

## Bodyguard 4441

### Chapter 4441 Thrown Into The Sea

Qi Mingyuan's face darkened when he saw this. This was the disadvantage of being ranked at the back. As long as there was any possibility, with everyone's strength, they could easily eliminate it. No matter how good their skills were, it was useless.

Everyone looked over and carefully examined each rock. However, they did not find any sealed package or any traces of it being chiseled. Qi Mingyuan heaved a sigh of relief.

"No?" Boundless sea couldn't help but frown. Everyone else looked at each other and asked suspiciously, ""In that case, could it be that he's still hiding on the ship?"

However, on such a small cargo ship, everyone had already searched every possible place. They had already fallen into the habit of thinking. They might not be able to find it even if they looked again, right?

Qi Mingyuan was delighted to see this. This time, their disadvantage had turned into an advantage. After the practice on the twenty-nine ships, everyone's subconscious thought inertia had become the best camouflage.

"Since I can't find it this way, I'll change my method. I'll tear this ship apart and find it bit by bit!" Boundless sea suddenly said.

"Ah? Dismantled?" Everyone was shocked. Everyone knew that once a ship was dismantled, nothing could be hidden. If they really did that, no one would be able to last for the time it takes for an incense stick to burn, right?

"Escort leader hai, you're targeting our Qitian escort agency so blatantly. Are you afraid that we'll score high again? If word of this gets out, I'm afraid it won't be good, right?" Qi Mingyuan's happiness was not over yet. When he heard this, he immediately snorted with an unfriendly expression.

Hearing this, everyone around them suddenly understood. They all looked like they were waiting to watch a good show. So this was a personal grudge. Qi Mingyuan had just ruined the four Seas escort agency's business. Boundless sea clearly wanted to use this opportunity to get back at him!

"Chief escort Qi, you're being too serious. I swear to the heavens that as the judge, everything I do is for the sake of fairness in the competition. How could I say anything against the Qitian escort agency?" Boundless sea laughed coldly in response.

"If that's the case, then I've said something wrong. I apologize to you, chief escort hai. However, I just have one question. When it was Qitian bodyguard agency's turn, was it appropriate for you to start dismantling the ship?" Qi Mingyuan said in a neutral tone.

"What's there to be inappropriate about? chief escort Qi, have you forgotten that we're playing the role of bandits now? is it strange that the bandits tore the boat apart in their anger?" Boundless sea didn't seem to be in the wrong. Instead, he spoke with conviction.

"This ..." Qi Mingyuan didn't know how to react. It was quite common for robbers to destroy a ship after robbing it. Many of them would even pour oil on it and burn it to destroy the evidence.

"If escort leader Qi still has any objections, that's fine. We five judges can just raise our hands to decide. The minority is subordinate to the majority. There's nothing else to say, right?" Boundless sea pretended to be magnanimous and said to the other judges, ""Please state your stance, do you want to destroy this ship?"

"Tear it down. Since we're robbers, there's no reason for us not to tear it down. If it wasn't for escort leader Hai's reminder, we judges would have been accused of dereliction of duty!" Zhao bufan and the other two said in unison.

In any case, the three escort agencies were the same as the four Seas escort agency. Their turn had already passed. Now, out of the five big escort agencies, only the Qitian escort agency was left. From their perspective, it would be best if the Qitian escort agency did not get a single cent. They were all red-eyed.

"Alright, then when we're tearing it down later, everyone must open your eyes wide and take a good look at it. Otherwise, if it leaks into the sea, they'll say that the Qitian bodyguard agency has broken the rules." Qi Mingyuan looked at the crowd and said coldly.

At this point, he had no other choice. He couldn't fall out with all these people on the spot. If that happened, Qitian bodyguard agency would no longer have a foothold in the South continent's sea. The situation was more powerful than the person. Even if he couldn't take it anymore, he had to endure it until the day he couldn't.

"Don't worry, escort leader Qi. The reason we're standing here is to ensure that the competition is fair and just. We won't let your Qitian escort agency suffer a loss for nothing. " Boundless sea, Zhao bufan, and the others looked at each other and smiled.

With boundless sea's order, everyone disembarked and immediately began to dismantle the ship. With their strength, let alone a small cargo ship, even a giant sailboat could be easily destroyed. Of course, treasure ships were an exception.

Under everyone's watchful eyes, a powerful true energy wrapped the entire small cargo ship directly into the sky. Then, in midair, it broke into pieces, scattering everywhere. It was so broken that not even a piece of wood more than three feet in length was left, let alone anything else.

Everyone's eyes were fixed on the fragments falling from the sky. Since the chest was specially made, its texture was much stronger than ordinary wood. Moreover, the true Qi just now had been deliberately controlled, so it would not damage the sealed package. With their outstanding eyesight, they should be able to see it easily.

"No, I didn 't!" Everyone was stunned. Boundless sea was dumbfounded. Even Qi Mingyuan, who had thought that this was the end, was also stunned.

"There's nothing in the reef, and there's nothing on the boat either. The result is obvious. This kid should have directly thrown the sealed package into the sea!" Boundless sea laughed coldly and immediately turned to leave. Zhao bufan and the others looked at each other and followed boundless sea.

Only Qi Mingyuan, who was the last to leave, was still confused. Lin Yi was not an irresponsible person, according to his previous understanding.

"I hereby announce that Qitian escort agency has violated the rules of the competition by throwing the sealed package into the sea. Therefore, they will not be awarded any points for this round of the competition." Boundless sea said to everyone.

The crowd was in an uproar. Qi Wenhan and the others, who were waiting anxiously, looked as if they had seen a ghost when they heard this. Thrown into the sea? how could this be?

"Wait, isn't escort leader Hai's conclusion too arbitrary?" Under everyone's gazes, Lin Yi slowly walked in front of Boundless sea and the others.

"You're Ling Yi from the Qitian bodyguard agency?" Boundless sea looked at Lin Yi from the corner of his eyes. If this was a place with no one around, he'd probably just kill this scum right away.

"That's right. If I may ask, escort leader hai said that I threw the sealed package into the sea. I wonder if you can produce any evidence?" Lin Yi's lips curled up in a playful smile.

"So many people have witnessed it, isn't it evidence? You don't think that I, as a judge, would deliberately fabricate a charge to slander a nobody like you, do you?" Boundless sea's face was full of contempt.

#### Chapter 4442 Slapping Oneself In The Face

The crowd at the side burst into laughter. Although this Ling Yi had made a name for himself in the second round of the competition, compared to the big bosses of the escort agency, he was really just a nobody.

"Hehe, that's hard to say. After all, there's no knowing what's in a person's heart. What do you think, escort leader hai?" "Since you're so sure that I threw it into the sea, why don't we just fish it out and show it to everyone?" Lin Yi laughed, not thinking much of it. This is the real evidence. The water here isn't deep anyway, so it should be easy to search, right?"

"Alright, since you've already brought it up, I'll let you die knowing why." Boundless sea immediately nodded with a cold smile.

This request was reasonable, and he could not refute it. However, he did not feel that there was a need to refute it at all. In such a small enclosed space, the only places that could hide the sealed package were on the ship and on the reef. Now that both of them were ruled out, if the sealed package was not in the sea, could it be in the sky?

With the order, the four workers jumped into the sea without a word. Because of the black curtain, Lin Yi could only throw it in his own sea. It was too easy to throw it out with his feet in such a small area.

Boundless sea stared at Lin Yi with a cold smile, waiting for the good news from the four. After five minutes, the four returned.

"How is it? you should give up now, right?" Boundless sea was so confident that he didn't even look at the four. He pouted at Lin Yi.

"Escort leader hai, before you say this, why don't you ask the four of them about their harvest?" Lin Yi looked at him like he was an idiot.

"Eh? How is that possible?" Boundless sea turned his head and found that the four of them were empty-handed, helplessly throwing up their hands at him. They didn't have the sealed package they were expecting.

"They said that I threw the sealed package into the sea and now I've stepped on the bottom of the sea, but what's the result?" "What do you say, escort leader hai?" Lin Yi said indifferently.

"That's right. Since the competition was fair and we didn't break any rules, escort leader hai, you should at least give us an explanation, right? Otherwise, today's matter won't end well!" Qi Mingyuan and Qi Wenhan, father and son, were also in a daze.

Everyone's gazes became a bit more playful. Even Zhao bufan and the others moved to the side without a trace. They had just been adding insult to injury. The person leading was boundless sea. Now that the trouble had come, it could only be boundless sea.

If they were to be accused of abusing their power to avenge a private grudge at this highly anticipated event of the escort agency in the South continent, the reputation of the four Seas escort agency would be greatly damaged, even if it was a traditional wealthy family. They might even lose their dominant position in the South continent escort agency. The consequences would be unimaginable.

"Explanation? What kind of explanation do you want?" Boundless sea didn't seem to have any intention of lowering his head. Now that things had come to this, he could only brace himself and endure. If he lowered his head now, he would really be the one who would be given an excuse.

"Escort leader hai, you're a Big Shot with a reputation. You can't be shameless in front of everyone, right?" "I'll just ask you one thing. Did you throw the sealed package into the sea?" Qi Mingyuan laughed in anger.

"No, I didn't," Boundless sea admitted on the spot. After all, he couldn't go back on his word even if he wanted to. Otherwise, the other party would be able to shut him up with just one sentence. But he still didn't give up. He forced a cold smile and said, "However, not throwing the sealed package into the sea doesn't mean that he didn't break the rules, right?"

"Everyone has seen for themselves what it means to twist words and reason!" Qi Mingyuan finally couldn't hold back his anger anymore. Although he didn't curse, he almost shed all pretense of cordiality on the spot. He pointed at boundless sea and yelled, "Since that's the case, escort leader hai, please tell us how we broke the rules again. Let everyone judge together!"

Upon seeing this, everyone looked as if they were watching a good show. From the looks of it, the Qitian escort agency was going to challenge the four Seas escort agency to their faces and a big fight was about to break out!

"You're saying I'm being unreasonable?" Boundless sea's face instantly turned dark. He laughed coldly. "There are only three places in the entire area where you can hide the goods. On the boat, on the reef, and in the sea. None of these places can hide the goods. I can only suspect that this Ling Yi of your agency didn't hide the goods at all, but destroyed them into powder!"

When Zhao bufan and the others heard this, they couldn't help but nod their heads. This was really possible. If it wasn't destroyed, the sealed package couldn't have disappeared into thin air, right?

"Hmph, this is a competition to hide the goods, not a competition to destroy the goods. If this isn't against the rules, what is it?" Boundless sea said confidently and proudly.

Qi Mingyuan and Qi Wenhan turned to look at Lin Yi, unsure. They believed that Lin Yi wouldn't do something like that, but boundless sea was right. He couldn't just disappear into thin air, could he?

"Well said. But escort leader hai, if I take out the sealed package, will you have to swallow your words?" Lin Yi said calmly.

"Hmph, if you can take it out, not only will I swallow my words, but I'll also give myself two tight slaps on the spot!" Boundless sea laughed loudly, as if he was a true hero who dared to take responsibility for his actions.

"Hehe." Lin Yi looked at him teasingly and walked into the dark area in front of everyone. Before they could react, he came out with a treasure chest in his hand.

"How is this possible?!" Boundless sea was completely dumbfounded. As the Overlord of the South continent's escort industry, he wasn't stupid. But now, he suddenly felt like his brain wasn't enough.

It wasn't just boundless sea. Zhao bufan and the others also looked like they had seen a ghost. How the hell did this happen?

"What did you just say, escort leader hai?" Qi Mingyuan didn't miss the opportunity to mock Lin Yi. At the same time, he gave Lin Yi a big thumbs up. Although he didn't know how Lin Yi did it, his honorary escort leader was indeed a master. He could easily play boundless sea and the others in the palm of his hand. He couldn't deny it!

Everyone looked at boundless sea, as if they were watching a show. They wanted to see if this escort leader sea would go back on his word.

Pa! Pa!

In front of everyone, boundless sea didn't say a word and slapped himself twice before saying, ""I'm sorry, I misjudged just now. Are you satisfied now?"

Lin Yi, Qi Mingyuan, and the others looked at the bright red handprint on his cheeks. They couldn't help but think that this guy was quite the hero. Slapping himself in front of so many people was something that no ordinary person could do so happily.

However, in this way, the situation that was originally extremely advantageous to their side was also resolved by the other party's two slaps!

Chapter 4443 Let's Try Too

If he continued to hold on to this, it would seem that he was not magnanimous enough, and the public opinion would stand on the other party's side.

"Alright, since escort leader hai has said so, then we won't say anything. However, it has already been three incense sticks 'time since just now. We've used so many methods but still haven't found the sealed package. According to the rules, our escort agency should get 100 points. There's no doubt about this, right?" Qi Mingyuan said immediately.

Boundless sea lowered his head in silence. He wanted to object, but he'd just made such a huge mistake, especially when the other side had pretended to be generous and didn't look into it. What face did he have to object now?

If even boundless sea was scared, then Zhao bufan and the others wouldn't even bat an eye. They could only choose to agree.

"That's good," Qi Mingyuan nodded in satisfaction and smiled at Lin Yi and Qi Wenhan. Although there were many twists and turns, the result was still satisfactory. They got a full 100 points, which was far beyond their expectations.

Everyone thought that this was the end of the drama and was about to move on to the next house when Lin Yi suddenly spoke up, ""Everyone, please wait a moment. Isn't there still a special challenge segment? I would like to give it a try. If there is, I'll put the sealed package back where it was. "

Everyone's eyes lit up when they heard this. That's right, this is the most crucial part of this round of the competition. Taking out 100 points as a bet, there is a 200-point difference between the entry and exit!

However, even though they were excited, they still couldn't find it after so much effort. The difficulty was obvious. How could an ordinary escort agency have the confidence to step forward and challenge it?

"I'll do it!" Boundless sea suddenly shouted. He'd just suffered such a big loss and was worried that he wouldn't have a chance to get back at them. He didn't think that this kid would actually give him a chance!

"Alright," he said. Lin Yi smiled casually and walked to area 30. He hid the sealed item again and made a gesture of invitation to boundless sea, "Please,"

"Hmph, kid, you don't think that your little trick is so brilliant that no one can see through it, do you? Just now, I was just giving you a taste of sweetness. The four Seas escort agency will definitely get these 100 points!" Boundless sea laughed maliciously. He turned to the four Seas escort agency's Deputy and ordered, ""Go and call Lai Zui over!"

The crowd was in an uproar. Zhao bufan and the others finally realized. So he was fattening himself up before killing. Boundless sea still had other moves. No wonder he lowered his head and silently agreed. It wasn't his usual style.

"Delay for a while?" Qi Mingyuan and Qi Wenhan's faces changed.

"What's wrong? Is this person very powerful?" Lin Yi asked curiously.

"Well, he's not really that powerful. His strength is just average, but he's an extraordinary person. It's said that he's very good at breaking all kinds of formations. He used to wander in primitive lands like Lufeng forest. I didn't expect him to join the four Seas escort agency!" Qi Wenhan explained.

"He's good at breaking formations?" Lin Yi blinked, finding it even more strange. "What does this have to do with the competition?"

"Eh? Could it be that brother Ling didn't use a formation to hide the sealed package?" Qi Wenhan couldn't help but lower his voice. His thoughts were the same as boundless sea and the others. He felt that Lin Yi must've set up a small trick to hide the sealed package, which was why so many people couldn't see it ...

"Who said that?" Lin Yi glanced at him, amused.

At this moment, a sloppy uncle came from afar. From his hair to his clothes, he was dirty and torn. He also had a pungent body odor. He looked exactly like an old beggar. This person was Lai Zui, a subordinate of the four Seas escort agency.

After hearing boundless sea's story, Lai Zui grinned, his yellow teeth showing. He looked Lin Yi up and down and said awkwardly, "There aren't many people who know how to use arrays these days. Even if they do, it's just a small trick that can't be put on stage. It's okay to fool outsiders, but to an expert like me, I can see the problem with one look. Uncle sea, just you wait."

With that, he pouted and strode into zone thirty. Lin Yi couldn't help but smile at the guy. "Is this the amazing person you were talking about?"

"Strange people have their own strange looks. You don't even know this? have you really not seen the world or what? are you a frog at the bottom of a well?" Boundless sea laughed coldly.

"We'll find out very soon who's the frog at the bottom of the well. " Lin Yi smiled faintly, too lazy to argue.

"Haha, a dead duck's mouth is stubborn!" Boundless sea didn't waste any time and just waited outside for the good news. He thought it would be a piece of cake, but he didn't expect to wait for the time it takes two incense sticks to burn!

"It's time. Escort leader hai, can you invite your master Lai out now?" Qi Mingyuan said immediately. The time limit for the challenge Round was two incense sticks.

"Go and call him out!" Boundless sea's heart skipped a beat. He didn't know what was going on inside, but he could only do as he was told. However, when he saw Lai Zui come out empty-handed, his face turned ashen. He didn't find him again?!

"Uncle sea ... You can't blame me for this ... Other than this huge formation outside ... There really isn't any formation inside ... There's no fluctuation of any formation at all ..." Lai Zui said with a bitter face.

The crowd was in an uproar as they looked at Lin Yi with strange eyes. They couldn't find him anywhere, and now they could even rule out the formation. How did this guy hide the tribute? Such perfection, could he be a professional in this?

"Haha, thank you for the 100 points, escort leader hai. As a senior, your Four Seas escort agency has spared no effort in helping our Qitian escort agency's junior. It's really the style of an elder. We'll accept the 100 points without any hesitation!" Qi Mingyuan was overjoyed.

Boundless sea's face was as dark as the bottom of a pot, but it was too late to change his mind.

They had only gotten a total of 70 points in this segment, but they had lost a whole 100 points in one go. Not only did they not get a single point in the fourth round, but they had also lost 30 points. This was not just a big loss, it was practically a bloody loss!

In comparison, Qitian escort agency had won a huge round of the competition. They had earned a total of 200 points, which was more than the total points of most escort agencies. It made people green with envy.

"Next." Boundless sea didn't even want to look at Qi Mingyuan and the others. He turned around and was about to walk to the next shop when someone suddenly stood up and shouted, ""You've hidden it so well. Why don't you give the Longzhou escort agency a chance and let us give it a try?"

There was an uproar. The person who spoke was long kuiba, the head of the Longzhou escort agency!

Chapter 4444 Petty Tricks?

As he spoke, Cheng haonan and Wu Bao Liang stared at Lin Yi with malicious intent, as if they wanted to eat him alive.

Lin Yi glanced at them discreetly. He wasn't interested in long kuiba, but he had to get rid of the other two before he left the South continent. Especially when he saw the latter, he couldn't help but be a little startled. They were his goal for this trip.

He'd seen Wu Bao Liang's picture on the wanted list from the law enforcement Hall. It was his first time seeing him in person, but he could recognize him with one look from his signature triangular Yin Yang eyes.

He knew long ago that Wu baoliang would be participating in the South continent's escort party, and Lin Yi had been paying attention to it. Unfortunately, from yesterday until now, he'd seen long kuiba and Cheng haonan, but he didn't see Wu baoliang!

Perhaps, Wu Bao Liang was regarded as their last trump card, so he had stayed in the inn before and did not show his face at all. But now, they probably saw an opportunity, so they were pulled over at the last minute.

"This guy's finally willing to come out!" Lin Yi laughed coldly to himself as he clenched his fists. He couldn't hold back his killing intent after holding it in for so long, but he didn't make a move.

"Young hero Ling, you decide." Qi Mingyuan looked at Lin Yi. He didn't know how Lin Yi did it, but he didn't want to ruin the plan.

"Hehe, since someone is taking the initiative to give us points, then of course the more the better. We can't ask for more." Lin Yi said with a faint smile, not thinking much of it.

"What a big tone. Then I'll let you open your eyes wide and see who's the one giving free points to whom!" Long kuiba waved his hand and said to Cheng haonan and Wu Bao Liang, "The two of you, let's go in and see what this kid is up to!"

After saying that, long kuiba brought his men and went straight to area 30. There weren't many people, just him, Cheng Wu, and the other two. Although they weren't part of the 'Bandit group', they had already heard about the situation inside with the huge commotion just now. It was useless to bring more people. Wu baoliang was enough.

The three of them walked into area No. 30. At this moment, this small place surrounded by darkness was in a mess. The small cargo ship had been disassembled into pieces of broken wooden boards, floating on the sea. Even the surrounding rocks had been cut into pieces by Zhen Qi. The sea was also muddy. Obviously, the bottom had been stepped on, and the sand and mud at the bottom had been dug out.

"Hehe, you've searched thoroughly." Long kuiba laughed coldly. If it was anyone else who saw this scene, their heart would have thumped. If even this couldn't be found, it meant that it would be really difficult to find. However, he wasn't worried at all. "Military counselor, it's all up to you."

The reason why he specially called Wu baoliang over at the last minute was because Cheng haonan had just said that this military counselor had a unique skill that could be used in this kind of competition to find things easily.

"It's a small matter," Wu Bao Liang's aura suddenly burst out. At first glance, it seemed that he was only in the realm of the complete gold core realm. However, immediately after, the area in the 30th area suddenly began to spin. The sea water, sand, stones, broken wood, and everything in the area seemed to have suddenly lost the restraints of gravity and flew into the air. The entire area then became a weightless world.

Then, Wu Bao Liang's opened palms slowly clenched, and everything in the air instantly went crazy. They collided with each other fiercely. Originally, they were only broken into pieces, but after the collision, they became even more fragmented, and even turned into powder.

"Military counselor, you're indeed an expert. I've never seen or heard of such a divine technique!" Long kuiba's eyes were opened wide. If they were to really fight, although he wasn't weak, he was only limited to direct fighting and killing. He didn't have such amazing means as Wu Bao Liang.

"It's a piece of cake. This move is called the killing of all things. Anything with a weaker quality will eventually be crushed into powder by something with a stronger quality. The sealed package is made of a special black iron. If nothing goes wrong, its quality should be the toughest one. Therefore, when the killing of all things is over, the only thing left is the sealed package." Wu Bao Liang smiled profoundly,

"In the face of the military counselor's myriad existences kill, everything will be destroyed, including the formation. Any concealment methods are ineffective. As long as it is hidden here, it will definitely reveal its true form!" Cheng haonan added from the side. With his relationship with Wu Bao Liang, he was very clear about these methods.

"Hahahaha, then I'll be waiting to celebrate with you, advisor Jun. After this round of competition, my Dragon Boat escort agency will jump to second place on the rankings and overtake Qitian escort agency by a mile!" Long kuiba laughed smugly.

"It's within my expectations. It'll happen soon. " Wu Bao Liang's triangular Yin Yang eyes revealed a sense of pride, and he commented, ""But this Ling one is quite capable. He was able to hide the sealed package like this. Normal methods really wouldn't be able to find it. No wonder boundless sea and the others were at a disadvantage."

"Hehe, isn't this little trick like an insignificant insect in front of you, military counselor? Qitian bodyguard agency only knows how to play tricks and will never be able to show their face. This time, we'll let them have a taste of kicking an iron plate!" Cheng haonan said with a cold smile.

As the three of them laughed and talked, the killing of all things in the air finally ended. The things that were slightly weaker were already out of shape, and even the reefs had been crushed into powder.

"The clear ones rise, the turbid ones fall!" Under Wu Bao Liang's control, everything that was suspended in the air slowly separated into two layers. The lighter ones all floated up, and the heavier ones all sank down. During this separation process, anything that could still retain a little shape could be clearly seen. The sealed treasure chest was definitely among them.

Long kuiba, Cheng haonan, and Wu Bao Liang himself were all looking at all of this with their eyes wide open, hoping to find the treasure chest that they had expected. However, even after all the separation had ended, there was nothing.

"This ... This ..." Wu Bao Liang choked for a long time and couldn't say a word. Long kuiba and Cheng haonan were also dumbfounded at the same time. Just now, he still had the air of a master and acted so confident and calm. In the end, he still couldn't find it? Wasn't this a joke?

"Military counselor, what should we do now?" Long kuiba was completely flustered. Because they didn't get a single point in the second round, the Dragon Boat escort agency had only gotten a total of 160

points in the previous three rounds. Even if they counted this round, where they had gotten 50 points after the time it takes for an incense stick to burn, they only got 210 points in total!

Chapter 4445 Really Crazy

If he were to compensate the Qitian bodyguard agency with another 100 points, wouldn't he only have 110 points left?

After four rounds of competition, they only got 110 points. Even if this score was not at the bottom of all the 32 escort agencies, it was definitely at the bottom. If they still wanted to become one of the top five escort agencies and replace Qitian escort agency, wouldn't they be a joke?

"Don't be anxious. My myriad exterminate can't go wrong. As long as the sealed package is hidden here, it will definitely be enveloped. It's impossible for it to be missed!" Wu Bao Liang forced himself to calm down and said.

"Then ... What do you say now?" Cheng haonan and long kuiba couldn't help but look at each other.

"There's one possibility. The quality of the Darksteel that was used to cast this box was not up to standard, so it was also broken by the myriad killing just now." Wu Bao Liang said as he pinched his chin.

"That's right. Black iron is very hard to come by. This escort item is just a symbolic item for the competition. The four Seas escort agency might have used some low-quality black iron to make up for the price difference." Long kuiba immediately agreed. The four Seas escort agency was the host of this year's conference. After receiving a large sum of funds, all the materials would be provided by them. No matter who it was, they would definitely want to get some benefits from it.

"But if that's the case, what should we do?" Cheng haonan said with a frown. The people outside didn't care what methods you used. As long as you took out the treasure chest, it would prove that you found the sealed package. Otherwise, everything you said would be nonsense.

"Yes, counselor Fang, do you have any countermeasures?" Long kuiba looked like he was having a headache.

"Hehe, there's a way." Wu baoliang rolled his eyes and laughed evilly, ""There's definitely no more sealed treasure chest here. We just have to bite back and say that Ling Yi destroyed it himself. I'm sure he won't be able to take it out, and it'll be hard to explain then. "

"Right, right. I think that boundless sea has suffered a huge loss. He's definitely not happy about it. When the time comes, he'll definitely help us deal with Ling Yi. We'll naturally be in an undefeatable position!" Cheng haonan's eyes lit up as he nodded repeatedly.

"What a brilliant plan, military counselor. Let's do it this way!" Long kuiba was overjoyed.

After the three of them had finished their discussion, Wu Bao Liang took the lead, long kuiba and Cheng haonan followed closely behind, and immediately rushed out in an aggressive manner.

"You!" Wu baoliang rushed to Lin Yi and pointed at his nose, ""When you put the sealed package back, did you take the opportunity to destroy it?"

"It was destroyed just now?" When boundless sea heard this, he immediately quivered and also said, ""Great, I was wondering why even master Lai couldn't be found. So it's you, kid, who's behind this. Men, take him down!"

As soon as he finished speaking, the experts from the four Seas escort agency surrounded Lin Yi. They didn't like Lin Yi from the start, and now they finally had a chance to vent their anger.

Seeing this, Cheng haonan and long kuiba were secretly overjoyed. As expected, boundless sea was a ready-made thug!

"What do you want? Are you bullying us because we don't have anyone?" Seeing this, Qi Mingyuan let out an angry roar. Qi Wenhan also hurriedly led the people from Qitian bodyguard agency and rushed over. Both sides were in a confrontation. Everyone's aura rose sharply, and the atmosphere was extremely tense. It looked like a bloody battle was about to begin.

"Everyone, please calm down." Lin Yi stood up and calmed everyone down before looking at Wu baoliang, "A word of advice. Next time, before you point your finger at me, write your will. Also, do you have any evidence?"

"Hmph, evidence?" Wu Bao Liang laughed evilly. "I knew you would use this as an excuse. It's simple. I dare say that even you can't take out the sealed package from it. This is the best evidence!"

"Okay, I now order you as the judge of the meeting to go inside and take out the sealed package treasure chest. If you can't do it, Humph, don't blame me for being impolite. Our South continent escort agency's meeting is not a place for an unknown kid like you to play tricks!" Boundless sea said.

"Escort leader hai, some people like to fart. You don't have to get so close to smell it, right? Or is it that you can't afford to lose, so you're taking the opportunity to find an excuse to take revenge on a private

matter?" Qi Mingyuan stepped forward, and Qi Wenhan and the others didn't back down either. They all stood in front of Lin Yi.

Looking at their backs, Lin Yi couldn't help but feel touched. It was worth it for him to come to the South continent to meet these people!

"Head of escorts, and everyone, don't be anxious." Lin Yi patted their backs and walked to the front, "This matter isn't that complicated. Since they want evidence, I'll give them evidence. Isn't it just taking out the sealed treasure chest? I'll take it for you now. Open your dog eyes and take a good look. "

With that, Lin Yi split the crowd and walked towards area 30, but was stopped by Wu Bao Liang, "Hold on, just to be safe, I think we should do a body search before entering. Why don't you secretly bring the box clip in and claim that you took it out from inside?"

"That makes sense. Search him!" Boundless sea immediately agreed. The treasure chest wasn't small, but it wasn't big either. Most people wouldn't be able to carry it, but if it was a golden core expert who knew how to use a smokescreen, it might be possible.

"You guys are going too far!" Qi Wenhan couldn't take it anymore. The other party's intention was obvious. They were clearly here to find trouble.

Lin Yi looked at Wu baoliang deeply, killing intent flashing by. If he wasn't afraid of implicating the Qitian bodyguard agency, he would've killed him already. But now, it wasn't the time yet.

"Okay, I'll satisfy you. But to be fair, I want to find an irrelevant notary to do a body search. As for you guys, I'm afraid you'll frame me!" Lin Yi said mockingly.

"Hmph, the representatives of the Chambers of Commerce here can be witnesses. They should have no objections to a body search, right?" Boundless sea hmphed coldly, ordering the representatives to search Lin Yi's body.

Lin Yi was cooperative and let them search a few times in front of everyone. After making sure there was nothing, boundless sea and Wu Bao Liang finally let him go. They stared at Lin Yi as he walked into zone thirty. If it wasn't for the rules, they would even want to follow him in.

"I'd like to see what kind of tricks this kid can come up with!" Wu Bao Liang, long kuiba, and Cheng haonan laughed coldly. He had even used the myriad killing technique, yet he still couldn't find the sealed package. This proved that it was either not there at all, or it had already been destroyed by him! Unless the world had gone crazy.

However, when they saw Lin Yi walking out with the sealed items in one hand, Wu Bao Liang and the others felt like the world was spinning around them. Was this world crazy?

Chapter 4446 The Final Preparations

"You've given up now?" Lin Yi casually threw the sealed package on the ground, causing everyone's eyelids to twitch. He then said calmly, "Can I pay the bill now?"

"Ah?" The crowd was stunned again, and it took a moment for them to understand that he was referring to the points.

"What kind of trick did you use?" Wu baoliang didn't give up. His triangular eyes emitted a dangerous light as he tried to grab Lin Yi's collar.

"You can try." Lin Yi suddenly laughed-he'd been worried that he wouldn't have a chance to kill this guy, but if he did, he'd be able to kill him in front of everyone.

At the same time, Qi Mingyuan, Qi Wenhan, and the others beside him suddenly released their killing intent, forcing Wu Bao Liang to stop halfway. If he did not stop, these people would really kill him together.

"Hmph, I'll soon find out about this trick, when you die by my hands!" Wu baoliang laughed out loud and looked at Lin Yi deeply. He then said his goodbyes to Cheng haonan and long kuiba before turning around and leaving.

Looking at Wu baoliang's back, Lin Yi couldn't help but sigh. This guy was arrogant, but he wasn't stupid. Of course, if he was, he wouldn't have lived until today. He would've fallen into the hands of the law enforcement Hall back in the North Island.

"Escort leader hai, you have nothing to say now, right?" Lin Yi turned to boundless sea.

Boundless sea's face was ashen. He didn't even say a word. With a cold snort, he turned around and left. From the looks of it, he didn't even bother to search the two security agencies he had just joined. He wasn't in the mood.

Lin Yi, Qi Mingyuan, and Qi Wenhan smiled at each other before turning to the others."Is there any other bodyguard agency that is willing to come and challenge me?"

F \* ck! Everyone's faces darkened at the same time. You've already earned a full 300 points from the start to the end of this round. You've dragged the four Seas escort agency and Longzhou escort agency into this mess one after another, and you're still not satisfied?

The rest of the managers couldn't help but shrink their necks when Lin Yi's eyes swept over them. There must be some unknown trick to this, but it wouldn't be solved in a short time. Only an idiot would fall for it!

"There's no more? Then forget it. " Lin Yi was a little disappointed. Since no one came to challenge him, there was no need to put the sealed package back. As for the 'robbers', although they didn't have boundless sea leading them, the competition still had to go on. Zhao bufan and the others were still there, so they immediately turned to the next agency.

"Brother Ling, can you tell me now? where are you hiding?" Seeing that the crowd had gone far away and his father Qi Mingyuan had also followed, Qi Wenhan quickly came over. Compared to the excitement of getting 300 points, he was more curious about this.

"It's a secret," Lin Yi smiled faintly and shut his mouth. The answer was simple-he put it in the Jade space. Of course, no one would be able to find it, but he couldn't tell anyone about it-it would be a secret forever.

"Ugh ..." Qi Wenhan felt like he was being clawed at, but Lin Yi wouldn't let him go. He had no choice. He tried to persuade Lin Yi, but it was useless. In the end, he gave up.

However, he soon forgot about it because the 'bandits' had already found the items from the other two escort agencies. The fourth round of the 'hidden goods in danger' competition was over.

Everyone returned to the moleng square. At this moment, the rankings had been updated. After four rounds of competition, Qitian escort agency had taken the lead with a super high score of 670 points. Their advantage was so great that it was simply daunting.

Right after that, the traditional wealthy class, Divine Wind escort, came in second with a total of 270 points. Although they could not be compared to Qitian escort agency, which was the only company in the world, they still managed to trample on the other escort agencies.

As for the four Seas escort agency that was originally in second place, due to their challenge to the Qitian escort agency in the fourth round, not only did they fail to keep the 70 points that they had already obtained, they even lost 30 points. In the end, they had a total of 240 points in the four rounds of the competition and were tied for third place with the other five escort agencies.

It was worth mentioning that the ambitious Longzhou escort agency had scored 110 points in all four rounds of the competition, ranking fifth from the bottom. If this trend continued, they would be ranked among the weakest five escort agencies in the South continent, let alone the top five.

On the public list, the 32 escort agencies' rankings were clear at a glance. Some were happy while some were sad. The focus of everyone's discussion was naturally the god-like super dark Horse of this year, Qitian escort agency.

Although Qitian escort agency was one of the five biggest escort agencies in the previous term, most of the people did not think that Qitian escort agency would win at the beginning. The bets on the outer ring were all negative. At least seven out of ten people had bet on it and it fell out of the five biggest escort agencies. Of course, these people were crying to death now.

Losing 670 points in four rounds of the competition was a huge 400 point difference between the second place and the fourth place. It was not that there would be no successors to this, but it was definitely unprecedented. Unless there was a destructive accident, the top position of the four Seas escort agency in this year's South continent escort party would have fallen into the hands of Qitian escort agency, and no one could shake it.

The power structure of the escort agency industry in the South continent would undergo a tremendous change starting from this year. The focus would shift from the demon cold Sea area to the originally unknown Ying Luo Sea area. From then on, Qitian escort agency would replace the Dominator of the four Seas escort agency and become the No. 1 wealthy family in the South continent. This was the consensus of almost everyone.

Of course, other than the mainstream opinion, there were naturally other opinions on the streets. It was common to see people who were bent on demoralizing the Qitian bodyguard agency. Regardless of whether these people had the shadow of other bodyguard agencies behind them, at least their opinions were not without reason.

In the past, the first four rounds of the escort agency tournaments were important to establish an advantage and widen the gap, but the real decisive event was the last round.

Even though Qitian escort agency had a huge advantage now, if they performed badly in the last round, it was very likely that other escort agencies would take the opportunity to overtake them or even catch up with them. Only the escort agency that could survive the fifth round and have the last laugh would be the real winner.

Of course, the fifth round's finals would only start tomorrow. At least until today, the Qitian escort agency was undoubtedly the proudest and most popular among the Chambers of Commerce.

Compared to the discussions in the streets, none of the thirty-two escort agencies, including Qitian escort agency, dared to let their guard down at this moment. All of them were putting in more effort to prepare for the final battle tomorrow.

#### Chapter 4447 Seeking Help

"No, we can't let this go on. We have to take action immediately and kill that Ling Yi!" Long kuiba couldn't help but roar.

The room was still a group of three. Cheng haonan and Wu Bao Liang were sitting at the side drinking tea. However, because long kui had slammed the table fiercely, the rare high-quality spiritual tea outside had been spilled all over the ground.

They had vowed to become one of the five biggest escort agencies and replace Qitian escort agency. For this, they had even formed an all-round alliance with the poison eye mercenary group. It was a very ambitious dream, but unfortunately, reality was cruel. There was only one round left in the conference. In the end, they had achieved their ambition of becoming one of the five biggest escort agencies, but it was a pity that they were at the bottom.

"It's not hard to kill that Ling Yi. What's hard is how to find this opportunity. " Wu Bao Liang said with a cold expression. What happened today had completely disgraced him. He had already used the all things kill, which was a foolproof move, but in the end, he was still tricked by Ling Yi. This was intolerable!

More importantly, this was clearly the first time the two of them had met face to face at such a close distance, but for some reason, he could faintly feel that Ling Yi actually had killing intent towards him. Because of his special cultivation method, his perception was far more sensitive than the average Jindan stage expert, this was definitely true.

Could it be that the other party hated the poison eye mercenary group, so he hated them as well? This was not impossible, but Wu Bao Liang's intuition told him that this matter was not that simple!

In short, whether it was to eliminate this hidden danger or to remove the obstacle for the Dragon Boat escort agency, Ling Yi had to die.

"But we don't have the authority to set the rules of the competition, and it's hard to think of a way to operate behind the scenes. Whether we can go up against the heaven's equal bodyguard agency, especially against this Ling Yi, it all depends on luck. It's hard to say." Long kuiba scratched his head and said with a conflicted expression.

"Not necessarily. We can't do it ourselves, but someone else can." Wu Bao Liang said as if he was pointing at something.

"Who is it?" Long kuiba was stunned.

"Brother long, did you forget about the four Seas escort agency?" Cheng haonan laughed coldly. "From today's situation, it seems like boundless sea hates this Ling Yi to the bone. Aside from us, he probably also wants to skin this kid alive. It's just that he doesn't dare to make a move openly."

"You two mean to go to the four Seas escort agency to find boundless sea?" Long kuiba's eyes lit up.

"That's right. The four Seas escort agency has always been the Overlord of the escort agencies in the South continent. I heard that more than half of the rules of the competition were set by boundless sea. If he were to manipulate things in secret, wouldn't it be a piece of cake for us to fight against the Qitian escort agency?" Cheng haonan laughed.

"Yeah!" Long kuiba immediately patted his head and said with great joy, ""Before today, if we rashly went to ask him for help, boundless sea might not even bother with us. But now, he'll definitely help us with this small matter!"

The enemy of my enemy is my friend. This saying has been tried and tested many times.

There was no time to waste. After long kuiba and the other two discussed it, they immediately set off for the four Seas escort agency to visit boundless sea.

While the three of them handed in their name cards and waited for the announcement, boundless sea was smashing cups in the study. Next to him was an entire set of high-quality and exquisite tea sets. He picked them up one by one and smashed them on the ground, making a constant banging sound.

This was boundless sea's habit. Whenever he was in a bad mood, he would smash the tea set. After smashing the entire set, he would have vented most of his anger, and his mood would naturally calm down.

The servants stood to the side, trembling with fear. Once boundless sea finished falling, they would quickly clean up the fragments on the ground. Otherwise, if boundless sea grew annoyed and got angry, it might be their turn to suffer.

After boundless sea had finished falling and his anger had subsided, the guard who had been standing guard at the side didn't miss the opportunity to hand over long kuiba and the others "invitation cards to boundless sea.

"The Longzhou escort agency? What are these people doing here?" Boundless sea frowned slightly as he looked at the card. Although the Dragon Boat escort wasn't the weakest in the South continent, they had always been suppressed by the Qitian escort agency. They had never had a chance to make a name for themselves. Naturally, they weren't worthy of the attention of an Overlord of an escort agency like him.

"Uncle sea, why don't I send them away?" The guard said.

The South continent escort agency event was held locally. Over the past few days, all the heads of the escort agencies had come to the four Seas escort agency to pay their respects. The stronger escort agencies could still see boundless sea, but the smaller escort agencies were sent away with a word. They didn't even get to see boundless sea.

"Hold on," Boundless sea hesitated for a moment before finally deciding, ""Bring them to the small hall and wait."

"Yes." The guard answered and left. He couldn't help but feel surprised. This unknown Dragon Boat escort agency seemed to have some weight in uncle sea's heart. Although he was not qualified to enter the hall, he could at least enter the small hall and not be sent away with a word.

What they didn't know was that boundless sea didn't even look at the Dragon Boat escort agency in the eye. The only reason he had agreed to meet them was because of what had happened during the day. He felt that there was something fishy about it.

Long kuiba and the other two were led into a small hall. No one served tea, and no one came over to talk to them. They just waited like this for a full fifteen minutes. When the three of them were filled with anger and couldn't help but want to leave, boundless sea finally arrived.

"Long kuiba of the Longzhou escort agency, Cheng haonan of the poison eye mercenary group, and Wu baoliang pay their respects to escort leader hai!" Dissatisfaction was dissatisfaction, but when facing boundless sea, the three didn't dare to be slow. They quickly stood up and greeted him.

"Have a seat. I was talking to an important guest just now. Please don't take offense if I've neglected you three." Boundless sea chuckled. This was bullshit. He was actually just drinking tea in his study, just trying to give the three of them some cold air.

"Escort leader hai, you have many important people. We've taken the liberty to disturb you." Long kuiba quickly smiled apologetically.

"You're being too polite. May I know why the three of you have come to my Four Seas escort agency?" Boundless sea didn't want to waste his breath on the three of them, so he went straight to the point.

Long kuiba was stunned for a moment. He, Cheng haonan, and Wu Bao Liang looked at each other. They were obviously caught off guard. He originally wanted to exchange a few more words to get closer to each other and increase their confidence before talking about this matter.

"Alright, let's not beat around the bush. Since you're so direct, we won't hide anything from you." Long kuiba simply said, "we don't come here without a reason. We came here this time to ask escort leader hai for a small favor."

"Help?" "What help?" boundless sea raised an eyebrow.

Chapter 4448 Secretly Helping

"That's right. I hope that escort leader hai can help us arrange our opponents in the following matches. " Long kuiba blurted.

"Hmph, you guys want me to go easy on you?" Boundless sea's expression suddenly changed. He said coldly, ""Don't even think about it. In the past, the escort agency meetings in the South continent have always been absolutely fair. No cheating is allowed. Otherwise, the meeting will lose its purpose. Please go back."

"Wait!" Seeing that boundless sea was about to send them off, Cheng haonan quickly said, ""Wait a moment, escort leader hai. The opponent we want you to arrange for us is none other than the Qitian bodyguard agency!"

"Qitian bodyguard agency?" Boundless sea's movements paused. These were the last words he wanted to hear right now. When he thought about how he'd suffered, he couldn't help but burn with anger.

"That's right. The person we want to deal with the most is Ling Yi from the Qitian escort agency. Chief hai, you've also suffered at his hands before. I believe that you hate this person to the core as well. We can work together!" Cheng haonan said quickly.

He saw Ling Yi as a thorn in his side. In order to deal with Ling Yi and avenge his son, he was willing to pay any price. If he missed this opportunity, it would be too late for regrets.

"Oh?" Boundless sea slowly put his cup back down. He didn't continue to chase them away, but instead fell into deep thought.

As expected, there was a chance! Long kuiba and the other two looked at each other. Their spirits were instantly lifted and their hearts were set.

"Tell me, why are you guys targeting Ling Yi?" Boundless sea's fingers tapped the table rhythmically. He looked up and reevaluated the three.

If it wasn't for Cheng haonan's words, he would have definitely turned on them. After all, the four Seas escort agency's reputation was there. If these people didn't keep their mouths shut and spread rumors, it would easily cause trouble. So, in most cases, even if it was just for the sake of his image, boundless sea had to maintain his fairness.

However, this was a completely different matter when it came to the Qitian bodyguard agency and Ling Yi. Cheng haonan was right, he hated Ling Yi to the core!

The four Seas escort agency went from being the Overlord of the escort agency to its current state of being overshadowed. It was ranked third on the point rankings and was almost falling out of the top five. The main culprit of all this was Ling Yi.

It wasn't an overstatement to say that out of the 670% that the Qitian bodyguard agency obtained, at least 500% of it came from Ling Yi. This person's abilities were so abnormal that they couldn't be judged with common sense.

After suffering two consecutive losses from Ling Yi, even boundless sea had to admit that as long as Ling Yi was around, the four Seas bodyguard agency's chances of making a comeback would be next to none. Now that a hired thug had come knocking on his door, he didn't mind adding fuel to the fire and borrowing someone else's knife to kill him.

During the day, boundless sea had seen the conflict between long kuiba and the others and Ling Yi, so he believed that they had the foundation to become allies. However, before that, he first had to figure out the exact situation. Otherwise, it wouldn't be killing with a borrowed knife, but rather, he would become the knife in the other party's hand.

"Chief escort hai, you may not know this, but our Dragon Boat escort and the poison eyes mercenary group are in the same place as their Qitian escort. We've always been like fire and water. It's not the first time we've fought and killed each other." Long kuiba quickly explained.

"Hehe, a mountain can not hold two tigers." Boundless sea raised his eyes. This wasn't strange at all. People in the same trade were enemies. Two bodyguard agencies squeezed together, it would be strange if they could get along!

As for the poison eye mercenary group, there was an unwritten rule in the South continent sea. All the so-called mercenary groups were actually pirate groups that had cleared their names. Therefore, they generally had a deep hatred with the local escort agencies. It was normal for them to be like fire and water.

"Not only that, my only son, Qiang Tian, died at the Qitian bodyguard agency because of this Ling Yi. Chief escort hai, tell me, how can I let this B \* stard off?" Cheng haonan added through gritted teeth.

"Oh? There's such a thing?" Boundless sea's expression immediately changed. He couldn't live under the same sky as Cheng haonan for killing his son. Looking at Cheng haonan, he wouldn't make a joke about this kind of thing.

"I don't dare to lie in front of you, escort leader hai. So, to avenge my son's death, I implore you to open the door of convenience and let me kill my enemy. I'll be extremely grateful." Cheng haonan was a smart

person. He didn't bring up The Grudge between the four Seas escort agency and Ling Yi and instead shifted the topic to himself.

"Your request is reasonable ..." Boundless sea's expression was unfathomable. Long kuiba and the other two thought he was going to agree, so they were all overjoyed. "However, although our Four Seas escort agency suffered some losses at the event, it doesn't mean that we have to take revenge in private. It's a great taboo to abandon our work for personal reasons. The fairness of the South continent escort agency's event will never be ruined by me. Not in the past, not now, and not in the future!"

Long kuiba and the other two were simply dumbfounded after hearing this official reply. They couldn't help but look at each other. Wasn't this change in expression a little too quick?

Seeing boundless sea's righteous tone, it didn't seem like he was pretending. The three felt like a bucket of cold water had been poured over their heads. They were instantly disappointed. Their Juan 'er had already made up her mind to act like a knife. She had taken the initiative to let the other side use her to kill them, but in the end, the other side just didn't take the knife. How could they play?

In the entire South continent's escort agency event, only the five judges from the five major escort agencies had the opportunity to play tricks openly. The others were far from qualified.

Unfortunately, Cheng haonan and Wu baoliang were both laymen. Even long kuiba himself had a hard time getting close to the Big Five because of Longzhou escort agency's weak influence. Now that they had a common enemy, Ling Yi, they thought they could get boundless sea to help, but they still ran into a wall.

Things had already come to this point. If they continued to stay, it would only make people laugh. Long kuiba and the other two looked at each other. They could only cup their hands at boundless sea with

waning interest."Since that's the case, we won't disturb you anymore, escort leader hai. We'll take our leave now."

"Hold on." Boundless sea suddenly stopped him."For the sake of justice, I definitely won't and definitely won't use my position to take revenge for a private matter. But considering the blood feud between you two, this matter is pardonable. I can promise to help you in secret, but I can't be too biased. Do you understand?"

"I understand, I understand. Thank you, escort leader hai!" The three of them were overjoyed when they heard this. He just didn't want to leave any evidence behind. What was there to not understand? He had originally been disheartened, but he didn't expect that he would suddenly see the light at the end of the tunnel. It was really the right decision to come to the four Seas escort agency today!

#### Chapter 4449 Arranging An Opportunity

"As long as we can think of a way for our Longzhou escort agency to fight against Qitian escort agency, it would be best if we can challenge that Ling Yi by name. Then, we can guarantee that he will die without a burial place!" Cheng haonan said impatiently.

"Is this true?" Boundless sea couldn't help but be stunned. Even though he had never seen Ling Yi fight, he had been in close contact with him. As the head of the number one escort agency in the South continent, he had a keen eye for people. Even if he didn't know how strong Ling Yi was, he could at least tell that this person wasn't easy to deal with.

If he, the head of escort, had to take action personally, it would naturally be a piece of cake. But the problem was that in the past, the strength of the escort agency competitions in the South continent had always been limited to the Golden core stage. No experts of the Yuanying stage and above were allowed to participate in the competition. This was the biggest problem.

"It's true. Our military counselor is a special person who practices a special martial art. Although his strength is suppressed to the Golden core full cultivation realm, his real strength is not even comparable to a mid nascent soul realm cultivator. He is our trump card. There is no need to use him in the previous matches, but the final match is coming soon. There is no need to hide it anymore. As long as we arrange Ling Yi to fight with our military counselor, that kid will die for sure!" Cheng haonan pushed the silent Wu baoliang forward.

"Oh? You're actually this powerful?" Boundless sea's interest was piqued. For the first time, he looked Wu Bao Liang in the eye.

In the South continent's waters, the strength of a mid-stage nascent soul cultivator could be called powerful. Basically, they could do whatever they wanted. However, a master of the Golden core realm could have the strength of a mid-stage nascent soul cultivator. This was not only rare, but there was no one in the entire Sky Class Island who could do this.

This kind of strength was invincible in the Golden core stage. No matter how strong Ling Yi was, he couldn't be the opponent of such a strange person.

"You flatter me, it's just that this one's cultivation method is a bit special, and I can use a secret technique to suppress my strength on the surface," Wu Bao Liang pretended to be modest and cupped his hands. However, in his pair of triangular Yin Yang eyes, there was a proud look that could not be concealed.

This was actually a helpless method, but he didn't expect that it would come in handy today.

Ever since the North Island escaped to the South continent, he met the father and son of the Cheng clan and joined the poison eye mercenary group. Wu Bao Liang had not made a breakthrough. Of course, this

was only limited to the realm on the surface. In fact, his real strength had been advancing by leaps and bounds. Otherwise, how could he live up to the name of evil cultivator?

He didn't do it on purpose, but because his newly improved evil cultivation method was only effective for golden core stage cultivators. Once he broke through to the original infant stage, although he could continue to cultivate it, if he wanted to continue to dual cultivate with those women, he would have to suck them to death on the spot.

The reason why he was exposed on the North Island was because a large number of women had gone missing and died. He had no choice but to escape to the South continent. Although the South continent's waters were famous for being chaotic, if he used the same trick, it was inevitable that someone would eventually find some clues. In that case, even if he had the protection of the poison eye mercenary group, he would not be able to stay in the South continent for long.

Although it was chaotic, no place would openly tolerate the existence of evil cultivators, even the sea areas like the South continent.

Therefore, whether it was Wu Bao Liang or Cheng haonan, including Cheng keitian who had died in the hands of Donghai's divine nun, they all used a special secret technique to suppress their cultivation. At present, the strength of the two remained at the peak of the Golden core stage, but their real strength had long surpassed the ordinary Yuanying stage Masters.

Wu Bao Liang's strength had long been at the peak of the early Yuanying stage, and with the power of his evil technique, even if it was measured by the realm of his strength, he could still easily cross the realm to fight the enemy. That is to say, ordinary Masters of the middle Yuanying stage were far from Wu Bao Liang's opponent, not to mention a mere Jindan stage.

As for Cheng haonan, the leader of the poison eyes mercenary group, he was also cultivating the evil cultivation technique that Wu Bao Liang had developed. With his original strong foundation, his strength was even stronger than Wu Bao Liang 'S. He could easily kill an ordinary peak mid Yuanying stage master.

"Special cultivation technique?" Boundless sea rolled his eyes and laughed loudly."An evil technique is an evil technique. Being so secretive in front of me, is this the attitude you have when you ask for help?"

"This ..." Wu Bao Liang was shocked. Cheng haonan and long kuiba also couldn't hide the fear in their eyes. They all looked at boundless sea as if they were facing a great enemy.

No matter where evil cultivators went, they were like rats that everyone wanted to kill. That was why they had used the term "wondrous technique" in a roundabout way. But they hadn't expected boundless sea to see through it with a single glance. What should they do?

In the South continent's waters, all the escort agencies were undoubtedly the representatives of the righteous path. As the saying went, good and evil could not coexist. If boundless sea really wanted to capture them, it would be a great achievement for the people. If word got out, the four Seas escort agency's reputation would definitely be shaken. It was very likely that they would snatch back the limelight from the Qitian escort agency and change their previous decline.

Thinking of this, the three couldn't help but break out in cold sweat. They had been so focused on getting boundless sea's help that they had forgotten about this fatal flaw. This was the headquarters of the four Seas escort agency. There were bound to be many experts here. If boundless sea really wanted to do this, the three of them wouldn't even have a chance to escape!

This time, they were in big trouble! Long kuiba was a bit better off, but Cheng haonan and Wu Bao Liang felt as if their hearts had fallen into an ice cellar. In their eyes, boundless sea was someone who only

cared about profit. If killing them would be of great benefit to him, he wouldn't let go of this opportunity.

However, the situation was different from what Wu Bao Liang and the others had imagined. Boundless sea didn't immediately attack. Instead, he looked at the three of them from top to bottom and suddenly asked with an unfathomable expression, ""How's that Ling Yi's strength?"

"What?" The three of them who were on guard could not help but be stunned, feeling somewhat inexplicable. However, Wu Bao Liang instantly reacted and quickly replied, ""He's very strong. On the surface, he looks like he's in the Golden core stage. However, our poison eye mercenary group's old Kong is a peak early nascent Soul Stage expert. Now, he's been crippled by him. Many people in the city know about this, so it's not hard to verify it. "

"It's that tricky?" Boundless sea looked at him suspiciously. He pinched his chin and pondered for a moment before saying, ""Alright, I can arrange a chance for you to deal with Ling Yi."

"Thank you, escort leader hai!" Wu Bao Liang was suddenly overjoyed, and his heart was relieved. Damn it, the situation just now was too dangerous. He had walked one round in front of the gate of hell, and if he was not careful, he would have died here today. Fortunately, his reaction was fast enough ... "

Chapter 4450 Challenge By Name

Cheng haonan and long kuiba were stunned for a moment. It wasn't until this moment that they finally reacted. They secretly gave Wu Bao Liang a thumbs up. If it wasn't for his accurate answer, they would have been dead on the spot.

It was clear that boundless sea had wanted to kill them. After all, killing a few evil cultivators could make the four Seas escort agency famous. There was no reason not to do such a good thing.

But on the other hand, boundless sea didn't want to let go of this opportunity to deal with Ling one, so he suddenly asked.

If Ling Yi was easy to deal with and his own men could handle him, then he wouldn't need Wu Bao Liang and the others to kill the evil tree without hesitation. But if Ling Yi wasn't easy to deal with, then his men alone wouldn't be able to deal with it. He would have to weigh the pros and cons.

Fortunately, Wu Bao Liang's reaction was fast enough and his answer was quick enough. They managed to escape the disaster and didn't let boundless sea make any bad decisions.

The reason was simple. Since Ling one could cripple a peak early Yuanying stage expert, then normal Jindan stage experts wouldn't be able to deal with him. At least they wouldn't be 100% confident. So if boundless sea still wanted to deal with Ling one, he could only use Wu Bao Liang's hands. This way, he wouldn't be at a disadvantage.

In the end, their hatred for Ling Yi surpassed the benefits of killing the heretic practitioner. Boundless sea's decision allowed Wu Bao Liang and the others to narrowly escape death.

"I wonder what escort chief hai plans to do?" As soon as the crisis was over, Cheng haonan asked impatiently.

"Tomorrow is the last round of the competition. The content is not much different from the previous competitions. The entire day will be filled with challenges." Boundless sea revealed.

"Oh? Then may I ask, escort leader hai, what are the rules of this challenge?" Long kuiba followed up with a question. It wasn't just to deal with Ling Yi, but to know the rules of the competition in advance. Even if it was just one night in advance, it would allow him to be more prepared, which would then affect the final score of the competition.

"The fifth round of the competition is called the bodyguard agency free challenge." Boundless sea looked at the three of them. He didn't try to hide it from them. It didn't matter to him anyway, so it didn't matter if the three knew in advance."At that time, each bodyguard agency will have two chances to challenge the other bodyguard agencies. At the same time, they will also have two chances to accept the challenge. The bet for each duel is 100 points. The winner will get 100 points, and the loser will have 100 points deducted."

"The bet is so high?" Long kuiba's eyes brightened when he heard this. If they won all four matches, they would be able to obtain a full four hundred points. Especially if the points were plundered from the other party, the difference in points would be even greater when added together.

Although Qitian escort agency was ahead of the second place by a huge 400 points, Longzhou escort agency, which only had 110 points, could easily overtake Qitian escort agency if they did well in the fifth round of the competition!

"That's right. The previous rounds were just small fights. The last round is the real highlight. This has always been the rule of the escort agency event in the South continent. So, you can take the opportunity to challenge Qitian escort agency." Boundless sea nodded.

"There's no problem in challenging the Qitian escort agency, but what if that Ling Yi doesn't fight?" Cheng haonan and the others exchanged worried looks.

Such a situation was very likely to happen. For example, Ling Yi didn't participate in the first round of the competition. If it was the same tomorrow, even if they could snatch points from the Qitian bodyguard agency, they wouldn't be able to take the chance to kill Ling Yi. That would be a huge pity.

"Don't worry, what I just said were the rules of the competition, but to deal with this Ling Yi, I can think of a way to add another special rule." Boundless sea laughed profoundly.

"Oh? May I know if escort leader hai has any wise ideas?" Cheng haonan and the others asked.

"I've already sent someone to investigate Ling Yi's identity in the Qitian bodyguard agency. He is an honorary bodyguard leader. Therefore, I can add another challenge for the head of the bodyguard agency on top of the regular competition." Boundless sea narrowed his eyes and laughed coldly.

"Challenge the head of the escort agency?" Cheng haonan and the others were stunned, somewhat confused.

"It's very simple. The rule of this additional challenge is that all participants can directly challenge the Golden core stage upper echelons of their respective escort agencies, including the escort leader, vice-escort leader, and honorary escort leader. They can also challenge them an unlimited number of times and the escort agency that is challenged can not refuse!" After boundless sea said this, he couldn't hide his pride as he took a sip of the spirit tea.

Cheng haonan, Wu baoliang, and long kuiba took a moment to digest the information before they finally understood the great convenience that this special rule had brought them.

"This is great! The special rule you added is simply tailor-made for us, escort leader hai. It's very practical!" Long kuiba was overjoyed.

"Then according to what you said, Ling Yi will have to accept our challenge if we challenge the higher-ups of the Qitian escort agency?" Cheng haonan and Wu Bao Liang were also overjoyed.

"Of course. Otherwise, wouldn't my special rule be in vain?" Boundless sea laughed coldly. "Unless Qitian escort agency forfeits and is willing to be removed from the South continent escort agency Alliance. Otherwise, they will have to follow the rules."

"Haha, that's right, escort leader hai is mighty!" Cheng haonan and the others laughed and echoed.

This trip to the four Seas escort agency was a good one. Even though there was a slight risk, if he didn't come, how would he have had such a good opportunity to deal with Ling Yi?

With Cheng haonan and the others' own abilities, they probably wouldn't have a chance to deal with Ling Yi until the end of the tournament. However, things were different in boundless sea's hands.

He was the head of the four Seas escort agency, the head of the five judges of the conference, and the one who set the rules of the game! If he wanted to do something to someone, it was too easy. Moreover, the moment he opened his mouth, he said that he was the king. Even if others were dissatisfied, they could not object. Status determined everything. This saying was really true.

"However, what if we challenge the higher-ups of the Qitian escort agency in the Golden core stage and Ling Yi still refuses to go up and let someone else fight?" Long kuiba said, still a little worried.

Even if boundless sea's special rule could be passed, the South continent escort agency event was a competition between the thirty-two escort agencies. It wasn't just to highlight one person's strength. No matter what competition it was, it had to be in the name of the escort agency.

In other words, if Wu Bao Liang really wanted to issue a challenge, he could at most point out that he wanted to challenge the higher-ups of the Qitian escort agency. It was unlikely that he would directly attack Ling Yi. Otherwise, it would become a purely personal grudge, and where would the fairness and dignity of the escort agency in the South continent be?
