

## Bodyguard 4731

### Chapter 4731 We're Finished

But none of this had anything to do with her. Huo yudie gritted her teeth and took advantage of the time when the crowd's attention was not on them. She carried Lin Yi and carefully rushed over. She didn't have the strength and confidence to face Scarface. If she was stopped by these people, the consequences would be unimaginable.

Huo yudie's movement technique was fast and light, and her strength in the great circle of nascent soul realm was not as good as Scarface's. There were few people in the crowd who could match her. At this moment, Scarface was busy winning over people's hearts and had no time to care about this side. This was the best opportunity.

Silently, Huo yudie was about to pass the test. She couldn't help but feel a little relieved. Suddenly, a strong figure appeared in front of her. He was also a master of the great circle of the original level. In terms of aura, he was even stronger than Huo yudie. It was Han Chen, who had been set as a role model by Scarface in public.

Huo yudie's expression changed. Because of Han Chen, everyone's eyes quickly turned to Huo yudie and Lin Yi on her back.

Huo yudie's heart was beating wildly. She was finished!

Han Chen looked up and down at Huo yudie's graceful figure, drooling. Especially when he saw the fatal hole in Lin Yi's abdomen, his mind was suddenly enlightened.

If Lin Yi was still alive, he wouldn't dare to touch Huo yudie even if he had ten thousand guts. But it was different now. The ruthless man was dead. Even if he didn't die, he wouldn't be far from it. What was there to fear?

"Hehe, this little girl looks pretty. Do you want to play with this big brother?" With a lecherous smile on his face, Han Chen reached out and touched Huo yudie's face. After being trapped here for so many years, he had long been burning with desire. Now that he could have a good time before leaving, this was simply a big gift from the heavens.

However, before he could reach out his hand, a strong air current suddenly surged beside him. Scarface's figure appeared next to him, and without a word, he sent him flying with a slap. He was seeing stars and could not get up for a long time.

Huo yudie was shocked to see this. She was ready to fight just now. If the opponent was only a master of the great circle of the nascent soul realm, she should not lose with her strength. After all, she was a genius disciple of the East continent's proud of dawn Academy. Her means were far stronger than ordinary Masters of the same level.

But now, it was Scarface, a peak-level early stage mysterious Ascension cultivator, who was in her position. Huo yudie's heart instantly sank to the bottom of the valley. How could she win against him?

However, to her surprise, Scarface did not touch her at all. Instead, he smiled obsequiously. His expression was so flattering that Huo yudie was stunned.

"B ... Boss ... Why did you ..." Han Chen felt dizzy from the slap. He looked at Scarface, feeling wronged. If he wanted to snatch the woman, he could have just said so. How could he not give her to him? was there a need to hit him?

Scarface rushed over and grabbed him by the collar. He gritted his teeth and said in a low voice, ""You dare to touch this woman? I won't stop you if you want to die, but don't get me involved!"

"Isn't that ruthless man already dead? What's there to be afraid of?" Han Chen pouted disapprovingly.

"Are you out of your mind? Have you forgotten the lesson from the armored man? How many days has it been?" Scarface spat and said, ""Didn't that armored man also fall to the ground? however, the person beside him is a ruthless man, a ruthless man that none of us can afford to offend! Look at this one, she's lying on the ground, but how do you know her background? what if birds of a feather flock together and she's also a ruthless person who's hiding her strength?"

"This ..." Hearing Scarface's analysis, Han Chen broke out in a cold sweat. After thinking about it carefully, it seemed to make sense. He had almost lost his mind because of lust and made a big mistake.

"You're about to leave, so don't fail at the last moment. If you cause trouble again, I won't let you off!" Scarface said sternly.

"Yes, yes. Boss, don't worry. I definitely won't cause you any trouble. Absolutely not." Han Chen nodded and promised.

Under Huo yudie's strange gaze, Scarface turned around and smiled apologetically after he had finished lecturing his younger brother. He forced out a self-righteous expression and greeted, ""Young lady, are you preparing to go back?"

Huo yudie nodded. Although they were talking in a low voice, she had still heard it. So at this moment, she was not so nervous anymore.

"Oh, do you want me to get someone to send you?" Scarface took the initiative to be attentive.

"No need," Huo yudie said with a cold face. Then, she ignored the crowd and quickly left with Lin Yi on her back.

After the Oasis, the rest of the journey was the same desert. It was extremely boring and boring, but for Huo yudie at this time, it was better than nothing. No matter how boring it was, it was still better than being in danger. Moreover, there was not much time left, and she could not afford to delay any longer.

Time passed by in a flash. Three days later, Huo yudie finally arrived at the location of the teleportation array. At this time, there were already several trial-takers in line. Those who rushed out at this time were naturally Masters of the great circle of Yuanying stage.

When the crowd saw Huo yudie and the dying Lin Yi on her back, other than surprise, they didn't have much of a reaction. After all, there were two Western Island Masters maintaining order here, and whoever caused trouble here would have to pay the price.

What's more, Huo yudie herself was also a master of the great circle of the Yuanying stage. If they really fought to the death, they would not be able to gain any advantage. Even if they could, they would inevitably suffer a great loss of vitality and would not be able to recover in a short time. Then, they would not even be able to leave.

Huo yudie carried Lin Yi on her back and waited quietly at the back of the line. After the people in front of her left one by one, Huo yudie was about to step into the teleportation formation when she was stopped by the Western Island master.

"Only one person can go in. If you bring him along, you won't be able to go in." The West Island expert explained indifferently.

"What?" Huo yudie was shocked when she heard this. She had vaguely heard Yan Xinlan mention this before the start of the trial, but she did not take it to heart at that time. She did not expect it to become a fatal obstacle now!

"This is something decided by the teleportation array, and no one can change it. It's useless even if you're carrying a dead person. Only one person can go through at a time. Of course, there are no restrictions on natural treasures." The Western Island master looked at Huo yudie with sympathy.

Chapter 4732 I'm Not Leaving!

This woman had gone through so much trouble to carry this man who was obviously going to die. She could be considered to be loyal. If there was a way, they wouldn't mind helping to make an exception. Unfortunately, this matter was not up to them. The teleportation array was designed this way. Even if the King of Heaven came, it would be useless.

"This ..." Huo yudie frowned. It wasn't easy to get back to this place, and she thought that she could bring Lin Yi back to the Western part of the island. She didn't expect to be stuck at the last step. What should she do?

No matter what, she definitely couldn't go back alone! Leaving Lin Yi here alone was the same as asking him to die, but the two of them couldn't leave together.

"Hey! Are you going ahead or not? We're still waiting in line!" While Huo yudie was hesitating, the people at the back of the line were starting to get impatient. They did not care so much. They were all in a hurry to go back. If they delayed for too long and they could not go back, who could they go to?

"Then ... I'll think about it ..." Huo yudie stepped aside and let the people behind them pass first. She found a clean place not far from the teleportation formation and settled Lin Yi down while she stood guard at the side, frowning.

Time passed by slowly. Huo yudie was still at her wits 'end as she watched the trial-takers who had returned one after another being teleported away. She could not think of a feasible plan.

Although the presence of the West Island experts prevented her from being harassed by other cultivators, and even Han Chen, who had coveted her beauty, didn't dare to look at her when he passed by, this didn't solve the problem. No matter how carefree she was, what was the point of being trapped here ...

Two days later, it was almost a month's time. By this time, all the participants had left. Those who remained knew that they couldn't leave, so they turned to Scarface. Only Huo yudie and Lin Yi were left by the teleportation array.

"This is the final deadline, are you leaving or not? If you don't leave now, you really won't be able to get out. This man obviously won't be able to live anymore, you don't have to stay here to be buried with him!" The two Western Island experts seemed to be ready to leave. After looking at each other, as women, they couldn't bear to watch and came over to persuade her gently.

"No, I won't leave him alone. I definitely won't!" Huo yudie shook her head firmly.

"There are plenty of good men in the world, why should you hang yourself on one tree?" One of the Western Island experts sighed helplessly.

The Western part of the island was a feminist society. Unlike other places, they did not pay attention to the three obedience and four virtues. To be buried with a man who was obviously going to die, and for a woman to commit suicide for a man, this kind of thing was simply unreasonable in her eyes.

"That's right. This little sister, you're a peak Yuanying stage expert, right? Even if you go all out, the strength you can muster is only enough to activate the formation at this time. It'll be useless if you delay it for another day, and you can only wait until the next trial begins. However, you should also be very clear about the situation here. It's wishful thinking for a girl like you to wait for the next trial safely. Those people will definitely target you. " Another West Island expert tried to persuade him.

The existence of Scarface and the others had never been a secret, but the West Island's higher-ups had no intention of dealing with him. In fact, they were quite indulgent. To put it bluntly, since this was the trial, Scarface and the others were the same as other monsters and beasts. They were all stepping stones for the trial-takers, so they let them do as they pleased.

Huo yudie still shook her head. Suddenly, she rolled her eyes and said, ""Sisters, if I use my full power to activate a move and try to teleport him out, I wonder if that's possible?"

This was the only solution she could think of in the past two days. Although she knew that it wouldn't be that easy, what if it was feasible? anyway, there were no other people in the line now, and she believed that the two West Island Masters should be able to give her a clear answer.

"Then you won't be able to get out! It's already a month's time. If you want to activate the teleportation array, you must use your strongest move. You can't hold back at all. Only then can you barely succeed. In fact, even if you do this, you may not be able to get out. This is not a joke!" The Western Island expert warned sternly.

"That's right, one month is the limit of a peak Yuanying stage expert, you can't waste any more time!" The other West Island expert also shook his head and added, ""Moreover, if you want to put him in the teleportation array and activate it from the outside, although it's not completely impossible, it's also very difficult. Because the teleportation array eye is hidden inside, if you don't have some special tricks, it's impossible for the outside to reach it. You have to think about it carefully."

"This ..." Huo yudie gritted her teeth and thought about it. Regardless of whether it would work or not, she should try to see if she could get Lin Yi out of here first.

However, this way, whether Lin Yi could successfully teleport out or not, she wouldn't be able to get out herself. She was gambling her own fate for Lin Yi's sake.

As for the difficulty mentioned by the two masters from the West Island, Huo yudie did not take it to heart. After all, she was a genius disciple of the East continent's proud of dawn Academy. She still had the means to do this.

"It's better for you to come with us. This kind of attempt is meaningless. No matter what, one of you two must stay. If you choose him, not only will he not succeed, even if he does succeed, he won't be able to bear the burden of the teleportation in his dying state. He might even die faster. " Seeing that time was almost up, the two Western Island experts finally advised.

"Ah?" Huo yudie was taken aback. She would have forgotten about this if it wasn't for Lin Yi's reminder. The process of teleportation was a huge burden on the body. It was fine for a practitioner, but in Lin Yi's current state, the man's words weren't just to scare her.

Besides, even if Lin Yi could slip through like this, there was still a chance that no one would care about him on the west side of the island. Even if there was only a little window of time in between, there could be unexpected trouble. What if kaizi and his helpers were waiting at the portal on the other side, waiting for a chance to finish him off?

After analyzing the situation, it was too risky to send Lin Yi out alone. It was obviously not a wise choice, but if Huo yudie wanted to go alone, she would never agree.

As she thought of this, Huo yudie gritted her teeth and said with determination, ""Thank you for your kindness, but I'm not leaving!"

Chapter 4733 Can't Get Out

She didn't know why, but it was her instinct-she had to protect Lin Yi no matter what! As for the serious consequences of her staying here, Huo yudie did not think too much about it. After all, it was useless to think about it at this time.

"You're not leaving? Then we really won't be able to leave!" The two West Island experts looked at each other and couldn't help but exclaim, ""Who knows when you'll have to wait if you stay here. We don't even know when the next trial will open. You should know that our West Island trial doesn't open regularly. If you're lucky, it might only open every year. If you're unlucky, it might be decades or even centuries. This depends on the weak period of the formation."

"I understand! I understand what the two big Sisters are saying, but I can't leave him here alone. This little sister appreciates the good intentions of the two big Sisters, but there's no need to persuade him any further. " Huo yudie said firmly.

The two West Island Masters looked at each other and their faces were moved. Although they felt that Huo yudie was not worth it, such a loyal woman deserved everyone's respect.

Since the other party had already made up his mind, it would be futile for the two of them to continue persuading him. They would be wasting their time as villains. After all, they did not know each other. It was already very good that they could do this.

"Alright, but you have to be careful when you stay here. Find a secluded place nearby and hide. If there's nothing, it's best not to go in. I believe you know what kind of people those guys are. Not to mention, they have a xuansheng stage expert. You can't beat them." The two Western Island experts sighed. They couldn't continue to waste time here, so they could only give this last kind reminder.

"Thank you, two big Sisters." Huo yudie nodded and watched the two masters leave. She stood quietly by Lin Yi's side, staring at him blankly. No one knew what she was thinking.

At the same time, on the other side of the teleportation array in the side courtyard of the Western Island Lord's Palace, the open space next to it was already filled with all the challengers who had come out one after another. It was bustling with activity, and people were moving about.

Although the West Island trial itself did not set a time limit for the trial, today was the one-month deadline. Objectively speaking, this was the actual end of the trial. If they did not come out after today, it meant that they would not be able to come out.

At this very moment, in order to congratulate the trial-takers on their successful return and to show their grandness, the person in charge of the event was not the Vice-Island master of the West Island, Yan Xinlan, but the island master herself, ning Shangling.

Compared to the previous birthday banquet, ning Shangling was obviously much closer to the crowd this time. She had an amiable smile on her face as she walked leisurely through the crowd, waving to the crowd from time to time.

Wherever ning Shangling went, the crowd was in an uproar. To be able to come into such close contact with the beautiful island master, who had always been high and mighty, all the cultivators were sincerely flattered.

Of course, even if they had any dirty thoughts in their hearts, they would not dare to show them in this place. Ning Shangling was like an Empress on the West Island. Anyone who dared to blaspheme her would not be able to leave the West Island alive no matter how strong they were.

Behind the beautiful ning Shangling was the pure and innocent ning Xuefei. According to the rules, this Princess of the West Island was not allowed to show her face in public. However, this trial was a little special as it was related to her marriage. Her future husband was very likely to be among this group of participants, so it was reasonable for her to come out with her mother to comfort the crowd.

As ning Xuefei's best friends, Shangguan LAN 'er and han Jingjing naturally stayed by her side. The three girls were not in the mood to watch the fun, and kept looking at the exit of the teleportation formation.

Han Jingjing had already told ning Xuefei and Shangguan LAN 'er about Lin Yi's coma. She knew that there were people taking care of him, but she was still worried. If it wasn't for ning Shangling, the three of them would have gone to the teleportation formation to wait for him. If there was a way, they would even teleport in.

Time passed by bit by bit. Seeing that it had been a long time since the trial came out, the three women couldn't help but become more and more anxious. Could there be a problem?

After all, the three of them had specifically asked people to understand the teleportation formation. Although it wasn't impossible to send an unconscious Lin Yi here, it was a very difficult task. At this point in time, the price they had to pay was unimaginable.

If it were the three of them, they'd sacrifice themselves without hesitation to get Lin Yi out, but this was a woman they'd just met for the first time. Would she do that?

No one knew the answer, so they could only wait. However, Lin Yi didn't show up even after the three girls waited for him. Even when the two guards returned, Lin Yi still didn't come out!

Han Jingjing and Shangguan LAN 'er looked at each other, and their faces turned pale. Ning Xuefei almost fainted on the spot.

This wasn't just about Lin Yi's safety, it was about her marriage as well! She'd put her whole life's hope on Lin Yi, and this was a huge blow to her.

"There's no one inside?" Suddenly, a woman rushed up and asked the two guards who had just come out of the teleportation array. She was Liu Ziyu, the vice principal of the East continent's proud of dawn Academy.

As the leader of the East Province Academy, Liu Ziyu's every move represented the school. She had never been so nervous before, and her face was even darker than Ning Xuefei's. It wasn't just Lin Yi who didn't come out, her precious disciple Huo Yudie didn't either!

To her, Huo Yudie was not only her most important personal disciple, but in a sense, she was also like a mother and daughter. She had brought her up from an infant with great difficulty. This kind of relationship was far beyond that of an ordinary master-disciple relationship.

The two guards of the West Island were shocked. They looked at Liu Ziyu carefully and knew that she was a good friend of the island master Ning Shangling. They did not dare to neglect her, and immediately replied respectfully, "There's a woman and a man next to the teleportation array. We don't know if they're alive or dead, but they're the same as the others. They shouldn't be able to come out."

"Can't get out? Why can't he come out?" Although the other party didn't say it clearly, Liu Ziyu's intuition told her that this woman must be her disciple, Huo Yudie. She nervously said, "My disciple is an expert of the great circle of the original level. Her strength is much stronger than that of an ordinary expert of the great circle of the original level. If there is no problem, she should be able to open the teleportation array with her strength!"

Chapter 4734 Can't Live?

It turned out that the affectionate woman was Liu Ziyu's direct disciple! The two West Island guards immediately understood and explained, "That woman could have come out, but in order to accompany the man whose life and death is unknown, she gave up this opportunity. She has made up her mind, and we tried to persuade her for a long time, but it was to no avail."

"What? Why would she stay behind for a man?" Liu Ziyu could not help but frown. She swept her gaze across the crowd and finally landed on Ren Zhongyuan, Yi Xiaotian, and Yao Jiali.

Liu Ziyu knew her precious disciple very well. Although this girl was powerful and not young, she had spent most of her time in closed-door cultivation over the years. Her heart was even purer than some ordinary girls.

In the Academy of pride, given Huo yudie's status, ordinary disciples would not dare to talk to her easily. Among all the disciples who were on this trip to the West Island, only Ren Zhongyuan and the other two were able to talk to her. Ren Zhongyuan, in particular, had been trying to woo Huo yudie all these years.

If Huo yudie had chosen to stay behind for Ren Zhongyuan's sake, Liu Ziyu would have been able to understand why their relationship had improved during the training. However, Ren Zhongyuan had returned long ago. Who could she be guarding now?

Liu Ziyu could not help but suspect that the woman the two guards were talking about was not her disciple, Huo yudie, but someone else.

"You're saying that sister Huo yudie decided to stay here to take care of Lin Yi bro?" Han Jingjing suddenly came over at this moment and impatiently asked the West Island guard for confirmation.

"Er ..." The two guards who had just come out looked at each other. They were very familiar with Han Jingjing, who had lived here for a few years. "We don't know if they're the Lin Yi and Huo yudie you're talking about, but we know that the man's injury is very serious. There's a big hole in his stomach, and it looks like he won't live for long."

"There's no mistake, that's Lin Yi bro!" Han Jingjing confirmed. Then, she gave Ning Xuefei and Shangguan Lan'er, who were both anxious, a look to signal them to relax.

Since Huo yudie was willing to put herself in danger and insisted on staying with Lin Yi, it meant that Lin Yi was still alive. Otherwise, what was the point of her staying inside?

As far as han Jingjing was concerned, as long as her Lin Yi Gege was not dead, then there would definitely be a way to get out. This kind of thing was not difficult for Lin Yi Gege!

When Liu Ziyu heard han Jingjing's words, she couldn't help but frown. Although she didn't know why han Jingjing was so sure, it seemed that the woman was her precious disciple without a doubt.

Huo yudie was safe and sound, which made her feel a little relieved. However, it was really strange that her precious disciple would stay for a man, and a man she had never met before!

"What? Brother Ling is seriously injured and can't live? How is this possible?" Not far away, Qi Wenhan was shocked. He and Xia luoluo weren't greedy for treasures. This test was more like a trip for the two of them, so they came out early after the harvest. They'd been waiting to reunite with Lin Yi these days, and now they had this bad news!

Qi Wenhan almost fainted. Thanks to Xia luoluo's support, he managed to stabilize his body.

"Wenhan, don't worry. With brother Ling's ability, he might not die. Let's get to the bottom of this first." Xia luoluo consoled him gently. She had a good impression of Lin Yi, especially since he was Qi Wenhan's biggest supporter. If something really happened this time, there would be more variables in her relationship with Qi Wenhan.

At this moment, Ren Zhongyuan and a few others were also paying attention to the movement at the teleportation array. Ren Zhongyuan, like Liu Ziyu, had been looking forward to seeing Huo yudie. Unfortunately, the person he liked had not appeared.

After listening to these words, Ren Zhongyuan suddenly had mixed feelings in his heart. Lin Yi was about to die, and this was good news to him. Basically, any man who was close to Huo yudie was a person who deserved to die in his eyes.

However! The pure and innocent goddess Huo yudie in his heart was actually willing to sacrifice her life to accompany this fellow who was about to die. How could Ren Zhongyuan, his suitor, bear with this?

At the same time, the other two people in the crowd had complicated expressions. These two were the culprits of Lin Yi's fatal injuries-Xu lingchong and Kang Zhaoming.

After these few days of recovery, Kang Zhaoming had fully recovered. After all, Lin Yi had just mastered the power of lightning, and its power was limited. Kang Zhaoming was only in a bad state when he was electrocuted, but with the strong life force of an advanced practitioner, he could move freely after a few days. Otherwise, he wouldn't have been able to teleport back.

Now that they heard that Lin Yi was about to die in public, lingchong and Zhaoming couldn't help but look at each other. In fact, to them, Lin Yi was dead for sure. No one could survive with such a big hole in their stomach, and Lin Yi was still hanging on by a thread. One could only say that this kid's life force was terrifyingly strong!

But even so, Lin Yi was already a dead man in their eyes, and getting rid of such an enemy was a good thing for them. The problem was, how were they going to explain this to the higher-ups?

Before this, lingchong didn't dare to say it was this serious in the report because he was afraid of the higher-ups "blame. He only said that he injured Lin Yi, and Lin Yi wouldn't be able to recover in a short time. He might not be able to come out for a while, and would probably be trapped in the training ground for a few years.

The mysterious man didn't say much when he saw that Lin Yi was only temporarily trapped, but now that the whole thing was out in the open, everyone knew about it ...

What a headache! Xu lingchong and Kang Zhaoming's heads were hurting so much that they didn't know what to say. Killing Lin Yi was already a major offense against the higher-ups "orders, and now they were adding the crime of deceiving the higher-ups to it. The mysterious man would be furious when he found out, and there might even be a brutal punishment. What should they do?!

On the other side, after listening to the conversation between the two guards and Han Jing Jing, two powerful experts with cold auras also revealed a shocked expression. These two were the most powerful figures in the younger generation of the North Island. One was Gongyang Jie, the other was LAN Tiefu.

They both had the same mission of protecting Shangguan LAN 'er-Lin Yi was in the light, and they were in the dark. It wasn't strange for them to be shocked when they heard that Lin Yi was dying.

Chapter 4735 A Letter From The Higher-Ups

Gongyang Jie and LAN Tiefu's gazes, however, were filled with a deeper meaning that no one could understand. It wasn't that they felt it was a pity for a genius like Lin Yi to die-they were both looking at Lin Yi with a heavy heart.

Other than these people, the rest of the people were a little excited, but they didn't care about it. After all, neither Lin Yi nor Huo yudie had anything to do with them, and they didn't gather here for them.

To them, Lin Yi's death didn't matter at all. They only cared about one thing, and that was who would have the last laugh in this trial and become the son-in-law of the West Island Lord, ning Shangling!

Today was the objective deadline for the trial, and it was also the time to check the gains of all the participants. If everything went well, it was very likely that the results would be out today, which was why ning Shangling had appeared in person.

However, the incident had happened so suddenly that the protagonist, ning Xuefei, had suffered a blow. Her face had turned pale and she could barely stand. She had to rely on han Jingjing and Shangguan LAN'er to support her. As an important guest, the leader of the East Province Academy, Liu Ziyu, also looked worried and was obviously not in her right state.

Under such circumstances, it was obviously not appropriate to continue with the original plan. Ning Shangling pondered for a moment and changed her mind. She then ordered the Vice Island master, Yan Xinlan, to announce, "Everyone, please take out your spoils of war from this trial. We have specialized personnel to record them all. After this, everyone can go back and rest. We will choose a day and invite guests to judge. As for the subsequent developments, please go back and wait patiently for news."

The crowd was disappointed. They had thought that the results would be out today. They did not expect to have to wait. To those who thought that they had a chance to stand out, the waiting process was undoubtedly a torture.

However, since Yan Xinlan had already announced it in front of everyone, the wood has already been made into a boat. It was useless for them to object. In fact, no one dared to object. At most, they would only grumble in private. After the West Island disciples came over to record their spoils, they left the venue one after another.

As soon as they returned to their room, lingchong and Zhaoming hadn't even sat down to catch their breath when a blood bat came flying at them, carrying a mysterious man's letter.

"You have to give us an explanation for what happened to Lin Yi, or you'll have to bear the consequences!" The tone of the letter was extremely stern. This time, there was no code. It was clear that the mysterious man was truly angry.

Lingchong and Zhaoming's eyes twitched when they saw the words. It was just a sentence, and it didn't seem that scary, but the person who said it was the mysterious man. The words were the deciding factor of their life and death.

Lingchong and Zhaoming didn't doubt it at all-if they couldn't come up with a reasonable explanation this time, they'd be in deep trouble, and might even lose their lives.

"What do we do? Quickly think of a way!" Xu lingchong's voice was sharp as he looked at Kang Zhaoming unkindly. If he couldn't find a good reason, he was prepared to use this kid as a scapegoat. Only then could he escape this.

"Yes, yes, young master Xu, don't worry. There will be a way. There must be a way!" Zhaoming's heart skipped a beat. He wasn't a smart person, but he was a smart one, especially when it came to things like this. He knew what lingchong was thinking just by looking at his eyes.

"It's best if you can think of a way. Otherwise, if the higher-ups really want to investigate, one of us will have to die. You decide for yourself." Xu lingchong said coldly.

"Yes, yes!" Zhaoming's forehead was covered in sweat as he looked at the killing intent in the man's eyes. He had an idea. "I got it, young master Xu, I have an idea!"

"What is it? Hurry up and tell me!" Xu lingchong hurriedly urged.

"Young master Xu, look, although Lin Yi's injuries are serious, he's still alive. This means that he's probably not going to die. I know this guy very well, his life force is very strong. This has happened a few times before and he didn't die, so it's definitely going to be the same this time. If he really can't make it, why is that girl still guarding him?" Kang Zhaoming nervously licked his lips as he carefully analyzed.

"That makes sense!" Lingchong Xu's eyes lit up as long as they could prove that Lin Yi wasn't dead, then the higher-ups wouldn't be so hung up on this, and they'd be able to escape. She nodded, "Alright, I'll reply as you said!"

After the two of them sent the letter out, they stayed in the room and waited for the mysterious person's reply. If they couldn't even answer to this, they would really have to bear the consequences.

After waiting in fear and trepidation for a long time, the blood bat finally arrived. They impatiently opened the mysterious person's letter. There was only one sentence on it: For the sake of the Thunder mystical vine, he would not do it again.

Xu lingchong and Kang Zhaoming looked at each other and let out a long breath. They sat on the ground like deflated balls and didn't move for a long time. They were really scared this time, but luckily they escaped.

They were fine, but on the other hand, ning Xuefei fainted as soon as she returned to the palace. She was under too much pressure. Even though Han Jing Jing had comforted her softly, it was to no avail. She had been able to hold on on the way, but when she returned to her room, she felt dizzy and immediately passed out.

This scene had given ning Shangling a huge shock. She quickly examined ning Xuefei carefully and found that there was nothing abnormal about her body other than a slight fever. As long as she had a good sleep, she would be better. This was when the island Lord of the West Island finally heaved a sigh of relief.

With Shangguan LAN 'er and han Jingjing by her side, ning Shangling was not worried at all. She immediately led her men out of the room. She could not stay by ning Xuefei's side personally. As the island master of the West Island, she still had many things to do, such as comforting Liu Ziyu who was also anxious.

Han Jing Jing and Shangguan LAN 'er were also worried, but they were better off than ning Xuefei. As long as Lin Yi was alive, it was enough for them.

However, ning Xuefei was different. This incident was too much of a blow and pressure to her. Not only did she lose someone to rely on for her lifelong event, but she also blamed herself!

Chapter 4737 So Famous?

"I ..." Shangguan LAN 'er blushed and couldn't say anything. She wanted to deny it, but she didn't know why she couldn't bear to do it. Although she never thought about it, she would never agree to leave Lin Yi and marry another man.

Was there a better man than Little Junior Brother in this world? Shangguan LAN 'er was very suspicious about this. Just like ning Xuefei, she did not want to marry another man. She did not want to be

separated from her best friends. At this moment, she could not help but think shyly, "my body has been seen by my Junior Brother. Does this mean that we are officially married?"

Looking at Shangguan LAN 'er's blushing face, ning Xuefei and han Jingjing burst into laughter. After all, they were both innocent girls. After such a scene, the worries they had earlier disappeared. The three girls even began to discuss who was the bigger one ...

On the other hand, Huo yudie wasn't as carefree as the three of them after hanging up the phone, but after hearing han Jingjing's words of comfort, she finally felt a little more at ease. She stopped thinking about random things and focused on protecting Lin Yi, hoping that he would gradually recover.

Lin Yi knew everything that Huo yudie had done for him. Although he was injured so badly that he couldn't even open his eyes, let alone speak, he had regained some consciousness during his recovery period.

Lin Yi was extremely touched by Huo yudie's gentle breath. What Huo yudie had done was far beyond the kindness of a temporary teammate. Not to mention the benefits between them, even if they were good friends for decades, they might not be able to do what she did.

After all, what Huo yudie had done was not a small price. In order to be with Lin Yi, she almost gave up her own life. She was even willing to give up her life, let alone her reputation as a girl.

Although Lin Yi was a little slow when it came to relationships, he was no fool. At this moment, he finally understood that there might be some inexplicable feelings between him and Huo yudie.

Both of them knew why Huo yudie was willing to do this for him.

After coming to Sky Class Island, Lin Yi didn't want to attract any more love debts-it was unfair to his female friends. Unfortunately, he was a genius in other aspects, but when it came to love, he was so slow that he didn't know what to say.

It was always after he realized it, and the girl was always the one who took the initiative. Lin Yi was a soft-hearted person, and it was almost impossible for him to reject her face to face, especially when Huo yudie was willing to give up her life and reputation for him. What could he say?

Lin Yi was touched and helpless at the same time. He told himself that he couldn't let Huo yudie down no matter what. The girl had done so much for him. It would be unreasonable for a man like him to hesitate and retreat.

As for now, there was only one thing Lin Yi needed to do, and that was to recover.

Although most of the trial-takers had left, there were still Scarface and the others. Huo yudie alone would not be able to gain a firm foothold in this trial ground. He had to recover as soon as possible so that he could rest easy.

In the West Island's Palace, two women sat facing each other in the study room. They were the West Island's Island Lord, ning Shangling, and the East continent's Academy of morning's Pride's Vice Principal, Liu Ziyu.

The study was like the boudoir, both were ning Shangling's private places. Generally, outsiders were not allowed to enter, but Liu Ziyu and her were good friends who had known each other since they were young. Although there was a gap in their strength, they were not outsiders.

"Shang Ling, do you know who that Lin Yi is?" Liu Ziyu asked with a strange expression. She could not imagine that her precious disciple would stay inside for a strange man. At this moment, she felt an inexplicable emptiness in her heart, as if her heart had been snatched away.

"Haha, this Lin Yi is indeed a rare talent. He's one of the most outstanding young people in the five Sky Class islands." Ning Shangling smiled and said honestly, "I won't hide it from you, Ziyu. I'm actually quite optimistic about this kid. He's one of the candidates for Feifei's husband."

"Is this person really that famous?" Liu Ziyu was surprised to hear this.

Who was ning Shangling? He was the island master of the West Island, one of the top existences in the five sky-class islands!

With her level and status, most so-called super geniuses would not even enter her eyes. Even in a place like the East Province Academy where geniuses gathered, there were only a few young disciples who could make ning Shangling remember their names, let alone get such a high evaluation from her mouth.

At least, from what Liu Ziyu knew, her old friend had never given a young man such an evaluation before. To be able to make her a candidate for her daughter's husband, he was basically half the heir to the West Island in the future. Was this Lin Yi really that amazing?

"He's not really famous. In terms of fame, he's actually far from being comparable to those in Nakajima and your East continent. But if you carefully understand what he does, you'll know that he's extraordinary." Ning Shangling was a little emotional, but when she saw that Liu Ziyu did not seem to believe her, she smiled and gave an example, "You also know that the West Mountain evil sect is a major

threat to the West Island. I've spent a lot of manpower and energy to monitor their every move over the years. Do you still remember the old sect of the West Mountain?"

"Of course, a defeated opponent!" Liu Ziyu sneered. She was a reliable ally who naturally stood on the West Island's side. Whenever the West Mountain evil sect wanted to stir up trouble, she would rush over to help at the first moment. She had met many top-notch Masters from the West Mountain evil sect, including the old sect of the West Mountain, who was ranked second among the evil cultivators.

"To you, he's naturally a defeated opponent. However, even at the level of the mountain opening stage, this old thief can be considered a rare and troublesome existence." Ning Shangling said.

"Yes, this old thief is indeed not weak. I even suffered a small loss at his hands last time." Liu Ziyu said angrily. Although she had been at a disadvantage last time because she had been caught off guard and made the first move, the old sect master of West Mountain was indeed not a kind person. Even if the two of them had a fair one-on-one fight, to be honest, she did not have much confidence in winning.

"According to the information, the old sect of West Mountain went to the South continent's Sea area after leaving the evil sect of West Mountain. I thought they would make some big moves, but I didn't expect that the old thief went straight to the South continent's Sea area to kill someone." Ning Shangling said slowly. Pay attention to the public's prestige, and release any news about the murlocs at any time. "

Chapter 4738 Not A Good Feeling

"Kill who?" Liu Ziyu was taken aback. A figure who could make a Big Shot of evil cultivators like West Mountain old sect come out personally was definitely not an ordinary person. It was most likely the top masters of those famous sects.

"It's Lin Yi. " Ning Shangling smiled.

"Lin Yi?" Ning Shangling was shocked, and she couldn't help but ask, "Is that true? How did he offend the West Mountain old sect?"

"The reason is actually very simple. He killed an evil cultivator named Wu baoliang. This person was the pro-disciple of West Mountain old sect and his nephew. That's why this old thief was alerted." Ning Shangling explained.

"So that's the case. No wonder the old thief was so angry. But how could he still be alive now when such a Big Shot of evil cultivators at the beginning of the mountain was personally chasing after him? Could it be that there's an expert protecting him?" Liu Ziyu couldn't help but ask.

She didn't pay attention to Lin Yi before, but since he was able to participate in the trial, it meant that he was at most a peak nascent soul. This was already very high for most practitioners, but in front of evil practitioners like West Mountain old sect, he was no different from a normal person. He could crush him with a thought.

Liu Ziyu would never believe that a nascent Soul Master could survive under the hands of West Mountain old sect without the help of an expert behind the scenes. It was simply a fantasy.

"No, I don't. It's not like you don't know about the South continent sea. Besides the spirit beast clan, who else can compete with the Masters of the old sect of West Mountain?" Ning Shangling laughed.

"That's true. The spirit beast clan secludes themselves from the world, and it doesn't matter to them whether they're evil cultivators or not. They're not like the prestigious sects who would want to beat up old thieves like the old sect of West Mountain. If there's no personal grudge, no one would take the initiative to stand up against the old sect of West Mountain." Liu Ziyu nodded, and then became

interested. She asked curiously, "But if that's the case, how did Lin Yi escape from the West Mountain old sect? It's impossible for him to do it on his own, right?"

"When I first saw the tip-off, I thought it was unbelievable too, but it's the truth. Lin Yi survived from West Mountain sect with his own strength." Ning Shangling said emotionally.

"How is this possible?" Liu Ziyu was shocked. At her level, there were very few things that could make her lose her composure. However, a mere master of the original infant stage could escape the pursuit of the old sect of West Mountain by himself. This kind of thing was not only shocking, but also subverting the world view!

"I'm afraid no one else knows the exact process other than Lin Yi himself and West Mountain old sect master. But according to our Intel on the Western Island, one thing's for sure. The reason why Lin Yi was able to escape this death was that he escaped into the southern part of the island." Ning Shangling said.

"He escaped to the southern island? No wonder the old sect master of West Mountain didn't dare to chase after him. It's an unprecedented miracle that he, a nascent Soul Stage cultivator, could escape from the territory of the spirit beast clan in one piece." Liu Ziyu sighed and looked at Ning Shangling, "In that case, this boy is really extraordinary. It's not strange that you want to take him as your son-in-law. If he can really grow up in the future, I'm afraid he won't be much inferior to your husband."

"That's right, I did think so at first, but it seems that it's not possible now. However, it's heaven's will, and we should not let the fertile water flow into others' fields. It's just nice to give it to your precious disciple." Ning Shangling covered her mouth and laughed.

"Hmph! He kidnapped my disciple and is trapped in the trial grounds. I haven't even settled the score with him yet. No matter how high his talent is, I will not agree to die 'er leaving with him!" Liu Ziyu snorted angrily.

"Hehe, Ziyu, don't be so harsh with your words. Perhaps when the two of them come out of the trial grounds, they might even have a child already ..." Ning Shangling, who was always graceful and magnanimous, now had a rare look of mischief on her face.

"This ..." Liu Ziyu's expression suddenly changed. She hesitated for a moment and said, "That won't do either! No matter what, I won't hand her over to this kid who I don't know anything about!"

"Hehe, Speaking of which, you and Lin Yi know each other quite well, it's not like you don't know anything about him. You probably don't know yet, but he's from one of the three pavilions on the North Island, and he's the disciple that our senior Shangguan Tianhua values," Ning Shangling smiled as she revealed.

"Oh? Is that true?" Liu Ziyu's expression finally changed. She was shocked when she heard about Lin Yi's achievements, but she didn't have a good impression of him. It was a completely different story when she heard that Lin Yi was under Shangguan Tianhua.

Whether it was Liu Ziyu or Ning Shangling, both of them had hundreds of years of history with Shangguan Tianhua. Even though he was her senior, they were once teachers, and their relationship couldn't be explained with just a few words. If Lin Yi really was a disciple that Shangguan Tianhua valued, then no matter how much she didn't want to let him go, she couldn't just keep biting him.

"Of course it's true. He's the special envoy from the North Island that Shangguan Tianhua personally appointed. Why else do you think I would consider him?" Ning Shangling shook her head and laughed. To become Ning Shangling's husband, strength alone was not enough. The most important thing was to know each other's background, so as to ensure the stability of the Western Island in the future.

"If that's the case ..." Liu Ziyu's expression changed, and she pondered for a moment. "Al, forget it. If it really doesn't work out, I'll just wait here for a few years. Since he's the disciple that big brother Shangguan values, he's quite a good match for die 'er. I really can't say anything more."

"Ziyu, Ziyu, if Lin Yi really becomes your son-in-law, it's your good fortune. If it wasn't for the fact that only those who win the test can be my son-in-law, do you think I'd let you have him so easily? You're actually sighing as if you've suffered a great loss. I really don't know what to say. " Ning Shangling didn't know whether to laugh or cry.

Liu Ziyu smiled a little awkwardly. Although what she said was true, Huo yudie was still her precious daughter. She had always treated her like her own daughter. Now that she suddenly found out that her precious daughter was going to leave with someone else, she felt really bad. Most parents probably had this kind of mentality.

As the two of them were talking, a West Island disciple suddenly came to report from outside the door. He said in an urgent tone, ""Island master, when I was registering the practitioners, I found a person named Kang Zhaoming digging up an unripe Thunder mystical vine, and he dug it up from the root!"

"What? How dare you!" Ning Shangling's expression changed when she heard this. The Thunder mystical vine was a strategic and precious resource, and it was also the foundation of the trial on the West Island. If it was just a normal cutting of one, it would be fine. As the island master of the West Island, she would not be so petty. But to dig up an unripe Thunder mystical vine from its roots, was this something a normal person could do?!

#### Chapter 4739 The Selection Begins

It wasn't an overstatement to say that Zhaoming's actions were no different from coming to the island owner's Palace to steal the island's heirloom. If word got out, it'd be a public outrage-it was no wonder ning Shangling was furious!

"This kid is really detestable!" When Liu Ziyu heard this, she was also filled with righteous indignation. As ning Shangling's old friend, she was well aware of the significance of the Thunder mystical vine to the West Island. She could not help but ask, "But how did this Kang Zhaoming find the Thunder mystical vine? he wouldn't have leaked such an important map, would he?"

"I also think it's strange. We have to investigate this matter thoroughly." Ning Shangling frowned.

It was true that the existence of the Thunder mystical vine in the West Island trial was not a secret. In fact, many cultivators had come for the Thunder mystical vine. However, the exact location of the Thunder mystical vine was a secret among secrets on the West Island.

Even among the inner disciples of the West Island, only a very small number of disciples who were valued by ning Shangling would get a hint. The others had no way of knowing it. Even with Liu Ziyu's deep relationship with ning Shangling, it was only revealed to her because Liu Ziyu had made great contributions to the West Island in the past. It had never been revealed to others before.

No matter if it was Liu Ziyu or the disciples that ning Shangling valued, they were all reliable people. There was no reason for them to leak such an important secret, so how did Kang Zhaoming know?

"Could it be that this fellow injured die 'er and forced her to tell him the truth?" Liu Ziyu was shocked.

Ning Shangling nodded thoughtfully. The participants of the West Island trial were mainly outsiders. There were not many local disciples on the West Island. In order to prevent the secret of the Thunder mystical vine from being leaked, ning Shangling did not give them any hints this time. This meant that only Huo yudie knew the location of the Thunder mystical vine.

According to this deduction, this Kang Zhaoming could very likely be the clue he got from Huo yudie, and this could be linked to Lin Yi's injury. Lin Yi might have been injured by Kang Zhaoming because he wanted to save Huo yudie, and it was because of this that Huo yudie was willing to risk her life and reputation to stay with him!

In just a short moment, ning Shangling and Liu Ziyu had spontaneously formed a complete sequence of events in their minds. The more they thought about it, the more they felt that it made sense, and they were almost certain that it was the truth.

"This Kang Zhaoming deserves to die!" Liu Ziyu said angrily through gritted teeth.

Ning Shangling's face was ugly as she nodded her head. She was far more furious than Liu Ziyu, but as the Lord of the West Island, she couldn't do anything about it. After all, everything in the trial was up to fate, and killing and stealing was a common thing. There was no rule that said they couldn't touch the Thunder mystical vine. Even if she wanted to punish Kang Zhaoming, what reason did she have to take revenge?

Kang Zhaoming's actions were shameless, but if ning Shangling were to blame him for it, the entire western part of the island would become a laughing stock. This was a matter of the island's reputation, and she could only swallow her anger.

In the blink of an eye, half a month had passed, and there was still no news from Lin Yi and Huo yudie. In fact, everyone knew that the two of them were trapped inside and couldn't come out. The maximum time a peak nascent soul cultivator could stay inside was a month, and it had been a full month and a half. Just based on the fact that those above the nascent Soul Stage couldn't activate the teleportation formation, even a God wouldn't be able to come out.

The West Island trial was in an uproar, and it couldn't be dragged on forever. In the end, there had to be a final conclusion, or it would be equivalent to breaking one's promise.

Although ning Xuefei had begged ning Shangling a few times these days to delay it until Lin Yi came back, she, han Jingjing, and Shangguan LAN 'er all believed that as long as Lin Yi recovered, he would be able to get out!

However, this wasn't something that ning Shangling could decide alone. After all, this was a huge matter for the entire West Island, and all the sects and schools of the other Sky Class islands were paying attention to it. No matter how much she doted on her daughter, she couldn't joke around with the reputation of the entire West Island. Dragging it out for half a month was the limit, and it couldn't be dragged on any longer.

Ning Xuefei, who had just recovered from Lin Yi's injury, wanted to cry but no tears came out. She knew who the winner was, and she hated this person. She would rather die than entrust her life to this person, but there was nothing she could do. After all, this represented the reputation and reputation of the entire West Island. It wasn't something she could just say no.

After half a month, the island Lord's Palace was finally open to the public again. All participants of the West Island trial were invited to the side courtyard of the palace, which was located in the courtyard of the teleportation array. Today, the final winner of the trial would be judged.

The reason why they didn't choose the more Grand and formal square outside was mainly to take care of the cultivators. It should be known that these treasures would be taken away after the evaluation. As the saying goes, wealth should not be exposed. If it was placed in a public place, it was difficult to guarantee that it would not cause trouble later on. Now, it was placed in a relatively hidden inner courtyard of the island master's Palace. Although it couldn't completely prevent such things from happening, it was better.

The side courtyard was heavily guarded and packed with people. Not only were the cultivators gathered here, but there were also branch managers of the Hong Chamber of Commerce, central Chamber of Commerce, wealthy families, and other top Chamber of Commerce. As the most authoritative industry insiders, they were important judges specially invited by the West Island.

After a short opening speech, the crowd quickly entered the long-awaited main topic. A group of West Island disciples took out the registration booklet and let the participants compare it one by one in front of the public. The judges would then evaluate the value of the items on the spot, and only the person with the highest value would have the last laugh.

This was undoubtedly a treasure inspection meeting. Every time someone took out a rare treasure of heaven and earth, there would be a burst of whispers in the side courtyard. Many people knew that they couldn't compete with the other cultivators, but this time, they were able to see so many different kinds of treasures of heaven and earth. It was also an eye-opener, and they didn't come in vain.

Of course, there were also some who were very ambitious, thinking that they had the chance to become ning Shangling's son-in-law with the rare treasures in their hands. However, when it was Kang Zhaoming's turn, everything came to an end.

Thunder mystical vine! It was actually the legendary Thunder mystical vine!

For a moment, the entire place was silent. After a while, there was a burst of cold air. There was basically no Yuanying stage cultivator who didn't know about the Thunder mystical vine. Even if they hadn't seen it before, they must have heard of it. After all, the characteristics of the lightning were too obvious, it was unique in the world.

hadn't seen it before, they must have heard of it. After all, the characteristics of the lightning were too obvious, it was unique in the world.

#### Chapter 4740 Destined Prince Consort

This kind of heavenly treasure didn't even need an expert to judge. The value of the Thunder mystical vine was beyond doubt. Even if all the other heavenly treasures present were added up, they wouldn't be worth this one.

Of course, the shopkeepers of each Chamber of Commerce and other experts had already seen that this Thunder mystical vine was not fully mature yet. But even if it was not fully mature, it was still a Thunder mystical vine. Even if its value was discounted, it still dominated the entire market without a doubt. No other natural treasure could be compared to it.

It should be known that even if the Thunder mystical vine was not mature, it could still be used to refine the Thunder mystical pill. Although the quality would definitely be affected, and it could not guarantee a 100% success rate of crossing the Thunder tribulation, it still had a very high chance. Just from this point alone, it was still a rare treasure that could only be encountered by luck.

Looking at the cocky Zhaoming, the practitioners all went quiet-it was useless to be unwilling at a time like this. All the treasures they had on them were worth a fraction of the guy's value, how could they compete?

The practitioners were still in shock and defeat, but the disciples were looking at Zhaoming with unconcealed anger. Uprooting the Thunder mystical vine that belonged to their West Island, and it was an unripe one at that, meant they had used up a priceless treasure of the West Island.

In other words, this bastard had simply snatched the Thunder mystical vine that should have belonged to them. Moreover, he had used such a method to recklessly waste such a precious treasure that would anger both man and God. This was intolerable!

If it wasn't for ning Shangling and Yan Xinlan holding them back, the entire group of disciples would've already charged forward and torn that bastard Kang Zhaoming into pieces. How dare he show off in the master's house after stealing the treasure? who gave him the guts to do that?!

Zhaoming, on the other hand, didn't feel anything at all. His heart was filled with excitement as he enjoyed everyone's shocked and envious gazes while looking greedily at ning Xuefei. He couldn't help but gulp at the thought of such a delicate little beauty, and the noble Princess of the West Island at that! Coming to the West Island was the right decision!

Lingchong wasn't as stupid as him, stabbing him in the back without a trace. Zhaoming shuddered at the sudden movement, sweat pouring down his forehead as he realized the disciples were about to eat him up. He'd unknowingly angered everyone.

However, it was only in such a public place. If there were not so many outsiders present, these impatient West Island disciples would really eat him up. He had to be careful when he returned later to avoid being plotted against.

But after thinking about it, Zhaoming was suddenly happy again. From today on, he was destined to be the Fuma of the West Island, and to these disciples, he was their true master. They wouldn't dare to do anything to him even if they had a hundred guts-it was completely unnecessary to worry about this.

Not only that, if he was in a good mood one day, he could even find a few beautiful women in this country of women to have fun with. He could even take advantage of the noble and beautiful mother-in-law, ning Shangling. Just thinking about it made him feel so good that he could fly!

Seeing Zhaoming's face full of greed and pride, the group of disciples gritted their teeth in anger. Even the quiet ning Shangling couldn't help but frown. The thought of having this shameless guy as her son-in-law made her feel as disgusted as if she'd eaten a fly.

Not only ning Shangling, the mother, but even Yan Xinlan and Liu Ziyu were furious. The two of them looked at each other in tacit understanding, and killing intent flashed.

If ning Shangling agreed, they wouldn't mind being assassins. They watched ning Xuefei grow up, and they couldn't just watch her jump into the fire, let alone let a shameless person like Kang Zhaoming become the Prince Consort.

Ning Shangling shook her head slightly. As ning Xuefei's mother, she wanted to do this more than anyone else, but her other important identity didn't allow her to do so. Even if she didn't want Kang Zhaoming to be the Prince Consort, she couldn't use such a violent method that would easily give people a hard time.

"Everyone, it's almost time. Let's take a break first and announce the results in the afternoon." Ning Shangling announced with a calm expression, and then left with ning Xuefei, leaving the crowd in shock.

The other cultivators didn't mind. After all, it was obvious that they had nothing to do with it. Whether the announcement was made now or in the afternoon, it didn't matter to them at all. If they couldn't wait, they could leave now.

However, Kang Zhaoming's expression at this moment was really interesting. He was so smug just a moment ago and was even preparing his acceptance speech, but he almost bit his tongue off when he heard ning Shangling's words.

Lunch break? High-level cultivators didn't even need to eat, drink, or go to the toilet. It was common sense that they didn't sleep or rest. How could there be an afternoon break?

Zhaoming almost peed his pants when he felt the hostile gazes of the disciples. Was his future mother-in-law purposely leaving this blank period for the disciples to take advantage of?

Zhaoming was a conspirator himself, and his brain was full of conspiracies when it came to things like this. Think about it-if he could get someone to kill him before the results were announced, he'd be able to get back the Thunder mystical vine, and the West Island would only have to pay a scapegoat-it was a good deal.

At this moment, facing the envious gazes of the other practitioners, Kang Zhaoming was sweating like rain. Even his legs were soft from the fear. Why didn't ning Shangling play by the rules? what was he supposed to do now?

Zhaoming felt like he was sitting on pins and needles as he watched the other participants leave one by one. He subconsciously wanted to run away, but lingchong Xu pulled him back.

"Young ... Young master Xu, the situation is bad. Why don't we run? Lin Yi won't be coming back anyway, so as long as he doesn't get involved with ning Xuefei, we'll just take the Thunder mystical vine back and consider our mission complete, right?" Zhaoming suggested nervously.

"What are you panicking for?" Xu lingchong snorted. Of course, he knew that the situation was serious. They had dug out an unripe Thunder mystical vine from the roots, and they had greatly offended almost all the disciples of the West Island. Even if ning Shangling did not say anything, there was no guarantee that these people would not make the decision to assassinate them. This kind of thing was impossible to guard against.

"But ..." Zhaoming still wanted to run. To him, the test was the most dangerous before the results were announced, especially in a place like this where the Western Island Masters were everywhere. If someone decided to ambush him, he wouldn't even know how he died.
