Chapter 4691 Meeting An Acquaintance On The Road

However, at least before she was poisoned, Lin Yi didn't do anything! When she was with Ren Zhongyuan and the others, she was just a bystander. After they parted ways, Huo yudie was the one who led the way and took the risk. All of this changed after she was injured.

Huo yudie could not help but be a little lost in thought. If he had not seen that she was injured, this guy would probably still be hiding behind and lazily picking up the leftovers. When there was nothing to do, he would just be a bystander. When there was something to do, he would not hesitate to stand up. This guy was actually quite manly!

But thinking about it, Lin Yi might be afraid that he wouldn't be able to get the Thunder mystical vine if something happened to him, so he took the initiative to be so diligent!

Huo yudie shook her head, worried. Other than thinking about the benefits, she didn't think that Lin Yi would like her. After all, his behavior from the beginning had explained everything.

Even with a veil on, other men's eyes would light up when they saw her, but Lin Yi didn't.

From the beginning to the end, he had been acting very normal. Not only that, when he wanted a share of the profits, he even extorted her. Especially just now, when he took the opportunity to treat her poison, he did not have the slightest intention of coveting her beauty. Instead, he extorted a share of the profits!

Huo yudie couldn't help but let her imagination run wild. Hmph Hmph, if it was any other normal man who had such an ambiguous relationship with her, even if he didn't give her all of the Thunder mystical vine, he would at least give her 80%. He wouldn't be as stingy as Lin Yi, who gave up on a beautiful woman and only knew how to hold on to the Thunder mystical vine ...

She was just imagining things-if Lin Yi really was that kind of person, he wouldn't have asked for such an exorbitant price from the start!

Lin Yi didn't notice Huo yudie's thoughts at all. He took the initiative to solve the problem because he didn't want anything to happen to her again, but that wasn't the main reason. The main problem was that time was limited, and he didn't want to waste too much time on the road.

Huo yudie was a master of the great circle of the original level. In theory, she could stay here for a full month, which was more than enough time.

But Lin Yi was different. He was strong enough to kill a xuansheng stage master, but in terms of strength, he was only at the peak of the early Yuanying stage.

Who knew how the teleportation formation was set up? if it was based on one's strength, it would be extremely disadvantageous to Lin Yi. If he delayed for too long and got trapped here, he'd be screwed!

Since a peak level nascent soul cultivator's time limit was only a month, then a peak level early stage nascent soul cultivator's time limit was at most half a month, maybe even ten days. This was a very tight time, and if anything happened on the road, it would be over. This was related to ning Xuefei's marriage, and Lin Yi didn't want it to end in a tragedy.

Therefore, he had no other choice. He had to cut the Gordian knot as fast as he could. If he could eliminate a stumbling block like the pseudo-human vine in one move, he would not need a second move. He did not need to hold back at all.

As a result, Huo yudie, who was at the peak of the original level, became Lin Yi's assistant instead. To be precise, she was just a bystander, and she didn't even have the chance to attack. By the time she realized the threat, Lin Yi would've already finished her off in one move.

Under the protection of a mere peak early Yuanying stage master, if it was any other master of the great circle of Yuanying stage, they would feel uncomfortable, at least in terms of face, but Huo yudie did not have such thoughts. On the contrary, she felt that this feeling was very wonderful, and it made her feel at ease from the bottom of her heart.

Lin Yi was leading the way, and Huo yudie was following behind him, letting her imagination run wild. Occasionally, she would stop to confirm the direction and route. The two of them walked in this mode for a long time, and as the sky started to turn dark again, Lin Yi suddenly stopped in front of them.

Bang! Bang! Huo yudie didn't know what she was thinking at the moment, but she bumped into Lin Yi, causing him to stumble. She only reacted after a while, and her face turned red. When she saw Lin Yi turn around, she quickly complained, ""Why did you suddenly stop?"

Lin Yi didn't know what to say. He looked at the girl and pointed to the front helplessly. He didn't say anything. With the girl's body and elasticity, it was quite comfortable to be hit from the back.

"What? Is there danger again?" Huo yudie mumbled. She couldn't help but daydream every time she saw Lin Yi's back. She was already used to it.

In front of Lin Yi, she had lost all her composure as a peak nascent soul realm practitioner.

"It's not dangerous, but you have to wait for me here. I have a friend who seems to be in trouble." Lin Yi frowned.

"Your friend?" Huo yudie was surprised and quickly used her divine sense to sense around. She found that there were a few people fighting in the front left. Lin Yi's friends were among them?

It wasn't too far away from the two of them, about less than two thousand feet away. At this moment, in the corner of a Canyon, three men surrounded a man and a woman, each of them with a lecherous smile on their faces.

"Haha, I'll say it again. Leave the treasures and this girl behind, and I'll spare your lives. If you don't know what's good for you, hehe ..." One of the men standing at the side laughed lewdly, and the other two laughed smugly as well.

The three of them had trapped the man and woman from the left, middle, and right sides. Behind them was the canyon cliff. Unless the man and woman grew wings and flew, it was simply a fool's dream to escape.

"Don't even think about it!" It was a determined male voice. He stretched out his arms to protect the woman behind him, and said to the three people without fear, ""Even if I, Qi Wenhan, die, I will never let you touch a single hair on luoluo!"

Lin Yi couldn't help but laugh when he heard the voice. This was Qi Wenhan's personality. As the young master of the Qitian bodyguard agency, he didn't have the foppish air. Instead, he was like a hero in the pugilistic world, strong and courageous. He had a heroic aura!

Since Qi Wenhan and Xia luoluo were in trouble, Lin Yi wanted to go and help them out as soon as possible, but after hearing these people's words, he stopped in his tracks.

This was a rare opportunity for Qi Wenhan and Xia luoluo to be alone. Lin Yi could see that the two of them had feelings for each other, but not to the point where they were completely open about it.

Chapter 4692 The Other Party Is Also An Acquaintance

If he wanted to warm up their relationship quickly, it was not enough to just be alone. Perhaps he would not be able to break through this layer of window paper until the end of the trial. The best way was to give them an opportunity, and right now, it was a chance that was made in heaven.

The story of a hero saving a beauty had long been used in the secular world. In order to win the heart of a beauty, those rich young masters would create their own opportunities, making others pretend to be rogues to set off their glorious image. This kind of trick was commonplace and not new at all.

If he didn't know Qi Wenhan's personality, Lin Yi would've suspected that these three were actors he hired on purpose. After all, the timing was perfect.

"Little brat, are you stupid? If you weren't the young master of the South continent's Qitian bodyguard agency, young master Yin would have killed you long ago. How dare you be so stubborn in front of us? you're so weak, so why are you trying to be a hero?" On the other side, the man with the ugly head and rat eyes sneered.

"That's right, you dare to play the hero in front of us. How many heads do you have, or do you have no brain at all? Don't you know the difference in strength? you're just at the peak of the early nascent Soul Stage and an early nascent Soul Stage cultivator, and you want to go against our young master Yin? I'm really curious. Who gave you the courage and courage?" The person from before jabbered on and mocked wantonly.

"I say, do you guys still not understand the situation? Our young master Yin is a core disciple of the middle Island snow sword sect. He is a true master of the great circle of the original level. Do you know what this means? This means that our young master Yin is the most powerful person in the West Island trial. I don't have to waste my breath on what to do, right?" The Cunning Man had a smug expression on his face, as if he was a Fox exploiting a Tiger's might.

Snow sword sect? Lin Yi, who was slowly walking over, paused again when he heard the word. There were no stories without coincidences in this world. Luckily this guy wasn't Wei shenjin, or this would be interesting.

"How is it, have you thought about it?" The man called young master Yin in the middle of the three people spoke. At first glance, he looked like a master, and his image could be considered handsome. However, there was always a bit of evilness in his eyes, giving people a feeling that he was not open enough.

"Hmph, do you still need to think about such things? If you dare to touch a single hair on luoluo's head, I won't rest until I'm dead!" Qi Wenhan narrowed his eyes and stared at young master Yin. This man was the biggest threat. After all, he was an expert in the great circle of the nascent soul realm. He alone was not someone he and Xia luoluo could deal with.

"Tsk tsk, you sound like you have a backbone. It's a pity that your brain isn't working well." Young master Yin didn't even look at Qi Wenhan. His eyes were unscrupulously fixed on Xia luoluo!

He was an experienced man who had seen countless women. Naturally, he could tell that Xia luoluo's current ordinary appearance was a disguise. He could judge from her temperament alone that this woman was a rare beauty.

Xia luoluo's hair stood on end under his gaze and she quickly hid behind Qi Wenhan. Although she was stronger than Qi Wenhan, women were naturally the weaker one in this kind of situation. Fortunately, Qi Wenhan's performance gave her some comfort!

Thanks to these three people, the hazy feeling in her heart began to sprout completely.

Young master Yin also stuck his head out and looked greedily at Xia luoluo, who was hiding. He smacked his lips as if he was tasting a rare toy and said to Qi Wenhan, who had a tough attitude, "Brat, give this girl to me. I will just play with her at most; I won't kill her. It's good for you, me, and her. Otherwise, she could only be buried with your boring self-esteem. Think about it carefully!"

Qi Wenhan was extremely determined at first, but after hearing these words, his heart subconsciously wavered. He knew that with his strength, it was impossible to protect Xia luoluo. It didn't matter if he died here, but if he implicated Xia luoluo, it would be inexcusable.

However, Qi Wenhan turned his head and looked at Xia luoluo. After he understood the meaning in each other's eyes, his wavering immediately disappeared. Xia luoluo had expressed very clearly that she would rather die than be raped by this bastard. In that case, what was there to hesitate about?

"Hmph, I've thought this through. If you want to touch even a single hair on luoluo's head, you can only step over my dead body!" Qi Wenhan paused for a moment, and then suddenly, he shouted with a blood-red aura, "Come on!"

This sound was like a sudden clap of thunder, causing even the clouds in the sky to scatter. As for the three people close to the ruler's Ridge, they were given a great fright, their faces changing as they retreated several steps.

Xia luoluo looked straight at Qi Wenhan from behind, her eyes flashing with a strange light. She was also shocked, but she was full of surprise. A strong warm current suddenly welled up in her heart. At this moment, the gaze she looked at Qi Wenhan with suddenly became more tender and sweet.

She had never had such an opportunity before, so even if she had a good impression of Qi Wenhan, it was only a good impression. She was not sure if he was the man she could entrust her life to!

But now she was sure, although the current situation was dangerous, what more could she ask for in her life from a man with a strong spirit who would not hesitate to die for her!

Qi Wenhan didn't notice Xia luoluo's tender and sweet gaze behind him. He was just staring at the three people in front of him!

They stared at young master Yin in particular. From their expressions, they knew that these people had become angry from embarrassment. There would definitely be a bloody battle that would not end until one of them died.

He probably wouldn't be able to survive today, but no matter what, he had to at least give Xia luoluo a chance to escape. No matter what, he couldn't let her fall into the hands of these beasts!

"Wow, I didn't expect you to be such a tough guy. I'm starting to admire you!" After young master Yin got a shock, he didn't immediately attack like Qi Wenhan had expected. Instead, he still looked like a cat toying with a mouse. However, he didn't want him to take the initiative to give in like before. He looked at him as if he was looking at a dead person.

He admired tough men, but if it was a tough man who went against him, it was better to kill him, otherwise there would be endless trouble.

"Haha, he's indeed a tough guy. It's a pity that tough guys don't have a good ending, especially those who are against our young master Yin!" The rat-like guy laughed and echoed.

"That's right. Our young master Yin was so kind and wanted to spare your life, but you didn't even appreciate it. There are so many brainless fools in this world, especially this kind. They're so stupid that they can make people cry!" The person on the other side also mocked.

"It's not bad to be a little stupid. At least no one can say anything if I kill him." Young master Yin smiled coldly, but he was not in a hurry to make a move.

Chapter 4693 Nothing Will Happen

This young master Yin seemed to enjoy this kind of cat-and-mouse play. He crossed his arms and pinched his chin as he said, "Tsk, tsk, I have to say that this girl is really of the highest quality. Even if she's disguised, she can't hide her natural beauty. Speaking of which, the opportunity to come to the West Island this time was originally given to that big fool, Wei shenjin. In the end, that fool insisted on going to the heavenly elixir Pavilion every day. He was really stupid! Hehe, if it wasn't for this, I wouldn't have been able to meet such a high-quality girl. Sure enough, this is the will of the heavens, hahahaha!"

"That's right, young master Yin. That Wei shenjin is just a nobody in the early stage of the nascent soul realm. He was only valued by the higher-ups of the sect because he had a connection with the heavenly

path. What kind of sh * t is he? how dare he compare himself to our young master Yin!" The rat-like guy said.

"That's right, that's right. Let's take this opportunity to bring glory to the middle Island. As long as young master Yin gets the West Island's Princess, he'll be successful. Moreover, that vice Island Master Chu also treats us differently. That dog shit Wei shenjin isn't even worthy of carrying our young master Yin's shoes!" The other person didn't want to fall behind and flattered.

"You two have hit the nail on the head. If I strike it rich this time, you'll get your share of the benefits!" Yin shaoxin chuckled in delight.

Although he was very strong, he didn't have any strong backing in the sect, so things had never been smooth for him. Especially in the past two years, even someone like Wei shenjin had become a core disciple greatly supported by the sect. This really made him unhappy. This time, he could use this rare opportunity to become famous in one fell swoop. When the time came, he would see what kind of faces those snobbish guys in the snow sword sect had!

Of course, even if young master Yin was not successful in the snow sword sect, he was still a high and mighty core disciple. As for the bullsh * t South continent escort agency behind Qi Wenhan, he didn't care about it at all. These were just small forces. Some people might take them seriously in the South continent's Sea area, but how could they compare with a big sect like the middle Island?

There was no comparison at all. They could not be compared at all. So, even if he killed Qi Wenhan here, there would be no repercussions. Not to mention that he could kill him to silence him, even if the news was leaked, would the F * cking South continent escort agency dare to go to Middle Island to take revenge on him?

As young master Yin spoke, he strode towards Qi Wenhan and Xia luoluo with a lecherous smile on his face. In his eyes, there was only a disguised beauty. As for the stinky potato and rotten egg in front of him, he could kill them with a single hand. He didn't even bother to look at them.

Qi Wenhan gritted his teeth and was ready to attack recklessly. At this moment, Xia luoluo suddenly rushed out from behind him and protected him behind her. She gritted her teeth and said to young master Yin, who was approaching, ""If you dare to do anything to me, I'd rather die than live in dishonor!"

Surprised, Qi Wenhan looked at Xia luoluo's back as she stepped forward bravely. His eyes couldn't help but turn red. He didn't have time to be touched and quickly rushed to protect her behind him again, shouting, ""If there's anything, come at me!"

"Hahahaha, what a good 'the husband is in love with the concubine is in love'! Interesting, this is too interesting! I like to break up a pair of lovebirds! That's more satisfying!" Young master Yin sneered unscrupulously, "you're just at the peak of the early nascent Soul Stage, and you have the nerve to talk to me about this?" He would rather be broken Jade than intact tile? What a big joke! I think it's more like broken Jade and broken tiles. I'm fine even if you're all broken!"

After saying that, young master Yin's aura of a master of the great circle of the original level enveloped Qi Wenhan and Xia luoluo without reservation. Under the strong pressure, the two's hearts tightened at the same time. They were afraid that they would really be in danger today!

However, at this moment, a voice suddenly interrupted, ""So what if you're at the peak of the early nascent Soul Stage? You're looking down on me?"

As he spoke, Lin Yi's cold face appeared in everyone's line of sight. Huo yudie, who was following behind him, couldn't help but feel nervous. She knew that Lin Yi's strength couldn't be measured by common

sense. She also knew that this couple was Lin Yi's friends, and Lin Yi would definitely stand up for them. However, it wouldn't be easy to end things if things really got to this point, because the three of them were not weak!

Young master Yin, who was in the middle, was an expert at the great circle of the nascent Soul Stage. Even the two lackeys beside him were late-stage nascent soul experts!

Lin Yi's two friends couldn't do anything against this level of strength. Even if Lin Yi could fight above his level, he was only at the peak of the early stage of nascent soul. How could he fight against these three people?

Huo yudie even felt that even if she joined the battle, she might not be able to gain the upper hand against these three people, because Lin Yi's two friends wouldn't be able to help at all. Instead, they would become a burden, and the consequences would be unpredictable.

Seeing Lin Yi's sudden appearance, Qi Wenhan, who was prepared to die, was overjoyed. He was finally saved!

"Oh? Another weakling who's not afraid of death has come. What day is it today? why does every little thing dare to come and play the hero?" Young master Yin glanced at Lin Yi with disdain, and his eyes lit up when he saw Huo yudie. Another rare beauty!

Xia luoluo's beauty was not very clear because of her disguise, but Huo yudie was different. Even with a veil, it was difficult to hide her beauty, especially her curvaceous figure. She was a stunning beauty that any man would not be able to resist!

"Are you from the Nakajima snow sword sect?" Lin Yi's lips curled up as he looked at the three and asked young master Yin.

"Not bad!" Young master Yin was stunned for a moment before he said proudly, ""If you know what's good for you, then scram to the side. Don't cause trouble for your own sect. You can't afford to cause trouble!"

"Is that so?" Lin Yi smiled noncommittally, "From what you just said, Wei shenjin seems to be your enemy?"

"Oh?" Young master Yin was taken aback again and glanced at Lin Yi suspiciously. Did this kid know that idiot Wei shenjin? However, no matter what, he clearly had no reason to act coy in front of this nameless kid. He immediately raised his head arrogantly and said, ""So what if I am? And where did you come from?"

"Oh, nothing much. I'm just sorry to tell you that you can die now." Lin Yi smiled lightly.

In an instant, everyone was stunned.

Young master Yin and the other two thought that there was something wrong with their ears, and they couldn't react in time. Xia luolu was happy, but she was also a little stunned. Huo yudie was a little dumbfounded. She was just thinking about how to kill one of them first, but from Lin Yi's tone, he didn't care about these people at all.

Chapter 4694 Turning Around And Running

Qi Wenhan was the only one in the group who took it for granted. After all that he'd been through, he'd never doubt Lin Yi's strength!

Although the other side had one peak Yuanying and two late Yuanying, and their formation did look a bit fierce, but so what?

"F * ck! "What kind of bad luck do I have today? why do I have to run into these idiots ..." Young master Yin cursed as his killing intent surged towards Lin Yi. However, before he could channel the pure Qi in his body, he heard a soft Dragon's Roar and saw a Dragon-shaped killing intent pierce through his chest without any resistance. He fell to the ground, dying with his eyes wide open.

The entire place was dead silent. This scene had happened too quickly and too suddenly, especially young master Yin's two underlings. They were completely dumbfounded and couldn't close their mouths for a long time.

Just a moment ago, he thought that this idiot who came out of nowhere was seeking his own death. His strength was not good, but his tone was quite arrogant. He was thinking that young master Yin would definitely stomp him to death. In the end, in the blink of an eye, young master Yin, who was a master of the great circle of the nascent Soul Stage, had actually become a corpse. He had died so miserably and so easily!

Is this guy even human? The two looked at Lin Yi, who was still calm and collected, and were so scared that they peed their pants. Didn't they say that only peak nascent soul realm cultivators could enter this place? why did this fiend suddenly appear?

"Don't ... Don't come over! We are from snow sword sect! If you dare to kill us, snow sword sect will never let you off!" The two of them looked fierce on the outside but were actually weak on the inside. As they shouted hysterically, they were so scared that they kept retreating.

"Didn't I just confirm that you're from snow sword sect? You've already killed him and you're still talking to me about this?" Lin Yi smiled faintly and glanced at the two, unconcerned. "Do you know what I would do if I were you?"

"What ..." The two of them looked at each other and subconsciously answered in fear.

"Turn around and run! If you still dare to be so talkative at this time, then you can die with him!" The moment Lin Yi finished his sentence, he disappeared into thin air and reappeared on top of the two's heads. He used the [thousand wild fire legs] to kick the two into the ground. They were two more corpses with grievances.

Huo yudie looked at the scene in front of her in a daze. She rubbed her eyes desperately, afraid that this was an illusion ...

A peak nascent soul realm and two late-stage nascent soul realm cultivators were killed by Lin Yi so easily, without even putting up a fight. Was this guy really at the peak of the early stage? Are you sure he's not at the peak of the early stage of the mysterious Ascension realm?

Huo yudie shook her head speechlessly and looked at Lin Yi again with a strange light in her eyes!

Although Lin Yi had shown his strength on the way here, even killing the pseudo-human vine in one move, to be honest, Huo yudie thought that no matter how strong Lin Yi was, he would at most be on the same level as her. No matter how strong a peak-level early nascent soul cultivator was, it was impossible for him to be stronger than a peak-level nascent soul cultivator. This was basic knowledge.

As for why Lin Yi was able to kill the pseudo-human vine in one hit, the explanation was simple. Plants were extremely afraid of fire, and in a dry and hot environment like this, his fire-element skills would be able to do twice the work with half the effort. Huo yudie felt that if she was also a fire-element master, it wouldn't be a problem to deal with the pseudo-human vine.

But now, after watching Lin Yi kill these three people so easily, Huo yudie finally understood that her previous thinking was too wrong. Lin Yi was above common sense!

A super genius who could fight an opponent who was several realms higher than him was just a legend. Even in the East Province Academy, where geniuses gathered, there was no one like him. But now, this legend was standing in front of her.

Huo yudie's heart was filled with shock. It was only then that she finally realized why Lin Yi was so calm when he was following Ren Zhongyuan and the others!

It turned out that this fellow had killed an expert at the great circle of the nascent Soul Stage as if it was a game. To think that Ren Zhongyuan and the others still acted like they were high and mighty experts, but in fact, they were just being watched as monkeys in a circus!

What kind of ruthless person was this! Huo yudie stared at Lin Yi blankly, and her mind started to run wild again. She wondered if this guy would kill her for the money when they found the Thunder mystical vine. Then, she wouldn't even have to take twenty percent of the Thunder mystical vine, and she would be able to take it all for herself.

Huo yudie was dumbfounded, and so was Xia luoluo, who was being protected by Qi Wenhan. Her eyes were wide open as she looked at the calm Lin Yi.

In fact, the news about Lin Yi had spread all over the South continent sea, and Qi Wenhan had mentioned it to her a lot. But hearing about it was one thing, seeing it with her own eyes was another! Previously, Xia luoluo would never have thought that the honorary escort leader that Qi Wenhan had mentioned would be so powerful to such a terrifying extent!

Qitian bodyguard agency actually had such a powerful backer! A peak early stage nascent soul cultivator wasn't a big deal, but a peak early stage nascent soul cultivator who could kill a peak stage nascent soul cultivator in seconds was a completely different concept. Even if you used your toes to think, you could figure out that as long as this kind of person didn't die halfway, he would definitely grow to become the top existence of the five sky-class islands in the future. There was no doubt about it!

Xia luoluo couldn't help but remind herself that she had to tell her father about today's incident when she got back. She was afraid that her father wouldn't agree to her relationship with Qi Wenhan, but after seeing Lin Yi's shocking performance, she was no longer worried.

As the head of the treasure ship transportation company, her father's vision was naturally better than hers. As the saying goes, when a man gets the way, his chickens and dogs will rise to the sky. Qi Wenhan's background and strength weren't weak, and now he had a strong external help like Lin Yi who could give him a golden core of the nascent formation. His strength was even more terrifying. No one would reject someone like this, let alone a businessman with a unique vision like her father.

"Hehe, looks like brother Ling owed me a lot of things in your previous life, and you're actually here to help me pay off my debts and get me out of trouble in this life!" Qi Wenhan laughed and gave Lin Yi a bear hug. Lin Yi's power was deeply rooted in his heart. Even the opening stage evil cultivator, West Mountain old sect, couldn't do anything to him, let alone a mere peak nascent soul realm!

"I think the three of them are. These three brothers are using their lives to create an opportunity for you two. Compared to them, who use their lives to change the rhythm of the battle, I'm far inferior. I'm just here as an extra to wrap up the battle." Lin Yi chuckled.

Chapter 4695 Then Forget It

Although he had lowered his voice, he didn't deliberately cut it off. When these words reached Xia luoluo's ears, she immediately blushed. Even Qi Wenhan, a forthright man, became a little shy. Their eyes met and then separated, but they couldn't help but look at each other. This feeling of being a thief made Lin Yi laugh.

Even Lin Yi, an outsider, could see that the relationship between Qi Wenhan and Xia luoluo had obviously gotten closer since the beginning of the trial. It was no longer just a little ambiguous. Just based on this point alone, the snow sword sect's young master Yin and his two followers had contributed greatly.

But Lin Yi didn't plan on letting these three "heroes" go just like that. Any test that didn't prohibit killing was the most basic thing to do. Lin Yi wouldn't do something like that, but he wasn't stupid enough to let go of an opportunity that came right to his door.

While Qi Wenhan and Xia luoluo were looking at each other, Lin Yi went up and searched the three bodies. He searched them up and down carefully. When he cleared out all the things, he couldn't help but curse them for being poor. What the hell were they carrying? they were just a pile of garbage!

Huo yudie, who had nothing to do, couldn't help but swallow her saliva as she watched Lin Yi take the items from the three men. These three were peak and late nascent soul realm cultivators, after all. How could people of their level carry trash on them?

These weren't all valuable items, but even Huo yudie thought that they were pretty good. Unfortunately, they weren't worth anything to Lin Yi.

He had been in a primitive place like Lufeng forest, where he had swept up a large pile of heavenly and earthly treasures like a lawnmower. At the same time, he had also plundered the good things of so many people. All that caught his eye were rare treasures such as infant ginseng, Wandu golden core fruit, and Star Ink milk. Unknowingly, his taste had been raised to the point of being sharp, which was why he did not take a fancy to these.

"Brother Qi, these three are your good fortune. Since they've delivered themselves to you, they naturally belong to you. Take these and put them away." Lin Yi gave everything to Qi Wenhan and Xia luoluo on the spot after he was done. He didn't keep a single piece for himself. To be more precise, he didn't like a single piece.

It wasn't strange for Lin Yi to say something like this when he could even take out something like the Golden core of a nascent soul so easily. Qi Wenhan and Xia luoluo looked at each other and couldn't help but be happy. After all, these things were quite good for them.

After all, the three of them were strong, and the items they found were treasures that early nascent soul realm Masters could only dream of. Lin Yi was an exception.

Huo yudie, on the other hand, pouted. This Lin Yi was so stingy when he talked about the share of profits with her, and he was so generous to his two friends now!

Among the pile of treasures that she had plundered, there were some rare items. She actually gave them away so easily. She still wanted them! She was just too embarrassed to ask after what Lin Yi had done ...

Qi Wenhan looked at Huo yudie, who was hesitating to say something. Lin Yi was generous, and it was reasonable for him to accept the gift as a brother, but he couldn't ignore the feelings of others,

especially a beautiful woman like Huo yudie who was by Lin Yi's side. Even if he couldn't help now, he couldn't be a pig teammate to Lin Yi.

"Is this Madam?" Qi Wenhan greeted Huo yudie with a smile. Without waiting for her to explain, he split the spoils of war into two. One was for him and Xia luoluo, and the other was for Huo yudie. He smiled, "Everyone who sees it will have a share. These are all brother Ling's gifts, let's split them."

"Ah? "I ... I don't want it anymore ..." Huo yudie's face reddened, and she forgot to refute the first part of Lin Yi's sentence. She waved her hand and quickly retreated behind Lin Yi.

"You want it?" Lin Yi finally saw through Huo yudie's thoughts and couldn't help but ask. He thought that with Huo yudie's strength and vision, she wouldn't be much lower than him and wouldn't be interested in these people's things. He didn't know that Huo yudie was purely judging others by herself. She thought that everyone was like him, having many fortuitous encounters.

"I ..." Huo yudie panicked when she saw Lin Yi's eyes on her face. She lowered her head and didn't dare to look him in the eye. She didn't know what to say.

"Then pick a few." Lin Yi said nonchalantly. As for Qi Wenhan's 50 - 50 split, it was unnecessary. First of all, he and Xia luoluo couldn't just split it 50 - 50, and with Huo yudie's vision, she wouldn't want a lot of things. At most, she would just pick a few.

"Forget it ..." Huo yudie shook her head and whispered.

"Oh, then forget it." Lin Yi didn't seem to mind.

"..." Huo yudie glared at Lin Yi. She was a girl! She was just being shy and rejecting him. As a man, couldn't he just ask one more time? If you asked me one more time, I would have taken advantage of the situation and accepted it, really!

Lin Yi couldn't see her face, but he could tell what she was thinking from her eyes. He couldn't help but smile. "I'll give you whatever you want. These are nothing."

If it was someone else who said something like this, Huo yudie would definitely scoff at it, but it was a completely different story for Lin Yi. At least the strength that Lin Yi showed was worthy of the promise.

"The supplementary ingredients for the elixir are in there. They're not very rare, but they're not easy to find either ..." Huo yudie looked at Qi Wenhan and Xia luoluo, blushing as she whispered to Lin Yi.

Even though she knew that Lin Yi and Qi Wenhan were very familiar with each other, she was still very cautious and didn't mention the Thunder mystical pill and Thunder mystical vine. After all, this was a huge matter. If it was accidentally leaked and people knew that there were Thunder mystical vines here, it would cause all kinds of problems halfway through and even lead to failure at the last step.

"Oh, you don't have to worry about that. I have all of those things." Lin Yi smiled as if everything was under his control.

From the first day he came to the Sky Class Island, he had been building a storage room. In two years, it had reached a considerable scale. Basically, all the supplementary materials for the mainstream elixirs were ready. At most, he would only need to obtain extremely rare natural treasures like the Thunder mystical vine by chance. He didn't need to spend much effort on other things.

Chapter 4696 Don't Think I Don't Know

"I won't stand on ceremony with brother Ling for this kind of matter. It would be impolite for us to decline, hehe." Qi Wenhan didn't push it anymore after Lin Yi said that. He knew Lin Yi's personality and strength. This was nothing in his eyes.

"Thank you, brother Ling." Xia luoluo blushed and walked over to thank Lin Yi. Since Qi Wenhan called him brother Ling, she could only follow suit.

"You're welcome. We're family anyway. " Lin Yi chuckled playfully, and Xia luoluo's face turned even redder. She quickly ran to Qi Wenhan's side to pack his things. She didn't refute him, which meant that she had begun to accept this idea from the bottom of her heart.

After Qi Wenhan and Xia luoluo put away their things and made sure that there were no other threats around, Lin Yi said goodbye, ""Alright, we won't disturb the two of you anymore. We're leaving."

"Oh, thank you so much, brother Ling. Be careful on your way back. Let's have a good drink after we return." Qi Wenhan nodded and couldn't help but look at Xia luoluo. However, their eyes separated as if they were electrocuted. Lin Yi's words were the only thing in their minds. A world for the two of them ...

Lin Yi smiled and waved his hand. He turned around and left with Huo yudie. Although it was good to meet Qi Wenhan and his wife here, it would be a waste of time. It was better to hurry.

After watching Lin Yi and Huo yudie leave, Qi Wenhan and Xia luoluo were silent for a moment. Qi Wenhan's face was red and his neck was thick with anger, but he couldn't say a word.

When he had been forced into a corner by young master Yin and the other two, he had acted like a tough man and pressed forward courageously. Unfortunately, in this kind of time when he was in love, he was actually shy and timid!

He couldn't bring himself to say the words he had said to young master Yin and the other two before.

Xia luoluo was a little shy, but she couldn't help feeling angry and amused at the same time. Fortunately, she had expressed her feelings at the critical moment just now. Otherwise, with this blockhead's personality, she didn't know how long it would take for them to be together.

"It's a good thing we met brother Ling this time, or else we'd be in real trouble. " Xia luoluo sighed and broke the silence.

"Yes ... Yes, I'm sorry, luoluo. I was too careless this time. I didn't notice that these three people had their eyes on us from the beginning. I didn't protect you well ..." Qi Wenhan's expression dimmed as he spoke.

This time, it was really his negligence. As a person who came from a chaotic place like the South continent sea, his sense of crisis was much stronger than that of ordinary cultivators. However, when he thought about spending time alone with Xia luoluo, he couldn't control his mind and couldn't pay attention to these hidden dangers.

Originally, after leaving the canyon, everyone had split up and gathered based on their luck. He and Xia luoluo's luck was pretty good and they quickly discovered a unique local treasure. However, they did not expect that it would become the source of trouble because they had been targeted from the beginning.

"No, if it wasn't for you, I would have been defiled by these three beasts." Xia luoluo shook her head. After a moment, she suddenly whispered, ""I really like what you said just now."

"Ah? Which words?" Qi Wenhan didn't come back to his senses for a moment and asked stupidly.

"Stupid!" Xia luoluo stomped her feet speechlessly and rolled her eyes at this silly boy who didn't understand romance. She was a girl, how could she have the nerve to repeat those words? she could only change the topic and say, ""If I remember correctly, the girl with the veil just now should be a disciple of the East continent's proud of dawn Academy, right? is brother Ling an old acquaintance of hers?"

"I don't know. It doesn't look like it. I only know that brother Ling's two female friends are Wang Xinyan and Huang xiaotao. They're both at the Morning Star Academy." Qi Wenhan shook his head.

"Oh, really? But why do I feel like there's something going on between them? if they've only just met, how could they progress so quickly?" Xia luoluo couldn't help but wonder. Although it wasn't obvious, the little ambiguous actions between Huo yudie and Lin Yi just now couldn't escape her eyes. Moreover, it seemed like Huo yudie was the one who took the initiative!

"Really?" Qi Wenhan was stunned for a moment before he reacted. He couldn't help but say with envy, ""No wonder you're brother Ling, you're so cool, even the East province's pretty girls are in love with you, no wonder Wang Xinyan and Huang xiaotao are all hell-bent on following him, tsk tsk!"

"What's wrong? You sound very envious, don't you?" Xia luoluo turned to look at Qi Wenhan and said in an inexplicable tone.

"As long as it's a man ..." Qi Wenhan subconsciously took over. He only reacted when he sensed the killing intent. His mind was quick for once. "None of them can be like brother Ling! A person like brother Ling only appears once in a few thousand years, how can I compare to him? I'll be satisfied with just one person, and I'll die without regrets!"

"Hmph, that's more like it." Xia luoluo's lips curved into a smile. Although she had disguised herself, the amorous feelings she revealed at this moment still made Qi Wenhan completely stunned. She was devastatingly beautiful.

Seeing Qi Wenhan's expression, Xia luoluo couldn't help but lower her head shyly and mumbled softly, what a fool ...

On the other side, Huo yudie followed Lin Yi for a while before finally opening her mouth, ""Hey, you won't kill me after we find the Thunder mystical vine, right?"

Lin Yi, who was leading the way, lost his balance and stumbled-he was completely shocked by this girl's wild thoughts!

Lin Yi turned back, speechless as he looked at the girl. He didn't know what she was thinking, but he said mischievously, "If you want to kill, you should first rape before killing ..."

"Ah ... I see ... Then can we just rape and not kill?" Huo yudie said as she blinked her eyes.

"Pfft! Cough, cough, cough!" Lin Yi felt his breath hurt-he'd just thought that this girl's train of thought was weird, but now it was completely different.

Only prostitution and no killing? Was this an answer a normal girl could come up with? Wasn't it the right way to be like Xia luoluo, who would rather die than submit? Or was it that the East Province was more special and had been taught this way since young that keeping one's life was more important than reputation and integrity?

"Hmph, don't think that I don't know that you're not the kind of person who kills people casually. If you're really that brutal, you would have killed Ren Zhongyuan and the others long ago!" Huo yudie said with certainty.

It was true that Lin Yi had killed the three snow sword sect disciples without batting an eye, but the other party deserved to die. Even Huo yudie would have done the same.

Chapter 4697 I Can't See Either

On the contrary, Lin Yi was calm and collected from the start to the end when he faced the mockery from Ren Zhongyuan and the others. He didn't have the intention to argue with these ignorant people at all, which was extremely rare!

At least, if she was in Lin Yi's position, she wouldn't be so calm. Even if she didn't kill him on the spot, she would at least teach him a lesson.

He clearly had super strength, but after being ridiculed in front of others, he could still follow behind like nothing had happened. How strong was his heart?

They didn't know that there was a proper term for this-pretending to be a pig to eat the Tiger. Lin Yi had been an expert in this field ever since he stepped out of the sect. If he could get angry over a few so-called geniuses who thought they were extraordinary, then all the training he'd done before would be wasted.

"Alright, I really have to give it to you!" Lin Yi smiled and looked at the girl. "Hurry up and leave. You're not shy anymore?"

"You still dare to say that!" Huo yudie's pretty face turned red. This guy really touched her sore spot. After the previous episode, she had finally forgotten about the embarrassing scene. But in the blink of an eye, this guy brought it up again. It was really infuriating!

Seeing Huo yudie walking in front of him, Lin Yi could only shake his head speechlessly. What was going on? why did this girl suddenly become so tough?

A woman's heart was like a needle at the bottom of the ocean. This saying was not false at all. Men could never figure out what a woman was thinking, because this in itself was an unsolvable proposition ...

As they continued to move forward, Huo yudie took the lead again. With her peak nascent soul realm strength, as long as she wasn't distracted, she had no problem clearing the way. Not to mention, she had Lin Yi behind her, protecting her at all times. Basically, if there was any danger in front, he would kill it before Huo yudie could react. Therefore, with her strength, there was no threat on the way.

After a few hours, the sky gradually darkened again. A blood-colored crescent moon appeared in the sky. It was hazy, giving people the feeling that the moon had hair.

Lin Yi raised his head and pinched his chin, mumbling, "Moon hair? And with such a strong blood aura? This is not a good sign!"

However, on second thought, the land under his feet was the ruins of an ancient battlefield. To put it bluntly, it was a Super Mass grave since ancient times. Killing Qi, evil Qi, and corpse Qi were all gathered in one place. It could even be said to be the most dangerous place in the world. It was normal for the so-called Blood Moon to appear.

Lin Yi didn't take it to heart-these things were only used to scare kids. However, Huo yudie, who was walking in front of him, couldn't move at all after hearing what he said. She was a peak nascent soul practitioner, but she was still a girl. No matter how strong she was, she was still afraid of these things.

Especially the Blood Moon above their heads, it was terrifying no matter how you looked at it. She was walking in front of Lin Yi with big steps and was at least five feet away from him, but after Lin Yi mumbled that, she suddenly landed in front of him. It was less than five feet in front of him, and he could've stepped on her heel if he wasn't careful.

Even so, Huo yudie still insisted on walking in front. However, after walking for a while, the light around them became dimmer and dimmer. Even the Blood Moon hanging in the sky was looming and gradually disappeared into the thick clouds.

After a while, there was no more light around them. This was the darkness before dawn.

"You ..." Huo yudie couldn't hold it in any longer and said weakly, ""Can we leave after a while? I'm a little tired."

She'd unknowingly fallen behind Lin Yi as she spoke-there wasn't even a bit of light around them, and she didn't have the courage to continue leading the way. Even following behind Lin Yi made her feel a little scared.

There was no light, and unless she used her spirit sense like Lin Yi, she couldn't lock onto Lin Yi's position, even if he was less than ten feet in front of her.

Unfortunately, she wasn't Lin Yi. She didn't have an endless supply of spiritual Qi, and her spirit sense wasn't as strong as Lin Yi's. If she had to use her spirit sense all the time during this normal journey, her essence spirit would collapse halfway, let alone finding the Thunder mystical vine.

Fortunately, Huo yudie had a special talent compared to normal practitioners. She could follow Lin Yi's scent, but this method only gave her a rough idea. She couldn't lock onto him as accurately as her divine sense, so she was still a little nervous.

"Are you tired?" Lin Yi, who was walking in front, was stunned. He didn't turn around but used his divine sense to check out Huo yudie. He saw her trembling slightly and immediately understood what was going on. He couldn't help but laugh, "Are you afraid?"

"You're the one who's afraid. I've gone through so many trials in the past, and many of them were more dangerous than this. This is nothing!" Huo yudie said stubbornly.

"Oh, then let's rest for a while." Lin Yi found it funny, but he didn't insist. Since yudie was scared, he might as well stop and rest for a while. The darkness before dawn was only for a short while anyway, and the sun was about to rise.

"Well ..." Huo yudie was relieved. She immediately sat down on the ground, hugging her legs. She was the morning Pride and beauty, but she was not a pampered young lady. She had long been used to sitting on the ground in the wild.

After a moment of silence, Huo yudie felt that Lin Yi was still standing next to her, looking down on her. She frowned and pouted, ""What are you doing standing in front of me? Are you trying to peek at my collar?"

"Pfft!" Lin Yi almost choked on his breath again-he didn't know why, but the more he interacted with this girl, the more she'd come up with some random idea, and he didn't know whether to laugh or cry."What can you see in this dark and windy night?"

He couldn't even see the person in front of him clearly, and he could still peek at his collar. What kind of strange logic was this?

"Hmph, other people can't see it, but maybe you can!" Huo yudie pouted.

"Uh, you're overestimating me. My eyes aren't specially trained like your nose. Don't worry, I can't see what you can't see." Lin Yi said helplessly.

"That's just your side of the story. I don't dare to believe it. What if you're just saying that, but you're actually just standing there and peeking unscrupulously? I won't even be able to notice it. It's too unsafe." Huo yudie said firmly.

Chapter 4698 Matters Of The Secular World

"Then what do you suggest we do?" Lin Yi was completely helpless-the girl's clothes were all wrapped up from top to bottom, and while her figure was alluring, it was impossible to get any sort of eye-candy on her body-she was still scared of him peeking at her collar? Especially in such an environment where you couldn't even see your fingers?

"Sit down, but don't sit too far away from me. If you sit too far away, who knows if your place is higher?" Huo yudie said after thinking for a while.

"Alright, I really have to give it to you." Lin Yi didn't have the energy to comment on this, so he sat down beside her. He couldn't help but wonder what was wrong with this girl's brain, why was her way of thinking so different from normal people?

In fact, Huo yudie's face was also red at this time. She didn't know why, but she just wanted Lin Yi to sit with her for a while, and that's why she racked her brain for so many strange reasons. It wasn't that she was crazy.

The moon was dark, and the wind was strong. There was no one around, and Lin Yi and Huo yudie were almost sitting side by side. Neither of them spoke, but they could clearly feel each other's breathing and heartbeat. It was a very subtle feeling, as if the distance between the two of them had unknowingly closed, especially when the awkward and ambiguous scene from before flashed in their minds. The atmosphere couldn't help but become a little charming, making people's faces blush and heart race.

Huo yudie quickly shook her head. If she continued to let her imagination run wild, she would probably burn her brain. Why did she keep thinking about such embarrassing things when she was with this guy?

"What are you doing?" Lin Yi turned to look at her, confused. It was dark, but he could clearly feel the girl shaking her head. Could it be that the poison hadn't been completely removed from her body, and there were side effects?

"No... I'm not doing anything ..." Huo yudie was shocked. She quickly denied it with a red face. "There are mosquitoes here."

"A mosquito?" Lin Yi froze-there were mosquitoes in this barren land? Even if there was, his spiritual awareness had always been on, and any movement within a radius of a thousand feet could not be hidden from the omnipresent spiritual awareness, so how could he not sense it?

"Yes, mosquitoes!" Huo yudie was afraid that Lin Yi would continue to question her, so she quickly changed the topic, "Do you know that I don't know who my parents are since I was a child? I was able to survive thanks to master who found me in the wild. Otherwise, I would have been an abandoned child and would have died without a corpse."

"Oh, I'm about the same as you." Lin Yi nodded. He didn't think that this girl would have a background like this. They were in the same boat.

"You? Didn't you come from the secular world?" Huo yudie was surprised, but then she realized that she had asked a stupid question. Whether or not he was from the secular world had nothing to do with his background. If there were abandoned babies on Sky Class Island, there would naturally be abandoned babies in the secular world.

"Yes, I have a half-master, half-elder grandfather in the secular world. He taught me all kinds of things, including medical skills and so on. I was tortured by him a lot back then, hehe." Lin Yi couldn't help but feel emotional-he'd been on Sky Class Island for so long, and he wondered how old Lin was doing.

However, what made him feel more at ease was that from the replies from the secular world, old Lin was living quite freely in West Star Mountain village, and aunt Qing was finally with him. From this point of view, the old man was actually quite blessed, and there was really nothing to worry about.

"Me too. Master treats me the same way. Without her, I wouldn't be who I am today." Huo yudie nodded. With such a similar background, she suddenly felt that the distance between her and Lin Yi was even closer. They might have a lot in common. After a pause, she asked, ""Do you want to go back to the secular world? Is this place better or the secular world better?"

"Naturally, it's the secular world," Lin Yi replied without hesitation. Of course, in terms of strength and training conditions, ten thousand worlds couldn't compare to One Sky Class Island, but he still believed that the world was where he was.

He wouldn't be here without the secular world, and he wouldn't be where he was today. Plus, most of the girls he missed were in the secular world, and the Miss and the others were still waiting for him to save them. No matter what, he had to go back to the secular world, no matter what it took. This was his biggest wish and goal!

"Why? Is it because there are rich kids and universities there?" Huo yudie suddenly asked curiously.

"Pfft ... Both ..." Lin Yi almost choked again. Why was this girl so obsessed with dumb rich guys? he only mentioned it casually at the beginning, but she still remembered it. As for University, it was probably because of his casual mention that she remembered it.

However, just from this, it could be seen that this girl was quite interested in the secular world. She felt like she was similar to Shangguan LAN 'er, the kind of person who was full of fantasies and visions for the secular world.

"No wonder that Ren Zhongyuan likes to go to the central Chamber of Commerce to buy some strange things. He said that they are all imported goods from the secular world and are very useful. They seem to be very popular recently." Huo yudie could not help but think of the camera.

It was something that Ren Zhongyuan had spent a lot of money to buy for her. When he first said that he wanted to give it to her, she was actually very interested and almost accepted it on the spot. However, in the end, her disgust for him prevailed. She gritted her teeth and pushed the camera back. Although she did not regret it now, she still felt a little regretful.

"Yes, you can say that." Lin Yi nodded. The biggest use of the central Chamber of Commerce was to bring a wave of technology to Sky Class Island. It raised the status of the common world on Sky Class Island by a huge margin. Now, when people talked about the common world, at least no one would say that they were useless.

These technological products, on the other hand, weren't as useful to practitioners as divine weapons or pills, but many of their functions were still very practical-this was something even the big shots on Sky Class Island had to admit. In some aspects, even high-level practitioners couldn't compare to them, like the camera and the phone Lin Yi had with him.

No matter how powerful one's divine power was, it could only read other people's divine sense at most. It couldn't be like a camera that could take a picture for others to see and use it as evidence, right?

Chapter 4699 Take Me There If You Have The Chance

As for the phone, Lin Yi hadn't tested it out yet, but long distance communication was impossible without it. The thousand-mile sound transmitter was just a legend, and no one had seen it in real life. Strictly speaking, the phone was the real one.

"If there's a chance ..." Huo yudie suddenly stopped talking.

"What?" Lin Yi frowned, waiting for her to continue.

"If there's a chance ... You can bring me ..." Huo yudie still wanted to say something but stopped. The more she spoke, the more shy she became. In the end, her voice was so low that it could not be heard. Perhaps only she could guess it.

"What?" Lin Yi turned to look at her, confused. It was dark, but he made that gesture subconsciously. What was this girl trying to say?

He was being so coy. Could it be something very embarrassing? They did have that awkward moment together, but Lin Yi felt that this girl was still a traditional woman!

"If there's a chance ... Can you ... Bring me to the mortal world ..." Lin Yi couldn't help but let his thoughts run wild. Huo yudie finally finished her sentence, but her voice was so soft that even Lin Yi had to struggle to understand.

"You want to leave the mortal world?" Lin Yi couldn't help but be surprised. This sentence was a little familiar. He remembered Shangguan LAN 'er saying something similar before.

"It's fine if you don't want to. I'm just curious." Huo yudie pouted and said.

"Haha, of course you can go, but I'll have to make it back first. It's not easy to get to Sky Class Island from the common world, and it's even harder to get back to the common world. We'll see when the

time comes." Lin Yi sighed. The girl's brain was a little weird, but he didn't hate it. At least from the bottom of his heart, he was starting to see her as a friend, not just a partner for profit.

"Yeah, I've never heard of anyone being able to go back ..." Huo yudie quickly explained when she heard Lin Yi's sigh, ""I'm just saying it casually. I don't mean anything else. Don't take it seriously. "

"Since you've already spoken, how can I not take it seriously? Let's see if there's a chance. If I can go back, I'll call you. " Lin Yi said with a smile. It was indeed difficult to return to the common world from Sky Class Island, but from the information he had so far, the success rate wasn't as low as he thought.

There were at least three ways to go-the first, which was also the most likely and most reliable one, was to find Zhang Liju. The ghost's experience had proven that he had a reliable way, and with his relationship with Zhang Liju, as long as he could find him, he believed that he wouldn't reject him immediately. The only problem was when he would be able to meet this mysterious legendary figure.

As for the second option, it was the central Chamber of Commerce. It was clear that the central Chamber of Commerce had a way to travel between Sky Class Island and the secular world. If he could find out the truth, Lin Yi would have a chance. However, this option was much harder than the first one. After all, there were many strong people in the central Chamber of Commerce. Lin Yi might be able to kill a xuansheng master in seconds, but if he really went in, he'd be dead in minutes.

As for the third method, it was han Jingjing. It was a little impossible for her to figure out the secret of the teleportation formation between Sky Class Island and the secular world, but all of her previous research was a miracle. As long as she had the time and conditions, Lin Yi didn't think it was impossible.

"Okay ..." Huo yudie couldn't help but feel a little happy. Although she knew that she wouldn't have much interaction with Lin Yi after the test, she was still looking forward to it after hearing this. It would be great if she could go to the common world with this guy.

As the two talked, the sky started to brighten up. The visibility was still low, but at least it wasn't as dark as before. After talking to Lin Yi for a while, Huo yudie was no longer afraid, and the two got up and continued on their way.

However, not long after he left, Lin Yi suddenly heard a soft gurgling sound beside him. He couldn't help but look towards the source of the sound and saw Huo yudie holding her stomach with her head lowered and her face red. She was just trying to find a hole to hide in.

"You're hungry?" Lin Yi's lips curled up.

"Cultivators don't need to eat, I'm not hungry!" Huo yudie still kept her head down and did not dare to face anyone, but her tone was quite firm.

"Hehe." Lin Yi shook his head with a faint smile. Practitioners could go without food, but that didn't mean that they didn't eat. It was an innate ability, and even if they weren't hungry, they'd still have this reaction after a long time. Huo yudie's stomach growling was proof of that.

If practitioners really didn't eat, then all the high-class restaurants on Tianjie Island would've been closed long ago. They wouldn't be able to see food everywhere. To Lin Yi, the food here wasn't any worse than the food in the common world, and some of them were even sold at a very high price.

Lin Yi suddenly took out some exquisite and delicious pastries and handed them to Huo yudie,""Here, satisfy my craving."

"Where did you get that from?" Huo yudie's eyes suddenly widened in disbelief. Her throat moved continuously, and she almost drooled.

"It's just a trick. " Lin Yi smiled mysteriously.

"Ah?" Huo yudie couldn't help but be surprised. She'd been looking at Lin Yi the whole time, and the guy didn't bring anything with him-not even a normal backpack. He came empty-handed, and it wouldn't be strange if he brought some small, personal treasures, but where did these exquisite pastries come from? It couldn't really have appeared out of thin air, right? he had never heard of such a divine ability in the world, right?

"Alright, don't be silly. If there's something ready-made, hurry up and eat it." Lin Yi said as he started eating.

"Wait, leave some for me!" Huo yudie couldn't wait to eat it, so she didn't think about how Lin Yi made it appear. She quickly grabbed a piece from Lin Yi's hand and started eating.

Not only was the design of the pastry exquisite and unique, but the taste was also very delicious. What was rare was that it was very fresh. One might not even be able to eat it in the bustling downtown area, let alone in this desert area.

Chapter 4700 The Ancient Battlefield

Lin Yi couldn't help but smile as he watched Huo yudie carefully eating. These exquisite pastries were actually something he had casually put into the Jade space from the Western island's envoy's residence. Since the space was very big, he just put whatever he saw in it casually, just in case.

The two of them finished the desserts Lin Yi took out, and after finishing, Huo yudie wiped the corner of her mouth as if she still wanted more. At this time, Lin Yi suddenly said, ""Do you still want more?"

"Ah? You still have more?" Huo yudie was shocked again. She looked at Lin Yi up and down as if he was a monster. What was this guy made of? he didn't even carry a bag when he was out, how could he hide so many cakes?

"There is. If you want to eat, you will definitely be full." Lin Yi nodded.

"Uh ... I don't think so ..." Huo yudie shook her head after some hesitation. Eating was just a habit for her to satisfy her cravings. There was no need to eat too much. A girl eating so much in front of others would be laughed at. For some reason, she didn't want to be laughed at by Lin Yi.

"Oh, then forget it." Lin Yi didn't care as he put it away. Huo yudie was depressed again. Why was this guy always like this? couldn't he just ask again? didn't he know that girls should be more reserved?

What the hell was this girl doing? Lin Yi couldn't help but shake his head as he watched Huo yudie walk away in a Huff. Women were difficult to understand, and this girl kept changing her attitude.

However, Lin Yi didn't need to understand it. He was with Huo yudie purely for the Thunder mystical vine. As long as it didn't interfere with this ultimate goal, he didn't care about the rest.

The two of them continued on their journey. In the end, after walking for less than two hours, the scenery in the distance suddenly changed. The place was completely different from the barren scenery in the surrounding areas. It was lush and green, like a paradise on earth.

"An oasis?!" Lin Yi was overjoyed-anyone would be overjoyed to see a rare oasis after walking in this desert for two days.

For ordinary people, seeing such a verdant oasis in the desert was no different from grabbing onto a life-saving straw!

It wasn't that exaggerated for a practitioner like Lin Yi, but his mood was lifted instantly. Just looking at it from afar made him feel refreshed.

Huo yudie's reaction was much more direct than Lin Yi 's. After exclaiming in excitement, she immediately ran towards the direction of the Oasis. After walking in the desert for two whole days, sitting and lying on the sand, she was covered in dust from head to toe. The thing she wanted to do the most now was to find a spring and take a good bath.

Lin Yi didn't stop her. It was dangerous for Huo yudie to run like this, but it wasn't a big problem with him watching her from behind. His divine sense had already covered the area, so he would be able to detect any danger early.

The two of them quickly approached this rare oasis. Huo yudie was eager to rush in, but when they were about a thousand feet away, she suddenly stopped and frowned as she looked ahead.

"Why are there so many people?" Lin Yi stopped beside her, surprised. He couldn't see anything from a distance, but as he got closer, he realized that there were dozens of people gathered in this small oasis. They didn't split up, either, as if they were having a gathering.

"What ... What should we do?" Huo yudie couldn't help but turn to look at Lin Yi nervously. She didn't know when it started, but she subconsciously treated Lin Yi as her backbone.

"Could they also be here for the lightning mystical vine?" Lin Yi said, looking at her. The people here were all participants, and there was only one thing that could gather them together-a treasure. And it couldn't be a normal treasure. Only rare treasures like the Thunder mystical vine could cause such a big commotion.

"I don't think so!" Huo yudie thought for a moment and said,"although this ancient battlefield is known to the world, the information about the Thunder mystical vine has always been confidential. Only a few people know about it. Unless someone has an ulterior motive to spread it, it is impossible for so many people to gather here. If we really want to cause such a commotion, the higher-ups of the West Island will definitely make a move."

"Hmm, that makes sense." Lin Yi nodded. The Thunder mystical Vine's existence was a rare strategic resource for the entire West Island. It was fine if only a few people knew about it, but if the news spread like wildfire, the West Island would definitely fall into chaos. Ning Shangling might even give the order to kill, and by then, none of these practitioners who knew about it would survive. This was related to the core interests of the entire West Island, and they couldn't be merciful.

"Although we took the shortest route, we were still delayed for a day. Therefore, these people must have come here from other directions. Don't worry, this place is still far from the Thunder mystical vine." Huo yudie comforted.

"That's good. " Lin Yi let out a breath of relief and frowned."But something must have happened there. Otherwise, it's impossible for so many people to gather there. We'd better be careful,"

"Yes." Huo yudie's expression was also serious. Although the Oasis would naturally attract people to stop, the fact that so many people had gathered here for no reason meant that it was definitely not a small matter. Even if it had nothing to do with the Thunder mystical vine, they could not take it lightly.

"This is the only way, right?" Lin Yi asked.

"That's right. Our destination is after the 10000-year Canyon, and this oasis is the only entrance to the 10000-year Canyon." Huo yudie nodded.

"Then there's no other choice. Let's go, just be careful." Lin Yi said as he led the way. There had to be something wrong, but as he'd said before, a test of this level wasn't difficult at all-it was just a matter of luck.

As for the danger, if he could not deal with it with his strength, the other cultivators would have been dead long ago.

Huo yudie carefully followed behind Lin Yi. She wasn't nervous at all. Instead, she was intoxicated by the sense of security. Although this old-school man was unromantic most of the time, she had to admit that he gave people the feeling that he was very reliable.

The two of them entered the Oasis with caution. As soon as they entered the shade of the trees, they felt a refreshing feeling that made them feel comfortable from head to toe. The fatigue from the previous journey was swept away in an instant, and their entire body and mind could not help but relax.

"I didn't expect the spiritual Qi here to be so dense." Lin Yi mumbled, surprised.
