

Bodyguard 4361

Chapter 4361 Requesting An Audience With The Principal

"Many thanks for cousin's care!" Wei Zhaotong's heart jumped for a rare moment, and he immediately said, Cousin, I need your help with something. "

"Oh? Tell me about it, but I've also said that someone wants to investigate me recently, so I can't help you with some things. " Qin deli glanced at him and said. At that time, because of Wei Zhaotong, he had gained a lot of profit. If it wasn't something difficult to do, he wouldn't mind helping out. Of course, if it was a troublesome matter, then it was another matter.

"Don't worry, cousin. It's just a passing remark. I won't make things difficult for you. " Wei Zhaotong hurriedly said.

"A message? What message?" Qin deli asked curiously.

"Cousin, the Morning Star Academy has come out with such great fanfare for the selection. If you find a rare genius, can you introduce him to the higher-ups of the Academy?" Wei Zhaotong said with a deeper meaning.

"Of course. As long as he's really a genius, let alone me, any student of the Academy has the right to recommend him." Qin deli nodded, and then looked at Wei Zhaotong with a suspicious expression, "I say, brother Wei, could it be that you've received some benefits and want me to introduce you to that Cheng qiitian outside? It's obvious that he's a piece of trash. Even if I recommend him, it's useless. The higher-ups will see through it at a glance ..."

"No, no, no, it's not him. I wanted you to introduce him to someone else. He's a local escort from Qitian bodyguard agency. His name is Ling Yi." Wei Zhaotong shook his head repeatedly.

"How powerful can a mere bodyguard be? You still need me to help introduce you?" Qin deli asked in an increasingly strange tone.

"He's just an early jiedan stage master, but he can kill a Yuanying stage master. Cousin, don't you think he's powerful?" Wei Zhaotong said with a profound expression.

"How is that possible? Brother Wei, you must be joking. How could there be such an expert in this world?" Even Qin deli was greatly shocked. His eyes immediately lit up as he said: "Don't lie to me. If this Ling Yi you're talking about is really a heaven-defying genius, then my recommendation would be a great merit!"

"Cousin, what I said is not false. One of the servants of young master Cheng outside is a master of the early Yuanying stage, but he was crippled by this man in one move. This is something that many people have seen. Go to the dock and ask." Wei Zhaotong said as he sipped his tea.

When he first heard about this matter, he was also really shocked. A mere master of the early jiedan stage could cripple a peak of the early Yuanying stage. Anyone with a little common sense would find this kind of thing unbelievable.

However, it was also because of this that Wei Zhaotong decided to go along with Cheng qiantian's wishes. Compared to Qi Wenhan and the Qitian bodyguard agency, he wanted to take care of Ling Yi first. After all, the potential of a genius like Ling Yi was endless. If he couldn't kill Ling Yi before he became stronger, it would be too late to deal with him.

"Is that true? As long as his spiritual root attribute isn't too bad, it's a sure thing that he'll be able to enter the academy. Brother Wei, quickly call this person over for me to meet him!" Qin deli says impatiently.

This kind of genius, as long as he was introduced to the higher-ups of the Academy, he could easily get a great contribution. This was just a timely rain for him, who was in a somewhat bad situation. Even if it was for the sake of his contribution, ordinary people would not dare to have any ideas about him at this time.

"Cousin wants to see him, but this is a little difficult." Wei Zhaotong shook his head.

"What's wrong? You want me to introduce you, but you don't want me to meet anyone. Do you want to be alone?" Qin deli's face suddenly darkened.

"Hey, cousin, what are you thinking? am I that kind of person?" Wei Zhaotong waved his hands and smiled bitterly, "It's not that I don't want you to see him, but this Ling Yi is my enemy!"

"Enemy?" Qin deli was immediately stunned, he sized up Wei Zhaotong with a strange expression and said, "I say, brother Wei, have you lost your mind? you want me to help you introduce an enemy? If this guy is really as heaven-defying as you say, aren't you afraid that after he enters the Academy, his wings will grow hard and he'll turn around to attack you?"

"Afraid, of course I'm afraid. Even if this kind of person doesn't enter the Morning Star Academy, I won't be able to sleep well if I don't get rid of him as soon as possible." Wei Zhaotong laughed coldly, "that's why I came up with this plan, to have cousin help out with this, to invite the Emperor into the pot!"

"What do you mean by" trap me "? brother Wei, what are you thinking? tell me in detail." Qin deli suddenly became interested.

"Alright, cousin, think about it. No matter who it is, if they have the chance to enter the morning stars Academy, I'm sure they won't refuse, right?" Wei Zhaotong asked.

"That's only natural. How many geniuses have racked their brains trying to come in, but they've all been rejected at the door? who would refuse such an opportunity that's delivered to their door?" Qin deli nodded and said.

"That's right, that Ling Yi definitely won't reject it. However, outsiders all think of the morning stars Academy as a Holy Land for cultivation, but very few people know that it's actually full of danger, right?" Wei Zhaotong had stayed in the East continent's gaolin Sea region for five years and frequently went to the Morning Star Academy. He was very clear about the situation inside.

"That's right. Many of the newly recruited genius disciples have never thought that it would be so dangerous inside. Otherwise, there wouldn't be so many people who died in their first year. " Qin deli nodded and said.

"So, as long as we send Ling Yi to the Morning Star Academy, it's the same as sending him to the Tiger's mouth. Then, cousin, you'll have to spend some effort to secretly sow discord and make those Tigers target Ling Yi, this tender sheep. What will the result be?" Wei Zhaotong laughed complacently.

"Of course he'll be attacked by a crowd and die without a burial!" When Qin deli heard this, he finally came to a realization. He patted Wei Zhaotong's shoulder and laughed: "Hahahaha, brother Wei, you're really a profiteer. You can even think of such a scheme to kill without spilling blood. Moreover, the reputation of the Morning Star Academy is right there. Let alone not knowing the killing intent, even if

you knew it was a trap, a normal person would probably not be able to resist the temptation and jump in. That Ling Yi has really been down on his luck for eight lifetimes to have provoked you!"

"I have no choice. This hidden danger is too big. I can't sleep without getting rid of him." Wei Zhaotong laughed complacently, and then said seriously, "I'll leave this matter to you, cousin!"

"Well said, well said. Not only can I help you, but I can also get a credit for free. This is a good thing that kills two birds with one stone!" Qin deli laughed.

After the two of them finished discussing, Qin deli couldn't wait any longer. He immediately returned to the inn that the Morning Star Academy stayed in and solemnly requested to see the principal, Ling Yuanqing.

Chapter 4362 Super Genius

After hearing Qin deli's report, even Ling Yuanqing was a little shocked. Of course, he asked the other two leaders to come over and discuss this matter.

After a while, Vice Principal Wei He bei arrived first, followed by the East Sea god nun. However, there were two people behind her, Wang Xinyan and Huang Xiao Tao.

Ling Yuanqing and Wei Hebei were not surprised to see the two girls following them in. Donghai's nun would always bring her two disciples with her wherever she went.

This was actually normal. After all, she was not like Ling Yuanqing and Wei Hebei. She only had these two disciples, and their potential was the Academy's treasure. It was normal for her to dote on them a little. As long as it was not a particularly important and confidential matter, it would not affect her bringing the two girls along. It would also broaden their horizons.

However, Ling Yuanqing and Wei Hebei were different. As men, they would not be so meticulous. The key was that there were too many disciples under them. There were more than two or three direct disciples. If they had to be by their side to guide them, they would not be able to do anything.

Ling Yuanqing gestured for everyone to take a seat. Then, he said to Qin deli, ""Tell everyone what happened just now."

"Yes." Qin deli glanced at Wang Xinyan and Huang xiaotao from the corner of his eyes. He secretly swallowed his saliva and said, "Reporting to the three Deans, this disciple has just learned from the outside that there's a local in the black arc city called Ling Yi. His strength is very impressive, he can actually rely on the strength of an early Aurous core stage to skip levels and kill a peak early nascent Soul Stage expert in seconds!"

"What?" Wei He bei and Dong Hai Shen ni were both shocked and said in unison, ""Is this true?"

The morning stars Academy was a place where geniuses gathered. Many disciples had the ability to challenge those of a higher realm, so this was not strange. However, if this "crossing a realm" meant crossing a large realm, then it was very rare.

Even so, the so-called cross-realm fighting was generally at the peak of the late jiedan stage or the peak of the jiedan stage.

After all, every major realm was a qualitative change. Even the gap between the perfect golden core realm and the early nascent soul realm was like a chasm. It was not something that Ordinary Geniuses

could challenge. Even in the morning stars Academy, where geniuses gathered, it was rare to have a disciple who could reach this level.

As for the fact that an early golden core cultivator could challenge an original infant cultivator, who was at the peak of the early stage of the original infant, this was simply a fantasy. Even Ling Yuanqing and the other two founding sect leaders had never heard of this.

The sect opening leaders were all shocked, but Huang Xiaotao and Wang Xinyan were even more shocked. The Ling Yi this man was talking about was the Lin Yi that they had been thinking about day and night!

The two girls had weird expressions on their faces-they were still thinking about how they should meet Lin Yi in secret, but someone came to introduce Lin Yi to them first!

"It's absolutely true. Ling Yi was at the dock at the time, crippling an expert at the peak of the early stage of the original level in one move. Many people saw this, and our morning stars Academy has always been thirsty for talents. So I think that such a genius should not be buried and should be recruited as soon as possible." Qin deli says respectfully.

The three leaders looked at each other. In the end, principal Ling Yuanqing said, ""We can't miss such a genius. With his powerful strength and means, even if his spiritual root is ordinary, as long as we create a fake attribute for him, he will be a rare good seedling. What do the two of you think?"

"That's right, the attribute of a spirit root doesn't mean everything. Some people have bad spirit roots, but their potential is shockingly great. Their future is also limitless. I'm sure this Ling Yi is one of them!" Wei He bei's eyes were burning as he said this. He was immediately tempted. Among the three big shots, he was the most enthusiastic about taking in disciples. Basically, as long as it was a genius that was more impressive, he would want to take them under his wing.

Donghai Shanni also nodded in agreement but did not say anything. No matter how talented Wei Hebei was, she only accepted female disciples. This was the ancestral rule of the Donghai sect and she would never go against it. Thus, she was not as excited as Wei Hebei.

"Since both of you agree, do you think we should make an exception for admission? Although this person might have participated in the selection, it's not impossible for him to be left out." Ling Yuanqing suggested.

Making an exception for admission was not in accordance with the selection rules. It was originally strictly prohibited, but the rules were dead, and people were alive. In front of a true heaven-defying super genius, all the so-called rules could give way, but this required the unanimous approval of the three big shots.

"I think it's only right. Special talents should be given special treatment. The competition for genius disciples among the various Academies is already a waste of time. Our Morning Star Academy can't fall behind. This kind of heaven-defying super genius, it's not too much to put down our pride and invite him in person. We'll just visit the thatched cottage three times." Wei He bei immediately said.

An early jiedan stage master was not worth mentioning, but this was an early jiedan stage master who could kill a master of the early Yuanying stage in seconds, which was completely different. If he could take such a genius under his command, that scene would be wonderful.

"This old woman has no objections." Donghai Sheoni nodded. Although she couldn't accept him as a disciple, she would be happy if the Academy had another super genius.

"Alright, since both of you agree, then it's decided." Ling Yuanqing immediately decided and asked, "Which one of you is willing to lead the team?"

Such a heaven-defying genius, even if he was accepted into the Academy, ordinary instructors definitely wouldn't have the qualifications to teach him. He could only enter the tutelage of the three big shots of the opening period. And this time, whoever led the team would basically decide who Ling Yi would enter as his tutelage.

Donghai's divine nun looked at the two of them and didn't say anything. As for Ling Yuanqing, as the Dean, even if he was tempted, he couldn't just rush out and do it himself. They had to be polite to each other.

"Why don't ... I go?" Wei He bei was a bit impatient. He was a straightforward person. Once he saw something, he would not care about such details.

Ling Yuanqing pondered for a moment and hesitated. To be honest, he was also tempted. This was the third stop. In the previous two stops, the Donghai divine nun had accepted Huang xiaotao, who had amazing talent. Although Wei Hebei did not accept such a genius with unlimited potential, he had at least accepted two in-name disciples. Only he himself had gained nothing.

Chapter 4363 A Little Familiar

Now that he had found a genius, if he were to give way to him like before and let it slip by, he would definitely regret it.

However, now that they had not even seen him and had only heard Qin deli's side of the story, it was a bit unreasonable for them to fight with Wei Hebei for a disciple.

"Deans, according to what I know, Ling Yi is still at the Qitian bodyguard agency and doesn't have any plans to participate in the Academy's selection. If it's just one Deans leading the team, it might seem like our Academy isn't sincere enough. However, if all three Deans are going together, then Ling Yi definitely won't be able to reject them." Qin deli suddenly interrupted.

The reason for this proposal was to ensure that Ling Yi could join the Morning Star Academy. On the other hand, if Ling Yi didn't know how to appreciate the favor and refused to join, that would be even better. At that time, the three big shots would definitely lose face, and if such a Big Shot was embarrassed, Ling Yi would definitely be the one in trouble.

After all, the three of them represented the entire morning stars Academy. Not giving them face was not giving the morning stars Academy face. If this matter spread, it would definitely have a huge impact on the Academy's reputation. Whether it was for public or private reasons, they would not let Ling Yi off so easily. They might even flip out on the spot.

"Your words are not without reason." Ling Yuanqing nodded. He didn't know Qin deli's intentions, but these words helped him out of the situation. He didn't have to fight with Wei Hebei too early, and he could also personally see this so-called super genius. It was killing two birds with one stone.

"I think it's fine." Wei He bei did not think too much and immediately nodded in agreement. As for Dong Hai Shen ni, he did not have any objections. He was just following them.

The three big shots made a decision. They did not care that the sky was already dark. They immediately let Qin deli lead the way and the group of them set off for the Qitian bodyguard agency.

Qin deli naturally accepted the order happily. On the way, he even secretly sent someone to inform Wei Zhaotong and Cheng Ketian, asking them to go to Qitian bodyguard agency to watch the show.

"Young master! The young master! There are people outside!" Seeing this group of people, the bodyguard hurriedly reported to Qi Wenhan.

"Who's here? Panicking like this, what a disgrace!" Qi Wenhan was discussing business with a client. He frowned and scolded when he saw this.

"It's ... It's the principal of the Morning Star Academy ... The three big shots of the mountain opening stage!" The guard stuttered.

"What?" This time, even Qi Wenhan was shocked. He stood rooted to the ground, unable to move. After a long time, he finally reacted. He couldn't even care about the customer beside him and quickly ran to the door.

Any one of the three founding mountain giants of the Morning Star Academy placed in the crescent Sea area was an absolute super god. Even the big shots of the top forces here didn't have the qualifications to ask to see them, let alone have them personally visit!

What day was it today? the three mountain opening powerhouses had actually come to his small Qitian bodyguard agency together. Could there be something going on?

When they arrived at the entrance of the bodyguard agency, Qi Wenhan saw the three of them. Although Ling Yuanqing and the other two had restrained their auras to the extent that they were no different from ordinary people, they could not hide the extraordinary temperament of Grandmaster level experts. Even if Qi Wenhan had never seen these three tycoons before, he could recognize them with one look.

In the crowd, Qi Wenhan also noticed the figures of Wei Zhaotong and Cheng kangtian, his two sworn enemies. His eyelids twitched, and he had a bad feeling. His intuition told him that today's incident might be related to these two people.

"I'm Qi Wenhan, the young master of the Qitian bodyguard agency. I apologize for not coming out to welcome the three seniors!" Qi Wenhan suppressed the bewilderment in his heart and respectfully greeted the three Giants.

"We've been presumptuous and caused trouble for you, young master. " Ling Yuanqing nodded.

"You're too kind. The three of you are the honored guests of our entire Yu Luo Sea area. It's our fortune to be able to visit our Qitian bodyguard agency. Please come in!" Qi Wenhan smiled apologetically as he was flattered. He quickly got someone to make arrangements and invited everyone into the living room of the bodyguard agency.

Following behind the three mountain opening Giants, Wei Zhaotong and Cheng Qitian also mixed in. Qi Wenhan's eyes twitched, but he couldn't drive them away in front of the three Giants, so he could only turn a blind eye.

After everyone had entered the living room and invited the three powerful figures to sit down, Qi Wenhan's eyelids twitched again. He only noticed Huang xiaotao who was beside Donghai's nun. He was surprised and suspicious, but because Huang xiaotao was wearing a veil, he couldn't be sure that they were the same person. He could only suppress his doubts in his heart.

In fact, among the people present, Cheng Kengtian had also seen Huang xiaotao before. He had the same doubts as Qi Wenhan, but he did not think too much about it. In these days, many female

cultivators would wear veils when they went out to avoid trouble. It was likely that it was just a pure coincidence.

"Young master, we don't come here without a reason. We're here to meet an escort from your bodyguard agency. His name is Ling Yi." Ling Yuanqing went straight to the point.

"Ling Yi?" Qi Wenhan was stunned again. He subconsciously glanced at Huang Xiaotao and then carefully said, "May I ask why senior is looking for Ling Yi?"

"I heard that Ling Yi's strength is shocking, and he can challenge those of a higher cultivation level. Thus, we are preparing to meet him. If he is willing, we plan to take him in as a disciple." Ling Yuanqing said bluntly.

He actually came to take in a disciple? Qi Wenhan was even more puzzled. Ling Yi's strength was indeed outrageously strong. Even old Kong, an expert at the peak of the early stage of the original level, could be crippled. But so far, not many people knew about him. It couldn't be that his reputation was so great that even the three big shots of the mountain opening stage would be alarmed, right?

Seeing Wei Zhaotong and Cheng Kengtian's smug and playful expressions, Qi Wenhan was even more certain that these two were behind this!

However, even if he knew this, Qi Wenhan didn't dare to refuse. After all, this was Ling Yuanqing's personal request. Not to mention him, no one in the black arc Sea area would dare to refuse.

"Yes, please wait for a moment, seniors. I'll get someone to invite Ling Yi over." Qi Wenhan nodded and gave Butler Song, who was beside him, a look.

After a while, Lin Yi walked into the living room under the guidance of Butler song. Ling Yuanqing, Wei Hebei, and Donghai sheanni all looked at him at the same time, looking at each other strangely.

They couldn't remember the details, but the perception of an opening sect leader wasn't something to be scoffed at. Even one glance at the crowd was enough to leave an impression on them, and now that they saw Lin Yi again, they found him familiar.

Chapter 4364 Nothing Strange

Xinyan and xiaotao, on the other hand, looked at Lin Yi with passion in their eyes. If it weren't for the fact that so many people were watching, they would've jumped into Lin Yi's arms already. Unfortunately, they couldn't even speak now, and could only stand there and watch.

As for Wei Zhaotong and Cheng qiitian, they were both laughing coldly. As far as they were concerned, Lin Yi didn't have any room to refuse at this point and could only jump into their trap. Otherwise, he'd die a horrible death if he embarrassed the three big shots in public.

Lin Yi looked at the crowd in surprise, but before he could say anything, Qin deli was one step ahead and announced, "Ling Yi, because you were able to challenge a nascent Soul Stage cultivator, your potential is astonishing, and you've received the recognition of the three Deans of the morning stars Academy. They've decided to make an exception and accept you as a disciple. You'll join the morning stars Academy from today onwards. This is a once-in-a-lifetime opportunity, so you must make good use of it."

Lin Yi was even more surprised. He looked at Xinyan and xiaotao, who both shook their heads quietly. He knew that this wasn't their idea.

But if it wasn't Wang Xinyan or Huang Xiaotao, but someone else, why would they recommend him to the three Giants of the Mountain Opening Stage for no reason? What was their intention?

Lin Yi was a sharp person—he caught the exchange of a glance between Qin Deli, Wei Zhaotong, and Cheng Qitian. As expected, this person was in cahoots with Wei Zhaotong and Cheng Qitian, so it definitely wasn't anything good. There might be a scheme behind this!

Naturally, Lin Yi wouldn't agree to something like this. If he really wanted to, he wouldn't have to wait until now in Zhenduan City.

"Three seniors, I'm not very talented. I'm afraid I'll have to disappoint you." Lin Yi cupped his hands and declined.

"Slow-witted? This young hero Ling is too humble. The matter of you beating up an expert at the peak of the early stage of the original level at the dock was witnessed by everyone. Now that the three Deans have personally come to invite you, you still deliberately refuse, isn't it a little unreasonable? Don't tell me you don't have any respect for our Morning Stars Academy?" Qin Deli immediately seized the opportunity to sow discord.

Ling Yuanqing and the other two furrowed their brows. No matter what, Ling Yihui's rejection was too hasty. He didn't even consider the most basic of factors. It was indeed a little embarrassing.

The big three's expressions turned cold, and the atmosphere in the living room became tense. Even Qi Wenhan was worried for Lin Yi. This was different from Wei Zhaotong and Cheng Qitian. If he really offended the big shots of the Morning Star Academy, his small Qitian bodyguard agency wouldn't be able to protect Lin Yi.

Everyone's eyes fell on him, but Lin Yi didn't care. He smiled and pointed at Huang Xiaotao, who was standing beside Donghai Shengni, "I hope you haven't forgotten that I participated in the selection with Junior Sister Huang in Zhenduan City. However, my aptitude was too poor, so I was eliminated in the first round ..."

Ling Yuanqing and the others already had some impression of him, and after hearing Lin Yi's words, they immediately realized who he was!

If it was just Lin Yi alone, the three of them wouldn't have noticed him, but when they were stunned by Huang Xiaotao's talent, Huang Xiaotao had discussed it with her senior brother, so they naturally noticed this person.

Ling Yuanqing couldn't help but feel a little disappointed. From what he remembered, Lin Yi's spirit root only had a single fire element, which was why he was eliminated immediately. Furthermore, he didn't have any outstanding performance during the selection. If he was really that strong and could fight an opponent of a higher cultivation level, he would definitely have mentioned it on the spot and participated in the attack test!

After all, the rules of the Morning Star Academy clearly stated that if one had the ability to fight an opponent of a higher level, even if one's spiritual root was average, as long as one performed outstandingly in the formation attack test, they would still have a chance to enter the Morning Star Academy. Ling Yuanqing clearly remembered that Lin Yi didn't make this request at the time.

Ling Yuanqing didn't think that Lin Yi would hide anything at such a crucial occasion. According to common sense, since he was here to participate in the selection, he would definitely hope to enter the academy. Moreover, he was with Huang Xiaotao, so he definitely didn't want to be separated from her. If he could enter the academy, why would he give up?

"What's going on?" Ling Yuanqing turned to look at Qin deli with a hint of blame in his eyes. The three heads of the sect had come here with great hope, but this was the result.

Qin deli panicked. It was supposed to be an unassailable dead end. He never expected that a few simple words from the other party would turn the situation into this. He was just a purchasing manager, and he couldn't bear the blame from the president, Ling Yuanqing!

"I ..." Qin deli couldn't speak and could only turn his head to look at Wei Zhaotong and Cheng Qitian. His eyes were full of anger and resentment. He thought it would be a good thing that would kill two birds with one stone, but he didn't expect it to turn out like this. This time, he was screwed by these two guys.

Wei Zhaotong was dumbfounded as well-he only wanted to deal with Lin Yi on the spur of the moment after hearing Cheng Qitian's words. He didn't understand Lin Yi at all, and it was impossible for him to know about this kind of inside story. He didn't know what to do and nudged Cheng Qitian, who was beside him. He was the one who started this, so of course he had to clean it up.

"Impossible! The first time this guy came to the pier, he injured our poison eye mercenary group's old Kong even though he was only an early Aurous core stage cultivator. He's a peak early nascent Soul Stage cultivator!" Cheng Qitian was also anxious and quickly jumped out.

Ling Yuanqing and the others turned to look at Lin Yi, confused. They didn't know who Cheng Ketian was, but they were sure that he wouldn't lie in front of the three of them. There would definitely be other witnesses, which meant that Ling Yi was hiding something from them?

In an instant, everyone's gazes became more judgmental. If that was really the case, then what this Ling Yi was thinking was a little interesting.

"He's right," Lin Yi didn't deny it, but continued, "It's just that at that time, I was working together with junior martial sister Huang. With her heaven-defying talent, it wasn't strange for me to defeat a peak early Yuanying stage expert together with her ..." "

Chapter 4365 Died On The Spot

"Hmm, that makes sense." Ling Yuanqing and the other two sect opening leaders nodded, thinking that Lin Yi's answer was reasonable.

Huang xiaotao was a super genius with fire and wind double spiritual roots. She had also broken through to the Golden core stage perfectly. Her strength was far beyond that of an ordinary golden core stage master. Although it seemed a little unbelievable to others, it was actually reasonable when they thought about it carefully.

"Impossible!" "The first time, you guys worked together, but the second time, not long ago, you crippled old Kong all by yourself. What do you say about that?" Cheng Qitian said hurriedly.

"It's very simple. He was previously injured by Junior Sister Huang and I, and his injuries have yet to recover. " Lin Yi smiled and shrugged, "When I was in the Zhen Duan Sea area, I accidentally obtained two golden cores. After taking them, I leveled up, and I was caught off guard. Is it strange that I crippled old Kong?"

Everyone nodded again. They knew Huang xiaotao's incredible talent, but they also knew that Lin Yi's talent was "mediocre," so they assumed that the reason why he was able to hurt Kong, a peak-level early nascent Soul Stage master, was mainly because of Huang xiaotao's battle results, and this Ling Yi was just there to make up the numbers.

Even in the second one-on-one fight, Huang xiaotao's previous injuries must have been too serious. After all, with Huang xiaotao's super talent, it would not be strange for her to fight an opponent of a higher level. Moreover, Ling Yi himself had said that the second time, she was able to catch him off guard, which meant that the other party must have underestimated her.

With so many prerequisites laid out, this was what led to the so-called "early jiedan stage killing a peak early Yuanying stage". All of this analysis could only be said to be Ling Yi's luck, but it didn't mean that he was really that heaven-defying!

"My senior brother's words are all true, I can bear witness to this." Huang xiaotao took the opportunity to step out. She wanted to be with Lin Yi, but since he didn't want to join the Morning Star Academy, she had to help him escape.

As a highly valued direct disciple, Huang xiaotao's words were obviously more credible than Cheng qitian 's. Not only did Donghai Shanni absolutely believe in her, but Ling Yuanqing and Wei Hebei also had no doubts.

Huang xiaotao's words were basically enough to make a final conclusion for today's matter.

"No! That was impossible! That's impossible!" Originally, he was about to succeed, but it was suddenly destroyed. Cheng Qitian was so angry that he pointed at Huang xiaotao and said, ""How could this little B * tch possibly injure old Kong so badly? when I wanted to capture her, she was hiding behind Ling Yi and trembling in fear. She couldn't ..."

Before Cheng Qitian could finish, the atmosphere suddenly dropped to a freezing point. Everyone subconsciously held their breath, and Donghai's cold voice sounded, ""Who are you calling a little B * tch? Who do you want to capture?"

"I ..." Cheng Qitian finally realized what he had just said, and cold sweat immediately poured down his head. He wanted to remedy the situation, but it was too late. Donghai's divine nun was a powerful figure in the opening period, and he had always been protective of his own people. How could he give him a chance to remedy the situation?

Cheng qiangtian couldn't say a word. He only managed to say "I" when he felt a cold and powerful pressure sweep over him. It was like a towering mountain that suddenly pressed down on his head, making it hard for him to breathe.

There was a dead silence, only Cheng Qitian's heavy breathing could be heard. The blood vessels on his face expanded, and his eyes turned ferocious. A moment later, he suddenly spat out a large mouthful of blood and fell to the ground, dead!

Looking at Cheng qiitian's miserable death on the ground, Wei Zhaotong was so scared that he peed his pants. Taking advantage of the fact that no one was paying attention to him, he quickly retreated to a corner, not daring to make a sound.

Qin deli was also scared out of his wits. He kept cursing in his heart, wishing he could grab Wei Zhaotong and give him 14000 slaps. What kind of pig teammates did he find?

It's fine if you're f * cking looking for death, but now you've put me in a difficult position. What should I do?

It wasn't just the two of them-even Lin Yi felt his heart skip a beat at the sight.

A sect opening powerhouse was indeed a god-like existence. He'd heard from the damn thing before that some powerful beings didn't even need to make a move-they could kill you with one look. Lin Yi thought it was an exaggeration, but the scene in front of him confirmed it!

No matter how useless Cheng qiantian was, he was still a true late-stage golden core expert. He didn't even move a finger and was killed so easily. The power of a sect opening giant was really beyond imagination.

Only Ling Yuanqing and Wei Hebei remained indifferent. How dare they call the disciple of Donghai's godly nun a little B * tch? they were like ants.

Although Donghai's nun had always been a pure cultivator, she was a typical example of using violence to curb violence. She was like the angry Vajra of the Buddhist League. Especially when it involved her precious disciple, it was already very kind of her not to kill you and your entire family.

"Thank you, master, for standing up for your disciple." At Wang Xinyan's signal, Huang xiaotao hugged Donghai shegni's arm and said gratefully.

"Xiao Tao, remember, no matter who dares to harm you, just tell me. Although I don't like to kill, I never mind killing." Donghai shegni patted Huang xiaotao's hand and looked at the body on the ground. He said indifferently,""Clean it up, don't ruin everyone's mood."

"Yes, yes." Qi Wenhan was stunned for a moment, then he quickly nodded and ordered his men to drag Cheng Qitian's body out like a dead dog. At the same time, he was secretly happy.

Cheng Qitian had been his nemesis for many years and had been looking for trouble with him. However, because of the poison eye mercenary group, Qi Wenhan had not dared to kill him. He did not expect such a surprise today.

Cheng Kengtian had died at the hands of Donghai's divine nun. His father, Cheng Haonan, would probably wet his pants in fear, let alone avenge his son. He was afraid that the divine nun would be unhappy and destroy the entire poison eyes mercenary group.

Although the poison eyes mercenary group had been flaunting their power in the Qiu Luo sea, they were only tyrannical within their own nest. In front of a sect-opening giant like Donghai Sheoni, resistance was nonsense. Life and death were completely in the hands of the other party.

"Tell me, what happened?" Ling Yuanqing turned to Qin Deli and said.

Chapter 4366 Reunion After A Long Separation

Although this director didn't have the intention to kill, but with Cheng Qitian's previous example in front of him, Qin Deli was so scared that he almost collapsed. While looking at Wei Zhaotong who was hiding in the corner, he stammered: "I ... I ... I heard all of this from shopkeeper Wei ... So I came to report to the principal ..."

Everyone's eyes immediately fell on Wei Zhaotong. This time, no matter how Wei Zhaotong hid in the corner, he could only brace himself and step out.

"I actually heard it from Cheng Qiantian ... But ... He's already dead ... I didn't expect him to be this kind of person ..." Wei Zhaotong explained with an embarrassed expression.

"After all that talk, you're finally going to blame it all on a dead person?" Ling Yuanqing couldn't help but feel a little angry. Qin deli and Wei Zhaotong were also frightened. If this Big Boss was as angry as Donghai's divine nun, then the two of them would really have to go and accompany Cheng Qitian.

However, Ling Yuanqing was the principal of the Morning Star Academy, and he wasn't like Donghai's nun. He wouldn't kill people for no reason, so he didn't want to pursue the matter.

He knew about Wei Zhaotong. When he was the deputy manager of the gaolin Sea area in the east continent, he often went to the Morning Star Academy. Now that he was the manager of the Xiao Luo Sea area branch, he was a member of the Hong Chamber of Commerce. Ling Yuanqing wouldn't rashly attack the Hong Chamber of Commerce's people for such a small matter.

"If that's the case, let's go back." Ling Yuanqing finally spoke. Wei Hebei sighed regretfully. He had come with hope, but he returned empty-handed. The so-called super-genius who could kill someone of a higher realm in seconds turned out to be such a mishap. How could he bear this?

However, even though it was a pity, the truth had already come to light. The three of them, who were big shots at the beginning of their careers, could not stay at the small Qitian bodyguard agency for long. Otherwise, in the eyes of outsiders who did not know the truth, they would think that there was some unspeakable relationship between the morning stars Academy and the Qitian bodyguard agency.

Everyone stood up, but Wang Xinyan suddenly said, ""Master, Xiao Tao is the junior Sister of young hero Ling Yi. We used to work together at the Qitian bodyguard agency. It would be a little unreasonable for her to follow us back just like that. Why don't I stay with Xiao Tao and treat them to a meal? it can be considered as our final farewell."

"That's good too. Be careful on your way back tonight." Donghai Shanni nodded in agreement. She had always doted on her two disciples, so she would naturally agree to such a reasonable request.

"Senior, don't worry. We will escort them back together." Lin Yi said.

"That's right. Even though our Qitian escort agency is a small one, we still have some power in a place like black arc city. We definitely won't let anyone affect the two ladies 'mood." Qi Wenhan also promised.

"Okay, I'll have to trouble you then." Donghai Sheoni nodded and left with Ling Yuanqing and the others. Lin Yi and the others walked them to the gate of the bodyguard agency before returning.

"Brother Ling, I was wondering why bodyguard Huang didn't come back. I was worried that something had happened to her, and I didn't dare to ask because I was afraid that you would be sad. I didn't expect that she would be chosen by the morning stars Academy to become the personal disciple of the deity of Donghai, a Big Shot in the beginning! Brother Ling, you're so mean. You didn't even tell me about this!" Qi Wenhan patted Lin Yi's shoulder as he pretended to complain.

"Hehe, brother Qi, you didn't ask me before, so I didn't mention it. Otherwise, people would think I was showing off or even bragging!" Lin Yi said with a smile.

If it was anyone else, they would have been so happy to let the whole world know that their Junior Sister had become the disciple of Donghai's nun. However, he was a low-key person, so why would he do that?

Plus, whether it was strength, potential, or Foundation, Lin Yi was a top-tier existence-and that was already being humble.

Other people might respect Donghai's godly nun, but he would only look up to her. One day, he would be on par with her, or even far beyond her. Therefore, he did not think that Huang Xiaotao was trying to climb up the social ladder by becoming his disciple. At most, he thought that Donghai's godly nun would not mistreat her.

"That's true. Bodyguard Huang has always been quiet. Those who don't know would find it hard to believe." Qi Wenhan laughed and said excitedly, "This is great news! We must celebrate it!"

Today was a big day for him and the entire Qitian bodyguard agency. The three big shots of the mountain opening stage had come personally. This gimmick was enough to make the Qitian bodyguard agency in the entire South continent and even in the upcoming South continent bodyguard agency event.

And what made Qi Wenhan even happier was that Cheng Qitian was dead! And he was killed by Donghai's divine nun. He had been holding it in for a long time, but it wasn't a good time for him to do anything. He didn't expect that this time, without any warning, he would get rid of his nemesis out of thin air. It was like a pie falling from the sky!

In addition, Huang Xiao Tao, who had disappeared all this time, had become the personal disciple of Donghai's godly nun. This meant that as long as the Qitian bodyguard agency could build a good relationship with Ling Yi, they would be able to rope in this super genius of the Morning Star Academy.

He didn't dare to say that he would make the Donghai divine nun look at him in a new light, but even so, it was still a very enviable network. After all, a super genius that even the three Giants of the Morning Star Academy valued so much was destined to have a bright future.

Qi Wenhan felt like he was in luck after all the good things he'd done. It was all Lin Yi's doing, and he felt like he had a really good eye. He'd only been able to get all these good things today because he'd picked Lin Yi at the dock.

Otherwise, not to mention so many good things, just the previous robbery incident alone would have been kept in the dark from the beginning to the end. He might even be fooled by Wei Zhaotong, that old fox, in front of a spendthrift!

"Brother Ling, you can chat with the two young ladies First. I'll go arrange a banquet and treat you to a good meal!" Qi Wenhan said excitedly. He excused himself from the two women and immediately led his men to take care of it.

"Then come to my room." Lin Yi smiled and brought Xinyan and xiaotao to his room. It was the best room in the Qitian bodyguard agency, after all, and the environment was quite elegant. There was a small living room in the room, which was convenient for the three of them to talk.

The two girls couldn't hold it in any longer as soon as they got back to the room. They flew into Lin Yi's arms like swallows on both sides, and the three of them hugged each other. It didn't make people blush, but it felt like a family reunion-it was a faint but memorable warm feeling.

Chapter 4367 Taking Action

"Have you two been well?" The three hugged for a long time before Lin Yi asked with a smile.

"Yes, sister Xinyan treats me better than her own sister. Master also dotes on me and dotes on us no matter what. She treats us like her own daughter. You saw it just now." Huang xiaotao said with a happy expression.

She thought that it would be hard to part with Lin Yi, but Xinyan and Donghai both made her feel like home. Even if she missed Lin Yi all the time, it wasn't as hard as she thought. On the contrary, she was happy.

Because her parents had died when she was young, she was forced to live in a relative's house. Everyone around her treated her as a commodity rather than a child. Even after they found out that she had a good cultivation qualification, she was just a rare commodity and had never been truly cared for.

But now, not only did she have Lin Yi, but she also had Wang Xinyan, her gentle and sweet sister, and Donghai's godly nun, her master who was like a kind mother. Huang xiaotao was a very content person. She felt very happy to have so many people care about her, and she wouldn't ask for more.

Lin Yi looked at Xinyan gratefully, secretly glad that all of his female friends had such good personalities. It'd be a real headache if one of them was a jealous one.

Wang Xinyan naturally knew what Lin Yi was thinking and rolled her eyes at him flirtatiously. She couldn't help but cover her mouth and laugh. She had always been kind to others, not to mention that Huang xiaotao was so close to her. Naturally, she would treat Huang xiaotao well from the bottom of her heart.

Xinyan herself probably didn't realize that her understanding and generosity made Lin Yi like her even more, value her, and love her.

"Don't talk about us. How are you? it seems like you're in trouble again. " Xinyan asked, concerned.

He didn't know what Wei Zhaotong and the others were planning, but this whole thing felt like a conspiracy. If Lin Yi didn't handle it well, it would've been a disaster. Fortunately, the result wasn't bad. Not only did they not succeed, but they even got themselves involved.

"There is indeed a little problem, but it's not a big problem. I can handle it." Lin Yi said with a smile. It wasn't easy to get together with the two girls, and he didn't want to talk about things that would ruin the mood. Plus, he could handle it with his own strength.

"Tell us. In front of us, do you still want to report the good news and not the bad news? We'll do the same in the future. No matter what trouble we encounter, we won't tell you!" Wang Xinyan pursed her lips.

"Yes, I learned this from you." Huang xiaotao chimed in.

"I say, you two have only known each other for a few days. You're already on the same side?" Lin Yi didn't know whether to laugh or cry. "Alright, since there's nothing else, I'll tell you guys."

"That's a good girl!" Wang Xinyan and Huang xiaotao were finally satisfied. They sat down with Lin Yi's arms on both sides, signaling Lin Yi to tell them.

"This time, they suddenly recommended me to the Academy's big three. I'm sure it's Wei Zhaotong and Cheng qiitian's doing. I'm sure you can see this as well." Lin Yi said.

"It's not strange that Cheng Qitian is up to no good. We've had some problems with him before, but Wei Zhaotong is the manager of the Hong Chamber of Commerce's branch, and he's also an old friend of

Hong Zhong 's. There's no enmity between us, so why would he want to deal with you together?" Huang Xiao Tao asked curiously.

"I can't say that there's no enmity between us. At least from his perspective, I'm the one who ruined his plan, so he hates me." Lin Yi said with a faint smile.

"Ruined his plans? What good news?" Wang Xinyan and Huang xiaotao were even more curious.

"Xiao Tao, do you still remember when we were on an escort mission and our goods were robbed by four Pirates? I told you that there was something strange about it. The strange thing is that Wei Zhaotong found these Pirates himself!" Lin Yi laughed coldly."He'll get someone to take back his own goods. At the same time, he'll extort a huge sum of spiritual Jade from Qitian bodyguard agency. It's a whole three hundred thousand spiritual Jade. He'll compensate them according to the price!"

"Ah? This person is actually so black-hearted?" Huang xiaotao couldn't help but be a little speechless. Unlike Wang Xinyan, because she knew in advance that he was Hong Zhong's old friend, she had initially thought that Wei Zhaotong was a good person.

"That's the truth. If I hadn't caught those four Pirates by chance, I wouldn't have believed that Wei Zhaotong would be such a person. You guys don't know yet, but the cargo he swallowed was a life-saving resource for the hundreds of people in the Fang Family Village on saliva Peng Island. Fortunately, I intervened, otherwise they would have been doomed. " Lin Yi sighed.

"What happened after that? After you caught the pirate, he wouldn't be able to deny it, right?" Wang Xinyan asked.

"Although he was caught red-handed, this old fox is cunning and stubborn. Even if we brought witnesses to confront him, he would insist that it was false evidence. After all, he is the shopkeeper of the Hong Chamber of Commerce branch. We can't force it, so we can't do anything to him." Lin Yi said, shaking his head.

"So, you're saying that the Qitian escort agency can only let him do as he pleases even though he scammed them of three hundred thousand spiritual Jade?" Wang Xinyan asked, surprised.

"Everyone in the bodyguard agency is helpless, but that's the truth. I can only say that people change. This time, even Hong Zhong has misjudged." Lin Yi shrugged.

"This Wei Zhaotong is really bad! He's heartless and has no regard for the lives of hundreds of people. Not only did he set up the Qitian bodyguard agency, but he also tried to frame you. We can't let him off so easily!" Even with Huang Xiaotao's gentle personality, she was still filled with righteous indignation after hearing this. She turned to Wang Xinyan and said, ""Sister Xinyan, why don't we ask master to help us punish him?"

She knew that Lin Yi still had to stay in the crescent Sea area for a while, and if she didn't get rid of Wei Zhaotong as soon as possible, she wouldn't be able to leave just like that. Besides, the Morning Star Academy had a high status, and if the godly nun of the East Sea came out personally, no matter how cunning Wei Zhaotong was, he wouldn't dare to argue in front of a sect opening powerhouse.

"Well ..." Xinyan was a little hesitant. She'd been at the morning stars Academy for more than a year, and knew more than Huang Xiaotao about many things. "Little sister Xiao Tao, although the Academy's status is extraordinary, we can't rashly ruin our relationship with a top Chamber of Commerce like the Hong Chamber of Commerce. Otherwise, we will become very passive in the future. After all, they have no connection. Even our master, a Big Shot in the beginning stage, can't casually deal with the people of the Hong Chamber of Commerce. This is a taboo. Didn't you see that just now, Dean Ling was clearly very angry, but he still let Wei Zhaotong go in the end?"

Chapter 4368 Destroying The Venue?

"This ..." Huang Xiaotao was simple-minded, but she still knew the most basic rules of the pugilistic world, that the sects should mind their own business. She couldn't help but say, ""Then what do we do? are we just going to let Wei Zhaotong continue to be free and unfettered? That's too infuriating!"

Xinyan was in a difficult position as well. She was the same as Huang Xiaotao-she wanted to help Lin Yi get rid of Wei Zhaotong before they left, but if she went to her master because of that, she'd put her master in a difficult position. What should she do?

"Hehe, the two of you have gone to a dead end. Who said that to deal with Wei Zhaotong, you must let your master take action? Is Wei Zhaotong even worthy of an opening sect Big Shot personally taking action?" Lin Yi smiled as he watched the two girls' troubled expressions.

"But with just the three of us, do we have to force our way in? If we don't have a good reputation, the Hong Chamber of Commerce wouldn't be so easy to break into. Wei Zhaotong is a cunning old fox, who knows, he might even bite us back?" Xinyan said, worried.

She knew that even if it was a branch, the Hong Chamber of Commerce would definitely have guest Masters holding the fort. It wasn't easy to barge in. If they didn't have a good name, once the matter got out of hand, they would be turned around by Wei Zhaotong.

"That might not be the case. The Academy can't control Wei Zhaotong, but I can." Lin Yi only smiled.

"Ah?" Wang Xinyan and Huang Xiaotao looked at each other in surprise.

"Xiao Tao, have you forgotten? I think I've mentioned to you before that I'm not an outsider in the Hong Chamber of Commerce, but one of us. I'm their honorary Vice President!" Lin Yi said with a smile.

"Oh, right!" Huang xiaotao suddenly remembered that it was only a title, and she didn't usually use it. If Lin Yi didn't mention it, she wouldn't have remembered it.

"Honorary Vice President?" Xinyan's eyes lit up, and she said happily, "That's great. Although this position doesn't have any real power, the position is there, and there's no doubt about the right to speak. In addition, with the evidence in hand, it's perfect to deal with a Branch Manager like Wei Zhaotong!"

"That's right, Wei Zhaotong is an evil person, we can't let him continue to run amok like this. Even from the perspective of the honorary Vice President, I have to take some responsibility for the Hong Chamber of Commerce. " Lin Yi made up his mind. "If I want to deal with Wei Zhaotong, the first thing I need to do is to take over the branch from him. I don't have the power to do it alone, so I need the two of you to help."

"How can I help?" Wang Xinyan and Huang xiaotao said eagerly. They weren't battle maniacs, but they couldn't wait to fight Wei Zhaotong for Lin Yi.

"It's very simple, come with me to deal with the guest Masters there. If there are no accidents, Wei Zhaotong himself is a Yuanying stage master. At that time, he definitely won't let himself be captured without putting up a fight. He will definitely incite the other guest Masters to deal with us. In order to prevent things from getting out of hand, we must end the battle as soon as possible. " Lin Yi analyzed.

"Alright!" Huang xiaotao nodded without hesitation. She had already formed a habit of following Lin Yi's orders. Even if he burned down the branch, she would do it.

"Yes, I know." Xinyan thought about it for a bit and nodded as well-she was more sensitive than Huang xiaotao, and naturally considered more things, like the feasibility of the plan and the consequences it would bring to Lin Yi.

Of course, Lin Yi's business was her business, and she wouldn't just stand by and do nothing. She just needed to think it through before taking action, and in conclusion, Lin Yi's idea was the most direct and effective way.

Huang xiaotao had told her before that their combined martial arts could easily kill a nascent Soul Stage master. Wang Xinyan was an early nascent Soul Stage master and a disciple of Donghai's godly nun, so killing a nascent Soul Stage master was no problem for her.

According to common sense, the Hong Chamber of Commerce would assign Yuanying stage experts to each branch, but the number would not be too high. Even a large branch like the North Island would only have four, and a small branch like the Xiao Luo Sea area would at most have two. Therefore, if there were no accidents, the success rate of quickly ending the battle would be very high!

In addition, the Morning Star Academy was a Tiger-and-Wolf Academy. No matter the time or occasion, they would never forbid disciples from fighting. On the contrary, all the rules and regulations were inclined to encourage competition between disciples. And this kind of so-called competition, in other words, was to cause trouble.

Under such an encouraging atmosphere, the Morning Star Academy's disciples had stirred up a lot of trouble outside. As long as they did not poke a hole in the heavens and could bear the responsibility, the Academy would never blame them.

Compared to the other disciples who were bored to death without any tricks, Wang Xinyan and Huang Xiaotao were absolutely well-behaved, and it was only natural for them to stir up some trouble occasionally.

Plus, even if they did, they had Donghai's godly nun backing them up, so there wouldn't be any problems. To a certain extent, if they helped Lin Yi, it was the same as pulling Lin Yi into Donghai's godly nun's protection. Even if something happened, they wouldn't have to worry about anything.

Lin Yi had always been a man of action. After the three made up their minds, he only told the guard outside to inform Qi Wenhan. He didn't say anything specific and went straight to Hong Chamber of Commerce.

The sky was dark, and there weren't many customers. The Hong Chamber of Commerce was just about to close when Lin Yi rushed in with the two girls.

"My three guests, my shop is already closed, please come early tomorrow." The waiter quickly stopped him.

"Good Morning, please?" Lin Yi couldn't help but smile as he glanced at the waiter. "Don't tell me that you have to line up and pick a time to smash a place? This has nothing to do with you, quickly call Wei Zhaotong out, you can't handle this matter today!"

"Smash the place?" The shop assistant was stunned. He had been in the Hong Chamber of Commerce for so many years, but he had never seen anyone who dared to mess with the Hong Chamber of Commerce. Even the most notorious local poison eye mercenary group didn't dare to do so!

However, feeling the aura of Masters from the three of them, the shop assistant didn't dare to waste any more time. This wasn't something he could handle, and he quickly ran into the inner hall and called Wei Zhaotong out.

Wei Zhaotong had been drinking tea to calm himself down. The encounter at the Qitian bodyguard agency had truly scared him out of his wits. Especially when Ling Yuanqing had gotten angry at the end, he, the manager of the Hong Chamber of Commerce branch, had been so scared that his legs had turned to jelly and he had almost knelt down on the spot. Today's trip had really brought him one round around the gates of hell.

Chapter 4369 What Can You Do?

It was all that idiot Cheng Qitian's fault. He was hopelessly stupid. Not only did he court Death himself, but he also almost dragged her down with him. She was really blind to work with such an idiot!

Wei Zhaotong was currently feeling scared and depressed at the same time when he saw the shop assistant running in with a panicked expression, claiming that someone had come to wreck the place ...

"What are you guys doing?!" Wei Zhaotong quickly followed the shop assistant out, and froze when he saw the three.

"What are you doing?" Lin Yi crossed his arms and smiled, "That depends on how you interpret it. We're here to investigate the matter of you breaking the law, shopkeeper Wei. Of course, from your point of view, it can also be understood as smashing the place."

He was really F * cking smashing the place! Wei Zhaotong's mouth twitched. He didn't care about Lin Yi, but he didn't dare to look down on Wang Xinyan and Huang Xiaotao. These two were the disciples of Donghai's godly nun. If he offended them, it would be the same as offending Donghai's godly nun. That was no joke. Cheng Qitian's tragic death was a living example.

So, even if the other party clearly said that he wanted to cause trouble, as long as the situation didn't develop to the point of no return, Wei Zhaotong could only pretend not to hear.

"Investigate me for breaking the law?" Wei Zhaotong pretended to be shocked, "did I hear wrong?" Although your Morning Star Academy has a high status, it doesn't make sense for you to meddle in the affairs of my Hong Chamber of Commerce. I'm afraid this is not in line with the rules? Do the seniors in the Academy know that you've come out to do this? Besides, what have I done to break the law?"

A series of questions, along with Wei Zhaotong's innocent and shocked expression, made it easy for normal people to be fooled, but Lin Yi and the others obviously wouldn't care about him.

"You're right. The morning stars Academy can't interfere, and there's no reason for them to interfere with you, but I can. " Lin Yi said as he pulled out a purple jade pendant. It was beautiful, and the words "Hong Chamber of Commerce" appeared at the center.

The others didn't know what was going on, but Wei Zhaotong only took a look and his expression changed on the spot, and he was immediately stunned.

This was an extremely rare purple gold Jade in the world. Even though it was just a small piece, it would be worth at least tens of thousands of spiritual jades if it were to be auctioned off, or even more. This was not all, Wei Zhaotong had seen many good things. But the problem was that this purple gold Jade had a special meaning within the Hong Chamber of Commerce.

In the Hong Chamber of Commerce, as long as one was a high-level figure at the level of a Vice President, they would have a jade pendant that could prove their identity. The president was a Black Gold Jade, and the Vice President was a Blue Gold Jade. This purple gold Jade represented a non-staff

high-level figure who had made special contributions to the Hong Chamber of Commerce, which was also the honorary Vice President!

Because these three types of gold and Jade were extremely rare, and the Hong Chamber of Commerce's unique formation was specially set up inside, it was impossible for outsiders to copy it. So as long as you took it out, no matter which branch you went to, it was enough to prove your identity.

However, in the Hong Chamber of Commerce, the existence of the purple gold jade pendant was only known to those who had reached the level of the branch shopkeeper. Ordinary guest Masters or ordinary waiters might not see it in their entire lives because of their low level. Most of them did not know anything about it.

"What do you want?" Wei Zhaotong's eyelids couldn't help twitching, as he asked back without changing his expression, while his brain was rapidly thinking of a way to deal with it.

He had acquaintances in the higher-ups of the headquarters, and knew that Hong Zhong had been promoted to Vice President recently, and that there was an honorary Vice President as well. But he didn't expect Lin Yi to be the mysterious honorary Vice President!

"Hehe, it seems that shopkeeper Wei is also a person who knows the value of goods. You know what this purple gold jade pendant of mine represents. Then I will not beat around the bush. As the honorary Vice President of the Hong Chamber of Commerce, I announce that I will take over the branch. Everyone, including Wei Zhaotong, must accept my investigation!" Lin Yi announced.

The Hong Chamber of Commerce was in an uproar. Everyone looked at each other. What was going on? why did an honorary Vice President suddenly appear and want to take over and investigate the entire branch?

Not only the workers, but even the two guest Masters were shocked. They didn't know about the purple gold Jade, but they at least knew that the honorary Vice President could take over the branch at critical times!

Wei Zhaotong saw everyone's reaction, and his heart instantly grew anxious. He knew that he had to react as soon as possible, otherwise, when everyone accepted this fact, he would no longer be able to turn things around.

"Men, arrest this guy who is pretending to be the honorary Vice President!" Wei Zhaotong made a prompt decision and quickly shouted, "This person's name is Ling Yi, he's just a mere bodyguard in the Qitian bodyguard agency, how could he be the honorary Vice President of our Hong Chamber of Commerce? the name on the Jade is Lin Yi! This person is pretending to be a higher-up in the headquarters, he must have other intentions!"

The moment he said that, everyone looked at Lin Yi with suspicion. The Vice President was a big Shot, why would he be a small bodyguard at the Qitian bodyguard agency? Wei Zhaotong was right, this person was definitely a fake!

One of them was the manager of his branch and was definitely his superior. The other was a small bodyguard from the Qitian bodyguard agency and was not well known. To everyone present, it was clear who they should believe in. There was no need to hesitate at all.

However, for the other ordinary workers and manservants, no matter who they believed in, it would not have any substantial impact on the result. This was because they were weak and never participated in a battle.

On Sky Class Island, no matter what happened, the one who had the most power would have the last laugh.

Wei Zhaotong was well aware of this, so his words were not directed at anyone else, but the two Yuanying guest Masters.

As soon as he finished speaking, the two guest Masters really did believe him. They immediately released their auras and stood on the left and right of the three, glaring at them like tigers. Together with Wei Zhaotong who was also a Yuanying master, they had already surrounded the three of them. When they made their move later, they would have the advantage just by standing there.

"Ling Yi, even if you can really fight against an original infant stage expert, there are three original infant stage experts here, including me. Do you think you can do anything to me?" Wei Zhaotong laughed coldly, not giving up, "I advise you to be a bit more tactful and leave. I can pretend that nothing happened today, so that you don't get into a conflict. Not only will you lose your life, but you'll also get the two disciples of the East ocean's nun into trouble,"

Chapter 4370 Expert Wang Xinyan

Wang Xinyan and Huang xiaotao's identity was an uncrossable barrier. Unless it was the last resort, Wei Zhaotong really didn't dare to fight to the death. Otherwise, if he accidentally injured these two, he wouldn't be able to bear the anger of Donghai's godly nun, who was a big Shot at the beginning of the mountain.

Lin Yi ignored Wei Zhaotong and looked at the two guest Masters, "You two, others may not know what is good, but even you can't resist my purple gold jade pendant? Even if you haven't seen it with your own eyes, you must have heard of it. Wei Zhaotong is devoid of conscience and has done many evil things. If you continue to help him, you'll be doing evil for a Tiger and will be treated as guilty of the same crime. I advise the two of you not to make a mistake!"

Lin Yi had heard from Hong Zhong when he first received the purple gold Jade that the lower-ranking members of the Hong Chamber of Commerce didn't know what the Jade represented, but the guest Masters were an exception. They had to go to the headquarters in Nakajima every once in a while for inspection and training, and if they weren't too inexperienced, they might know the origin of the Jade.

After all, they were all from the Hong Chamber of Commerce. If it wasn't necessary, Lin Yi didn't want to kill them all. However, these two guest Masters turned a deaf ear to his words, not even a bit of hesitation on their faces. They just stared at Lin Yi and the other two with cold expressions, as if as long as Wei Zhaotong gave the order, they would attack without hesitation.

"Hahahaha, Ling Yi, you don't have to waste your energy. You're just an escort from Qitian bodyguard agency, yet you're pretending to be the honorary Vice President of our Hong Chamber of Commerce. Or have you always done things without using your brain?" Wei Zhaotong's face was full of ridicule as he laughed.

Of course, he knew that the Jade in Lin Yi's hand was real-even the two guest Masters had some idea about it, but he was still fearless.

The reason was simple. He had been in the dark Arc Sea area for a few years. Although he didn't have full control of the branch, he had already bribed the two guest Masters.

The guest Masters and the branch shopkeepers didn't have a superior-subordinate relationship, but they were often very close. This phenomenon was common in every branch of the Hong Chamber of Commerce, and in these few years, the two guest Masters present had long become a community of interests with Wei Zhaotong. It could be said that they were grasshoppers tied on the same rope.

After all, there were risks in robbing people halfway. Those Pirates were people who killed without blinking. Without an expert to find them, it was likely that they would be eaten by the other.

"Oh, really? I originally only wanted to deal with Wei Zhaotong, but since you two insist on blocking the way, then don't blame me for being impolite. " Lin Yi said with a faint smile, not thinking much of it.

"Hmph, you're still talking big even now. Facing us three Yuanying stage experts, do you even have a 5% chance of winning? Don't lie to yourself. You came to find trouble. Even if I kill you directly, the morning stars Academy won't be able to say anything!" Wei Zhaotong coldly snorted and threatened.

However, before he could finish his sentence, his eyes flashed. Lin Yi didn't care about anything and attacked!

Wei Zhaotong knew that the three of them didn't come with good intentions, but he wasn't too worried from the start. After all, no matter how he looked at it, the three Yuanying Masters on his side had the absolute advantage. As long as Lin Yi wasn't completely stupid, he'd back off and wouldn't humiliate himself.

But he didn't expect that Lin Yi's evaluation of each other's strength wasn't the same.

The strength of these three nascent soul masters couldn't be underestimated, but with Wang Xinyan and Huang Xiaotao, the two recognized geniuses of the Morning Star Academy, and the even more powerful Lin Yi, everything was nothing in front of these three.

It could only be said that no matter how cunning Wei Zhaotong was, he only had a normal person's way of thinking. In front of Lin Yi, who was already used to killing people above his level in seconds, any way of using a normal person's way of thinking to guess the situation was stupid. From the beginning to the end, they were on completely different levels.

Wild fire Eight Trigrams palms! Lin Yi and Huang Xiaotao attacked at the same time, two Eight Trigrams palms hitting the guest master on the left at the same time.

This person was a Yuanying stage expert, but he made the same mistake as Wei Zhaotong. Not only did he misestimate the situation, but he also underestimated the enemy.

Therefore, at this time, he didn't even have the chance to react. After being hit by the two palms, his eyes rolled back on the spot. Under the exclamations of the waiters and manservants, he flew out of the Hong Chamber of Commerce like a kite with a broken string. There was no movement for a long time, and it was unknown whether he was Dead or Alive.

At the same time, Xinyan made her move as well. She wasn't using a fist or palm technique, nor was she using a leg or a weapon. The only movement she made was to put her hands together.

The others didn't feel anything strange, but the guest master standing on her right suddenly changed his expression. He felt a series of high and low continuous sounds coming from all directions, like hundreds of miles of mountains. Not only did it disturb people's minds, but it also seemed to confuse the divine sense, causing the genuine Qi in his meridians to stop.

The guest master was shocked, but his first reaction wasn't to retreat. Instead, he charged at Xinyan!

To be able to become a guest master of the Hong Chamber of Commerce, this person was quite capable. At least, his reaction, which was almost like combat instinct, was absolutely praiseworthy. If he chose to turn his head and run now, the weakness behind him would only be bigger, and he would only die faster.

However, while it wasn't a bad choice to advance instead of retreating, he had underestimated the strength of Wang Xinyan, the disciple of Donghai's nun.

Unlike Lin Yi and Huang Xiaotao, Wang Xinyan was a true early nascent soul practitioner. With her extraordinary talent and Donghai's godly nun's careful teaching over the past year, it could be said that Wang Xinyan was not an existence that ordinary nascent soul practitioners could fight against.

The guest master was fast, but before he could reach Xinyan, the sound from all directions was getting louder and louder, and it was affecting his spirit sense more and more. He looked up, and gasped. Behind Xinyan, there was a shadow that looked like black fog.

The shadow was like a tall mountain. One look and one could tell that it was not an existence of the mortal world. The transcendent aura that was faintly emitted from it seemed to be above everything in the mortal world. In front of it, a dignified Yuanying stage master felt like a low-level creature seeing a high-level creature. His body began to tremble instinctively and he did not dare to take another step forward.
