

Bodyguard 4611

Chapter 4611 Take A Break

Immediately after, he attacked without a second word. It was the same move he used against Lu bianren and the others, but this time against Lin Yi, the power and speed were completely different.

A very thin crack appeared under Lin Yi's feet. One wouldn't be able to see it if they didn't look carefully. The crack was small, but the movement wasn't small at all. There was a loud rumbling sound, as if there was an explosion underground, shocking everyone.

The audience outside the door was shocked when they saw the situation. They quickly found a place to retreat. At this moment, although the earth was not shaking, everyone knew that a storm was coming. This was just a locking move. Once the power really burst out, it was afraid that the place would be razed to the ground in an instant. After all, it was a battle between two Yuanying stage Masters. Even if others just touched a little bit of the aftermath, it would also kill them.

"I'll tell you one last time, this move of mine is called the Earth Dragon's birth. The last time I used it, a master of the middle Yuanying stage died. So if you have any last words, you'd better tell me quickly, or you won't die in peace. " At this time, MA dang Qiang actually still had the leisure to talk."Of course, there's no need to run. You've been locked on by my divine sense. No matter where you run, the Earth Dragon will appear under your feet. So, I'm not afraid to tell you that you can't escape this move. Hahahaha!"

"Earth Dragon?" Lin Yi's lips curved into a playful smile as he replied faintly, "What a coincidence. This move of mine is also a Dragon. I wonder if your Earth Dragon can block my Dragon."

"Dragon? Dragon my ass! You're still so stubborn even when you're about to die!" MA dang Qiang laughed loudly, but then his eyes suddenly narrowed. The rumbling sound suddenly became even more shocking, giving people the feeling that there was a peerless beast coming out of the ground to devour

people. Not far away, the weaker guys were scared on the spot. The power of a full force attack of a mid Yuanying stage master was not something that ordinary people could withstand.

The spectators who were still in high spirits earlier hurriedly retreated further and further away. According to this terrifying momentum, MA dang gun's Earth Dragon's birth would probably raze a radius of at least ten miles to the ground. Even if they protected their bodies with true Qi, they still couldn't avoid being implicated at such a close distance.

Lu bianren and the others didn't Dodge like the others and stood behind Lin Yi. Unless Lin Yi told them to retreat, they would die together.

Lin Yi's lips were still curled up in a playful smile, but he didn't do anything. He just stood there quietly (don't ask me who's Jingjing, Jingjing is han Jingjing), looking at the horse that thought it had victory in its grasp.

"Yo, no wonder you're the former newcomer King. Not to mention anything else, at least you're quite tactful. You know you can't run, so you just don't run, right? Haha, if you have the guts, it's a pity that you don't have long enough to live!" MA lingjun continued to mock Lin Yi. In his eyes, Lin Yi was already a dead man.

"You're saying that I don't have long enough? Then I'll just wait and see. Maybe the heavens won't let me die so early?" Lin Yi smiled faintly and turned to the manager, who was hiding in a corner."Can I trouble you to bring me a stool? I'm travel-worn and can rest my feet."

"Ah? A stool?" The Guild manager was dumbfounded. If it wasn't for his position, he would have run far away like the others. Why would he stay here and wait to be buried with others? However, if he ran away with his status and left the North Island cultivators Association to be reduced to ruins, his fate

would definitely be worse than death. He might as well stay and play a trick of injuring himself. Maybe he could even get a reward for staying at his post ...

Lin Yi smiled and shook his head at the manager's fear. He pulled a chair over and sat down in front of everyone, as if nothing had happened.

Everyone was dumbfounded. What was going on? He knew that he couldn't beat the horse, so he simply admitted defeat. But it didn't seem like it?

But it was impossible for Lin Yi to completely ignore the attack. No matter what, MA as a spear was stronger than Lin Yi. There was no way a peak-level early nascent soul cultivator could ignore the killing move of a mid-stage nascent soul cultivator.

Everyone was still shocked, but MA dang Qiang, who was standing opposite Lin Yi, was about to go crazy. To be honest, he wanted to trample Lin Yi under his feet, but after Lin Yi revealed his peak early nascent soul strength, he stopped underestimating him. Combined with the rumors Lin Yi had heard, he knew that this guy wasn't easy to deal with.

However, he still had absolute confidence in himself. The Earth Dragon rises from the world could even kill a master of the middle Yuanying stage in seconds, let alone a mere peak of the early Yuanying stage.

"I don't care what tricks you're trying to play, I'll kill you first!" He was certain that Lin Yi was bluffing, and he had Earth Dragon's birth ready. This was his trump card, and not only was it powerful, but it also had a deadly backup plan!

Every martial technique had a time limit. The only difference was whether it was a bit faster or slower, and time meant that there were flaws, which meant that it would be targeted. However, MA dang gun's Earth Dragon's birth had jumped out of this routine. This wasn't because it didn't have the time to attack, but because it had the power to come back.

After the Earth Dragon had appeared, as long as he could lock onto the opponent with his spiritual sense, he could control the time of the Earth Dragon's appearance at will. The Earth Dragon had been entrenched under the opponent's feet from the beginning to the end, and with a thought, he could be hit. The whole process would not give the opponent any time to react. If the opponent dared to make a move at this time, it would be the rhythm of courting death. This was the so-called right to be the last resort, and also the most terrifying killer move of the horse!

During this process, the longer the Earth dragon's breath was held, the more powerful it would be. It could be said that MA dang Qiang had the initiative from the beginning to the end. Unless Lin Yi attacked before he even made a move, there was no suspense in this battle at all, at least in MA dang Qiang's eyes.

He wanted to take advantage of Lin Yi's opening, but Lin Yi didn't look like he was going to attack at all. Since he couldn't wait for the attack to start, he could only strike first. After all, the Earth Dragon could be in trouble if it stayed down there for too long. Its power was enough to kill any peak-level early nascent soul realm master in seconds, and he didn't believe that Lin Yi could take it!

"The Earth Dragon has appeared! Explode!" MA dang Qiang suddenly shouted!

Chapter 4612 Can't Understand

Everyone's nerves trembled, and many people even fell to the ground without caring about their image. Everyone thought that in the next moment, the area within a ten-mile radius would be turned into ruins.

However, a breath's time passed, two breaths 'time passed, three breaths' time passed ... Everyone who had been lying on the ground raised their heads in confusion. Why was there no movement at all?

Everyone was looking at MA as a weapon. This super newcomer King of the original infant stage, is he playing with us?

Looking at MA dang Qiang now, he no longer had the arrogance and confidence from before. Instead, he was so frightened by this strange scene that he was drenched in cold sweat. Why was there no movement at all ...

"Explode! Explode! Explode!" MA dang Qiang was about to go crazy. He suddenly shouted hysterically, almost causing the people present to have a nervous breakdown. However, the result was the same as before, without any movement.

Lin Yi wasn't just sitting there, the guy had even made a pot of spiritual tea and was drinking it with a satisfied expression on his face. He looked at the horse as if he was watching a monkey show.

Lu bianren and the miserable Shixiong looked at each other, and their hearts fell to the ground. They didn't know what happened, but at least they knew that everything was under Lin Yi's control.

MA dang Qiang was really exploding with anger this time. His face was so tensed that it had turned into the color of a pig's liver, but there was no reaction at all. In the past, the birth of the Earth Dragon that had clearly worked every time was like a mud sinking into the sea this time. There was no reaction at all. Let alone controlling it, he could not even sense it.

"Hehe, it seems that your Earth Dragon isn't very good. Why don't you take a look at the power of my Dragon?" Lin Yi sipped his tea calmly, a stark contrast to the hysterical horse.

"You ..." MA dang Qiang cursed out of embarrassment, but before he could even utter the word "F ** K", he felt a sharp and terrifying killing intent surge out from under his feet, accompanied by a soft Dragon's Roar. In the next moment, in front of everyone, MA dang Qiang actually let out a wail and knelt down in front of Lin Yi!

The crowd was in an uproar. Everyone had a look of disbelief on their faces. What the hell was going on? Lin Yi was just sitting there and drinking tea, and he was the one making threatening gestures. Why was he kneeling down for no reason? and why did he look like he was in so much pain?

"Don't be like this, the fight hasn't even started, how can you kowtow and admit defeat? Strange things happen every year, I'm really drunk!" Lin Yi continued to drink his tea, not even lifting his eyes.

"Impossible! This was impossible! Absolutely impossible! ..." MA dang gun screamed as he looked at Lin Yi with cold sweat dripping down his face. He couldn't believe that he would lose, and in such a way that he couldn't understand at all!

He used both of his hands to protect his kneecaps, which were in so much pain that they were about to lose all feeling. From the gaps between his fingers, bright red blood gushed out uncontrollably. In a short time, the surrounding floor was dyed red. Coupled with MA dang Qiang's hysterical screams of pain, the entire scene suddenly fell into a strange silence.

Everyone was dumbfounded as they watched this scene. MA dang Qiang, the original infant stage super newcomer King, had always been high and mighty. No matter where he appeared, he had always been full of arrogance. However, this miserable scene in front of them made everyone feel a trace of sympathy.

To MA dang gun, who thought highly of himself, any bit of so-called sympathy was the greatest humiliation to him!

Normally, if someone dared to look at him like that, MA dang Qiang would've been so angry that he'd start fighting, but he couldn't do it now. He couldn't even stand up, and could only kneel in front of Lin Yi in humiliation. His dignity and confidence were torn apart along with his screams-what was he going to teach these people a lesson with?

Fear, MA dang Qiang only had deep fear in his heart at this moment!

His mind was blank, he couldn't understand what had just happened, and he couldn't understand how he lost to a mere master of the early Yuanying stage, and in such a strange way! He couldn't even believe what he was experiencing at this moment. He wondered if it was all a dream.

He was a mid-nascent soul realm expert, the Super newcomer King, the invincible existence in the inner sect competition of the three pavilions. He was a legendary figure who had subverted everyone's understanding and was destined to be recorded in the history of the three pavilions. How could he lose the battle in such a humiliating and strange way? this was absolutely impossible!

MA as a gun was still lying to himself, but the onlookers wouldn't be stupid. Although no one understood what had happened, they at least understood one thing. The winner of the clash between the two rookie Kings had been decided.

In just one move, MA dang Qiang, the new super rookie King, was completely defeated. Furthermore, he was defeated so badly that no one could look at him directly.

At that moment, everyone looked at Lin Yi with respect. In their eyes, a peak-level early stage nascent soul cultivator was already a high and mighty existence, especially a legendary figure like Lin Yi. They needed to look up to him and not show any disrespect.

Before this, everyone thought that MA dang Qiang would be the new legend of the three pavilions, but now, even an idiot wouldn't think that way. A legend was a legend, after all. In front of a true legend like Lin Yi, MA dang Qiang was just a cloud in the background.

The scene was silent for half an incense's time, and Lin Yi just drank his tea calmly. MA dang Qiang kneeled in front of him, and everyone held their breath as they looked on. There were gasps from time to time, and it wasn't just because of the shock. MA dang Qiang's expression made people feel pain for him ...

Everyone was trying to figure out what had just happened, but unfortunately, with their strength, they would never be able to understand it. Unless one was at Shangguan Tianhua's level, ordinary people would never be able to imagine or even see how terrifying the killing intent of the five elements was.

With Lin Yi's current strength, he could instantly kill a xuansheng stage master with one full force of the five elements killing intent. As for MA dang Qiang, a mid-nascent Soul Stage, it was like using a butcher's knife to kill a chicken. 10% of his strength was enough-the so-called Earth Dragon was nothing in front of the five elements killing intent.

Chapter 4613 Amputation Soon

"It's over? Damn it, you made me lose so many spiritual jades. What bullsh * t super rookie King, you're a useless bastard!" Someone in the crowd suddenly cursed.

As soon as these words came out, a large number of people in the surroundings immediately reacted. Among them, 99% of them had won by betting on the horse as a gun. Now, they had lost all their money. One after another, they followed suit and cursed endlessly. They wanted to drown this guy who looked good but was useless with their saliva.

"You guys know nothing! Spear bro's doing this on purpose, pretending to be weak. When he uses his ultimate skill, Lin Yi, the newbie king who's past his Prime, will be dead for sure!" The underlings who followed the horse shouted in dissatisfaction.

"Right, right, brother spear is invincible. How can a mere peak early Yuanying stage be brother Spear's opponent? You bunch of fools who failed to recognize Mount Tai!" The Lackey that Lin Yi smacked into the crowd shouted as well, but he was stepped on again by the excited crowd.

Lin Yi looked at the two lackeys and shook his head, speechless, "It's fine if the boss is crazy, but I didn't expect the two followers to be even crazier. You guys really are Birds of a Feather! Your boss is already in such a miserable state, and you still have the mood to deceive yourself and others? hurry up and send him to the hospital! Don't say I didn't warn you, but you'll have to amputate it soon. Although I haven't been a doctor for many years, I still understand this. "

"Amputate?" The Lackey looked at Lin Yi and was about to start mocking him when he heard a roar from the side. He was holding back the pain and gritting his teeth, "Trash! Quickly send me to the pill Hall! Do you really want me to die Here?"

Lin Yi may have sounded awkward, but he was telling the truth. He could feel how terrible his knees were right now, and if he delayed any longer, even the best miracle doctor wouldn't be able to cure them. He'd really become a cripple, and he didn't even dare to think about the tragic end.

The underlings were dumbfounded when they heard that. It turned out that it wasn't what they had imagined at all. After being stunned for a moment, he hurriedly rushed up and carried him on his back. Without saying a word, he rushed out of the crowd and staggered in the direction of the pill Hall.

From the start to the end, Lin Yi didn't have any intention of stopping him. Although killing intent did cross his mind when he heard that MA dang Qiang almost killed his miserable senior brother and the others, he suppressed it after thinking about it carefully.

It didn't really matter if he was Dead or Alive-with Lin Yi's strength and status, the three pavilions wouldn't even look into it if he killed them in public. This was a challenge, after all, and it was started by MA dang Qiang himself-who could he blame if he wasn't strong enough?

Lin Yi didn't care about the life or Death of a Clown like MA dang gun, but he wanted to know who this guy's backing was. He didn't know much since he just came back, but it was obvious that this guy had someone backing him up, and it was definitely a strong background that couldn't be underestimated. Otherwise, if a new nascent soul super newcomer King suddenly appeared after Lin Yi, did he really think that the GreenCloud Pavilion's ancestors were all green smoke and that their martial arts fate would be prosperous?

Watching as MA dang Qiang and the others fled in a sorry state, the remaining people were speechless for a long time. Even now, they still felt as if everything was surreal. They couldn't help but look at each other in dismay. The gimmick-worthy duel between the two new generation Kings had ended just like that ...

Before this, MA dang Qiang had always been an invincible existence in their eyes, and the public opinion was almost one-sided, thinking that he could easily crush Lin Yi, the former newcomer King. The guy had always been clamoring in public and in private, saying that he wanted to step on Lin Yi and eat shit under his feet. Why did he suddenly become someone who could be killed in one move when it came to the real deal?

Looking at Lin Yi's calm face, everyone couldn't help but gulp. More than half of them were disciples of the three pavilions, and many of them were inner disciples. In terms of experience, they were much more experienced than Lin Yi, but they didn't even dare to look at Lin Yi in the eye anymore. They looked up to him completely.

According to the unspoken rules of the three great pavilions, those in the Golden core stage would automatically enter the inner sect, and once a disciple's strength reached the Yuanying stage, they could override the disciple and seek the position of senior brother in charge or elder. Even if they were not good enough, they could still become the big boss of an important Department.

Lin Yi, on the other hand, was someone who could kill a mid-stage nascent Soul Master in seconds. In everyone's eyes, he was definitely a high-level of one of the three pavilions. As for whether he would become an elder or a department head in the future, it was entirely up to him. When they thought about the possibility of Lin Yi becoming their direct superior in the future, they naturally had to be more respectful and try to leave a good impression in front of him.

"Ku San Pavilion master, long time no see, how have you been?" At this time, someone in the crowd suddenly reacted and came over to greet the miserable senior brother with a smile.

The others weren't stupid, either-they all realized what was going on and followed suit, chuckling as they tried to get closer to the people around Lin Yi. They weren't familiar with Lin Yi, and didn't dare to talk to him, but the people around him were different.

It wasn't just the poor senior brother, but Lu bianren, Xiao ran, Qiao hongcai, and Li Zhengming also didn't run away. A large group of people suddenly gathered around them. After all, one shouldn't hit a smiling person. Even if they were impatient, they couldn't show it, so they could only deal with these people with a bitter smile.

On the other hand, no one dared to get close to Lin Yi. Although he was the one they wanted to please the most, they knew that if they wanted to talk to someone like Lin Yi who could kill a mid-stage nascent Soul Master in seconds, they had to be at least in the nascent Soul Stage. These people here were not qualified at all. They were on completely different levels, how could they talk to him?

Not only would he be laughed at, but he might even make Lin Yi hate him. That would be suicide.

Lin Yi chuckled at the scene. It wasn't a bad thing for his poor brother to be so popular-he was happy to see it. More friends meant more paths, and when he was strong enough, he'd be able to do better things with more people. As for reminiscing, it didn't matter if it was delayed a little.

The cultivators 'Association on the North Island was in an uproar. It was as bustling as a market, but the focus was not on the bounty missions!

Chapter 4614 Meeting LAN 'Er Again

On the other hand, the group of people around Lin Yi was a rare sight. The manager didn't know whether to laugh or cry, but he let out a breath of relief.

Fortunately, Lin Yi and MA dangqiang had a huge difference in strength, and they were able to tell who was stronger without even making a sound. Otherwise, if the two original infant stage Masters were to fight, this place would have been flattened. He was able to escape today all thanks to Lin Yi.

Wave after wave of people swarmed over, and many of them were even disciples of the GreenCloud Pavilion. Usually, they would see each other all the time, and their senior brothers were all kind and honest people. How could they put down their faces and keep people at a distance? they could only brace themselves and deal with them one by one.

Lin Yi was the only one who was enjoying himself, drinking his tea leisurely. The manager was smart enough to exchange a pot of high-quality tea for him-this was something he'd been saving for years, and he'd put in a lot of effort just to get on Lin Yi's good side ...

As the scene was bustling, the crowd suddenly split into two sides, forming a clear path. The people in front were complaining at first, but when they saw the people behind them, they immediately lowered their heads respectfully and made way for them.

Lin Yi was a little surprised, but he smiled immediately. The little Curly Bear in the crowd changed from its usual honest and lovely state, stepping on everyone's heads all the way and jumping onto Lin Yi's body, riding on Lin Yi's neck excitedly. At the same time, a beautiful woman appeared in front of Lin Yi, it was Shangguan LAN 'er.

Lin Yi couldn't help but be a little stunned as he looked at this little Senior Sister who couldn't hide her excitement, just like Curly Bear. It had been a year and a half, and Shangguan LAN 'er was still as innocent as before, but her figure and aura had obviously matured a little. There was a hint of charm in her fresh and pure beauty, making people blush unconsciously.

Lin Yi had seen all kinds of beautiful women before, and all of his confidants were peerless beauties, but seeing Shangguan LAN 'er this time, he couldn't help but exclaim that this girl was indeed born to be a beauty. She was already irresistible now, and when she fully grew up, her smile and every move would be soul-stirring!

"Little Junior Brother, are you hurt?" Shangguan LAN 'er, on the other hand, didn't seem to have any awareness of being a femme fatale at all. Perhaps it was because she prayed for Lin Yi every day, but she didn't feel unfamiliar at all after a year and a half. She ignored everyone's strange gazes and bounced to Lin Yi's side, even pushing the little Curly Bear to the side. One master and one pet each skillfully occupied one of Lin Yi's arms.

"I didn't." Lin Yi smiled and shook his head. "How did you know I was here?"

"Hehe, Grandpa told me. He said that you've been pestered by that guy who used horse as a gun, so I came to see you!" Shangguan LAN 'er stuck out her tongue with a smile, secretly proud of her results. If she didn't ask her grandfather to tell her about Lin Yi as soon as possible, she wouldn't have been able to come so quickly.

"Pavilion master Shangguan?" Lin Yi blinked. It wasn't strange that he'd attracted so much attention after coming back, but it was intriguing that Shangguan Tianhua had heard about it so quickly. It was rare to get this much attention from Beidao's top boss.

"Hehe, Little Junior Brother, you've been on the southern island for so long, what fun things have you done? Tell me quickly, I've never been to the southern island before! Are there spirit beasts everywhere? did you see any other curly bears?" Shangguan LAN 'er asked impatiently.

Other than the North Island, she had been to the middle Island and the West Island. The former was undoubtedly the center of the sky-class Island, and the latter was her best friend ning Xuefei's territory. However, the South Island was different. To human cultivators, it was a troublesome place. It was fine for ordinary people, but if a top boss of the North Island like Shangguan Tianhua suddenly appeared in the South continent's waters, it would cause a big mess.

"It's a long story. I'll tell you about it when we get back. " Lin Yi smiled and beckoned to Lu bianren, the miserable senior brother, and the others. He then returned to the pavilion under the escort of the crowd.

Theoretically speaking, Lin Yi didn't have a place to stay in the pavilion anymore-his original residence number one had been taken over a long time ago. However, Lin Yi didn't think much of it. The only

reason he could take over residence number one was because he didn't return. Now that he was back, what could he do?

Lin Yi immediately brought everyone to the first residence and sent someone to inform Hong Zhong at the Hong Chamber of Commerce. Everyone prepared a banquet in the first residence, and the people with Lin Yi's label gathered together to welcome Lin Yi back!

Other than that, Lin Yi didn't greet anyone else. According to the rules, he'd been missing for so long, especially since he'd crippled his horse as a gun the moment he came back. No matter what, he had to report this to the higher-ups of the pavilion, but Lin Yi didn't even think about it.

Right now, he didn't have the slightest favorable impression of these so-called high-level elders of the GreenCloud Pavilion. They were actually supporting him from behind to seize his residence. This was simply intolerable. If it was someone with a bad temper, he would definitely go and fight them!

But Lin Yi wasn't in the mood to do that, so he chose to ignore it. After all, from today on, residence number one would be under his name again. If any elder wasn't happy with it, he could just ask them to talk to him face to face. He was just afraid that these people wouldn't have the guts to do that!

To be honest, before Lin Yi left for the South continent, he didn't think that any of the elders in the pavilion would be easy to deal with. However, things were different now. He could even kill a xuansheng stage master with one move. As for those so-called elders who were mostly in the original infant stage, it was impossible to see them in his eyes ...

Lin Yi and the others were busy preparing for the banquet in the number one residence. In comparison, MA dang Qiang, the host in name, was in a really miserable situation. His knees were crushed into pieces by Lin Yi's five elements killing intent. Although he wouldn't be completely crippled from now on, it wasn't something that could be cured so easily with the medical skills of the Beidao pill Hall.

Even by an optimistic estimate, it would take him at least half a year to fully recover. Unless a medical Saint like Zhang Liju came out personally, he would be a complete cripple for the next half a year. He really lived up to his own words, staying at home all day to recuperate and sleep in the dark!

After receiving medical treatment in the pill Hall, MA dang Qiang didn't stay here to recuperate ... "

Chapter 4615 Are You Sick?

MA dang Qiang was wrapped in a thick layer of bandages and was carried back to the number one residence in the GreenCloud Pavilion by his two underlings. After all, the environment here was much better than the pill Hall, and it was also more suitable for healing injuries.

But when he saw the lights in house number one, and heard the laughter from inside, his already miserable face turned even paler. This Lin Yi was taking over his own house! This bastard was too much!

"Brother spear, what should we do?" The two lackeys looked at MA dang Qiang, troubled. They didn't even dare to get within a hundred meters of Lin Yi's group, let alone enter the door. Even someone as strong as MA dang Qiang almost died without even knowing why ... They'd be dead if they were in his place ...

The two lackeys were scared, but MA dang gun was even more scared. He couldn't help but shiver at the thought of Lin Yi's name. Losing wasn't scary, what was scary was not knowing how they lost. How much difference was there between their strength?

He didn't dare to think too deeply about it, and he didn't dare to face Lin Yi again. Although this house number one still belonged to him in name, he wouldn't dare to ask Lin Yi for it in front of him even if he had ten thousand guts. He was arrogant, but he wasn't stupid.

"Take me to the sky Pavilion. I want to find brother Chong. Hurry!" MA dang Qiang gritted his teeth and roared hysterically. Under the stimulation of anger, the wounds on his legs that had not healed began to bleed again, almost causing MA dang Qiang to faint from the pain. However, he still forced himself to hold on. He could not take this anger even if he was killed. He was not willing to accept it!

The two underlings did not dare to delay and immediately carried their horses to the rising Sky Pavilion. They did not care that the sky was getting dark as they called the door and carried them into Xu lingchong's residence in a panic.

This place was the same as the number one residence in the GreenCloud Pavilion. It was also brightly lit. Not only Xu lingchong, but Meng Tong, Kang Zhaoming, Zhong pinliang, and the other direct descendants were all present. Today was the day of their usual meeting.

When they saw MA dang Qiang's miserable state, Xu lingchong and the rest were instantly stunned. MA dang Qiang had just told them that he was going to set off for the southern island this morning. How did he suddenly become so miserable?

"Chong bro, I've met Lin Yi!" MA dang Qiang's first sentence shocked everyone. The news of Lin Yi's return had spread like crazy outside, but these people had been locked up in the meeting, so they didn't know about it at all.

Lingchong and the others "expressions changed subtly upon hearing the name, one that they couldn't do anything about. Pinliang was especially surprised-he'd been worried about Lin Yi just like Lu bianren and the others, and now his heart was finally at ease.

"Lin Yi? When did this guy come back?" Xu lingchong's face changed.

"Today, I met him when I went to the North Island cultivators Association to receive a mission. In the end ... In the end ..." MA dang Qiang lowered his head and looked at the blood-soaked bandage on his leg. His face was full of grief and indignation. "I'm in this situation now all because of that bastard Lin Yi! Chong bro, you have to help me!"

"You fought with him?" Xu lingchong frowned and glanced at his knee.

" Yes, I wanted to get back at him for you, brother Chong, so I challenged him to a fight in public. But I didn't expect this bastard to be even stronger than I thought, and I fell into his trap. Brother Chong, you have to get back at him, don't let that bastard get carried away ..." MA dang Qiang said, embarrassed. Although he was traumatized by Lin Yi's unfathomable methods, he couldn't admit it, or he wouldn't have the face to go out and meet people.

MA dang Qiang looked at Xu lingchong with a burning gaze. They were already at loggerheads with Lin Yi, and the only reason why he was going against Lin Yi was because of the mission he gave him. So, no matter what, Xu lingchong would definitely stand up for him, and with young master Xu's strength, he would definitely not let that bastard Lin Yi have an easy time. When that time comes, he would definitely be able to get back at him!

However, Xu lingchong's next sentence made him dumbfounded. "Are you crazy? Is his brain filled with sh*t? "

"Ah?" He didn't react in time.

"I told you to find out about Lin Yi, but did I tell you to mess with him?" Xu lingchong said expressionlessly.

"But ... But ..." MA dangqiang's face was full of grievance. Xu lingchong didn't say anything about Lin Yi when they gave him the mission, but when they talked about Lin Yi during meetings, they were always filled with righteous anger and wanted to tear this guy into pieces. Didn't they go through so much trouble to find Lin Yi just to deal with him? Was he wrong?

"Hmph, but my ass! Even I don't dare to easily go against this guy, and you still F * cking want to go? You think you're more capable than me?" Xu lingchong's face turned gloomy. He turned around and pointed at the others, "Come, you go ask them, ask them if any of them dare to go to Lin Yi alone."

MA dang Qiang looked at the crowd, his eyes sweeping across Meng Tong, Kang Zhaoming, and Zhong pinliang. He saw that all of them were shaking their heads, and he was completely stunned. As far as he knew, these people weren't any big shots, so why were they so afraid of that bastard Lin Yi?

Normally, even if they weren't as strong as Lin Yi, they wouldn't shake their heads so hard, would they? the words "I'm afraid of Lin Yi "were written all over their faces!

What he didn't expect was that although Xu lingchong and the others were proud people, they weren't idiots. They'd lost so much to Lin Yi before, and if they couldn't even remember this, then they must be crazy.

"See that? You stupid thing! Everyone here was of a higher status than you, and none of them dared to mess with Lin Yi. And you F * cking challenged him to a battle in public? You should count yourself lucky that he didn't kill you this time!" Xu lingchong pointed at MA dang Qiang's nose and cursed, "I told you to gather information, not to send yourself to your death! Do you think you've grown wings and can turn a deaf ear to this young Master's words?"

"No... I wouldn't dare ..." MA dang Qiang hurriedly shook his head. His already ugly face instantly turned even paler. If Xu lingchong really thought that he had second thoughts, he would be dead for sure.

"I know that you've been in the limelight recently. What Yuanying stage super newcomer King, what future successor of the three pavilions, So You Think you're awesome, right? Let me tell you, back then Meng bro and I were way more powerful than you, but even we couldn't beat Lin Yi. Who Do You Think You Are? You're so stupid that even a pig would be angered by you!" Xu lingchong continued to curse, not caring about her image as a young master at all.

Chapter 4616 Central's Attitude

In fact, the reason why he was so angry wasn't because Lin Yi made him lose so much. In fact, it didn't even matter to him whether he was Dead or Alive. After all, he was just a dispensable chess piece.

The reason why he was so angry this time was because of Lin Yi. After a year and a half, he thought that he was far above Lin Yi, but he didn't expect Lin Yi's improvement to be even more ridiculous than his own!

From MA dang Qiang's description, it was clear that this guy was only mid-stage nascent soul, but he couldn't even figure out Lin Yi's strength. This showed that he was a complete trash, but it also showed that Lin Yi's strength was unfathomable!

This unexpected result was like a bucket of cold water on Xu lingchong's head. It would be strange if he didn't get angry. He had become his punching bag because of his bad luck.

"Brother Chong, calm down, calm down. I know I was wrong. Please calm down ..." MA dang Qiang was afraid that Xu lingchong would do something to him in a rage. He quickly got down from the stretcher, ignoring his injuries. He gritted his teeth and half-knelt in front of Xu lingchong to apologize.

He wanted to give himself 14000 tight slaps-if he'd known this would happen, he wouldn't have challenged Lin Yi to a fight even if he had ten thousand guts!

Before he came here, he was still thinking that Xu lingchong would avenge him. Who would have thought that young master Xu would have such a reaction?

Before this, Xu lingchong had always been arrogant. Every time they met, he would show off his heroic spirit. He even naively thought that there was nothing that young master Xu couldn't handle in the three pavilions of the North Island. After all, not only was young master Xu powerful, but he also had a mysterious person backing him up!

What they didn't know was that the only reason lingchong could be so cocky was because Lin Yi wasn't here. Otherwise, he would've definitely restrained himself. The bloody lesson from one and a half years ago was still fresh in his mind.

Xu lingchong's anger soared to the sky. After pointing at MA dang Qiang's nose and scolding him for a long time, his anger finally subsided a little. He coldly snorted and said,"You can get lost."

"Ah? "Brother ... Brother Chong, please spare my life ... I won't do it again. I swear to the heavens that I've always done my best for you, brother Chong, and I've never been disrespectful ..." MA dang Qiang was so scared that he almost peed himself. He immediately hugged lingchong Xu's leg and begged for mercy with snot and tears.

According to the rules of their organization, Xu lingchong was his only immediate superior and had the absolute power to decide his life and death. Once Xu lingchong asked him to get lost, it would be seen as a betrayal in the eyes of the organization, and he would definitely die. By then, he might not even be able to dream of dying, and his only end would be a fate worse than death.

"What nonsense are you spouting? I told you to go back and recuperate, so why don't you get lost?" Xu lingchong frowned and said.

"Oh, oh, yes, yes. Thank you for showing mercy, brother Chong. Thank you for showing mercy." Only then did MA dang Qiang react. He hurriedly kowtowed and thanked Xu lingchong, afraid that Xu lingchong would change her mind halfway after seeing him. If that happened, he would really be crying until he couldn't even find his grave.

As he watched MA dang gun roll and crawl out of the door, Xu lingchong turned around and exchanged glances with the others. He sighed and said, "What do you guys think we should do now?"

Naturally, he was referring to Lin Yi. To all of them, this was a huge rock that was pressing down on their bodies. They might be stronger than before, but they didn't have the confidence to face Lin Yi just like that. Even Xu lingchong himself couldn't help but feel weak.

"Young master Xu, with our strength, we don't have to be afraid of that Lin Yi guy, but since he could take out MA as a gun so easily, it means that we can't underestimate him. We might not have a chance of winning if we fight him alone, should we ask for the higher-ups' opinion first?" Zhaoming said after some thought.

"Brother Meng, what do you think?" Xu lingchong turned to look at Meng Tong. He might not care about the opinions of others, but Meng Tong was different. His trust in Meng Tong had long surpassed everyone else's.

"Zhaoming's right—we shouldn't act rashly before we get to the bottom of Lin Yi's strength," Meng Tong's temperament was much calmer. He paused and said, "Plus, the higher-ups asked us to get information on Lin Yi before, so we've completed our mission this time. It's not a bad idea to ask for permission."

"Alright, let's do that." Xu lingchong decided immediately. Although scolding Lin Yi like a gun had dispelled quite a bit of his anger, he couldn't just leave Lin Yi like this. He might as well use this as an excuse to ask if the mysterious man could help.

After writing down the cause and effect of this incident in code, Xu lingchong immediately released a spirit beast from the underground secret room. It looked like a blood-sucking bat, extremely small but extremely fast. This was given to him by the mysterious man to specially contact people. It was very difficult for Yuanying stage Masters to intercept it halfway, so it was extremely safe.

Somewhere on the northern part of the island, the blood-sucking bat silently entered an underground secret room at a speed that was difficult to be seen by the naked eye. Suddenly, its body was wrapped by a faintly discernible true Qi, and the slip of paper with a secret code on its back immediately fell into the hands of the mysterious black-clothed man.

After reading through the contents, the mysterious man in Black did not show any surprise, as if he had known about this long ago. After a moment of silence, he got up and walked to another secret room that was more central. At this moment, a woman was sitting in the secret room, and in front of her was a super computer that was extremely rare even in the secular world. It seemed to be calculating something.

"Miss Ling, this is the news that Xu lingchong just sent over. Please take a look." The mysterious man handed the note to the woman respectfully.

"Oh? He wants to go against Lin Yi?" The woman who was called miss Ling smiled.

"With their history with Lin Yi, it's not strange for them to think like this, but this time, they acted on their own initiative. It looks like they're scared by Lin Yi's strength." The mysterious man said indifferently.

"He only stayed in the South continent for a year and a half, but his strength has changed from the Golden core stage to the original infant stage. He can even defeat a mid-stage original infant master with one move. It seems that this Lin Yi has had a lot of fortuitous encounters in the South continent. He's really not to be underestimated." Miss Ling's tone was unpredictable.

"Then what does miss Ling mean?" The mysterious man asked.

"Keep an eye on them for now, tell them not to act rashly. I've already told you about Lin Yi. If we keep him alive, he'll become our trump card in the future, and it might come in handy when the time comes. But if he dies now, those people might go crazy, and professor Li's side will be in big trouble." Miss Ling said lightly.

Chapter 4617 Recommend A Candidate

"I understand. I'll go and warn Xu lingchong now, in case they make their own decisions and ruin the big plan." The mysterious man nodded.

"Well, you can go now. You've been doing well recently. The biochemical drug for the nascent Soul Stage is finally ready. Although there is still a small shortcoming in terms of stability, it is inevitable. At most, we will lose some people. We can afford the price." Miss Ling's face showed a rare relaxed smile.

"Thank you for your praise, miss Ling. This is my duty." The mysterious man lowered his head slightly.

"Hehe, you're neither arrogant nor impetuous. This is what I admire about you. You're much more reliable than the other mediocre people. If there are more people like you, our central will have great things to look forward to!" The smile on lady Ni's face grew wider and she said, "The nascent Soul Stage biochemical drug is only the first step. The next target is the xuansheng stage. This challenge is much more difficult than the nascent Soul Stage. We can't make any mistakes. The two idiots in the demonic cold Sea area are not of much use. You should choose two more people to go."

"Then how about Xu lingchong and Meng Tong?" The mysterious man thought for a while and suggested. These two were the ones he thought the most highly of among the group. It was rare for them to complement each other, and they would become his right-hand men in the future. Since miss Nie wanted to change the supervisor of mo Leng's side, it was a rare opportunity for them to train and avoid Lin Yi at the same time. It was killing two birds with one stone.

"I'll recommend someone to you. Zhong pinliang's not bad, let's promote him to a small leader. " Miss Ling suddenly said after thinking for a moment.

"Huh?!" The mysterious man was taken aback. Miss Nie was a high and mighty figure, yet she was paying attention to a nobody like pinliang. It was unbelievable.

Pinliang had joined central for at least two years now, but he'd never really entered the mysterious man's field of view. He was at most a cannon fodder-level Lackey, and if it weren't for his good memory, he wouldn't even remember the name. He even took a while to remember it, let alone miss Nie.

"What's wrong? Do you have any objections?" Miss Ling glanced at the mysterious man.

"No, no, this subordinate will do as you command." The mysterious man nodded. Although pinliang's suggestion was unexpected, it didn't matter. It was the time to use people, and he didn't have to worry about people like Meng Tong.

"Oh, by the way, I heard that little Paozi is about to come out of seclusion. I'll ask him to come and assist you. You two can discuss and deal with everything, big and small. After a while, I may have to leave for the East Province." Said miss Ling.

"Brother Pao's out? That's great, I've been waiting for him for a long time!" The mysterious man's eyes lit up. Although Junior Brother Pao would definitely take away some of the power he had now, if he could take the opportunity to make friends with this person, it would do more good than bad in the long run.

"Yeah, the Zhong pinliang I was talking about is the one he recommended to me. Just keep an eye on him. You and Paozi are both important core members of the Center, so you have to work together with sincerity. I don't want you two to get into a fight, understand?" Miss Ling warned.

"This subordinate understands! Junior Brother Pao and I hit it off well, and Junior Brother Pao is a person who cares about the big picture. Everything is centered around the big picture. I will definitely take care of the big and small matters of the North Island with Junior Brother Pao and not let miss nie have any worries. " The mysterious man promised.

"The North Island is only secondary. You can slowly hand this place over to Xu lingchong and Zhong pinliang to manage in the future. Both of you should focus on the South Island. I have something for you to do." Miss Ling shook her head.

"Yes!" The mysterious man nodded heavily. Although he was wondering what kind of mission there was in the South Island that required him and Junior Brother Pao to do it so seriously, he just kept his doubts to himself. He shouldn't ask what he shouldn't ask, and he shouldn't look at what he shouldn't look at. This was the most important survival rule in the center.

"Alright, if there's nothing else, you may leave." Miss Ling's gaze returned to the Super computer. Any biochemical medicine needed to go through countless calculations and evolutions. Only after the plan was formed could it enter the official experimental stage. She was now preparing for the next mysterious Ascension stage biochemical medicine.

"Yes, your subordinate will take his leave." The mysterious man bowed and left the room. Only after he left did a look of confusion appear on his face. He was still wondering why Pao would recommend Zhong pinliang.

With his influence and control over Beidao, nothing could escape his surveillance. From what he knew, ever since Zhong Pingliang joined the welcome Pavilion, he didn't show anything strange. He gave people the feeling that he was just Kang Zhaoming's follower. After that, he joined under Xu lingchong because of Kang Zhaoming. Other than that, he didn't have any other connections.

As for Zhong pinliang himself, he was pretty talented, but he wasn't outstanding at all. At least, he couldn't be compared to Lin Yi, who was a freak that kept rising up like a miracle. He'd always been quiet, and he'd never done anything earth-shattering before. Logically speaking, he shouldn't have had any interaction with Pao at all ...

Could it be that they had crossed paths in the secular world? The mysterious man's heart skipped a beat-pinliang seemed way too ordinary to him. The only place he could've interacted with Lil "bro Pao was in the mortal world.

However, he could do whatever he wanted in the North Island, but he didn't know anything about the secular world. Even if he was suspicious, he wouldn't do anything to Zhong pinliang because of that. Since Pao wanted to help Zhong pinliang, he wouldn't offend anyone for this small thing. It was just a small favor, and he could also gain a favor. It wasn't a bad deal.

The reason why the mysterious man valued Junior Brother Pao so much was not only because of his deep background, but also because he heard that he had obtained the core inheritance of the ancient sect, the everyday and every day sect. He was very powerful now, and even he might not be a match for him!

On Sky Class Island, strength was King. If this Junior Brother Pao only had a strong background, the mysterious person wouldn't take him to heart, and would at most use him. But if the other party had both strength and background, it was a big difference, and it was worth making a good friend ... "

Chapter 4618 Summoned By A Mysterious Person

After returning to his room, the mysterious man quickly sent a message to lingchong Xu, telling him to take pinliang to a secret room. Of course, it wasn't the core of the North Island base, but another secret room to hide from people.

"Zhong pinliang?" Lingchong froze as he looked at the note-he thought that the mysterious person was preparing to deal with Lin Yi. Why was there a strange order? was it wrong? It would be more appropriate for him to go with Meng Tong!

Although this was what she guessed in her heart, no matter how bold Xu lingchong was, she would not dare to change the mysterious person's warrant without permission. Who knew if there was a deeper meaning to it?

"Pinliang, come with me. The higher-ups specifically want to see you." Lingchong announced, suppressing his confusion. The others hadn't left yet, so Zhaoming and Meng Tong couldn't believe what they were hearing. Everyone's eyes couldn't help but focus on pinliang.

Pinliang's face was blank, but his heart was filled with shock. He was so scared that he broke out in a cold sweat. His first reaction was to think, did they find out that I was a spy?

In terms of status, he was only slightly higher than MA dang Qiang. Not to mention Xu lingchong, even Meng Tong was far inferior to him. At most, he was on par with Kang Zhaoming, or even worse. After all, he had the xuanchen ancestor as his backer on the middle Island, while Zhong pinliang had nothing.

Ever since he'd joined the organization, not only Zhong pinliang, but the others, including Meng Tong and Kang Zhaoming, had never been officially met by the mysterious man. This was an honor that only Xu lingchong had-if he wasn't exposed, why would this opportunity fall into his hands?

Pinliang couldn't help but feel his heart beat like a drum as he looked at the envious eyes of the crowd. It felt like something big was going to happen! Other than being exposed, there was no other explanation. If he followed Xu Ling to meet the mysterious person, wouldn't that be walking right into a trap?

Pinliang's face froze, and a chill ran down his spine. His legs froze for a long time.

"Let's go. What are you waiting for? You look like you've never seen the world!" Xu lingchong gave him a strange look, thinking that he was just too happy.

"Uh, yes," Pinliang quickly suppressed his fear as everyone looked at him with complicated expressions. He couldn't show it on his face right now, so he had to take it one step at a time.

Under the cover of the night, Xu lingchong and Zhong pinliang avoided the gazes of the guards of the three pavilions. They came to a barren slope quietly, with a small patch of dense pine trees at the top. The secret room was right below.

Pinliang's heart was beating like crazy as he followed behind lingchong. He wanted to run away a couple of times, but he managed to hold himself back. Lingchong was way stronger than him, after all. He wouldn't be able to run even if he wanted to.

The two waited in the secret room, one after another. Pinliang held his breath as he looked at the layout of the room carefully, planning his escape route in his mind. He'd have to fight to the death if he really couldn't.

After waiting for a while, a gust of wind blew in front of them, and the mysterious man appeared in front of them. He was covered from head to toe in a black robe, making it impossible to see his face and body shape. Of course, pinliang didn't dare to look at him too much in this situation. He could only lower his head as much as he could, trying not to let the other person see his stiff expression.

"This subordinate pays his respects to senior!" Xu lingchong hurriedly knelt on one knee. Although he was highly regarded by the mysterious person, he still didn't know the other party's identity or his specific position. He only knew that the other party had an extremely high position and great power in the center, so he could only use a vague address like senior to greet him.

Pinliang didn't dare disobey-he followed lingchong's example and bowed even deeper, afraid that the other would see through his disguise.

The mysterious man was silent for a while, but he could feel the man's eyes on pinliang. He looked at pinliang up and down with suspicion before speaking up, "Zhong pinliang, hear my order!"

Pinliang's breath caught in his throat, and he couldn't stop his hands and feet from shaking no matter how hard he tried. What the f * ck was happening? did he really get exposed?

Xu lingchong, on the other hand, was stunned as well-so the order wasn't wrong! They really were looking for Zhong pinliang! When did the higher-ups start paying attention to this kid? It was really strange!

The mysterious man, on the other hand, looked at pinliang in surprise. The guy couldn't hide his nervousness at all, and the more he looked at pinliang, the weirder he felt. There was nothing special about this guy, why did Lil "bro Pao value him so much ...

"The higher-ups have ordered Zhong pinliang to be promoted as the central special envoy to the North Island, on the same level as Xu lingchong. His main task is to help me and another master manage the North Island division together." The mysterious man announced in an indifferent tone.

"Ah?" Pinliang froze at the words-he'd even prepared to die for them, and this was the result! Central's special envoy? Did he just get promoted for no reason?

Pinliang rubbed his head in confusion. He hadn't done anything recently, and he didn't contribute anything to central either. Why did he suddenly get a gift like this?

It wasn't just pinliang, even lingchong was speechless as she looked at the mysterious man. What was going on? How did pinliang get promoted all of a sudden? he didn't do anything at all, and now he was on the same level as him?

"This ... Senior, there's a saying that two tigers can't live on the same mountain. Zhong pinliang is my little brother, and you've made him my equal with just one sentence. It's hard for me to manage and convince the people ..." Lingchong Xu couldn't help but complain.

He didn't have much of an opinion about Zhong pinliang, but his follower suddenly being on the same level as him was something that anyone would be upset about, especially someone as proud as lingchong Xu.

Besides, he was the only candidate to be the North Island's special envoy, and now that Zhong pinliang had appeared, there were two of them. Wasn't it obvious that they were taking power from him?

Chapter 4619 Talented

Authority was an extension of one's strength! It was the basis of Xu lingchong's standing in the central region. No matter who dared to touch the authority in his hands, they were Xu lingchong's enemies. How could he allow others to sleep beside him?

At that moment, lingchong Xu couldn't help but want to kill him. If pinliang dared to block his way, he wouldn't mind finding a reason to make this guy disappear from the face of the earth.

"What's wrong? Do you have an opinion?" The mysterious man snorted.

He didn't do anything, but the temperature in the room dropped by a lot, sending chills down one's spine. Pinliang, on the other hand, recovered from the shock, and it was lingchong Xu's turn to be shocked.

"No... No, your subordinate wouldn't dare!" Xu lingchong broke out in a cold sweat. He thought to himself that he had really lost his mind from anger. The mysterious man was promoting a subordinate, and there was no room for him to interrupt. Once the other party was dissatisfied, he would not be able to keep his life, let alone the North Island Special envoy. His life and death were all in the hands of the mysterious man.

"If there's a next time, don't be the special envoy of the North Island. We're currently lacking original infant stage experimental subjects." The mysterious man looked at him coldly. Seeing that Xu lingchong was so scared that she was about to fall to the ground, he explained, "Pinliang was appointed as the North Island's special envoy by Junior Brother Pao. You better keep your thoughts to yourself, or I won't protect you."

In fact, if he put himself in Xu lingchong's shoes, the mysterious man could understand Xu lingchong's current mood. In fact, he had originally planned to only choose Xu lingchong, and at most, add Meng Tong as his assistant. But now that the higher-ups had given the order, he could only break his original arrangement.

"Ah? "So you're recommended by master Pao ..." Lingchong was completely dumbfounded-he knew that there was no turning back, and he had to change his attitude and build a good relationship with pinliang.

After all, master Pao was like a master to him, and he had the same power as the mysterious man. Promoting pinliang was master Pao's idea, so how could lingchong Xu say no?

Master Pao? Pinliang almost jumped up in shock, his eyes wide open. If he didn't lower his head on purpose, the mysterious man would've noticed.

Holy shit! The last time pinliang heard the name "master Pao,"he'd already suspected that this guy had some sort of connection with that naipao kid. Now that he heard it, he was pretty sure that his guess was right!

If this master Pao wasn't that naipao kid, then why would he recommend him for no reason? Pinliang didn't know any of the people in central, and if it weren't for that, master Pao wouldn't even have heard of his name, let alone recommend him out of nowhere ...

Zhang naipao's sudden change into the most powerful master Pao in central was something pinliang couldn't believe. It wasn't confirmed yet, but even a 70 - 80% possibility was unbelievable.

But this naipao kid wouldn't really turn on them, would he? Otherwise, how could he be so comfortable in central? Damn it, if I have the chance to see him in the future, I have to ask him properly. This kid must not be ungrateful!

Pinliang only reacted when he felt the mysterious man's gaze on him. He quickly said gratefully,"Many thanks for senior's promotion. This subordinate will definitely do my best and vow to complete this mission!"

"Alright, there's no special task for you at the moment. What you need to do next is to adapt as soon as possible. If there's anything you don't understand, you can ask Xu lingchong for advice. Of course, you can also use the blood bat to contact me directly." The mysterious man nodded indifferently.

Xu lingchong's mouth couldn't help but Twitch. To be able to contact the mysterious person directly, he was really on the same level as her. A minute ago, he was just an unremarkable underling. Now, he had to deliberately make friends with the other party. This feeling was really F * cked up no matter how she thought about it ...

Pinliang smiled at lingchong, his tone playful. "Then I'll be in your care in the future, brother Chong."

"You're too kind, I hope you'll forgive me for what happened in the past, pinliang ... Oh no, brother Liang, we'll work together in the future, and we won't let you and master Pao down. " Xu lingchong smiled apologetically with a stiff expression.

Pinliang chuckled, but he was thinking about how he should get this information to Lin Yi. Besides, since he was the North Island's special envoy, he had to have a few people under him, or he'd still be under lingchong's control.

Looking at the people gathered under Xu lingchong's command, Meng Tong was Xu lingchong's die-hard supporter, so there was no need to consider him. Kang Zhaoming, on the other hand, was too cunning, and he always thought that he was better than him, so he couldn't win him over. The only ones left were Yu Zhe, Nan Tianba, Nan Tianmen, and that half-crippled MA dang Qiang. He could try to make a big deal out of this.

Especially that horse as a spear, it should be able to be pulled back easily.

While pinliang was officially taking up his post in the secret room, the number one residence of the inner sect was ablaze with lights and laughter on the other side. It wasn't just Lin Yi and the others who were gathered-even hongzhong had rushed over after receiving the news.

With his sensitive identity as the Vice-President of the Hong Chamber of Commerce, he couldn't enter the three pavilions as he pleased, but everyone knew about Hong Zhong's personal relationship with Lin Yi, plus he had a good relationship with the higher-ups of the three pavilions. He wasn't afraid of breaking the taboo. No one would come to trouble him and Lin Yi for such a small matter, unless the person was sick in the head and tired of living.

When the banquet was ready, Lin Yi sat at the head of the table without a doubt, while Hong Zhong sat to his left. After all, whether it was in terms of status or strength, he was the highest-ranking person here, second only to Lin Yi. After Hong Zhong were Lu bianren and the miserable senior brother, while on Lin Yi's right were Shangguan LAN 'er, Xiao ran, Qiao hongcai, and Li Zhengming.

It wasn't an exaggeration to say that there were a lot of talented people here. Lin Yi, Hong Zhong, and Shangguan LAN 'er were all big shots or heaven's favorites, and the rest of them were all elites compared to the other disciples.

Chapter 4620 A Harmonious Banquet

At this rate, these people's future was bound to be limitless. Perhaps after a long time, they would become the pillars of the pavilion. Perhaps the pavilion would rise again in their hands, following Zhang Liju's era and dominating the North Island. When that time came, people would give this new era a new name-the era of Lin Yi.

The banquet started, and everyone looked at Lin Yi quietly, waiting for him to give his opening speech. Lin Yi smiled and scanned everyone's faces before finally speaking, ""It's been two years since we last met. I'm very happy to see that everyone is doing well. Nothing is more important than this. One should be content with what they have. Come, to our long-separated reunion, cheers!"

"Cheers!" Everyone raised their glasses high with a smile, and even the little Curly Bear drank the whole glass. Of course, it did not drink the spiritual wine, but the spiritual fruit juice that everyone had specially prepared for it and Shangguan LAN 'er. The drunken frenzy of the curly Bear Family was no joke. If this little guy got drunk after drinking a glass, it would be a big joke ...

"Little Junior Brother, quickly tell us what happened to you in the southern island. I can't wait!" Shangguan LAN 'er immediately said impatiently.

"Yes, yes. Boss, hurry up and tell us. We're all waiting to hear about your legendary experience!" Qiao hongcai and the others chimed in. Lin Yi had been the one asking them questions all this while, but it was the other way around.

"That's right. I'm also very curious about how you escaped from the hands of the West Mountain old sect, young hero Lin. If you had come back a few days later, I would have gone to the South continent in person. Honest firewood has been saying that he couldn't find any news about you for a long time. I thought he was a fence-sitter who changed his mind when I saw the situation was not right. I was going to question him this time. Fortunately, you came back today. Otherwise, I would have wrongly blamed a good person." Hong Zhong also laughed from the side.

Lin Yi was touched. The South continent was known as a place of trouble, and no one was willing to go there unless it was a special situation, especially someone as important as Hong Zhong. Going to the South continent in person was like risking his life.

Because this would inevitably give their enemies and competitors an opportunity. In the North and Middle islands, they did not dare to play dirty, but in the South continent, they could completely unscrupulously do it in the open. Anyway, they could easily shirk it off with one sentence. Even if they took the opportunity to kill Hong Zhong, they would not have any worries. After all, murder and arson were too common in the South continent, and there was no way to investigate it.

"Hehe, then where do you want me to start? You should know what happened before you met the old sect of West Mountain, right?" Lin Yi couldn't help but smile. He knew that the North Island had been sending people to find out about him, and it wasn't just the eyes and ears of the GreenCloud Pavilion, there were probably eyes and ears of the skyscraping Pavilion as well. Otherwise, Shangguan Tianhua wouldn't know his whereabouts so clearly.

"Start from the beginning!" "I only know some general information about you, Little Junior Brother," Shangguan LAN 'er quickly interrupted. "I don't know the details. Also, why didn't sister Xiao Tao come back with you?"

"Eh? Don't you guys know about Xiao Tao?" Lin Yi couldn't help but be surprised. Huang xiaotao's incident was quite a sensation in the South continent. Although it was far away from here, it couldn't be that no one had heard of it, right?

"I don't know," Everyone looked at each other and shook their heads. They were curious when they saw Lin Yi, but they were so excited that they forgot to ask. After all, they didn't have any personal relationship with Huang xiaotao, only meeting a few times. Only Shangguan LAN 'er was close to Huang xiaotao, so they usually only paid attention to Lin Yi's news and never specifically asked about Huang xiaotao's.

"Alright, I'll start from the beginning." Lin Yi paused before continuing, "On the first day Xiao Tao and I arrived in the South continent, we ran into some trouble. We got into a conflict with a local tyrant in the Ying Luo Sea area. Fortunately, the young master of the local Qitian escort agency, Qi Wenhan, helped us out of the situation. After that, the two of us joined the Qitian escort agency and became escorts. Our first escort mission came from the Hong Chamber of Commerce's local Ying Luo branch."

"Regarding Wei Zhaotong's matter, it was this old man's fault for not being able to see through people. I didn't think that I would have almost harmed you, I'm truly sorry." Hong Zhong interrupted with an apologetic look.

"Elder Hong's words are too serious. The reason why you introduced this Wei Zhaotong back then was entirely for my own good. It's his business to have a change of heart, and this has nothing to do with you. I can still distinguish between good and bad. Besides, he didn't really cause me any trouble. In the end, he promoted honest Chai, which is a rare good thing for you and me. " Lin Yi waved his hand, not thinking much of it.

"That's true, but a mistake is a mistake. I must always remember this in my heart and remind myself to keep my eyes open in the future. I must not repeat the same mistakes and be deceived by such a villain." Hong Zhong let out a sigh. Wei Zhaotong had been his old friend for many years, but in the end, such a thing had happened. No one would be in a good mood.

"What are you two talking about? Who was Wei Zhaotong? Why did I almost get you into trouble, Little Junior Brother?" However, Shangguan LAN 'er and the others were confused.

"Hehe, Wei Zhaotong isn't just anyone. He's the manager of the black arc branch. I thought that this guy was a good person, but I didn't expect him to Harbor evil intentions and be completely heartless. On one hand, he let the Qitian escort agency escort his goods, and on the other hand, he contacted Pirates to intercept his goods midway. After taking back his own goods, he asked the Qitian escort agency to compensate him at the original price. The manager of the Hong Chamber of Commerce branch actually did a business without capital. Just thinking about it really makes me speechless." Lin Yi said with a bitter smile.

"You stole your own goods and still want the bodyguard agency to compensate you? There's actually such a black-hearted bastard, he really deserves to die!" The crowd was immediately filled with righteous indignation.

"What happened after that? Little Junior Brother, did you beat these bastards into a pulp?" Shangguan LAN 'er's eyes were shining with excitement. In her eyes, Lin Yi had always been an omnipotent existence, and it was only natural for him to show off his skills at a time like this.

"No. They sent four Pirates, and each one of them was much stronger than our four escorts. Our master was the first to give up resisting, so we could only choose to bear with it." Lin Yi shook his head and said, "after that, those Pirates left us in zhenduan city. Xiao Tao and I couldn't go back to the Yu arc Sea area for a while, so we could only stay in zhenduan city. We even went to explore Lufeng forest in the southern island. We had a lot of unexpected gains."
