

## Bodyguard 4571

### Chapter 4571 Sea Rift Stage

"Dead?" Lin Yi and the damn thing were shocked at the same time. Even the Dragon of five evils was already at the earth formation stage, so the five poison Dragon, its master, must be even stronger. A super spirit beast of that level couldn't even die if it wanted to, let alone be killed by humans. How did it die so suddenly?

"One day, the spirit beast clan's special voice transmission suddenly rang out in the sky of the entire southern island. They said that they had lost contact with elder Azure Dragon for several years. Even now, there is no news from him. Now that the new king of spirit beasts has succeeded the throne, the position of elder Azure Dragon, who is his right-hand man, naturally can not be vacant. Therefore, the king has decided to hold a public selection for the new Azure Dragon elder. There is a minimum requirement for the application, which is that the dragon clan's spirit beast must be at the sea splitting stage or above." The Dragon of five demons said from the beginning.

"Sea shattering stage?" Lin Yi was surprised-this was a new realm he didn't know about.

"Above the earth splitting stage is the sea splitting stage. If you want to become a top elder of the spirit beast clan, the strength of the sea splitting stage is the basic threshold. Otherwise, it is impossible to suppress so many rebellious and powerful spirit beasts. Even with the prestige of the dragon clan, it is not enough. Even the spirit beasts of the dragon clan may not be able to intimidate them, let alone the other clans." The ghastly thing explained.

"I see." Lin Yi's eyes brightened. He'd been trying to figure out how strong this thing was at its peak, from xuansheng to mountain opening to earth opening-he'd guessed almost everything. Now, he had a rough idea. It was probably sea shattering ... Or even above that! Just thinking about it was terrifying.

"So, your master, the five poison serpent Dragon, is going to participate in the selection of the new Azure Dragon elder?" The ghastly thing turned to the Dragon of five demons and asked in a faint tone.

"That's right. My master is qualified. Although he doesn't show up much, he's not completely pure of heart and has no desires. He still has some ambition. This time, he has the opportunity to become the new elder of Azure Dragon, so he naturally won't let it go. Moreover, with his strength, it can be said that he has a great chance of becoming the new elder of Azure Dragon. This position is in his bag if there are no accidents." The Dragon of the five demons said with a burning gaze.

"Although I've never seen this five poison serpent Dragon, with its powerful innate talent of all five elements, it's difficult for ordinary spirit beasts to be its opponent. Even if it's at the same level, it has a greater chance of winning." The ghastly thing commented.

Lin Yi nodded. If even the ghost said so, it meant that the five poison Dragon did have the strength to become the new elder. He asked, "What happened after that? Could it be that there's a spirit beast from the dragon clan who's stronger than your master?"

"No, I didn't," The Dragon of the five demons shook his head decisively.

"No? Were you there during the selection?" Lin Yi asked, confused.

"I wasn't at the scene. With my strength at that time, if I went out, I would easily become food for other spirit beasts. Not to mention that at the realm of the sea splitting stage, they have already reached the acme of perfection in fighting each other. If they don't have enough strength, they won't even be able to see through it. Instead, they will be easily shocked to death by the aftermath. That's why my master didn't take me to the selection." The Dragon of five evils shook his head.

"Then how did your master ..." Lin Yi didn't continue. If the five poison Dragon was really that strong, there must be a lot more to it than met the eye.

"My master told me all this after he escaped. He was confident enough to compete for the new Azure Dragon elder's position, but he didn't expect that the Vermillion Bird elder who presided over this matter had already chosen a candidate. The so-called public selection was just a formality. Unfortunately, although the candidate they decided internally was very powerful, my master, who came out of nowhere, was still better. That Vermillion Bird actually poisoned my master in secret. As a result, my master was caught off guard and was seriously injured. He escaped back to the five poisons swamp with all his might!" The Dragon of the five demons gritted his teeth and said.

"Eh? Since it was able to escape back here, even the Vermillion Bird should be helpless against it. How could it have died?" The ghastly thing suddenly asked.

Only spirit beasts with all five elements or human cultivators could enter and leave the five poisons swamp freely. So far, there were only three of them that the damn thing knew-the five poison Dragon, the five demons Dragon, and Lin Yi. Other than them, no matter how strong one was, they couldn't enter, not to mention the Vermillion Bird. Even he couldn't do anything when he was at his peak, so this was a natural shelter. In theory, as long as he could escape back, there was no way he could escape. No matter how strong the Vermillion Bird was, he couldn't do anything to him.

"Although my master barely managed to escape, he was already heavily injured and was at the end of his rope. His injuries were worsening, and he couldn't heal himself by himself. However, the Vermillion Bird had people stationed up there, so it was impossible for him to escape and find help. In the end, he could only accept his fate and forcefully transfer all of his strength to me through abhisheka, which was why my strength increased so quickly. It's already done for ..." When the Dragon of the five demons said this, the dignified earth opening stage super existence couldn't help but have his eyes turn red and tear up.

Although it was a fierce and powerful spirit beast, it was far more sentimental than ordinary humans. To it, the five poison Dragon was not only a master, but also a loving father. It was the only warmth it had ever felt since coming to the Sky Class Island, especially when it had risked its life to pass on all its strength to it. Even its own son was no better than it.

Men don't shed tears easily. The Dragon of the five evils didn't know what tears were since birth, but the death of the five poison serpent Dragon made it taste tears for the first time in its life.

Lin Yi was speechless. He didn't think that the five poison Dragon would die because of this. He looked at GUI Wuqing subconsciously. The five poison Dragon was strong, but if they were to compare, the former Azure Dragon was still stronger.

If the five poisons flood Dragon was replaced by a ghost, it could still transform into a primordial spirit form after escaping back to the five poisons swamp. It would have more or less a chance to stage a comeback in the future and would not die like this.

Of course, this demonic thing's heaven-defying ability was probably the only one in the world, and there was no second one. After all, the primordial spirit existed on the body. Once the body was destroyed, no matter how strong the primordial spirit was, it would become a tree without a source. In the end, it could only end up dying gradually, and it could not continue to exist like this demonic thing.

"The five poison serpent Dragon is both my teacher and my father. The Vermillion Bird blood sea and I have an irreconcilable feud. One day, I will definitely take my revenge! Kill it and offer it to my master's spirit in heaven!" The Dragon of five demons roared with all his might, his eyes spewing fire.

Chapter 4572 Requesting Help

The solidified evil energy poured out of his body without any restraint, causing the entire five poisons swamp to surge. Lin Yi, who was close by, almost suffered internal injuries from the shock. Fortunately,

his strength had increased recently, or he would have died from the accidental injury caused by the agitated Dragon of five evils. He would have died with a grievance.

"That bastard Vermilion Bird actually did such a thing. When I recover my strength, I'll be the first one to tear it apart!" The demonic creature was also gritting his teeth in anger. As the former Azure Dragon, he was the undisputed leader of the Dragon Tribe. Now that he heard that such an important member of the Dragon Tribe had died at the Vermilion bird's hands, he wanted nothing more than to fight the Vermilion Bird to the death!

The Dragon of the five demons was still immersed in sorrow and anger at first. After hearing the ghastly thing's words, he was suddenly stunned. He sized up the ghastly thing with a probing look in his eyes. He had been suspicious of the ghastly thing's identity since the beginning. From the way it spoke, it could even deal with the Vermilion Bird at its peak state. It must have a powerful background.

"Fifth fiend, do you know who I am?" The ghastly thing suddenly said to the Dragon of five demons.

"You ... Aren't you just a primordial spirit from the mortal world?" The Dragon of the five evils couldn't help but ask in surprise.

"A primordial spirit from the mortal world? Hmph, do you think that in the secular world, where spiritual Qi is extremely thin, there would be a single primordial spirit for no reason?" The ghastly thing pursed its lips and snorted before revealing its identity. ""To tell you the truth, I'm the Azure Dragon elder who has been missing for many years!"

"Ah? You're the elder of the Azure Dragon? How was this possible? Then why are you in this state?" The Dragon of the five evils was shocked when he heard this. Even his master, the five poisons Dragon, did not become an elder of the Azure Dragon. Although there was a reason for this, he felt that the previous

Azure Dragon must have been a super terrifying top-notch spiritual beast. How could he have a broken primordial spirit?

"I can't explain it in a few words. To put it simply, I ended up in this state because I wanted to leave the mortal world. I can only struggle on my last breath. Otherwise, how could I allow that bastard Vermilion Bird to be so unscrupulous ..." The ghastly thing smiled bitterly.

The Dragon of the five demons was completely shocked. Its pair of huge bronze eyes were full of disbelief as it sized up the ghostly thing. Although it only said a few words, the inside information revealed was enough for it to digest for a while.

After a moment of silence, the Dragon of five evils suddenly prostrated on the ground and saluted the ghastly thing respectfully in a way unique to the dragon clan, ""The Dragon of the five evils greets senior Azure Dragon!"

If it was someone else, the Dragon of the five demons would definitely not believe this so easily just because of a few words. However, because it had dealt with this person in the secular world before, and also because it felt a trace of the senior's pressure from its own kind from this ghastly thing!

The last time in the secular world, due to its low strength, the Dragon of five evils only knew that the other party was an existence far above itself. Other than that, it knew nothing about anything else. However, this time, it was already at the earth formation stage. At a close distance, it could clearly feel the faint trace of the ancient primitive dragon clan's aura from the ghost's body. Even when it was angry just now, it trembled. There was only one explanation for this-even if the person in front of it was not the Azure Dragon elder, They must be seniors with great experience.

Since he was a senior of the dragon clan, the ghost's words were naturally credible. Besides, there was no need for the ghost to lie to him about this. After all, it was meaningless. The Dragon of five evils

would not really obey the orders of the former Azure Dragon elder. At most, he would be a little more respectful.

"Get up. I'm no longer elder Azure Dragon. If you call me senior Azure Dragon, others will think that you're Vermillion bird's accomplice." "You can call me senior ghost like Lin Yi!" The ghost laughed.

"Yes, senior ghost!" The Dragon of five evils quickly changed his words and looked at Lin Yi, asking, ""I was wondering why you guys came to this place. I'm a spirit beast with all five elements, so it's understandable that I was sent to this five poisons swamp. But how did you, a human cultivator, fall here? could it be that you're not actually a human, but a spirit beast?"

Hearing the Dragon of five evils's wild guess, Lin Yi, who was speechless at first, suddenly laughed and said, ""You're at the earth formation stage now. Can't you even tell if I'm a human or a spirit beast?"

"I could see it at first, but isn't this senior ghost? maybe he used some special means to make people completely unable to see the traces of your spirit beast?" The Dragon of the five demons said while shaking its head. Although it was just a broken primordial spirit, it could be seen that it was still very trusting of this ghostly thing, the former Azure Dragon.

"Alright, then I'll tell you with certainty and certainty that I'm a human!" Lin Yi laughed and shook his head. The Dragon of five evils was still confused, so he explained, "The reason why I fell down here was actually because I was chased by an evil cultivator expert named West Mountain old sect. I had no choice but to escape down here. Only here did he not dare to chase me down. If it were any other place, I would have been killed by him a thousand times."

"West Mountain old sect? Is this heretic practitioner very powerful?" The Dragon of five demons asked casually. Although they couldn't be compared at all to earth opening stage beings like him, Lin Yi's

strength wasn't weak in his eyes. Not to mention, he had the help of that damn thing. Normal Masters wouldn't be able to catch him in such a difficult position.

"It's a Big Shot of evil cultivators at the beginning of the mountain. He's nothing to you, but he's very difficult for me. I've been here for a few months, but that guy still hasn't given up. He's still sending people up there to monitor me. Once I go up, he'll know immediately, so I'm completely trapped here." Lin Yi paused, his eyes lighting up as he looked at the Dragon, "By the way, if I go out and kill those two spies, the West Mountain old sect will definitely rush over at the first moment. Can't you just help me get rid of him? He's just a heretic practitioner at the beginning of the mountain, so he should be a piece of cake for you, right?"

"Of course. What bullsh \* t evil cultivator Big Shot? if he dares to behave atrociously in front of me, I'll slap him to death and drink with him!" The Dragon of the five evils said arrogantly. This was really not a big deal. With its current strength of the earth formation stage, it would definitely be a matter of minutes to deal with a mere West Mountain old sect.

"Alright, I'll go up and kill those two bastards, li Yanji and Guan Zhiyuan. I still have some old grudges with them. Once they're dead, the West Mountain sect will definitely come. I'll leave the rest to you." Lin Yi decided.

With his personality, he would not trouble others, but this time, he really had no choice!

Chapter 4573 Don't Dare To Go Out

Normally, no matter how strong or terrifying the other party was, Lin Yi would wait until he was strong enough to deal with them himself. However, this West Mountain old sect guy was too much of a hindrance that he couldn't even return to the North Island. He could only watch helplessly as the time limit was about to pass. Now that he had unexpectedly found the Dragon of five evils as a strong support, it wasn't impossible to get rid of West Mountain old sect with a helping hand.

"Uh ... Wait a minute, killing that West Mountain old sect is indeed not a problem for me, but ..." The Dragon of the five evils hesitated for a moment with an embarrassed expression, then lowered his head in embarrassment and said weakly, ""But I don't dare to go up."

"Ha? You don't dare to go up? Why is that so?" Lin Yi blinked.

"You don't know this, but ever since my master, the five poisons Dragon, escaped, the Vermillion Bird and the others have set their eyes on this five poisons swamp. They were afraid that my master would not die, so they specially set up a monitoring array unique to the spirit beast clan on it. Once this monitoring array detects the slightest dragon clan aura, the Vermillion Bird will immediately rush over, and I will be in trouble." The Dragon of five evils said helplessly.

Even though it was a Supreme existence at the earth formation stage, there was still a big gap between it and the Vermillion Bird, a top elder of the spirit beast clan. Even its master, the five poison flood Dragon, was not the Vermillion bird's opponent. If they really fought, it would be destroyed in minutes.

"The Vermilion Bird set up a surveillance array on it? "Haha, we're brothers in the same boat ..." Lin Yi smiled bitterly.

He didn't expect the Vermilion Bird to be as careful as the old sect master of West Mountain. Lin Yi and the Dragon of five evils, one was being monitored by the old sect master of West Mountain, and the other was being monitored by the Vermilion Bird. They were both in the same boat.

"According to my master, I've never shown my face ever since I was teleported here, so the spirit beast clan still doesn't know of my existence. They only know of my master, the five-poison Dragon. So, before I'm strong enough to take revenge on the Vermilion Bird, I must not reveal my aura at all. I can only hide here and cultivate in secret." The Dragon of five evils looked at Lin Yi apologetically.

It did have the intention to help Lin Yi, but if the Vermilion Bird found out about it and killed it, that would be stupid. No matter how impulsive it was, it wouldn't be stupid to do that.

"If that's the case, then let the old monster of West Mountain sect live a little longer. There are many days ahead. I'll think of another way to get out of here." Lin Yi nodded. It wouldn't matter if it was just a small favor, but if it was a favor that harmed the Dragon of five evils, then he wouldn't be able to live with himself.

"By the way, why did that evil cultivator called West Mountain old sect want to kill you? You won't rest until either of us is dead. Did you kill his father or his son?" The Dragon of five evils asked curiously.

"Not too far off. I killed two of his disciples, and one of them seems to be his nephew, so he chased me all over the world. I've already been chased once before, but I managed to escape to the inner parts of the southern island and got rid of him. This time, I was planning to return to the northern island, but I was discovered by him as soon as I left the dock. There was only the five poisons swamp nearby, and he didn't dare to come in, so senior ghost let me escape in and hide for a while. I didn't expect him to be so unwilling to give up. It's been four months, and he still has people guarding it. I can't even get out." Lin Yi shrugged helplessly as he explained. He was really at his wit's end now that he'd met a stubborn rival like the West Mountain old sect.

"Sigh, it's a pity that I can't even protect myself now, and I can't help." The Dragon of the five demons sighed.

"It's fine. Who would've thought that we'd be in such a difficult situation? I'll think of a way to get out myself." Lin Yi waved his hand with a smile. A living person wouldn't die from pissing. As long as he put in the effort, he believed that he could find a way.

"Hoho, although I can't go up and help you kill that West Mountain old sect directly, it's not impossible if I just want to get out." The Dragon of the five demons suddenly laughed and said mysteriously, ""You probably don't know yet, but the five poisons swamp isn't the only exit in this space we're in!"

"Is there a second exit?" Lin Yi was surprised and happy at the same time. Killing the old sect master of West Mountain or not was secondary, but if there was a second exit to get rid of the old sect's surveillance, everything would be fine.

"That's right. As far as I know, there is indeed a second exit. " The Dragon of five evils nodded affirmatively and said, "don't be fooled by the dense killing aura of the five elements above. In fact, many places are not within the scope of the five poisons swamp. If you go further up, you will find that you are separated from the ground and can't pass through the top. So, if you want to get in and out of here, you must go through the entrance. The five poisons swamp you came in from is only one of them. There is another place that you can get in and out of here."

"Really? That's great, please take me to see it!" Lin Yi said quickly. It was a little short on time until the mission deadline, but as long as they could get out, Lin Yi believed that they could make it back to the North Island in time. After all, the bird was now an original infant stage spirit beast, and its flying speed was much faster than when they first came!

The West Mountain old sect would definitely only be stationed at the side of the five poisons swamp. He probably didn't even know that there was such a mysterious and vast space below, let alone the second exit. Therefore, as long as he left through the second exit mentioned by the Dragon of five evils, he would definitely be able to shake off the West Mountain old sect and not be noticed.

"Alright, it's no problem to get rid of that old sect of West Mountain at the second exit, but ..." The Dragon of five evils suddenly stopped talking.

"But what?" Lin Yi quickly asked.

"However, this second exit is not like the five poisons swamp here. Although it is also densely covered with the killing Qi of the five elements, you can definitely get out, but it depends on whether you have the courage to do so." The Dragon of five evils looked at Lin Yi and said.

"What's wrong? Could it be that there's danger outside?" Lin Yi's heart tightened-he'd finally found a way out, and he didn't want to be doused with cold water again.

"It's not that dangerous, but it's the same as the five poisons swamp. There's a monitoring formation that's specifically targeted at my master. Although you don't have the aura of a Dragon on you, it won't cause too much of a reaction if you go up, but you'll definitely be discovered." The Dragon of the five Demons Explained.

"Uh, even Vermilion Bird and the others know about this. They're not simple!" Lin Yi couldn't help but exclaim. Even the ghost had spent a lot of time and energy to investigate the five poisons swamp, but he could only make a rough guess. He didn't even know that this space was connected to a second exit. He didn't think that Vermilion Bird and the others would even know about this. It was clear that this ambitious elder couldn't be underestimated, no matter his strength or ability.

Chapter 4574 Continue To Stay

"Who asked my master to be such a huge threat to them? of course they'd let their guard down, or else they'd lose their position." The Dragon of the five demons curled his lips and said.

"That's true, but although there is a surveillance array at the exit, it shouldn't do anything to me. I came in from the five poisons swamp and I didn't see any spirit beasts." Lin Yi said as he pinched his chin.

"They won 't, but it's hard to say here." The Dragon of the five demons shook his head.

"Why?" Lin Yi was surprised.

"That's because it's the territory of the spirit beasts. It can be considered the hinterland of the southern island." The Dragon of five evils said. It had never gone up from that exit. To be precise, it had never taken a step out since it was teleported here. However, the five poisons Dragon had told it a lot of these things when it was alive. Moreover, it had also received all the strength of the five poisons Dragon, which involved the inheritance of the primordial spirit and many of the five poisons Dragon's memories.

"Oh my ... The central area of the southern island ... How would I dare to go there ..." Lin Yi facepalmed. The central area of the southern island was a forbidden area for human cultivators, not to mention that the Vermilion Bird had already noticed him. He'd be asking for death if he appeared in such a suspicious place!

In the previous five poisons swamp, there might not have been any spirit beasts guarding it because it was too far away, but that might not be the case here. This was the hinterland of the southern island of the spirit beast clan. Sending a few powerful spirit beasts to watch over it was just a matter of convenience. The Vermilion bird's behavior was almost the same as that of the old sect master of West Mountain. Unless he saw a corpse, he would not give up easily no matter how much time had passed.

"That's right. You can't go back to the southern island now even if you're beaten to death. You might have a chance to survive if you're faced with the evil cultivator from the West Mountain old sect, but if you're targeted by the Vermilion Bird in the hinterland of the southern island, you won't even know how you died!" The demonic thing didn't agree with Lin Yi going through this exit either. He knew the Vermilion bird's suspicious personality, and if Lin Yi were to rush out of this suspicious exit, he'd be caught and his spirit sense would be extracted without a second thought.

"Why is that? It's a little dangerous for a human cultivator to appear in the hinterland of the southern island, but with your strength and senior ghost's protection, it shouldn't be too difficult for you to escape unscathed, right? The surveillance formation won't have much of a reaction to you, so as long as you don't get caught by the spirit beasts when you go out, it shouldn't be a big problem, right?" The Dragon of the five demons couldn't help but ask curiously.

"You don't know about this. After I was chased by the West Mountain old sect and fled to the South Island, I accidentally barged into the spirit beast meet organized by the Vermillion Bird and the others. I was also suspected by everyone and almost couldn't escape. Later, I barely escaped by using the escape technique of peeing. I guess I'm already on the wanted list of the spirit beast clan. If I appear in the hinterland of the South Island again, I'll be walking into a trap." Lin Yi couldn't help but smile bitterly.

He was just an insignificant person, and even if he was discovered to be a human cultivator, he'd just run away-it wouldn't be enough to cause the Vermillion Bird to make a big fuss, but he just so happened to hear the Vermillion bird's plan. It could ruin the plan if it was leaked, and it could ruin the plan halfway. If Lin Yi were in the Vermillion bird's position, he'd put him on the wanted list without hesitation and kill him.

"Uh, there's actually such a thing. Then we really can't go up from that exit." The Dragon of the five evils re-sized Lin Yi up in shock. He didn't think that Lin Yi would have interacted with Vermillion Bird before. He was really lucky to be able to escape with his strength.

"Sigh, it seems that the heavens want me to stay here and cultivate for a while longer. Since I'm already here, I'll just take things as they are. Anyway, I can't leave since I'm stuck on both sides. Let's cultivate together. We can also keep each other company." Since there was no way out, Lin Yi could only accept the reality.

"I guess that's the only way." The Dragon of the five evils nodded. It was the only one in this vast space, boring and depressed. Now that it had an old friend like Lin Yi as its companion, it was a good thing.

"By the way, how do you usually cultivate?" Lin Yi suddenly asked. The other party was an earth opening stage super spirit beast, and he was very interested in this question. Besides, the Dragon of five demons had all five elements just like him, so there might be something worth learning from.

"Me? When I cultivate, I sleep. Before I met you, I was still sleeping, and I slept for more than a year. " The Dragon of five evils's answer made Lin Yi's jaw drop-sleeping was training, what the hell was this?

Lin Yi subconsciously turned to look at the spirit Bird beside him. He had never seen this guy train before. It only jumped and played around, and it broke through from the peak of the Foundation Stage to the current original infant stage. The Dragon of five evils, on the other hand, was only at the earth opening stage. It just needed to sleep and wake up to level up. If all the spirit beasts were like these two, they were definitely God's favorite!

In comparison, Lin Yi himself, a human practitioner, could only barely level up a few times-he was nothing compared to these two! Even Lin Yi was like this, not to mention the other human practitioners-they'd all cry if they said more.

"Actually, you don't have to be envious. Cultivating in the dream is an inherent talent of most dragon clan spirit beasts. After all, the dragon clan is very fond of sleeping. If you expect them to only cultivate when they are awake, then they probably won't be able to advance a few levels even if they exhaust themselves to death in their entire lives. If that were the case, the dragon clan would have been wiped out long ago," The ghastly thing laughed and explained,""Don't forget that I've also been recovering in a deep sleep. Moreover, the fifth fiend has received the powerful inheritance of the five poison flood Dragon. If he doesn't sleep for a long time, he won't be able to digest all his strength. "

"That's ridiculous, you can level up just by sleeping. If those human practitioners who couldn't even level up after taking drugs heard about this, they'd probably puke blood ..." Lin Yi was speechless.

"Hehe, this does sound a lot easier for the Dragon race, but in fact, there are advantages and disadvantages to each. The Dragon race's cultivation method is destined to not break through the limit. No matter how talented you are, your final strength will be the same, and you can't break through even a little. However, you human cultivators may have extremely poor talent and root bone, but through hard work and relentless cultivation, you may eventually break through the limit." The ghastly thing laughed and couldn't help sighing, "This is actually very critical. Don't think that the average strength of the dragon clan is far above that of human cultivators. When it comes to the top level, the strongest dragon clan often can't beat the top masters of the human race. This is a failure determined by talent."

#### Chapter 4575 Cultivation Knows No Time

"So that's how it is. Indeed, the pros and cons follow each other. It's impossible to get all the good things." Lin Yi nodded. Opening a window meant closing a door. Otherwise, the Dragon race might be able to rule the entire Sky Class Island.

"Then how do you cultivate?" The Dragon of five evils asked Lin Yi.

"Me? "If this was any other place, I'd just absorb the surrounding Qi for my own use, but there's another way here, and that's to use the killing Qi to refine my body. It's much more effective this way, but ..." Lin Yi couldn't help but shake his head in regret.

"But what?" The Dragon of the five evils asked curiously.

"If I want to use the killing intent of the five elements, I can only stand on the high platform to cultivate. However, I can only come into contact with the weakest killing intent of the five elements at the bottom level, which is not very effective for me. If I can get closer to the middle level and come into contact with the more powerful killing intent of the five elements, the effect should be much better. It's a pity that if I let the spiritual bird carry me up there, I can't protect it during the cultivation process." Lin Yi shook his head helplessly.

"That's easy. Your spiritual bird can't withstand the killing intent of the five elements, but I can. I'll take you up there to cultivate!" The Dragon of the five evils laughed.

"Oh, right!" Lin Yi's eyes brightened-he'd forgotten that this guy could fly as well, and the killing intent didn't even pose a threat to him. In fact, he was afraid of it. It'd be great if the dragons of five evils were willing to help, but Lin Yi still hesitated,"But wouldn't that delay your cultivation?"

"Cultivation my ass. I told you, to me, sleeping is cultivation. I've just slept for more than a year. I have to wake up and slowly regain my senses." The Dragon of the five demons curled his lips and said.

With that, the Dragon of five evils used some kind of ability and sucked Lin Yi onto its broad back without any explanation. It then jumped into the five poisons swamp above its head and floated a little above the bottom for Lin Yi to cultivate.

As Lin Yi expected, not only was the killing intent stronger here, but it was also more in quantity. It instantly brought him back to the state he was in when he first started training-his body was changing every second and every minute, improving by leaps and bounds. Lin Yi was very excited.

Cultivation knew no time, and in the blink of an eye, another three months had passed. It was already past the deadline for him to return to the North Island.

North Island, Qingyun Pavilion, Lin Yi's residence.

Although Lin Yi and Huang Xiaotao weren't here, the courtyard wasn't completely deserted. On the contrary, it was bustling with people. Lu Bianren, Kuzile, Xiao Ran, Qiao Hongcai, and Li Zhengming were all sitting in a circle. Other than Shangguan Lan'er, who had a special status as a little Senior Sister, Lin Yi's group was all present.

Lin Yi hadn't been in the three pavilions for a long time, and it didn't seem like he was trying to build a force, but the people gathered around him had become a force that couldn't be underestimated.

Lu Bianren didn't need to be mentioned—he was a person with a lot of experience in the Green Cloud Pavilion, and Bitter Joy was already the third Pavilion master. With Xiao Ran's support, the new disciples of the pavilion were completely under the control of the two of them, and they were naturally labeled as Lin Yi's faction the moment they entered the pavilion. Li Zhengming and Qiao Hongcai, on the other hand, had also gradually opened up their positions among the outer disciples with their superior strength.

Lin Yi's faction was getting stronger by the day, and every once in a while, everyone would gather in Lin Yi's courtyard to look out for each other and strengthen their connections.

However, in contrast to this good situation, everyone sitting in a circle at this moment was frowning. No one said a word for a long time, and the atmosphere was extremely gloomy.

"I say, why isn't boss Lin Yi back yet? Did he run into some trouble over there?" Qiao Hongcai finally broke the silence, the anxiety on his face obvious. No matter how big the situation was, someone as hot-blooded as him shouldn't be acting like this, but it was related to Lin Yi. It wasn't just him, everyone present couldn't hide their worry.

"That's right, it's been half a year since you and Junior Brother Lin separated, Senior Brother Lu. Even if you want to capture the evil sorcerer Wu Bao Liang, the matter should have come to an end by now,

why is there no news at all? With Junior Brother Lin's strength, you should be able to defeat Wu Bao Liang, right?" The miserable senior brother also said with a frown.

"Even if he's no match for him, boss Lin Yi can still protect himself. He's not someone who'd just throw his life away knowing he's no match for him!" Xiao ran said with confidence. He had absolute confidence in Lin Yi, and he didn't believe that Lin Yi would die in the hands of an evil practitioner like Wu Bao Liang.

"With boss Lin Yi's strength, Wu Bao Liang alone shouldn't be a problem. I'm worried that he's unfamiliar with this place. If he's forced into other disputes to chase after Wu Bao Liang, it'll be hard to say if he'll get himself into trouble." Lee Zheng Ming said in a low voice.

"You can rest assured about this. The evil cultivator Wu Bao Liang has been killed by Junior Brother Lin. This is a well-known fact in the South continent's sea." Lu bianren consoled the crowd.

"Is this true?" Everyone's spirits were instantly lifted, and their burning gazes all fell on Lu bianren.

"It's absolutely true. A while ago, I asked Pavilion master Yu to use the internal information channels of the three great pavilions to specially send someone to investigate the South continent's Sea area. There was a Grand meeting of the South continent escort agency there, and Junior Brother Lin killed Wu baoliang in public at this meeting. There's no doubt about it, but ..." Lu bianren couldn't help but stop talking.

"But what? Senior brother Lu, hurry up and tell me!" The crowd didn't even have time to relax before they hurriedly asked.

"After killing the young one, the old one will come out. It is said that the day after Wu Bao Liang was killed, his master, West Mountain old sect, suddenly appeared at the venue of the meeting and named him to kill Junior Brother Lin to avenge his disciple. He was a big Shot of evil cultivators in the opening period!" Lu bianren's face was dark.

"Mountain-opening stage?" The miserable senior brother and the others were all at a loss. They had never even heard of the xuansheng stage, let alone the mountain opening stage. One's strength determined one's vision. After all, they were only Foundation establishment experts.

"Above the nascent Soul Stage is the xuansheng stage, and above the xuansheng stage is the mountain opening stage. An existence at that level can dominate an area without a doubt. If he were to be placed in the GreenCloud Pavilion of the North Island, even if he's not the number one, he wouldn't be far off ..." Lu bianren sighed and explained to everyone.

Hiss! Everyone took a deep breath and looked at each other in shock. No matter how confident they were in Lin Yi's strength, how could he escape from such a terrifying existence? The difference in strength between the two sides was too great. There was no possibility of escape at all!

Chapter 4576 Newcomer King

"Does that mean that Junior Brother Lin has already ... Already ..." The wretched senior brother's face turned pale, and he did not dare to continue. The others' faces were getting uglier and uglier, and their eyes were filled with unconcealable horror and hesitation.

"Impossible! Absolutely impossible! I don't care what sect-opening stage he is, boss Lin Yi will never die at the hands of an evil practitioner!" Qiao hongcai growled in a low voice with red eyes.

"I also believe that Junior Brother Lin will definitely not die at the hands of the West Mountain sect elder. In fact, although the West Mountain sect elder hates him to the core and can't wait to kill him, Junior Brother Lin did not die at the hands of the West Mountain sect elder. At least, from the

looks of the situation at the Grand meeting, he has successfully escaped." Lu bianren nodded to the crowd.

"He escaped?" Hearing this, everyone was stunned for a moment before letting out a sigh of relief. They looked at Lu bianren with some resentment and said, "Senior brother Lu, can't you just say everything in one breath next time? you've made us so worried and our hearts can't take it!"

"Hehe, alright." Lu bianren smiled apologetically and continued, ""Although he managed to escape, Junior Brother Lin's situation was still not good. When he was chased by the evil cultivator Big Shot, the old sect of West Mountain, to be honest, the result was still more likely than not. If he could really escape successfully, he should have returned by now. But there is still no news of him. Sigh ..."

"With boss Lin Yi's strength and methods, I'm sure he's not dead yet. He's just hiding somewhere, for sure!" Qiao hongcai said with conviction.

"That's right, boss Lin Yi is a lucky man. Since that West Mountain old sect couldn't kill him back then, it won't be so easy to kill him later!" Xiao ran nodded in agreement.

"I think so too. From what you just said, senior brother Lu, boss Lin Yi should be a well-known figure in the South continent's Sea area. If he really died in the hands of the old sect of West Mountain, the news would definitely spread like wildfire, and it wouldn't be as silent as it is now. So, no news Now is not bad news for us, it's good news!" Lee Zheng Ming said, trying to find a way out.

"That's right. Now that you've said that, I feel much more at ease. Junior Brother Lin will definitely be fine!" The senior brother nodded his head and turned to Lu bianren. "By the way, senior brother Lu, now that the deadline for the mission is over, let's think of a way to cancel Junior Brother Lin and Junior Sister Huang's mission, so that we won't have trouble when he comes back in the future."

"Well, that's good. I've met Jia mufan, the eldest senior brother in charge of the inner sect, several times. I'll go to him tomorrow and talk to him. With Junior Brother Lin's status, it shouldn't be a problem." Lu bianren nodded. Lin Yi was Shangguan Tianhua's chosen disciple, after all. Although there was no news of him now, with Jia mufan's smooth and slick way of handling things, he wouldn't make things difficult for him over such a small matter.

As everyone was talking, the courtyard's door was suddenly kicked open. Everyone's expression changed immediately, and they looked at the door and shouted in unison, ""Who is it?"

"Oh, I didn't expect this place to be so lively. What are you guys secretly plotting here? why don't you tell me?" The newcomer glanced at the crowd and immediately sneered disdainfully.

This person's face was golden, and his eyes were habitually narrowed into a thin line. Occasionally, there was a fierce light flowing from the corner of his eyes. His whole body, intentionally or otherwise, always released a trace of terrifying killing intent, making people not dare to easily look at him. Wherever he passed, people would look sideways. Those with a slightly bad heart would even be scared away on the spot, let alone confront him directly.

After seeing the person's appearance clearly, the faces of everyone in the courtyard suddenly sank, especially the miserable senior brother and Xiao ran. They looked at this person with gloominess and fire in their eyes.

This person's name was MA dang Qiang, and he was previously a new disciple of their GreenCloud Pavilion. Of course, he was no longer one of them.

"MA dang gun, what are you doing here!" The miserable senior brother immediately said with a cold face. Although he was an honest man, he had been the third Pavilion master of the welcoming new

pavilion for a year. He had more or less cultivated a bit of the aura of a superior. Moreover, he was furious in the face of this horse spear. It was rare for an honest man like him to be so angry.

"What am I doing here? Hmph, I haven't even asked you what you're doing here. From today onwards, this entire courtyard is mine!" MA dang gun sneered.

As a new disciple of the GreenCloud Pavilion who had just 'graduated', he had barged into the inner sect's restricted area so casually not because he had lost his mind, but because he was truly confident and fearless.

Just like Lin Yi, this MA dang Qiang was this year's new disciple King, even stronger than Lin Yi back then. His name had spread throughout the three pavilions, and he was highly regarded by the higher-ups of the pavilion. He was now the hope of the future of the pavilion!

Lin Yi had done all sorts of miracles before, and this guy had done them all. Not only did he do it, but he did it even better than Lin Yi. A few days ago, he signed up for the inner sect competition just like Lin Yi, and as a newbie, he swept through the competition and became the new king of newbies!

"What did you just say? This courtyard is yours? You F \* cking stinky dog fart!" Qiao hongcai was suddenly furious, pointing at MA dang Qiang's nose and scolding him.

In the past year, he and Lee Zhengming had been cultivating outside the GreenCloud Pavilion. They didn't really go to the welcoming new pavilion, so they didn't have much interaction with this Pavilion. Although he had heard about it from his miserable senior brother and Xiao ran, he had never really taken it to heart.

In his heart, Lin Yi was a unique existence. A random clown who didn't know the immensity of heaven and earth wanted to surpass boss Lin Yi? there must be something wrong with his brain! Now, he dared to Rob Lin Yi's place without any restraint, especially in front of everyone! He couldn't bear it anymore!

"I hate it when people point at me. If you do that again, I'll kill you!" MA dang Qiang looked at Qiao hongcai with a cold expression. His whole body was filled with killing intent, as if he would really burst out and kill at any time. The prohibition of killing among the disciples of the three pavilions was nothing in his eyes.

"What? Kill me? I've long heard that you're arrogant and despotic, but I didn't expect that it's really better to see you in person than to hear your name. Why don't you come and kill me now?" Qiao hongcai suddenly laughed instead of getting angry. Not only did he not put down his finger, but he also became more provocative. He had a really bad temper. No matter who the F \* cking newcomer King was, he would only respond with one response, "F \* ck you!"

#### Chapter 4577 Broken Finger

The bitter-faced senior brother and Xiao ran were shocked to see this. They were even more furious at this MA dang Qiang than Qiao hongcai was. After all, Qiao hongcai didn't have much contact with this MA dang Qiang. However, one of them was the third Pavilion master of the welcoming new pavilion, and the other was the senior brother of the new disciple manager. They had been dealing with MA dang Qiang for almost an entire year.

The other people present might not have a clear idea of how terrifying this newcomer King MA dang Qiang was, but the two of them were very clear about it!

Lin Yi's promotion to the 3rd Pavilion master was supposed to be a position with a bright future ahead of him-a position that many second generation cultivators with strong backgrounds couldn't get. Plus, he had Xiao ran, a powerful helper, so it wouldn't be an exaggeration to say that he was free of worries.

However, in reality, the two of them didn't have a good year. Instead, they suffered a lot. The other newbies were fine, but the problem was this MA as a spear. They couldn't suppress him at all, and they were even being bullied by this newbie. It was the same situation as Meng jueguang, who Lin Yi killed!

After all, this kind of thing was embarrassing to say, so every time they met with Lu bianren, Qiao hongcai, li Zhengming, and the others, whether it was the miserable senior brother or Xiao ran, they didn't deliberately mention the matter of using the horse as a spear. In their minds, they would be fine as long as they could endure until they entered the GreenCloud Pavilion, but they didn't expect such a scene to suddenly appear today!

MA dang Qiang was definitely not a normal newbie-he was even stronger than Lin Yi when they first met. Qiao hongcai didn't know who he was, and he would be at a huge disadvantage if he attacked him. Xiao ran and the miserable senior wanted to warn Qiao hongcai, but they were too late.

"You said it yourself. Since you're so determined to die, I'll be merciful and send you on your way!" He looked at Qiao hongcai with a sneer.

After saying that, he didn't seem to make any special movements, but a crack suddenly appeared under his feet. The crack extended below Qiao hongcai at a speed that was difficult to see with the naked eye. Qiao hongcai didn't even have time to react. He felt that the ground under his feet was suddenly empty, and his whole body sank directly, leaving only the upper part of his chest exposed. As for his lower body, it was trapped and couldn't move. Even struggling was an extravagant hope.

When Lu bianren and the others saw this, they were all shocked, and they couldn't hide their shock. Although Qiao hongcai had only joined the outer sect for a short time, his strength couldn't be considered weak among all the outer sect disciples of the GreenCloud Pavilion. But in front of this horse as a spear, he couldn't even block a single move. He didn't even know how the other party had attacked. It was too terrifying!

Before anyone could react, MA as if he was a spear, his figure flashed and in the next moment appeared above Qiao hongcai's head, only one step away, looking down at Qiao hongcai from above. Even at this moment, Qiao hongcai still firmly maintained his previous posture, pointing his finger at his nose.

"Tsk tsk, I heard you're that Lin Yi's follower too, why are you so weak? Like servant, like master-it seems that Lin Yi, the so-called newcomer King, isn't all that impressive after all. Shangguan Tianhua was impressed with him, but it seems like he was wrong, hahahaha!" MA laughed without restraint.

He was the new generation's newcomer King, and Lin Yi was the previous generation's newcomer King. They were only a year apart, and they were both newcomers to the pavilion. It was inevitable that they would be compared in all aspects.

In his heart, Lin Yi, whom he'd never met before, had already been stepped on by him countless times. Otherwise, he wouldn't have spent so much effort to break all of Lin Yi's so-called records. If it wasn't for the fact that he didn't have the chance to fight Lin Yi face to face, he would've challenged Lin Yi Long ago. Although he couldn't find Lin Yi in person, there was a follower of Lin Yi, Qiao hongcai, who came to him looking for trouble. Of course, he wouldn't be polite!

"Your mother's fart! There were only two people who received Pavilion master Shangguan's praise-Gongyang Jie and boss Lin Yi. Someone like you wasn't even qualified to be praised by Pavilion master Shangguan! Hmph, self-deception!" Although Qiao hongcai was imprisoned and unable to move, it would be impossible for him to admit defeat like this unless the sun rose from the West.

"What did you say?" The arrogant MA dang Qiang's face fell when he heard this. He thought that he was far above Lin Yi in every aspect, but there was still a lot of people supporting Lin Yi's theory-the reason was Shangguan Tianhua!

He'd gotten Shangguan Tianhua's approval back then, so it was only natural that he'd be recognized as the second Gongyang Jie. He was stronger than Lin Yi in every aspect, and even after sweeping through all the inner sect competitions, he still didn't get Shangguan Tianhua's approval. This was his biggest weakness-it was the only thing he was inferior to Lin Yi in, and it was a topic he didn't want anyone to talk about.

Now that Qiao hongcai was talking about this in front of him, it was no different from exposing his scars in public. He was being stepped on, yet he still dared to be so arrogant. Did he really think that he didn't dare to kill?

"I said that you're sour grapes because you can't eat them. Why? I've hit the sore spot? Hahahaha!" Qiao hongcai laughed out loud, as if he didn't put this horse in his eyes at all. Even if he was being controlled, he could laugh and scold as he wanted.

On the side, Lu bianren and the bitter senior brother secretly cheered for Qiao hongcai's unyielding spirit, but at the same time, they couldn't help breaking out in a cold sweat for him. Now that Qiao hongcai's life was in the hands of a gunner, once he went crazy, they wouldn't even have time to save him, and the consequences would be unimaginable.

It was true that the three great pavilions had strict rules regarding the fights between disciples. Unless it was a public battle, killing each other was absolutely not allowed. Those who violated the rules would be severely punished. If he really killed Qiao hongcai in a fit of anger, he would have to pay a heavy price. However, he was now a genius who was highly regarded by the upper echelons of the GreenCloud Pavilion. Even if the price he had to pay was not small, it would not be so heavy that it would be unacceptable.

"Do you really think I won't dare to kill you?" A ferocious look flashed across MA dang Qiang's face. His eyes turned cold as he suddenly stepped on Qiao hongcai's hand. This hand had been pointing at him since he entered the room. Anyone who dared to challenge his bottom line would not have a good end.

Kachaa! A scalp-numbing sound of bone cracking was heard. Qiao hongcai's face suddenly turned pale, and his mouth suddenly sucked in a cold breath. Cold sweat poured down like rain, but he didn't make a sound from beginning to end.

The expressions of Lu bianren and the others changed, and they couldn't help but want to attack!

Chapter 4578 Are You Really Not Afraid Of Death?

Everyone could tell that Qiao hongcai had lost at least two fingers just now, or even more!

"It's just breaking a few of your fingers. This is just a small punishment for you. Who asked you to be so arrogant and disrespect me, the newcomer King? Hahahaha!" MA laughed unscrupulously while continuing to crush Qiao hongcai's fingers with his foot. He didn't use any true Qi. He was going to use this ordinary method to torture Qiao hongcai to the point of collapse.

However, Qiao hongcai's performance greatly disappointed him. No matter how unbearable the pain from his finger was, this guy didn't even make a sound, and just looked at MA as a gun coldly.

Lu bianren and the others instantly spread out and surrounded Qiao hongcai. If it weren't for the fact that he was stepping on Qiao hongcai, they would've attacked already. They were all on Lin Yi's side, and they were bound together for good or bad. They wouldn't just stand by and watch Qiao hongcai die.

"Wow, I didn't expect you to be a tough guy. Interesting!" He didn't put the covetous Lu bianren and the others in his eyes at all. He put on a cat-and-mouse expression at Qiao hongcai and looked down at him with great interest, "I'm actually not that bloodthirsty. If you know what's good for you and admit your mistake now, and sincerely call me "Grandpa," maybe I'll spare your life if I'm happy, so that people won't say that I didn't give you a chance to harm my fellow disciples. I'll count to three, if you miss this opportunity, don't blame me!"

"Call you Grandpa? So, it seems like you are prepared to join our Qiao family? Hahahaha, it's a pity that our Qiao family's threshold is too high. We only accept people and not dogs. I'm afraid you won't have the chance!" Qiao hongcai laughed and didn't take the other party's threat to heart at all. With his hot-blooded character, it would be strange if he was afraid of a threat like this.

"One!" MA dang Qiang's expression turned cold, and he immediately stomped harder. He didn't bother to argue with Qiao hongcai and immediately began to count.

Lu bianren and the others tensed up as killing intent rose from their bodies. If they let Qiao hongcai die right under their noses, how would they be able to face Lin Yi in the future?

At this moment, there was only one thought in everyone's mind. What bullsh \* t newcomer King? as long as he dared to kill Qiao Hong Cai, they would kill this bastard on the spot even if they had to risk being severely punished by the GreenCloud Pavilion!

"Two!" He continued to count as he glanced at the crowd with a hint of mockery in his eyes. Strictly speaking, the strength of these people wasn't weak among the disciples of GreenCloud Pavilion. However, if they wanted to fight him with such a weak strength, it was simply a fool's dream.

If anyone dared to attack him, he didn't mind killing a few more people today. He might as well kill Lin Yi's entire group and see who would dare say he wasn't as good as Lin Yi!

"Three! I've already helped you count, if you want to kill, kill quickly, don't waste time here, this old man is getting annoyed!" Qiao hongcai said disdainfully.

Now that he was being stepped on, he didn't have the ability to resist. If it were someone else, they might have been frightened by the situation. Unfortunately, he, Qiao hongcai, had never known how to write the word "death". He would only die anyway, so what was there to be afraid of?

"Hmph, you're really not afraid of death? Then I'll fulfill your wish!" MA dang Qiang's eyes were filled with killing intent, and he was about to kill Qiao Hong Cai. At this moment, Qiao Hong Cai's life was in his hands, and whether he lived or died was completely in his hands. He didn't even need to move his fingers, and just a burst of Zhen Qi would make sure that Qiao Hong Cai couldn't be more dead.

"Don't you dare!" It wasn't Qiao hongcai who said this, but Lu bianren, the miserable senior brother, Xiao ran, and Lee Zhengming who roared in unison. No matter how cautious they were, they had no choice but to take action.

They couldn't just watch Qiao hongcai be killed by MA dang Qiang. If they couldn't stop him, they could only choose to let MA dang Qiang die with him to avenge Qiao hongcai! Otherwise, how would they be able to face Lin Yi?

The killing intent of the four people suddenly rose, and they launched a surprise attack from four directions at the same time.

"Hmph, you're just a bunch of chickens and dogs. How dare you be so presumptuous in front of me?!" MA dang Qiang didn't even look at the four of them, and his gaze towards Qiao hongcai at his feet became more and more ferocious. It was as if Lu bianren and the other three really weren't worthy of his attention, and didn't even have any value in looking at them.

Seeing MA dang Qiang's fearless attitude, Lu bianren and the other three immediately felt worried instead of happy, and they all unhesitatingly used their strongest killing moves. Although it was definitely a good thing for them that the other party had underestimated the enemy, was it really so?

What happened next just happened to explain why MA dang Qiang was so disdainful of everyone. There was no other reason. The difference in strength between them was too great. They were not on the same level at all.

Using the same method as when he had dealt with Qiao hongcai, four cracks suddenly appeared under MA dang gun's feet, and with a speed that was hard to see with the naked eye, he instantly appeared under Lu bianren's group of four. However, this time, he didn't want to trap them. An extremely sharp spike shot up from the cracks in the ground, and no one even had the chance to react!

Nothing was indestructible, only speed was indestructible. However, the four sharp spikes that were used to deal with Lu bianren and the others were formed from extremely concentrated zhenqi. At the same time, they possessed a terrifying hardness and frightening speed. This was a technique that was truly made for killing. Not only was it extremely hidden and sudden, it was also extremely effective!

Without exception, Lu bianren and the other three were hit by the sharp spikes at the same time. Although they couldn't avoid it in time, it was a good thing that Lu bianren, Xiao ran, and Lee Zhengming were not ordinary people.

Although their strength was far inferior to the other party, their reactions were still considered fast. When they were hit by the spikes, they managed to avoid being hit in their vital parts. However, a large piece of skin and flesh was scraped off their bodies at the same time, and blood was dripping from them. It was a shocking sight!

In comparison, the poor senior brother, who was much less talented, was not so lucky. With a hoarse scream, the sharp spikes pierced through his right thigh without any resistance. His entire body was lifted up, and blood splattered everywhere as he hung upside down in the air.

Because of the intense pain, he struggled. Because of his struggle, the spikes sank deeper and deeper, and the pain became more and more painful. Everyone present was shocked by this scene and couldn't move. They even forgot about their own injuries. The spikes were sharp at the top and wide at the bottom. If the miserable senior brother continued to struggle, the wound on his thigh would only get bigger and bigger. In the end, his entire right leg would be broken!

"Senior brother ku!" Qiao hongcai, who had been stepped on by the horse as if it was a gun, was so angry that his eyes were about to burst!

Chapter 4579 Legendary Newcomer King

In Qiao hongcai's opinion, it didn't matter if he died, but if he killed his senior brother and others because of him, he would live in the shadow of guilt for the rest of his life even if he could survive today.

Ka! Qiao hongcai's eyes were bloodshot, and he bit the leg of the horse as if he had gone crazy. Even if he knew that his opponent was wearing leather boots, and even if he knew that he couldn't hurt his opponent at all, he didn't care. This was the only counterattack he could make at the moment. As long as he could make his opponent feel pain, it was enough. If he could penetrate his leather boots and bite half of his opponent's foot before he died, it would be a great deal!

Lu bianren, Xiao ran, and Lee Zhengming couldn't care about anything else. They immediately rushed to their senior brother and held him up before his entire right leg was broken. Otherwise, if his right leg was completely broken, even if they could survive today, they would become completely disabled in the future, a fate worse than death.

"Hahahaha, so this is that Lin Yi's follower? Such a Motley crowd, it seems that there's either a problem with his vision or his own problem. Birds of a feather flock together!" MA dang Qiang looked at the embarrassing state of the crowd from the corner of his eyes. He didn't choose to immediately kill them, but instead laughed wildly.

Ever since he'd entered the hall, Lin Yi's legendary feats were enough to make his ears bleed. If it wasn't for Lin Yi's absence, he would've challenged Lin Yi to a fight already, to let the world see who was the strongest newcomer King.

But since he couldn't find the real boss, it wasn't a bad idea to vent his anger on Lin Yi's underlings. He'd wanted to do something like this for a long time, but he just didn't have the right opportunity. Now that these people came to him on their own, it was perfect!

In the face of everyone's eyes that were spewing fire, and their resentful expressions that looked like they wanted to swallow him alive, MA dang Qiang did not care at all. Instead, he laughed with great interest and said, "Don't be so nervous. I've said before that although I've killed a lot of people, I'm not that murderous. Don't worry, I'm in a good mood today and I won't kill you! However, I'm going to torture all of you until you're disabled. When that Lin Yi comes back, I'll enjoy his expression, hahahaha!"

"You!" Everyone was so angry that they gritted their teeth. They were outnumbered, but they had no way to deal with this horse. Just now, they had clearly distinguished the strength of each other. Let alone just a few of them, even if they had twice the number of people, they would definitely not be a match for this horse.

Among them, Lu bianren was the most powerful, but he was still no match for the other party. As for Xiao ran and the other foundation establishment stage experts, they were even more vulnerable, because the opponent was a nascent Soul Stage expert!

A GreenCloud Pavilion's newcomer who had just joined the pavilion for a year was actually a dignified original infant stage expert. This kind of thing could be said to have subverted everyone's view of cultivation and life. However, this was a fact that was confirmed in public during the inner sect competition not long ago. It was absolutely true!

If this was not the case, it would have been impossible for MA dang gun to crush and sweep all the way in the inner sect competition. Even in the end, when he faced the soaring Pavilion's inner sect's most popular expert at the great circle of the jiedan stage, he was still easily killed in a second. The strength of a Yuanying stage expert was undoubtedly displayed. It was said that at that time, everyone in the venue was shocked and dumbfounded. For a whole incense's time, no one said a word!

Although those who had reached the original infant stage would not be allowed to participate in the inner sect competition, this was only for the official inner sect disciples. MA dang Qiang was only a newcomer at that time, so he was naturally not allowed to participate.

The miserable senior brother and Xiao ran looked at each other, their eyes filled with horror and helplessness. The scene in front of them was no stranger to them at all, because they had experienced it many times.

Of all the people present, Lu bianren had only reported to the higher-ups or cultivated in seclusion ever since he returned from the South continent's Sea area. He had very little contact with the outside world. Li Zhengming and Qiao hongcai were both in the outer Pavilion, and they were also diligent in their cultivation and rarely involved themselves with External Affairs. Only the two of them had the most contact with this person, and only they truly knew how terrifying his strength was!

However, in fact, when this MA dang Qiang first joined the pavilion, he was not much different from the other new disciples of the GreenCloud Pavilion, except for his slightly prickly personality. His initial strength was only at the great circle of the heaven class, and he usually didn't do anything out of the ordinary.

But then, for some reason, this guy gave them the feeling that his strength had skyrocketed in just one night, from the originally unknown complete heaven class to the high and mighty complete golden core! After that, he became a Yuanying expert.

This was something they'd never seen or heard of before. Lin Yi was already a freak in everyone's eyes, leveling up so fast that it made their hair stand on end, but even so, he still continued to level up step by step. No matter how surprised they were, they could still accept it. At most, they would say that it was the gap between a genius and a normal person.

However, this was different. From the full completion of the Sky Class to the high and mighty Yuanying stage, the whole process only took one night, and it could be said that there was no sign at all!

It was still acceptable to level up three levels in one night, but from the full cultivation of the Sky Class to the original level, that was three big realms!

This wasn't a matter of ancestral graves smoking, this was simply a mushroom cloud explosion!

Anything that seemed unreasonable must have a reasonable explanation behind it. After the miserable senior brother and Xiao ran were shocked by this scene, they quickly found a reasonable explanation like the others. That was, from the beginning, this guy, MA dang Qiang, was a master of the nascent Soul Stage. It was just that he had been hiding his strength for some reason.

This was the publicly acknowledged reasonable explanation, but MA dang Qiang himself didn't comment on it. He didn't admit it, but he didn't deny it either, so it was taken as tacit consent.

If MA dang Qiang didn't say it himself, then there was no real explanation for this. Everyone was speculating about the motive of this guy to hide his strength, but in the end, it was just speculation. However, on the night MA dang Qiang advanced from the heaven class full completion to the nascent Soul Stage, the miserable senior brother and Xiao ran discovered an extremely unexpected and strange thing.

In just one night, several disciples of the three great pavilions-the rising Sky Pavilion, the profound secrets Pavilion, and the GreenCloud Pavilion-had died at the same time. The total number of deaths was fifteen, and each and every one of them was not weak. Some of them were even the inner core disciples who were regarded as the hope of success!

#### Chapter 4580 Stepping In

On the surface, there was no definite connection between these two incidents. However, since the time of occurrence was too close, any normal person would find it suspicious. Therefore, after the miserable senior brother and Xiao ran were puzzled, they immediately reported the situation to the law enforcement Hall and let the experts of the law enforcement Hall personally intervene and investigate.

The law enforcement Hall acted very quickly. Almost as soon as they received the report, they took away the person who had attracted much attention for investigation. However, unexpectedly, the investigation continued for half a month without giving a specific result.

In the end, Gongyang Jie, the master of the law enforcement Hall, made the final decision. He said that the 15 disciples of the three pavilions had died of a unique emergency that had never been seen before. The source of the emergency needed to be further confirmed with the alchemy Hall. However, all of this had nothing to do with MA dang gun. MA dang gun was only hiding his strength. Other than that, he had not violated any rules.

This was Gongyang Jie's final conclusion, so there was no doubt about it. Even though the miserable senior brother and Xiao ran still felt that it was a little strange, they did not dare to question it. Therefore, after being locked up in the law enforcement Hall for half a month, they finally escaped unscathed.

The matter was over just like that. But since then, MA dang Qiang changed his previously unknown attitude and began to become extremely arrogant and did whatever he wanted. As an unprecedented new nascent Soul Stage cultivator, it was simply a fool's dream to control him with just the miserable senior brother and Xiao ran's Foundation establishment stage strength.

The third Pavilion master of the welcoming new pavilion and the senior disciple of the GreenCloud Pavilion were both unable to control MA dang Qiang, the GreenCloud Pavilion's new disciple. On the contrary, he had even harbored a grudge against MA dang Qiang for reporting him to the pavilion master. He had been repeatedly bullied by MA dang Qiang, causing him to be humiliated in public. As for the other upper echelons of the welcoming new pavilion, including the pavilion master Hu Yun, all of them had turned a blind eye to this matter, not caring at all.

If even the upper echelons of the welcoming Pavilion had such an attitude, there was no need to even mention the GreenCloud Pavilion. Whether it was the miserable senior brother or Xiao ran, their only backing was Lin Yi. Now that Lin Yi wasn't here, they didn't even have a basic support within the GreenCloud Pavilion. Not only would the upper echelons of the GreenCloud Pavilion not stand up for them, but they would even praise them as if they were Spears. All of them stood against them!

This sort of attitude made him the king of the new disciples, especially after Lin Yi skipped the outer sect competition and shone in the inner sect competition. It was said that the upper echelons of the GreenCloud Pavilion had all decided that MA dang Qiang was their future hope, and they were even planning to make him the successor of the pavilion!

In terms of strength, the other party was a Yuanying stage expert. In terms of status, the other party was the successor of the GreenCloud Pavilion. No matter which one of them they were facing, they were far from being able to compete with him. It was obvious that they had fallen into a completely one-sided situation. Lu bianren and the others had no way to deal with this, they could only take the beating.

"Looking at you guys, it seems like you've all accepted your fate, right?" MA dang Qiang glanced at the crowd and sneered,"How boring. I thought you guys would at least have some backbone. I didn't expect you to be so tactful. Or do you think I'll let you go? Hahahaha, don't be so naïve. Since I said that I'm going to cripple all of you today, I won't hold back. I might as well start from the one under my feet!"

As soon as he finished speaking, MA dang Qiang exerted a little force in his foot, and everyone immediately heard the familiar bone-cracking sound that made their scalps tingle again. It was unknown which finger of Qiao Hong's hand was still intact. It was likely that not a single finger was left.

Feeling the inhuman pain that shot straight to his head, Qiao hongcai's face instantly flushed red, and his blue veins were crazily jumping. However, he gritted his teeth and did not make a sound. His bloodshot eyes stared at the horse as if it was a gun, and word by word, he squeezed out from the gaps of his teeth,""You will pay the price! He would definitely pay the price! If you don't kill me today, I'll return it to you a thousand times over in the future!"

"Oh, I'm so scared!" MA dang Qiang pretended to be afraid, then laughed out loud,""It seems that I was wrong to say something just now. I shouldn't have said that you guys are boring, but that you guys are very interesting! I won't kill you today, no matter how much you try to provoke me, it's useless. However, I'll cripple your meridians one by one. I'd like to see how you bunch of cripples plan to seek revenge on me in the future, hahahaha!"

At this moment, Xiao ran and Lee Zhengming, who were not far away, suddenly launched an attack at the same time. Their speed was instantly increased to the extreme, and they didn't look like they were seriously injured by the earth spike at all. Once a cultivator's meridians were destroyed, he would become a complete waste. They would rather fight to the death than watch Qiao hongcai become a waste, and they were even more unwilling to become a waste themselves!

"Hmph! You're looking for death!" MA dang Qiang's eyes were filled with killing intent. Although he had said that he didn't want to kill anyone, if these lowly ant-like scums wanted to court death, he would definitely not show mercy. He had only killed a few insignificant outer sect disciples. In his eyes, they were not even worth a fart.

The earth spike just now was just a feint. Once he really wanted to kill, no one present would be able to escape. Now, he intended to start a massacre!

With a single thought, MA dang gun was about to use his killer move. Xiao ran and Lee Zheng Ming's movement techniques were already very fast in the eyes of ordinary people, but in the eyes of a nascent Soul Stage expert like him, they were as slow as a turtle crawling, so weak that they couldn't even withstand a single blow.

Xiao ran and Lee Zhengming's hearts were instantly filled with warning signs, but they did not stop their movements and continued to press forward. "How can a man in the underworld not be stabbed? what's there to fear even if they die?"

Lu bianren, the miserable senior brother, and Qiao hongcai's eyes spurted blood when they saw this scene. Just as the two of them were about to die first, a light breeze suddenly swept across the field, and a figure suddenly appeared without any warning. "Killing people is just a matter of nodding your head. You have no grievances or enmity with them, so why should Junior Brother MA cause trouble for himself?"

Everyone was stunned. Even MA dang Qiang's eyes narrowed slightly when he saw this person. This person was the eldest senior brother of the inner sect manager of the GreenCloud Pavilion, Jia mufan.

With MA dang Qiang's nascent soul strength, he could treat anyone present as grass and kill or cripple them at will. But when facing Jia mufan, even he had to restrain himself, not only because the other party was the eldest senior brother of the inner sect's steward, but also because the other party was also at the nascent Soul Stage, even stronger than him!

"Senior brother Jia, these people gathered in my courtyard without permission. I don't know what they are plotting. Shouldn't we punish them?" MA dang Qiang was slightly startled, but he quickly returned to normal and sneered at Lu bianren and the others.
