

## Bodyguard 4391

### Chapter 4391 Very Strange

"Human experiments?" Lin Yi's eyes brightened-the people on Sky Class Island didn't understand the term, of course, but it was a common name in the common world. The firewolves that Jianwen was in specialized in this!

Lin Yi had already felt that the central Chamber of Commerce was connected to the common world ever since those common department stores started popping up. He didn't expect it to be true, and now there was a human experiment. More and more evidence showed that the central Chamber of Commerce might have developed from the common world.

However, when the top forces of the secular world gathered together, it took so many people to barely activate the teleportation formation and send them to Sky Class Island. Just what kind of force was behind this central Chamber of Commerce?

Not only did they successfully extend their reach into the sky Class islands, but they also easily swept through the five Sky Class islands. It could be said that they came with a menacing momentum and showed an unstoppable madness. The key point was that there were even Masters of the xuansheng stage in charge, and it didn't seem like there were just one or two!

Even Lin Yi didn't dare to think too deeply about this power-it was too shocking!

"Yes, it's a human test. Anyway, after those people were taken out, none of them came back. I don't know if they're dead or what, but I don't think it's a good thing. And with my strength of the middle Yuanying stage, no one here can beat me. So every time they want people, I let others take the blame. I won't go!" Sun hengbiao said proudly.

Although he didn't have a good eye, he was not a fool since he was the head of the Pirates in the demon cold Sea area. Even if he didn't understand human experiments, he could roughly detect the good and bad.

Foretelling good or bad luck sounded profound, but many experts who had reached a certain level actually had this ability. It was just that the accuracy was different.

"Let the others go? You're in charge of this dungeon. Do you think the guards outside and the xuansheng stage experts will listen to you?" "You're nothing in front of a xuansheng stage master," Lin Yi sneered.

The rest of the crowd sneered upon hearing this. Sun hengbiao's face turned red. This was a habit of his, and he would always try to flatter himself. Even though he had suffered a lot because of this, he could not change this habit of his.

With sun hengbiao's strength in the intermediate nascent Soul Stage, he could still act arrogantly in front of the people in the dungeon. However, to a xuansheng stage expert outside, he was like an ant that could be easily crushed with one foot. If he really wanted to bring someone out for human experimentation, would he even discuss it with sun hengbiao?

If he, sun hengbiao, really had such a great reputation, would he have been locked up in this dark dungeon? Nonsense!

"That ..." Sun hengbiao glared at everyone, but he didn't dare to show his temper in front of Lin Yi. He scratched his head awkwardly and said, ""In the beginning, they really didn't care about me, but after a long time, I found that they didn't seem to be interested in the Yuanying stage Masters. They took everyone else away, but they didn't care about me. There's also a Yuanying stage master there, but he hasn't been taken away for a long time."

Lin Yi followed sun hengbiao's finger and saw an ordinary-looking man in green meditating in the corner of the cell.

"That's right, that's indeed the case. " The man in green saw Lin Yi's gaze and quickly nodded.

Because he was stronger, sun hengbiao didn't provoke him much. Naturally, he wouldn't provoke sun hengbiao. However, this new Demon God was even more difficult to deal with since he could beat sun hengbiao to such a state in one move. He didn't dare to slight Lin Yi's question.

"Oh? "That's weird ..."Lin Yi couldn't help but frown.

He had heard a little about human experiments. It was actually like doing scientific experiments. No matter what the purpose was, in order to find the most effective method as much as possible, a large number of human samples would be selected. Moreover, these human samples involved various levels. There was no reason for Yuanying stage Masters to be excluded.

Unless, the central Chamber of Commerce's scope of human experimental research did not include original infant stage experts, but specifically targeted golden core stage experts!

After hearing sun hengbiao's words, everyone else in the dungeon panicked. Other than the original infant stage green-robed man, all of them were golden core stage experts. Didn't this mean that one day, they would also be dragged out to do some human experiments?

Everyone knew that it was definitely not a good thing. Otherwise, the central Chamber of Commerce would not have captured them and locked them up here. Perhaps, after the human experiment, they would not even have an intact corpse. Every one of them here was like a pig waiting to be slaughtered.

"I've been here for a long time and I've never caused any trouble for them. I've also taught these people in the dungeon a lesson. So, they turned a blind eye to me ..." Sun hengbiao said proudly.

Now that they were trapped in the dungeon and couldn't see the light of day, it naturally couldn't be compared to the happy scenery outside. However, to be able to find a sense of superiority from these people was also a rare psychological comfort.

Lin Yi didn't find sun hengbiao's words strange. To manage a prison full of practitioners, other than strict surveillance, they needed an obedient prison tyrant to help suppress the prisoners. Sun hengbiao's existence wasn't a bad thing for the guards outside, and they were happy to see it.

"So you're saying that the other Jindan experts have all been taken away?" Lin Yi asked, deep in thought.

"Yes. Anyway, those who came earlier than me have been taken away. Those who came later have also been taken away." Sun hengbiao nodded his head. He swept his gaze across the other people in the dungeon and threatened them with ill intentions, "It's only a matter of time before these people are killed, hehe ..."

Everyone couldn't help but shrink back in fear. Even Lu bianren, who had always been calm, was clearly a little flustered. No matter how strong an expert was, they still couldn't change their fear of the unknown.

However, as a fellow golden core practitioner, Lin Yi wasn't too worried. He knew what human experimentation was all about, and he was stronger than everyone else here. Naturally, he had more confidence and was confident that he could deal with any threat.

"What else do you know?" Lin Yi continued to ask. Sun hengbiao was the one who stayed the longest among them, so he must know the most.

"Other things? "Er ... I don't know about that ..." Sun hengbiao shook his head.

Chapter 4392 Very Familiar

"Is that so?" Lin Yi asked with a frown.

Lin Yi didn't seem to believe him, so he quickly raised his hand, "It's true, it's true. I swear to the heavens that I really don't know. Although those xuansheng stage experts turned a blind eye to me, they never communicated with me. I didn't dare to ask casually either. If I didn't ask properly, someone might have died ..."

"Alright, next." Lin Yi didn't continue to make things difficult for sun hengbiao. He turned to the people around him and asked them why they were captured and how long they'd been locked up here.

Everyone was curious as to why Lin Yi would do this, but sun hengbiao's situation was clear for all to see. Even if they had ten guts, they wouldn't dare to mess with such a cruel master. Furthermore, it was just two questions, and they weren't like sun hengbiao, who wanted to steal the treasure at the drop of a hat. Naturally, they were happy to cooperate.

Everyone asked one by one, and each of them had a different reason. Some had a conflict with the central Chamber of Commerce when they were buying things, some had gone to the central Chamber of

Commerce to make trouble after drinking too much, and some had owed the central Chamber of Commerce spirit Jade ...

There were all sorts of strange reasons, no matter what one could think of or not, and some of them even made people not know whether to laugh or cry. However, everyone had one thing in common, and that was that they were all related to the central Chamber of Commerce.

After asking a circle of people, it was finally Lu bianren's turn. Lin Yi asked them one by one because he wanted to know more about the situation, but he didn't want to expose his identity. He couldn't name him alone, so he had to use this method to hide.

The two were standing so close to each other, and no matter how Lu bianren looked at Lin Yi, he couldn't help but feel that he'd seen him before. Of course, he'd never seen this rough man's face before, but Lin Yi's aura was a little familiar, and a little strange at that.

The strange thing was that Lin Yi's aura didn't match his rough and rough appearance. People wouldn't notice it if they didn't look closely, but it didn't fit in at such a close distance.

In the past, when Lu bianren was in the welcoming new pavilion, because his power had been stripped away, he had nothing to do, so he had always been studying all kinds of ancient books, especially when it came to Prime Minister Yi's explanation.

As the saying goes, one's appearance comes from one's heart. Lin Yi's rough and rough appearance didn't match his aura at all. To Lu bianren, who was an expert in physiognomy, this was simply a subversion of common sense and didn't make any sense at all!

But strange as it was, Lu bianren still didn't know that this demon was Lin Yi. He was just as respectful as everyone else.

"I went to the central Chamber of Commerce to get some information. I don't know why or how I offended them, but I was inexplicably caught and locked up until now. I still don't know the whole story." Lu bianren said with a bitter smile.

Everyone was in disbelief. No matter what the reason was, no matter if it was a big or small matter, they had at least offended the central Chamber of Commerce. This Lu bianren should be the same. How could he be caught for information?

These words were not entirely true, there must be something hidden! This was everyone's first reaction, but Lu bianren was speaking the truth. This was the truth. Even now, he himself was still completely confused and didn't understand what was going on.

Lin Yi was surprised as well, but he didn't think that Lu bianren was lying. Lu bianren had always been open and honest, and he wouldn't lie about something like this.

"What news are you going to get?" Lin Yi continued to ask without changing his expression.

"This ... Can I not tell you?" Lu bianren said with some difficulty.

The rest of the crowd was in an uproar. Sun hengbiao looked at him as if he was looking at a dead man. This fiend in front of him could even beat a ruthless man like him half to death. You're just a mere golden core stage expert and you still dare to put on airs in front of him?

It's just a question that doesn't hurt. It's not like it's going to cut your flesh. Is there a need to provoke such a cruel and ruthless person for such a small matter?

Even if there were some unspeakable things, couldn't they just make up a lie to cover it up? why was there a need to be so direct? wasn't this courting death?

However, this was Lu bianren's style of doing things. If he could say it, he would say it. If he didn't want to say it, he would just say it. It was indeed easy to make up a lie, but if he did it, then he wouldn't be Lu bianren.

Lu bianren didn't have much of a relationship with the people in the prison, and they were all gloating over Lin Yi's misfortune. They were waiting for The Fiend to go crazy, but Lin Yi's reaction was completely out of their expectations.

"Alright, then forget it." Lin Yi nodded faintly and turned to the next person.

With such a calm reaction, everyone began to wonder if they were blind. Sun hengbiao, in particular, almost cursed on the spot. When he was being treated just now, this fiend had been ruthless. There was no room for negotiation!

Even Lu bianren himself felt a little surprised. He had already prepared himself to receive the other party's anger, but who would've thought that it would really be so light, just brushed over with a casual sentence. If it were someone else, this person in front of him would probably have kicked him a long time ago ...

Lu bianren couldn't help but suspect that this strange sense of familiarity wasn't an illusion, and that he had really interacted with this person before.

Everyone looked at each other but didn't dare to make a sound. They had a stomach full of questions as they watched Lin Yi continue asking.

In the end, after asking everyone in the prison, Lin Yi found a place to sit down cross-legged, right next to Lu bianren.

This time, even if everyone didn't know what was going on, they began to get a sense of what was going on. This fiend, who was even more brutal than sun hengbiao, was clearly treating Lu bianren differently!

In this dungeon, Lu bianren had always been quiet and had never done anything out of line. In the eyes of the public, he had always been the kind of person who was easy to bully, but now, he had to think twice in the future.

Lu bianren was indeed easy to bully, but if he made that demon next to him unhappy, then he would really be crying until he couldn't find his grave.

This way, not only was everyone surprised and suspicious, but even Lu bianren himself was wondering whether he had ever interacted with this person before. His appearance was unfamiliar, but his temperament was indeed very familiar.

However, no matter how Lu bianren and the others thought, Lin Yi didn't speak. He was thinking about the most important thing right now-how to leave this place.

#### Chapter 4393 Whose Turn Is It?

Although this dungeon didn't give off the feeling that it was heavily guarded, and there wasn't any torture, at first glance, it felt quite peaceful and didn't have the kind of tension where one's life was hanging on a thread. However, anyone with a discerning eye could see that this was definitely a place of trouble and that one couldn't stay long.

The central Chamber of Commerce was filled with Masters, and it would be too late if he were to be tested on a human. It was obvious that there would be a xuansheng stage master there, and even with Lin Yi's trump card, he wouldn't be able to do anything in front of a xuansheng stage master. The chance of him escaping would be less than ten percent.

Therefore, the only way to save his life was to escape from this dark dungeon before he was selected for human experiments.

The prison was protected by a defensive formation, and the walls were extremely hard. Even most of the original leveled cultivators wouldn't be able to break it, but as far as Lin Yi was concerned, as long as his pill fire energy bomb was condensed long enough, he had a high chance of blowing it up.

It wasn't hard to blow up the prison, but he couldn't guarantee that the people inside wouldn't get hurt. He didn't care about the others, but it wasn't easy to find Lu bianren, and he couldn't just leave him be.

Moreover, the most difficult part of breaking out of the prison was not destroying the dungeon, but the guards outside.

When Lin Yi was brought in by MA Tianlang, he saw two guards outside, and both of them were Masters with extraordinary auras. Lin Yi felt that they were at least at the peak of the advanced stage of the original level, and there might even be Masters of the xuansheng stage among them!

If it was before this, asking a master of the xuansheng stage to be a guard would be a fantasy, and Lin Yi wouldn't believe it at all. But after what happened today, he had to believe it even if he didn't want to. If even a xuansheng stage master could be someone's follower, then it shouldn't be too strange to be a guard, right?

He had to make the best preparations and prepare for the worst. Since he had decided to escape from prison, he had to consider the worst situation. Otherwise, if he acted rashly, not only would he not be able to escape, but he would also be caught and closely monitored. He might even be sent to do human experiments. That would be crying without tears.

He wouldn't act rashly before he fully understood the situation outside. His only choice was to act according to the situation.

However, as Lin Yi was calculating, he also started to slowly compress and form the Super alchemy fire bomb.

Even if he had decided to act according to the situation, he had to prepare this super killing weapon in advance. Otherwise, if the opportunity really came, it would be fleeting, and it would be too late to suppress it at the last minute.

Lin Yi didn't say anything, and the other people in the prison, including Lu bianren and sun hengbiao, all held their breath and didn't dare to speak. They were afraid of attracting Lin Yi's attention and disgust. It wasn't worth it to be beaten half to death by this demon for no reason.

He didn't know how much time had passed in this darkness, but the prison door suddenly opened, and two people walked in one after another. Lin Yi studied the two carefully, and he was sure that they were the guards he'd seen before.

Perhaps in order to intimidate the people in the dungeon and avoid unnecessary trouble, these two people did not restrain their auras at all. The surging and powerful aura was above everyone's head, making everyone tremble with fear and not dare to have any disloyal thoughts.

Lin Yi couldn't help but feel shocked and scared after feeling their strength for the first time. One of them was a peak of the advanced stage of the original level, so he didn't need to worry too much about it, but the other was a true master of the xuansheng stage!

Luckily, he'd prepared for the worst-he'd be a dead body by now if he'd really tried to break out of the prison.

"Whose turn is it this time?" The expert at the peak of the advanced nascent Soul Stage pouted his lips and looked at sun hengbiao. The xuansheng stage expert, on the other hand, stood to the side, bored to death.

It was already a waste of talent for a super existence like him to guard such a small dungeon. If it were not for the fact that human experiments were the top priority of the entire organization, he would not be willing to stay in this place at all. Of course, he did not have to personally worry about trivial matters such as extracting samples.

He was not the only one. Even the Masters at the peak of the advanced nascent Soul Stage could not be bothered to pay attention to the people in the dungeon. They basically followed the order of first come,

first served, and let the "prison bully" sun hengbiao decide for them. After all, as long as the Golden core stage samples were provided on time, everything else did not matter.

"This, this!" Sun hengbiao quickly pointed at one of them and said.

Eh? Lin Yi frowned. The person sun hengbiao was pointing at was Lu bianren, who was sitting beside him!

It wasn't easy to find Lu bianren, but before they could even acknowledge each other, Lu bianren was taken to do human experiments, and his life and death were unknown. Was there anything more fucked up than this in the world?

Lin Yi's mind spun quickly, and he made up his mind. If it really didn't work, then he'd have to use his killer weapon now. With the destructive power of the Super pure energy bomb, even if the opponent was a xuansheng stage master, it would be hard for them to react quickly if they were caught off guard. He'd take advantage of the chaos and escape with Lu bianren!

However, the success rate wasn't high. Lin Yi didn't want to take such a risk unless it was the last resort. He glared at sun hengbiao.

Sun hengbiao may be an idiot, but he'd been through a lot with Lin Yi-he'd been traumatized. Lin Yi's hostile gaze made his heart skip a beat, and his back started sweating.

According to the order of first come first serve, it was indeed Lu bianren's turn this time, but looking at this fiend's intention, it was obvious that he didn't want Lu bianren to be taken away. If he disobeyed his

will, he was afraid that even this half of his life that he had managed to save with great difficulty would have to be buried with Lu bianren.

"Oh, no, I remembered wrong. It's this one!" Sun hengbiao quickly changed his words and pointed at a person at the door. He wanted to point at Lin Yi, but unfortunately, Lin Yi had just been captured today. The guard would definitely remember him, and this was a Yuanying stage master stronger than him. They didn't want him at all, so it was useless even if he pointed at him. When the guard left, Lin Yi would be the first one to kill him!

If he knew that Lin Yi was only a mid-stage golden core practitioner, he'd probably cry his eyes out and faint in the toilet!

The reality was cruel. He didn't cherish the chance he had to kill Lin Yi. He wouldn't have the chance to regret it in the future.

Chapter 4394 Prison Break!

"Ah?" The unlucky fellow pointed at by sun hengbiao immediately shouted, "It's a mistake! It wasn't me! It wasn't me!"

"Cut the F \* cking crap. Walk on your own, or I'll pinch you to death!" The guard impatiently stretched out his palm, and the man immediately didn't dare to say another word. He could only obediently follow the two guards and leave.

Watching the prison door slowly close, everyone finally heaved a sigh of relief, especially Lu bianren! Whose life had been hanging by a thread. If he had been taken away by the guards to do some human experiments, he might have died nine times out of ten, or even not have a chance to survive.

While everyone was calming down, Lin Yi was overjoyed. The moment he opened the door, he could clearly sense that there were no one else on guard other than these two masters.

Thinking about it, it made sense. A Super Master of the xuansheng stage and a master of the late Yuanying stage were more than enough to guard this small dungeon. It would be a waste to have more people. There was no need for this.

What made Lin Yi even more overjoyed was that the two guards were escorting the person out together. He didn't know how far away the target was, but as long as the two left the prison, even if it was just for a short while, it was a godsend opportunity for Lin Yi!

He secretly estimated the time. By the time the two guards had taken their men far away, there should be no one outside. This time was a rare opportunity. Once he missed this opportunity, when sun hengbiao found out that he was a golden core stage master in the future, he might not have such an opportunity again.

"Those who don't want to die, stand behind me!" Lin Yi shouted without warning and stood up, giving the people in the prison a big fright. They looked at each other-the guards had just left, and this demon was up to something again?

"No... No, big brother, I really didn't mean to target Lu bianren. It was his turn this time, and I changed my mind at the last minute. Please spare my life, spare my life ..." Sun hengbiao was so scared that he peed his pants on the spot, thinking that Lin Yi was going to settle the score with him later.

Lin Yi glanced at the guy, not sure if he should be laughing or crying. "What are you talking about? if you don't want to die, stand at the back. You don't understand human language, do you? don't blame me if you lose your lives!"

"Ah? Don't you want to kill me?" Sun hengbiao let out a breath of relief and quickly rolled over to stand behind Lin Yi.

The others didn't know what was going on, but they didn't dare to disobey this demon. Even someone as vicious as sun hengbiao was so obedient, let alone them who were far weaker than him. After looking at each other, they all walked behind Lin Yi.

Lu bianren stood beside Lin Yi, his heart full of surprise. He didn't know what this demon had to do with him, nor did he know what this demon was planning. However, he didn't dare to ask, and just like sun hengbiao and the others, he watched on nervously.

"Use your true Qi to protect your body, or I won't care if you die!" Lin Yi shouted coldly again, and the Super alchemy fire bomb that had been compressed slowly appeared on his palms.

It hadn't exploded yet, but the terrifying aura it gave off was enough to make everyone's heart jump. They looked at Lin Yi as if he was a monster, terrified.

They didn't know what this move was or how it was formed, but it didn't stop them from sensing danger.

Such a terrifying aura that could destroy the heavens and earth, it was absolutely impossible to be a joke. Even if they were all Masters above the Golden core stage, once they were affected by it, they would die without a doubt. This man was indeed a demon that no one could afford to provoke!

At this point, everyone could more or less guess Lin Yi's intentions. They were all nervous and shocked, but they also had hope on their faces.

No matter who it was, being locked up in this dark dungeon and living in fear every day, thinking about whether they would be the next test subject, they would be scared out of their minds after a long time.

If there was a chance to escape from the dungeon, no one would let it go easily, even if it was just a slim chance of survival. Sun hengbiao was no exception. Although there was no need for a nascent Soul Stage expert to be used in human experimentation, who knew what would happen in the future?

In this kind of troublesome place, of course, they should escape as soon as possible, or they wouldn't even know when they would die!

Everyone quickly activated their Qi to protect themselves, all of them waiting for Lin Yi's next move. However, hope was hope, and many of the old people who had been locked up for a long time were just here to watch the show. They didn't believe that Lin Yi could succeed.

After all, Lin Yi wasn't the first person to have the idea of breaking out of prison. Many people, including sun hengbiao, had the same idea, and some had even tried it out before, but the result was obvious- they all failed.

The dungeon was protected by a special protective array. It was extremely strong and could not be destroyed by ordinary nascent Soul Stage cultivators. Only a xuansheng stage cultivator could destroy it. However, this demon was brutal. He was able to beat up sun hengbiao, a mid nascent Soul Stage cultivator. He was indeed very strong. However, it would be a stretch to say that he was a xuansheng stage cultivator.

They had high hopes, but they didn't think much of it-that was how the people in the prison felt, but when Lin Yi made his move, their expressions changed.

BOOM! BOOM! BOOM!

The ground rumbled and the mountains shook. The crowd could not even count how many times the huge earthquake had occurred. Perhaps it was the shocking effect of the Super bomb, or perhaps it was the chain reaction that was triggered later. Everyone only felt that the sky was falling and the earth was splitting. It was as if the end of the world had arrived. They were all panicking.

Even though many of them had already used their true Qi to protect their bodies, they were still injured by the aftershock. Some of them were even seriously injured and almost died on the spot.

"It's opened! It's really opened!" Sun hengbiao suddenly pointed to the front and shouted in ecstasy. In the chaos, although no one could clearly hear what he was shouting, their expressions froze when they looked in the direction of his finger.

The dungeon had not been completely destroyed, but there was no doubt that the protective array on the wall had been destroyed. Not far in front of them, a ray of sunshine, which had not been seen for a long time, suddenly shone in!

Some were in disbelief, some were shocked, some were overjoyed, and some were even sobbing. At this moment, the expressions of the people in the dungeon were all wonderful.

Ever since they were locked in here, they had never thought of leaving!

#### Chapter 4395 Madly Running

The little bit of hope and luck in these people's hearts had long been eroded and buried by the endless darkness. They thought that they might have reached the end of their lives. Never in their dreams did they think that they would see the light of day again!

"Let's go!" Lin Yi suddenly pulled Lu bianren over and charged forward. This was all within his expectations-it'd be a miracle if the Super pure energy bomb still couldn't blow up the prison after so long.

Lu bianren was just as shocked as everyone else, but Lin Yi's sudden pull caused him to fall to the ground with a mouthful of dust. Lin Yi didn't care about that and dragged him out.

The opportunity was fleeting-the prison might have been successfully blown up, but it was just the basic and simple first part of Lin Yi's plan. Whether they could escape or not depended on the next part.

The sound of the explosion was so earth-shattering that even an ordinary person would be able to detect it from a hundred miles away. Furthermore, the other party was at the xuansheng stage. Once they detected it, they would definitely rush over here at once. If they couldn't escape before they arrived, all their efforts would have been in vain.

Sun hengbiao and the others finally reacted as they watched Lin Yi drag Lu bianren away. They looked at each other and rushed forward with all their might. Even those who weren't protected by their Qi and were injured were screaming and limping as they ran.

If they were locked up in the dungeon, they could only wait for death and be pulled away for human experiments. If they didn't run now, when would they?

After blasting open the shattered prison door, Lin Yi dragged Lu bianren with one hand and was the first to rush out of the prison.

There was a tunnel connecting the dungeon and devil cold city. However, they were running for their lives at this time. Whoever rushed into the tunnel was stupid. The enemy could easily catch them if they blocked the way. Therefore, their only choice was to escape to an open space outside.

He looked around-all he could see were mountains and ridges. It was a huge mountain range, which was out of Lin Yi's expectation. He thought that the demonic cold Sea area was just a small place, and he could see the sea as soon as he left the city. He didn't expect there to be such a huge mountain range here.

Immediately after, sun hengbiao and the others rushed out as well. When they saw their surroundings, they could not hide the look of ecstasy on their faces. They thought that they had escaped with their lives and could finally be relieved of a heavy burden.

However, Lin Yi didn't dare to hesitate at all. His spirit sense was extremely strong and sharp, enough to surpass many original infant stage Masters. Lin Yi could clearly sense that within a five-mile radius, there were at least four to five powerful auras approaching at an extremely fast speed from all directions. Among them, there was the terrifying aura of a xuansheng stage powerhouse!

Even Lin Yi didn't have the confidence to escape from a xuansheng stage powerhouse. Otherwise, he would've run away from the central Chamber of Commerce. Why would he wait until now?

His only chance was to cover the distance of five li before the Big Shot at the Xuan Sheng stage returned. For a Big Shot at the Xuan Sheng stage, it would only take a thought. At most, it would only take three breaths for it to appear above his head.

Lin Yi didn't even dare to take a breath as he grabbed Lu bianren and picked a direction where there weren't many masters around.

Sun hengbiao and the others reacted immediately and ran with Lin Yi without a second word. When faced with the threat of death, one's potential was beyond imagination. Most of them were only golden core stage Masters, but when they started running for their lives, their speed couldn't be underestimated. Even some original infant stage Masters might not be able to beat them.

"Split up, or we'll all die!" Lin Yi yelled as he saw these people following him like they were his lifesavers.

With so many people running together, it would be too big a target. Any xuansheng master could catch up and kill them all in one fell swoop, and even Lin Yi himself wouldn't be able to escape. Only by running separately would they have a chance.

After all, these people from the central Chamber of Commerce were strong, but they seemed to be walking the elite route. Lin Yi hadn't seen many small fries yet, but there were forty to fifty people here. If they split up, no matter how strong these Masters were, they wouldn't be able to do it all at once.

The most likely result would be that the unlucky one would be the first to be caught, but the lucky one would have the opportunity to escape from under their eyes.

Anyone could understand such a simple logic. After Lin Yi's shout, sun hengbiao and the others split up immediately. In terms of pure strength, no one here, including Lin Yi, could escape from a xuansheng stage powerhouse. Their only choice was to bet on their luck.

Lin Yi let out a breath of relief after seeing everyone leave, but he didn't dare to slow down. He used his butterfly microsteps, added the speed boost from his lightning wind boots, and the Qi jet spray technique he learned after coming to Sky Class Island. He pushed his speed to the maximum, leaving only a blurry shadow behind as he shuttled through the forest.

With such amazing speed, how was this running? it was practically flying!

Unless it was a monster like the Tian Xing Dao, normal nascent soul cultivators wouldn't be able to catch up to him. So as long as he wasn't unlucky enough to be targeted by a xuansheng cultivator first, Lin Yi's chances of escaping were at least 70%.

Lin Yi dragged the confused Lu bianren to the front, and in less than three breaths, he heard a miserable howl from behind. He didn't even need to turn around to know that someone had been caught by the Masters from the central Chamber of Commerce. As for what happened to them, whether they were alive or dead, he didn't know.

However, all of this had nothing to do with Lin Yi. He had done everything he could. Those people were unlucky and couldn't escape. They couldn't blame anyone else. Even if they didn't run, they would still die in the dungeon. Lin Yi gave them a chance, so what could he do if he couldn't seize it?

Lin Yi dragged Lu bianren along as they galloped out of the mountains. A boundless ocean lay before them.

His luck wasn't bad-at least no xuansheng Masters had their eyes on him. As for the others, even if they sensed him and wanted to chase after him, they wouldn't be able to do anything against Lin Yi's speed.

But Lin Yi didn't dare let his guard down just like that. After determining the direction, he ran as fast as he could along the coastline-he had the Jade space to replenish his Qi if he got tired!

Chapter 4396 Why Save You?

Lin Yi wasn't afraid of running out of pure Qi-as long as his body could take it, he could keep running until night time.

On the other hand, Lu bianren, who had been dragged along by him for a long time, had already become dizzy. Although he was also a middle jiedan stage expert, when had Lu bianren ever experienced such a stimulating speed?

Besides, he couldn't control himself from the start, and Lin Yi was just swinging him around. His stomach was churning, and he hadn't had anything to eat for months in the prison, yet Lu bianren was vomiting ...

Lin Yi didn't know whether to laugh or cry at the usually calm Lu bianren's twisted expression of retching in pain. He didn't have time to stop and let Lu bianren catch his breath, though-even if he wanted to vomit, he'd have to wait until they were out of danger.

Regardless, Lin Yi ran along the coastline for six hours before he finally saw the city walls. He didn't sense any strong presence behind him, and he assumed that they had given up on chasing.

After all, to the central Chamber of Commerce, Lin Yi wasn't a major criminal. He was only caught for breaking into the third floor by chance, and those people probably didn't even remember what he looked like. Now that they were busy hunting down so many people, it wasn't a big deal that they missed Lin Yi and Lu bianren, and they wouldn't make a big fuss over it.

As soon as they entered the downtown area, Lin Yi immediately retracted his aura and looked no different from a normal passerby. Lu bianren, on the other hand, was completely disoriented and had no aura to speak of. Other than staggering a little, no one paid him any attention.

After a few turns, Lin Yi brought Lu bianren to the inn where the Qitian bodyguard agency was staying and went back to his room without saying anything.

The inn assistant didn't think much about it. After all, there were so many people coming and going. It was impossible for them to remember all the guests' faces. Since they could open the door, it meant that they were real guests. There was nothing to doubt.

Hu! Only then did Lin Yi let out a long breath. Even though he knew that the enemy wouldn't send a large force, the pressure from a xuansheng stage master was no small matter. Even Lin Yi couldn't relax.

As for Lu bianren, he'd been dragged by Lin Yi the whole time and didn't use his own strength, but his condition was much worse than Lin Yi's. He couldn't take it before, and now that he'd relaxed, he was even more miserable, almost fainting.

Lin Yi couldn't help but chuckle as he looked at Lu bianren's dazed face. Lu bianren had always been someone who wouldn't change his expression even if Mount Tai collapsed in front of him. They'd known each other for so long, but this was the first time he'd seen him lose his composure like this.

"Thank you for saving my life!" After a while, Lu bianren came back to his senses and quickly thanked Lin Yi.

He was confused, but he knew that this unknown martial artist was trying to save him, so he didn't resist at all. Otherwise, even if he wasn't his match, he'd be in trouble if he really struggled.

"No, this is what I should do." Lin Yi smiled as he waved his hand.

"Should be?" Lu bianren looked at Lin Yi with a weird expression, but he didn't ask for more details. "May I ask what is the purpose of you bringing me here? If you don't, I'll take my leave first. I'll repay you for saving my life in the future!"

"Don't be in such a hurry to leave. " Lin Yi reached out to stop him, a mischievous look on his face. "There's no such thing as a free lunch. Aren't you curious at all? don't you want to ask who I am and why I saved you so specially?"

"This ... This one is indeed curious. If it's convenient, I hope you can enlighten me!" Lu bianren's heart instantly sank. Could this guy have come with ill intentions? had he just left the Wolf's Den and entered The Tiger's Den?

Lin Yi smiled mysteriously and didn't reply. He took off his mask slowly.

Seeing Lin Yi's real face, the nervous Lu bianren froze, unable to speak.

"You ... You ... You're Lin Yi!!!" Lu bianren's eyes widened in surprise and joy. He never would've thought that this powerful and ruthless demon would be Lin Yi!

"Haha, senior brother Lu, how have you been?" Lin Yi said with a smile.

"So it's really you. Aiya, you gave me such a fright!" Lu bianren's heart finally settled down, and he slumped down on the stool like a deflated balloon. He'd been worried the whole time, but since the other party was one of Lin Yi's own, there was nothing to worry about.

"Please forgive me. Jianghu is dangerous. I'm wearing a mask to change my appearance in case of any mishaps." Lin Yi smiled as he sat down, pouring a cup of tea for Lu bianren and himself.

"Yes, this is what I should do. If I was as careful as you were back then, perhaps I wouldn't have ended up in this state today." Lu bianren sighed as he finished his tea before sizing Lin Yi up again. He clicked his tongue in wonder and confusion. "Say, Lin Yi-what are you doing here?"

Lu bianren had a stomach full of questions now. Just a year ago, Lin Yi was still a newbie from the secular world, and now, in just a year, he'd grown into someone who could even beat up a mid nascent Soul Stage master like sun hengbiao. Wasn't this growth a little too fast?

Especially the move that had collapsed the dungeon, the power was strong enough to destroy the world. Lu bianren even suspected that it had exceeded the level of a Yuanying expert.

With such a heaven-defying speed of growth, his Junior brother's talent was not only one in ten thousand, but even one in a hundred million, he was definitely underestimating him!

"Hehe, I became an inner sect disciple two months ago and took on a trial mission to capture the heretic practitioner, Wu Bao Liang. The last time he appeared was in the South continent's Ying Luo Sea area, so I came here." Lin Yi replied.

"Lin Yi Junior Brother, you're an inner sect Disciple Now?" Lu bianren was slightly taken aback, but then he thought about it and suddenly understood." "That's true. With your current strength, you can easily beat up sun hengbiao. Not to mention an inner sect disciple, you're more than enough to be an elder of one of the three pavilions."

In the three pavilions of the North Island, a nascent Soul Master had the chance to become an elder. With Lin Yi's strength now, he could even crush most of them.

"Wait, you came all the way from the North Island to the South continent to catch Wu Bao Liang?" Lu bianren suddenly frowned and looked at Lin Yi, "This kind of mission is hard and unrewarding, and the success rate is extremely low. It's like looking for a needle in a haystack. The stronger you are, the less you want to take this kind of time-wasting mission. Junior Brother Lin Yi, you didn't come all the way to the South continent just to find me, did you?"

Chapter 4397 The Reason For Being Caught

"Hehe, it's good to have both work and private matters at the same time. Senior brother Lu, you've been missing for so long, and senior brother ku and the others are all very worried. I just happened to hear from the head of the Zhen Yang Pavilion that you're here, and I just happened to see that there's a trial mission, so I came here to try my luck. I didn't think that I would really run into you." Lin Yi said casually.

"You! "Ah ....." Lu bianren sighed as he pointed at Lin Yi. He was touched, but at the same time, he couldn't help but blame himself."Back in the welcoming new pavilion, I was the third Pavilion master, but I couldn't help you at all. Now, I've even made you worry about me. I can't feel at ease."

"Senior brother Lu, you're wrong. It's rare for us to hit it off. We're all on the same side. If we don't care about your sudden disappearance, wouldn't we be too inhumane?" Lin Yi said.

"Well ... That's right, but you don't have to take such a risk for me. What if you get yourself involved in this? Then I really can't absolve myself from the blame even if I die ten thousand times!" Lu bianren said with lingering fear.

"Didn't we successfully escape? Anyway, it's a happy ending for everyone. Besides, I'm here for the trial mission, not specifically for you, so don't take it to heart, senior brother Lu. " Lin Yi said with a smile.

"Alright," he said. Lu bianren nodded helplessly. However, with his personality, how could he really let go of such a huge favor so easily? he just kept it firmly in his heart."Oh, how's bitter joy?"

"Senior brother ku is now the third master of the welcoming new pavilion. He has Xiao ran, Qiao hongcai, and Lee Zhengming to help him, so he should be fine." Lin Yi replied.

"The position of the third Pavilion master? Did the Zhenyang Pavilion master nod?" Hearing this, Lu bianren was once again shocked.

The position of the third Pavilion master, no matter who it was, had to be approved by Yu Zhenyang, the pavilion master himself. There was no way Yu Zhenyang would appreciate her if she only worked hard for herself. Needless to say, it was all Lin Yi's work!

Lu bianren looked at Lin Yi with even more shock. As the master of the GreenCloud Pavilion, Yu Zhenyang's judgment of people was no less than Shangguan Tianhua 's. His own Junior Brother was so appreciated by Yu Zhenyang-he was a heaven-defying genius!

If he knew that it wasn't just Yu Zhenyang who thought highly of Lin Yi, but that even Shangguan Tianhua valued Lin Yi as much as Gongyang Jie did, Lu bianren would probably faint on the spot.

"That's right. That's why we're all fine. You don't have to worry about us, senior brother disciple Lu." Lin Yi nodded and changed the topic,"let's talk about you, how did you get caught by the central Chamber of Commerce?"

He'd asked this question back in the prison before, but Lu bianren didn't know it was Lin Yi and didn't want to go into detail. Lin Yi didn't force him, but he didn't have to worry about that now.

"Junior Brother Lin Yi, since you heard about me from Pavilion master Yu, you should know what I'm here for, right?" Lu bianren didn't answer and asked instead.

"Yes, I know. Senior brother Lu, you came here in the name of a mission. If I'm not wrong, you must be looking for news of Deputy Pavilion leader Yao." Lin Yi nodded.

"That's right, I've specially come to the South continent this time to inquire about Yao Lun Zhen's news, vice Pavilion master Yao," "As far as I know, he also went missing in the South continent's waters," Lu bianren said with a dark look in his eyes."Before that, he actually came here to participate in a trial mission organized by someone to repair an array."

"Repair the array?" Lin Yi blinked-this was the first time he'd heard Yao Lun Zhen's full name, so he didn't know much about him."So, vice Pavilion leader Yao is an array master?"

On the Sky Class Island, compared to the highly respected alchemy, forging was already an unpopular profession. As for array Masters, they were even more unpopular than forging-basically, no one talked about them.

In fact, in the five Sky Class islands, there weren't many decent formations, let alone formation Masters. Even if there were, they would only be basic defensive formations. As for complicated and exquisite teleportation formations, nine out of ten of them were left behind who knew how many years ago. Lin Yi had never heard of anyone who could make teleportation formations.

"Not really. In this era, those who can become array Masters are basically extinct. Although Deputy Pavilion leader Yao has always been interested in this area and has been studying it, he is at most an expert. He can't personally set up a truly exquisite and profound array. However, in the aspect of maintaining and repairing arrays, he is still quite experienced." Lu bianren said.

"I see." Lin Yi looked at Lu bianren with a deeper meaning-from what he'd heard, Yao Lun Zhen and Lu bianren were the same type of people.

They didn't have any great ambitions, but they liked to research on their own. No wonder the two of them would be together. After all, birds of a feather flock together.

"Deputy Pavilion leader Yao has almost become obsessed with arrays. Otherwise, he wouldn't have come all the way from the North Island to the South continent just to see this trial mission. The reason is obvious. He wanted to explore this array. It's said to be an extremely rare array, but I don't know the details." Lu bianren helplessly spread his hands.

Lin Yi nodded in agreement. As the Vice-Master of the pavilion, Yao Lun Zhen was already a Big Shot. His status was high, and he didn't need to take any training missions. With his status, he wouldn't care about this little reward. The only thing that attracted him was the formation itself.

"And then?" Lin Yi continued.

"After many inquiries, I finally found some clues. The mysterious person who issued the task at the North Island cultivators Association once appeared in the central Chamber of Commerce. So, I deduced that this person is either an internal member of the central Chamber of Commerce or has some connection with the central Chamber of Commerce." Lu bianren said in full detail.

"That makes sense. The central Chamber of Commerce suddenly rose overnight and gave people the feeling that they were mysterious. It's normal for this kind of thing to be related to them." Lin Yi agreed.

"Yes, the array repair mission that Deputy Pavilion leader Yao participated in is near the demonic cold Sea area of the South continent, so I came to the central Chamber of Commerce here to inquire about the news." Lu bianren sighed and smiled bitterly. "I didn't expect that I would be captured by the central Chamber of Commerce after just asking around. I was locked up in the dungeon until today."

Chapter 4398 The Mysterious Center

"He's been arrested just after asking a few questions. Isn't this a clear sign of a guilty conscience?" Lin Yi frowned. Every shop opened their doors to welcome guests from all over the world. Even if someone came to cause trouble, they had to be patient. Who would arrest someone just for information?

It would be strange if he said that there was nothing fishy about this. Moreover, the central Chamber of Commerce had captured so many people just to do some human experiments. No matter how he looked

at it, such a way of doing things that disregarded human lives did not seem to be associated with a normal Chamber of Commerce. It was more like an evil sect.

"I think so too. The question I asked at that time was actually very obscure, and I didn't mean to target them, but they still acted so sensitive. It's obvious that there's something fishy behind it. Otherwise, why would they arrest me?" Lu bianren was convinced.

"En, but in this case, I'm afraid that this vice Pavilion leader Yao, whom I've never met before, is in a bad situation. He might have already been captured by them for human experiments." Lin Yi couldn't help but worry.

"That might not be the case." Lu bianren shook his head. "Deputy Pavilion leader Yao is an early stage xuansheng expert. The people from the central Chamber of Commerce have always only wanted Aurous core experts for their human experiments. They don't even want nascent soul experts, much less an early stage xuansheng expert."

"What? Vice Pavilion leader Yao is an early stage profound rise realm expert?" Lin Yi was a little surprised. The first time he heard about a master in the xuansheng stage was when he was on the middle Island. Tianxing Dao was fighting Nantian auroras, and Nantian auroras was able to fight for the Vice-Island master position with his strength in the early stage of the xuansheng stage.

After that, Lin Yi once again witnessed the strength of a xuansheng stage master. It was one of the three big shots of the morning stars Academy, Donghai's godly nun, who killed a golden core stage master with one look. The shock left a deep impression on him.

So subconsciously, Lin Yi always felt that xuansheng stage powerhouses were unattainable existences. Even when he met more than one xuansheng stage powerhouses in the central Chamber of Commerce, he never changed his mind.

As for this Yao Lun Zhen, as the Vice Pavilion master of the GreenCloud Pavilion on the North Island, although his status was already extremely high, he was still a level lower than the Vice Island master of the Nakagama Pavilion.

Besides, he had the same personality as Lu bianren-he was focused on studying formations, not the type of person who would train hard to increase his strength. Lin Yi thought that he was at the nascent soul level, probably at peak nascent soul, but he didn't expect him to be at the early stage of mysterious Ascension!

"That's right. Although vice Pavilion master Yao is obsessed with arrays, his talent in cultivation is extremely high. He was once a famous super genius in the North Island. Otherwise, he wouldn't have been able to become the Vice Pavilion master of the GreenCloud Pavilion. It's just that he's always kept a low profile and hasn't done anything big in recent years, so he hasn't been noticed by many people. " Lu bianren explained with a smile after seeing Lin Yi's confusion.

Lin Yi nodded. He understood after thinking about it. Although the pavilion was at the bottom of the three great pavilions, it was still a giant at the same level. The Vice Pavilion master was also a big figure who stood at the top of the North Island. It wasn't strange for him to be at the early stage of the mysterious Ascension realm.

"Yes, since Deputy Pavilion leader Yao is an early stage profound rise realm expert, then the possibility of him being captured for human experimentation is indeed much lower. Perhaps he really is repairing the array somewhere." Lin Yi pinched his chin.

He had a feeling that the central Chamber of Commerce's sudden search for people to repair the array might not be a simple bait to lure people into the trap. It might really be the case.

For a person like Yao Lun Zhen, not only was he strong enough, but he was also proficient in arrays. For the central Chamber of Commerce, he was a rare talent. The possibility of killing him was actually not high. According to the logic of normal people, even if he was temporarily used up, he would not be killed and would instead find an excuse to put him under house arrest to prevent any problems with the array in the future.

Lin Yi was even wondering if Yao lunzhen's repairing of the formation had something to do with the mortal world.

The central Chamber of Commerce's most eye-catching and special label was its ability to connect with the secular world. This connection must be some kind of array, and it must be some kind of extremely profound and complicated array. Yao Lun Zhen's participation in the restoration might be the key to the central Chamber of Commerce's rise on this Sky Class Island.

However, all of this was still just a baseless conjecture. The only truth would be if he saw Yao Lun in person and heard it from his mouth.

"Perhaps. It's just that the central Chamber of Commerce is so nervous about this matter that they can't even casually ask around. Without any clues, it's like finding a needle in a haystack if they want to find Deputy Pavilion leader Yao." Lu bianren shook his head and sighed.

Not only was Yao Lun Zhen the person who had helped him to his current position, the two of them were also extremely close friends. He was so worried that he couldn't sleep after not hearing from Yao Lun Zhen for so long.

"We have to plan this carefully. The central Chamber of Commerce is full of Masters and does dirty and evil things. If we are caught by them again, we won't be so lucky next time. So, we can't act rashly." Lin Yi warned with a serious face.

"Yeah, I was too reckless before, that's why they were alerted and fell into their hands. I'd be dead if not for you, Junior Brother Lin Yi." Lu bianren sighed in fear.

If Lin Yi had been a day or even four hours late, the outcome would've been very different. He might've been dragged away to do some human experiments, and might've become a corpse already.

"This is heaven's will. Senior brother Lu, you're not destined to die. You'll be blessed after surviving a great disaster!" Lin Yi smiled as he consoled her, "But then again, the central Chamber of Commerce is indeed not to be trifled with. Everything about it is strange and evil. There are secular department stores, human experiments, and mysterious formations. Moreover, there are so many experts gathered here. A xuansheng stage powerhouse can appear at any time. With our current strength, we are far from being able to compete with them. Senior brother Lu, what are your plans from now on?"

"This ..." Lu bianren furrowed his brows and thought for a moment before saying, ""Just as you said, Lin Yi Junior Brother, with my strength, I can't even touch the central Chamber of Commerce, let alone find Deputy Pavilion leader Yao. So, in order not to cause you trouble, I'd better leave immediately and return to the North Island first."

Although Lu bianren had a mild and calm personality, he had never been a person who was afraid of trouble, much less someone who would run away at the last minute. To be able to make this decision, he had actually felt very difficult deep down.

Of course, Lu bianren wasn't willing to go back to the North Island just like that, but he had no choice. With his strength, staying here wouldn't help at all, and he'd only become a huge burden to Lin Yi. Not only would he get himself in trouble, but Lin Yi would also be in trouble.

#### Chapter 4399 Return To The Northern Island First

This was an obvious fact. If it were someone else in his position, they might not be able to see it clearly and accept it so calmly, but Lu bianren was different. He was sincerely thinking for Lin Yi and would never stay in the South continent for his ridiculous pride and do stupid things to drag Lin Yi down.

"Senior brother Lu, I'm very happy that you think this way." Lin Yi let out a breath of relief, and at the same time, he couldn't help but look at Lu bianren in a higher light. He was afraid that the guy wouldn't be able to let go of his pride, but he didn't expect him to be so straightforward. He nodded in agreement, "I can't do it now, so I'll bear with it for now and wait for a good opportunity in the future."

"Yes, Junior Brother, you're right. I'll take my leave and return to the North Island." "Let's go!" Lu bianren made a prompt decision. He knew that the longer he stayed in demon cold city, the more risks and hidden dangers he would face. Since he had decided to leave, he should not hesitate. He should leave as soon as possible before the central Chamber of Commerce reacted.

"Senior brother Lu, please wait." Lin Yi quickly stopped him, "the central Chamber of Commerce is too powerful for you and me to imagine. Once they realize what's going on, I'm afraid they'll be surrounded by their people. Senior brother Lu, if you go out like this, you'll be too obvious. You might not even be able to get out of the dock. You'll be like a sheep in a Tiger's mouth again."

Lin Yi had always been wearing the mask, and now that he took it off, he was a completely different person. Nothing would happen to him.

However, Lu bianren was different. He had been locked up in the dungeon for so long and had just escaped. The people from the central Chamber of Commerce definitely had an impression of him. As long as they locked down the dock, Lu bianren would be walking right into a trap if he went out like this.

"Well ..." Lu bianren hesitated. He didn't want to drag Lin Yi down, but he wasn't so fearless that he would throw his life away. Otherwise, why would Lin Yi go through so much trouble to save him?

However, if they stayed here, the risk was also not small. The central Chamber of Commerce was only a newly rising large Chamber of Commerce in the eyes of others, but people like Lu bianren who had seen the dark side of things had a deeper understanding of its power than others.

If the people from the central Chamber of Commerce really wanted to hunt him down, once they really mobilized a large force, Lu bianren would be discovered sooner or later if he continued to hide here. There was no room for luck at all.

If he left now, it was very likely that he would be blocked at the dock. If he didn't leave now, someone might come looking for him. For a moment, Lu bianren was caught in a dilemma.

Just as they were in a dilemma, there was a sudden knock on the door. Lin Yi and Lu bianren couldn't help but be surprised at the same time, subconsciously thinking that the people from the central Chamber of Commerce were here already.

"Who is it?" Lin Yi gave Lu bianren a look, telling him to hide in his room as he asked quietly.

"Brother Ling, it's me." Qi Wenhan's voice came from outside the door, and Lin Yi let out a breath of relief. He opened the door and let Qi Wenhan in.

"Aiya, brother Ling, I've finally found you. Why did you leave by yourself? I thought you had suddenly disappeared. I was worried for nothing!" Qi Wenhan was in a hurry. He was surprised and complained.

He'd just asked a few questions on the second floor of the Chamber of Commerce, and Lin Yi had disappeared the moment he turned around. His first reaction was that Lin Yi had gone up to the third floor, and he'd wanted to chase after him, but he'd been stopped by the staff, saying that the third floor was a private area and wasn't open to anyone outside of the Chamber of Commerce!

Qi Wenhan didn't think too much about it at the time. Since the third floor wasn't open, Lin Yi must've returned to the first floor. After all, the goods on the first floor were much more novel. It was more interesting to just look at them.

However, when Qi Wenhan went down to the first floor and walked around, he still didn't see Lin Yi's shadow. He even went out of the central Chamber of Commerce and walked through the main streets of demon cold city, but he still didn't find Lin Yi. Even when he returned to the inn, he still didn't see Lin Yi's trace. This time, Qi Wenhan was really worried.

To the Qitian bodyguard agency, Lin Yi was not only their Savior and their honorary escort leader, but more importantly, they were counting on Lin Yi to get a good ranking for the upcoming South continent bodyguard agency event. How could they just disappear like that?

If Lin Yi just went out to play, then it would be fine. As long as no one was hurt, everything would be fine. But the problem was, although demon cold city seemed to be more orderly than wind arc city, it was still the South continent sea after all. It couldn't change the chaotic nature of the sea. Lin Yi, an unfamiliar face, appearing here would be targeted by some local snake!

The strong Dragon couldn't suppress the local snake. No matter how strong Lin Yi was, he was only one person, and he wasn't at the level of a xuansheng stage powerhouse who could easily suppress an area. Once he was surrounded, he would be at a huge disadvantage.

If something were to happen to Lin Yi here, then he, Qi Wenhan, would have to bear the blame even if he died ten thousand times. He might not even be able to be the young master anymore. After all, he was the one who suggested going out to play first. If something were to happen to Lin Yi because of this, he would become the biggest sinner of the Qitian bodyguard agency!

It had only been a few hours, and the news of Lin Yi's disappearance had already caused a huge commotion in the agency. Even steward Song was preparing to arrange for everyone to go out and look for him, and he almost called Qi Mingyuan back.

Qi Wenhan, on the other hand, was in a hurry. He'd walked the path between the inn and the central Chamber of Commerce at least seven or eight times. If he still couldn't find Lin Yi, he'd go to Qi Mingyuan to apologize.

But luckily, he heard from the waiter that someone came back from Lin Yi's room, so he rushed over to see what was going on. He let out a breath of relief when he saw Lin Yi standing there safe and sound, losing all his energy.

"I'm sorry to have made you worry, brother Qi." Lin Yi saw Qi Wenhan's anxiousness and was touched. Although it happened suddenly, he still felt bad. He explained, "I was entranced by you, so I went downstairs first. I didn't expect to meet an acquaintance, so I left after a few words. I'm really sorry."

He didn't tell them the truth because he didn't want to drag Qitian bodyguard agency into this. The central Chamber of Commerce was too powerful, and Qitian bodyguard agency wasn't their match at all.

"Hey, what's there to be sorry about? of course, old friends have to chat for a while when they meet." Qi Wenhan waved his hand and said, ""It's good that you're fine. I'm just afraid that Cheng haonan and the others from the poison eye mercenary group might run into you. They might come after you. After all, it's hard to fight against four hands with two fists." (The school Belle's personal experts tribe is currently holding a reading day activity. Everyone, quickly join in! In the previous chapter, the three Giants of the Academy were in their starting period, so there was a mistake. Recently, he went out at 5 in the morning and only came back in the afternoon. It was inevitable for him to make mistakes when he was exhausted.

#### Chapter 4400 Preparing For The Festival

"Hehe, that's not true." Lin Yi smiled nonchalantly. Compared to the threat from the central Chamber of Commerce, the poison eyes mercenaries were child's play. Lin Yi didn't even put them in his eyes.

"That's good, that's good. " Qi Wenhan nodded his head repeatedly. After being nervous for so long, he finally relaxed.

"By the way, brother Qi, I would like to trouble you to do me a favor," Lin Yi suddenly requested seriously.

"Brother Ling, don't be like this. We're on the same side, how can we say that it's troublesome? If you have anything, just tell me. I'll go through fire and water to get it done for you. " Qi Wenhan patted his chest and said.

"I would like to borrow the connections of the Qitian escort agency to secretly escort a person Back to Black arc city first, then turn around and return to the North Island. Is that possible?" Lin Yi asked.

"Secretly escort a person?" Qi Wenhan was taken aback, but he nodded without hesitation. "That's not a problem at all. Our Qitian escort agency is in this line of business. It's not a problem to give someone away. But brother Ling, who is this person?"

"Senior brother Lu, you can come out." Lin Yi smiled and called Lu bianren out, introducing the two, "This is my senior from the GreenCloud Pavilion on the North Island, Lu bianren. This is Qi Wenhan, the young master of the Qitian bodyguard agency."

"Nice to meet you." Lu bianren and Qi Wenhan cupped their hands in greeting.

"Brother Ling, could this brother Lu be the acquaintance you met at the central Chamber of Commerce? Before this, our bodyguard agency couldn't find it no matter how hard we tried, and in the end, the two of you ran into each other. How could there be such a coincidence in this world!" After Qi Wenhan sized up Lu bianren, he suddenly had a look of realization. Just like Wu baoliang, Lu bianren was a target that Lin Yi had asked them to find.

"Hehe, it's indeed a coincidence," Lin Yi smiled and brushed it off, "Senior brother Lu came to the South continent to carry out a mission a few months ago, but he has been staying here because of some changes. The senior brothers on the North Island are worried about him, so they want to ask you to use the bodyguard agency to send him back as soon as possible."

"You're too kind. Brother Ling's business is the bodyguard agency's business. It's just a gift for a person. What's there to ask of? brother Ling, you're treating me like an outsider." Qi Wenhan laughed.

With his intelligence, he could guess that there was more to this than met the eye-it was just that Lin Yi couldn't tell him the details, or else he wouldn't have mentioned "secret escort." He wouldn't ask, though, since everyone had their own secrets. If he made things difficult for Lin Yi because of his question, he'd be slapping himself in the face.

In the bodyguard agency, one should only ask what they should ask and never ask what they shouldn't. This was the most basic rule. Otherwise, not only would they offend the customer, but they might also get into big trouble for no reason. As the young master of the Qitian bodyguard agency, Qi Wenhan was very clear about this.

"In that case, I'll leave senior brother Lu to you, brother Qi." Lin Yi didn't bother with formalities and turned to Lu bianren. "Senior brother Lu, I still have things to do in the South continent, so I won't go back with you. Send my regards to senior brother xiangku and tell them not to worry about me."

"Yes, Junior Brother, you have to be careful as well. Although the old saying goes that the more skilled you are, the more daring you are, the other party is no small matter. You must not act rashly alone. It's best to go back and report this to the higher-ups, then we can think about it." Lu bianren warned worriedly.

He couldn't point out the central Chamber of Commerce because of Qi Wenhan's presence, but Lin Yi understood what he meant. The central Chamber of Commerce had shown terrifying strength, and it was impossible to shake them with just a few people. Only the three pavilions of the North Island could have some confidence to fight them.

"Don't worry, senior brother Lu. I know what to do." Lin Yi nodded. Although there were times when he fought to the death with others, he wasn't someone who liked to fight. It was fine if he didn't know about it before, but now that he knew that the central Chamber of Commerce was full of Masters and that he could meet a xuansheng stage powerhouse anytime, he wouldn't risk it again. He wasn't stupid.

"That's good then. We'll meet again in Beidao." Lu bianren cupped his hands at Lin Yi and said goodbye.

"Alright, let's meet again at the North Island. There's no time to lose. Brother Qi, you can arrange for senior brother Lu to leave now." Lin Yi said.

"Alright, brother Lu, come with me." Qi Wenhan immediately brought Lu bianren out. Qitian escort agency was one of the five major escort agencies in the South continent. Naturally, they had their own specialized logistics channels. It was easy to secretly escort a person out. No one would notice.

After sending Lu bianren away, Lin Yi finally felt a load off his mind. This was the main purpose of his trip to the South continent. As for capturing Wu baoliang, it was just a secondary purpose.

In the next few days, Lin Yi stayed in his room and didn't leave. The only thing he did every day was to cultivate. This time, he suddenly saw so many masters in the central Chamber of Commerce, especially the xuansheng stage powerhouses. It really agitated Lin Yi, and the pressure was self-evident.

Although he was not a person who liked to fight and be ruthless, he had an extremely strong desire to win. He had never been willing to be behind others. Otherwise, he would not have reached his level today.

As far as the current situation was concerned, it was obviously unrealistic for Lin Yi to reach the mysterious Ascension stage in a short time. Even if there was a shortcut, he wouldn't take it. The pressure was one thing, but the only way was to be down-to-earth and accumulate strength. So the only thing Lin Yi needed to do now was to concentrate on his cultivation, build up his Foundation as much as possible, and quietly wait for the opportunity to break through.

Plus, after what happened at the central Chamber of Commerce, Lin Yi couldn't just walk around outside, just in case. He had the mask on.

After all, he had only put on the thousand-thread mask when he was discovered. When he was loitering on the first and second floor, he had only shown his original appearance. So many employees had seen him. With the astonishing power displayed by the central Chamber of Commerce, who knew if they could find out?

He didn't have anything to do outside anyway, so he decided to stay here and practice while waiting for the escort party to start.

Other than that, Lin Yi also reminded Qi Wenhan not to go out if it wasn't necessary. He couldn't be too careful when facing such an unfathomable Chamber of Commerce.

If the central Chamber of Commerce could find out Lin Yi's original appearance, they would be able to find out that Lin Yi appeared with Qi Wenhan. It would be bad if Qi Wenhan was implicated.

Qi Wenhan was a little confused, but he nodded and agreed. He thought that Lin Yi was worried about the poison eye mercenary group and the Longzhou bodyguard agency, so he wanted to cause trouble at this critical time.
