

Bodyguard 4741

Chapter 4741 Ill-Intentions

"Idiot! It's precisely because these people have ill intentions towards us that we have to stay here. If we go out now, they can just find a scapegoat to cover up for us if something happens. However, as long as we stay here, they definitely won't dare to act rashly. " Xu lingchong coldly snorted in a low voice.

"Ah?" Zhaoming blinked, his eyes lighting up with excitement as he came to his senses. "That's right, young master Xu is wise. This is the temporary imperial residence of the island owner, and I'm the winner of the trial by default by so many people. If something were to happen to me here, the West Island would definitely be implicated. No matter how bold they are, they wouldn't dare to take such a risk!"

"The most dangerous place is the safest place. That's the truth. As long as we wait until the results of the trial are announced, no one can touch us!" Xu lingchong sneered complacently.

"Yes, yes, that's the logic!" Zhaoming was acting all high and mighty again, looking at the disciples around him with his head held high. He wasn't afraid at all, and was even commenting on their looks with interest. They'd all become his hidden targets.

At the training ground, in a hidden corner not far from the teleportation array, Huo yudie was still guarding Lin Yi's side. Although Lin Yi still showed no signs of waking up, Huo yudie was no longer as worried as before. Her expression was calm and confident.

She'd seen every change in Lin Yi these days-other than the fact that he wasn't waking up yet, everything else was getting better.

Not only did his breathing and pulse become stronger, but the shocking wound on Lin Yi's abdomen wasn't treated effectively, but it was healing at a speed visible to the naked eye. It was almost completely healed.

If she had not seen it with her own eyes, Huo yudie would never have believed that there was such a magical thing in the world. Not only did he not die from such a serious fatal injury, but he could also completely rely on his own vitality to heal himself without the help of a miracle doctor. This kind of thing was not only beyond common sense, but it was also a miracle!

Lin Yi really was extraordinary! Once again, Huo yudie confirmed her suspicions. Seeing that Lin Yi's breathing had returned to normal, she smiled lightly and walked out of the hidden corner. She went to the open space under the sun and took out her phone to charge.

Apart from rainy days, this was something she had to do every day for the past half a month. Han Jingjing had specifically told her to charge it frequently. After all, this was the only way for them to contact each other. Once it was cut off, it would be troublesome. Fortunately, it was rare to see rain in this trial ground all year round. Although it was always shrouded in a layer of hazy blood Qi, as long as they were in an open space, charging it was not a problem.

As usual, Huo yudie came to the open space outside the teleportation array. There were ravines on both sides of the teleportation array, and she could only bask in the sun here at noon. However, before she could put down her mobile phone, she suddenly felt a figure flashing in the corner of her eye.

"Who is it?" Huo yudie was shocked. However, after looking around, she did not find anyone. Instead, there was a strong wind and sand blowing.

It was just a false alarm! Huo yudie let out a sigh of relief. Now that Lin Yi was unconscious, she had to rely on herself for everything. To be honest, she was a little worried. Although she was a peak nascent

soul realm master, she was still a weak girl. Besides, she wasn't invincible in this place, and there was still Scarface and his gang!

As usual, after charging her phone, Huo yudie put away her phone and went back to take care of Lin Yi. But before she could sit down, she heard messy footsteps coming from outside, and then a big man with an overbearing aura appeared with a group of menacing men. It was Scarface and his men!

"It's you?" Huo yudie panicked and quickly stood in front of the unconscious Lin Yi. She looked at Scarface with fear and caution. This guy was obviously up to no good!

"Oh, so it's here." Scarface looked up and down at Huo yudie, drooling. His eyes were shining as he swallowed his saliva. He looked like he wanted to pounce on her on the spot.

When he saw Huo yudie before, she always wore a veil, so he only knew that she had an attractive figure, but he didn't know what her face looked like. So even if he had some thoughts, he wouldn't be too impulsive. After all, these days, girls who looked at their back and face made people feel guilty and self-defense were not only in the secular world. There were many girls on Sky Class Island, and with the little bit of fear in his heart, he didn't want to take the risk.

But now, Huo yudie had already taken off her veil because there was no one else around. Her beautiful face was unreservedly displayed in front of everyone. Coupled with her alluring figure, if Scarface and the others did not have any thoughts of committing a crime at this time, it could only mean that they were not men.

Huo yudie's heart sank as she looked at the obscene expressions of these people. She regretted her carelessness!

The figure that he had caught a glimpse of from the corner of his eye was not an illusion at all. It was a spy for Scarface and his gang. This was the only way to explain why these people had suddenly appeared here.

Huo yudie's guess was right. Every year, after the end of the West Island trial, Scarface would always bring some people to patrol the exit. This was his routine. According to past experience, there would always be a few unlucky challengers who would not give up at this time of the year, making their final struggle.

Of course, this was wishful thinking. After a month, no one would be able to leave. They would only have a chance after the next trial. As the local tyrant, Scarface knew this better than anyone else.

Moreover, according to his experience, these unlucky people would give up after about a month and a half. This was the best time for him to recruit his underlings. Therefore, he had sent his men to check out the situation. He did not expect to find Huo yudie, the beauty, by accident!

Looking at Huo yudie's alluring face, Scarface almost couldn't hold it in anymore. Although he was still a little afraid of Lin Yi's slap, Lin Yi was still lying there, unable to move. He was a peak of the early mystical Ascension realm, how could he be scared by a half-dead person?

As for Huo yudie herself, after the incident with Xu lingchong, although Scarface was also afraid that this girl's strength was not to be underestimated, he was still fascinated by her beauty. He was a man who had been holding back for decades. Now that he had suddenly seen such a beautiful woman, if he could continue to hold back because of such a small concern, then he would not be Scarface, but a Ninja Turtle ... With more than 1.5 million combat power, he had to continue to strive for the ranking list today! After a few days, I'll show everyone the Fishman account. Hehe~this is a new gift package benefit that the Fishman has prepared for everyone. You can receive it by entering the activation code below in the game: EATDFUDUQE

Chapter 4742 What If You're Not Polite?

"What are you doing?" Huo yudie pretended to be calm as she frowned. She was panicking inside. She had purposely found a corner for Lin Yi to hide from the wind, and there was only one exit. Scarface and his men were blocking it, and there was no way to escape. The only way was to force Scarface to go over.

"Nothing much. I just heard from my men that you were still here, so I came to see if there was anything I could help with." Scarface laughed. Out of fear, he did not want to force himself on her. If he could make this girl lower her head, that would be the best.

"No need. I advise you to take these people away. Otherwise, if you disturb my peace, don't blame me for being impolite." Huo yudie snorted coldly, pretending to be strong.

"Oh, really? It turns out that you want some peace and quiet? That's good, but this place is really too bad. It can't block the wind or the rain. No matter how you look at it, it doesn't seem to have anything to do with peace, right?" Scarface pinched his chin and laughed.

Huo yudie looked at him coldly and did not say anything. She did not know what this guy was up to. The difference in strength between the enemy and her was too great. Unless it was the last resort, she could not fight with the other party. She could only pretend to be polite.

"In the entire trial grounds, I'm afraid that my place is the only quiet place. If you don't mind, why don't you come to my place to stay?" Scarface suggested with ill intentions.

"No, I'm fine staying here. You guys can go." Huo yudie immediately refused.

"Young lady, as the saying goes, you rely on your parents at home and your friends when you go out. We can be considered as acquaintances. This is called fate. I'm sincerely inviting you, but aren't you being too disrespectful by saying this?" Scarface's expression changed.

"Then what do you want?" Huo yudie was shocked. If the other party turned hostile on the spot, they would really be in trouble today.

"I don't want anything. I just want you to stay at my place for a while and accompany me. I think we can cultivate a good relationship." Scarface finally revealed his fox tail, his face drooling as he chuckled. "After all, we're all trapped in this godforsaken place and can't get out. We have to go on living. You're such a beautiful woman, you can't possibly accompany this half-dead guy to live as a widow, right? what do you think, miss?"

"You're daydreaming!" Huo yudie's face suddenly turned as cold as ice. It was okay to pretend to be polite, but she could not tolerate the other party's words.

"Hey, Hey, little girl, let me give you a piece of advice. You'd better not be so decisive. As long as you accompany me for a few days, I promise that nobody here will dare to touch even a hair of yours. It's good for both of us. However, if you refuse a toast only to drink a forfeit, don't blame this father for not having any mercy on you!" Scarface's face turned stern.

"You!" Huo yudie gritted her teeth in anger. If it wasn't for Lin Yi, she would've killed him already. She would rather die than let him have his way.

"Hehe, I'm still being very polite to you now. You'd better accept it. Otherwise, when I'm not being polite, I'll ..." Scarface said as he reached out his hand to touch Huo yudie's body.

"What will happen if I don't?" With that indifferent voice, a hand suddenly grabbed Scarface's perverted claw. No matter how hard he tried, he did not move an inch.

Everyone gasped in shock when they saw who the hand belonged to. They immediately scattered in all directions. Huo yudie's eyes were filled with disbelief. She covered her mouth with her hands and was so excited that she could not say a word.

Plop! Scarface's legs went soft-a peak early mysterious Ascension realm master kneeled down on the spot, his soul almost leaving his body. He wouldn't have thought that Lin Yi would wake up at a time like this with such a terrible injury on his abdomen!

Moreover, he felt that this person's aura was even stronger than before. This vicious person could send him flying with a casual slap before. If he wanted to kill him now, wouldn't it be easier than crushing an ant?

His feeling wasn't wrong-after all, there's always good fortune after surviving a disaster. After being unconscious for so many days, Lin Yi's strength had unknowingly risen to mid-stage nascent soul. He'd just woken up and hadn't fully grasped his power yet, which was why Scarface could sense it.

"You haven't answered me yet. What will happen if I don't?" Lin Yi's tone was laced with killing intent as he looked at Scarface, who was kneeling in front of him.

"No... No... Nothing much ... I just have a cheap mouth ..." As Scarface said this, he gave himself two big slaps and pleaded with a sad face, ""Senior, please spare my life. I really just had a cheap mouth, I really didn't mean anything else ..."

"Then what are you doing here?" Lin Yi said, curling his lips.

"Uh ... I'm here to bid you farewell, senior. Yes, yes, I guess you're getting tired of staying here, so I'm here to bid you farewell ..." The scar-faced man had an idea.

"Oh, really? Then why did I vaguely hear that you wanted her to sleep with you?" Lin Yi's killing intent was getting stronger.

"No, no, this is a huge misunderstanding!" Scarface almost peed his pants, afraid that Lin Yi would kill him in the next second. He quickly came up with an idea. "Senior, I really didn't say I was going to sleep. I meant to ask your wife to go back with me to pick some good things as my farewell gift to you. It's also a small token of my appreciation ..."

"Really?" Lin Yi turned to look at Huo yudie, held her hand and blinked his eyes mischievously.

Huo yudie was still immersed in the surprise, and she only reacted when Lin Yi pulled her hand. Her face turned red, and her cheeks were as red as fire, even reaching her ears.

She didn't hear a single word, but she did hear the sensitive word "Madam." Lin Yi didn't seem to have any intention of correcting her, especially when he took the initiative to hold her hand. Did that mean he agreed?

But they weren't even ready yet. Wouldn't this progress be too fast? how should he explain it to his master when he returned?

Huo yudie's mind was filled with wild thoughts, and she only came back to her senses when Lin Yi asked her a second time. She tilted her head and said, ""I think so. Why don't we go and choose some?"

"That's good, after all, it's hard to refuse such kindness. " Lin Yi glanced at Scarface, amused."Hurry up and lead the way!"

Chapter 4743 Strong Point

"Yes, yes, this one will lead the way, lead the way." Scarface finally heaved a sigh of relief. He had made a big circle in front of the gates of hell, and his life was really back today.

Lin Yi couldn't help but smile as he looked at Scarface's sorry figure. He turned to look at Huo yudie and squeezed her hand, ""It's been hard on you all this time, I'll remember it. "

He had never been a man who knew how to sweet talk. No matter how touched he was, he would only say some plain words. However, every word came from the bottom of his heart and went straight to his heart.

"No... It's my duty ..." Huo yudie blushed and lowered her head.

"You should? Do temporary teammates have such a great obligation?" Lin Yi couldn't help but smile.

"No... I ... That ..." Huo yudie stammered for a long time, unable to say anything. No matter what, this matter had long gone beyond the boundaries of being a temporary teammate. However, as a girl, she could not just admit it directly and say that she had inexplicably wanted to protect him for the rest of her life, right?

Lin Yi laughed and stopped teasing her. He grabbed yudie's hand and caught up with Scarface. If he didn't keep a close eye on him, this guy might just find a way to escape.

As Lin Yi expected, Scarface had that thought in mind. He knew that he wasn't Lin Yi's match, but if he let him go and hid in a corner, Lin Yi wouldn't even think about finding him. After all, no one was more familiar with the training ground than him.

Unfortunately, Lin Yi's light step was enough to shatter Scarface's hope. He was shocked and scared, and he didn't dare to play any tricks anymore. He had to do as Lin Yi said.

The trio's speed was extremely fast. They were basically travelling at the maximum speed of Scarface. As a peak early stage mysterious Ascension realm expert, even if he wasn't an expert in speed, his maximum speed was definitely not slow. In just two hours, they arrived at the Oasis at the entrance of the ten thousand year Canyon.

"What are you doing? Where's the gift we agreed on? hurry up and take it out, or do you want me to do it myself?" Lin Yi frowned as he looked at Scarface.

Scarface trembled in fear and quickly took out the treasures he had stored for so many years. Although he felt heartache for these treasures, they were nothing compared to his life.

If the treasure was gone, he could still bring his men to continue plundering it, but if he lost his life, then he would have nothing left.

Huo yudie's eyes lit up as she looked at the mountain of treasures in front of her. Even Lin Yi couldn't help but nod in agreement. Damn it, this Mountain King profession was really promising! He really didn't know that Scarface was a rich man!

"You pick first." Lin Yi smiled at Huo yudie, and she immediately pounced on him happily. She wouldn't be polite to someone like Scarface, and with her experience, she rarely made a mistake when it came to the real good stuff. After walking around, she picked four or five items, and every one of them was a rare treasure in this place.

Scarface's heart was bleeding as he watched from the side. If it wasn't for Lin Yi's reputation, he would've fought with his life on the line. These were all his treasures!

Other than the legendary Thunder mystical vine, they were the most valuable in the entire trial ground. He had spent decades collecting only a few pieces, but in the end, they were all bought by this girl, not leaving a single piece for him.

Scarface wanted to slap himself in the face-why the hell did he have to say that he was giving them gifts? even if he was going to give them, he should've hidden them first! Exposing them to Lin Yi and Lin Yi was like sending a sheep to a Tiger!

But fortunately, these two people could only take eight to ten items at most. No matter how many things they could take, they couldn't take them away. The other slightly inferior natural treasures could still be left behind. This time, they could just treat it as losing money to avoid disaster ...

Scarface had no choice but to comfort himself. He waited for Huo yudie to finish her selection, but the girl still pouted her mouth. If it were not for the fact that her backpack was almost stuffed to the point of bursting, she would have taken a few more pieces. After all, it was a rare opportunity to take more.

"You won't blame us for taking so many of your gifts, right?" Lin Yi couldn't help but laugh at Huo yudie's expression. He turned to look at Scarface, who was grimacing in pain.

"No, no, how could that be possible!" Scarface quickly shook his head and forced a smile. "Senior, it is this one's honor that you like these things. The more you take, the more you think highly of me. This one can't be happier. If you are willing to take them all, it's fine!"

"Really?" Lin Yi looked at him with a half-smile.

"It's true. It's even more real than real gold. I'm definitely speaking from the bottom of my heart." Scarface patted his chest as he said this. He was not just trying to show off. He was already numb to it. Since Huo yudie had already taken away all of his most valuable treasures, it would not matter even if he were to get another five or six more of his remaining treasures.

"Oh, since you're so kind, I'll accept it. Take them all." Lin Yi laughed-he'd seen warm and welcoming guests before, but this was the first time he'd seen one this warm and welcoming. Making friends with a rich man like Scarface sure was fun.

"Yes, yes." Scarface was still unconsciously agreeing, but he only reacted after a moment. The Mountain King, who was at the peak of the early stage of mystical Ascension, looked like he was about to cry. He stammered, "What? S-senior ... You're not joking, are you?"

"No, I'm a very honest person. I don't usually joke around with people." Lin Yi nodded seriously.

"No... This ... What I meant was that with so many things, are you sure you can take them away?" Scarface asked carefully. This was his accumulation of decades. All kinds of heavenly treasures were piled up into a small mountain. The other party was powerful, but to say that he could take all of them away was nonsense!

"Oh, you don't have to worry about that. I'm good at carrying things." Lin Yi smiled faintly and waved his hand. The mountain of treasures disappeared into thin air, leaving nothing behind.

Thump! Scarface knelt on the ground on the spot. His expression was shocked and bleeding. He was dumbfounded and couldn't say a word for a long time. He only felt that his eyes had turned black and his life had become dark.

"Thank you for your gift. We will meet again. Goodbye!" Lin Yi waved his hand in satisfaction and left with Huo yudie.

Chapter 4744 How To Escape

Looking at the backs of the two people in the distance, there was only a plop and the scar-faced man was completely paralyzed on the ground. He muttered the same sentence repeatedly, ""My baby ... My baby ..."

Two hours later, Lin Yi and Huo yudie were back at the exit of the teleportation formation. Huo yudie was still laughing, and she had been laughing for the whole journey. She was happy just thinking about Scarface's last expression.

"Hehe, are you done? she's been through such a huge blow. Can't you at least have some sympathy as a girl?" Lin Yi said, speechless.

"Don't say that. It's all because of you. I think Scarface is so depressed that he's about to commit suicide. How pitiful, hehe!" Huo yudie laughed as she spoke. She really didn't think that Lin Yi would be so weird as to take away all of the other person's savings just like that. Anyone would jump off a building if they were in his shoes.

"This is called losing money to avoid disaster. It's already very easy on him, okay? otherwise, do you think I would let him off so easily?" Lin Yi smiled nonchalantly.

Scarface didn't have the time to attack him and Huo yudie yet, and didn't cause any real harm, but Lin Yi could clearly feel what this guy had done before. It was only because of pretty good mood that he was able to keep his life, otherwise, Lin Yi would've just killed him.

"Looking at his dead heart, I'm afraid he might as well just die!" Huo yudie covered her mouth and chuckled. As they spoke, the two arrived at the exit of the teleportation formation. She was in a good mood, but she suddenly frowned and looked at Lin Yi helplessly, "What should we do now? we can't get out of here. It seems like we can only wait until the next trial."

"Are the restrictions on this teleportation formation really that strict?" Lin Yi frowned as well. If it wasn't for ning Xuefei's incident, it wouldn't be a big problem to be trapped here. At most, he could just treat it as a closed-door cultivation. But this was related to ning Xuefei's marriage. He had to find a way out quickly.

"It should be. When you were unconscious, I asked the two guards of the West Island. They told me very clearly that even the strongest blow of a master of the great circle of nascent soul could only barely

open the teleportation for a month, and it must be done with all the skills he has. But now it has been a month and a half ..." Huo yudie sighed.

If it wasn't for the fact that so much time had passed, with Lin Yi's strength that was far beyond peak nascent soul, she believed that she could give it a try. Perhaps she could really break the one month limit. But now, it had been a full month and a half. No matter how she thought about it, it was impossible.

"If that's the case, why didn't you try to activate it first, throw me out, and then teleport yourself again?" Lin Yi couldn't help but ask.

"That's what I thought, and I even asked the two guards on the West Island. They said that this might not be successful, and that you couldn't withstand the Super high load during the teleportation process in your condition at that time. I was afraid that something would happen to you, so I didn't dare to try." Huo yudie shook her head and then added, "Furthermore, even with my strength at the peak of the original level, it's impossible for me to continuously use my strongest moves in a short period of time. I can't hold back at all."

"I see." Lin Yi nodded in realization. He was able to use his strongest move continuously, so he subconsciously thought that everyone else was the same.

Strictly speaking, continuously using the strongest killing move was already an extremely heaven-defying ability, and it was simply impossible for ordinary people to do it. This was not only related to talent, but also to be able to use the most powerful killing move as a trump card, it would inevitably consume a lot of true Qi, and many people would even use up all of their true Qi in one move.

Lin Yi was only able to use his Qi so freely because of the Jade. If it were a practitioner like Huo yudie, it would take at least a month to recover, and by then, she would be rotten to the core.

"I really wanted to take the risk. Maybe I could really get you out, but I wouldn't be able to get out by myself. I was afraid that even if you could survive the teleportation, you would be targeted by dumb rich guy and his accomplices. I thought about it for a long time before I gave up on the idea." Huo yudie said.

"Eh? If I activate it outside the teleportation formation, there's a chance that I can send you out?" Lin Yi's eyes lit up.

He was just asking casually, never thinking that it was actually possible. After all, according to Yan Xinlan, if they wanted to activate the teleportation, they had to channel Qi from the inside to attack the eye of the teleportation formation, and people from the outside couldn't attack it at all. Lin Yi thought that it was a dead rule, but it turned out that it wasn't completely true.

"I think so. When I asked the two guards of the West Island, they didn't completely deny it. They only said that it was very difficult." Huo yudie said as she tried to recall.

"How about this? you go into the teleportation array first, and I'll try it outside. If I succeed, you can go out!" Lin Yi decided.

"Ah? You can open it?" Huo yudie was shocked. She had given up on the idea of going out a long time ago, but she didn't expect Lin Yi to still have the confidence to try.

"I can't guarantee anything, but it's not against the law to try. I'm free here anyway. I'll think of other ways." Lin Yi said with a smile, not thinking much of it.

According to his speculations, although this trial teleportation array could identify the strength level of the target it was teleporting to, the power it used to teleport in the end was still the powerful true Qi absorbed by the eye of the array.

In other words, even if a month had passed, as long as the genuine Qi produced was enough to be converted into the driving force of the teleportation, the teleportation array would still be in operation!

After all, the one month limit was set for normal peak nascent soul realm cultivators, and it didn't include Lin Yi!

Of course, this was just Lin Yi's own guess. Whether it would work or not depended on the results.

As long as this theory was true, Lin Yi believed that the two of them should be able to leave this place safely. After all, the power of his attacks was far beyond that of normal peak nascent soul cultivators. Although it had been a month and a half, there was still a chance of success!

"Oh, alright then." Seeing Lin Yi's excitement, Huo yudie didn't think it was possible, but she still walked into the teleportation formation.

After Huo yudie stood in the center of the teleportation array, Lin Yi observed the position of the array eye. Because this was a special teleportation array that was completely closed, and because of some kind of safety setting, the array eye just happened to be in a corner that was the least likely for an attack to reach!

Chapter 4745 How Did You Get Out?

If there were no special techniques, ordinary cultivators would not be able to attack from the outside.

However, this wasn't a problem for Lin Yi. If he wanted to hit the formation core, he had at least five different ways to do it. However, he chose to use his strongest martial arts skill.

There was a low dragon roar, and a killing intent of the five elements rushed out of Lin Yi's palm. It was fast and domineering, but it felt like a real Dragon, and Lin Yi could change directions with a thought.

Unsurprisingly, the five elements of killing intent hit the center of the teleportation array. Then, under the extremely surprised gaze of Huo yudie, the entire teleportation array suddenly glowed with a dazzling white light. It was really activated!

Seeing Huo yudie's figure disappear into the teleportation formation, Lin Yi's heart suddenly calmed down. He had only used 50% of his pure Qi just now, and he was able to send Huo yudie away successfully. It showed that even if his theory was not completely correct, it should be close to the truth.

His previous guess was correct. The reason why the West Island's officials said that a month was the maximum time they could teleport was because that was the maximum attack limit of a peak nascent soul cultivator. But Lin Yi was different. His true strength was already comparable to a real xuansheng stage cultivator, and the power of his skills was far beyond that of a normal peak nascent soul cultivator.

Not only that, but Lin Yi was only a mid-stage nascent soul practitioner on the surface, and the Qi He used was true-blue nascent soul Qi, just that it was shockingly powerful. He wasn't restricted by the level of the teleportation formation.

If it were a xuansheng stage master, the formation might not even be able to withstand a burst of Qi from him. Naturally, there was no way to send someone out like Lin Yi.

Perhaps this was the real trick. It was like a ferry. If one wanted to cross a hundred-mile River with strong wind and waves, they must have a strong enough driving force. Otherwise, they would not be able to reach the other side at all. At the same time, the passengers on the boat could not exceed the load of the ferry itself. Otherwise, they would not even be qualified to board the boat, let alone cross the river.

A normal peak Yuanying wouldn't be able to provide such a strong driving force. As for xuansheng stage Masters, they had this power, but they were too heavy to get on the ship. It was only this freak Lin Yi who had the weight of a Yuanying stage master and the strength of a xuansheng stage master that he was able to force his way through.

Without hesitation, Lin Yi walked into the formation and activated it with another five-element killing intent.

In the afternoon, after the torturous wait that felt like years, Kang Zhaoming and Xu lingchong finally made it out of danger. They had successfully waited for the moment to announce the results of the test.

The judges and participants were gathered in the side yard of the palace again. Kang Zhaoming grinned when he saw ning Shangling and ning Xuefei reappearing in front of everyone. He couldn't help but swallow his saliva. From now on, this little beauty was going to be his!

Seeing Kang Zhaoming's lecherous expression, ning Xuefei couldn't help but feel nauseated. She looked helplessly at ning Shangling, hoping that her mother could help her get rid of this shameless bastard. Unfortunately, ning Shangling didn't respond to her daughter's request.

As the owner of the West Island, no matter how much she loved ning Xuefei, she couldn't say anything in public. In fact, even if she had arranged something, she couldn't let ning Xuefei know. It was enough for her mother to bear these dirty things. It wasn't time for ning Xuefei to take on the responsibility.

Little did she know that this innocent and kind daughter of ning Shangling's was already secretly cursing in her heart. If the shameless bastard Kang Zhaoming really got what he wanted today, she would copy Shangguan LAN 'er's little Curly Bear and find a chance to kill Kang Zhaoming too, so that he and Xu lingchong would be in the same boat!

Zhaoming, on the other hand, was still immersed in the dream of ruling the harem of the Western part of the island. He'd have laughed himself silly if it weren't for lingchong's constant reminders.

"Thank you, judges. The results of all the trial-takers have been accurately evaluated. I believe that they are fair and objective. I will announce the final result now." Ning Shangling's eyes swept across the crowd as she slowly announced.

Before he could finish, everyone's eyes were already on Zhaoming. Everyone knew that the guy would have the last laugh-there was no doubt about it.

However, at this moment, a clamor suddenly came from the direction of the teleportation array not far away. Everyone looked over and found that two people had suddenly appeared at the exit of the teleportation array. In an instant, everyone was dumbfounded.

"Eh? Everyone's here. It looks like we're not late. We're so lucky!" Under everyone's gazes, Lin Yi smiled and walked towards them. Huo yudie followed behind him with a faint smile on her face.

This time, it had been delayed for half a month, and Lin Yi thought that the dust had already settled. It would be more or less difficult to deal with this matter, but he didn't expect that Ning Shangling would also delay for half a month, just in time for him and Huo Yudie. This was really a coincidence.

"Lin Yi!" Ning Xuefei's eyes brightened. Han Jingjing and Shangguan Lan'er were already calling Lin Yi's names as they rushed over. If her mother wasn't in front of her, Ning Xuefei would've rushed over faster than them. Now, she could only wave at them from afar.

Lin Yi laughed as he replied to the girls. Huo Yudie, who was behind him, couldn't wait to run to Liu Ziyu's side. Liu Ziyu had been worried about her for a long time, and she was obviously a little haggard. It made her heart ache.

"Brother Ling! You're fine! I knew you wouldn't die so easily!" Qi Wenhan laughed heartily and brought Xia Luolu over to welcome Lin Yi. He gave Lin Yi a Big Bear hug. He had been on tenterhooks for the past half a month. He couldn't eat or sleep at night, and he had lost a lot of weight. Even his masculine aura was a little weak.

"Hehe, I'm sorry to have made you guys worry." Lin Yi was touched. If he wasn't a true brother, he wouldn't be worried about him like this. He didn't make a brother for nothing.

"Impossible! Absolutely impossible! How did you get out?" Zhaoming looked like he'd seen a Ghost as he shook his head in disbelief, "Could it be that the Western part of the island opened a back door for you? Didn't you say that you wouldn't be able to come out after a month?"

Chapter 4746 Seeing The Thunder Mystical Vine Again

"This North Island disciple, are you questioning the fairness of our West Island?" Yan Xinlan glared at Kang Zhaoming, her eyes filled with anger and killing intent. Not only did this guy dig out the Thunder

mystical vine, but he also dared to question Lin Yi's involvement in the West Island. In her eyes, this was a deliberate provocation. Did he really think that the West Island didn't kill people?!

"No, I just feel that it's strange. Otherwise, how could this guy suddenly appear? don't you guys think so?" Kang Zhaoming was shocked and quickly used the others as a shield. After all, everyone was just as curious as him, how did Lin Yi and Huo yudie appear out of nowhere.

In fact, it was not just them, even ning Shangling, Yan Xinlan and the other higher-ups of the West Island felt that it was unbelievable. They could still be transported out after a month and a half. This was something that had never happened before. This was simply unprecedented.

"Oh, it seems like you're really curious about this. Then I'll be merciful and tell you. It was that xuansheng stage expert who sent us out." Lin Yi said with a light smile.

"What? That was impossible! If he can send you out, why can't he come out himself?" Kang Zhaoming's brain worked fast this time and found the flaw immediately.

The others were also puzzled, especially people like ning Shangling. They were familiar with the operation of the teleportation formation and knew that it was impossible for a master of the xuansheng stage to activate the teleportation formation. They had tried it many times in the past, but they had never succeeded.

"Hehe, you can ask him then. That guy has been trapped in there for so many years. Who knows what kind of tricks he has developed? there are many strange people these days." Lin Yi said irresponsibly. He didn't want anyone to suspect him, so he decided to just lie. No one could confirm it with Scarface anyway, so he'd just go with what he said.

Huo yudie chuckled, but her expression quickly tensed up. Since Lin Yi didn't want anyone to know, she'd have to keep it a secret with him until the end of time.

The crowd looked at each other as they heard this. They had all seen Scarface before. Was it even possible for such a greedy and brutal Mountain King to send someone out of the blue?

But there was nothing they could do even if they didn't want to believe it. Just as Lin Yi thought, there was no way to prove it. As long as Huo yudie didn't expose him, they could only let Lin Yi say whatever he wanted and it would become a meaningless case.

"Hmph!" Kang Zhaoming looked at Lin Yi coldly and said arrogantly, "It's fine if I'm out. It doesn't matter. In any case, it can't pose a threat to me. I'll just let you see the moment I win in the end!"

"Oh." Lin Yi laughed nonchalantly and ignored the guy. He turned to Ning Shangling and asked, "I'm sorry, where can I register my spoils?"

Ning Shangling smiled and nodded at the disciple in charge, and a judge immediately came over to give Lin Yi an estimate.

"Hmph Hmph, the result is already obvious. What kind of treasure can this guy, who can't even keep his little life, take out? What a waste of everyone's time." Kang Zhaoming mocked.

Most of the other people had the same thought, but when they saw what Lin Yi took out, the crowd was boiling. Thunder mystical vine, it was the Thunder mystical vine again!

Ning Shangling, Yan Xinlan, and the other higher-ups of the Western Island couldn't help but feel their eyes Twitch. Kang Zhaoming had already dug out a Thunder mystical vine, and that was already infuriating enough. They didn't think that Lin Yi would give them another one. Was he giving the other disciples a way out?

However, after looking at the Thunder mystical vine Lin Yi took out, the higher-ups "gazes became a lot friendlier. This was a mature Thunder mystical vine, and it wasn't even uprooted, which meant that this was completely reasonable. It was completely different from Kang Zhaoming 's.

Zhaoming's eyes were wide open as he stammered, unable to say a word. He turned to lingchong Xu, wondering why the pretentious prick had a Thunder mystical vine, and a mature one at that.

Xu lingchong shook her head in disbelief as well. When they went in, there was no mature Thunder mystical vine, and there was no place to hide it on Lin Yi and Huo yudie's bodies. How did they get it?

The crowd was in an uproar. Kang Zhaoming had already won first place with an immature Thunder mystical vine. They didn't think that a mature Thunder mystical vine would appear and step on Kang Zhaoming. This scene was too dramatic, as if they had discussed it beforehand!

"This is impossible! How could this be possible? Where did you get it from?" Zhaoming's eyes were wide open-he was about to go crazy from that expression. The Harem's wish was about to come true, and they were just about to be crushed by a foot, especially by their enemy Lin Yi. Anyone would go crazy from that.

"Oh, it was also a gift from that xuansheng stage expert. He's actually a very good person." Lin Yi's irresponsible answer shattered everyone's glasses.

"This ..." Kang Zhaoming spat out a mouthful of blood in anger. His eyes went black and he almost fainted on the spot. The higher he climbed, the worse the fall. He was the epitome of this.

While Lin Yi's side was still in shock, Huo yudie's side didn't need to win like Lin Yi 's, but she still had to go through the motions. She could just take out two treasures she'd extorted from Scarface and deal with it easily. She wouldn't embarrass Liu Ziyu either.

As for the Thunder mystical vine, it was better to hide it as deep as possible-only a fool would show it off in public, unless he had to take it like Lin Yi did. It'd just be asking for trouble.

This way, Lin Yi's first place was unshakeable, and no matter how unwilling Kang Zhaoming was, it was useless. His Thunder mystical vine and Lin Yi's one were worth more than a little bit. There was no way to compare the two.

After all, a mature Thunder mystical vine could be used to refine Supreme grade Thunder mystical pills, while an unripe Thunder mystical vine could only be used to refine low-grade Thunder mystical pills at most. The former had a success rate of nearly 100%, while the latter only had a success rate of less than 60%. What was there to compare?

At this moment, Ren Zhongyuan and the others who were standing at a corner looked at the Thunder mystical vine in Lin Yi's hands from afar! They couldn't hide the greed on their faces and looked at each other. They didn't expect such a weak guy to get a mature Thunder mystical vine in the end! This kind of heaven! Defying luck was too damn good!

Chapter 4747 I'm Willing To ...

Ren Zhongyuan and the others could not help but secretly regret. If they had not parted ways with this kid back then, the Thunder mystical vine might not have fallen into this kid's hands, but into their own pockets instead. One must know that the growth roots that the three of them had obtained through painstaking means were simply cheap goods compared to the Thunder mystical vine.

However, it was too late to regret now. They could do nothing but drool.

Fortunately, since Lin Yi was already in first place, it meant that he would soon become ning Shangling's son-in-law. Once he became the son-in-law of the West Island, he would have nothing to do with Huo yudie. This was the only thing Ren Zhongyuan could comfort himself with.

However, the two underlings standing behind him, li Yuzhou and sun baolu, wanted to say something but stopped themselves when they saw this!

Previously, when Huo yudie did not come out, she said that she did not care if Ren Zhongyuan was still alive or not. Therefore, both of them felt that there was no need to add to Ren Zhongyuan's troubles. Hence, they did not mention what they saw at the trial ground.

However, now, not only had Huo yudie come out, but even a wild man like her had also come out. The two of them had to tell Ren Zhongyuan about this. Otherwise, if this matter were to be delayed until later and Ren Zhongyuan found out that they had been cuckolded for so long because they had kept it a secret, he would definitely fly into a rage on the spot. The two of them could not afford to bear Ren Zhongyuan's monstrous anger.

"That ... Brother Ren, there's something we have to tell you. You have to hold on after hearing it." Li Yuzhou said carefully.

"What is it?" Ren Zhongyuan turned around and looked at the two of them who seemed like they wanted to say something but hesitated. He could not help but frown. "If you have something to say, then say it!"

"Uh, alright then. Brother Ren, you must hang in there." Li Yu Zhou muttered in a low voice. He then gave sun Bao Lu a look, indicating for him to speak.

"Brother Ren, actually Huo yudie has already hooked up with that Lin Yi guy. The two of us saw her and Lin Yi having an affair in broad daylight. They're an out-and-out adulterous couple ..." Sun baolu said directly.

"What the hell are you talking about?" Ren Zhongyuan slapped sun baolu without saying a word. Sun baolu spun around three times in a row and almost fainted.

It was not that Ren Zhongyuan did not believe them, but it was simply impossible. Who was Huo yudie? she was one of the two morning prides of the East Province, an innocent and pure girl. How could she have hooked up with a man so casually and even had an illicit affair? This kid must be dreaming!

"It's really not nonsense. We took a picture of it. Hurry up and show it to brother Ren!" Sun baolu covered his swollen mouth with one hand and looked at Ren Zhongyuan pitifully while urging li Yuzhou to produce the evidence.

Under Ren Zhongyuan's murderous gaze, li Yuzhou hurriedly took out his digital camera. After fiddling with it for a while, he found the photos he had taken at that time and carefully handed them to Ren Zhongyuan.

Ren Zhongyuan took a look at the photo and was instantly stunned. Although the photo was not very clear, it was enough to distinguish the two main characters in the photo. Who else could it be but Huo yudie?

Ren Zhongyuan's heart turned cold as he looked at the unrestrained position of the two in the photo. He watched helplessly as his goddess actually had an affair with another man. In an instant, he was completely disheartened and even had the thought of dying.

"Wow, I didn't expect this young miss Huo to be so open. What a pity!" Yi Xiaotian, who was next to him, came over and took a look. He could not help but swallow his saliva. He had also been drooling over Huo yudie for a long time.

"Tsk, tsk, I told you she's a slut. Senior martial brother Ren, you didn't believe me before, but now you've seen it with your own eyes!" Yao Jiali did not miss the opportunity to gossip. Huo yudie had always been high and mighty in front of them, acting like a goddess who did not care about the mortal world. Now, she had finally returned to her original self. She was just a shameless slut!

"Bitch! Bitch! Bitch!" Ren Zhongyuan was so angry that smoke was rising from the top of his head. He gritted his teeth as he looked at Lin Yi and Huo yudie, the adulterous couple. At this moment, there were only two things in his mind. He wanted to kill Lin Yi and then rape Huo yudie before killing her!

It was a pity that this was the territory of the Western part of the island. Furthermore, this was the side courtyard of the imperial residence under the watchful eyes of the public. No matter how angry Ren Zhongyuan was, he could only suppress his anger. Otherwise, if he were to make a move, he would be the first one to suffer.

"Brother Ren, don't be in such a hurry. You don't have to fight and kill to vent your anger. I have a way to embarrass this adulterous couple in public and let brother Ren vent your hatred!" Li Yu Zhou rolled his eyes and suggested.

"You really have a way?" Although Ren Zhongyuan's eyes were still spitting fire, he still had some rationality left in him. He turned around and looked at Ren baqian.

Li Yuzhou nodded his head repeatedly and whispered into Ren Zhongyuan's ear. Ren Zhongyuan nodded his head repeatedly and said with a face full of resentment, ""Alright, we'll do as you say. Today, we'll let everyone see the true colors of this adulterous couple. After that, I'll find an opportunity to kill them!"

As they were talking, ning Shangling had already started to announce the results. Even though there was no suspense, they still had to go through the motions, "Ladies and gentlemen, after the judges' cross-evaluation, I officially announce the final winner of this trial-Lin Yi from the North Island!"

There wasn't much cheering, but everyone was looking at Lin Yi enviously, especially Kang Zhaoming. Since he'd won the trial, it was time to announce the most important event.

"According to the rules, the winner of the test will become my daughter's future husband. Are you willing, Lin Yi?" Ning Shangling's eyes fell on Lin Yi, and there was a bit of joy in her eyes. After all, she had her eyes on this person for a long time. It was not a bad thing to say that he was a Dragon among men. Moreover, he had a relationship with her daughter, and the two of them were a match made in heaven.

Lin Yi looked at the shy ning Xuefei and his mind was in a mess. If he answered this question, it meant that he would be officially with ning Xuefei from now on. It was too unfair to the other female friends who were waiting for him.

No matter if it was in terms of relationship or bond, any one of them was far above ning Xuefei. In terms of status, they should be ranked first. Lin Yi felt that he owed them too much, and he might not be able to pay them all in his lifetime.

But it was an emergency-there was no way he'd back down now. He nodded seriously, "I'm willing to. "

Chapter 4748 Character Problem

It was just three simple words, but it made ning Xuefei sink into unparalleled shyness and joy. She'd thought a lot these days, and her heart belonged to Lin Yi, but she knew that it was too sudden. She was a little uneasy, not sure if they could really trust each other for the rest of their lives.

However, because of Lin Yi's serious injury, her uneasiness for the past half a month was covered up. She didn't expect things to take a turn today. Ning Xuefei finally realized that she was really going to have a status with Lin Yi. It all happened too suddenly, so sudden that she didn't know how to react.

But now, although ning Xuefei still didn't know what the future would be like, she knew her own heart. When she heard Lin Yi say those two words, she felt at ease and happy, and that was enough.

Han Jing Jing and Shangguan LAN 'er felt a sour feeling in their hearts when they heard Lin Yi's name. They had never felt this way before.

With their personalities, it was rare for them to be troubled by something. Even with Lin Yi's heavy injury, they were only worried for a while at the beginning, but after knowing that Lin Yi was fine, they quickly recovered.

This time, however, they couldn't help but feel an indescribable bitterness in their hearts. It was as if something they loved had been taken away from them. They knew that Lin Yi wouldn't leave them because of this, but they still felt a sense of loss.

However, the two of them wouldn't really be troubled by this. After all, they were the ones who incited Lin Yi to become ning Xuefei's future husband in the first place. They would eventually do it one day, but their best friend, ning Xuefei, had gotten it first.

Compared to han Jingjing and Shangguan LAN 'er, Huo yudie was the one who was more worried. She bit her lips as she looked at Lin Yi, not knowing how to react. Should she congratulate Lin Yi, or should she hate this heartless man?

Huo yudie couldn't help but feel a little regretful. Why did she come out and stay with Lin Yi in the training ground? wasn't that better?

Once they were released, Lin Yi would definitely marry ning Xuefei. This was something that was announced a long time ago, and Lin Yi had told her himself. How could she forget such an important thing?

Liu Ziyu sighed and patted Huo yudie's hand. She had been Huo yudie's precious disciple since she was a child. She was more like her own daughter than her own. How could she not know what Huo yudie was thinking?

She was thinking that if Lin Yi and her precious disciple could become a couple, that would be great. Unfortunately, fate made a fool of people. Now that Lin Yi was ning Xuefei's future husband, he couldn't marry anyone else. Not only the West Island wouldn't agree, but even she wouldn't agree.

Seeing that Lin Yi had agreed in front of everyone, ning Shangling was happy and was about to officially give the two their names, but before she could say anything, two people suddenly stood out from the crowd and said loudly, "No!"

Everyone present was stunned as they looked at li Yuzhou and sun baolu with strange expressions. They even dared to interrupt ning Shangling in public. Did water enter their brains? were they tired of living?

"Who said you can 't? How dare you cause trouble in my Western Island? men, drag him out!" Without waiting for ning Shangling to speak, Yan Xinlan's face darkened as she ordered.

Four West Island disciples with imposing auras immediately appeared around the two of them. These were not ordinary guards. They were disciples who could take direct orders from the Vice Island master, Yan Xinlan. They were the elites among the elites of the West Island and were at least at the xuansheng stage. With Li Yu Zhou and sun baolu's measly strength, they did not even have the slightest chance of resisting.

The two of them were so scared that they peed their pants on the spot. If they were really dragged out, they would be half-crippled if not dead. They quickly shouted, "Wait! There's something wrong with Lin Yi's character-he doesn't deserve to be the Prince Consort!"

The crowd went into an uproar. Lin Yi himself was bewildered. He sized up li Yuzhou and sun baolu from the corner of his eyes. He had no impression of the two, but he was deep in thought when he saw them standing next to Ren Zhongyuan's group.

"Oh?" Ning Shangling did not take it to heart. With a look, she stopped the actions of the four West Island guards. Her gaze then fell on the two of them, signaling them to continue.

This was ning Xuefei's marriage, and she couldn't afford to be careless. Although ning Shangling was satisfied with Lin Yi, she would have to reconsider if there was really a problem with his character as the two said.

Although ning Shangling's gaze was still calm and gentle, the others present did not feel anything different. However, li Yuzhou and sun baolu suddenly felt a mountain of pressure. The hidden Majesty and dominance in her gaze were not something that outsiders could feel at all. There was clearly no pressure in her gaze, but the two of them could not help but kneel down. They had no choice, their knees did not listen to them.

"During the test, we saw with our own eyes how Lin Yi and Huo yudie were having an affair in broad daylight. To be able to do such an immoral thing, it's clear how bad this kid's character is. How can someone like this be the Fuma of the West Island?!" Sun baolu couldn't bear the huge pressure and said quickly.

"Yes, yes, we have evidence. You can see for yourself!" As li Yuzhou spoke, he took out his camera and openly showed it to everyone present.

In an instant, the entire place was in an uproar. There were busybodies everywhere, and after seeing such a shocking photo, they all whistled at Lin Yi and Huo yudie. All kinds of unsightly discussions were heard, and the side courtyard of the island master's Palace became a low-class bar, filled with obscene words.

Ning Shangling, who had always been graceful, now had a completely dark expression on her face. Even though she was quite far away, with her strength, she could easily tell that the two people in the photo were Lin Yi and Huo yudie!

Ning Shangling had already sent people to investigate Lin Yi and knew that he had a lot of women. Not only were Shangguan LAN 'er and Han Jing Jing related to him, but he also had a lot of women in other places, even in places like Nakajima and the East continent. There was no doubt that this was a man with a lot of luck.

Ning Shangling wasn't too shocked by the result, nor did she show any dissatisfaction. From her perspective, it was only natural for an outstanding young man like Lin Yi to be favored by girls. It would be weird if there wasn't even one.

Chapter 4749 The Photos Are Fake

However, according to the rules passed down by their ancestors, if Lin Yi became ning Xuefei's husband, he could only be with ning Xuefei in name for the rest of his life. He couldn't have any other women. After all, this was a feminist society. As the successor of the West Island, ning Xuefei naturally had to be a role model for the people of the West Island.

However, the rules were dead, but people were alive. Ning Shangling knew that if they kept on holding on to the rules, the West Island would never be able to recruit an extraordinary talent like Lin Yi. They'd only become weaker and weaker in isolation, and the gap between them and the other sky-class islands would only grow bigger and bigger. In the end, they'd only sink into oblivion.

In fact, ning Shangling had many ways to avoid this so-called ancestral rule, but there was an important premise. Before these things were properly handled, they must not be put on the table and must be carried out in private.

But now, li Yuzhou and sun baolu had suddenly appeared at this time and openly showed the photos to everyone present. This had messed up ning Shangling's plans, and she was now in a difficult position!

At this moment, Liu Ziyu's face was also very ugly. She could accept the relationship between Lin Yi and Huo yudie in private, but it was embarrassing for the entire East Province to be exposed in public like this!

Liu Ziyu immediately flew into a rage out of humiliation. Although she secretly hated Huo yudie's lack of self-respect, the ones she hated the most at this time were Li Yu Zhou and sun Bao Lu, the two busybodies with ulterior motives. What they had done not only disgraced her and the East Province, but also damaged Huo yudie's reputation and integrity. This was the most important thing to a woman.

After sensing Liu Ziyu's fierce gaze, li Yuzhou and sun baolu could not help but be scared out of their wits. They had already been scared to their knees by ning Shangling's gaze, and now, they could not even kneel steadily. Their entire bodies were almost sprawled on the ground, and their bodies were trembling madly and uncontrollably.

Even if Liu Ziyu couldn't kill them in public, they had to board the treasured ship back to the East continent. At that time, the vice principal of the Academy of Morning Pride could kill them silently with a single thought ...

Only then did the two of them regret it. They wished they could slap themselves and faint. Why did they come up with such a bad idea in a moment of passion just now? this was simply courting death!

However, since things had already come to this, it was useless for the two to regret it. Facing the unfriendly gazes of ning Shangling, Liu Ziyu, and Yan Xinlan, they could only brace themselves and continue.

"Everyone knows that the trial this time concerns the princess's marriage, but Lin Yi did it with Huo yudie during the trial. He's clearly looking down on everyone on the Western Island!" Li Yu Zhou quickly shifted his hatred.

"That's right, that's right. This kind of person has low morals. He doesn't even take such an important trial seriously. Instead, he violated public morals and toyed with other women in broad daylight. How can we entrust the princess of the West Island to such a person?" Sun baolu chimed in.

The crowd also joined in the fun. Huo yudie's face turned pale and she was anxious. She broke free from Liu Ziyu's hand and was ready to stand up and tell the truth.

However, Lin Yi was one step ahead of her. He didn't want Huo yudie to clear her name. Although there was nothing between them, even if Huo yudie told the truth, he couldn't escape the fact that he was under her dress to treat the poison. It would still cause irreparable damage to her reputation.

"Hehe, what's the point of saying this? Just this photo alone is enough to be used as evidence against us?" Lin Yi said slowly.

Everyone was taken aback-they'd all think that Lin Yi would fly into a rage out of humiliation, but the guy was acting like nothing had happened at all, as if it had nothing to do with him. Could it be that he was lying?

"Isn't this evidence? Everyone has seen it, this is solid evidence, don't tell me you still want to quibble?" Seeing this, Li Yu Zhou quickly made up his mind.

"Solid evidence? A random photo could be used as irrefutable evidence? It's not your fault for being ignorant, but you shouldn't have treated us like idiots like you. " Lin Yi said, not thinking much of it.

"Ignorant? How are we ignorant?" Li Yu Zhou and sun baolu could not help but look at each other.

The others all showed an expression of confusion. In any case, they didn't dare to join in the fun at this time. Otherwise, they would really be regarded as ignorant fools. Wouldn't that make them a laughing stock?

Ning Shangling's gloomy face couldn't help but curl up into a smile when she saw Lin Yi controlling everyone's rhythm with just two short sentences. A crisis that was about to get out of hand was so easily controlled by him.

It seemed like Lin Yi wasn't just strong, he also knew how to deal with people. He wasn't someone his peers could compare to-he was extraordinary!

"Hehe, I'm from the secular world, and the phones and cameras in the secular world all have Photoshop functions. It's easy to put two people together, and that can be used as evidence? You still dare to take it out to fool people in such a solemn occasion where all the sages are gathered?" Lin Yi couldn't help but laugh as he looked at the two like they were idiots."This kind of stupid trick can only fool some brainless people. If you want to fool me, who is from the secular world, you are simply asking to be humiliated!"

"Yeah, Lin Yi bro's right. If you two want to, Jingjing can even Photoshop you two together. You can do whatever you want, do whatever position you want. You can't even do it!" Han Jing Jing stood up and chimed in.

His words made everyone burst into laughter. Although they did not understand some of the words used in the secular world, they were all smart people with active brains, so it did not prevent them from

understanding the meaning behind it. At that moment, the gazes they cast at Li Yu Zhou and sun Bao Lu became evil, causing the two of them to blush in embarrassment.

"Do you have any evidence to prove that this photo is real?" Ning Shangling immediately seized the opportunity to ask.

"This ..." The answer was obvious. Li Yuzhou and sun baolu were both natives of the Sky Class Island. It was already impressive that they knew how to use a camera. They thought that a photo was enough evidence, but who would have thought that there was this?

The two of them were completely ignorant of technology. If they could explain this clearly in public, even pigs would be flying in the sky.

After stammering for a long time, they couldn't say a complete sentence. The two of them were so anxious that they were sweating. If they couldn't explain it clearly, they would really die Here today!

Chapter 4750 No Need To Be Complicated

Slandering Huo yudie and Lin Yi in public-the former was Liu Ziyu's precious disciple, and the latter was ning Xuefei's fiancé-one could imagine the consequences if they were convicted. Even if the two of them were lucky enough to survive, they would still be sentenced to death. They might not even be able to return to the East Province.

Just as the dust was about to settle, Zhaoming suddenly jumped out and shouted,"Whether the photos are real or not, I have the best say! I'm also from the secular world. As long as you bring me the camera and let me see if there's a photoshopping function, the truth will come to light!"

The crowd looked at him as if they were watching a good show. Zhaoming's intentions were clear-as long as he could get Lin Yi out of the ring, he'd benefit the most from the results of the test. That was why he was so excited.

Lin Yi knew that things weren't looking good with this sudden change. Of course, he knew that the photos weren't photoshopped, especially since the other party's camera was a DSLR. There was no photoshopped function at all. He was just trying to fool these two idiots. It was impossible to fool someone from the secular world like Kang Zhaoming.

As expected, Kang Zhaoming started explaining the moment he took the camera. He tried to reason with everyone in the room. It was professional and thorough. In fact, he had already seen through it. Otherwise, he wouldn't have jumped out so easily.

It was a pity that everyone here was a Sky Class Island native. No matter how smart or intelligent they were, not having scientific knowledge was an unsolvable problem. Although Kang Zhaoming would come up with a few profound technical terms from time to time, it didn't help in explaining this at all. Instead, it made people more confused and shook their heads at each other.

Kang Zhaoming himself was a dabbler. It was hard to explain things with just one mouth, especially when Lin Yi interrupted him. He had to rack his brain for a long time to make Lin Yi believe him. His mouth was dry, and he couldn't convince Lin Yi.

The final result was that everyone wasn't completely one-sided, and they were still skeptical. Although they still caused Lin Yi a lot of trouble, they didn't manage to take Lin Yi down as he wished. The result was barely satisfactory.

A proper closing ceremony had turned into a science debate. This development was really unexpected, and they didn't know what to say. Ning Shangling wanted to end this farce, but she had to consider Lin

Yi and Huo yudie's reputations. If she suddenly stopped it, people would gossip, and it would be useless to explain.

Therefore, everyone, including ning Shangling, could only continue to listen patiently. This wrangling would only end when they could come to a convincing conclusion.

Huo yudie didn't know what Lin Yi was trying to do, but she understood what he was trying to do. She let out a sigh of relief. It was great that he didn't have to tell her the awkward truth.

Seeing that everyone was getting impatient and that Kang Zhaoming's explanation was getting less and less effective, Huo yudie took the opportunity to stand up and said calmly, "Island master ning, don't listen to that rich kid's nonsense. Lin Yi was injured by him during the test. He has a big grudge against us, so he's trying to smear our reputation. He's evil!"

"Oh? Lin Yi was injured by him?" Ning Shangling's Bright Phoenix eyes suddenly narrowed slightly. Even if Huo yudie did not go into detail, with the information she had received and the various reactions of the two people, she could roughly deduce what had happened.

Lin Yi and Kang Zhaoming fought for the Thunder mystical vine, and the result was obvious. Both of them got a Thunder mystical vine, but ning Shangling was obviously on Lin Yi's side. A shameless person like Kang Zhaoming who didn't follow the rules should die.

"Then, what he said is all fake. No wonder he couldn't explain it clearly!" Liu Ziyu glared at Zhaoming with an unfriendly look on her face. Of course, she would help her disciple in this situation.

"Yes, in fact, this matter doesn't need to be so complicated. This disciple's chastity sand is still there, which is the most powerful evidence. That dumb rich guy said so much nonsense to confuse everyone's attention so that he can fish in troubled waters. Despicable villain, he has bad intentions!" Huo yudie snorted.

"Die 'er, are you serious?" Liu Ziyu was overjoyed when she heard this. She looked at ning Shangling, and the two of them immediately asked Huo yudie to roll up her sleeves. The chastity sand on her arm was intact!

Now, everyone had no more doubts. It was different from the photos, which were fake evidence. The chastity sand was the real evidence. It proved that Huo yudie was not a Virgin. As for having an affair with Lin Yi in broad daylight, it was obviously a false statement.

Ning Shangling's stern gaze swept across the room, finally landing on Kang Zhaoming. She spoke calmly, "What's your name? Kang kaizi, right? I'm telling you, falsely accusing someone on the Western part of the island is a serious crime. The severity of the punishment is not something ordinary people can imagine. Do you still want to continue arguing?"

"This ..." Kang Zhaoming was speechless. What kind of name was this? when did I become Kang kaizi?!

However, he could tell that if he continued to speak, not only would it be a waste of his saliva, but he might also get himself into trouble. He could only choose to shut up resentfully.

Zhaoming could've backed off if things weren't looking good, but li Yuzhou and sun baolu were the culprits-they were in a tight spot now. If they were talking about false accusations, Zhaoming was only there to join in the fun, but the two of them were the real culprits!

"As for the two of you, I won't punish you on account of your status as disciples of the East Province Academy. I'll leave you to Vice Dean Liu to deal with. Don't spoil everyone's mood." Ning Shangling said indifferently.

"Alright," he said. Liu Ziyu nodded and glanced at the two of them with a cold expression. "I'll deal with you guys when we get back. "

That one sentence gave Li Yuzhou and Sun Baolu goosebumps. They were done for. This time, they were really done for! This time, he had been completely convicted of false accusation, and he had even fallen into the hands of her master. What good could he do?

If it weren't for the fact that so many people were watching them, the two of them would have wanted to escape. However, they were surrounded by the Masters of the West Island. They couldn't escape even if they went out of the palace, let alone in the palace of the island master. They could be easily captured by the Masters with a word. If that happened, they would die even more miserably.
