### Chapter 4671 Thunder Mystical Vine

Lin Yi was silent for a moment before he raised his head and looked at Huo yudie with a cold expression, ""So, you also participated in the torture?"

"No, I didn 't," Huo yudie shook her head.

"If you don 't, how did you know?" Lin Yi's eyes sharpened.

"I secretly heard it when I released her! I thought she looked pitiful, but I didn't see her again after that.  
" Huo yudie pursed her lips and said.

Hu! Lin Yi let out a long breath of relief. He was a little wary of this girl, but now his impression of her improved. He looked at her with much more kindness.

It didn't matter who this woman from the common world was-whether it was his lover, Chen Xi or Bing Tang, song Lingrui, Tian die, or even the Grand Elder of the snow Valley, Lin Yi didn't want anything to happen to them. Every one of them had a direct or indirect connection with him.

No matter what, Huo yudie had saved this woman's life. Just based on her kindness, Lin Yi would not ignore her like before. No matter who this woman was, Lin Yi felt that he had to accept this favor!

Although he said that, Lin Yi was grateful and shocked at the same time!

That woman had offended the granddaughter of the vice principal and was locked up and tortured without restraint. The harsh environment of the East Province Academy was evident. However, Huo yudie had dared to release this woman without permission. Wasn't that making an enemy of the vice principal's granddaughter?

"Didn't the Deputy Director's granddaughter cause you any trouble after you secretly let her go?" Lin Yi looked her up and down-he'd already guessed that this girl wasn't simple from the start, or she wouldn't have the right to go on a diplomatic mission to the West Island, much less go against the Vice Dean's granddaughter!

"First, she didn't see me release her with her own eyes. Second, I'm Liu Ziyu's direct disciple." Huo yudie said in a calm tone.

"No wonder!" Lin Yi suddenly understood-the latter was the key. If the other party could just pin a crime on someone, then it didn't matter if they saw it or not! Liu Ziyu was the vice-principal who represented the proud of dawn Academy on this diplomatic mission to the Western part of the island!

The Sky Class Island had always adhered to the ancient customs, and the status and importance of the personal disciples were no less than those of blood-related descendants, sometimes even more.

This was because not all of their children and grandchildren could be successful, and there were even fewer who could inherit their legacy. However, personal disciples were different, they were destined to inherit their legacy, and every personal disciple was the object of inheritance that the big shots had spent countless efforts on. This kind of inheritance relationship was even above blood relations, and Dong Hai's Sheoni and Wang Xinyan were a good example.

As Liu Ziyu's direct disciple, it was normal for Huo yudie to not be afraid of the granddaughter of the Deputy Director. After all, if Liu Ziyu's status was higher than the Deputy Director 's, the Deputy Director would have to suck up to her instead.

"Then why are you looking for me?" Lin Yi changed the topic. He'd asked this question three times in a short time, and this was the only time his tone was the friendliest. If it wasn't something too troublesome, he'd be willing to help.

"My current strength is at the peak of the original level. I'm only one step away from the final breakthrough," Huo yudie said with a serious face.

"And then?" Lin Yi nodded. He'd noticed long ago that Lin Yi wasn't restraining his aura, but he didn't pay much attention to it. A peak nascent soul was one of the top in this test, but Lin Yi himself was a freak who could kill a xuansheng stage master in one move. Of course, he didn't think it was a big deal.

"I have been stuck in this realm for more than ten years ..." Huo yudie said pitifully.

"More than ten years?" Lin Yi looked at her noncommittally. At this level of the original level, normal people would need at least a few decades or even a hundred years to break through to the next level. It was just a few years, what was there to be sad about?

However, from this point, it could be seen that the other party's aptitude was indeed not ordinary, worthy of being the Vice Dean's personal disciple. If it was an ordinary cultivator who had been at the peak of the nascent soul realm for more than ten years, that wouldn't be called a bottleneck at all, at most it would be a warm-up ...

"That's right. So, senior brother Lin, can you help me?" Huo yudie's eyes were watery as she looked at Lin Yi. If it was a pig like Kang Zhaoming, he would've knelt down without a second word and done whatever he was told to do.

"Pfft!" But Lin Yi's reaction was completely different from what he imagined-he almost laughed out loud and coughed a few times."Cough, cough. Since you've been stuck for more than ten years, you must be older than me, so you don't have to call me senior brother ..."

"It's fine. I'm still young mentally and I've been cultivating all this time. I rarely come into contact with the outside world. " Huo yudie shook her head nonchalantly. She did not seem to think that there was anything wrong with it.

Lin Yi couldn't help but look at him. He had some understanding of the man after interacting with him for such a short time, but he couldn't be completely sure. He didn't know if the man was pretending to be innocent to confuse him or if he really didn't have any bad intentions.

Lin Yi had to admit that he had a good eye for people, but he couldn't really tell what Huo yudie was up to. If this was all an act, then her acting skills would be too good. But if this person was just that innocent and naive, then it wasn't entirely true. Could it be that she was both?

"Do as you please. My patience is limited. Stop beating around the bush. What do you want me to do?" Lin Yi asked directly.

Even if he knew that the man might have saved his girlfriend, Lin Yi didn't have time to waste. He had to make every second count if he wanted to get first place in the trial.

"Alright, I've heard my master mention that there's a place in the West Island that seems to have Thunder mystical vines growing there!" Huo yudie no longer tried to hide it as her eyes lit up.

"Thunder mystical vine? What's that?" Lin Yi couldn't help but frown-the name sounded familiar.

Huo yudie couldn't help but look at Lin Yi, as if she was surprised that he didn't even know about these things. She paused for a moment before saying, ""That's the main ingredient for the profound Thunder pill. "

"Thunder profound pill? Oh, right!" Lin Yi finally remembered that the Thunder elixir was an essential elixir for breaking through to the xuansheng stage!

Although he was only at the peak of the early stage of the original level, it seemed that there was still a long time before he could reach the xuansheng stage. However, with the speed of his advancement as the strongest original level cultivator, this time was much shorter than ordinary people. Especially with the fortuitous encounter of the five poisons swamp, he might be able to reach it in the blink of an eye.

#### Chapter 4672 Splitting The Profits

The foundation building stage had the foundation building golden core, followed by the Golden core, golden core, and the nascent gathering golden core. Although the Thunder mystical pill was an essential pill for breaking through to the xuansheng stage, its nature was completely different from the previous three pills!

There was no other reason. There was a huge difference between the xuansheng stage and the original infant stage.

Regardless of whether it was the original infant stage or the realms before that, most people had developed the habit of taking pills to break through, and this concept had been deeply rooted in people's hearts! But in fact, as long as one had enough talent and perseverance, they could naturally break through each realm. In principle, they didn't need the assistance of any medicinal pills.

However, the mysterious Ascension stage was different. As mentioned before, in order to advance to the mysterious Ascension stage, one must have at least two spiritual roots attributes. They needed to fuse the true Qi of two attributes to advance to the next level. Although the threshold of this step was extremely high and difficult, it was the same as the previous stages. It did not require any medicinal pills. The problem lay in the later stages.

When the two spiritual roots were intertwined, they could trigger the lightning tribulation!

The Thunder tribulation was a kind of heavenly punishment. It was the merciless obliteration of those who defied the heavens by the heavens. In other words, before the xuansheng stage, even if one had reached the level of the original infant stage, they could only be considered powerful, but not heaven-defying. After all, he had not even experienced heavenly punishment, so how could he say that it was heaven-defying?

And since it's a heavenly punishment, it's naturally not a small matter. A peak Yuanying stage expert simply can't bear it! Even the most awesome super genius had to take a life-saving pill if they wanted to safely pass the Thunder tribulation, and that was the Thunder profound pill!

It could be said that having a Thunder mystical pill was equivalent to having a ticket to the mysterious Ascension stage. This did not mean that one could directly push open the door, but at least it could guarantee that when one tried to push open the door, one would not be killed by the guards.

Lin Yi's heart skipped a beat. He might not be interested in anything else, but the Thunder mystical vine was exactly what he needed. In fact, even if he didn't look for it this time, he would find a way to get it in the future. He might as well take this opportunity to push the boat with the current.

After all, the Thunder mystical vine was just as rare as the baby ginseng. It wasn't easy for Lin Yi to get any valuable information by himself, let alone get it.

"That's good. How are we going to split it after we find it?" Lin Yi went straight to the point. The most important thing was to decide on the profit distribution. If they couldn't even come to an agreement on this, then there was no point in talking about it anymore. It would be a waste of time.

"Three seven." Huo yudie blurted out without hesitation. It seemed that she had already thought about it.

"You take 30% and I'll take 70%?" Lin Yi raised an eyebrow.

"How is that possible?" Huo yudie choked as she looked at Lin Yi's face. She shook her head and said, "You clearly know."

"No way." Lin Yi turned around and left without saying anything, as if the Thunder mystical vine was dispensable to him. It was delusional to think that he could use this temptation to make him lose his mind.

"Lin Yi bro ..." Huo yudie pouted as she looked at Lin Yi with her watery eyes. Her tone and mannerism were exactly the same as han Jingjing 's, and it was obvious that she had purposely observed and

imitated her. After all, no man could resist a beauty like her when she was acting like a spoiled child, unless the person was not a man.

Any other man would've fallen head over heels for her at this point-they'd even agree to work for her for free, let alone a 30 - 70 split. Lin Yi, however, was an exception.

"Don't waste your energy, I don't buy it. " Lin Yi looked at her coldly, his eyes were filled with impatience and even a hint of warning. Huo yudie was shocked and subconsciously covered her mouth. Didn't her master say that this was a very effective method against men? why didn't it work?

Huo yudie couldn't help but feel a little nervous. She didn't think that Lin Yi was only strict on the surface, but his heart was actually a little shaken for no reason. He just hid it well and no one could see it.

After all, Huo yudie's master was right. A beautiful woman's coquettish attack worked on any man, especially when it came to a beautiful woman like her. Through the veil, Lin Yi could feel the charm from her bright eyes. It was just that he had a strong will, and he was used to beautiful women like han Jingjing.

This woman was definitely a femme fatale! Lin Yi was on his guard-if the girl took off her veil, he wouldn't be able to control himself. He wouldn't lose control of his mind, but he'd take pity on her, and he'd give in subconsciously.

"Alright then. To show my sincerity, I'll take a step back. Four-six!" Seeing that Lin Yi wasn't going to budge, Huo yudie had no choice but to give in. She was speechless. Could it be that Kang Zhaoming was telling the truth? Was this guy really a eunuch? Otherwise, how could her coquettish attacks have no effect at all?

"Baibai," Lin Yi's mouth twitched, as if he had lost all his patience. He quickened his steps to shake the man off.

"What do you mean?" Huo yudie was shocked and quickly caught up to him.

"It means goodbye. If this is your so-called sincerity, then we have nothing to talk about." Lin Yi said without turning his head.

Huo yudie stopped in her tracks as she looked at Lin Yi's back. She couldn't help but feel helpless. Why was this guy so insistent?

"Five five! This is already a sky-high price and my bottom line. I can't go any higher!" Huo yudie gritted her teeth and said. Her eyes were filled with determination as if she was bargaining with a small vendor.

She was currently at a bottleneck and urgently needed the Thunder mystical pill. If she missed this opportunity, she didn't know where she would have to go next time to get the Thunder mystical vine. If she was stuck at a bottleneck for too long, it would drag a genius into a waste. She couldn't afford to delay.

"Let's do it the 30 - 70 you said before, otherwise there's no need to talk. " Lin Yi stopped in his tracks, his lips curling into a smile. The 3 - 7th was supposed to be upside down-if the opponent took 3rd, he would take 7th!

His impression of the girl had improved quite a bit, but that was a separate matter-he wasn't going to stupidly give in to a stranger he'd never met before. He'd only be generous to his friends and family, never to strangers, even if the other party was an absolute beauty.

"What?" Huo yudie looked at Lin Yi in disbelief. If it wasn't for the veil, her mouth would've been wide open. What was wrong with this guy? she was the one who suggested the cooperation, and she was the only one who knew all the information, but he still wanted to get the biggest share? And he even took it so naturally?

And he even took it so naturally?

Chapter 4674 Impressive Background

Anyone could see the greed in his eyes, and he already didn't like Lin Yi from the moment he saw him talking to Huo yudie. This was the perfect opportunity to make things difficult for him.

Lin Yi frowned slightly. Other than Huo yudie, these people were insignificant in his eyes. He couldn't be bothered to deal with them at all. He couldn't even be bothered to look at them. However, if these people were stupid enough to mess with him, then there was nothing to say!

"Alright, native teammate. There's nothing for you to do here. You can go!" The tall man waved his hand and asked Huo yudie to leave. Other than him, no other man should even think about getting close to Huo yudie.

Lin Yi turned around and looked at Huo yudie. He wouldn't get angry over a clown like her. He would either ignore her or kill her. It all depended on what the girl would choose.

Huo yudie frowned and gritted her teeth, ""Let's go!"

"Oh." Lin Yi nodded nonchalantly. He didn't care about these people at all, and this was their internal conflict. He had no interest in getting involved.

"Tsk, ts, Senior Sister Huo, what do you want me to say? you actually fell out with us for a wild man! People said that you're as pure as ice and as pure as Jade, but PEI, it turns out that you're just a \*\*, you really don't even care about your face!" Jiali immediately sneered and ridiculed without mercy.

"What did you say?" Huo yudie turned around and glared at her. Even Lin Yi couldn't stand her dirty words, let alone a girl like her who valued her reputation.

"You know very well what I'm talking about. Since you can do this kind of stupid thing, why can't I say it? Hmph, I say, do you want to keep it for yourself? You can't be so naïve as to think that you can get what we're looking for by pulling in such a wild man, right? you're simply daydreaming!" Jiali continued to jabber on and on.

Lin Yi's heart skipped a beat. Could it be that these people were also here for the Thunder mystical vine? If it was just someone irrelevant, he wouldn't bother to deal with them. But if it was a competitor, and they were so arrogant, it would be a little unreasonable if he didn't do something.

Huo yudie was about to retort, but Jiali didn't give her the chance. She turned to Lin Yi and sneered, ""Country bumpkin, I'm giving you a piece of advice out of goodwill. Senior brother Ren Zhongyuan beside me is a suitor of Senior Sister Huo. Not only is he powerful, but he also has a bad temper. Be careful and don't die!"

As Jiali spoke, the tall man named Ren Zhongyuan laughed coldly and looked at Lin Yi with killing intent. It seemed like he was really going to do something if he didn't cooperate.

Unfortunately, Ren Zhongyuan had picked the wrong target. Lin Yi's gaze was much colder and sharper than his. When their eyes met, Ren Zhongyuan took a step back subconsciously, shocking the rest.

Ren Zhongyuan was the East Province Academy's genius disciple, while Lin Yi was just a country bumpkin in everyone's eyes. There was no comparison between the two at all. Who would've thought that the East province's genius, Ren Zhongyuan, would be scared off by a country bumpkin?

Ren Zhongyuan flew into a rage after being humiliated by Lin Yi. Lin Yi's cold eyes were still on his face as he said, ""Trash, You Better Not Waste My Time, or I'll kill you."

"What's wrong? You dare to call me trash? And you said you wanted to kill me? You're just a country bumpkin, where did you get the guts to do this!" Ren Zhongyuan exploded in anger. The powerful aura of a peak nascent soul realm cultivator was unleashed without any reservation. He was an extremely arrogant person. How could he admit defeat in front of his sweetheart, Huo yudie?

The strong presence caused the surrounding sand and stones to fly up, and the wind howled. It was a terrifying scene of killing intent, but Lin Yi didn't move at all. He didn't emit a strong presence, but the surrounding didn't affect him at all. He didn't even blink.

Huo yudie was shocked. She didn't know that Lin Yi was so strong that he could kill a xuansheng stage master in seconds. She only knew that Lin Yi was at the peak of the early nascent Soul Stage. In front of someone like Ren Zhongyuan, he was so weak that he couldn't even withstand a single blow.

"Senior martial brother Ren, stop! Since that's the case, let's go together. This senior brother Lin's identity is no small matter, so we can't be rude to him!" Huo yudie quickly stood in front of Lin Yi. If they got into a fight, Lin Yi would definitely die, and their agreement would be in vain.

"What's wrong? You're saying that this country bumpkin's background isn't small? He's just a country bumpkin, what kind of background can he have?" Jiali pouted disapprovingly.

"His name is Lin Yi, he's my master's teammate. His master is an old friend of my master's on the North Island, Shangguan Tianhua!" Huo yudie gritted her teeth and said.

Lin Yi looked at Huo yudie in surprise. She probably just came up with a lie on the spur of the moment, but to Lin Yi, it was half-true and half-false. She sure had a quick brain.

"What? Shangguan Tianhua!" Whether it was Jiali, Ren Zhongyuan, or the other man, their expressions changed when they heard Huo yudie's words. Obviously, they had all heard of this top boss of the North Island. However, after Jiali's shock, she still did not quite believe it, ""Him? He was Shangguan Tianhua's disciple? How come I've never heard of it?"

"Didn't you see? he was sitting with Shangguan LAN 'er at the birthday party, and she was even following him before he entered the teleportation formation! Think about it, if he wasn't Shangguan Tianhua's direct disciple, would the Beidao Princess have such a close relationship with him?" Huo yudie said in a serious tone.

Lin Yi couldn't help but laugh to himself. It was a spontaneous lie, but it was 90% true-at least he'd been with Shangguan LAN 'er the whole time. He didn't know that this girl was an expert at lying, and it was so easy to tell the truth. No one could see through it.

As expected, after Huo yudie's words, Ren Zhongyuan and the others were reminded of the scene that they had chanced upon previously. Shangguan LAN 'er was indeed standing beside the man in front of them. In that case, this fellow was really Shangguan Tianhua's disciple!

They were the talented disciples of the East Province Academy, and it was understandable for them to put on an air of superiority when they came to the West Island. After all, the standards of the East Province were much higher than those of the other sky-class islands. However, if the other party was Shangguan Tianhua's personal disciple, then they would be putting on the wrong airs.

Chapter 4675 Temporary Team

After all, Shangguan Tianhua was one of the top powerhouses in the five sky-class islands. Even the people behind them had to bow to him, let alone the younger generation.

"Well, for the sake of vice Island master Shangguan, I'll take you along to get some benefits." Ren Zhongyuan snorted coldly and had no choice but to stop.

Deputy Island master Shangguan? This time, it was Lin Yi who was stunned. He'd been on Sky Class Island for so long, and he'd had some interactions with Shangguan Tianhua, but he'd never heard of this person being the Vice-Island master!

All along, the North Island had only emphasized the three great pavilions. Everyone from top to bottom had always been talking about the North Island's three great pavilions. With this background, even the island master appeared extremely mysterious, let alone the Deputy Island master.

Everyone knew that Shangguan Tianhua was the head of the rising Sky Pavilion, but not many people knew about his identity as the Vice Island master of the North Island. At least, no one had ever heard of a newbie like Lin Yi.

Lin Yi's anger disappeared when he saw Ren Zhongyuan and the others 'pitiful expressions. He saw that everyone was looking at him, especially Huo yudie, who had a pleading look in her eyes. He smiled and nodded, "Alright, then I'll have to trouble you."

These people weren't worth mentioning, but if it wasn't necessary, Lin Yi didn't want to get into a conflict with the East continent. After all, these people had all sorts of backgrounds, and he didn't want to make enemies with them unless it was absolutely necessary.

Huo yudie let out a sigh of relief when she saw Lin Yi's cooperation. From their previous contact, she could tell that there was an unspeakable pride in Lin Yi's bones. It didn't show on the surface, but it was everywhere. She was really afraid that Lin Yi would get into a conflict with these people, and it would be out of control if it happened.

At least Lin Yi knew his place despite his pride-he knew when to yield and when to stand tall, and wasn't a brainless person.

"Sister Yu die, let's go." Ren Zhongyuan immediately took the lead and walked forward. At the same time, he didn't forget to turn back to look at Lin Yi, ""I hope you won't drag us down. Otherwise, it's useless even if you're the personal disciple of vice Island master Shangguan. If you die in the trial because of your weak strength, no one can say anything."

Jiali and the other man followed behind him, looking at Lin Yi again with a mocking expression, ""Hehe, no wonder Senior Sister Huo likes you. You have such a powerful backer. But I'll say the same thing, be careful and don't die."

Lin Yi shrugged, not thinking much of it-these guys really did think he was a punching bag, did they really think he was a pushover? It's fine if you have a safe journey, but be careful not to kick an iron plate when the time comes!

"Don't take it to heart. They're only angry at you because of me. I'm sorry. " Huo yudie purposely walked at the back with Lin Yi and apologized in a low voice.

"Oh, I'm fine with that." Lin Yi replied with a faint smile.

"Well, that's good." Huo yudie couldn't help but admire Lin Yi's nonchalant attitude. Although he wasn't as strong as Ren Zhongyuan and the others, it was rare for him to be so calm.

"If I may ask, are you sure there's no problem with moving with the three of them?" Lin Yi suddenly asked. He was with Huo yudie for the Thunder mystical vine, and now he had obviously messed up Huo yudie's plan and rhythm. If he was destined to not get the Thunder mystical vine, he didn't want to waste his time with these people.

"This ..." Huo yudie was also a little hesitant. "One more person means one more force. There are advantages and disadvantages to working with them. Let's take it one step at a time. If it doesn't work, we'll think of another way."

"Alright, since you've said so, I have no objections." Lin Yi nodded. He could tell that Huo yudie didn't want to say too much. Her words were ambiguous, and he didn't know what she meant. He asked, ""By the way, who are they?"

He could deduce some information from just a few words, but it wasn't complete. Lin Yi felt that it was necessary to find out more about the other party's background first, so that he could weigh the pros and cons when a conflict broke out.

"The man at the front is called Ren Zhongyuan. You've heard about him. He's a disciple of the East province's soaring Cloud Academy. He doesn't have any background there, but he's the son of our Grand libation." Huo yudie's eyes were filled with disgust when she spoke of this man. It was obvious that this man was not someone she liked.

"Grand Chancellor?" Lin Yi blinked. He'd heard of positions like libation, for example, his old enemy Nantian Aurora Polaris was the libation of the middle Island practitioner college, but this was the first time he heard of the Grand libation.

"Yes, this is a special position in the East Province Academy. In terms of authority, it is basically equal to the Vice Dean. The two positions overlap and oppose each other. To a certain extent, the control over

the Academy is even stronger than the Vice Dean. This is because all the Chancellors and students are under the jurisdiction of the Grand chancellor. They are all decided by the Grand chancellor." Huo yudie explained.

"I see." Lin Yi understood the meaning of this position-it was probably because the East Province Academy was too powerful and too influential, so they created this position to balance the power, so the Vice Dean wouldn't be able to do anything. After all, the deans didn't have the time to personally manage the school's internal affairs.

"The other man is called Yi Xiaotian. He is also a disciple of the soaring Cloud School. His uncle is a Vice Principal of the soaring Cloud School." At this point, Huo yudie suddenly paused. She blushed and said in a mosquito-like voice, ""He's Jiali's dual cultivation partner, so he often comes to our Academy with Ren Zhongyuan. "

"Dao companion for dual cultivation?" Lin Yi couldn't help but look at the two strangely. Yi Xiaotian's hand was indeed restlessly touching Jiali's body. He dared to do this kind of small action in front of them. He was really a weirdo.

However, it did not mean that this kid was not interested in Huo yudie. Although he did not have such a big reaction like Ren Zhongyuan, the way he looked at Huo yudie was also filled with desire. He was staring at the food in the pot while eating the food in his bowl. This was a common problem of young masters.

"As for Junior Sister Jiali, her full name is Yao Jiali. She's the granddaughter of our school's Vice Principal Yao." Huo yudie suddenly looked at Lin Yi with a deep look in her eyes before continuing,"The woman from the secular world I told you about before. She was the one who offended you and ended up like this."

Chapter 4676 Danger

"No wonder it doesn't look good!" Lin Yi's eyes turned cold. It didn't matter who that girl from the common world was, or whether she was his girlfriend or not. He had already put Yao Jiali on his blacklist. He didn't plan to do anything to her yet, but if he had the chance, he wouldn't mind giving her a push.

At this moment, Huo yudie was looking at Yao Jiali from behind. She was not very friendly either. Both of them had the Vice Presidents of the school of the proud sons of dawn behind them. Their competition was fierce, so they had never been on good terms. Especially after the incident with the woman from the secular world, the two almost fell out and showed signs of breaking up in public. Otherwise, the relationship between the two would not be so bad even though they were both students of the school of the proud of dawn.

"Martial sister Yu die, when did you meet him? how come I didn't know?" At this moment, Ren Zhongyuan, who was walking in front, suddenly took a few steps back. He was obviously jealous of Lin Yi and Huo yudie.

"My master and his master are old friends. Is it strange that we know each other?" Huo yudie replied with a cold face.

"Uh, but I've never heard you mention it before. Why did you suddenly appear this time?" Ren Zhongyuan was still unwilling to give up.

"Senior martial brother Ren, there are many things about me that you don't know about." Huo yudie's tone was stiff. It was obvious that she was a little impatient with this guy. She was on the verge of turning hostile.

"Hehe, you're right. That's why I want to know more about you, martial sister Yu die." Ren Zhongyuan didn't seem to notice anything and continued to smile obsequiously. At the same time, he secretly

glanced at Lin Yi. As long as he didn't let the two of them whisper to each other, he would have achieved his goal.

Huo yudie looked at him but did not reply. However, Ren Zhongyuan would not give up so easily!

The other person's attitude was cold and indifferent, but he was still enjoying it. This dog skin plaster was comparable to Kang Zhaoming 's.

As for Lin Yi, he kept his mouth shut ever since Ren Zhongyuan came over, as if he had really become a follower. In fact, if it wasn't for the Thunder mystical vine, he wouldn't even be bothered to travel with these people.

The five of them walked all the way out of the canyon, and the road suddenly opened up. Lin Yi thought that it would be an Island at most, but the scene in front of him shocked him-it was a desert!

It wasn't a pure desert, and one could still see patches of vegetation here and there. However, at least 80% of what one could see was wasteland. It wasn't completely barren, but it gave off a deathly feeling.

Ever since he'd come to Sky Class Island, he'd spent most of his time in the dense forests-he didn't think that this would be an exception!

What surprised him even more was that this undulating desert stretched as far as the eye could see. It didn't feel like an isolated island on the sea as he had expected.

Lin Yi was a little surprised, but the others weren't surprised at all, as if they already knew about this.

After thinking about it carefully, it was not strange. The Academy of Morning Pride was a pure Women's Academy and had a close relationship with the West Island. In the past, even if the West Island trials were not open to the public, they were not forbidden. It was normal to know about it in advance.

After walking out of the canyon, the other cultivators were no longer around.

These people were all here for the heavenly treasures, so it was a basic principle for them to act separately. Otherwise, if everyone gathered together, they would kill each other if they found any heavenly treasures. That was obviously not a situation that they wanted to see. Not only was it inefficient, but it was also stupid.

"Let's wait and confirm the route. " Ren Zhongyuan suddenly said and took out a map from his pocket.

Lin Yi glanced at it from a distance. It should be a map of an Island, but this Island was much bigger than he expected. It was comparable to the big islands in the South continent sea.

Yi Xiaotian, who was fondling Yao Jiali in the front, took out a compass from his bag. It looked exquisite from a distance, and one could vaguely feel the fluctuations of a profound array!

This should be a rare high-grade item on the market. As expected of the young master of the East Province Academy, his equipment was indeed advanced.

The two of them compared the map and the compass and quickly determined the direction. Ren Zhongyuan pointed to a small hill on the left and said, "Go that way!"

Ren Zhongyuan took the lead again after he finished speaking. Yi Xiaotian and Yao Jiali followed closely behind him. Huo yudie furrowed her brows and opened her mouth slightly but did not say anything. She followed behind the three people.

Could it be that they were really here to find the Thunder mystical vine? Lin Yi couldn't help but wonder. They looked serious, and it was obvious that they were prepared for this. If that was the case, did his promise with Huo yudie still count?

Lin Yi furrowed his brows as he thought about it. He could tell from Ren Zhongyuan and the others' attitude that they would definitely not share such a rare treasure with him. Even Huo yudie might not get much.

After all, they had already been at loggerheads just now. If that really happened, they would definitely turn against each other. At that time, should he continue to work with Huo yudie, or should he just find an opportunity to take it all for himself?

After all, if they were to really fight, it would have nothing to do with the previous agreement. No matter what they did, it was understandable.

Lin Yi calculated in his mind as he followed the group. Ren Zhongyuan and the others were completely oblivious to this. A mere burden at the peak of the initial stage of nascent soul realm was nothing in their eyes. They didn't even know that they had become the prey of others and were still immersed in their high and mighty pride.

Ren Zhongyuan led the way, and the five of them trekked in the desert for an hour. Along the way, they did not encounter any danger, and they did not even see a single living thing. The scenery in front of them was the same. Other than the desert, there was only desert.

The only change was the terrain. Following the route indicated on the map, everyone found that the terrain under their feet was getting higher and higher. The originally slow undulating hills had now become towering mountains. The road ahead gradually became narrow, and there were bottomless ravines on both sides. However, a desert was a desert after all. Even if the terrain was strange, the scenery was really not good.

This kind of dull feeling was very different from the anticipated danger. Everyone couldn't help but have the same doubt. Could there be heavenly treasures in this place?

However, since things had come to this, everyone could only brace themselves and continue to move forward, praying in their hearts that they would not return empty-handed this time. Otherwise, all their previous anticipation would have been in vain ...

All of a sudden, Lin Yi felt a sense of danger in his heart. The jade pendant sounded at the same time. His face changed immediately and he stopped in his tracks. At the same time, he pulled Huo yudie who was not far away from him.

Chapter 4677 Pseudo-Human Vine

"You ..." Huo yudie subconsciously let out a soft cry. She didn't think that the well-behaved Lin Yi, who was always impatient with her, would suddenly touch her like this. However, before she could finish her sentence, something happened in front of them.

More than a dozen vines as thick as water buckets suddenly shot up from the ground, bringing with them a terrifying sound of tearing through the air. With a speed that was difficult to distinguish with the naked eye, they swept in everyone's direction.

Due to the fact that everything was the same before, everyone was more or less a little careless. The attack of these giant vines was so sudden and fierce that Ren Zhongyuan, Yi Xiaotian, and Yao Jiali, who were walking at the front, did not have any time to react and were instantly whipped by the vines. Only Lin Yi, who was already alert, and Huo yudie, who was pulled by him, barely escaped this disaster.

However, Ren Zhongyuan and the other two were nascent soul realm cultivators after all. Even though they were caught off guard and could not avoid it, they still made a defense response in a hurry.

The moment they were attacked by the giant vine, Ren Zhongyuan and Yi Xiaotian were covered in a layer of golden true energy. The vine seemed to be unable to break through this layer of golden true energy defense. It gave Lin Yi the feeling that it was like the legendary Golden Bell shield.

On the other hand, although Yao Jiali was not as tough as Ren Zhongyuan and the other man, her body movements were extremely agile. Her entire body was like a water snake that was twisting rapidly, and she managed to avoid being hit in her vital parts at the last moment. She was only inevitably grazed a little. Moreover, she was wearing a green soft armor, so she could still withstand the force.

Lin Yi's eyebrows rose at the sight-the guy's character wasn't all that great, but his strength was undeniable. No wonder he was an elite from the East Province Academy-even other peak nascent soul cultivators wouldn't have been able to react in time like this.

However, the three of them were still covered in dust. Just now, they were almost hit down into the valley by these giant vines and were instantly pulled back. After retreating with great difficulty for a

distance, they stared at the pile of giant vines that looked like an octopus monster, baring its fangs and brandishing its claws."What is this thing?!"

While everyone was shocked, Huo yudie couldn't help but look at Lin Yi. If Lin Yi didn't pull her back, she would be in the same situation as Ren Zhongyuan and the other two. She wouldn't be injured, but she would be in a very sorry state.

Everyone carefully retreated while carefully observing the pile of giant vines that had appeared out of thin air. What was surprising was that such a large pile of giant vines actually grew from the same root system. In other words, such an overwhelming momentum actually came from the same plant!

Lin Yi looked at the bottom of the terrifying plant-it was hard to detect because it was hidden in the sand, but he could clearly see that its huge roots were firmly rooted into the mountain path, completely blocking the way forward.

"How can there be such a strange plant?" Seeing that the giant vine was about to attack again, Yao Jiali couldn't help but exclaim in shock. Everyone couldn't help but look at each other. Just now, they were still feeling bored, but now, things were going to be fun!

From the exchange of blows just now, they could feel that this giant vine monster's strength was at least above the great circle of the original level. Even if they joined forces, they might not have much chance of winning against this strange existence.

Huo yudie retreated to a safe distance and observed carefully. She suddenly said,""This is a pseudo-human vine. It's a vine monster that has gained sentience. I've read about it in an ancient book before!"

"Oh?" Lin Yi couldn't help but be surprised. He'd seen all kinds of powerful spirit beasts, but plants were rare. It wasn't like he'd never seen one before-at least there was something similar in the back mountain of the North Island. If it wasn't for the thing scaring them at Banyue Lake, Lin Yi would've become a pile of fertilizer.

Although Lin Yi was much weaker back then, his intuition told him that the pseudo-human vine was strong, but not on the same level as the monster in the back mountain of the North Island. After all, the entire Half Moon Lake was the monster's original body, and even the ghosts couldn't do anything to it. The pseudo-human vine in front of him clearly wasn't that strong.

Lin Yi estimated that he should be able to kill the pseudo-human vine based on the fight between Ren Zhongyuan and the others. However, it was hard to say with the strength of the few of them.

"Yes, I remember now!" After listening to Huo yudie's words, Yi Xiaotian suddenly shouted, ""This is the ancient battlefield, and there are remnants of intent and spirit Qi everywhere. The plants here might mutate after absorbing them. That's how the pseudo-human vine came about!"

"I'm afraid it didn't just absorb the intent realm and spiritual Qi. Maybe it even devoured the remaining primordial spirits on the battlefield. Otherwise, how could it become such a terrible monster?" Ren Zhongyuan said with a look of fear. He was lucky that he was not injured just now. His protective Golden Bell was almost crushed by the giant vine, and the consequences would be unimaginable.

"Argh! Then ... Then what should we do?" Yao Jiali's face turned pale with fright. She was the most embarrassed of the three, and the pseudo-human Vine's intimidation was naturally more profound than the others. She immediately panicked and said, ""We're going to pick the roots. This is the only route we have to take, right?"

"You!" Ren Zhongyuan's expression changed immediately. He glared at Yao Jiali as if he was very angry that she had revealed the purpose of their trip.

"Uh ..." Yao Jiali finally realized that there were more than three of them here. Huo yudie was fine, but there was also an outsider like Lin Yi.

"Forget it, there's no harm in letting that kid know. It's none of his business anyway!" Yi Xiaotian tried to smooth things over for her, but it was the truth. Lin Yi was only at the peak of the early stage of nascent soul, and they didn't care about him at all. They would just give him something for the sake of Shangguan Tianhua's name, but if he really dared to ask for a rare treasure, they would have to teach him a lesson.

As the three of them were talking, Lin Yi couldn't help but wonder what the hell was this root thing?

However, in this case, the purpose of these three people was not the same as Huo yudie. That was to say, they did not know that Huo yudie was going to find the Thunder mystical vine?

After thinking about it carefully, it was only normal. Although they were in the same Academy, the competition was so fierce that it could be said that they were like fire and water. It was impossible for them to really exchange what they needed, especially when it involved a strategic treasure like the Thunder mystical vine. Huo yudie was able to know that it was most likely from her master, Liu Ziyu, who was on good terms with the West Island. Ren Zhongyuan and the others might not have such connections.

#### Chapter 4678 Taking Action

Lin Yi turned to look at Huo yudie, who happened to be looking at him as well. Not only did her reaction make her look at him in a new light, but she was also giving him a look to tell him not to reveal the Thunder mystical vine. Otherwise, these people would definitely cause big trouble.

With the pseudo-human vine blocking their way and the group unwilling to retreat, they were caught between a rock and a hard place.

Lin Yi and Huo yudie didn't really mind. They didn't come here to take root in the first place, and they didn't even want to travel with these people. They stood at the back and didn't seem to want to solve the problem.

"Senior brother Yi, quickly think of a solution. What do we do now? Do you want to change route?" Yao Jiali asked, flustered.

"Change route? Don't you see that there are bottomless canyons on both sides? even if we can find a second route, how long would it take us to go around it? we have limited time!" Yi Xiaotian shook his head repeatedly. The trial time of the nascent soul realm was only one month at most. Although it was the longest compared to the others, it was still very limited. He could not afford to waste any time.

"That's right, even this mountain peak has such a terrifying monster, who knows what's in that Dark Canyon? Maybe it's a mass grave left behind from ancient times, and there might be some terrifying existences inside that we don't even dare to imagine. We don't even know if we can pass through it alive!" Ren Zhongyuan agreed.

"Doesn't that mean we have no other choice?" Yao Jiali's face turned pale. It was only one of the giant vines that had attacked her, but there was a whole field of them in front of her. The pseudo-human vines were all exposed from the sand, and there were dozens or even hundreds of them. If she was not careful, she would be crushed into pieces!

"There's no other way. There's only one way out. We can't give up halfway. Let's go!" Ren Zhongyuan took a deep breath, and the Golden Bell shield appeared on his body again. He braced himself and took the lead to attack the pseudo-human vine that was blocking his way.

He knew that there was a Tiger in the mountain, but he chose to go to the Tiger Mountain. He didn't want to act like a coward in front of Huo yudie, especially when there was a hateful person like Lin Yi. Although they were destined to not be love rivals and competitors with the difference in their strength, what if this kid had other intentions and used this opportunity to belittle him in front of Huo yudie?

Yi Xiaotian and Yao Jiali looked at each other and had no choice but to follow. Before they started, Yao Jiali looked at Huo yudie and Lin Yi who were behind and said sarcastically, ""You two can't be planning to just watch and pick up the leftovers, right?"

"Hmph!" Huo yudie snorted and immediately attacked the pseudo-human vine. Although she was not willing to travel with these people, she was not that thick-skinned. Moreover, the other party would not let her enjoy the fruits of their labor.

Lin Yi had thought that a delicate girl like Huo yudie would use a soft type of martial arts, just like Yao Jiali's snake-like movement technique. After all, they were both from the proud of Dawn School, so their martial arts techniques shouldn't be too different.

However, Huo yudie's first move made his eyes light up. This lady's martial arts techniques were elegant yet Swift and decisive. She was even better than Ren Zhongyuan and Yi Xiaotian.

When he saw how Huo yudie easily cut through a giant vine like a butterfly, Lin Yi couldn't help but rub his chin and sigh, ""You really can't judge a book by its cover,"

Lin Yi didn't want to do anything, but he didn't want to just stand there and watch. He joined them immediately.

But it was all an act-the giant vines looked like he was in danger, but they weren't a threat at all. Lin Yi could handle them with his butterfly microsteps, and using the Super butterfly microsteps and the faster super limit butterfly microsteps was a waste of his talent.

Of course, Lin Yi wasn't just dodging. He would occasionally help out, but it was only when Huo yudie was in danger that he would secretly help her and give her a stab.

It had to be said that the pseudo-human vine was indeed ferocious and terrifying. Even though so many great circle nascent Soul Stage cultivators had joined forces to attack it, they were still completely suppressed by it. Everyone was getting angry and getting serious. The situation was still barely maintained at a 50 - 50 chance. If they were not careful, they would all be annihilated.

Lin Yi took this opportunity to observe them. Although the four of them were all at peak nascent soul realm, when it came to fighting, Huo yudie was the strongest, followed by Ren Zhongyuan and Yi Xiaotian, and Yao Jiali was the weakest.

In just a short moment, Yao Jiali had been hit hard by the giant vine from behind, and she spat out a mouthful of blood on the spot. If it was not for the green soft armor that helped her absorb most of the damage, she might have died on the spot.

In comparison, Ren Zhongyuan and Yi Xiaotian were slightly more at ease than Yao Jiali because they had a defensive martial technique like the Golden Bell shield. However, they were not much better off. There was a limit to the damage that the Golden Bell shield could withstand, and the power of these giant vines had reached this critical point. Once they were broken, they would not feel good either.

Among the four of them, Huo yudie's performance was the most dazzling. She did not have the defense of the Golden Bell shield, and her body movements were not as twisted and strange as Yao Jiali 's. Every move she made was beautiful, but she could quickly defeat the enemy!

Before this, Lin Yi found it hard to imagine that a weak girl who knew how to act cute could be this strong in a fight. Every time a giant vine got close to her, she didn't Dodge or avoid it, but now, there were dozens of giant vines broken under her feet-this was more than the other three combined!

After seeing Huo yudie's performance, Ren Zhongyuan and the others could not help but feel a little embarrassed. If a man were to lose to a woman at this time, he would be a laughing stock!

Especially Ren Zhongyuan. How could he still have the face to pursue Huo yudie in the future? he was so embarrassed that he felt like dying from embarrassment just because she mentioned it ...

What he didn't know was that Huo yudie's success was at least half due to Lin Yi, who had secretly helped her out. Otherwise, she might be in the same situation as Yao Jiali.

"Ah!" Ren Zhongyuan immediately let out a loud roar as if he had gone mad. The protective Golden Bell that was covering his body exploded with a bang, and the giant vines within a radius of 50 feet were all shattered into powder in an instant. A large number of people were either dead or injured!

Was this a killing move? Lin Yi squinted his eyes. He thought that the Golden Bell was a purely defensive martial skill. He didn't expect it to explode on its own!

Chapter 4679 Don't Want To Go

If one didn't understand this beforehand, the enemy would suffer a great loss. Even if he was careless and underestimated his opponent, he might be injured. It was indeed worthy of being the superior martial arts technique from the East Province Academy!

After Ren chongyuan, Yi Xiaotian followed suit. Another giant vine exploded from the Golden Bell shield. In this way, more than half of the humongous vines of the humanoids were eliminated. The pressure on everyone was greatly reduced, and it was not as difficult to deal with them as it was in the beginning.

After another incense worth of time, the pseudo-human vine was finally destroyed by everyone's combined efforts. Everyone was injured, except for Lin Yi.

Yao Jiali was the weakest of them all. Ren Zhongyuan and Yi Xiaotian's self-destruction of their golden clock was effective, but they also lost their means of protection and were injured. As for Huo yudie, under Lin Yi's special care, her injuries were the least serious. She only had a little skin scraped off, which was negligible.

"Hmph, you're just a Lackey who only knows how to follow behind and take advantage of others. You're useless!" Yao Jiali, who was the most injured, glared at Lin Yi. The one she wanted to target the most was Huo yudie, but the giant vines under her feet made it impossible for her to say anything. She couldn't even compare to her opponent.

"I didn't expect him to be of any use. We're already thankful that he didn't drag us down. Anyone with a little bit of self-awareness and shame should know what to do now. If we continue to follow him shamelessly, we'll die." Ren Zhongyuan said as he looked at Lin Yi with deep meaning.

The meaning behind his words was obvious-he wanted to get rid of Lin Yi, to make this follower back off so that he wouldn't ruin his and Huo yudie's plan.

"Senior martial brother Ren is right." Huo yudie suddenly nodded.

Lin Yi was stunned for a moment, but Ren Zhongyuan was overjoyed. If even Huo yudie said so, it meant that she had seen the battle just now and finally recognized who the useless trash was and who she should be clinging to!

"Still not leaving? Don't tell me you want us to send you off?" Ren Zhongyuan grinned sinisterly at Lin Yi, his face full of gloating.

Lin Yi raised his eyebrows and was about to speak when Huo yudie suddenly said, ""Let's go. This place is too dangerous. I don't want to go anymore. You guys go on your own. "

Huo yudie didn't even look at the crowd. She gave Lin Yi a look and left.

"Ah? No... What's going on? I was just talking about this kid, not you, sister Yu die. Please don't misunderstand!" Ren Zhongyuan was dumbfounded for a moment before he reacted and wanted to give chase.

"I know. This is my own opinion, and it has nothing to do with you. Good luck." Huo yudie had already made up her mind. She wanted to use this as an excuse to get rid of everyone so that she wouldn't waste her time following them. It was fine for her, but Lin Yi, who was at the peak of the early stage of nascent soul, didn't have as long as a month.

"What? Senior Sister Huo, don't you want to grow roots?" This time, even Yao Jiali was shocked. The growth root was a treasure that everyone dreamed of. It would be a lie to say that Huo yudie did not care about it. This was a rare opportunity to find the growth root. Why would she give up on it because of such a small matter?

Huo yudie stopped in her tracks and nodded at them in a seemingly sincere manner. She admitted, ""This is your fate and fortune. I don't have this fortune. If you don't have the strength, then don't even think about it. I still have this bit of self-awareness."

"Hmph, coward!" Yao Jiali's expression changed. The other party's words were simply pointing at the Mulberry and scolding the locust. Her strength was only stronger than hers, and she was indirectly scolding her for her wishful thinking!

"Don't worry, I'll protect you. Don't worry, I won't let you get hurt!" Ren Zhongyuan quickly patted his chest and promised.

Lin Yi looked at him teasingly-the guy was in a mess himself, and the blood on his face wasn't even wiped off yet, and he still had the nerve to Pat his chest ... What was he supposed to say?

"There's really no need. This place is too dangerous. A single pseudo-human vine is already so difficult to deal with. It almost annihilated our entire Army, and this is only the beginning. I don't want to take this risk, so you don't have to try to persuade me." Huo yudie said in a firm tone.

Ren Zhongyuan was unwilling to give up and wanted to persuade her further, but Yao Jiali, who was beside him, spoke first, ""Alright then. Since Senior Sister Huo is so afraid of death, we can't force her. Let's part ways here. See you again."

The reason why she invited Huo yudie to join them was not out of good intentions. She was afraid that this girl and Lin Yi would find the root before them!

However, from the map and the current situation, there was only one route. As long as Huo yudie did not follow them, they would not have any chance of finding the roots!

Since the outcome was already decided, what was there for her to worry about? With her and Huo yudie's relationship like fire and water, would she be worried that the other party would not be able to grow her roots and not be able to share the benefits with her?

For a long time, although Yao Jiali and Huo yudie had been known as the "two morning prides", in fact, they had always been inferior to each other. This was because her grandfather was not as powerful as Liu Ziyu, and because she was not as strong as the other party. Even the appearance that women cared about the most was not as good as the other party's!

Not only did she hate this woman, but she also wanted her dead. If curses could work, Huo yudie would have been cursed to the point where she would never be able to reincarnate.

Moreover, Huo yudie wasn't alone this time. They even brought a burden like Lin Yi with them. With the kid's status as Shangguan Tianhua's direct disciple, they couldn't even kill him. What if he was blind and wanted a share of the loot? Although this was purely wishful thinking, it was still a problem that he had to face.

Now that Huo yudie wanted to quit, Lin Yi naturally couldn't stay! Even if he wanted to stay, the crowd would definitely kick him out. To Yao Jiali and the others, it was more than they could wish for, and she couldn't wait for the two of them to get as far away as possible!

Ren Zhongyuan looked at Yao Jiali and then at Huo yudie, who had turned around and left. He still wanted to try to salvage the situation. After all, the West Island trial was a rare opportunity to interact with each other. He did not know if there would be another chance like this after this.

"You can't force it. Since martial sister Yu die doesn't want to go, then don't force it." Without waiting for Ren Zhongyuan to think of an excuse, Yi Xiaotian spoke up.

#### Chapter 4680 What's Your Strength

As he said this, Yi Xiaotian looked at Huo yudie with a hint of greed in his eyes. He did have feelings for Huo yudie, but he was not stupid. With his status and background, it would not be a problem for him to have a mistress other than Yao Jiali. However, this mistress and mistress would never be Huo yudie!

Unless Huo yudie was down and out, or her master, Liu Ziyu, had completely lost her power, why would she follow Yi Xiaotian?

He had no intention of giving up on Yao Jiali. This girl was much more attractive than those so-called "pure and innocent girls" when she was slutty. Moreover, the two families had been friends for a long time. His desire for Huo yudie was just a lustful thought. The most important thing now was to serve Yao Jiali well. Only then could he get more benefits and benefits ...

"Let's go," Huo yudie nodded at Lin Yi, and the two of them went back the way they came, parting ways with Yao Jiali and the others.

"Junior Sister Yu die ..." Ren Zhongyuan called out. However, Yu die did not even look back and just waved her hand nonchalantly.

Ren Zhongyuan watched as Huo yudie left. Especially when she had a potential love rival with her. He suddenly had the urge to chase after her. He did not want to give the two of them any chance to be alone. A man and a woman alone with Huo yudie was a scene that only appeared in his dreams!

However, Ren Zhongyuan did not manage to take that step in the end. He could still pursue Huo yudie after she returned, but he would not be able to get her to take root again if he missed this opportunity. He took a deep look at Huo yudie's back and gritted his teeth as he turned around to catch up with Yao Jiali and her husband.

'Grow roots, I must get the grow roots this time. I just need to give a little bit of it to make Huo yudie throw herself into my arms!'

The two of them parted ways. Lin Yi and Huo yudie walked for about an hour until Lin Yi's divine sense couldn't lock onto the three people. They finally took a break.

"So they didn't know about the Thunder mystical vine. I thought they were our competitors." Lin Yi said suddenly.

"This matter is related to the Thunder mystical vine, this kind of extremely important treasure. Why should we tell them? Wouldn't that be looking for trouble for myself? those few people aren't easy to deal with. If they really find the Thunder mystical vine, it's hard to guarantee that they won't have other thoughts. At that time, I'll be outnumbered. " Huo yudie shook her head.

"Hehe, that might not be the case. At the very least, Ren Zhongyuan will still help you." Lin Yi smiled, but he was more certain now that Huo yudie was planning to use his five elements Constitution to get the Thunder mystical vine!

Otherwise, Ren Zhongyuan and the other two were all nascent soul paragons. Furthermore, they were all disciples of the East Province Academy who knew each other well. Even if she did not have a good relationship with Yao Jiali, it should not be a big problem if they were just cooperating. At least, they would not be as unreliable as Huo yudie had said.

Lin Yi, on the other hand, was only a peak-level early-stage nascent soul practitioner. They didn't have much of a relationship, and no matter how he looked at it, the three of them were more suitable to form a team. The only difference was that Lin Yi's body was of the five elements!

However, what was the relationship between the five elements Constitution and the Thunder mystical vine? this was a question that needed to be clarified. Of course, Lin Yi didn't plan to ask right now. When it was time to use it, the other party would naturally tell him. It would only do more harm than good to talk now.

Huo yudie was silent for a moment before she turned to Lin Yi and changed the topic, "You seem to be very strong?"

"Oh? Isn't he just at the peak of the early Yuanying stage? in front of you, peak Yuanying stage experts, can he be considered strong?" Lin Yi smiled.

"For many geniuses who can challenge those of a higher level, the strength on the surface is nothing. I believe you are this kind of person." Huo yudie smiled and said, ""Thank you for earlier."

"Hehe, it's nothing." Lin Yi said with a wave of his hand.

Previously, when he was dealing with the pseudo-human vine, he had helped out without leaving a trace in the chaos. Ren Zhongyuan and the others could not tell, but after a few times, Huo yudie would definitely be able to sense it!

Otherwise, she'd be too slow-Lin Yi would have to think about cooperating with her. It'd be fatal to work with such a slow-witted girl.

"Can I ask you something out of curiosity? what's your strength? As a business partner, I think we should clarify this matter first to avoid any mistakes during the operation. " Huo yudie said as she looked at Lin Yi.

"As you can see." Lin Yi shrugged noncommittally-he wouldn't reveal his true strength to a stranger he'd just met, of course. There was no need for him to lie, after all-he was at the peak of the early stage of nascent soul, that much was certain.

"I'm talking about your true strength. Even the few of us couldn't escape from that pseudo-human vine unscathed. You're the only one who's not injured. I don't believe you're at the peak of the early nascent Soul Stage." Huo yudie shook her head with certainty.

"Hehe, I'm only more skilled in movement techniques. It can't hit me, so of course it won't be injured." Lin Yi smiled nonchalantly, not explaining further.

Huo yudie looked at Lin Yi deeply and didn't ask any further questions. It wasn't the time to get to the bottom of it. Since the other party didn't want to confess, she knew what to do.

As the two spoke, they returned to a three-way junction. Huo yudie took out a map from her bag and nodded to Lin Yi, ""Yes, it's this way,"

With that, she walked in front to lead the way. Although it was a little unreasonable for a girl to take the risk, it was Lin Yi's fault for not knowing the route. Huo yudie would never tell him this in advance. After what happened before, Lin Yi was already hiding something in her heart, and she still had to be careful.

The sky was getting dark, and the road ahead was getting harder to walk on. Plus, they had been on the road for six hours, and both Huo yudie and Lin Yi were tired.

With their strength, it didn't matter how long they had to travel. The key was that they had to be careful with every step they took. They had to be on high alert at all times when facing the same desert. After all, the pseudo-human vine was only a small warning. Who knew what kind of terrifying existence they would encounter next?

Under this kind of omnipresent mental pressure, even a Yuanying stage expert would not be able to bear it after a long time.

However, the two of them had no intention of stopping to rest. They only slowed down their speed. It was difficult to find any natural treasures in this desert. Only the oases marked on the map could be harvested!
