

Bodyguard 4681

Chapter 4681 Fell Down

Therefore, they had to think of a way to cross it as soon as possible. This way, even if they could not get the Thunder mystical vine in the end, they would not return empty-handed.

It was dusk, and the sky was gray, but Lin Yi could still see the setting sun. He couldn't help but wonder what that gray thing was.

It did not look like Sea Fog, nor was it the miasma fog unique to the southern island. If one looked carefully, one could see a trace of blood in it, giving people the feeling that it was a cloud layer soaked in blood.

This was not impossible. After all, this was an ancient battlefield. Even if it lacked everything, it would definitely not lack blood Qi and death Qi.

Suddenly, Huo yudie, who was in front of him, fell to the ground without any warning.

What was going on? Lin Yi couldn't help but be surprised. He didn't sense anything out of the ordinary, and the Jade didn't alert him at all. What was this girl doing? Could it be that she still hadn't given up and had deliberately fallen down and pretended to be pitiful to gain his sympathy so that she could take the opportunity to ask for more after she got it?

Wasn't this brain hole a little too big? If he was really someone who could take the bait so easily, why would he haggle with her so easily from the start? what was the point of doing such unnecessary things

...

Lin Yi looked at Huo yudie with a strange expression. He stood behind her and waited for a while, but Huo yudie didn't get up on her own, nor did she show any intention of calling for help.

Could there really be a problem? Lin Yi was surprised. He walked up to her and noticed that there were beads of sweat on her forehead. Her face was pale and even a little black. She looked like she was in pain, and her breathing was unstable.

Lin Yi couldn't help but be surprised. A peak nascent soul couldn't even hold her breath in such a short period of time, this meant that something big must have happened to her body. But she was just walking normally just now, and there was no danger. Could it be that her old illness had relapsed?

"What's wrong with you?" Lin Yi quickly helped Huo yudie sit up and let her lean on his body to at least stabilize her breathing.

Huo yudie didn't answer. She was breathing heavily and her eyes were blank. She probably couldn't even hear what Lin Yi said, let alone answer.

Lin Yi frowned and had to check her body himself, but he jumped when he lowered his head!

Previously, it was hard to notice it because of the dress covering it, but now that he had moved it, he realized that there was something hanging on Huo yudie's calf. It looked like a small lizard at first glance, but it had eight legs. Its head was triangular like a snake's and its eyes were shining with a terrifying blue light!

What the hell was this? Lin Yi was shocked. Huo yudie's sudden change must have something to do with this thing. Although it was small, the intimidation and fear it gave off were no less than the pseudo-human vines, perhaps even stronger.

Lin Yi didn't know what to do, but Huo yudie's eyes suddenly rolled back and her head drooped down. This gave Lin Yi a big scare-this girl wouldn't die just like that, would she?

He had spent so much time with Huo yudie just to get the Thunder mystical vine, but he had not even seen the shadow of it yet. If he were to be killed by a Little Lizard, how could he bear it?

Lin Yi quickly checked for Huo yudie's breath. It was weak, but it wasn't completely gone. He let out a sigh of relief. As long as she wasn't dead, it was fine. He was a miracle doctor, after all, and he had his own way of healing.

Since the root cause was this lizard-like monster, the first thing he had to do before healing Huo yudie was to kill this thing. Lin Yi's eyes narrowed with killing intent as he threw out a punch without saying anything.

His punch looked ordinary, but he had used half of his strength. This evil thing was able to defeat Huo yudie in such a short time. It was obvious that it was extraordinary and should not be underestimated.

Lin Yi thought that the lizard monster would either be killed by him or turn to attack him, but to his surprise, the lizard monster just dodged to the side and didn't show any signs of letting go of Huo yudie's leg.

As he dodged, he looked at Lin Yi with his blue eyes, taunting and provoking him.

A mere animal dared to be so arrogant! Lin Yi was furious. He didn't let his guard down anymore. With a deep dragon roar, he released a small five elements killing Qi from his palm and hit the lizard monster.

"Chi!" A strange and sharp sound was heard as the lizard monster was hit by the killing Qi of the five elements. It finally let go of Huo yudie's leg and rolled a few times on the ground before it twitched crazily and died in the blink of an eye.

Lin Yi looked at the lizard monster's body on the ground-it was so small, and yet it forced him to use his killer move. The ancient battlefield was full of danger, after all, with strange threats everywhere.

After killing the lizard, Lin Yi checked on Huo yudie's condition again and found that her breathing was getting weaker and weaker. If this continued, she might really die!

When he looked at Huo yudie's leg again, he saw that her originally smooth and white leg was now black and purple under the moonlight. The wound that was bitten by the lizard monster was oozing black water, and there were signs of further decay.

"It's poisonous!" Lin Yi's heart skipped a beat. He could tell from the lizard monster's appearance, but it was really troublesome to see the poison taking effect, and it was so violent.

If it was just a simple injury, even if it was an internal injury, it wouldn't be a big deal in Lin Yi's hands. After all, he had all-powerful pure energy.

However, it was hard to say if she was poisoned. It was not enough to rely on the omnipotent true Qi alone. If it was not handled well, Huo yudie's leg would be completely crippled, and she might even lose her life!

Lin Yi may be a miracle doctor, but that was only limited to the common world. He didn't know anything about all the strange poisons on Sky Class Island, and he'd been busy training for the past two years, too. He'd never studied them systematically, especially strange spirit beasts like this one. He'd never even heard of it before, so how could he treat it?

As long as the treatment was right, especially poison, it was necessary to understand the poison clearly in advance, and then decide on the corresponding treatment countermeasures. Otherwise, the slightest mistake could very likely cost the price of life.

Chapter 4682 Treating The Poison

"Senior, do you know what this thing is?" Lin Yi had no choice but to ask the old green Dragon for help- he should know a lot about spirit beasts.

"Yes, strictly speaking, this thing is not a spirit beast, but an insect." The ghostly thing said after a moment of silence.

"This is an insect?!" Lin Yi blinked as he looked at the body on the ground. It looked like a mutated poisonous lizard, but it turned out to be an insect. What a personality.

"That's right. If I remember correctly, its full name should be eight-legged cartoath worm. Although its intelligence is not very high, it has a very Strong Poison on its body. The poison is so strong that it can easily kill a master at the xuansheng stage." The ghostly thing explained.

"He can even defeat a xuansheng stage expert?" Lin Yi was shocked. From what he remembered, normal poisons were already ineffective against high-level practitioners. Many poisons could easily kill normal people, but their effects would be greatly reduced on high-level practitioners, especially for those in the nascent Soul Stage. It could be said that they were no threat at all. He didn't expect this strange thing to be this strong!

"Yes, this thing can be considered a rare poisonous object. You can keep its body, maybe it will come in handy in the future, even in alchemy and forging." The ghastly thing said.

"Alright," he said. Lin Yi put the body into the Jade space and looked at the dying Huo yudie. "Then what about her? if we don't think of a countermeasure quickly, she'll die, right?"

From the beginning until now, he had been following her for so long, and he hadn't even seen the shadow of the Thunder mystical vine. If Huo yudie really died in this place, then Lin Yi would be in deep trouble.

"What's there to do? it's very simple. You just have to help her treat the poison." The ghastly thing said indifferently.

"How do I treat this?" Lin Yi scratched his head.

"This isn't difficult. The most primitive method will do. Suck it out with your mouth." The demonic thing laughed.

"Ha? Use your mouth to suck?" Lin Yi almost choked. He coughed for a while before replying, "Cough, wouldn't I be dead then? Senior, didn't you just say that this poison can even easily kill a xuansheng stage expert ..."

"Other people will die, but you won 't." The ghastly thing said with a certain tone.

"Why?" Lin Yi asked, surprised.

"Don't think I don't know that you're immune to poison. Didn't that old man Lin make this for you? Your physique has been tempered since you were young, and now that you've become stronger, it'll only be more stable. No matter how strong the poison is, it'll be useless on you. " The ghastly thing said.

"You even know about this?" Lin Yi was even more surprised-the thing had been with him for quite some time now, but that was just before he came to Sky Class Island. If he hadn't mentioned it earlier, there was no way he'd know about it, especially since he'd already told old Lin about the poison immunity.

"Oh, when I had nothing to do, I casually looked through your past in your spiritual sea, so I still have some impression of this kind of thing." The ghastly thing curled its lips and said indifferently.

"What? You peeked at my memories?" Lin Yi was shocked-he'd never thought of something like this before. If he could just go through his own memories, then he'd have no secrets at all in front of this damn thing! Wasn't this feeling too scary?!

The ghost wasn't an outsider, at least at this stage-they were bound together for good or bad, but even so, the feeling of having all their secrets seen was chilling.

"Hey, I was bored anyway, so I used it to pass the time. Don't worry, I'm not interested in your little secrets." The ghastly thing laughed.

"Uh, can I ask, senior, where did you learn this shameless behavior from? "Why do I always meet such bad people" Lin Yi was speechless-he didn't feel it when they weren't familiar with each other, but now that they were familiar with each other, he realized that this guy was a frivolous old man as well, and he couldn't help but think of his old man.

"Hehe, you brat, stop mumbling. Hurry up and treat her poison. It's already spreading. If you don't hurry up, this little girl will definitely die." The ghastly thing chuckled and interrupted.

"Alright then!" Lin Yi didn't dare to think about anything else when he saw the purple-black part of Huo yudie's leg getting bigger and bigger. He laid Huo yudie flat on the ground and immediately lay down.

Huo yudie's wound had already dissolved, and black water was gushing out of it. Lin Yi almost vomited when he got close to her. He used his last bit of willpower to hold back the nausea and put his mouth close to her.

Lin Yi felt helpless as he was treating the poison for Huo yudie. He had to talk to her again about the division of profits after she recovered, or she would have wasted the poison!

Lying on Huo yudie's leg, Lin Yi didn't feel anything at all. Although he had a super strong body that was immune to poison, the eight-legged cartooth worm's poison was too strong. Every time he sucked on Huo yudie's wound, he felt a burning pain in his mouth.

After a while, the poison in Huo yudie's body was finally relieved. Her originally black and purple leg gradually returned to a trace of blood, and her weak breathing began to stabilize. However, this was a bitter experience for Lin Yi. Although the poison had no effect on him, the burning pain was real. His mouth was almost numb.

His mouth was numb, but Lin Yi didn't dare to relax. Huo yudie seemed to be getting better, but if the eight-legged ka tooth worm's poison could easily kill a xuansheng stage master, then even a little bit of it could kill her.

Lin Yi may be immune to poison, but he didn't dare let his guard down. What if he got poisoned too?

Lin Yi was lying on Huo yudie's legs, trying to treat the poison. At this time, two sneaky figures suddenly appeared not far away. They were two men.

Although they did not wear the same uniform, they all had an emblem of two clouds spreading their wings on their collar. Ren Zhongyuan and Yi Xiaotian also wore such an emblem, which showed that it was the soaring Cloud school's symbol!

However, these two people were far inferior to Ren Zhongyuan and the others in terms of appearance and temperament. Their strength was even more so. They had not even reached the nascent Soul Stage and were only experts in the great circle of the Golden core stage.

Chapter 4683 4681-Secretly Photographed

Due to their low strength, these two people were probably at the bottom of the list among all the participants of the West Island trial. It was truly a strange thing for a disciple of the soaring Cloud School of the East continent to be at the bottom of the list of people who could follow them to the West Island.

The sun was setting, and the sky was getting dark. The two of them were weak. No matter what kind of fierce creature or other trial-takers they encountered, it could be a fatal threat to them. It was not strange for the two of them to walk so sneakily.

Each step they took was very careful. The two of them moved forward bit by bit, and they grumbled to each other. "Sigh, I don't know what brother Ren and brother Yi are thinking. They specially brought us two followers to the West Island, but now they leave us behind at such a critical time and let us act alone. Such a dangerous place, we might die if we're not careful!"

"Hehe, sun baolu, are you stupid? This trial is a rare opportunity for brother Ren and brother Yi to be alone with beautiful women. Why would they bring the two of us along to spoil the fun?" One of the men wearing a bamboo hat said.

"They don't have to leave us behind. At most, we can just follow them a little further. We won't interfere with their good things and we can help them carry their things. Didn't they do the same when they went out to play in the past?" Sun baolu shook his head helplessly and lowered his voice. "According to my speculation, brother Ren and brother Yi didn't leave us behind for this matter at all. They're going to look for some extremely rare natural treasures. What do you think, li Yuzhou?"

"Hiss, now that you mention it, I do remember something. Before we came to the West Island, I heard bits and pieces of what brother Yi and sister Yao were talking about. It seems like they really were looking for some kind of treasure. They've been preparing for this for a long time, but they're just keeping it a secret from us ..." Li Yuzhou could not help but feel a little awkward when he said this.

"Hmph, I've guessed this long ago. This is the fate of us followers. Good things will never come, but we'll always have a share of the bad things, hehe!" Sun baolu laughed at himself. This was something that could not be helped. It was their fault for not having any background.

In order to gain a foothold in the East Province Academy, which was a Dragon's pool and a Tiger's Den, one had to have either strong strength or a strong background. Otherwise, one's life would be swallowed whole by others. People like them could only rely on young masters like Ren Zhongyuan and Yi Xiaotian. There was no other way out.

The two of them grumbled in a low voice as they carefully explored the area. Suddenly, Li Yuzhou stopped in his tracks. He stared straight ahead, his mouth wide open.

"What are you doing? Are you possessed by a ghost?" Sun Baolu could not help but feel a little nervous when he saw this. He thought that they had been targeted by some unknown monster. With their strength as perfected golden core cultivators, once such a situation occurred, they would really have a terrible end.

"No... No... Look ... Look over there ..." Li Yuzhou stammered. It was as if he had been struck by a gust of wind, unable to form a proper sentence. He pointed ahead in a daze.

Li Yu Zhou looked in the direction he was pointing at. With just a glance, he was instantly stunned and could not come back to his senses for a long time. After a long time, he gasped in disbelief and whispered, ""Aiya, d * MN! The world is really full of wonders. In this kind of place, we can even encounter a wild sex. F * ck, this woman's body looks really strong!"

"It's more than just strong. Don't you think this woman looks familiar?" Li Yu Zhou's eyes were still fixed in front of him.

"You're right ... Oh my God, isn't this one of the two morning prides, Huo Yudie? Why isn't she with brother Ren? she's having sex with another man here. I didn't know she was so wild before!" Sun Baolu said in shock.

"It's not just wild, it's so open that there's no end to it! In the past, I thought this girl was an iceberg, always looking like a pure and holy person that could not be violated. I didn't expect that she would become so flirtatious the moment she came to the Western Island. She actually let that man lie under her skirt and suck. It's so damn bright that it's blinding my dog eyes!" Li Yu Zhou's eyes lit up as he rubbed his hands repeatedly. This kind of scene was really too exciting. No man could resist it.

"Tsk, ts. I want to kneel and lick his boots too. I even dream of it ..." Sun baolu could not help but swallow his saliva.

"Hey, you think I don't want to?" Li Yu Zhou rolled his eyes at him and said with a look of pity, ""All the good cabbage has been eaten by pigs! It's a pity that no matter how wild this little hussy is, it's destined that the two of us won't have a chance. You dare to have such a crooked thought? aren't you afraid that brother Ren will come back and kill you?"

"I'm just saying. I don't have the guts ..." Sun baolu shrank his neck and swallowed a few mouthfuls of saliva greedily. "But this Huo Xuelian is having sex with another man in the wild. Isn't our brother Ren wearing a green hat on his head? Should we go up and take care of it?"

Upon hearing this, Li Yu Zhou could not help but feel a little moved. If he went up to interfere now, wouldn't that be a good opportunity for him to take advantage of them? even if he couldn't touch them, he could at least see them more clearly. After all, these were the two morning prides. In the eyes of ordinary disciples like them, they were like goddesses!

However, Li Yuzhou immediately suppressed this alluring thought and patted sun baolu's head in a bad mood. He curled his lips and said, ""Do you dare? That guy is a Yuanying stage expert!"

In order to treat Huo yudie's poison, Lin Yi had to constantly circulate his pure Qi to prevent the poison from entering his body. Although his body was immune to all poisons, there was always a higher mountain. What if the eight-legged ka tooth worm's poison was more intense than he imagined?

There was no second chance for this kind of thing to happen. Once something happened, he would die without a doubt. Therefore, at this moment, the aura of a master at the peak of the early stage of the nascent soul realm was fully displayed on his body. Even from a distance, Li Yu Zhou and sun Bao Lu could see it clearly.

The two of them were only in the great circle of the jiedan stage. At this time, of course, they didn't dare to jump out and ruin the good things of others. If they were in his shoes, if they were the ones who were ruined by others in a field battle, they would definitely kill them in anger!

The man was a master at the peak of the early Yuanying stage. The two of them together were not his opponent, not to mention that Huo yudie was a master of the great circle of Yuanying stage. They did not dare to move.

"Then what should we do? Are you just going to squat here and watch?" Sun baolu frowned unwillingly. Since he could not take advantage of her, he could only admire her from afar.

"Do you want to die? What if they discover us after they're done? Can you escape or can I escape?" Li Yuzhou looked at him as if he was an idiot.

Chapter 4684 I've Wrongly Blamed You

"Uh, then there's nothing more to say. Let's hurry up and run?" Sun baolu shrunk his neck. Compared to admiring Huo Xuelian's coquettish look, his life was more important.

"Don't be in a hurry. Leave some evidence before you run away. Brother Ren can appreciate it later!" Li Yuzhou took out a digital camera from his backpack as he spoke.

In order to please Huo yudie, Ren Zhongyuan had specially spent a large sum of money to buy it from the central Chamber of Commerce. Unfortunately, the other party had thrown it back without even looking at it. Therefore, it ended up in the hands of his follower. No matter where Ren Zhongyuan went, he had to carry it on his behalf as his follower. This time was no exception.

Ka ka! Li Yuzhou shone the light in front of him twice, then turned around and ran without saying a word. Even if the other party had not noticed him earlier because they were busy having a wild battle, they would definitely have noticed him now. He would be a fool if he did not run!

Sun baolu looked longingly at li Yuzhou for a moment before following closely behind him and fleeing in a hurry, afraid that li Yuzhou would come back to his senses.

They didn't know that Lin Yi had noticed them from the start. They weren't close, and they couldn't hear what they were talking about, but Lin Yi had been trained since he was young to observe his surroundings. He could sense them even without using his spirit sense.

However, he didn't dare to use his spiritual sense to lock on to them further. After he noticed the two, he felt a light flash and the two ran away.

It wasn't that Lin Yi didn't want to get up and catch these two sneaky guys, but he was busy treating Huo yudie's poison and had to be fully focused at all times. He didn't even dare to let out his divine sense, afraid that it would interfere with his concentration. He didn't dare to stop halfway.

Lin Yi didn't care about these two people. It didn't matter if they ran away as long as they didn't come and ruin things. The most important thing right now was to suck out all the poison from Huo yudie's body. Otherwise, not only would the girl suffer, but the Thunder mystical vine would also be out of the question.

After another half an hour, Lin Yi's mouth was completely numb from the poison, and Huo yudie's leg finally regained some color, not as shocking as before.

Huo yudie opened her eyes. This was a normal reaction after Lin Yi had sucked out most of the poison in her body. However, she screamed the moment she opened her eyes. Anyone who woke up to see a man with his head buried under their skirt would have the same reaction.

Huo yudie was angry and embarrassed at the same time. She raised her leg to kick Lin Yi away, but the result made her even more frightened. She suddenly realized that she couldn't move her leg!

Although Lin Yi had sucked out most of the poison, there was still some remaining. Her leg was the key part of her body that was bitten, and with Lin Yi's strong body that was immune to poison, just sucking it out for her was enough to numb her mouth. It would be a miracle if she could kick someone at this time.

"You! You big pervert! What did you do to me? Why did you freeze my body and stop me from moving?" Huo yudie was so embarrassed and angry that tears were coming out of her eyes. She was a pure and innocent girl, and she had never even held hands with a man before. How could she withstand such a sudden shock? at this moment, she wanted to die with Lin Yi, this shameless beast.

"Ha? What nonsense are you talking about?" Lin Yi paused and raised his head up, confused. The worst part was that he hadn't wiped his mouth clean yet, and there was some saliva hanging on it that would make people think. What made people even more speechless was that his mouth was numb, and he spoke in a muffled voice-people might think he'd swallowed something.

Huo yudie almost fainted when she saw this. Not only her legs, but her entire lower body was numb. Lin Yi happened to be under her skirt, and she thought that Lin Yi was sucking on her private part. She was shocked and angry at the same time, and she scolded, ""You're shameless! You bastard!"

"F * ck!" Lin Yi finally understood the misunderstanding. He stood up and stared at Huo yudie coldly, ""Little girl, what are you trying to do? I risked my life to help you suck out the deadly poison from that strange insect, and you still call me a shameless bastard? Alright, since that's the case, you can slowly lie down here. I won't accompany you anymore, Baibai!"

Lin Yi's relationship with the girl wasn't that good to begin with, and he was already being very kind by taking the risk to treat her poison. He didn't expect her to be so ignorant and scold him instead. He really couldn't be a good person!

After Lin Yi finished speaking, he turned around and left without hesitation. Huo yudie suddenly remembered that she was bitten by something before she fainted. So it wasn't Lin Yi's doing? Did I misunderstand him?

Huo yudie moved her body subconsciously and found that other than the leg that she wanted to kick Lin Yi with, the other parts of her body were still numb, but they weren't completely immobile. Especially her upper body, which was less affected by the poison. She could basically move freely.

"Ah!" Huo yudie was a little dumbfounded. She was not a one-track minded idiot. The truth was clear to her.

The poison of the strange insect just now could put her down in the blink of an eye. If no one detoxifies such a Strong Poison for her, the consequences are obvious!

Now that her body was much better, it meant that Lin Yi was indeed helping her detoxify, but because of the poison in her body, it was easy for people to misunderstand.

"Wait! You ... You wait!" Huo yudie didn't dare to hesitate any longer. She screamed and wanted to get up and chase after Lin Yi. She didn't just blame a good person. If Lin Yi really left her here in a fit of anger, she wouldn't even be able to stand up right now. If she was left here alone, there would be no one to help her. If something came to her, the consequences would be unimaginable.

"What else do you want?" Lin Yi turned back and glared at her, "Isn't it just what you want, for this shameless bastard to stay away from you? I don't want to do anything shady to you again. It's good to break up like this. Don't worry, it'll save me trouble and kill two birds with one stone!"

"Don't ... Don't you go!" Huo yudie's pretty face blushed. If it was not for the veil covering her face, one could see that her face was so red that it was almost bleeding. She murmured in a weak tone, "I'm sorry, I've wronged you. "

"Oh, it's good that you know you're in the wrong. I can't afford to be accused wrongly." Lin Yi said as he stopped in his tracks.

Chapter 4685 Have You Thought It Through?

Lin Yi turned around and walked back to Huo yudie's side. He didn't really want to leave. After all, he couldn't leave a weak woman who couldn't move in the wilderness.

"Thank you," he said. "Thank you," Huo yudie said softly, blushing. She was a little surprised at the same time. She thought that Lin Yi would really walk away after being wronged, but he was unexpectedly easy to talk to. She didn't realize it before.

She didn't know why, but after this misunderstanding, she felt that Lin Yi was a lot more reliable now. At least, it was completely different from the image of him bargaining with her at the beginning.

However, Lin Yi's next sentence shattered the trust they had built up just as the impression had turned for the better, "You're welcome, but we need to have a good talk. "

"Talk about what?" Huo yudie had just woken up and her brain was still a little swollen. She was stunned and could not react for a while.

"Of course we're going to talk about the reward. You can't be so naive to think that I'd save you for nothing, right? You're a genius disciple from the Academy of Morning Pride, how can you be so ignorant?" Lin Yi said as he looked at Huo yudie with a sly smile.

"Ah ... You want to ..." Huo yudie saw Lin Yi's expression and started to get nervous again. She was angry and shocked just now, but now she had the shyness of a young girl. She was already so beautiful, and now she was even more attractive. Lin Yi's eyes lit up.

"I almost lost my life when I helped you suck out the poison this time. I believe you understand the dangers of it best. Of course, the reward will not be small." Lin Yi paused for a second, and Huo yudie's heart started beating fast, "So when the time comes, the distribution of the Thunder mystical vine will have to be changed. You take 20% and I take 80%, do you have any objections?"

"Ah? You ..."Huo yudie was completely dumbfounded. The nervousness and shyness in her heart disappeared instantly. She thought that Lin Yi had seen something he shouldn't have under her dress and wanted to use this opportunity to ask for something inappropriate. After all, it was very common for people to give their bodies to someone who had saved their life.

Huo yudie had always been confident in her looks, and that was why she had to cover her face. Otherwise, men would come after her like flies, and it would be too much trouble. She thought that Lin Yi would ask for the same thing, but she didn't expect him to talk about this.

Huo yudie didn't know whether to laugh or cry. She didn't know how to describe the feeling she was feeling. If she was from the secular world, she would probably say, "I even took off my pants, and you're showing me this?"

"What about me? this is already a small reward. Think about it, I saved your life. Is there a problem with that?" Lin Yi said matter-of-factly.

"No, we agreed on 30 - 70. That's a separate matter." Huo yudie did not know why she was suddenly in a good mood, and the corners of her mouth curved up.

"Then I've let you suck it for nothing?" Lin Yi glanced at her.

"I'm fine now anyway. It's useless for you to go back on your word. We agreed on 30 - 70, so it's 30 - 70. As for you curing me, I can think of other ways to repay you." Huo yudie smiled proudly. She didn't feel this way before, but now she felt that it wasn't a bad thing to argue with Lin Yi.

"Hehe, are you burning the bridge after crossing it?" Lin Yi couldn't help but smile, but his face was still full of confidence, ""It's a pity that you've destroyed the bridge a little too early. We haven't even crossed the bridge yet. Aren't you digging your own grave by destroying the bridge now?"

"What do you mean?" Huo yudie's eyes twitched as she looked at Lin Yi's expression.

"It's very simple. Aren't you still numb and unable to move? "It means that the poison isn't completely absorbed yet. I only helped you get rid of some of the poison on the surface, but there's still some that's been absorbed by you during this time. It's already in your body, and it's hard to get rid of it. I think you'll be beyond cure in a few hours ..." Lin Yi smiled faintly.

"Ah?" Huo yudie was no longer in a good mood. She was shocked by Lin Yi's words and said with fear, ""Really? Don't lie to me!"

"Can't you feel it for yourself? you should know better than me about this kind of thing. Let's see how far the poison has developed in your body. If the poison has really been completely removed, why can't you move your leg?" Lin Yi said, not thinking much of it.

"This ..." Huo yudie didn't dare to delay. She followed Lin Yi's instructions and felt it carefully. Her heart sank to the bottom. Just as Lin Yi said, the poison that she didn't manage to suck out had entered her body through her blood. If it continued to develop, even God wouldn't be able to save her.

"How is it? Have you thought about it?" Lin Yi crossed his arms and stood to the side, looking at her.

"That dumb rich guy was right. You're really a eunuch!" Huo yudie could not help but feel a little angry. She blinked her eyes pitifully and pouted her lips, ""I'm already begging you, yet you still want to take advantage of me, and it's this kind of advantage!"

"What's wrong? "Do you want me to not be a eunuch and take advantage of you like that? or do you want me to just ..." Lin Yi couldn't help but smile.

"Uh ..." Huo yudie was suddenly at a loss for words. She realized the ambiguity in her words, and her pretty face blushed again. This time, even her veil was slightly reflected. She quickly buried her head in her chest and said in a muffled voice, ""Alright, alright, 28 it is. Hurry up and help me detoxify!"

"That's more like it. It might be a little painful next, so bear with it!" Lin Yi chuckled and knelt down again, putting his mouth on the wound. His mouth was numb, but it was completely recovered after a short rest.

"Uh-huh!" Huo yudie felt Lin Yi's breath on her lips and let out a soft moan. She blushed at her own reaction. Although her legs were still numb, she could more or less feel it now that the poison had been removed.

Especially now that Lin Yi was using his mouth to suck out the poison for her, the feeling was not so much a stabbing pain, but a slight stimulation with a little bit of pain. In fact, Huo yudie even felt the pain was quite comfortable.

Chapter 4686 This Life

Huo yudie didn't know how Lin Yi would react, but her face was already red as a tomato. She let a man suck her wound under her skirt, and she couldn't help but make such a sound. What the hell was this?!

As a pure and innocent girl, Huo yudie was very sensitive to shame in this aspect. After subconsciously letting out a cry, she gritted her teeth and held it in. She couldn't let out a second cry, or how would she face Lin Yi in the future? it was embarrassing just thinking about it.

However, after a short while, Huo yudie's body suddenly trembled and she could not help but let out a soft groan!

She couldn't be blamed for this-if Lin Yi was just sucking on the wound, she could've held it in, but there was a warm Qi in her body now, circulating through her meridians. Every time it circulated, it brought something that shouldn't be there-it was the eight-legged bug's poison.

Not only did she not feel any pain, but she also felt warm and comfortable. As the poison decreased, Lin Yi's suction on her wound became stronger and stronger. Huo yudie couldn't help but feel like she was floating in the air. When she came back to her senses, she felt that something was wrong with her.

"I ... What's wrong with me ..." Huo yudie mumbled as she tried to resist the warm and comfortable feeling. However, her poor willpower was quickly shattered by the next wave of warm feeling.

What was this girl thinking? Lin Yi was speechless as he listened to Huo yudie's soft moans. He had worked so hard to suck out the poison from her body, and at the same time, he had to control his pure Qi to flow through her body. He thought that the process would be painful, but he didn't think that she would actually enjoy it ...

Lin Yi was speechless, but he couldn't just stop and say anything. As long as yudie didn't move, he'd let her be.

However, Lin Yi soon realized that he had made a mistake. He realized that Huo yudie's moans didn't stop. Instead, they became more and more frequent. It was getting out of control.

Lin Yi couldn't help but feel his heart stir when he heard the alluring voice. He couldn't help but curse in his heart. This girl was a little straightforward when they first met, but most of the time, she was still like a Snow Lotus. He didn't expect her to be so open now.

However, she did not know that because of the poison, Huo yudie could not control her own feelings at this moment. The strong self-control of a master of the great circle of the nascent Soul Stage was not of any use at this moment. It was completely an instinctive reaction of the body.

However, although she was out of control, Huo yudie's mind was still clear. She could see all her own reactions clearly. She was so embarrassed that if there was a hole in the ground next to her, she would definitely have jumped in.

"If you want to scream, so be it. Just don't kick me when you regain your mobility." Lin Yi mumbled to himself as he focused on using his pure Qi to remove the last bit of poison. However, just as he was about to succeed, Huo yudie suddenly cried out again. A hot stream of energy seemed to be out of control ... Lin Yi's body was completely soaked in the energy!

This scene was too sudden, and Lin Yi didn't have time to react at all. He was stunned and felt a sense of déjà vu. After thinking for a long time, he finally remembered that he was in the same situation when he treated the miss's poison. He was literally drenched!

Lin Yi didn't move for a long time before lowering his head speechlessly. He cleared the last bit of poison in the man's body and stood up silently.

At this moment, Huo yudie's entire body had gone limp. Even though she knew that she had regained consciousness, she still curled up on the ground and did not dare to move. She had a shameful and embarrassed look on her face. At this moment, this little girl looked even more beautiful and delicious.

Lin Yi shook his head speechlessly. He was the one who got drenched, and he didn't even say anything yet!

But Lin Yi didn't have much resistance or dissatisfaction towards this-he didn't feel too much resistance. He couldn't smell anything weird, and she was a rare beauty, after all. He didn't know whether to laugh or cry at this loss, but it might be a dream for other men, so he decided to bear with it.

The two were silent for a while. Lin Yi waited helplessly on the side, but Huo yudie was still hiding her head like an ostrich. It was almost midnight, how long was this girl going to be shy?

However, at this time, any other girl would be embarrassed. It was normal for Huo yudie to have such a reaction.

Lin Yi thought about it and broke the silence, "Uh, actually, you don't have to be embarrassed. That's a natural reaction of the human body. I'm just gathering the toxins absorbed by your body through your meridians and then expelling them out of your body in this way. So it's expected. There's nothing to be embarrassed about."

This was all nonsense-he was just trying to give Huo yudie an excuse to back down. In fact, that wasn't the case at all. The little bit of poison she absorbed before had already been ground into dust by Lin Yi's five elements killing intent.

The five elements killing Qi was much more effective than the original all-purpose Qi in healing-this was what Lin Yi had discovered during the process of healing!

From what he knew, other than people with the five elements Constitution like Lin Yi, the killing intent of the five elements was a deadly existence to any practitioner. It was so violent and overbearing that no one could withstand it.

But during the process, Lin Yi suddenly realized that the five elements killing Qi was much more effective than the all-purpose Qi. More importantly, it also had the characteristics of the all-purpose Qi. As long as he controlled it well, it wouldn't cause any harm to the other party, and could be absorbed by the other party!

Simply put, this was simply an upgraded version of the all-purpose true Qi. It could be used to attack in an overbearing manner and was always successful in healing injuries. This was the best description for the killing Qi of the five elements.

This sudden surprise made Lin Yi feel lucky. It was a blessing that he couldn't get in a few lifetimes to find the giant electric eel in the deep sea. The killing intent of the five elements was an endless treasure in itself!

Lin Yi shrugged at Huo yudie, who was still lying on the ground. The steps had already been laid out for her. If she still didn't get up, then he really didn't know what to do!

Chapter 4687 Wishful Thinking

No matter what, he couldn't just lie there forever. He didn't want to waste time on something like this.

To be honest, Lin Yi was a little confused when he saw Huo yudie's limp body. He could understand why she let out a few groans, but how did she end up like this? only God knew. He couldn't understand it himself.

Lin Yi was still grumbling to himself when a voice sounded in his head. "He's probably high from you!"

"Pfft! Cough, cough, cough!" Lin Yi almost lost his mind when he was engrossed in his thoughts. He choked a few times before he managed to hold it in. He complained, "Senior ghost, you scared me to death!"

"I'm not scaring you. Didn't you say that only God would know? that's why I came out to help you analyze it. " The ghastly thing laughed strangely, and there was even a hint of gloating in its tone.

"Uh ... Okay, but can you be more careful next time, senior? don't make me crazy, it's not good for you ..." Lin Yi shook his head helplessly and added, ""Speaking of which, senior, your English is pretty good. If I didn't know that you were the former Azure Dragon, I would've gotten mad at anyone who dared to say you were a Sky Class Island native!"

"Hehe, I can even learn your ancient human language without a teacher, let alone this kind of bird language. Kid, are you looking down on me? If I'm happy, I can speak all the languages of your world, do you believe me?" The ghastly thing said in a disapproving tone.

Lin Yi was speechless again-this thing really was an unreasonable existence. It didn't just have the natural instinct to fight and kill, it even had this kind of talent! How could the students from the common world endure this?

Just as Lin Yi was communicating with the thing, Huo yudie seemed to have finally understood what Lin Yi was saying. She reacted slowly and blushed, ""Really? You're not lying to me?"

The reason why she was so shy was that she had been wondering if she was a slut. No matter how simple Huo yudie was, she was still a master of the great circle of the original level. Moreover, her real age was not young at all. Although no one would mention things about men and women to her, she could read books by herself.

In the Sutra library of the proud of the morning Academy, there were all kinds of books, some of which touched on this aspect. Some of them were very professional books that specialized in studying how to dual cultivate between men and women. After all, it was a Women's Academy, and there would always be some disciples who would take this path.

It was under such an atmosphere that Huo yudie had flipped through such books out of curiosity. That was why she knew that some women would have such a reaction when they were in bed. However, not all women would have such a reaction. She had always thought that she was very pure, how could she do this ...

It would be fine if that was all, but the problem was that she sprayed all over Lin Yi when he was treating her. As a girl, she didn't have the face to go out and face people, especially Lin Yi!

"No, what good would it do me to lie to you? can you give me an extra 10%?" Lin Yi couldn't help but laugh in his heart, but he put on a serious face. He couldn't guarantee that this girl wouldn't die of embarrassment if he didn't. He had to hurry up and find the Thunder mystical vine. There was no time to waste.

After hearing Lin Yi's answer, Huo yudie let out a breath of relief. She was still a little shy, but she wasn't as embarrassed as before. Since this was a normal detoxification process, it meant that it wasn't her problem. It meant that she wasn't the kind of woman that the books said she was. That was enough.

Lin Yi's expression at this moment was a bit of a smile, but it was not a smile. In fact, it was only because he was communicating with the ghost through his divine sense, but in Huo yudie's eyes, it naturally had a different meaning. This girl was already too shy to lift her head, and now that she finally found a way out, her face suddenly turned red again.

"Hmph, it's all because of you that I'm embarrassed. I'll deduct 10% from you. 30% and 70% will do!" Huo yudie gathered her courage and looked up at Lin Yi.

"..." Lin Yi was completely speechless. What was this woman doing? he risked his life to save her, but in the end, he ate the benefits back. Wasn't this a little too fast? It seemed like the old saying was right, only women and villains were difficult to raise ...

"What's wrong? Do you have a problem with that?" Huo yudie saw Lin Yi's weird expression and her face turned red, "I'm telling you, if I tell anyone about what happened today, my master will definitely kill you for the sake of my reputation!"

"Ha?" Lin Yi's eyes went wide-he was still wondering why this girl was acting so weird all of a sudden, and he almost choked to death when he heard that. She was even threatening him with something like that? what kind of weird thought process was that?

Did this girl have any common sense? if she, a girl, said something like this, didn't she know that she would be the most embarrassed one? Or was it really like what she said, that she had been cultivating all this time, and her mental age was much younger than ordinary people, so she didn't understand the basic ways of the world?

Seeing Lin Yi's stunned expression, Huo yudie smiled proudly, finally getting rid of the awkwardness. Her eyes curved into two pleasant arcs as she smiled, ""You have nothing to say now, right? Hmph, then it's decided!"

Huo yudie's mood instantly brightened up. These were the words Lin Yi used to make fun of her before, and now he could finally use them on Lin Yi. He gave him a taste of his own medicine, and it felt great!

"Hehe, don't be happy too early, little girl. In my opinion, it's useless even if you tell others about what happened today. It might even have the opposite effect." Lin Yi said with a faint smile.

"What do you mean?" Huo yudie looked at Lin Yi with suspicion.

"You said it yourself. Your master and vice-Island master Shangguan Tianhua are best friends. Since I'm his direct disciple, maybe after your master heard about this, he'll just go with the flow and marry you to me as a Dao companion. At that time, there's no medicine for regret." Lin Yi raised an eyebrow and smiled.

"Hmph! You wish!" Huo yudie's pretty face blushed slightly as she spat. Her cheeks were once again covered with burning clouds. The sensitive word "dual cultivation partner" made her body go soft subconsciously, and she instinctively recalled the embarrassing scene just now.

"That might not be the case, I'm just telling the truth." Lin Yi said with a shrug.

Chapter 4688 Low-Level Player Breaks The Trial

"Hmph, Hmph, you really know how to follow the pole. If I give you a ladder, you can go up to the sky, right? "My master and vice Island master Shangguan are best friends, that's true. But you're vice Island master Shangguan's direct disciple ..." Huo yudie's face was full of disbelief, but when she said this, she was suddenly stunned.

Everything else aside, Lin Yi's intimacy with Shangguan LAN 'er was real. Although he was only at the peak of the early nascent Soul Stage, he could tell from the way he fought the pseudo-human vine that his true strength wasn't that simple. He was at least able to fight an opponent of a higher level. In addition, he had just treated her poison with a magical method. All of these weren't things that ordinary North Island disciples could have!

As the saying goes,"a great teacher produces a great student." No matter how one looked at it, a person like Lin Yi wasn't someone who could be taught by a normal practitioner. Someone who could be his master had to be an unfathomable Big Shot, and the person who fit this criteria the most on the North Island seemed to be Shangguan Tianhua!

"You're not really one, are you?" Huo yudie's face changed and she could not hide her surprise.

"More or less." Lin Yi smiled nonchalantly. He didn't plan to hide this from Huo yudie, and he didn't plan to use it to trick her. Although they weren't officially master and disciple, everyone in the three pavilions had already considered him as Shangguan Tianhua's disciple.

Even Shangguan Tianhua himself had a similar attitude-he wouldn't have paid so much attention to Lin Yi otherwise, and he wouldn't have tried to help him out. If Lin Yi had announced to the public that he was his disciple, he'd have accepted it, and he might've even taken the act for real.

"Uh, did my words come true?" Huo yudie did not know what to say. She had only said this to deal with Ren Zhongyuan and the others. She did not expect it to be true. It was so strange!

"That's not a good word to use to describe good things. Don't you dare bully me for being uncultured. I'm a University Graduate, after all!" Lin Yi corrected seriously, a little shameless. He was educated, yes, but that was all he learned before he started cultivating. Going to school was just a cover-it was pure bullshit ...

"University? Oh, alright. " Huo yudie froze for a second before she looked Lin Yi up and down again, as if she was trying to see through all his secrets. After a while, her eyes lit up,""By the way, since you're so close to Shangguan LAN 'er, she must be the good match assigned by Deputy Island master for you. If she knew that you had an affair with another girl outside, would she kill you out of anger?"

Huo yudie was gloating as she spoke, as if she really did have something on Lin Yi. After all, getting their disciples to marry their relatives "juniors would strengthen their relationship. This was something that happened all over the Sky Class Island.

As Shangguan Tianhua's beloved daughter, if she were to get married, the other party would either be the son or nephew of some super big Shot, or he would be Shangguan Tianhua's direct disciple. There was no third option.

This Lin Yi, on the other hand, could be quite annoying at times, but it was undeniable that he was outstanding in every aspect. He was a one-in-a-million match, and Shangguan Tianhua would never let him marry another woman.

"No, why would you kill me?" Lin Yi didn't know what to say.

"Why wouldn't I? That's common sense. No woman would want her husband to get together with another woman, let alone Shangguan LAN 'er, the little princess of the North Island!" Huo yudie said with certainty.

"Hehe, then do you know why I specially came to participate in this kind of low-level stupid trial?" Lin Yi smiled at Huo yudie's confident look.

"Low level? Pass the trial?" Huo yudie was stunned. The West Island trial was one of the best trials on the five sky-class islands. The participants were all in the nascent Soul Stage. The pseudo-human vine was already enough to put them in a difficult position. How could this be a low-level trial?

"Of course, I can kill everyone here easily. Why would I waste my time in this place?" Lin Yi sounded like he was joking, but he wasn't exaggerating at all. The test really wasn't that difficult for him.

With Lin Yi's strength, the most suitable and most valuable test for him should be a dangerous place opened up by Masters of the xuansheng stage. He didn't feel any pressure at all like this, and it was simply a fantasy to think that he could get a lot of rewards. If he could get the Thunder mystical vine this time, he would be satisfied. As for breaking through, he didn't even think about it.

"Ugh ..." Huo yudie couldn't help but roll her eyes at Lin Yi. He sounded like he was joking, but after everything that had happened, she felt that it was possible. This guy was really unpredictable,""Then what are you doing here?"

"It's because of Shangguan LAN 'er. She said she didn't want her best friend to marry someone else, so I had to force myself to do it." Lin Yi smiled and shrugged.

"Best friend? Who's her best friend?" Huo yudie did not react for a moment. She was stunned for a moment before she suddenly remembered. She patted her head and said, ""Ning Xuefei?"

For most of the male cultivators, the main purpose of the West Island trial was not to obtain the treasures, but to compete for the princess of the West Island. However, she was a girl, so she had not taken this matter to heart from the beginning until now.

"Yeah, who else could it be?" Lin Yi said with a smile.

"What the ..." Huo yudie's gaze became more and more strange. She looked at Lin Yi up and down again, and Lin Yi was almost pissed off. "Isn't it said that only those very powerful people can have three wives and four concubines? Besides, ning Xuefei is the princess of the West Island. Even if a man were to marry her, she would be the one in charge. How could he marry another woman? wouldn't the people of the West Island go crazy?"

"Am I not powerful?" Lin Yi replied half-jokingly, leaving the second problem out. It was a tough problem, but as long as he was strong enough, everything could be solved.

To put it bluntly, the Western part of the island had an extremely traditional hereditary system, and the only person who could decide ning Xuefei's marriage was ning Shangling!

Chapter 4689 Be Careful When You Walk

If Shangguan Tianhua could see Lin Yi's potential, then naturally, ning Shangling could as well. As long as she knew that Lin Yi could become the pillar of support for the entire Western Island one day, then there wouldn't be any problems.

"Hmph, I really don't know where your confidence comes from. I'm not going to talk to you anymore. I won't deduct your share, okay? hurry up and leave!" Huo yudie said as she slowly got up from the ground.

After being paralyzed for so long, Huo yudie's body was not used to it and she fell down before she could stand up. Fortunately, Lin Yi was standing next to her and reached out to hold her. Huo yudie subconsciously hugged Lin Yi's arm and fell into his arms.

Lin Yi's eyebrows raised subconsciously as the girl's body was in his arms-the girl's body was quite bouncy.

"Ah!" Huo yudie screamed and quickly escaped from Lin Yi's arms. Her face was red and she didn't dare to look at people. She lowered her head and kept walking forward.

"Hey, be careful. Don't get bitten by some weird things like the eight-legged bug!" Lin Yi quickly chased after her. It was midnight, and he could only rely on the faint Starlight to see the scenery. He was fine, but it was still dangerous for Huo yudie.

Huo yudie quickly slowed down, but she still didn't dare to look back at Lin Yi. She was so shy not because of Lin Yi's hug, but because of the manly smell that hit her nose. It made her body go soft, and the scene from before subconsciously appeared in her mind.

Lin Yi said that it was a normal process, but she was still worried that she'd have to do it again. She'd be too embarrassed to face anyone if that happened.

What the hell was this girl doing? Behind him, Lin Yi shook his head helplessly and chased after him. At the same time, he activated his divine sense to avoid similar accidents. If this happened a few more times, he would be wasting all his time.

The two of them walked one after the other. Huo yudie in the front kept her head down and didn't say anything, and Lin Yi didn't know what to say at the back either, so he decided to keep his mouth shut. The atmosphere became a little ambiguous in the silence.

Lin Yi, on the other hand, was just enjoying the view of the girl's back, but Huo yudie, on the other hand, was obviously acting a little awkward.

She didn't know why, but the image of Lin Yi lying under her kept appearing in her mind, especially the most embarrassing scene. Thinking about it made her feel like her whole body was on fire, and she even felt like her ears were going to be burned off. It was too embarrassing!

Even though this whole thing was only between her and Lin Yi, and no one else would know about it, and even with the fact that it was for detoxification, it was still very embarrassing for Huo yudie, who was known as a cold Lotus in everyone's eyes.

It was also because of this that Huo yudie was no longer as confident as she used to be, even when it came to Lin Yi. Her words were no longer as calm as they used to be, and they were replaced by a coy, womanly attitude that even she herself was unfamiliar with.

This kind of thing would have been impossible to imagine in the past. She was an ice Lotus. Any man, no matter how outstanding, would only be involuntarily attracted to her. She had always been disdainful. It was not like now, when her mind was full of the shadow of a man!

The two of them walked in this strange silence. Lin Yi didn't say anything about it. He put himself in Huo yudie's shoes and thought that it was normal for a girl like her to be so shy when faced with something like this. Only shameless women like Murong Zhen or Situ Qian would treat this as a normal occurrence.

It was just that the silence along the way was too depressing. In fact, Lin Yi wasn't the only one who felt this way. Huo yudie's desire to break this strange silence was even stronger than his. Otherwise, she would really be immersed in shyness and die of embarrassment.

It was a pity that she couldn't think of anything to talk about right now-there was even a strange hope in the depths of her heart that Lin Yi could start a small topic that the two could argue about. Not only would that solve the awkwardness, but she also felt that it was actually quite interesting to bicker with Lin Yi.

However, that was just Huo yudie's thoughts. After all, it was her first time meeting Lin Yi. They didn't really know each other well. Especially in this awkward atmosphere, it was difficult for both her and Lin Yi to find a suitable topic to divert attention.

Ambiguous feelings could be fermented, especially in such an awkward atmosphere. The ambiguous feeling would constantly attack the depths of the mind. This was the instinctive yearning for beautiful things. Unless one's heart was dead, one would naturally think in this direction. Just like Huo yudie at this moment, she felt that she could not extricate herself ...

Every now and then, Huo yudie would try to sneak a peek at Lin Yi before turning her head back like a thief. Unfortunately, Lin Yi could see all of her actions clearly. He couldn't help but laugh at how interesting this girl was!

The whole journey was in this strange state, and the two walked the whole night. It wasn't as dangerous as Lin Yi thought it would be.

After all, most of the beasts were nocturnal, and the most dangerous time was at night. However, it was the exact opposite. They didn't encounter any accidents that night, and Lin Yi couldn't help but wonder if it was because they were in the desert.

The night passed by uneventfully. When it was almost dawn, Lin Yi, who was walking at the back, suddenly moved. With a soft Dragon's Roar, a killing intent of the five elements swept over Huo yudie's head.

"Ah!" Huo yudie exclaimed, thinking that Lin Yi was going to do something to her. She quickly turned to Lin Yi and blushed, "What are you doing?"

"What do you mean what I want?" Lin Yi looked at her strangely and pointed in front of her, "See for yourself, you're a peak Yuanying stage expert, can you walk more seriously ..."

Huo yudie turned around with a puzzled look on her face. Only then did she realize that an unknown creature the size of a washbasin had fallen not far in front of her. At first glance, it looked like some kind of flying insect. Its whole body was stained with blood, and it carried a terrible and inexplicable aura of ruthlessness. It was obvious that it was not to be trifled with.

Chapter 4690 Instant Kill

When she thought about how the thing had flown above her head without her realizing it, Huo yudie suddenly felt a sense of fear. She had seen the body of the eight-legged ka tooth worm before. The thing in front of her gave her a sense of deterrence that was even stronger than the eight-legged ka tooth worm.

However, this thing had a hole in the middle of its body-it was clearly dead, the result of Lin Yi's killing intent.

"Thank you ..." Huo yudie's face turned red again. This time, it was not because of the embarrassment from before, but because of her own carelessness. A real master must always be on guard, and because of the distracting thoughts that lingered in her mind, she had obviously forgotten about this rule of survival.

"You're welcome," Lin Yi smiled-he'd been using his spirit sense to keep track of his surroundings ever since the eight-legged cartooth worm incident, just in case.

Besides, Lin Yi had accepted Huo yudie as his teammate, so he wasn't on guard like before. The Jade's alarm naturally included her as his teammate.

The two of them continued to move forward. After experiencing this scare, Huo yudie's condition was finally more normal. She became more cautious as she moved forward. After a while, she suddenly stopped.

"What's wrong?" Lin Yi asked curiously. He thought that they were in danger, but his spirit sense didn't detect anything. The Jade didn't warn him either.

"Something's not right. I smell a familiar scent. It's not far ahead." Huo yudie frowned and said.

"A familiar smell?" Lin Yi looked at her strangely and walked past her without looking back, "This is the way. You can just follow behind me."

"I'm not lying to you. I'm very sensitive to smells. There's definitely danger ahead!" Huo yudie quickly called out.

"I didn't say that I don't trust you. But even if there's danger, we have to move forward, right? we can't give up halfway just because of a little danger, right?" Lin Yi waved his hand, walking away as he spoke.

Huo yudie gritted her teeth and chased after him. Lin Yi was right. Even if they knew there were Tigers on the mountain, it was impossible to get the Thunder mystical vine without taking any risks.

He didn't even walk three hundred feet before a warning came from his heart. At the same time, the Jade beeped as well. He yelled, "Retreat!"

Just as Lin Yi and Huo yudie were retreating, dozens of thick and ferocious vines suddenly burst out from the ground. They were pseudo-human vines again!

"Your nose is pretty sharp." Lin Yi looked at Huo yudie calmly. The pseudo-human vine was hidden underground, and even his divine sense couldn't detect it before it attacked. He didn't expect the girl to be able to smell it from so far away. They'd only come into contact once. This was unbelievable.

"I've always had talent in this area, and I've also undergone special training so that I can be put to use in certain special situations." Huo yudie replied.

"En, in those places where divine sense can't be fully displayed, your nose can indeed be of great use." Lin Yi smiled.

"What do we do now?" Huo yudie looked at the threatening pseudo-human vine in front of her as if she was facing a great enemy. Although she retreated in time under Lin Yi's reminder, the problem was that there was only one way out. If she didn't kill the pseudo-human vine, the Thunder mystical vine would be impossible.

The four of them had to work together with Ren Zhongyuan and the others before they could barely get rid of the pseudo-human vine, and they were all injured. The giant vine in front of them looked even thicker and scarier than the previous one, but only Lin Yi and her were left. The situation didn't look good no matter how they looked at it.

"There's nothing to do, just kill it. " Lin Yi's figure suddenly flickered as he rushed forward. The hundreds of giant vines of the pseudo-human vine suddenly started dancing crazily like sharks that smelled blood. They whipped at Lin Yi with all their might. This shocking posture made Huo yudie jump. If it were her, she would have been turned into dust by now.

However, Lin Yi didn't Dodge at all. A monstrous heat surged from his body, and he was like a fire god descending to the world. He was covered in flames, and no one could look at him directly.

Even if it was a plant that had turned into a spirit, it was still a plant. The pseudo-human vine was most afraid of fire. After realizing that something was wrong, it wanted to escape in an instant. The giant vines that were dancing wildly retreated faster than the last, and the offensive and defensive momentum was completely reversed.

However, it was still too late. Lin Yi's wild fire Fist struck its most vital root, and with a strange shriek that was neither human nor ghost, the entire pseudo-human vine was completely engulfed in flames. In just a short moment, this giant thing that even peak nascent soul cultivators couldn't do anything to was burned to ashes.

Huo yudie was dumbfounded by what she saw. She thought that with Lin Yi and her strength, they would have to fight a bloody battle and even pay a heavy price. She didn't expect Lin Yi to take care of the pseudo-human vine so easily.

"What are you still doing? Let's go!" Lin Yi said as he looked at her.

"Ah? Oh!" Huo yudie snapped out of her daze and quickly caught up with Lin Yi. This time, it was her turn to look at Lin Yi's back, and she couldn't help but be a little lost in thought.

She was still a little confused before, but she saw it clearly this time. Lin Yi might be at the peak of the early nascent Soul Stage, but his true strength was far stronger than a normal peak nascent Soul Stage cultivator.

In the East Province Academy, where geniuses were everywhere, it wasn't strange to challenge someone of a higher level, but someone who could do something as insane as Lin Yi was rare even in the entire school-he was a monster!
