

Bodyguard 4321

Chapter 4321 Instructions To Huang Xiaotao

If they gave up halfway, they would be following in the footsteps of that person just now. They had already spoken such harsh words, and there was no way that the experts of the morning stars Academy would ignore them. Even being crippled was a light punishment. If they really fought, they would definitely be greeting them to death.

But if he didn't give up halfway, with Lin Yi's five elements and seven attributes, it would be strange if he didn't cause a commotion. Even the Dean Ling Yuanqing would be moved. If he rejected it in public, it would be like GE wei said-it would be a slap to the Morning Star Academy's face. People might even think that he came here to cause trouble because of his talent!

Things would get out of hand if that happened, and Lin Yi's only option would be to change his mind and go to the East continent's Morning Star Academy. He didn't even need to think to know what would happen to him if he didn 't.

However, Lin Yi still had a lot of things to worry about in the North Island, and he really didn't want to go to the East continent right now. Besides, as he said before, even if he went to the Morning Star Academy with his current strength, he wouldn't be able to protect himself, and he'd only bring trouble to Xinyan.

Ge wei stood at the side for a while, and since Lin Yi didn't ask him anything else, he walked away after saying goodbye. He wanted to sell a few more scrolls before the guards noticed him, and earn some spiritual Jade.

"What's wrong?" Huang xiaotao suddenly pulled on Lin Yi's sleeve and asked worriedly.

Ge wei only thought that Lin Yi's expression was a little weird, but they weren't that close, after all, and he didn't want to get involved in Lin Yi's personal affairs.

But Huang xiaotao was different. She was always paying attention to Lin Yi's expression. With their close relationship, she could feel it if Lin Yi did something wrong.

"Xiao Tao, you heard GE Xun's words, right? we're in trouble this time. Maybe we'll have to change our mind to pass ..." Lin Yi shrugged helplessly. Even with all his trump cards, he really didn't know what to do in this situation.

"Then ... Then what should we do ..." Huang xiaotao panicked. Although she didn't reject going to the East Province, she still yearned to go there. But there was an absolute condition, and that was to go with Lin Yi.

If Lin Yi didn't want to go to the East continent, then she didn't want to go either. If Lin Yi was forced to go, then even if she went with him, she wouldn't be happy because of Lin Yi.

The situation that worried Huang xiaotao the most was that both she and Lin Yi were going to participate in the selection. It would be fine if both of them were selected, but what if one of them was selected and the other wasn't? what would happen then?

This situation wasn't impossible, it was very possible. Although Huang xiaotao didn't know that Lin Yi had the five elements and seven attributes, she believed that Lin Yi was a rare genius with all the miraculous things he had done in the past. It was normal for him to pass the Morning Star Academy Selection.

But Huang xiaotao was different. She'd always been praised for her talent, but that depended on who she was compared to. Compared to normal people, she was pretty good, but when compared to a weirdo like Lin Yi, she was far from good enough.

With her qualifications, it was hard to say if she would be able to catch the eyes of the big shots at the Morning Star Academy in the end. Being eliminated was a very normal thing.

Huang xiaotao couldn't help but panic at the thought of being separated from Lin Yi from now on. She couldn't help but hold Lin Yi's arm tightly, afraid that Lin Yi would run away if she let go.

Lin Yi hugged Huang xiaotao lightly and was silent for a moment before he spoke slowly, "Don't worry. It's not a big deal to have thought it through. After you go up, just follow the normal procedure. Don't think about hiding or resisting. If you can be chosen by them, that's a good thing. I'm happy for you. If you can't be chosen in the end, it doesn't matter."

"Really?" Huang xiaotao blinked her eyes, still a little worried. She was afraid from the bottom of her heart that she would be separated from Lin Yi. If they were to be separated forever, she really didn't know what to do.

"Yes, I'm here. It'll be fine." Lin Yi nodded with a smile and took a deep breath.

"Oh." Only then did Huang xiaotao relax. Lin Yi's ability couldn't be measured by common sense. Since he said it was fine, then it was definitely fine.

Little did they know that Lin Yi could handle other dangerous situations with all his cards, but this situation was the only one he really didn't have the confidence in. He only said this to comfort Huang xiaotao.

The only thing he could do now was to bite the bullet and fight-the only thing he could count on now was that golden finger of his that was hiding his strength.

After going up, he would deliberately suppress his strength, and at the same time try his best to suppress his spiritual root attributes to one. That way, he shouldn't be selected by the Morning Star Academy.

However, he wasn't sure if his cheat would be able to trick the stone tablet that was used to test one's spiritual roots. If it succeeded, it would be good, but if it failed, then there was nothing he could do.

Of course, this was a last resort. When there was no other way, Lin Yi could only bet on this. Whether it would work or not was up to God.

In the current situation, other than being forced to participate in the selection, Lin Yi had to face an additional problem. Huang xiaotao's test number was behind him!

What was even more annoying was that Lin Yi and Huang xiaotao's seats weren't exactly at the back, and the morning Star Academy didn't just arrange the selection based on first come, first served. They arranged the selection according to the area and then randomly arranged it, so as to avoid people from cutting the line and deliberately squeezing forward to cause chaos.

It just so happened that Lin Yi's group was next, and because they had to line up early, a couple of staff members in charge of maintaining order were already standing not far from the two, raising their hands for Lin Yi to follow the line.

This meant that even if Lin Yi wanted to exchange his test card with Huang xiaotao at the last minute, it would be impossible!

After all, it was a selection with nearly ten thousand people. The Morning Star Academy had extremely strict control over the order of the scene. Even forfeiting halfway was not allowed, and cutting queue was even more nonsense.

There were at least five or six staff members around, watching the team's situation under the watchful eyes of the crowd. If Lin Yi were to suddenly switch with Huang xiaotao, who knew what kind of storm it would cause!

Chapter 4322 4320-Losing Composure

Lin Yi couldn't help but complain to himself-this was really a case of "when there was a leak, there was a rain at night." He should've moved faster and exchanged his test card with Huang xiaotao before they lined up.

In that case, regardless of whether Huang xiaotao got chosen or not, Lin Yi could still come up with a countermeasure. If Huang xiaotao got chosen, with Wang Xinyan as a concern, Lin Yi could only grit his teeth and follow her to the East continent.

But now, Lin Yi was deliberately hiding his spirit root attribute. What if he succeeded in deceiving him and didn't pass, but Huang xiaotao was chosen? what should they do?

However, if the situation was different, and Lin Yi didn't hide his spirit root attribute and was chosen by the Morning Star Academy, but Huang xiaotao wasn't, wouldn't that be even more F * cking?

If Lin Yi was left alone, he could make it back to the North Island, but it was a different story for Huang xiaotao. She was a woman, and it was easy for her to get into trouble alone. Besides, an early golden core wasn't that strong, how was she going to go back alone?

Choosing the lesser of two evils, Lin Yi decided to be safe. He decided to hide his spirit Root's attribute first. No matter what, he had to make sure he could stay. The worst result would be Huang xiaotao being chosen. It wouldn't be too bad.

He'd been in the long line long ago, but there were still a lot of people in front of him. He'd been waiting for two whole hours before it was finally Lin Yi's turn.

"Let's go. " The staff looked at Lin Yi and signaled for him to walk to the stone tablet to test his spirit root.

Lin Yi nodded slightly. He was a little nervous, but he didn't show it on his face. He didn't back down at all, and even seemed eager to try. He was no different from the other candidates who were looking forward to joining the Morning Star Academy.

Lin Yi knew that the more he backed off, the more suspicious he'd be, especially with the big shots on stage. They were all sharp-eyed Masters, and he'd be dead if he gave himself away.

Besides, he had to be able to fool himself first before he did that-the stronger he was, the more he'd be able to trick people without leaving a trace. This was something Lin Yi had to learn before he left the sect.

Lin Yi glanced at the big shots on the stage, especially the three mountain opening powerhouses in the middle. His strength was far from these people's.

Although it might be a bit exaggerated to say that he was killed by a look, he was only an early jiedan stage cultivator on the surface. Not to mention facing these people, even if the other party just raised their hand, it was already considered to be giving him face. As for the outcome, of course, there was only one possibility, and that was to be killed by these mountain opening stage Giants.

Facing this cruel reality, anyone would feel helpless, but Lin Yi could only choose to accept it, burying it in his heart and using it to stimulate himself, to get stronger.

Just as Lin Yi looked at the three mountain split sect heads, his eyes involuntarily met with Wang Xinyan, who was sitting beside Donghai Sheoni!

"Lin ..." Wang Xinyan cried out in shock, and quickly covered her mouth as she realized where she was. Her eyes were filled with disbelief and unconcealable joy!

She had a wide view from where she was, but Lin Yi had been sitting in the crowd before-it would've been hard to notice even if she'd known, let alone when she didn't know anything. Now that Lin Yi was standing up, she could see everything clearly!

Compared to Lin Yi's first reaction, Xinyan's happiness was far greater than Lin Yi's. The third goddess of the Lin sea never lost her composure in front of others, but she couldn't control herself at this moment.

Lin Yi was always thinking about Xinyan, but there was more than one girl he needed to think about. Xinyan, on the other hand, was different-Lin Yi had been appearing in front of her almost every day in the past year, but only in her dreams.

She'd only dream of what she thought of in the day at night-she'd been thinking of Lin Yi every day for the past year, thinking about where he'd gone, how he'd been, and if he'd suffered any grievances.

More than once, she'd wanted to leave the Morning Star Academy and travel all five Sky Class islands to look for Lin Yi, but her master, Donghai, stopped her every time.

Without strength, it was impossible to move a single step on the Sky Class Island, let alone look for people. These were the exact words that Donghai's nun had said to her, and so she began to work hard on her cultivation. She didn't have much desire for strength before, but in the past year, she had become more hardworking than anyone else.

The sponge body was like a sponge absorbing water, it could quickly increase one's strength. With Donghai's one-on-one guidance and cultivation resources, and Wang Xinyan's crazy training day and night, she was able to jump from the peak of the Sky Class all the way to the early nascent Soul Stage in a year.

He'd created a legend in the world of practicing, and he'd also witnessed how deeply in love Xinyan was with Lin Yi-she wouldn't be where she was today if she didn't miss him so much.

"Yan 'er, what's the matter?" Donghai Shanni suddenly turned his head and asked. Xinyan was trying to hide it, and people who didn't know her might not be able to tell, but she was her master, who she met every day. After all, Xinyan's uneasiness was quite different from how she usually acted.

"No... Nothing ..." Wang Xinyan quickly shook her head and came up with an excuse. "It seems that when I was cultivating just now, my true energy went a little off. I'm a little uncomfortable."

"Really?" Donghai's nun didn't suspect anything. She knew about the sponge body, and it was easy for one to go wrong if they weren't careful. She immediately took Xinyan's pulse and checked it carefully.

After a while, Donghai Shanni seemed to be confused, but he still heaved a sigh of relief and said, ""I'm fine. There are no signs of damage to my meridians, so there shouldn't be any major problems. Yan 'er, you just need to rest for a while. Why don't you return to the inn first? in any case, you don't have anything to do here. "

"Thank you, master, but it's better for this disciple to stay here. After all, this is a big event for our Academy. It's not good for this disciple to be absent without permission. In any case, it's not a big deal. Sitting here is also a rest." Xinyan shook her head-it wasn't easy for her to see Lin Yi again, how could she just leave like that?

Chapter 4323 Successfully Deceived

"Alright then. If you're still not feeling well, tell me as soon as possible. It's just a formality. It's fine as long as I'm here. It's fine if you want to go back." Dong Hai Shen ni nodded and did not say anything else.

"Yes." Xinyan let out a sigh of relief, glad that her master had always doted on her and never suspected anything. Otherwise, she would've been exposed.

Xinyan had a good relationship with Donghai's nun, and she wouldn't hide anything from her, but it was still a public event. If her relationship with Lin Yi was exposed, it wouldn't be good for either of them.

After that, Xinyan looked at Lin Yi quietly, and saw him nodding at her without making a sound. She immediately understood what Lin Yi was thinking, and her lips curved up into a beautiful smile.

After giving Xinyan a look, Lin Yi didn't look at Xinyan anymore. He started testing his spiritual roots like any other participant.

Just like GE wei had said, no matter who it was, no matter if they were chosen or not, as long as someone had a relationship with a goddess like the third fairy, even if it was just a simple conversation, they would not be envied or hated by others.

On the contrary, in the eyes of those geniuses, this kind of person would only be an existence that must be killed. His outcome would definitely be more miserable than death.

Putting aside all the joy and other thoughts, Lin Yi placed his palm on the stone tablet like everyone else, channeling his practitioner's Arts.

This stele was specially brought over by the morning stars Academy from the East Sea. Not only was it extremely professional, but it was also extremely sensitive. The array set up inside was extremely complicated and exquisite. Anyone only needed to input a little bit of true Qi to immediately analyze the corresponding spiritual root attribute.

Even the attributes of the hidden spirit root and the pseudo spirit root, which were extremely difficult to detect with ordinary means, could not escape the detection of the array. No matter how weak the attributes were, nothing would be missed.

Just like the other participants, the results would be shown as soon as they put their hands on it. Lin Yi, on the other hand, didn't have any reaction at all even after a few breaths. It felt like this guy didn't have a spiritual root.

"Hey, I say, are you even transferring your true Qi?" The staff at the side was confused-he was in charge of this job, after all, and he'd seen at least a few thousand before, if not tens of thousands. He'd never seen someone like Lin Yi, who didn't react at all.

"Yes, senior, you should have felt the Qi in my body, right ..." Lin Yi said helplessly.

"Uh ... How did that happen?" The staff didn't know what to say-he did feel Lin Yi's Qi, but the stone tablet didn't react at all. Could it be that there was something wrong with the testing formation?

However, if the guy in front of him really didn't have a spiritual root attribute, then it was even more impossible. No matter what, he was still an early jiedan stage master. If he didn't have a prominent spiritual root attribute, he couldn't even cultivate, let alone become a jiedan stage master.

The staff all looked at each other, and Lin Yi put on a helpless face, but he was actually pretty sure that it was all because of his cheat.

To put it bluntly, Lin Yi was just experimenting, and the first thing he needed to confirm was whether his golden finger could hide from this complicated and exquisite detection stone tablet.

Judging from the current situation, the Goldfinger was indeed effective. The next thing he had to do was to carefully control the Goldfinger and release one of the spiritual root attributes that it had hidden.

This step was a lot harder than hiding everything, because he could expose everything if he wasn't careful. That was why Lin Yi needed to test it out, to warm his hands in advance. Only when he had an idea would he be able to do it perfectly.

The Academy staff around them did not know what was going on and were all at a loss. As a last resort, they were even prepared to use the spare spiritual root attribute testing tools, but the accuracy was far from as good as the stone tablet. It was very likely that there would be a deviation for the people who would take the test later.

However, at this moment, a fiery red color suddenly appeared on the stone tablet. This was the symbol of the fire spiritual root attribute.

It was a success! Lin Yi let out a breath of relief. The Golden finger was indeed useful. It could even fool this kind of exquisite testing stone tablet. It was really powerful.

"It's alright. It doesn't seem to be a big problem." The staff let out a breath of relief. From their point of view, it was because there were too many people in the stone tablet, so it was inevitable that there would be some problems. They didn't think that it was Lin Yi's doing.

The testing formation in the stone tablet was as complicated as a teleportation formation. Even a formation master would need a long time to figure it out. No one would believe that an early golden core could do something like this under their eyes!

"Fire spiritual roots, it seems like there's only one. Do you still want to try again?" The staff said after a pause. If it was someone else, he'd have already announced their elimination, but there seemed to be a problem with the testing stone this time. He felt that the results might be different, so he decided to give Lin Yi another chance.

"Ugh ... Never mind then, I only got one before, I'll just give up ..." Lin Yi sighed and shook his head in disappointment.

"That's good. Since you're fine, we'll save everyone's time. You can go now. " The Academy staff member nodded.

A single fire element spirit root was the most common, and even if the stone tablet's reaction was a little slow, it wouldn't be wrong if it could give a result. Plus, Lin Yi was only an early golden core, barely reaching the threshold. They didn't want to waste more time on someone who had no future.

Lin Yi nodded at the staff and walked out of the arena, his face downcast. He looked like a poor guy who didn't make it, but no one knew that he was actually overjoyed.

Chapter 4324 The Genius Huang Xiaotao

Suppressing his spiritual roots to only have one element, and at the same time, suppressing his own strength as well, making him the weakest early golden core. It was no wonder the staff looked down on him-no matter who saw Lin Yi now, they wouldn't think that this guy had anything to do with the geniuses of the Morning Star Academy.

Xinyan had seen the entire process from start to finish, and she was completely speechless as Lin Yi left the stage in a "sorry state."

She thought that since Lin Yi was here for the selection, he must be here to get into the morning Star Academy, and from then on, the two could be together. She was even looking forward to a better life in the academy, but Lin Yi didn't pass!

Xinyan couldn't believe what she was seeing. Others might not understand Lin Yi, but she knew everything about him. She remembered clearly that Lin Yi had five elements and seven attributes. How did he suddenly become a single fire element?

Could there really be a problem with the testing stone tablet? But if that was the case, Lin Yi wouldn't have said the last part. If he said that, then he must've made plans in advance, and wanted to give up the selection without leaving a trace. That must be it!

Xinyan didn't know why Lin Yi was doing this, but she believed that he had his reasons. She was shocked, but she didn't show it.

Right after Lin Yi was Huang xiaotao. The two met at the entrance, and Huang xiaotao looked at Lin Yi nervously. She didn't know as much as Wang Xinyan, but she also felt that the scene just now was very strange. Lin Yi only had a fire element spirit root, and Lin Yi didn't get chosen? was this possible?

However, with so many staff members around, Huang xiaotao didn't dare to ask any questions no matter how suspicious she was. She could only use her eyes to ask Lin Yi.

Lin Yi hadn't told her his plans since the start, only telling her to perform as she normally would and not to worry about anything else. However, Lin Yi was already out for sure, and she didn't know what the result would be.

If she didn't get chosen like Lin Yi, it would be a bit disappointing, but it was a good thing for Huang xiaotao because she could continue to be with Lin Yi. But what if she got chosen? according to ge wei, she couldn't even reject it!

Was she going to break up with Lin Yi and go to the East continent alone to study at the Morning Star Academy?

"Just be yourself, don't have any apprehensions!" Lin Yi suddenly walked up and patted Huang xiaotao's hand with a gentle smile.

"Okay ..." Huang xiaotao nodded. She knew that she couldn't let her thoughts run wild now. After taking a deep breath, she walked towards the stone tablet under Lin Yi's gaze.

Who was she? Xinyan, who was on the stage, couldn't help but feel a little jealous. Could this be Lin Yi's new girlfriend?

At least one thing was for sure-this woman was definitely born on Sky Class Island. After all, people from the secular world and people from Sky Class Island had completely different temperaments. Sky Class Island had an ancient charm, but people from the secular world still had the aura of modern society, no matter how well they blended in. This was something that couldn't be erased.

She'd just happened to see the man she'd been pining for, only to find out that he'd found himself with a new girlfriend. It was a complicated feeling, but Xinyan wasn't a jealous person, and it didn't take long for her to understand.

It was normal for women to fall in love with someone as outstanding as Lin Yi, not to mention that she'd gotten used to sharing it with other girls back in the common world. It wouldn't be hard for her to accept another one now. The only thing she really cared about was how she could meet Lin Yi in private without being seen by others.

Under Lin Yi's gaze, Huang Xiaotao slowly walked to the testing stone tablet. After letting out a breath, she placed her hand on the stone tablet and started channeling her Qi.

The testing stone reacted quickly, and just like Lin Yi's test, a fiery red color appeared on the stone, and it seemed to be a fire-type single spiritual root.

However, if you looked closely, you'd notice that this red color was different from Lin Yi's. This was because her red color was like a flame in the air, constantly moving back and forth.

"Could this be ..." The Academy staff couldn't help but look at each other in disbelief.

At this moment, there was no need for them to make the announcement. The eyes of all the big shots on the stage lit up when they saw this scene. Even the Dean Ling Yuanqing and the Vice Dean Wei Hebei stood up at the same time!

Although they had already accepted two people, Chu Muqing's three-elemental spiritual roots and the Hedgehog head's four-elemental spiritual roots did not make these two big shots happy. Even if Wei Hebei accepted the Hedgehog head in the end, it was a decision made after hesitating for a moment. Moreover, he was only an insignificant in-name disciple.

However, when they saw Huang xiaotao's spiritual root attribute, even these two powerful cultivators could not sit still!

"Fire and wind dual spiritual roots!" The Academy staff member was stunned for a long time before he could not hide his surprise and shouted.

Before he could finish his sentence, the entire place burst into an uproar. Even Chu muqing and the Hedgehog head, who had already been accepted, were shocked!

Wind-type spiritual roots were the standard attribute of a mutated spiritual root. This was already extremely rare, not to mention that Huang xiaotao also had a fire-type spiritual root attribute. With such qualifications, she could be called a genius among geniuses!

If Huang xiaotao only had mutated spiritual roots, even if she had one of the five elements, Ling Yuanqing and Wei Hebei would not have lost their composure. The key was that her two spiritual roots were fire and wind! (Today, a reader told murloc in * Yuren22 that Lin Yi could just leave if he didn't want to participate. Everyone read carefully and you'll see that this was unrealistic. When Lin Yi didn't want to participate, the staff was already nearby. He didn't even have time to change his cards, how was he supposed to run? Moreover, this place was already cordoned off, and he couldn't run out at all. Was he supposed to tell others that he didn't get a card? Wasn't that the same as seeking death? Other than GE Hui and a few others who didn't get their cards, everyone else did. There were only a few people who didn't get their cards, and the dealer had to have some impression of Lin Yi! And even if Lin Yi threw the tag away or hid it, he'd just say he didn't get it and fight to the death? Would the school Trust their own people or Lin Yi? With the tyrants of the school, why would they listen to Lin Yi's explanation? Didn't he have to make a move? Recently, some readers had told the murloc that there was no need to write too much in the chapter, and that the explanations should be omitted as much as possible. Therefore, the murlocs that could be explained or not were omitted.

"Are you willing to join the morning stars Academy and become my personal disciple?" Ling Yuanqing and Wei Hebei spoke almost at the same time. They only reacted after they finished speaking and could

not help but look at each other with a bitter smile. The two of them had actually taken a fancy to Huang xiaotao at the same time!

It could not be helped. A person with such aptitude was too rare. If they missed Huang xiaotao, they might never find another genius with both fire and wind spiritual roots in their lifetime.

If Huang xiaotao only had mutated spiritual roots, even if she had one of the five elements, Ling Yuanqing and Wei Hebei would not have lost their composure. The key was that her two spiritual roots were fire and wind!

Chapter 4325 Need To Discuss

The wind increased the intensity of the fire, and the fire enhanced the might of the wind. These two elements were complementary existences, and once they were guided by a great teacher, their power would be completely unearthed. The effect would be far more than just one plus one, and it was not something that ordinary people with mutated spiritual roots could compare to!

The others might not be able to see the potential of this plan, but Ling Yuanqing and Wei He bei were both powerful figures in their own right. How could they not see this?

The most important point was that when Huang xiaotao was tested, that little bit of true Qi fluctuation couldn't escape the senses of these opening mountain stage big shots. She wasn't like Lin Yi who could hide her true strength with a cheat, so Ling Yuanqing and Wei Hebei had clearly sensed that this person had actually broken through to the Golden core stage perfectly!

Fire-elemental and wind-elemental spiritual roots were already extremely rare and powerful. However, Huang xiaotao was actually a one-in-a-million perfect golden core stage master. Anyone who saw such a heaven-defying potential would be dumbfounded. Even Ling Yuanqing and the other sect-opening Giants were no exception.

Once Huang xiaotao was taken under their wing, with their understanding and resources, in time, they could create a Super Master who was at the level of the Academy's pillar. It was even possible that one day, she would be on equal footing with them!

With such a huge temptation, it would be strange if Ling Yuanqing and Wei Hebei did not lose their composure. In fact, the other Big Shot, Donghai sheanni, did not stand up like the two of them, but she was also looking at Huang xiaotao with a strange expression.

"Ah? I ... I've been chosen?" Huang xiaotao wasn't as happy as everyone thought she would be. She didn't know what to do with the olive branches extended by the two big shots. She could only turn to look at Lin Yi, who was still standing on the side.

Everyone was speechless when they saw this scene. Just now, that spiky-headed guy was only accepted as an insignificant in-name disciple by Wei Hebei, but he already wanted to raise his tail to the sky. In the end, the two big shots at the beginning of the mountain promised the position of a Pro-disciple at the same time, but he still did not agree? She really didn't know what to say!

At this moment, not only was everyone shocked, even Lin Yi didn't know how to react for a while when Huang xiaotao looked at him for help. He didn't expect Huang xiaotao to have a wind spiritual root.

It was no wonder that Huang xiaotao was so good at speed. It was also no wonder that her archery skills were so strong. When archery skills reached a truly profound level, it was actually a competition of control over the wind. With Huang xiaotao's talent, it was natural that she could control it as if it was her own arm.

All this while, especially after meeting Lin Yi, Huang xiaotao had never displayed any powerful abilities. On one hand, she was covered up by Lin Yi's Halo, but more importantly, even Huang xiaotao herself never knew that she had such a powerful talent!

Without even the most basic knowledge, there was no way to develop it. Huang xiaotao had relied entirely on her instincts to move from the cultivator tribe to the three pavilions of the North Island. Even her best archery skills were only due to her frequent movements in the dense forest. It was purely coincidental and not because she knew that she had a wind spiritual root, so she deliberately practiced it.

If Huang xiaotao's talent was 100, then up until now, she had only developed it by 30, or even less. One day, when she developed her talent to 100%, what would it be like?

Lin Yi couldn't help but be shocked just thinking about it. It was true that Huang xiaotao's talent couldn't compare to his five elements and seven attributes, but if they really trained her, she might not be any worse than Wang Xinyan, who had a sponge body. Wang Xinyan, on the other hand, was now regarded as a treasure by the entire Morning Star Academy!

Thinking up to this point, even Lin Yi couldn't help but feel a surge of emotions. Huang xiaotao was one of them now, and since she was one of them, the stronger she was, the better.

Huang xiaotao looked at Lin Yi from a distance, waiting for him to tell her the answer. However, everyone present, especially Ling Yuanqing and Wei Hebei, couldn't wait that long. They wanted to recruit this genius.

"That's right. From now on, you're a disciple of the morning stars Academy, and our personal disciple at that. Regardless of status or treatment, you'll be guaranteed to be of the highest rank in the Academy. However, it's up to you to decide who you want to join." Ling Yuanqing said.

He was the same as Donghai's divine nun. He didn't usually take in disciples, especially personal disciples. He didn't have many disciples under him. If Huang xiaotao agreed, her status would definitely not be below Wang Xinyan's after entering the Academy.

However, Ling Yuanqing was the principal after all. No matter how much he liked Huang xiaotao's talent, he had to consider the feelings of others. Ordinary teachers naturally did not have the qualifications to fight with him for a disciple, but there was still Wei He bei, who was also a pillar of the Morning Star Academy. Ling Yuanqing could not act arbitrarily.

"If you give me a foot, I'll give you ten feet." Ling Yuanqing's attitude made Wei He bei nod his head without any objection.

"But ... But don't we still have to go through the third Test?" Huang Xiao Tao said weakly.

"No need. With your talent, any other test is unnecessary." Ling Yuanqing and Wei Hebei shook their heads.

She had a fire and wind dual spiritual root. In addition, she was a one in a million perfect golden core stage master. With such qualifications, it was destined that with a little training, no master of the same level would be able to compete with Huang xiaotao. She was already destined to have unlimited potential, so the so-called potential test in the third round was naturally unnecessary.

"Then I ... I ... I ... I need to discuss it with my senior ..." Huang Xiao Tao didn't know what to do with the sudden development of the situation. She could only turn to Lin Yi for help again.

"Sure, go ahead. After you've finished discussing with your senior brother, you can come on stage and join us." Ling Yuanqing didn't make things difficult for her and nodded.

If it was someone else, they wouldn't have given them any chance to choose. After discussing it with each other, they would immediately make a decision. Why would they ask the person in question for his or her opinion?

However, Huang xiaotao was different. As the saying goes, strength determined one's status. In a place like the Academy, especially in such an occasion, potential also determined one's status. They could ignore the thoughts of an ordinary disciple, but Huang xiaotao was a super-genius disciple who could possibly be on the same level as them in the future. How could they treat her the same way as an ordinary disciple?

As long as Huang xiaotao did not explicitly say that she did not want to join, the rest could be accommodated.

Under everyone's gaze, Huang xiaotao ran out of the hall in fear and trepidation. She ran to Lin Yi and looked at him with her eyes wide open, ""What should we do now ..."

Chapter 4326 Wang Xinyan Wants Her

"Xiao Tao, you don't have to panic. To be able to be chosen by such a powerful figure and become their direct disciple is an excellent opportunity that others can't even dream of. So, this is a good thing that only happens once in a thousand years. You should be happy." Lin Yi only smiled, not looking troubled at all.

"But ... But if I agree to them, won't I have to separate from you?" Huang xiaotao grabbed Lin Yi's hand pitifully. The opportunity that everyone else dreamed of was far less important to her than being with Lin Yi. If she could reject it, she would've just rejected it.

Unfortunately, that was impossible. Not to mention the consequences of rejecting her in public, even Lin Yi wouldn't agree to it.

To be honest, if it was just to study at the Morning Star Academy, or to become a disciple of a Normal School, Lin Yi wouldn't be interested. He was confident that even if Huang xiaotao followed him, her growth wouldn't be any less than his, and might even exceed his.

However, it was different now. The people who wanted to take Huang xiaotao were Ling Yuanqing and Wei Hebei, the two big shots in their sect's opening stage. Moreover, they were offering the position of core disciple. Such a condition was really rare. Even Lin Yi himself would be tempted, let alone Huang xiaotao.

With such luck and Huang xiaotao's talent, she could very well be the next Wang Xinyan. Why would Lin Yi stop her?

"It's fine. We're separating now for the sake of reuniting in the future. Xiao Tao, after you go there, don't think too much about other things. Just focus on your cultivation. Don't worry, I'll go and find you, but not now. " Lin Yi said seriously.

"Oh." Huang xiaotao had always listened to Lin Yi. Since Lin Yi had said so, even if she was reluctant, she wouldn't go against Lin Yi's wishes. However, she was still a little worried, ""But if I leave just like that, Won't You Be all alone? and the environment here is so chaotic ..."

Just like how Lin Yi was worried about leaving Huang xiaotao alone, Huang xiaotao had the same worry. When she was with Lin Yi, the two could use the raging fire Eight Trigrams palms, and they wouldn't feel

guilty even when facing nascent soul masters. But if she left with the people from the morning stars Academy, leaving Lin Yi alone, even if he was much stronger than the average early golden core Master, he wouldn't be able to deal with this dangerous world.

"Don't worry. Xiao Tao, don't you believe in my abilities? as long as I'm careful, I can always protect myself." Lin Yi smiled and shook his head. He paused for a moment before changing the topic. "As for you, Xiao Tao, you have to be careful when you go to the morning stars Academy. You heard what GE Wen said just now. It's a Dragon's Lair and a Tiger's Den. It's even more dangerous than the outside world. Xiao Tao, after you go there, you have to try your best to stay out of it. Just focus on cultivating and try not to get involved in the grudges of outsiders."

"Okay, I'll listen to you." Huang xiaotao nodded her head obediently and asked, ""Then which one should I choose as my master?"

"Compared to Wei He bei, I think the principal Ling Yuan Qing is better. Not to mention his strength, he is the principal. His position is higher than Wei He bei 's. If you can become his direct disciple, others will not dare to provoke you. It will be safer." Lin Yi analyzed.

This was a judgment he made after comparing the hard conditions. As for Ling Yuanqing and Wei Hebei, Lin Yi didn't know what kind of people they were, so he couldn't make an evaluation.

"Oh, I see." Huang Xiao Tao nodded. She didn't have any opinions of her own, or rather, her opinions were to listen to Lin Yi. Since Lin Yi said so, she would do as he said.

"Also, Xiao Tao, after you go to the Morning Star Academy, try not to get involved in the grudges of outsiders, but there's one person you can get to know." Lin Yi said after some thought.

"Who is it? Do you have any acquaintances in the morning stars Academy?" Huang xiaotao was surprised. She remembered that Lin Yi was the same as her, never even hearing of the Morning Star Academy before. Could it be that they knew each other?

"That's right, she's the disciple of the Vice Dean, Wang Xinyan, one of the three goddesses of the gaolin Sea region, GE Wen. " Lin Yi nodded.

"Ah?" Huang xiaotao couldn't help but look at Wang Xinyan on the stage, and found that Wang Xinyan's thoughtful gaze was also looking at the two of them. She quickly lowered her head in panic, but her heart was in a state of shock.

"Don't be surprised, she's the same as me, we came up from the common world together, and she's mine ..." Lin Yi blushed and touched his nose, "She's one of us, just like you. As long as you tell her your identity, she'll definitely help you no matter what."

It was a bit of a boast, but Lin Yi couldn't go to the Morning Star Academy himself, so he had to make the arrangements. Fortunately, Wang Xinyan was the gentle type, and had always been understanding. Lin Yi believed that she would treat Huang xiaotao well because of him.

"Ah? Oh, oh, oh, oh!" Huang xiaotao finally reacted. No wonder Lin Yi lost his composure when he first saw her. So, there was a relationship between the two!

She had thought that after going to the Morning Star Academy, she would be all alone with no one to rely on. She didn't expect the third fairy, Wang Xinyan, to be one of her own. Huang xiaotao was finally relieved, but then she felt a little shy and worried.

Xinyan was Lin Yi's girlfriend, and they were already in that kind of relationship back in the common world. Wouldn't it be like a concubine meeting with the first wife for her as a descendant? would the other party make things difficult for her?

But it was impossible for Huang xiaotao to ask Lin Yi about this kind of thing, so she could only comfort herself silently. Shangguan LAN 'er was Lin Yi's girlfriend before, and she didn't have any bad feelings towards her. On the contrary, she was very easy to get along with. This third fairy, Wang Xinyan, didn't seem like a difficult person, so she shouldn't make things difficult for her ...

"Master, I've been cultivating alone for so long, and I've been really lonely. Master, can you let this Junior Sister cultivate with me? The two of us can keep each other company!" Xinyan said to Donghai's nun as if nothing had happened. (If you have any more questions, you can tell the murlocs through **Yuren22, or you can go directly to the official tribe to communicate with the murlocs. Murlocs often appear in the tribe! He could just log in to 'updates 'and' interest tribe 'on his mobile QQ and search for' the school Belle's personal expert 'to follow! You won't miss every update!) (To be continued.) "If you like this work, you're welcome to come to to give your recommendation and monthly vote. Your support is my greatest motivation.

Xinyan had seen the whole discussion between Lin Yi and Huang xiaotao. It was only a guess before, but now she could be sure that the two had a deep relationship. This genius with fire and wind spiritual roots should be her new sister again.

"Master, I've been cultivating alone for so long, and I've been really lonely. Master, can you let this Junior Sister cultivate with me? The two of us can keep each other company!" Xinyan said to Donghai's nun as if nothing had happened.

Chapter 4327 Sisters Meeting

Since they were new sisters, and they were on the same side, Xinyan couldn't just sit by and do nothing. Even if it was just for Lin Yi's sake, she had to take good care of Huang Xiaotao. The best way was to make Huang Xiaotao also become Donghai's disciple. This way, the two would be sisters in the same sect, and no matter what happened, they could face it together.

Moreover, she was the only personal disciple of Donghai's nun, so she would take care of everything. If Huang Xiaotao joined them, she believed that she would not suffer any grievances.

Donghai Shanni was already tempted, but she was too embarrassed to argue with Ling Yuanqing and Wei Hebei. However, after hearing Wang Xinyan's words, she made up her mind.

After all, she had fire and wind dual element spiritual roots, and was a perfect golden core stage cultivator. In terms of talent, she was no less than Wang Xinyan. What was even rarer was that she was a female cultivator. For Donghai's nun who didn't have many disciples, this was a disciple sent by the heavens. Even if she had to give up her face, she would still fight for it.

"Oh? Of course you can. It's rare for you to have such an idea, Yan 'er, so how can I disappoint you?" Donghai's divine nun had always doted on Wang Xinyan. After patting her hand, he stood up and said to Ling Yuanqing and Wei Hebei, ""This disciple, you two big men shouldn't fight with this old woman. There aren't many female disciples, and those with this kind of aptitude are even rarer. It's better to let her cultivate with this old woman."

"This ..." Ling Yuanqing and Wei Hebei looked at each other and couldn't help but feel embarrassed. They were indeed envious of Huang Xiaotao's strong aptitude and had made up their minds to take her under their wing. However, since Donghai's divine nun had spoken, they were a little embarrassed to continue fighting.

No matter what, the godly nun of East Ocean was a woman, and the two of them should be polite to her. Besides, the godly nun of East Ocean only accepted female disciples, and she had never challenged any of the talented male disciples she had met before. Until now, Wang Xinyan was the only disciple of the vice-principal of the Academy, and they shouldn't fight with her. Otherwise, they would be too petty.

Among the three Giants of the Morning Star Academy, Wei He bei had the most personal disciples, even if he hadn't taken in any for a few years. It would be wrong of him to come out and fight for it at this time.

As for the principal, Ling Yuanqing, although he didn't have many personal disciples, he had more than the only son of the Donghai divine nun. Not only was the Donghai divine nun powerful, but he was also one of the Vice Principals of the Academy. He was indispensable to the Morning Star Academy. Since she rarely spoke, Ling Yuanqing couldn't go against her wishes.

"Alright then, since Dong Hai has spoken, then she will be your disciple. Moreover, among the three of us, you are indeed the most suitable person to teach her." Ling Yuanqing finally made the decision. Wei Hebei didn't have any objections.

After a while, Huang Xiaotao and Lin Yi finished their discussion and walked up to the stage according to Ling Yuanqing's instructions.

However, before she could speak, Donghai's divine nun said to her, ""Miss, these two men are not suitable to be your master. This old woman has just discussed with them. In the future, you can come to this old woman's sect and be a personal disciple. You can cultivate with Yan 'er, okay?"

"Ah?" Huang Xiao Tao was stunned and turned to look at Lin Yi. Lin Yi had just told her that she would become the Dean's disciple.

Lin Yi saw this scene and quickly nodded to Huang Xiaotao. The reason why he let Huang Xiaotao choose Ling Yuanqing was because he thought it was better than Wei Hebei. However, since Donghai's godly nun also wanted to take Huang Xiaotao as a disciple, then Donghai's godly nun was naturally the most suitable. This way, Huang Xiaotao could go in and retreat with Wang Xinyan.

"Yes, disciple Huang Xiaotao. Greetings, master." After receiving Lin Yi's signal, Huang Xiaotao quickly bowed to Donghai's nun. Other than feeling reluctant to part with Lin Yi, she also felt a trace of joy and excitement. After all, she had become the disciple of a sect-opening sect leader. No one could be completely calm.

"Good, good, good. Disciple, quickly get up." Donghai's nun quickly helped her up. Even with her cultivation, she couldn't hide her joy. Not only was Huang Xiaotao a genius with fire and wind dual spiritual roots, but she was also a one-in-a-million perfect golden core stage master. More importantly, she was kind and kind, which made her feel like she had hit it off with her.

The higher one's cultivation level was, especially in the beginning stage, the clearer one could see the vague fate. The nun of Dong Hai had studied this very well. It was all about fate when it came to taking in disciples. Only when one hit it off with another could their fate be compatible. It was the same when he took in Wang Xinyan, and it was the same with Huang Xiaotao now.

Donghai's nun held Huang Xiaotao's hand and pointed at Ling Yuanqing and Wei Hebei. "Come, from today onwards, they are both your martial uncles."

Although the two of them were not from the same sect, they were now the pillars of the Morning Star Academy. They had shared the same interests, so they could be considered fellow disciples.

"Disciple greets the two martial uncles." Huang xiaotao immediately understood and greeted the two of them.

"No need to be so polite, martial nephew, please get up." Ling Yuanqing and Wei He bei smiled and nodded, but they couldn't help but feel a little regretful. They could have been direct disciples, but now they had become martial nephews. This feeling of missing out on a genius was like missing out on a ten million dollar prize in the lottery. It was really sad.

"She's Wang Xinyan, she joined the sect a year earlier than you, she's your Senior Sister. " The divine nun of the East Sea introduced him to Huang xiaotao.

"Xiao Tao greets Senior Sister." It was Huang xiaotao's first time looking at Wang Xinyan up close. Even as a girl, she couldn't help but be moved by her beauty and temperament. No wonder she could become one of the three fairies of the sea realm, and no wonder she could be with Lin Yi when she was in the secular world.

"Greetings, Junior Sister Xiao Tao." Wang Xinyan returned the bow and walked over to hold Huang xiaotao's arm affectionately. She turned to Donghai's nun and asked, ""Master, I want to go out for some fresh air. I'll take Junior Sister Huang back to the inn to get a room."

"Well, you can go, but you'd better not leave zhenduan city in case of any accidents." Donghai Shanni nodded in agreement. She really did love Xinyan, and no matter what her disciple said, she would give it to her. Her words were filled with heartwarming concern.

Chapter 4328 Meeting Again

Zhenduan city was now completely under the control of the morning stars Academy, so it was absolutely safe. Even in the surrounding Sea area, with so many top masters of the morning stars Academy here, ordinary people would not dare to have any evil thoughts. However, beauty was a disaster, and Wang Xinyan's beauty could still cause trouble. After all, this world never lacked idiots who didn't have eyes.

Besides, Donghai shegna could tell that his new disciple, Huang xiaotao, was a rare beauty, even though she was wearing a veil. She stood next to Wang Xinyan, and they both had their own advantages. If the two of them walked out together, no man could resist their temptation.

After receiving the approval of Donghai's divine nun, Wang Xinyan brought Huang xiaotao along and said a few words to her martial uncles, Ling Yuanqing and Wei Hebei. Then, she left with light steps.

What she needed to do now was not to bring Huang xiaotao back to the inn, but to meet Lin Yi in private!

Lin Yi knew what Xinyan was up to, and he left the square with a smile. There was no point in him staying here any longer, and he was done with the test. No one would stop him from leaving.

But after leaving Zhen Duan square, Lin Yi didn't know where to go. Wang Xinyan and Huang xiaotao were too big a target, and they couldn't just wait for him here.

Lin Yi, however, turned around to see a new notice on the notice board not far away. The ink hadn't even dried yet, and there was a crowd of people watching. Most of them were like Lin Yi-people who'd been eliminated from the selection, and were pointing at the notice.

"Hey, can someone tell me what's written on this? I've studied for a few years, how come I can't recognize a single word?" Someone asked in confusion. The other people around them were also at a loss and could not figure it out.

"Let me take a look." Lin Yi heard a familiar voice-it was ge wei, the guy from Nanzhou. He didn't know when this guy sneaked out, but he was just as stunned as everyone else when he looked at it, "What the hell are these words? why are they as crooked as tadpoles? they're neither horizontal nor vertical. Are they written by some bored guy to fool people ..."

The crowd nodded, but Lin Yi didn't know whether to laugh or cry. It was written in English, and there was no way these people could understand it.

"Hehe, it's been more than a year since we last met, and this girl has become smarter." Lin Yi smiled faintly-this was obviously Xinyan's work, after all. No one understood English here, and she wouldn't have to worry about people seeing anything even if she put it up in the open. Plus, the position was eye-catching, and Lin Yi didn't have to worry about not seeing it-it was killing two birds with one stone.

Go straight ahead and turn left at the third alley. There's a teahouse there. See you there!

Lin Yi silently noted down the words and couldn't hold back the joy and excitement in his heart. He followed the instructions and quickly arrived at the third tea house, called Yanshui tea house.

Compared to the clamoring outside, there were not many people in the teahouse at the moment. Those who had come to Zhen Duan city at this time were all here for the morning stars Academy's selection, and were still gathered in Zhen Duan square.

"Young hero, this way please. Would you like to have a seat downstairs or upstairs?" A teahouse waiter immediately came up and led the way.

Lin Yi looked left and right, and didn't see Wang Xinyan and Huang xiaotao in the living room. He turned to the teahouse staff, "I'm looking for someone. They should have arrived first. "

"Oh, I see. Please follow me." The teahouse waiter nodded, probably on special orders. He brought Lin Yi to a private room upstairs.

After the waiter left, Lin Yi pushed the door open and entered. Two girls entered his sight-it was Wang Xinyan and Huang xiaotao.

He closed the door behind him, and with a couple of meters between them, Lin Yi looked at Xinyan in silence. Time seemed to have stopped at that moment.

After a long while, Lin Yi and Xinyan walked towards each other as if they were telepathically connected. Lin Yi's lips curled up into a nice smile as he opened his arms and pulled Xinyan into his embrace, hugging her tightly.

Huang xiaotao stood to the side and watched, her eyes reddening unconsciously. It wasn't out of envy or jealousy, but from the bottom of her heart, she felt happy for the two. They were lovers, but after being teleported to the Sky Class Island, they could only go their separate ways. Now, they could finally hold each other in their arms again. They had been looking forward to this affectionate hug for more than a year!

She hadn't been in contact with Xinyan for a long time, but she already knew that Xinyan was just like Shangguan LAN 'er-easy to get along with and kind girls. To some extent, Xinyan's personality was more similar to hers, and they had more in common.

In fact, it had only been a short while since they'd met, and Xinyan and Xiaotao had already skipped the stage of being apprentice sisters and were now directly calling each other sisters. After all, because of Lin Yi, they were real sisters, and their relationship was even closer than that of fellow apprentices.

With Huang Xiaotao as a witness, Lin Yi and Wang Xinyan hugged each other tightly, as if they wanted to bury each other deep in their arms, unwilling to separate for a long time. The thousands of words that had been separated for a year were all contained in this hug.

This scene lasted for nearly the time it takes for an incense stick to burn before the two of them finally separated reluctantly. With tears in their eyes, they looked at each other and smiled.

"Alright, both of you, stop standing. Sit down and have some tea." Huang Xiaotao said with a smile.

"Alright," he said. Lin Yi and Xinyan smiled at each other before taking their seats. Lin Yi's curiosity got the better of him, and he skipped the part where they asked each other if they were doing well. "How did you get to the East Province? And you've even taken the nun of the East Sea as your master. I was really shocked when I first saw you go up there ..."

"Lil sis Xiao Tao told me you were drooling just now ..." Xinyan covered her mouth and laughed, then explained, "you're not drooling, are you?" "When I was first teleported here, I was actually directly teleported to the East continent."

"What?" Lin Yi couldn't help but be surprised. He thought that since the East continent was so powerful and had so many masters, even the Masters from the other Sky Class islands didn't have the right to go, let alone the people from the secular world!

Chapter 4329 Different Encounters

Logically speaking, people from the secular world shouldn't have been transported to such a place.

He was only a Sky Class full cultivation newbie, but he was sent up there. Even many golden core Masters wanted to go to the East continent, but they couldn't-this really made people speechless.

In terms of luck, they were indeed very lucky to a certain extent. However, this kind of good luck was probably not a good thing for the people involved.

"In terms of overall strength, the East continent is indeed a lot stronger than the other Sky Class islands, but there are still low-level cultivator tribes. Newcomers like us from the secular world can't even enter the eyes of the East continent's sects. In the end, we can only be sent to the cultivator tribes, and many people even die during the process." Xinyan explained as she sighed.

"In that case, the East continent is really a place of trouble that is fraught with grim possibilities for us newcomers from the secular world. In comparison, I was transported to the North Island like this. It's like I'm in a greenhouse. I'm considered lucky." Lin Yi shook his head and sighed.

Although Huang Xiaotao did not interrupt, she agreed with him. As far as she knew, the atmosphere on the North Island was the most peaceful and the danger level was the lowest among the sky-class islands.

As for the other islands, the East continent itself was an unfathomable place, and danger lurked everywhere. As Wang Xinyan said, it was difficult for ordinary people to adapt here.

The South continent was the territory of the spirit beast clan, and the surrounding Sea area was a chaotic territory of human cultivators. There was constant strife and blood.

Although the West Island was a country of women, it was precisely because the female cultivators were not enough to deter them that they were often harassed by some powerful local tribes in the surrounding sea. They often confronted each other, and the situation was tense.

The middle Island was the center of the sky-class Island, and all kinds of powerful sects and forces occupied the area. Even with the island owner's Pavilion, conflicts were inevitable. Behind the rise and fall of each sect, there were swords and rivers of blood, but many of them were deliberately blocked by the island owner's Pavilion.

Therefore, after counting, in the end, the atmosphere in the North Island was the safest. After all, everything in the North Island was decided by the three great pavilions. There was no other force that could compete with them.

Moreover, although there was competition between the three great pavilions, they advanced and retreated together in general. There would not be too much internal friction. This way, they could maintain a strong deterrent force, so that the various heroes occupying the North Island did not dare to act rashly.

"For a newcomer with low strength, the East Province is really not a good place. If master hadn't visited other Academies and happened to pass by there, I'm afraid I wouldn't have lived to this day, let alone standing here and meeting you." Xinyan said, still a little scared.

"This can be considered as the will of the heavens." Lin Yi comforted her with a smile, but he was still a little scared. If it wasn't for the nun, Xinyan would've been all alone in the East continent.

"Yeah, master's always been nice to me, treating me like her own daughter. She's always been nice to me, Lin Yi. Do you want to see her?" Xinyan suggested.

In her heart, Donghai Sheoni was her family. If she was half a daughter of Donghai Sheoni, then Lin Yi was half a son-in-law. Son-in-law and mother-in-law had to meet each other. Plus, with Donghai Sheoni's strength and status, she felt that she could help Lin Yi no matter what.

"I do, but it's not the right time yet. I'll wait until I'm a bit stronger." Lin Yi said with a smile.

It wasn't easy for him to deceive the whole world just now. If he were to meet up close with the deity of the East Sea, who knew if he would be seen through. If he were to be discovered by Ling Yuanqing or Wei He bei, there would be more trouble.

"This ... Alright." Wang Xinyan couldn't help but be taken aback. She was actually hoping that Lin Yi could take advantage of this rare opportunity to go to the Morning Star Academy with her. After all, Huang Xiaotao had already become a disciple of Donghai's godly nun. She couldn't be at ease leaving Lin Yi alone in a chaotic place like the Zhen Duan Sea region.

"That's right. I still have many things to settle in the North Island, so I can't go to the East continent for the time being. After I've made arrangements, I'll go to the morning stars Academy to find you two. " Lin Yi promised with a nod.

"Then ... You have to be more careful when you're alone. As for me and little sister Xiao Tao, no matter what happens, we'll have master's protection, and generally speaking, we'll only stay in the morning stars Academy and not go out. You don't have to worry." Xinyan didn't want him to leave, but since Lin Yi said so, she wouldn't force him.

Since Lin Yi said he would come to the East continent to find the two of them, he would come for sure. It was just a matter of waiting a little longer. It was better than the last year, where they didn't even know if Lin Yi was alive or dead.

"Yes, you two have to take care of yourselves. After you return to the Academy, if you have the means, you can think of a way to send a letter to me. Even if the letter can not reach the three pavilions on the North Island, you can think of a way to send it to the Hong Chamber of Commerce. Xiao Tao knows that as long as I tell a friend, no matter which branch of the Hong Chamber of Commerce you send the letter to, it will eventually reach me." Lin Yi said.

Putting aside the fact that Lin Yi was the honorary Vice President of the Hong Chamber of Commerce, even if Hong Zhong was ostracized by the Alliance at the headquarters in central island, he was still a true Vice President. Even if he couldn't interfere in the big matters of interests, using the internal channels of the Hong Chamber of Commerce to send letters was a small matter. He just had to give the order to the East continent.

"Yes, yes." Wang Xinyan and Huang Xiaotao nodded. Even if Lin Yi didn't mention it, they would find a way to send a letter to Lin Yi even if they didn't have any connections. At most, they could ask Donghai's godly nun to help them. After all, Donghai's godly nun doted on Wang Xinyan so much. She would definitely agree to this small matter.

"Also, after you go to the Morning Star Academy, Xinyan, help me take care of Xiao Tao. After all, she's new here and doesn't know many rules. Even if she doesn't go out and cause trouble, she might be targeted. I can only count on you. No matter what, you're sisters." Lin Yi's face reddened again, but he still ordered shamelessly.

Chapter 4330 Parting Again

"Don't worry. Even if you don't tell me, I'll help you take good care of Xiao Tao. I guarantee that the next time you see her, she'll be fair and chubby without a single hair." Xinyan said with a smile as she nodded.

When Huang xiaotao heard this, she couldn't help but shrink her neck shyly. However, her heart was warm. Ever since she left the cultivator tribe, she hadn't felt the care and attention of others for a long time.

"White and chubby ... You're raising Xiao Tao like a pig ..." Lin Yi was speechless.

"Eh? Could it be that you don't like white and chubby ones? then I'll have to lose weight!" Xinyan said with a flirtatious look.

Even with Lin Yi's mental fortitude, he couldn't help but blush and his heart beat faster. He almost couldn't hold it in. He sighed to himself. After being separated for a long time, this girl's charm had increased.

"No need, sister Xinyan is so slim, even slimmer than me, how can she be fat?" Huang xiaotao corrected her with a smile. Because she was disfigured before, and because she had been doing trial missions all year round, she was a relatively thin beauty, but now that she was standing next to Wang Xinyan, it was obvious that the latter was thinner.

Xinyan had been Living a Good Life for the past year, but she'd been worried about Lin Yi, worried that he might be Dead or Alive. Every female practitioner was a Beauty Master, and as long as they didn't want to get fat, they'd never get fat for the rest of their lives.

"It's actually good for people like you two to be a little chubby. " Lin Yi, on the other hand, thought about it seriously before blurting out, "Yes, there's meat."

"You wish!" The two girls blushed at Lin Yi, and Xinyan changed the topic. "Oh right, other than me, how are the others?"

The people she was referring to weren't just any random passerby, but Lin Yi's close female friends-her sisters.

"So far, we have only found Tian Gang and Xue Li. They are both in Nakajima. We don't know the whereabouts of the others." Lin Yi sighed helplessly.

"Don't worry. The heavens will help the good. I believe they'll be fine." Xinyan said softly.

Huang Xiao Tao, on the other hand, was puzzled-could it be that Lin Yi had many other female friends other than Shangguan LAN 'er and Wang Xinyan? Listening to these words, it seemed that Tian Ji and Xue Li, who he had never met before, should also be his sisters ...

Although she was surprised, Huang xiaotao did not feel jealous. She had been taught a male-dominated education since she was a child, and the concept of the wife being the husband had been deeply rooted in her. Even though she was now an early gold core expert and a disciple of Donghai's nun, she did not feel that it was inappropriate. She was just curious.

"Let's hope so," Lin Yi nodded, his desire for power growing stronger.

No matter where he went, strength was King. Lin Yi's strength was tens or even hundreds of times stronger than when he first came to Sky Class Island, but it wasn't enough for him to go anywhere he wanted, find his lovers, and even save the inheritor's girlfriends and armors.

They'd been waiting for each other for over a year, and now that they were finally together again, Lin Yi, Xinyan, and xiaotao couldn't bear to part with each other.

However, the time spent together was always so short. The three of them clearly felt that they had only spoken a few words, and had not had time to savor the joy of reuniting after a long separation. The sky outside had already darkened, and the originally empty streets were once again drowned by the bustling noise of the crowd. This meant that the Morning Star Academy's selection had come to an end.

Of course, this was a grand event with tens of thousands of people participating. Even if the Morning Star Academy's selection process was very simple, had sufficient manpower, and strictly controlled order to ensure the efficiency of the selection, it was impossible to complete the selection in one day. Even if they worked day and night, it would still take some time.

However, Wang Xinyan and Huang xiaotao couldn't stay outside any longer. They had to return to the inn before dark, otherwise, if the nun of the East Sea didn't see them, they might cause trouble.

After all, one of them had a sponge body, while the other was a perfect golden core cultivator with fire and wind spiritual roots. They were both top-tier talents and were the treasures of the morning stars Academy. If they went missing, not only would Donghai's divine nun be worried, but even Ling Yuanqing and the others would probably dig three feet into the ground of Zhen Duan city.

Lin Yi was reluctant, but he had to part with the two girls in the end. He was always calm, but before he left, he became a little naggy, giving instructions and instructions, which made the two girls laugh. As Lin Yi's soulmate, they didn't know that he had this side to him.

Xinyan and xiaotao's hearts were filled with warmth as they laughed-Lin Yi was so concerned about them, and all the time they'd spent waiting and missing him was worth it.

Lin Yi found an Inn to stay in after they parted ways at the Yanshui tea house. It was still packed, but there were still some empty rooms since many people were waiting for the selection in Zhen Duan square. Otherwise, he'd have to sleep on the streets with the dock sealed off.

In the next few days, Lin Yi completely settled down in the inn, almost never leaving the house. He didn't go looking for Wang Xinyan and Huang xiaotao, as if he had disappeared from the world.

Lin Yi wanted to spend more time with Xinyan and xiaotao before they left zhenduan city, but his rationality told him that it was better to have less contact with them in this situation.

There was no need to talk about Wang Xinyan. The third fairy was the center of attention no matter where she went. As for Huang xiaotao, although she was not as popular as Wang Xinyan, her talent in the fire and wind dual attributes was widely known. She had also been accepted as the personal disciple of Donghai's God, a Big Shot at the beginning of the mountain. She was undoubtedly the Academy's new Star.

Moreover, during the selection, Lin Yi's relationship with Huang xiaotao was seen by everyone. To be honest, if people continued to see him and Huang xiaotao together, he was really afraid that some blind idiots would come and cause trouble for him, especially those people from Morning Star Academy.

After all, the original infant stage guards that he had seen earlier were all temporary disciples of the Academy. According to ge wei, none of them were easy to deal with!
