

Bodyguard 4491

Chapter 4491 The Biggest Loser

At that time, the thirty-two escort agencies 'ranking would finally be settled. Before that, there were still many variables.

Cheng haonan was still holding on. Ever since he had defeated Lin Yi in the afternoon, the entire southern continent escort party had become his one-man show. The others couldn't do anything about it, and could only sit down and watch the show. It couldn't be helped, as the right to challenge had been firmly held in Cheng haonan's hands.

"Eh? This guy is actually using this move?" Lin Yi's lips curled up into a playful smile as he watched Cheng haonan's actions.

"Buy time? "This is too shameless ..." Qi Wenhan also saw through Cheng haonan's plan and couldn't help but be speechless.

It wasn't just the two of them, the entire audience was also discussing this matter. Cheng haonan had clearly slowed down his pace of attack and defense on purpose, in order to preserve as much physical strength as possible while stalling for time. He had actually adopted a passive strategy of only defending and not attacking. Such a domineering and powerful existence was actually forced to use such a despicable tactic, which really made people speechless.

Although Cheng haonan seemed to be running out of Qi and was lacking in strength, his strength was still there. If he really wanted to avoid the battle, even Qi Wenhan, who was known as the "invincible golden core", would not be able to gain an advantage, let alone an ordinary golden core stage expert.

Unless the opponent was Lin Yi, that would be more or less the case, but that was impossible. Cheng haonan had been holding onto the right to challenge the agency for a long time, and his biggest worry was that the Qitian bodyguard agency would get the right to challenge the agency. To him, that would be a real disaster.

He fought passively, and it was only when the time for an incense stick to burn was almost up that he suddenly burst out and knocked his opponent off the stage. Cheng haonan's current use of true energy was simply outrageous. Every trace had to be carefully calculated, and there was absolutely no waste.

After all, to him, whether he could escape unscathed today would depend on whether this delaying tactic would succeed. If it failed, the consequences would be unimaginable.

This kind of battle was really not worth watching. The audience below the stage were all yawning. If it wasn't for the strict rules of the tournament not to interfere with the progress of the competition, they would have probably thrown things into the ring long ago. What the hell was this!

As time passed, Cheng haonan's delaying tactics finally succeeded in dragging it out to the end. The referee team's time was up, and everyone's eyes spontaneously focused on the head of the judging team. This kind of drowsy and boring competition, they really couldn't bear it for another moment.

As this year's conference's Chief Judge, boundless sea's face had completely sunk. He gritted his teeth and wanted nothing more than to slap Cheng haonan into meat paste!

According to his original plan, he had planned to do something during the second draw so that he could snatch the right to challenge the four Seas escort agency and challenge others to earn some points. Even if things did not go according to his ideal plan, it would at least make things look better for his agency.

But now, because of Cheng haonan's despicable delaying tactic, he had to rely on himself to drag it out until the reinforcements arrived. Where was the time now?

Seeing Cheng haonan's exhaustion, like a lamp about to run out of oil, boundless sea wanted to delay the meeting a bit more. In any case, the meeting only said it would end at hai, but it didn't say whether it would end at the beginning or the end of the hour.

But with so many people's anxious gazes, boundless sea didn't doubt that he would become the target of public criticism if he really did that. At that time, everyone would point fingers at him, and even a mouthful of saliva from each person would be enough to drown him.

Helplessly, boundless sea could only force himself to stand up and walk to the center. Qi Mingyuan and the others beside him all had awkward expressions on their faces.

The four Seas escort agency under this Chief Judge had always been arrogant and domineering. But now, they were only in sixth place!

It was the Dominator of the escort agency that was fighting on its home ground, but in the blink of an eye, it was not even one of the top five escort agencies. This was completely unprecedented. This time, the four Seas escort agency was really nailed on the pillar of shame in history.

"Due to time constraints, this year's South continent escort party has come to an end." Boundless sea's first words made everyone let out a sigh of relief. They all looked as if they had been relieved of a heavy burden. This F * cking competition was finally over ...

The whole place was abuzz with discussion. On the leaderboard, the first place was still the Qitian escort agency with 1070 points. The Longzhou escort agency, which had launched the counterattack, was in second place with 960 points. The third, fourth, and fifth places were the shenfeng escort agency, the Tianhong escort agency, and the xuanying escort agency. As for the four Seas escort agency, they had been squeezed out of the top five and were now in sixth place.

Among them, the most exciting one was the competition between Qitian escort agency and Dragon Boat escort agency for the first place. These two escort agencies came from the Xiao Luo Sea area and had a high score that all other escort agencies could not catch up with. The key was that the difference between the two was only 110 points. The Dragon Boat escort agency had been chasing them for an entire afternoon but still failed at the last step. It could only be said that it was fate.

They managed to secure first place without any mishaps. Qi Mingyuan, Qi Wenhan, and Lin Yi all unconsciously let out a breath of relief. Their faces were filled with excitement. Even now, they still couldn't believe it. Their Qitian bodyguard agency had actually led all the way to the end and became the well-deserved leader of the bodyguard agency!

In the South continent's Sea area, this position was almost equivalent to the leader of the Orthodox Dao, and it was even considered the number one force in the South continent's Sea area. Who would not be excited by such an honor?

As for the people from Longzhou escort agency, although it was a pity that they did not manage to overtake Qitian escort agency in the end, they had risen from a small and unknown escort agency to the number two escort agency out of the blue. If long kuiba was still not satisfied with such a heaven-defying result, he would really be drowned in the saliva of the crowd ...

This was just like a student's exam in the secular world. A top student would sigh all day and say that he did not do well, but when the results came out, he would come in second in the whole school. How could the other bad students live?

In the history of the South continent escort agency event, other than Qitian escort agency and Longzhou escort agency, the xuanying escort agency was the next big winner. Although it had the predecessor of Yuantong escort agency, it was still a newly established escort agency after all. It was definitely worth celebrating that it could become one of the top five escort agencies in its first time attending the event. There was nothing to regret.

On the other hand, The Biggest Loser was undoubtedly the four Seas escort agency. The Dominator of the escort agency, which was the home ground, had fallen to sixth place. From then on, the four Seas escort agency would become the laughingstock of everyone. The era of the four Seas escort agency was gone forever.

Boundless sea was about to explode from anger. He clenched his fists, and his eyes were filled with hatred!

Chapter 4492 Disqualifications!

Feeling the mocking gazes of the crowd, boundless sea, who was the focus of everyone's attention, couldn't help but feel his face heat up. He was so ashamed that he wanted to find a hole to hide in.

Unfortunately, there wasn't such a crack in the ground. Even if boundless sea wanted to, there was no place for him to hide. Of course, with his personality, there was no way he would give up just like that.

According to the convention's process, it was time for the general judge to give a closing speech. However, now that the four Seas escort agency wasn't even one of the five big escort agencies, the title of general judge naturally couldn't continue to remain on boundless sea. Letting Qi Mingyuan, the new Overlord, speak was what the public wanted.

However, boundless sea clearly didn't plan on giving up just like that. With a serious face, he continued,"Although the competition has ended, there's still an extremely important matter that I need to announce to everyone!"

What the hell was this guy doing? Qi Mingyuan had already stood up and was about to go on stage, but when he heard this, he stopped in his tracks. Like everyone else in the audience, he looked at each other in confusion.

"According to the observation of this Chief Judge, someone cheated in this conference and used disgraceful means to compete, disgracing the fairness of the conference. Therefore, severe punishment must be given!" Boundless sea's every word was righteous. After everyone's emotions were stirred, he announced,"In the name of the Chief Judge, I now cancel the points of Qitian escort agency and Longzhou escort agency in the competition and expel them from the South continent escort agency Alliance. They will never be able to participate in the event again!"

"What? The first and second ranked escort agencies will be disqualified?" The crowd was in an uproar. The entire moleng square was in an uproar. The people who had been drowsy from watching the game were suddenly awake. They were all shouting the same question. What was going on?

If even the people watching the show were so excited, then Qi Mingyuan and the others who were directly involved were even more excited. They all looked at boundless sea with the same thought in their eyes: You can't afford to lose, so you're playing this trick?

Who did he think he was? He was just a stray dog who lost the position of the head of the escort agency and couldn't even enter the top five escort agencies. How could he say that he was the Chief Judge of the conference? he even threatened to disqualify the top two escort agencies and permanently expel them from the South continent escort agency Alliance?

Qi Mingyuan and the others were only shocked, but Long Kuiba and Cheng Haonan's hearts couldn't help but skip a beat. They weren't idiots. From Boundless Sea's tone, they could already guess what this guy was going to do!

Boundless Sea didn't seem worried at all as he watched the crowd slowly lose control. In fact, he was secretly happy.

In his opinion, the more excited these people were, the better it would be because the more excited they were, the easier it would be for them to be tempted by him. Once they were agitated, everyone present would be like a long spear in his hand. He would shoot wherever he pointed, and neither Qitian escort agency nor Longzhou escort agency would be able to escape.

In fact, in his original plan, this trump card was only meant to deal with the Longzhou escort agency. However, after thinking back to the competition, he suddenly had an idea. He might as well go all out and crush the two escort agencies together!

He had no other choice. Although the Four Seas escort agency would be able to return to being one of the top five escort agencies after destroying the Dragon Boat escort agency, it would not change the fact that the Qitian escort agency would become the Overlord of the escort agencies.

With all the grudges Boundless Sea had with the Qitian bodyguard agency this time, if Qi Mingyuan took over the position in the future, he could imagine what would happen to him. He wouldn't have an easy time, so no matter what, he had to think of a way to destroy the Qitian bodyguard agency. Now that he had a rare opportunity to kill two birds with one stone, it would be strange if he didn't take it!

"Boundless Sea, how exactly did our Qitian bodyguard agency cheat? How did we use unfair means to compete? You better explain it to me in front of everyone. Otherwise, today, our families will fight to

the death." Qi Mingyuan slowly walked over to boundless sea. His tone was calm, but it was filled with killing intent.

Boundless sea had already completely shed all pretense of cordiality. Since the other side had already laid out the plan, he naturally wouldn't back down. If boundless sea couldn't give a satisfactory explanation, then even if he had to fight to the death with the four Seas escort agency today, he wouldn't hesitate!

He, Qi Mingyuan, had built up his company from scratch and brought the Qitian bodyguard agency to greater heights in the perilous South continent's waters. How could such a formidable figure be easy to deal with? Even if they were not as strong as the four Seas escort agency, Qitian escort agency would definitely not lose to any of the other agencies in terms of courage and courage!

"Escort leader Qi is right. Boundless sea, why are you talking like you're farting? No matter what, he's still the former Overlord of the bodyguard agency. Is he really such a sore loser? isn't it too ridiculous to have such a shameless and despicable face after falling out of the top five?" Long kuiba agreed with a face full of hatred.

He had an irreconcilable grudge with Qi Mingyuan. Unless it was absolutely necessary, he would never be willing to be a copycat. He wanted to be tough, but the problem was that he felt guilty. With the Qitian bodyguard agency as a shield, he still had a chance to get away with it, but once he was targeted alone, he would die without a doubt ...

Qi Mingyuan and long kuiba attacked at the same time. Everyone's gaze towards boundless sea became extremely playful. With his current situation, for him to suddenly make such a move at this moment and make such a venomous accusation to drag down the number one and two bodyguard agencies, anyone would think that boundless sea's motive wasn't pure.

After all, the four Seas escort agency had been forced out of the top five. Such a humiliating incident had happened to them, so it was obvious that they would struggle on their deathbed. At a time like this, it wouldn't be strange for Boundless Sea to do anything. However, if he wanted to bite the Qitian escort agency and Longzhou escort agency to death, he was simply too greedy.

At least in the eyes of more than 90% of the people, Boundless Sea's actions were simply stupid. Not only would he not be able to save the four Seas escort agency, but he would also push the agency into an even deeper abyss. After all, from the establishment of the South continent escort event until now, there had never been a situation where the first and second-ranked escort agencies were wiped out. This was completely unreasonable.

Everyone was watching the show with high spirits. In their eyes, this scene was much more interesting than an arena battle. A battle like Cheng Haonan's would make people sleepy, but this definitely wouldn't. Just based on what Boundless Sea had said just now, what would happen next was bound to become the focus of discussion in the entire South continent's Sea region. This would be a rich topic of discussion.

Despite everyone's gazes, Boundless Sea was calm and composed. He didn't show any signs of backing off!

Chapter 4493 All Evil Cultivators

After all, he was used to being the Overlord of the bodyguard agency. No matter how dirty and despicable he was in private, he was always full of aura in public.

"You guys are not convinced?" Boundless Sea looked at Qi Mingyuan provocatively. As for Long Kuiba and Cheng Haonan, he didn't even bother to look at them. In his eyes, these two were already dead.

"Hehe, you're still acting like the Chief Judge. You must be used to being the boss of the bodyguard agency. Do you think we'll be convinced?" Qi Mingyuan laughed coldly.

"Everyone, what do you all think?" Boundless sea laughed nonchalantly and turned to look at Zhao bufan and the others.

If Qitian escort agency and Longzhou escort agency were eliminated, his Four Seas escort agency would only rise from the sixth to the fourth, but the divine Wind escort agency would rise from the third to the first. The benefits they would receive would be much greater than his Four Seas escort agency. Furthermore, this was also a rare good thing for the other five major escort agencies.

These big bosses of the escort agency had always been profit-driven, so there was no need to guess what they would do. As long as he could get their support, boundless sea would be naturally invincible. Let alone Longzhou escort agency, even Qitian escort agency wouldn't be able to make a comeback.

Everyone's gaze landed on Zhao bufan, waiting for the head of the divine Wind escort to make his stance clear. He didn't let them down and coughed, ""Escort leader hai, you're really good at planning to eliminate Qitian escort agency and Longzhou escort agency. Unfortunately, I can't agree with you."

Don't agree? Boundless sea was stunned. He didn't even need to use a bit of strength to take the position of the bodyguard agency's Overlord. This was a fat piece of meat that had been delivered to his door. How could he disagree?

"My opinion is the same as escort leader Zhao 's." The Tianhong bodyguard agency also expressed their stance.

After listening to the two men's statements, the crowd turned their attention to Zhao Shanying. The xuanying escort agency was ranked fifth and could be considered as one of the five major escort agencies.

"The xuanying escort agency can't do such a shameless and ridiculous thing." Zhao Shanying laughed coldly, his lips twitching in disdain.

Boundless sea's face darkened once more. These three people's attitudes meant that not a single one of the five big escort agencies agreed. And because the four Seas escort agency was ranked sixth, he didn't have the right to be the Chief Judge. This was completely different from what he had expected. It wasn't what he had expected at all!

It wasn't just boundless sea. Even Qi Mingyuan couldn't help but look at these people with surprise. Even he hadn't expected that at a time like this, these big bosses of the bodyguard agency, who wouldn't do anything without benefits, would actually be so "righteous ..."

The others were confused but Zhao bufan and the others knew that it wasn't because they found their conscience that they changed their nature of putting benefits above all else. Especially the divine Wind escort agency, facing the position of the head of the escort agency, it would be a lie if they said they weren't moved.

But the problem was that he didn't dare to accept this hot potato!

Boundless sea had eliminated Qitian escort agency and Longzhou escort agency with a single sentence. If his Divine Wind escort agency took over, would they do the same thing again and disqualify his Divine Wind escort agency as well?

From everyone's mocking gazes, it could be seen that boundless sea's method was completely blind. It didn't work at all.

Under these circumstances, even if the divine Wind escort agency was lucky enough to get the upper hand, it would be a castle in the air. They wouldn't be able to do it properly. Not only would they have offended Qitian escort agency and Longzhou escort agency, if something really happened, boundless sea could even turn the tables and push them out as scapegoats. He wouldn't have to be involved. After all, his Divine Wind escort agency was the biggest beneficiary ...

Others might not be able to see through boundless sea's intentions, but it was impossible to hide it from these people.

Zhao bufan and the others not only didn't take the attack, they even put on a righteous attitude and made a countercharge. This kind of unexpected reaction made boundless sea stunned and unable to react for a long time.

However, there was no turning back. Since boundless sea had already openly shed all pretenses of cordiality, he couldn't just give up halfway. The opposition of Zhao bufan and the others could only mean one thing. They were stupid. If they didn't want to eat the meat that was already in their mouths, then they couldn't blame the four Seas escort agency for not being able to eat it.

"Hur hur, it seems like everyone is still unaware of the truth. But since I've already given such a clear hint, can't everyone use their brains to think before speaking?" Starting from Zhao bufan, boundless sea's mocking gaze swept across their faces one by one, finally landing on Qi Mingyuan and long kuiba.

"Hmph, if you have something to say, then say it. If we don't clear up this matter today, there will definitely be a bloodbath between us!" Qi Mingyuan snorted coldly. He wasn't afraid of boundless sea's tricks.

But long kuiba didn't have the confidence. Being stared at by boundless sea like that, he suddenly couldn't help but shrink his neck. He secretly glanced at Cheng haonan, who also had an ashen face. Today's matter was probably going to be over.

"Alright, then let's all witness this." Boundless sea laughed coldly and turned to long kui BA. "Escort leader long, I'll ask you a question. You'd better answer honestly. Do you know that Cheng haonan and Wu baoliang are both sorcerers?"

Evil cultivator? Everyone's face suddenly changed. The powerful Cheng haonan and Wu Bao Liang were actually evil cultivators?

Only Lin Yi's expression remained the same. He couldn't say for sure if Cheng haonan was a real evil practitioner, but at least Wu baoliang's case was undoubted. This was something that was publicly acknowledged by the North Island!

But what surprised Lin Yi was that so what if he was a black magic practitioner? Did everyone need to have such a big reaction?

The waters of the South continent were chaotic, with murder and arson everywhere. Lin Yi's first impression was that this was a heaven for evil cultivators. Otherwise, why would Wu Bao Liang come all the way here to take refuge? Everyone should have been used to evil cultivators, so there was no reason for them to be so shocked, right?

In the end, Lin Yi was just an outsider. Although he'd stayed here for a few months, he didn't know much about the South continent's Sea area. He didn't even know the concept of the escort party. If he knew that this was the representative of the South continent's righteous path, he would understand why people reacted like this to evil cultivators.

Qi Wenhan's reaction was quite interesting. After hearing boundless sea's words, he slapped himself in the face, his face full of regret. "Damn it, why didn't I think of that!"

Qi Mingyuan and the others didn't know much about this, but Lin Yi had told him everything about Wu Bao Liang!

Chapter 4494 Prove It A Little

He knew that Wu Bao Liang was a heretic practitioner, but from the beginning to the end, he had never thought of using this point to make a fuss.

It could only be said that as the young master of the Qitian bodyguard agency, Qi Wenhan still had a long way to go. If he wanted his shrewdness to reach the level of a sly old fox like boundless sea, he still needed a lot of experience.

"You're slandering me! Everyone, don't believe him. Boundless sea is just jealous and can't afford to lose. He's slandering our Longzhou escort!" The crowd had yet to digest this explosive inside story. Long kuiba's face flushed red as he retorted. Cheng haonan's face was deathly pale. The worst situation had finally appeared ...

"Slander?" Boundless sea laughed, unruffled. He didn't even look at long kuiba and turned to the others. "Everyone here has sharp eyes. Think carefully about the situation of Wu Bao Liang and Cheng haonan's competition. Both of them have a layer of strange black gas on their bodies. Don't you think it's strange?"

If everyone still hadn't reacted to this, then they'd really be idiots. Before, they hadn't thought that there was anything wrong with it, but now that boundless sea had reminded them, they immediately realized that something was off.

"They're obviously only at the great circle of the Aurous core stage, but Wu Bao Liang and Cheng Hao Nan have strength far beyond that of Aurous core stage experts. Even Yuanying stage experts may not be their match, is this normal? Besides, I believe you've never seen this strange black Qi on a normal cultivator before, have you?" Boundless sea struck while the iron was hot.

"What a load of nonsense!" Seeing everyone's thoughtful and suspicious eyes, long kuiba couldn't help but anxiously explain, "According to boundless sea's logic, then all the experts who can fight above their level are evil cultivators? As the head of the four Seas escort agency, are your standards so low that you haven't even seen such a genius before? As for the black gas, it's purely baseless malicious slander. This is a unique secret technique that can not be taught to outsiders. Is it strange that no one has seen it before?"

Everyone's gazes returned to boundless sea. Although they had their doubts, boundless sea's testimony lacked concrete evidence. To remove Qitian escort agency and Longzhou escort agency from the list with just this speculation was a little too far-fetched.

"Hmph, you still want to quibble when you're about to die?" Boundless sea laughed coldly, "then why don't you tell me, what kind of spirit root can make a black gas?" Using the words "unique secret technique" to brush it off, isn't that too easy?"

"Whether it's a secret technique or not, it must be supported by the attribute of the spiritual root. As far as the common spiritual root attribute is concerned, it's impossible to produce black gas. Wu Bao Liang is dead, and we can't verify it from him, but Cheng haonan should at least prove it." Zhao bufan suddenly interrupted.

Although he didn't want to be used by boundless sea, if he could prove that he was an evil cultivator, then things would be very different. He couldn't let boundless sea take all the credit. Otherwise, that guy might take the opportunity to ride on his head again. With boundless sea's shamelessness and thick skin, it wasn't like he wouldn't do something like exchanging credits for a ranking.

"He ... He has an extremely rare mutated spiritual root. It's normal that you haven't seen him before!" Long kuiba said with a guilty conscience.

Now that things had come to this, he could only bite the bullet and not give up. A mutated spiritual root attribute not only explained why he could fight an enemy above his level, but it also explained the origin of the black gas. It was killing two birds with one stone.

Of course, his explanation was not without flaws. As long as a professional spiritual root testing tool was used, it could be verified whether he had a special spiritual root attribute.

However, ordinary spiritual root testing equipment could be found everywhere, but it was very rare to find one that could test the attribute of the spiritual root with 100% accuracy. Such professional and exquisite equipment was only available in the East continent's Academies. It was rare in the chaotic Sea area of the South continent. Cheng haonan could only bet that there was no such equipment prepared at the scene. At least he had a chance to turn things around, otherwise, he would really lose his life.

As expected, when long kuiba said that, Zhao bufan and the others couldn't help but frown. They really didn't have a spiritual root testing tool that could test one's attribute with 100% certainty.

"Hehe, mutated spiritual roots?" Boundless sea laughed unhurriedly. Long kuiba and the others had given him a handle on themselves. If he still couldn't take care of the Dragon Boat escort agency, then he didn't need to stay in the South continent's sea. He immediately said coldly, "Alright, then why don't you tell us what attribute of mutated spiritual roots Cheng haonan has? Get him to show us his basic battle techniques, and we'll know what he's doing!"

"Yes, yes, show it!" Everyone in the audience agreed one after another. They were just wondering why Cheng haonan had never used any basic martial arts techniques, but only used ordinary fists and feet to fight. Even if this was his fighting style, as a dignified master of the great circle of the Golden core stage, he didn't even use any of his best martial arts techniques, wasn't it too strange?

Not only Cheng haonan, but even Wu Bao Liang did not show any basic martial skills with clear attributes. There was only one powerful martial skill that no one could understand. Now that they thought about it, it was strange no matter how they looked at it ...

"This ..." Long kuiba was dumbfounded. He didn't know what to do.

As long as it was an evil cultivator, whether it was a direct cultivation or a half-way path, there was at least one thing that was indisputable. That was that all evil cultivators must destroy their previous spiritual root attribute before they began to cultivate. This was because all evil cultivators' mental cultivation methods went against the norm, and their Foundation was the anti-spiritual root attribute.

Not only the five common spiritual roots, but also the rare special spiritual roots must all be destroyed. Otherwise, it would cause a fatal conflict in the body, and the only result would be a sudden death from Qi deviation.

Long kuiba was dumbfounded, Cheng haonan was also dumbfounded. Even if it was wind, rain, Thunder, or lightning attribute mutated spiritual roots, it could at least be said with reason and evidence, and it

was enough to show the martial arts technique of the corresponding spiritual root attribute, but what about his?

He couldn't possibly say that he had the black Qi spirit root, right? How could there be such a strange spirit root in the world? They might be able to fool a three-year-old child, but to fool so many experts here, especially someone like boundless sea who knew their background, it was impossible!

"Come on, we won't wrong a righteous cultivator, and we won't let any evil cultivator off. As long as you can prove that you're not an evil cultivator, I, boundless sea, will kowtow to you in apology!" Boundless sea laughed coldly as he spoke eloquently.

This time, long kuiba was completely helpless. In this kind of situation, there was nothing he could do even if he said anything. No matter how much he said, it was useless. Only by displaying his basic martial arts skills could he clear his name. This was a dead end.

Chapter 4495 Want To Cry

Long kuiba could only wave his hands helplessly at Cheng haonan, but before he could even open his mouth to say a word, a shrill and terrifying howl erupted from beside him. A thick layer of black Qi suddenly emerged from Cheng haonan's body, and he was in the same state as when he was fighting Lin Yi. He took advantage of the fact that no one had any intention of surrounding him and running away without a second word.

Cheng haonan wasn't a fool. He knew that there was no way to reverse the situation now that it had developed to this point. He definitely couldn't fool them today. Once his identity as a heretic practitioner was confirmed, he would definitely be surrounded and annihilated by everyone present.

Not to mention Cheng haonan's current state of exhaustion, even if he was in his peak condition, facing the pursuit of so many Yuanying stage experts, he would definitely die without a burial place, without a single chance of survival.

As a result, his only way out was to escape before everyone's killing intent was revealed. As long as a top-tier expert like Boundless Sea didn't chase after him, he still had a chance of survival.

Long Kuiba was dumbfounded as he watched Cheng Haonan rush out of the crowd and escape from Mo Leng Square in an instant, disappearing from everyone's sight. The crowd was dumbfounded as well. It took them a moment to react. This was running away for fear of punishment!

A few of the cultivators on the outside hurriedly chased after him, but most of the people on the scene were indifferent to this. After all, Cheng Haonan's strength was there for all to see. Don't look at how exhausted he was, but from the amazing speed at which he escaped just now, it could be seen that this guy still had room for a final struggle.

With the strength of most of the people present, not to mention that they couldn't catch up with Cheng Haonan's speed, even if they did, they definitely wouldn't be able to beat him. In his normal state, Cheng Haonan could easily beat the sh * t out of them, let alone now that he was in a state of madness, his whole body had turned black.

Evil cultivators had to be killed, but no one was stupid. They couldn't risk their lives to kill an evil cultivator. Didn't you see that even a top-tier expert like Boundless Sea didn't have any intention of helping?

With Boundless Sea's strength, he could obviously beat Cheng Haonan, but this was a crucial time for him to consolidate his victory. How could he chase after him? What if Zhao Bufan and the others took advantage of him? By the time he returned, it would probably be too late ...

If boundless sea didn't chase, Zhao bufan and the others wouldn't either. Boundless sea didn't trust them, but they didn't trust boundless sea.

Lin Yi was probably the only one who could pose a threat to Cheng haonan and had the intention to kill him, but he frowned and suppressed the thought.

He had no choice. Once he started chasing, whether he caught up or not, boundless sea would definitely hit him when he was down. He would take the opportunity to say that he was also a heretic practitioner and had run away with Cheng haonan!

No one would've believed this kind of bullshit before, but with this Cheng haonan confessing, it'd be a shame if Lin Yi didn't clear his name in front of everyone.

Lin Yi didn't really mind-with his background, it wouldn't be hard for him to clear his name, but he'd drag the Qitian bodyguard agency down with him. It didn't matter if he could restore his reputation or not, he'd lose his hard-earned position as the chief of the agency.

Perhaps boundless sea was trying to tie Qitian bodyguard agency and Longzhou bodyguard agency together because of this. Naturally, Lin Yi wouldn't let him get away with it.

He'd made the decision to bide his time, but Lin Yi couldn't help but feel a bit of regret. Even he wasn't completely confident in dealing with a master like Cheng haonan. Not only was he exhausted, but he was also injured. It was a perfect opportunity to kill him, but he had to let it go. It was a bit of a pity ...

At this moment, everyone's eyes fell on long kuiba. Cheng haonan's sudden escape had pushed him, the head of Longzhou escort, into the eye of the storm. This situation was like boundless sea had set up a pot of oil, but Cheng haonan had pushed him down.

At a loss, wanting to cry but without tears-this was the portrayal of long kuiba at this moment.

It was rare for him to be able to sit on the throne of the second bodyguard agency. In the end, before he could even sit down firmly and have the time to be happy, the throne was changed to a Tiger chair and he had to be forced down by someone. Long kuiba's mood at this moment was so bad that he couldn't even cry ...

Under everyone's gazes, long kuiba sat down on the ground as if he had lost his parents. At this time, no matter what he said, it would be useless. He couldn't just run away like Cheng haonan. After all, he still had the entire Dragon Boat escort agency behind him. This was a Foundation he had built with great difficulty. He couldn't just give it up like this, so he could only wait here for boundless sea's judgment.

"Now, everyone knows that Cheng haonan is an evil cultivator. There is no doubt about it. If the Longzhou escort agency let an evil cultivator participate in the competition, what will happen to the entire South continent escort agency Alliance? Could it be that our South continent's escort agency Alliance has fallen to such a state that we've become a nest of evil cultivators?" Boundless sea suddenly held the moral high ground. In a moment, he seemed to have returned to being the high-spirited boss of the escort agency.

In the chaotic waters of the South continent, things like morality were worthless. However, in certain special situations, it could kidnap everyone and become a weapon that no one could resist. Boundless sea clearly knew this well.

At this time, even Zhao bufan and the others couldn't interrupt. If they followed boundless sea's words, then they would become his lackeys. But if they went against boundless sea, then they would be openly protecting an evil cultivator. They wouldn't be able to take this kind of accusation, so they could only turn a blind eye.

Among the judges, only Qi Mingyuan was still frowning at boundless sea. However, he didn't rashly say anything. After all, they were talking about the Dragon Boat escort. He didn't need to get involved. It would make people think that he was trying to hide something. It wouldn't be too late to counterattack when the other side made trouble.

Facing the righteous boundless sea, long kuiba couldn't say a single word. The only thing he regretted the most right now wasn't forming an alliance with the poison eye mercenary group, nor was it letting Wu Bao Liang and Cheng Hao Nan fight. It was the night he went to visit boundless sea at the four Seas escort agency!

If he didn't take the initiative to give others a handle, even if he didn't have the chance to deal with the Qitian bodyguard agency and Ling Yi, even if he didn't get to be in the top five, he would at least be able to escape unscathed. It would be much better than letting others do whatever they want to him. Unfortunately, there was no medicine for regret in this world .

Chapter 4496 Eating Too Many Brain-Damaged Pills

So now, the fate of long kuiba and the entire Longzhou escort agency under him was in boundless sea's hands. He was the only person present who had absolute authority. Whether Longzhou escort agency lived or died was in his hands.

"Using evil cultivators to fight is an insult to the entire escort agency Alliance of the South continent. It's intolerable and unforgivable!" Boundless sea's stern expression scared long kuiba so much that his hands and feet turned cold. He then announced,""Now, as the Chief Judge of the conference, I cancel all the results of Longzhou escort agency in this competition. However, since you are not evil cultivators and were just deceived by others, we will temporarily retain the qualifications of Longzhou escort agency. We will see your performance in the next conference."

As soon as these words came out, the entire mo Leng square was filled with discussions. Long kuiba's ashen face suddenly came back to life with joy. He looked at boundless sea in disbelief. They were only going to cancel his results, not remove him from the list forever?

Boundless sea's tough attitude made people feel like he was going to fight to the death with Longzhou escort. Who would've thought that he'd just let them go so easily? this was really unexpected.

"Thank you, Chief Judge, for your magnanimity. It's my fault for being deceived by these two evil cultivators. We, the Longzhou escort agency, are willing to accept the punishment." Long kuiba came back to his senses and immediately thanked him. This result was already a blessing in the midst of misfortune. It was indeed a pity to lose second place, but since Qitian bodyguard agency was tied down with him, he could at least have some psychological comfort and it wasn't too bad.

"Well, whether you can be careful and change your ways will depend on your performance later." Boundless sea nodded lightly, acting like a great leader.

Looking at this strange scene, Qi Mingyuan could not help but frown. What was this guy trying to do? His intuition told him that boundless sea's actions weren't that simple. There had to be a deeper meaning.

"A big stick in one hand and a carrot in the other. Long kuiba and Longzhou escort were kicked off the stage by him, but they still have to be grateful to him. Boundless sea's methods are really superb." Lin Yi, on the other hand, smiled faintly.

Boundless sea's words about how he would perform in the future were like a sharp sword hanging over long kuiba's head. He had no choice but to bow and obey, and could only obediently be his little brother.

Otherwise, this sword could fall at any time. Just from this point, boundless sea's methods could be called brilliant!

"I just want to know what this guy is up to. Why did he tie the Qitian escort agency and Longzhou escort agency together? The Longzhou escort agency has sorcerers, but we don't. Isn't this nonsense?" Qi Wenhan was still frowning.

"Hehe, the dagger is revealed. We'll know when we see it." Lin Yi shook his head, not thinking much of it.

Sure enough, after boundless sea gained control of the situation at Dragon Boat escort, he immediately turned to Qi Tian escort. He looked at Qi Mingyuan with ill intentions. "Escort chief Qi, now that Longzhou escort agency has pleaded guilty, you've seen how I dealt with it. As long as you hand over the Sorcerer and cancel the results, I won't hold you responsible for anything else. I believe you're a smart person. Why don't you think about it?"

Lin Yi laughed. So this was boundless sea's plan. No wonder he let the Longzhou escort agency go so easily. Other than making it easier for him to control the Longzhou escort agency in the future, this was his more important goal-to split the Qitian escort agency apart!

To be more precise, he was trying to separate him from Qi Mingyuan and the others. Without a doubt, Lin Yi was the only person who could match the evil cultivator that boundless sea was talking about.

"Consider it?" "What's there to consider?" Qi Mingyuan sneered. Consider if I want to listen to your bullshit? Boundless sea, trying to tie the Qitian escort agency and Longzhou escort agency together with just one sentence? don't you think you're too powerful?"

"You!" Boundless sea choked. He'd never thought that Qi Mingyuan was this strong before, but now that the Qitian bodyguard agency had reached the top, he'd become so aggressive and didn't even put him in his eyes.

If Qi Mingyuan had dared to talk to him like that in the past, boundless sea would've stepped on him long ago. As the boss of the escort agency, he definitely had the confidence to do so. However, things were different now. The Qitian escort agency was the boss of the escort agency in name. Before he confirmed that Qi Mingyuan was a black magic cultivator, boundless sea really couldn't do anything to him.

"Qi Mingyuan, I'm giving you a way out. Don't refuse a toast only to drink a forfeit. You used a sorcerer to cheat and gain points. You're in such a big mess. What's there to be arrogant about?" Boundless sea's expression changed.

"Heretic practitioner? Hmph, Hmph, you're really putting a big hat on me. I'll just ask, who in the Qitian bodyguard agency is a heretic practitioner?" Qi Mingyuan laughed coldly. Of course, he knew that the other party was referring to Ling Yi. He didn't dare to say anything else, but if someone were to say that Ling Yi was a sorcerer like Wu Bao Liang and Cheng haonan, he would never believe it.

"Ling Yi!" Boundless sea's face turned sinister as he shouted, ""You dare to say that Ling Yi isn't a sorcerer?"

At that moment, everyone looked at Lin Yi with suspicion and judgment. Wu baoliang, Cheng haonan, and this Ling Yi could be said to be the most impressive Aurous core stage Masters of this gathering. Their strength was enough to make people's hair stand on end. Now that it was proven that the first two were evil practitioners, what about this Ling Yi?

This kind of logic naturally made everyone stand on the opposite side of Lin Yi. This move of pushing the boat with the current without leaving a trace, Boundless sea was very good at it.

Qi Mingyuan was just about to retort when Lin Yi walked out from below the stage. He raised his head and glanced at Boundless sea, curling his lips. "Which eye of yours could tell that I'm a heretic practitioner?"

"Hmph! You still want to deny it now? Your moves are the same as Wu Bao Liang's, if you're not an evil cultivator, then what are you? Could it be that all of us righteous cultivators can already use the martial techniques of evil cultivators?" Boundless sea said condescendingly.

Everyone present nodded. Evil cultivators and true cultivators were two completely different systems. Just like how evil cultivators could not use the martial techniques of true cultivators, true cultivators could not use the martial techniques of evil cultivators either. This was a well-known truth.

And the move Lin Yi used just now, although it looked a little different, was essentially the same as Wu Bao Liang's move. Boundless sea's words were indeed very suspicious.

"Hehe, let me ask you a question first. Did you eat too many brain-dead pills?" Lin Yi asked with a smile.

"Ha?" Boundless sea paused. He didn't know what a retard was, but he could tell from Lin Yi's mocking expression that it wasn't anything good. His face turned ugly.

Chapter 4497 You Knew?

"Just because they have the same moves, they must be heretic practitioners? That evil cultivator only used a normal punch, so you can't punch anymore? Otherwise, you'll also be an evil cultivator?" Lin Yi said with a cold smile.

Everyone looked at each other-good and evil were irreconcilable, and their skills couldn't be used together, but Lin Yi's statement wasn't wrong ...

"Unreasonable! One is an ordinary fist and kick, while the other is a serious martial skill. Are these two the same thing?" Boundless sea immediately exploded with anger. His face was filled with killing intent. "Cheng haonan has already run away, and you're still not running? do you really think that our South continent escort agency Alliance has fallen to the point of being associated with evil cultivators? You really don't even know how to spell the word "death"!"

"Hehe, I don't know how to spell the word" death. "Could it be that you know?" Lin Yi's expression was completely fearless, as if he didn't care about boundless sea's accusation at all. He even had the mood to tease him.

Boundless sea was furious. If it wasn't for his status, he would've done it for Tian xingdao himself. With his shrewdness, he wouldn't lose his mind just because of Lin Yi's words. The main thing was that the awkward situation he and the four Seas escort agency were in right now was all caused by Lin Yi. How could he not hate him?

Now that he had the chance to kill Lin Yi to vent his anger, he was more than happy to do so!

However, boundless sea didn't act rashly because he didn't know how Qi Mingyuan would react. It was fine if he just stood by, but what if he attacked together to protect Lin Yi?

When that time came, it would be a chaotic battle, and the situation would be completely out of control. That wouldn't benefit Boundless Sea at all. Right now, the right to speak was completely in his hands. He didn't want to take unnecessary risks.

Moreover, if he killed Lin Yi, Qi Mingyuan would insist that he killed him to silence him. That would be troublesome!

"Hmph, it's useless no matter how much you say. I don't want to quibble with you!" Boundless Sea immediately turned to everyone and said, "Lin Yi used the same martial skill as Wu Bao Liang, that's enough to prove that he's the same as Wu Bao Liang and Cheng Haonan, they're all evil cultivators, this is something everyone can see, it's undeniable!"

He was afraid that things would change as time went on, and Boundless Sea was ready to make a final decision. After all, Lin Yi was different from Wu Bao Liang and Cheng Haonan. He had to make a quick decision.

"Hold on!" At this time, Qi Wenhan suddenly stood up and said in a clear voice, "Lin Yi is an inner disciple of the three pavilions of the North Island. He also has the mission token of the three pavilions of the North Island. This time, he came all the way to the South continent just to kill the evil cultivator, Wu Bao Liang. How could such a person be an evil cultivator?!"

As soon as he finished speaking, everyone was in an uproar and couldn't help but discuss.

"So you're a disciple of the North Island's three pavilions. Then you can't be a heretic practitioner." Many people immediately nodded.

"That's right. Although the strength of the North Island can't be compared to our South continent, their cohesion is extremely high. Moreover, the three pavilions of the North Island are also full of experts. There are even big shots at the xuansheng stage and the mountain opening stage. They have always considered themselves as a prestigious and upright sect. How could a place like this accept an evil cultivator as a disciple?" Those who knew more about the North Island agreed with this.

"That's right. The North Island is not like our place. We often have evil cultivators here. The North Island is well managed by the three pavilions. Not to mention their internal disciples, even the surrounding cultivator tribes have no place for evil cultivators to live." Everyone agreed.

Hearing everyone's discussion, boundless sea couldn't help but change his expression. Things were going to get out of control if this continued!

Lin Yi was a disciple of one of the three pavilions on the North Island-even boundless sea didn't know about this. After all, Lin Yi only told Qi Wenhan and a few others about his background when he first arrived at the Yu Luo Sea area. He didn't mention it again after that. Even if boundless sea sent someone to investigate, they wouldn't be able to find out in a short time.

"You can't say that. Even if Ling Yi is a disciple of the North Island's three pavilions, that doesn't prove that he's not an evil cultivator!" Boundless sea immediately denied.

"Oh? Then, according to boundless sea, the South continent's escort agency Alliance wouldn't be in cahoots with the evil cultivators, but would the three pavilions of the North Island accept them? Why don't we write a letter to the North Island and explain your doubts to the higher-ups?" Qi Mingyuan, who was beside him, slanted his eyes and teased.

"I didn't mean it that way!" Boundless sea couldn't help but shrink back. He might look like an Overlord in the South continent's waters, but compared to the three pavilions, he was nothing. They could just send a decent higher-up and crush him in a matter of minutes.

"You keep saying that even if he is a disciple of the North Island's three pavilions, it can't prove that he is not an evil cultivator. If that's not what you mean, then what do you mean?" Qi Mingyuan said with an unfriendly expression.

"Hmph, according to my investigation, that Wu Bao Liang was once a disciple of the North Island. Since he's also a heretic practitioner, how can you prove that Ling Yi isn't?" Boundless sea snorted and then added, "I, the Chief Judge, have always respected the three great pavilions of the North Island. However, for such a huge force like the three great pavilions, it's normal for one or two scumbags to be mixed in without being detected. Wu Bao Liang is the proof!"

Everyone was stunned. Today's matter was getting more and more interesting. It turned out that even Wu Bao Liang was a disciple of the North Island's three pavilions. This was really unexpected.

"Hold on, boundless sea, you said you've investigated?" Qi Mingyuan's eyes suddenly narrowed, "this means that you already knew about Wu Bao Liang's background. However, you didn't think of stopping him as soon as possible. Instead, you just watched Wu Bao Liang fight in the ring?" Why don't you tell me what your intentions are?"

For a moment, everyone looked at boundless sea with a playful look. Anyone with a quick mind would know what was going on behind the scenes. However, boundless sea was the main judge of the conference. He claimed to be fair and just. If he did something like this, that would be too hypocritical.

According to the general public opinion in the South continent's Sea area, they would worship a hero who dared to do things, but if he was a hypocrite who was two-faced, he would be more despised than a real villain.

"I ..." Boundless sea suddenly started sweating like rain. He had been so focused on pulling Ling into the water that he had forgotten about such an obvious flaw. He quickly came up with an excuse. "Previously, I only found out that Wu Bao Liang was a disciple of the North Island's three pavilions, but I couldn't confirm that he was an evil cultivator. In order to not wrongly accuse a good person, I, as the Chief Judge of the conference, of course, can't just suspect others without sufficient evidence ..." "

Chapter 4498 Dejected

This explanation made sense, but from everyone's expressions, it was clear that they wouldn't easily believe it. In the South continent's waters, where conspiracy theories were so popular, someone who believed boundless sea was so innocent wouldn't be able to survive until now.

"Since you're so careful, why are you calling our Ling Yi a heretic practitioner just because of some groundless accusations?" Below the stage, Qi Wenhan snorted and sneered, ""And your logic doesn't make any sense at all. If he and Wu Bao Liang are evil cultivators who escaped from the three pavilions of the North Island, then why did they come all the way here to the escort agency meeting in the South continent to fight? do you think that they are all as stupid as you?"

Being ridiculed by a junior like Qi Wenhan, boundless sea couldn't help but be furious. But in the end, he suppressed his anger and didn't attack. He said with bad intentions, "This is a matter between the evil cultivators. If you want to know, you have to ask them themselves. If I were to speculate, it's most likely because he and Wu Bao Liang cultivated the same heart technique, so he killed them to cover up his identity as an evil cultivator ..."

"You're slandering me!" Qi Wenhan was furious. Boundless sea was definitely going to pin the crime on Ling Yi. With just a few words, he wanted to kill Ling Yi. He was sinister and vicious. His heart deserved to be punished!

"Hmph, I think you're the one who's talking nonsense. You didn't even know that an evil cultivator had made it to the top of the escort agency. Now, you still dare to protect the evil cultivator in public. Do you really think that the South continent escort agency Alliance can't deal with your Qitian escort agency?" Boundless sea glared at him coldly, looking very righteous.

Qi Wenhan could no longer hold back his anger. Even his father, Qi Mingyuan, clenched his fists tightly. The entire Qitian bodyguard agency was united against a common enemy. As long as the order was given, they would fight on the spot. The moleng square was in a state of jittery, and it seemed like a storm was coming.

At this moment, a man in the Chamber of Commerce's representative seat next to the judging team suddenly stood up and cleared his throat to interrupt, ""Can everyone hear me out?"

Everyone's eyes instantly focused on this person. Some sharp-eyed people recognized him at a glance. Wasn't this the manager of the Hong Chamber of Commerce's Xiao Luo branch, honest Chai, who had just been promoted not long ago?

The Hong Chamber of Commerce was the second largest of the five Sky Class islands. No matter where they went, they were a force that couldn't be ignored. Businessmen paid attention to amiability to make money. Not to mention the huge financial resources under their command, just the various forces and connections they had close relationships with were enough to make anyone feel intimidated.

To offend a Hong Chamber of Commerce was not as simple as offending a Big Boss of the Chamber of Commerce. It was almost equivalent to offending a large number of top forces, among which there was no lack of super overlords who ruled an Island.

So even though honest Chai was just a small manager of the Ming Luo branch, his appearance here represented the entire Hong Chamber of Commerce. His every word and action represented the Hong Chamber of Commerce's attitude. Even boundless sea didn't dare to look down on him, so he could only put down his status and flatter him.

After all, most of the escort agencies in the South continent, including the four Seas escort agency, received their business from these Chambers of Commerce. The Hong Chamber of Commerce, as one of their leading figures, was their financial backer. If they did not serve this big financial backer well, they would have to starve in the future.

Seeing honest Chai suddenly stand up, boundless sea's heart suddenly thumped. He had a bad feeling, but honest Chai's status was too important, so he didn't dare to interrupt. He could only say tactfully, "Shopkeeper Chai, can I trouble you to wait for a moment? How about we discuss the business matters in detail after we've settled the family scandal?"

"Escort leader hai, you misunderstood. What I wanted to say is not about business, but about young hero Ling Yi's identity." Honest Chai looked at boundless sea. Without waiting for him to speak, he turned to everyone and announced, "There's one thing that everyone might not know. I represent the Hong Chamber of Commerce to clarify. Young hero Ling Yi is the honorary Vice President of our Hong Chamber of Commerce. "

Honorary Vice President? The crowd was once again in an uproar, each and every one of their faces was filled with disbelief and shock. This unassuming Ling Yi was actually the honorary Vice President of the Hong Chamber of Commerce?

With such an identity and Halo, no matter where he went, he would be a real big Shot. You really can't judge a book by its cover, and the sea can't be measured by a bucket!

However, at the same time, everyone had the same doubt in their hearts. Why would such a Big Shot come to fight for the Qitian bodyguard agency? What's the point of doing nothing? The thoughts of important people were truly unfathomable ...

The crowd was still in shock, but Boundless Sea was completely dumbfounded. The investigation report on Lin Yi a few days ago didn't mention anything about this guy having such a bright Halo.

With the identity of the Hong Chamber of Commerce's honorary Vice President, a normal person would definitely want the whole world to know. But this guy didn't say a word from the beginning to the end, as if he couldn't see the light of day. Damn it, how could there be such a low-key monster in the world!

"Everyone, think about it. Our Hong Chamber of Commerce is open for business. How could we let a sorcerer be our honorary Vice President?" Honest Chai looked at Boundless Sea unkindly.

He was a coward, but Lin Yi was his Savior. He still needed Lin Yi and Hongzhong's protection in the future. Boundless Sea was a bastard, and he didn't care about his reputation. He'd be an ingrate if he didn't say anything.

This time, the situation had completely reversed. Everyone looked at Boundless Sea with suspicion!

Before, when Qi Wenhan proved that Lin Yi was a disciple of one of the three pavilions, Boundless Sea could still use Wu Bao Liang as an excuse. But now that Honest Chai had proven that Lin Yi was the honorary Vice President of the Hong Chamber of Commerce, he couldn't say that Wu Bao Liang was also the honorary Vice President, right? Even if Boundless Sea had a hundred guts, he wouldn't dare to create such a rumor ...

Lin Yi, on the other hand, was quite pleased to see Qi Wenhan, Qi Mingyuan, and honest Chai all stand up for him at this critical moment, even if it meant going all out against boundless sea.

But even if Qi Wenhan and the others didn't do this, Lin Yi alone was enough to clear his name. The reason why he remained silent was because the bigger the matter, the more embarrassing boundless sea would be!

Qitian bodyguard agency could rise to power, but the four Seas bodyguard agency still had its power as the old Overlord. Lin Yi wanted to step on this little bit of power and make boundless sea a laughingstock. He'd have no prestige left in the future.

And today, boundless sea dared to have such a crooked idea on his head, so he was destined to be dejected.

Chapter 4499 It's My Turn

"Ling Yi, although so many people have tried to clear your name, you used the same martial skill as Wu Bao Liang. This is definitely suspicious. If you really want to clear your name, then prove in front of everyone that you are not a black magic practitioner." In his anger and shock, boundless sea could only force himself to continue. With a cold face, he said, "If it can't be proven, then the results of the Qitian bodyguard agency for this competition will be fake and can't be counted!"

One path to the end-this was the situation that boundless sea was facing right now. He had no way out. The other escort agencies were fine, but if he didn't get rid of the Qitian escort agency and let them take over as the head of the escort agency, he wouldn't have a good life in the future.

Pointing out that Lin Yi was an evil practitioner was an idea he came up with after watching Lin Yi's fight with Wu Bao Liang. To be honest, he wasn't very confident, but he couldn't back down now. He had to believe that Lin Yi was an evil practitioner!

"Alright." Lin Yi smiled faintly and threw a wild fire Fist at the platform under boundless sea's feet. The heavily protected platform shook violently, and boundless sea almost lost his balance. Lin Yi said, "This is called wild fire Fist. That move just now is called wild fire thousand explosive fist. Are you satisfied now?"

This time, everyone was in an uproar. The power of the wild flame thousand explosive fist was too exaggerated, and it was exactly the same as Wu Bao Liang's wild sand thousand explosive fist. It was normal for them to have doubts. However, this wild flame fist could be distinguished without any eyesight. This was a standard fire attribute martial technique.

"This ... How is this possible?!" Boundless sea was about to go crazy.

No matter how many people stood up for Lin Yi, no matter how many halos Lin Yi had, he could always find a way to explain himself. Even if he couldn't kill Lin Yi and the Qitian bodyguard agency in the end, as long as the public was still suspicious, he would benefit. He didn't have to pay any cost anyway.

But now, Lin Yi was using a fire element skill, and his actions made all his suspicions disappear. What else could he do?

"What do you mean by" possible "or" impossible "? I'm a cultivator with a fire spiritual root. This is clear and definite. If you still want to say that I'm a heretic practitioner, then everyone here should be." Lin Yi said faintly.

"That's right, that means we're all evil cultivators. I wonder if you're one, escort leader hai?" Qi Wenhan laughed loudly as he echoed. Everyone else also laughed and nodded. Everyone knew that boundless sea had failed to harm someone and was instead stepped on. He had made a big fool of himself!

Boundless sea really wanted to cry, but no tears came out. He wanted to give himself two tight slaps. If he had known this would happen, he wouldn't have been so obsessed with trying to wipe out Qitian escort agency and Longzhou escort agency.

Otherwise, with the credit of him reporting the Dragon Boat escort agency, not only would the four Seas escort agency return to being one of the five major escort agencies, but they would at least be able to maintain a certain amount of authority. By then, even if Qi Mingyuan were to take over as the new leader of the escort agency, he would not dare to go against him too much because of the influence of public opinion. Although he would lose his former prestige, the situation would not be too bad.

Now, even though the four Seas escort agency had returned to being one of the top five escort agencies, everyone had seen how he had slandered the Qitian escort agency. This alone was enough to offset the credit he had earned for reporting the Longzhou escort agency. If he wanted to use this credit to talk about things in the future, not only would Qi Mingyuan not agree, even Zhao bufan and the others would not agree.

In particular, if he were to face Qi Mingyuan in the future, he would naturally be at a disadvantage to the dwarf. When Qi Mingyuan truly secured his position as the chief of the bodyguard agency, there would be a lot of suffering waiting for him ...

But even at this point, boundless sea still didn't give up. He still wanted to defend himself and save the situation, but Qi Mingyuan wouldn't give him any more chances.

"Escort leader hai, this year's South continent escort meeting has ended. According to the rules, I should be the new chief judge of the meeting. I should be the one to announce the closing words, right?" Qi Mingyuan laughed and pushed boundless sea to the side. Boundless sea staggered and almost rolled off the stage.

"I ..." Boundless sea's blood boiled. He couldn't help but want to flip out on the spot. As the head of the bodyguard agency for so many years, when had he ever been treated like this?

However, when he saw Qi Mingyuan's half-smiling expression and Zhao bufan and the others' playful gazes, he felt as if a bucket of cold water had been poured over his head. He could only choose to shut up resentfully.

It couldn't be helped, these people obviously had unfriendly expressions, and it looked like they were waiting for him to make a mistake!

If he really flared up on the spot, not only would it be useless, but he might even lose his position as one of the five major escort agencies. After all, things were different now. His Four Seas escort agency had become a thing of the past. From today on, the Alliance of escort agencies in the South continent had changed.

Helplessly, boundless sea could only swallow his anger and walk to the side. It was better to live than to die. Even if he knew that his future days wouldn't be easy, he wasn't willing to give up his position as one of the five big escort agencies. Otherwise, if the four Seas escort agency's orders drastically decreased in the future, it would be no laughing matter. It might even fall apart like the yuan Tong escort agency had ...

Hmph, this guy really knows how to endure! Qi Mingyuan glanced at boundless sea with some pity, then ignored him and began to announce the closing speech to everyone.

The closing speech was similar to the previous events. There wasn't anything special about it. The only difference was that it had always been boundless sea who read it, but now it was Qi Mingyuan.

At this moment, everyone looked at the high-spirited Qi Mingyuan on the stage and understood one thing. The new era of the South continent escort agency Alliance had begun!

A brand new era that belonged to Qitian bodyguard agency had just emerged out of nowhere. Regardless of whether everyone believed it or not, whether they were convinced or not, it would not change the general trend. The times would not change because of their will. Only when they took the initiative to adapt to the times would they be able to ensure that they would not be eliminated.

Those who were smart quickly realized that the central position of the demon cold Sea area would be replaced by the black arc Sea area in the future. After all, that was the headquarters of the Qitian escort agency. If everything went well, the next escort meeting of the South continent would also be held in black arc city. They were afraid that such a big scene would never be seen in the demon cold city again.

The change of times came so suddenly that everyone was caught off guard. However, when they thought about it carefully, it seemed to be so reasonable.

"What a pity, we didn't manage to take down that bastard boundless sea!" Qi Wenhan looked at his father's awe-inspiring appearance on stage with joy. At the same time, he couldn't help but look at boundless sea, who was being squeezed to the side.

Chapter 4500 20% Dry Shares

This time, boundless sea wasn't just targeting Lin Yi. He had a deep enmity with the entire Qitian bodyguard agency. Now that he had the situation under control, he didn't know how to deal with this bastard. It was really annoying.

"Hehe, this guy is a cunning old fox. Under such circumstances, it's impossible for him to take the initiative to give us something to use against us. If he wants to be a coward, we really can't do anything to him." Lin Yi nodded, a little disappointed.

"Then ... We can't just let him go like this, right? Isn't this too easy on this old bastard?" Qi Wenhan was still indignant.

"As long as he doesn't make any mistakes, this can't be helped." Lin Yi smiled helplessly. From this point alone, one could see how cunning boundless sea was. He was clearly targeting him and the Qitian bodyguard agency, but he said that he was doing it for justice. Even if it was a mistake, Lin Yi couldn't really blame him.

"No, I can't take this lying down. I have to find a way to get back at him." Qi Wenhan glared at boundless sea as he cursed. He wasn't one to return good for evil. That was the style of a hypocrite. Taking revenge was his personality. He was a genuine person.

"Actually, brother Qi, you don't have to be so angry. Right now, you're not suitable to deal with someone like boundless sea, and you're not at the level to do so. You'll easily give people a chance to gossip about you. It's best to leave this matter to escort chief Qi. I believe he won't disappoint you or me." Lin Yi smiled as he tried to stop her.

This was the truth. People like boundless sea were the best at putting on airs. There were only two ways to deal with this kind of person.

One could either be much stronger than him in terms of absolute strength and easily crush him like how those high and mighty East Province Academies ignored the rules, or one could use poison to attack

poison and force him to reveal his flaws. It would be difficult to gain an advantage with any other simple and violent method.

For Qi Wenhan, he obviously couldn't do either. In comparison, his father, Qi Mingyuan, might be able to do the second. After all, Qi Wenhan was a fierce and ambitious person. His shrewdness was much deeper than his hot-blooded young master 's. With his current position as the leader of the bodyguard agency, dealing with boundless sea shouldn't be a problem.

"That's true. Father is much better than me in this aspect. " Only then did Qi Wenhan dispel the idea. Professional things should be left to the professionals. If he rashly interfered, it would only ruin things. It was not that he did not understand this logic.

After Qi Mingyuan finished reading the closing speech, the three-day event of the South continent's escort agency finally came to an end. The people who had come from all over the country to watch the event dispersed. The various legendary events that had happened at this event would certainly spread through the entire South continent's Sea area through their mouths.

It was foreseeable that the name of the Qitian bodyguard agency and Ling Yi would inevitably become the topic of everyone's gossip. Ling Yi would become a legend in the South continent's waters, and the Qitian bodyguard agency behind him would usher in a new era.

After the meeting ended, the first thing that everyone in the Qitian bodyguard agency did was naturally to celebrate.

The Qitian escort agency had become the hegemon of the South continent in history. Everyone in the agency, from head escort Qi Mingyuan to the ordinary young escorts, still felt as if they were in a dream. The most common thing they did after the event was to pinch their own flesh. The more pain they felt, the happier they were ...

Lin Yi didn't know if he should laugh or cry at these lunatics. He didn't think that he'd be able to get such an amazing result, but he was an outsider after all. Even if he got first, it didn't really mean much. People who weren't from the South continent wouldn't understand the meaning behind it.

However, this didn't stop Lin Yi from becoming the main character of the celebration party. It was all thanks to Lin Yi that Qitian bodyguard agency was where it was today.

Lin Yi came to the escort party this time because he wanted to be an external helper other than dealing with Wu baoliang. He didn't expect that he would become the main force. More than 80% of the escort party's points were directly or indirectly related to him.

If one were to compare it to fighting on a battlefield, Lin Yi had simply raised his hand and swung his blade, cutting through the enemy's commander and soldiers, killing them all by himself ...

As the biggest contributor, Lin Yi was naturally the center of attention. Everyone in the Qitian bodyguard agency came to toast him one by one. Qi Mingyuan and Qi Wenhan, on the other hand, not only shed tears of gratitude, they even announced something big, something that could change the fate of the entire Qitian bodyguard agency.

The father and son decided to give 20% of the Qitian bodyguard agency's business to Lin Yi unconditionally in the form of free shares!

When they heard this from Qi Mingyuan's mouth, even the originally lively celebration couldn't help but freeze for a moment. After a long time, everyone finally reacted and looked at each other, their eyes full of envy and respect.

Before this, Lin Yi was the Qitian bodyguard agency's benefactor, their honorary escort leader forever. Although everyone respected him, they didn't feel any pressure from him. After all, the honorary escort leader was still an outsider.

However, things were different now. With 20% of the shares, Lin Yi was no longer just an outsider to them. He was now the third owner of the agency after Qi Mingyuan and Qi Wenhan!

It wasn't just the crowd that was shocked, even Lin Yi himself was stunned. He looked at Qi Mingyuan and Qi Wenhan in confusion. Why did they suddenly want to give him twenty percent of the shares?

"How can I accept this!" Lin Yi quickly rejected the offer. If it was just spirit Jade, he would be able to accept even a few hundred thousand. He had already made up his mind to make a batch of elixirs for the Qitian escort agency anyway, so he wouldn't let them suffer a loss. However, 20% of the shares was a completely different story.

The Qitian escort agency would definitely soar to the top in the future, let alone become the new Overlord of the escort agency. Even before that, the 20% dry shares of the Qitian escort agency was an astronomical figure. After all, it was one of the five major escort agencies. The 20% dry shares would be worth at least a million spiritual jades if converted to the current price. In the future, this figure would double!

"Brother Ling, don't be in such a hurry to refuse. This is a decision that my father, uncle song, and I have made after discussing it together. It is the result of careful consideration, not an impulsive decision. This is a good thing for you and US." Qi Wenhan smiled as he put his arm around Lin Yi's shoulder.
