

Bodyguard 4231

Chapter 4231 Someone Is Interfering

"Hmph, now you know what kind of situation you're in, right?" Even now, Cheng Qitian was still jabbering on proudly, "However, I don't like to force women, so I'm going to be merciful and give you one last chance. If you nod now, I'll keep my promise. You can still keep your little ..."

Before he could finish, Cheng Kengtian's voice came to an abrupt end. It was like a duck suddenly being pinched by the neck, unable to say a word. It was not that he did not want to speak, but the sudden change in the situation made him speechless!

The reason was simple. Just as he was acting arrogantly, Lin Yi and Huang Xiaotao, the two weaklings he saw as fish on the chopping board, with no way to fight back, actually took the initiative to attack.

What he didn't expect was that Lin Yi and Huang Xiaotao's target wasn't him, but the original infant stage follower, Kong!

Two early Jiedan stage cultivators actually took the initiative to attack a Yuanying stage master, wasn't this a big smile?

Not only Cheng Qitian, but even the onlookers at the side couldn't help but feel like laughing at this moment. Even if a dog was desperate, it shouldn't jump over a wall like this, right?

Even Ah Kong himself couldn't help but be surprised at this moment. He really didn't think that these two people would dare to attack him. This was unprecedented. Even if he didn't guard against it, these two people couldn't hurt him at all!

This wasn't because he was underestimating the enemy. After all, the great disparity in strength between the two sides was clear. This was a matter that was set in stone, and no one could change this fact.

However, Ah Kong's expression changed in the next moment. Two palms of the wild fire Eight Trigrams with the mysterious pattern of the eight trigrams, one from the left and one from the right, hit his chest at the same time!

Bang! Bang! Ah Kong was caught off guard. He spat out a mouthful of blood and was sent flying a few hundred feet away. He crashed into several thick walls of the pier before he finally stopped.

This shocking scene blinded everyone's eyes. The two revealing women next to Cheng Qitian were so frightened that their faces turned pale and they screamed in panic. As for Cheng Qitian, he was so shocked that he almost bit off his tongue and couldn't say a word for a long time.

The whole place was dead silent until old Kong climbed up from the debris and stared at Lin Yi and Huang Xiaotao with a ferocious expression.

with his strength, if it were just two ordinary early jiedan stage masters, not to mention that it was impossible to hit him, even if they really hit him, it was impossible to make him so embarrassed.

in fact, before he was hit, even if he was a master of the yuanying stage, he could have reacted in time. however, what he didn't expect was that even if he used his protective zhen qi at the last moment, he still ended up in such a state.

they were just two little ants in the early golden core stage, but when they joined forces, the power of their martial technique could be comparable to the peak of the late golden core stage. this was really unheard of. no wonder these two dared to be so arrogant and take the initiative to attack him!

at this moment, old kong's killing intent finally soared to the sky. a dignified yuanying stage master was actually injured by two early jiedan stage ants. if this news were to spread, he would be laughed at for a lifetime!

Lin Yi and Huang xiaotao's hearts went cold. The opportunity just now was good enough. They had used all their power in their palms, and they didn't even dare to split up their firepower in order to injure this nascent Soul Master. They hit Kong with their palms.

Even if it was impossible to kill him in one blow, it would at least cause him to be seriously injured so that he would not be able to fight for a while. However, from Ah Kong's performance, although he was injured, it was not to the point where he could not fight anymore.

This person was at least an expert at the peak of the early Yuanying stage!

With Lin Yi's current strength, even if he had broken through to the early golden core stage perfectly, even if he teamed up with Huang xiaotao, they still wouldn't be a match for this kind of person.

"Old Kong, quickly kill that man. Leave the woman alive and bring her back!" Cheng Qitian immediately became angry and stomped his feet and cursed.

He didn't dare to make a move. He was angry, but he was shocked by Lin Yi and Huang Xiaotao's performance. Even someone as strong as Kong was injured. If it was him, he would've died immediately!

"Yes!" Old Kong replied with killing intent—he didn't even need Cheng Qitian's order to kill Lin Yi, he'd have done it already.

Lin Yi's heart sank when he saw this. Even if the other party was injured, they were still on guard. Even if he and Huang Xiaotao worked together, they wouldn't be a match for them. If they had the late-stage golden core Cheng Qiantian as well, they would die here.

Lin Yi gritted his teeth. His only chance of survival now was to pick Huang Xiaotao up while the other party was still afraid. If he could get back to the spirit bird before the other party could react, he might have a chance of survival.

But even so, this chance of survival was very limited. The spirit bird was just taken away by the servant, and Lin Yi paid attention to its location. It was easy to find, but the problem was that even if they took off, the other side had flying spirit beasts, and they could also stimulate the flying spirit beasts to go berserk. Their speed was even faster than their spirit birds, and even if they reacted a little slower, they could still catch up later.

Lin Yi couldn't help but think that he had miscalculated. He had just come to the Yu arc Sea area, and he had already encountered such an unexpected danger.

But it was too late for regrets now—Lin Yi wasn't one to regret things, and all he had to do now was fight his way out. He'd seen his fair share of storms and waves, and it wasn't a big deal.

But just as Lin Yi was about to take the risk, a teasing voice came from not far away.

"Hey, isn't this young master Cheng? Why are you so free today to bring your two little mothers out to show off again? Tsk, tsk, old Kong Yu was beaten to the point of vomiting blood. Could it be that he failed to act tough and ended up dropping the ball? This is really interesting, hahahaha!" The owner of the voice was a man in a black training robe.

Listening to this undisguised ridicule, especially the harsh word "stepmother," Cheng Qitian's already ugly face suddenly flushed red, and the surrounding audience also laughed and pointed at her.

Chapter 4232 Invitation From The Bodyguard

Lin Yi and Huang xiaotao had just arrived and didn't understand the reason, but many of the people present were locals who had at least been here for a while. They knew the inside story.

The father and son of the Cheng family of the poison eye mercenary group were very famous in the Yu Luo Sea area. Other than their arrogance, another important reason was that the father and son both relied on dual cultivation to improve their cultivation. This was also why Cheng Qitian would come out and Rob Young women at any time, because the two of them relied on this to cultivate.

Of course, if it was just dual cultivation, it wouldn't be so bad, but the rumor was that the father and son of the Cheng family used young women together, so the women around Cheng Qitian were jokingly called "little mother" behind their backs!

Of course, although this matter was known to everyone in the crescent Sea area, everyone only talked about it behind their backs and laughed at it. Very few people dared to call him that in front of his face. After all, one should not expose a person's shortcomings. Moreover, the Cheng father and son, as well as the poison eye mercenary group, were not to be trifled with. If they were to provoke him in front of his face, he would definitely die.

However, no matter how powerful the poison eye mercenary group was, there were still a few people who couldn't be intimidated. The Man in Black in front of him was one of them.

Lin Yi sized up the man who'd just popped out of nowhere. He looked thin and weak, with a sickly aura, but that was only on the surface. His temples were bulging, and there was a glint in his eyes from time to time. He was obviously a powerful man.

After secretly using his golden finger, Lin Yi realized that this person was a master at the peak of the advanced stage of the Aurous core stage, only one step away from the nascent Soul Stage!

But this wasn't the most shocking thing-the one who shocked Lin Yi the most was the servant beside the man. This man's strength was truly unfathomable-even a golden finger couldn't see through him. He was at least a nascent Soul Master, just like Kong!

Lin Yi was really shocked this time. He had just arrived at the Yu Luo Sea area for a short while and he already saw two nascent soul realm Masters, and both of them were servants. This was shocking!

Previously, he had thought that although the Xiao Luo sea was chaotic, it was still a small place and there would not be many masters. Who would have thought that there were so many hidden dragons and crouching tigers? even the Yuanying stage Masters had to lower themselves to be servants. This was a treatment that even the princess of the North Island, Shangguan LAN 'er, did not have.

From the looks of it, the waters of this Xiao Luo Sea area were much deeper than he had imagined!

However, after realizing that the servant was as strong as Kong, Lin Yi understood why the man dared to laugh at Cheng Qitian in front of him. He did have the ability to do so.

"Qi Wenhan, this has nothing to do with you. I advise you not to be a busybody. Don't get yourself into trouble!" Cheng Qitian gritted his teeth and said coldly. If Old Kong had not been injured and might not have been able to defeat the servant, he would have asked Old Kong to fight.

"Hehe, how is it none of my business?" the man in black, Qi Wenhan, continued to sneer at him, "You've taken a fancy to this young hero's female companion and want to bring her back to be your little mother, right? Do the ancestors of your Cheng family know that you're so filial? Their ancestral graves are probably smoking, right? No, not just smoke, it's probably sparks?"

"Hmph, none of your business. They're just newcomers. Do you want to meddle in their Affairs?" Cheng Qitian's face became uglier and uglier, and the veins on his face were crazily throbbing, but he did not dare to make trouble. He could only continue to grit his teeth and endure.

"I'm sorry, but you were right." Qi Wenhan smiled and ignored him. He turned to Lin Yi and Huang Xiaotao, "Young hero, I'm Qi Wenhan, the young master of the Qitian bodyguard agency. I saw that both of you have extraordinary skills, so I would like to invite both of you to join our Qitian bodyguard agency as bodyguards. What do you think?"

"You actually dare to snatch my person?!" When Cheng Qitian heard this, he couldn't keep a straight face and immediately jumped up in anger.

He was indeed afraid of Qi Wenhan. After all, the Qitian bodyguard agency was not to be trifled with, especially now that Old Kong was injured. Therefore, even if he was ridiculed in front of him, he did not dare to make a move. He was afraid that he would suffer a loss today and not be able to get back at him in the future. Thus, he could only endure it for the time being.

However, this didn't mean that he would let Lin Yi and Huang Xiaotao go. They were prey that he had his eyes on, meat that had already fallen into his mouth. How could he just let them run away?

In his opinion, even if Qi Wenhan helped these two people for a while, he would not be able to help them forever. Even if he could not do it today, the two of them would still not be able to escape from his hands tomorrow or the day after.

However, Qi Wenhan actually wanted to recruit these two as bodyguards for the Qitian bodyguard agency. This was absolutely intolerable!

This meant that the two of them would become part of the Qitian bodyguard agency, and it would be difficult to lay a finger on them again.

"Qi Wenhan, listen to me. I saw these two first. What you're doing is breaking the rules of the Xiao Luo Sea area. If things get out of hand, even your Qitian bodyguard agency won't be able to get away with it!" Cheng Qitian gritted his teeth and threatened.

However, Qi Wenhan didn't care about it. He just smiled at the two, waiting for Lin Yi's reply. As for Cheng Qitian's clamor, it was like air, not even a fart.

Lin Yi looked at the situation and understood. They were both second generation young masters of a force in the Yu arc Sea area, but this Qi Wenhan was much stronger than Cheng Qitian.

This Qi Wenhan suddenly stood up to recruit him. It was definitely not as simple as being a righteous hero. This person probably saw that he and Huang Xiaotao had injured the strength of a nascent Soul Stage master, so he intervened midway and extended an olive branch to him!

Otherwise, even if he didn't like Cheng Qiantian, he wouldn't have said those words. At most, he would have taken advantage of old Kong's injury to trample on Cheng Qiantian.

It was rare to see someone act courageously in the cultivation world where everyone was trying to outwit each other, especially in the chaotic Xiao Luo Sea area. It was impossible for Qi Wenhan to stand up for them for no reason.

But this wasn't a big deal. From Lin Yi's point of view, it was a good thing that Qi Wenhan had a plan in mind. After all, he wasn't just helping them out. He was trying to recruit them.

Chapter 4233 Forming Hatred

This was the way of survival in the world of practitioners—Lin Yi would have to be careful if the other party didn't have any ulterior motives. After all, there was an old saying that went, "if you're trying to please someone for no reason, you're up to no good."

With that thought, Lin Yi couldn't help but smile and cup his hands at Qi Wenhan, "Us two martial brother and sister are going to train in the Yu Luo Sea area for a period of time. Since brother Qi is so enthusiastic, it would be impolite for us to reject him."

"Good, that's good! Young swordsman is indeed a straightforward person. Come, let's find a place to eat and talk in detail. It can also be considered as a welcome reception for the two of you!" Qi Wenhan immediately laughed and invited him.

"Since it's brother Qi's orders, we dare not disobey!" Lin Yi and Huang Xiaotao looked at each other and laughed.

In this situation, they had no better choice than to leave with Qi Wenhan. If they refused, Qi Wenhan might not be angry, but Cheng Qitian would be very difficult.

Since someone was willing to help him out, Lin Yi wasn't a pretentious person. He might as well leave with Qi Wenhan first. It was better than staying here to face Cheng Qitian and the injured and angry Kong. As for whether Qi Wenhan was sincere in hiring them as his bodyguards or had other intentions, Lin Yi could only act according to the situation.

After the two sides finished talking, they immediately left, chatting and laughing, leaving only Cheng Qitian and a few others who were so angry that they couldn't say a word for a long time.

In broad daylight, he had forcibly snatched away the person that Cheng Qitian had his eyes on, and from the beginning to the end, he had not even given a single explanation. This was not only infuriating, but it was simply intolerable!

However, no matter how angry he was, Cheng Qitian was helpless at this moment. The other party's background was no weaker than his, and he also had a master of the Yuanying stage as his servant. If they fought, he would be the one at a disadvantage. What else could he do?

"Good! Good! Good!" Cheng Qitian shouted "good" three times in a row and looked at Lin Yi's group from behind, not giving up, "If you have the guts, then keep following this Qi guy. Otherwise, if I see you guys alone, Hmph! Remember, I, Cheng Qitian, have never failed to kill anyone in this Yu arc Sea area!"

No matter how much Cheng qiitian shouted, Qi Wenhan and Lin Yi didn't care at all. They just walked away, talking and laughing. More and more people were attracted to them. The young master Cheng of the poison eye mercenary group had become a clown.

Under Qi Wenhan's lead, the few of them arrived at a high-class restaurant in black arc city. They specially found a private room and ordered a table of rare good dishes. They were quite generous.

After everyone had taken their seats, Qi Wenhan asked, ""Young hero, I wonder where you two are from. Why don't you introduce yourself?"

"Brother Qi, I'm Ling Yi, and this is Junior Sister Huang. We're both disciples of the North Island's three pavilions." Lin Yi didn't hide his identity, but he used an alias when he mentioned them.

He didn't say it clearly on the way because he was afraid that there would be too many people and someone would eavesdrop on him and tell Cheng qiitian. After all, even if it was a pseudonym, it had to be used in the Yu Luo sea.

Although it was certain that they would be targeted by Cheng qiitian from now on, as long as their names and origins were not known, even if Cheng qiitian wanted to investigate their background, it would take more effort. It was relatively safe and they could hide it for as long as possible.

Of course, he did not wear the thousand-layer mask on this mission. With Huang xiaotao with him, it did not make much of a difference whether he wore the thousand-layer mask or not in an unfamiliar place like the Yingluo sea.

Instead, it was better to keep it for emergency use. If he was really forced to wear a mask, change his appearance, and then hide in the crowd, who would recognize him?

"So the two of you are the disciples of the North Island's three pavilions. That's a big sect. I've been disrespectful." Qi Wenhan cupped his hands and said, "I've heard about you for a long time."

"No, no, we're just ordinary inner sect disciples. We'll need brother Qi's help on this trip." Lin Yi smiled faintly as he observed Qi Wenhan and the original infant stage servant's expressions. They seemed to be less alert than before.

He had deliberately pointed out the background of the three pavilions of the North Island and explained that their origins were clear. This was to gain Qi Wenhan's trust. Otherwise, if he had just made up a story about his background, although it was not a big deal, it was very likely that the other party would see through it. Then, he would really have shot himself in the foot.

"Well said, well said. Since the two of you are from a famous sect like the North Island's three pavilions, it's no wonder that your skills are extraordinary. You were even able to injure old Kong from the Cheng clan. It's truly astonishing." Qi Wenhan smiled affably, but his words were 30% respectful and 70% probing.

"Hehe, it's just a small trick. I was just lucky." Lin Yi smiled and brushed it off, not saying anything more.

"Haha, young hero Ling, you're being too humble. Too humble is a disguised form of pride. If you say that, how am I supposed to face it? Even if I used all my strength, I wouldn't be able to hurt him at all!" Qi Wenhan took the initiative to clink his glass with Lin Yi's and Lin Yi's, laughing at himself.

"The two of us were able to hurt him only because he was confident in his strength and underestimated us. He may not be so lucky if he does it again." Lin Yi waved his hand with a smile, not bothered by it.

"That also shows your strength. Talents are rare, and our Qitian bodyguard agency needs experts like you, young hero Ling. Since the two of you are going to train here, why don't you use Qitian bodyguard agency as your backing? at least you'll be able to look after each other." Qi Wenhan continued to smile.

Lin Yi's guess was right-he was a straightforward man, but as the young master of the Qitian bodyguard agency, his every move represented the agency's attitude. He wasn't even related to Lin Yi, so why would he do something like that and offend someone like Cheng Kengtian?

The reason why he did this was because of Lin Yi and Huang Xiaotao's strength. Although they were only early golden core Masters on the surface and weren't that strong, the two were able to hurt a peak early nascent Soul Master like Kong when they worked together. This was shocking strength!

Therefore, he was very certain that these two disciples from the North Island's three pavilions must have a very powerful trump card!

Chapter 4234 Bodyguard In Name

this time, he was able to recruit a yuanying stage master at a critical time. no matter how he looked at it, he would not lose out.

"many thanks for brother qi's care. the two of us have just arrived here and don't know much about the affairs of the yu lu sea area. brother qi, can you introduce us to the qitian bodyguard agency so that we can get familiar with it as soon as possible?" lin yi changed the topic.

"that's easy. the business that qitian escort agency does is actually the escort business that everyone is familiar with. what we usually do is to help people transport goods to the other big islands. there's nothing special about it." qi wenhan introduced with a smile.

"Oh? However, we rarely see any escort agencies on the North Island, especially large-scale escort agencies with great power. Could it be that we are ignorant and ill-informed?" Lin Yi and Huang xiaotao looked at each other and couldn't help but ask.

He'd been on Sky Class Island for more than a year now, and he'd been through a lot, but he'd never had any dealings with any bodyguard agency.

In fact, he had never heard of any reputable bodyguard agency in the North Island. Usually, even if he had something, he could find the three pavilions or large Chambers of Commerce like the Hong Chamber of Commerce to deliver it for him. He would not find any specialized bodyguard agency.

"Hehe, young hero Ling, you might not know this, but the North Island that you are on is managed by the three pavilions of the North Island. There are also various Chamber of Commerce branches stationed there. The environment is also relatively stable and safe. Each of you also has a stable logistics channel. It is very convenient for anyone to send anything. Naturally, there is no place for escort agencies." Qi Wenhan analyzed for the two of them.

"In that case, there should be a lot of escort business in the Yu Luo Sea area?" Lin Yi said, deep in thought.

"That's right. Young hero Ling, you should also know that there are all sorts of people here in the black arc sea. There are no official forces here, and there is no island master or Pavilion master. It is a mess from top to bottom, so there are many robbers. This place is also accessible from all directions, connecting and covering several primitive places. Many cultivators have come here because of its fame.

If they carry the natural treasures that they have risked their lives to obtain with them, it is very easy for them to be targeted by the robbers. So at this time, our escort agency will come in handy." Qi Wenhan explained patiently.

"So, the job of the escort agency is to escort the treasures that these cultivators have risked their lives to the other big islands?" Lin Yi nodded.

"That's right. This is one of the most important businesses. The other important business is to transport goods for some of the local chambers of commerce. Although they have their own logistics channels, they are far less professional and reliable than our escort agency. Therefore, when they are involved in important large quantities of goods, they will still entrust us to escort them." Qi Wenhan laughed.

"So that's how it is, I've learned." Lin Yi and Huang Xiaotao both nodded.

"no matter what kind of job we take, the most important thing is the escort. only when the escort is strong can the job be delivered safely. otherwise, if we can't even get out of the xiao Luo sea, it's useless no matter how big the escort agency is." qi wenhan looked at the two of them with a burning gaze and said, "therefore, it's the qitian bodyguard agency's good fortune to be able to invite the two of you to join us. we'll be relying on the two of you in the future."

"i'm flattered. brother qi, you're being too serious. however, i have a presumptuous request that i hope brother qi will agree to. " lin yi suddenly cupped his hands.

"just say it. as long as qitian escort agency can do it, we won't refuse." qi wenhan patted his chest and said.

"The two of us came out to train in the Xiao Luo Sea area. We might not be able to stay for long, please forgive us." Lin Yi said carefully.

"That's easy. You may not know this, but there are two types of escorts in Qitian bodyguard agency. The first type are permanent escorts. As the name implies, they naturally have to work in the agency for a long time. The other type are nominal escorts. They don't have to be stationed in the agency all the time. They can come and go freely. They can take on missions when they have the time. If they can't, they don't. We won't force them." Qi Wenhan laughed.

It was impossible for a truly powerful cultivator to stay in an escort agency and work as an escort. Qitian escort agency had only come up with such a system because they were taking advantage of the situation.

For an escort agency that traveled the world, as long as they could meet the daily needs of their business, it was not important how many permanent bodyguards they could recruit. What was most important was a strong network and influence.

Even if many of the nominal escorts had never been to an escort mission before, as long as their names were there, it would indirectly add to Qitian escort agency's Foundation and make them more confident. At the same time, it would also make other forces more afraid.

"Oh? In that case, us two martial siblings are suitable to be bodyguards in name." Lin Yi and Huang Xiaotao looked at each other and nodded.

"However, young hero Ling, I have to say something first. Although a named bodyguard can come and go freely, in terms of remuneration, they will only receive a corresponding remuneration for each escort. If they don't escort, there will be no fixed remuneration. I hope the two of you can understand this." Qi Wenhan reminded.

"It's fair and reasonable. That should be the case. Thank you, brother Qi, for answering our questions. The two of us have decided to join Qitian bodyguard agency and become bodyguards in name." Lin Yi decided.

"Straightforward! Come, swordsman Ling and miss Huang, let's have a toast to celebrate your joining of the bodyguard agency!" Qi Wenhan was overjoyed. He raised his glass and drank with Lin Yi.

After the meal, Lin Yi and Huang Xiaotao followed Qi Wenhan to the bodyguard agency. They raised their heads and saw a grand courtyard with four flamboyant golden words on the plaque in the middle of the door. It was Qitian bodyguard agency.

He followed Qi Wenhan and walked past two courtyards before they came to a large hall. Lin Yi looked around and saw a few practitioners sitting there. Most of them were golden core Masters, but there were also Foundation perfected cultivators.

Everyone's strength was clear at a glance, there was no one who couldn't see it. In other words, there was at least no Yuanying stage master here.

He'd only been in the Yu Luo Sea area for a short while today, and he'd already seen two nascent soul realm servants. It really excited Lin Yi—he thought that the Yu Luo Sea area was really full of strong people, with nascent soul realm Masters everywhere.

However, the scene in front of him was in line with common sense. At the level of the original infant stage, even in the middle Island, it was a rare existence. How could it be possible to encounter it so easily? Even if Qitian bodyguard agency had a nascent Soul Stage expert as their bodyguard, they would

definitely not be permanent. Unless there was a particularly important sealed item, they would not appear here at all.

Chapter 4235 Hong Chamber Of Commerce's Mission

"Young hero Ling, miss Huang, these are all the escorts from our agency. Some are permanent staff, and some are just in name. You can get to know each other. Maybe we will have the opportunity to work together in the future." Qi Wenhan said.

Lin Yi and Huang xiaotao looked at each other and immediately cupped their hands at the crowd, "I am Beidao Lingyi and this is Junior Sister Huang from the same sect. It is my first time here and I hope that everyone can forgive me if there is anything I am not familiar with in the future."

Everyone's eyes fell on the two, curious. After seeing the two show their strength, they didn't think much of it and just nodded indifferently, acknowledging them.

If Huang xiaotao was not wearing a veil, they might have been stunned. But now that she was wearing a veil, no matter how beautiful she was, they could not see her. At most, they could only see her figure. Even if they were curious, they would not pay too much attention.

Strength was the most important thing to them when they were out in the world, and they didn't need to pay too much attention to Lin Yi and Lin Yi after seeing that they weren't that strong.

Seeing that everyone only took a glance and went back to their work with such a cold reaction, Lin Yi and Huang xiaotao looked at each other and didn't say anything.

"Hehe, all the escorts here are experts. Young hero Ling, don't think that they don't talk much and don't exchange pleasantries with you. When you go on an escort mission in the future, you will all be able to

cooperate with each other sincerely and fight enemies together as comrades!" Qi Wenhan laughed as he tried to smooth things over.

Lin Yi and Huang Xiaotao nodded, but they didn't comment on it. The world was dangerous, and it was normal for people to be on guard against each other. However, Qi Wenhan's words were right—they would be bodyguards together, and if something happened, they could cooperate. After all, this was their duty, and it wouldn't be good for anyone if they lost the item.

As the two of them were talking, they suddenly heard footsteps outside. Everyone looked in the direction of the sound and saw a slightly stout middle-aged man walking in from the outer courtyard accompanied by the guards of the bodyguard agency.

Seeing this, Qi Wenhan quickly left Lin Yi and Lin Yi and walked up to them with a warm smile.

"Shopkeeper Wei, you are a rare guest. Long time no see, how have you been?" Qi Wenhan's hearty laughter made it easy for them to get closer to each other and reduce their mental defenses. Whether it was business or friendship, it would be much easier.

Even if they didn't know each other, the first time they met made them feel closer to each other. Otherwise, with Lin Yi's wariness, he wouldn't have agreed to join the Qitian bodyguard agency so easily.

Lin Yi nodded silently as he watched from behind. From this point alone, he could tell that the young master of the Qitian bodyguard agency was someone he couldn't underestimate.

However, the way Qi Wenhan addressed the man made Lin Yi's heart skip a beat.

"Hehe, how have you been? young master, you're in high spirits!" The person who came also smiled and politely replied. Between the two of them, it was obvious that they had an old friendship.

"ha ha, shopkeeper wei is too kind. this time, it has actually caused you, the head shopkeeper of the hong chamber of commerce, to personally come to visit. it seems that there is an important big business deal?" qi wenhan went straight to the point after a few polite words.

this had always been his way of speaking. he didn't make people feel that he was out of place. instead, he made people feel that he was a reliable person and trusted him more.

at this point, lin yi could already confirm the identity of the person who came. it was the person hong zhong had mentioned before, the manager of the hong chamber of commerce branch in the crescent sea area, and also an old friend of hong zhong 's, wei zhaotong.

huang xiaotao glanced at lin yi. naturally, she could tell, but lin yi shook his head at her without making a sound, indicating that they shouldn't meet for the time being. after all, the two of them were using pseudonyms now, and he couldn't use a pseudonym to meet wei zhaotong. it was better to wait for the time when it was necessary.

"It's indeed not a small business. " Wei Zhaotong nodded and looked at Lin Yi's group not far away, but didn't continue.

"Good, good. This way please, shopkeeper Wei. Let's talk inside." Qi Wenhan immediately understood and nodded.

Any transaction was a trade secret, especially since this was a large transaction of the Hong Chamber of Commerce. There were many eyes present. If they were to talk in detail in public and say the specific route of the goods and then be leaked, it would be fatal trouble, whether intentionally or not. Maybe when the next escort mission was about to start, there would already be a group of robbers waiting on the road to Rob the goods.

The two of them walked side by side through the hall and entered a private room, leaving Lin Yi and the others waiting outside.

Lin Yi looked at this scene and nodded thoughtfully. It seemed that although Qi Wenhan was only the young master of the Qitian bodyguard agency in name, since he could make the decision to contact a big client like Wei Zhaotong, he was already half a boss. No wonder even Cheng qitian, that arrogant guy, was so afraid of him.

Even if poison eye was on par with Qitian bodyguard agency, even if they were both young masters, if one was a pure second generation while the other was half a boss, the difference in status wasn't small. Of all the second generation Lin Yi had met before, Qi Wenhan was the most mature and experienced one, and he couldn't be underestimated.

In the time it took to make a cup of tea, Qi Wenhan came out with Wei Zhaotong. The two of them were smiling, and it was obvious that they had settled the business and the price. The next thing to do was to transport the goods from the Hong Chamber of Commerce to the Qitian bodyguard agency and prepare for the escort.

However, before that, there was still one very important thing to do. It was to confirm who the escort was.

"Everyone, please pay attention. I have just finished a business deal with shopkeeper Wei. I will be delivering goods on behalf of the Hong Chamber of Commerce. The destination is the Fang family manor on Saliva Peng Island. If you personally deliver the goods to the manor of Manor Master Fang, the reward will definitely be generous. If you are interested in this business, you can sign up now." Qi Wenhan's eyes swept across everyone present as he introduced them.

As soon as he finished speaking, everyone present looked at each other, but no one had the intention to sign up.

Lin Yi and Huang Xiaotao looked at each other in confusion. As the saying goes, men die for wealth, birds die for food. Qi Wenhan had already made it clear that the reward for this escort was generous, and as the young master, he wouldn't lie with his eyes open. On the other hand, everyone here was an escort who came for profit. There was no need for them to be so humble, right?

They didn't know that the reason why everyone was so afraid was because this escort mission was really not easy to complete.

Chapter 4236 Lin Yi Asking For Help

The Hong Chamber of Commerce was indeed a big client. Every time they visited, it was a big business. As long as everything went well, the reward for this escort was enough to cover the other ten times. This was a well-known thing among escorts.

But at the same time, high returns often meant high risks. For a top chamber of commerce like the Hong Chamber of Commerce, even in a place like the Crescent Sea area, it had its own logistics channels.

Under normal circumstances, they did not need the help of the escort agency at all. However, once they did, it meant that the escort mission was beyond their capabilities. The difficulty was obvious.

what caused everyone to shrink back was that the destination of this escort was actually saliva peng island!

in terms of geographical location, although the saliva peng island was a small island in the black arc sea area, it was actually the one closest to the southern island.

The southern island was the gathering place of the spirit beast clan. Fierce spirit beasts could be found everywhere, and each of them was extremely aggressive. For ordinary human cultivators, it was an absolute forbidden area. The location of the saliva Peng Island was too close to the southern island. If one was not careful, it was easy to attract the attacks of those spirit beasts.

In addition to the threat of the spirit beast clan, there was an even more fatal threat on the saliva Peng Island, the miasma.

The miasma fog was unique to the southern island. To a certain extent, it could be seen as a combination of miasma and Sea Fog. It never dissipated throughout the year. To the spirit beasts, who had strong physiques and perception far beyond that of humans, it was not a big deal. However, to human cultivators, it was very fatal.

Being trapped in the miasma fog, not only was the visibility extremely low, but it was also easy to lose one's sense of direction. Most importantly, the miasma fog was highly toxic. Even a powerful cultivator would not be able to withstand it if they stayed for a long time.

Saliva ROC Island was too close to the southern island and was covered in miasma all year round. The locals who lived on the island had some immunity to miasma because they had been soaking in medicinal baths since they were young, but it was a headache for outsiders.

Therefore, if there wasn't a special need, a normal person wouldn't be willing to go to Saliva Peng Island. It wasn't strange for the bodyguards to show such a cowering expression.

"All of you are the bodyguards of Qitian bodyguard agency. We have never treated you badly. As the saying goes, soldiers are trained for a thousand days, but they are used for a single moment. It's not very nice for all of you to be so polite when the time comes, right?" When Qi Wenhan saw this, his originally sunny and kind face suddenly couldn't hold it in.

The Hong Chamber of Commerce was not only a regular customer, but it was also very powerful. They did not just have business dealings with each other, but also had a strategic relationship that supported each other. No matter what, he could not reject Wei Zhaotong's request. No matter how difficult the task was, the Qitian escort agency not only had to accept it, but also had to ensure that it was foolproof.

Qi Wenhan also knew that this trip would not be an easy one. It was understandable for those in-name bodyguards to shrink back, but the problem was that there were also long-term bodyguards present. Normally, they did not hesitate to spend a lot of money to support them, but in the end, they retreated at the critical moment. How could this be!

Seeing Qi Wenhan's expression, the escorts couldn't help but look embarrassed, especially those who were permanently stationed there. They didn't dare to look at him in the eye. But even so, they were still unwilling to take this job.

"Young master, it's not that we don't want to take it, but we've already promised other goods, so we can't just abandon them." Someone braced himself and replied.

"I can understand that, but it can't be that everyone here is like that, right?" Qi Wenhan frowned.

"Young master, I'll go." At this moment, an escort finally stood up.

"I'll go too. " At the same time, another person stood up.

However, other than these two, there was no one else. These two were both long-term bodyguards. At the moment, they did not have any other scheduled tasks on hand. They were relatively free during this period of time. If they did not step forward, they would lose face. Therefore, they had no choice but to do so.

The rest of the people present, even if they were long-term escorts, as long as they had a valid reason, they would not be willing to take on this kind of job. As for those nominal escorts who could come and go freely, it was even more so. Whether they were willing to escort or not was entirely up to them. The Qitian escort agency could not control them at all.

"Is there anyone else who is willing to go? There are more goods this time, so we need at least four bodyguards to escort them. " Although Qi Wenhan's expression softened a little, he was still in a difficult position.

At least four escorts. This was Wei Zhaotong's request, and also the bottom line to ensure the safety of the goods. However, this escort was going to saliva Peng island after all. It was already good enough for two to come forward. It was really difficult to call for four at once.

Fortunately, these bodyguards were only a portion of the group. There were still many bodyguards who had not arrived. Qi Wenhan believed that as long as the mission was posted, it would not be a problem to gather four bodyguards. He just had to wait for two more days.

Of course, this was a last resort. If the great Qitian bodyguard agency needed two days to gather four bodyguards, wouldn't they be looked down upon and made a joke of?

Qi Wenhan looked around and his eyes finally fell on Lin Yi and Huang Xiaotao with anticipation.

After all, according to the rules, Qitian bodyguard agency couldn't force a nominal bodyguard to take on any work. The other people present were all thick-skinned old foxes. Instead of counting on them, it was better to count on the two newcomers.

Lin Yi hesitated. He didn't have much of an impression of the island, and didn't know what the difficulty was, but he could tell from everyone's reaction that it was a hot potato.

If it were any other time, with his always cautious personality, he would definitely not step out and step into this trap. However, on second thought, with his and Huang Xiaotao's current situation, it was actually a good choice to take this escort opportunity to go out for a while!

Cheng Kengtian shouted in public, saying that he would keep a close eye on the two of them. Once he was found alone, he would definitely come to cause trouble. With his and Huang Xiaotao's current strength, they were definitely not the opponent of his servant who was at the peak of the early stage of the nascent soul realm.

Instead of staying in Qitian bodyguard agency and being unable to leave, it was better to take this opportunity to leave black arc city for a while. By then, even if Cheng qitian wanted to find the two of them, it would not be easy.

However, Lin Yi still had to weigh the risks of this escort mission. Was it worth it to escape from Cheng keitian's sight?

"We'll go too. " Lin Yi thought it over and over again and finally decided to agree. Huang xiaotao, on the other hand, followed his lead and agreed unconditionally no matter what decision he made.

Chapter 4237 Escorting

"good, good. young hero ling and miss huang are indeed disciples of large sects. such courage is really admirable. i will remember it." qi wenhan was overjoyed. he looked at lin yi and lin yi with a kind and grateful look.

after all, from a certain perspective, lin yi's stepping out had indeed helped him out of the situation. at least he didn't lose face in front of wei zhaotong. just this point alone made him remember lin yi's kindness.

"we are new here, and we are indebted to brother qi's warm acceptance. since we can be of use, we naturally have to do our part. this is what we should do." lin yi said with a smile.

"I didn't misjudge you two for being so loyal." Qi Wenhan patted Lin Yi's shoulder happily and pointed at the two bodyguards, "Let me introduce you. These two are our long-term escorts, Li Yanji and Guan Zhiyuan. They are both very experienced in escorting goods. I hope you can cooperate with them sincerely."

Lin Yi looked at the two- Li Yanji was at the peak of the mid-stage golden core while Guan Zhiyuan was a bit weaker, at the mid-stage.

"Greetings, brother Li and brother Guan. I hope the two of you can bear with me and take care of me."
Lin Yi and Huang Xiaotao looked at each other and took the initiative to greet.

Li Yanji and Guan Zhiyuan didn't answer, only cupping their hands. Their reactions were as cold as before, and their eyes clearly showed that they didn't like Lin Yi and Huang Xiaotao.

This was human nature. Both Lin Yi and Huang Xiaotao were only at the early golden core stage, which meant that they wouldn't be of much help if something unexpected happened. They could easily become a burden to the enemy.

Moreover, in their eyes, these two were newcomers who didn't know anything. They probably came out to accept the mission just to please the young master. There was no need to look at them highly.

Lin Yi and Huang Xiaotao, on the other hand, didn't seem to feel the disgust at all. They didn't have any strange expressions on their faces.

Qi Wenhan saw all of this and shook his head. Li Yanji and Guan Zhiyuan were experienced bodyguards in the agency, but it was obvious who was stronger than Lin Yi and Guan Zhiyuan.

In terms of strength, Lin Yi and Lin Yi were able to beat up a peak-level early nascent soul cultivator like Kong. It wasn't wrong to say that they were unfathomable. On the other hand, Li Guan and Lin Yi couldn't even beat a normal late-stage golden core cultivator. What right did they have to look down on them?

In terms of bearing, Lin Yi and Guan Yi were calm and collected, but the two didn't see the reality at all. They thought they were better than Lin Yi, and the difference between them was huge.

Qi Wenhan thought that the two were decent, but compared to Lin Yi and Lin Yi, they weren't even on the same level.

However, Qi Wenhan didn't say much. Otherwise, if he made Li Guan unhappy and the other person go against each other, this escort mission would be more likely to fail.

After choosing the bodyguards, the group went to the Hong Chamber of Commerce. Lin Yi observed and found that the style of the building was the same as the North Island branch, just smaller in scale, but still Grand.

Under Wei Zhaotong's lead, Qi Wenhan brought Lin Yi's group of four to personally inspect the goods. All the boxes were sealed, and no one knew what was inside. This was to prevent the bodyguards from stealing-it was a rule of the trade.

Lin Yi and the other three only needed to deliver the sealed boxes to the Fang family on Saliva Peng Island, and they'd be considered successful. They'd be responsible if any of the boxes were broken.

After counting, Qi Wenhan gave Lin Yi and the others a map of the Yu arc sea. Unlike normal sea maps, there was a new route marked on it. Qi Wenhan had marked it personally, and it was the route they would take this time.

This was also part of the trade's rules. In order to prevent spies from appearing, the exact route was an absolute secret for any escort mission. It would only be handed over to the escort before the departure.

As long as the route was not leaked, even if the robbers got wind of the destination in advance, they would not be able to wait for the opportunity in advance. This was because they had no idea which route was the escort route.

When everything was ready, Wei Zhaotong walked over and said to Lin Yi and the others, "My Hong Chamber of Commerce, this time I'll leave it all to you! I won't hide the value of the goods from the four of you. They're worth at least three hundred thousand spiritual jades, which is an astronomical figure. If anything happens, the consequences will be unimaginable, so I hope that you'll do your best. When you return, I'll hold a banquet to celebrate your victory and give you a generous reward!"

"Shopkeeper Wei, don't worry. We will not dare to be the slightest bit slow." Lin Yi and the others froze. Three hundred thousand spirit Jade and above-this wasn't a small number at all. It was a big deal indeed.

"According to the escort route I gave you, if everything is normal, you won't encounter any Pirates along the way. In fact, it should be said that there are few people. However, this doesn't mean that there are no risks." Qi Wenhan also reminded them. "There's an old saying in our escort company. Danger always happens when it's impossible. So, you must be vigilant. You must not let your guard down."

"Don't worry, young master. It's not our first time on an escort mission. We know how to avoid it." Li Yanji and Guan Zhiyuan nodded in agreement.

"Alright, both of you are experienced bodyguards. This is a big responsibility. Young hero Ling and miss Huang are both new and don't know much about our business. I hope you can teach us and do your best

for the Qitian bodyguard agency." Qi Wenhan cupped his fists and said. Lin Yi and Huang xiaotao saw this and did the same.

"Yes, we know what we're doing," Li Guan and Li Yan exchanged a glance.

After giving out their instructions, the four of them didn't stay any longer. After bidding farewell to Qi Wenhan and Wei Zhaotong, they immediately set sail from the sea Pier.

The route that Qi Wenhan had just given them was clearly indicated. They had to take the water route and not an empty one.

"Brother li, brother Guan, I have a question in my heart and would like to ask for your guidance. Why are we taking the water route instead of using the flying spirit beast?" Lin Yi couldn't help but ask curiously. Huang xiaotao was equally confused.

In their understanding, not only was it faster and more stable to take the air route, but it was also obviously safer than taking the water route. After all, they were only riding an ordinary sailboat, not a treasure ship that could resist the attacks of sea beasts. It was really worrying to set sail without any protective measures.

Chapter 4238 One Step Too Slow

Moreover, although the goods that Wei Zhaotong had entrusted to them this time were extremely valuable, they weren't too big in size. Even if the four of them were included, two flying spirit beasts would be enough to handle them. No matter how one looked at it, it was much more cost-effective than going by sea, right?

The two looked at Lin Yi in disdain. They didn't want to talk to him at first, but they remembered Qi Wenhan's special instructions before they left. In the end, they could only patiently explain.

"The saliva ROC Island is only a few dozen miles away from the southern island. Not only is there miasma and fog, but there are also many powerful vicious birds and spirit beasts in the nearby airspace. If an ordinary flying spirit beast flies into their territory, it is very likely that it will be attacked. At that time, it will be a living target and simply seeking death." Li Yanji curled his lips and said.

"but, is there no danger in the sea?" lin yi blinked. the spirit beasts were scary, but from what he knew, the sea beasts weren't easy to deal with either.

"not bad, there's no danger in the sea." li yanji looked at lin yi in disdain before continuing to explain,"although the sea beasts wreak havoc in the sea, they never dare to approach the southern island. therefore, there have never been any sea beasts in the sea region near the southern island."

"i see. thank you for your guidance, brother li." lin yi nodded in thanks.

Li Yanji's disdainful expression eased a little. He nodded slightly and didn't say anything.

Lin Yi didn't really care about that-he was thinking about what that thing had told him before. The spirit beast clan claimed to rule over all the spirit beasts in the world, but the other powerful spirit beasts on the other islands might not acknowledge it, but they'd never conquered any sea beasts.

Between the spirit beast clan and the sea beast clan, well water does not interfere with river water. Since the southern island was the base camp of the spirit beast clan, it was reasonable that there were no sea beasts in the surrounding sea.

However, Lin Yi couldn't help but be confused when he thought about the thing. It had been a long time since he last communicated with it, but he could feel that there was nothing wrong with it now. It seemed more like it was in closed-door training, which was why it was isolated from the world.

As for how its primordial spirit, which was residing in the Jade space, cultivated in seclusion, no one knew.

What Lin Yi was curious about now was how this thing would react to the fact that they were so close to the southern part of the island. It was an elder of the spirit beast clan, after all, and even if it didn't complete its mission, it should at least have some ideas now that it was back.

But the problem was that the thing didn't want to come out on its own, and Lin Yi didn't want to disturb it. He'd have to wait until it came out.

As they spoke, the sailboat quickly left the harbor with the wind. What Lin Yi didn't know was that not long after they left, Cheng Qitian and his men came chasing after them.

"Where's that Ling Yi? Where is he?" Cheng Qitian asked as he scanned the busy dock, not seeing Lin Yi anywhere.

The power of the poison eyes mercenary group wasn't to be underestimated. It had only been a few hours since Lin Yi used the alias Ling Yi, and he hadn't even used it publicly, but his lackeys had already found out.

He had just received news from his minions that Ling Yi had appeared at the harbor again!

He didn't expect that the opportunity to take revenge would come so soon!

Cheng kangtian didn't say anything and immediately rushed over with Ah Kong. Just in case, he even brought a few Masters of the late golden core stage and above from the mercenary group. This way, even if Qi Wenhan was present, he wouldn't be at a disadvantage.

"Young master Cheng, they've already left ..." One of the men in charge of keeping an eye on the dock replied weakly.

"What? He left?" Cheng Qitian was instantly enraged. He kicked the man to the ground and cursed, ""Useless trash. You saw them leave, but you didn't stop them. You just stood there and watched?"

"Young ... Young master Cheng ... It's not that I don't want to, but I really don't dare to. They're using the Qitian bodyguard agency's name to escort goods, and they're goods from the Hong Chamber of Commerce. How could I be so bold ..." The subordinate was on the verge of tears.

At a place like the sea Pier, if he were to attack Ling Yi directly, a normal person would think that he was robbing an escort. If he offended Qitian bodyguard agency and Hong Chamber of Commerce at the same time, how was he going to live in the future?

"Did you go on an escort mission?" Cheng Qitian's expression softened. If that was the case, not to mention his underlings, even if he was present, he probably wouldn't dare to. After all, even the poison eyes mercenary group wouldn't dare to provoke these two families at the same time.

"Yes, yes, I saw it with my own eyes. It's true." The subordinate hurriedly nodded.

"hmpf, then i'll let you off this time." cheng qitian snorted, then looked at the sea in the distance and growled with a ferocious face, ""you're going on an escort mission, right? very good, i don't believe you won't come back ... wait, what did you say? they are the hong chamber of commerce's escort?"

"yup!" the subordinate nodded.

"Hehe, that's good ..." Cheng qiantian said something strange and turned to leave.

.....

The journey continued for three consecutive days. Just as Qi Wenhan had said before they left, the journey was uneventful and they did not encounter any risks or accidents.

However, Lin Yi and the others didn't let their guard down just because of this. The four of them took turns to guard the lookout tower, and the alarm would go off if there was any movement.

However, although there was an observation tower, the view was not good. The sea was completely covered by the sea fog, and the visibility was extremely low.

According to what Lin Yi knew, the fog would only get bigger and bigger if they kept going, and it would turn from a harmless fog to a poisonous one. This meant that they weren't far from saliva Peng Island.

According to what Li Guan said, when the time comes, they will have to take a special miasma avoiding pill to prevent the poison from being too deep. After all, even if it's a Jindan stage expert, there is a limit to the resistance.

Of course, it was precisely because of the dense Sea Fog that this place was so inaccessible. Moreover, there was no need to worry about the attack of sea beasts, so there was almost no danger to speak of.

In addition to taking turns to keep watch and maintaining enough vigilance, the only thing the four of them had to do was to control the direction of the sailboat according to the pointer of the compass. For a Jindan stage master, it was not difficult to control the ship with a little practice.

At this time, Guan Zhiyuan was on duty on the lookout tower, Li Yanji was in the cockpit controlling the ship, and Lin Yi and Huang Xiaotao were standing on the deck, looking around.

The visibility was only 30 to 40 meters, and they were in the vast sea. What they could see on the deck was very limited. It was an extremely monotonous gray, and the only sound they could hear was the sound of water flowing.

Chapter 4239 Encountering Pirates

At this moment, the jade pendant on Lin Yi's chest suddenly moved. He quickly gave Huang Xiaotao a look, indicating for her to be careful.

"What's wrong?" Huang xiaotao asked in confusion.

"Pay attention to the sound of the water, it feels a little off." Lin Yi frowned.

he couldn't see anything with the naked eye, but from the start, the uniform flow of water had become a little jumbled up, giving lin yi the feeling that there was another ship approaching at high speed.

the thought was extremely strong, and lin yi's heart skipped a beat. he was about to warn li yanji and guan zhiyuan.

but before he could finish his sentence, four powerful auras shot up into the sky from not far away, flying towards him without hiding anything. lin yi couldn't help but be surprised-these four were all peak late golden core!

lin yi didn't have time to think about why these four would suddenly appear in such a thick sea fog. he quickly took a few steps back with huang xiaotao, warning li guan and the other.

In the blink of an eye, the four peak late golden core experts had already landed on the deck. Each of them had a sharp aura and an unkind expression.

At the same time, li Guan and Lin Yi received the warning and quickly came to the deck. They looked at each other, then at Lin Yi and Lin Yi, and then at the four uninvited guests.

However, he was an experienced bodyguard after all. An ordinary person would have been scared to death in such a sudden situation. However, Li Yanji and Guan Zhiyuan did not seem to be nervous.

"Four Masters, I'm Li Yanji from Qitian bodyguard agency. I'm passing by your place, so please make way for me. I'll definitely report back in the future." Li Yanji cupped his hands at the four of them and took a deep breath.

No one would dare to boast about the name of Qitian escort agency. At least in this Xiao Luo Sea area, it was well-known and had some deterrence. Usually, even if evil people robbed goods, they would deliberately avoid a big escort agency like Qitian escort agency to avoid being hunted down all over the world in the future, leaving hidden dangers.

Lin Yi nodded silently. Li Yanji didn't look like much before, but he was able to keep his calm at this critical moment. It was rare. If he were to shiver in fear at the start, people would see that he was a soft persimmon that could be easily crushed. There would be no room for negotiation.

"Qitian bodyguard agency? Hehe, do you think that you can scare me off with such a title?" The leader pursed his lips in disdain. The other three peak late golden core experts behind him also laughed coldly. It seemed like they did not take the Qitian bodyguard agency seriously at all.

Li Yanji was stunned. He and Guan Zhiyuan looked at each other and didn't know what to do.

The two of them were experienced escorts and had encountered several robberies in the past. However, as long as they mentioned the name of the Qitian escort agency and put in some good words, they would be able to pass smoothly. After all, the Qitian escort agency was a local snake in the Yu Luo Sea

area. Their influence was considered deep-rooted, and the underworld and the white side had to give them some face.

Even if it was a bad person who was not easy to deal with, they would still have some scruples. Generally, they would be fine after receiving some benefits.

However, these four peak late golden core experts who had appeared out of nowhere were completely different from the evil people they had encountered before. After hearing the words "Qitian escort agency," not only were they not afraid, they even had a look of disdain on their faces. It was clear that they were targeting the Qitian escort agency.

"This ..." Li Yanji hesitated for a moment and exchanged glances with Guan Zhiyuan. After all, he was a long-term bodyguard that the Qitian bodyguard agency had spent a lot of money on. Now was the time for him to be put to good use. It would be a little unreasonable if he were to admit defeat so easily.

However, just as he was about to put in a few more good words, the leader of the other party sneered impatiently, "Cut the crap. I'll take over this ship from now on. If you know what's good for you, I'll spare your lives. If you don't, Hmph, don't blame me for being impolite. Although there are no sea beasts in this area, I can still break your legs and throw you down to drown."

As they spoke, the powerful Qi of the peak late gold core realm was released from their bodies. Li Yanji and Guan Zhiyuan were so scared that they nodded their heads and dared not to speak anymore.

The other side had four peak late Jindan stage experts. On the other hand, although there were four people on his side, the strongest one was only at the peak of the middle Jindan stage, and the weakest two were only at the early Jindan stage. They were not on the same level at all. How could they fight?

There was no room for resistance at all. Other than admitting defeat, there was no other way.

The two of them were experienced. To put it bluntly, they were two wily old foxes. They wouldn't be impulsive in such a situation. In any case, the property didn't belong to them. They were just escorting someone else. Why risk their lives?

After all, once they went back and told the truth, the difference in strength between them would be obvious. Even the Qitian escort agency would not blame them. At the very most, they would only be able to get some remuneration for the trip.

Lin Yi saw this and gave Huang xiaotao a look, but he didn't move either.

This time, Li Guan and Huang xiaotao were the leaders of the escort mission, and even they had surrendered. Naturally, Lin Yi and Huang xiaotao didn't need to step out.

With Lin Yi's personality, if the two chose to fight back, then he and Huang xiaotao would never back down. Even if the opponents were four peak late golden core stage Masters, and it seemed like there was a huge gap between their strength, Lin Yi and Huang xiaotao together might be able to fight them. The power of their wild fire Eight Trigrams palms was enough to kill any golden core stage master!

"Not bad, you're all quite tactful. You've saved me the trouble. Cover your heads and squat to the side!" The leader sneered and ordered the people behind him, ""You take the helm,"

Li Yanji and Guan Zhiyuan didn't dare to resist and immediately squatted to the side. Lin Yi and Huang Xiaotao followed silently.

a moment later, he felt that the ship's direction had suddenly changed greatly. it was more than 90 degrees off from the original direction.

lin yi couldn't help but think of the map he saw before he left-if he turned in this direction, he wouldn't be going to the saliva peng island anymore. he wouldn't even be in the yingluo sea area anymore, he'd be heading to another sea area.

if i remember correctly, if i head in this direction, that sea area is called zhen duan sea area. the situation there is not much different from the xiao lu sea area. however, i heard that it is even more chaotic than the xiao lu sea area. it is a really chaotic land without an owner.

At the same time, li Guan and Li yunmu were also puzzled. However, what they were puzzled about was, how did these four evildoers suddenly appear in this place?

Chapter 4240 Can't Go Back

if they were the local pirates, four peak late jindan experts would be a group that could not be underestimated. they should have a name in this xiao lu sea area. however, after being a bodyguard for so many years, he had never heard of such a pirate group.

moreover, from the style of these four people, they didn't seem like ordinary pirates. who were these four?

moreover, this place was surrounded by sea fog. normally, one couldn't even see clearly. even if the other party was a peak late jindan expert, they wouldn't be able to see clearly in such a large sea fog.

why would they wait here to rob the tribute? judging from the previous posture of rushing over without any hesitation, the other party was clearly prepared for this and was rushing toward his ship!

the two of them had a stomach full of strangeness and puzzlement, but no one could dispel their doubts. they could only hold it in. pirates had always been extremely vicious. they would thank the heavens if they were able to keep their lives. at this time, they didn't dare to say anything more.

If they knew Too Much about this kind of thing, especially when it involved the other party's identity, they would really lose their heads. It was not a good thing to know too much. As experienced bodyguards, they still had a good eye for this.

The journey was silent, and after two days and nights, the ship finally docked at an unfamiliar Pier. The leader of the group shouted coldly to the four of them, ""All of you, get down!"

Li Yanji and Guan Zhiyuan looked at each other, nodded, and flew off the boat without a word.

They had been on tenterhooks for the past two days, afraid that the other party would change his mind at the last minute and kill them to silence them. Now that it was finally over, of course they would run as fast as they could.

lin yi, on the other hand, seemed to be deep in thought. he looked at the four peak late golden core cultivators one last time, but didn't say anything. he pulled huang xiaotao off the boat.

the ship didn't stop after they got off the ship. it sailed away again and disappeared from lin yi's sight in a short while.

"brother li, brother guan, what should we do now?" lin yi turned to the two.

"What else can we do? Hurry up and think of a way to go back!" Li Yanji replied in a bad mood.

"Hmph, I've had a good time as a bodyguard before, but now that I've got you two with me, not only did I waste my time, I'll even get a scolding when I get back. I'm so unlucky ..." Guan Zhiyuan mumbled to himself. It was obvious what he meant-he thought that the reason he was so unlucky this time was because he met Lin Yi and Huang xiaotao, these two jinxes.

Lin Yi frowned, but he remained silent and ignored the comment. He only shook his head at Huang Xiao Tao, hinting her to keep quiet.

As they spoke, Lin Yi's eyes lit up-there was a small sailboat on the other side of the dock, with a sign on the bow, with the words "black arc city" on it.

"Is there anyone else going to black arc city? We're two more people short, the ship is about to set off, is there anyone who wants to go? "If you want to go, hurry up. If you miss this ready-made opportunity, you'll have to wait ..." One of the crew members on the ship was shouting at the top of his voice.

Lin Yi and the other three looked at each other and quickly squeezed through the crowd, laughing inside. This was a familiar scene-why did it feel like those illegal drivers at the big and small bus stations in the secular world pulling people?

"Buddy, you don't have to shout anymore. We're just on our way to black arc city." Li Yanji walked in front and immediately wanted to board the ship. He had been to this place a few times before, and it was no longer within the scope of the black arc Sea area. There weren't many ships going to the black arc city. If he missed this one, he would have to wait for at least ten days to half a month, or even longer if he was unlucky.

"Wait, there are four of you?" The waiter didn't step aside. He looked at the four and shook his head, "No, no, only two people. No more than one."

"We're leaving with two or four people. It's not like we're not paying, so why can't we have one more? You don't even want the money that's offered to you, you have quite the character!" Li Yanji couldn't help but frown.

"Sir, this is a small boat. Unlike those big boats, it doesn't matter how many people there are on it. Our carrying capacity is limited. At most, we can only carry two more people ..." The waiter immediately smiled apologetically.

"Hmph, you're just trying to earn more money. Fine, I won't argue with a small fry like you. We'll double the price for the two extra people. Is that okay?" Li Yanji curled his lips as an experienced man.

"Aiyo, I'm really not fooling you. Who doesn't want to earn money?" The shop assistant waved his hand with a bitter face. "You know how big the wind and waves are in this Sea area. Even if it's just an overweight person, it's very risky. I really don't dare to make this money!"

Li Yanji, Lin Yi, and the others could only look at each other, speechless.

If they were to force their way onto the ship, not only would the crew not agree, but the passengers who had already boarded the ship would also not agree. If something happened and the ship capsized, wouldn't everyone be buried with them? No one could afford to take this blame!

Just as they were in a dilemma, Li Yanji and Guan Zhiyuan looked at each other and suddenly walked up to the platform. They said to the waiter, "Then it's just the two of us,"

The waiter froze, looking at Lin Yi and Huang Xiaotao in surprise. Under the duo's urging, he quickly stepped aside and let them on. Then, he raised the sail without stopping.

"What ... What should we do?" Looking at the sail disappearing into the distance, Huang Xiaotao turned to Lin Yi and opened her mouth in shock.

"There's no other way. I'll ask again." Lin Yi shook his head helplessly. He really didn't think that the two would do something like this, abandoning them and running away. They weren't exactly acquaintances, but they were still on the escort mission—they were still the same. It was really funny.

The two walked around the dock, and because they were in different waters, there were many ships here, but very few were going to the city. Lin Yi only found a sign that said "Crescent City," but the side was empty, without a single ship.

"Little brother, may I ask if there's a ship here that's going to Black Arc City?" Lin Yi asked the guy who was eating.

"Go to Flare Arc City?" The waiter paused, put down his chopsticks, and said, "There is, but the nearest ship will arrive on the eighth of next month, so you two will have to wait for a while."

Counting the days, it was only the tenth day of the new year. There was almost a whole month left. Lin Yi and Huang Xiao Tao were speechless.
