and strength of the owner. According to the unspoken rules, the number one core residence of the inner sect was usually reserved for the eldest senior brother, the manager of the GreenCloud Pavilion. No one else had the right to have it.

However, Lin Yi's predecessor was an exception. His name was Zhao Sanjin. Although he wasn't the strongest, he was the oldest among all the inner disciples in the Qingyun Pavilion. He was also on good terms with Jia mufan, the eldest senior disciple in charge of the inner sect. He was also very concerned about his reputation, so he did everything he could to get Jia mufan to give him mansion number one.

However, he didn't expect that he would be chased out with just an order from the higher-ups, and to give up his position to a mere inner sect newcomer. Where would he put his face?

However, Zhao Sanjin only managed to grumble for a bit before he shut his mouth after being informed of Lin Yi's background.

He didn't participate in the inner sect competition this time, so he didn't know about it at first. Now that he knew that Lin Yi was Shangguan Tianhua's chosen disciple, he knew that Lin Yi had a high chance of becoming Gongyang Jie, or even Zhang Liju's legendary existence. Who the hell would dare to mess with him?

Although he, Zhao Sanjin, had a lot of experience, he only dared to show off in front of ordinary inner sect disciples. He could only bow to Jia mufan, the eldest senior brother who was in charge of the inner sect, let alone a disciple handpicked by Shangguan Tianhua!

Helplessly, Zhao Sanjin packed his stuff overnight and cleared out mansion number one. He also ordered people to clean it up inside and out so that Lin Yi wouldn't be late.

After walking around the place, Lin Yi and the group couldn't help but exclaim in admiration. Mansion number one was indeed the best place to live in the inner sect-it had a water Pavilion, a fake stone Forest, and everything else.

What was even rarer was that because there were many spiritual jades laid out and formations that gathered the spiritual energy of heaven and earth, the spiritual energy was rich wherever they went, which was really an eye-opener for the poor senior brother and the others.

After the few of them walked around excitedly, the miserable senior brother did not stay for long because he still had things to deal with in the welcoming new pavilion. Xiao ran and the others also followed him and left.

Lin Yi walked them out of the door and was about to turn around when he heard a familiar voice.

"How is it? are you satisfied with mansion number one?" Yu Zhenyang suddenly appeared behind him and asked with a smile.

"Thank you, Pavilion master. I'm very satisfied." Lin Yi nodded with a smile, but his heart was cold. Yu Zhenyang was the weakest Pavilion master, but his strength was still unfathomable. Lin Yi didn't even notice him appearing behind him. He was a master!

"That's good. Other than that, is there anything else you need my help with?" Yu Zhenyang changed the topic and asked. There seemed to be a deep meaning in his eyes.

Lin Yi was speechless. This was the master of the GreenCloud Pavilion, a top-tier boss on the same level as Shangguan Tianhua. Wasn't he being a little too polite to an inner sect newbie like him?

She had asked the same question yesterday, and it was repeated again today. Even if she was fine, did she have to make up something to ask him for help?

"There's nothing else," Lin Yi replied, confused.

Yu Zhenyang paused for a second-Lin Yi didn't seem like he was going to make any more requests, so he coughed dryly and said,"Lin Yi, you've always been in the welcoming new pavilion, so you should know a lot about it. Ever since Lu bianren stepped down, the position of the third Pavilion master has been vacant for a long time. What do you think about this position?"

Yu Zhenyang had brought it up because Shangguan Tianhua had hinted at it. He thought that Lin Yi would remember it, but Lin Yi didn't seem to have any intention of doing so.

What he didn't know was that Shangguan Tianhua and Shangguan LAN 'er had made a bet, and Lin Yi didn't know about it at all. Naturally, he wouldn't think about it in that direction.

"The third Pavilion master of the welcoming new pavilion?" Lin Yi was surprised, "Let me go? Aren't I already an inner core disciple?"

He'd just entered the inner sect, but he knew quite a bit about this. The core disciples were the future main force of the three pavilions, and so their main task, other than practicing, was to go out and gain experience and increase their strength. They rarely did anything outside of that.

Although the position of the third Pavilion master of the welcoming new pavilion was quite high, it was full of complicated Affairs. Under normal circumstances, the position was reserved for the outer disciples. Of course, only the most outstanding outer disciples had the opportunity. Ordinary people could not even dream of it.

"Actually, this won't take up much of your time. You just have to work part-time. You can still stay here usually. If there's anything, just go over." Yu Zhenyang said with a smile.

"This ..." Lin Yi thought about it and declined, "I appreciate Pavilion master's kind intentions, but I still don't want to take up this position. I just want to focus on my cultivation and not be disturbed too much."

"Lin Yi, I'm very pleased that you're so motivated, but the position of the third Pavilion master can't be left empty for too long, or people will gossip about it." Yu Zhenyang pinched his chin as if he was deep in thought, his opinion of Lin Yi rising even higher.

The position of the third Pavilion master was a well-known golden position, and even a lot of the core disciples and some of the managers wanted it. Lin Yi, on the other hand, didn't seem to be affected at all-this level of calmness and calmness was hard to come by.

However, what troubled Yu Zhenyang was that this was Shangguan Tianhua's request. If he didn't give the position to Lin Yi, wouldn't he be breaking his promise to Shangguan Tianhua?

"Pavilion master, although I don't want to take on the role myself, I do have a suitable candidate. You can take a look. Of course, it's just a suggestion." Lin Yi said, seeing the difficulty Yu Zhenyang was in.

"Alright, tell me." Yu Zhenyang nodded. If it was any other time, it wouldn't be a newbie like Lin Yi, but today's situation was special. To a certain extent, the position of the third master belonged to Lin Yi, and he naturally had the right to make suggestions.

Chapter 4218 Professor Yan

"I think senior brother ku le is qualified to be the third Pavilion master of the welcoming new pavilion." Lin Yi said after some thought.

"Bitter happiness?" Yu Zhenyang frowned and thought for a moment before remembering this person. In fact, if he didn't study Lin Yi's background before, he wouldn't even know how to be happy. After all, the difference in their status was too big, and they wouldn't have any interaction normally.

"That's right. He's the current senior brother in charge of the newcomers. He has a lot of experience in the welcoming new pavilion and has always taken good care of me. I hope Pavilion master can consider it. " Lin Yi said, trying to help his poor brother.

The first sentence was just a foreshadowing. The last sentence was the main point. The meaning behind it was a favor.

"It's indeed not bad to be happy after suffering. However, his strength seems to be a little lacking, right?" Yu Zhenyang said with some hesitation. As the pavilion master of the GreenCloud Pavilion, he could make his own decisions on this matter. However, if he couldn't even meet the minimum conditions, it would cause others to criticize him.

"He'll be at the Foundation Stage's great circle very soon. He'll be breaking through to this level soon. I know about this. " Lin Yi said with certainty.

In fact, the miserable senior brother's current strength was only in the middle stage of the foundation building realm. Moreover, his talent could only be considered average. Under normal circumstances, it would take him at least ten years or even decades to break through to the perfected foundation building realm.

But Lin Yi didn't mind-he could help people increase their strength anyway, and it'd only take a couple of hours if they really needed it.

"Then there's no problem," Yu Zhenyang nodded."However, I still have to inform Pavilion master Shangguan about this. After all, this appointment has to go through the elders 'Association. I can't make the decision on my own."

"Alright, thank you, Pavilion master." Lin Yi smiled. He could guess that this was Shangguan Tianhua's idea. He believed that when Shangguan Tianhua heard that it was his idea, he wouldn't stop him.

"En, but if that's the case, then you'll have to pick another person to replace the position of the senior brother of the new manager." Yu Zhenyang changed the topic. Normally, he wouldn't pay attention to such a small position, but he was basically giving Lin Yi the right to make the decision. He might as well be a good person to the end.

"I think Xiao ran isn't bad. Let's choose him." Lin Yi said. He didn't mention Qiao hongcai and Li Zhengming because Qiao hongcai was impulsive and wasn't suitable for a position like this, and Li Zhengming wanted to keep a low profile because of his enemy.

"Alright, Xiao ran it is then. It's decided." Yu Zhenyang nodded. He didn't know who Xiao ran was, but it was enough for him to know that Xiao ran was working for Lin Yi.

"Thank you for your help, Pavilion master." Lin Yi said gratefully.

"Is there anything else?" Yu Zhenyang asked.

"..." Lin Yi was speechless for a while, thinking that the owner was really nice to him. He suddenly thought of Lu bianren. "Pavilion master, do you know where Lu bianren, senior brother Lu, went? He took great care of me before, but I haven't seen him in a long time. "

"Lu bianren?" Yu Zhenyang was stunned. He had an impression of a disciple of this level. He said with uncertainty, "Him? I think he's out on a mission. I didn't pay much attention to him. I'll ask him later and get someone to tell you."

"Alright, then I'll have to trouble Pavilion master. This disciple is extremely grateful." Lin Yi nodded.

"Is there anything else?" Yu Zhenyang continued to ask.

"No..." Lin Yi was completely embarrassed. This guy was one of the top leaders of the three pavilions, and he was being so nice to a new inner disciple like him. It was unexpected.

"Sure. If you need anything in the future, you can come to me directly. I still have something to do today, so I won't be staying here for long." Yu Zhenyang turned around and left.

"Farewell, Pavilion master." Lin Yi saluted. He had to admit that he really enjoyed the feeling of superiority this time. The other party was the pavilion master of the GreenCloud Pavilion! Normal core disciples couldn't even talk to him, let alone this guy who granted all his requests!

Lin Yi didn't think that a simple sentence from Shangguan Tianhua would have such a huge effect.

However, on second thought, Shangguan Tianhua had never publicly said anything about su Zhaohe back then. It was just a rumor on the streets, but he was already so powerful that everyone respected him. He could even secretly contact the law enforcement Hall, let alone Shangguan Tianhua himself.

If Shangguan Tianhua had said that earlier, and not now, Lin Yi would've believed that he'd be in the welcome Pavilion, and all the trouble would've been gone. No one would've dared to mess with him anymore, including lingchong and the others.

Of course, that was just a random thought. Lin Yi wouldn't feel regretful over something like this, and he wouldn't complain about it either. After all, this environment where no one dared to mess with wasn't suitable for him to grow up in!

If he had been in a greenhouse from the very beginning, he probably wouldn't have had such achievements.

But now, after witnessing the instant kill of Xu lingchong in the inner sect competition, these clowns could no longer pose a threat to Lin Yi. Shangguan Tianhua probably also saw that after Lin Yi and Huang xiaotao joined forces, it was hard for golden core stage cultivators to be a match for them, so there was no need for these clowns to come out and cause trouble.

What Lin Yi needed right now was stronger training. There wasn't much point in staying on the North Island anymore-he had to find a chance to leave the North Island for missions, and the benefits he was getting now were just to make sure that his back wouldn't be caught in a fire. He didn't want these clowns to drag him down.

.....

Somewhere in the northern part of the island, in an underground secret room, Xu lingchong lay on the bed, on the verge of death. Meng Tong nervously guarded her side. The mysterious man in Black was also present. In addition, there was another person in the room. It was master Pao, the one who gave Xu lingchong the chrysanthemum Arts.

"Master Pao ... I've let you down ..." Xu lingchong asked Meng Tong to help her up and apologized to master Pao with all her might.

At this moment, although he was on the verge of death, his face was ruddy, which made Meng Tong secretly feel that something was wrong. This was a sign of dying before death.

Master Pao heard him and came over to check him up and down. He concluded, ""It's a serious injury, but it's not completely incurable. It's not a bad thing that Lin Yi beat you up like this. "

"Ah? Master Pao ... You're saying ... I can still be saved?" Xu lingchong's spirit was instantly lifted.

"That's right ..." Master Pao nodded and said, ""Wait a minute, we'll talk when professor Forster comes."

Chapter 4219 Missing Again

A moment later, the mysterious woman pushed the door open and said to the crowd, ""He'll stay. You can all leave. "

Master Pao and the Man in Black nodded and left immediately. Meng Tong had the lowest status, so even though he was worried about Xu lingchong's injury, he did not dare to disobey the mysterious woman's order. He could only follow her out of the room.

The three of them waited outside. No one knew what the mysterious woman was going to do, nor did they know what was going on in the room. After two hours, the mysterious woman finally pushed the door open and came out.

"How is he?" The Man in Black asked hurriedly. Xu lingchong was the assistant he valued. If he was trained well, he could take on great responsibilities in the future. If he died just like that, the loss would not be small.

Master Pao also looked concerned. After all, Xu lingchong was also his disciple. As for Meng Tong, he was no exception.

"I've already injected him with the genes of the fire Wolf war god. Although it's not perfect, it can at least guarantee that he won't die. Not only that, but he will also become stronger than before!" The mysterious woman said indifferently.

"Fire Wolf war god? What's that?" Meng Tong couldn't help but cry out in shock. However, when he saw the cold eyes of the Man in Black and master Pao, he knew that he had made a mistake. With his status, he had no right to know about these things.

"It's nothing. It's just a combination of a spirit beast and a human cultivator!" The mysterious woman didn't blame him and continued, ""Actually, the best fire Wolf war God's modified body is still in the secular world, not on the Sky Class Island. It's just that living people can't be teleported over for the time being. I can only use Xu lingchong to test it out first. From the looks of it, it should be pretty good, but I still have to continue observing for a while."

Although Meng Tong did not understand what she was saying, he was relieved as long as Xu lingchong was fine.

Xu lingchong suddenly disappeared again, and even Meng Tong also mysteriously disappeared. This matter once again caused an uproar in the three pavilions of the North Island. Many people speculated that he had gone out to find someone to treat him. Unfortunately, even Xu Yuanzheng did not know about this at all.

The outside world was in an uproar. Xu Yuanzheng himself was also extremely anxious. However, during this period of time, although Xu lingchong had never told him the specific situation, as a Big Boss of the Council of Elders, he was definitely a man among men. Even if Xu lingchong did not say anything, he could still judge some inside information from the clues that Xu lingchong left behind.

He surmised that Xu lingchong's sudden disappearance, including Meng Tong 's, must have been treated at some mysterious place. The sudden increase in their strength before this should be related to this.

Therefore, even if he was worried and anxious, Xu Yuan Zheng also deliberately suppressed this matter and did not let it continue to blow up. Otherwise, if he was not careful and his grandson was found to have some unspeakable secret, it would be too late for regrets.

Since Xu Yuanzheng, this biological grandfather, had said that it was fine, the other higher-ups of the three great pavilions naturally wouldn't make a mountain out of a molehill. And the law enforcement Hall also didn't pay any attention to this matter from the beginning, and didn't have the slightest movement.

The officials had deliberately eliminated the influence. After all, the rumors on the streets were purely conjectures without any official news to confirm them. After a period of time, they naturally ceased all activities.

Time passed quickly, and Lin Yi had officially become an inner disciple after moving into the core mansion number one.

He had Shangguan Tianhua, the pavilion master of the rising Sky Pavilion, and even Yu Zhenyang, the pavilion master of the GreenCloud Pavilion, would grant all his requests. Even if others were jealous of him, they would at most complain in private, and would never dare to cause trouble for him.

As for Xu lingchong's people, they didn't dare to mess around in front of Lin Yi anymore. Even the powerful Xu lingchong was killed in one move, let alone these underlings. Even if they wanted to die, this wasn't the way to do it!

This way, Lin Yi could cultivate in peace, and Huang xiaotao would move with him into mansion number one. This made the cute girl happy for a long time. Even if they weren't in the same room, they were under the same roof. In a sense, it meant that her relationship with Lin Yi had become even closer.

Apart from their own cultivation, the two of them would occasionally practice the wild fire Eight Trigrams palm together. After all, this was the strongest move they could control besides the alchemy bombs. It was also a powerful trump card for their future enemies.

Other than Huang xiaotao, Shangguan LAN 'er would come over every day as well. In the three pavilions, Lin Yi and Huang xiaotao were her closest friends. If it wasn't for her strict upbringing, she would even want to move in with them, but Shangguan Tianhua wouldn't agree to it.

Other than that, there was the miserable senior, Xiao ran, Qiao hongcai, li Zhengming, and a few others. Although they hadn't completely moved over yet, they would still come over every few days to meet up. It was worth mentioning that Lin Yi had used these few days to raise everyone's strength to the perfected Foundation Stage!

The reason for this was, of course, because of the matter he had discussed with Yu Zhenyang some time ago. If his senior brother's strength wasn't at the perfected Foundation establishment stage, he wouldn't be able to become the third Pavilion master of the welcoming new pavilion even if the higher-ups agreed.

Since he'd already leveled up his poor senior brother, Lin Yi naturally wouldn't leave Xiao ran and the others behind. As long as they could keep this a secret, not only could their strength protect them, but if Lin Yi asked them to do something in the future, they would also be able to do it without being a burden.

Other than that, there was another important reason why Lin Yi dared to increase everyone's strength. After Huang xiaotao's personal verification, one thing was very clear-the same increase in strength, but it was different from the secular world.

In the common world, the spiritual Qi was extremely thin. Those who leveled up after Lin Yi's help couldn't level up on their own anymore, no matter how hard they trained.

But now, the Qi on Sky Class Island was so abundant, especially in the number one mansion where the Qi was a hundred to a thousand times denser than the outside world. They could cultivate normally without any side effects, and Lin Yi could help everyone level up without any worries.

Otherwise, Lin Yi wouldn't have leveled up Xiao ran and the others, except for the miserable senior. It wasn't because of his selfishness, but because they were different from the miserable senior. All three of them were far more talented than ordinary people, and as long as they had the right resources, it wouldn't be difficult for them to level up.

As long as he went with the flow, they'd have a strong foundation and a strong foundation-Lin Yi didn't need to help them.

Chapter 4220 Increasing Strength

However, now that they knew that there would be no side effects, they didn't have to worry about this problem. After all, it wasn't a bad thing to become stronger. As for their Foundation, Xiao ran and the others could make up for it by themselves with their qualifications, so there wouldn't be any hidden dangers.

However, what Lin Yi didn't expect was that Shangguan LAN 'er would come to the number one mansion every day and see the whole situation from beginning to end. She never liked to train, and naturally couldn't help but want to try this kind of great thing that could easily increase one's strength.

In fact, Shangguan LAN 'er had already known about Lin Yi's ability to help people increase their strength when Huang xiaotao's strength skyrocketed. It was just that she wanted to become a master of the Golden core stage at that time, and Lin Yi didn't have the Wandu golden core fruit on hand, so he couldn't do it in one go.

No matter what, Shangguan LAN 'er was one of his most reliable people, and since she'd made a request again, Lin Yi couldn't just ignore it, no matter how difficult it was.

Last time, he had been worried about Shangguan Tianhua's suspicion, but now that he thought about it, although he hadn't had much contact with Shangguan Tianhua, he had always been helping him. Even if he could guess something from the changes in Shangguan LAN 'er's body, it was unlikely that he would harm him.

After thinking it through, Lin Yi didn't reject anymore and nodded, ""Little Senior Sister, it's not that I can't help you increase your strength, but I'll have to take off my clothes in the process ..."

"Ah? You want to take off your clothes?" Shangguan LAN 'er was dumbfounded, and she opened her mouth in disbelief, ""What's the meaning of this?"

Shangguan LAN 'er looked at Lin Yi doubtfully. Without waiting for Lin Yi's reply, she turned to Huang Xiao Tao and asked, ""Senior Sister Xiao Tao, you're also taking off your clothes?"

"Yes, I have to take off my clothes." Huang Xiao Tao nodded.

"Really?" Shangguan LAN 'er still didn't believe him, and after a long while, she said to Lin Yi, "Do I have to become Little Junior's woman in order to share this secret? Alright, Little Junior Brother, if you covet Senior Sister, just say that you covet Senior Sister, and you actually dare to find an excuse to threaten her? You're too evil!"

"Ugh, it's not an excuse, it's what I wanted to do ..." Lin Yi smiled bitterly.

"So, according to what you said, bitter joy, Xiao ran, Qiao hongcai, and Lee Zhengming, the four of them should also take off their clothes?" Shangguan LAN 'er asked, rolling her eyes.

"Yes, they also have to take off their clothes ..." Huang Xiao Tao, who was standing at the side, answered on his behalf.

"Pfft ..." Shangguan LAN 'er suddenly spat out her saliva. She couldn't help shuddering at the thought of a few men sitting together naked. She said with a shocked expression, "Little Junior Brother, your taste is a little off. This won't do! Did you see how loving Xu lingchong and Meng Tong were and suddenly thought of trying something new? Listen to little Senior sister's advice, you can't taste that kind of thing ..."

Shangguan LAN 'er's reaction and exaggerated expression made Lin Yi laugh on the spot. He knew that Shangguan LAN 'er was cute, but he didn't know that this girl had such a funny nature. He laughed so hard that he couldn't catch his breath.

Huang xiaotao, who was standing at the side, was also laughing so hard that she could not stand up straight. She pointed at Shangguan LAN 'er and could not say a word for a long time. As for the other senior brothers, they were holding back their laughter, but their bodies were all trembling. Those who did not know would think that they were collectively cramping up.

The little Curly Bear was just playing alone in the yard. If this big-scissors wielding buffoon were to join in, the two of them would probably be so amused that they could probably act in a comedy.

"What are you guys laughing at? Don't you think this is a serious matter?" Shangguan LAN 'er was still unaware of it, her hands on her hips as she continued to scold Lin Yi, "I have high hopes for you. Little Junior Brother, don't be a bad student. Xu lingchong and Meng Tong, those annoying people, are now being mocked by many people in private. Only his grandfather is still in the dark. Oh, no, his grandfather might have noticed it too, but he doesn't dare to face the truth, so he can only pretend to be deaf!"

The girl was getting more and more off topic, and Lin Yi finally stopped himself from laughing. He explained, "Little Senior Sister, you're really thinking too much about this. The reason why you need to take off your clothes is because your true Qi is growing too fast during the process of increasing your strength, and you can't control it at all. Even if you wear clothes, it will explode, so it's better not to wear them. I really don't have any other intentions."

"Oh, so that's how it is. So I'm really overthinking it?" Shangguan LAN 'er stuck out her tongue in embarrassment, then patted her chest and said, ""Thank God, you're still normal, Little Junior Brother. You scared me to death just now ..."

"We're the ones dying of laughter ..." Lin Yi, Huang xiaotao, and the others couldn't help but laugh.

"Hehe, Alright, alright, I admit that I was wrong!" Shangguan LAN 'er blushed and quickly changed the topic,""Little Junior Brother, stop laughing. Hurry up and help me increase my strength!"

"Little Senior Sister, this is no small matter, have you really thought it through?" Lin Yi blinked. This was a big deal for any girl, even an innocent girl like Shangguan LAN 'er would need to think about it for a while.

"Of course I've thought about it. I'm very serious." Shangguan LAN 'er crinkled her nose adorably, a bold and forthright expression on her face.

"Then ... Alright." Lin Yi shrugged his shoulders. Since Shangguan LAN 'er had already said so, it was inappropriate for a man like him to be so hesitant.

Seeing this, the miserable senior brother, Xiao ran, and the others immediately greeted each other and left. Lin Yi brought Shangguan LAN 'er into the inner room for cultivation, and Huang xiaotao followed with a smile.

As soon as the door closed, Lin Yi adjusted his state of mind and turned to Shangguan LAN 'er,"Little Senior Sister, are you ready? let's start now."

"Ah? So fast?" Shangguan LAN 'er, who had a straightforward face, started to be shy when it was time to take off her clothes, blushing as she said to Lin Yi,"Little Junior Brother, then ... Turn around first ..."

"Alright," he said. Lin Yi turned around immediately, laughing to himself. He couldn't keep up his act just now.

After a while, there was some rustling behind them, and it stopped. Lin Yi asked, "Are you done?"
