

Bodyguard 4461

Chapter 4461 Another Victory

If it wasn't for the previous accident, he would have done this at that time. But now, it was an even bigger blow to the four horse escorts who were left on the field!

But as he finished, his thoughts drifted to the distant North Africa. At that time, fighting in the jungle was the most important thing, and Lin Yi's tactics were just some overused ones, just that no one used them on Sky Class Island.

Thinking about North Africa, he couldn't help but think of Yu Ning. He wondered if she was doing well in the mortal world. Are the others alright? Did he receive his letter?

He shook his head to get rid of these sad thoughts, because the game was still going on.

"It is the Qitian bodyguard agency's good fortune to have young hero Ling's help. It is also the young master's good fortune." Housekeeper song sighed and glanced at Qi Wenhan.

Qi Wenhan scratched his head in embarrassment. In comparison, the young master's previous performance seemed too immature. He couldn't be said to be weak, but Ling Yi was a freak. He was ridiculously strong in all aspects, and ordinary people couldn't compare to him.

"What are you panicking for? You still have four people, and the other side also only has four people. What's there to panic about? let's take them down in one go!" Wu conglong was still not willing to accept his fate, he continued to scold loudly below the stage, trying to raise the morale and turn the tables.

However, when this scene fell into the eyes of the crowd, it only attracted their ridicule. Those with discerning eyes could see that the horse escort agency's power had already been lost. At this time, it was useless for them to be stubborn.

Four against four was not bad, but the other party had a perfected golden core cultivator, two peak late golden core cultivators and one late golden core cultivator. On the other hand, the horse escort had one peak late golden core cultivator and three late golden core cultivators.

If the morale was as high as usual, then it would be fine. Perhaps a miracle could really be achieved through a bloody fight. The key was that the morale had fallen to the freezing point. What did they have to fight with the other side?

The development after the competition was not out of everyone's expectations. They had neither strength nor morale. The horse escort agency had completely lost their edge and was completely suppressed by the Qitian escort agency.

When the time it took for an incense stick to burn was over, the four escorts from Qitian escort agency who were left on the field were still intact. On the other hand, the menacing Wuma escort agency lost another two escorts. In the end, they paid the heavy price of three lives to end this challenge that had initiated.

Without losing a single soldier, although Qitian escort agency started off with a farce, they laughed lightly to the end. This scene really made everyone present drop their glasses and they could not help but start discussing.

Even a traditional wealthy family like the four Seas escort agency might not be able to completely destroy the horse escort agency, which was known for its unyielding and iron-willed character. At the very least, it was unlikely that they would not lose a single soldier. However, the Qitian escort agency had done it!

This battle wasn't really about strength, it was more about intelligence. From the start to the end, Wu conglong had been toyed around by Lin Yi without any resistance.

However, because of this, the Qitian escort agency was even more favored by the Chamber of Commerce. The people in charge of the Chamber of Commerce did not look down on the Qitian escort because he had fled when he appeared. On the contrary, they all nodded their heads in approval!

After all, an escort's responsibility was to protect the person, not to fight with brute force. No matter what method he used, he would be a good escort if he managed to protect the escort. On the contrary, if he fought with the person, what would he be if he died and lost the escort?

To put it nicely, he was brave, but in fact, he was a Tiger.

It wasn't a life-and-death feud. An escort's job was to be a bodyguard, and everything else was secondary.

On the leaderboard, Qitian bodyguard agency's points increased by 100 points, reaching an astonishing 770 points. Not only did the gap not narrow, but it also seemed to be widening.

On the other hand, the horse escort agency, which had initiated the challenge, was left with a pitiful 60 points after 100 points were deducted. Not only was it at the bottom of all the escort agencies, but it was also facing the embarrassing situation of losing another round and being eliminated soon.

From a tough guy who was feared by all the escort agencies to a man who was about to follow in the footsteps of the ten thousand li escort agency, Wu conglong was extremely depressed. However, he had asked for this. Who asked him to challenge the Qitian escort agency?

"Head of escorts, should we ... Should we still challenge ... Qitian escort agency?" The assistant who had been ordered to make preparations asked carefully.

Pa! Wu conglong slapped his assistant to the ground, as he roared out in rage, ""Challenge my ass! Don't tell me you think you haven't lost enough and want to be eliminated?"

Even though he was furious, Wu conglong did not lose his mind. The most important thing for him now was to ensure that he would not be eliminated, and not to pursue the Qitian escort agency.

Otherwise, if he lost another round and was really eliminated, his horse escort agency would become a weakling like the ten thousand miles escort agency. He would never be able to receive any decent orders again, and he would have to rely on the sea breeze to survive.

With the lesson in front of them, for a moment, those escort agencies that were eager to give it a try and had the same idea as the Wuma escort agency, such as Yongxing escort agency, which was about the same strength as the Wuma escort agency, also wanted to use Qitian escort agency as a stepping stone to rise to the top. However, they began to hesitate again.

It was true that the Qitian escort agency did not display their overwhelming strength in this battle, and it was far from enough to make people feel fear and despair. However, if it were any other escort agency, they could not guarantee that they would perform better than the horse escort agency. What if they ended up in the same situation?

Lin Yi smiled when he saw all the managers hesitating. The effect was just right—he could easily get the points without scaring the other agencies too much. It'd be a huge loss if no agency dared to challenge him.

After all, in the fifth round of the escort agency competition, each agency was only given the right to challenge twice and to be challenged twice. As for whether they wanted to challenge or use up all these opportunities, it was up to the respective agency. The meeting did not enforce any rules.

For Qitian escort agency, the right to take the initiative to challenge twice was, of course, up to them to decide. However, whether or not the right to be challenged this time could be used depended on whether or not the other escort agencies would continue to challenge them. If they were all scared away, the right to be challenged this time would just be for show, and it would naturally be wasted.

This problem wasn't too obvious with the Qitian escort agency. After all, they had only emerged as a new force. Their strength hadn't been deeply rooted in people's hearts yet.

Chapter 4462 Personally

However, for traditional wealthy families like the four Seas escort agency and the divine Wind escort agency, the accumulated prestige was too strong. At this time, it became an obvious drawback. It was more like they were fighting among themselves. As for the other escort agencies, they did not dare to challenge them at all. Otherwise, they would be asking for trouble and giving free points to others for no reason ...

The entire meeting fell into a rare silence. After half an incense's time, another bodyguard agency stood up to issue a challenge. However, the Challenger was not the Qitian bodyguard agency. Instead, they were still challenging the weak ones who were ranked at the bottom in terms of strength and ranking. They were almost certain to obtain the accumulated points, which was the favorite of most bodyguard agencies.

There was no suspense in the five consecutive matches. Compared to the match between Qitian bodyguard agency and Wuma bodyguard agency, it was really boring. The atmosphere in the entire square was rather dull, and everyone even began to feel drowsy.

At this moment, another good show finally took place. The xuanying escort agency, which was currently ranked sixth on the rankings, had challenged Qitian escort agency!

Upon hearing these two names, everyone's spirits were lifted. These two families were not ordinary people. There was no need to mention the famous Qitian bodyguard agency, and this xuanying bodyguard agency was not simple at all.

"Xuanying escort agency?" Lin Yi didn't know much about the agency, so he didn't expect the challenge to come. He thought that the four Seas escort agency wouldn't be able to hold back.

After all, if it wanted to get back its points quickly, it would have chosen to challenge the Qitian escort agency directly. As long as it won, it would be able to get back 200 points at once. Otherwise, it might not be able to get back so many points even if it won four rounds in a row, unless the Qitian escort agency suffered consecutive losses. Unfortunately, the probability of such a thing happening was very low.

"We're in trouble ..." Qi Wenhan frowned. Lin Yi still didn't understand, so he explained with a bitter smile. "The strength of this bodyguard agency is far beyond that of the horse escort agency. They are definitely not to be trifled with. Brother Ling, have you heard of the Yuantong bodyguard agency?"

"I've heard a little about it. It's said that the original five major escort agencies split up during the last escort agency meeting in the South continent, and that's why it fell to us." Lin Yi nodded-he'd heard about this from the other bodyguards.

"This xuanying escort agency is actually the newly reorganized Yuantong escort agency. I heard that they have been recruiting and buying horses for the past few years. They are even stronger than the original Yuantong escort agency. This time, they even publicly announced that they want to take back the position of one of the five major escort agencies from us ..." Qi Wenhan could not help but feel nervous.

If it was the horse escort agency, they would be able to defeat their opponent even if the price was heavy. However, this menacing xuanying escort agency was probably stronger than them if they really wanted to fight. They were an out-and-out strong enemy.

"Hehe, so you're saying that they don't come with good intentions." Lin Yi finally understood. It was reasonable for the xuanying escort agency to challenge Qitian escort agency. Since they wanted to take back their position as one of the five big escort agencies, they naturally had to make a move on the five big escort agencies.

Compared to the other four traditional wealthy families, although the Qitian escort agency was in the limelight, its strength and Foundation were much weaker. Moreover, the position of the Yuantong escort agency had been taken away by the Qitian escort agency in the past. Therefore, this was a classic revenge!

"Brother Ling, what should we do now?" Qi Wenhan asked nervously, seeing that Lin Yi didn't seem to mind.

"What else can we do? We'll have to fight a tough battle like this sooner or later, so it's not a bad thing. If we do well in this battle, our Qitian bodyguard agency's spirit will be raised by a large margin. That's the temperament that a wealthy family should have. " Lin Yi looked at him and ordered the bodyguards to line up, getting ready to select the soldiers.

"Brother Ling is right, this little brother has lost his composure!" Only then did Qi Wenhan react. As the young master, if he cowered before the battle, it would greatly affect the morale. While he was secretly embarrassed, he quickly patted his chest and said, "Brother Ling, this is going to be a tough battle. I'm afraid it'll be difficult to use any tricks like just now. Why don't I personally hold the line?"

In the arena Deathmatch, one had to rely on one's strength to fight. Not every match could be like the one with the horse escort agency, where one could crush their opponent with their intelligence.

"Brother Qi, Are you sure?" Lin Yi didn't stop them this time. From his point of view, the next battle with the xuanying escort agency might be a battle where Qitian escort agency would be reborn. If Qi Wenhan, as the young master, went into the battle himself, not only would he be strong, but he would also be able to boost the morale of the people and increase their chances of winning.

"Of course!" Qi Wenhan nodded heavily and grinned. ""Brother Ling, I'll leave the command to you. As for the charge, leave it to me."

Considering that they had to preserve their strength for the upcoming challenge, Qi Wenhan would never let Lin Yi join them. This was the strongest lineup that the Qitian bodyguard agency could come up with.

"Very well. This battle will affect the future of the entire escort agency. Since brother Qi is personally participating in this battle, there is no way you can lose. Also, brother Qi, you must be careful of your own safety. If anything happens to you, even if you win this battle, it will not be worth it." Lin Yi said.

"Brother Ling, don't worry. I know what to do." Qi Wenhan nodded heavily.

"Alright," he said. Lin Yi immediately began to select his men. This battle was crucial, and he couldn't afford to lose it. He didn't have any thoughts of preserving his strength and immediately brought out the strongest lineup he had. Including Qi Wenhan, who was at the peak of the Golden core realm, there were three masters at the peak of the Golden core realm and two masters at the peak of the late golden core realm.

Of course, if they had to ensure that their strength was the strongest on the surface, they could actually add another expert at the great circle of the Jindan stage. However, this person had dared to fight with the horse escort. Although he did not suffer any injuries, he had consumed a lot of true Qi and would not be able to recover in a short time. At this time, it was meaningless to force him to fight.

With their current strongest lineup, they could even put up a fight against a wealthy escort agency like the four Seas escort agency. If they were up against the horse escort agency just now, this lineup would be able to crush them directly. There was no need for them to scheme against each other.

Qi Mingyuan, who was sitting in the judging team, was stunned when he saw the list of participating bodyguards handed in by Butler song.

"Nonsense!" Qi Mingyuan's eyes widened. He immediately slammed the table and wanted to get off the stage to stop him. Although in order to ensure the fairness of the meeting, as a judge, he was not

allowed to get off the stage under normal circumstances, he could not care so much now. After all, this was his only son whom he had high hopes for!

Although the competition was important, it was not worth mentioning compared to Qi Wenhan's life!

Chapter 4463 Really A Big Deal

If he lost the competition, he could still work hard to make a comeback. However, if something happened to Qi Wenhan, who could Qi Mingyuan cry to? He was the only successor of the Qitian bodyguard agency. If his successor died, what future could the agency have?

"Head of escorts, the young Eagle can't always be protected under its wings. There will be a day when it will experience the storm. I think there's no harm in letting Wenhan give it a try. This is a rare opportunity." Butler song reached out and stopped him.

"Old song, even you ..." Qi Mingyuan frowned, then sighed. "It's not that I don't understand this logic, but this kind of thing has to be done step by step. We can't put ourselves in such a dangerous situation all of a sudden, right? That xuanying bodyguard agency is not easy to deal with!"

"Head of escorts, in my opinion, although this battle is dangerous, Wenhan will be fine. After all, young hero Ling is here. You've also seen his ability to command. There won't be any problems." Butler song was very confident.

"That ... That's true ..." Qi Mingyuan hesitated. Lin Yi's presence was like a calming pill. Even if he didn't have to fight personally, just giving commands should be enough to ensure Qi Wenhan's safety. In the end, he nodded, "The world still belongs to the young people. Old song, we're all old now ..."

"That's right. Our Qitian bodyguard agency is going to be renewed very soon. Our future is boundless." Butler song nodded.

"Well said, your future is boundless!" Qi Mingyuan's eyes lit up. He finally made up his mind and announced the name list of the participating escorts from Qitian bodyguard agency.

Seeing that the first name on the list was Qi Wenhan, the young master of the Qitian escort agency, the crowd burst into an uproar and began to discuss among themselves.

With their previous miraculous performances, especially the one where they managed to get rid of the menacing horse escort agency without losing a single soldier, not many of them dared to look down on the Qitian escort agency anymore. After all, they were not idiots. Even if the Qitian escort agency did not display their overwhelming strength, they could not help but be impressed by their battle results.

Now that they saw Qi Wenhan personally leading the team, they didn't look down on them as much as Lin Yi had expected. Instead, they were all invigorated. Facing a powerful opponent like the xuanying bodyguard agency, Qitian bodyguard agency was finally going to get serious!

"Qi Wenhan?" At this moment, a middle-aged man in a black coat with an eye-catching knife scar on his face was standing in the xuanying escort agency's camp. He was slightly taken aback when he saw the situation. He was the head of the escort agency, Zhao Shanying.

Five years ago, the Yuantong escort agency fell apart overnight. In the short span of a year, Zhao Shanying, who was originally an ordinary escort leader of the Yuantong escort agency, took advantage of the chaos to rise up. Not only did he successfully swallow the various forces left behind by the Yuantong escort agency, but he also reorganized it into the xuanying escort agency. After three years of development, his strength had far surpassed his past self. He was a formidable and ambitious figure.

"Even the young master has been forced out. It's clear that the Qitian bodyguard agency's strength is only so-so. Although they were lucky enough to become one of the five biggest bodyguard agencies last year, it's a pity that they will always be nouveau riche. They will never amount to anything." One of the escort leaders beside him said.

"Qitian bodyguard agency has been one of the five major bodyguard agencies for five years. If they're just nouveau riche in your eyes, then what is our xuanying bodyguard agency?" Zhao Shanying glanced at him.

"Uh ..." The escort leader was at a loss for words. Although his family was formed from the reorganization of the Yuantong escort agency, strictly speaking, it was still a newly established escort agency. If he insisted on feeling superior in front of the Qitian escort agency, he would be deceiving himself and others ...

"The biggest difference between a wealthy family and a nouveau riche isn't in their strength, but their Foundation and temperament. Qitian bodyguard agency has only settled down for five years, but they already have the temperament of a wealthy family. They can be flexible, plot against enemies, and fight to the death. They're not simple!" Zhao Shanying sighed.

For the past few years, he had been trying to build up the aura of a wealthy family. Perhaps to others, the xuanying bodyguard agency was already strong enough. However, in his eyes, it was far from enough. Especially after seeing the Qitian bodyguard agency, the gap between them was even more obvious.

"Head of escorts, since Qitian escort agency is stronger than expected, should we still proceed with the original plan?" The escort leader who was in charge of directing the scene asked.

"No, I'll personally command this time. If our xuanying escort agency wants to rise to power, we must get rid of Qitian escort agency. We must win this battle!" Zhao Shanying's aura turned cold.

The current Qitian bodyguard agency was indeed worthy of his respect. However, he couldn't possibly go easy on them just because of that. On the contrary, the more he respected them, the more he wanted to defeat them. An opponent like this was worthy of him, Zhao Shanying, personally leading them!

While Zhao Shanying was observing Qitian bodyguard agency, Lin Yi, Qi Wenhan, and the others were also observing xuanying bodyguard agency. Only by knowing one's enemy and oneself could one win a hundred battles.

"That man is the head of the xuanying escort agency?" Lin Yi sized up Zhao Shanying. Whether it was the Wuma bodyguard agency or the Yongxing bodyguard agency in the first round, he only observed the participants and never looked at the commander. This time was an exception.

"That's right. This person's name is Zhao Shanying. My father has a very high opinion of this person, even higher than boundless sea. He's an extremely ambitious and courageous person." Qi Wenhan nodded warily.

"Yes, it does not look simple." Lin Yi nodded-he'd been through all sorts of things, and was pretty good at reading people's faces.

As the saying goes, one's appearance comes from one's heart. One's appearance wasn't just based on one's appearance, it also included one's temperament and demeanor. Zhao Shanying gave off an extraordinary aura, and he was both good and evil. He had the typical face of a fierce and ambitious person.

As the two of them were talking, the participating escort from the xuanying escort agency had already fallen onto the stage under the urging of the judge. The five of them stood in a line on the stage, immediately causing a wave of exclamations from the audience.

The five participating escorts were all at the perfected golden core realm!

"What a big move!" Even Qi Wenhan couldn't help but gasp.

In the South continent's escort party, where only experts at the Golden core stage were allowed to participate, sending five experts at the great circle of the Golden core stage at once was absolutely a dream-like lineup. In the past, only the Overlord of escort agencies like the four Seas escort agency could arrange such a lineup. He didn't expect that the xuanying escort agency was so powerful!

In comparison, Qitian escort agency only had three experts at the great circle of the Golden core stage. Other things aside, they were at a disadvantage in terms of their strength on the surface.

Chapter 4464 A Good Opportunity!

"Interesting!" Lin Yi's eyes lit up. He was only in charge of commanding, but the excitement of meeting a strong opponent made him excited.

"Brother Ling, how should we fight?" Qi Wenhan asked. The other four escorts were all looking at Lin Yi with anticipation, more or less nervous. After all, they were facing five golden core cultivators. They would be at a disadvantage if they fought them head-on, so the key to winning this battle was Lin Yi's command.

"Don't be nervous, everyone. We're not any weaker than them in this battle. " Lin Yi smiled as he analyzed,"Although the other party has five perfect gold core realm experts, we have brother Qi to personally hold the line, so there's nothing to be afraid of. Brother Qi's strength is well-known in the entire Xiao Luo Sea area. I'm afraid that ordinary perfect gold core realm experts are nothing in brother Qi's eyes, right?"

"Hehe, brother Ling is too kind." Qi Wenhan pinched his nose but didn't deny it. His strength wasn't as overpowered as Lin Yi, who could beat up Masters at the peak of the early stage of nascent soul, but he was still at the peak of the Aurous core stage. He couldn't be underestimated. He was known as the "little invincible Aurous core" in the Yu Luo Sea area.

"That's right! With the young master here, we can definitely fight!" The other four bodyguards immediately relaxed a lot. Under normal circumstances, Qi Wenhan was enough to hold back two golden core paragons. This way, when the fight broke out later, they would not be at a disadvantage.

"Hehe, so there's no need to be nervous. Although the other party is strong, as long as we face them calmly, our chances of winning are still very high." Lin Yi smiled, calming everyone down before turning serious."If everything goes as expected, when the match begins, I'm afraid that the other party will focus on attacking brother Qi. Brother Qi, you must be mentally prepared for this."

"Yes, I know. To capture the bandits, first capture the king!" Qi Wenhan replied in a deep voice. He was the strongest member of the Qitian escort agency, but at the same time, he was also the most obvious breakthrough point. Once something happened to him, the young master, everything would be over.

"Then we have to be careful and protect the young master, in case the enemy's plot succeeds." The four participating escorts looked at each other. Qi Wenhan was strong, but this was a competition of escort agencies, not a one-on-one duel. The situation changed rapidly. Once the other party seized the opportunity to attack him together, even Qi Wenhan would not be able to hold on.

Lin Yi shook his head, "If you really think so, then we've lost, and we'll lose without a doubt."

"Ah?" Everyone, including Qi Wenhan, was stunned. They had just said that they had a high chance of winning. How did it turn into a sure-lose situation in the blink of an eye?

"Brother Qi's existence is a double-edged sword for both our side and the enemy. The longer you stay on the field, the easier it is for accidents to happen. For the xuanying escort agency, at most, they will just lose this match. They can afford to lose, but we can't!" Lin Yi's eyes swept across everyone's faces, his voice low. "Therefore, in order to prevent any accidents, we must end this battle as soon as possible!"

"A quick battle?" "What do you mean by quick?" the crowd's eyelids twitched.

The other party was not a weakling, but a whole five perfect Jindan stage experts!

With their strength, it was already a blessing from the heavens for them to win this life-and-death battle. How could they end it so quickly? Unless he took a risk!

"You must remember every word I say. Whether you can have the last laugh in this battle and let you, especially brother Qi, retreat in one piece will depend on your ability." Lin Yi's expression was serious for once-everyone was right. This strategy was risky to a certain extent ...

Under everyone's watchful eyes, the xuanying escort agency versus Qitian escort agency finally kicked off with the announcement of the execution of the verdict.

As soon as the incense was lit, the five perfect Jindan experts of the xuanying escort agency charged at their opponents like fierce Tigers out of their cages. They didn't seem to have any exquisite formation, but their pace was surprisingly consistent. Even their breath was strictly synchronized.

The result of this was that the five people's powerful aura completely integrated into one, showing an overwhelming momentum, overwhelmingly pressing down on Qi Wenhan and the other five.

"He's indeed not simple." Lin Yi's eyes lit up. It didn't seem difficult to achieve synchronization, but it was as hard as climbing the sky, especially after reaching the peak of the Golden core stage.

No matter if it was fighting or doing other things, everyone had their own rhythm that they were familiar with, and the more powerful one was, the more obvious this rhythm was. Once they broke away from their own rhythm, everything would become difficult. Originally, they had 10% of their strength, but in the end, they might only be able to use 60% or 70%, or even less.

In all kinds of common competitions in the secular world, there were always people who brought the opponent into their own rhythm and won in the end. Cases of the weak winning against the strong were common. In fact, this was the truth.

To be able to synchronize five golden core cultivators at the same time under such circumstances was extremely difficult. Lin Yi didn't believe that the opponent would sacrifice a part of his strength just to achieve this.

Since the other party dared to do this, there must be only one possibility. The rhythm of these five jiedan stage Masters was naturally consistent. At least, the difference between each other was very small and could be ignored.

"Prepare for battle!" Qi Wenhan did not show any weakness in the face of the huge pressure from his opponent. After a cold shout, the four heaven's equal escorts beside him quickly formed an arrow formation and pointed their arrowheads at the opponent.

"What a strong spirit!" Zhao Shanying could not help but praise them. Qitian escort agency was indeed one of the five major escort agencies. Although they had only been in the position for a short time, the quality of their escorts was not inferior to the other five major escort agencies. This was especially so for the sharp and threatening arrow formation. It was clear that they had practiced it a lot.

However, what surprised Zhao Shanying was that among the five of them, Qi Wenhan was undoubtedly the strongest. Logically speaking, he should be the leader of the group. This was the only way to maximize the power of the arrow formation. However, not only was Qi Wenhan not the leader, but he seemed to be out of touch with the rest.

What was going on? Could it be that this young master did not usually train with the bodyguards, so he was not used to this arrow formation?

"This is a good chance. Let's cut them in half and separate them!" Zhao Shanying did not hesitate and immediately ordered.

Chapter 4465 Capturing The King

The five xuanying escorts on the ring suddenly roared and exerted their strength. They changed their previous posture of pressing forward from all sides and changed their formation. They crossed in a straight line and instantly separated Qi Wenhan and the other four people on both sides.

This time, Qi Wenhan was completely isolated from the rest of the Army.

The audience gasped in shock. Even the laymen knew that the Qitian bodyguard agency was in a bad situation. Qi Wenhan, the young master of the agency, was the most important soul figure in the agency. They could not wait to protect him closely, but in the end, they were isolated in the blink of an eye.

They were outnumbered, and the initiative had fallen into the hands of the other party. In that case, they could do whatever they wanted to them, and the other four men from Qitian bodyguard agency would not even be able to save them.

"How did this happen?" Qi Mingyuan's heart tightened when he saw this scene. He stepped down from his position as the judge in two steps. If Qi Wenhan really died in the ring, how could he live?

"Wait a moment, head of escorts. I don't think this is that simple. Wenhan shouldn't be so brainless. Besides, young hero Ling is also giving commands." Butler song, who had been standing guard, quickly stopped him.

"Old song, do you mean ..." Qi Mingyuan stopped in his tracks. He was worried, but with Butler song's reminder, he immediately came back to his senses. With Ling Yi and Qi Wenhan's abilities, even if they couldn't defeat the xuanying escort agency, they shouldn't be so passive.

"Let's continue watching first. I believe they won't let you down. " Housekeeper song nodded and didn't say anything else.

"I hope so," Qi Mingyuan felt a little more at ease, but he was still a little worried. What were young hero Ling and his son up to? he hoped that nothing would go wrong.

At this moment, the situation in the arena was clear. Qi Wenhan was separated by the other side. If he wanted to form a response with the four of them, he had to pass through the siege of the other side's five jiedan stage experts. This was almost like one against five!

Even if Qi Wenhan was much more powerful than the average Jindan stage expert, it was impossible to do such an exaggerated thing. At most, it would be one against two, and the final victory was still uncertain. If it was one against five, it was simply courting death.

"Capture the bandits and capture the king!" Zhao Shanying immediately ordered. He had been thinking about how to deal with Qi Wenhan since the beginning. Now that a great opportunity was in front of him, there was no reason for him to hesitate. He had no friendship with the Qitian bodyguard agency to begin with. Moreover, this was not the time to be merciful. He would take advantage of Qi Wenhan's weakness and kill him!

The five perfect Jindan experts of the xuanying escort immediately formed a formation and prepared to take advantage of the situation to besiege and kill Qi Wenhan. With their strength and this kind of ready-made opportunity, they didn't need to waste any effort at all. They only needed a moment to solve the problem.

However, before they could make a move, Qi Wenhan was already prepared. He instantly burst out with an extremely shocking speed and retreated to the empty space behind him.

At the same time, it was the other four Qitian escorts who had formed the arrow formation that had taken the lead and charged toward one of the xuanying escorts with an aggressive aura!

Even Zhao Shanying was taken aback. His heart skipped a beat. The two sides had reacted so quickly and tacitly. How could they have been caught off guard? It was obvious that they had been accumulating power for a long time. In other words, they had been prepared for this!

"Could it be that they did it on purpose from the start?" Zhao Shanying subconsciously glanced at Lin Yi. He knew that all of Qitian bodyguard agency's previous victories were thanks to this man. He was also the one who managed to toy with Wuma bodyguard agency in the last round. He didn't know what this man was up to this time.

Zhao Shanying wasn't an arrogant person-he knew how to measure everyone's worth, and Lin Yi was someone he couldn't measure.

Afraid of falling into Lin Yi's trap, Zhao Shanying didn't dare to let his guard down. Fortunately, the five xuanying escorts he sent out were all cautious people. Even when they wanted to surround Qi Wenhan, they didn't mess up their formation. Otherwise, if the four Qitian escorts suddenly attacked, one of them might die on the spot!

"Come on, the bet has already started. Let's see if you're ready to bet big or small." Lin Yi looked at Zhao Shanying from afar and smiled faintly.

On one side was Qi Wenhan, who was alone, and on the other side were four Qitian bodyguards in an arrow formation. Zhao Shanying had to choose between the two-this was the bet Lin Yi had made.

It was supposed to be a simple matter, but because Qi Wenhan had escaped from the encirclement, they had lost the opportunity to break out of the situation. The situation had suddenly become complicated. Zhao Shanying could not help but frown.

First of all, the four heaven's equal escorts who had formed the arrow formation absolutely couldn't miss this side. The arrow formation was originally a formation with outstanding killing power. With the strength of these four people, if they were to be left alone, it wouldn't be difficult for them to kill an expert at the great circle of the Golden core stage in an instant.

Secondly, Qi Wenhan couldn't be left alone either. Zhao Shanying could see that this man was much stronger than an ordinary expert in the great circle of the Golden core stage. If he was allowed to do whatever he wanted, the consequences would be unimaginable.

After much thought, he decided that he couldn't let either side go. Zhao Shanying could only choose to split his forces into two, one to deal with the arrow formation, and the other to deal with Qi Wenhan. However, he had to figure out how many people he had to split up.

On Qi Wenhan's side, it was obviously not enough to send one person. If it was a one-on-one, he might be killed in minutes. So, at least two people were needed!

On the other side, Zhao Shanying didn't dare to underestimate the four-man arrow formation from the Qitian bodyguard agency. If there were less than three people, he would be at a great disadvantage.

"Vulture and Falcon, deal with Qi Wenhan. The other three will hold off the other four!" Zhao Shanying ordered.

He was still looking at Qi Wenhan, who was isolated on the outside, ready to swallow him up, but at the same time, he was afraid of falling into Lin Yi's trap. He didn't dare to send more people to deal with Qi Wenhan. What if the other party's killing moves were hidden in the four-man arrow formation? if he only sent two people to guard, wouldn't that be sending sheep to the Tiger's mouth?

Two against Qi Wenhan and three against the arrow formation. This was the safest way in Zhao Shanying's eyes.

The five xuanying escorts on the stage were all experts that he had carefully selected. Their strength could be ranked at least in the middle and upper levels of the complete golden core realm. No matter how strong Qi Wenhan was, he would not be able to gain an advantage against the two of them working together. On the other side, it was three against four. Two of the four people on the other side were at the peak of the late golden core stage, so they would not be at a disadvantage.

Chapter 4466 Seeing DUI Zi Again

Lin Yi, on the other side, smiled at the scene. He said something deeper, "Big or small, I'm sure you'll leave."

The crowd was full of interest as they looked at the situation on the ring. It was still impossible to tell who had the upper hand and who was at a disadvantage, but the scene was clear at a glance. The huge ring had been divided into two halves. On one side, it was Qi Wenhan's one-on-two battle, and on the other side, it was the arrow formation's four-on-three battle. They were not related to each other.

They had seen all kinds of bodyguard agency duels in the South continent, but this was the first time they had seen such a strange situation.

Zhao Shanying suddenly clenched his fists. Although they were still in a stalemate and he didn't seem to be at a disadvantage, he felt a strong sense of uneasiness and a chill down his spine. It was as if he had fallen into a swamp. He didn't feel any danger at first, but the more he fell, the deeper he felt. By the time he realized it, it would be too late for him to regret.

Zhao Shanying's heart suddenly thumped. He was about to change his strategy, but the situation changed. Qi Wenhan was still fighting one against two, but on the other side, one person from each side was seriously injured and rolled down the stage.

Qitian escort agency had sacrificed a peak late gold core expert in exchange for a perfected gold core expert. This situation made everyone's eyelids Twitch.

Previously, they had taken a huge advantage and destroyed the last bit of the Wuma escort agency's spirit. Then, they crushed their opponent and won. Now, Qitian escort agency had used the same trick. The same situation was repeated, but the xuanying escort agency was their opponent.

"That's great! Young hero Ling is indeed powerful. He really put in a lot of effort to create this opportunity!" Qi Mingyuan was instantly relieved and praised her.

He'd still been able to see through the mist earlier, but he wouldn't be where he was today if he couldn't even see through Lin Yi's plan at this point.

Although the exchange strategy was simple, to achieve this, especially to take advantage of the situation at the same time, it required real kung fu. After all, no one was a fool. No one would be stupid enough to use a master of the perfect jiedan stage to exchange for a master of the peak of the late jiedan stage. It was more like the reverse.

Qitian bodyguard agency was able to do this all thanks to Lin Yi's command. If it wasn't for the arrow formation, they wouldn't even have the chance to take the initiative to exchange stones.

"Not bad. Not only was Ling shaoxia's plan brilliant, but Wenhan's performance was also remarkable." Butler song nodded repeatedly.

Although Dui Zi's breakthrough point was in the four-man arrow formation, anyone with a discerning eye could see that the most critical source of all this was Qi Wenhan. If he had not successfully held back the two perfected golden core experts, how could the other four people of the Qitian bodyguard agency have outnumbered them?

In particular, Qi Wenhan was able to remain calm and at ease from the beginning to the end even when he was facing two people in the great circle of the Golden core stage. This made people sigh. The young master of the Qitian bodyguard agency was indeed not an ordinary person! To be able to easily fight against two people at the same level, at least, an ordinary person would definitely not be able to do this.

"Yes, let him go one against two. Although it seems a little risky, it's still within the scope of this kid's ability. As long as the other party doesn't act rashly, there shouldn't be any danger." Qi Mingyuan nodded. He was no longer as worried and nervous as before. Instead, he was in high spirits because if this continued, the possibility of taking down the xuanying bodyguard agency was at least 60% or more!

Once they succeeded, they would be eaten up by the Qitian escort agency. Being the first to become one of the five major escort agencies would be enough to give everyone in the agency a shot of adrenaline. At the same time, they would let everyone know that the Qitian escort agency was not an undeserved reputation. They were not a super dark Horse that had gotten lucky. They truly had the strength to become the Overlord of the escort agency!

"This is terrible!" In comparison, Zhao Shanying's mood was extremely heavy!

In the eyes of others, the xuanying escort agency had suffered a loss this time. However, at this moment, both escort agencies had four people left on the ring. Qitian escort agency had three people in

the perfected golden core realm and one person in the peak of the late golden core realm. On the other hand, the xuanying escort agency had four people in the perfected golden core realm. In terms of strength, they still had the advantage!

Even if this advantage was not big, it was enough to tilt the balance of victory in the favor of the xuanying escort agency. At the very least, they would not be at a disadvantage.

However, Zhao Shanying was not as shallow as the others. He was not looking at the gains and losses of a city or a territory, but the direction of the overall situation. It was obvious that the situation was on the side of the Qitian bodyguard agency after the exchange of tokens.

On Qi Wenhan's side, there were two experts at the great circle of the Golden core stage. Even if they couldn't take him down in a short time, there was no need to worry too much. On the other side, the remaining three people from Qitian escort agency could still form the arrow formation. On the other hand, there were only two people left from xuanying escort agency. The situation was not good.

Before this, it was three against four, so he didn't seem to be at a disadvantage. But now, it was two against three, and it was obvious that he couldn't take it anymore. What Zhao Shanying was worried about was that if the other party used the same trick again and used a peak late gold core to exchange for him, a perfected gold core expert, he would lose all his power.

This was not impossible, but very possible. After all, on the arrow formation side, the other side still had the advantage in numbers and held the initiative. They had the ability to launch another exchange.

At that time, all the remaining people in the ring would be Masters in the great circle of the Golden core realm. Both sides would form a one-on-two battle. However, Qi Wenhan had the strength to fight one-on-two, but the xuanying escort couldn't do it at all. They might be killed by the two of them in an instant!

What to do? Zhao Shanying panicked as he looked at Lin Yi in fear. Both of them were giving commands on the spot, and he was a bit more cautious than the average person, but compared to this calm young man, he was no different from a three-year-old.

He wasn't just simply taking one step at a time, but he had everything under his control even before he placed his stone!

No, he had to quickly come up with a countermeasure!

Zhao Shanying didn't dare to wait any longer. Otherwise, he wouldn't even have the chance to fight back if the other party attacked again.

"Pick the soft persimmons. Vulture, hold Qi Wenhan back. Falcon, go and help!" Zhao Shanying made a prompt decision. The outsiders might not be able to react in time, but the few xuanying escorts on the stage instantly understood.

Chapter 4467 I'm Fine

This meant that he was prepared to forcefully take action against the only remaining peak late golden core expert of the Qitian escort agency.

Vulture was a speed-type master, and both of them were at the peak of the Golden core realm. Even if he couldn't beat Qi Wenhan in a one-on-one fight, he should be able to hold him back for a short time. If Falcon turned around to help, it would be a three-on-three fight. With a slight advantage in strength, it wouldn't be difficult to kill the opponent's peak of the late golden core stage first, but it would take a little risk.

Zhao Shanying didn't want to take any risks. He only wanted to use his strength to defeat his opponent. However, he was no longer confident.

Sensing the other party's intention, Qi Wenhan was slightly stunned. He immediately wanted to stop the xuanying escort called Falcon, but the other party didn't bother with him at all. With Vulture's protection, Qi Wenhan couldn't do anything to him unless he risked his life to exchange injuries.

Qi Wenhan's eyes flickered with hesitation and struggle. With his tough character, if it were any other situation, he would never let Falcon go so easily. However, this was the bodyguard agency competition, and he was the most critical factor in determining victory or defeat. He could take the risk at any other time, but this was the last time he could do it.

"Brother Qi, don't hold back!" Lin Yi suddenly called out.

Qi Wenhan was stunned for a moment, and then his spirit was suddenly lifted. He immediately ignored everything else and jumped behind Falcon. He raised his hand and used his most powerful soul-breaking palm. This was his ultimate move!

This sudden attack made everyone speechless. On the ring, escort xuanying, especially Falcon, who felt the fierce killing intent behind him, was even more shocked.

"This is a good opportunity. Let's join forces and kill them!" "Let's go!" Zhao Shanying shouted calmly, as if he had expected this. It was his original intention to let Falcon go to the other side to help, but at the same time, it was also to lure the snake out of its hole.

And now, it seemed that this move had clearly succeeded.

As soon as Zhao Shanying's voice fell, the two xuanying escorts closest to Qi Wenhan, bald eagle and Falcon, attacked at the same time, each using their strongest martial arts to greet Qi Wenhan.

Qi Wenhan's soul-breaking palm had locked onto Falcon. Falcon was trying his best to carry out Zhao Shanying's orders. If this palm were to land on him, he would not only be severely injured, but he might even die on the spot. However, he still did it. It was clear that Zhao Shanying's prestige was very strong in their hearts.

As expected, he was not a simple opponent! Lin Yi looked at Zhao Shanying with admiration. Qi Wenhan was in a dangerous situation. After all, he was facing the full-force counterattack of two masters at the same level as him. If this continued, there was a ninety percent chance that he would be killed.

However, Lin Yi didn't seem to be worried at all. He was as calm as usual.

As the crowd gasped, Qi Wenhan and the two opponents had already completed the exchange of killing moves. They did not cancel each other out at all. Instead, they all hit each other!

Bang! Bang! Qi Wenhan's soul-breaking palm hit Falcon's body, and he didn't even make a sound. He was directly sent flying out of the ring like a kite with a broken string. He didn't make a sound, and it was unknown whether he was Dead or Alive.

But at the same time, Qi Wenhan wasn't feeling any better. One must know that not only did he take the Falcon's killing move, but he also took a fierce claw from the back. This was the Vulture's sneak attack.

Even if Qi Wenhan was known as the "little invincible Jindan," it was impossible for him to withstand the killing moves of two opponents at the same time. Although he was not directly knocked off the arena like Falcon, he spat out a large mouthful of blood on the spot. The scene was equally shocking.

"Wenhan!" From afar, Qi Mingyuan suddenly cried out in alarm. He was burning with anxiety. Just now, he thought that the situation was stable, but in the blink of an eye, it had become like this. This was his only son, how could he sit still?

At this moment, even without Zhao Shanying's orders, Vulture, who was just a few feet away from Qi Wenhan, attacked without hesitation. He was going to take Qi Wenhan's life while he was down!

Qi Mingyuan was so shocked that he jumped up. Qi Wenhan was already seriously injured. If he was clawed again, wouldn't he be killed?

However, the other party still underestimated Qi Wenhan's strength. After all, the "little invincible Jindan" was not an undeserved reputation. Even if he was seriously injured, he would definitely not be a lamb to be slaughtered.

Without waiting for Vulture's claw shadow to strike again, Qi Wenhan did not even turn his head. Instead, he used his soul-breaking palm that he had been storing for a long time!

He had been prepared for this. If he hadn't held back for this time, Falcon, who had been hit by him just now, wouldn't even have had an intact corpse, let alone a chance to save his life.

Vulture wasn't prepared for this sudden attack. In his eyes, Qi Wenhan was already a dead man. He didn't expect that this guy still had the strength to kill him!

With two muffled sounds, Qi Wenhan and Vulture were both sent flying out of the ring.

The entire place was in an uproar. Everyone was discussing fervently. This young master of the Qitian escort agency was really unyielding. With his own strength, he had replaced two of the other party's perfected golden core experts. He was truly valiant.

"Wenhan!" Qi Mingyuan immediately shouted and rushed down from the judge's platform. He looked at Qi Wenhan's face, which was as pale as a piece of paper. He was on the verge of death. He felt as if his internal organs were being burned, and his eyes were about to bleed.

Lin Yi didn't just sit there and do nothing. He caught Qi Wenhan the moment he fell off the stage and put one hand on his back, lowering his head.

From an outsider's point of view, Lin Yi seemed to be blaming himself for Qi Wenhan's tragic end, but no one would have thought that Qi was constantly flowing through Lin Yi's palm into Qi Wenhan's body, rapidly healing him.

Healing with pure energy was Lin Yi's specialty, and now that he was a mid-stage golden core cultivator, the effect was completely different from before. Qi Wenhan's near-death injury would take at least half a day to recover in the past, but now, it didn't even take the time to brew a cup of tea.

"Wenhan! How are you doing?" Qi Mingyuan could no longer care about his position as the judge. He split the crowd and ran over. However, when he reached the front, he was stunned. "Son, you ..."

"Dad, I'm fine." Qi Wenhan stood up with a calm expression, and behind him, Lin Yi pulled his hand back without a trace.

"Uh ..." Qi Mingyuan was speechless. He couldn't say anything for a long time. He was still anxious a moment ago, but he almost choked to death by his son!

Chapter 4468 Convinced

Just now, he clearly looked like he was about to die, but why did he look like he was fine now?

If even Qi Mingyuan had such a reaction, the rest of the people present had their mouths wide open. They looked at each other and stared at Qi Wenhan in silence.

Especially Zhao Shanying from the xuanying escort agency. He looked as if he had seen a ghost. He looked at the two perfected golden core experts of his family lying on the ground and wondered if they were Dead or Alive. He looked at Qi Wenhan, who didn't even show any signs of injury. If this wasn't seeing a ghost, what was it?

"Wenhan, are you really okay?" Qi Mingyuan finally asked a proper question. He checked Qi Wenhan's injuries with a face full of concern. The result shocked him. There was no injury at all!

"Dad, don't worry. I'm really fine." Qi Wenhan stretched his arms and legs. He could move freely without any signs of injury.

The crowd was completely speechless. When they looked at Qi Wenhan again, it was as if they were looking at a monster. There was nothing but shock.

The strength of the xuanying bodyguard agency's cultivators at the great circle of the Golden core stage was obvious to all. They were definitely not weak among those of the same level. However, Qi Wenhan had withstood the powerful killing moves of the two opponents, especially the Vulture who had taken the opportunity to attack him with two claws. In the end, he was only knocked out of the ring and rested for a short while. He was completely fine.

On the other hand, the two men from the xuanying escort agency were not sure if they were alive or dead. They were almost out of breath. Everyone could see such a sharp contrast. Although they were both experts at the great circle of the Golden core realm, the difference in strength was absolutely not small.

Some people couldn't help but guess that if this wasn't an arena battle, but some other occasion, Qi Wenhan would be able to fight again in his current state. Who would be able to stop him?

From the looks of it, the young master of the Qitian bodyguard agency was an invincible golden core stage cultivator!

They didn't know that the legendary Qi Wenhan was confused as well. He guessed that it was Lin Yi's doing, so he played along.

"Qi Wenhan is this strong? Could it be that he had been hiding his strength in the past?" When Long Kuiba saw this scene, he couldn't help but frown deeply. Based on the grudges between Longzhou bodyguard agency and Qitian bodyguard agency, he had dealt with Qi Wenhan many times. He had always known that Qi Wenhan was not weak, but he never knew that he could be this strong!

"That's right, this is a little troublesome. What if this fellow takes the place of the Qitian bodyguard agency's leader during the challenge later? What do you think, counselor?" Cheng haonan was worried as well-his target had always been Lin Yi, and he didn't think that this guy would come out of nowhere and mess things up.

"Hmph, there's nothing to worry about." Wu Bao Liang laughed and snorted,""I've just carefully observed his martial arts techniques. The power can only be considered average. He failed to kill an opponent of the same level twice in a row, so how strong can he be?"

"You're right, counselor," Cheng haonan and long kuiba nodded their heads. They didn't observe Lin Yi's strength that much because Lin Yi didn't go into the battle himself. They were relieved after hearing Wu Bao Liang's words. The minimum requirement to be invincible among the same level was to be able to kill the same level opponent in one move. Qi Wenhan couldn't even do this. It was clear that his strength was only so-so.

"Not only that, but the two escorts from the xuanying escort agency obviously held back some strength to defend and did not use their full strength. That's why Qi Wenhan managed to escape. Otherwise, with his strength, do you think he could have survived if he was hit by two full-force attacks from two people in the great circle of the Golden core stage?" Wu Bao Liang laughed coldly.

"Not bad, not bad. We are both fascinated by the people involved, but the advisor has a clear view. The boy is indeed not a cause for concern. We are both too paranoid. Hahahaha!" Cheng haonan and long kuiba looked at each other and laughed.

Just as the three of them were discussing, the situation on the stage had become clear. After Qi Wenhan had successfully exchanged one for two, it was now three against two. The Qitian bodyguard agency's advantage was obvious.

In a situation like this, even without Lin Yi's help, the three Qitian bodyguards were already in an invincible position. After all, they were all experienced experts in the bodyguard agency. Even if they couldn't suddenly burst out like Qi Wenhan, at least they had no problem defending.

In the end, there was only one person left in the ring. The only remaining peak late golden core expert lived up to everyone's expectations and represented the Qitian bodyguard agency to have the last laugh!

The crowd was speechless for a long time. Although no one died in this arena battle, nine people were eliminated. Except for Qi Wenhan, all of them were seriously injured. The intensity of the battle could be seen.

In this battle, the xuanying escort had sent out five experts at the consummate level of the Golden core realm. The strength that they had displayed could not be said to not be strong, but they had still lost in the end. Although they had lost, it was still a loss. The crowd might feel sorry for them, but the points would not be discounted.

In the fifth round of the escort tournament, Qitian escort agency accepted two challenges and won both of them. With an extremely eye-catching 870 points, they continued to lead the ranking and left the other 31 escort agencies far behind.

The entire Qitian bodyguard agency was celebrating, surrounding Qi Wenhan and Lin Yi, the two biggest contributors. They were jumping for joy and couldn't contain their excitement.

At this moment, the head of the xuanying escort agency, Zhao Shanying, slowly walked to the front of the crowd.

The crowd quieted down immediately. They looked at Zhao Shanying warily. This man was able to rebuild the xuanying escort agency by himself. He was undoubtedly a formidable figure. He had come with a menacing aura to seek revenge, but in the end, he was trampled to the ground by his own Qitian escort agency. Faced with such a cruel blow, who knew what kind of extreme things this guy would do?

"You're Ling Yi?" Zhao Shanying walked up to Lin Yi and studied him.

"That's right. What can I do for you, Sir?" Lin Yi's expression was calm as he sized him up.

"You flatter me. Today, I've finally realized one thing. The Qitian escort agency's rapid rise was not due to luck, but actual strength." Zhao Shanying lowered his head in front of everyone, ""I'm sincerely convinced of today's battle. You guys are indeed stronger than my xuanying escort agency!"

As soon as he said that, the whole place burst into a heated discussion!

Chapter 4469 Challenging The Four Seas

Although the xuanying escort agency was not among the five major escort agencies, it was publicly acknowledged as one of the five major escort agencies. Now that they had actually lowered their heads to the Qitian escort agency in public, it was clear that the latter's strength was extraordinary.

"You're too kind, chief escort Zhao. Your xuanying escort agency isn't bad either. " Lin Yi and Qi Wenhan looked at each other.

If it wasn't for Lin Yi's strategic planning, it was hard to say who would win this battle. The possibility of the xuanying bodyguard agency having the last laugh was no less than the Qitian bodyguard agency.

"Next time, we won't lose again." Zhao Shanying smiled confidently and cupped his hands at Lin Yi and Lin Yi before returning to the xuanying bodyguard agency's camp to prepare for the next battle.

"Hehe, this person is truly a formidable character, able to pick up and let go." Lin Yi looked at his back and nodded. There were many people in this world who could afford to win, but there were only a few who could afford to lose. This Zhao Shanying couldn't be underestimated.

"That's right. This person is not simple. Although he lost to us this time, he will definitely have a place in the Alliance of escort agencies in the South continent in the future." Qi Wenhan felt the same way.

Lin Yi wouldn't pay too much attention to unimportant people unless they had a close relationship with him, but this time was an exception. He was a little interested in the xuanying bodyguard agency, especially this Zhao Shanying.

After a short while, the judging team made an announcement, which shocked everyone again. "The xuanying escort agency has challenged the four Seas escort agency!"

The crowd was in an uproar-even someone as calm as Lin Yi was taken aback.

Everyone's attention was now focused on Zhao Shanying. First, he had challenged the shining Dark Horse, Qitian escort agency. In the end, he was defeated by one person and lost five perfected golden

core cultivators in an arena battle. Even if they were not dead, at least in this year's escort agency Grand meeting, these five people would definitely be useless.

Even the traditional wealthy families could not afford to pay such a price, let alone the xuanying escort agency that had just been reorganized. Everyone thought that Zhao Shanying would at least lay low for a while and pick a weak target to get back the points he had lost.

He had never expected that this fellow would be so unyielding. He did not even take a break and immediately issued another challenge. Furthermore, his target was the traditional Overlord of the four Seas escort agency!

At this moment, everyone had the same question in their minds. Where did Zhao Shanying get his confidence from?

Even though the Qitian escort agency was in the limelight this time, in terms of absolute strength, the four Seas escort agency, which was a traditional Overlord, was definitely stronger. This was a widely acknowledged fact! On the other hand, the xuanying escort agency could not even defeat the Qitian escort agency. Yet, they dared to challenge the four Seas escort agency. Wasn't this akin to giving up on themselves?

"Are they preparing to burn their boats? Hehe, he does have a bit of a fierce and ambitious bearing. " Lin Yi commented with some admiration.

After losing to the Qitian escort agency, the xuanying escort agency's points had dropped from 220 to 120. If they lost to the four Seas escort agency again, they would only have 20 points left. Even if they were not eliminated, it would not make much of a difference.

To Zhao Shanying and the xuanying escort agency, who were determined to become one of the five biggest escort agencies again, this was a disaster. They might not even make it to the next escort agency meeting in the South continent.

Under these circumstances, even if Lin Yi was in Zhao Shanying's position, he might not have the courage to challenge the four Seas escort agency.

Although this was the last chance for the xuanying escort agency to rise up, they had just experienced a defeat. Not only had their strength been greatly reduced, but their morale was also low. What were the chances of winning if they challenged the four Seas escort agency at this time?

"You want to use our Four Seas escort agency as a stepping stone? Hmph, is there something wrong with this guy's brain? he's really whimsical!" Boundless sea from the judging team snorted disdainfully and glanced at the distant Zhao Shanying.

He had originally thought that this person had some ability. If he was more tactful, it was not impossible to support the xuanying escort agency into the ranks of the five major escort agencies. But now, it seemed that Zhao Shanying was just an arrogant person who didn't know his place.

A moment later, both sides were ready to go. When they appeared, the whole audience suddenly burst into an uproar. On the stage were the participating bodyguards, all of them were Masters of the perfect Jindan stage!

It was not strange for the four Seas escort agency to send out five people at the consummate level of the Golden core realm. However, the xuanying escort agency had just lost five people at the consummate level of the Golden core realm. Now, they immediately sent another five. Such a generous

move was really a bit shocking. It could be seen that the xuanying escort agency's slogan of returning to the five major escort agencies this time was really not empty.

"Tsk, so what if they have five paragons? Even among experts of the same level, the difference in strength is like heaven and earth. A nobody escort like you dares to challenge the elite escorts of my Four Seas escort agency? are you even worthy?" Boundless sea continued to sneer.

Zhao Shanying had great confidence in his bodyguards, but boundless sea, as a traditional Overlord, was even more confident.

It didn't matter how much boundless sea disdained it, in the eyes of most people, this escort tournament was definitely a battle between the strong. The two matches in a row were both hot-blooded battles between the five major classes. It really made the spectators who had come from thousands of miles away to join in the fun cry out in excitement.

In fact, this battle did not disappoint the crowd. From the beginning, the situation on both sides had become extremely tense. They were not as flexible in their tactics as the Qitian escort agency. Instead, they both followed very traditional battle tactics. When the Mutual Deception on the tactical level disappeared, the only thing left was a group of escorts fighting to the death in the ring.

A bloody battle. This was a real bloody battle. Blood was constantly spilling on the stage. The escorts from both sides were eliminated one after another. They were lucky to be seriously injured and on the verge of death. Five of them died on the spot!

In the end, there was only one person left in the ring. This time, it was the xuanying escort that had the last laugh.

Looking at the last xuanying escort standing in the ring, covered in blood, and his swaying body that was about to fall a few times, the entire moleng square fell into silence.

In two consecutive tough battles, he had lost to Qitian escort agency, but now, he had dramatically regained his dignity against the even more powerful four Seas escort agency. This kind of miraculous turn of events left everyone speechless.

Below the arena, Zhao Shanying roared in excitement. A Pyrrhic victory was still a victory. In the end, he had won this last-ditch battle!

Chapter 4470 Some Happy And Some Sad

On the other side, boundless sea, who was sitting in the middle of the judging team, watched all of this from a distance. His face was as black as the bottom of a pot. Even now, he still couldn't believe that the elites of his Four Seas escort agency had lost!

On the leaderboard, the four Seas escort agency's points fell from 240 to 140. No matter how much boundless sea didn't believe it, he could only helplessly accept the reality.

"Motherf * cker! This bullsh * t xuanying escort agency had suffered a loss at Qitian escort agency and was actually venting their anger on the four Seas escort agency. How preposterous! Wayayayaya!" Boundless sea gritted his teeth. His first reaction wasn't to hate Zhao Shanying, but to glare at Lin Yi in the distance. "Ling Yi, Qitian bodyguard agency, I won't let you guys have an easy time. Just you wait!"

Lin Yi, naturally, didn't know that this guy was this weird. He was the head of a traditional escort, but he didn't even have this much tolerance. He even took his anger out on Lin Yi for no reason. Lin Yi didn't know whether to laugh or cry.

If he knew what Boundless Sea was thinking right now, the first thought that would come to his mind would definitely be that this guy was crazy and beyond saving. He was a typical delusional person ...

Of course, Lin Yi didn't know what Boundless Sea was thinking, and he didn't care at all. Boundless Sea was the big boss of the Southern Continent Escort Alliance, but in Lin Yi's eyes, he didn't have much weight. He was just a passerby, nothing more.

Some were happy, while others were sad. After the death and anxiety-filled battle between the Xuanying Escort Agency and the Four Seas Escort Agency, the fifth round of the Escort Agency competition continued.

All the Escort Agencies took turns to take the stage. If there was still a chance to improve, no matter how small it was, no one was willing to fall behind. After all, the ranking of the Escort Agency event in the South Province would directly determine their business prospects for the next five years. This was their rice bowl!

Among these duels, the most popular one was not the Qitian Escort Agency, nor the Four Seas Escort Agency, but the Xuanying Escort Agency under Zhao Shanying.

There was no other reason. The Xuanying Escort Agency's arena battles were too intense. After fighting head-on against Qitian Escort Agency and Four Seas Escort Agency, they still had two chances to be challenged even though they had used up their right to initiate a challenge twice.

They did not know if someone was deliberately instigating them from behind, or if these Escort Agencies really wanted to take advantage of the Xuanying Escort Agency's great loss and wait for an opportunity to quickly trample on them. Anyway, the two chances of being challenged were used up in less than an hour.

Although their opponents were not as gimmicky as the Qitian escort agency and the four Seas escort agency, they were not weak either. At least, they were escort agencies that were stable above the middle level. As for the xuanying escort agency, they had already used up ten experts at the consummate level of the Golden core realm. It was impossible for them to send out such a powerful lineup again. They only had one expert at the consummate level of the Golden core realm to hold the line for both duels.

Even so, the xuanying escort agency had the last laugh. Even though the team led by Zhao Shanying was not the first line of defense, they were still able to handle the middle reaches escort agencies with ease.

Apart from losing to the Qitian escort agency in the beginning, the xuanying escort agency had won the following three matches, including the four Seas escort agency. The xuanying escort agency's points had soared to 420 points. Their previous ranking was still on the verge of collapse, but now, they had entered the top five and were in fourth place!

Of course, if it were not for the other escort agencies that had also obtained a lot of points, the xuanying escort agency's results would have been in the top three before!

On the other hand, as the host of this year's competition, the four Seas escort agency was already in third place after the first four rounds of competition. Now that they had been hit in the head by the xuanying escort agency, even if they won two rounds in a row, they could not turn the tables around. They were ranked fifth with 340 points and were trampled under the feet of the xuanying escort agency.

Facing this helpless result, boundless sea was so angry that smoke was coming out of his seven orifices. If it wasn't for the fact that the head of the escort agency had challenged the last place, making him think that he still had a chance to turn the tables and still felt that he had control over the situation, he probably would've flipped out on the spot, not caring about his image.

In fact, in the fifth round of the escort agency competition, the four Seas escort agency, like the other five big escort agencies, only fought three rounds. They used up two of their right to initiate a challenge and one right to be challenged. As for the remaining right to be challenged, it was just a decoration.

After all, not every escort agency was as aggressive as the xuanying escort agency, and not every person-in-charge of the escort agency was as bold as Zhao Shanying. Asking them to take the initiative to challenge the four Seas escort agency was a foolish act that was clearly giving away points. They might as well die ...

In comparison, Qitian escort agency and xuanying escort agency, which were also part of the five major escort agencies, were much luckier. Because they were more or less looked down upon by others, their right to be challenged twice was not wasted at all. A full 200 points were delivered to their doorstep, which made the other five major escort agencies so envious that their eyes were about to bleed.

This was especially true for boundless sea. He'd long since thought that he'd be able to get first place. Now that the fifth round of the escort tournament was about to end, not only had he not been able to close the point difference between them and Qitian escort agency, but he'd been pulled even further apart. Now, he was even being stepped on by the rising xuanying escort agency. How could he accept this?

Before this, whether it was the Qitian escort agency or the xuanying escort agency, the public opinion had always been mixed. Unlike the traditional wealthy families like the four Seas escort agency, which were highly respected, the public had always thought that these two families were just nouveau riche without any Foundation and could only be proud for a while. However, now, no one would hold such a stupid idea.

Not only did the xuanying escort agency have more points than the four Seas escort agency, but more importantly, they had defeated the four Seas escort agency in the prestigious escort agency

competition. Furthermore, they had fought the Qitian escort agency first. If this was considered as having no foundation, then what was the four Seas escort agency?

Therefore, the strength of the xuanying escort agency had been deeply rooted in the hearts of the people and was enough to become the consensus of the public. Everyone already knew that the strength of this newly reorganized company, the wild escort agency, was definitely not to be underestimated.

At the same time, this also proved another thing-Qitian escort agency was even more powerful!

The four Seas escort agency became the xuanying escort agency's stepping stone, while the xuanying escort agency became the Qitian escort agency's touchstone. The more powerful the xuanying escort agency was, the more it proved that the Qitian escort agency, which was at the peak of its power, was truly invincible.

After all, out of all the 32 escort agencies present, the xuanying escort agency had only suffered a loss once, and it was the Qitian escort agency.
