

Bodyguard 4351

Chapter 4351 Misfortune

Lin Yi turned to look at Wei Zhaotong's back and couldn't help but frown. Not only was this person black-hearted and merciless, planning to take the life-saving resources of a few hundred people in the Fang family's village on Saliva Peng Island, but now that he was exposed, he didn't have the slightest intention of lowering his head and admitting his mistake. He was even twisting logic and reasoning. It was rare to see someone so shameless in history.

This kind of scumbag had completely fallen into the category of a heartless, black-hearted businessman. He was not worthy of being friends with people like Hong Zhong. If Hong Zhong were here, he would have followed this guy and cut off all ties with him.

Lin Yi wanted to make a move on Wei Zhaotong, but after some thought, he followed Qi Wenhan and left.

It wasn't the time for him to be alone. Wei Zhaotong wasn't a good person. He was a Yuanying stage expert and was also a spokesperson of the Hong Chamber of Commerce. If they wanted to deal with him, they had to make a plan before taking action. They had to find the best opportunity.

Seeing Qi Wenhan and Lin Yi come out, the group of bodyguards waiting outside immediately surrounded them and asked about the situation.

As for the passers-by who had gathered to watch the show, they were all looking forward to it with great interest. They were all people who wanted to watch the show and couldn't wait for the Qitian bodyguard agency and the Hong Chamber of Commerce to fight.

"Let's go back first. " Qi Wenhan said expressionlessly. Then, he walked out without another word. All the bodyguards looked at each other, but it was obvious that they had been defeated. The young master was still angry, so no one dared to ask more.

They had come with an aggressive attitude, but in the end, they didn't get any advantage and could only go back dejectedly. Wei Zhaotong stood on the second floor and looked at the backs of the people from the Qitian bodyguard agency. He laughed coldly and cursed in disdain, "You dumb * SS."

When they returned to Qitian bodyguard agency, the group of bodyguards looked solemn as they waited for the young master's next order. However, they saw Qi Wenhan wave his hand and say, "You guys can leave."

Everyone's face was filled with disbelief. Although Qi Wenhan had not been in charge of the Qitian bodyguard agency for a long time, they were well aware of the style of this young master. He was someone who would never be willing to suffer losses.

Two years ago, Qi Wenhan had even personally led his men to fight a few battles with the notorious poison eyes mercenary group. They had forced Cheng haonan to retreat. From then on, he had never deliberately obstructed the bodyguard agency's business. How could such a powerful young master swallow his anger when faced with such a situation?

However, since Qi Wenhan had said so, no one dared to say anything. After looking at each other, they nodded and left.

Lin Yi wanted to find a place to stay first. He'd delivered the goods and brought the pirate leader back anyway. He'd done what he needed to do. What happened next was Qi Wenhan's business. It wasn't something he should worry about as a bodyguard.

However, Qi Wenhan suddenly called out to him, ""Brother Ling, please wait. Not only did you suffer in this incident, but you also made a great contribution. As the head of the bodyguard agency, it's only right for me to reward you. I'll get someone to set up a banquet to welcome you back."

"Then ... I'll accept your invitation." Lin Yi nodded in agreement. He had nothing to do now anyway, and judging from his previous performance, Qi Wenhan was a person worth befriending. It didn't hurt to get closer to him.

Qi Wenhan immediately brought Lin Yi to the banquet hall that the Qitian bodyguard agency had prepared for their distinguished guests. In the past, people who could eat here were at least the top figures of the Yu Luo Sea area. It was clear how much they valued Lin Yi.

"Uncle song, go to my father and tell him what happened today. Although he doesn't have time to care about this now, he should at least know, in case something happens later." On the way, Qi Wenhan gave some instructions to the old Butler who had been following him from the beginning to the end. He then pointed to the trembling pirate leader and said, ""Oh, that's right. Lock this guy in the dungeon. He's an important witness. Nothing can happen to him."

"Yes." The old housekeeper, uncle song, nodded. He immediately carried the pirate leader with one hand and left. His figure was erratic. It seemed that he had only taken a step, but in fact, he had already covered more than a hundred feet. It could be seen that he was an expert in movement techniques. More importantly, he was a real master of the Yuanying stage.

Qi Wenhan explained with a smile when he saw Lin Yi looking at Butler song's back curiously."Uncle song has a deep relationship with the Qitian escort agency. He was an orphan adopted by my grandfather and is also my father's life-and-death brother. The Qitian escort agency was able to gain a foothold in this chaotic black arc Sea area because of him. Brother Ling, you might not know this, but uncle song's strength can be ranked in the entire black arc Sea area. No expert would dare to underestimate him."

"I see." Lin Yi nodded. Qitian bodyguard agency's old Butler was this strong, so it was clear that they had a strong foundation. No wonder they were able to establish themselves in the Yu Luo Sea area. He was curious, "In that case, steward song's strength should be second to none in our Qitian bodyguard agency, right?"

"That's true. Although there are many experts in the bodyguard agency, the only one who can compete with uncle song, or even surpass him, is my father. However, he has been busy preparing for the bodyguard agency's event in the South continent and rarely comes back to the bodyguard agency. Otherwise, I would definitely introduce brother Ling to my father. He has always liked to make friends with heroes in the world, especially young and outstanding people like you, brother Ling." Qi Wenhan laughed.

"Brother Qi, you're too kind," Lin Yi waved his hand with a smile. He liked to make friends with strong people. Qi Wenhan's father was the top fighter in the Qitian bodyguard agency. Lin Yi was interested in meeting him.

When the two arrived at the banquet hall, the food and wine were all prepared. Qi Wenhan personally poured Lin Yi wine and raised his glass to thank him. "Brother Ling, I have to thank you for helping me see the true colors of that old fox Wei Zhaotong. In the future, our bodyguard agency will definitely not work with him anymore."

"Brother Qi, you're being too serious. Actually, I'm also responsible for this. This time, the dock of zhenduan city happened to be under martial law and was blocked, so I couldn't come back in time and caused the bodyguard agency to suffer losses." Lin Yi raised his cup as well.

"No, no, brother Ling, you've already done very well. If you really want to talk about mistakes, the biggest mistake is actually on myself. I didn't recognize people well enough and fell into the trap of this old fox, which led to such losses." Qi Wenhan shook his head and said, "However, even though we lost three hundred thousand spiritual jades this time, we did not gain nothing. It's a blessing in disguise."

"Oh? What do you mean?" Lin Yi couldn't help but ask.

"It's very simple. It's because brother Ling has delivered the goods. " Qi Wenhan had completely recovered from the blow just now, and his eyes were burning.

Chapter 4352 The Escort Party

"There is no such thing as an impervious wall in this world. In less than two days, this incident will spread throughout the entire Xiao Luo Sea area. Even the surrounding sea areas will know. By then, everyone will know that even though our Qitian escort agency was robbed halfway and we have already paid the compensation, we still kept our promise. After we retrieved the escort item, we still delivered it to the other party!"

"Brother Qi, are you saying that even though we lost three hundred thousand spiritual jades, we also managed to restore the bodyguard agency's reputation?" Lin Yi's eyes brightened. Qi Wenhan's words were like a blessing in disguise, and he wasn't just trying to comfort himself.

"That's right. A man can't stand without his word. The most important thing in our escort business is our reputation. As long as we have our reputation, we will have a foothold. Three hundred thousand spiritual Jade is enough to make our escort company's image of keeping our word deeply rooted in the hearts of the people. It's definitely worth it. This is something that can't be bought with any amount of spiritual Jade. In the future, we will earn far more than three hundred thousand spiritual Jade. It will be three million or more!" The more Qi Wenhan spoke, the more excited he became. He even felt that this was not a loss at all, but a profit.

"Hehe, to be able to see good from bad, brother Qi is indeed an optimistic and open-minded person. It's the Qitian escort agency's fortune to have a manager like you." Lin Yi couldn't help smiling.

He wasn't just joking. In fact, there were very few people who had this kind of quality. To a certain extent, no matter what these people did, they were closer to success than others.

"Haha, I'm just finding joy in the midst of suffering. Since things have come to this, I can only use this as an excuse to comfort myself." Qi Wenhan smiled and said, ""Brother Ling, I'm really sorry. I didn't expect you to have been hiding your strength. I was blind. If I had known this would happen, I would have let you lead the team instead of letting despicable people like li Yanji and Guan Zhiyuan. If that had happened, all these things wouldn't have happened,"

"We haven't known each other for long, so it's normal for us to be unfamiliar with each other. Besides, brother Qi, if you let me, a newcomer, take charge of such an important escort mission, I might not be able to convince the others. It's hard to say what the outcome will be." Lin Yi said with a wave of his hand.

This was the truth. With li Guan's personality, even if Qi Wenhan said that Lin Yi was the person in charge, they would definitely go against it. Once they encountered such a situation, Lin Yi and Huang xiaotao had to be careful of whether the two would backstab them. For safety reasons, they might not risk fighting the Pirates to the death.

"By the way, brother Ling, I'd like to formally invite you to join our Qitian bodyguard agency. What do you think?" Qi Wenhan suddenly said.

The first time he saw Lin Yi, he was already stunned by Lin Yi's strength. Although he teamed up with Huang xiaotao, it was already an impressive achievement to hurt old Kong, who was at the peak of early nascent soul.

And now, Lin Yi's strength was getting stronger and stronger, easily killing three peak late golden core Pirates and scaring the pirate leader so much that he didn't even dare to resist.

To the Qitian bodyguard agency, Lin Yi was a rare talent that they couldn't find even if they had a lantern on hand. They had to try their best to get him on their side. Just being a bodyguard in name was far from enough. If they could go one step further and become a permanent bodyguard, then he would truly be one of them.

Seeing Lin Yi hesitating and shaking his head, Qi Wenhan quickly interrupted, "Brother Ling, I'm not just trying to win you over. I want to ask you for a favor."

"Help?" Lin Yi blinked. He couldn't be a permanent bodyguard here, but it was a different story if he was just helping out with something.

"That's right. As I said just now, my father is busy preparing for the South continent escort agency meeting. Brother Ling, you're powerful and can fight enemies above your level. So, I hope that you can represent our Qitian escort agency and participate in the meeting!" Qi Wenhan's eyes were burning.

"What's that?" Lin Yi asked with a frown. When he first heard about it, he thought it was just an Industry Summit between the escort agencies of the South continent. But from Qi Wenhan's words, there was even a competition?

"Every three years, all the escort agencies in the sea near the South continent will gather together to hold a Grand meeting of escort agencies. From there, five major escort agencies will be formed. The ranking of the five major escort agencies will be used to divide the scope of service and the distribution of benefits. Of course, the higher the ranking, the greater the benefits." Qi Wenhan explained.

Where there were people, there would be a world of martial arts. The relationship between the escort agency and the world of martial arts was the most inseparable among all the industries. Therefore, to some extent, the triennial Grand meeting of the escort agency of the South continent could almost be understood as the martial arts Conference that often appeared in the stories!

"The five major escort agencies?" Lin Yi blinked, "Then what's the ranking of the Qitian escort agency?"

"Three years ago, Qitian escort agency barely rose to the top and became one of the five biggest escort agencies for the first time. Of course, it was the fifth biggest escort agency at the bottom of the list." Qi Wenhan laughed bitterly, and then he said with anticipation, ""However, if brother Ling can join us this year, I believe that your ranking will definitely rise a little. As for the remuneration and treatment, as long as brother Ling asks, we will definitely find a way to satisfy you. In short, we will definitely make you satisfied. How about it?"

"Well ..." Lin Yi hesitated. The offer wasn't cheap, but he didn't want to stay in the South continent for long. "Brother Qi, to tell you the truth, I came here with a sect mission. I never thought of staying here for long. I'm afraid I can't join the bodyguard agency ..."

"Oh? Brother Ling still has a sect mission?" Qi Wenhan was taken aback. Lin Yi's expression didn't seem fake. "What mission is it? have you completed it?"

"Not yet," Lin Yi shook his head with a bitter smile. From the first moment they came to the Yu arc Sea area, he and Huang xiaotao had been in trouble. After their goods were robbed, they went to zhenduan city and Lufeng forest. They didn't even do the mission that was one of the original intentions of this trip, let alone make any progress.

"If that's the case, why don't you tell me about your mission if it's convenient for you? I can help you think of a way. I can't say that our Qitian bodyguard agency is very powerful, but at least in the sea near

the South continent, we have a lot of connections. We might be able to help you." Qi Wenhan immediately suggested.

Lin Yi's heart moved. This was a good idea. He was alone in this place, and he didn't know the people here. It would be like looking for a needle in a haystack if he wanted to catch Wu Bao Liang by himself!

Chapter 4353 Blocking The Door

Without external help, it was very likely that they wouldn't even be able to see the person, let alone catch him.

The Qitian escort agency was a local tyrant in the dark Arc sea. Moreover, the connections and information of an escort agency were not to be underestimated. If Qi Wenhan were to help, he could indeed get twice the result with half the effort.

"Since brother Qi has said so, I will not stand on ceremony. It's like this, I came to the crescent Sea area this time to capture a wanted criminal who escaped from our North Island. His name is Wu Bao Liang." Lin Yi said.

"Wu Bao Liang?" Qi Wenhan raised his eyebrows and pondered, "I've never heard anyone mention it, but since he escaped from the North Island, it's not strange that he's unknown here. Brother Ling, why don't you tell me more about it?"

"Alright, this person's strength was at the peak of the late golden core stage back then. He was an extremely famous evil cultivator in the North Island. He specialized in absorbing the blood essence of virgin girls for his cultivation. In total, about three hundred people had been killed by him, causing the People's resentment to boil. When the North Island law enforcement Hall was preparing to take action against him, he escaped. And according to the latest information from the law enforcement Hall, Wu Bao Liang's last appearance was in this Dark Arc Sea area." Lin Yi explained the situation.

"They specifically feed on virgin girls' blood essence, and there are more than 300 of them?" Even Qi Wenhan was speechless when he heard such a shocking thing. Although the Yu Luo Sea area was chaotic, it was rare to see people who had committed such a heinous crime.

"This is just a rough number. If we count the missing women nearby, the actual number should be far more than this." Lin Yi shook his head and sighed. The reason why he accepted this mission, other than the fact that he had his eyes on the yuluo Sea area, was also because he felt that this evil cultivator was too heartless. He had to get rid of him.

"There's actually such a scumbag who specializes in harming women. He's comparable to the Cheng father and son pair!" Qi Wenhan was also filled with righteous indignation. "Brother Ling, don't worry. I'll get someone to find out about this Wu Bao Liang. I'll let you know immediately if I have any news."

"That's great. Thank you, brother Qi. However, while I'm asking someone to find out about Wu Bao Liang, can you help me find out the whereabouts of another person?" Lin Yi said.

"There's another person? That's not a problem. Our bodyguard agency is best at gathering information. Brother Ling, if you want to find out who it is, just let me know." Qi Wenhan promised.

"Okay, the person I want to find out is called Lu bianren, a senior from our North island's GreenCloud Pavilion. He has always taken good care of me. Previously, he came out with someone to complete a mission in the Ying Luo Sea area. After that, he was separated from the others and has not been heard from since." Lin Yi said, sighing. This was the main reason why he decided to come to the Yu Luo Sea area. Whether or not he could find it, he had to try.

"No problem. If he appears in a public place here, we'll definitely be able to hear about it. Brother Ling, you can rest assured." Qi Wenhan agreed and then said, "Actually, brother Ling, you should really think

about the South continent bodyguard agency meeting. It won't take up too much of your time. Maybe the meeting will be over before you finish your task."

"Alright, I'll think about it." Lin Yi nodded. If it was just for the sake of attending the event, it wasn't a big deal. He'd just do the guy a favor and ask for information in return.

As the two of them were talking, there was a sudden commotion outside the bodyguard agency. It was so noisy that it seemed like many people had arrived.

"Could it be that my father has returned?" Qi Wenhan couldn't help but ask curiously. His father had been busy preparing for the South continent bodyguard agency's grand event. This was the bodyguard agency's most important matter, so he normally wouldn't come back. However, this time, the bodyguard agency had been set up by Wei Zhaotong. After all, it wasn't a small matter. It was possible that he would come back to deal with it personally.

However, just as Qi Wenhan and Lin Yi were looking at each other, a guard suddenly ran in and said with a panicked face, "Something happened, young master. Cheng Qitian has brought people to block the door!"

"Cheng Qitian? Has this kid taken the wrong medicine? how dare he block the entrance of our Qitian bodyguard agency with his men?" Qi Wenhan was stunned.

Although the poison eyes mercenary group had caused a lot of trouble, and many people's expressions changed when they talked about it, he did not take it to heart, especially after he had led his men to fight with them a few years ago. Cheng qitian was not his opponent at all, and he had been beaten up a few times.

As for the great young master Cheng, every time he saw Qi Wenhan, he couldn't help but feel terrified and his legs go soft. If the other party's father, Cheng haonan, were to make a move, his own father would also personally take action. What was there to be afraid of?

Qi Wenhan was still confused, but Lin Yi, who was beside him, knew that young master Cheng must have gone back to get back at him after he was beaten up at the dock.

"Brother Ling, you can continue drinking here. I'll go out and take a look. I'll be back soon." Qi Wenhan immediately stood up and said. Cheng Qitian was the young master of the poison eye mercenary group. If he didn't come out personally, it would be difficult to deal with the other people in the bodyguard agency.

"Brother Qi, I think I'll go with you. If I'm not wrong, this guy should be coming for me." Lin Yi smiled and shook his head.

"Ah?" Qi Wenhan couldn't help but be confused. Then, he suddenly patted his head and said, ""That's right. Brother Ling, when you guys worked together to injure old Kong, he would definitely not let you off easily given his petty character. However, it's been so long, and he's blocking the door for such a small matter. Is there something wrong with this guy's head?"

"Uh, not really. There's something I didn't tell brother Qi. I had a fight with them at the dock before we went back to the bodyguard agency ..." Lin Yi pinched his nose.

"What? That scum Cheng Qitian only knows how to bully people, bringing old Kong everywhere to show off his power every day. A dignified peak early Yuanying stage expert has become his pet dog. But this dog is very powerful, so if brother Ling encounters them again in the future, it's better to be patient. " Qi Wenhan quickly warned.

"There's no need to retreat. Actually, brother Qi, I just crippled the dog you mentioned." Lin Yi shrugged.

"Ugh ..." Qi Wenhan's face turned weird as he looked at Lin Yi from head to toe, as if he was looking at a monster. He had high hopes for Lin Yi's strength, but he didn't think that he would still underestimate him, ""Forgive me for asking, but brother Ling, you're still an Aurous core stage expert, right?"

"That's right. He's in the middle jiedan stage." Lin Yi nodded calmly-there was nothing to hide. He could tell from the start.

Chapter 4354 Hard To Get Off

Qi Wenhan choked again. He believed that Lin Yi was a mid-Aurous core stage master-after all, he'd felt the same way before. But a mid-Aurous core stage master was able to take down Kong, a peak-level early-nascent soul cultivator? what was wrong with this world? Had he gone crazy, or had the world gone crazy?

"No wonder that kid was so angry. If it was me, I would be angry too." Qi Wenhan grinned, speechless. Anyone would be scared to make an enemy like Lin Yi. With Cheng qiantian's guts, she wouldn't be able to sleep if she didn't get rid of this threat soon.

When the two of them arrived at the entrance of the bodyguard agency, there was already a large crowd outside. Both ends of the street were blocked, and all of them were passers-by who had come to watch the show. Cheng qiitian stood in the middle of the door, and behind him was a group of experts from the poison eye mercenary group. Each of them had a strong aura, and they were all ruthless characters who killed without blinking.

Lin Yi took a look and saw that there were three of them whose strength he couldn't see through. If he wasn't wrong, they should all be nascent soul cultivators. Even Cheng Qitian could mobilize three nascent soul cultivators, this strength wasn't bad. No wonder the poison eyes mercenary group could cause so much trouble in the Yu arc Sea area.

Lin Yi was a little surprised that the other side had gathered so many people, but it made sense after thinking about it. Kong was a peak-level early-stage nascent soul practitioner, but Lin Yi destroyed him in one move. If he didn't have so many masters protecting him, Cheng Qitian wouldn't have dared to block the door.

Seeing Qi Wenhan and Lin Yi come out, especially when he saw Lin Yi, Cheng Qitian subconsciously shrank his head. The fierce scene at the dock just now really scared him. It wasn't wrong to say that he peed his pants. It even left a psychological shadow.

But Lin Yi's teasing eyes made Cheng Qitian stiffen his neck, and he couldn't help but get angry. He pointed at Lin Yi and said, "Men, capture this guy and bring him back!"

With the order, the Masters behind him unleashed their auras, causing a commotion. The three original infant Masters all had serious expressions on their faces. Although their opponent was a golden core Master, Kong's example was there-they didn't dare to let their guard down. They were ready to take Lin Yi down together.

You're looking for death! Lin Yi's eyes were also filled with killing intent. He let Cheng Qitian go at the dock because he didn't want to fight with them to the death, but since they didn't know what was good for them, he didn't mind killing them.

Lin Yi didn't want to look for trouble, but he wasn't afraid of trouble. Even if the other side was a local tyrant, he just needed to find the right time to drop a super alchemy fire bomb and the Masters of the poison eye mercenary group would all die!

All of a sudden, the situation became tense. No matter who made a move, there would be a bloody storm immediately. This kind of thing was common in the Yu Luo Sea area.

However, under the gaze of everyone, Qi Wenhan calmly walked to Cheng qitian and said, ""Catch people? Hmph, if you have the ability, catch one for me to see? If you dare to touch him, I'll make sure none of you can go back. Do you want to make a bet with me, young master Cheng?"

As soon as he finished speaking, the escorts from the Qitian bodyguard agency suddenly released their auras. There were many nascent Soul Stage experts among them, and they were even stronger than the people Cheng qiantian had brought. After all, this was the headquarters of the Qitian bodyguard agency!

"You! Don't be too arrogant!" Cheng Qitian choked. He was frightened by Qi Wenhan's aggressive gaze and took a step back. He couldn't help but curse in his heart. He was the one who came to seek revenge, but why did he feel that this guy was even angrier than him?

He didn't know that Qi Wenhan had been holding in a stomach full of anger from Wei Zhaotong, and just happened to have no place to vent it. This guy came to find trouble, so who could he blame?

"Arrogant? You, young master Cheng, have brought so many people to block the entrance of my Qitian bodyguard agency. No matter how I look at it, you're the one who's more arrogant, right?" Qi Wenhan sneered.

"Hmph, earlier on at the pier, this Ling Yi from your bodyguard agency injured old Kong. Is there anything wrong with me bringing people here to arrest the real murderer? You have to admit to your mistakes. Your Qitian bodyguard agency has always prided itself on being just. You wouldn't protect your own people, would you? It's not easy for your bodyguard agency to build up its reputation. You wouldn't destroy your Foundation for such an insignificant person, would you?" Cheng Qitian said in a strange tone.

In every confrontation before, he had been suppressed by Qi Wenhan and his men, so Cheng Qitian still had a lingering fear. Now, in front of Qi Wenhan, he did not dare to be forceful, so he could only speak in such a way.

"You're the ones who are weak and suffered losses because of your inferior skills. Who can you blame? why are you still talking to me about the real culprit? Hehe, the sun must have risen from the West today. Since when did you, the mighty poison eyes mercenary group, start to reason with others?" Qi Wenhan was instantly amused, and the crowd around him laughed along. The poison eyes mercenary group had caused so much trouble, and almost everyone in black arc city had been threatened and persecuted by them. They actually had the nerve to speak reason?

"I ..." Cheng Qitian's face turned red and he shouted angrily at the people around him, ""What are you laughing at? If you laugh again, I'll cut off your tongues. You dare to laugh at my poison eye mercenary group, do you think you're living too comfortably?"

Cheng Kengtian's vicious and threatening gaze swept over the crowd, and they quickly stopped laughing. None of them dared to say anything, afraid that they would be targeted by him.

"Qi Wenhan, I advise you to think carefully before you speak. Do you think it's worth it to make the entire poison eyes mercenary group your enemy because of this insignificant fellow?" Cheng Qitian threatened.

"Hahahaha!" Qi Wenhan laughed and looked at Cheng Qitian as if he was looking at a fool, ""Young master Cheng, did you not take your medicine today or did you take too much medicine? why are you saying such stupid things? There have been at least eight to ten battles between our two families, big and small. Don't tell me you think that this isn't an enemy, but a harmonious family?"

"You!" Cheng Kengtian was so angry that he almost vomited blood. Qi Wenhan was his nemesis. He couldn't beat him in a fight, and he couldn't even beat him in a verbal fight. Every time he met this guy, nothing good would happen. It was the same in the past, and it was still the same today.

He couldn't beat her, and he couldn't talk her out of it. What could he do?

At that moment, Cheng Qitian couldn't back down. He could only stare at Lin Yi with hatred, but he was afraid of Qi Wenhan. He didn't dare to let his men attack. He couldn't help but think that he had miscalculated. He should've moved to a different place.

Even though he had brought many experts with him today, this was the headquarters of Qitian escort agency after all. If they were to really fight, they would definitely be on the losing end.

Chapter 4355 Returning In Frustration

At this moment, an expert from the poison eye mercenary group suddenly came over and whispered a few words to Cheng Qitian. Cheng Qitian's eyes lit up.

"Qi Wenhan, I advise you to think about it carefully. I've heard about this Ling Yi's incident. Not only did he lose his goods, he even defected to the Pirates and escaped. Why don't you just give him to me? I'll help you clean up your house, and you'll be able to save some trouble. How about it?" Cheng Qitian suddenly changed his tone.

He had long heard of Ling Yi's defection to the Pirates, and it was also because of this that he dared to hit him when he was down. It was just that he was too arrogant just now, and in a moment of confusion, he was forced into a corner by Qi Wenhan. After being reminded by his subordinates, he could use this excuse to get off the hook.

"Hmph, who told you that Ling Yi has defected to the Pirates?" Qi Wenhan couldn't help but laugh again.

"Black arc city is only this big. If there's even the slightest movement, it won't be able to escape the eyes and ears of our poison eye mercenary group. You don't need to hide it, it's unnecessary!" Cheng Qitian said proudly.

"Oh, really? Then I can only regretfully tell you that not only did Ling Yi not defect to the Pirates, he even snatched the goods back from the Pirates by himself. Young master Cheng, haven't you heard? It seems that the eyes and ears of the poison eye mercenary group are only so-so!" Qi Wenhan pursed his lips and smiled.

"What ... What?" Cheng Qitian was dumbfounded. After he was scared away by Lin Yi at the dock, he rushed back to get help. Naturally, he didn't know what happened at the Qitian bodyguard agency. How did a chicken turn into a Phoenix in the blink of an eye? not only was this Ling Yi not the scum that the Qitian bodyguard agency wanted to deal with, but he had become a hero?

"I'll tell you one last time. Ling Yi is a member of the Qitian bodyguard agency and he's the person we value the most. If you dare to touch a single hair on him, you'll be declaring war on the Qitian bodyguard agency. You'll have to decide for yourself whether you can handle the consequences!" Qi Wenhan announced in front of everyone.

Lin Yi nodded slightly at the scene. Although the other party was trying to win him over, this move did give him another layer of protection. He had to remember this good intention.

"You'd better think this through. Do you really want to start a war with our poison eye mercenary group again for such an insignificant person?" Cheng Qitian couldn't help but jump in anger.

"Get lost!" Qi Wenhan didn't even bother to look at him. Not to mention how much he valued Lin Yi, he still needed Lin Yi's help to attend the bodyguard event. Cheng qitian's threat was nothing in his eyes!

Under everyone's gazes, Cheng Qitian's face was dark and pale. He looked at Lin Yi with hatred, then looked at Qi Wenhan. In the end, he didn't dare to start a fight here. He could only leave with a "just you wait" and leave with his men.

Qi Wenhan and Lin Yi looked at each other and smiled. This guy was indeed a clown.

"Brother Qi, many thanks." Lin Yi thanked Qi Wenhan with a straight face. He didn't think that Cheng qitian would protect him so much when he was being so aggressive. It was a big favor.

"What are you saying? brother Ling, no matter what, you're still a member of our Qitian bodyguard agency. Furthermore, you've rendered great service to us. We don't dare to boast about anything else, but we definitely have nothing to say to our own people." Qi Wenhan patted his chest and pulled Lin Yi back into the hall, "Come, let's continue drinking. Don't let those bastards spoil our mood."

"Haha, good." Lin Yi laughed to his heart's content-the more he interacted with this young master, the more he realized that they had the same personality. It was rare to have a close friend in this world, and there weren't many friends that Lin Yi would take notice of.

While Lin Yi and Qi Wenhan were drinking and chatting, Cheng Kengtian, who had just returned from Qitian bodyguard agency, was so angry that he wanted to kill someone.

"Cop, come over here." Cheng Kengtian pointed at one of the perfected golden core experts behind him. Now that old Kong had been seriously injured and unconscious, he could only change to a temporary follower.

"Yes, young master Cheng. What can I do for you?" This person's original name was Chen Zi Tiao, but the members of the poison eye mercenary group usually called him "bar."

"Find out everything about that Ling Yi and what happened at the Qitian bodyguard agency today. Remember, don't miss out on a single detail. Otherwise, I'll break your legs!" Cheng Qitian pinched his chin and said.

The reason why he was rejected today was because he didn't have a good grasp of the information. If he had known that Ling Yi was a hero and not a traitor, he wouldn't have brought his men to the Qitian bodyguard agency. That would have been asking for a snub.

"Yes, young master Cheng. Please wait for me. I'll go now." Chen zitiao immediately nodded and left.

An hour later, Chen Zitao returned and reported everything that had happened at the Qitian bodyguard agency to Cheng kitian. The news had already spread like wildfire, so it wasn't hard to find out. Moreover, with the eyes and ears of the poison eyes mercenary group, it was as easy as flipping their hand if they wanted to find out anything in the Crescent City.

"What? Did Li Yanji and Guan Zhiyuan lie about this fake news to shirk their responsibility? Such treachery and shamelessness, it's quite to this young master's liking!" Cheng Qitian was surprised and asked, ""Where are they now? have they been killed by Qi Wenhan?"

"No, they were stabbed three times and pierced six times. They were thrown out of Qitian bodyguard agency. They should still be lying in the garbage now, but I don't know if they're Dead or Alive." Chen zitiao replied.

"Well, it's fine if they're dead. If they're still alive, find someone to pick them up and keep them in our poison eye mercenary group. They might be of some use in the future." Cheng Qitian's eyes turned and he ordered.

"Yes." Chen zitiao nodded in acknowledgment, then immediately said, "There's another piece of news regarding the dispute between the Qitian bodyguard agency and the Hong Chamber of Commerce. Although the rumors aren't very accurate, this matter has caused quite a stir. My guess is that it's basically true. Young master Cheng, you might be interested in it."

"Oh? Tell me about it. " Cheng Qitian suddenly became interested.

"Rumor has it that the reason why the Qitian escort agency's goods were stolen was because of a trap set up by Wei Zhaotong of the Hong Chamber of Commerce. Qi Wenhan and the entire Qitian escort agency were trapped in it. Not long ago, Qi Wenhan had brought his men to find trouble with Wei Zhaotong in an aggressive manner. In the end, they were dismissed by Wei Zhaotong with just a few words. They were met with a nose full of dust." Chen zitiao reported.

"There's such a thing?" Cheng Qitian grinned. This sounded exactly the same as what he had just experienced!

Chapter 4356 Secretly Plotting Behind The Scenes

However, this time, the unlucky one was not him, but the arrogant Qi Wenhan. No wonder he was so angry just now. He couldn't help but clap his hands and laugh."Hahahaha, good, Qi Wenhan also has this day. This Wei Zhaotong is an interesting person!"

In front of Qi Wenhan, Cheng Qitian had never been able to gain any advantage. He was not Qi Wenhan's opponent. No matter how arrogant he was, he had to admit this. However, it seemed like everything had its weakness. The arrogant Qi Wenhan was helpless in front of Wei Zhaotong, that old fox.

"Let's go to the Hong Chamber of Commerce. " Cheng Qitian immediately decided.

"Yes, yes. But the process is short. Why are we going to the Hong Chamber of Commerce? do we need to bring people?" Chen zitiao hurriedly replied.

"Bring people? Bring what people? We're not going to stand up for Qi Wenhan. Why are we bringing people to the Hong Chamber of Commerce?" Cheng Qitian pouted.

"Then what are we ..." Chen zitiao couldn't keep up with Cheng qiantian's thoughts for a moment.

"You're so stupid!" Cheng Qitian gave Chen zitiao a kick in the face in front of everyone, then put on a profound expression and said,""The enemy of my enemy is my friend. This move of mine is called killing with a borrowed knife."

"Yes, yes, young master Cheng is brilliant!" Chen zitiao hurriedly laughed apologetically and climbed up from the ground in a sorry state. However, he was disdainful in his heart. "You're going to deal with an old fox like Wei Zhaotong with that little intelligence of yours? you won't even know if you've been sold by him. You'll probably still have to count the money happily, and you still want to kill him with a borrowed knife?"

Without saying much, Cheng Qitian brought Chen zitiao and the two of them immediately went to the Hong Chamber of Commerce. After entering the door, he specifically asked to see Wei Zhaotong. After all, he was the young master of the poison eye mercenary group and the most difficult local snake to deal with. The waiter didn't dare to be negligent and immediately respectfully invited the two to the living room.

"Oh, young master Cheng, what a rare guest!" After a moment, Wei Zhaotong came out to welcome him with a face full of joy.

"Haha, shopkeeper Wei, long time no see. How have you been?" Cheng Qitian smiled and cupped his hands.

As he laughed and exchanged pleasantries, Wei Zhaotong was puzzled in his heart. This guy suddenly came to find him, what was he doing?

In this Xiao Luo Sea area, the Hong Chamber of Commerce was considered an external power. It had always been neutral and didn't interfere with other powers. Because the Hong Chamber of Commerce's background was too big, even the local snake like the poison eye mercenary group didn't dare to easily attack it. Therefore, there was no cooperation between them, but there was no hatred between them. Basically, they were acquaintances.

"May I know why young master Cheng has come to our Hong Chamber of Commerce this time?" After the small talk, Wei Zhaotong went straight to the point.

"It's actually nothing much. It's just that there's a rumor going around that the Qitian bodyguard agency has been conned to the point of bleeding by you, shopkeeper Wei. That's why I'm here to pay you a visit." Cheng Qitian immediately answered without hiding anything.

Even Chen Zitiao, who was standing behind him, couldn't help but facepalm after hearing this reply, let alone Wei Zhaotong, who was directly involved. This guy really had a hole in his brain, right? since you're not here to find trouble, why did you say such things in front of the other party?

"Young master Cheng, what do you mean by this?" As expected, Wei Zhaotong's face instantly darkened, and he said in an unpredictable manner, ""The Qitian bodyguard agency breached the contract and I've done everything according to the contract. The rumors in the streets were spread by the Qitian bodyguard agency themselves, and you believe them, young master Cheng? Could it be that you're here to stand up for the Qitian bodyguard agency? That can't be right. As far as I know, young master Cheng and Qi Wenhan have always been sworn enemies!"

The Grudge between Qitian bodyguard agency and the poison eye mercenary group, especially The Grudge between Qi Wenhan and Cheng Kangtian, the young masters, was something that any random local in the streets of Black Arc City could talk about for three days and three nights. This was something that everyone knew.

"Haha, shopkeeper Wei is right. Qi Wenhan and I are sworn enemies. We hate each other to the core. If he doesn't die, I will!" Cheng Qitian laughed.

Wei Zhaotong didn't know whether to laugh or cry. If he didn't die, you would live. Wasn't it always you who had the last laugh? everyone knew that you, young master Cheng, would be defeated by Qi Wenhan. Was this confidence or stupidity ...

"Then, young master Cheng, what exactly do you want to do this time?" Wei Zhaotong's expression eased up a little. The enemy of my enemy is my friend. If even someone like Cheng qitian knew this, he would naturally know this as well.

"It's simple. I want to work together with shopkeeper Wei to come up with a plan to scam the Qitian bodyguard agency again!" Cheng Qitian said in high spirits.

Every time he had a conflict with the Qitian bodyguard agency, he would always be at a disadvantage at the hands of Qi Wenhan. It was definitely impossible for him to go head to head with them. However, this incident had given him some inspiration. If he wanted to deal with the Qitian bodyguard agency, Qi Wenhan, and Ling Yi, he didn't need to go head to head with them. He could have done what Wei Zhaotong had done and set up a trap behind their backs!

"Oh?" Wei Zhaotong's eyes instantly brightened, and he became interested. He immediately said, "Come, come, come. Young master Cheng, please come to the inner hall. Let's have a good discussion."

Now that things had come to this, Wei Zhaotong's desire to deal with the Qitian bodyguard agency was even greater than Cheng qitian 's. Although he had managed to gloss over this matter for the time being, the other party still had a solid witness in their hands, which was a big hidden danger for him. If this witness fell into the hands of Hong Ying group, it would be a big problem.

Unfortunately, although the Hong Chamber of Commerce's influence in the Yu Luo Sea area wasn't small, it was still just a business. Including those guest experts who were stationed here, their main task

was to protect the Hong Chamber of Commerce. Even if Wei Zhaotong was the branch manager, he couldn't easily order them around, let alone make them do some shady things.

Moreover, Wei Zhaotong's goal was too big, and his every move was watched. If he wanted to do something personally, it would be difficult. He didn't expect Cheng Qitian to come to him on his own initiative.

The poison eye mercenary group behind young master Cheng was a local tyrant. If they wanted to do something behind his back, they would be the best partner!

There was no friendship between the two, but as a result, they felt like they were like-minded and wished they had met earlier. They immediately entered the inner hall to discuss it in detail.

From afternoon to night, they had planned for six hours before the two of them walked out with smiles on their faces. Wei Zhaotong personally sent them off, and Cheng Qitian returned with satisfaction.

In the next few days, Lin Yi thought that Wei Zhaotong and Cheng Kengtian would have some follow-up actions after the previous incident, but unexpectedly, it was calm and peaceful.

Since the other party didn't come looking for trouble, Lin Yi couldn't go looking for trouble on his own, either. He might as well be happy to be free.

Chapter 4357 Two Beautiful Girls

After all, the escort event in the South continent was about to begin, and Qi Wenhan still needed his help. Even if Lin Yi wanted to go on an escort mission, as the young master, he wouldn't agree.

As such, Lin Yi stayed in the most luxurious room in the Qitian bodyguard agency. All he had to do every day was wait for Qi Wenhan's men to get news while he cultivated leisurely. Occasionally, he would think about Wang Xinyan and Huang Xiaotao. He wondered how the two girls were doing.

In the vast ocean, an incomparably huge treasure ship was riding the wind and Breaking the Waves. It was extremely fast, but it was as stable as Mount Tai. When a person stood on it, it was as stable as the land. More importantly, when sitting on this giant treasure ship, there was no fear of wind, waves, or sea beasts. It could be said to be a true giant of the sea.

Such a giant treasure ship had always been the exclusive symbol of a super force. It was impossible for an ordinary sect to own it, nor was it qualified to own it. Such a strategic existence on the sea could not be bought with a sky-high price of spiritual Jade. Even if one had the financial resources to buy it, they would not have any stock to sell to you.

The flagship of the giant treasure ship was carved with the symbol of the cultivation college. Two of the big characters were particularly eye-catching: Morning Star.

At this moment, there were two beautiful girls sitting at the bow of the ship. After the fierce sea breeze passed through the protective shield of the giant treasured ship, it became a gentle breeze that blew their long hair. The soft sunset on the horizon shone on them, leaving two beautiful silhouettes on the deck. They seemed both real and illusory, intoxicating people.

On the giant treasured ship, all the teachers and disciples of the morning stars Academy were on board, including Dean Ling Yuanqing and the other two heads of the Academy. However, for safety reasons, the teachers and disciples were strictly restricted. Unless there were special circumstances, they were not allowed to move on their own.

Other than a few of the Academy's higher-ups and the crew members who were controlling the ship, there were only two people who could walk freely on the deck, Wang Xinyan and Huang Xiaotao.

Not only were they the direct disciples of Donghai Sheoni, but they were also extremely talented. The entire Morning Star Academy regarded them as the hope of the future. Both Donghai Sheoni and Ling Yuanqing doted on them, so they naturally had more privileges than the others.

On this treasured ship, the two of them could go anywhere they wanted at any time. However, if other disciples or even the Academy's teachers dared to wander around while the treasured ship was setting off, they would definitely be arrested by the law enforcement team in minutes. The lightest punishment would be a three-year confinement, and the heaviest punishment would be expulsion from the Academy. There was no room for negotiation.

"So, so there's been this much going on between you and Lin Yi!" Xinyan said as she looked at the beautiful sunset.

The time she spent with Lin Yi was too short before, and they were forced to separate after just meeting, so she didn't have time to listen to Lin Yi's experience on Tianjie Island. These days, she'd get Huang Xiaotao to tell her about Lin Yi whenever she had time, and she finally finished today.

"En, Xinyan sis, why don't you tell me about Lin Yi's life in your world?" Huang Xiaotao also had a hopeful look on her face. Wang Xinyan wanted to know what Lin Yi went through on Tianjie Island, but she also wanted to know what Lin Yi went through in the secular world.

Lin Yi was a mysterious person-the more she understood, the more she couldn't see through him, and the more curious she became. It was as if he had an endless story to tell, and it was fascinating.

"Sure, the first time I met Lin Yi was on a train. Oh, the train is a type of transportation in the secular world. I didn't know him then, but I had a deep impression of him!" Xinyan's lips curled up into a beautiful smile as she spoke-she felt a warm feeling in her heart as she thought back to the past.

"Why?" Huang xiaotao could not help but ask.

"Because on the train, there were three people who saw Lin Yi's uncouth clothes and harmless looks, and thought he was easy to trick. They teamed up and made up a scam, pretending that it was a dispute over a drink. They said that if Lin Yi gave them sixty thousand, they would give him the tab worth eighty thousand, but the tab was fake." Wang Xinyan said with a smile.

"Ah, there's such a scammer in the common world? if they're the kind of people who like to take advantage of others, they'd really fall for it. But Lin Yi isn't that kind of person, he'll definitely ignore them." Huang xiaotao said with certainty. Even priceless treasures like the baby ginseng and Star Ink milk wouldn't make Lin Yi lose his mind, let alone this small amount of money in the secular world.

"You're wrong, Lin Yi really did agree to it. I even reminded him, but he really did give the money to them as if he didn't notice it at all. " Wang Xinyan smiled.

"Ah? It can't be, right?" Huang xiaotao was dumbfounded.

"It's true, but after Lin Yi gave them the money, he took it back without anyone knowing, and he even took an extra 30000 Yuan. Those three people were kept in the dark by Lin Yi the whole time, and they probably still don't understand how they ended up with nothing on them when they clearly got what they wanted. " Wang Xinyan smiled.

She couldn't help but smile every time she thought about it-she was worried for Lin Yi back then, not knowing that he'd been playing with the three scammers from the start.

"Hehe, they deserved to be tricked by Lin Yi. I knew that Lin Yi wouldn't fall for their tricks. Xinyan sis, your first encounter with Lin Yi was really fun!" Huang xiaotao laughed so hard that she couldn't straighten her back. She was a bit shy, but perhaps it was because she shared the same interests as Wang Xinyan, but when they were alone, she was a lot more lively and cheerful than before.

"That's right. Now that I think about it, it's really unbelievable. Sometimes, when fate comes, it can change a person's fate." "I was just a normal girl," Xinyan said, sighing. "I never dreamed that I could cultivate, and that I'd come to Sky Class Island-it's like a dream ..."

"I'm the same. If I didn't meet Lin Yi, I don't know what I'd be like right now. I might've died on hucai tianwu mountain, and I might still be struggling on my own, immersed in the pain of disfigurement. " Huang xiaotao also sighed.

The two girls "fates changed because they met Lin Yi. From this point alone, the two of them were quite similar.

"Yan 'er, Xiao Tao." A woman's voice suddenly came from behind them. It was the master of the two women, Donghai shegni.

Chapter 4358 The Academy Is Back

"Master." Wang Xinyan and Huang xiaotao quickly stood up to greet him.

Donghai shegni smiled and nodded. He held the two girls 'hands and felt quite pleased. The two disciples had been together for a long time and called each other sister and sister. Their relationship was so close that even she, as their master, felt a little strange. However, she didn't think too much about it. After all, it was a good thing for senior and junior sisters to have a close relationship. As their master, she was more than happy to have it.

She felt that Wang Xinyan must have been too lonely when she was cultivating with her at the Academy. After all, she only had one direct disciple and didn't have any contact with outsiders. She didn't even have anyone to talk to, so she was especially friendly to Huang xiaotao, her Junior Sister. The two of them could keep each other company.

"In a while, the treasure ship will dock at the Crescent City. Do the two of you want to go out for a walk or stay in the inn to cultivate?" Donghai Sheoni asked.

The reason he asked was because the two girls had no interest in going out to join in the fun at the last stop, the second stop of the morning stars Academy's trip, the cold demon Sea region. They stayed in the inn every day and talked about Lin Yi. Donghai's divine nun felt that the two girls were quieter, and if they didn't want to go out, he would arrange a quieter place for them.

"Black arc city? Master, I want to go out for a walk. " Huang xiaotao's eyes lit up, and Wang Xinyan was also happy, nodding her head.

It was different from the moleng Sea area. If everything went as expected, they should be able to see him again here. The Lin Yi that they were thinking about day and night, naturally, wouldn't stay indoors like he did in the moleng city.

Huang xiaotao's intuition told her that Lin Yi must have returned to moon arc city by now, because he was back to capture Wu baoliang, and more importantly, because he was back to find clues about Lu bianren. Wang Xinyan had also heard about this from her, and was also full of anticipation.

"Oh? I'll get two people to protect you. I heard that it's quite chaotic here. " Donghai nodded in surprise. There were many masters in the Academy. In order to protect her two precious disciples, she could easily find 20 of them.

"There's no need for that, master. We won't be going anywhere anyway. We'll just be taking a look around the city. There are people from our Academy everywhere, so we won't run into any trouble. " Wang Xinyan and Huang xiaotao said in unison.

The two of them wanted to go out and see Lin Yi in secret-how could they go on a date in secret if someone followed them around?

"Then ... Okay, but you have to be careful. If anyone dares to mess with you, don't worry about it." The nun of the East Sea hesitated for a moment before finally agreeing.

After all, it was just as the two girls had said. When the city was under martial law, there would be Masters from the Morning Star Academy everywhere. No one would dare to cause trouble at a time like this even if they had a hundred times more guts. Moreover, his two disciples weren't weak at all, especially Wang Xinyan, who was in the early nascent Soul Stage. If they really fought, they could fight people above their level, and ordinary people wouldn't be able to fight her at all.

"I understand. Thank you, master." Wang Xinyan and Huang xiaotao smiled happily as they held onto Donghai shegni's arms, waiting for Lin Yi's figure in black arc city.

Two hours later, the giant treasure ship finally slowly docked at black arc city. Seeing the many experts from the Morning Star Academy filed out and cordoned off the entire dock, the crowd that had long gathered here didn't complain. Instead, they burst out in cheers. They had been waiting for a long time!

"What's the situation outside?" Lin Yi had just finished his training for the day and opened the door to take a breath of fresh air when he heard the deafening cheers outside. He froze.

When he walked into the courtyard, he could see the bustling scene outside through the gate, which was exactly the same as the scene in zhenduan city ...

"Brother Ling, you're here to join in the fun too?" Qi Wenhan walked over after seeing Lin Yi.

"Join in the fun? What are you doing?" Lin Yi didn't know what was going on-he'd been living a simple life these past few days, training and consolidating his strength. Other than that, he'd come out to see if he'd heard anything about Wu baoliang and Lu bianren. He didn't even step out of the agency, isolated from the outside world. Naturally, he didn't know what was going on.

"Eh? Brother Ling, don't you know that the morning stars Academy of the East continent is here to recruit disciples? they've already stopped at the zhenduan Sea area and the moleng Sea area twice, and our Xiao Luo Sea area is the third stop!" Qi Wenhan explained.

"The Morning Star Academy is here?" Lin Yi finally understood-no wonder it was like this outside. He couldn't hide his excitement-didn't this mean that he'd be able to see Xinyan and xiaotao again?

Lin Yi thought that he'd have to wait at least a few years before he could see the two girls again in zhenduan city, but he didn't expect to see them again in just a month! What a surprise!

Lin Yi had always been a calm person, and Qi Wenhan had never seen him so excited before. He asked, "Brother Ling, you're so excited. Could it be that you're preparing to participate in the selection?"

People strived to reach higher heights. The East continent was publicly acknowledged as the strongest place in the five big islands of the heaven class. Anyone with a little ambition would sharpen their heads and try to squeeze into it. This kind of Academy Selection was a great opportunity, so it caused a sensation every time.

It wasn't strange at all that Lin Yi wanted to participate in the selection-he'd been there himself, too, but he didn't get chosen. Now that he'd taken on the job, he'd given up on that thought even more. He was just here to watch.

"Of course not. I'm a disciple of the North Island's three pavilions. I still have to return to the North Island after I've completed my mission. It's just that this opportunity is hard to come by, so I'm prepared to go and watch the fun." Lin Yi shook his head with a smile.

"Just to join in the fun?" Qi Wenhan let out a breath of relief. He was really afraid that Lin Yi would be chosen by the morning stars Academy. With Lin Yi's potential, it wasn't impossible. At that time, no one would help him fight in the escort party.

Qi Wenhan paused for a moment before he reminded, ""You can join in the fun, but brother Ling, you have to remember that when the Academy staff gives you the registration token, you must not accept it. Otherwise, you will have to take the selection test. Once you pass the test, you will have no choice but to go to the Morning Star Academy. You will not have any chance to regret it."

Lin Yi was surprised-the sign up wasn't something that people could just accept without thinking, after all. It was common knowledge, and only an outsider like him didn't know about it ... He'd ended up falling into a pit ... "

Chapter 4359 Colluding

Lin Yi didn't know whether to laugh or cry as he thought back to the situation. There weren't any swords or blades, but it was the most dangerous situation he'd ever been in since he came to the South continent.

However, the current result was not bad. Huang xiaotao had become the disciple of Donghai's divine nun and became the personal disciple that everyone envied. At least, she would not be in danger if she was with Wang Xinyan.

Just as Lin Yi was thinking about how to keep a low profile and meet the two girls without anyone noticing, Wei Zhaotong and Cheng Qitian started planning again.

"Shopkeeper Wei, now that the Morning Star Academy is here, the time you mentioned is here. You should tell me the details of the plan now. Ling Yi has been hiding in the Qitian bodyguard agency for many days." Cheng Qitian said impatiently.

The last time when he hit it off with Wei Zhaotong, he added oil to the fire and blamed Ling Yi for the entire incident.

If it wasn't for Ling Yi's interference, the robbery plan wouldn't have gone wrong and Qi Wenhan wouldn't have found out at all. Perhaps they still had to thank Wei Zhaotong for his magnanimity. After receiving the compensation, he didn't continue to pursue the responsibility of the Qitian escort agency.

With that, Wei Zhaotong naturally started to hate Lin Yi as well. After all, if it weren't for Lin Yi, the pirate leader wouldn't have been caught, and Qi Wenhan wouldn't have known the truth.

Getting Wei Zhaotong to deal with Ling Yi together was what Cheng Qitian meant by using someone else to do the dirty work. He knew that Ling Yi had the full protection of the Qitian bodyguard agency, and he couldn't do anything by himself. Only by borrowing Wei Zhaotong's power would he have a chance to avenge his humiliation.

However, with Wei Zhaotong's schemes, how could he be used by an idiot like Cheng Qitian? it was more like the other way around. Not to mention, with his status and all kinds of concerns, even if he decided to deal with Lin Yi, he wouldn't do it himself.

Wei Zhaotong could clearly see through Cheng Qitian's little scheme, but he didn't point it out. Firstly, he was really angry at Ling Yi for ruining his plans and wanted to get rid of him. Secondly, he could use this opportunity to get closer to the poison eyes mercenary group. If he wanted to do some shady business in the future, they would be the best partner.

"First young master Cheng, please calm down. The Morning Star Academy is here, but I haven't seen my distant cousin yet. He's the key to dealing with this Ling Yi." Wei Zhaotong said unhurriedly.

"Distant cousin?" Cheng Qitian could not help but ask, "Is shopkeeper Wei's distant cousin from the Morning Star Academy?"

"That's right. He's not just a disciple in the morning Star Academy. With his help and a few words, he can make Ling Yi wish he was dead!" Wei Zhaotong laughed coldly.

"So powerful? Shopkeeper Wei, what does your cousin do at the Morning Star Academy?" Cheng Qitian was even more curious.

"Purchasing manager." Wei Zhaotong said lightly as he personally poured tea for Cheng Qitian.

"Pfft!" Cheng Qitian had just taken a sip and spat it out on the spot. He gritted his teeth and said, "I thought he was some Big Shot. He's just a purchaser. What kind of Big Shot is he?"

"Young master Cheng, you might not know this, but he's in charge of the Morning Star Academy's external purchases. His power is beyond your imagination." Wei Zhaotong said with a profound expression.

"But even so, he's just a purchaser. What does he have to do with Ling Yi?" Cheng Qitian still couldn't understand.

"Don't worry, master Cheng-his procurement has nothing to do with Ling Yi, but he has the right to make suggestions to the higher-ups of the school. With just a few words, Lin Yi would be dead for sure. " Wei Zhaotong said with certainty.

"Oh, I see. Will he help?" Cheng Qitian was still a little worried.

The so-called relationship of distant cousins was often unreliable. When they were free, they could still be acquaintances. However, if they were to ask for help, they might turn their backs on each other. In

this day and age, even biological brothers had to be wary of each other, let alone distant relatives who had no connection to each other.

"Of course. With my relationship with him, this small matter is nothing." Wei Zhaotong, on the other hand, was extremely confident. With his experience and viciousness, of course he wouldn't be stupid enough to count on this kind of pure distant relative relationship. But this distant relative was different, the two of them were closely bound together with common interests.

Before he came to the South continent's wind arc Sea area to take up the position of Branch Manager, Wei Zhaotong was the deputy manager of the Hong Chamber of Commerce's branch in gaolin Sea area of the East continent. He had been in this position for five years. It was also during these five years that he gradually drifted away from Hong Zhong and the others and gradually walked towards depravity and corruption.

The key person who had led him to his downfall was his distant cousin, who was in charge of purchasing at the morning stars Academy. One of them was in charge of purchasing, and the other was in charge of selling. After a chance meeting, he immediately discovered the huge hidden benefits!

The Morning Star Academy was such a powerful force. Just the monthly material purchases alone were an absolutely shocking astronomical figure, and the two of them just happened to be standing on this astronomical figure.

After the two of them had connected, all of the purchasing needs of the Morning Star Academy fell on the head of the Hong Chamber of Commerce. This was not inappropriate in the eyes of others. After all, the Hong Chamber of Commerce was a well-known top Chamber of Commerce, and its reputation was beyond doubt.

However, what outsiders didn't know was that in this monthly material purchase, this purchasing Deacon would always offer a high price to the Morning Star Academy, while Wei Zhaotong would offer a low price to the Hong Chamber of Commerce. The two of them entered and left, and the difference in profit between the two was so great that it would definitely make anyone jealous.

Not only that, while Wei Zhaotong was filling his own pockets, he was not suspected by the Hong Chamber of Commerce. Instead, because he had consolidated his long-term deal with the Morning Star Academy, he was appreciated by the higher-ups of the headquarters!

After all, this was a bulk purchase. Even if he quoted a low price, to the Hong Chamber of Commerce, it would only be a reduction in profits. They would not lose money. As long as they could make small profits and sell quickly, this in itself was a rare contribution.

Moreover, if he could use this opportunity to build a good relationship with a transcendent force like the Morning Star Academy, it would be of great benefit to the Hong Chamber of Commerce. This was something that couldn't be bought with spiritual Jade.

On one hand, he was silently making a fortune with spiritual jades, and on the other hand, he was able to make the so-called "hard work" in the Hong Chamber of Commerce. In these five years, Wei Zhaotong's life could only be described as like a fish in water. He had even once fantasized about being promoted directly to the position of Branch Manager from the deputy manager!

However, Wei Zhaotong didn't get his wish in the end. He was promoted to the branch manager, but not in the East continent's gaolin Sea area, but in the South continent's Xiao Luo Sea area.

Chapter 4360 Good Business

In order to prevent corruption, after reaching the level of Deputy shopkeeper, who held real power, they must strictly implement the promotion in different places. This had always been the iron rule of the

Hong Chamber of Commerce. Even the president had no power to overstep it. No matter how Wei Zhaotong looked for high-level activities, it was of no use.

This time, Wei Zhaotong was really depressed. Although his position had been promoted, he couldn't get a large amount of spiritual Jade anymore. After all, his distant cousin couldn't possibly come to the Yu Luo Sea area to purchase supplies, right?

If he had known this earlier, he would have stayed in the gaolin Sea region and been a rich Deputy Manager.

At the same time, his distant cousin of the purchasing Deacon had also encountered trouble. Ever since Wei Zhaotong had been transferred away, he no longer had any spies in the Hong Chamber of Commerce. After all, the branch manager couldn't be like Wei Zhaotong, who gave him a high price list but actually accepted a greatly reduced price.

The Hong Chamber of Commerce had always done business openly and with strict supervision. They would never engage in this kind of business of giving false prices. Only people blinded by greed like Wei Zhaotong would take the risk and be sneaky.

However, the Hong Chamber of Commerce was unable to continue to earn the difference in price, but the purchasing manager could at least change to another Chamber of Commerce, find other people to cooperate with, and continue to fill his own pocket. However, Wei Zhaotong would have nothing to do with it.

From the East continent's gaolin Sea area to the South continent's Luan arc Sea area, Wei Zhaotong suddenly felt a huge drop. If he hadn't experienced the days of reaping huge benefits, it would be fine. The problem was that this kind of thing was addictive. When a person got used to taking the side door, he would no longer walk in an upright manner.

He only received a salary every month. Even if the salary of the branch manager was already very considerable to ordinary people, in the eyes of Wei Zhaotong, who was used to filling his own pockets, it was simply a drop in the bucket.

However, he didn't dare to be so brazen as to lay his hands on the Hong Chamber of Commerce's internal accounts. Not to mention that his Foundation in the Yu arc Sea area was far from being able to cover the sky with one hand, just the Hong shadow group's strict supervision made him not dare to lay his hands on it easily. At most, he could only beat around the bush and secretly take some profits.

However, this could not satisfy his greed in the end. In the end, he found another way and took advantage of the chaotic conditions in the sea areas of the South continent to start his pirate business.

Of course, it was impossible for Wei Zhaotong to become a pirate himself, and for safety's sake, he didn't dare to keep Pirates in private. Every time, he would just act as the mastermind behind the scenes, secretly contacting the Pirates and taking back the goods himself, at the same time demanding a huge compensation from the escort agency.

After scamming one, he scammed the next. Over the years, the number of bodyguard agencies and customers that Wei Zhaotong had scammed wasn't small.

However, because he was extremely careful and secretive in his actions, most of the escort agencies would try to minimize the matter if they lost their goods in order to protect their reputation. They would take the initiative to compensate him and settle the matter privately. No one would be so big-headed as to leak such a scandal to outsiders.

So all this time, Wei Zhaotong had been able to sit back and relax. Outsiders didn't even know about the shady business he had done, and they didn't even suspect him. It was only this time that he had fallen for the Qitian bodyguard agency.

Wei Zhaotong didn't expect that the sealed package that was already in his hands would be taken back by Lin Yi. He also didn't expect that Qi Wenhan would believe it without a doubt and even brought people to his door, causing the whole city to know about it!

In this way, even if Wei Zhaotong managed to muddle through this time, he wouldn't dare to use the same trick again. Otherwise, no matter how slow the other party's brain was, they would still be able to turn around and would definitely be suspicious.

In fact, those bodyguard agencies and clients who had been scammed by him in the past might come to their senses after seeing what had happened to Qitian bodyguard agency. They might even come to settle the score with him!

Not only did he cut off his source of income, he even brought him such a huge hidden danger. The main culprit of all this was that Ling Yi fellow. If he could still let him go after this, Wei Zhaotong wouldn't be called Wei Zhaotong.

Wei Zhaotong and Cheng Qitian waited until the evening, until the people of the Morning Star Academy had all checked into the inn. Only then did they impatiently set off, visiting his distant cousin, Qin deli.

The Morning Star Academy was high and mighty. Even if Wei Zhaotong was the manager of the Hong Chamber of Commerce's branch, he could only wait outside the inn's Gate obediently after reporting the news until Qin deli came out.

"Brother Wei, you've come at the right time. I was just about to go out and look for you!" Qin deli was extremely tall and sturdy. He looked like a rough and reckless man. Moreover, his actions were bold and generous. No one would have thought that this person was actually the same as Wei Zhaotong. He was a businessman through and through, and a black-hearted businessman.

"My cousin is looking for me?" Wei Zhaotong was slightly stunned.

"Yes, I have something to do. Let's go to your place. It's more convenient to talk." Qin deli nodded and said.

"Alright, cousin, please." Wei Zhaotong immediately let people prepare the carriage and returned to the Hong Chamber of Commerce. On the way, he introduced to Qin deli, "Cousin, this is the young master of the local poison eye mercenary group, young master Cheng, Cheng Qitian."

"Greetings, senior Qin." Cheng Qitian didn't dare to neglect him and quickly cupped his hands in greeting.

Qin deli nodded slightly but didn't say anything. As the purchasing Deacon of the Morning Star Academy, he was someone with high standards. Not to mention a mere Cheng qitian, even the entire poison eye mercenary group was just a country bumpkin who had never seen the world. He didn't put them in his eyes at all.

Cheng Qitian had never been treated so coldly before, and he was furious. However, he wasn't stupid enough to challenge someone like this. After all, he was still counting on the other party to deal with Ling Yi, so he could only swallow his anger.

The three of them arrived at the Hong Chamber of Commerce and stepped into the inner hall. Qin deli not only dismissed the servants, but even Cheng qitian, who wanted to follow them in, was also sent out. He then said, "Brother Wei, business is here. This time, we'll stop at black arc city. All the supplies will be replenished here, so you should know the old rules."

"Alright!" Wei Zhaotong was instantly overjoyed. Ever since he was transferred out, he had not had this kind of "good business" for a long time. Although it was only this one time, he could still make a big profit from it.

"Remember, do it cleanly. The partner I found in the East continent is not reliable. It seems that someone above has already noticed something. Don't get caught." Qin deli warned him seriously.

"Cousin, don't tell me you're still not at ease when I'm handling things?" Wei Zhaoxin patted his chest and vowed.

"Of course I trust you. Otherwise, why would I come to you?" Qin deli smiled. The five years that Wei Zhaotong had spent in the gaolin Sea region was also the time when he had gotten the most. Their cooperation had been quite pleasant, but unfortunately things didn't go as he wished.
