

## Bodyguard 4751

### Chapter 4751 Also Left Together

At this moment, no one would pay attention to these two poor souls. Things were finally back on track. Ning Shangling announced in front of everyone, "As the Lord of the West Island, I hereby announce that Lin Yi, the disciple of the North Island, is my daughter Ning Xuefei's fiancé!"

The crowd started cheering—they had to give the host some face now that they'd seen what was going on. They couldn't just sit there and wait—many of them had seen Lin Yi's strength before, too, and they were convinced of his strength.

"Lin Yi, from today on, you have to remember that you're not only a disciple of the three pavilions, you're also a member of the Western part of the island. From now on, you have to put the Western part of the island first in your actions, remember this!" Ning Shangling lectured him in front of everyone, then her tone changed, "Of course, if anyone or anything provokes you, there's no need to swallow your anger. Although all of us in the Western part of the island are women, we've never been afraid of trouble. I and the entire western part of the island will be your strongest backing."

Hearing this, everyone was filled with envy and jealousy. Even Lin Yi himself couldn't help but feel excited, until he suddenly realized something.

There was Tian Xing Dao on the middle Island, Shanguan Tianhua on the North Island, Ning Shangling on the West Island, and the ghost, the former Azure Dragon of the spirit beast clan. Without realizing it, he had formed such a powerful Alliance of forces!

With such a super-luxurious lineup, if they could really mobilize all of them, it would be enough to fight an unprecedented battle on the Sky Class Island. Not to mention the East continent, at least in other places, they would definitely be able to walk sideways.

"I will obey the island master's instructions!" Lin Yi nodded.

"Very good. You and Feifei are still young and it's not time for you to get married yet. However, according to the rules passed down by our ancestors on the West Island, I'll arrange for both of you to go to the East Province Academy for further studies. First, you'll broaden your horizons, second, you'll improve your strength, and third, you'll develop a relationship with each other. I hope that when you return, you'll be able to support each other and shoulder the responsibility of protecting the West Island together!" Ning Shangling instructed.

"Well ..." Lin Yi muttered. Wouldn't this mess up his plans? he'd be completely tied to the West Island, and he wouldn't even have the chance to move around?

Ning Shangling could see Lin Yi's worry and smiled without saying anything. After a few more words of encouragement, the trial officially ended.

Everyone left one after another. Other than the Western Island guards, only Lin Yi and the others were left. Lin Yi's mind was full of worries. Ning Xuefei was too shy to look up at him, while han Jingjing and Shangguan LAN 'er were looking at their faces.

"It's not easy to get a happy ending. You should at least say something to celebrate. Why aren't you saying anything?" Han Jing Jing asked curiously.

"Yeah, now that I'm Little Junior's fiancée, I'm here to interview Feifei. Do you have any acceptance speech?" Shangguan LAN 'er took a roll of paper out of nowhere and handed it to ning Xuefei as a microphone. This girl had been with han Jingjing for half a month and was getting more and more familiar with the secular world.

"How is this an award?" Lin Yi couldn't help but laugh. Although he didn't know what to do with the sudden addition of ning Xuefei as his fiancée, it was something they had discussed long ago, and they weren't officially married yet, so he wasn't really uncomfortable with it. He just felt that it was new.

"LAN 'er only knows how to play tricks!" Ning Xuefei chuckled as well. She was a simple girl after all. She thought that Lin Yi was nervous because he didn't say anything, but she knew that she was overthinking it after seeing Lin Yi's expression.

After the mess, the awkward atmosphere finally returned to normal. Lin Yi and the three girls were the same as before. If he had to say something, it would be that his relationship with ning Xuefei had become closer.

"Lin Yi, what were you thinking about? Are you thinking about sister Huo?" Ning Xuefei rolled her eyes and suddenly suggested, ""That's right, we haven't thanked sister Huo yet, let's go find her now, okay?"

"Good, good!" Han Jing Jing and Shangguan LAN 'er nodded. Huo yudie was Lin Yi's Savior, so she was their Savior as well. Not to mention, Huo yudie was already a sister in their hearts, so of course they had to play together.

Lin Yi smiled. The three girls were all innocent, but ning Xuefei was the more sensitive one. She must have noticed that Huo yudie was a little disappointed, so she wanted to comfort her.

"There's no rush. Feifei, let's go see your mother first. I have something to ask her. " Lin Yi said.

"Ah? What's the matter?" Ning Xuefei was dazed and blushed. She said weakly, ""You're not going to ask when we're getting married, are you?"

Pfft! Lin Yi almost choked-they'd just gotten married, and she was already thinking about it? what was this girl thinking? why did she look like she couldn't wait for it?

"No, I have other things to discuss with your mother. Feifei, you know that it's not realistic for me to stay on the Western Island. I still have many things to do." Lin Yi said, speechless.

"Oh ..." Ning Xuefei blushed as han Jingjing and Shangguan LAN 'er giggled. She explained after a while, ""Actually, even if you did that with me ... You don't have to stay on the Western part of the island ..."

"Really?" Lin Yi's eyes lit up.

"It's true. My father didn't stay on the Western part of the island all the time, so you can move around freely as well." Ning Xuefei said.

"That's great," Lin Yi let out a breath of relief and asked, "By the way, I've never heard you talk about your father. Is he not on the Western part of the island?"

"No, he left with two other powerful people a few years ago to protect the peace of Sky Class Island. There's been no news from him since ..." Ning Xuefei was a little disappointed, but she wasn't too

worried. After all, her father was a powerful figure. Even if there was no news, it was unlikely that an accident would happen.

"He left with two powerful figures?" Lin Yi nodded, deep in thought. He didn't ask any more questions, but suggested, "Let's go see your mother. I want to ask her about the East Province Academy. "

"Oh, alright then." Ning Xuefei didn't mind and immediately led Lin Yi to ning Shangling. They didn't need to inform anyone along the way and arrived at ning Shangling's study.

Chapter 4752 Request

Although Han Jing Jing and Shangguan LAN 'er were also there, they did not join in the fun. Instead, they stayed outside and ate some desserts. Women liked exquisite and delicious desserts, and on the Western Island, which was like a country of women, the variety of desserts was even more amazing. The first thing they looked forward to when they woke up every day was this.

"You guys are here." Ning Shangling was in the study dealing with some things. She only raised her head when she saw Lin Yi and ning Xuefei, signaling them to find a place to sit. It seemed like she didn't treat Lin Yi as an outsider anymore.

Lin Yi didn't say anything, he looked at ning Xuefei and sat down. He waited for ning Shangling to finish her work before he cleared his throat, "Island Lord."

"Call me aunt ning for now. We'll be a family in the future. It's too distant to call me Island master." Ning Shangling smiled. Of course, after the two of them were married, she would have to call her mother-in-law.

"Alright, aunt ning." Lin Yi said without hesitation.

Ning Shangling smiled kindly. Lin Yi's narrow victory in the test made ning Xuefei happy, and as a mother, she was happy for her daughter as well.

Aunt ning, I have a favor to ask of you. I hope you'll agree to it. " Lin Yi said after some thought.

"Oh? Just say it. " Ning Shangling said.

"You said that according to the rules of the West Island, you would send me and Feifei to the East Province Academy for further studies?" Lin Yi said.

"That's right. I was just about to talk to you two about this. Except for a few schools with extremely strict rules, you can choose any of the other schools in the East Province. Do you have any ideas?" Ning Shangling asked.

"Aunt ning, actually, I don't really want to go to the East Province for further studies for the time being. With my current situation, it's not the right time yet. Going to the East Province Academy will likely limit my development. What I need most now is to go to various places to gain experience and not find a place to study in peace. I hope you can understand this, aunt ning." Lin Yi said earnestly.

"Oh?" Ning Shangling's eyes narrowed as she sized Lin Yi up again. She saw that his aura was concentrated and didn't dissipate at all, and he didn't have the superficial aura of other young geniuses at all. He seemed to have formed a faction of his own, so she nodded in approval, "You're right. With your current situation, it's indeed a waste of time for you to stay in the East Province Academy."

The East Province Academy was full of hidden talents and fierce competition, but as far as ning Shangling was concerned, this so-called competition didn't give Lin Yi much actual pressure. When the environment became too comfortable, even the most energetic young man would gradually become dispirited and eventually become ordinary.

"That's right. " Lin Yi nodded.

"Well, in this case, you can put aside the matter of you going to the East Province Academy for now, but I have one condition. You have to send Feifei to the East Province first, at least in a way that you will accompany her! How about you decide for yourself what you want to do after this?" Ning Shangling suggested after a moment of silence.

Ning Xuefei was different from Lin Yi. She was as unwilling to cultivate as Shangguan LAN 'er. She was only in the Golden core stage, and as the future successor of the West Island, she was obviously not enough.

Ning Shangling had wanted to send her to the East Province Academy for a long time, but she always found all kinds of reasons to reject it. This time, however, ning Xuefei couldn't escape. Lin Yi could cultivate on his own, but she had to stay at the East Province Academy. There was no room for negotiation.

Ning Xuefei pouted and was about to say something when she was stopped by ning Shangling's look. She knew what she was doing, so she could only shut her mouth.

"Thank you, aunt ning!" Lin Yi agreed immediately. Studying at the East Province Academy was one of the Western island's rules, and he didn't think it'd be that easy to change it. He didn't think that ning

Shangling would agree so easily-it seemed like this future mother-in-law of his wasn't an inflexible person.

This was good news for Lin Yi. If ning Shangling was a stubborn old man who stuck to the rules, with her status and position, who knew how much trouble she would cause in the future. He didn't expect her to be so easy to talk to, and it seemed like his life on the West Island wouldn't be too hard anymore.

"This matter should be decided by you. There's no need to thank me." Ning Shangling smiled nonchalantly and suddenly asked,"Lin Yi, how did you and Huo yudie get out? can you be honest with aunt ning? Of course, if it's not convenient for you, no one will force you. It's just that I think it's necessary to clarify the teleportation mechanism of the West Island trial. "

Lin Yi's story of a xuansheng stage sending them out was only for the sake of fooling outsiders who didn't know the inside story. It obviously couldn't fool ning Shangling and the other higher-ups of the West Island. If a xuansheng stage master could really activate the teleportation formation, they would've found out a few hundred years ago. This was impossible.

Aunt ning, you're wise. To be honest, this time, I actually relied on my own true Qi." Lin Yi said honestly. There was nothing to hide about this, and it wasn't convenient for him to say it out loud to outsiders, but with his relationship with ning Shangling, he couldn't be considered an outsider.

"Oh?" Ning Shangling was shocked. She thought that Lin Yi and Huo yudie had found a loophole in the teleportation formation, but she didn't expect the answer to be so simple.

"The power of my martial arts technique is already comparable to that of a xuansheng stage expert. I am also at the original infant stage. It can be said that I took advantage of a loophole in the transportation array. That's why I was able to come out smoothly." Lin Yi explained in detail.

"No wonder. With your current cultivation level, you're actually comparable to a xuansheng stage expert. This is really unheard of!" Ning Shangling was shocked, and suddenly felt like she had found a treasure. It was probably the happiest thing in the West Island in years to be able to get a future son-in-law like Lin Yi, who was so devious.

In fact, because ning Xuefei had never liked to cultivate, ning Shangling had been troubled by it in recent years. In terms of talent, ning Xuefei was a rare genius in the world. After all, her parents had strong genes, so she couldn't be weak. However, if she didn't work hard to cultivate, what was the use of talent?

All of ning Xuefei's interests were in research and invention, but it was a pity that it was just a small path on the Sky Class Island. If she wanted to take over the West Island, she had to rely on her own strength. If she wasn't strong enough, even if ning Shangling helped her to the top, she wouldn't be able to keep her position as the island master.

Of course, ning Shangling would try her best to raise her strength, but it wasn't something that could be done in a day. However, with Lin Yi's strong support, ning Xuefei didn't feel as much pressure as before. Husband and wife were one, and as long as Lin Yi's strength could shock everyone, ning Xuefei would naturally be as stable as Mount Tai.

Chapter 4753 Completely Misunderstood

Aunt ning, you flatter me." Lin Yi smiled faintly.

Ning Shangling asked Lin Yi to stay for a while more, encouraging him with warm words and improving their relationship. Finally, they had dinner together before letting Lin Yi go and even arranging a new place for him to stay.

After all, from today onwards, Lin Yi was officially ning Xuefei's fiancé. It was no longer appropriate for him to stay in the West Island's envoy residence. Ning Shangling had given him special permission to stay in the island owner's Palace, and it was right next to ning Xuefei's courtyard. Han Jingjing and Shangguan LAN 'er's rooms were only a few steps away, making it convenient for them to have a gathering.

For the next few days, Lin Yi didn't have anything else to do. He spent all his time with ning Xuefei, han Jingjing, and Shangguan LAN 'er. After the trial, the three girls were very clingy to him. Lin Yi couldn't even train by himself. He could only spend some time with them as compensation for what he did to them.

At the same time, in a small courtyard not far away from the island owner's Palace, Huo yudie paid no attention to the outside world. She did not leave the house every day and was immersed in her cultivation.

Liu Ziyu's heart ached when she saw all of this. As the saying goes, no one knows a daughter better than a mother. As her master, she knew very well what Huo yudie was thinking. Her precious disciple was lovesick.

"Die 'er, don't stay in the room to cultivate. Go out and get some fresh air." Liu Ziyu advised in a gentle voice.

"There's no need for that, master. I've wasted so much time in the West Island trial. I want to work hard to make up for it." Huo yudie shook her head and said.

"Haste makes waste, not to mention that you've already reached a bottleneck. It's useless to blindly cultivate. It's more important to adjust your state of mind," Liu Ziyu's heart ached when she saw Huo

yudie's depressed look. She said, ""Aren't you very interested in the things of the secular world? Han Jingjing is from the secular world. Go and play with them. "

"Ah?" Huo yudie could not help but be stunned. It was not until she saw the playful smile on her master's face that she suddenly understood. After a little hesitation, she nodded shyly and ran out of the room.

Liu Ziyu sighed as she looked at Huo yudie's back, which had obviously become excited again. She thought to herself, "what a joke. The heavens had already set the two of them up together, but now, they mercilessly gave Lin Yi to ning Xuefei. How cruel is this to die 'er?"

In fact, Liu Ziyu didn't want Huo yudie to have any more contact with Lin Yi. After all, Lin Yi was already the Prince Consort of the West Island, and that was an unchangeable fact.

Lin Yi's strength was far beyond Liu Ziyu's expectations, especially after she heard from Huo yudie how they came out of the trial ground. She subconsciously felt that he was a God. He was only in the mid nascent Soul Stage, but he was comparable to a master of the xuansheng stage. How ridiculous, how heaven-defying!

Huo yudie wanted to keep this a secret, but for some reason, she couldn't help but blurt it out when Liu Ziyu asked. She just wanted to show how strong Lin Yi was in front of her master, since she wouldn't tell anyone about it.

In fact, when she saw Liu Ziyu's shocked expression after listening to the story, she felt very satisfied and proud.

However, Lin Yi no longer belonged to her. Although it was a pity, she had no choice. Liu Ziyu thought that after Lin Yi and Ning Xuefei's relationship was settled, Huo Yudie would be able to give up on Lin Yi. She didn't expect things to turn out like this.

Looking at Huo Yudie's abnormal behavior these few days, how could she possibly let it go?

As someone who had experienced it, Liu Ziyu clearly knew that if this matter was not properly resolved, it might become a mental trial that her precious disciple could not overcome. It might be fine on normal days, but once it came to a critical moment such as a breakthrough, it would become a fatal flaw!

So, since Huo Yudie and Lin Yi couldn't be together, then they had to end things between them. Only by saying it clearly could this matter be over!

Otherwise, if he kept holding it in his heart for no reason, not to mention breaking through to the next level, it was very likely that he would go berserk, and it would be too late to regret it.

While Liu Ziyu was frowning, Huo Yudie herself was in high spirits. She completely misunderstood what Liu Ziyu was trying to say-she thought that Liu Ziyu was encouraging her to be with Lin Yi ...

If Liu Ziyu knew her precious disciple's thoughts, she didn't know how she would react. She might just cry and faint in the toilet.

No matter what, they were the Twin morning prides, the goddesses in the eyes of countless East Province Academy's disciples. How could they be so eager to send themselves to her door?

Huo yudie heard Lin Yi's group's laughter as she arrived at ning Xuefei's courtyard. She was excited and nervous at the same time. She was happy that she could see Lin Yi again after a few days, but how was she going to face ning Xuefei and the others? They were all Lin Yi's close female friends.

Although she didn't think in that direction at first, she couldn't help it now. Huo yudie's mind was full of thoughts about what she should do after seeing ning Xuefei and the others. She was the proud daughter of heaven of the East Province Academy, but she was feeling guilty and nervous like a concubine meeting her first wife. They hadn't even started dating yet, and Lin Yi would be drunk if he knew about this.

"Ya! Sister Huo, what took you so long?" At this time, ning Xuefei's surprised voice came from the courtyard. Unlike the others, she had known Huo yudie for a long time because of her relationship with ning Shangling and Liu Ziyu. However, the West Island and the East continent were too far apart, so they rarely had the chance to meet.

In an instant, Lin Yi, Shangguan LAN 'er, and han Jingjing all looked at Huo yudie. Huo yudie was so embarrassed that she didn't dare to move.

"I ... I just came out for some fresh air ..." Huo yudie quickly made up an excuse. She didn't dare to say that she was actually here for Lin Yi. It would be embarrassing.

"Out for some fresh air?" Ning Xuefei and the others looked at each other and smiled. Her courtyard was far away from here. How could she walk all the way here?

The few of them didn't expose her and immediately ran over to hold her hand. ""Since you're here, come play with us. We've been waiting for you for a few days. Aunt Liu said you were busy with closed door cultivation, so we didn't dare to disturb you."

"That's right, Jingjing has been looking forward to sister Huo's arrival. That way, we'll have one more good sister, hehe!" Han Jingjing smiled sweetly.

"That's right, that's right. The three of you will be true sisters in the future. From now on, you must cultivate your feelings well. Don't make things difficult for Little Junior Brother!" Shangguan LAN 'er pretended to be an old woman.

Chapter 4754 Buy A Walkie-Talkie

"I'm not ..." Huo yudie's face turned red as she quickly shook her head.

"What do you mean no? sister Huo, you're still wearing the clothes that little brother gave you. It's obvious that you've agreed to it. It's a happy decision!" Shangguan LAN 'er said with an awkward expression.

"Ah? "I ..." Huo yudie had just changed into this set of denim sportswear today. She was still feeling very happy in her heart, but now she suddenly choked. Why did she have to admit it? What did he silently agree to?

"LAN 'er, don't be so smug. You're speaking as if you don't have a share. Don't you want to be our sister?" Ning Xuefei stepped forward to smooth things over, and her words made Shangguan LAN 'er choke as well. She and Han Jingjing pulled Huo yudie to Lin Yi.

"You're here. " Lin Yi greeted with a smile.

"Yes, I'm here." Huo yudie blushed and didn't dare to look Lin Yi in the eye. She didn't know why, but her heart was beating so fast as if it was going to jump out of her chest whenever Lin Yi got close to her.

"Come and have a seat. They were just talking about you and pestering me about the trial on the West Island. I'm unconscious and don't know much. Why don't you tell them?" Lin Yi pulled Huo yudie's hand naturally and made her sit beside him.

"Ah!" "Ah ..." Huo yudie yelped, not expecting Lin Yi to hold her hand in front of ning Xuefei and the others. She lowered her head even more shyly, her heart beating wildly, but she was slowly filled with sweetness.

"Yeah, sister Huo, why don't you tell us?" Ning Xuefei and the other two girls smiled at each other and rushed over to Huo yudie's side.

Huo yudie was flattered by their attitude and the tension in her heart disappeared. She had been worried about how to get along with them, but now it seemed that she had been overthinking it.

No matter if it was ning Xuefei, han Jingjing, or Shangguan LAN 'er, they were all kind girls. The dirty things that she had thought of before, such as ostracizing and targeting, would not happen to them at all. Huo yudie could not help but feel a little guilty that she had judged the heart of a gentleman with her own mean measure.

With all her worries gone, Huo yudie quickly got along with the girls. Although she was older than ning Xuefei and the rest, she was very pure and innocent. It was a warm and happy time to get along with her.

The relationships between girls were weird, and in just a short while, Huo yudie, ning Xuefei, and a few others had become best friends who regretted not meeting earlier. The more they talked, the more they hit it off, and there were many common topics. Lin Yi, on the other hand, was getting bored. He was like an outsider who couldn't get a word in when he was with these girls!

Of course, Lin Yi was quite pleased with this result. All the girls were kind, but they all had sharp hearts. Huo yudie didn't say anything, and neither did they say anything, but they all knew what each other was thinking. It was just that they didn't say it out loud.

In the next few days, Huo yudie and the girls got along well and even moved in. The four girls slept in ning Xuefei's room and slept together at night. Of course, Lin Yi wasn't included in this. Even if ning Xuefei was his fiancée in name, he couldn't enter the room, not to mention that there were four of them in there!

As for the day, it was ning Xuefei who took Lin Yi and the girls around the Western part of the island, just like when Lin Yi took her to tour the northern part of the island. They went around all the famous places and the culture was different from other places, which really opened Lin Yi's eyes.

However, there were awkward situations that happened all the time. The crowd would always be blocked, and the people would rush over to catch a glimpse of Lin Yi, the future son-in-law. Lin Yi didn't know what to say to the feeling of being watched like an animal, and he could only run away.

On the other hand, pretty girls like ning Xuefei and Huo yudie weren't much of a concern. If the four of them went out to the outer island, they'd definitely get the same treatment as Lin Yi. Unfortunately, this was the Western Island, and the streets were filled with women. Men couldn't just show their faces.

While Huo yudie was having fun with Lin Yi and the others, Ren Zhongyuan was completely oblivious to it. He thought that Huo yudie was still in closed-door cultivation these few days. Every day, he was

thinking of finding a chance to please her, so that he wouldn't leave a bad impression on her because of the previous misunderstanding.

Ever since he saw the chastity sand on Huo yudie's arm, he, like everyone else, had completely treated the photo as nothing.

No matter how much Li Yuzhou and Sun Baolu begged for mercy, Liu Ziyu did not even need to do anything. He beat them up first, wanting to use this as an opportunity to show his goodwill to Huo yudie. At the same time, he also wanted to delete the photos so that they would not spread and ruin the reputation of his sweetheart.

However, Ren Zhongyuan knew that it was impossible to win Huo yudie's forgiveness just by giving her two underlings a good beating. He heard that Huo yudie was very interested in the mobile phones of the secular world, so he decided to play along with her.

Unfortunately, although the central Chamber of Commerce mainly sold all kinds of technological products, they rarely sold things that were most commonly used in the secular world, such as mobile phones. After all, there were no base stations on the Prophecy Island, and mobile phones were purely for decoration. They couldn't possibly run over to become an operator just to sell mobile phones, right?

On the Sky Class Island, one could only order a custom-made phone. However, Ren Zhongyuan was not Ning Xuefei. Although he had some background in the East Province Academy, the central Chamber of Commerce on the West Island would not buy it. Ordering a custom-made phone was just wishful thinking.

Left with no choice, Ren Zhongyuan strolled around the central Chamber of Commerce for half a day. In the end, he gave up on the idea of buying a mobile phone. Instead, he took a fancy to a pair of walkie-

talkies. In his opinion, these things were already very impressive. They had similar functions to mobile phones. He believed that Huo yudie would definitely like them when she saw them.

Gritting his teeth, Ren Zhongyuan tightened his belt and bought the walkie-talkie at a sky-high price. He was about to go to Huo yudie in high spirits to give his sweetheart a big surprise!

However, it was not so easy for him to meet Huo yudie. He lived in the West Island's envoy residence, but Huo yudie lived in the island owner's Palace because of Liu Ziyu and ning Shangling's close relationship. No outsider was allowed to step into the island owner's Palace without special reasons, let alone a man like Ren Zhongyuan!

However, this did not stop Ren Zhongyuan. As an expert at the great circle of the nascent Soul Stage, especially a genius disciple from the East Province Academy, even if the palace was heavily guarded, he could still find a chance to sneak in.

#### Chapter 4755 Pill Refining Conditions

Of course, this was also because Huo yudie and the others lived in a relatively remote area. Otherwise, if it was a core area like ning Xuefei's residence, even a master of the great circle of mysterious Ascension would not be able to get half a step closer to it, let alone him, a mere nascent soul.

After successfully sneaking into the courtyard where Huo yudie was staying and avoiding the eyes and ears of some servants, Ren Zhongyuan quickly found Huo yudie's room. He was not unfamiliar with this place. He had been here once under the pretext of visiting Liu Ziyu. Huo yudie's room was his dream destination and he had been here many times in his dreams.

After calming himself down, Ren Zhongyuan pushed the door open and entered the room without saying a word. On the surface, he wanted to give Huo yudie a surprise. In fact, he was thinking more about it. He wanted to take this opportunity to see some wonderful scenes that he would not normally see, such as taking a bath or changing his clothes ...

As soon as the door opened, Ren Zhongyuan's head popped in. His eyes were scanning the room, and his mind was filled with Huo yudie's fantasies. However, the person in front of him surprised him. The person sitting in the room was not Huo yudie, but Liu Ziyu!

At this time, Liu Ziyu was studying the Thunder mystical vine in her room. She was not greedy for her disciple's things. For an existence at her level, the Thunder mystical vine was already of no use.

She was only studying this for Huo yudie. After all, the Thunder mystical vine was the main material for making the Thunder mystical pill. Its color had a great impact on it, and its maturity was directly related to the choice of other materials. Huo yudie herself was ignorant, so these things could only be handled by her master, who was also her master and mother.

Huo yudie had been staying with Ning Xuefei and the others for the past few days. Liu Ziyu did not expect someone to suddenly open the door, and the person who came was not Huo yudie. She was so shocked that she did not have time to retrieve the Thunder mystical vine on the table. Ren Zhongyuan immediately saw it clearly.

Given Liu Ziyu's strength, Ren Zhongyuan could not have escaped her detection. However, this was the temporary imperial residence of the island owner, and the security was extremely tight. No ordinary person would have thought that someone would sneak into this place. Furthermore, out of respect for the elders of the West Island, Liu Ziyu would not easily use her divine sense here.

Moreover, there were servants walking along the corridor of the courtyard from time to time, so it was normal to hear footsteps and such. This made Liu Ziyu even more relaxed her vigilance. Who would have thought that someone would dare to come in without knocking?

"Ah!" Ren Zhongyuan was equally shocked. He had come here secretly to give Huo yudie a surprise. Who would have thought that he would meet Liu Ziyu in this room!

This feeling was like sneaking into the room of the person you like, only to find out that it was the mother of the person you like when you turned on the light. In an instant, your heart went cold, and you didn't feel good ...

However, Ren Zhongyuan did not feel embarrassed at all as he saw the Thunder mystical vine on the table. He did not expect Liu Ziyu to have the Thunder mystical vine too!

Ren Zhongyuan's eyes were about to pop out of their sockets when he saw Lin Yi take out the Thunder mystical vine. He was a peak nascent soul realm cultivator and one of the most desperate people in the world to get the Thunder mystical vine!

If Lin Yi didn't become the Fuma of the West Island, Ren Zhongyuan and the others wouldn't let go of this fat piece of meat and would definitely try to get the Thunder mystical vine from him. However, it was impossible now. They wouldn't dare to Rob the Fuma's things in the West Island's territory even if they had ten thousand guts.

But Huo yudie also had Thunder mystical vine, did Lin Yi give it to her?

Although Liu Ziyu was holding it in her hands, this was Huo yudie's room. Furthermore, the Thunder mystical vine was useless to Liu Ziyu. Ren Zhongyuan immediately guessed the truth and suddenly felt a wave of jealousy in his heart. He vaguely felt that there was something fishy about the photo of li Yuzhou and sun baolu.

However, this was not the time to pursue this matter. Both parties were in a stalemate for a moment. Suddenly, Ren Zhongyuan's eyes turned. Not only did he not retreat, but he also entered the room and even closed the door behind him!

"You're still not going out? Breaking into someone else's room, and this is the island master's Palace, are you really not afraid of death?" Liu Ziyu's eyes narrowed. If Huo yudie had seen Ren Zhongyuan's action, her heart would have trembled. She might have thought that he was acting like a beast. Unfortunately, she was Liu Ziyu. In her eyes, Ren Zhongyuan, who was at the peak of the nascent soul realm, was just a stronger ant.

"Haha, Vice Dean Liu, please don't be angry. If I'm not wrong, this should be the Thunder mystical vine, right?" Ren Zhongyuan asked despite knowing the answer.

"Why are you still asking if you already know?!" Liu Ziyu looked at him coldly. She had heard about the relationship between Ren Zhongyuan and Li Yuzhou, so she had a bad impression of him. She said expressionlessly, ""You have something to say?"

"The Thunder elixir is a seventh-grade elixir, and only a seventh-grade Alchemist has the ability to refine it. However, there are only a few seventh-grade alchemists in the yellow Class Academies in the East continent ..." Ren Zhongyuan deliberately paused and looked at the other party's changing expression, ""I think Vice Principal Liu should understand my meaning now, right?"

Liu Ziyu frowned when she heard this. This was her biggest concern for the past few days. Although the Thunder mystical vine was good, it would be useless if it couldn't be refined into a Thunder mystical pill.

Originally, there was a seventh-grade Alchemist in the Academy. Unfortunately, two years ago, an alchemy accident happened and the seventh-grade Alchemist suffered a severe backlash. Since then, he

had been in seclusion to recuperate. Now, the highest-grade Alchemist in the Academy was only a sixth-grade Alchemist, so it was a big trouble to refine the Thunder elixir!

However, Ren Zhongyuan's father was the chief Alchemist of the soaring Cloud School and had a seventh-grade cultivation! This was the highest level of the Golden class, only one step away from the legendary Mystic class!

"You mean, you can help me refine pills?" Liu Ziyu glanced at Ren Zhongyuan. It was not easy to invite a seventh-grade Alchemist. Without sufficient connections, it would be difficult even for her to invite a seventh-grade Alchemist. However, Ren Zhongyuan clearly had the ability to do so.

"A seventh ranked pill is extremely difficult to concoct. The slightest mistake could result in a backlash. Vice Dean Liu should be very clear about this!" Ren Zhongyuan laughed and said in the tone of an expert, "As far as I know, among the seventh-grade elixirs, the risk of refining the Thunder mystical pill is the highest. The Thunder mystical vine has natural lightning on it. If it's not handled properly, the furnace will explode. The consequences are unimaginable. An ordinary seventh-grade Alchemist is not willing to take on such a life threatening task, hehe."

Liu Ziyu's face darkened. Of course, she knew about this. The seventh-grade Alchemist from their proud Dawn School had suffered a backlash because of this. To be honest, she really didn't have the slightest confidence in getting a seventh-grade Alchemist to help her refine the Thunder profound pill. Otherwise, she wouldn't have had to worry about this for the past few days.

Chapter 4756 Two Days To Reply

"What are your conditions?" Liu Ziyu asked in a deep voice. She did not think that Ren Zhongyuan would try to curry favor with her unconditionally. Even if Ren Zhongyuan was willing to do so, his father might not be.

"Vice Dean Liu, you should know that I've been in love with Junior Sister Yu die for a long time. With our status, we're a perfect match. Why don't you just help her?" Ren Zhongyuan finally revealed his true colors.

"This ..." Liu Ziyu immediately fell into deep thought.

Seeing that the other party was hesitating, Ren Zhongyuan rolled his eyes and quickly added, ""According to the rules, any seventh-realm Alchemist who receives a request for alchemy only needs to pay one pill. If all the pills are wasted, then there will be none. However, with my father's means, these Thunder mystical vines can be refined into four Thunder mystical pills! As for me, I can promise to return you two. This condition should be generous enough, right?"

This time, Liu Ziyu was immediately moved. Such a condition was not only generous, but it was also the only one. Even the seventh-grade Alchemist from her school could not guarantee that she would give him two Thunder mystical pills. If it were not for her loved ones, no seventh-grade Alchemist would be able to offer such a condition.

No matter how high one's talent and potential was, it was difficult to guarantee success in one attempt to break through to the xuansheng stage. Huo yudie was no exception. However, if she had two Thunder mystical pills in her hands, she would have double insurance. Her confidence would be completely different.

Ren Zhongyuan laughed when he saw Liu Ziyu's expression. The saying "money moves people's hearts" was indeed successful. Even a Big Shot like Liu Ziyu was no exception.

"As for the remaining two Thunder mystical pills, I'll take one each with Junior Sister Yu die. What do you think, Vice Dean Liu?" Ren Zhongyuan continued to tempt him with a large sum of money.

"What?" Liu Ziyu was shocked again. She looked at Ren Zhongyuan in disbelief and said, ""You mean, these two Thunder profound pills aren't considered as my gift to die 'er?"

"Haha, of course. As long as you agree to this, sister Yu die will be my Dao companion. How can her pills trouble you, Vice Principal Liu?" Ren Zhongyuan laughed as he patted his chest.

Liu Ziyu looked at Ren Zhongyuan and fell silent. To be honest, she was tempted after hearing the conditions. After all, no one else could offer such conditions except for Ren Zhongyuan, the son of a seventh-grade Alchemist.

She couldn't help but be tempted by this matter. Otherwise, if she couldn't find anyone to help her refine the pill when she returned, no matter how precious the Thunder mystical vine was, it wouldn't be of any use. On the contrary, if it was delayed for a long time, the dense electric arcs on it would slowly dissipate, or even completely disappear. By then, it would lose its effect and become a pile of complete waste.

Because of this, Liu Ziyu had not been able to eat or sleep for a few days. She had even seriously considered whether she should put down her old face and ask ning Shangling for help!

With the huge power of the West Island, it was not impossible to find a seventh-grade Alchemist, and with her life-and-death friendship with ning Shangling, it was unlikely that she would be rejected. However, after thinking about it carefully, this did not seem realistic, because this was a matter of principle, not something that could be affected by personal feelings.

Even though ning Shangling was the ruler of the Western part of the island and could decide the fate of the entire western part of the island with a single word, and this was not a big deal, she would never do

it unless she had no other choice. Furthermore, there had never been such a precedent in the Western part of the island.

If this time, ning Shangling gritted her teeth and set a precedent because she couldn't let go of her face, then if this matter were to spread out, and other friends came to ask her for help in refining pills, what would she do? how would she respond then?

In fact, if someone relied on their friendship to directly ask her for a ready-made Thunder profound pill, what should she do? Human nature was a bottomless pit once it was greedy. This kind of thing was not impossible.

Liu Ziyu and ning Shangling had never been friends for benefits, but were true friends. As friends, she could not put the other party in such an awkward and difficult situation for her own selfish reasons. So, after much consideration, she could only give up on the ready-made path to the West Island.

As a result, she had very little choice. Although she was the vice principal of the school of Morning Pride, she had never been one to make friends with a wide range of people. Her true friends were almost countable, and there were even fewer people who could help her in this matter.

After frowning and pondering for a long time, Liu Ziyu finally sighed and said ambiguously, ""It's a serious matter. I'll have to think about it carefully. I'll give you an answer in two days,"

"Vice Dean Liu, it's a once in a lifetime opportunity. You'd better think carefully!" Ren Zhongyuan felt a little indignant when he heard this. He knew that a long delay would bring more trouble. It was best to settle this matter in one go and not give Huo yudie any chance or leeway to react. They should just tell her that it was impossible to disobey her master's order and get married. Otherwise, things might change if the time dragged on.

Just as the other party had said, there was no such shop after this village. Liu Ziyu couldn't help but feel a little embarrassed. In her opinion, this matter must be reliable, otherwise she wouldn't have considered it so seriously.

According to Ren Zhongyuan's proposal, three out of the four Thunder mystical pills would belong to the master and his apprentice. With these three Thunder mystical pills, Huo yudie would be able to enter the xuansheng stage. This was a dream come true. Moreover, Ren Zhongyuan's conditions were not too much.

From Liu Ziyu's point of view, although Ren Zhongyuan's talent was far from Lin Yi 's, he won because he had been infatuated with die' er for so many years. In addition to his background, he was a rare match. Even if he wasn't as attractive as Lin Yi, he wasn't much worse.

Besides, no matter how good Lin Yi was, he was already the future Prince Consort of the West Island. Huo yudie would never end up with him, so she might as well take this opportunity to cut ties with him.

"Two days. I'll give you an accurate answer in two days. You can go back first." Liu Ziyu's tone was indifferent. Although she was tempted, she was still a Big Shot and could not be easily led by the nose by a small character like Ren Zhongyuan. This matter concerned the lifelong happiness of her precious disciple, so she would definitely not make a decision in such a hurry.

"Alright, the day after tomorrow it is! The day after tomorrow, at this time, I'll personally come to hear Vice Dean Liu's reply. This matter is definitely a good thing for you, me, and martial sister Yu die. I hope to hear good news the day after tomorrow. " Ren Zhongyuan was still unwilling to give up. However, he did not dare to push Liu Ziyu too far because of her strength and status. He would be in deep trouble if he pushed her too far.

Chapter 4757 Ten Thousand Times Unwilling

Liu Ziyu sat in her room and let out a long sigh as she watched Ren Zhongyuan push the door open and walk out. She was secretly thinking about how she should tell Huo yudie about this. Of course, she understood her disciple's thoughts. However, it was reasonable for her to agree to this matter. She should not be too stubborn.

After two hours, the sky had turned dark. Huo yudie came back humming a little tune. She pushed the door open happily and saw Liu Ziyu sitting in the room when she looked up.

"Master, you were waiting for me?" Huo yudie was stunned for a moment. Then, she ran over and hugged Liu Ziyu's arm. She said in a coquettish tone, "Die 'er hasn't returned these few days. Master, you won't blame die' er, right?"

"You're too playful, you're having fun and you've forgotten about me. " Liu Ziyu fondly tapped her on the forehead and asked with a smile, "How is it? How are you getting along with Feifei and the others?"

"That's great. We're like sisters now. Feifei, Jing Jing, and LAN 'er are all kind and cute girls. They're much better than those in our Academy." Huo yudie said as she wrinkled her nose.

"Hehe, the girls in our Academy aren't born to fight and scheme against each other. They're all forced by their environment. Sometimes, it's impossible for people not to bow their heads. You have to learn to let nature take its course and accept your fate." Liu Ziyu said with a deeper meaning.

"Eh? Master, didn't everyone say that the ultimate goal of cultivation is to defy the heavens and change fate? why do you have to accept your fate?" Huo yudie asked, blinking her eyes.

"Defying the heavens and changing fate?" Liu Ziyu shook her head with a wry smile and sighed with emotion. "Hehe, it's just empty words. How can there be any true change of fate in this world? All living beings have an irresistible fate, and although we cultivators have broken through the limit of our own lifespans, we're just struggling on at death's door between following and defying fate. If there really was someone who could defy the heavens, the heavens would have collapsed long ago. How can we survive then?"

"Oh." Huo yudie nodded, not fully understanding what Liu Ziyu had said. She did not have the same experience and knowledge as Liu Ziyu. At most, she could only understand the literal meaning of these words. However, the true meaning behind them was not something that she could understand at this moment.

"Right, I haven't asked you yet, you've seen Lin Yi these past few days, right?" Liu Ziyu asked.

Huo yudie's face blushed as she answered weakly. Her face was filled with happiness. Although she didn't have the chance to be alone with Lin Yi these few days, she still felt happy to be able to stay by his side. At the same time, she also had Ning Xuefei and other good friends.

Looking at her disciple's expression, Liu Ziyu couldn't help but have a headache. She thought for a moment and said, "Since you've already met, it's time for you to settle the matter between you two. After you return to the East Province in two days, you won't have any more interactions with him."

"Ah?" Huo yudie, who was still immersed in joy, suddenly felt as if a basin of cold water had been poured on her head. She looked at her master in a daze and did not know how to react.

"Die 'er, don't think that I'm cruel. You and Lin Yi are not meant to be together. You won't get a good result if you keep forcing him. Listen to me and let him go." Liu Ziyu sighed and said, "Ren Zhongyuan came today and saw the Thunder mystical vine on the table. He thought of a proposal and asked his

father to help us refine the Thunder mystical pill. He guaranteed that he could refine four pills and two of them would be given to us."

"He's that kind? Don't you have any other conditions?" Huo yudie frowned when she heard this. Although she did not know the specific market price, she knew that this Little Thunder mystical vine could be exchanged for two Thunder mystical pills. It was as if she had picked it up for free. She did not believe that there would be such a good thing in the world.

"There is indeed one condition. He wants to become Dao companions with you, die 'er." Liu Ziyu said in a calm tone.

"What?" Huo yudie was dumbfounded. She looked at Liu Ziyu in disbelief. After a long time, she asked in a trembling voice, ""Master, you ... You agreed to his request?"

"No, I didn 't," Liu Ziyu shook her head and sighed, "Die 'er, this is a major event in your life. I won't make such an unreasonable decision. However, I hope you can agree to it."

Huo yudie heaved a sigh of relief. She looked at her master and said, ""Why?"

"Die 'er, I've said it before. Lin Yi is good, but you and him are destined to never have a happy ending. It's better to let him go now than to suffer in the future." Liu Ziyu paused for a moment, then hugged Huo yudie affectionately and said, ""Breaking through to the Xuan Ascension stage is not a small matter. This is a crucial watershed in our cultivation journey. After the Xuan Ascension stage, it is the beginning of a bright future. However, if we suffer a setback at this time, then we can forget about breaking through successfully for the rest of our lives. We will forever be stuck at the peak of the nascent Soul Stage and will not be able to advance an inch. We might even have to constantly regress."

"I know all this, but ..." Huo yudie gritted her teeth and did not know what to say for a moment. In her opinion, it was important to break through to the xuansheng stage, but if she could not be with the person she loved because of this, she would not be happy even if she could become an immortal immediately, let alone a xuansheng.

"Don't be in such a hurry to reject him. Actually, if you think about it carefully, Ren Zhongyuan is a good match, isn't he? Not only did he promise to give us two Thunder profound pills, but he also gave you the remaining two pills. In other words, three of the four pills are for us. If we find other seventh grade alchemists to help us, we might not be able to refine four Thunder profound pills, let alone give us three. " Liu Ziyu advised earnestly.

Huo yudie fell into silence. Of course, she knew that Liu Ziyu was doing this for her own good. Everything she did was for her own good. Otherwise, why would she lower herself to the point of bargaining with someone like Ren Zhongyuan?

However, she had never liked Ren Zhongyuan. She disliked him in the past and disliked him even more now. Even without Lin Yi, she would not be willing to be Dao partners with someone like him, let alone now that she already had someone in her heart.

Although Huo yudie was extremely unwilling, she could not ignore her master's good intentions. In this world where the master's orders were greater than the heavens, Liu Ziyu had not made the decision to marry her to Ren Zhongyuan on her own. Instead, she had persuaded her in person. This in itself was already very doting.

"Die 'er, this matter is directly related to your future and even your entire life. Think about it carefully and give me an accurate answer before the day after tomorrow." Liu Ziyu patted Huo yudie's shoulder and left.

Chapter 4758 This Is Too Funny

After all, Huo yudie was her precious disciple who treated her like her own daughter. She could not bear to force her too much. However, she had to say these words. This was related to her future. She could not watch Huo yudie ruin her own future.

Huo yudie sat in her room in a daze. Her mind was blank. She knew that she could not hesitate in this kind of thing. No matter what, she had to quickly sort out a clue and make a decision as soon as possible. However, her mind did not listen to her. She could not think of anything and could only stare blankly.

Huo yudie did not sleep for the whole night until the morning sun shone on her face through the window. She heard the chirping of birds outside and suddenly woke up. She forced herself to calm down and got up to walk out of the room in a daze.

After walking out of the room, Huo yudie went straight to Lin Yi and the others. She didn't ask Lin Yi for help, but they had made an appointment yesterday to go to the nearby beach for a swim.

When Huo yudie arrived, Lin Yi and the others were already ready. Ning Xuefei and the others were all dressed in common clothes, young and beautiful. They even had swimsuits and caps prepared, all taken out from Lin Yi's Jade space.

Lin Yi jumped when he first saw the swimsuits-what was Chentian doing in there? And there were all kinds of size and styles. I really don't know what this kid was thinking back then, but it just so happened to come in handy now ...

"Sister Huo! Hurry, hurry! Let's hurry up and set off!" Shangguan LAN 'er waved from afar. She couldn't wait to go to the beach and change into this trendy swimsuit. Ning Xuefei and Han Jingjing were waving at her as well. They couldn't wait any longer.

"They're here!" Huo yudie forced a smile and quickly walked towards them.

"Sister Huo, take a look. This is the swimsuit we picked out for you. Do you like it?" Without waiting for Huo yudie to come closer, ning Xuefei and the others took out bikinis mysteriously.

Lin Yi's eyes twitched as he subconsciously glanced at Huo yudie's curvaceous body. He couldn't help but gulp. With this girl's body and the sexy bikini, he was sure to get a nosebleed today.

"What is this?" Huo yudie took it and looked at it up and down. The bikinis were just two pieces of fabric in her eyes, they couldn't cover anything at all. She blushed when she noticed Lin Yi's reaction, "Is this also a piece of clothing?"

"Of course it's clothes. This is the most popular style in the secular world. Sister Huo, do you want to try it on now? hehe!" Han Jingjing blinked her eyes mischievously.

"Ah?" Huo yudie was shocked. No matter how interested she was in the secular world, she was still a very conservative Sky Class Island woman. How could she dare to wear such clothes? she shook her head and said, "I ... I can't ..."

"Why not? how would we know if we don't try? I'm sure you'll look great in it, sister Huo!" Ning Xuefei said with a smile.

"That's right, that's right. Anyway, there are no outsiders today, and sooner or later, I'll be seen by Little Junior Brother. It's better to be here than to choose a day!" Shangguan LAN 'er grabbed the bikini with a smile and pointed it at Huo yudie.

If it was a few days ago, Huo yudie would have given it a try after being encouraged by these people. However, she was not in the mood today. She could only smile bitterly and shake her head.

"Sister Huo, why do I feel like you're a little depressed? Did something happen?" Ning Xuefei was the first to notice her strange behavior. She looked at the others and asked.

"Yeah, we're best friends, you can't hide anything from us, sister Huo!" Han Jingjing said immediately. Yesterday, when they were talking about swimsuits, they were still eager to try it out. But now, they suddenly stopped talking. She also vaguely guessed that there must be a problem.

"If you have something to say, just say it. Don't take it all on yourself. You still have us." Lin Yi could tell that something was wrong with Huo yudie. She wasn't someone who could hide her thoughts, not to mention that she didn't sleep all night and her eyes were bloodshot.

"I ..." Huo yudie looked at the crowd and stopped talking. When she met Lin Yi's eyes, she felt wronged for no reason and her eyes turned red. Under Lin Yi and the others' repeated questioning, she finally told them what happened last night.

After listening to Huo yudie's story, Lin Yi was speechless. He himself was an Alchemist that couldn't be calculated with common sense, and this kind of thing would come in handy, but the Thunder mystical pill was a seventh level pill. He'd tried to make all kinds of seventh level pills before, but all of them failed without exception.

Up until now, Lin Yi still couldn't figure out the reason. At first, he thought that it was because his Qi wasn't strong enough to make a level Seven pill, but after thinking about it, if that was the reason, then there was no way he could make a pill at all. He failed in all sorts of ways, but at least he could go back to the normal process.

If it was something else, Lin Yi could boast about it with his strength and connections, but making the Thunder elixir was something he really couldn't do.

"Yudie, although I can make pills, I can't make seventh grade pills yet because I'm not good enough ... But I can promise you that I'll be able to break through in the future ..." Lin Yi had to force himself to persuade yudie when he saw her crying face.

Huo yudie couldn't help but feel a little disappointed, even though she knew that it was impossible. It was already surprising that a super genius like Lin Yi would be so free to become an Alchemist. If he could even make seventh grade pills, he would have to be God's Bastard son.

There was a limit to super geniuses. How could someone be proficient in everything?

"Hahahaha!" While Lin Yi and Huo yudie were frowning, ning Xuefei suddenly burst out laughing. She laughed so hard that she couldn't even stand straight.

"Feifei, what are you doing? Sister Huo was just talking about her troubles, why are you still laughing? you're so heartless!" Shangguan LAN 'er pouted as she asked. Lin Yi and Huo yudie also turned to look at her, not knowing why she suddenly laughed.

"Wait a minute, let me catch my breath first. This is too funny!" Ning Xuefei ignored everyone's strange expressions and kept rubbing her stomach. After a while, she answered,""Actually, it's not that Lin Yi isn't good enough to make a seventh grade pill, it's just that your cauldron can't make a seventh grade pill!"

"What? Shennong's medicine cauldron has this restriction?" Lin Yi was shocked.

Chapter 4759 Slowly Got Used To It

It wasn't that he hadn't thought of this before, but the divine farmer cauldron's heaven-defying performance had been too deeply rooted in his heart. It made him subconsciously feel that this was impossible. The possibility of the divine farmer cauldron having a problem was much smaller than the possibility of him having a problem. However, he didn't think that this was the real reason!

"Then why are you still laughing, Feifei? The problem with the medicinal cauldron is still a problem, and it's even more difficult to solve. You're still in the mood to laugh at a time like this? sister Huo is about to be forced to marry that hypocrite Ren Zhongyuan!" As Shangguan LAN 'er spoke, she pounced on her and pinched her.

Ning Xuefei quickly dodged and chuckled,""Of course it's funny. This is actually a very simple problem that can be solved in a short time, but all of you are frowning so much. Isn't that funny? What do you think, Jingjing?"

"It's alright. It's a little funny. " Han Jingjing's mouth also curved into an indescribable smile as she covered her mouth and smiled.

"What do you mean? What's wrong with the godly pesticide cauldron? how can it be solved so quickly?" Lin Yi, on the other hand, didn't know what was going on. He quickly pulled on her hand and asked.

"Lin Yi bro, don't worry. Strictly speaking, this isn't really a problem with the Shennong medicine cauldron. The hardware's fine, but the software needs to be upgraded." Han Jingjing chuckled.

"Software?" Lin Yi didn't quite understand-what was this about hardware and software?

"That's right. The main reason why the Shennong medicine cauldron can automatically refine pills is because Jing Jing has set up an intelligent analysis formula in her computer, right?" Han Jingjing smiled and continued to explain after Lin Yi nodded, "The problem is that when Jing Jing set up this formula, she didn't come into contact with such a high level. Most of the things were derived purely from data. So, the fact that this formula can last until the sixth-grade pill is already far beyond Jing Jing's expectations. As for the seventh-grade pill, Jing Jing never thought of it at such a high level from the start."

"Then what do we do?" There were still some parts he didn't quite understand, but Lin Yi got the gist of it. To be able to reach the level of a rank six with just data alone, han Jingjing was indeed an unparalleled genius.

"It's very simple. Why don't you just let Jing Jing help you level up?" Ning Xuefei laughed.

"That's right, why am I so stupid!" Lin Yi smacked his forehead as he looked at the smiling han Jingjing. Since the inventor was right beside her, upgrading the software was nothing to her!

Lin Yi took out the divine pesticide cauldron since there were no outsiders around. Huo yudie was shocked and her attention was diverted. She pointed at Lin Yi and the divine pesticide cauldron and said, "Where did you come from?!"

She'd wanted to ask this since the test-if Lin Yi's pastries and clothes at the start were still acceptable, then how did he take the Thunder mystical vine, especially Scarface's Mountain of treasures before he left? she had no way of explaining that.

It was just that the situation was either urgent or she was too immersed in the surprise, so she didn't think of asking about it. But now that Lin Yi had suddenly taken out an alchemy furnace out of thin air, if she didn't ask clearly, she might think that she was hallucinating ...

"Hehe, Lin Yi bro, explain it to me, I'll go level you up now." Han Jingjing took the Shennong medicine cauldron with a smile and brought ning Xuefei and Shangguan LAN 'er to the research room.

Huo yudie was the only one who was looking at him in a daze. Lin Yi smiled bitterly and shrugged. He felt that he didn't need to hide anything from her, so he explained, "Actually, I have a very unique jade pendant. It contains a mysterious independent space. With a thought, I can put things from the outside world into it and take things out from it. Do you understand now?"

"There's such a thing?" Huo yudie covered her mouth in surprise. She thought that it would be some kind of high-level camouflage or that Lin Yi had a portable magical formation on him. Although this kind of thing was rare, there were always similar legends circulating in the streets. She didn't think that the answer would be so simple-Lin Yi had a magical jade pendant!

"Yes, there are always some magical things happening to me. You'll get used to it, but remember to keep it a secret. Only you know." Lin Yi chuckled.

Slowly get used to it? Huo yudie rolled her eyes at Lin Yi's casual tone, not knowing what to say.

She wasn't a newbie-she was already a nascent soul peak level master, and she was in a place like the East Province Academy. Her knowledge and experience were far beyond that of a normal practitioner, and even so, she had never heard of something as strange as the Jade space. But when Lin Yi said that it was one of their own, Huo yudie's heart jumped ...

Lin Yi looked at Huo yudie's expression and smiled, not saying anything.

The two talked as they walked to ning Xuefei's lab. Han Jingjing was fully focused on updating her A.I. Analysis formula, her ten fingers moving back and forth on the keyboard. Even with Lin Yi's eyesight, he couldn't catch it accurately. He could only see a blur of fingers, not to mention the others.

Huo yudie couldn't help but cover her mouth at this exaggerated scene. She looked at han Jingjing with admiration. She didn't know what was going on, but she thought that han Jingjing was just a cute and innocent girl who wasn't strong. But now, she realized that this girl was a genius. Lin Yi was indeed full of miracles.

Lin Yi and Huo yudie waited quietly at the side. He obviously couldn't interfere with the updating of the AI analysis formula, so han Jingjing had to rely on herself. Ning Xuefei, who had some understanding of it after two years of influence, was there to help her. As for Shangguan LAN 'er and the little Curly Bear, they were just bystanders.

After about two hours, han Jingjing suddenly stopped and wiped the sweat off her forehead. She smiled sweetly at Lin Yi, "Lin Yi bro, you can make a seventh class pill now."

"You're done so quickly?" Lin Yi was overjoyed. The AI analysis formula was considered the best technology in the world, and he thought that it would take at least a few days for Han Jing to finish it. He didn't expect her to finish it in two hours. The efficiency was shocking.

"Hehe, I've been thinking about this formula for a long time now, but I just couldn't see you, Lin Yi bro. I'm just carrying it on my back now, it's really convenient." Han Jingjing smiled.

#### Chapter 4760 Lightning Arc

"Lin Yi bro, hurry up and try it out. Jingjing can still improve it on the spot if it doesn't work," she urged.

"Alright, I'll start the furnace and concoct the pill now." Lin Yi immediately asked ning Xuefei to find a special refining room and took out all the materials to start the furnace. Huo yudie saw this and quickly went back to get the Thunder mystical vine. Although Lin Yi had more Thunder mystical vine than her, this time it was for her, so she felt that it was reasonable for her to provide it.

Seeing that Huo yudie was so insistent, Lin Yi didn't say anything. Since she was one of his people, he would give her a share of the good stuff in the future. It didn't matter whose Thunder mystical vine he used this time.

And to make the Thunder elixir, other than the Thunder mystical vine, he needed all sorts of other supplementary ingredients. Lin Yi's material storage was starting to take shape, but it wasn't complete yet. It just so happened that the two missing ingredients were all in place from the pile of treasures he extorted from Scarface.

Huo yudie and the others watched from a distance as Lin Yi sorted the materials and adjusted his state of mind. They didn't even dare to breathe loudly, afraid that they would affect Lin Yi.

The worst thing to do during a refinement process was to avoid external disturbances. The most ideal situation was for Lin Yi to refine alone, but this time, Han Jing Jing was needed to be there to keep an eye on the scene. He might as well let Huo yudie and the others come in to watch. They were all on the same side, after all, and they knew what to do.

He counted the Thunder mystical vine and the other supplementary ingredients one by one and placed them all into Shennong's medicine cauldron. Lin Yi took a deep breath and started the refining process.

Huo yudie's eyes widened when she heard han Jingjing's voice on the tablet. Ning Xuefei and Shangguan LAN 'er, however, were used to it. They had seen Lin Yi's alchemy a long time ago, and as Lin Yi said, they were used to it.

Everything was normal, and the tablet quickly showed the curves. Lin Yi took a closer look and realized that the curves were completely different from the ones he'd tried before.

Although the previous few attempts were not Thunder profound pills, they were all seventh-grade medicinal pills. The refining curves looked very different at first glance, but there was one thing in common. The refining curves in the early and middle stages were all very complicated and tortuous. However, once it reached the late stages, they were all very pleasing to the eye, without exception.

However, it was different this time. The pill refining curve was not only full of twists and turns in the early and middle stages, but it was even more obscure and difficult to understand in the later stages. The twists and turns were extremely complicated. Compared to the previous few classic curves, it was so ugly that it made one's hair stand on end.

Lin Yi subconsciously turned to look at han Jingjing, and saw her nod at him. His heart instantly settled down, and he seemed to have understood something.

The reason why the previous alchemy curves were so beautiful was because they were purely derived from data. That was a perfect curve that only existed in an ideal. It was impossible for it to exist in

reality. If one blindly followed that ideal curve, it would be strange if there were no problems during the alchemy process.

Lin Yi calmed himself down and started channeling his Qi into the cauldron according to the tablet's instructions. The Shennong medicine cauldron began to buzz. All the girls, except for Han Jing Jing, couldn't help but be nervous, especially Huo yudie, whose heart was beating fast. The success of this elixir refinement would directly affect her life, so she couldn't fail!

Everyone knew that every time a pill's grade increased, it meant that the difficulty of refining pills would increase greatly. This difficulty was not just one or two times, but at least ten or a hundred times. Some special pills could even reach a thousand times. This gap was much greater than the difference in strength. Otherwise, there would not be so few high-grade alchemists.

Every difference in level was an insurmountable chasm. In the entire Tianjie Island, apart from the East continent, third and fourth-level alchemists were not rare. However, fifth and sixth-level alchemists were already the top guests that all forces fought to win over. As for seventh-level alchemists, only the top forces could have one, and they had an extremely high status.

Although Huo yudie had blind faith in Lin Yi, she didn't have any confidence in him being able to make the Thunder elixir. If the Thunder elixir was so easy to make, her master wouldn't have to deal with it and even lower her status to bargain with Ren Zhongyuan.

It didn't matter if he could make the Thunder elixir or not, Huo yudie was already very touched that Lin Yi was willing to try so hard for her. As for what if he couldn't make it, she could only take it one step at a time.

As time passed, everyone's hearts were still tense. Shennong's cauldron would make some strange movements from time to time, scaring Lin Yi, Huo yudie, and the others. There was one time when the whole room was filled with electric arcs, making it look like a lightning strike. It was really scary.

Making the Thunder elixir could cause the furnace to explode if one wasn't careful-this wasn't something to joke about. Lin Yi was even prepared to retract his Qi and take the girls to safety, but the process only lasted for a short moment. The shocking lightning bolts scattered around for a while before disappearing, and everyone let out a breath of relief.

After a whole day and night, Lin Yi and the others finally made it to the end. This wasn't a long time for high-level practitioners like them, but the entire process was filled with fear and anxiety. There were strange movements and dangerous lightning bolts from time to time. This wasn't a furnace, it was a time bomb!

This kind of mental pressure was not something an ordinary person could withstand. If one's mental strength was slightly lacking, it was possible that they would collapse on the spot.

Fortunately, everyone's minds were still strong. When they heard the tablet's notification signaling the end of the refinement and saw that Shennong's medicine cauldron had completely gone silent, Lin Yi and the others looked at each other with lingering fear and let out a breath of relief.

"Little Junior Brother, quickly take a look and see if it's done!" Shangguan LAN 'er urged impatiently, and the others also looked forward to it.

Especially Huo yudie. Although she did not have much hope in the beginning, she could not help but feel lucky at this time. The whole process seemed to be very serious, but what if she really succeeded?

Taking a deep breath, Lin Yi slowly opened the lid of Shennong's medicine cauldron. Before he could peek inside, he saw a dark blue arc of lightning shooting up into the sky. The girls shrieked in fear and quickly rushed over to see if Lin Yi was injured.
