

Bodyguard 4261

Chapter 4261 Moving Forward With Difficulty

The crowd seemed to be infected by Chu bubai's calmness. They nodded and were no longer as panicked as before.

"Then what do we do next?" Guo dengtao asked.

"Naturally, I'll continue forward. I've already come this far and the baby ginseng is right in front of me. I can't let such a small obstacle ruin my efforts." Chu bubai said indifferently.

"But the fog is so thick, and there are no small paths. We don't know what's in front of us." Wang Feng couldn't help but ask nervously.

Guo dengtao and the others nodded in agreement. Lin Yi had tried it before, and this place was very strange. Not only was the fog too thick, his eyes couldn't see much, but even his spirit sense couldn't sense the situation in front of him.

Under normal circumstances, although one couldn't see with their eyes, one could still sense with their divine senses. If even their divine senses were blocked, it meant that there was something fishy about this place.

Perhaps there was some kind of array, or perhaps this place was naturally like this. For example, the magnetic field was chaotic and could also affect the perception of the divine sense. No matter which one it was, it showed that this place was not trivial and could not be easily entered.

"Although we can't fully explore the situation in front of us, we're already familiar with the environment after walking for so long. There's no need to be too worried." Chu bubai consoled everyone, "to us, the biggest threat in Lufeng forest is none other than the spirit beasts. However, this is the graveyard of the spirit beasts. Other than the spirit beasts that are about to die, no other spirit beasts would come to this place. Otherwise, we would have encountered them along the way. What do you think?"

"What brother Chu said makes sense." Guo dengtao and the others nodded one after another. In this place, there was no living spirit beast at all except for those strange and disgusting things. Moreover, there was no miasma at the moment, so it naturally posed no threat to everyone.

Along the way, everyone's trust in Chu bubai had gradually accumulated to the point where they were almost blind. His words could be said to be unquestionable, and what he said was indeed reasonable and convincing.

"Therefore, even if we can't see the situation in front of us, we don't have to scare ourselves. As long as we are careful, we won't fail at the last step." Chu bubai continued to explain with a calm expression, "I've encountered this kind of situation before in other places, but I couldn't see the road clearly and couldn't even sense it with my divine sense. However, after trying it out in the end, there was actually no danger. It was just like a ghost hitting a wall,"

"Ghostly labyrinth?" Everyone looked at each other-even Lin Yi was taken aback. This was a common saying in the practitioner world, and in the end, it was nothing more than a natural labyrinth or a formation.

But no matter which one it was, there was no real danger. It just made people run around in circles because they couldn't find the exit, and it was purely to kill time.

Therefore, after hearing Chu bubai's words, everyone immediately felt relieved.

However, although they were all relieved, they still didn't dare to move forward rashly. They looked at each other, and no one was willing to take the lead. Even if there was nothing to be afraid of, what if the one in front of them was not? maybe there was a death trap?

After a moment of stalemate, everyone's eyes finally fell on Chu bubai. The meaning was obvious. Chu bubai had been the leader all along. At this juncture, he should naturally be the one to take the lead. After all, he was the leader.

However, for some reason, Chu bubai didn't have the intention to lead the way. He looked around at everyone and said in a deep voice, ""It's just going around like a ghost hitting a wall, there's nothing to be afraid of. How about this, all of you form a line, taozi will take the lead, and I'll hold the rear, how about that?"

"This ..." Guo dengtao suddenly hesitated. Of course, the others didn't have to take the lead, but he was unlucky. The corner of his mouth twitched and he said, ""Brother Chu, it's not that I don't want to, but I don't know the way. I've never been to this place before and I'm not familiar with your family map. Even if I follow the map, it's easy to get lost, not to mention that I can't even see the way in front ..."

"that's fine. i'll hold the line at the back and give you directions at any time. this way, you won't make any mistakes." chu bubai said with certainty.

"then ... okay ..." at this point, guo dengtao could no longer refuse, so he had to brace himself and take the lead to walk forward.

the group formed a line with guo dengtao at the head and wang feng following closely behind him. lin yi and huang xiaotao followed closely behind, and finally, feng hongyu and chu bubai, who was in charge of holding the line.

guo dengtao was very careful. he trembled with fear as if he was walking on thin ice with every step he took. he was afraid that he would fall into a fatal trap. however, chu bubai would give out orders after every few steps. thus, the group walked in the fog for the time it takes for an incense stick to burn without encountering any accidents or dangers.

Lin Yi turned to look around-they were only one step away, but the fog was so thick that their figures were blurry-it was clear how terrifying the visibility was.

However, Lin Yi was more confused about Chu bubai's plan.

Everyone knew that in this situation, he was the most suitable to take the first route. Not only because he was the most familiar with the route map, it was not easy to get lost, but also because he was a late jiedan stage master, the most powerful one among the group.

It was true that they needed a powerful person to hold the line at the back, but in terms of danger and challenge, it was obvious that the person walking at the front was more dangerous. If there was any danger, he would be able to respond faster.

With Chu bubai's shrewdness, there was no way he wouldn't understand this, but he still had to stay at the back to hold the line. Lin Yi thought about it and came up with only two possibilities.

Either he felt that this place was dangerous, so he let Guo dengtao and the others walk in front, just in time to be cannon fodder, so that even if there was an accident, he could escape in time, or he had other intentions, but no one knew what kind of bad intentions he had.

The moonlight was hazy, and the visibility was only one step away from the heavy fog. There was also unknown existence that was faintly discernible in the fog, like a will-o'-the-wisp, but also more like a ghostly shadow. It formed an extremely strange and evil picture.

Everyone did not even dare to breathe loudly as they listened to Chu bubai's instructions. Just like that, one by one, they lined up in the fog and advanced.

If it was an ordinary person, seeing the ghostly shadows around them from time to time, their hearts would probably jump out of their chests. Fortunately, everyone was a master of the jiedan stage, so their minds were much tougher than ordinary people's. Some nervousness and fear were inevitable, but it did not affect their movements.

Chapter 4262 Ghost Fog Formation

In their eyes, there was nothing to be afraid of even if there were ghosts and monsters of the legends. Ghosts were just a form of the primordial spirit. No matter how powerful they were, they were far from being as powerful as cultivators.

Everyone cheered themselves on in this way. After walking for an entire incense stick's time, there were indeed no accidents. They couldn't help but feel more at ease, and their steps were no longer as timid as before.

However, after a while, Lin Yi felt that something was wrong. The Jade started sending out a faint warning. His heart jumped. Something was wrong!

"Xiao Tao!" Lin Yi subconsciously held Huang xiaotao's hand tightly and turned around at the same time. He realized that other than Huang xiaotao, who he was holding, the others had disappeared.

Before, no matter how thick the fog was, they could only see a vague shadow because they were only one or two steps away from each other. But now, they couldn't even see a shadow. Guo dengtao and Wang Feng, who were walking in front, and Chu bubai and Feng Hongyu, who were walking behind, had all disappeared in an instant.

There was indeed a problem! Lin Yi was shocked, but at the same time, he couldn't help but feel lucky that he was holding onto Huang xiaotao. Otherwise, Huang xiaotao might've disappeared with him.

"What ... What's going on here ... Why are the others missing ..." Huang xiaotao finally realized that something was wrong. Her voice could not help but tremble. After all, she was a girl. Being in such a strange environment, she was still very nervous.

"Don't act rashly. Let's observe the situation first!" Lin Yi lowered his voice and looked around, trying to use his spirit sense to sense the area. It was the same as before-his tried and tested spirit sense didn't react at all.

At this moment, a familiar voice came from behind. It was Chu bubai.

"This is the ghost fog formation! We can't stay here for too long. Everyone, hurry up and charge forward. As long as we keep charging forward, we'll be able to pass!" As soon as he finished speaking, a few swooshing sounds could be heard. It was clear that someone was rushing forward quickly.

Huang Xiao Tao subconsciously wanted to rush forward, but she was pulled back by Lin Yi before she could even take a step.

"Xiao Tao, calm down!" Lin Yi said in a low voice.

Although the sound was not loud, it was like an evening drum and a morning bell, directly hitting Huang xiaotao's heart. Her body suddenly trembled, and then she suddenly woke up with a face of shock.

"What ... What happened to me just now?" Huang xiaotao couldn't help but shiver in fear. Chu bubai's voice seemed to have some kind of bewitching magic that made her lose her mind, which was why she subconsciously followed his orders. If Lin Yi didn't pull her back in time, she wouldn't know where she would've run to.

"You must have been bewitched just now. Chu bubai is indeed strange!" Lin Yi said cautiously as he observed his surroundings.

It was only now that he finally understood Chu bubai's intentions. All along the way, everyone had followed him and built up enough trust. At the same time, they had subconsciously let down their guard and began to follow his orders blindly.

This was especially true after they had entered the fog. They had followed Chu bubai's instructions for almost every step they took, which further strengthened this subconscious habit. In addition, this person's voice had used some unknown method, which clearly had the effect of confusing people's minds. This was why everyone subconsciously followed his instructions.

This was a trap that had been set up from the very beginning. From the moment they agreed to join the group, everyone had already fallen into Chu bubai's hypnotizing rhythm. Chu bubai was actually so scheming!

Fortunately, Lin Yi had his suspicions from the beginning and paid attention to all kinds of suspicions, so he didn't take the bait like the others. Plus, he had a strong will, how could he be bewitched by ordinary people?

Although Lin Yi heard that something was wrong, he couldn't see the situation clearly in this place. He didn't dare to act rashly. At this time, he couldn't care about the others and could only care about Huang xiaotao.

"Confuse the mind? "No wonder I couldn't control my body just now ..." Hearing Lin Yi's words, Huang xiaotao was shocked. At the same time, she was secretly glad that Lin Yi was by her side."What should we do now?"

"I can't see the situation clearly, so I can only bide my time and stay here for a while." Lin Yi said as he tried his best to listen in on their surroundings.

In this situation, his eyes and divine sense were useless. Only his ears were slightly better. If there was any movement around him, he could at least hear some sounds.

"Yes." Huang xiaotao nodded with lingering fear. She held Lin Yi's hand tightly and, like Lin Yi, was on guard against everything around them.

The two waited quietly for a while, but there was no movement around them. To Lin Yi, no matter what tricks Chu bubai was up to, Guo dengtao and Wang Feng were still true-blue mid-stage golden core cultivators. Even if they fell for some kind of trick, there should still be some room for struggle. They wouldn't just be killed so quietly, right?

Of course, if one were to think about it in an extreme way, Chu bubai would not have left any room for them to turn things around given his shrewdness. It was not impossible for Guo dengtao and the others to disappear without a trace.

However, the problem was that Chu bubai had spent so much effort to bring these people who had nothing to do with him to this place and then killed them. What was the purpose of this?

Lin Yi couldn't figure it out yet, but he had a feeling that it had something to do with the baby ginseng. After all, the baby ginseng's scent couldn't be faked, but he couldn't tell what the connection was.

"Have they gone far? "Or ..." Huang xiaotao held Lin Yi's hand tightly and didn't dare to continue. Even now, she could still see the ghostly figures flashing around her.

If nothing had happened to Guo dengtao and the others, Chu bubai would definitely have come up with a countermeasure when he realized that they had not followed him. Even if he did not come back to look for them personally, he would have thought of ways to send a signal or something. However, there was no movement at all in front of them.

If Lin Yi was right and Chu bubai really had ulterior motives, then Guo dengtao and the others would most likely be dead. Thinking of this, Huang xiaotao couldn't help but feel her hair stand on end. If Lin Yi didn't pull her back just now, she would've definitely been dragged into this!

"I don't know. For now, we can only take one step at a time." Lin Yi said in a low voice. He wasn't sure what to do, so he could only wait and see.

Chapter 4263 All Dead

There were all sorts of unknown things around him, and all of them could be life-threatening. The only thing that made Lin Yi feel at ease was that the Jade no longer alerted him. Chu bubai aside, there was one thing he was sure of-he was safe for now.

But temporary safety didn't mean permanent safety. Lin Yi didn't want to stay in the same place for too long, but he also wanted to know what Chu bubai was up to. He held Huang xiaotao's hand tightly and walked forward carefully.

He'd only taken a few steps when the Jade started sending him signals again-the further he went, the stronger the signals got. Lin Yi was sure now that this place wasn't normal, and there was a 100% chance that something was up ahead!

After understanding this, Lin Yi stopped moving forward and stopped again with Huang xiaotao.

"We're not leaving?" Huang xiaotao turned to look at Lin Yi in surprise.

"Right, we're not leaving." Lin Yi nodded. He wasn't an idiot. He knew that there was a Dragon's pool or a Tiger's Den in front of him, but he still brought Huang xiaotao along. That wasn't daring, that was stupid.

"Then, we ..." Huang xiaotao looked at the fog around them and the ghostly figures that flashed past from time to time. She could not help but shrink her neck.

"It's fine. We'll just stay here. There's no danger. " Lin Yi smiled comfortingly-staying where he was meant that he'd be on his guard, and the Jade could warn him in advance. There was nothing to be afraid of.

"Alright," he said. Huang xiaotao nodded obediently. Although she was still nervous, she would do as Lin Yi said.

Time passed by bit by bit, and in the blink of an eye, the sky had already begun to turn bright, indicating that an entire night had passed. However, the fog had not dissipated because of this. Compared to the night, the visibility was slightly better, but it was very limited.

To Lin Yi's surprise, he and Huang xiaotao waited here for an entire night, but they didn't encounter any situation or danger. However, there was no news from those people. Chu bubai and Guo dengtao seemed to have really disappeared into thin air.

Lin Yi was troubled, but he didn't panic. As an assassin, patience was something he didn't lack.

Huang xiaotao, who was with him, was a little afraid of the strange and evil environment around her because of her girly nature. However, she had been doing trial missions for the past few years, so her patience was naturally first-class.

The two of them waited for the entire night, but they did not show any signs of impatience. After another three to four hours, it was probably noon.

"Lin Yi, should we just leave?" Huang Xiao Tao looked at Lin Yi with wide eyes. It wasn't that her patience had run out, but this place was just too scary, especially when she could see ghostly shadows flashing from time to time, but she couldn't figure out what it was. The more she thought about it, the more her scalp went numb and her heart was in a panic.

"Let's wait a little longer," Lin Yi comforted Huang xiaotao as he pulled her into his arms. Now that things had developed to this point, turning around and leaving was indeed the safest way. After all, they had the map Chu bubai gave them, and they had already taken the route once. It shouldn't be a problem to go back the way they came.

But Lin Yi didn't want to give up just like that. It would've been fine if he didn't smell the baby ginseng's scent, but he was sure that there was baby ginseng around!

No one would be willing to turn around and leave because of unknown threat. Even if they successfully escaped, they would definitely regret it.

Rather than regretting it, he might as well wait and see. Of course, even if he wasn't willing to leave just like that, Lin Yi wouldn't take Huang xiaotao to risk it. He still knew what to do.

"Oh." Huang xiaotao didn't say anything else and continued to wait quietly while leaning on Lin Yi.

In the blink of an eye, another ten to ten hours had passed. The sky was dark again, and the surroundings were dark and eerie. Lin Yi and Lin Yi still didn't hear from them. There was no news from the people in front of them.

Even Lin Yi, who was confident at first, was starting to get suspicious.

Could it be that the ghost fog formation that Chu bubai mentioned was really in front? Although there was indeed danger, it would be fine as long as they rushed over? As for Chu bubai and Guo dengtao, could it be that they had left via another route after obtaining the baby ginseng?

Lin Yi's mind was filled with question marks, and he lost confidence in his original judgment. He even felt that if he continued to wait here, he might not get anything in a few days!

Although it was safe for now, if time went on, who knew what would come out of this place? they had already waited for a day and a night. If they continued to wait, it would probably be in vain.

After thinking for a while, Lin Yi finally made up his mind to bring Huang xiaotao back first. However, just as he was about to talk to Huang xiaotao, he suddenly heard messy footsteps and heavy breathing not far away from the fog!

Lin Yi and Huang Xiao Tao's hearts tightened. The two looked at each other and quickly mobilized the Qi in their bodies. They were on full alert while trying to sense the situation ahead.

In the thick fog, not far ahead, a vague figure appeared!

Lin Yi and Huang xiaotao were shocked at the same time. It was only a rough outline, but they had been following this person these days.

The person in the fog was Chu bubai, who had disappeared for an entire day and night!

At this moment, Chu bubai was madly running towards Lin Yi and Lin Yi's direction, as if his life depended on it. It seemed like something was chasing him.

He was a late-stage golden core Master, but he was being chased to the point where his steps were messed up. Even if they couldn't see his face clearly, Lin Yi and Huang xiaotao could clearly feel his panic at the moment. It was simply unbelievable.

Lin Yi couldn't help but wonder who was behind Chu bubai.

Chu bubai didn't seem like a fake. Judging from his aura, he wasn't a weakling even among the late jiedan stage experts of the same level. To be able to make him so embarrassed, could it be that he was a powerful existence of the Yuanying stage?

Lin Yi and Lin Yi were still in a daze when they heard Chu bubai mumbling to himself in disbelief as he fled madly, "Phew! That shouldn't be the case! As long as the Golden cores of five jiedan stage experts were used as sacrifices, this ginseng would no longer have any offensive power. This was what Grandpa said personally, there couldn't be any mistake! When I controlled those devil ghost symbols, I should have already lured them over. Why are they still ... Ga!"

The voice stopped abruptly with an extremely shrill scream. Following that, the figure that was getting closer and closer to Lin Yi and Lin Yi was attacked by some kind of powerful force and turned into a bloody mist with a bang!

Chapter 4264 The Tiny Golden Person

Chu bubai, a scheming late-stage golden core cultivator, was killed right in front of Lin Yi and Lin Yi!

Witnessing this unbelievable scene with his own eyes, Lin Yi couldn't help but be a little dumbfounded. Huang xiaotao, who was beside him, was even more frightened by this extremely bloody scene and screamed out loud.

This time, Lin Yi suddenly woke up, but it was too late. Huang xiaotao's scream had attracted the thing that was chasing Chu bubai.

Lin Yi quickly blocked Huang xiaotao behind him. The unknown existence in front of them carried an indescribable but extremely powerful aura that swept towards the two at an extremely fast speed. Even the surrounding layers of fog seemed to open a path for it.

Lin Yi's eyes twitched as he looked at the creature-he could see what it looked like now that it was within a hundred feet of him. It was a golden man-like thing.

Even Lin Yi couldn't keep his cool anymore-what the hell was this thing?

Someone who could kill Chu bubai so easily must be a powerful monster no matter how he thought about it. Lin Yi even thought that it was some powerful original infant stage spirit beast, but this one was just a tiny golden man. It didn't seem to be powerful at all!

"Xiao Tao, beat him up!" Although he was suspicious, Lin Yi didn't dare to delay. He immediately let Huang xiaotao cooperate and used the wild fire Eight Trigrams palm with full force.

If he didn't learn from Chu bubai's experience, he might really let his guard down. Now that the bloody tragedy was right in front of him, he'd be tired of living if he still looked down on this golden figurine!

Plus, this golden little person was coming at him with a lot of momentum, and even the thick fog cleared a path for him wherever he went. If he couldn't even see that, there was no way Lin Yi would've lived until today.

BOOM! After such a long time of getting used to each other, Lin Yi and Huang xiaotao's cooperation was already very tacit. In an instant, two palms of the raging fire Eight Trigrams palm simultaneously hit the Golden little person's body.

The Golden midgets didn't even have time to attack before they were sent flying by Lin Yi and Huang xiaotao. They fell to the ground a few hundred feet away and twitched a few times before finally stopping.

However, Lin Yi and Huang xiaotao didn't let their guard down just because of this. After all, this thing was a powerful existence that could kill Chu bubai. With the power of the two's wild fire Eight Trigrams palms, they could heavily injure it, but they might not be able to kill it in one blow. What if it faked its death?

Lin Yi gave Huang xiaotao a look, and Huang xiaotao nodded in understanding. The two of them were on guard together as they approached the Golden midget step by step.

During the process, what made the two extremely surprised was that the thick fog around them was actually slowly becoming thinner. Visibility was much better, and their divine senses were also beginning to return to normal. The fog was gradually dissipating!

Lin Yi was even more surprised-he'd been thinking that the Golden Man had something to do with the mist, and it seemed like that was the case.

To be able to control such a troublesome mist, who exactly was this golden little person?

Lin Yi and Lin Yi walked up carefully and found that the Golden midget was indeed dead. It couldn't move anymore, but before they could let out a breath of relief, the Golden midget's body moved.

Lin Yi and Huang xiaotao jumped at the same time and subconsciously wanted to follow up with a wild fire Eight Trigrams palm, but they were immediately dumbfounded when they saw the changes on the Golden figure.

"Is ... Is this the legendary demon?" Huang Xiao Tao was stunned for a long time before she weakly squeezed out a sentence. Other than a demoness, she really could not think of any other words to describe the scene in front of her.

Lin Yi didn't know what to say either-the Golden midget's "corpse" had shriveled and deformed right in front of their eyes.

It wasn't a fake death, nor was it a corpse coming back to life. It just suddenly changed its appearance. It was a mini-sized golden little person before, but all of a sudden, it no longer looked like a human. Its hands and feet had become roots, and its head and body didn't look human at all.

After death, they would reveal their original form. From this point alone, they were really similar to the demons in the legends of ordinary people. It was said that when a spirit beast reached a certain level, it could transform into a human form. Wasn't that the case?

The two looked at each other for a while. Huang xiaotao didn't dare to look at these weird things anymore, but after Lin Yi stared at it for a while, an idea flashed in his mind and he quickly picked it up.

"Ah!" Huang xiaotao jumped in shock and quickly took two steps back, but Lin Yi pulled her back.

"Don't be afraid, Xiao Tao. We've gained a lot this time. Come and see!" Lin Yi looked at the item in his hand, his face full of excitement.

"Gain ... Gain?" Huang Xiao Tao was stunned for a moment before she dared to look at that thing again. After taking a closer look, she suddenly thought of something and could not help but be surprised and suspicious,""You're saying ..."

"That's right, this is the target of our trip, the infant ginseng!" Lin Yi said excitedly.

In fact, from the moment the Golden figure appeared, he had been suspicious because the baby ginseng's unique medicinal fragrance had clearly become much richer than before. However, at that time, his attention was focused on the Golden figure's strength and the changes in the surrounding fog, so he didn't have time to think about this point carefully. He didn't expect that this thing was actually the baby ginseng!

"This thing ... Is it really the baby ginseng?" Huang xiaotao's first reaction was not surprise. Instead, her expression became extremely strange. In her past knowledge and imagination, there was only one way for spiritual herbs and other natural treasures to exist, and that was to grow from the ground.

However, although this thing in front of him looked like a spirit herb, when it was alive, not only could it run and jump, it could even force a late golden core expert like Chu bubai into a sorry state and easily kill him. Was this also a spirit herb?

This time, Huang xiaotao's understanding of the world was overturned. She stared at the thing in Lin Yi's hand, speechless for a long time.

In fact, if he didn't use the ginseng to make the Golden pill, he wouldn't believe it himself.

"That's right, so we didn't come here in vain. " Lin Yi nodded excitedly after double-checking. The Tianxing path only gave him a thumb-sized piece of ginseng before, and it was enough to make a golden pill. Now, he had an entire piece!

Chapter 4265 Obtaining The Infant Ginseng

If all of them were used to refine the Golden elixir of the nascent soul, how many would there be? This concept, just thinking about it, already made people so excited that they were incoherent!

With this baby ginseng in his hand, even if he didn't do anything else, he would still have a big harvest on this trip to the southern island. Life was really unpredictable, and coming to Lufeng forest this time was really a wise move.

"That's great!" Huang xiaotao took a long time to digest it before she finally accepted the fact that it was baby ginseng. She was finally happy, but when she thought about the situation just now, her expression darkened again. "It's a pity that Chu bubai and Guo dengtao ..."

Although they had only known each other for a few days and did not interact much with each other, in Huang xiaotao's opinion, these people could be considered her teammates. They had all come here to take the risk for the baby ginseng. Now that they had accidentally obtained the baby ginseng, things had changed.

Chu bubai had died a tragic death in front of them. As for Guo dengtao, Wang Feng, and Feng Hongyu, even though they didn't see it with their own eyes, they knew that even the most powerful Chu bubai had died.

Over the years, Huang xiaotao had long adapted to the rhythm of the trial missions and had experienced the tragic deaths of her teammates. If it were anyone else, they might have become numb, but as a girl who was soft on the outside but tough on the inside, she might never be able to turn a blind eye to it.

Even though they had only known each other for a short time and had no friendship at all, Huang xiaotao still treated them as teammates from the bottom of her heart. She felt sad for their tragic deaths from the bottom of her heart, not secretly happy because of the competition for their interests.

"It's a pity for Guo dengtao and Wang Feng ..." Lin Yi patted Huang xiaotao's shoulder to comfort her. His tone changed, ""But Chu bubai deserved to die."

"Ah? Why do you say that?" Huang xiaotao could not help but be stunned. Like everyone else, she had felt that Chu bubai was actually quite a steady and reliable person.

"Xiao Tao, did you forget what he said before he died?" Lin Yi said, shaking his head.

"The words he said before he died?" Huang xiaotao thought about it and said in confusion, ""I think it's something like five Jindan stage Masters as a sacrifice ..."

"That's right. It's fine if Guo dengtao and the others know him, but we don't know him at all. It's an important secret that involves baby ginseng. Normal people wouldn't share it with others, right?" Lin Yi smiled coldly, "but not only did he do that, he even asked us to join him. Don't you think it's weird, Tao?" There's no such thing as a free lunch in this world, and there's no such good thing in the world of cultivation. "

"In that case, it's indeed very strange." Only then did Huang xiaotao realize that she let Lin Yi make all the decisions. She didn't think so much before, but now that he mentioned it, she suddenly realized.

"So, the five Jindan experts he mentioned before his death, which five people he was referring to, is already very obvious." Lin Yi said in a deep voice, "other than Chu bubai himself, you, me, Guo dengtao, Wang Feng, and Feng Hongyu are five golden core stage Masters. According to what he just said, as long as he sacrifices all five of us, the baby ginseng won't have any attack power. Then he'll have to keep it all to himself. He's really evil."

"That's too vicious! So, Guo dengtao and the others were all killed by him!" Huang xiaotao jumped in shock. She thought about it carefully and realized that it was true. She broke out in a cold sweat and was glad that Lin Yi's judgment was right. If Lin Yi didn't pull her back in time, she would have become a stepping stone for the other party.

With Chu bubai's shrewdness, Lin Yi could easily fool anyone else. By then, the five golden core stage Masters would become his chess pieces, and he'd be able to trick them into offering the baby ginseng.

Based on the attack power that the baby ginseng had displayed previously, any ordinary golden core stage expert would only be courting death if they went up. Once the five golden core stage experts died, no one would be able to compete with Chu bubai anymore. At the same time, the baby ginseng would lose its offensive power and become a natural treasure that was easily obtainable. This was killing two birds with one stone!

Chu bubai had planned everything from the beginning to the end, using the baby ginseng as bait and waiting for everyone to go in. Unfortunately, he didn't expect Lin Yi to be so wary of him. He and Huang xiaotao didn't even rush over, and in the end, they were killed by the baby ginseng.

He'd put in so much effort only to benefit Lin Yi and Lin Yi-he'd probably die with a grievance if Chu bubai found out about this.

"From the very beginning, I knew that there was something wrong with Chu bubai. However, I didn't expect him to be so sinister. For the sake of the infant ginseng, he didn't hesitate to use the lives of five of us to clear the way. His heart is truly sinister to a certain level." Lin Yi sighed, shaking his head.

"But ... Feng Hongyu is his cultivation partner! How could he be so cruel?" he thought. After the fear, Huang xiaotao still found it hard to believe.

"In front of a baby ginseng, you can even kill your own father and brother, let alone a Dao companion? Chu bubai is an ambitious person. His thoughts are different from us. " Lin Yi paused, a little regretful. "It's a pity that Guo dengtao and Wang Feng were killed by a teammate like Chu bubai. Although they weren't close, I can tell that they weren't evil people."

Huang Xiao Tao heard this and lowered her head in sadness. She was able to survive because of Lin Yi, but no one could save Guo dengtao and Wang Feng.

The world of practicing was cruel, and Lin Yi couldn't just care about everyone's life and death. The only thing he could do was take care of the people around him. As for the others, they could only count on themselves.

"However, it requires the sacrifice of five Jindan stage experts to make it lose its offensive power. This baby ginseng is indeed worthy of being the Supreme quality of spiritual medicine." Lin Yi saw Huang xiaotao's heavy mood and changed the topic, weighing the baby ginseng in his hand.

"That's right, no wonder infant ginseng can't even be heard of on the market. It's already so rare and difficult to find, but it also costs the lives of five jiedan stage Masters. The difficulty is really unimaginable. If it was so difficult to pick ginseng every time, how many people would die!" As expected, Huang xiaotao's attention was diverted. She covered her mouth in surprise.

"We don't necessarily have to sacrifice five golden core stage experts. This should only be a relatively unorthodox method. I reckon that the mainstream method is to directly kill it like what we did just now." Lin Yi muttered.

Chapter 4266 Someone Is Fighting

"With the infant ginseng's performance just now, for a Jindan stage expert, even for a Jindan Paragon, it would be very difficult to kill it, right? This infant ginseng's strength, is it already comparable to a Yuanying expert?" Huang xiaotao blinked.

After all, the combined strength of two early golden core stage cultivators like Lin Yi and her was comparable to an original infant stage cultivator-there was probably only one other sect in the world that could do this. Other normal golden core stage cultivators wouldn't be able to do this.

"Comparable to the original infant stage? That shouldn't be the case. I think he's only at the peak of the late Aurous core stage!" Lin Yi said after some thought.

If this infant ginseng was comparable to a master of the original infant stage, he and Huang xiaotao's wild fire Eight Trigrams palm could at most defeat it, but not kill it so easily.

But even so, this was already very exaggerated. It should be known that many of the people who went to great lengths to find the baby ginseng were jiedan stage Masters. In order to prepare to condense the Yuanying, they still lacked a jiedan. With the strength of the peak of the late jiedan stage, plus this fog that isolated the divine sense, it was enough to make them suffer a lot.

As the two were talking, Lin Yi suddenly realized that the fog around him was dissipating faster and faster after he got the baby ginseng. At this rate, it would all be gone in less than half an incense's time.

"Not good, we can't stay here for long. If we stay too long, we might attract trouble. We have to leave quickly." Lin Yi suddenly became alert and quickly put the baby ginseng back into the Jade. At the same time, he pulled Huang xiaotao's hand and prepared to leave.

One thing was for sure now-the mist was the baby ginseng's protection. Now that the baby ginseng was dead, the mist disappeared on its own. This wasn't good for Lin Yi and Lin Yi, who had obtained the treasure. In a sense, the mist could protect the baby ginseng and the two of them at the same time.

Now that the fog had dissipated and the baby ginseng's medicinal fragrance was so strong, if any cultivators passed by, they would most likely be attracted over. It was clear at a glance that an ordinary man's possession of a Jade was a crime, and that would be troublesome.

"Yes." Huang xiaotao didn't dare to delay and nodded repeatedly. She had been doing trial missions for so many years and was very familiar with these things. She immediately followed Lin Yi.

However, before the two of them could take a few steps, a bone-chilling laugh suddenly came from above them. All the Carrion Crows that had gathered within a radius of dozens of miles were instantly frightened away, which was really creepy.

Lin Yi was shocked and quickly protected Huang xiaotao behind him. He couldn't help but secretly regret it. He got the baby ginseng by accident and got carried away. Otherwise, with his always cautious style, he would've left after taking it. Why would he stay with Huang xiaotao in this troublesome place?

But, other than being a little too excited, the mist hadn't completely dispersed yet, and if it were someone else, they wouldn't be in a rush to leave. Lin Yi's reaction was normal, at most a little careless.

A figure descended from the sky with a creepy laugh. Lin Yi raised his head to look, and his heart skipped a beat!

This person actually descended from a height of several hundred feet. The grey clothes on his body seemed to be specially made. As his four limbs stretched out, they were like bat wings. He could glide in the air and even change directions agilely, shuttling quickly between the dense forests.

"Ah!" "What?" Huang xiaotao cried out in surprise. At first glance, this person looked like a giant gray-skinned bat. When she saw the baby ginseng transform into a golden figurine, she thought that it was also not a human, but a spirit beast in human form.

Lin Yi was shocked as well, but he wasn't shocked by the fact that this guy was a beast or a human. He was shocked by the fact that this guy was diving down from a hundred meters high. Wasn't he afraid of the miasma? After all, the height of the miasma was only a few hundred feet!

Lin Yi was sure that this guy was a human, but there was no way a human practitioner could ignore the miasma. Even if he wasn't afraid of being poisoned, the miasma's effect on his perception was almost the same as the fog just now. He could clearly sense him and Huang xiaotao in the miasma, how strong was this person?

Before they could react, the man in gray landed not far away from them in the blink of an eye. Only then did they see his face clearly. He was a middle-aged man with a naturally sinister face.

This person's most prominent feature was his tall aquiline nose, a pair of small and bright eyes, accompanied by a cruel smile. He was clearly a human cultivator, but standing in front of him, he gave off a dangerous beast-like aura, making people feel creepy and tremble.

Lin Yi's heart sank-it wasn't because of the man's appearance, but because of his strength. He couldn't see through him, which meant that he was at least an original infant!

The enemy was right in front of them, and it was impossible to escape at this time. Putting aside the fact that this person was strong, just from the way he appeared, it could be seen that this person must be a speed-type master. It was impossible for Lin Yi to escape with Huang xiaotao.

Even if he could, he wouldn't risk exposing his back to a nascent Soul Master at such a close distance. It wasn't only unwise, it was also a taboo in the pugilistic world-it was no different from suicide.

"Haha, it really is the aura of the infant ginseng. This trip wasn't in vain!" The Man in Grey sniffed the medicinal scent in the air and his dark eyes landed on Lin Yi and Lin Yi. He grinned, "It seems that the infant ginseng should have fallen into your hands. Hehe, letting the other ants go to their deaths first, then sitting back and reaping the benefits, you guys are really good!"

"Who are you?" Lin Yi's heart sank. The fact that the man could say something like that meant that he had already noticed them. It was just that the man's strength was too high, so no one, including Lin Yi and Chu bubai, had noticed him.

At that thought, Lin Yi couldn't help but feel scared. At the same time, he roughly understood the reason why this person waited until now to make a move. Other than wanting to reap the benefits, the other reason should be the fog.

It was obvious that even the grey-robed man couldn't see through the fog that was covering the baby ginseng. Otherwise, he would've already taken the baby ginseng before the fog dissipated.

After all, the guy said "probably," which meant that he didn't know much about what happened after they entered the mist, especially when Lin Yi and Lin Yi worked together to kill the baby ginseng.

Chapter 4267 Conflict

Lin Yi's reaction wasn't slow at all, understanding the whole situation in that short moment. However, this wasn't of much help to the current situation-the enemy was at least a nascent Soul Master, and that was the real problem.

"Who am I? Hmph, you're just an early gold core ant, do you think you have the right to know?" The man in gray laughed coldly and said in disdain, ""Don't waste your energy. You're still too young to play tricks in front of me! Hurry up and hand over the infant ginseng, and I'll consider letting you Live!"

"We have indeed come for the baby ginseng, but Sir is wrong about one thing. The baby ginseng is not in our hands, or else we would have run away long ago. Why would we stay in this damned place?" Lin Yi said without changing his expression.

"Hehe, I told you not to play tricks in front of me. You still don't believe me, do you?" The man in gray immediately laughed, and his laughter was filled with killing intent. His strange face, which was already ugly, became even more ferocious and terrifying. "You don't have the baby ginseng? Are you going to say that the baby ginseng ran away? "Hmph, the fog is the baby ginseng's protective umbrella. If the ginseng is in the fog, the fog will disappear if the ginseng dies. Now that the fog has dispersed, it can only prove one thing, the baby ginseng must have fallen into your hands. I also heard from the sky that you said it might attract trouble. If you didn't take the ginseng, what are you feeling guilty about?"

Listening to the man in gray's cold laughter, Lin Yi and Huang xiaotao couldn't help but look at each other speechlessly. This man not only looked fierce and strong, but even his analytical skills were quite strong. It seemed like today wouldn't end well!

"This ..." Lin Yi pretended to be shocked and guilty that his thoughts had been seen through. At the same time, his hand that was holding Huang xiaotao's tightened.

Although Huang xiaotao was nervous at this time, there was no doubt that she had a tacit understanding with Lin Yi. After feeling the strength of Lin Yi's hand, she immediately understood.

"How is it? Do you still want to continue quibbling?" The man in gray looked a bit proud. In his eyes, Lin Yi and Huang xiaotao were only two early golden core Masters, not worth mentioning. If they really fought, he could kill them with a slap.

However, the difference in strength was there. It would be meaningless to kill him directly. After catching a mouse, a cat had to play with it. The man in gray had always thought that he was extremely smart. At this time, he obviously had to use his intelligence to completely crush his opponent. Only then could he enjoy an extraordinary pleasure.

However, just as the man in gray was about to enjoy the superiority of his intelligence, Lin Yi and Lin Yi, who were cowering because of his sudden appearance, suddenly attacked without any warning!

Just a moment ago, the two of them still had a shocked expression on their faces, and they were still mice being casually played with by a cat's claws. However, the next moment, the sharp aura on their bodies suddenly soared to the sky. Without saying a word, they directly raised their respective strengths to the limit, and the wild fire Eight Trigrams palm!

They were just two little rats who had no way out. Suddenly, they had turned into wild wolves. At this moment, the ruthlessness and determination exuded from the two of them made the man in gray's heart skip a beat and he felt a chill.

As a master of the Yuanying stage, he would never have thought that two little ants in the early jiedan stage would not think about running away, but actually dared to take the lead to attack him. It was simply unbelievable, this world was crazy!

What they didn't know was that the only option for normal people was to run, but for Lin Yi, the only way to survive was to fight!

It wasn't easy to get the baby ginseng, and Lin Yi couldn't just give it away like this. After all, it wasn't a normal treasure-it was priceless! It couldn't be bought with spirit Jade, and there was no way it could be found on the market.

This was the key for him and Huang Xiaotao to break through to the nascent soul realm in the future. How could he hand it over?

Although the two of them couldn't use it for the time being, they would use it sooner or later. If they handed it over, perhaps they would never have the chance to reach the Golden Core stage in their life, which would be really sad.

So, Lin Yi and Huang Xiaotao only had one way to deal with this man in gray, and that was to fight with their lives on the line. After all, with the power of their raging fire Eight Trigrams palms, even if the opponent was a nascent Soul Stage master, they might still have the power to fight!

Seeing the two of them madly attacking him, the man in gray suddenly became furious. From the beginning to the end, he did not put these two little ants in his eyes at all. Facing the two people's wild fire Eight Trigrams palms, he did not Dodge or dodge. He calmly raised his hands and directly struck out two palms.

"Hmph! You actually dare to exchange palm strikes with me? I'll let you die with a clear understanding!" The man in gray snorted with extreme confidence. Besides speed, he was best at palm techniques!

The energy shattering palm was a palm martial technique that he had been painstakingly studying since he had embarked on the path of cultivation. It could also be considered the Natal martial technique that he was most proud of. Its destructive power was strong enough to make people tremble in fear.

When the essence shattering palm was cultivated to a high level, especially after he had reached the nascent Soul Stage, not only could it destroy the physical body, but it could also be used as a spiritual attack, which was enough to shatter the opponent's primordial spirit. This was the origin of the essence shattering Palm's name.

Physical injuries were easy to heal, but primordial spirit injuries were difficult to heal. Even if the other party was lucky enough to survive the yuan Shen's attack, he would be doomed forever because his primordial spirit would be severely injured. He would only be able to sink into the abyss of pain and suffering, never to be able to recover.

Such a tricky martial skill, even if a Yuanying stage master encountered it, he would have a headache, let alone two early jiedan stage ants, not to mention a direct hit, as long as there was a little bit of aftermath, they would die without a doubt.

Bang! Bang! The four palms collided, and a loud explosion suddenly erupted in the silent Lu Feng forest. At the same time, it set off a monstrous wave of air. All the vegetation within a few miles, including the towering ancient trees that were hundreds of feet tall, were uprooted in the blink of an eye and swept into the monstrous wave of air. The scene was so shocking that it left everyone dumbfounded.

At the center of the blast, Lin Yi and Huang xiaotao both took a few steps back after the exchange and fell to the ground. The gray-clothed man didn't have any advantage either and also took a few steps back.

This time, the man in gray looked at Lin Yi and Lin Yi again, unable to hide the shock in his eyes.

When he saw the two of them take the initiative to attack him, the man in gray had already felt that their auras were somewhat extraordinary. However, the disparity in their strength was obvious. At first, he did not take it to heart and only thought of killing them with one move. He did not expect that this would be the result of the palm attack.

Chapter 4268 Everyone Gets Half

As the two retreated, Lin Yi was forced back as well-from the looks of it, they were on the same level!

The two ants in the early golden core stage could join hands to execute such a fierce martial technique, which was comparable to the full blow of a master in the late golden core stage!

Although this man in gray had the strength of a Yuanying stage master, he had been too careless just now. That's why he fell into such a difficult situation, being forced to a draw by two early jiedan stage juniors. Even if it was only this one move, it was enough to lose face.

The man in gray's face suddenly turned gloomy, and the blood in his body churned. He realized that he had been caught off guard just now and had suffered a little injury. He was really in a sorry state.

"Hmph, you've got some skills. Two mere early jiedan stage cultivators were able to exchange two palm strikes with me. You two should be proud of that." The man in gray did not attack again. Instead, he sneered from a hundred feet away, "'It's a pity that you can only stop here. There has never been a golden core stage expert who has suffered my shattering Yuan palm and is still alive. Although the two of you are worthy of praise, it's a pity that you still can't escape death, hahahaha!"

"Oh? You're that confident?" Lin Yi was still sitting on the ground. Both his and Huang xiaotao's faces were not looking good at the moment, but after hearing the man in gray's words, he raised his eyebrows and asked faintly.

"Confidence? Hmph, what kind of confidence is this? it's just common sense. I can't deny that the power of your combined palm technique is indeed worthy of praise, but it's a pity that it's only a crude and low-grade palm technique that only knows how to randomly attack!" The gray-robed man sneered confidently, "even if you can resist my essence shattering palm on the surface, how can trash like you resist the damage to your primordial spirit?" Your primordial spirit is clearly severely injured, but you're still pretending to be good in front of me. I'd like to see how long you can hold on, hahahaha!"

"His primordial spirit was heavily injured?" Lin Yi couldn't help but smile at the man as if he was looking at an idiot. "There's a limit to how much you can deceive yourself, right? Which eye of yours can tell that our primordial spirits have been severely injured?"

Without waiting for the other party to reply, Lin Yi and Huang xiaotao stood up, hand in hand. Both of them looked relaxed. They didn't even have any physical injuries, let alone injuries to their souls. They were completely fine.

"How ... How is this possible?!" The man in gray was dumbfounded on the spot, and he couldn't even speak properly for a while.

He had absolute confidence in his own shattering Yuan palm. Even if he had been careless just now and did not use his full strength to exchange blows with his opponent, he could at least injure his opponent's primordial spirit. How could he be completely fine? Was he seeing things?

What he didn't know was that normal golden core stage Masters couldn't handle his energy shattering palm, and neither could Lin Yi and Huang xiaotao. It was a pity that Lin Yi had an invisible helper, called the ghost thing!

In terms of controlling the primordial spirit, the ghost claimed to be the second in the world, but no one dared to claim to be the first. This was a real great Grandmaster. Even if the other party was a master of the Yuanying stage who was good at this, how could he be compared with the ghost in this aspect?

The spiritual sense attack that the man in gray had mixed in with the energy shattering palm had been dissolved by the ghost without a sound. The method was so profound that he could not detect it at all.

"The truth is right in front of you, and you still think it's impossible?" Lin Yi couldn't help but smile. He gave Huang xiaotao a look, but he didn't attack immediately. "Do you think that you can defeat us just because our strength is average? Hehe, aren't you a little overconfident?"

Lin Yi's calmness made the man in gray panic. The way he looked at Lin Yi and Lin Yi finally changed from arrogant to serious.

He could see that the two of them really didn't have any injuries at all. After getting hit by the energy shattering palm, not to mention heavily injuring their spirits, they didn't even have the most basic physical injuries. In contrast, he himself was the one who suffered a small injury!

From the looks of it! Although the strength of the two people in front of him was low! When they joined forces, their combat power and defensive power seemed to be no less than his. It could be said that they were on par!

There must be something wrong with this abnormal situation. The man in gray's heart suddenly quivered. He felt that today's matter was not as easy and pleasant as he had imagined.

Lin Yi let out a sigh of relief after seeing the change in the man's expression. The man had been acting all high and mighty from the start, looking down on the two of them, and now that they'd exchanged a blow, he was scared by his appearance again. He'd thought too highly of them.

In fact, in that exchange of blows, although the ghostly thing had helped Lin Yi and Huang xiaotao erase their divine sense attacks, the destructive power of the opponent's energy shattering palm was still not

to be underestimated. Lin Yi and Huang xiaotao were actually both injured quite badly, or they wouldn't be in such a sorry state, falling back from the impact.

However, Lin Yi could heal himself quickly, and with his hand holding Huang xiaotao's hand, even Huang xiaotao's injury was healed in a few words, which was why he was so calm.

But the man in gray didn't know this. In his eyes, he only knew that Lin Yi and Huang xiaotao faced his proudest Yuan shattering palm, and both their bodies and Yuan spirits were unscathed. What this represented was really chilling!

"Alright, I'm not an unreasonable person. Since you've already proven your strength, I'll admit that you have the qualifications to talk to me." The gray-robed man said in a deep voice.

"What do you mean?" Lin Yi and Huang xiaotao were taken aback. The man in gray's words instantly dissipated the pressure he was giving them. He saw that they weren't pushovers, so he was planning to negotiate? This guy's skin was really thick enough!

It was the truth-to be able to reach the original level, The Man in Grey had to have been through a lot and had a lot of battle experience. Even if he couldn't see through Lin Yi's and Lin Yi's trump cards, he knew that these two weren't as easy to deal with as he thought.

If he continued to force his hand, although he, a Yuanying stage master, felt that his chances of winning were higher, but with the degree of difficulty that these two people had just shown, it would inevitably take a lot of effort. It was even very likely that both sides would be injured, which was not worth it! What he was most afraid of was provoking a third party in the fight, and then he would not get anything.

"It's very simple. According to the rules of wilderness adventures, whoever sees it will get half. As long as you hand over half of the baby ginseng, I'll let you two go and mind your own business." The gray-robed man said with certainty.

Chapter 4269 See That?

"Half for everyone who sees it? That's a little too much!" Lin Yi didn't reject or agree right away, but he looked troubled and frowned, hesitating.

Huang Xiaotao, on the other hand, didn't have any intention to speak. Everything was up to Lin Yi. She didn't participate in the decision-making and only listened to Lin Yi's orders.

Hearing Lin Yi's troubled tone, the man in gray didn't get angry. Instead, he was secretly happy. From Lin Yi's tone, there was a chance!

It was well known that the higher the level of a person, the more they would treasure their life, and the more they would not easily fight with others. This was human nature. If he was facing a Yuanying stage master of the same level, the man in gray might not hesitate to fight to the death, but in the face of two early Jiedan stage Masters, it was like a billionaire trying to die with a roadside beggar. No matter how he thought about it, this was a big loss.

So, the man in gray wasn't afraid of Lin Yi bargaining with him, but he was afraid that Lin Yi would be one-track minded and risk his life to fight him. It wouldn't be a good thing for him if both of them were injured.

"As long as we split it in half, you guys can walk your path and I'll walk my path. I won't touch a single hair on your head. But if you don't give it to me, then we'll have to fight to the death. Even if you guys have some skills, you're still only at the Golden Core stage. I was careless just now and held back, allowing you guys to escape. If we really fight, what do you think your chances of winning are?" The man in gray analyzed the situation.

"Well ..." Lin Yi hesitated, but before the man in gray could celebrate, he said, ""How do we know what our chances of winning are if we don't fight?"

F * ck, he's really a silly kid! Hearing this, the man in gray's anger instantly soared. He wanted to immediately kill this ignorant kid.

"I'm just giving you a kind advice. You'd better think it through before you say it. I treat you as the number one figures, so I'm giving you a chance to discuss it." The man in gray really didn't want to fight to the death with Lin Yi and Lin Yi. He had to be patient and try to persuade them, ""My patience is very limited. If you are just acting like a fool and if you really fight, it is hard to say whether you two can walk out of here alive. The pros and cons are so obvious, you can't possibly not see it clearly, right?"

"But, we've worked so hard to get the baby ginseng, and you want half of it the moment you come. What a joke!" Lin Yi pursed his lips as he spoke, but he couldn't hide the uncertainty in his eyes.

If it were anyone else, they would not be willing to give up at this time. The man in gray had expected this, but he was secretly happy. As long as this kid was not a one-track minded fool, there would not be a problem.

"So you're saying that I asked for too much?" The gray-robed man said with a frown.

"Of course, and you said that whoever sees it will get half. There are three of us here, and you came later. Why should we give you half, while the two of us can only share the remaining half?" Lin Yi pretended to hesitate.

"Hmph, so it's still my fault?" The man in gray's expression was not too good, but after a moment of hesitation, he suddenly gritted his teeth and said, "Fine, since that's the case, I'll take a step back. I don't need half, just give me a third!"

Although he appeared to be in pain on the surface, he was actually just putting on an act. At this moment, the gray-clothed man's heart was burning with greed. This was an entire nascent ginseng. Even if it was only a third, it was already a huge piece.

"One-third?" Lin Yi was a little moved, but he hesitated. "But four of my teammates died for this baby ginseng. To give you a third of it ..."

"Little brat, I'm telling you, one-third is already my bottom line. Don't you know what's good for you and take advantage of me!" The man in gray said with a dark expression. He thought that since he had made such a generous offer, the other party would definitely agree immediately. He did not expect that the other party would still be so hesitant. He could not help but be furious again.

"Insatiable? Hehe, Your Excellency's words are reversed, it was clearly our team that paid four lives to obtain the infant ginseng, yet you want to take a third of it as soon as you come up, who's insatiable?" Lin Yi said, straightening his neck.

"Then what do you want?" The man in gray was suddenly angry. He was a master of the Yuanying stage, but he had to lower his head in front of two ants in the early jiedan stage. Now, not only did the other party not buy it, but they also took advantage of his nose. This was really intolerable. Even if an uncle could tolerate it, he couldn't tolerate it!

"What do you want?" Lin Yi asked.

"Kid, I'm being so kind to discuss this with you. Don't think that I'm afraid of you! If you really exhaust my patience, today will be the day you die!" The man in gray was filled with killing intent again, but he did not attack. Instead, he continued, ""How about this? a quarter, no less. Otherwise, I'll kill you right now!"

"Oh, alright." Lin Yi nodded his head, but before the man could celebrate, Lin Yi's next words stunned him. "Then I'll just kill you."

Before he finished his sentence, Lin Yi and Huang xiaotao attacked again with great tacit understanding. The two were telepathic. Lin Yi didn't leave any hints when he spoke just now, and Huang xiaotao was already prepared. The wild fire Eight Trigrams palms together, attacking instantly.

The Man in Grey was shocked-it was the two of them who attacked first, and he didn't expect the same thing to happen again. It was the two of them who attacked him first! It seemed like they didn't even care about a nascent Soul Master like him!

"Hmph, since you're so determined to die, I'll fulfill your wish!" The man in gray laughed in anger-he was a true nascent Soul Master, after all. Even if Lin Yi and Lin Yi attacked so suddenly, he could still react in time. He gathered his Qi and used the energy shattering palm again.

The man in gray sneered, his body was full of killing intent. He didn't use his full strength in the previous palm attack, but this time, he must let the two experience the true strength of an original infant stage master!

Bang! Bang! The four palms met and created another wave of air, but this time it was different. They were evenly matched before, but this time the man in gray didn't hold back at all. He condensed all his Qi into his palms and sent Lin Yi and Lin Yi flying away, while he himself didn't move at all.

"See, this is the truth ..." The man in gray laughed proudly, but before he could even say the word "strength", the situation changed. The two were indeed sent flying, but before Lin Yi was sent flying, his other hand suddenly threw something at him.

Chapter 4270 Luck Is Here

The man in gray didn't expect Lin Yi to still have something up his sleeve. He was caught off guard, and the thing hit his face.

A super bomb that combined pure Qi and fire-this was Lin Yi's true killer move. He'd been stalling for time just now, all for the sake of condensing this bomb!

The man in gray didn't know what it was, but the extremely dangerous aura it gave off made him instinctively shiver. Unfortunately, he had gathered all his Qi on his palms to guarantee that he could kill Lin Yi and Lin Yi in one move, and his face was completely unprotected at this moment.

BOOM! The Super bomb exploded on the man in gray's face, and the nearby forest trembled. Not only did it alarm the entire graveyard of spirit beasts, but even the spirit beasts and cultivators within a hundred miles were so shocked by the sudden eruption of a powerful aura that they did not dare to move for a long time.

The entire graveyard of spirit beasts trembled when the Super bomb went down. The man in gray, who couldn't Dodge in time, was blasted black all over, and his face was covered in blood.

However, the vitality of a Yuanying stage master was really strong. Even so, this guy was not dead, but was screaming in pain!

Even Lin Yi himself was shocked by the scene. The Super bomb was his last trump card, and if it couldn't kill the man in gray, then he was in deep trouble.

However, after seeing the condition of the man in gray, Lin Yi's heart calmed down. The man was not dead, but he was obviously seriously injured, and most importantly, his eyes were blinded!

Although cultivators at the Yuanying stage were already used to using their spiritual sense to sense things, most of the time they still relied on their eyes.

This was especially obvious in the moment one's eyes were blinded. Even if one knew that one could use divine sense to replace perception, one would still subconsciously panic and become truly blind.

"Attack together, don't give him a chance to catch his breath!" Lin Yi gave Huang xiaotao a look and shouted.

Both he and Huang xiaotao had suffered serious injuries from the previous exchange of blows. Even with his ability, he would not be able to recover in such a short period of time. However, this was an opportunity that could not be missed. This was the man in gray's weakest moment. If he missed this opportunity and waited for him to calm down, all his previous efforts would have been in vain.

With the strength of an original infant stage master, once he recovered, even if he couldn't kill Lin Yi and Huang xiaotao, if he wanted to escape, Lin Yi and Huang xiaotao would definitely be unable to do anything.

As expected, Lin Yi's deliberate shout made the already flustered man in gray even more helpless. This was a psychological attack!

Facing this kind of enemy, not to mention Lin Yi, even Huang xiaotao would not be soft-hearted. Many years of experience in trial missions made her understand that being kind to the enemy was cruel to herself. She immediately cooperated with Lin Yi and attacked with full force.

BOOM! The two palms of the wild fire Eight Trigrams hit the man in gray's Mingmen. He was already seriously injured by the Super bomb, and now the man in gray was making things worse. After screaming and struggling for a moment, he finally could not move anymore.

"He's dead," Lin Yi checked the man's aura and let out a sigh of relief after confirming it. He nodded to Huang xiaotao.

Huang xiaotao's legs turned to jelly and she almost fell to the ground. From the moment the man in gray appeared until now, she had been on edge. Facing an original infant stage enemy at such a close distance, the terrifying pressure that was almost tangible was not something that ordinary people could withstand.

And this was even when most of the opponent's attention was on Lin Yi. More than 70% of the pressure was blocked by Lin Yi. If it was just Huang xiaotao herself, she really couldn't guarantee that she wouldn't have the courage to attack. If it was any other ordinary early golden core Master, they would've probably been scared to death.

After making sure that the man was dead, Lin Yi searched his body. Killing people for treasures was common knowledge in the world of practicing. It wasn't the original intention, but since he'd already killed him, Lin Yi didn't mind taking the money from the dead.

This was a Yuanying master, and anything he dropped would be a rare treasure, and there might be something good that Lin Yi and Huang Xiaotao could use.

After searching the man's body for a while, Lin Yi found an exquisitely designed pocket in the wide sleeve of his right hand. He pulled it down and was shocked.

"What's wrong?" Huang Xiaotao asked nervously, thinking that something had happened.

"It's nothing, I just realized that this guy is actually a good person ..." Lin Yi said with a weird expression.

"Ah? He's a good person?" Huang Xiaotao was even more puzzled, thinking that she had really killed the wrong person. She could not help but panic, "Then ... Then what should we do? Aren't we killing a good person by mistake?"

"Not really. If we didn't kill him, he wouldn't be a good person to us." Lin Yi smiled and passed the bag to Huang Xiaotao, "Take a look,"

Huang Xiaotao was confused. She took it and looked inside. Suddenly, she was stunned. She cried out in disbelief, "This ... This is the Wandu golden core fruit?"

The bag wasn't big, and there were only a few heavenly treasures inside. It seemed to be the gray-clothed man who had just collected them on this trip to Lufeng forest. Anything that caught his eye naturally wouldn't be ordinary. Any item that was randomly taken out from the bag was a good thing that couldn't be bought outside.

Huang xiaotao couldn't recognize the other fruits, but she recognized two of them immediately. They were the Wandu golden core fruits she got with Lin Yi at hucai tianwu mountain!

"That's right. Just as he was about to doze off, he took the initiative to deliver a pillow to his door. Xiao Tao, do you think this guy is a good person?" Lin Yi laughed, his mood lifted.

In terms of value, the baby ginseng was far above the Wandu golden core fruit, but Lin Yi and Lin Yi didn't need it in the short term. What they needed the most right now was the Wandu golden core fruit.

The reason why they had agreed to come to Lu Feng forest with Guo dengtao this time was that they had come for the Wandu golden core fruit. However, Chu bubai's presence had changed their minds at the last minute.

Lin Yi didn't think that this would be the result of his trip to Lufeng forest. He had just gotten the baby ginseng, and now someone was giving him the Wandu golden core fruit. Luck was on his side.
