

Bodyguard 4651

Chapter 4651 The Birthday Banquet On The West Island

The birthday party was three days later, and Lin Yi didn't do anything these few days. He reported to the island owner's Palace as soon as the sun rose, and spent every day in the research room with Han Jingjing, Shangguan LAN 'er, and Ning Xuefei.

This semi-finished automatic casting mechanism was extremely important to him and the king of junk. Although the electronic components were not in place yet, it did not mean that they could not do anything. Casting was a painstaking process, and making this kind of automatic casting mechanism was even more so. Every part was worth repeatedly considering and seeking perfection.

Of course, the main people doing these things were Han Jing Jing and Ning Xuefei. Lin Yi and Shangguan LAN 'er were just helping from the side. Lin Yi, who was a half-baked blacksmith, could be of some use, but Shangguan LAN 'er was just there to join in the fun. As for the little Curly Bear, they sent it to the outer room. They should be thankful if it didn't cause any trouble for them.

Three peaceful days passed. Finally, it was the day of the long-awaited birthday party. It was not just a simple birthday, but Ning Xuefei's 18th birthday. It was a grand festival that belonged to the entire Western Island.

Although Ning Xuefei was the princess of the West Island, it was just an ordinary birthday. There was no need to make such a big fuss. At most, Shangguan LAN 'er would bring two guards from the North Island. There was no need to send such a large diplomatic group.

The palace was decorated with lights and decorations. Everyone's face was full of joy. They gathered in the Intercontinental banquet hall in the center of the palace. This was the largest banquet hall on the West Island. It had been a sacred and solemn place since ancient times. It would only open during Grand festivals. Ning Xuefei's coming-of-age ceremony was no less important than any other Festival.

There was still some time before the banquet officially started, but Lin Yi arrived at the ballroom early. There were a few separate areas after entering, and each area was clearly marked with text.

The largest area here was naturally the guest area of the West Island. Other than that, it was divided into the middle Island, the North Island, the South continent, and even the East continent!

Among the five Big Sky-class islands, the East continent was the most superior place. Usually, only people from other sky-class islands could visit the East continent, and very few guests from the East continent came out to support others. It could be seen that although the West Island was full of female cultivators, their strength and connections could not be underestimated.

Lin Yi wasn't too surprised, though-the Western part of the island was a dominant power, after all, and it wasn't surprising that they had a background like this. However, he froze when he saw the other division sign-the southern part of the island.

Lin Yi couldn't help but turn back to look at the South continent sign. Wasn't there already a South continent? why was there a South Island?

"Could it be ..." Lin Yi suddenly thought of a possibility. The South continent and the South Island seemed to be the same place, but strictly speaking, they had different meanings. The South continent was a general name for the South Island and the surrounding waters of the South continent. There were a large number of human cultivators here, but the South Island was the base camp of the spirit beasts!

It wasn't just Lin Yi, even the thing was shocked. It seemed like there weren't just human cultivators from the South continent-there were even spirit beasts!

Didn't the spirit beast clan never have any dealings with human cultivators? how could they have such a relationship with the West Island? Lin Yi and the ghost were confused, but they had no one to ask. The girls who were with them weren't here.

Ning Xuefei, on the other hand, was the star of the party, and was busy getting dressed. Han Jingjing and Shangguan LAN 'er were her best friends, and naturally, they were with her the whole time, so Lin Yi was all alone.

The scale of this birthday party was far bigger than he'd imagined-it seemed like all the elites of the five islands were going to be gathered here. It was Lin Yi's first time attending a party like this, and he'd be able to broaden his horizons.

After walking around for a bit, Lin Yi found a seat in the Beidao District and waited for the party to start.

After an incense's time, the entrance to the ballroom was bustling with people. The guests from the five Sky Class islands finally entered. Lin Yi raised his head and glanced at them before closing his eyes. The people who entered weren't powerful people, so there wasn't much to see.

The truly important people had to be the last to come out due to their status, but what made Lin Yi a little suspicious was that even though the important people hadn't appeared yet, the people from each district were already seated, except for the southern island, which was empty.

After a while, a large group of female Imperial Guards suddenly swarmed in from the main entrance. The atmosphere of the scene instantly became heated. The main character had arrived!

Lin Yi saw ning Xuefei immediately. She was the princess of the West Island, but she used to dress the same way as other people.

But today was different-it was her big day, and even if she didn't want to, she still had to dress up. Even Lin Yi, who was already familiar with her, couldn't help but be stunned by the beauty of ning Xuefei. She was a real beauty!

At this moment, han Jingjing and Shangguan LAN 'er were also by ning Xuefei's side. The three of them stood together, each with their own merits. The guests were all shocked and couldn't help but exclaim that there was such a beauty in the world. This trip was indeed worth it!

Although the three women had attracted everyone's attention, there was another woman beside them who was not inferior to them. This woman looked thirty years old and had a 70% resemblance to ning Xuefei. However, her grace and nobility were far from what ning Xuefei could compare with.

They were both stunning beauties-ning Xuefei and the others were stunning, but this woman was shocking. Every frown and every smile had a heroic spirit to it, making people subconsciously want to submit under her dress. Lin Yi's first reaction when he saw this woman was to think of the legendary Empress Wu Zetian in the secular world!

This woman was one of the top figures on the five sky-class islands, the island master of the West Island, ning Shangling.

This was Lin Yi's first time meeting the legendary owner of the West Island. He had many guesses before, but after seeing her in person, he knew that his guesses were too petty. This was a woman of unparalleled beauty, but she wasn't just a woman.

She had strength, status, power, and beauty all in one. She was a woman who made all men in the world admire and fall in love with her, but at the same time, they were in awe of her and did not dare to profane her. She was a woman who truly stood at the top of the world.

Chapter 4652 Elder Of The Azure Dragon!

Ning Shangling smiled as she swept her eyes across the entire place. She then led ning Xuefei and the others to the main seat in the center. There were five different sized but elegant Phoenix Chairs. Ning Shangling sat in the middle, vice Island master Yan Xinlan sat on the right, ning Xuefei sat on the left, and Shangguan LAN 'er and Han Jing Jing also had their own seats.

Now that the host had taken his seat, the birthday party had officially begun. The big shots from the five sky-class islands finally showed up one by one to offer their blessings.

What Lin Yi didn't expect was that there were a few familiar faces in the group!

The first one to appear was a big Shot from Middle Island. He was not an ordinary sect, but the Deputy Island master of Middle Island. However, it was not Tian Xing Dao, but Chu Wentian.

Lin Yi wasn't too familiar with this man-he'd only met him once, and he'd heard that he had a good relationship with the Tianxing sect. Of course, it was only a good relationship, far from the point where they'd go forward and retreat together.

Chu Wentian's arrival was already a great honor to the West Island. After all, this was only ning Xuefei's birthday party, not ning Shangling's birthday party. The middle Island had sent a vice-Island master to show their goodwill.

Chu Wentian presented a very sincere and valuable gift. After exchanging a few words with Ning Shangling in public, he immediately went to the Nakajima guest area to take a seat. After him, the important figures from the East continent came in.

Of course, the mysterious and vast East continent didn't have an Island owner, and they couldn't send someone of the same status as Chu Wentian. After all, it wouldn't give people a surprise, but a scare. The East continent's status had always been extremely transcendent, and it had never established diplomatic relations with the other sky-class islands.

The guest from the East continent this time was the vice principal of the East continent's Morning Pride Yellow Class Women's Academy, Liu Ziyu. Just by hearing the name, one could tell that it was similar to the Morning Star Academy. After all, they were both Yellow Class Academies. The difference was that this was a Women's Academy. As the name suggested, it only accepted women, similar to those women's schools in the secular world.

The deans and vice-deans of any Academy in the East continent might not be very powerful, but from the other sky-class islands, they were all equivalent to vice-Island Masters. The respect everyone showed to Vice-Dean Liu Ziyu was no less than Chu Wentian's.

Liu Ziyu also sent a valuable gift. She seemed to have a good personal relationship with Ning Shangling, which could be seen from the familiarity of their tone. No wonder she would travel thousands of miles just to attend Ning Xuefei's birthday party.

Lin Yi even speculated that Ning Xuefei might be going to the East continent's golden class Women's Academy in the future. This was an unspoken rule of all the big forces on the Sky Class islands-core disciples, especially heirs, must have the qualifications to study at the East continent Academy.

This was not only to improve their strength, but also to broaden their horizons. More importantly, they could use this opportunity to rope in the big shots of the East continent. Even if they could not form an alliance, they must not be enemies either. Otherwise, Ning Xuefei might not be able to sit firmly on the position of the island master of the West Island in the future.

Chu Wentian represented Nakajima, and Liu Ziyu represented the East continent. After the two of them, the representatives of the South continent came. Lin Yi was surprised and happy when he saw who it was.

Compared to the other two, this representative from the South continent wasn't much of a big deal. Many people just glanced at him and didn't pay much attention to him, but Lin Yi was different. This was an old friend of his!

"Qi Wenhan, the young master of Qitian bodyguard agency, wishes miss Ning a Happy Birthday on behalf of the South continent bodyguard agency Alliance!" Qi Wenhan raised his head and strode forward as he saluted.

Lin Yi couldn't help but get excited. He didn't expect Qi Wenhan to represent the South continent. But when he thought about it, it was reasonable. The South continent's escort agency Alliance was the representative of the righteous path in the South continent's Sea area, and Qitian escort agency was the Overlord of the South continent. It was reasonable for him to represent the South continent.

This time, it was not Qi Zhiyuan, but Qi Wenhan who had come. There was probably another layer of meaning behind this. They wanted to use this opportunity for Qi Wenhan to build more connections so that it would be easier for him to take over the Qitian bodyguard agency in the future.

Lin Yi looked at Qi Wenhan from a distance. Old friends should get together and have a good chat, but he was sitting a little far away, and the North Island and the South continent were not next to each other. Qi Wenhan couldn't see him at all. He could only find a chance to catch up later.

After Qi Wenhan took his seat, it was LAN Tiefu's turn to present. As a disciple of Shangguan Tianhua of the soaring Pavilion, he presented a valuable gift to ning Xuefei on behalf of the North Island.

Although Lin Yi was the North Island's official special envoy in name, his status was obviously not high enough. After all, all the people who came were important figures. Even Qi Wenhan had the chance to take over the South continent bodyguard agency in the future. Only LAN Tiefu or Gongyang Jie could control the situation.

This time, LAN Tiefu was the one who came forward, which meant that Gongyang Jie was not interested in this kind of work. With his proud and aloof personality, he really did not like this kind of work. Moreover, the two of them were ordered to protect Shangguan LAN 'er in secret. Now that LAN Tiefu had appeared in public, Gongyang Jie could not appear at all.

After LAN Tiefu, the guests from the middle, East, South, and North Islands took their seats one after another. Everyone's eyes turned to the door, and they whispered to each other. At this time, only the South Island was left. Who would the spirit beast clan, which had never been in contact with the outside world, send to congratulate the princess of the West Island?

Under everyone's gaze, the atmosphere in the hall froze for a moment. Suddenly, a figure strode in from the main entrance. He was like a dragon or a Tiger, and his gaze was like a spirit. In an instant, he became the center of attention. Even the main characters like ning Shangling and ning Xuefei were overshadowed by his radiance. Everyone could not help but think of two words: "the guest overpowers the host!"

The spirit beast clan had never been in contact with the outside world, and there were only a few high-ranking members who were well-known to the world. However, the person who had appeared this time was an extremely unfamiliar face in everyone's eyes. The crowd was in a heated discussion. Which expert of the spirit beast clan was this?

He couldn't possibly be just an ordinary minion, right? wouldn't that be a public provocation? Even the powerful spirit beast clan might not have the guts to provoke the West Island.

While everyone was still discussing, Lin Yi's heart tightened when he saw the figure. He didn't know this guy, but he'd seen him once during the spirit beast meet by mistake, and he had a deep impression of him. This master who represented the spirit beast clan in the South was ... The new Azure Dragon!

Why would this guy be here?

Chapter 4653 The Magnificent Feat Of The South Province

Lin Yi couldn't help but gulp. The unforgettable experience on the southern island made him deeply understand the power and horror of the spirit beast clan. This Azure Dragon was a terrifying existence on the same level as the Vermillion Bird. He was at least a master of the sea splitting stage!

Lin Yi didn't know if there were any other sea split realm Masters here, and he didn't know how strong the West Island Lord Ning Shangling was, but he was sure of one thing-in terms of strength, this new Azure Dragon was at least in the top three. Otherwise, he wouldn't be able to overpower the host with just his fierce aura.

"The elder of the spirit beast clan in the South, Azure Dragon, wishes miss ning a Happy Birthday on behalf of the king!" Although the Azure Dragon's imposing manner was astonishing, there was nothing out of line with his words. After giving out the generous gift, he immediately went to the southern island's guest area to take a seat. This could not help but disappoint those who were prepared to watch

the show. They had thought that the spirit beast clan was arrogant and unruly. Why were they so well-behaved?

If the Azure Dragon knew what everyone was thinking, he would definitely laugh out loud. The spirit beast clan was indeed arrogant and unruly, but they were not fools. They had specially come to attend the birthday banquet of the princess of the West Island to get closer to her and make things easier in the future. They were not out to find an enemy ...

The crowd looked at the Azure Dragon from afar. At this moment, there was no one by his side. They did not see any attendants accompanying him either. It turned out that he was the only one from the spirit beast clan of the southern island!

However, even so, with this fellow's strength and status, it was enough to show that the spirit beast clan attached great importance to the West Island. Moreover, it was obvious that the West Island had also received the news in advance. Otherwise, they would not have prepared the guest area in the South Island in advance. It was just that they probably did not expect the Azure Dragon to come alone.

Azure Dragon sat in the southern island's VIP area and swept his gaze across the entire place. If it were anyone else who was the center of attention, no matter how strong their mental fortitude was, they would still feel a little uncomfortable. However, he did not feel anything at all. On the contrary, those who were caught by his gaze all subconsciously retracted their gazes.

There was no other reason. This guy's aura and deterrence were too terrifying. Those who were slightly weaker would have a mental breakdown with just a glance from him. It was not impossible for them to be scared to the point of peeing on the spot. Who would dare to look at such a monster?

Lin Yi also lowered his head nervously. He wasn't afraid of making eye contact with the Azure Dragon, but he was afraid that this guy would recognize him. Although they didn't look the same, it was hard to

link him to the image of the Azure Dragon when he entered the spirit beast meet. However, this Azure Dragon was at least at the sea Rift stage. Who knew what kind of heaven-shaking, earth-shattering divine ability he had? Lin Yi was still in a state of shock.

Lin Yi was lowering his head when he felt two sharp eyes on his back. He turned around and realized that it was LAN Tiefu and Gongyang Jie.

LAN Tiefu was sitting not far from Lin Yi, while Gongyang Jie was sitting in an inconspicuous corner. The two of them weren't looking at Lin Yi right now, but through him, they were looking at Green Dragon!

It was obvious that LAN Tiefu and Gongyang Jie were interested in the new Azure Dragon. They were the higher-ups of the three pavilions on the North Island. The Azure Dragon represented the spirit beast clan. No one knew what would happen after that. Therefore, it would definitely attract the attention of all the human forces. They had to find out more about the Azure Dragon so that the three pavilions could prepare countermeasures in advance.

Just as Lin Yi was trying to figure it out, he suddenly felt a terrifying gaze on him. Lin Yi's heart skipped a beat. This gaze didn't carry any pressure, just the pressure from the eyes was enough to make his hair stand on end. This feeling couldn't be described with the word "terrifying," it could only be described as horrifying.

Lin Yi turned around subconsciously, and as expected, the owner of the gaze was Qinglong. However, Qinglong wasn't looking at him, but at LAN Tiefu and Gongyang Jie. He was obviously retaliating against the two.

Lin Yi's interest was piqued-the new green Dragon was undeniably strong, and Gongyang Jie and LAN Tiefu were both unfathomable people as well. He didn't know what the result of their secret confrontation would be.

Lin Yi thought that this exchange of gazes would last for a while, but to his surprise, Gongyang Jie couldn't take it anymore. He looked away awkwardly, and LAN Tiefu did the same.

Only the Azure Dragon still maintained his aggressive look. However, when he looked at LAN Tiefu and Gongyang Jie now, there was a trace of contempt in his eyes.

Lin Yi was shocked. It wasn't surprising that Green Dragon had the last laugh, but Gongyang Jie, the number one of the new generation, was so weak in front of him. LAN Tiefu looked away on purpose, but he probably couldn't hold on for long.

Although LAN Tiefu and Gongyang Jie were powerful, they were still far from the top masters in the younger generation. It was obvious that the new Azure Dragon was the old master that they couldn't compete with.

At this point, Lin Yi thought that the whole thing was over, but Green Dragon stood up all of a sudden and walked towards the guest area, attracting everyone's attention.

Lin Yi didn't know what to say when he saw Green Dragon walking over.

Although the new elder of the spirit beast clan was powerful, his tolerance was a little too low. LAN Tiefu and Gongyang Jie had only glanced at him, and he wanted to cause trouble for them in public?

However, to Lin Yi's surprise, the Green Dragon didn't look for LAN Tiefu and Gongyang Jie when he came to the guest area. He didn't even look at them. He stopped in front of himself!

Lin Yi stood up quickly as he looked at the half-smile on Green Dragon's face. His scalp was tingling. Did ... Did Green Dragon find out his identity?

"Hehe, nice to meet you, special envoy Lin. I've heard of your achievements in the South continent. You're really young and promising." Azure Dragon suddenly says with a slight smile.

What? Have you heard of my heroic deeds in the South continent? Lin Yi almost turned around and ran after hearing the words. Any normal person would've gone crazy from the shock. Did the guy see through his identity?

However, Lin Yi was a tough person. He was able to suppress the shock in his heart when he faced a situation like this where normal people would pee their pants. He stood there without moving, his expression calm. He looked at Green Dragon and said, "Oh? Elder Azure Dragon, I wonder where you came from?"

Chapter 4654 If There's A Deeper Meaning

"Hehe, special envoy Lin, don't be surprised. Although I'm in the South Island, I still know the affairs of the South continent like the back of my hand." Green Dragon was still smiling, as if he really didn't want to harm Lin Yi.

Lin Yi let out a breath of relief. South continent and South Island were only one word apart, but the difference was huge. If he said "South Island," Lin Yi would've been recognized, but he said "South continent." He was probably referring to the event ...

"You flatter me, Elder Green Dragon. I was just doing a friend a favor. It's no big deal." Lin Yi said faintly.

"Your small token has left a legend for those people in the South continent. Are you saying that they are too weak or that you are too strong?" Qing Long smiled noncommittally and continued before Lin Yi could reply, ""In the future, I will also pay a visit to the North Island. At that time, I hope that special envoy Lin can help to introduce me."

With that, Green Dragon ignored Lin Yi and everyone's shocked gazes and returned to the southern island guest area.

What was this guy up to? Lin Yi's mind was filled with questions. He didn't know why green Dragon would look for him all of a sudden, and he didn't know why this guy would say these things. What was the meaning behind all this? it really confused him.

Lin Yi was suspicious, and everyone else was even more surprised. The high and mighty Azure Dragon elder of the spirit beast clan was actually going to talk to a young disciple of the North Island's GreenCloud Pavilion in front of everyone. This kind of thing was hard to understand. No matter what, the difference in their levels was too big!

Because of the Green Dragon, Lin Yi had become the center of attention. Qi Wenhan, who didn't notice him before, was surprised and happy. He didn't expect to see Lin Yi on the Western Island.

If it weren't for the fact that every move he made represented the South continent sea, and that this was a sensitive occasion, Qi Wenhan would've rushed over and given Lin Yi a bear hug. He could only hold back his excitement and wave at Lin Yi from afar.

Lin Yi quickly noticed this scene and put the Green Dragon to the back of his mind. He gestured to Qi Wenhan, telling him to find a time to get together after the birthday party.

While Lin Yi and Qi Wenhan were greeting each other, LAN Tiefu and Gongyang Jie, who were also sitting in the guest area of the North Island, fell into deep thought. They stared at the back of the Azure Dragon, as if they wanted to see through it.

The two of them heard what Green Dragon said to Lin Yi-this was a big deal, and they had to report it to their superiors!

The Azure Dragon's sudden appearance to attend the birthday banquet of the princess of the West Island was already suspicious enough. Now, he said that he was going to visit the North Island. What was the spirit beast clan planning to do? They actually ran out and walked around. Were they going to publicly break the agreement signed between the king of spirit beasts and the human Alliance?

The five sky-class islands had been able to maintain peace all these years largely because of this agreement. Otherwise, with the estrangement between the spirit beasts and human cultivators, a war could break out at any time, which would be a big deal!

The banquet was still going on, but everyone's eyes were still unconsciously glancing at the southern island's VIP area. The Azure Dragon had given them too much of an impact. Although he had come to give a congratulatory gift to the princess of the Western Island, everyone could clearly see that the spirit beast clan was restless from his actions. Perhaps this was a sign that the spirit beast clan was preparing to leave the southern island!

Thinking of this, everyone shuddered.

There was no doubt that the spirit beasts were powerful, but they never left the southern island, so human cultivators could rest easy.

But now, once the spirit beast clan was ready to appear, it would definitely bring a huge change to the five sky rank islands.

Even if they didn't start a war, the hidden threat they brought to humans wherever they went was enough to change the general trend. The five heaven rank islands, which had been silent for many years, were bound to rise again, and it might be another super chaotic world!

"Thank you, distinguished guests, for coming all the way here to support us. Today is my daughter's 18th coming of age ceremony, and also a rare occasion for the Western part of the island. On behalf of all the sisters on the Western part of the island, I would like to thank you all." As soon as Ning Shangling spoke, everyone's eyes left the Green Dragon, and the banquet finally returned to normal.

"For my daughter's birthday, let's all raise our cups and drink the wine. No one will return tonight!" Ning Shangling smiled as she raised her cup.

"Drink up the wine in the cup, no one will return tonight!" The crowd cheered in unison, and the originally dull atmosphere was instantly lifted. Everyone raised their glasses and drank it all in one gulp.

Although Ning Shangling was a woman, the women of the West Island could not be judged with common sense. Moreover, she was the island master of the West Island. When she was quiet, she was noble and cold, and when she was passionate, she was generous. In this kind of occasion, her every move was even more majestic. Even with her status as the island master, she had personally come to toast. From the beginning to the end, she had gone to every VIP area and drank to her heart's content. The crowd was filled with cheers. Women were indeed not inferior to men!

Ning Shangling came out to toast, so naturally, ning Xuefei had to follow. This kind of occasion had her mother's style, and she drank the wine so smoothly that even Lin Yi was surprised. Did this girl train since she was young?

Ning Shangling and ning Xuefei were the center of attention wherever they went, and they stopped in front of Lin Yi again when they reached the North Island's guest area. They were toasting to all the guests from the North Island, but anyone with eyes could tell that there was a deeper meaning to it.

Lin Yi could feel everyone's strange gazes on him, and he couldn't help but smile bitterly to himself. It was Green Dragon just now, and now it was ning Shangling. He was the center of attention twice, and was he the main character today? why did all the big shots have to come ...

Ning Xuefei winked at Lin Yi as if she was trying to say something, but Lin Yi didn't understand. He was close to ning Xuefei, but they didn't understand each other so well that they could read each other's mind with just one look. What did she mean?

After the toast, ning Shangling was supposed to go to the next guest area, but she surprisingly stayed for a while longer this time. She looked at Lin Yi with a deep gaze and smiled, "You're Lin Yi, right? Feifei has mentioned it to me many times. I'm indebted to you for taking care of me. "

"Island master ning, you're too kind. Feifei and I are good friends. We help each other. It's hard to say who takes care of who, but Feifei has helped me a lot." Lin Yi was surprised, but he maintained a calm smile on his face.

Chapter 4655 Groom Search

"En, I hope you have the strength!" Ning Shangling nodded and turned to leave. Ning Xuefei looked at Lin Yi deeply before following her mother.

Lin Yi rubbed his head, confused. What did he mean by "strong"? For some reason, he felt that ning Xuefei's eyes were a little strange. He didn't know what the mother-daughter pair was trying to say.

Ning Shangling and ning Xuefei left, but Shangguan LAN 'er and han Jingjing stayed behind. They'd rather stay by Lin Yi's side than follow ning Shangling around toasting.

"Don't you two think that Feifei's expression is a little strange?" Lin Yi couldn't help but ask. Shangguan LAN 'er and han Jingjing had been with ning Xuefei the whole time, so they should know something.

"Strange? I didn 't!" The two women's reactions were the same. After being stunned for a moment, han Jingjing said thoughtfully, ""But to be honest, I think Feifei really has something on her mind, but she just doesn't want to tell us ..."

"She's always been like this. She looks so carefree, but if something really happens, she'll shoulder it all by herself. She'll never take the initiative to tell us. I'm already used to it," Shangguan LAN 'er shook her head helplessly.

Heartless? Lin Yi couldn't help but look at Shangguan LAN 'er. It seemed more appropriate to say that to her. Although ning Xuefei's status wasn't that far from hers, their situations were completely different.

Shangguan LAN 'er was the Apple of Shangguan Tianhua's eye. She had never felt any pressure since she was young, and she had never said that she wanted to take over the rising Sky Pavilion. Moreover, it was difficult for a woman to do so on the North Island, so she was so carefree.

However, ning Xuefei was different. Although her personality was similar to Shangguan LAN 'er' s, she was the future successor of the West Island. It would be a lie to say that she did not feel any pressure. No matter how tolerant ning Shangling was to her, she would never slack off in her all-round training. The princess of the West Island who was raised in such an environment must have a strong perseverance in her bones. Otherwise, how could she shoulder the entire West Island in the future?

After three rounds of drinks, the atmosphere was completely on the right track. The Masters from all walks of life who were a little restrained at first were obviously walking around more frequently. Ning Xuefei's birthday party was just a pretext. The key reason why these big shots came to the West Island from thousands of miles away was to build a relationship.

In this situation, not only did they have a chance to build a good relationship with the West Island, but they also had a chance to get in touch with the big shots of the other sky rank islands! Under normal circumstances, it was impossible for so many important figures to gather in one place. It was especially impossible to see the top elders of the spirit beast clan.

When the atmosphere was high, ning Shangling, who had returned to the main seat, suddenly stood up again. The crowd consciously quieted down in an instant. This was not only a courtesy to the host, but also a respect for the Lord of the West Island. Even the unruly and heaven-defying spirit beast elder, Azure Dragon, was looking at ning Shangling tactfully, waiting for the other party to speak.

"Friends from the five islands, I would like to thank you again on behalf of the West Island. I would like to take advantage of this rare opportunity to announce something important." Ning Shangling's gaze slowly swept across the audience, and when she saw that everyone was looking forward to it, she continued to announce, "As everyone knows, today is not only my daughter's 18th birthday but also her coming of age ceremony. According to the rules of the Western Island, I have to choose a husband for her."

Lin Yi's group had never heard of this rule before, but some of them were prepared for it-it was clearly a tradition on the Western Island.

Lin Yi didn't know why, but he felt a little down. Strictly speaking, his relationship with ning Xuefei was only that of good friends, and it was far from the relationship between a man and a woman. However, when he suddenly heard that ning Xuefei was getting married, the feeling of emptiness in his heart was real.

Lin Yi shook his head. It was only a matter of time before ning Xuefei got married. After all, she was the heir of the island, and her husband was directly related to the stability of the entire Island. This kind of thing had to be on the agenda early, but he didn't expect it to happen so suddenly.

At this time, han Jingjing seemed to understand Lin Yi's thoughts. She suddenly held Lin Yi's hand tightly and blinked her big watery eyes,""Lin Yi bro, Jingjing and Feifei are best friends, we don't want to be separated."

"Yes, me too." Shangguan LAN 'er also blurted out, but then she suddenly blushed and felt that something was wrong, so she quickly added,""I ... What I mean is that we're going back to the North Island. We don't have many chances to meet each other. If Feifei gets married, it'll be even less. But as long as she marries our Junior Brother, there won't be a problem. Then, even if she's the princess of the West Island, she can come to the North Island often to play with us!"

"I ..." Lin Yi was speechless. Shangguan LAN 'er was even more straightforward than han Jingjing. She just wanted more chances to be together, so she urged him to go after ning Xuefei. The logic of these two girls was so simple and straightforward that it was cute!

However, they were too naive. Ning Xuefei was the princess of the West Island and was destined to take over the entire West Island in the future. Even if he really had such an idea, it would not be an easy thing.

No matter how much ning Shangling loved ning Xuefei, she had to first consider the interests of the entire West Island! Without a doubt, this was not ning Xuefei's time to pursue happiness. It was purely a marriage alliance. To become the husband of the West Island Princess, one must either have a matching status or have absolute power.

As far as Lin Yi was concerned, he was only at the peak of the early nascent Soul Stage, and his status was only that of the inner hall manager, second senior!

Although such conditions were beyond the reach of most ordinary cultivators, it would be extremely difficult to climb the social ladder of the princess of the West Island with these conditions.

Suddenly, Lin Yi understood what ning Shangling said to him. It could be seen as a wish, and it was to let Lin Yi face his current strength and status!

Lin Yi was shaking his head when ning Shangling's next words lifted everyone's spirits, "If you want to be the husband of the princess of the West Island, you must have the most potential and strength. This is the biggest and only requirement."

Everyone held their breath as they waited for ning Shangling's next announcement. Everyone wanted to know what kind of threshold this so-called potential and strength was!

Chapter 4656 The West Island Trial

"I'm sure everyone here has heard that the most important trial of our West Island is about to begin. This is a rare opportunity, so I plan to let the winner of this trial become my daughter's future husband." Ning Shangling's unhurried words were like a sudden clap of thunder that stunned everyone. Their eyes lit up, and no one spoke for a long time.

"The trial in the West Island? What the hell is that?" Lin Yi, on the other hand, was taken aback. He didn't know what was going on-everyone else knew about the island, but he'd never heard of it before. He was with Ning Xuefei and the others, but they were all focused on the autocasting mechanism and never mentioned this.

Now that he thought about it, Ning Xuefei probably didn't say it on purpose. She always acted carefree in front of Lin Yi and the others, and her acting was good too. Lin Yi and the others didn't notice the heavy weight in her heart.

Lin Yi didn't know why, but he shrugged as he looked at everyone's excited faces. Could it be that this test was so famous that even these people who weren't even locals were excited?

He'd been quite familiar with the tests back in the common world-he'd had to take part in this and that from time to time, but it'd been a lot less since he came to Sky Class Island. He'd only been taking part in the newbies "tests for a year or so, and he didn't think he'd be able to come out all of a sudden, in this sort of way.

"Lin Yi bro, the triennial test of the West Island is very famous in the five islands of the Sky Class," Han Jing Jing whispered in Lin Yi's ear as she saw how confused he was.

"Is there anything special about it?" Lin Yi asked curiously. A test wasn't strange, but if it was one that shook the five Sky Class islands, then it would be interesting. Plus, this involved Ning Xuefei's marriage.

"I'm not sure what's so special about him ..." Han Jingjing stuck out her tongue in embarrassment.

In the past two years on the Western Island, she had never left the island master's Palace. To be precise, she rarely left the research room. She did not know much about the outside world and had never participated in any trials!

Moreover, she had never had the chance to encounter this once-in-three-years trial before. It was her first time too. She had only heard a few words from Ning Xuefei before.

"I know this!" Shangguan LAN 'er, who was standing beside Han Jingjing, knew better than she did. She came over and explained, "Grandpa once mentioned that the trial on the West Island was one of the most valuable trials on the five Sky Class islands. It's very rare."

"Oh?" Lin Yi blinked. Shangguan Tianhua's knowledge and experience were definitely at the top of the Sky Class Island. If even he placed so much importance on the test, then there must be something special about it.

"The trial rules themselves are nothing special. The rarest thing about the West Island trial is its trial location." Shangguan LAN 'er tilted her head and tried to recall, then continued to say to the two, "It's said that there's an adventurous sea near the West Island. It's the remains of a battlefield left behind from ancient times. Because it's surrounded by sea fog and restrictions, it's impossible to enter or even find it. It can only be opened every three years at a specific opportunity. "

"Ancient battlefield?" Lin Yi's heart skipped a beat as he felt an ancient and tragic aura coming towards him. He couldn't help but tremble, but at the same time, he couldn't help but be excited! It was said that in ancient times, geniuses were born in great numbers. In that case, the battlefield ruins that buried countless ancient heroic spirits must be extraordinary.

"Yes, yes, I heard from my grandfather that it's a very, very dangerous place. However, there are indeed countless treasures inside! If they were lucky, it was not impossible for them to obtain the inheritance of an ancient powerhouse! Basically, as long as a disciple can survive and complete the trial, they will have a new body and progress. That's why the West Island trial is so famous. In fact, our North Island also has a similar trial, but the level requirement is higher!" Shangguan LAN 'er said.

"I see. There's actually a chance to obtain the inheritance of an ancient powerhouse? It does sound like an impressive trial. " Lin Yi nodded, deep in thought.

"This ancient battlefield ruin is a strategic existence for the entire West Island. In the past, it was only opened to the core disciples of the West Island. Outsiders rarely had the opportunity to participate. But from what aunt ning said, I'm afraid it's a little different this time ..." Shangguan LAN 'er said.

"En, no wonder everyone is so excited." Lin Yi looked around and saw the excitement on everyone's faces. The ancient battlefield ruins were such a crucial resource, and because of ning Xuefei, ning Shangling was ready to open it up to the public for the first time.

As expected of the master of an Island. Other people would at most set up an arena in the joust for a spouse event, but in ning Shangling's hands, she immediately took out an ancient battlefield ruin. This kind of spirit and style was truly no small matter.

However, if she wanted to choose the most promising and powerful young generation as she had said, she really needed such an excellent battlefield. Otherwise, if it was just a simple battle in the ring, at most, she would only be able to see the current strength, but not the potential in the future. The person selected in that way would naturally not be worthy of the dignified Princess of the West Island.

Lin Yi's eyes finally fell on ning Xuefei. The girl was always pure and optimistic, but now her face was unusually pale.

Ever since he met ning Xuefei on the northernmost Island, this was the first time Lin Yi saw this expression on her face. Helpless, hesitating, and pitiful. It made his heart ache.

To ning Xuefei, the so-called West Island trial was no doubt a joust for a spouse. Most girls would not be happy with such a thing. Ning Xuefei wanted to resist, but she could not do it.

She was the princess of the West Island and was born with Supreme status and power. At the same time, she had to pay a corresponding price. Marriage was just one of the most insignificant things. This was no exception in the West Island where women's rights were prevalent.

Lin Yi suddenly remembered what ning Xuefei said to the woman who barged in and tried to frame him at the banquet a few days ago. He thought it was strange at that time, but now he thought about it. It was probably a hint, or rather, an obvious hint. Why didn't Lin Yi choose her?

And when ning Shangling brought her over for a toast, ning Xuefei's eyes were clearly telling him the same thing. Lin Yi's heart skipped a beat as he thought about it, as if someone had tugged at his heartstrings.

Chapter 4657 Try It Out Personally

Lin Yi wasn't very sensitive to relationships, but he'd had so many women by his side all the way from the common world-he'd have to grow a little. Plus, he wasn't an idiot.

Lin Yi was staring at ning Xuefei in a daze, and ning Xuefei happened to look over as well. Their eyes met, and time stopped.

Lin Yi had never thought of ning Xuefei, but at this moment, their hearts were unknowingly pulled closer. Suddenly, Lin Yi's heart thumped.

Under ning Xuefei's hopeful gaze, Lin Yi took a deep breath. He had to find a way to interfere with the test.

"The trial will officially begin in two days. If you are interested, you can sign up for it. I believe you won't be disappointed." After ning Shangling finished her announcement, she raised her glass to the crowd and finished her drink. Then, she took the lead with ning Xuefei.

The whole place was silent. Since the host had left, it meant that the birthday banquet was over. However, the crowd was obviously still in a daze from the surprise just now. Each and every one of them stared at the back of the figure who disappeared at the door with burning eyes.

Being able to participate in the West Island trial was already an unexpected gain. If he performed well during the trial, he would have the chance to become the husband of the West Island Princess. This was a chance to reach the heavens in a single step!

After a long while, everyone finally left and returned to their respective residences to prepare. Although not everyone wanted to participate in the extremely rare West Island trial, any person with strength and ambition would definitely not let go of this rare opportunity.

"Young master Xu, this isn't right. That pervert Lin Yi will definitely join this test. If he's chosen to be ning Xuefei's husband, wouldn't we fail miserably?" Kang Zhaoming couldn't help but worry after returning to his room. Failing the mission would result in heavy punishment and he didn't want to be the scapegoat.

"Do I need you to tell me? How could I not know about this? Do you have any good ideas?" Xu lingchong paced back and forth in the room, irritated. Ning Shangling's sudden announcement was a good opportunity for others, but it was a huge trouble for the two of them. Wasn't this a natural opportunity for Lin Yi to hook up with ning Xuefei?

"No..." Kang Zhaoming shook his head helplessly. A few days ago, he tried to ruin ning Xuefei and Lin Yi's relationship at the welcome banquet, but he was exposed on the spot. He didn't even know how to do it now, but Lin Yi had the opportunity to do it with ning Xuefei. What was he supposed to do?

"If you don 't, then what are you saying!" Xu lingchong flicked her hand in frustration, her face filled with uneasiness and anger.

As the two were talking, a faint red shadow suddenly flashed in from the window. Xu lingchong and Kang Zhaoming's spirits were lifted at the same time. Blood bat Messenger!

Xu lingchong quickly took the note from the back of the blood bat. As expected, it was the latest instructions from the mysterious man. However, after reading it, Xu lingchong was stunned and his expression was strange.

"Young master Xu, what did the higher-ups say?" Zhaoming asked carefully.

"The higher-ups already know that ning Shangling is going to choose a husband for her daughter through the trial on the West Island. He told us to stop Lin Yi from getting it, even if it means ruining the trial, but ..." Xu lingchong suddenly stopped.

"But what?" Kang Zhaoming quickly asked.

"What the higher-ups mean is that it's best if we can stand out in this West Island trial and take the opportunity to climb up to the high branch of the West Island Princess ..." When she said this, Xu lingchong's expression could not help but be a little strange.

"This ... Young master Xu, why don't you try it yourself ..." Kang Zhaoming suggested.

"F * ck off! Don't you know what I look like?!" Xu lingchong immediately flew into a rage out of humiliation upon hearing this. His eyes were about to spew fire to kill. If it was in the past, he would definitely be more than happy to do this. But in this situation, there was no point in trying!

Kang Zhaoming immediately pulled his head back. Xu lingchong's death wasn't a secret to them. In fact, those who knew Xu lingchong would know that this guy was not only physically incomplete, but also mentally twisted. Otherwise, he wouldn't be hanging out with Meng Tong.

"Uh, should I do it?" Zhaoming said after some hesitation. He'd wanted to say this from the start-using ning Xuefei to get to the top was something he'd always been looking forward to. He'd done the same thing back in the common world-this guy was a womanizer to the core.

The princess of the West Island was a highly respected and Noble status. Once she became the husband of the other party, she would be a Big Shot who would stand at the top of the West Island in the future. If she was smart enough, she could even replace the other party and become the true master of the West Island. By then, would she still have to be a Lackey for the central and be at Xu lingchong's mercy?

Besides, ning Xuefei was not just the princess of the West Island. She was a Super beauty herself. Any man would drool over such a beauty, except for Xu lingchong, who had a physical defect and a twisted mind.

But even if Kang Zhaoming was drooling over ning Xuefei, he didn't dare to have any wild thoughts. After all, with his strength and status, the difference between him and the princess of the West Island was too big. Even if he was a Toad lusting after a Swan's meat, this wasn't the way to do it. He would be laughed at if people knew about it.

But it was different now. Kang Zhaoming himself didn't have much weight, but what if he had the huge and mysterious organization Central behind him? nothing was impossible now, right?

The longer he joined central, the more he understood how strong this mysterious organization was, and the more shocked he was. If he could get the full support of the higher-ups this time, Kang Zhaoming believed that he would have a chance to succeed, and it wouldn't be small!

"You?" Xu lingchong sized him up upon hearing this. There was an obvious look of distrust on her face, and she was just short of writing the words 'overestimating your ability' on her face.

"I ... That's just my suggestion ..." Zhaoming couldn't help but feel worried. If the other party found out that he was only trying to use this opportunity to climb up the ranks, he would be in for a lot of trouble.

"Alright, there's no one else other than you right now." Lingchong nodded after some thought. He knew from the bottom of his heart that this kid wasn't good enough for ning Xuefei, but the problem was that he couldn't do it himself. Who else could it be other than Kang Zhaoming?

"Thank you, young master Xu!" Zhaoming was overjoyed-he didn't waste his time coming to the West Island!

"Prepare a pen and paper. I'll report this to the higher-ups. As far as I know, the West Island trial isn't that easy. We might need help from the higher-ups." Xu lingchong immediately decided.

Chapter 4658 A Letter With Six Words

With his and Zhaoming's strength, it would be hard enough to deal with Lin Yi alone, not to mention the other strong competitors. This needed to be planned and prepared.

While lingchong and Zhaoming were busy planning, everyone else was getting ready for the trials as well. Lin Yi was the only one who went back to his room and started practicing.

However, Lin Yi only meditated for less than an hour this time. He couldn't help but think of ning Xuefei's bitter yet hopeful expression-he really wasn't in the mood to cultivate.

He'd already made up his mind at the banquet that he'd join the test, but he was still hesitating now. It was too sudden, and his relationship with ning Xuefei wasn't at the stage where they could just get married.

If he really succeeded this time, what would happen to his other female friends? Was it fair to them? what would they think if they knew?

However, Lin Yi couldn't just leave ning Xuefei alone. He couldn't help but feel heartache when he thought about the girl's expression at the party.

Just as he was hesitating, the door was pushed open. Lin Yi looked up and saw Shangguan LAN 'er and Han Jing Jing. Why were they out in the middle of the night instead of resting in the palace?

"What are you two doing here? why aren't you sleeping?" Lin Yi looked at the two girls curiously before adding, "Where's Feifei? why isn't she here?"

Lin Yi felt that the only way to solve this difficult situation was to talk to ning Xuefei face to face. At least, he had to understand her feelings. What if the so-called hints were just a misunderstanding?

This was related to ning Xuefei's marriage, and he couldn't afford to be careless. Lin Yi felt that even if he wanted to help her solve this problem, the leader had to be ning Xuefei herself. Only when she said what she wanted could Lin Yi fulfill it for her without any other thoughts. Otherwise, everything was just a guess. He couldn't be sure.

"She can't come." Shangguan LAN 'er shrugged her shoulders helplessly. One was marked by one's proximity to Vermillion and ink, and she had learned some of Lin Yi's habitual small movements to the point of perfection.

"Can't come?" Lin Yi blinked, a little nervous. "Why? Could something have happened?"

"Lin Yi bro, don't worry. Feifei is fine. She can't come with us because of the rules of the Western Island. As long as she's an eighteen-year-old noble lady, she has to stay in her room and wait to choose her husband. She can't just go out and do anything. She's the princess of the Western Island, and there are many eyes on her." Han Jing Jing explained.

"So that's how it is. That is to say, before her husband is confirmed, it's equivalent to her losing her personal freedom?" Lin Yi couldn't help but feel sad for Ning Xuefei. Being the princess of the West Island was her fortune, but it was also her misfortune.

It'd only been a few days since he'd arrived on the Western Island, but he'd noticed something interesting-feminist ideas were prevalent here, but the higher one went, the less obvious it became. The way they did things was more like a patriarchal society, even surpassing it to some extent.

Take marriage as an example. In a normal feminist society, the woman should have the absolute initiative. It was more appropriate to let the man stay in the boudoir. However, in reality, this was true for the ordinary class of the Western Island. However, at the level of the aristocrats, the woman, on the other hand, did not want to leave the house.

Lin Yi guessed that the main reason the island was doing this was to connect with the outside world. After all, it was very likely that noble ladies would marry into the forces of the outer island, and if even they followed the feminist doctrine, it wouldn't only bring no benefits to the Western Island, it might even bring a disaster.

"Yes, but it's not a big deal for Feifei if she can't leave the island master's Palace. She's a little otaku girl like Jing Jing, and she's in the research room now." Shangguan LAN 'er said, using the common vocabulary so easily that it was even smoother than Lin Yi's.

"That's true, but I'm afraid she's not feeling too good. After all, she can only leave her marriage to fate." Lin Yi sighed, and couldn't help but fall silent.

"Lin Yi bro, if you don't get chosen, then I'll be sad for the rest of my life. You can't fail!" Han Jing Jing said as she looked at Lin Yi.

"That's right, that's right. Feifei would rather die than marry someone who is blinded by greed. Little Junior Brother, you can only win this time. We all have high hopes for you!" Shangguan LAN 'er encouraged.

"Ugh, that's just our wishful thinking. Feifei might not think that way ..." Lin Yi smiled bitterly. He didn't know what ning Xuefei was thinking, and that was the most troublesome thing.

"Who said that!" Han Jing Jing suddenly took out a letter and handed it to Lin Yi. "Lin Yi bro, Feifei asked me to give this to you."

Lin Yi blinked and opened the letter-there wasn't much on it, only a line of delicate handwriting, six words to be exact. See, or never see again.

It looked like a stream of consciousness prose at first glance, confusing people and confusing them. They had no idea what she was trying to express, but this wasn't a problem for Lin Yi. He used to be a top student in the secular world, and old Lin had taught him all kinds of knowledge since he was young. There was even a time when he took a laptop to learn poems and ancient texts, euphemistically saying that it would improve the self-cultivation of an assassin ...

Lin Yi understood what ning Xuefei was trying to say after a while. She seemed reserved, but she was being very direct.

They would either always be able to see each other, or they would never see each other again. In the future, they would go their separate ways and never cross paths again.

The answer was self-evident as to how to keep seeing each other. If they couldn't do this, once ning Xuefei married someone else, the birthday banquet would be their last farewell.

Lin Yi froze as he looked at the delicate handwriting on the thin piece of paper. He never thought that ning Xuefei was such a strong woman. She would either be with him forever or be separated from him. There was no room for compromise between them.

It seemed like a choice, but there was no choice at all. Lin Yi couldn't just leave her like this. Ning Xuefei's declaration was full of determination, expressing her feelings to Lin Yi.

Chapter 4659 Quiet Alone

"Alright, Jing Jing, our mission is complete. Let Little Junior Brother have some time alone." Shangguan LAN 'er looked at Lin Yi's calm expression and smiled. She believed that Lin Yi would not let her down, nor would he let ning Xuefei down. Absolutely not.

"Ah? LAN 'er, you want me to stay with him?" Han Jingjing, on the other hand, looked at Shangguan LAN 'er blankly, then looked at Lin Yi, her face blushing shyly.

"Pfft!" Shangguan LAN 'er was stunned for a moment, but she burst out laughing after understanding what was going on. Even Lin Yi was amused. Han Jingjing's intelligence was beyond doubt, and she was definitely a monster, but it was only limited to various research. She would be stupid from time to time, just like now.

After being laughed at by Lin Yi and Shangguan LAN 'er for a long time, han Jingjing finally came back to her senses. She blushed, and even her neck was red. She lowered her head as much as she could. If there was a gap in the ground, she might really be able to crawl in.

In the end, han Jingjing was dragged away by Shangguan LAN 'er, who was laughing so hard that she was out of breath. Lin Yi was left alone in the room again. He held ning Xuefei's letter in his hand and made up his mind. He didn't hesitate anymore.

With ning Xuefei's status as the princess of the island, if Lin Yi still didn't understand her feelings, he would be struck by lightning. This time, he couldn't let her down no matter what.

After removing the hesitation in his heart, Lin Yi felt refreshed again. He knew that with all the strong practitioners gathered here, the process wouldn't be as smooth as it seemed. Danger was inevitable.

But ever since he started cultivating in the common world, he'd never known what fear was. He'd even made it through the Dragon's pool and Tiger's Den on the southern island without a scratch, so why would he be afraid of a mere test on the Western Island?

Lin Yi was about to start training when he sensed a familiar presence outside the door. Lin Yi was delighted. Qi Wenhan was here!

"Brother Qi, I've been waiting for you for a long time." Lin Yi quickly opened the door and warmly welcomed him in. This was what he and Qi Wenhan had promised each other at the banquet. It was rare for old friends to meet on the West Island, so it was natural for them to get together!

"I'm sorry, I haven't completely settled down over there, so I was delayed. I've made you wait for a long time, brother Ling. " Qi Wenhan smiled apologetically and gave Lin Yi a big hug after looking him up and down."Brother Ling, you're indeed blessed by the heavens. Those bastards from the Dragon Boat escort agency dared to say that you died on the southern island. Haha, I knew they were bullshitting!"

Qi Wenhan already knew Lin Yi's real name, but he didn't want to call him brother Ling anymore. Ling Yi and Lin Yi didn't sound much different.

"Hehe, it's a long story, but I won't die so easily." Lin Yi smiled as he led Qi Wenhan into his room. He poured him a cup of spiritual tea and asked, "By the way, brother Qi, why are you here? Could it be that the Qitian escort agency has a good relationship with the Western part of the island?"

"That's impossible. The Western part of the island is a giant that dominates the entire Sky Class Island. We're just a small bodyguard agency. If it weren't for you, brother Ling, they wouldn't even have heard of us. What kind of relationship do we have?" Qi Wenhan laughed at himself. He glanced at the letter on the table from the corner of his eye. He couldn't help but find it strange, but he didn't care much about it.

Lin Yi smiled. Qi Wenhan wasn't belittling himself. Before him, the Qitian bodyguard agency was only famous in the Yingluo Sea area. Not even people in the other South continent waters knew about it, let alone the West Island, which was thousands of miles away and had no connection with each other.

"This time, I'm using the name of the South continent's escort agency Alliance. My father wants me to take this rare opportunity to see the world and make some useful connections. This is the benefit of being the Overlord of the South continent's escort agency. I can represent the entire South continent's Sea area. Otherwise, if it's just the name of our Qitian escort agency, they won't even look at me in the eye. They might not even be able to enter the door." Qi Wenhan smiled bitterly.

"Let's take it one step at a time. It's already a gratifying improvement for the Qitian escort agency to be able to leave the South continent's waters. At least, it means that they're an entire level higher than before." Lin Yi smiled and analyzed, "besides, Qitian escort agency is the Overlord of the South continent. Any big force that wants a piece of the South continent's sea will have to rely on you guys. As long as there's profit, there will be connections. This is the best time for the escort agency to take a step forward."

"What you guys? it's US, okay? don't forget that brother Ling also has shares of your own!" Qi Wenhan's expression turned serious.

"Alright, alright, it's US." Lin Yi couldn't help but laugh as he continued, "So, brother Qi, you came all the way to the West Island to attend the birthday banquet and expand your human meridians?"

"That's not it. These are just things that happened in passing. I'm actually here with a heavy responsibility." Qi Wenhan shook his head.

"Shoulder heavy responsibilities?" Lin Yi blinked.

"That's right. Brother Ling, you saw the situation at the birthday banquet, right? father specially sent me here this time because of this Princess of the West Island. The coming of age ceremony at the age of 18 definitely requires me to choose a husband. He asked me to think of a way to compete for her. Even though the chances are not high, if I succeed, with the behemoth of the West Island as my backing, our Qitian bodyguard agency will be invincible." Qi Wenhan said.

Lin Yi's expression turned weird. He had guessed that there would be a lot of competitors this time, but he didn't expect Qi Wenhan to be one of them. He didn't know what to say.

"What's wrong?" Qi Wenhan finally noticed Lin Yi's expression and paused, ""Could it be that brother Ling is the same? Oh right, brother Ling, you're the special envoy from the North Island. I heard that the north and west islands have always been on good terms, so it's normal for you to have such a mission ..."

"I ..." Lin Yi didn't know what to say. He glanced at the letter on the table unnaturally. He couldn't just say that he had an affair with Ning Xuefei, could he?

Following Lin Yi's gaze, Qi Wenhan's eyes fell on the letter as well. He'd noticed from the start that the letter wasn't completely folded, and it was easy to see the delicate girl's handwriting on it.

In that instant, Qi Wenhan suddenly understood something. He looked at the letter in surprise and turned to Lin Yi in disbelief, "Brother Ling, did you and Ning Xuefei ..."

Lin Yi smiled bitterly, not saying anything.

"Haha, so that's the case. Then I won't fight for it. I can't win against you anyway!" Qi Wenhan laughed mischievously.

Chapter 4660 Giving A Golden Core

He patted Lin Yi's shoulder. "Plus, I'm not optimistic about this at all. I know my status and strength the best. Although the strength requirement for the test is that I can't exceed the original infant stage, but from the looks of it, I'm at the peak of the Golden core stage and I'm at the bottom."

This was the truth. In the past, if only the local disciples of the West Island participated in the trial, Qi Wenhan's strength as a complete golden core cultivator would definitely not be considered weak. However, this time was different. The participants were the elites of each Island.

Those who had the ambition and courage to target Ning Xuefei, the princess of the West Island, were not easy to deal with. Most of them should be in the original infant stage. Otherwise, they might not even be able to live until the end of the trial, let alone reach the sky in one step.

"And there's actually another more important reason why I don't want to participate in the competition." Qi Wenhan's eyes suddenly bloomed with a strange light. This man, who had always been cheerful and calm, was blushing for the first time in his life. It was really surprising.

"Could it be that brother Qi ..." Lin Yi's heart moved. He wasn't unfamiliar with this kind of burning gaze, because most people had experienced it before.

"Not bad, I have someone I like." Qi Wenhan scratched his head awkwardly as he confessed.

"Oh? When did that happen?" Lin Yi's interest was piqued. He didn't even do anything when he left the South continent. With Qi Wenhan's free and easy style, he shouldn't have hidden such things so deeply.

"It happened not long ago. I fell in love with her at first sight, but ..." Qi Wenhan's expression suddenly darkened and he said with some disappointment, ""She's a Yuanying stage expert, while I'm only at the perfect Jindan stage, sigh ..."

Lin Yi couldn't help but laugh at Qi Wenhan's sigh, "So what if you're not as strong as her? the key is whether she has any feelings for you. It's not like you to be so worried about your personal gains and losses, brother Qi."

Qi Wenhan's face reddened at Lin Yi's words. "I also know that I can't be so worried about personal gains and losses. As a man, when it's time to fight for something, I should never back down and admit defeat. I understand all these principles, but I can't control my own mind and can't help thinking in this direction. After all, she's not an ordinary cultivator, but the daughter of the owner of the treasure ship transportation company in the South continent."

"The ship king's daughter?" Lin Yi blinked. He'd heard about this treasure ship transportation company when he was in the South continent. If it was just a normal transportation company, Qi Wenhan wouldn't feel inferior as he was the young master of the Qitian bodyguard agency. But it was a treasure ship transportation company. The meaning behind it was completely different.

On the sky-class Island, only the top forces could own a strategic existence like a treasure ship. The reverse was true as well. Those who could own a treasure ship were all powerful forces that could not be underestimated in the five sky-class islands. Even the top escort agency in the South continent, Qi Tian escort agency, was far from qualified to own a treasure ship.

Qi Wenhan was the young master of the Qitian bodyguard agency. It was no wonder that he would be so worried and sigh when faced with the strong background of the other party's treasured ship transportation company.

His strength was not as high as the other party, and his background was not as good as the other party. If he rashly went up to them, it would be very normal to be called overestimating his own ability. By then, they might not even be friends.

"Ship King? "You can put it that way ..." Qi Wenhan was stunned for a moment. Treasure ships were the king of ships, and the treasure ship transportation company itself was the uncrowned king.

"So that's how it is. You don't have to sigh, I have a way." Lin Yi took out a small wooden box and handed it to Qi Wenhan, ""With this, you don't have to worry."

"What is it?" Qi Wenhan curiously took the small wooden box. He found that although the box was ordinary, the cool aura coming out of it was refreshing. He quickly opened it and was shocked. He was a person who knew what was good for him. There was a golden core inside!

"With your strength, it's time for you to make a breakthrough. As long as you take this golden pill, you should be able to protect your nascent soul." Lin Yi smiled.

With Qi Wenhan's ability, as long as his strength could be on par with the other party, he would not feel inferior anymore. After all, although Qitian escort agency was not as good as the other party's treasure ship transportation company, it was definitely not far off. After all, it was the Overlord of the escort agencies in the South continent.

"This ... This is too valuable. Brother Ling, you should keep it for yourself. I'm not in a hurry ..." The Golden pill was like a hot potato in Qi Wenhan's hands. He was flustered and tried his best to stuff it back to Lin Yi.

"You're not in a hurry? If you're not worried, then the lady is!" Lin Yi glanced at him and threw the wooden box back to Qi Wenhan. "She's the ship king's daughter, who knows when she'll get married. At that time, you won't even have time to cry, aren't you worried? Don't blame me for not reminding you as your brother. You must grasp this kind of thing tightly when you encounter it, or you will regret it for the rest of your life!"

"I ..." Lin Yi's words put Qi Wenhan in a dilemma. Of course, he knew this-there were a lot of young masters who had their eyes on Lin Yi. If they were too late, they'd regret it for the rest of their lives.

However, Qi Wenhan knew the value of a golden core, especially when it was a high-quality one. No amount of spiritual Jade could buy it. No matter how good his relationship with Lin Yi was, he didn't dare to accept such an expensive thing.

"Why are you still hesitating? I've never seen you being so wishy-washy before. With our friendship, can't you just accept a mere golden core?" Lin Yi raged.

"Well, since brother Ling has put it this way, I'll take it. But I'll say this first. What price did you pay for this golden pill? you must take as much spiritual Jade as you want, or I'll feel bad." Qi Wenhan nodded.

"Who told you that this golden core is for sale?" Lin Yi looked at him strangely and smiled, ""Haven't I told you before that I'm a true Alchemist? these pills are all personally refined by me. "

"What?" Qi Wenhan was shocked. There was nothing strange about being an Alchemist. There were many alchemists these days, but there weren't many who could make a golden core.
