

Bodyguard 4761

Chapter 4761 What Exactly Do You Mean?

"It's fine. This should be the remaining lightning power of the Thunder mystical vine. It's fine. All of you, step back a little. " Lin Yi ordered as he carefully poked his head in. He was actually scared himself, but he had the Jade to warn him, so he wasn't worried about getting caught off guard.

Huo yudie and the others looked at each other nervously. Fortunately, there were no dangerous electric arcs this time. However, Lin Yi's reaction was a little abnormal. He just stood there and didn't move.

"Lin Yi?" Huo yudie asked carefully, worried that something might happen to him again. But Lin Yi didn't respond at all.

Ning Xuefei and the others couldn't help but get nervous. They looked at each other and wanted to rush up to see what was going on, but Lin Yi finally raised his head and looked at the girls with a strange expression.

"How is it? How is it?" Shangguan LAN 'er quickly asked.

"Uh, I thought that these materials were enough to make one Thunder mystical pill, or two if we were lucky, but ..." Lin Yi's eyes fell on Huo yudie, and he stopped.

"Did I fail?" Huo yudie's face suddenly turned pale, but this was also within her expectations. She had to force a smile and said, ""It's alright. So what if it's a failure? actually, it's pretty good this way. Anyway, I've already used up the Thunder mystical vine. Master, you don't have to make a deal with Ren Zhongyuan anymore."

Ning Xuefei and the others looked at each other. Although that was the case, Huo yudie would definitely be severely punished by her teacher. After all, this was not a small matter. Ren Zhongyuan might even get his way in the end.

Lin Yi shook his head with a mysterious look on his face. "Yu die, you said before that with these Thunder mystical vines, Ren Zhongyuan's father can guarantee how many Thunder mystical pills he can refine?"

"Four." Huo yudie thought for a moment and added in a comforting tone, "However, this is just what Ren Zhongyuan said. Who knows if he's talking nonsense? perhaps he can't even refine it and is just lying."

"Four? I don't know if he's lying, but it's not impossible. " Lin Yi shook his head with a weird look on his face. He reached into Shennong's medicine cauldron and opened his palm. There were a few dark blue pills in his palm. There were even faint signs of electric arcs flashing in them.

Even if the women had not seen it with their own eyes before, how could they not react when they saw such an obvious characteristic? that's right, this was the legendary Thunder profound pill!

"Four?" Huo yudie took a closer look and was stunned. Lin Yi had made four Thunder elixir in one go! This was a level that only a top seventh level Alchemist could reach! With this kind of strength, he could be the chief of any Yellow Class academy in the East continent!

"Keep looking." Lin Yi shook his head with a half-smile on his face as he reached into Shennong's medicine cauldron with his other hand. Huo yudie almost fainted when she opened her hand. There were four more pills!

Even ning Xuefei and Shangguan LAN 'er's eyes were wide open, and they could not speak for a long time. Huo yudie had given them eight Thunder mystical pills from such a small section of Thunder mystical vine. They must be dreaming!

Even for those top seventh grade alchemists, it was already very difficult to refine four pills at once. But eight pills, that was double the number. Even if you used your toes to think, you knew that it was impossible.

But no matter how unbelievable it was, the fact that eight Thunder profound pills were placed in front of him could not be changed!

Huo yudie was completely dumbfounded. She rubbed her eyes until the corner of her eyes twitched before she was sure that she wasn't seeing things. She walked to Lin Yi's side and said, "Pinch me, I want to see if I'm dreaming. It's been a long time since I had such a realistic dream ..."

"Don't worry, you're not dreaming. It's real, eight Thunder profound pills!" Lin Yi didn't know whether to laugh or cry as he shook his head. In fact, he felt that it was unbelievable as well. Out of his trust in han Jingjing, he was confident that he could succeed this time, but he didn't think that it would be this much.

One must know that even if he had prepared sufficient ingredients beforehand, he would only have enough for four Thunder profound pills at most. Because of Ren Zhongyuan's previous declaration, he subconsciously thought so and never expected that the amount would actually double. Now that he thought about it, it was probably because han Jingjing had made further improvements to the medicinal cauldron, which led to the unexpected over-production this time!

The calm smile on Jingjing's face, on the other hand, reminded Lin Yi of the confident and powerful woman, Liu Jinghan ... But she returned to that cute smile in the next second.

No wonder the entire pill refining process was so strange and thrilling. It turned out that he had prepared such a big surprise for everyone!

Ning Xuefei and the others cheered and Huo yudie finally accepted the reality. She could not help but say, ""How come your secular world is so powerful? there's actually such a magical divine alchemy tool. And that dumb rich guy from before, his divine weapon is also terrifyingly powerful. It really subverts common sense ..."

"Who's kaizi?" Han Jing Jing interjected.

"Kaizi is Kang Zhaoming, that's the nickname she gave him," Lin Yi explained with a smile.

"No way. You were the one who gave him that nickname. You were the one who said he was a rich kid. I didn't know what a rich kid meant at first." Huo yudie retorted in a good mood.

"So now you know what it means?" Lin Yi looked at her with a half-smile.

"Ah?" Huo yudie was stunned for a moment before she asked weakly, ""Oh yeah, what does a dumb rich guy mean?"

All the girls burst into laughter. Although Huo yudie had always been a caring sister in front of them, she had no idea about anything related to the secular world.

"I can't explain it in a few words, but Kang Zhaoming is a typical rich man. You can understand it this way." Lin Yi laughed as he took out three Thunder mystical pills and gave them to Huo yudie, "Alright, these three Thunder profound pills should be enough to report to your master. I believe she won't say anything more."

"Great! I don't have to worry about that annoying Ren Zhongyuan's face anymore! Lin Yi, you're the best!" Huo yudie was so happy that she gave Lin Yi a hug on the spot, but when she felt the playful gazes of Ning Xuefei and the others around her, she awkwardly retracted her hand. She wasn't an open-minded girl, and she was just too excited.

Lin Yi shrugged. To be honest, with Huo yudie's amazing figure, it felt good to be hugged by her like this. He didn't mind doing it a few more times.

Chapter 4762 Just Give It To Anyone?

"There are still five Thunder profound pills here. Jing Jing, Feifei, and LAN 'er, each of you will take one. I'm going to leave the remaining two for my two friends. You don't have any objections, right?" Lin Yi suggested with a smile. The friends he was referring to were Qi Wenhan and Xia luoluo. Qi Wenhan was one of them, and Xia luoluo was about to call her sister-in-law, so she had to be there too.

"What about you? Wouldn't that mean there's not a single one left?" Huo yudie asked.

"It doesn't matter. I have the Thunder mystical vine and all kinds of auxiliary materials. If I need it, I can refine it again at any time. According to the results this time, I should be able to refine thirty-two Thunder mystical pills with the Thunder mystical vine, and this is a relatively conservative estimate." Lin Yi smiled faintly.

"Thank you, Lin Yi bro!" Han Jingjing took the Thunder mystical pill from Lin Yi's hands and gave him a hug just like Huo yudie did. She wouldn't blush or feel embarrassed over something like this. After all, in the secular world, this could only be considered a meeting gift. There was no such thing as boundaries.

First it was Huo yudie, then it was han Jingjing. Now it was ning Xuefei's turn to do as she was told. She was a Sky Class Island native like Huo yudie, but she was Lin Yi's fiancée in name. A hug was no big deal.

Lin Yi didn't expect things to turn out like this. After enjoying the soft bodies of the three girls, it was Shangguan LAN 'er's turn next, and everyone was looking at her with mischievous eyes.

"Little Junior Brother, don't tell me you also want me to hug you? 'I'm your Senior Sister ..."Shangguan LAN 'er said as she looked at Lin Yi pitifully.

Lin Yi was about to say something when ning Xuefei interrupted, "She's not a real Senior Sister from the same sect. Even if she is, so what? there are many senior sisters and junior brothers who have become cultivation partners. Besides, LAN 'er, you've been seen by him long ago. What's there to be embarrassed about?"

"See the light?" Huo yudie was shocked and looked at Shangguan LAN 'er in disbelief. She never thought that Shangguan LAN' er and Lin Yi had already reached this stage.

"I'm not the only one. Feifei, aren't you the same? you've been seen by Junior Brother at the first meeting, even earlier than me!" Shangguan LAN 'er retorted proudly.

"Feifei, you too?" Huo yudie suddenly felt even more dizzy. It was not just Shangguan LAN 'er, but also Ning Xuefei. She was the princess of the West Island ...

"That was an accident!" Ning Xuefei blushed and turned to Han Jingjing. ""Jingjing, did Lin Yi see you naked?"

"Of course there is." Han Jingjing was not embarrassed at all and admitted it graciously.

"Pfft!" Huo yudie suddenly burst into laughter. When the three women's eyes naturally fell on her, she blushed and quickly waved her hand, ""I ... I didn't ..."

"But sister Huo, you said it yourself. Junior Brother used his mouth to treat you, and he was under your skirt!" Shangguan LAN 'er's face was full of disbelief. Lin Yi had explained the truth about the photo to them, and he had also asked Huo yudie for confirmation, so they knew the truth.

"I didn't see anything ... I didn't even take off my clothes ..." Huo yudie denied shyly.

But Huo yudie quickly regained her composure. So it wasn't Lin Yi who looked at her. Compared to them, she only saw her thighs. She was afraid that the three girls would laugh at her if they found out. It seemed like she was thinking too much.

"Hehe, then how did you change out of your denim clothes, sister Huo? Lin Yi bro will see you when you change, right?" Han Jingjing also joined in with great interest.

"No, I changed it after I took a shower. He shouldn't be able to see it." Huo yudie shook her head again and again. However, when she saw the playful expressions on the three women's faces, she immediately knew that she was wrong.

Lin Yi didn't know whether to laugh or cry at this scene. It was just a distribution of the Thunder mystical pills, why did it suddenly turn into this? especially when the situation was getting out of hand. Shangguan LAN 'er and the others were already urging Huo yudie to find a chance to let him see her naked, and even said that good sisters should advance and retreat together. He really didn't know what to say ...

Just as Huo yudie was being incited by the three women to take off her clothes, Liu Ziyu was sitting in her room, looking at the empty secret box with a worried expression.

The Thunder mystical vine was gone! Liu Ziyu knew that Huo yudie had taken it away, but she did not know why she had taken it away. Thinking of how Huo yudie had not returned last night, she suddenly had a bad feeling in her heart.

Could it be that die 'er was going to do something stupid after taking the Thunder mystical vine away? Could it be that she wanted to destroy the Thunder mystical vine? even if she gained nothing, she still did not want to marry Ren Zhongyuan?

The more Liu Ziyu thought about it, the more anxious she became. Although Huo yudie had always listened to her since she was a child, she knew that this child had always been very independent. Otherwise, she would not have been called the icy snow Lotus. It was just that she did not want to disobey her master, so she acted obediently. To be precise, this was out of filial piety, not obedience.

It was nothing in the past, but now that her filial piety and lifelong happiness were on opposite sides, it was hard to say what Huo yudie would choose. It was hard to guarantee that she would not do something stupid!

Just as Liu Ziyu was feeling anxious, the sound of Huo yudie's footsteps came from outside. She pushed the door open and entered the room, humming a folk tune happily. When she saw Liu Ziyu in the room, she was stunned."Master,"

Liu Ziyu's heart turned cold when she saw that Huo yudie's hand was empty and there was no sign of the Thunder mystical vine. That's right, die 'er must have given the Thunder mystical vine to someone else or lost it. She really did not want to marry Ren Zhongyuan!

At this moment, Liu Ziyu was filled with regret. If she had known this would happen, she would not have forced her disciple to do so. Even without Ren Zhongyuan's deal, they would still have a solution with the Thunder mystical vine in their hands. However, now that they did not even have the Thunder mystical vine, there was no need to think of a solution at all. It would be a waste of time even if they thought about it.

"Die 'er, where's your Thunder mystical vine? Did you take it and throw it away?" Liu Ziyu took a deep breath and quickly asked.

"Throw it away? Why did you throw it away?" Huo yudie shook her head in confusion. She shook Liu Ziyu's arm and smiled,""I've already given the Thunder mystical vine to someone. "

"You gave it to someone? How can you just give something like this to someone else? this concerns your bright future, die 'er!" Liu Ziyu's expression suddenly changed, and her eyes became stern. No matter how much she doted on Huo yudie, she could not make a mistake in this matter of principle!

"Aiya, let's not talk about this first. Master, quickly take a look at what's inside!" Huo yudie said as she took out a small box from her pocket and handed it to Liu Ziyu.

Chapter 4763 Old Eyes

"No matter what this is, we can't exchange it with the Thunder mystical vine! There are only a few heavenly treasures that are more precious than the Thunder mystical vine in this world. Even if there is one, it is not as important as the Thunder mystical vine to you now!" Liu Ziyu said bitterly.

"This isn't a heavenly treasure. Master, you'll know when you open it!" Huo yudie urged.

Shaking her head helplessly, Liu Ziyu had no choice but to open the box as he was told. With just a glance at the item in the box, this Big Shot from the Academy of morning's pride was instantly dumbfounded. He couldn't help but exclaim, "Thunder profound pill? Or three?"

"That's right. We don't have to bother about that annoying Ren Zhongyuan anymore!" Huo yudie hugged Liu Ziyu's arm and wrinkled her nose proudly. Ren Zhongyuan's three Thunder mystical pills could only be considered as expected profits at most. Whether or not he could get them was still uncertain. However, now that he had three Thunder mystical pills, it was completely different.

"What's going on? Die 'er, where did you get this?" Liu Ziyu asked in shock. Her first reaction after seeing the Thunder mystical pill was not joy but worry. She thought that her disciple had taken the Thunder mystical vine and secretly exchanged it with ning Xuefei for the Thunder mystical pill!

In the entire western part of the island, only ning Xuefei, the princess of the Western part of the island, had the ability to take out three Thunder mystical pills and was also close to Huo yudie. They had been very close these days and even slept in the same bed.

Although these were strategic resources, and strictly speaking, even ning Shangling, the owner of the West Island, could not use them easily, let alone ning Xuefei, who would not make such a serious mistake. However, it was not impossible for the little girl to do such a thing for her good friend's lifelong happiness ...

Thinking of this, Liu Ziyu couldn't help but break out in a cold sweat. No matter what, she had to return the three Thunder profound pills as soon as possible. Otherwise, if something happened, she would really be unable to explain herself.

However, Huo yudie's next sentence made her dumbfounded again."Lin Yi made this!"

"Lin Yi? He was an Alchemist? And a seventh-grade Alchemist? How is this possible?" Liu Ziyu was dumbfounded when she heard this. She looked into Huo yudie's eyes in disbelief. She thought that her precious disciple was joking, but Huo yudie's expression at the moment clearly told her that it was all true.

"Yup! Lin Yi didn't even mention it to me before, he's good, right?" Huo yudie's face was full of pride and happiness.

"Really? He actually concocted three Thunder profound pills in one go, and so quickly?" Liu Ziyu still couldn't imagine it. The fact that Lin Yi was a seventh level Alchemist was already unbelievable, but even if it was true, it was impossible to make three Thunder mystical pills so quickly. How long had it been? it had only been a day, right?

"Wrong, not three, eight!" Huo yudie corrected him.

Thump! Liu Ziyu lost her balance and almost fell. She barely managed to support herself by leaning on the table. Her expression was indescribable, and the corner of her mouth was twitching. "Eight?"

"Yes, and then I asked for three." Huo yudie nodded.

Looking at Huo yudie's serious expression, and then at the three Thunder mystical pills in her hand, Liu Ziyu could not help but pinch herself to make sure that she was not dreaming. She looked at her precious disciple and was speechless.

It was not because Huo yudie had asked for too little. It was simply a great benefit to exchange such a small amount of Thunder mystical vine for three Thunder mystical pills! There was no bigger meat pie than this.

If it were most seventh-grade alchemists, they would be satisfied with just one Thunder profound pill, and they would have to pay for all kinds of auxiliary materials and tens of thousands of spiritual jades for their hard work!

As for Ren Zhongyuan, although he promised to give him three spiritual jade pieces, the condition was that he had to sell Huo yudie to him. The price was not something that could be measured by a few thousand spiritual jade pieces.

Liu Ziyu couldn't help but be shocked. Lin Yi was strong and talented, but he could still make eight Thunder Pellets in one day. This was too heaven-defying!

No wonder ning Shangling was so fond of him. She had to admit that her taste was far worse than her old friend 's. She'd heard about Lin Yi's miracles from her, but she still underestimated this young man. She almost made die' er lose her chance with him. Liu Ziyu was embarrassed when she thought about this, and felt that she was too ashamed to face anyone ...

"Master, are you alright?" Huo yudie looked at Liu Ziyu's Red face and blinked.

"Oh, I'm fine." Liu Ziyu laughed awkwardly. Then, she realized something and asked, "For Lin Yi to be able to make eight Thunder mystical pills, he must have used up all his Thunder mystical vines, right?"

This speculation was reasonable. If Huo yudie could refine eight pieces of Thunder mystical vine, then the Thunder mystical pills would be as common as cabbage. How could there be such cheap and high-yield Thunder mystical pills?

"No, I only have my Thunder mystical vines. He hasn't even touched his. If I use all of them to make more, he said that I can make at least 32 more ..." Huo yudie shook her head.

Thump! This time, Liu Ziyu could not even support herself on the table. She subconsciously fell down. As the big boss of the East Province Academy, she almost fell to the ground. Fortunately, Huo yudie was quick to grab a stool for her. Otherwise, she would have really fallen.

"Thirty-two?" Seeing Huo yudie nodding her head repeatedly, Liu Ziyu was filled with regret. It was not because of Ren Zhongyuan's deal, but because of the photos that the two boys took to prove that Huo yudie and Lin Yi were having an affair at the training ground. How great would it have been if she had admitted it on the spot!

Even though this would affect her disciple's reputation, it wouldn't be a real loss, because she could directly make the decision to let Huo yudie marry Lin Yi, and no one would be able to say anything. If that happened, ning Shangling wouldn't be able to pick up such a perfect son-in-law for free!

"Al! What a mistake! That's a bad plan!" Liu Ziyu thumped her chest repeatedly. If Huo yudie was not present, she would have slapped herself twice.

Liu Ziyu, Oh Liu Ziyu, you're really old. You're so old that you're seeing things!

It was fine if her strength didn't increase, but how did her vision become so bad? she almost ruined her disciple's lifelong happiness. If this matter were to spread out, how could she face others in the future!

Huo yudie covered her mouth and chuckled when she saw the look of regret on Liu Ziyu's face. Although she didn't know what her master was thinking, she could at least tell that her master's impression of Lin Yi had improved to the point that it couldn't be any better. Ren Zhongyuan wouldn't have to do anything to Lin Yi anymore!

Chapter 4764 Complacent Fantasy

They were both Thunder mystical vines, but Huo yudie's matured ones had already been refined into Thunder mystical pills. As for Kang Zhaoming's immature ones, they were secretly transported away with a few vampire bats after registration.

Although the blood bats were small in size, they were ferocious spiritual beasts that could not be underestimated. Their speed was extremely fast and they were invisible. A few of them could easily take away the Thunder mystical vine. Unless they deliberately slowed down, it was very difficult to detect them, let alone intercept them.

However, although there was a surveillance area in the sky above the West Island, as long as one left this area, there would basically be no West Island disciples to investigate. After all, many Chambers of Commerce relied on spiritual birds for short-distance transportation!

Xu lingchong and Kang Zhaoming let out a breath of relief as they watched the blood bats transport the Thunder mystical vine away. They'd been sitting on pins and needles ever since the test results came out, and they were almost scared out of their minds.

The two of them were still pretty optimistic, thinking that they'd be able to rest easy once Kang Zhaoming became the Fuma, but Lin Yi's appearance shattered that dream. Not only was he unable to become the Fuma, but even his basic safety was a problem now.

Whenever a random West Island disciple passed by, the two of them would act as if they were facing a great enemy. After all, they had dug out the immature treasures of the West Island by the roots, and now they were in a very miserable situation on the West Island.

Not only that, but they also had to guard against their own people from the North Island, such as LAN Tiefu and Gongyang Jie, while also guarding against the disciples from the West Island. If these two people asked for it in the name of the higher-ups of the North Island, would they hand it over or not?

These two were the top existences of the younger generation. If they didn't hand over the Thunder mystical vine, they wouldn't have a good ending. However, if they really handed over the Thunder mystical vine to them obediently, once the mysterious man blamed them, the two of them would only end up in a more miserable state.

"Young master Xu, what should we do next? "What if those two really come for it ..." Zhaoming shrunk his neck subconsciously. If he sent the Thunder mystical vine away now, he could report back to the mysterious man, but if LAN Tiefu and Gongyang Jie really came for it, he wouldn't be able to explain it.

"I don't think so. This Thunder mystical vine is a spoil of war that we obtained from our own trial. They have no reason to take it away." Xu lingchong shook her head with a solemn expression, but she was not confident at all.

These words were purely self-consoling. If they had obtained the Thunder mystical vine through normal means, the North Island's higher-ups naturally had no reason to ask for it. But the problem was that the two of them had dug up an unripe Thunder mystical vine along with its roots, causing the entire West Island to be filled with righteous indignation. The North Island's higher-ups had to give an explanation no matter what!

"But what if?" Zhaoming looked outside guiltily-he'd be scared witless if anyone just walked by.

"There's no 'what if'!" Xu lingchong pretended to be tough, but she still couldn't hide her guilty conscience. She added, "They don't have the Thunder mystical vine. They only have their lives. Let's see what they can do!"

Kang Zhaoming nodded helplessly. This was like throwing a can into a hole. But there was no other way. He could only follow Xu lingchong's words. But he suddenly thought of a more important problem, "What if Lin Yi comes looking for trouble?"

"Damn it, then we can only go all out ..." Xu lingchong gritted his teeth.

"Young master Xu, what's the point of fighting? he's ning Shangling's son-in-law now, he can just send anyone to kill us ..." Kang Zhaoming sighed.

"Don't worry. He's still a North Island disciple after all. It's a great taboo for disciples to kill each other. This isn't a trial ground. If he dares to make a move, those two won't let us suffer!" Xu lingchong continued to comfort himself.

Kang Zhaoming nodded and didn't say anything else. He thought to himself that Lin Yi dared to do it on the North Island, let alone the West Island. Besides, if they just asked a random disciple to do it, what evidence would they have to prove that it was Lin Yi?

For the next few days, the two of them holed up in their rooms and did not step out at all. They were afraid that they would be brutally beaten to death by the West Island disciples the moment they stepped out. If the law did not punish everyone, they would really die with their eyes wide open.

However, to their surprise, neither LAN Tiefu nor Gongyang Jie showed up. It seemed that they didn't care about the Thunder mystical vine in their hands at all. But then they thought about it again, it was normal. With their strength, they didn't need the Thunder mystical pill at all. The Thunder mystical vine was not attractive to them.

Even if they had to give an explanation to the West Island, Xu lingchong and his grandfather were still there to hold the fort. Why did these two have to step out?

At the same time, tens of thousands of miles away, under a hidden and uninhabited island several nautical miles away from the North Island, there was actually an extremely large and astonishing basement. It even extended to the underwater world, and could be said to be a completely different world.

At this moment, miss Ling was sitting in the laboratory with her legs crossed, looking at the strange vine that kept flashing with electric arcs through the thick glass. It was the Thunder mystical vine that Xu lingchong and Kang Zhaoming had the vampire bat send over!

If Lin Yi saw this scene, he would definitely be shocked. Not only did they transport the Thunder mystical vine here, but they also planted it. The most shocking thing was that this place actually simulated a lightning environment, and there would be lightning striking the Thunder mystical vine from all directions from time to time!

Different from ordinary heavenly treasures, the Thunder mystical vine could only grow in places where heavenly lightning was rumbling. The more violent the lightning, the faster it grew. He didn't expect that these people could reproduce the powerful heavenly lightning of the heavenly lightning formation. The strength of the lightning was even stronger than that of the heavenly lightning formation. It was simply unbelievable!

"Not bad. To be able to create such a powerful lightning environment in this place, it seems that your previous efforts were not in vain." Miss Ling nodded in satisfaction.

"Thanks to miss Ling, you've gotten so much power generation equipment from the secular world. As long as we have these things, there won't be a problem!" A bespectacled man beside him said humbly.

"Yes, since the conditions have been met, it's only a matter of time before this Thunder mystical vine matures. Next, you guys have to research a way to mass produce mysterious Ascension stage experts as soon as possible. This is our current core project, so Don't Let Me Down!" "In addition," said miss ni in a deep voice, "be careful not to leak the power of the nuclear reactor. If it attracts the attention of experts at the mountain opening stage or the sea splitting stage, even a nuclear bomb explosion won't have any effect on them."

"Yes!" The man wearing glasses quickly nodded.

On the Western Island, in a certain side courtyard of the island master's Palace, the two-day deadline that was previously set had arrived. Ren Zhongyuan found an excuse to successfully sneak in again and could not wait to go straight to Huo yudie's room. Although this deal was made with Liu Ziyu, it still fell on Huo yudie in the end.

Ren Zhongyuan pushed the door open confidently. He thought that Liu Ziyu and Huo yudie would not be able to refuse such a generous offer!

Chapter 4765 You're Still Not Leaving

By this time, Huo yudie should have already washed up and was waiting for him in her room.

Ren Zhongyuan's mind was filled with fantasies. However, as soon as he entered the room, his expression changed. The situation in the room was the same as the last time. Only Liu Ziyu was sitting there. Huo yudie was not there at all. Could it be that she was hiding out of shyness?

"Where's martial sister Yu die? Although girls are thin-skinned, we're already so familiar with each other, there's no need to be shy, right?" Ren Zhongyuan thought that he was very gentlemanly as he smiled. At the same time, he looked around the room, trying to find Huo yudie.

"You don't need to look for her anymore, she's not here, she went to play with Lin Yi." Liu Ziyu looked at him indifferently.

"What? She went to play with Lin Yi?" Ren Zhongyuan gritted his teeth in anger when he heard that. He could not hide the anger on his face. He looked at Liu Ziyu with an unfriendly expression and said, ""Vice

Dean Liu, this isn't right, is it? She's going to get married soon, and you're still allowing her to go play with other men. That's not very good!"

"Married?" Liu Ziyu smiled noncommittally and asked, ""Marry who? Are you talking about Lin Yi? Although he's a good match, he's not good enough for now. He's the Prince Consort of the Western part of the island, which is quite a pity. "

"Gah? What are you saying? What does this have to do with that Lin Yi?" Ren Zhongyuan did not react immediately. He looked at Liu Ziyu in a daze and did not know how to react. The situation today was completely different from what he had expected. Why was it not going according to the plan?

"Nothing. Do you have something to say? If there's nothing else, then leave quickly. This is a girl's boudoir, not a place you can come to. Remember, don't do this again. " Liu Ziyu's tone was indifferent.

This time, Ren Zhongyuan was completely dumbfounded. This was not right at all. He was supposed to receive Huo yudie as the winner today. How did the other party inexplicably take the initiative?

Liu Ziyu, this old hag, was indeed the big boss of the Academy. She clearly had a favor to ask of him, but she could still control the pace with just a few words, making it seem as if he was the one asking her instead. Could it be that she wanted to take the opportunity to raise the price again?

After sorting out his emotions, Ren Zhongyuan thought that he had seen through the other party's intentions. He immediately grinned and said, ""Vice Dean Liu, we're all smart people, so there's no need to pretend to be stupid. Aren't you afraid that your actions will backfire and force me to take back the generous conditions that I've agreed to?"

"What condition? Did I promise you anything before?" Liu Ziyu looked at Ren Zhongyuan with a faint smile.

Ren Zhongyuan was instantly infuriated as he thought to himself that this old woman was really difficult to deal with. If this continued, he would definitely be led by the nose by her. He could only get straight to the point and say, ""Vice Dean Liu, you won't let go until you see the rabbit. But forget it, I'm the one who's letting you have your way. Give me the Thunder mystical vine now and ask my father to send you the Thunder mystical pill after he's finished refining it. There shouldn't be any problems with that, right?"

"Oh, you're talking about this? the Thunder mystical vine has already been refined into a Thunder mystical pill, so I don't need to trouble you anymore. Thank you." Liu Ziyu said in a calm tone.

"What? He had already refined the Thunder profound pill? This is impossible, how can it be so fast? even my father would need at least three days and three nights to complete the pill. Vice Principal Liu, you can't lie to me about this!" Ren Zhongyuan sneered. He subconsciously thought that Liu Ziyu was lying to him and that this old woman was still trying to raise the price.

"There are mountains Beyond Mountains and people beyond people. Nothing is impossible in this world. See for yourself, isn't this the case?" Liu Ziyu took out the box that Huo yudie had given her and placed it on the table.

Ren Zhongyuan watched as she opened the box. When he saw what was inside, he felt as if he had been struck by lightning. There were three Thunder mystical pills inside!

"What? He actually gave you three Thunder mystical pills? Who made it for you? This was impossible! That's impossible!" Ren Zhongyuan was about to go crazy. Two days ago, it was only a section of

Thunder mystical vine. In the blink of an eye, it had become three ready-made Thunder mystical pills. Was he seeing things or had the world gone crazy?

"What's wrong? Are you doubting me?" Seeing that Ren Zhongyuan was about to rush up and take a closer look, Liu Ziyu's calm expression suddenly turned cold. An unparalleled majestic aura instantly pressed down on the other party's head. This Big Shot from the proud of the morning Academy was obviously angry.

Even Ren Zhongyuan, who was a peak nascent soul realm expert, could not withstand the sudden pressure of such a powerful aura. He staggered and almost made a fool of himself on the spot.

Ren Zhongyuan broke out in a cold sweat and realized that he had been too complacent. He thought that he could take down the master and disciple duo with the benefit of the Thunder mystical pill. He had completely forgotten that they were the big shots of the Academy. How could he control such an existence so easily?

"You're still not leaving? Do you want me to treat you?" Seeing Ren Zhongyuan's uncertain expression and his hesitation, Liu Ziyu could not help but sneer. She was really a little angry. This kid really did not know the immensity of heaven and earth. If it was not for the fact that he had some background, she would have already punished him.

"No, no, I'll leave now, I'll leave now ..." Ren Zhongyuan did not dare to stay any longer and quickly left in a daze. When he went out, he even knocked against the door frame and tears came out of his eyes from the pain.

Looking at Ren Zhongyuan's back, Liu Ziyu shook her head. She didn't know why she thought that this kid was good enough for die 'er two days ago. Compared to Lin Yi, they were like heaven and earth.

Although it was said that everyone would make an error in judgment, this time, Liu Ziyu was not only wrong, but also blind. Fortunately, she did not make a big mistake, or it would be too late to regret it.

Unconsciously, Lin Yi had become the best candidate for Liu Ziyu's son-in-law. Although other than ning Xuefei and Huo yudie, Lin Yi still had a very subtle relationship with han Jingjing, Shangguan LAN 'er, and other girls, but Shangguan Tianhua and ning Shangling didn't say anything, so what else could she say?

These two old friends "thoughts and vision were much better than her, a Vice Dean. Their silence meant that they were allowing Lin Yi to do what he wanted. What did that mean?

No one was an idiot-when faced with a super genius like Lin Yi, all the so-called rules and traditions were just floating clouds. There were always some people in the world who could override the rules, and Lin Yi was obviously one of them. Shangguan Tianhua and ning Shangling understood this more than anyone else!

Time passed day by day. After the West Island trial ended, the mission of the emissary delegation from the various islands had officially ended. After bidding farewell to the West Island Lord, ning Shangling, they were all ready to return home.

Chapter 4766 Exchanging Cups

At this moment, at the edge of the Western Island, in an empty cave near the endless sea, two people were sitting and drinking with great interest.

Although this place was on the shore, it was too close to the sea. Any wave could drown the cave, and sometimes, sea beasts would even appear. It could be said to be extremely dangerous.

The officials of the West Island had clearly stated that life and death were unpredictable here, and ordinary cultivators would not dare to set foot in this place. However, these two people seemed to be quite relaxed and did not take the warning seriously at all. There was no other reason. Their strength was enough to ignore this danger. One of them was the mysterious man in Black, and the other was the top master of the spirit beast clan, the newly-appointed Azure Dragon.

Other than lady ni, who was the boss of central, no matter where the mysterious man in Black appeared, he would always be arrogant and domineering. He had never bowed his head to anyone before. However, this time, he was actually willing to sit below the Green Dragon and his tone even had a hint of modesty!

To be treated like this by the mysterious man in Black, it was enough to show how powerful the new Azure Dragon was. After all, he was a top master of the spirit beast clan and was on the same level as the Vermillion Bird in name.

One of them was a member of the central core while the other was a top-notch elder of the spirit beast clan. If anyone knew that the two of them had gathered in such a place, it would definitely cause an uproar. However, since they had chosen such a place, it was naturally impossible for them to be easily discovered. Even those old monsters who did not appear on the Western part of the island would not be able to detect anything.

No one knew what they were talking about, but from the atmosphere of drinking, both sides seemed to be quite satisfied with this first meeting. It was unknown what kind of cooperation they had reached, or had they formed some kind of Alliance?

None of this was known. No third party would know about it except for themselves. If someone really accidentally heard a word or two, needless to say, the end result would be that they would be thrown into the sea to feed the sea beasts. There was no way they would live to see the next day.

The next day, the West Island's Pier was bustling with noise and excitement. The huge treasure ship bearing the symbol of the North Island's three pavilions was steadily docked at the edge of the pier. After staying on the West Island for two whole months, it was finally time for the North Island's diplomatic group to return home.

The treasure ship's warehouse was filled with gifts from the West Island. The disciples from the North Island had also boarded the ship. LAN Tiefu and Gongyang Jie were still very low-key, and they blended into the crowd quietly.

Xu lingchong and Kang Zhaoming were the happiest of them all. Their tensed nerves finally relaxed after stepping onto the boat. They were on tenterhooks every day, and no one could withstand such brutal mental pressure. It was almost suffocating, and it was a miracle that they didn't go crazy.

Little did they know that this was a pure waste of their feelings. Ning Shangling had once ordered the West Island disciples not to act on their own accord. After all, as a landlord, they had to have the bearing of a landlord. Otherwise, without this order, the two of them would have been torn to pieces by the indignant West Island disciples. It was useless to hide in the envoy's residence. They would still die if they deserved to die.

On the deck of the dock, Lin Yi was saying goodbye to Shangguan LAN 'er and the others. Although he was the North Island's special envoy personally appointed by Shangguan Tianhua, he was also the future Fuma of the West Island. He couldn't go back to the North Island alone before he sent ning Xuefei to the East Province Academy as per ning Shangling's orders.

"Little Junior Brother, don't worry. I will take good care of her and wait for you to come back. You can stay with Feifei at ease!" Shangguan LAN 'er patted her chest and promised. Although Lin Yi wasn't going back to Beidao, she had Han Jing Jing by her side.

After all, Lin Yi was going to go to the East Province Academy with ning Xuefei soon, and han Jingjing would have to stay here alone. With her research otaku personality, Lin Yi didn't feel comfortable leaving her alone, so he suggested for her to go to the North Island with Shangguan LAN 'er first.

Han Jingjing did not have any objections. There was no point in her staying on the West Island alone. Besides, her research and experiments could be done on the North Island as well. After all, whatever ning Xuefei could order on the West Island, Shangguan LAN 'er could do it on the North Island as well.

Even if si tsunami had been beaten up by Shangguan Tianhua's men in public, as long as Shangguan LAN 'er gave the order, he, the branch manager of the central Chamber of Commerce, would never dare to disobey. Unless the central Chamber of Commerce no longer intended to stay on the North Island, they could only try their best to please Shangguan Tianhua. They were under the roof of Shangguan LAN' er's house.

"I'm not worried about that, but LAN 'er, you'll be in trouble when you go back. If you don't quickly pack up a research room, Jing Jing won't be able to stay for long." Lin Yi said with a smile.

"How many times do I have to say, call her Senior Sister!" Shangguan LAN 'er patted Lin Yi's head and turned to look at han Jingjing. She said, "About the research room, why don't I discuss with Grandpa and renovate his study room? it's quite big anyway!"

"Pfft!" Lin Yi chuckled, speechless. "If you really want to do that, I guess even Pavilion master Shangguan will have to lower his status and PK with you in person!"

"I don't care. If he wants me to let go of his study, he'll have to be responsible for getting us a big research room. Don't you think so, Jingjing?" Shangguan LAN 'er laughed smugly as the little Curly Bear followed suit, acting as if she had Shangguan Tianhua in the palm of her hand. Lin Yi was speechless.

Han Jingjing smiled and walked over to give Lin Yi a sweet hug. She breathed into his ear, "Lin Yi bro, you have to come back soon. I'm waiting for you on the northern island, hehe."

"Don't worry, I'll come back for you after I send Feifei off." Lin Yi smiled as he hugged her. The girl seemed to have put on some weight recently, and it was very comfortable to hug her.

At this time, Han Jingjing was fine, but Shangguan LAN 'er blushed. She pulled Han Jingjing over and complained in a low voice, "Jing Jing, you're too bad. What am I supposed to do if you hug Little Junior Brother like this? It'll be so awkward with so many people watching!"

"It's just a hug. What's the matter?" Han Jingjing giggled.

"I ... I don't dare ..." Shangguan LAN 'er was not from the secular world after all. Although she was usually carefree, she was still very shy at this time. It would not have mattered if there was no one around, but there were so many people watching.

After hesitating for a long time, Shangguan LAN 'er's eyes suddenly lit up. She went up and hugged Ning Xuefei, smiling proudly. "One for each of you. You guys have nothing to say now, right? hehe!"

Chapter 4767 Engagement Gift

Everyone looked at each other speechlessly. This girl was getting more and more strange. Huo Yudie, who had come to see them off, could not help but say, "Then what about me?"

"Sister Huo, you can carry little brother. You can carry him for as long as you want after we leave, as long as you can snatch him from Feifei!" Shangguan LAN 'er smiled and hugged her again. Her words made Huo yudie's face turn red and she rebuked her.

In the end, the ship blew the horn for the last time, and Shangguan LAN 'er and Han Jing Jing boarded the ship, looking back at Lin Yi and the others as they waved goodbye.

"See you later!" Ning Xuefei and Huo yudie also waved their hands desperately. The two girls 'eyes were red and they were about to cry. Although Shangguan LAN' er was making things difficult for them, it was not a happy thing to part, especially since they were as close as sisters. They did not know when they would see each other again after this.

"Don't worry, I'll definitely let you guys gather together in the future. I promise. " Lin Yi comforted softly.

"En!" Ning Xuefei and Huo yudie nodded heavily at the same time. They looked at each other and then at Lin Yi. Their tears suddenly turned into smiles, which made Lin Yi confused. What was going on? the world of girls was so hard to understand!

After the North Island, the South continent's fleet left immediately. Of course, this fleet referred to the fleet brought by Qi Wenhan and Xia luoluo. As for the new Azure Dragon of the spirit beast clan, although he was also from the South continent, he was obviously not on the same side as them. He had already left.

Since Qi Wenhan and Xia luoluo were leaving, Lin Yi naturally had to go and send them off. This time, ning Xuefei and Huo yudie came as well. Although they didn't really talk much during these days, since they were Lin Yi's Good Brothers, they had to get to know each other well. After all, they would be on the same side in the future.

Unlike the North Island, which only had one giant treasure ship, the South continent's fleet used three treasure ships this time, forcibly filling up the huge West Island dock. When Lin Yi and the others found Qi Wenhan and Xia luoluo in the vast crowd, the South continent's crew were busy transporting goods, and the scene looked like it was in full swing.

They didn't come here just to offer birthday congratulations. At the same time, they were entrusted by various Chamber of Commerces of various sizes in the South continent's Sea area to purchase various specialties from the West Island. By the looks of it, all three treasure ships were probably full.

"Hehe, as expected of the ship King. He sent out three treasure ships at once. I really can't think of anyone who can have such a big hand." Lin Yi brought the two girls to Qi Wenhan's side and smiled.

In terms of model, each of these three treasure ships was much smaller than the one on the North Island, but they were still medium-sized. Moreover, when the three treasure ships were lined up together, the shock that they gave people was really not to be underestimated.

"Brother Ling!" Qi Wenhan and Xia luoluo greeted each other with a smile. Then, he realized that ning Xuefei and Huo yudie had also come. He was overwhelmed by the unexpected favor and quickly bowed to them.

Ning Xuefei and Huo yudie returned the bow. They were not familiar with Qi Wenhan yet. The two girls looked like daughters from rich families. They had been educated in this way since they were young. With their unique looks and temperament, although they were not as natural as ning Shangling, it was enough to stun the audience.

Qi Wenhan couldn't help but secretly give Lin Yi a thumbs up. Just a random beauty around him was so beautiful that it made the world envious. His brother was really a role model for men!

"You're going back to the southern continent soon. I don't know when we'll meet again, so I have to ask you to bring your engagement gifts first. Otherwise, it won't be right if you don't show up with the gifts." Lin Yi said with a smile.

"Engaged?" Qi Wenhan was stunned. During this period of time, he had only been focused on being glued to Xia luoluo and had not seriously thought about this matter! This was a big matter, but ... Although Xia luoluo had agreed, the Xia family might not be so easy to negotiate with.

On the other hand, Xia luoluo's pretty face suddenly turned red. She was pretty and lovely, and her face was full of shyness and happiness.

"Of course, this kind of happy event should be done sooner rather than later. Brother Qi, do you still want to waste miss Xia's time like this? aren't you too heartless?" Lin Yi looked at him mischievously and took out an exquisite wooden box that he'd prepared earlier. He'd asked ning Xuefei to get it for him. There was a big "happy" word carved on the Nanzhou miniature, which was not only grand but also festive.

"Brother Ling, I haven't thought of what to do yet. It's not easy to get past the Xia family ..." Qi Wenhan smiled bitterly and shook his head. He didn't know what was in the box, but since it was an engagement gift, he wouldn't reject it. After all, it was Lin Yi's kind intentions.

Xia luoluo's expression was a little complicated. She was very willing to be with Qi Wenhan, but she was not alone. Protecting the family's interests was the first principle that had been instilled in her mind since she was young. If Qi Wenhan couldn't satisfy the Xia family, especially her father, this matter would be as difficult as ascending to the heavens.

"There's no hurry. Let's take a look at the gift first. " Lin Yi smiled.

Qi Wenhan and Xia luoluo froze. From their point of view, opening someone's gift in front of them was very rude, but under Lin Yi's urging gaze, they still opened the box. Two pills with faint electric arcs flashing inside came into view.

"Thunder profound pill?!" Qi Wenhan and Xia luoluo suddenly cried out in shock. Fortunately, they reacted quickly enough to cover their mouths in time. Otherwise, other passers-by would have heard it.

Xia luoluo was completely shocked, her eyes shining with disbelief. She covered her mouth and couldn't say anything for a long time. Last time, Lin Yi's gift of a Supreme-grade golden pill was already shocking enough. She didn't expect it to be even more exaggerated this time, directly becoming a seventh-grade Thunder mystical pill, and two of them at that, even including her share!

Previously, the Golden core of the nascent soul had guaranteed the nascent soul, and now, two Thunder mystical pills had been delivered. If Xia luoluo had not experienced it herself, she would never have thought that there would be such a bold man in the world. Compared to this man, the so-called super geniuses in her family were nothing. They would only be a disgrace.

"Brother Ling, this ..." Qi Wenhan choked for a long time before he finally lowered his voice and asked, ""You made this yourself?"

If he didn't know that Lin Yi had just obtained a Thunder mystical vine, even he wouldn't believe that Lin Yi could make the Thunder mystical pill. After all, a seventh level Alchemist was a rare existence in the entire South continent, except for the spirit beast clan. There was not even one in the territory of human practitioners!

"That's right. I just made this a few days ago. It's just in time to give it to you as an engagement gift." Lin Yi chuckled.

Chapter 4768 Studying In The East Province

Qi Wenhan's mouth was wide open, and he quickly put the box away. He looked at Lin Yi up and down as if he was looking at a monster. "Brother Ling, are you sure you're not the reincarnation of the legendary alchemy God Zhang Liju? I think you need to investigate your past life, seriously!"

"Then do I have to go to hell and have a chat with the King of Hell?" Lin Yi rolled his eyes, speechless.

"That's fine too. If there's really a King of Hell, I'm sure he'll be impressed. If you call him 'master', he might take you as his godgrandson and send you back to show off!" Qi Wenhan laughed.

"Don't. I'm a coward. I'm afraid I won't be able to come back." Lin Yi said, curling his lips.

"Hahaha." Qi Wenhan laughed heartily, unable to hide the excitement on his face. He forced himself to be calm as he looked at Lin Yi. "Really, thank you, brother."

Lin Yi couldn't help but laugh when he saw the guy's clenched fists, as if he was about to jump into the sea. "Since we're brothers, there's no need to thank me."

"En!" Qi Wenhan could only nod heavily. He couldn't express his gratitude. As Lin Yi said, these two Thunder mystical pills came at the right time for him and Xia luoluo!

With his current strength and background, if he was really ready to go to the Xia family to propose marriage, he had some confidence in moving the Xia family with reason and emotion. However, he could not guarantee a hundred percent success, and there might be unexpected twists and turns.

At the end of the day, although the Qitian escort agency was the new Overlord of the South continent's escort agencies, they were nothing compared to the Xia family, who was a prestigious family of ship owners. Even if the Qitian escort agency gathered all its financial resources to prepare the betrothal gift, it would still be difficult for the Xia family to catch their eye. However, with these two Thunder mystical pills, it was a completely different story!

The Thunder elixir itself was extremely precious, and what was even rarer was the meaning behind it. Once the Xia clan knew that the Qi clan had such a powerful external aid, it would not be the Qi clan who would need to curry favor with them, but the Xia clan instead.

Although he was young, he had the terrifying strength to kill a xuansheng stage expert in seconds. At the same time, he was also the Prince Consort of the West Island. What was even rarer was that he was a seventh realm Alchemist with a superior status!

Qi Wenhan had such a heaven-defying good brother. If the Xia family still obstructed Xia luoluo's marriage, it could only mean that the brains of the Xia family's higher-ups were all filled with water, and they were all feet-washing water that had been rotten for hundreds of years.

Qi Wenhan couldn't contain his excitement, and Xia luoluo was so happy that she didn't know what to say. Looking at their sweet expressions, Lin Yi couldn't help but smile. "Oh right, if you have any problems in the future, remember to ask the Hong Chamber of Commerce to help you send a message to the North Island. I'll be waiting for your good news."

"Alright, you too, brother Ling. Don't forget that you're part of the Qitian bodyguard agency as well. Don't forget about us if you have any problems in the future. Even though we're not strong enough, we can still support you. Just a word from us will do." Qi Wenhan said seriously.

All the goods had been loaded, and the fleet was urging Qi Wenhan to get on board. Lin Yi smiled and waved, "I know. Be careful on your way and have a safe journey!"

"Brother Ling, take care!" Qi Wenhan punched Lin Yi with red eyes while Xia luoluo bowed deeply. She bid farewell to ning Xuefei and Huo yudie before the two boarded the treasured ship. The magnificent fleet of three treasured ships set sail quickly, leaving only three magnificent afterimages on the sea.

With Shangguan LAN 'er and Han Jing Jing gone, as well as Qi Wenhan and Xia luoluo, Lin Yi didn't have many acquaintances on the West Island anymore. He could only keep ning Xuefei and Huo yudie company all day. Although it was a little boring, the two girls were quite satisfied with this kind of life. To them, it wasn't boring with Lin Yi's company. Even if it was just a chat, they were excited.

This didn't last for too long. Three days later, the East continent's diplomatic mission was going to set sail as the last diplomatic mission to the West Island. However, unlike the other diplomatic missions, they had two guests with them this time-ning Xuefei and Lin Yi.

Ning Shangling had already helped her Daughter Book an Academy during this period of time. Without further delay, she could take the East Province diplomatic mission's smooth sailing ship there. In any case, Liu Ziyu would help take care of her along the way, so she did not have to worry about any problems.

However, since the princess and Fuma of the West Island were going to the East continent, it was a big event for the entire West Island. A Grand and spectacular farewell ceremony was absolutely necessary.

Today, the entire dock of the West Island was packed to the brim. Almost all the higher-ups of the West Island, including Ning Shangling, were there to see Ning Xuefei and Lin Yi off.

Lin Yi was speechless at the scene—boarding a ship was supposed to be a simple thing, but it looked like some ancient ritual, solemn and Grand.

"This is quite a big formation. People who don't know better would think that we are going on an expedition to fight. I only heard that only when soldiers go on an expedition will there be such a Grand sacrificial ceremony. Today's an eye-opener." Lin Yi whispered to Ning Xuefei beside him. He'd seen all kinds of farewell parties, but this was the first time he'd seen such a big and complicated one.

Before Ning Xuefei could say anything, Ning Shangling smiled and looked at Lin Yi, "Don't you think you're making a mountain out of a molehill? In fact, this is a rule passed down by the ancestors of the West Island, and it's a rehearsal for the succession ceremony. If we don't do this, it will seem that Feifei's succession in the future is not legitimate, and there will be trouble. "

"So, every time Feifei goes out, she brings such a big party?" Lin Yi was shocked.

"That's not it. This ceremony is only held for the first trip to the East continent. The purpose is to pray for the future island master. Other times, we don't have this treatment. Otherwise, this girl would always think of sneaking out to play, and we wouldn't have to do our proper work." Ning Shangling shook her head and laughed.

"I didn't run away, I left you a note!" Ning Xuefei corrected him.

"That's right. When I saw the note in the corner, you had already run to the North Island. You still have the face to say that." Ning Shangling hugged ning Xuefei lovingly and turned to Lin Yi, "Lin Yi, I'll leave Feifei in your care, please take good care of her."

Don't worry, aunt ning, I will." Lin Yi nodded heavily.

Two hours later, the ceremony finally ended. Although ning Xuefei and Lin Yi hadn't officially boarded the ship yet, ning Shangling had already left with the West Island disciples. After all, if they continued to be stuck here, the people from the East continent wouldn't even be able to board the ship anymore.

Lin Yi praised her in his heart. From this, he could see that ning Shangling was a flexible person!

Chapter 4769 A Bullfrog Or A Toad

The traditional ceremony could not be abandoned easily, but they would not be obsessed with it. After that, they would still have to follow the rules of the East Province diplomatic mission. Even ning Xuefei did not try to be special and followed the East Province disciples in the line.

There was a giant ship parked at the dock of the West Island. Lin Yi thought the ship from the North Island was the largest one there was, but the one from the East was a few times bigger. They were on completely different levels, and it looked Grand and majestic after being cleaned up.

What shocked Lin Yi the most was that there were formations flashing on the ship, and the terrifying aura coming from it was terrifying.

"This ship is so powerful!" Lin Yi couldn't help but sigh.

Ning Xuefei, who was beside him, had stars in her eyes. She looked like she wanted to tear this giant thing apart and study it. The treasure ship was the best work of the smithing line on the Sky Class Island, and the one in front of her was the best of the best. This was the goal she had been pursuing.

"It's said that it was built by the Almighty in ancient times with their whole life's work. It's different from other treasure ships. It's an ancient warship!" Huo yudie had also lined up behind the two of them and explained with a smile.

"An ancient warship?!" Lin Yi was shocked.

The treasured ship could cross the endless sea and was equipped with all kinds of formations. Although they were all defensive in nature, they were no small matter. However, compared to this ancient warship, they paled in comparison. The treasured ship could only carry people, but the warship could attack a city without any effort. Once the attacking formation was activated, it could probably take down a city easily!

Lin Yi couldn't help but gulp at the sight of the giant object. He didn't feel anything when he looked at the giant ship before, but looking at this ancient battleship now, he couldn't help but wonder how great it would be if he had a ship like this!

Of course, this was obviously not realistic. Even the north and west islands didn't have ancient battleships like this. Only the East continent probably had a few, or maybe only one. Not to mention that Lin Yi was only a mid-nascent Soul Master, even if he was in the mountain opening or earth opening stage, he wouldn't be able to get one. It was just a fantasy.

As they talked about the rumors about the ancient warship, the three of them lined up to board the ship. Before boarding the ship, they had to check the items they were carrying to prevent anyone from bringing dangerous items and threatening their safety. This was the basic rule.

At this time, there was a sudden noise not far behind them. From afar, they saw that the orderly queue had been disrupted. It seemed that two people were escorting someone from the back and forcefully cut the queue. It was accompanied by the high-and-mighty shouts and curses.

"Get lost! Let Junior Sister Jiali board the ship first!" The voice sounded familiar. Lin Yi took a closer look and realized that it was Yi Xiaotian. He and Ren chongyuan were protecting Yao Jiali as they charged straight at them. The people in front of them reacted a little slower and were kicked away. No one dared to say anything.

Lin Yi couldn't help but frown when he saw this. Liu Ziyu was still saying goodbye to ning Shangling at the back, and these two people were so arrogant and unscrupulous. It seemed like they were used to abusing their power!

Ren Zhongyuan and the others quickly arrived at Lin Yi's side and were about to kick him out of habit when Lin Yi's cold gaze landed on them.

After all, the people in front of them were not ordinary people. One of them was the princess of the West Island, ning Xuefei, and the other was Liu Ziyu's direct disciple, Huo yudie. If they dared to treat the two girls the same way they treated other people, they would not be able to leave the West Island, let alone return to the East continent.

"Go to the back and line up!" Lin Yi said with a cold look.

"You!" Ren Zhongyuan, Yi Xiaotian, and Yao Jiali were all speechless. Although they were furious, they didn't dare to do anything to Lin Yi and the others.

Ning Xuefei and Huo yudie did not board the ship first. Instead, they were lining up obediently. This was really unexpected!

They thought that these privileged people had already boarded the ship, which was why they dared to act so arrogantly here. As for those ordinary disciples and accompanying personnel, they had no status in their eyes at all. They could beat and scold them if they wanted to. Who would dare to resist?

Who knew that they would be defeated here? Ren Zhongyuan and the others could not help but think to themselves, "are people like ning Xuefei crazy?" They could have directly boarded the ship, but they had to wait here in line. Their brains must have been flooded!

Now that ning Xuefei and Huo yudie were in front of them, they did not dare to cut the queue no matter how rude they were. They were still in the West Island territory. If they were accused of violating the princess of the West Island, they would definitely be grounded when they returned. They could only line up at the back resentfully.

Lin Yi ignored them and continued to joke with ning Xuefei and Huo yudie. He didn't even care about Ren Zhongyuan and the others. To be honest, with Lin Yi's current level, he would be overestimating them if he still cared about them.

Ren Zhongyuan was already infuriated by Lin Yi's arrogance, and his anger was further fueled by Lin Yi's condescending attitude. He lowered his voice and warned arrogantly, "Kid, you're just a disciple of the North Island. Don't think that you can do anything just because you're the Prince Consort of the West Island. You're nothing at all in our East Province. You're just a pitiful frog in the well!"

"Oh? Then what kind of frog are you? Bullfrog or Toad?" Lin Yi laughed lightly as he retorted.

"I'm ..." Ren Zhongyuan almost fell for the trap. He only realized what was going on when he saw Huo yudie and ning Xuefei covering their mouths and laughing. "Hmph, I'm too lazy to waste my breath on you. If you don't want to die, then be the Prince Consort of the West Island and stay away from my Junior Sister Yu die. Otherwise, you won't even know how you died!"

Huo yudie and ning Xuefei's faces changed. They were about to scold Lin Yi when Lin Yi stopped them with a lazy smile, ""Is that so? Since you're so smart, may I ask how I'm going to die?"

"Woof! Listen up, you ignorant brat. Brother Ren is the boss of our ship, and everything on this ship is up to him. How do you think you're going to die?" At this moment, two underlings suddenly appeared behind Ren Zhongyuan. They were li Yuzhou and sun baolu.

Ever since Liu Ziyu said that she would punish them, the two of them had been living in fear and trepidation. After thinking about it, they could only cling to Ren Zhongyuan and Yi Xiaotian with all their might in order to grasp the slim chance of survival. Therefore, even after being beaten up by Ren Zhongyuan, they still put on the attitude of being loyal lackeys. Now that they had the opportunity to show their loyalty, they would certainly not let it go.

Chapter 4770 Ancient Warship

"He's the boss of this ship? Are you saying that this ancient warship belongs to their family?" Lin Yi pretended to be surprised.

"Uh ..." Sun baolu choked. Of course, this ancient battleship did not belong to Ren Zhongyuan's family. Such an item was not something that any golden class academy could possess, let alone Ren Zhongyuan's family. If word of this got out, he would become a laughingstock.

"You know nothing! Although this ancient battleship doesn't belong to brother Ren, it was all thanks to brother Ren's father's connections that we were able to borrow it for temporary use. Of course, brother Ren has the final say!" Li Yu Zhou quickly retorted.

Lin Yi was surprised to hear that. It seemed like Ren Zhongyuan's father was doing quite well to be able to borrow an ancient warship of this scale. The status of a seventh-grade Alchemist was not fake after all. No wonder this kid was so arrogant. It seemed like he did have some assets.

"That's right, that's right. You're such a blind person. You dared to offend brother Ren after boarding the ship. You really don't know how to die!" Sun baolu clamored, not willing to be outdone.

The two of them had a rare chance to show their loyalty, and they were trying their best to make fun of Lin Yi. Just as they were getting excited, Liu Ziyu's cold voice came from behind, "Why are you all blocking the way here instead of lining up properly?"

Upon hearing this voice, Li Yuzhou and Sun Baolu shuddered and nearly peed their pants. They quickly hid behind Ren Zhongyuan. The person they were most afraid of seeing was Liu Ziyu. What if this Big Shot of the Academy decided to punish them or even throw them into the sea to feed the sea beasts?

Liu Ziyu did not even look at them. Unless Huo Yudie's reputation was really damaged, she would not bother with such a small figure. It would only be an insult to her status and would be a joke to outsiders.

"Vice Dean Liu, you've misunderstood us. We're just casually chatting to avoid anyone who doesn't know the rules and might lose their lives on board." Ren Zhongyuan looked at Lin Yi with a faint smile.

He hated Lin Yi for a long time, but there was nothing he could do in the Western part of the island. He could only watch Huo yudie hang out with the kid all day long. But now, it was different. The day he had been waiting for had finally come.

Once they got on the ship, it would be his territory. He could do whatever he wanted to Lin Yi, even with Liu Ziyu. After all, that old woman couldn't monitor him in real time. He'd have plenty of chances to do so.

Lin Yi smiled nonchalantly. After bowing to Liu Ziyu, he continued to chat with ning Xuefei and Huo yudie. As for Ren Zhongyuan's so-called threat, he didn't take it to heart.

The first thing Ren Zhongyuan did after they boarded the ship was to allocate their rooms. Although Ren Zhongyuan could make decisions on many things and even decide the allocation of most of the disciples' rooms, it was a pity that this matter concerned ning Xuefei, the princess of the West Island. No matter how bold he was, he did not dare to interfere in this matter. Hence, Liu Ziyu had to do the allocation personally.

Ning Xuefei's room was right next to Huo yudie's, and as the Fuma of the Western Island, Lin Yi's room was also arranged to be near ning Xuefei's room, directly opposite Huo yudie's.

This arrangement made Ren Zhongyuan so angry that he gritted his teeth. That was the room he had dreamed of. He finally realized that Liu Ziyu, this old woman, not only did not stop Lin Yi and Huo yudie from approaching, but she even took the initiative to create an opportunity for them. How shameless!

Everything was ready. The ancient warship finally left the dock of the West Island slowly with the sound of an ancient and desolate horn, accompanied by the cheers of countless people and the melodious sound of a horn. It braved the wind and waves to face the endless sea.

The ancient battleship was a rare sight, and Lin Yi wanted to take this opportunity to look around. Unfortunately, he was told that it could only be used in the living quarters. As for the weapons and arrays, only the operators of the battleship could enter. Outsiders were not allowed to take half a step in, including people like Liu Ziyu and Ren Zhongyuan.

Lin Yi finally understood-this ancient battleship wasn't even a rental. All the operations were done by the original crew, and the others were just temporary passengers.

"I thought I would be able to broaden my horizons. What a pity." Lin Yi could only shake his head at the conclusion.

"Yeah, what a pity!" Ning Xuefei, who was standing beside him, sighed as well. She was more interested in the ancient warship than Lin Yi, but she couldn't even look at it. What a waste of a good opportunity! Although she was the princess of the West Island, she had never had the chance to ride such an ancient warship before.

"Stop complaining, you two. I heard from master that some schools still have the blueprints of ancient warships. When the time comes, we can just find a way to get them and take a look. Feifei, maybe you and Jing Jing can make a counterfeit together!" Huo yudie comforted her. She did not know why, but she was particularly interested in the words of the secular world.

"Really? We can try that!" Ning Xuefei's eyes lit up.

Lin Yi didn't know what to say after seeing her reaction. Even if he could get the design, it wasn't something he could just create! Han Jingjing was only talented in creating technology that was beyond the times, but Lin Yi thought of another person!

That was the king of junk. Perhaps one day, he would be able to build a warship.

A melodious bugle sounded from the boat, and Lin Yi blinked. "Could something have happened?"

"No, this soft horn means that the meal is ready. Let's go over now." Huo yudie smiled and immediately led the two of them to the cafeteria.

He'd seen the dining hall on the North Island before and thought it was luxurious enough, but after seeing the super-standard dining hall on this ancient battleship, he suddenly had a thought-the people of East continent really knew how to enjoy life!

Not only Lin Yi, but even ning Xuefei was stunned. The princess of the Western Island had seen a lot of good things, but this was the first time she had seen a ship's cafeteria this exaggerated.

Resplendent and magnificent would only make it seem tacky, but the canteen in front of him was simply an extremely high-class indoor paradise. All kinds of delicacies were placed in the middle of a beautiful celestial stone and Jade pool. One could take a few steps and get their own food. Not only was it elegant, but it also made people unconsciously open their eyes and exclaim endlessly.

Ning Xuefei excitedly took a plate of cake from the plate floating in the Jade pool and tasted it. Her eyes brightened and she praised,""En, Lin Yi, you should try it too. This cake is too good, it's no worse than the ones on the Western part of the island!"

"Really?" Lin Yi ate a piece, half believing it.
