### Chapter 4771 Conflict In The Restaurant

He then realized that Ning Xuefei was right. The desserts on the West Island were the best on the Sky Class Island. After all, it was a country of women. However, the desserts here were not bad at all. In fact, they were better!

"Hehe, it's said that the owner of this ancient battleship is a top-tier gourmet, so every chef on his ship is a famous master of the Sky Class Island. He also has the specialties of all the delicacies in the world. To be able to eat here is the dream of many gourmets!" Huo yudie explained with a smile.

"Really? Then I can't let go of this opportunity, I'm going to start eating!" Ning Xuefei suddenly became a foodie. One plate of pastries was not enough. Her eyes were shining as she looked around for food.

Lin Yi was taken aback by the way she was sweeping everything away-he'd never seen this side of her before, and it was a good thing he didn't lack spirit Jade-he wouldn't have been able to afford this glutton Princess otherwise.

"Yu die, this place is a formation, right?" Lin Yi didn't really care about the food, but he was curious about the spiritual Qi here. The Qi flowed naturally, and it didn't seem to be accumulated by spiritual jades.

"Yes, my master said that this is a very special Qi-gathering array. It can gather the spiritual Qi in the sea and guide it for my use." Huo yudie nodded.

"It can gather the spiritual energy in the sea?" Lin Yi was surprised at how powerful the technology was, but then he thought about it. If he couldn't replenish his spiritual energy in the sea at any time, the ancient battleship wouldn't be able to use up all the spiritual jades.

While they were talking, Ning Xuefei had already returned with a basket of delicious food. There were more than a dozen elegant pavilions set up in the cafeteria for people to eat and drink. The three of them found a nearby one and were about to enjoy their meal when they saw a few familiar faces walking in. It was Ren Zhongyuan and his gang.

"Enemies are bound to meet on a narrow road!" When Ren Zhongyuan saw Lin Yi with Huo Yudie, his eyes were filled with fire. He wanted to throw Lin Yi into the sea to feed the sea beasts.

However, there were too many people here. He couldn't do anything to Lin Yi, the Fuma, no matter how confident he was. He hmped coldly and sat down at a table with Yi Xiaotian and the others.

Lin Yi, of course, wouldn't take the initiative to pick a fight with this guy. He continued to enjoy the food with the two girls as if no one was around, and chatted and laughed at the same time, not letting these people ruin his mood at all.

The more Lin Yi acted this way, the angrier Ren Zhongyuan got. He was no longer in the mood to eat. He gave Li Yuzhou and Sun Baolu a look, and the two underlings nodded in understanding.

"Kid, our big brother Ren is magnanimous and will give you one last chance. You can either draw a line between you and Miss Huo and kowtow to our big brother Ren, or you can quit. I guarantee you won't even know how you died, Hmph!" Li Yuzhou and Sun Baolu walked to Lin Yi's side, threatening him with cold smiles.

Lin Yi didn't even take Ren Zhongyuan seriously, let alone a small fry like him. Although he was too lazy to respond, he wouldn't pamper the other party since they came to find trouble. He didn't even raise his head as he indifferently said, "Get lost, or you'll die,"

"Yo! You're quite arrogant, kid. Do you really think that no one would dare to touch you just because you're some bullsh \* t Fuma of the West Island? To tell you the truth, your status in the East Province is a pile of shit!" Sun baolu stomped his feet and shouted.

"That's right. Even if we don't kill you directly, we still have ten thousand ways to make you wish you were dead. Do you want to open your eyes today?" Li Yuzhou laughed coldly as well. The two of them had already decided to use Lin Yi as a stepping stone to show their loyalty to Ren Zhongyuan. After all, the photos were taken away because of this guy. It was a good time to take revenge!

The two of them wanted to grab Lin Yi's collar as they spoke. Although they weren't strong enough, they had Ren Zhongyuan's backing not far away. They didn't believe that Lin Yi would dare to resist. If they did, it would be an excuse for Ren Zhongyuan to make things difficult for Lin Yi and the kid would die a worse death.

Lin Yi didn't even move, he only glared at the two coldly. The two felt Qi enter their bodies, and they lost feeling in their knees as if someone was pounding garlic. They knelt down in front of Lin Yi.

"Oh? He admitted his mistake so quickly? Are all the people in your Academy so hospitable? I've really opened my eyes!" Lin Yi smiled faintly, and Huo yudie and ning Xuefei couldn't help but smile at each other.

Li Yuzhou and sun baolu were scared out of their wits, their hearts filled with regret. They hadn't seen Lin Yi send Scarface flying with a single slap during the test, and now that they'd experienced it for themselves, they knew that he wasn't some soft persimmon-he was a god of death!

"What are you two doing? Stand up!" Ren Zhongyuan couldn't help but get angry. He didn't know that these two people were tricked by Lin Yi without him even making a sound. He thought that they were simply intimidated by the other party's aura. How could he face his big brother when his two little brothers were so gutless?

Li Yu Zhou and sun baolu were on the verge of tears when they heard this. If they could stand up, why were they still kneeling? They looked at Lin Yi with fear and trepidation before they gritted their teeth and crawled back to Ren Zhongyuan's side. They stuttered, ""Brother ... Brother Ren, there's something strange about this kid. He actually played dirty with us!"

"What?" Ren Zhongyuan was shocked, but he didn't show any fear on his face. Instead, he felt that he had found a chance to make trouble. He stood up and walked towards Lin Yi with an unfriendly expression. He didn't believe that Lin Yi would dare to make a move on him, unless he was tired of living.

Seeing that Ren Zhongyuan was about to launch an attack, Lin Yi remained calm and composed in his seat. He continued to chat and joke with the two girls as if there was no one else around. Neither Huo yudie nor ning Xuefei seemed nervous at all. After all, they knew Lin Yi's strength very well. If Ren Zhongyuan dared to attack, he would only humiliate himself. There was nothing to worry about.

"Hmph, you really think I don't dare to touch you? I'm sorry to tell you that you've miscalculated. Today, I'm going to discipline you, the Prince Consort, on behalf of the West Island, so that you won't go to the East Province and cause trouble for the West Island. " Ren Zhongyuan laughed coldly and raised his hand to slap Lin Yi's face.

At this moment, Lin Yi suddenly moved. However, he didn't attack Ren Zhongyuan directly. Instead, he flipped the table without saying anything. Ning Xuefei didn't even have the time to take a few sips of the soup that she had taken earlier. All of it landed on Ren Zhongyuan's face.

In an instant, everyone was dumbfounded. Ren Zhongyuan himself was even more so. He looked at himself in a daze and did not know how to react.

However, before he could do anything, Lin Yi was already shaking ... "

Chapter 4772 Can't Tolerate Anger

Lin Yi cried out, his face full of grievance. "I've already endured it again and again, why are you still forcing me? Could it really be that one mountain can not accommodate two tigers? Although I'm only in the intermediate nascent Soul Stage, I will never bow down to evil forces. We were just having a good meal, yet you came to flip our table. Ren Zhongyuan, aren't you being too arrogant?"

"Gah?!" Ren Zhongyuan's mouth twitched as he watched Lin Yi's performance. He really thought that he flipped Lin Yi's table just by looking at Lin Yi's aggrieved expression. What the hell was this?

The rest of the people did not know what was going on either. Only Huo yudie and ning Xuefei were laughing to themselves because they saw Liu Ziyu walking over from the corner of their eyes.

"What's wrong? What's with all the noise?" Liu Ziyu asked with a dignified expression.

Actually, with Liu Ziyu's strength, even if she wasn't there, she could understand the situation like the back of her hand. She almost laughed out loud when she saw Lin Yi putting on a serious act. However, she knew that Lin Yi was creating an opportunity for her to teach Ren Zhongyuan and his gang a lesson.

These guys were getting more and more unbridled, even disregarding her. It was time to teach them a lesson.

"Vice Dean Liu, we were having a good meal here when he came over to flip the table and intentionally made things difficult for us! I don't care, but Feifei is the princess of the West Island. This matter concerns the face of the West Island, so I can't just let it go!" Lin Yi didn't even give the man a chance to speak-he'd just go along with the flow and start complaining.

"There's such a thing?" Liu Ziyu immediately frowned and put a sharp pressure on Ren Zhongyuan and the others. She said in an unfriendly tone,""Ren Zhongyuan, even if your father borrowed this ship through his connections, it's currently carrying the East province's diplomatic team, which represents all the yellow-ranked Academies in the East Province, and not your family's property. I hope you understand this!"

"I ..." The corners of Ren Zhongyuan's mouth twitched. He wanted to refute immediately, but the other party did not give him a chance to speak at all and interrupted him before he could finish his words.

"Hmph, I've seen bold people before, but this is the first time I've seen someone so bold and stupid. You actually dared to flip Feifei's table, what do you mean? Are you trying to use this opportunity to sow discord between the friendly relations of the East continent and the West Island, or are you representing the Ren family and preparing to declare war on the West Island?" Liu Ziyu said, looking at him coldly.

Ren Zhongyuan's face turned pale with anger as he glanced at Lin Yi who was still pretending to be wronged. He clenched his fists so tightly that cracking sounds could be heard. He wanted to tear this bastard into pieces on the spot, but he couldn't say a word in the face of Liu Ziyu's scolding. He didn't even dare to refute her.

He could not afford to be accused of destroying the relationship between the East and West islands. As for the Ren family declaring war on the West Island, that was even more nonsense. Even if the Ren family had some capital, they were like ants at the foot of an elephant when compared to a behemoth like the West Island. They were not on the same level.

"Why aren't you going back to face the wall and reflect? Could it be that you really want to make this matter out of hand?" Liu Ziyu coldly snorted and warned, "Remember, don't do this again. If there's a next time, don't alarm the Western part of the island. I'll be the first to come after you!"

After all, she was the Big Shot of the East Province Academy. Ren Zhongyuan, who was an expert at the great circle of the nascent Soul Stage, could only be suppressed by her aura. He could only hold in his anger and leave with his men.

He could tell that Liu Ziyu and Lin Yi were on the same side. If he continued to fight, he might even get beaten up even more.

Before he left, Ren Zhongyuan glared at Lin Yi with hatred in his eyes. This wasn't over yet!

Looking at Ren Zhongyuan's drenched face and Lin Yi's aggrieved face, Huo yudie was speechless. She laughed, ""Your acting skills are not bad. I didn't realize you were so bad before!"

"Is it bad? I just did what he wanted to do. " Lin Yi pinched his nose and chuckled.

"Come on, I can tell that he did want to hit her just now, but he probably didn't want to flip the table. After all, we're all sitting here. No matter how bold he is, he wouldn't dare to flip Feifei's table. I don't think he's that stupid. Huo yudie shook her head.

"If Ren Zhongyuan had really dared to do that, I wouldn't have just scolded him and let it go. I would have gotten serious." Liu Ziyu looked at Lin Yi's innocent expression and couldn't help but laugh, "I really didn't know that you had such a bad side."

Lin Yi was about to clear his name when ning Xuefei interrupted, ""Aunt Liu, sister Huo, don't be fooled by his appearance. He may look fine, but he may be lying. When I first met him on the northernmost Island, he had already scammed hundreds of thousands of spiritual Jade from others ..."

"Oh, really? Feifei, tell us, how did Lin Yi Do this? you haven't told me about the northernmost Island yet. " Huo yudie suddenly became interested and pulled ning Xuefei to another table.

Lin Yi was speechless, especially when he saw that even Liu Ziyu was interested. He didn't know what to say. Gossip really didn't matter, and even the big shots of the academies were no exception. He wondered if the island Lord of the West Island, ning Shangling, was the same ...

The fire of gossip was burning on Ren Zhongyuan's side. He was getting angrier and angrier as he thought about it. Who knew how many things he had smashed along the way. He thought that the ship was his territory and he could do whatever he wanted. He could do whatever he wanted with Lin Yi but he didn't expect to be tricked by Lin Yi and end up with a dirty face.

"This is not good. If we don't quickly find a way to get back at him, it will only make that kid more and more arrogant. It doesn't matter to us, but brother Ren, you are in trouble. If we drag this out for too long, Huo yudie might really be seduced by that kid." Yi Xiaotian frowned as he looked at Ren Zhongyuan's sorry state.

"I've already said that Huo yudie is a little slut. She knows that he is the Prince Consort of the Western Island, but she will still shamelessly approach him. If that happens, senior brother Ren, you will have no chance. Can you bear with this?" Yao Jiali added fuel to the fire.

"Nonsense, of course I can 't!" Ren Zhongyuan gritted his teeth in anger. However, when he thought of Liu Ziyu's warning just now, he felt a little uncertain. He said helplessly,""But Liu Ziyu, that old hag, is obviously protecting him. If we do it openly, she might really take the opportunity to flip out. No one can predict the consequences ..."

Although Liu Ziyu was a woman, she had relied on her own strength to climb up the ranks. Her style of doing things was often more ruthless than men. Others would not dare to do anything to Ren Zhongyuan and the others, but if it was Liu Ziyu, it would be hard to say.

#### Chapter 4773 The Poisoning Incident

"Brother Ren, if we can't do it openly, we can do it secretly. Can't we just think of a way to get it back?" Li Yuzhou interjected carefully. Both he and sun baolu had their knees injured by Lin Yi, and they still couldn't stand up. They could only crawl on their hands, and if they had a bowl with them, they'd be begging for food. They hated Lin Yi to the bone.

"That's right, that's right. We'll give him a taste of his own medicine. We'll make him suffer in silence!" Sun baolu agreed.

"Giving him a taste of his own medicine? Can you think of a way to repay me?" Ren Zhongyuan glanced at the two of them and frowned."This matter can not be delayed. If we reach the East Province, we don't know which school that kid and ning Xuefei will go to. By then, it will be too late to deal with him. We must act before he disembarks!"

"Uh ..." Li Yuzhou and sun baolu looked at each other in dismay. It was easy to talk about this, but it was not something that could be thought of in a short time.

"Isn't it just empty words? "In my opinion, this matter is actually not difficult. Brother Ren, have you forgotten that the East province's disciples all have to work on the ship in shifts, and even the few of us are no exception. Although that kid has the title of the West Island's Prince Consort, he certainly can't make an exception. After all, he's going to study at the East Province Academy, so he naturally has to follow our East province's rules!" Yi Xiaotian said while pinching his chin.

"That's right. As long as he works in shifts, we'll have the opportunity to frame him and let him have a taste of what it's like to be unable to defend himself!" Ren Zhongyuan clapped his hands excitedly.

"So, brother Ren, you've already thought of what to do?" Yi Xiaotian asked with great interest.

"That's right. Just wait for a good show. This time, I'll definitely force this Fuma of the West Island into a dead end, hehe!" Killing intent flashed in Ren Zhongyuan's eyes. Although he didn't dare to do it openly because of Liu Ziyu's fear, as long as Lin Yi couldn't defend himself, even Liu Ziyu wouldn't be able to protect him!

The next day, just as Ren chongyuan and the others expected, all the East Province disciples, including Lin Yi and ning Xuefei, were assigned to work in shifts. Ning Xuefei's task was to clean the deck with Huo yudie and the others, while Lin Yi was assigned to the canteen to put all kinds of delicious food into the celestial stone Jade pool.

It was a simple errand-there wasn't anything special about where the food was placed, as long as it was within reach. It wasn't difficult or laborious, and Lin Yi finished the job in a short time.

It was lunch time, and the East Province disciples arrived at the cafeteria in groups of three to five. Naturally, Lin Yi was still with Huo yudie, ning Xuefei, and the others. He passed by Ren Zhongyuan and the others on the way, but to his surprise, this guy only looked at him coldly and didn't come looking for trouble. Was he really scared by Liu Ziyu's words?

However, what did that sinister smile on his face mean? Lin Yi shook his head, feeling that something wasn't right, but he couldn't quite put his finger on it.

After four hours, Lin Yi's bad feeling finally became a reality. All the East Province disciples were poisoned!

The symptoms were very strange. There was only a faint poisonous gas wandering around in the meridians of the body. Other than that, there was no other special symptom. Everyone seemed normal at first glance, and even the circulation of their zhenqi was smooth. The only thing was that this poisonous gas could not be expelled out of their bodies no matter what method was used.

If that was all, it would be fine. The problem was that the poison gas would suddenly invade the heart meridian, and once the heart meridian was invaded by the poison gas, then it would not be far from death.

All the East province's disciples had gathered together, and each of them looked at each other with worry. In the past four hours, three disciples' heart meridians had been damaged, and Liu Ziyu had barely managed to keep their last breath. Now, their lives were in danger, and they could die at any moment.

If they didn't find a way to get rid of the poison in their bodies as soon as possible, the others would end up the same way sooner or later. Perhaps, the entire boat of East Province disciples would lose their lives!

Lin Yi was the only one who wasn't affected-he was immune to poison, and normal poisons wouldn't work on him. The others didn't know this, though, and thought that he was poisoned as well. After all, even Liu Ziyu, a Big Shot of the Academy, had not been spared, so the toxicity was no small matter.

For a moment, the atmosphere on the ship was extremely tense. Everyone was looking at each other and guarding against each other. It was absolutely impossible for there to be no one behind such a large-scale poisoning incident!

"Vice Dean Liu, I believe that there's a mastermind behind this incident. We can only obtain the antidote if we quickly find him!" Ren Zhongyuan immediately jumped out and said.

The rest of the people nodded and shouted loudly to capture the real murderer. Their lives were at stake, and there was no room for hesitation or delay.

"You have a clue?" Liu Ziyu looked at him with a slight frown. This matter was strange from the beginning to the end, and it made people feel baffled.

If someone had really poisoned the food on purpose, how did he do it? what was his intention?

If they really wanted to poison someone to death, they could have chosen a more violent poison instead of giving everyone time to react like this. Even if they couldn't cure the poison, it was entirely possible to find the real murderer in this little time. Wasn't this asking for trouble?

Thinking about it carefully, every link here was inexplicably strange, but now that the crowd was agitated, the situation was likely to get out of control if it dragged on. At that time, it would really be out of control!

Liu Ziyu could only declare that they had found the real culprit behind the poisoning to appease the people.

"There are!" Ren Zhongyuan's decisive answer immediately roused everyone's spirits. He swept his gaze across everyone's faces with feigned suspicion before he slowly said, ""I just realized that only the disciples of the East Province were poisoned, but all the crew members are safe and sound. Don't you think this is the most obvious clue?"

"What do you mean?" Those with slower reactions could not figure it out, but Yi Xiaotian smacked his head and said, ""Brother Ren, do you mean that the murderer poisoned our food?"

"That's right, that's exactly the case!" Ren Zhongyuan put on a wise expression as if he had seen through everything. He put on an air of superiority before explaining, ""Everyone should know that although the crew and the East Province disciples share the living area, they have their own dining hall. If the murderer poisoned the water or used something like a poisonous fragrance, the crew would definitely be affected. So the answer is obvious. The murderer poisoned our food!"

Chapter 4774 Proud Counterattack

Everyone nodded after hearing this. This reasoning did sound reasonable. Although they didn't know why the murderer would do this, it was the only way to target all the East province's disciples.

"Do you mean that those chefs are the murderers?" Liu Ziyu's eyes narrowed. She still felt that something was amiss, but since so many people agreed, she could only follow the other party's line of thought and ask.

"It's possible, but it's almost impossible. They're all top class families on Sky Class Island, and poisoning their food would be worse than killing them. Besides, their families are all in the East Province Academy, so there's no reason for them to do that. " Ren Zhongyuan pinched his chin and analyzed the situation objectively.

"That's right. They have very little contact with the disciples of the East Province, so they shouldn't have such a motive. Besides, if they really had such a thought, they could have done it on the way to the West Island. Why wait until now?" Yi Xiaotian echoed.

Lin Yi could pretty much guess what was going on from the two's reaction-they were probably going to target him next if they were to follow the others "train of thought.

"In that case, who is it? The others can't enter the kitchen without permission, so there shouldn't be a chance for them to poison it. " Liu Ziyu shook her head. The kitchen wasn't a place that could be easily sneaked in.

"No, the rest of us really don't have the chance to poison him. There's only one person who fits this condition, and that's the person in charge of moving the food today. As long as we find this person, all the problems will naturally be solved!" Ren Zhongyuan had indeed revealed his true colors.

"The people who moved the food today?" Liu Ziyu frowned slightly. There were specialized disciples in charge of the rotation work, and she really didn't know the specific division of labor. She immediately looked at the disciple and said,"Who is it?"

The disciple took out the name list and glanced at it. His expression changed and he said,""It's Lin Yi!"

In an instant, everyone's eyes fell on Lin Yi, shocked and angry. They didn't know Lin Yi and had no grudges with him, but who would've thought that this guy would poison them as soon as he got on the ship?

"Lin Yi? Why is it Lin Yi?" Liu Ziyu was also shocked. She had felt that something was wrong from the beginning, and now it had come true.

"Yes, it's him! I've seen him moving food before!" Very quickly, a disciple stepped forward to testify.

"Yes, yes, I saw it too!" Many of the other disciples chimed in-this wasn't a secret, after all, and more than half of the East Province disciples had seen Lin Yi move the food.

The crowd was excited, and Lin Yi suddenly became the target of everyone. He was pushed to the opposite side of everyone, and under the threat of life, they could only grab onto this life-saving straw. Only by locking on to Lin Yi, the real culprit, could they get the antidote!

"Hmph, he really has the ambition of a Wolf! We were kind enough to let you hitch a ride, but instead of being grateful, you want to poison all of us to death. What are your intentions?" Ren Zhongyuan looked at Lin Yi coldly, his lips unconsciously curved into a sinister smile.

"There's no need to waste any more words on this scum. Hurry up and capture him and force him to give us the antidote. The longer we delay, the more our lives will be in danger. We can't afford to delay any longer. Vice Dean Liu, what do you think?" Yi Xiaotian encouraged everyone.

"Yes, catch the real murderer and force out the antidote!" As expected, everyone was anxious. Anyone who discovered a time bomb-like poisonous gas swimming in their body would find it difficult to maintain their rationality.

"Well ..." Liu Ziyu couldn't help but feel like she was riding a Tiger and couldn't stop. Of course, she didn't believe that Lin Yi was the one who poisoned her, but the situation was out of control. If she didn't do something, it was hard to say what would happen next.

"Vice Dean Liu, you're not thinking of covering for him at this point, are you? You're the leader of our East province's diplomatic group. Do you really intend to disregard the lives of so many people and steel your heart to associate with this kind of scum with Wolf-like ambitions?" Ren Zhongyuan sneered.

Lin Yi wasn't the only one who made a fool of him yesterday-the old woman was an accomplice as well, so of course he'd make things difficult for her-he had to make her do it to Lin Yi herself!

Liu Ziyu glared at him, but she couldn't refute him directly. Otherwise, the East Province disciples would really explode. To a certain extent, she had been kidnapped by the public's will. Even if she raised all kinds of doubts, it would only make people think that she was covering for Lin Yi, and increase their dissatisfaction.

"Hold on!" At this moment, Huo yudie stepped forward and looked at Ren Zhongyuan coldly. ""You said that Lin Yi's the culprit, but what's his motive? he has no grudges with us, why would he poison us?"

"That's right, Lin Yi's the Prince Consort of the Western part of the island-you guys are framing him without any evidence, do you really think that the Western part of the island is a pushover?" Ning Xuefei attacked at the same time. Even though she was not very powerful, her status was there. She had been influenced by ning Shangling since she was young, so she really had the aura of a superior.

When everyone heard this, they immediately shrank back. They weren't stupid. Liu Ziyu could see many suspicious points in this matter, and so could they. The reason why the crowd was so excited was purely to save time.

If Lin Yi happened to be the real culprit, then they would be able to get the antidote right away. If they couldn't, they would just be accusing Lin Yi. They just needed to move on to the next suspect. As for whether Lin Yi died or not, it didn't matter to them at all.

However, now that Huo yudie and Ning Xuefei were making things difficult for them, they didn't dare to stand out. If they wronged Lin Yi, they would have to pay the price. Everyone turned their attention to Ren Zhongyuan again.

"The motive is simple. Didn't you say that I flipped his table yesterday? Hmph, then he must have a grudge in his heart. He's much weaker than me, so he can only use such a despicable trick like poisoning me. What else do you have to say?" Ren Zhongyuan retorted with a cold smile.

"Ridiculous! Even if Lin Yi really wanted to take revenge, he only needed to poison you. Why did he have to go so far as to poison everyone? Isn't he just asking for trouble?" Huo yudie asked.

"That's right, our Lin Yi isn't as stupid as some people, using such a low-level trick without any skill!" Ning Xuefei pouted.

"Hmph, he's not stupid, but he has a strong desire for revenge! When I flipped his table yesterday, no one else helped, so he decided to bear a grudge against me. How can we normal people understand the thoughts of such a sinister villain?" Ren Zhongyuan retorted unhurriedly, his eyes filled with pride.

Chapter 4775 Who Do You Think It Is?

Didn't you set me up? I f\*cking killed you! More than half of the East province's disciples on this ship are my people, so they're naturally on my side. Even if you give false testimony, I can still force you to die.

"You're being unreasonable!" Huo yudie and ning Xuefei's faces turned red with anger, but Lin Yi was the only one who was still calm and composed.

"You can't judge a book by its cover. Sister Yu die and miss ning, I advise you to stay away from this despicable man. Otherwise, you won't even know when he'll kill you. You might even be sold by him and help him count the spiritual jades!" Ren Zhongyuan sneered.

"Vice Dean Liu, since you've already said so much, it's not appropriate for you to continue dragging things out. Could it be that you're really determined to protect this kid?" Yi Xiaotian seized the opportunity to force the issue. He and Ren Zhongyuan had obviously discussed this beforehand. One of them was responsible for targeting Lin Yi, while the other wouldn't give Liu Ziyu a chance to react. They would do both!

"Right! It doesn't matter if this brat is the real culprit behind the poisoning, we just need to capture him and use a soul-searching technique on him. Vice Dean Liu, do you really think that the lives of so many of us are less important than this brat?" The others echoed in unison.

Huo yudie and ning Xuefei panicked. Soul-searching techniques could cause irreparable damage to one's spirit. Even if one was in the nascent Soul Stage, one soul-searching technique could damage one's spirit and might take decades to recover. These people were obviously trying to destroy Lin Yi!

Liu Ziyu was caught in a dilemma. These people had been incited by Ren Zhongyuan and Yi Xiaotian. Even with her authority, it was difficult to suppress them. This matter was really tricky.

At this moment, Lin Yi finally stood up and looked at Ren Zhongyuan with a calm expression, ""You're so sure that I'm the one who poisoned you. Other than your mind being filled with wild thoughts, do you have any substantial evidence? I remember that before boarding the ship, we have to check the contents of the ship, but now there's such a large scale poisoning. I want to ask, how did so much poison escape the notice of the kelp?"

His words left everyone speechless. Poison was required to poison, but it was an insult to everyone's intelligence to say that so many poisons could be brought up so casually.

This was a top-notch ancient warship. Anyone who boarded the ship not only had to be inspected by the crew, but also through a special inspection array. It was impossible to hide under such tight security.

"Hmph, you may be able to hide this from others, but you can't hide it from me!" Ren Zhongyuan, on the other hand, looked at Lin Yi with a cold smile and said, ""You don't know yet, right? my father is not only a seventh-realm Alchemist, but also a famous top-notch medicine master in the East Province. Unfortunately, I just learned a little from him."

"Oh?" Lin Yi raised an eyebrow.

"Under normal circumstances, it's really difficult to bring poison up. However, I've just carefully studied everyone's symptoms and found that it matches a strange poison in the legend. This poison is called heart-piercing anemone! Ren Zhongyuan said confidently.

"Heart-piercing sea anemone? Is this a poisonous creature from the sea?" Liu Ziyu was shocked.

"Yes, this heart-piercing sea anemone is very common in the sea, but people rarely go into the sea, so they don't know much about it. Only a few medicinal books record it, and I just happened to see it in my father's study." Ren Zhongyuan smiled proudly and looked at Lin Yi, ""Therefore, you don't need to carry the poison with you. You just need to catch some heart-piercing sea anemone, grind it into powder and put it in the food. It will dissolve in water. Additionally, it's colorless and odorless, so no one will find it!"

It sounded like a logical deduction, but he was basically exposing what he'd done in front of everyone, just putting a hat on Lin Yi's head.

The heart-piercing sea anemone was his unique method. If he didn't say it himself, not many people would know about this poison. After all, the sea was the territory of sea beasts. Even the best pharmacist would find it difficult to really come into contact with sea creatures, let alone study them carefully.

After listening to the story, everyone came to a realization and looked at Ren Zhongyuan with admiration. As for Lin Yi, his identity as the real murderer was confirmed. He was the only one who had the opportunity and conditions to poison Ren Zhongyuan. No matter what, he was the first suspect.

"That doesn't prove that Lin Yi was the one who poisoned it. You know so much about it, who knows if you were the one who caught the heart-piercing anemone to frame Lin Yi!" Ning Xuefei retorted without hesitation.

"That's right. You're the only one who said it from the beginning. We don't know about the heart-piercing sea anemone, and you're the only one who knows about it. Doesn't that mean that you're also a big suspect of poisoning the plant?" Huo yudie said coldly.

"Martial sister Yu die, don't be blinded by this villain. As the old saying goes, the onlooker sees more clearly. Between me and him, I believe that everyone here can see clearly who is more suspicious of poisoning!" Ren Zhongyuan looked as if he had been greatly wronged. He suddenly turned to the crowd and said, ""Me and Lin Yi, who do you guys think it is?"

"Lin Yi! Of course it's Lin Yi!" More than half of the East province's disciples here had to follow his orders, so it was obvious what choice he would make.

Huo yudie and ning Xuefei were worried. If this went on, these people would force Lin Yi to use the soul-searching technique on him again. At this time, Liu Ziyu waved to the crowd and finally declared, "Lin Yi's a suspect, but I'll only keep him under surveillance until we find evidence. If the two of you attack the Fuma without permission, you can try."

Ren Zhongyuan and Yi Xiaotian, who had deliberately created this scene, were speechless at this moment. This old woman was too much of a hindrance!

However, although they were complaining, Liu Ziyu's absolute strength was there for all to see. If they dared to jump out at this time, they would only be cannon fodder. No one was a fool, so they could only choose to shut up resentfully.

"Very good. Since you all think that we can't act rashly, then you should think about what kind of antidote there is. As for the truth, we can talk about it after the investigation. If you don't have any decisive evidence and only rely on such wrangling, we might as well wait for death." Liu Ziyu's tone was unyielding.

Lin Yi looked at Liu Ziyu, a little surprised. He didn't have much contact with this Big Shot of the school before, especially after the incident where he forced Huo yudie to make a deal with Ren Zhongyuan. His impression of her wasn't very good, but now it had changed.

The big boss was a woman, but she was decisive. She followed the crowd's wishes and kept Lin Yi under surveillance. She didn't convict Lin Yi, but it calmed the crowd.

#### Chapter 4776 Agree To One Condition

As for when the anger of the crowd subsided, they would then divide the spearhead and point it at Ren Zhongyuan and the other man, so that they would not dare to act rashly. In the blink of an eye, the scene of the crowd attacking them had disappeared.

Ren Zhongyuan was extremely unwilling to give up, but he couldn't continue urging everyone to target Lin Yi. If he really angered Liu Ziyu, he wouldn't be able to bear the consequences.

"Vice Dean Liu, I can't do anything about what you're saying. However, if I can help everyone detoxify the poison, you won't be able to protect this kid anymore, right? We must investigate the matter of the poisoning!" Ren Zhongyuan immediately bargained.

"You can cure the poison?" Liu Ziyu glanced at him.

"That's right, don't forget that I'm a fifth grade Alchemist. Since it's confirmed that it's the poison of the heart-piercing sea anemone, I have a way to refine an antidote. As long as everyone takes it, they will naturally be safe and sound!" Ren Zhongyuan said proudly.

The crowd was once again invigorated by Ren Zhongyuan's words as they looked at him with burning eyes. As long as he could refine the antidote, it would be equivalent to saving their lives.

"Then how many can you make?" Liu Ziyu said with a frown.

"This antidote is a little complicated, but the ship has all kinds of materials. I can make one in two hours!" Ren Zhongyuan still had a smug look on his face. The toxicity of the heart-piercing sea anemone was not low, and the corresponding antidote was a grade five elixir. It was already amazing that he could refine it in two hours.

"One pill every two hours? How long can so many people last?" Liu Ziyu frowned immediately. There were nearly 100 East Province disciples present. Wouldn't Ren Zhongyuan have to wait for 200 hours? This would only happen if he didn't sleep or rest!

Now, only four hours had passed, and there were already three people who could not hold on any longer. Not to mention 200 hours, by the looks of it, it would not even take 10 hours before everyone would be almost all dead!

"Gah? This ..."Ren Zhongyuan was stunned. He was so focused on framing Lin Yi and thought that he could step out to detoxify the poison after Lin Yi was dead. However, he had neglected the most important point. How was he going to detoxify so many people?

Everyone's face suddenly turned into a dead man's face. They had finally grasped the last straw to save their lives, but in the end, they found that it was really just a straw and couldn't save their lives at all. If this continued, wouldn't they only be able to wait for death?

Looking at Ren Zhongyuan's dumbfounded expression, Liu Ziyu, who was still holding on to a little hope, was completely speechless. They had already left the West Island for more than a day, and it was too late to return now. This was really a big problem.

With Liu Ziyu's strength, she was confident that she could suppress the poison, but the others couldn't. The more time passed, the more disciples of the East Province would be affected by the poison, and by then, they would inevitably die in groups.

With so many of them dying at once, Liu Ziyu would be too embarrassed to answer to the East Province Academy when she returned. With such a big stain on her name, she would basically never be entrusted with any important tasks in the future.

The crowd sighed one after another. The originally dull atmosphere was soon filled with a sense of despair. Liu Ziyu's expression also became serious. Once a person was forced into a corner, they would do anything. Once someone took a risk out of desperation, today's matter would never be resolved.

Lin Yi smiled faintly all of a sudden. "Why don't you let me try?"

"What?" Everyone was stunned. Ren Zhongyuan looked at Lin Yi as if he was an idiot and laughed in disdain, "Try? Do you even know what you're saying? My detox pill is a fifth ranked pill, what are you going to use to test it? don't tell me you're also a fifth ranked Alchemist?"

"A fifth ranked Alchemist? Then I'm really not. " Lin Yi shook his head, but before Ren Zhongyuan could laugh, Lin Yi added, "However, if it's only a fifth ranked pill, I can make a hundred of them in two hours. It shouldn't be difficult to detoxify everyone."

The crowd went into an uproar as they looked at Lin Yi in disbelief. He made a hundred fifth-grade pills in two hours? who was this guy?

"Gah?" Ren Zhongyuan pointed at Lin Yi's nose and shouted, ""Impossible! You're f \* cking bullshitting! Refining 100 fifth-grade pills in two hours, even a seventh-grade Alchemist like my father can't do it. Do you think you're an immortal? You must be daydreaming!"

"Hehe, it's useless to say anything more. In any case, everyone has no choice. There's no harm in giving it a try. Who knows, I might really succeed?" Lin Yi said with a smile, not thinking much of it.

The others didn't think much of it, but Liu Ziyu's eyes lit up. Only she, Huo yudie, and ning Xuefei knew about Lin Yi's background. This guy could make eight Thunder mystical pills in a day. One hundred fifth-grade pills in two hours might sound like an exaggeration, but it wasn't impossible for Lin Yi.

Even if they couldn't do it, it was still better than Ren Zhongyuan who could only make one pill in two hours. Only with Lin Yi's help could the East Province disciples have a chance of survival. Otherwise, they could only wait for death.

"Since that's the case, then the two of you will refine pills on your own. Refine as many as you can. Everyone's lives are in the hands of the two of you, so you must do your best." Liu Ziyu immediately decided.

Lin Yi didn't have any objections, but Ren Zhongyuan looked at him coldly. He couldn't kill Lin Yi today because of Liu Ziyu's protection, but since things had developed to this point, it wasn't like he couldn't make use of him.

Ren Zhongyuan ordered someone to bring a pen and paper and he listed out the ingredients on the paper. He said to Lin Yi coldly, ""I don't care what you're up to, but since things have come to this, I won't say anything else. This is the antidote recipe."

Lin Yi reached out to take it. Although there was a general template for all antidotes, there was no such thing as an all-purpose antidote in this world. If he wanted to really cure the poison, he had to find the right medicine. Lin Yi had never even heard of the heart-piercing sea anemone before, so he could only rely on the recipe that Ren Zhongyuan provided.

However, Ren Zhongyuan suddenly kept the pill formula and scoffed, "This is a Tier 5 pill recipe, something you can't even buy in the market. You want to take it away so casually, don't you know how to conduct yourself?"

Liu Ziyu was about to say something but was stopped by Lin Yi's gaze. He looked at Ren Zhongyuan and said, "Then what do you want? Don't tell me you want me to buy it with my spiritual Jade?"

"Hmph, do you think I'd care about that little bit of spiritual Jade of yours?" Ren Zhongyuan pursed his lips in disdain and suggested with an ulterior motive, "How about this, I can give you the recipe, but you have to agree to one condition."

Chapter 4777 Only A Fool Would Deny It

"What condition?" Lin Yi said faintly.

"It's very simple. Didn't you say that you can make 100 pills in two hours? then let's have a competition. We'll set a time limit of two hours. I'll make one pill and you'll make 100. Do you dare to compete?" Ren Zhongyuan laughed coldly. He would never believe that Lin Yi could make a hundred pills in two hours. He could use this to make Lin Yi slap his own mouth!

"Hehe, your way of competing is really weird. To think that you can say it." Lin Yi smiled faintly and nodded, "Fine, I've been kind since I was young. I'll satisfy your pretentious desire this time. I'm just afraid that you won't admit it when you lose."

"Hmph, I've already said what I wanted to!" Ren Zhongyuan threw the recipe to Lin Yi without a second thought, afraid that Lin Yi would go back on his word. No matter how he looked at it, the result was already set in stone. Those who don't admit to their debt are fools!

The others looked at each other, but Huo yudie and ning Xuefei didn't seem worried at all. They'd seen Lin Yi refine pills with their own eyes, and they were more confident than Lin Yi himself.

"Alright then, let's help each other prepare the ingredients for Lin Yi and Ren Zhongyuan to start their own furnace!" At Liu Ziyu's command, a group of East province's disciples immediately spontaneously began to help the two of them. This matter concerned their lives, so everyone wanted to be diligent and perform well at this time. Otherwise, what if they didn't have enough antidote pills in the end and were left behind?

After returning to his room and having the ingredients delivered, Lin Yi closed the door and started making the elixir. It was his first time making an antidote like this, but a mere fifth grade elixir was nothing difficult for Lin Yi now.

Furthermore, the Shennong medicinal cauldron had just been upgraded by han Jingjing. Refining fifth-grade pills was a piece of cake, especially now that it could be used to refine large amounts of pills. In the past, it could only store ten sets of ingredients at a time, but now it could store thirty sets at a time!

Everyone waited nervously. In less than two hours, there was no movement from Ren Zhongyuan's side, but Lin Yi had already pushed the door open and left.

"How is it?" Liu Ziyu quickly went up to him personally. She was a little nervous when she thought about the bet between Lin Yi and Ren Zhongyuan. She shouldn't have hesitated so much just now and should have directly rejected the bet. After all, what if Lin Yi couldn't refine 100 pills and couldn't see her disciple in the future?

Lin Yi smiled as he took out a big box and handed it to her, "I'm glad I did. One hundred and twenty pills should be enough to detoxify everyone. You can distribute them to everyone."

Everyone was dumbfounded for a moment, and then they started to get excited. They looked at Lin Yi as if he was a monster-he could produce 120 fifth-grade pills in less than two hours! Was this guy even human?!

They couldn't care about anything else and each of them took an antidote pill. After they digested the medicine, they realized that the poison in their bodies had completely disappeared. Their last concerns were dispelled, and they all came over to Lin Yi to thank him. He saved their lives, after all!

Previously, they cooperated with Ren Zhongyuan to run Lin Yi down because they felt that he was their support and Lin Yi was indeed suspected of poisoning them. However, now that they looked at it, Lin Yi's leg was 10000 times thicker than Ren Zhongyuan's. Who cared who poisoned him?

This guy was at least a fifth-grade Alchemist. If he didn't take the opportunity to please such a big-ass Alchemist, he would definitely be a fool.

Lin Yi, Huo yudie, and ning Xuefei didn't know whether to laugh or cry at these fence-sitters. Although the East Province Academy was a gathering place for geniuses, there were still fence-sitters everywhere. If you were strong, they would be your friends. If you were weak, they would be your enemies. Only the weak would understand the hardships of survival.

However, this was good as well. At least it was better than everyone supporting Ren Zhongyuan. It wouldn't be as easy for Ren Zhongyuan to fan the flames and make them target Lin Yi.

Of course, not everyone was a fence-sitter-people like Yi Xiaotian and Yao Jiali, on the other hand, had really interesting expressions on their faces. They felt like they'd eaten a fly after taking Lin Yi's detox pill, feeling really bad but had to swallow it down ...

After waiting for everyone to be detoxified, Ren Zhongyuan pushed open the door and walked out with bloodshot eyes. He saw Lin Yi in the crowd and his heart skipped a beat. However, when he saw that Lin Yi's hands were empty, he immediately raised his head.

"Haha, I told you that you're playing tricks. 100 pills in two hours? Hmph, there's not even one now. If I were you, I would have jumped into the sea to commit suicide out of shame. How could I still have the face to stand here? There's no one else as thick-skinned as you!" Ren Zhongyuan took the opportunity to mock him.

"Oh, then how are you? how many have you refined?" Lin Yi asked faintly.

"No more, no less, just one! I mean what I say, even if it's just one pill, it's much better than a liar like you who said 100 but can't even take out a single pill!" Ren Zhongyuan laughed complacently and raised the antidote high up in the air. He faced the crowd and said, ""Who wants this antidote pill? first come, first served. We'll have to wait another two hours for the next one!"

Ren Zhongyuan thought that everyone would rush to Lin Yi's side after he shouted. Perhaps even Huo yudie would come to him after seeing Lin Yi's true colors. However, it turned out that no one was moved, let alone Huo yudie, who he was thinking about.

It was only at this moment that Ren Zhongyuan suddenly felt that something was amiss. Why was everyone looking at him with a strange expression? they did not look excited at all as if they had found a life-saving straw. Instead, they looked at him as if he was an idiot?

In particular, Yi Xiaotian and the others had strange expressions on their faces. It was as if they were trying their best to remind Ren Zhongyuan of something. However, Ren Zhongyuan could not understand what they were trying to say. Ren Zhongyuan could not help but feel a little lost. What was going on?

"Martial sister Yu die, I'll give this one to you first. I think you understand my intentions, right?" Although Ren Zhongyuan muttered in his heart, he still put on an infatuated look as he walked through the crowd. He wanted to personally hand the antidote to Huo yudie and take the opportunity to kiss her.

However, before he could reach Huo yudie, Liu Ziyu had already blocked his way. She looked at him as if he was a clown and said coldly, ""Don't waste your energy. Lin Yi made a hundred and twenty antidotes and gave them to everyone. Everyone has already been cured, so you can keep this one for yourself! If I really waited for you to come out, you'd be long dead!"

Chapter 4778 The Real Murderer Of The Poison

"Impossible?!" Ren Zhongyuan immediately jumped up. The more experienced he was, the more he knew how difficult it was. No matter how he thought about it, it was impossible to achieve such a thing. However, when he carefully observed everyone, he realized that it was just as Liu Ziyu had said. These people were all safe and sound!

"This is impossible! That's impossible!" Ren Zhongyuan was deeply shocked and mumbled to himself like a madman. Just when everyone thought that he was going to have a mental breakdown, he suddenly shouted, ""Argh! I know the truth! It must be like this!"

"It must be what?" Everyone looked at each other.

"I've said it before, refining one hundred fifth-grade pills in two hours, even a seventh-grade Alchemist like my father can't do it, let alone this kid! If he can take out 120 antidotes at once, it can only mean one thing-he was prepared. This is the antidote he prepared in advance!" Ren Zhongyuan shouted.

"That's right, what brother Ren said makes sense. Even a seventh ranked Alchemist can't do it, but he can. Doesn't everyone think that this matter itself is a huge flaw? Lin Yi, I think you're too smart for your own good-you've taken out the evidence of your own accord, hehe!" Yi Xiaotian immediately echoed.

The other East Province disciples didn't join in the commotion. Since they knew that Lin Yi was a big-sized leg, they wouldn't offend him over something like this. After all, the poison had been detoxified, and it didn't matter who the real culprit was.

Moreover, anyone with a brain could see that there was something fishy about this. From the beginning to the end, Ren Zhongyuan and Yi Xiaotian's words were very far-fetched. There were very obvious flaws in them, but no one was willing to expose them in person.

However, there were still some of Ren Zhongyuan's underlings among the crowd. They immediately clamored and strongly urged Liu Ziyu to punish the real culprit.

Liu Ziyu couldn't help but frown again. She thought that everyone would be fine after Lin Yi detoxified them, but she didn't expect this guy to be so sharp-tongued and still hold on to Lin Yi. He was a dog-skin plaster.

The problem was that for those who didn't understand Lin Yi's strength, taking out 120 antidotes in less than two hours was a huge mistake. They couldn't ask Lin Yi to perform again in front of everyone, could they?

Liu Ziyu didn't know how to defend Lin Yi. Lin Yi laughed lightly and looked at Ren Zhongyuan as if he was an idiot. "Are you stupid? Do you really think that other people's brains are just for decoration like you? if I wanted to harm someone, would I need to go through so much trouble?"

"Then how are you going to do it?" Ren Zhongyuan straightened his neck and sneered.

"In front of absolute power, all the so-called schemes and intrigues are nonsense. If I really wanted to harm people, this would be enough." Lin Yi's figure suddenly flickered and appeared beside Ren Zhongyuan. He reached out and gave him a light slap.

Ren Zhongyuan was shocked. Lin Yi's attack was so fast and sudden that he couldn't even react in time. He broke out in a cold sweat. Fortunately, Lin Yi didn't dare to kill him in front of his face. Otherwise, he would be in big trouble!

However, before he could finish rejoicing, he suddenly realized that there was an extremely strange essential Qi in his body. It was running back and forth in his various acupoints and meridians. Although it did not have a terrifying destructive power, he could not avoid the extreme pain. Ren Zhongyuan could not hold it in any longer and rolled on the ground in pain in front of everyone while wailing.

Everyone was shocked, and they looked at Lin Yi with even more respect. They thought that he was a super refiner, but they didn't expect him to be this strong as well!

He looked like he was only in the mid-stage of the nascent soul realm, but he was able to toy with Ren Zhongyuan so easily. This was a master of the peak of the nascent soul realm who had won a ranking in the Golden class academy competition.

Yi Xiaotian and the others were even more shocked. They didn't dare to help Ren Zhongyuan as he was rolling on the ground without any regard for his image. Instead, they backed off and didn't dare to get close to Lin Yi.

"It's so simple. I don't have any grudges with the other people on this ship. Even if I wanted to kill you, I would just kill you. There's no need to go through so much trouble to poison everyone." Lin Yi said faintly.

"What have you done to me?" Ren Zhongyuan screamed in pain and looked at Lin Yi in fear. He could only look at the people around him for help. If the pain continued, he would have a mental breakdown even if he didn't suffer a fatal injury.

However, no one dared to take a step closer to him. They didn't have the ability to save him. The only person who could save him, other than Lin Yi himself, was probably Liu Ziyu, the big boss of the school.

It was a pity that Liu Ziyu was full of loathing for him now. As long as he didn't kill anyone, she wouldn't stop him at all. On the contrary, she felt very happy. This guy was getting more and more outrageous. She should suffer a little to learn her lesson!

"You're both a medicine master and an Alchemist, do you need to ask me for such a small matter?" Lin Yi shook his head and laughed. He shrugged as he looked at Ren Zhongyuan rolling on the ground, "Isn't your father a seventh ranked Alchemist? Go back and ask him to help you. He won't die for a while anyway. Since your father is so awesome, he must have a way. "

"You! Ahhhhhhh!" Ren Zhongyuan was instantly infuriated. He didn't get to act cool this time, and he got himself killed instead. He could have put down his pride and asked Liu Ziyu for help, but after Lin Yi's words, he couldn't say it at all. No matter how painful it was, he could only endure it.

Seeing that Ren Zhongyuan's face was pale from the pain and he looked like he was about to die, Liu Ziyu became worried and looked at Lin Yi. After all, if Ren Zhongyuan really died, it would be a big problem. Not only would she be punished, but Lin Yi would also become the target of public criticism. The Ren family's power was not to be underestimated.

Lin Yi gave her a reassuring look-he'd only sent a stream of harmless five elements killing Qi into her, and it wouldn't cause any real fatal damage. Of course, with the characteristics of the five elements killing Qi, it'd be extremely painful to have something like that running around in the body-normal people wouldn't be able to take it.

"Do you all still think that I'm the one who poisoned you?" Lin Yi looked at everyone's expressions and continued,"First of all, I'm the one in charge of moving the food. That's true, but since everyone was poisoned by the heart-piercing sea anemone, I've never had a mission to go into the sea before. How could I have come into contact with it?"

The others nodded thoughtfully ... "

Chapter 4779 Unable To Interpret

Because of the ancient warship's formation, any sea beast with a little strength and intelligence would escape far away, so there was no danger in going into the sea. The task of taking turns to work included going into the sea to fish. This was also a way to rely on the sea to eat the sea, and only the sea had the freshest and richest food.

No one was allowed to go into the sea without special permission, and it was just as Lin Yi said-if they wanted to get the heart-piercing anemone, they had to go into the sea for a mission first, but he obviously didn't have that condition.

"Secondly, even if I can really get the heart-piercing sea anemone and use it to poison everyone, how can I save them with the antidote after poisoning them? He even specially prepared over a hundred antidotes in advance? Is there something wrong with my brain?" Lin Yi glanced at Ren Zhongyuan, who was rolling on the ground.

" You just want Junior Sister Yu die to think that you're stronger than me! You're a despicable and shameless person!" Even now, Ren Zhongyuan was still reluctant to admit defeat. He knew that if he changed his words and begged for mercy now, he would be completely ruined. He might as well grit his teeth and persist on. He might as well treat it as a ruse to hurt himself. This way, he would be able to win the trust of others.

"Hehe, if it's just to prove that I'm stronger than you, just a simple move is enough. Why go through so much trouble? "Do you think I'm an idiot, or do you think everyone here is an idiot? you're from the East Province Academy, after all, and you can't even lie ..." Lin Yi chuckled.

Everyone else shook their heads as well. Ren Zhongyuan's words were getting more and more outrageous. Anyone with a brain would not think that way. Even his loyal followers were embarrassed to continue echoing his words. It was too embarrassing to say it out loud. What if they were treated as fools and laughed at in the future?

"At this point, I'm sure no one has anything else to say. Not only is Lin Yi not the real culprit, he's your Savior! Do you have anything to say?" Liu Ziyu immediately said.

Of course, no one dared to stand out. As for Ren Zhongyuan, who was rolling on the ground, he still had the heart to argue back. However, he was suppressed by Liu Ziyu's aura and the killing aura of the five elements was rampaging in his body. He was in so much pain that he could not even speak.

"Since that's the case, someone take him away. This matter ends here." Liu Ziyu glanced at Ren Zhongyuan and said with a deeper meaning, "I'll remind you to stay in your room and recuperate. Don't come out if there's nothing important, especially don't cause me any trouble. I'm the person in charge of the East continent diplomatic mission. Even if there's no evidence, I can act first and report later. You'd better remember this!"

Anyone with eyes could tell that the real suspect wasn't Lin Yi, but Ren Zhongyuan, who suggested the heart-piercing sea anemone first. It was most likely that Ren Zhongyuan was the one who wanted Lin Yi dead.

It was a pity that she could not find any concrete evidence. No matter how suspicious Ren Zhongyuan was, Liu Ziyu could not do anything to him for the time being. She could only use this as an excuse to put him under house arrest so that he could not continue to stir up trouble.

Since Liu Ziyu had spoken, the matter was considered settled. Although Yi Xiaotian and the rest were unwilling, they could only carry Ren Zhongyuan back to his room according to Liu Ziyu's words. After all, this old woman's notorious reputation in the East Province was not just for show. If they really forced her to be ruthless, they would not have a good end.

The East Province disciples left one after another. Lin Yi cupped his hands to Liu Ziyu and said gratefully, "Thank you Vice Principal Liu for helping me out. Otherwise, I wouldn't have been able to explain myself today."

This was the truth. Although Lin Yi had a hundred ways to expose Ren Zhongyuan's false accusations, he had to have the opportunity first. If Liu Ziyu didn't help him, he wouldn't even have the chance to refine the antidote for everyone, let alone listen to him. With Ren Zhongyuan and Yi Xiaotian fanning the flames behind the scenes, they might have been forced to fight long ago.

"You've said it the other way around. I should be the one thanking you properly. If it weren't for you, I don't know how this matter would have ended." Liu Ziyu shook her head in fear. Fortunately, Lin Yi could really make so many antidotes, otherwise the consequences would be unimaginable.

"Ren Zhongyuan escaped this time. It's really hateful. If this was the West Island, even if there was no evidence to prove that he poisoned the food, he would have been sent to prison for framing someone!" Ning Xuefei said angrily.

"That's right. It's obvious that Ren Zhongyuan was the one who did this. Master, are we really going to let him off?" Huo yudie was also a little unhappy. She had always hated Ren Zhongyuan, and now that he had caused such a big incident to frame Lin Yi, it made her even angrier. She wanted to punish this bastard on the spot.

"We can't touch him if we can't prove it, especially on this ship," Liu Ziyu sighed helplessly. She did not want to pamper Ren Zhongyuan and his gang. Unfortunately, although she was the person in charge of the East continent diplomatic mission, she was still a guest on this ancient battleship. The crew would respect Ren Zhongyuan, but not her.

Lin Yi looked at ning Xuefei and Huo yudie's angry faces and couldn't help but laugh. "Hehe, there's no need for that. That guy has already been punished. He looks like he's in a lot of pain."

The two girls smiled when they heard that. They felt relieved when they thought of Ren Zhongyuan rolling around on the ground just now. Even Liu Ziyu covered her mouth and laughed. The wicked would be punished by the wicked. Ren Zhongyuan had really kicked an iron plate this time.

After being carried back to his room by Yi Xiaotian and the rest, Ren Zhongyuan still had some backbone. He howled in pain as he chased all of them out. After all, he was in such a sorry state now. If Yi Xiaotian and his underlings were to look at him like this, how could he still have the face to act arrogantly in the future?

"Detoxify! There must be a way to detoxify it! Ahhhhhhh!" Ren Zhongyuan was hysterical alone in the room. He also felt a stream of essential Qi flowing in his body. He subconsciously thought that it was a rare poison like the heart-piercing sea anemone. He was an apothecary and an Alchemist, and he even had a high-grade detoxification pill with him. No rare poison could pose a problem to him, definitely not.

Ren Zhongyuan consumed the antidote pill without any hesitation. At the same time, he gritted his teeth and endured the intense pain while circulating his mental cultivation method to dissolve the essential Qi. Two hours passed, then two, and he was tormented until midnight. Only then did Ren Zhongyuan completely break down because everything he did was completely useless!

The ghostly, strange true Qi could not be dissolved at all. It was simply inexplicable. Not only was it as elusive as the heart-piercing sea anemone's poison gas, but even if one could catch it by chance, it could not be dissolved at all.

Generally speaking, no matter if it was poisonous gas or true Qi, once it could be successfully locked on, there was always a way to resolve it bit by bit with one's own mental cultivation method. The only difference was the speed!

Chapter 4780 The Captain Stands Out

However, Ren Zhongyuan realized that this common sense was no longer useful. This was because the true energy in his body was so strange that it was simply unreasonable.

One moment it was metal, the next it was wood, and after a while it became water. When he finally made up his mind to start refining, it suddenly became fire. There was no pattern to it at all, how could he resolve this?

Ren Zhongyuan was about to go crazy. He was at his wit's end when it came to dealing with the strange essential Qi. The only fortunate thing was that there were no fatal injuries in his body up until now. He would only feel extreme pain from time to time. When it didn't happen, he would be fine and could at least catch his breath. It seemed like he wouldn't die for a while.

However, Ren Zhongyuan did not give up. Since he could not refine it, he could only place all his hopes on the elixirs. Not only did he take the real antidote, but he also took all the elixirs that had the slightest possibility of dispelling the strange essential Qi. Even if it could not completely dissolve it, it would be good if it could only reduce the pain a little!

To anyone with common sense, Ren Zhongyuan's actions were simply playing with his life. The consequences of randomly consuming pills were often more miserable than being poisoned. However, he had already lost his mind due to the intense pain and could not care about these things.

To Ren Zhongyuan's surprise, one of the elixirs that he had randomly consumed actually came in handy. It was a pill called the turtle breathing pill, which, as its name suggested, could cause a person to enter the turtle breathing state. However, after he took it, he did not enter the turtle breathing state, but the true Qi in his body stopped circulating.

In this way, the strange true Qi seemed to be suppressed. As long as the true Qi could not run around, he would not be in severe pain. The only aftereffect was that he could not cultivate, let alone use his heart cultivation method.

This was originally a harmful pill, but he had used it as an antidote by chance.

By the time Ren Zhongyuan was done, the sky had already brightened up. After taking a short break, he immediately wanted to go out and take a walk. At the very least, he had to act as if he had successfully neutralized the true energy so as not to be looked down upon by others.

"Senior martial brother Ren, it's better for you to stay in your room and recuperate in peace. This is a special order from Vice Principal Liu, so don't make things difficult for us." Two East province's disciples blocked his way at the entrance. Liu Ziyu was still a Big Shot of the Academy, and there were still many disciples under her command.

Ren Zhongyuan's face turned livid with anger. The true energy in his body showed signs of stirring in his anger, which gave him a shock. He pointed at the two people at the door and was speechless for a long time. This ancient warship was his territory, but they were brazenly placed under house arrest in his own territory. Who could tolerate such a thing?

"Good! Good! Good!" Ren Zhongyuan gritted his teeth and said 'good' three times in a row. If it was in the past, he would have already stepped on these two bastards. However, he could only endure it for now and said coldly, ""Okay, I won't go out, but it shouldn't be a problem for others to come and see me, right? Go and find Yi Xiaotian for me!"

The two disciples from the East Province looked at each other. Liu Ziyu did not say anything like that. Ren Zhongyuan was someone with a strong background, and they could not afford to offend him too much. Hence, they immediately nodded in agreement.

After a while, Yi Xiaotian came to the room and laughed when he saw Ren Zhongyuan lying lazily on the bed. ""Brother Ren, you're really carefree. It looks like there won't be any problems, right?"

"Hmph, I've only temporarily suppressed the poison. If I'm really fine, would those two dogs still dare to stand there?" Ren Zhongyuan shook his head in a bad mood.

"Sigh, Liu Ziyu has the final say now. After yesterday's incident, no one else dared to say anything. We can't do anything about it." Yi Xiaotian could only helplessly spread his hands. If the opponent was only Lin Yi, it would be fine, but now Liu Ziyu could crush them with one sentence. What was the point of this?

"I have a way to suppress that old woman. How about this, you send me a letter and everything will be solved." Ren Zhongyuan pinched his chin and smiled. The smug smile he had yesterday appeared on his face again.

It was noon, and all the East continent disciples, including Liu Ziyu and Lin Yi, were eating in the cafeteria. There was a commotion at the entrance, and everyone was surprised to see an uninvited guest-Captain Ao Tianba!

Lin Yi studied the man from a distance-it was the first time he'd seen this legendary Captain with his own eyes. He had thick brows and big eyes, and he walked like a dragon or a Tiger. He did look like a middle-aged man with a heroic spirit.

To this ancient battleship, Liu Ziyu and the East continent diplomatic group were only temporary guests. The real controller was its original crew, and the leader was the captain, Ao Taba.

However, the canteens of the East continent's disciples and the crew of the battleship were separate. Ao Tianba had never come to this cafeteria. What was going on today?

"Captain Aotian BA has arrived. We've been disrespectful." Liu Ziyu suppressed the doubts in her heart and stood up to welcome him. The other party was the actual controller of the ancient battleship. Whether it was in terms of strength or status, he was not below her, the vice principal of the school of Morning Pride. Even Liu Ziyu had to be polite to him.

"Haha, I've come presumptuously. Vice Dean Liu, please don't take offense. Come, come, come. Everyone, please take a seat and continue eating." Ao Tianba took the lead and sat down, not treating himself as an outsider at all. However, he was indeed the master of this place, and there was nothing to criticize about that.

"Captain, you're a rare guest. May I know why you've come?" Liu Ziyu replied in a neither soft nor hard manner.

"Oh, I heard that there was some trouble here yesterday. They said that many East Province disciples were poisoned, so I came to see if there was anything I could help with." Ao Tian BA laughed heartily.

"Thank you for your concern, Captain. The poison in the East Province disciples has been successfully neutralized. Everything is back to normal now." Liu Ziyu smiled faintly.

"That's good. You're my distinguished guests. If anything happens to you, I'll have to bear the blame." Ao Tianba laughed and asked, "Eh? Why didn't I see Chongyuan? This kid's father is an old friend of mine."

It's rare for me to come over, yet he didn't even greet me. Vice Dean Liu, can you get someone to call him over for a chat?"

Liu Ziyu, Lin Yi, and the others looked at each other and instantly understood. The captain was not here to see the East Province disciples, but to stand up for Ren Zhongyuan!
