

Bodyguard 4601

Chapter 4601 LAN 'Er

Seeing this, MA dang Qiang gritted his teeth in anger and subconsciously wanted to kill this little Curly Bear that was in the way. However, he quickly stopped himself in the next moment. This was Shangguan LAN 'er's precious treasure. Let alone killing the little Curly Bear, even if he only hurt half a hair, he would not rest until he died. He really could not afford to offend it.

Being stared at by Shangguan LAN 'er, he could only stand aside and watch. When Lu bianren was in his hands, he still had the chance to kill him silently, but now it was definitely impossible. Damn it, this coward had escaped!

Under everyone's watchful eyes, Lu bianren panted heavily for a long time without any regard for his image, before his breathing barely returned to normal. He slowly stood up, tidied up his slightly messy clothes, and bowed deeply to Shangguan LAN 'er, saying, ""Thank you for saving my life, miss Shangguan. I will never forget it."

"It's nothing, you don't have to take it to heart. Let's talk about what happened just now. Did this guy say that my grandfather was blind?" Shangguan LAN 'er smiled slightly. Although she was very close to Lin Yi, she had never interacted with this Lu bianren before. She had only seen him from afar a few times. It was Lu bianren's good fortune that she happened to run into him this time. Otherwise, it would be hard to tell whether he would be Dead or Alive today.

Lu bianren glanced at the fierce-looking MA dang Qiang, then looked at the surrounding disciples who had their heads buried in their heads, not daring to make a sound. At this moment, his heart was filled with disappointment. The disciples of the sect were all such timid people who didn't even have the responsibility of an ordinary person. Who could be blamed for the embarrassing state that the GreenCloud Pavilion had fallen into?

"I'm warning you, don't speak nonsense. Otherwise, I'll have a good heart-to-heart talk with you. " MA as a gun threatened from the side. If he said something, he would do it. If Lu bianren really dared to testify against him, he didn't mind taking one more life tonight.

Faced with such an unconcealed threat, Lu bianren's expression was calm as he looked back at him. He had no intention of backing down as he slowly said, "Yes, miss Shangguan,"

"You!" MA dang gun was so angry that he couldn't help but want to attack again. He had seen many cowards without strength, but this was the first time he had seen someone like Lu bianren who wasn't afraid of death.

"Good, very good. This is the first time I've heard someone say that my grandfather has eyes but failed to see. You've really opened my eyes. I really have to let him hear these words for himself." This time, she was really angry. She snorted coldly and stared at MA dang gun. "Tell me, what's your name?"

"No... It's not like that. Miss Shangguan, please listen to my explanation. This guy is just speaking nonsense with a grudge. Pavilion master Shangguan has always been the person I respect the most. My sincerity can be seen by the sun and the moon. Miss Shangguan, please don't be deceived by the villain!" MA dang Qiang hurriedly put on a look of being greatly wronged.

"He's called MA dang Qiang. " Lu bianren said indifferently from the side.

"A horse as a spear?" Shangguan LAN 'er couldn't figure out what this was even after thinking for a long time. Ever since Lin Yi left, she rarely came out to play by herself, and basically only heard about the outside world from Shangguan Tianhua. She'd never heard of this so-called super rookie King, MA dang gun.

Initially, he wanted to defend himself, but when he saw Shangguan LAN 'er's confused expression, his self-esteem was hit hard. It was fine that Shangguan Tianhua did not take him seriously, but now even Shangguan LAN' er was looking down on him as if he was just a nobody. This was too much!

The biggest blow to those self-righteous people was not belittling or insulting, but being ignored!

He used to be a nobody, but from the day he became a master of the original infant stage, he swore to let everyone know his name. And Shangguan Tianhua and Shangguan LAN 'er, this grandfather and grandson pair, had unknowingly broken his heart into pieces ...

"That's right, I'm just using this as a weapon. If miss Shangguan isn't too ignorant and ill-informed, you should know that recently, a nascent Soul Stage super newcomer King has appeared in the GreenCloud Pavilion. " MA dang Qiang suddenly changed his mind. He changed his flattering smile to an overbearing one.

"I've never heard of it. " Shangguan LAN 'er looked at him carefully and finally told him the truth.

MA dang Qiang's mouth twitched when he heard this. He suppressed his anger and said,""Okay, then have you heard about it, miss Shangguan? I might as well tell you the truth-I was the one who said that Pavilion master Shangguan was blind, and not only that, I'm going to prove it as well. I'll let all of you see who's the real super genius between me and that bullshit Lin Yi!"

"You want to compete with Junior Brother Lin?" Shangguan LAN 'er couldn't help but look at Lin Yi in disbelief. In her heart, Lin Yi was invincible among the disciples of the three pavilions, and Shangguan Tianhua's declaration back then was proof of that. She didn't expect to meet someone who didn't want to admit defeat today! No wonder this guy dared to say that her grandfather was blind!

"How do you want to prove it?" However, Lu bianren had grasped the main point of the other party's words. For him to suddenly say this, it meant that he definitely had a plan.

"It's simple, you guys just think that I can't beat that dog shit Lin Yi, right? Alright, then I'll find a trial mission to go to the southern island and personally beat him into a cripple and bring him back. Let's see what you have to say then!" After saying that, he snorted coldly and left.

He was just going with the flow-since Xu lingchong had given him a mission, he'd have to go to the southern island to look for Lin Yi. If he didn't find a suitable reason to run errands for no reason, he'd be looked down upon and even suspected by people. Now that he was in a situation where he couldn't back down, he'd be killing two birds with one stone by publicly announcing it.

Not only would he have an excuse to go to the southern island, but he'd also be able to report to Shangguan Tianhua as well. At least, before the results of his duel with Lin Yi were out, the pavilion master wouldn't be able to blame him anymore. Otherwise, it'd be a sign of guilt, and his reputation as a blind man would be solidified. After he successfully crippled Lin Yi, Shangguan Tianhua wouldn't be able to do anything to him-this was the perfect plan.

If it wasn't for the fact that so many people were watching, he would have applauded his quick-witted action. This was too F * cking smart!

Shangguan LAN 'er stuck out her tongue in disdain as she watched the man leave. Lu bianren, on the other hand, was worried-if Lin Yi really met this guy, he'd be in deep trouble. After all, he was a nascent Soul Master!

Chapter 4602 Going Home To Complain

Others might not know, but Lu bianren knew very well when he parted with Lin Yi in the demon cold city. Lin Yi was only a mid-stage golden core Master, and although he was unbelievably strong compared to the disciples of the other three pavilions, he was still far from MA dang Qiang, the new king of the new generation of the original infant stage!

It was normal for someone like Lin Yi to fight someone of a higher level, but it was still impossible for him to fight someone of a higher level.

"Ya, we were fooled by this guy, so cunning!" Shangguan LAN 'er was stunned for a moment and suddenly became angry. This bastard had dared to slander her grandfather in public. She had planned to make this guy pay a good price just now, but in the end, he had only said a few words and left unscathed. It was really infuriating!

"Miss Shangguan, MA dang Qiang may look arrogant and despotic, but he's not a fool. Besides, after what he said, you can't deal with him anymore, even if it's for the sake of Pavilion master Shangguan's reputation." Lu bianren sighed.

"I know, that's why I said he's cunning. He managed to escape. Otherwise, we would have caught him and punished him severely!" Shangguan LAN 'er shrugged her shoulders helplessly. This was Lin Yi's habit, and she'd picked it up unknowingly ever since she'd gotten closer to him.

Lu bianren smiled but didn't say anything. He had almost been strangled to death by MA dang Qiang just now. If there was anyone present who hated MA dang Qiang the most, it would definitely be him. However, he was acting as if nothing had happened.

Since he couldn't do anything to the other party for the time being, there was no point in being angry. It was better to put the hatred to the back of his mind first. It was never too late for a gentleman to take revenge.

"By the way, do you have any news of Little Junior Brother?" Shangguan LAN 'er stomped her feet angrily for a while before suddenly asking. She came here today to ask about this. Lin Yi had been gone for more than a year, and she hadn't heard from him at all. As a Senior Sister, she was worried about him as much as anyone else.

"Not yet. The last time I heard of Junior Brother Lin's whereabouts was at the escort meeting in the South continent. He was hunted down by an evil cultivator named the old sect of West Mountain. It was said that he was a big evil cultivator from the evil sect of West Mountain. I haven't heard from him since." Lu bianren sighed.

"Even you guys didn't receive his message? "Alas, Junior Brother, why don't you think about us who care about him ..." Shangguan LAN 'er could not help shaking her head in disappointment.

Although she said that, she was actually a little happy inside. If Lin Yi only brought letters to Lu bianren and the others but not her, didn't that mean that her position in Lin Yi's heart as his little Senior Sister was lower than Lu bianren and the others? Shangguan LAN 'er had always treated Lin Yi as her best friend in the three pavilions. If that really happened, she'd be really sad.

"Miss Shangguan, you can't blame Junior Brother Lin for this. In fact, it's not that he didn't want to send a message to us. It's just that the South continent is far away, and it's not easy to find someone to send a message. What's more, he's being pursued by a powerful evil cultivator like the old sect of West Mountain. Even if there's a chance, he shouldn't have sent a message to us, or he might have exposed his whereabouts." Lu bianren analyzed.

"Oh, that's true. I'll go back first then." Since there was no news of Lin Yi, Shangguan LAN 'er naturally wouldn't stay in the GreenCloud Pavilion any longer. After saying her goodbyes, she immediately turned around and left with Curly Bear. However, before she left, she suddenly turned around and added, "If you have any news about Little Junior Brother, you must tell me immediately."

"Alright. Take care, miss Shangguan." Lu bianren nodded and looked at Shangguan LAN 'er's bouncing back with a smile. He couldn't help but have an inexplicable thought. "This little princess of the soaring Pavilion and Junior Brother Lin are really a good match. I think Pavilion master Shangguan will be happy to see this."

Lu bianren stood rooted to the ground for a while before he finally reacted and left in a hurry. He had threatened to go to the South continent to teach Lin Yi a lesson, but it didn't seem like he was just saying it. He had to tell the news to everyone and gather them together to discuss a plan.

Back at the Hua LAN residence, the first thing Shangguan LAN 'er did was rush into the study, grab Shangguan Tianhua's Pen, and said with a serious face, ""Grandpa, you're still in the mood to write? something big has happened!"

"What happened? even little LAN 'er, you're in such a hurry?" Shangguan LAN 'er chuckled as she looked at her 90% completed inscription, her mouth twitching uncontrollably.

This was a birthday gift that he had specially prepared for an important figure in the East continent. For this reason, he had specially taken out the ancient inscription on the tablet that he had collected for many years and was widely rumored to be extinct in the outside world. Of course, the inscription could not be given out in the first place, so Shangguan Tianhua decided to make a copy of it himself. After all, he was one of the few calligraphers on the five big islands of the heaven class. Any of his words could be sold for a sky-high price, and this gift was already very sincere no matter who he gave it to.

It took Shangguan Tianhua ten days to finally copy ninety percent of the stele. Just as he was about to succeed, Shangguan LAN 'er snatched the brush away and left a long ink mark on it, wasting all his efforts in the past ten days.

If it had been anyone else, they would have probably cried, but Shangguan Tianhua just chuckled. So what if it was ruined? at most, he would just spend some time to make a copy again. Anyway, there was still a lot of time. Besides, nothing was more important than his granddaughter in his eyes.

"Someone slandered you in public, saying that you were blind, Grandpa. Is this a big deal?" Shangguan LAN 'er said angrily.

"You're saying I'm blind?" Shangguan Tianhua was taken aback for a moment, but then he smiled and shook his head. "This can't be considered slander. After all, I'm old, and it's normal for my eyes to be blurry sometimes. It's no big deal for others to say a few words."

"This isn't a big deal? Grandfather, you're the pavilion master of the rising Sky Pavilion! If I say that you're blind, doesn't that mean that you're useless and can't lead our rising Sky Pavilion? This is a big deal, Grandpa, can you be more serious?" Shangguan LAN 'er said with a straight face.

It was normal for normal people to be old, but it was a joke for practitioners-they were all old and experienced, especially a master like Shangguan Tianhua. If even he was old and blind, then everyone on Sky Class Island was probably blind.

"Okay, okay, okay. Then, little LAN 'er, tell me, what should I do?" Shangguan Tianhua said with a smile as he looked at his fuming granddaughter.

"Of course, I'm going to punish him for his crime. Otherwise, anyone can slander you in the future. A thousand-mile dam is destroyed by an ant's nest. That will cause trouble. The dignity of the pavilion master can not be violated. It must be used as a warning to others!" Shangguan LAN 'er said with a straight face.

Chapter 4603 The Difference Between Geniuses

After all, Shangguan LAN 'er had been educated in this area since she was a child. Although she usually looked innocent and heartless, when it came to this kind of thing, she was also very good at it.

"Oh? Then, who should I punish?" Shangguan Tianhua chuckled noncommittally.

Shangguan LAN 'er's words were not without reason. As the pavilion master of the soaring Pavilion, he had always been known for his strength. If he had eyes but failed to see, then Shangguan Tianhua might really take action. However, since there was no news of it reaching his ears, it meant that it was definitely not one of those big shots, so he naturally did not take it to heart.

"MA dang Qiang, the disciple of the GreenCloud Pavilion who claimed to be the Super newcomer King. He slandered you in public, so he should be punished." Shangguan LAN 'er said with conviction.

"A horse as a spear?" Shangguan Tianhua thought for a moment, and then remembered that there was indeed such a person. He could not help but ask, ""Could it be the original infant stage cultivator?"

"That's right, this man is really arrogant and despotic. Today, in front of so many disciples of the GreenCloud Pavilion, he almost strangled senior brother Lu bianren to death in public. Luckily, I came across him. Grandpa, don't you think this man is despicable?" Shangguan LAN 'er complained.

"There's such a thing? Could it be that the other disciples of the GreenCloud Pavilion are just going to watch him die?" Shangguan Tianhua was slightly stunned. Seeing Shangguan LAN 'er nod affirmatively, he could not help but shake his head and sigh, ""This Yu Zhenyang, he's really capable. It's a pity that he doesn't care about the affairs of his GreenCloud Pavilion. All disciples are like this, it's going to be very difficult for the GreenCloud Pavilion to rise again under his leadership."

"That's right. Not only that, but he also said that Grandpa was blind and mistook Little Junior Brother as a genius. He also said that to prove this, he would personally go to the southern island to cripple Little Junior Brother. I'm so angry!" Shangguan LAN 'er said angrily with her hands on her hips. Whether it was Shangguan Tianhua or Lin Yi, they were both people she cared about the most, and now she was stepping on both of them as a gun. It was no wonder she was furious.

"Oh? In that case, even though this person is arrogant, he's not completely brainless. He's just making himself a shield. " Shangguan Tianhua said with a smile.

"It's just a little trick. What kind of shield is that? Grandpa, are you not going to pursue the matter?" Shangguan LAN 'er said with a frown.

"Haha, since he's already put it that way, I can't do anything even if I wanted to. This has already become a matter between him and Lin Yi, I can't say anything before the results are out." Shangguan Tianhua smiled and shook his head.

"Ah? Wouldn't that mean that his plot has succeeded? grandfather, aren't you being too tolerant of using this horse as a spear?" Suddenly, Shangguan LAN 'er paused and looked at Shangguan Tianhua suspiciously, ""Grandpa, don't tell me you've taken a fancy to this horse again? Do you think he's a genius too?"

Looking at Shangguan Tianhua's expression, Shangguan LAN 'er suddenly felt that she had made a mistake. She should have known that her grandfather would not pursue such a small character. By complaining, she had exposed herself to her grandfather. Perhaps this was the other party's real intention.

"No, he's not." Shangguan Tianhua chuckled.

"You're not?" Shangguan LAN 'er, who was still upset, was stunned when she heard this. She asked curiously, "Isn't he the Super rookie King? And he's a Yuanying stage master, sounds even more powerful than little Shidi ..."

Shangguan LAN 'er wasn't happy about this, but she had to admit that this so-called super newcomer King wasn't just boasting. He really had the capital, and even Lin Yi wouldn't be able to gain any advantage over him.

"This MA dang gun is indeed the Super rookie King, and he is also an original infant stage expert, but this doesn't mean that he is a real genius." Shangguan Tianhua shook his head and laughed. "The reason why he was able to become the newcomer King was because he had the absolute strength of a Yuanying stage cultivator. In the inner sect competition, his opponents were all golden core stage disciples, so of course no one could stop him. But Xiao LAN 'er, think about it, what if his opponents were also Yuanying stage experts? Does he still have any absolute advantage?"

"Ah? Oh right, I understand now! The reason why Little Junior Brother is a super genius is because he can easily deal with enemies above his level, but this person can't!" Shangguan LAN 'er patted her head and said excitedly.

"That's right. This is the difference in potential. It's much greater than the difference in strength." Shangguan Tianhua nodded. He'd never really observed a horse as a spear, not even seen it, but he was sure that this guy couldn't fight someone above his level like Lin Yi.

The reason was very simple, a Yuanying stage master who could fight against a jiedan stage master would never put a jiedan stage master in his eyes, and would not specifically try to deal with a jiedan stage master, because his vision must always be looking up, only then could he become stronger,

otherwise it would be impossible to fight against a higher level opponent. Just like the old saying, the bigger the heart, the bigger the stage.

"Hehe, I said that this kind of annoying guy can't be compared to Little Junior Brother. This kind of person isn't even worthy of carrying Little Junior brother's shoes!" Shangguan LAN 'er was finally happy. If it was someone else who said this, she might have doubted it, but since it came from her grandfather, it meant that it was true.

"It sounds a little biased, but it's true. Strength itself doesn't mean anything. Even if he's a xuansheng master, he's just an ant in my eyes, let alone a Yuanying master. There's no need to take him seriously. But Lin Yi is different. His future potential isn't just as simple as a xuansheng master." Shangguan Tianhua nodded.

"I understand. But if that's the case, why don't you interfere, Grandpa? It's true that Little Junior Brother has great potential, but he's only at the jiedan stage right now, so it's still very dangerous for him to be found by this horse. It's rare for you to value someone so much, so you can't let him be killed by this horse. " Shangguan LAN 'er hugged Shangguan Tianhua's arm and said coyly.

"It's fine. It doesn't matter if he goes to the southern island or not. It doesn't matter to Lin Yi. " Shangguan Tianhua smiled faintly.

"Not affected? Why would I?" Shangguan LAN 'er was confused. She didn't like this guy at all, thinking that he wasn't even worthy of being compared to Lin Yi, but he was still a nascent Soul Master. It'd be a headache for Lin Yi with his current strength.

"Don't forget that Lin Yi was chased by a sect

"Don't forget that Lin Yi was chased by a sect (opening heretic practitioner from the West Mountain sect on the southern island ..."

Chapter 4604 Preparing To Go To The Southern Island

"If he can successfully avoid this, then what's the point of going there? even an opening mountain evil practitioner couldn't stop Lin Yi, so what if he's a mere nascent soul?" Shangguan Tianhua smiled nonchalantly. ""And if Lin Yi can't escape from West Mountain sect, then it'll be meaningless whether we go or not,"

"I see!" Only then did Shangguan LAN 'er understand what he meant. After being stunned for a moment, she suddenly said, ""Grandpa, how did you know about this? I went to ask Lu bianren today and found out about it. Oh ... I understand now. Grandpa, you've been asking people to find out about Little Junior Brother, right? why didn't you tell me?"

"There's no point in telling you. Other than making you worry for him for nothing, what other use is there?" Shangguan Tianhua chuckled, tacitly agreeing to the fact that he'd sent someone to get information on Lin Yi.

"You should have told me as soon as possible. Otherwise, I'd be more worried if there was no news at all!" Shangguan LAN 'er pouted and complained.

"Okay, okay, okay, I'll tell you the next time I hear news about Lin Yi, okay?" Shangguan Tianhua could not resist his granddaughter's coquettish attacks at all, so he could only smile bitterly and comply.

"Hehe, that's more like it." Shangguan LAN 'er nodded in satisfaction.

"I say, LAN 'er, aren't you worried at all since you know that Lin Yi is being hunted by West Mountain old sect? That's an opening stage master, he could destroy Lin Yi's body with a single move of his finger!" Shangguan Tianhua couldn't help but feel strange at Shangguan LAN 'er's reaction. This girl was obviously worried that Lin Yi would be used as a weapon for revenge, but she didn't seem to be worried about the old sect at all. What kind of logic was this?

The disciples of the other three pavilions might not have any concept of the big shots in the beginning stage, but Shangguan LAN 'er definitely did not. This kind of transcendent level that ordinary people could not even hear was the basic common knowledge in their Shangguan family, which had been taught as early as when they were young.

"I'm worried, but I've been praying for my Junior Brother, so I believe that he won't die at the hands of an evil cultivator." Shangguan LAN 'er giggled, then skipped away with her little Curly Bear.

"Ha, girls are indeed extroverted. The old saying is true." Shangguan Tianhua couldn't help but laugh as he shook his head. Shangguan LAN 'er had only ever prayed for her father, and she didn't even know if her grandfather was on the list or not. He didn't think that this little girl would put Lin Yi in first.

Shangguan Tianhua was lost in thought for a moment. He inadvertently glanced at the inscription he had copied. The long ink mark on it was really unbearable to look at. His smile instantly turned into a bitter one. Alright, I'm going to be busy again ...

Shangguan LAN 'er wasn't as worried about the matter of going to the southern island to cripple Lin Yi, but Lu bianren and the others weren't as clear as Shangguan Tianhua. Now that they'd gathered in Lu bianren's cave, all of them had lingering worry on their faces.

They were confident in Lin Yi's strength, but the shock from last time was too great. They couldn't even take one move from Lin Yi even with all their strength combined. They weren't people who underestimated themselves, but this sense of powerlessness was real, and it would only get bigger as time passed.

It wasn't an overstatement to say that the words "nascent soul" had left a shadow in everyone's hearts. Unless Lin Yi became a nascent Soul Master as well, it would be hard for them to have 100% confidence in him.

"This kind of thing is unlikely to be done on the spur of the moment. Since he dared to say it in public, it means that he was prepared for it, and not just to fool Shangguan LAN 'er. So we have to treat this matter seriously and come up with a solution as soon as possible." Lu bianren said to the crowd.

"That's true, but we don't know where Junior Brother Lin is right now. Even if we want to warn him, we don't know where to start." The miserable senior brother said with a frown.

Everyone fell into silence. This was an unsolvable problem. No matter who it was, they would be helpless.

"Actually, I don't think we need to worry so much. We don't know boss Lin Yi's whereabouts, and so does he. Even if he really did choose a trial mission to go to the southern island, it'd be hard for him to find boss Lin Yi. There's at least a 90% chance that he'd return empty-handed." Lee Zheng Ming analyzed.

"Zhengming's right. Even the West Mountain sect can't find boss Lin Yi's whereabouts, it's not easy for him to do that. " Xiao ran nodded in agreement.

"But we can't just keep missing boss Lin Yi like this. Since that MA dang Qiang guy wants to go to the southern island to cause trouble, why don't we just go there too? it doesn't matter if we can't find him, we should at least try, right?" Qiao Hong Cai suddenly suggested.

Hearing this, everyone's eyes lit up and they slapped their thighs. That's right, if they could go to the southern island, they could go too!

"Well said, Hong Cai! With so many of us staying here, we might be in trouble with this bastard. It's better to take a mission to search the southern island. It's better than worrying blindly here. " Lu bianren said excitedly.

With so many people around, he was too big a target, and MA dang gun was obviously holding back a stomach full of anger. Maybe one day, the dangerous scene from before would happen again. At that time, it would be too much of a loss if someone died. After all, Jia mufan or Shangguan LAN 'er didn't always help him out.

"But the southern island is so big. Looking for a person is like looking for a needle in a haystack. How are we going to find him?" The miserable senior brother spread out his hands in a daze.

"Don't worry about that. I've been to the South continent's Sea area once, so I know something about it. I also know an acquaintance of Junior Brother Lin there. I believe we can get some clues from him, so we won't be like headless flies running around. " The acquaintance that Lu bianren was referring to was naturally Qi Wenhan. It was because of Qi Wenhan's help that he had been able to escape from the South continent's waters.

"That's great! Let's not delay any further, let's quickly choose a time to leave!" Everyone's eyes lit up when they heard this, and they were all eager to try. Since there were acquaintances and clues, there was no need to hesitate.

Seeing everyone's reckless appearance, although Lu bianren was touched, he still stopped them."There's no problem with going to the southern island, but we can't all go. First of all, it's too ostentatious and it's easy to ruin things. Second, this is where our Foundation is. Someone has to stay

behind to guard it. At least if anything happens to the three pavilions, our people outside can be prepared. "

Chapter 4605 Who Is Going?

"Who will go and who will stay?" Everyone looked at each other. They all wanted to go, but Lu bianren's words made sense. If they all went, there would be no benefit. After all, they were going to find someone, not to fight a war. Numbers were useless.

"I definitely have to go." Lu bianren was the first to speak. He was the only one who had been to the South continent's sea, and he was also the only one who knew Qi Wenhan, so there was no doubt about this.

"I'll definitely go too. I came up with this idea. I'll fight whoever stops me!" Qiao hongcai quickly raised his hand and said.

"All the more reason for me to go. Junior Brother Lin has been taking care of me the most. Without him, I wouldn't be where I am today. If I don't go, am I still human?" The miserable senior brother continued.

"I came from the common world with boss Lin Yi, we've known each other for the longest time, and we're the closest. It'd be even more unreasonable if I didn't go!" Xiao ran followed.

When Xiao ran's voice fell, everyone's eyes were focused on Lee Zhengming. He was the only one left, and he was the one who should stay behind to guard the place. However, this guy said slowly, ""Boss Lin Yi gave me my life, don't expect me to stay."

None of the five people were willing to stay, and one had a good reason to do so. Everyone looked at each other in dismay. What should they do? We can't just draw lots, right? Not to mention whether this method was feasible, the key was that no one would agree to it at all. What if he was chosen to stay?

After a moment of silence, Lu bianren made the final decision. After all, he was the most experienced and the most powerful among them, and he was also the most trusted person."How about this, Junior Brother ku and Junior Brother Xiao, you two stay here to guard the island. I'll go to the southern island with Hong Cai and Zheng Ming."

"Why?" The miserable senior brother and Xiao ran frowned in unison. Qiao hongcai and Li Zhengming were happy, but why should they stay ...

"The reason is very simple. One of you is the third Pavilion master of the welcoming new pavilion, while the other is the second senior brother of the outer sect of the GreenCloud Pavilion. Both of you hold important positions." Lu bianren explained to the two with a bitter smile.

What was particularly worth mentioning was that a month ago, Xiao ran suddenly jumped from the position of the eldest senior to the second senior. This was a huge promotion, and the difference in power between the two was a huge gap. Although the power of the second senior wasn't particularly great, this kind of opportunity was enough to make others envious.

One must know that even those second generation cultivators would have to pay a high price to get this position. Especially since Xiao ran had only joined the GreenCloud Pavilion for three years. Even if he had been the senior of the new manager for a year, it would still be difficult for him to show his qualifications.

In fact, this appointment had caused a huge controversy when it was first announced. 80% of the elders in the GreenCloud Pavilion slammed their hands on the table because of this. This was a gold-plated

position that was specially prepared for their nephews. How could they give it to an outsider for no reason? furthermore, it was an outsider with no background!

Previously, the person who had occupied this position was Lu bianren, but ever since Lu bianren had disappeared for a long time, this position had automatically been vacated. Even after Lu bianren returned, he was not allowed to continue holding this position. The official reason was that he had automatically entered the inner sect of the GreenCloud Pavilion because he was already a jiedan stage disciple, but in reality, several elders of the GreenCloud Pavilion had already been secretly competing for this position, and some had even fought until their heads were bleeding.

In this situation, Xiao ran suddenly appeared. Wasn't that a slap to their faces? was that a joke?

However, this strange appointment was passed without any suspense in the end. This was because the person who made this suggestion was the eldest senior brother of the inner sect manager of the GreenCloud Pavilion, Jia mufan. More importantly, the pavilion master, Yu Zhenyang, had approved it in public. No matter how unwilling the elders were, they didn't dare to go against Yu Zhenyang over such a small matter.

No matter what, he was still the pavilion master of the GreenCloud Pavilion. Although Yu Zhenyang had always appeared to be harmless and kind in front of people like Shangguan Tianhua, if it was them, the elders of the GreenCloud Pavilion, this fellow would definitely not show any mercy. After all, he was a powerful existence who had walked through mountains of corpses and seas of blood.

No one knew what Yu Zhenyang was thinking, and no one knew what Jia mufan was thinking. In any case, the result was that Xiao ran suddenly became the second senior brother, the outer sect steward of the GreenCloud Pavilion. From then on, he had officially entered the eyes of the higher-ups of the GreenCloud Pavilion, taking a solid step toward a position of real power.

"So what? senior brother Lu, you used to be the second senior brother in charge of the outer sect. Didn't you go to the southern island in the end?" The miserable senior brother and Xiao ran asked in unison.

"That's why I lost this position ..." Lu bianren shook his head with a bitter smile and said seriously, ""Junior Brother ku, Junior Brother Xiao, we're only going to the southern island to look for someone, so we don't need a lot of manpower. More importantly, we don't know how long we'll be gone for. It's not strange for us to be gone for a year and a half. With your current position, it'll be a big problem if you disappear for more than a month."

"That's fine. At most, I don't want this position." Xiao ran said disapprovingly.

"That's right. My position as the third Pavilion master of the welcoming new pavilion was fought for by Junior Brother Lin. If something happens to him and I sit by and do nothing, I won't be able to sit in this position for long. It's better for me to not sit in this position. " The miserable senior brother nodded.

"Foolish!" Lu bianren suddenly pointed at their noses and scolded, ""Since you know that it's junior Brother Lin's hard work, why did you throw it away so casually? do you think this is loyalty? You're completely stupid. You've let down Junior Brother Lin's efforts. How can you still have the face to look for him?"

After being scolded by Lu bianren, the miserable senior brother and Xiao ran immediately fell silent. After all, when they thought about it carefully, it was indeed the case.

"There's a reason why I asked the two of you to stay. Because of your positions, you can't leave for too long. The key is that the two of you are more or less important people. Even if others want to touch you, they have to think twice first. So, you are more suitable to stay and guard than hongcai and Zhengming, understand?" Lu bianren continued to persuade him.

"Alright, then we'll stay." The miserable senior brother and Xiao ran looked at each other and nodded. Just as Lu bianren had said, no matter how they looked at it, the two of them were the most suitable to stay behind and guard the North Island.

"Alright, in that case, let's go and see if there are any suitable trial missions." Lu bianren immediately decided.

Everyone immediately rushed to the North Island cultivators Association. Although Lu bianren could go directly to Jia mufan with his identity as an inner sect disciple, he couldn't bring Qiao hongcai and Li Zhengming along.

Chapter 4606 Fight For The Mission

A group of people came to the North Island cultivators Association. The hall was as crowded as usual. When everyone was ready to look for missions related to the South Island, a strange voice suddenly came from behind, ""Oh, enemies really do meet on a narrow road. I didn't expect to meet you in a place like this. Lu bianren, do you think this is my good fortune or your misfortune?"

The crowd couldn't help but be startled when they heard this voice. Hurriedly, they turned their heads and saw MA dang Qiang standing at the entrance with his arms outstretched. Behind him were two fawning lackeys, both of whom were the previous batch of GreenCloud Pavilion's new disciples.

The surrounding people immediately started discussing. MA dang Qiang was now a household name in Beidao. Those who didn't know him would be embarrassed to come out and mingle. No matter where he went, he would be the absolute focus.

"You want to fight again?" Seeing this, Lu bianren's face darkened. With his gentle personality, he couldn't help but feel angry when he thought about what had happened last time. He said coldly, ""This is a public place. If you're sure you can bear the consequences, we'll fight you to the end."

As Lu bianren spoke, Qiao hongcai and the others were eager to try. Although they knew that they were no match for him, since they had met on a narrow road, there was no reason for them to escape in a sorry state. They were all men, and at worst, they would die. What was there to be afraid of? Not to mention, everyone was still holding back their energy to take revenge for the last arrow!

"You're quite tough, aren't you?" MA dang Qiang sneered as he raised his eyelids. Killing intent flashed in his eyes, but he eventually restrained himself and said, ""Forget it, I'm not in the mood today, so I'll spare your dog lives. But next time, it's hard to say, so I advise you to stay away from me. You'll only live long if you know what's good for you."

Although his words were beautiful, MA dang gun was not so kind. The reason why he did not fight like last time was that there were too many people here and he was afraid.

After all, there was not only bitter joy, the third Pavilion master of the welcoming new pavilion, but also Xiao ran, the second senior brother of the outer gate of the GreenCloud Pavilion. If he were to kill them in public, it would definitely cause a huge commotion in the North Island. Once that happened, no matter how optimistic he was, the higher-ups of the GreenCloud Pavilion would not dare to speak up for him.

"Same to you." Lu bianren said coldly and stopped Qiao hongcai and the others who were about to attack. He lowered his voice and said, ""Hurry up and find a mission to the southern island. Take all the missions that you can. Don't let this bastard get ahead of you!"

Everyone was shocked, and only then did they react and quickly split up to search. MA dang Qiang definitely had the same thoughts when he came here. The words he said before were indeed not empty words, and they definitely couldn't let him be the first.

MA dang Qiang was slightly surprised by everyone's reaction, but he didn't expect them to want to take the mission to the southern island. He sneered and swaggered into the mission Hall. After forcing them to give him a table to sit down, he sent two of his lackeys to find a mission.

The northern and southern islands were thousands of miles apart, and they didn't even have the slightest connection to each other. Although there were all kinds of bounty missions on the mission list, the missions related to the southern island were as rare as a Phoenix's feather or a Qilin's horn. They might not even see one in ten days or half a month. Lin Yi and Huang Xiaotao were only able to get it last time purely by luck.

Lu Bianren and the others searched for a long time, but in the end, they found nothing. Only Lee Zhengming stopped at the most unremarkable corner. On a waxen, old, and worn mission wooden board, there was a line of small words: The southern island's Lufeng forest's rare spirit herb collection! There was no limit to the time limit of the mission and the number of people.

This was a southern island team mission that was specially designed for them! Lee Zheng Min was instantly overjoyed, and he quickly took off the wooden Mission Board. After giving Lu Bian Ren and the others a look, he immediately rushed off to complete the procedures to receive the bounty mission.

However, when Lee Zheng Ming and the others arrived at the mission receiving point, they realized that the person who was sitting in his seat was actually using his horse as a gun! At this moment, the manager of the Guild was standing at the side, nodding and bowing. Everyone knew that he had a bright future ahead of him, especially now that he was the second senior brother of the inner sect manager of the GreenCloud Pavilion. This kind of destined great figure was naturally something that they had to do their best to win over.

"Manager Zhou, you should be very clear about the reason why I'm here this time. If you have a team mission to the southern island, hurry up and bring it out. Those two idiots have been looking for you for

half a day and still haven't found it. Could it be that you've hidden it?" MA dang Qiang casually crossed his legs and said.

"Look at what you're saying. The bounty mission here is for everyone to complete. How can we deliberately hide it? Moreover, steward MA is here personally. Even if you lend us ten thousand guts, we wouldn't dare to do such a thing!" The manager smiled apologetically. "Manager MA, you don't know. There are very few missions to go to the southern island. It's rare to see one in ten days to half a month. It's normal to not be able to find one for a while."

"Don't talk nonsense. Just tell me if you have one. I don't have time to talk nonsense with you." MA dang Qiang said impatiently.

"I don't think so ..." The Guild manager scratched his head awkwardly. At this time, a staff member sitting not far away suddenly came over and whispered. Then, his eyes lit up and said, "Yes, I have! There's a mission to collect rare elixir in the southern island, but it's been vacant because the reward isn't high enough. Moreover, that Chamber of Commerce has never canceled it, so it's been squeezed to a corner and forgotten. Senior brother MA, are you interested?"

"Then I'll take this." MA dang Qiang nodded his head. He had only accepted the mission as an excuse. The reward was secondary to him. He did not care about it at all.

"I'm sorry, but we've already accepted this quest. " At this moment, Lu bianren suddenly walked in, holding the wooden task card in his hand and smiling faintly.

"What?" MA dang Qiang was stunned for a moment. He carefully looked at the wooden Mission Board in Lu bianren's hand, and his face immediately darkened. He had never expected that this bunch of cowards would also come to pick up the southern island mission, and that they would be one step ahead of him!

"Manager, please help us register." Lu bianren didn't seem to have any intention of taking the horse as a spear. The corners of his mouth seemed to be curved into a faint arc. Although his strength wasn't as good as the other party's, being able to beat the other party on this matter could also be considered as venting his anger.

"This ..." The Guild manager couldn't help but look at MA dang Qiang with a troubled expression. According to the rules of the North Island cultivators Guild, of course, it was first come, first served. Since Lu bianren and the others had obtained the mission wooden token first, this South Island team mission undoubtedly belonged to them. But wouldn't this clearly offend MA dang Qiang?

"What's wrong? Could it be that the rules of the cultivators Association on the North Island have changed? is there a problem with even taking a mission?" Lu bianren frowned slightly. If the other side was biased in this matter, then he would have no choice but to blow the matter up. In any case, the truth was on his side.

Chapter 4607 How Have You Been?

"No... No..." The manager's old face was bitter. His eyes moved back and forth between the two groups of people who came with ill intentions, but he was complaining in his heart. What kind of unlucky day is this? why did such a hot potato suddenly come?!

He didn't dare to offend Lu bianren and his gang, but they weren't nobodies. He was just a small manager of the Association. If he dared to publicly make things difficult for Lu bianren and his gang, not only would it ruin the reputation of the North Island cultivators Association, but it would also ruin his own bright future!

"There's a way to heaven, but you refuse to take it. There's no Door to Hell, but you insist on barging in. This is the first time I've seen idiots as stupid as you. " MA dang Qiang suddenly opened his mouth and sneered, ""Originally, I was in a good mood today and wanted to be merciful and let you guys off.

Unfortunately, you guys are blind and want to deliver yourselves to my door. Since you're so eager to die, I can only reluctantly give you a hand. "

"Do you really have the guts to do that in front of so many people?" Lu bianren looked at him coldly. Although he was not strong enough, his aura was not weak at all. In such a crowded situation, he was sure that the other party would not dare to fight, let alone kill him in public, unless he wanted to die with them.

"What's wrong? Could it be that my courage is so small in the eyes of you cowards? Hahahaha, there's a limit to how much you can deceive yourself. It's indeed a bit troublesome to kill you all, but it shouldn't be a big problem to just cripple you, right? do you really think you're a dish?" MA dang Qiang's face was ferocious and he sneered. He pointed his mouth at the two minions guarding the door and said, ""Close the door!"

This mission acceptance office was a separate room. Although it was only separated by a wall from the bustling Mission Hall, it could still be more or less concealed if the door was closed.

Of course, it would be a fool's dream to think that this wall wouldn't be known to the people outside. However, it was just a formality. As long as the process wasn't too ostentatious, it wouldn't be a big problem.

Bang! Bang! "Yes!" The two minions hurriedly closed the door and looked at Lu bianren and the others with ridicule in their eyes. They were clearly closing the door and beating the dogs. There was going to be a good show to watch.

Seeing this, Lu bianren and the others 'expressions changed slightly. They didn't expect MA dang to be so bold. However, when they thought about the last two times they had met, this guy had been

unscrupulous every time he attacked. If it weren't for Jia mufan and Shangguan LAN' er coming out to save the day, they wouldn't be standing here unscathed, so it wasn't surprising.

Although they were surprised, Lu bianren and the others knew that their strength was not as good as the Emperor 's, but at this time, none of them were afraid. They were willing to put on their armor and dared to pull the Emperor down from his horse. What's more, the other party was only a Yuanying stage master. At worst, they would die, so what was there to be afraid of?

"Everyone ... Everyone, let's talk things out. Don't be impulsive. This isn't good for everyone ..." The manager of the Association quickly stepped out to smooth things over. He didn't care about the life and death of Lu bianren and the others, but if the two sides fought here, the North Island cultivators Association would definitely suffer great misfortune. If the higher-ups blamed him, who could he find to reason with?

It was a pity that neither MA dang Qiang nor Lu bianren would care about his feelings at this moment, especially when MA dang Qiang was currently holding back a stomach full of evil fire. Facing this group of weak cowards who had already jumped over his head, with his violent nature, it would be strange if he could endure it!

"From today on, each and every one of you is a cripple. Enjoy the life of a cripple who can't see the light of day, hahahaha!" Accompanied by MA dang Qiang's arrogant and smug laughter, the floor under their feet suddenly split open without any warning, and with a sharp whistling sound that pierced through the eardrums, it spread toward the feet of Lu bianren and the others.

Although the five cracks were in the same direction, each of them was pointing at a person. Lu bianren and the other Four's expressions suddenly changed as if they were facing a great enemy. Last time, they had suffered a loss because of this move. Once the sharp spikes were revealed, they would be finished!

He didn't know what it was exactly, but the move of using the horse as a spear was indeed powerful. Even a Jindan expert wouldn't be able to withstand such an attack. Not to mention, other than Lu bianren, the rest of them were only in the Foundation Stage. The difference in strength was too great. Even if they wanted to defend, it was impossible to do so.

MA dang gun looked at this scene and laughed hideously. Lu bianren and the others' backbone and courage were indeed not simple, but unfortunately, in the face of absolute strength, they were just a joke. He would first turn this group of idiots into cripples and see if they would still be so stubborn when the time came!

The cracks spread extremely fast. Before Lu bianren and the others could react, these five fatal cracks had already spread to their feet, and what would happen next would be the same as last time. Once they were hit by the sharp spikes, even if they were lucky enough to survive, they would be half-crippled. The wound on the miserable senior brother's thigh was still aching!

At this time, no matter who was in Lu bianren's position, they would be lying if they said they weren't nervous. After all, their lives were in danger. If they could successfully avoid the attack, they would still have a chance to face the next attack, but if they couldn't, then their lives would end here.

The bitter senior brother's face instantly turned pale, and his mind went blank. The only thing he could do at this moment was to close his eyes tightly. He was ready to die. However, after waiting for a moment, the sharp spike that had appeared in his nightmares countless times did not appear.

"How could this be ..." The miserable senior brother opened his eyes in shock and disbelief. He found that although the crack was still there, there was no fluctuation of true Qi at all, nor was there any terrifying killing intent or attack.

He wasn't the only one. Lu bianren and the others were also shocked. Following their incredulous gazes, they saw a figure three steps away from them. It was a very familiar back. Ever since this person appeared, the sharp spear had disappeared without a trace, as if it had never been there.

"I haven't seen you for a year and a half. How is everyone?" When the man turned around with a smile, Lu bianren and the others' eyes reddened. It was Lin Yi.

Everyone was dumbfounded and speechless. They were willing to risk their lives and go all the way to the South Island. Everything they did was to find Lin Yi, but they didn't expect him to appear at this time!

Chapter 4608 Completely Ignored

"What's wrong? Are you going to the southern island? is it necessary to travel such a long distance to collect spiritual herbs?" Lin Yi looked at the mission Board in Lu bianren's hand, touched.

Of course, he could guess the reason why everyone was willing to take the risk to go to the southern island. With their strength, they would definitely die if they went to the chaotic southern island. However, they still made this decision, and he had to remember this kindness in his heart.

"Junior Brother Lin! (Boss Lin Yi!)" Everyone was stunned for a long time before they finally reacted. They shouted and rushed over to hug Lin Yi. The group of men who were unafraid of death had red eyes and tears in their eyes.

This movement immediately attracted the attention of the crowd outside. When Lin Yi came in from the mission Hall, some people with sharp eyes had already recognized his identity, and now that they heard Lu bianren and the others address him, it confirmed Lin Yi's identity even more. This was the previous legendary newcomer King, the Super genius that even Shangguang Tianhua had high hopes for!

The news of Lin Yi's return spread like wildfire, and the people outside the door squeezed in to watch the show. At this moment, other than Lin Yi, Lu bianren, and the others who hadn't seen each other for a long time, as well as the manager who was standing on the side in fear, the remaining people didn't look too good.

He'd never seen Lin Yi before, but if he couldn't even tell who he was from this scene, then he'd just kill himself with a piece of tofu!

This was something he had always wanted to deal with. To be more precise, this was a stepping stone that he had to step on!

She'd come here today to get a mission and go to the southern island to find Lin Yi, but the guy just showed up of his own accord! She didn't know what to say in this situation.

It was certainly a good thing that he did not have to travel thousands of miles to the southern island, but now he could not help but feel a sense of surprise. He could not be happy, and his mood was a little complicated.

"Junior Brother Lin, why did you suddenly return?" Lu bianren couldn't help but ask after the joy subsided. The miserable Shixiong and the others were also surprised. They were all worried that Lin Yi might be Dead or Alive, and for that, they were willing to risk their lives to fight against him. But who knew that happiness would come so suddenly? Lin Yi's return finally gave them a backbone.

"Hehe, I'll naturally return once I'm done with my business." Lin Yi said as he looked around before turning to the manager. "Previously, I accepted the mission to arrest the evil cultivator Wu Bao Liang. Although it has expired a long time ago, I have already completed it. This can be proven by the information from the three pavilions. I am here to submit the mission."

If he had not come back to hand in the mission, he would not have come to the North Island cultivators Association immediately. Although he had received this mission from Jia mufan, it was still from the North Island cultivators Association in essence, so he could only come here to hand in the mission.

"Mission submission? The heretic practitioner Wu Bao Liang?" The manager was stunned. He scratched his head and said with a strange expression, ""But this mission has already been canceled, and it was senior brother Jia mufan of the GreenCloud Pavilion who personally told me to do it ..."

"That's right, we were the ones who told senior brother Jia about this. " Lu bianren nodded.

"Oh, alright then." Lin Yi nodded nonchalantly, not caring about the reward at all. He put his arm around everyone's shoulders and said happily, "Then let's hurry back. We haven't seen each other for so long, let's have a good gathering!"

Naturally, everyone agreed to this suggestion and happily surrounded Lin Yi to leave. Since Lin Yi was back, they didn't have to take on the southern island mission anymore. Even the pressure they felt just now was thrown to the back of their minds.

MA dang Qiang's face turned green-Lin Yi didn't even look at him the whole time, and he felt like a dispensable clown. How could he just let it go?

"Stop!" MA dang Qiang roared, attracting everyone's attention. He sized Lin Yi up coldly and pretended to be embarrassed. "You're Lin Yi?"

"Oh, Who are you?" Lin Yi turned back to look at him, remembering that this guy was the one who attacked Lu bianren and his men, only to be stopped by him. If it weren't for the fact that he was overjoyed to see Lu bianren and his men, Lin Yi wouldn't have forgotten about this guy. No matter who he was, since he dared to attack his brothers, he had to punish him.

Lin Yi's attitude and tone as if he was looking down on a passer-by triggered MA dang Qiang's pride. He was the main character who shone everywhere he went before, but now that Lin Yi was here, everyone's attention was subconsciously focused on him. MA dang Qiang, the Super newcomer king who thought highly of himself, didn't even get a second look from the crowd.

"I'm your grandfather!" MA dang Qiang blurted out in anger. A mere stepping stone that was about to be stepped on by him actually dared to put on airs in front of him. He really didn't know what was good for him!

Everyone couldn't help but look at each other when they heard this. Their eyes unconsciously lightened a little as they looked at MA dang Qiang. Although they were indeed very optimistic about this Yuanying stage super newcomer King, all experts had to have a bearing. Only an ant-like commoner would open his mouth and ask to be a grandfather. MA dang Qiang's bearing was really not something to be complimented about.

"Oh." Lin Yi didn't seem to be angry at all under everyone's attention. He only looked at the guy indifferently and turned to the side,""Senior brother ku, where did this crazy person come from?"

The words caused a huge commotion outside the door. They didn't dare to mock him because of his strength, but Lin Yi's face was clearly filled with sympathy when he said those words. He was the new generation King of the original infant stage, yet he was being treated as a madman. How could they accept this?

This was the first time Lin Yi, the former newcomer King, and MA dang Qiang, the current newcomer King, were meeting face to face. It was like Mars colliding with earth, and it was already a big deal. Lin Yi's words added a bit of gunpowder to it, and the audience outside was instantly interested. More and more people gathered around after hearing the news, and even the door sill was about to be trampled.

"This guy's called MA dang Qiang, he's also a disciple of our GreenCloud Pavilion ..." The miserable senior brother explained.

However, before he could finish his words, the underling that MA dang had brought with him had already rushed to say, ""Hmph, ignorant brat, listen well. This is the famous brother spear. He is now the second senior brother in charge of the GreenCloud Pavilion's inner sect. He is also the Super newcomer king who dominated this year's inner sect competition. If you know what's good for you, then hurry over and kowtow to brother spear and apologize. Otherwise ..." "

Chapter 4609 Mid Nascent Soul Realm!

"You're noisy. " Lin Yi's mouth twitched as he looked at the Lackey's overconfidence. He waved his left hand and an invisible force sent the Lackey flying. He screamed and fell into the crowd. The people behind him didn't know what was going on. They stepped on him and turned him into a human cushion. It was a miserable scene.

"Hmph, as the old saying goes, you have to look at the owner before you hit the dog. You dare to touch my subordinate in front of me, it seems that you're ready to fight me, right? I've seen arrogant people, but this is the first time I've seen such an arrogant idiot like you!" MA dang Qiang's face darkened. Lin Yi's attack wasn't a big deal to him, but it was a declaration of war to him that he'd sent his minions flying.

"Hehe, you flatter me. This kind of evaluation should be given to you, Sir." Lin Yi shook his head nonchalantly, his smile still as calm as ever."Newcomer King, right? Oh, hello, newcomer King. But even if you're the newcomer King, you don't have to be so pretentious, right? Even I, the pretentious leader that others call me, can't compare to him. "

"Acting cool?" MA dang Qiang subconsciously looked at his minion who was still wailing at the foot of the crowd. He thought to himself, 'who the hell is the pretentious one? as expected of the pretentious leader.' He then sneered, "I heard that you were the last batch's rookie King?"

"Oh, that's old news. I haven't been the newcomer King for many years. I always feel like I'm pretending to be young when I hear people say this. I'll be laughed at." Lin Yi said with a smile.

The crowd outside the door burst into laughter as they watched the tension between the two sides grow. Any normal person would know that the two kings were bound to fight today, and there were even people betting on it. Although most people felt that the original infant stage had a higher chance of winning, it was obvious that Lin Yi had the upper hand in terms of bearing.

"You ..." Hearing everyone's laughter, MA dang Qiang couldn't help but feel like he was being played like a monkey. He knew that he wouldn't be able to gain any advantage with his glib tongue, so he could only fly into a rage out of humiliation. "It's useless to only talk. That's the work of trash. You and I are both newcomers 'Kings. Since we've met by chance today, do you dare to challenge me?"

At this moment, there was only one thought in MA dang Qiang's mind. Only strength was King. When this guy was trampled under his feet, he would see if he could still laugh!

"It's true that you're a madman. Do I have nothing better to do than to challenge you to a battle? Don't tell me you have rabies. If you're sick, quickly treat it. Don't delay. " Lin Yi frowned and released his aura without saying anything. His peak-early nascent soul aura instantly suppressed everyone around him.

Lin Yi had a habit of hiding his strength, but a peak-level early stage nascent soul cultivator was only his strength on the surface. It wouldn't hurt to let people know about it, so he might as well show it to scare

these clowns. After all, he'd just returned to the North Island, and he didn't want to get into a conflict with these kids who didn't know their place.

To Lin Yi, the gathering with his brothers was the most important thing, and he had to make time to visit the king of junk to see how the forging pool was doing. He didn't have the time to waste on this guy ...

He might be a super rookie King in the eyes of ordinary people, but he was just a kid in Lin Yi's eyes. He'd seen all kinds of top-tier beings in the South continent, and he'd even seen super beasts above the earth-opening and sea-splitting stages, let alone mountain-opening stages. Compared to these behemoths, the rookie Kings of the three pavilions were nothing.

Seeing Lin Yi suddenly release his aura without holding back, the crowd outside the door was shocked. Even Lu bianren and the others who were standing beside him were in disbelief. They always thought that Lin Yi was only at the Golden core stage, which was why they were so worried about him. They didn't think that Lin Yi would be at the peak of the early nascent Soul Stage in such a short time!

The crowd only thought that MA dang gun was a weapon because he was an original infant stage master, and had the absolute power to suppress Lin Yi, the last new generation warrior and mage King. Even if they knew that Lin Yi could fight above his level, they didn't believe that a golden core stage could challenge an original infant stage.

But it was different now. Lin Yi wasn't the Golden core he thought he was-he was at the peak of the initial stage of the original level, and now he was stepping on Lin Yi like a spear. It seemed like this so-called "new talent King" had really kicked an iron board-he was only at the initial stage of the original level!

This scene not only made everyone's face change, but even MA dang Qiang himself was stunned. The condescending look he had on Lin Yi disappeared instantly, and he grinned, ""Peak of the early nascent Soul Stage? You're so powerful, do you think that you're invincible and that you can scare me away?"

Hearing MA dang Qiang's strange tone, everyone couldn't help but be stunned. Could it be that this fellow couldn't accept such a huge psychological gap, so he was prepared to slap his own face until it swelled up to act fat?

However, when they saw MA dang Qiang's next move, everyone reacted and couldn't help but reveal a shocked expression. Their impression of MA dang Qiang was that he had always been flamboyant, but they didn't expect that this guy had actually hidden his strength. He wasn't an early nascent soul expert at all, but a mid nascent soul expert!

Everyone's interest was piqued-the confrontation between the two new kings was a gimmick, and now it was like a roller coaster. They thought that Lin Yi's peak early stage nascent soul strength would be the final blow, but they didn't expect this new king to be even stronger!

Today's excitement was the right thing to do. If this situation continued, both sides would definitely fight. At that time, it would become the focus of the entire North Island. There would be no lack of topics to brag about.

"Hahahaha!" MA dang Qiang couldn't stop laughing-the looks on everyone's faces satisfied his vanity. He returned to his condescending look and glanced at Lin Yi, "How is it? You didn't expect this, did you?"

"Oh, so what?" Lin Yi, on the other hand, didn't even bat an eyelid from the beginning to the end. He was still looking at this guy with a smile that didn't look like a smile, his eyes full of ridicule.

"How is it? Did water get into your brain?" MA dang gun looked at Lin Yi as if he was an idiot, "I'm a master in the middle Yuanying stage. If you're smart enough to kneel down and kowtow to me, I can spare your life for the sake of our sect. But if you're not smart enough, don't blame me for not showing you any mercy ..." "

Chapter 4610 It's Best To Be Mentally Prepared

"Hehe, I really don't understand. Even if you're a mid Yuanying stage master, what's the matter?" Lin Yi couldn't help but smile.

"I'm more powerful than you!" MA dang Qiang looked at Lin Yi's expression and felt like he was about to puke blood after missing his punch. The surprise he had just felt disappeared as his lips twitched and he sneered, "Are you pretending to be stupid or are you really stupid? Don't tell me you're so scared of me that you can't even tell the difference between our levels? Or do you think that you, a mere peak early nascent soul cultivator, have the capital to act tough in front of me?"

"Oh, so that's what you're talking about. I thought you knew me well. You haven't even heard of my most basic specialty, and you dare to provoke me? haven't you heard of the saying "know yourself and know your enemy"? have you not studied?" Lin Yi chuckled nonchalantly.

"Specialty?" MA dang Qiang was stunned for a moment, then he snorted coldly, ""I've long heard that everyone says that you, the former newcomer King, are very good at acting tough. Do you admit that you're the head of acting tough? Hmph, Hmph, but since we're from the same sect, I'll give you a word of advice. Only those with strength can be called pretentious, and those without strength are called idiots. The nickname pretentious leader doesn't suit a weakling like you. I'll reluctantly take over for you, hahahaha!"

"Hehe, I didn't expect you to be such a warm-hearted person. Since you want it so much, I'll give it to you. I don't care about such titles anyway." Lin Yi smiled faintly before continuing, "But since you said that we're from the same sect, then I'll remind you out of morality, in case you say that I'm bullying the weak."

"Oh? Then I'll give you this chance. If you have anything to say, just say it now, or you'll say that I don't respect the elderly and didn't even give you this opportunity. No matter what, you're the former newcomer King. Even if you're past your Prime, you still have to give me some face. " MA took the opportunity to act like a gentleman.

He kept saying that he was the newcomer King. It seemed that this kid was determined to use him as a stepping stone! Lin Yi saw through his intentions and laughed, "The thing I'm best at is actually not acting tough, but fighting enemies above my level. So, let's get the ugly things out of the way first. Not to mention the middle stage of the nascent Soul Stage, I've even killed a xuansheng stage cultivator. You'd better be mentally prepared."

Xuansheng stage? Everyone froze and took in a cold breath. Some of them had never even heard of this realm before, let alone seen it in person. Lin Yi could kill a xuansheng stage master? This couldn't be a joke, right?

MA dang Qiang and the others were stunned for a while before bursting into wild laughter. He pointed at Lin Yi and gasped, "Hahahaha! I don't think you're a pretentious leader. You're just a bragging leader, aren't you? There should be a limit to your self-deception. You even said that you could kill an expert at the xuansheng stage. He didn't die because of you, but because of your laughter, right?"

Even Lu bianren and the others couldn't help but find it hard to believe Lin Yi's words, let alone MA dang Qiang and the crowd. They believed that Lin Yi could defeat a mid-nascent Soul Stage cultivator, but a xuansheng stage cultivator? That's too far off ...

What they didn't know was that Lin Yi was telling the truth. He never revealed his strength in public, and now his rare truth was treated as a joke. It made them not know whether to laugh or cry, but this was the effect he wanted. If everyone took it seriously, he wouldn't reveal this kind of information in public. The truth was the king.

Seeing Lin Yi's unmoved expression, MA dang Qiang's face turned cold as he pointed at Lin Yi's nose, "Alright, since you're so awesome, I'll challenge you to a battle right now. Do you dare? You can even kill a xuansheng stage expert, you can't possibly be afraid of a mere Yuanying stage expert like me, right?"

Everyone's eyes were focused on Lin Yi, waiting for his reply. They were all eager to say yes on Lin Yi's behalf, but Lin Yi didn't care at all. He curled his lips, "I'm not interested. Go play somewhere else. "

Ignore, ignore again ... This feeling made MA dang gun even angrier. He could tell that Lin Yi wasn't faking it when he said that-he really didn't want to bother with him.

MA dang Qiang was furious. He was just an outdated newcomer King at the peak of the early stage of the original level. What right did he have to look down on him?

"Don't tell me you're afraid?" MA dang gun wouldn't give up just like that. He immediately stared at Lu bianren and the others with an unfriendly expression. "If you really don't agree, then there's nothing I can do. But I've always had a bad temper, and I might have to kill a few people to vent my anger. I feel like I'm suffering, Lu bianren. These stupid little brothers of yours are good targets for venting my anger, don't you think so?"

Lin Yi's eyes turned cold-he really didn't want to deal with this trash at first, after all. He was just a clown in his eyes.

The North Island wasn't as chaotic as the South continent, after all, and Lin Yi couldn't just kill people like that, especially when the guy was the so-called newbie King. There'd be a lot of trouble if he did, and he didn't have time to waste on this.

However, Lin Yi could ignore these clowns, but he couldn't ignore the people around him. He couldn't just sit back and watch, even if it was a little troublesome, after threatening his poor senior brother.

"Now that you mention it, you were the one who attacked brother ku and the others, right?" Lin Yi looked at MA dang Qiang calmly.

"That's right, it's me. Now you want to stand up for them?" MA dang Qiang sneered fearlessly, ""Oh right, I can tell you one more thing. If it wasn't for someone interrupting us, they would have already died in my hands. If you don't believe me, you can ask the bitter one, ask him if his leg injury has completely recovered. Hahahaha!"

"Is there such a thing?" Lin Yi asked.

The guys looked at each other and nodded. It wasn't something to be proud of, but there was nothing to hide, especially in front of Lin Yi. They'd find out sooner or later.

"Alright, I understand. As you wish." Lin Yi's aura suddenly became a bit colder. Since this guy almost killed his bitter senior and his people, he wasn't just a clown. He was an enemy through and through, and there was no need to be polite.

"Hahahaha, very good. Now that's more like it. But this is the only time you can be tough!" MA laughed out loud!
