

## Bodyguard 4701

### Chapter 4701 Leaving A Toll

Although the concentration of spiritual Qi in this place could not be compared to that of the five poisons swamp, it was still very rare. It was even better than some of the specially built cave abodes on the North Island.

"This oasis is the throat of the 10000-year-old Canyon. All the spiritual Qi that enters and exits the canyon will gather here. That's why it's so rich. It's also because of this that this oasis appeared. Otherwise, it would definitely be a desert." Huo yudie explained behind him.

It was clear that this girl had done her homework in order to get the Thunder mystical vine. After all, unlike Lin Yi, the ancient battlefield was still very dangerous for a peak nascent soul realm master like her.

The area of this oasis was not large, with a radius of only a few hundred meters. However, at this moment, dozens of high-level cultivators had gathered in this small place. Except for a few Masters of the jiedan stage, most of the others were Masters of the Yuanying stage, which was the mainstream strength of this trial.

These people were gathered together at this moment, as if they were facing something together. Each of them had a serious expression on their faces. Could it be that there was a terrifying spirit beast blocking their way?

Lin Yi and Huo yudie's appearance didn't cause any commotion, and they didn't attract anyone's attention. Everyone's attention was focused on the empty space in front of them. There wasn't any terrifying spirit beast there, but a group of cultivators. However, this group of people all had fierce auras, and they were definitely not friendly.

Lin Yi followed everyone's gaze and looked forward. His eyelids twitched unconsciously, and his heart was extremely shocked. The leader of this group was a fierce man with a knife scar on his face. He was a master of the xuansheng stage!

Lin Yi couldn't help but rub his eyes.

Wasn't it said that only Yuanying stage experts and below could enter this place? otherwise, it would be impossible to pass through the transportation formation. Then, what's the matter with this xuansheng stage expert? This ferocious aura that was far above that of a Yuanying stage master, it couldn't be fake, right?

Even if there was someone who could fake their aura, it wouldn't be able to hide from Lin Yi's eyes. From head to toe, he could see that this Scarface was a true xuansheng stage master. Although he was only at the peak of the early xuansheng stage, this guy appearing in a place like this was already a huge news!

"How is it? Was there anyone else who wanted to pass? If you want to pass, quickly take out the toll. As long as you take out enough heavenly treasures, I'll let you pass! Don't worry, this 10000-year-old Canyon behind me is a primitive land that few people tread on. There are countless natural treasures inside, so it's very easy to earn back my capital, hahahaha!" The scar-faced man laughed wildly.

Lin Yi and Huo yudie immediately understood what was going on-these people weren't here to fight for any treasures, but to meet a Mountain King!

According to Huo yudie, the 10000-year-old Canyon was a rare treasure land in the ancient battlefield. Because of the unique environment, there were far more heavenly treasures here than in other places. If one were to try their luck in the desert, they might not be able to find a heavenly treasure in ten days

to half a month. However, in this 10000-year-old Canyon, it was said that as long as one walked patiently for a day, they would definitely find something.

In addition, the judging criteria for the West Island trial was the heavenly and earthly treasures. Naturally, any trial-taker with some information would try to come here. Only people like Ren Zhongyuan who had other intentions would let go of this legendary treasure land.

Now that this Mountain King had occupied the only entrance here, it was equivalent to holding onto the weakness of everyone present, and they could only obediently let him slaughter them.

After all, they were all nascent soul cultivators, and there was no way they could do anything against a violent xuansheng master. After all, there was no one else like Lin Yi on the five Sky Class islands, and who could cross a realm and challenge a xuansheng master?

"How hateful! If this guy was alone, with so many of us together, I believe that even if he was a xuansheng stage expert, he wouldn't be able to hold his own. It's a pity that he has so many followers!" One of the men not far from Lin Yi said in a low voice.

"What can we do? we're really unlucky to have met this scar-faced man. It looks like we're done for at the trial. The princess of the West Island has such a good opportunity to find a husband. Sigh ..."

Another person sighed.

"Why would this Scarface appear in a place like this? I thought xuansheng stage experts were not allowed to enter?" Lin Yi hid behind them and asked.

"Heh, another new unlucky fellow." The man turned to look at Lin Yi, and his eyes lit up when he saw Huo yudie. He was wearing a veil, so he didn't act like a pervert. He just shook his head and smiled bitterly, "I heard from the people who came here the earliest that this Scarface was already at the bottleneck of the great circle of the original level during one of the trials. In the process of the trials, he encountered some kind of fortuitous encounter and accidentally broke through, so he can't get out. He can only be trapped here and be the King of the Mountain."

"I see." Lin Yi subconsciously looked at Huo yudie. This girl was also at the peak of nascent soul realm. Could something like this happen to her? this place was really dangerous, even a rare breakthrough could cost him his life ...

"That can only mean that he's not strong enough. It's a compulsory course for all the disciples of the East Province Academy to control their strength and realm, and it's the most basic one. If he can't even do this, it means that he's only lucky to reach his current realm. His strength is seriously lacking." Huo yudie rolled her eyes.

"Is this young lady from the East Province?" The man looked at Huo yudie again and saw that Huo yudie was too lazy to talk to him. He could only smile bitterly and said, "That's right, but Scarface is a genuine peak early stage mysterious Ascension cultivator. No matter how strong a Yuanying cultivator is, they're just noobs in front of him. The situation is more powerful than the person, so what can we do?"

"Yes, according to Scarface, he has been here for more than a hundred years. The group of people around him have come back late every time, so they can't get out, so they have been recruited by him one by one and become the Overlord of this place. These people are all desperadoes, not to be trifled with!" The people around him said with lingering fear.

"In your opinion, if we want to pass through this place to reach the ten thousand year Grand Canyon, we must give him some heavenly treasures?" Lin Yi asked again.

"If you're passing by, you have to leave some money. This is the rule set by this great king Shan. If you don't have the strength to resist, don't you have to give him heavenly treasures?" One of them said.

#### Chapter 4702 There's A Bird That Stands Out

"Otherwise, you might as well not go to the ten thousand year Grand Canyon, and they won't be able to stop you. However, this way, it will be very difficult to gain anything from this trial. In my opinion, you should just obediently do as you are told. This way, you should be able to earn back your capital when you enter the ten thousand year Grand Canyon, and maybe even have a burst of luck!" Another person said with hope in his heart.

"Are you stupid? How dare you believe Scarface's vicious words? There are indeed good things in the ten thousand year Canyon, but do you think you can just pick up those natural treasures? you can't even imagine how many terrifying things there are. Even if you can enter, it's hard to say if you can come out alive, and you still want to earn back your investment?" Someone next to him scoffed.

"That's right, do you know how big Scarface's appetite is? Even if you went in, even if you were really lucky enough to find something good, wouldn't he search again when you came out? would he let you go so easily? Can't you use some of your brain?" The people at the side echoed.

Hearing this, the nearby cultivators' faces turned extremely ugly. This was the truth. Scarface was definitely not a kind and honest person. If he let you in, he would plunder everything. If he let you out, he would also plunder everything. This was something that could be thought of even with his toes. They were all working for him for free, and they had to risk their lives. What was the point of doing this?!

"What else is there to say? we can only avoid this damn place. Even if the harvest is less, it's better than sending it to the door for Scarface to plunder. I'm not stupid!" Some people immediately had the intention to retreat.

Many people had the same thought, but not all of them were willing to retreat. After all, once they retreated, they would only be able to find a needle in a haystack in the desert. It was better to take a risk and seek wealth in danger!

Sure enough, while everyone was talking in low voices, a man in gray suddenly jumped out of the crowd, instantly attracting everyone's attention.

"I'm Duan Wuzong of the Nakajima thousand-blade sect. I don't have any valuable treasures on me, and that's why I have to go to the ten-thousand-year Grand Canyon. I hope you can make it easy for me. I believe you don't want to fight to the death over such a small matter, right? it won't look good for either of us." As the man in gray spoke, he revealed a powerful and overbearing aura. He was an expert at the peak of the original level.

Duan Wuzong's appearance immediately caused an uproar. Everyone's eyes were wide open. The reason they had been stuck here was because they lacked a leader, but he had finally appeared.

"Yo, it seems like a tough one has come, and he's ready to challenge me all by himself?" Scarface glanced at Duan Wuzong in disdain.

"I don't dare. Whether the others live or die has nothing to do with me. I just want to trouble you to open the door for convenience. After all, if we really fight, it's not a good thing for you and me if both sides are injured. Maybe someone will take advantage of the chaos, don't you think?" Duan Wuzong's tone was filled with undisguisable pride.

"Hehe, this guy is going to step into a mine." Lin Yi shook his head with a faint smile. Judging from his aura, this Duan Wuzong from the thousand blades sect was indeed a rare master. He was one of the most outstanding ones among the peak nascent soul realm cultivators, so it was normal for him to have

such pride and confidence. Unfortunately, his opponent was a peak early mysterious Ascension realm cultivator, after all, and he wouldn't fall for this trick.

"You're not optimistic about him?" Huo yudie couldn't help but ask curiously. In her opinion, this person was very strong. Just as he said, if they really fought, even if both sides didn't end up badly injured, he would definitely cause a lot of trouble for Scarface. Scarface might really let him go because he was afraid of him.

"Of course, Scarface and his gang are small in number, so they're only able to suppress so many people by intimidating them. If he were to be the first, do you think so many people here would still be trembling in fear and not dare to move? Once the situation goes out of control, even Scarface will not be able to control it. Then, he will be a complete failure as the King of the Mountain. " Lin Yi analyzed.

"What will he do?" Huo yudie asked thoughtfully.

"Of course we'll annihilate this Duan Wuzong with lightning speed. As long as we can establish our might in one fell swoop, no one here will dare to resist him anymore. They'll just obediently allow him to loot the place." Lin Yi smiled faintly. He didn't think about himself when he said that. A peak early stage mysterious Ascension realm master might be a threat to others, but he had killed a mysterious Ascension realm master before, and it was an instant kill.

Scarface made his decision before Lin Yi could finish his sentence. He laughed, "Hahahaha, I've occupied this place for so many years, and not many people have dared to threaten me in my face. You're interesting, Duan, but unfortunately, you've made the wrong decision. Hmph, do you think I'm a coward who's afraid of being threatened?"

After saying that, the scar-faced man suddenly let out a long howl and immediately attacked.

Duan Wuzong was shocked to see this. He hadn't stepped forward to clash head-on with the Scarface. He had only wanted to make the latter feel that he wasn't to be trifled with and retreat in the face of difficulties. Who would've thought that the Scarface wouldn't even spare him a glance? now that he was in a situation where he couldn't back down, he could only brace himself and accept the challenge.

Clang! Clang! Clang!

With a series of ear-piercing metal clanging sounds, a pile of divine weapons suddenly appeared on Duan Wuzong's body. He had all kinds of swords, Spears, and halberds, and there were thirteen of them in total. It was unknown how he carried them around, but they all hovered around him in an astonishing formation.

The crowd instantly gasped. Although they had yet to officially fight, Duan Wuzong was indeed powerful. It was truly inconceivable that he could control thirteen weapons at the same time. If an ordinary expert were to fight him, wouldn't they be killed by these weapons in a matter of minutes?

"I've long heard that the thousand blades sect's martial arts techniques are unique. It's said that the stronger the disciples of the thousand blades sect are, the more weapons they can control. When they reach their limit, they may even be able to launch a thousand blades at once. Today, I've seen it for myself. It's indeed well-deserved." Huo yudie sighed.

"Hehe, it's indeed interesting." Lin Yi's interest was piqued-he'd seen all sorts of practitioners before, but this was the first time he'd seen someone control a dozen weapons at once.

"I'll say it for the last time. If you let me go, we'll be fine. Otherwise, the situation will become chaotic later. There are so many people here, and the situation is not something you can control!" Unless absolutely necessary, Duan Wuzong still didn't want to use weapons.

Although he was confident in his own strength, it would be impossible for him to defeat a peak-level early mysterious Ascension realm expert!

#### Chapter 4703 Kang Zhaoming's Appearance

Once they started to fight, no matter how the situation would develop, he would be the first target of the enemy. He knew that he wouldn't have a good result.

"Stop your nonsense!" Scarface let out a loud roar, and the aura around his body suddenly skyrocketed to a terrifying degree. His whole body was like the appearance of an Overlord, and in an instant, ghosts wailed and wolves howled, and the weather changed. He sneered, "You still want to mess up the situation? Hmph, with me here, how can the situation be chaotic?"

"Refusing a toast only to drink a forfeit, you asked for this!" Seeing this, Duan Wuzong no longer hesitated. His body surged with killing intent, and the thirteen weapons hovering in the air shrieked as he growled, "I'll take the thousand blades, and I'll kill with one word!"

Before he could finish his sentence, the thirteen weapons whistled at the same time. Their speed increased to an extreme that was hard to be seen by the naked eye, and they formed a long snake that headed for Scarface. The speed and power of the weapons made everyone present look at them!

Anyone could see that after the 13 weapons formed the one line killing formation, the power was not as simple as one plus one. From the first to the 13th weapons, as they broke through the defense, the damage kept increasing. Anything in front of them would be penetrated!

In the face of such a terrifying attack, the only choice was to avoid it. However, just as everyone thought so, Scarface suddenly laughed. He did not avoid it. He waited until the 13 weapons were close to him before he punched out.

In an instant, the sky changed color, and everyone could only vaguely hear the roars of ten thousand beasts. They looked at the faint shadow that appeared on Scarface's body. It looked like a tiger, but also like a dragon.

"Dragon Tiger killing fist? Isn't this the fierce and powerful fist technique of the legends?" Huo yudie was shocked. The West Island trial was indeed a gathering of the elites from all the islands. There were all kinds of Masters. First, it was the master of the thousand blades sect, and now, it was the Dragon Tiger killing fist. If they were outside, they would be able to make a name for themselves.

Previously, he had thought that this fellow's Foundation was lacking. Now, it seemed that he wasn't that simple. Those who could cultivate the Dragon Tiger killing fist were not easy to deal with.

"Fierce and powerful?" Lin Yi's interest was piqued-he didn't know if this legendary firm and fierce fist technique was better or worse than his wild flame thousand explosive fist.

Before he could finish his sentence, the two of them had already engaged in a direct confrontation. A loud rumble was heard, and the scene that happened in front of everyone's eyes made their jaws drop.

The Scarface's punch had pierced through a total of thirteen divine weapons from head to toe, and all of them were destroyed on the spot. As for Duan Wuzong, he was simply sent flying by the aftershock of the punch. For a moment, no one could find him, let alone know if he was Dead or Alive. The Dragon Tiger killing fist truly lived up to its name!

The whole place was dead silent. Everyone looked at each other and rubbed their eyes, afraid that they were seeing things. Duan Wuzong of the thousand blades sect, such a powerful expert of the great circle of the nascent soul realm, was killed in seconds?

"Who else is there?" Scarface had a sinister and terrifying smile on his face. His fierce gaze slowly swept across everyone's faces. All those who were swept by his gaze, no matter how arrogant and unruly they were before, could not help but lower their heads at this moment. They were trembling like quails, not daring to look him in the eye.

"Hahahaha, a bunch of balls-less cowards!" Scarface laughed arrogantly as he sat on a huge rock behind him. He looked at the crowd with a look of extreme disdain. "Since no one dares to stir up trouble, then let's quickly do things according to the rules. If there's even half a person who doesn't agree, just kill them."

No one dared to make a sound. Duan Wuzong's example was right in front of them. Although there were many nascent soul experts present, there were only a few who could match Duan Wuzong in strength. If they dared to stand out at this time, they would die without a complete corpse.

"What should we do?" Huo yudie tugged at Lin Yi's sleeve lightly. She knew that she wasn't much weaker than Duan Wuzong, but she wasn't that much stronger. She would end up the same way when faced with Scarface's Dragon Tiger killing fist, and it was up to Lin Yi to decide what to do.

Lin Yi was about to say something when there was a commotion behind him. Everyone turned to look and saw two figures slowly approaching. Lin Yi's mouth curved into a playful smile. It was his two old acquaintances, Xu lingchong and Kang Zhaoming.

Lingchong didn't have much to say. Other than his aura getting colder and weirder, there wasn't anything special about him. The person everyone was focused on was Kang Zhaoming. This guy with a smart armor and a laser cannon on top of it was eye-catching even before the test started.

"Oh, so many people. It's quite lively, isn't it?" Kang Zhaoming swaggered over.

Previously, because he was too weak, he could only pretend to be a coward. Now that he had obtained a set of super high-tech equipment, he was like a salted fish that had turned over, and he had obviously become crazy!

Except for Xu lingchong, his direct superior, he didn't put anyone else in his eyes, including the Yuanying stage experts. No matter where he went, he had an arrogant attitude.

The sudden appearance of such a weird looking guy stunned the fierce scar-faced man. Of course, he did not recognize the laser cannon and the smart armor, but with his beast-like intuition, he was a little afraid.

Scarface didn't take the initiative to speak, so the quails who were frightened by him naturally didn't dare to make a sound. At this time, a bald man standing behind Scarface stepped out. This was a master of the great circle of Yuanying stage. In their group, his strength was only below Scarface.

"Hey, that bizarrely shaped kid, you want to go to the ten thousand year Grand Canyon, right? Come, hand over the heavenly treasures first and let this second master see if they're valuable enough. Otherwise, it's better to go back to where you came from as soon as possible, lest you die Here!" The bald man laughed coldly.

"Oh, I was wondering what it was. It turns out that there's a Mountain King collecting road fees here!" Kang Zhaoming laughed nonchalantly. He had his eyes on the top of his head with his super high-tech equipment. He didn't care about these people. He was about to fire a cannon in front of everyone when he saw Lin Yi and Huo yudie from the corner of his eye.

Kang Zhaoming was excited. One of them was his old enemy and the other was a beauty that made him drool. Even if he showed his face ten thousand times in front of other people, it would not be as good as showing his face in front of these two!

Chapter 4704 True Qi Manifestation

"Hehe, beautiful lady, it looks like you're stuck here and can't get through, right? I've told you before, although the kid beside you looks like a decent man, he's not reliable at all. He's the head of posturing, and he only acts when he's free. When it comes to important situations like this, he's of no use at all!" Kang Zhaoming looked at Lin Yi proudly. He couldn't wait to invite Huo yudie again, "Beautiful lady, come with me. As long as you follow me, you can go wherever you want. No one will be able to stop you!"

Lin Yi smiled, speechless. This Kang Zhaoming really didn't want to give up. He had been rejected by Huo yudie so many times, and he was still thinking about it.

"No need," Huo yudie didn't even think about it and rejected. Before, she didn't even know how strong Lin Yi was and she didn't even hesitate to team up with him, let alone now.

Putting aside Lin Yi's unfathomable strength, just that embarrassing scene alone made it impossible for her to leave Lin Yi so easily, much less follow an obviously unreliable Kang Zhaoming.

"Ugh ..." Kang Zhaoming couldn't keep his face straight anymore. He finally got to show off. Why was this hot beauty so stupid? other than acting tough, which part of him was worse than Lin Yi?

"Haha, no one can stop you, what big words!" The bald man sneered, ""Your appearance is indeed strange, but it's a pity that you're just a joke to others. They don't even bother to pay attention to you, and you have the nerve to brag here?!"

"What did you just say?" Zhaoming was still fuming, and his face turned dark as he turned to the bald man.

"I said you're a joke. It's really strange. Where did so many idiots who don't know the immensity of heaven and earth come from?" The bald man laughed evilly as he exchanged a look with Scarface. They were ready to take down Kang Zhaoming-only they had the final say in this place, not this idiot!

However, as soon as he finished speaking and before he could even get into a stance, he suddenly felt an extremely piercing white light in front of him. After a flash, he didn't feel anything strange at first, but then he felt an unbearable pain in his chest. The bald man lowered his head with difficulty and found a large hole in his chest!

Bang! Bang! The bald man fell to the ground in a daze. Although his breathing hadn't completely stopped, everyone knew that he couldn't make it. It was a miracle that he could still hang on for a while with such serious injuries.

Everyone was shocked-even Scarface, a vicious peak-level early-stage mystique Ascension cultivator, couldn't hide the shock he was feeling as he looked at Zhaoming.

He was well aware of the bald man's strength. This guy had followed him for decades. His strength was definitely not weak among the experts of the great circle of the nascent soul realm. At least, he was not weaker than Duan Wuzong of the thousand blades sect. However, he was killed by this weirdly-shaped

kid in one move. From the beginning to the end, he did not even have a chance to make a move. Even he could not do such a thing. Who the hell was this kid?

"True Qi manifestation?!" Someone suddenly exclaimed.

"True Qi manifestation? Wasn't that a divine ability that only the legendary Almighty could do? That's not possible, is it?" Someone immediately questioned.

"Nonsense! Didn't you see it with your own eyes? how could it be fake? This is the legendary true Qi manifestation. Good fellow, I've met an expert this time!" The man retorted.

"That's right. What kind of divine weapon is that? it's so brutal that it can generate genuine Qi that can transform into a physical form!" The surrounding people gasped one after another.

Zhaoming waved his hand proudly as he listened to the comments coming from these people's imagination. He glanced at Lin Yi and yudie as if he was trying to show off his strength. Pure energy manifestation-this was a pretty good gimmick!

Looking at Kang Zhaoming's cocky attitude, Lin Yi was shocked and amused at the same time.

True Qi manifestation? If that was the case, then his five elements killing intent was indeed able to materialize Qi, but he wasn't some legendary figure. He just learned this super martial technique from the giant electric eel's remnant will. As for Kang Zhaoming, he really didn't want to say anything.

Although this wasn't Zhaoming's own ability, this laser cannon was really something. Even a peak nascent soul couldn't take one hit from him!

And this was the situation of a head-on battle. If this guy wanted to hide and sneak around, the threat would be multiplied. No matter how fast he was, he would not have the chance to react. It seemed that he had to be careful in the future.

"I say, are all the people from the secular world so powerful? Could he be the direct disciple of some Big Shot in your North Island?" Huo yudie was just as stunned as everyone else. She didn't think that Kang Zhaoming was that strong, but now that she saw it with her own eyes, she had to believe it.

"Hehe, this guy is just a flaw. You don't have to care about him. That's not his own strength at all. It's purely an external force." Lin Yi smiled faintly as he shook his head.

"External force? You mean that strange divine weapon of his? However, the more powerful a divine weapon is, the more powerful one must be in order to control it, right?" Huo yudie asked, confused.

For cultivators, it was not certain that they could defy the heavens just because they had a heaven-defying divine weapon. They must also have a matching strength. Otherwise, they would not be able to exert the power of the divine weapon at all. If they were not careful, they might even be devoured by the divine weapon and become the sacrifice of the divine weapon.

"I can't explain it in a few words. In short, that thing is a high-tech weapon from the secular world. No matter who gets that thing, as long as they know how to operate it, they can't be bad. Even an ordinary person can kill a complete Yuanying stage cultivator with one blast like him!" Lin Yi explained.

"Oh ... So it's a high-tech weapon ..." Huo yudie nodded her head, not fully understanding what he meant. "Then this dumb rich guy is really amazing. He even has this kind of thing!"

"Pfff ..." Lin Yi burst out laughing. It turned out that Kang Zhaoming was the same as a rich guy in this girl's eyes just because of what he said!

Kang Zhaoming was trying to please her time and time again. If he knew that he was being treated as a rich man through and through, his expression would be very interesting.

The two spoke very softly, so Kang Zhaoming didn't hear them. He was still standing there proudly. It had been a long time since he had the feeling of being looked up at by everyone. It was only one word from head to toe, it felt so good!

Chapter 4705 At Least You're Sensible

"How is it? Is there anyone else who wants to stop me?" Kang Zhaoming looked at Scarface with bad intentions. He knew that his opponent was a peak early stage mysterious Ascension realm master, but he just killed a peak nascent soul realm. He was full of confidence and believed that with the power of the laser cannon, Scarface would end up in the same situation.

Everyone's eyes turned to Scarface, and his mouth twitched. He may be the strongest, but after what he'd seen with his own eyes, he still felt a little guilty.

With the speed and power displayed by the laser cannon just now, he knew that he could not find any way to deal with it. He was not a speed-type master, and if they were to really fight, he was probably not much stronger than the bald man. The other party was a terrifying killing weapon formed from true Qi, and his body of flesh and blood could not withstand it.

Under everyone's gazes, the Scarface hesitated for a moment before gritting his teeth and saying, "Alright, I value heroes more than heroes. Seeing that you're strong enough, you can go over!"

Although Duan Wuzong of the thousand blades sect had been acting all high and mighty before, he was nothing but a fart in his eyes! A mere peak nascent soul realm cultivator was killed in an instant, but now Zhaoming had turned the tables around and killed one of his men. Duan Wuzong couldn't compare to this kind of intimidating power. If they fought, it'd be best if both sides were injured. He couldn't help but be afraid.

"Haha, you're tactful!" Kang Zhaoming laughed loudly and looked at Xu lingchong who was beside him. The two of them swaggered over and Scarface and his men were scared out of their wits. These cruel and ruthless people didn't even dare to move in front of him.

As they watched Kang Zhaoming and Xu lingchong swagger away, the remaining people looked at each other, their faces filled with envy. As expected, strength was everything no matter where you went, even the king had to back down!

At this moment, a man and a woman suddenly walked out from the crowd. Judging from their strength, the man was a late Yuanying stage master, while the woman was only early Yuanying stage.

The couple followed Kang Zhaoming and Xu lingchong without even looking at Scarface. It felt like they were Kang Zhaoming's lackeys, and wanted to fish in troubled waters.

"Stop!" Scarface's expression suddenly became stern. Being stared at by his malicious eyes, the man and woman, who had been hoping for luck, suddenly turned pale. Their legs and stomachs involuntarily trembled, and they almost knelt down on the spot.

"What ... What are you doing ..." The man braced himself and looked at Scarface in fear.

"You want to go over, right? Where are the heavenly treasures? take them all out, or you should be very clear about what will happen to you. " Scarface sneered.

"Ah? This ... This ..."The man and woman were suddenly sweating like rain. They had gained nothing in the desert for the past few days, so they did not have any treasures on them. Otherwise, they would not have taken the risk to get through it. How could they satisfy Scarface?

"You won't take it out? Still can't take it out? Do you think I'm running a charity or that I'm blind?" The scar-faced man looked at them from head to toe, and his eyes finally fell on the woman. His eyes were filled with lust and greed.

"Ah? This ..."The man and woman were so scared that they almost peed their pants. They were in a dilemma for a while and slapped themselves in the mouth in their hearts. They were so hot-headed that they decided to take the risk. They were so unlucky!

"However, it doesn't mean that you can't go there without any treasures. Hehe!" Scarface suddenly changed the topic and pointed at the woman,""The woman beside you is pretty good ... I want her!"

"Ah?" The man was instantly shocked, and the woman who Scarface had taken a fancy to was even more pale. Although her figure and appearance could only be considered above average, this woman was quite good at dressing up. She had managed to achieve 80% of her original looks. No wonder Scarface had taken a fancy to her.

"What 'ah'! Why aren't you getting out of here? are you waiting for this old man to send you on your way?" Scarface cursed viciously.

The man's face couldn't help but turn green and white. He looked at his female companion, who was looking at him with a pleading expression, and then at the fierce-looking Scarface. Finally, he gritted his teeth and said, ""Forget it. A man should not worry about not having a wife. I'll give this woman to the king as a road fee!"

After saying that, the man turned around and left, ignoring his female companion's desperate wails and the discussions of the crowd. He quickly disappeared into the entrance of the ten thousand year Canyon.

"Hahahaha, you're really blind to be following this kind of trash! You don't look like you're from the West Island. I haven't eaten meat for decades, so I'm in luck today!" Scarface laughed heartily.

Although the majority of the participants in the West Island trial were women, he knew what was good for them. Under normal circumstances, he would not dare to lay his hands on them. After all, this was the headquarters of the West Island. If news of this were to leak out, the higher-ups of the West Island would definitely have ways to kill him. That would be a huge loss. However, since this person was not a disciple of the West Island, there was nothing to be afraid of.

Speaking of women, the last time he had touched a woman was decades ago. At that time, there happened to be a female cultivator who couldn't walk out and eventually fell into his hands. In the end, she was ravaged to death by him and his underlings.

In the crowd's exclamation, accompanied by the female Xiu's helpless cry, Scarface actually stripped her clothes clean in front of so many people, and wanted to have a taste of her meat on the spot!

"Beast!" Huo yudie was also scared out of her wits. As a pure and innocent girl, she had never seen such a scene before. She quickly covered her eyes and did not dare to look at it again.

Lin Yi couldn't help but frown. He thought that since Kang Zhaoming was the first one to do this, Scarface's reputation would fall. He should be able to pass without the treasure, but it seemed like that wasn't possible now.

If he was like this man and woman, Scarface would definitely ask him for Huo yudie. No matter how he looked at it, even if she was wearing a veil, Huo yudie's beauty was more than ten times better than the female cultivator in the room. Any normal man would not let her go, let alone Scarface and his group of hungry and desperate people.

It looked like he had no choice but to make a move today! Lin Yi shook his head faintly. Although Scarface wasn't a difficult person to deal with in his eyes, he didn't want to reveal his strength in front of so many people. But now that the situation had developed to this point, it was unrealistic to keep a low profile.

Lin Yi was still deep in thought when there was a commotion in front of him-the hot-blooded Scarface spoke up."What are you doing?"

Chapter 4706 A Small Wizard Pales In Comparison

There was a hint of fear in his voice, and Lin Yi looked over-it was Zhaoming coming back. He didn't go far with lingchong, but waited at the entrance of the canyon.

Lin Yi understood immediately-this guy was probably waiting to make a fool out of himself by staying here. He might still be interested in Huo yudie.

Scarface thought that Zhaoming had taken a fancy to this female practitioner when he came back with that cocky attitude. He tensed up-what was he going to do if the kid asked for it? Fight or not?

If they fought, the best result would be that both sides would be injured. At the very least, he would definitely not be able to avoid the other party's true Qi manifestation moves. Perhaps he might not even be able to cause both sides to be injured. The outcome could be imagined!

However, if he didn't fight, he would have to back down in front of so many people. Then, he would lose all his prestige, and how could he collect the toll later?

While Scarface was hesitating, Zhaoming didn't even look at him as he walked past him. He even said lightly, "Don't be nervous, I don't like this kind of ordinary makeup. "

Of course, he wasn't going to mess with Scarface when his opponent had already backed down-he wanted to keep the guy around to humiliate Lin Yi! How could he be willing to deal with Scarface at this time? he was a rare watchdog ...

Scarface couldn't help but smile at Zhaoming's disdainful tone. He felt a little lucky, but the female practitioner he'd just stripped in front of everyone was no longer as passionate as before. He cursed and tossed her aside, and his men's eyes brightened. They laughed and dragged the female practitioner away noisily.

Under everyone's gazes, Kang Zhaoming walked up to Lin Yi and glanced at him in disdain. He then politely invited Huo yudie, ""Beauty, you saw the situation just now. As long as you come with me, that Scarface won't dare to touch a single hair on your head. But if you still follow this pretentious leader, your end will be really tragic! Anyone with a little bit of wisdom will know what to choose. What do you think, beauty?"

"I've made it very clear that I won't team up with you. You should give up on this idea. " Huo yudie rejected him again without saying anything. Her tone was obviously a little impatient. She could not help but wonder if there was something wrong with this rich man's brain. I've already said it so many times, why are you still asking?

However, at the same time, Huo yudie glanced at the Super high-tech equipment on the other party and could not help but secretly envy him. If only she had such a set of equipment, she would be able to blow up that beast with a scar!

"Hmph, it seems that a Beauty's judgment of people is really bad. I already said that this guy is only a pretentious leader who looks good but is useless. You still believe him so much. Do you really think he has the strength?" Zhaoming's face darkened as he sneered at the two,"In that case, I won't say anything more. You can stay here with this pretentious leader. Don't cross the road!"

Huo yudie pouted and didn't know what to say. After all, the scar-faced man was indeed ferocious. Whether it was her or Lin Yi, they might not have the strength to pass through, but to get the Thunder mystical vine, they had to pass through the ten-thousand-year Canyon. Now, they couldn't even enter the canyon. What should they do?

Huo yudie couldn't help but look at Lin Yi for help, but Lin Yi only looked at the arrogant Kang Zhaoming and smiled,"Who said we can 't? Come on, let's go over. The monkey show is over, and it's quite interesting!"

With that, Lin Yi walked straight ahead, his expression calm and relaxed. He didn't care about the king at all. The people around them couldn't help but look at each other. What day was it today? there were so many gods coming and going, and yet another one with such a big tone came!

Huo yudie chuckled as she glanced at Kang Zhaoming. She quickly caught up with Lin Yi. Since Lin Yi was so confident, it meant that he could take care of that Scarface. What was there to worry about?

Seeing Lin Yi and Huo yudie getting closer and closer to him with an arrogant look on their faces, Scarface was enraged!

He was the strongest peak of the early mysterious Ascension stage here, after all. He didn't dare to mess with the weird-looking Kang Zhaoming before, but that wasn't a big deal-it'd only damage his reputation.

However, after this, not only did someone want to take advantage of the situation, but someone even dared to say that he would go over after watching the show. Was he, a peak early mysterious Ascension realm expert, just a monkey in his eyes? Or was he just a monkey that was being played?

"Kid, I'm taking this beauty beside you, hand her over now ..." Scarface strode towards Lin Yi and Huo yudie and stood in front of them, his face full of lust as he spoke, his hand reaching out to touch Huo yudie's body. It was only at this moment that he realized that this veiled woman was a rare beauty in this world!

Before he could finish his sentence, Lin Yi had already sent a slap flying at him. Scarface laughed in anger-who did this kid think he was? if it was a sneak attack, it'd be fine, but slapping him in public? was this guy a pile of sh \* t?!

Scarface subconsciously wanted to retract his hand with a sinister smile. The image of a Dragon and a Tiger flickered on his body as he used the powerful Dragon Tiger killing fist. It was obvious that he was the king of the world, and he wanted to take Lin Yi's head to establish his dominance again.

The power of the Dragon Tiger killing fist was undeniable, but before Scarface could even react, Lin Yi had already sent a slap across his face. A Dragon's Roar could be heard as Lin Yi formed a Five Element killing intent in his hand.

Pa! With a crisp sound of flesh, Scarface's huge body was suddenly like a kite with a broken string. He was sent flying uncontrollably for more than a hundred feet and could not get up for a long time.

The crowd sucked in a cold breath as they looked at Lin Yi, their eyes filled with shock and horror. They were almost on the verge of worshipping Him.

Kang Zhaoming was strong enough before, killing a peak nascent soul in one move. But compared to this new guy, he was nothing!

Chapter 4707 You Two Leave Together

He had sent Scarface flying with his own hands, and in such a casual manner. With just one slap, he sent him flying. What did this mean?

Even if everyone was dumbfounded, they could still figure out that this guy's strength was far above Scarface's. Mid-stage xuansheng? Peak of the mid-stage of the xuansheng realm? Or even stronger than this?

The West Island trial this time was indeed a Dragon's pool and a Tiger's Den that gathered the elites of the various islands. The gods that emerged were truly more ruthless than the last!

But this was obviously a xuansheng stage-how did he get in here? he couldn't be trapped here like Scarface, could he? many people had noticed Lin Yi before, and this guy was clearly transported in here like them!

It wasn't just the crowd, even Huo yudie, who was standing behind Lin Yi, couldn't help but cover her mouth with her hand. Her eyes were filled with disbelief.

Even though she already knew that Lin Yi was unfathomable and had already overestimated his strength, she was still dumbfounded!

Lin Yi was only at the peak of the early nascent Soul Stage, how did he just send a peak of the early mysterious Ascension stage flying? what was wrong with this world?

After being sent flying by the slap, Scarface struggled for a long time before he managed to pull himself out of the sunken ground. The side of his cheek that had been slapped was extremely swollen, and it was as big as a basketball!

Just a moment ago, he had been so fierce and intimidating, but in the blink of an eye, he had fallen into such a sorry state. This huge contrast was really a bit unacceptable.

Scarface looked at Lin Yi with fear, and when he saw Lin Yi's eyes on him, he quickly hid his head and pretended to be a grandson. He was very unwilling, and he had never been humiliated like this ever since he broke through to the mysterious Ascension stage. He couldn't take it anymore, but he wasn't stupid. Lin Yi could send him flying with one slap, and if he really wanted to kill him, it wouldn't be a difficult thing!

Scarface was acting like a coward in front of everyone after the slap-this guy was a little out of Lin Yi's expectations, but it wasn't a bad thing. Lin Yi didn't have any intention of killing him in the first place, or he wouldn't have just given him a light slap-he'd be serious about it.

Scarface was a despicable man, after all the crimes he'd committed-he deserved to die no matter how many times he was killed. But Lin Yi didn't plan on doing God's work. The world of practicing was a dog-eat-dog world, and as long as Lin Yi didn't get involved, Scarface wouldn't care what he did.

The reason why he had deliberately spared Scarface's life was actually due to deep considerations!

The reason was simple. There was no difference to Scarface if he didn't guard the door. However, to the other participants, the difference was huge. It was directly related to whether they could enter the 10000 year Canyon or not!

Although the Thunder mystical vine wasn't in the ten thousand year Canyon, letting too many people in could be bad. Lin Yi didn't want to leave any hidden dangers for himself at a time like this, so he decided to let Scarface live and let him guard the door, scaring off the practitioners.

Kang Zhaoming looked at Lin Yi with a face full of hatred. It wasn't easy for him to use the laser cannon to show off, and now this guy had stolen his spotlight again!

Kang Zhaoming couldn't take this lying down. He was about to mock Lin Yi again, but before he could say anything, Xu lingchong suddenly kicked him from behind and impatiently said,"Hurry up and get to business! If you don't want to do it, then take off your armor!"

Ever since they decided on the plan, this young master Xu didn't have much of a presence. From the start to the end, it was basically Kang Zhaoming who took the lead, but along the way, he more or less understood how to use this thing, and was looking for a chance to test it out.

If Kang Zhaoming wasn't reliable, lingchong could destroy him at any time. At most, he could do it himself. Even if he couldn't marry the princess of the West Island, as long as he could ruin Lin Yi's plan, he'd have achieved his goal. Everything else was easy.

"Yes, yes, young master Xu, please calm down." Zhaoming's heart dropped as he lowered his head and admitted his mistake. He could show off in front of other people, but he wouldn't dare to do that in front of his boss. It would cost him his life. He wasn't an idiot.

After glaring at Lin Yi, Zhaoming had to suppress the unwillingness in his heart. He didn't dare to stay any longer and followed lingchong carefully.

What the hell are these two guys doing? Lin Yi pinched his chin as he watched lingchong and Zhaoming leave.

His intuition told him that there must be something strange about these two appearing here, but he couldn't think of anything for the time being. Perhaps they were like the others, simply coming to the ten thousand year Canyon to collect heavenly treasures?

"What are you thinking about?" Huo yudie suddenly patted Lin Yi's back. After suppressing the shock in her heart, Lin Yi was still the same Lin Yi. With such a strong person as a teammate, she was a hundred times more confident in getting the Thunder mystical vine. She was even a little impatient at this moment.

"Oh, it's nothing," Lin Yi shook his head and turned to look at Scarface, who had just raised his head. Scarface shivered and buried his head back down, a complete contrast to his fiendish look from before.

Lin Yi couldn't help but find it funny-this guy was ready to act like a coward in front of him after suffering. As a peak-level early stage mysterious Ascension realm master, he was quite tactful.

Ignoring Scarface, Lin Yi was about to bring Huo yudie to the canyon when he saw two familiar figures-Qi Wenhan and Xia luoluo.

The two of them seemed to have just arrived and were about to ask around when they saw Lin Yi and Huo yudie. Their faces were filled with joy.

"Come here, you two come with me." Lin Yi waved at the two from a distance. Qi Wenhan and Xia luoluo didn't reject him. They didn't know the situation, but they knew it wouldn't be easy to pass through from the atmosphere.

Under the envious gazes of the crowd, Qi Wenhan and Huo yudie quickly walked towards Lin Yi. The knife-scarred man and his followers who were blocking the way quickly made way for them, as if they had seen a ghost. They were afraid that they would make Lin Yi unhappy!

Chapter 4708 Ten-Thousand-Year Grand Canyon

If this fiend was forced to attack again, he would die without even knowing how he died.

Not only did Lin Yi send Scarface, a peak-level early mysterious Ascension realm master, flying with one move, but even the equally fearsome Kang Zhaoming didn't dare to fight Lin Yi. He could only run away

with his tail between his legs. This scene completely destroyed any thoughts of resistance. They didn't know that lingchong was just being impatient. They thought that it was pure fear.

Even if these underlings were desperadoes, no one was willing to be cannon fodder, especially in this situation where there was no hope at all. Even their boss, Scarface, could only pretend to be a grandson, so these underlings naturally had to pretend to be one as well. Otherwise, they would have died in vain.

After bringing Qi Wenhan and Xia luoluo along, Lin Yi glanced at the crowd one last time before leading the way into the canyon under their respectful gazes.

Lin Yi's group had just left when someone wanted to follow them in. After all, Scarface had suffered a big loss this time, and he could only pretend to be a coward. There was no threat to him anymore.

However, before the man could even make it halfway, the scarred face man suddenly launched a Dragon Tiger killing fist at him, killing him on the spot. His whole person returned to his previous ferocious and terrifying state. His means were so brutal and ruthless that the others couldn't help but retreat in horror.

"I'll leave you with one sentence. You can either hand over enough treasures before you go in, or you can hand over half of your gains after you come back from inside! You can choose one of the two methods. Don't blame me for not saying the ugly words first, those who want to take advantage of the situation to muddle through will die!" Scarface roared with a ferocious expression.

According to his original plan, he was going to set it according to the market price. When the time came, he would extort them back and forth according to the market. He would extort them once when he let them in and again when he let them out. Or if the situation was good, he would simply kill them and take their treasures. This was a real capital-free business.

But now that he'd suffered losses one after another, especially that one slap from Lin Yi, he'd lost all of his power. There were so many people watching him, and if he didn't make a decision now, it'd cause a lot of trouble. He had no choice but to take a step back, so he didn't push them to the end of the road.

People were like this. Once they had no choice, they might fight with their enemies. However, once they were given hope, this little bit of resistance would immediately disappear. Even if there were one or two hotheaded people occasionally, at least the majority of people would not take the risk.

Sure enough, the Scarface's actions immediately calmed the somewhat out of control situation. After listening to his words, some people nodded and agreed on the spot after some consideration. The first choice was of course a scam, but the latter choice was not impossible. Losing half of the people was better than staying in the desert.

After the first one, the second and third followed. Many people accepted Scarface's suggestion. Of course, there were also some who felt that it was not reliable and left unwillingly. The 10000-year Canyon was good, but who knew if Scarface would turn against them ...

After passing through the small oasis, there was a huge and majestic Canyon in front of them. An ancient and somber aura greeted them, causing them to tremble from the depths of their souls.

"So this is the 10000-year Grand Canyon. It looks like a place where dragons and tigers roam. There should be a lot of natural treasures here." Lin Yi nodded as he looked at the scenery. This Canyon wasn't completely covered in an oasis, but all kinds of plants could be seen everywhere. It was much livelier than the desert outside, and the spiritual Qi was quite abundant too, making one feel refreshed.

"Yeah, but it's a hundred times more dangerous than the outside. We have to be careful with every step we take, or we'll die." Huo yudie reminded.

"Well, the benefits are always proportional to the risks. Brother Qi, miss Xia, you have to be careful. Don't just think about the sweet feelings." Lin Yi looked at the two with a mischievous expression.

After being teased by him, Qi Wenhan and Xia luoluo's faces turned red. After the previous storm, their relationship had improved by leaps and bounds. Now, they were even holding hands. It was obvious that a good thing had happened.

"Brother Ling, you guys be careful too. We'll be leaving first." Qi Wenhan and Xia luoluo secretly looked at each other and said goodbye to Lin Yi. Their feelings for each other were rapidly heating up, and they only had each other in their eyes. They couldn't wait to continue their alone time.

"Okay, when you guys come back, if that Scarface is still blocking you, wait for me here." Lin Yi said with a smile.

Although he said that, he didn't think that Scarface was a fool. Based on his previous performance, he would eat the bones if he could. He wouldn't give up until the bones were crushed. However, if he couldn't handle it, this guy seemed to be very tactful and would directly act like a grandson without any resistance.

To a certain extent, this Scarface could be considered a flexible person. Of course, to be more precise, he would be called bullying the weak and fearing the strong.

"Okay, I understand. Brother Qi, miss Huo, I'll see you later." Qi Wenhan cupped his hands at the two of them and immediately turned around to leave with Xia luoluo.

After the two left, Lin Yi turned to Huo yudie and said, ""What should we do next? Is there any nearest route?"

"Of course there is. Although it's a Canyon that leads to the end, this ten thousand year Canyon is hundreds of miles wide. There are also many places that must be killed. If you don't set a route, you'll have to take a lot of unnecessary steps, and it's very dangerous." Huo yudie said.

"Alright, where should we go now?" Lin Yi asked.

"That way!" Huo yudie pointed to the right and her whole body suddenly became excited. She said happily, ""There's a clear spring over there, I want to take a good bath!"

"Ugh ..." Lin Yi didn't know what to say. It was a waste of time, but girls had special privileges. It was natural for them to want a shower after such a long time. "Then let's do it over there. But time is limited, don't take too long."

"I know!" "Yes!" Huo yudie exclaimed in joy. Then, she ran toward the spring like a fairy.

Lin Yi followed behind her at a distance that was neither too close nor too far away. He used his spirit sense to guard against everything in the surroundings in case of an accident.

Chapter 4709 Do You Have Any Clothes?

Sure enough, Huo yudie soon found a clear spring behind a towering rock in front of them. The spring water was extremely clear and pure, and it was rare to see spiritual energy overflowing. Even drinking it

would make one feel refreshed, let alone jumping into it to take a bath. It was definitely a rare enjoyment in the human world.

Huo yudie wanted to jump in immediately, but when she turned around and saw Lin Yi, she blushed and said shyly, ""You ... You're not allowed to peek!"

"I'll just stay here, I won't look even if you beat me to death. " Lin Yi shrugged and turned around, his back against the rock-he couldn't see anything even if he wanted to.

"You won't read it even if you're killed? "Am I that bad ..." Huo yudie muttered in dissatisfaction.

Pfft! Lin Yi didn't know whether to laugh or cry-what was up with this girl? did she want him to see or not?

Huo yudie mumbled to herself. Seeing that Lin Yi was unmoved, she turned around and walked towards the spring. Her expression seemed to be relieved, but also a little disappointed. No one knew what she was thinking.

However, before she could really walk in, a commotion suddenly came from the distance. It was a few other cultivators who had come in later. They had also discovered the spring here and could not help but gather over.

Huo yudie, who was originally full of joy, suddenly wanted to cry but had no tears. Most of these people were male cultivators, and she was a girl. How could she wash up with so many people at once ...

It wasn't easy to find a spring like this, and she couldn't bear to leave, but she couldn't wash up here if she didn't leave. Huo yudie didn't know what to do, and she looked at Lin Yi pitifully.

Lin Yi smiled and gave her a reassuring look. He turned to the noisy people and said, "I'm taking this place. "

When everyone heard this, they looked at each other and turned to leave without any hesitation.

Of course, the spring water was pleasant, but compared to life, this little pleasure was nothing!

A monster like Lin Yi could even send a peak-level early stage mystique Ascension realm master flying with a single slap. Killing them was as easy as moving a finger. Who would dare to mess with such a monster?

In the blink of an eye, this group of people had all disappeared. Huo yudie saw this scene and smiled. She didn't know why, but she was very happy to see Lin Yi being so domineering.

Although they were both morning prides, she was completely different from Yao Jiali. She was by no means a domineering person, but it was good to enjoy the feeling of being domineering once in a while, especially at this time.

"You go and wash up. With me here, no one will dare to come over." Lin Yi said faintly. The rock behind him couldn't block the entire spring, but it could block most of it. There was a depression in it, and Huo yudie could hide in it. She didn't have to worry about being seen.

"Oh." Huo yudie blushed and nodded. She immediately waded through the shallow spring water and tiptoed to the back of the rock.

Lin Yi, on the other hand, was like a door God, standing there with his arms crossed. The other practitioners who were coming over didn't even dare to come over. They should stay as far away from this kind of ruthless person as possible. They couldn't afford to provoke him, or they wouldn't be able to survive.

A few brave ones wanted to take a look, but one look from Lin Yi and they all stopped moving. They turned and ran as if they were running for their lives, not even thinking about it.

This was exactly what Lin Yi wanted-he didn't have the mood to waste time on these irrelevant people. While he stood guard outside for Huo yudie, he sat down and started meditating. After all, it was troublesome for women to take a bath. He didn't know how long it would take, but as long as he kept his divine sense out, he didn't have to worry about anything.

He didn't know how long it had been, but he suddenly heard Huo yudie calling his name, ""What is it?"

"Do you ... Do you have any clothes ..." Huo yudie stammered.

"Clothes? What kind of clothes?" Lin Yi asked, troubled.

"Aiya, I'm just asking if you have any clothes that I can wear since my clothes are still wet after washing them!" Huo yudie's tone was a little coquettish, and she could not help but blush when she realized what was going on. Besides her master, who was also her master and mother, she had never spoken to anyone in such a tone.

Lin Yi didn't know what to say. He shook his head helplessly, "This is the middle of nowhere, where am I supposed to find clothes for you to wear? use your true energy to dry them."

"I ..." Huo yudie hesitated for a moment, and then said in a weak voice, ""This is the 10000-year-old Canyon. I can't waste my energy on this kind of thing. I saw that you could take out desserts so casually, so I wanted to ask you if you have clothes from the secular world ..."

"Eh? What kind of logic is that?" Lin Yi was stunned. If she could take out pastries, she could take out clothes too, and clothes from the common world at that. This girl's logic was really out of the world. It was impossible to trace it.

But then he thought about it-he didn't have any ancient clothes for the women of Sky Class Island, but he did have clothes from the secular world!

Before he left for the common world, Chentian had prepared a whole bunch of stuff for him, including some new clothes for the girls he met on Sky Class Island. He had all kinds of designs, and he could even open a Women's Clothing store with them.

Lin Yi thought about the girls' figures and decided that this girl's figure was a little hotter than Tian Ji's, but they were about the same. He searched the Jade space for a while and found a set of denim sportswear.

"There's really something that you can wear, but how am I supposed to give it to you?" Lin Yi asked.

"Why don't you throw it over?" Huo yudie suggested.

"Throw it over? Aren't you going to throw it into the water?" Lin Yi shook his head, speechless.

"Uh...Then why don't we ..." Huo yudie was obviously hesitant, and finally gritted her teeth and said, ""Why don't you come over and put it on the side?"

"I'll go over?" Lin Yi blinked. This girl was so open, letting him in to shower?

It didn't seem like it. Although he was a little hard to grasp after these few days of contact and had some awkward and ambiguous encounters before, he felt that this girl was more conservative overall. Even if she didn't value the guard between men and women more than her life, she definitely wasn't dispensable.

"En, I'll dive into the water, you won't be able to see me ..." Huo yudie said shyly. Luckily, Lin Yi's hearing was very good, otherwise he wouldn't be able to hear what she was saying.

Chapter 4710 On The Road Again

"Alright," he said. Lin Yi was a man, after all, and there was no reason for him to be shy-he turned around and walked in with the clothes.

It was the first time he saw the whole view of the spring after going around the rock. It was clear and cool, with a layer of white mist, giving off a sense of paradise. At this moment, Huo yudie was curled up in the depression behind the rock, her whole body carefully curled up in the water, leaving only her head on the surface of the water, looking at Lin Yi with her red face.

Huo yudie wasn't wearing her veil because she was in the shower. This was the first time Lin Yi saw her face. Even though he was used to seeing beautiful women around him, he was still shocked by her beauty. There were only five words left in his mind-white as Jade, beautiful and flawless.

No wonder this little girl had to wear a veil. Otherwise, with her appearance and that alluring figure, there would definitely be endless trouble when she came out to gain experience. She could be snatched away to be the wife of a Bandit at any time.

Lin Yi couldn't help but gulp at the sight-the beauty was only one of the reasons why he was stunned, but there was more to it.

Although Huo yudie's entire body was hidden under the water, the spring water was so clear that one could see the bottom. Without the layer of white fog above, nothing could be hidden. However, even with the layer of fog, Lin Yi could still see some of the scenery under the water.

If it wasn't for the fact that Huo yudie was hiding in the depression of the rock, Lin Yi would've had a nosebleed. In fact, just looking at Huo yudie's pure and beautiful face and the White skin on her neck, Lin Yi couldn't help but lose control.

In particular, the vague scene below the neck gave people endless reverie. If it were any other man with poor self-control, he would probably have directly jumped down like a beast.

"Eh? What kind of clothes are these?" Huo yudie was a little shy at first, especially when Lin Yi came in. She almost wanted to hide herself, but her eyes lit up when she saw the clothes in Lin Yi's hands.

Women had always been very sensitive to things like clothes. Even if she had never seen clothes from the secular world, she could still easily tell the good from the bad.

"You'll know when you put it on. " Lin Yi smiled awkwardly. It was a man's natural reaction, and he couldn't act natural in this situation. He put the clothes on a rock and left.

"Oh ..." Huo yudie's eyes lit up as she looked at the denim sportswear. She didn't wait for Lin Yi to leave the room and jumped out of the water like a little girl.

That beautiful scene caused Lin Yi to stumble and his entire body to freeze on the spot. It wasn't until Huo yudie herself reacted and shrank back with her face red that Lin Yi quickly backed away. His mind was in a daze, filled with the scene just now.

Shaking his head to get rid of the distracting thoughts in his mind, Lin Yi waited outside for a while before he heard the sound of Huo yudie coming out of the water, followed by the rustling of clothes being put on. Lin Yi couldn't help but let his imagination run wild again. After all, the scene just now was still lingering in his mind.

After a while, when Lin Yi's mind was wandering, a beautiful figure suddenly appeared in front of him. It was Huo yudie, who had just changed.

"Why? Don't you recognize me?" Seeing Lin Yi staring at her, Huo yudie couldn't help but blush. She didn't know why, but she felt a little happy in her heart. She even turned around in front of Lin Yi and asked, "Do I look good in this?"

"It's nice. " Lin Yi nodded.

Huo yudie's beauty was extremely rare. Even when she was wearing an ancient costume and a veil, which covered her whole body, she still gave people a very attractive sense of beauty.

However, now that she had changed into denim sportswear, it outlined her beautiful figure even more exquisitely. Her perfect figure was 120% seductive, and with this young and beautiful face, she was simply a beautiful woman of the secular world.

To be honest, looking at Huo yudie at this moment, Lin Yi couldn't help but feel like it was a lifetime ago. Ever since he came to Tianjie Island, he'd never seen a beauty dressed like this. Even han Jingjing and the others had changed into ancient costumes, but he didn't expect to experience this long-lost feeling from this East continent girl.

It had to be said that this girl was quite in tune with the secular world. At least if she wore this dress and walked around the secular world, no one would be able to see her origins. They would only think that she was born and raised in the secular world.

Huo yudie didn't get angry when she saw Lin Yi's expression. Instead, she felt a little proud of herself. Lin Yi didn't show any signs of drooling at all on the way here, which made her lose confidence. Now that she had regained her confidence, it seemed that she was not completely uninterested in this guy!

"Hey, do you want to go in and take a shower?" Huo yudie pouted and asked.

"Oh, no need." Lin Yi shook his head and his mind cleared up. He looked at Huo yudie again without any desire.

Taking a bath was just like eating-it wasn't a necessity for high-level practitioners. It was just a natural habit. Even if they had to travel in the desert for a few days, Lin Yi could use his pure energy to clean himself up with just a thought. Only girls like Huo yudie, who were obsessed with cleanliness, would want to take a bath.

Huo yudie pouted and looked at Lin Yi with a strange look, as if she was a little regretful.

Lin Yi blinked, not sure what the girl was thinking. "Let's get ready to leave. Don't you plan to wear your veil?"

"Ah?" Huo yudie was shocked. She suddenly remembered that she was not wearing a veil. Her face instantly turned red. Did that mean that her face had been clearly seen by the other party?

Lin Yi was speechless as he watched Huo yudie put on her veil in a hurry. This girl didn't realize this at all ...

As they continued on their journey, the atmosphere between the two of them became a little strange again. Just like after the awkward scene, Huo yudie's face was red as she lowered her head and was lost in her thoughts. No one knew what she was thinking, but she just kept silent.

Lin Yi found it strange that the man didn't say anything, but he didn't want to talk to him.
