

Bodyguard 4221

Chapter 4221 Shangguan Tianhua's Suspicion

"Oh ... Almost ..." Shangguan LAN 'er stammered.

"Just a little bit more?" Lin Yi was stunned for a moment before he heard Huang Xiao Tao beside him, unable to hold back her laughter, "It's not just a little bit, it's just a shawl. You haven't even untied your belt!"

Lin Yi didn't know what to say. This girl might be a happy-go-lucky girl, but she was raised well. She was even more reserved when it came to things like this compared to a shy girl like Huang xiaotao.

"Who said there was only one shawl? sister Xiao Tao, you're lying. My belt is already half undone!" Shangguan LAN 'er argued with a red face.

"All right, all right. But LAN 'er, you'd better hurry up. It's getting late now. If you delay any longer, it'll be dark. If Pavilion master Shangguan is worried about you and comes to find you personally, something will happen!" Huang xiaotao covered her mouth and smiled as she reminded him.

"Ugh ..." Shangguan LAN 'er couldn't help but shiver. This wasn't impossible-Shangguan Tianhua had warned her over and over again not to spend the night at Lin Yi's place. She didn't dare to dawdle any longer, gritting her teeth and gathering her courage, she took off her clothes in no time.

"Okay ... Okay ..." Shangguan LAN 'er's voice trembled as she carefully walked behind Lin Yi, her hands covering the important parts of her body.

Lin Yi turned around and saw the shy Shangguan LAN 'er, her body clean and bright. Even with his many beautiful women, he couldn't help but be completely stunned.

Each of the women had their own merits and were the best in the world, but Shangguan LAN 'er could only be described as a Green Lotus.

Lin Yi had known Shangguan LAN 'er for quite some time now, and he knew that this girl's beauty was unparalleled. It was just that she was always happy-go-lucky and carefree, so Lin Yi subconsciously ignored this point. Now that he suddenly saw this scene, it was no wonder he was stunned.

In fact, let alone a man like Lin Yi, even Huang xiaotao couldn't help but feel pity for the innocent Shangguan LAN 'er, especially with the natural temptation of her innocence. It was simply tempting, and she couldn't move her eyes away.

"Can we start now?" Shangguan LAN 'er blushed and said weakly. She didn't just feel shy when Lin Yi was looking at her body like that, but she also felt a strange sense of excitement.

"Okay ..." Lin Yi swallowed with difficulty and forced his eyes away from Shangguan LAN 'er. He took a deep breath to calm himself down before starting to increase her strength.

Two hours later, Shangguan LAN 'er's strength had successfully reached the peak of the Foundation Stage. Even when Lin Yi took back her hands from her wrists, she was still blushing, not daring to look up at him.

At this moment, due to the Qi baptism, Shangguan LAN 'er's whole body was covered in sweat, making the already smooth and seductive scene even more irresistible. Even Lin Yi, who always had a high level of self-control, couldn't hold it in anymore. If it wasn't for Huang xiaotao's presence, it was possible that he would have eaten Shangguan LAN' er, who was still trying to resist, just like that.

"A-are you done?" Shangguan LAN 'er's long eyelashes trembled, and she opened her eyes shyly.

"That's enough. Little Senior Sister, put on your clothes. " Lin Yi forced himself to calm down as he looked away from her.

If he was not mistaken, it should be dark outside by now. If this little girl did not hurry back, perhaps Shangguan Tianhua, the pavilion master of the rising Sky Pavilion, would really come to visit. It would not only bring light to his humble dwelling, but also a storm if he knew what had happened today. After all, she was his only precious granddaughter.

"Oh." Shangguan LAN 'er answered obediently, and could not help but feel relieved. However, it was accompanied by a trace of inexplicable disappointment. Even she could not understand why she would have such a feeling.

Huang xiaotao had already prepared a towel and hot water. After wiping Shangguan LAN 'er's body, she helped her put on her clothes. Lin Yi, on the other hand, reminded her, "Little Senior Sister, you must keep today's matter a secret. Even your grandfather can't tell you."

"I know, this Senior Sister is very tight-lipped, Little Junior Brother, you can rest assured!" As soon as she put on her clothes, Shangguan LAN 'er immediately regained her energy, which made Lin Yi and Huang Xiao Tao laugh.

When she bade Lin Yi and Xiaobo goodbye and returned to the rising sky Pavillion with the little Curly Bear, the sky was already dark. Shangguan Tianhua was practicing calligraphy in the study, waiting for her to come home.

As expected, when he looked at his precious granddaughter, Shangguan Tianhua, the Super big Shot who would not return no matter what, he was shocked.

"Little LAN 'er, what's wrong with you?" Shangguan Tianhua did not even bother to write. He put down his brush and looked at Shangguan LAN 'er up and down, asking nervously.

"I just came back from Little Junior brother's place. I didn't spend the night at his place. Grandpa, why are you so nervous?" Shangguan LAN 'er blinked her eyes and said. She had wanted to live with Huang xiaotao before, but Shangguan Tianhua had refused to let her, so she had to give up.

"Uh, that's not what Grandpa was talking about." Shangguan Tianhua could not help but choke at his adorable granddaughter's words. He laughed bitterly and said, ""I'm talking about your strength. How did you suddenly soar to the perfected Foundation establishment realm?"

"Oh, this, I ate a lot of Foundation Stage golden cores at Little Junior brother's place, so my strength naturally improved, hehe!" Shangguan LAN 'er rolled her eyes and said.

"Eating Foundation-building golden cores?" Shangguan Tianhua was speechless. He shook his head, not knowing whether to laugh or cry. His precious granddaughter had deceived him like he was a child. Just by eating some Foundation establishment golden elixir, she could directly advance from the middle stage to the perfected Foundation establishment stage. If it was so easy to get a Foundation establishment golden elixir, then wouldn't all the cultivators in the world who had been training hard in seclusion go crazy?

"That's right, Little Junior Brother is an alchemy master, he can make a lot of pills. " Shangguan LAN 'er thought that she had made up a good lie, so she stuck out her tongue adorably and continued to cover it up.

"Alright then, but little LAN 'er, you still have to cultivate well and lay a good foundation. Otherwise, you'll become a useless person with no strength." Shangguan Tianhua nodded helplessly.

Although he was extremely suspicious, he didn't want to get to the bottom of it. He believed that Lin Yi wouldn't harm his granddaughter, not to mention that he'd already checked Shangguan LAN 'er from head to toe. Other than the increase in strength, there was nothing wrong with her, and he could finally rest assured.

Chapter 4222 The Position Of The Third Pavilion Master

"Oh, Oh, I know!" Shangguan LAN 'er thought that she'd managed to get away with it, her face full of excitement. Little did she know that Shangguan Tianhua was only turning a blind eye to it because he trusted Lin Yi.

Just as Shangguan LAN 'er was busy fooling her Grandpa, the pavilion master Yu Zhenyang descended into Lin Yi's mansion once more and activated the restriction.

"Greetings, Pavilion master." Lin Yi quickly came out to welcome him. He knew that with the pavilion master's strength, it would be a piece of cake for him to cross the restriction and enter without making a sound. The other party was only waiting outside out of courtesy.

"No need to be so polite. The appointment has already been announced. After much difficulty, he will be promoted to the third Pavilion master of the welcoming new pavilion. Xiao ran will be promoted to the

senior brother of the GreenCloud Pavilion's new manager. This news will be officially announced tomorrow." Yu Zhenyang said with a smile.

"That's great. Thank you for your help, Pavilion master. " Lin Yi was overjoyed. These two positions were great opportunities for both the poor guy and Xiao ran. As long as they could develop normally, they would have a bright future.

"Haha, that's what I should do. There's one more thing. There's been news from Lu bianren." Yu Zhenyang laughed, then his expression turned serious."He did go on a mission during this period of time. The mission location is at the crescent sea near the southern island. However, the people who went on the mission with him have all returned. There is no news of him, no news at all."

"Pavilion master, are you saying that only senior brother Lu has left the group?" Lin Yi's heart tightened- his intuition told him that something really did happen to Lu bianren.

"That's right. The other people who came back don't know his whereabouts or where he went. They only said that they went their separate ways during the mission." Yu Zhenyang nodded.

"Why did you part ways halfway?" Lin Yi frowned and asked,"Pavilion master, do you know what mission senior brother Lu is on this time?"

"The mission itself doesn't really matter, Lin Yi. I can tell you for sure that Lu bianren split up with the others to find vice leader Yao." Yu Zhenyang concluded.

"Vice Pavilion leader Yao?" Lin Yi blinked again. He was on good terms with Lu bianren, but he'd never mentioned anything about vice Pavilion leader Yao, not even his poor Shixiong.

"That's right. I don't treat you as an outsider, so I won't say anything to you. This Deputy Pavilion leader Yao has always been Lu bianren's greatest backer." "A few years ago, Deputy Pavilion leader Yao led a team out on a mission. After that, there was no news from them. Not a single one of them returned. The last place they received news from was in this Yingluo sea. Hence, Lu bianren went there specially to find Deputy Pavilion leader Yao. The mission was just a cover. After he went there, he naturally separated from the main team."

"I see." Lin Yi nodded, deep in thought. He'd heard the guy mention it before, but he only said that their backer was out on a mission and hadn't been back for a few years. He didn't go into any details.

From the looks of it, Lu bianren had most likely gone to look for someone. He was previously the third Pavilion master of the welcoming Pavilion, and although he had been ostracized, he still held an important position and couldn't go out to carry out missions. After stepping down, he became the second senior brother of the outer sect manager of the GreenCloud Pavilion. Even if his position only rose and didn't fall, there were many fewer restrictions. Even if he disappeared for a period of time, it wouldn't matter.

"But, even if they split up at the start, after the mission is over, don't tell me those people didn't wait for senior brother Lu and just returned on their own? Isn't this a little unreasonable?" Lin Yi asked.

"On the surface, he'll definitely wait, but that's just for show. In reality, although Lu bianren can be considered a genius disciple and his life has always been smooth-sailing, because of his personality, after the disappearance of his backer, Deputy Pavilion leader Yao, he's actually not doing well." Yu Zhenyang sighed.

Unlike his poor senior brother, who was a disciple with average talent, Lu bianren had also shone brightly for a while in the GreenCloud Pavilion, which had always lacked talent. Otherwise, he would not have left such an impression in the heart of the pavilion master. Unfortunately, because of the

disappearance of Deputy Pavilion master Yao, Lu bianren was like an eagle with a broken wing, unknown to the world, and lost to the masses.

"I know that senior brother Lu's life in the welcoming new pavilion wasn't going well. But wasn't he promoted to the second senior brother of the GreenCloud Pavilion's outer sect manager?" Lin Yi couldn't help but ask.

"Hehe, in terms of position alone, this is indeed a promotion. But first, he has no backing, and second, he's not smart enough. This position of the outer sect's second senior brother, he's actually not stable at all. As far as I know, after he took office, he didn't have any substantial control of power, and was directly suspended by the outer sect's first senior brother." Yu Zhenyang said regretfully.

"Is that so ..." Lin Yi had warned Lu bianren to be careful of this situation before he was appointed, so he didn't look surprised. "However, this situation isn't a good thing for the long-term development of the GreenCloud Pavilion. Don't tell me the higher-ups aren't going to interfere at all?"

"That's right, but the higher-ups don't interfere with the competition between the lower-level disciples. This has been a long-standing agreement. No one will rashly break this rule. After all, this is also a reflection of one's own ability. " Yu Zhenyang shook his head.

"I understand. Thank you for telling me, Pavilion master." Lin Yi didn't dwell on the matter and nodded in thanks.

"It's nothing. It's just a small matter," Yu Zhenyang said with a smile.

After sending Yu Zhenyang off, Lin Yi went to the welcome Pavilion to find the miserable senior brother and tell him about it. After all, the miserable senior brother was closer to Lu bianren.

"Al, first it was Deputy Pavilion leader Yao, and now it's senior brother Lu. I can't help at all. What should I do?" After hearing this, the bitter senior brother couldn't help but sigh.

"There's no other way. We can only wait and see. Let's hope that they're lucky. " Lin Yi said helplessly. He knew the cause, but there was no news from him. Even if he wanted to help, it was useless.

"In the end, it's all my fault for being too useless. If I was a little stronger, I could have gone with senior brother Lu. Then, we could have looked out for each other. It's better than standing by and watching now, sigh ..." The miserable senior brother said with regret and self-blame.

"Senior brother ku, you don't have to blame yourself. Although I've never met Deputy Pavilion leader Yao, I know senior brother Lu. He's not an ordinary person. It's not that simple for an accident to happen. Perhaps there's something else." Lin Yi consoled before changing the topic."Oh, that's right. Besides this, I have another piece of good news for you. The position of the welcoming new pavilion's third Pavilion master has been confirmed to fall on your head. So, you must be mentally prepared tomorrow."

Chapter 4223 Disciple's Mission

"Really?" The miserable senior brother was instantly startled, and his entire body froze. This was something he had never dared to dream of. Being able to become the eldest senior brother of the new manager of the GreenCloud Pavilion was already enough to satisfy him. When had he ever dreamed of becoming the third Pavilion master of the welcoming new pavilion?

This was a publicly acknowledged gold-plated position, and only the most outstanding genius disciples had the opportunity to get a share!

"Pavilion master Yu said it himself. Senior brother ku, do you think it's true? Otherwise, why do you think I suddenly wanted to increase your strength a few days ago? wasn't it to prepare for this?" Lin Yi chuckled.

"Lin ... Junior Brother Lin ... What do you want me to say ... I ..." The miserable senior brother was so emotional that he couldn't even speak properly now. He held Lin Yi's arm tightly and stammered, unable to say a single word for a long time.

If he didn't know Lin Yi, and vice leader Yao and Lu bianren's backings disappeared one after another, he would've been in a terrible situation already. How could he have such a huge pie fall into his head?

All of this was thanks to Lin Yi!

"What's there to say? if we don't take care of our own people, do we have to give this to outsiders?" Lin Yi patted the poor guy's shoulder and smiled.

"That's true, but ..." The miserable senior brother was still so grateful that he couldn't speak.

"No buts. Senior brother ku, do your best. I don't think I will be staying in the North Island Pavilion often in the future. When that time comes, Xiao ran and the others will have to rely on you to take care of them. Don't let them get bullied." Lin Yi interrupted.

"Yes, I know that. Even if you didn't ask me to do it, I would have done it." The miserable senior brother nodded heavily.

"Then that's it. Prepare well tonight and wait for tomorrow's glorious appointment." Lin Yi laughed and didn't stay for long.

The next day, the news of him becoming the new third Pavilion master of the welcoming new pavilion quickly spread throughout the three great pavilions. In particular, the entire GreenCloud Pavilion was discussing this matter.

The position of the welcoming new pavilion's third Pavilion master had been vacant for a long time. This was a big piece of fat meat. Many powerful people had been eyeing it covetously. However, no one had expected that it would fall into the hands of such an unknown person like bitter joy. It was simply a big surprise.

However, when everyone heard that this bitter joy was a loyal supporter of Lin Yi, they didn't find it strange anymore. With Lin Yi's position in the three pavilions, it was like the sun in the sky. It wasn't strange at all for him to help bitter joy get this position.

At the same time, Xiao ran took over bitter Joy's original position and became the senior disciple of the new manager of the GreenCloud Pavilion. This didn't attract too much attention. After all, it was just a small matter, and it was far less impressive than the position of the third Pavilion master.

However, on the same day, there was another piece of news that caught everyone's attention. Young master Xu lingchong, who was defeated by Lin Yi in one move and went missing, was finally back!

However, perhaps it was because he had lost too much face in the previous matches, but this time, although he had fully recovered from his injuries, his return was not as high-profile as the last time. He returned to the soaring Pavilion almost quietly, and did not cause any commotion after that.

He'd been determined to get the inner hall manager, but now he gave up. After all, even if he was strong, he'd already become Lin Yi's stepping stone-it was obvious.

Even if he had Xu Yuanzheng, his biological grandfather, running around for him, it would still be impossible for him to take such a vital position as the inner sect steward second Shixiong. Moreover, even if he could take it, he would not be able to convince the public.

It was rare for Xu lingchong to be so low-key, and Lin Yi didn't bother to find trouble with him after hearing the news. He continued to live his peaceful life in the number one mansion of the Qingyun Pavilion.

Two days later, as the new outer sect official disciples of the three great pavilions had gradually adapted to the new environment and pace, the three great pavilions finally released the official disciple missions for the new year.

There were two main tasks. One was the weapon task. Every new official disciple, including Lin Yi, who became a core disciple in one step, had to find a way to make a weapon for themselves. According to the tradition of the three pavilions, there would be a weapon competition in the middle of the year, and all disciples could sign up. Of course, those who didn't have a weapon naturally didn't have the right.

In addition to the weapon mission, the other mission was a trial mission. Every official disciple of the three pavilions could take on a mission here. As long as they completed the mission, they would be able to obtain the corresponding guild points. These points could be accumulated and exchanged for the corresponding rewards at the North Island cultivators Guild.

In principle, these missions were all done by the disciples of their own free will. However, the three great pavilions had set a bottom line, which was that every official disciple, including the inner core disciples, must complete at least two trial missions every year. This was the most basic requirement for experiential learning, and not even the slightest bit of laziness was allowed.

Even for a young master like Xu lingchong who had a deep background, he was now an inner sect core disciple. If he wanted to live a good life, he had to go on missions. No one else was allowed to help him do it.

Of course, with his grandfather Xu Yuan Zheng there, no matter what, he wouldn't lack cultivation resources. However, how could an ambitious person like him be willing to waste his time and only be an ordinary disciple?

Even if he couldn't compete for the position of the second brother in charge of the inner sect because of the tragic outcome of the inner sect competition, it was only a temporary thing. He would definitely be promoted in the future. In order to avoid being criticized by others, he must start from this basic link and try his best to perform as well as possible.

Of course, it would be a different story if it was a second generation cultivator who was not motivated at all. For example, Shangguan LAN 'er was not in the mood to cultivate at all. As for the trial mission, it was purely based on her own happiness. Even if she did not go, no one would say anything about her.

Lin Yi and Huang xiaotao, naturally, were going to do missions. The two of them went to the mission list set up by the three pavilions and scanned it up and down.

There were more than a hundred trial missions of various sizes on it. There were individual missions of lower difficulty, and there were also group missions of higher difficulty. It was only possible to complete them if many people worked together.

However, one thing was for sure. Whether it was a single-person mission or a group mission, these were all transferred from the cultivators Association on the North Island. Therefore, some of the long-term missions were quite familiar.

At this moment, there was already a sea of people in front of the mission Board. There were many disciples from the three pavilions gathered!

Chapter 4224 Yu Luo Sea Area

As far as the eye could see, there were quite a few core inner sect disciples he'd seen in the inner sect competition, but there were a lot more outer sect disciples. Lin Yi also saw some old acquaintances from the welcome Pavilion, like Dongfang Badao and Murong Zhen.

When these people saw Lin Yi, they couldn't help but show respect. Wherever Lin Yi and Huang Xiaotao passed, everyone consciously made way for them, not daring to offend them in the slightest.

Things were different now-no matter how much attention Lin Yi was getting back then, he'd only been in the welcoming Pavilion's range, and they'd be able to talk about him or even mock him if they didn't like him ... But things were different now.

Because of Shangguan Tianhua's words, Lin Yi was in a completely different world from them now. Facing Lin Yi was like facing Gongyang Jie, who had appeared out of nowhere. They could only look up to him, but they didn't dare to show any disrespect.

They weren't stupid. They knew that in the face of the absolute gap, any self-righteous thoughts would be foolish and would only bring disaster to themselves. There would be no benefits.

The rest of the people, especially those who'd gone against Lin Yi in the past, all kept a respectful distance from him. There was one exception-he didn't back off or avoid Lin Yi, but took the initiative to rub his body against Lin Yi's, pretending to be careless. That was Murong Zhen.

"Lin Yi senior, long time no see, I missed you so much." Murong Zhen greeted Lin Yi coyly. Strength was everything in the world of practicing, and it wasn't out of place for her to call Lin Yi "senior."

Huang Xiaotao subconsciously hugged Lin Yi's arm tightly when she saw the woman seducing Lin Yi. She had regained her looks and confidence long ago. Of course, she wouldn't lose to a B * tch like Murong Zhen. She also had confidence in Lin Yi's self-control, but subconsciously, she didn't want Lin Yi to have any contact with this woman with a bad reputation.

Lin Yi smiled and patted Huang Xiaotao's hand, telling her not to worry. He then turned to look at Murong Zhen and said, "With The Grudge between you and me, isn't it a little strange to use the word 'miss'?"

"Aiya, senior Lin Yi, you're a big man. I was blind before and offended you. I'm here to apologize, please don't take it to heart." Murong Zhen said nervously.

"Don't play any tricks. If you have something to say, just say it. I don't have time for you to beat around the bush." Lin Yi said faintly as he looked at the board.

"Um ... Lin Yi-Shixiong, do you think I can keep my position as a new manager for a while? Don't worry, I'll do my best to assist Pavilion master ku and senior brother Xiao. I won't dare to have any other thoughts. " Murong Zhen asked carefully.

Now, although Xu lingchong had returned, she was low-key and did not meet anyone. Furthermore, she had never been interested in her. Her only backer, si tsunami, had no influence on the three pavilions. Her current situation was not very good.

She'd been forced to become the 3rd Pavilion master, and Xiao ran had become the first senior. It could be said that the GreenCloud Pavilion's influence in the pavilion was now completely under Lin Yi's control. She was only the second senior, and she'd been completely suppressed by Xiao ran. No matter how much she'd planned, she wouldn't be able to fight back.

Whether or not she could keep her position was entirely up to Lin Yi's mood. If Lin Yi didn't like her and wanted her, he could just say the word and she wouldn't be able to do anything.

"I'm no longer in the welcoming new pavilion, and I won't interfere with the matters of the welcoming new pavilion. I'll give you these words: you're on your own. " Lin Yi replied.

"Yes, yes, thank you for your magnanimity, senior brother Lin Yi. I'll remember this." Murong Zhen was overjoyed and quickly left after thanking Lin Yi. He'd be in trouble if he annoyed Lin Yi.

No matter what, she was still Xu lingchong's subordinate-if rumors were to spread and Xu lingchong found out that she was trying to get on Lin Yi's good side, it'd be a big problem.

Looking at Murong Zhen's back as he left in a hurry, Lin Yi's mouth curved up slightly. With Xiao ran and her miserable senior brother in control, her position as the new manager was no longer important. She couldn't do anything at all, and it didn't matter if she was removed or not.

Of course, Lin Yi knew that with this woman's personality, she wouldn't be so tactful forever even if she were to endure it for now. She'd stir up a storm one day, but it wasn't a bad thing for Xiao ran to have someone like her watching him like a tiger watching its prey.

Xiao ran was good in every way, but his personality was too mild. The existence of Murong could stimulate his fighting spirit, make him stay alert at all times, and make him not dare to slack off. This could be considered as making the best use of him.

After sending Murong Zhen away, Lin Yi continued to look at the many missions on the list. After a while, his eyes focused on a trial mission at the edge of the list.

The reason why this mission caught Lin Yi's attention was because the location was the Yu Luo sea near the southern island!

Lin Yi didn't know any vice Pavilion master Yao, but he was very concerned about Lu bianren's disappearance. He couldn't help before even if he wanted to, but now, he could use this trial mission as an opportunity to find Lu bianren. It was a good idea, killing two birds with one stone.

Lin Yi took a closer look at the mission details and realized that it was an arrest mission, and it wasn't easy!

The target, Wu Bao Liang, was at the peak of the late golden core stage. He was a famous evil cultivator on the North Island, who specialized in drinking the blood essence of virgin girls for cultivation. The North Island and most of the cultivator tribes nearby had left footprints of this man's crimes. The law enforcement Hall roughly counted that there were as many as 300 women who had been killed by this man, and this was not a Complete Count. There were many missing women who were also likely to have been killed by this man, but no one had linked them to him at that time.

This series of cases had caused a sensation in the North Island. Due to the boiling public resentment, even the higher-ups of the three pavilions were alarmed. After the law enforcement Hall intervened in the investigation, they finally locked the target on the evil cultivator, Wu Bao Liang.

Unfortunately, when the experts of the law enforcement Hall were about to take action, this person escaped from the North Island immediately after hearing the news. Since then, he had never appeared in the North Island's territory and had been on the run.

According to the usual practice, the law enforcement Hall of the three great pavilions only hunted down people on the northern part of the island. Although there had been cases of people being hunted down to the ends of the earth, they were extremely rare. Only those special criminals who threatened the safety of the three great pavilions would enjoy such special treatment.

Chapter 4225 Preparing For Departure

Under normal circumstances, the law enforcement Hall wouldn't completely ignore a wanted criminal once he escaped the North Island's territory, but they would at most contact the law enforcement forces of the other Sky Class islands. If the wanted criminal wasn't caught within a short period of time, it would become a trial mission, and many disciples of the three pavilions would go to catch him. Of course, the prerequisite was that he had to be strong enough.

In addition to putting up the trial mission, the law enforcement Hall would also provide some corresponding clues and information. For example, the most recent witness report of this Wu Bao Liang was in the Yu arc Sea area.

"It's just nice that there are one or two people on the mission. " Lin Yi nodded. He wanted to take on this mission. After all, Lu bianren treated him pretty well back then, and now that he had this opportunity, he had to try it out, whether or not he could find Lu bianren.

Huang xiaotao naturally didn't have any objections. As long as she could be with Lin Yi, she would let Lin Yi decide on everything else. She didn't really care what mission they were going to do.

Lin Yi nodded. Without hesitating, he brought Huang xiaotao to Jia mufan, the Senior Manager of the inner hall, to receive the mission.

Accepting a trial mission was not a small matter. If the outer sect disciples wanted to find the outer sect's eldest senior brother, the inner sect disciples would naturally have to find the inner sect's eldest senior brother. At this time, Jia mufan was working not far away, surrounded by several inner sect disciples of the GreenCloud Pavilion who were also preparing to accept a mission.

"Junior Brother Lin, Junior Sister Huang, long time no see. How have you been?" Jia mufan immediately recognized Lin Yi and Lin Yi from the crowd and greeted them with a smile.

He'd seen it with his own eyes during the inner sect competition-even if he was the first senior brother in charge of the inner sect, the number one core disciple in the sect, he didn't dare put on any airs in front of Lin Yi.

Putting aside the fact that Lin Yi was the new disciple King of the inner sect-both his strength and potential couldn't be underestimated, the key was his identity as Shangguan Tianhua's personal disciple. He was about to be the next Gongyang Jie, and even the master of the Qingyun Pavilion, Yu Zhenyang, had to be nice to him, let alone a Senior Manager of the inner sect.

One shouldn't be fooled by the glory of the position. The higher the position, the harder it was to sit firmly in it. Not only did one need strong strength and influence, but one also needed good judgment. If he accidentally offended someone with a powerful background like Lin Yi, Jia mufan's position as the head of the inner sect would probably be over.

"Senior brother Jia, how have you been?" Lin Yi and Huang xiaotao returned the gesture. If people gave him one foot, he would return the favor ten feet. Lin Yi wasn't a rude person. Even if he didn't have a deep relationship with people like Jia mufan, he had to at least maintain a good relationship on the surface so that it would be more convenient for him to do things in the future.

Seeing Jia mufan and Lin Yi greet each other, the other inner disciples who were gathering on the side all moved to the side. They were high and mighty inner core disciples, but they couldn't be compared to Lin Yi and Jia mufan. They could only move to the side for now.

In fact, even if they didn't, Jia mufan wouldn't care. It was obvious who was more important between these people and Lin Yi.

"Junior Brother Lin and Junior Sister Huang, are you preparing to receive a mission?" Jia mufan's face was full of joy. At this occasion and time, his intention was obvious at a glance.

"That's right. Senior brother Jia, please report that the trial mission we are going to accept is to capture Wu baoliang." Lin Yi said.

"Capture Wu Bao Liang? Junior Brother Lin, are you sure you want to accept this mission?" Jia mufan froze, and the surrounding inner core disciples were also in an uproar, looking at Lin Yi with even more surprise.

They were all waiting to accept the mission, but none of them were willing to accept the mission. They didn't even consider it from the beginning!

In fact, the mission to capture Wu Bao Liang had been on the mission Board for several years, but it had never disappeared. The only change was the location where Wu Bao Liang was most active! There was no other reason than the fact that most disciples were not willing to accept it.

In everyone's eyes, this kind of pursuit mission was absolutely strenuous and unrewarding. Not to mention that these traitors were all powerful people, just looking for them would take a lot of time and energy, even with official information. It would be difficult to find them in the end, not to mention that they would have to fight with their lives afterward!

Rather than taking such a huge risk and paying such a huge price to hunt down such a vicious person, it would be better to use this time to search for natural treasures. If they were lucky and found some heaven-defying treasure, it was not impossible for them to rise to the heavens in a single step. Even if they were unlucky, they would at most return empty-handed, not to the extent of easily throwing away their lives.

There were so many low-risk and high-return missions, but he didn't choose them. Instead, he wanted to capture Wu Bao Liang, who killed without blinking. Was he crazy?

However, as surprised as they were, they didn't dare to mock Lin Yi in front of him. They thought about it-maybe Lin Yi wanted to show off his strength, and that was why he chose such a difficult mission!

After all, Lin Yi's strength was obvious in the previous inner sect competition, especially when he teamed up with Huang xiaotao. No matter who they met, they could kill them in one move. They could be said to be invincible in the Golden core stage. Although Wu baoliang was a peak late golden core stage master, he would still suffer if he met these two.

"That's right. Sorry to trouble you, senior brother Jia. " Lin Yi saw the expressions on everyone's faces and smiled faintly.

"Alright, since Junior Brother Lin and Junior Sister Huang have already made up their minds, I won't say anything more. I'll report to you now. I wish you success." Jia mufan said with a smile.

"Thank you. Goodbye." Lin Yi and Huang xiaotao cupped their hands and left to prepare for the mission.

Although they were invincible against golden core cultivators when working together, Lin Yi and Huang xiaotao were only at early golden core stage. They didn't have the power to do whatever they wanted when they went out, so they had to be prepared in case they were caught off guard.

In addition to preparing some items that might be useful in the mission, the two of them also had to say goodbye to everyone. After all, they didn't know how long they would be gone, so they didn't want everyone to worry.

Other than Shangguan LAN 'er, the miserable senior brother, Xiao ran, and the others, Lin Yi even went to talk to the king of junk, who was still at his post. The only one left was his old friend Hong Zhong.

Chapter 4226 The Vast Ocean

"You're going to the southern island?" Hearing the news from Lin Yi's mouth, Hong Zhong paused and quickly reminded, ""The southern island is the base camp of the spirit beast clan and has always rejected humans. If it's not necessary, I'd advise you not to go."

"Manager Hong, you misunderstand. I'm not going to the southern island, I'm only going to the Ming arc sea near the southern island." Lin Yi explained with a smile.

"Oh, that's not a problem. In addition to the southern island, there are many human cultivators living on the surrounding islands." Hong Zhong heaved a sigh of relief. He thought for a while and said, "The Yingluo Sea area is a place where Dragons and snakes mix together. It is said that it is very chaotic. However, it just so happens that there is a branch of our Hong Chamber of Commerce there. The shopkeeper is called Wei Zhaotong. He is also an old friend that I have made friends with for many years. After you go there, you can reveal your identity. If there is anything that you need his help with, just let me know."

"Wei Zhaotong? I'll remember that. Thank You Manager Hong. " Lin Yi smiled faintly-this scene was a bit familiar. Before he set off for hucai tianwu mountain, hongzhong also told him the same thing, but it was Cai Zhongyang who was introduced then, and Wei Zhaotong this time.

Now that he thought about it, Lin Yi was only able to leave the middle Island unscathed and obtain so Much thanks to Hong Zhong's warning. Otherwise, he wouldn't even be able to find a place to stand outside the middle Island. He would've been wanted by the snow sword sect long ago, and it was unknown if he would still be alive.

Lin Yi couldn't help but smile at the thought. He didn't know what would happen in the same situation.

"Hey, there's no need to thank me. Even if you don't have my relationship with him, this is also Wei Zhaotong's duty. Don't tell me you've forgotten, you're now the honorary Vice President of our Hong Chamber of Commerce!" Hong Zhong couldn't help but laugh.

"Hehe, isn't this still a secret? without your higher-ups' public announcement, he might not even recognize me as the honorary Vice President. The old friendship between you two is more reliable." Lin Yi said, shaking his head.

"Speaking of which, I haven't seen him for a few years. I don't know what situation he is in now. But if anything happens, young hero Lin, you can just reveal your identity as the honorary Vice President. Even if someone suspects you, with the Hong Chamber of Commerce's internal information channels, you can quickly find the Nakajima headquarters to confirm it. Don't underestimate this identity. In a small branch like the Yu arc Sea area, no one in the branch will dare to disobey you." Otherwise, it's the same as betrayal, and the punishment is very heavy. " Hong Zhong carefully warned.

"Alright, I got it." Lin Yi nodded.

Although it was said that a strong Dragon can not suppress a snake in its own territory, he and Huang Xiao Tao were going to the crescent Sea area. They were unfamiliar with the people and the place. If even the Hong Chamber of Commerce branch there did not cooperate with him, it would indeed become very troublesome. If he really had no choice, he could only use his power to suppress them.

After saying goodbye to Hong Zhong, everything was ready. Lin Yi and Huang Xiao Tao immediately set off for the Yu arc Sea area.

As Huang Xiao Tao's spiritual bird was an excellent flying spiritual beast, the two of them naturally did not need to waste any more effort. Two people and one bird could set off directly.

From the three pavilions of the North Island to the crescent Sea area, the distance was almost across the entire map of the Sky Class Island. The journey was not short. Even if a flying spirit beast travelled day and night, it would take at least ten days. If they encountered any accidents or dangers along the way, it would be even more difficult.

Fortunately, Huang xiaotao's Spirit Bird was excellent in all other aspects except for its low offensive power. Not only was it fast, it could fly steadily, it was alert, and most importantly, it had super physical strength. These were all very rare for a pure flying spirit beast.

Plus, the route Lin Yi had chosen at the start was along the coast-it was quite safe, and so the first few days were calm and peaceful.

But next, they had to cross the vast sea. This was something that could not be helped. If they kept walking along the ground, although it was not impossible to reach the South Island, they would have to go all the way to the middle Island, and then from the middle Island to the South Island. The time spent in this process would not be ten days. Twenty days or even a month might not be enough.

It was such a long journey, and they had to carry two people on their back. Not to mention Huang Xiao Tao's spiritual bird, even the best flying spiritual beast would not be able to keep an eye on them. Not to mention, the control around the middle Island was strict. Unless the signs of those major forces were hung, they were not allowed to take off, let alone cross. The troubles involved were not small.

Of course, it would be a different story if Lin Yi was riding on the special mount of the central island's Pavilion back in the Tianxing path. Unfortunately, this wasn't the Mount he was on.

"It's fine. As long as we're vigilant enough, we can avoid any danger in advance. There's no need to worry too much." Lin Yi looked at Huang xiaotao and saw her nervous expression. He smiled and comforted her.

"Yes, I'm not afraid as long as you're here." Huang xiaotao nodded obediently.

In fact, she was no stranger to trial missions. In the past few years, she had been wandering around the North Island cultivators Association when she had nothing to do. However, she rarely left the North Island. Even if she did leave the island, she would at most go to places like tianwu mountain and would not go too far away.

But this time, not only did she have to cross the entire Sky Class Island from north to south, but she also had to cross the vast sea. This was the first time in her life, and she had heard all kinds of dangers and rumors about crossing the sea in the past. It would be a lie if she said she wasn't nervous at all.

But even so, sitting next to Lin Yi made her feel at ease, and the fear in her heart disappeared.

"Crossing the ocean, the most dangerous things are not the sea beasts below or the birds in the sky, but the cultivators and the sea fog." Lin Yi let Huang xiaotao lean on Him as he explained to make her feel at ease, "Although the Jianghu is dangerous, as long as human cultivators are careful and don't get close to them, there won't be too much of a problem. As for the sea fog, it's the most fatal problem. Fortunately, we've made preparations in advance, so there's no need to worry too much."

The sea was vast and boundless. Once it was covered by the sea fog, the visibility was often only a hundred feet. Not only was it difficult to guard against all kinds of potential threats, but it was also easy to lose one's direction. Once lost in this place, it was really not far from death. Many cultivators who came out to do missions actually died under the sea fog.

Chapter 4227 What's His Background?

In the area covered by the sea fog, the route map was no longer useful, because even if there were signs that could assist in judgment, they couldn't be seen in the sea fog at all. The only thing they could rely on was the compass.

To avoid any accidents, Lin Yi prepared two specially made Sky Class Island compasses-one for him and one for Huang xiaotao, just in case.

With the compass, no matter how thick the sea fog was, they didn't have to worry about getting lost. As long as they didn't go in the wrong direction and were careful, they would eventually reach their destination.

However, a compass wasn't foolproof. Just like the Bermuda Triangle in the secular world, it was said that there was a special meteorite magnetic field in some sea areas of the sky Island that could disturb the direction of the compass. If there was fog in the sea, once one fell into it, it was really a narrow escape. Whether one could come out alive or not could only depend on God's will.

Of course, Lin Yi's chosen route had been tested by many people and didn't go through the legendary Devil's Water. He didn't have to worry about that.

In the next few days, Lin Yi and Huang xiaotao spent their time on the vast sea. Although it was a bit boring, Huang xiaotao didn't find it boring at all. On the contrary, she was very happy because these few days were, strictly speaking, her and Lin Yi's world alone.

Without any interference from outsiders, snuggling together with the person you love, quietly crossing the vast sea, this was a romantic scene that many girls dreamed of!

Lin Yi, on the other hand, wasn't very interested in these things, but he had to be on guard at all times, and he had to keep an eye on the compass, so he wasn't bored.

The journey was uneventful and the two didn't run into any trouble. Even if there were signs of danger, Lin Yi would quickly detect it and avoid it.

"Not far ahead, it should be the Yingluo Sea area." Lin Yi's eyes lit up as he looked at the route on the map.

"Really?" However, Huang xiaotao did not seem to be surprised. Instead, she felt a little regretful. She mumbled to herself, "time really flies when it's just the two of us."

"That's right. Xiao Tao, look. There are many people and flying spiritual beasts in front of us. Only a place where cultivators gather like the Yingluo Sea area would have so many people. " Lin Yi said, pointing ahead.

Huang xiaotao raised her head and looked into the distance. She realized that she could indeed see some moving stars in the distance. Upon closer inspection, they were all flying spirit beasts carrying people. This meant that even if this place was not the black arc sea, it was already very close. Otherwise, if it was far away, it would be like the past few days, where she would not see a single person all day long.

"That's great, we can finally find a place to rest. " Huang xiaotao said happily.

Although it was a pity to say goodbye to the two of them, he was still tired after staying on the spiritual bird's back for so long. Even if he didn't do anything, he was still mentally exhausted. What he wanted to do most at this time was to find an inn and take a hot bath to relax. That was the highest enjoyment.

Besides, in her eyes, as long as she could be with Lin Yi, it was just the two of them.

"Yes." Lin Yi was a little excited as well-he'd been traveling across the ocean for so many days straight, and he couldn't let his guard down at all. As an early Aurous core practitioner, he had no problems physically, but his mental fatigue was accumulating bit by bit, and it really wasn't a good feeling. He really did need to find a place to rest.

As the two of them spoke, they urged the spiritual bird beneath them to increase its speed. However, before they could completely enter the Yingluo ocean, a flying spiritual beast suddenly charged forward at high speed.

Lin Yi was shocked, thinking that it was too early for him to be happy. The biggest trouble on the sea, other than the fog, was practitioners. He let his guard down in a moment of joy and was immediately targeted.

He turned around and looked at the person on the back of the flying spirit beast. The person sitting in the middle was a man in a gray-white robe. From his appearance, he looked to be in his early thirties, but this was obviously not his true age.

Cultivators could maintain their appearance forever. Unless they aged on their own initiative or made their appearance change, they would still look the same even after hundreds of years.

Lin Yi sized the man up-this man was quite handsome, and was the type of idol that girls would like. If he were in the common world, he'd probably make a name for himself in the entertainment industry.

However, with Lin Yi's sharp senses, he realized that under this sunny and handsome face, there was an obvious trace of evil energy. It was even thicker than Xu lingchong and Meng Tong 's, making people feel afraid. He was obviously not a good person.

Beside the man, there were two young and beautiful female companions, one on the left and one on the right. Although they could not compare to the peerless beauty of Huang xiaotao, they were still rare and superior. Moreover, the two women were dressed very provocatively. Only two small pieces of cloth covered their private parts, and the rest of their white and seductive figures were visible at a glance. In addition, the two women's postures were seductive, and from time to time, they would make some provocative movements, which really made people's blood boil.

She's dressed like those bar girls in the secular world! Lin Yi's lips twitched. Sky Class Island followed the ancient customs, and the concept of men and women was very traditional. They paid a lot of attention to the boundaries between men and women, and so normal women dressed relatively conservatively. Only vixens like Murong Zhen would dress so provocatively. These two girls in front of him were even better than that.

In addition to this man and two women, there was also a stern-looking middle-aged man on the back of the flying spirit beast. From his ordinary clothes, he seemed to be a servant, and he was sitting in front of the flying spirit beast.

However, among the four of them, the one that Lin Yi was most concerned about was this ordinary-looking middle-aged man!

The evil man in the main seat was a late-stage golden core-he wasn't too much of a problem. The two scantily-dressed women beside him were even weaker-they were only in the foundational level. The only one Lin Yi couldn't see through was this ordinary-looking middle-aged man.

Lin Yi was a master who had broken through to the early golden core stage perfectly. With his golden finger, he could see through all the levels within the Golden core stage with one look. However, he couldn't see through this middle-aged man's strength. This could only mean one thing-this middle-aged man must be a powerful master above the nascent Soul Stage!

Lin Yi couldn't help but be shocked. Who was this evil man, to be able to make a powerful original infant stage master willing to be his servant?

Chapter 4228 Poison Eye Mercenary Group

However, Lin Yi didn't want to interact with them. After all, they were new to this place, and they had a nascent Soul Master with them. It would be extremely disadvantageous for the two of them if they fought.

Therefore, Lin Yi didn't wait for his death. After signaling Huang xiaotao to sit tight, he immediately ordered the spiritual bird to increase its speed to the maximum. The other party didn't expect Lin Yi to suddenly increase his speed and was caught off guard, leaving them behind.

But before Lin Yi could let out a breath, the flying spirit beast caught up with them again. In just a moment, it was on the same flight as their Spirit Bird.

This time, Lin Yi was really shocked. Huang xiaotao's spiritual bird's speed was one of the top among flying spirit beasts. Probably only a very small number of fierce bird spirit beasts could be faster than it. If the other party was riding a fierce bird, it would be fine, but they were obviously just very ordinary flying spirit beasts!

After taking a closer look, Lin Yi's eyes suddenly narrowed. He realized that the man didn't just control the flying spirit beast. The man with unfathomable strength had his hand on the flying spirit beast's neck. He didn't know what he did, but the originally tame flying spirit beast's eyes were now red and ferocious. It was obvious that it was going to go berserk.

"Why are you in such a hurry, are you two going to the Yu Luo Sea area?" At this moment, the devilish-looking man on the main seat across from him raised his eyebrows and asked arrogantly.

"Yes, that's right." Lin Yi replied faintly. He was a little pissed, but he didn't want to offend anyone, especially when they were facing a powerful nascent Soul Master.

Besides, Lin Yi knew that since the other party had the ability to control the flying spirit beast to go berserk, it was impossible for him to get rid of the other party with his Spirit Bird. He could only suppress his anger and pretend to be polite.

"Well, in that case, let your female companion come with me. I've taken a fancy to her." The evil-looking man looked at Huang Xiaotao from the corner of his eyes and said proudly.

Lin Yi was stunned for a moment, and after a while, he was furious. He'd been on Tianjie Island for more than a year now, and he'd seen a lot of things. He even called Tianxing his brother, but he'd never seen such an arrogant idiot!

Who the hell are you? Who the hell is he? You want Huang Xiaotao to leave with you for no reason and with a sentence? You think you're the King of Heaven, huh?

Seeing this evil man's lecherous eyes wantonly land on her body, wandering back and forth, as if he wanted to eat her alive, Huang xiaotao couldn't help but feel nervous and scared. She hid behind Lin Yi, feeling disgusted by this man's gaze.

"I'm sorry, but that's impossible." Lin yi said, holding back his anger. No matter how much he feared the other party's strength, he couldn't let Huang xiaotao fall into the other party's hands. Otherwise, how could his conscience be at ease?

Lin yi wasn't a soft-hearted person to begin with—he'd never attacked anyone who didn't attack him, and he'd always killed anyone who attacked him!

Even if he had to endure for a while, that was for the future. Lin yi didn't lack a quick-witted brain, but one thing was undeniable—he had a very limited time.

Once you touched his bottom line, no matter how strong you were, you would fight to the death first. This was the blood in his bones, and it was impossible to change in this life. Otherwise, he would not be him.

Although Lin Yi could still maintain his calm on the surface, the pure Qi in his body was already starting to stir. If the other party tried to take advantage of him, Lin Yi wouldn't hesitate to strike first.

Although the other party had a nascent Soul Stage master on their side, and their strength couldn't be underestimated, whether they could beat her or not was one thing, and whether they could beat her was another. This was related to Huang xiaotao's safety and his dignity as a man. Lin Yi had no reason and absolutely no way to give Huang xiaotao up!

Seeing Lin Yi's tough response, Huang Xiaotao was a little nervous at the moment, but she couldn't help but feel sweet in her heart. A friend in need was a friend indeed. Even if she was in danger, she still felt very safe hiding behind Lin Yi.

She believed that even if the sky fell, Lin Yi would support it for her. This was the man she chose, the courage he had!

However, Lin Yi's seemingly gentle but actually tough reply didn't seem to bother the man at all. He felt that Lin Yi was like air in his eyes, and he was already giving him face by greeting him. As for whether Lin Yi would reject him or not, it wasn't even in his consideration, and it didn't matter at all.

"Kid, listen carefully. I'm Cheng Ketian from the Poison Eye Mercenary Group. My father is the leader of the Poison Eye Mercenary Group, Cheng Haonan. As long as this woman is willing to follow me, you can tell people that I'm here to protect you in the Crescent Sea area!" The evil-looking man said with a proud expression.

From their expressions, it seemed that the Poison Eyes Mercenary Group was a very popular and powerful force in the Crescent Sea area. At least, this name should be able to scare most people.

"Chen Haonan?" Lin Yi, however, wasn't shocked at all. He paused and frowned, ""What's this? Is there still a gangster in this Yu Luo Sea area?"

With such a resounding name, the first person that came to mind of anyone who had watched a few movies would probably be the boss of Causeway Bay. Back then, he was the idol of countless youths.

"It's Cheng haonan! Kid, show me some respect!" Cheng Qitian was furious-he didn't understand what "Young and Dangerous" meant, but he knew it wasn't anything good from Lin Yi's expression.

To him, Cheng haonan was not only his father, but also his biggest umbrella. He was also the idol that he had worshipped since he was young, and he would not allow anyone to profane him.

"Oh." Lin Yi replied noncommittally, "Whether it's Cheng haonan or Chen Haonan, she won't go with you. She doesn't need your protection. I advise you to give up on this idea as soon as possible."

"Hmph, it seems like this is your first time coming to the Yu arc Sea area?" Cheng Qitian snorted.

"so what?" lin yi raised a brow.

"So what? Hehe, the ignorant are truly fearless. If you don't know the rules in this place, you'll die miserably. If she's not willing to leave with me today, then you'll be done for soon. " Cheng Qitian sneered, but at the same time, he did not forget to look at Huang xiaotao unscrupulously.

Chapter 4229 Biased Towards Tiger Mountain

As far as he was concerned, a foreigner like Lin Yi didn't know what the poison eye mercenary group represented here, nor did he know how terrifying they were!

However, when this kid realizes what's going on, he'll definitely wag his tail and beg for mercy, obediently sending the woman to me. But whether he'll live to see that day is unknown.

"Oh? Then let's wait and see, let me see how fast it will be!" Lin Yi smiled coldly as well, the killing intent in his heart surging.

Although this Cheng qitian seemed to have a lot of power! Having an original infant stage master as his follower was proof, it wasn't Lin Yi's style to compromise as soon as he arrived. Not to mention, he was giving Huang xiaotao to him. Let's not talk about whether Huang xiaotao would agree or not, this was his bottom line. How could he not be furious?

It was just that he was unfamiliar with this place. If he was on the North Island or the middle Island, he would definitely kill this arrogant Cheng qitian. Anyway, with his strength and Huang xiaotao's combined strength, they were invincible among golden core stage cultivators. The other party would definitely be caught off guard. As for this nascent Soul Stage cultivator, as long as he could escape this disaster, someone would deal with him for him in the future.

"Good, you have a backbone. But I'd like to see how long you can be tough!" Cheng Qitian snorted and immediately ordered, ""Old Kong, let's go. Let's see if this kid will enter the city later!"

As soon as he finished speaking, the flying spirit beast started a violent gust of wind and sped into the distance. In just a short while, it had become a small black dot and disappeared from Lin Yi and Lin Yi's sight.

Lin Yi's expression turned serious as he looked at the man's arrogant back. He was surprised as well. He thought that since the man was so arrogant, he wouldn't have the patience to wait and would ask the original leveled servant to take it.

After all, both he and Huang xiaotao were only in the early jiedan stage on the surface. According to any normal person's point of view, they were not on the same level at all. Snatching by force was just a very simple thing.

However, if that was the case, it would give Lin Yi and Huang xiaotao an opportunity. With their wild fire Eight Trigrams palms, even if the opponent was a nascent Soul Stage master, if he was caught off guard and hit directly, he would definitely be injured. As for Cheng Qitian, a late-stage golden core Master, his end wouldn't be any better than Xu lingchong 's.

It was just that the timing required was extremely high-he had to make sure everything went well. There wouldn't be a second chance once he made a move, and since the enemy didn't underestimate him, Lin Yi naturally wouldn't take the risk for nothing.

"This Cheng Qitian seems to be a sorcerer." Lin Yi said thoughtfully. The other party had suggested several times to make Huang xiaotao go with him. The reason why they didn't force it was probably because they wanted Huang xiaotao to be willing.

"What do we do now? should we go back?" Huang xiaotao was a little afraid. After staying in the North Island cultivators Association for so long, she knew the trouble that a beautiful woman could cause. For this reason, she was very careful and always wore a veil. However, she did not expect that even so, she would still be targeted by Cheng qiitian.

A woman's temptation to a man was not just her beautiful face, but also her graceful figure. It was also a very Fatal Attraction.

"How can we do that? since we're already here, how can we just go back empty-handed without doing anything?" Lin Yi shook his head decisively, his heart heavy. He'd just arrived, and he'd already pissed off a local tyrant that seemed pretty powerful. What was he supposed to do next?

"But ... From what that person just said, it seems like he's preparing to wait for us at the city. Should we go?" Huang xiaotao still felt a little nervous.

"There's nothing we can do about it. Even if we know that there are Tigers on the mountain, we can only lean towards Tiger Mountain." Lin Yi said after some thought.

In their plan, black arc city was their first stop after arriving at the black arc Sea area. Because this was the core of the entire black arc Sea area, including the nearby islands, this was the most prosperous and central gathering place for cultivators. It was also the only transit station to go to any other place in the black arc Sea area.

No matter what outsiders came to the crescent ocean for, in order to obtain accurate first-hand information or to replenish resources, their first stop would definitely be the Crescent City. This was something that could not be avoided.

But according to what Lin Yi knew, there wasn't a single sect or power here. There were all sorts of trade associations, mercenary groups, guilds, and all sorts of other complicated forces, with a few of the stronger ones doing things their own way. It was similar to the ancient sects in the common world.

However, Lin Yi wasn't sure if Cheng qiitian's so-called poison eyes mercenary group was included among the strongest forces.

After all, the black arc Sea area was completely different from the North Island. The North Island's three pavilions could stand on the North Island for thousands of years, but in the black arc Sea area, even if they were like the sun in the sky One moment, they would be replaced the next moment. This was a very common thing.

In fact, even the most powerful force could not rule the Yu Luo Sea area for more than ten years. Therefore, there were not many wealthy families here, and most of them were new nobles.

The distance between the North Island and the South Island was very far, and the contact between them was not close. Any slight movement would be delayed for a long time. Even the updated whereabouts of Wu Bao Liang by the law enforcement Hall could not be guaranteed.

As for when this so-called venomous eye mercenary group had emerged, whether it was in the past month or the past year, it was even more unknown.

However, no matter who this poison eyes mercenary group was, with Lin Yi's personality, there was no way he would be scared by a mere Cheng kitian. He even went into a Dragon's pool and Tiger's Den like Middle Island and made a name for himself before retreating. Why would he be afraid of a mere corner of the Yu Luo sea, a mere poison eyes mercenary group?

"Oh, no matter what, I'll listen to you." Huang Xiao Tao nodded. Lin Yi's simple words made the uneasiness between her eyebrows disappear completely.

As a girl, it would be weird if she wasn't scared after being threatened by a powerful local tyrant for the first time. However, as long as she could be with Lin Yi, she wouldn't even frown even if she had to go through a mountain of swords or a sea of fire. Wherever Lin Yi went, it was her world. Everything else was just floating clouds.

"Alright then, let's go to arc city and meet that Cheng qiantian." Lin Yi smiled faintly and ordered his Spirit Bird to approach the city.

Chapter 4230 So You're Not Tactful?

along the way, they saw more and more flying spirit beasts and cultivators in the sky. in less than an hour, the two of them saw the coastline.

looking down at the bustling town, lin yi and huang xiaotao looked at each other with some surprise in their eyes. from their understanding of the situation, the yu lu sea was a chaotic place with both good and bad mixed in. there were often wars and blood. they thought that even if it was a place where cultivators gathered, it wouldn't be very prosperous in such a big environment.

however, the scene that the two of them saw at this moment was clearly a prosperous town with a unified plan. this majestic atmosphere was rare even on the north island. there were no signs of a bloodbath. from this, it could be seen that this xiao lu sea area was not as simple as outsiders thought.

"get ready, we're going down." lin yi said softly, and huang xiaotao nodded in understanding. she knew what would happen if they went down, and of course, she also knew what lin yi meant by "prepare."

After a while, the two of them immediately landed on the pier of the sea in the city. This was the official rule of the city. No matter if one took the air route or the sea route, they had to stop here. This was the rule set by all the major powers in the city. No matter if they were locals or foreigners, they had to follow it strictly.

Otherwise, if someone were to rashly ride an aerial spirit beast into the skies above the city, it would be seen as a provocation to the entire city, as well as a challenge to all the powers within the city.

It was not a joke. In the past, there had been a master of the big forces of Nakajima who had been so arrogant that he had broken this rule without permission. However, the final result was that he died without knowing why. Even after the law enforcement Hall of Nakajima was alerted, they could not find out anything. In the end, they could only leave it at that.

From then on, no one dared to disobey this rule. Even if they had a big background, they had to enter and exit from the sea Pier. In the end, it was still the saying that a strong Dragon can not suppress a snake in its own territory. The forces in the crescent Sea area were indeed far less powerful than the top forces in the outer islands. However, it was precisely because of this that they had nothing to lose.

Coming to this Xiao Luo Sea area, unless one could suppress all the powers here, one could only lie down.

The two of them landed on the sea Pier, and a servant immediately came over to help guide the spiritual birds. All flying spiritual beasts, including spiritual birds, were not allowed to enter the city, so there was a special breeding farm at the sea Pier. As long as one paid a certain amount of spiritual Jade, they could take control of the birds without any worries.

However, just as Huang xiaotao was about to send the spirit Bird away, she turned around and saw Cheng Kengtian with an evil smile on his face. He was blocking her way with a servant and two girls. Although she was mentally prepared, her heart couldn't help but skip a beat when she suddenly saw this person again. If Lin Yi wasn't standing by the side, Huang xiaotao might have subconsciously attacked.

"I thought you would run away. I didn't expect you to come. I don't know if I should say you're bold or tactful." Cheng Qitian sneered and said, ""Of course, I hope you're the latter. After all, only those who know their place can live longer. Besides, if you have to use force on a beautiful woman, it'll be too much of a killjoy, don't you think?"

"I'm sorry, Sir. You seem to be thinking too much. According to your logic, we can't be considered tactful people." Lin Yi's expression didn't change as he replied indifferently.

"Hmph, so you're not tactful?" Cheng Qitian's expression suddenly changed, and his expression became even more arrogant. He sneered, ""Good, he's a tough one! However, I'd like to see how long you can be so unyielding. Since you've come to the black arc city, then don't leave. Because, you can't leave at all. "

"From your tone, could it be that you can snatch people in this Yu arc Sea area?" Lin Yi's face turned cold as well.

"Yo, you sound like you're not convinced? It's a pity that I'm famous for dealing with all kinds of dissatisfaction in this Yu Luo Sea area. You're right, it's really like that!" Cheng Qitian sneered smugly.

As the two of them spoke, their auras became hostile, instantly attracting the attention of the surrounding passers-by. They stood at the side, pointing and discussing, and all of them did not hesitate to support Cheng Qitian's side.

There was no other reason. It was clear at a glance who was stronger and who was weaker. There was no need to think too much.

In terms of strength, Cheng Qitian was a late-stage golden core himself, and more importantly, he had a nascent Soul Master as his servant. Lin Yi's side only had two early-stage golden core Masters, they were on completely different levels.

In terms of power, Cheng Qitian was the young master of the poison eyes mercenary group and was a local tyrant, while Lin Yi and Lin Yi were complete strangers. One look and one could tell that they were foreigners with no foundation at all.

Such a sharp and direct contrast was incomparable to anyone else. They had seen it many times before. Cheng Qitian had brought people to snatch a woman. This was never news in the Yu Luo Sea area. It would happen every ten days or half a month, and everyone was used to it.

Everyone in the Xiao Luo Sea area was doing their own thing. No one would care about this kind of thing like snatching a woman, and no one would stand up and look for trouble. They just watched the show and talked about it for a while. The reason why they gathered here was just to see who the unlucky one was this time.

"There are so many people here, why don't you ask them and see if I can just randomly snatch people? Or rather, you can also ask around, how many women have I snatched from here?" Cheng Qitian laughed without fear.

When the surrounding crowd heard this, some of them shook their heads in disdain. The reason why Cheng Qitian could be so arrogant was because of his father, Cheng haonan, and the poison eye mercenary group.

Otherwise, it would be impossible for him to have a Yuanying stage expert to follow him. Although he was powerful as a late Jindan stage expert, there were so many experts in the Yingluo Sea area. It was far from enough for him to be so arrogant and no one dared to control him.

However, although they despised this kind of person who bullied others, no one dared to stand up for him. The Jianghu was dangerous, and everyone was in danger. Standing up to be a hero would not leave a good reputation, but would only become a fool laughed at by everyone.

Hearing this, Lin Yi frowned slightly and turned to look at Huang xiaotao, giving her a look.

Huang xiaotao's heart skipped a beat. She could see the killing intent in Lin Yi's eyes. She didn't dare to be slow and started channeling her Qi.
