

Bodyguard 4791

Chapter 4791 A Serious Apology!

"I'm fine," she said. Lin Yi chuckled. He was relieved to see that Ning Xuefei was safe and sound. He had rushed back to see Ning Xuefei, afraid that something had gone wrong in the chaos. However, he knew that he was overthinking when he saw Liu Ziyu following closely behind.

He told them everything that had happened in detail. Ning Xuefei and Liu Ziyu were shocked, especially when they heard that the sea Dragon had appeared. Their eyes lit up, and even Liu Ziyu was no exception. It seemed that this creature that was closest to the sea god was indeed extraordinary. Everyone had heard of its legend.

As Lin Yi and the others were talking, there was a commotion-ao Tianba was here.

Ao Tianba looked at Lin Yi with a complicated look in his eyes, but he didn't come over immediately. He turned to the crowd and said, "Everyone, due to the crisis just now, our warship has consumed all the stored spiritual energy, so we can't continue to sail for the time being. We can only wait for the energy collection to be replenished. During this time, you must not act on your own. There is no beast scaring array or defense array, so I don't think I need to explain the dangers."

"Ah? Then what do we do?" Everyone turned pale with fright. They had been staying in a relatively closed living area all this time, so they didn't know much about the situation outside. As for the Starfall formation, the ten thousand mile formation, and so on, they had never even heard of them. They only knew that they were attacked by a group of super sea beasts. They didn't think that the battle situation would be so precarious.

The ancient warship was a giant that could sail the sea. In everyone's heart, no sea beast was a fatal threat. But now, they were suddenly told that it had exhausted all its spiritual energy. If it continued to sail on the sea, wouldn't it have a slim chance of survival?

"Don't worry too much, everyone. As long as we can hold on for a day and a night, the warship will be able to replenish enough spiritual energy to set sail again. Although there are threats outside, so many super sea beasts have died this time, so there shouldn't be anything that will dare to approach us for a while. So, it's still relatively safe. Don't panic." Ao Tianba comforted.

Everyone heaved a sigh of relief when they heard this. As long as they could hold on for a day and a night, they would be able to continue on their journey. That should not be a big problem.

"However, for safety's sake, we must be on high alert during this period of time. Vice Dean Liu, you and I are the strongest on this ship, so we can only work a little harder." Ao Tian BA said.

"It's my duty, no problem. " Liu Ziyu immediately agreed.

"Alright, if there's nothing else, everyone can leave." Ao Tianba nodded and walked over to Lin Yi under everyone's gazes. He hesitated for a moment before speaking, "Young hero Lin, what happened before was purely a misunderstanding. What we need the most now is a danger lookout ..."

Lin Yi waved his hand before he could finish, "I quit. Since you don't listen to me, what's the use of being a danger lookout? Forget it, I don't want to waste my energy!"

Ao Tianba's face fell when he heard this. However, he was no fool. The incident about the treasure ship on the North Island could be regarded as a groundless rumor, but he had seen it with his own eyes today!

This Lin Yi's sailing talent was the first he'd seen in his life-he'd finally seen what it meant to be a super genius born for the sea!

It must be known that the official lookout on his ship was a senior figure who was even more experienced than him. His rich experience was well-known in the navigation world. His status and prestige on the ship were only slightly lower than his, the captain. Even the vice-captain and first mate could not compare.

Yet even an experienced seafaring senior like him couldn't spot the sea beasts in time, and Lin Yi was the first to spot them. If he'd followed Lin Yi's warning, there wouldn't have been so many problems, and he wouldn't have been in such a life-or-death situation.

That wasn't all, Lin Yi's performance in taking over the Starfall formation in the middle of danger had everyone, including Ao Tianba, flabbergasted.

While they were still having a headache over the three sea beasts, the other party went straight for the mastermind. They didn't even see the sea Dragon's Shadow, and Lin Yi had already started planning.

Ao Tianba couldn't help but blush at the thought of the words he'd said to Lin Yi-he was a Captain, and yet he couldn't even see through the enemy's plans ... It was too embarrassing ...

Now that he thought about it, the Starfall formation was a huge humiliation to him, the captain of the ship. He couldn't even handle a few sea beasts, while Lin Yi, on the other hand, could deal with Dragon with ease. The difference wasn't just a little bit, it was a huge difference!

At this time, the East Province disciples who didn't know what was going on were still watching the show, especially Ren Zhongyuan and the others. They were all gloating over Lin Yi's misfortune. How dare he talk to ao Tianba like that? did he really think that everyone would give in to him on the West Island?

You actually said that you don't want to be a danger watcher anymore. Is this something that you can just stop doing? Truly a reckless fool!

Up until now, Ren Zhongyuan still didn't notice the change in ao Tianba's tone. He was still immersed in his wishful thinking of sending Lin Yi into the fire pit. He thought that ao Tianba purposely said this in front of everyone to emphasize the importance of being a danger watcher, so that it would be easier for him to punish Lin Yi!

However, ao Tianba's next sentence surprised Ren chongyuan and the others. "Lin shaoxia, it was indeed my mistake. I apologize to you for that!"

Not only was everyone dumbfounded, even Liu Ziyu and the others looked at each other. Even Lin Yi himself was surprised. He didn't think that the high and mighty Captain would be willing to put down his pride and apologize to him in front of so many people.

"To be honest, I'm also very regretful now. If I had listened to your warning at the first moment, all these things wouldn't have happened. It's just that I didn't think there was any danger at that time, and I thought you were an inexperienced newbie, so I didn't believe you. I didn't expect things to turn out like this. It really makes me feel ashamed." Ao Tianba's tone was sincere.

Lin Yi couldn't help but think too highly of this man. He was able to let go of things easily-as expected of a Captain. Although he seemed like a bastard when he stood up for Ren Zhongyuan, it seemed like he wasn't completely useless now. He was a top figure.

"It's nothing. Anyway, the danger has been averted. Since I'm the lookout, it's my responsibility to send out early warnings. As for whether you listen or not, it's your business. I can't be bothered to care so much." Lin Yi said faintly.

Chapter 4792 Honorary Vice-Captain

"No matter what, I have to thank young hero Lin for saving our lives on behalf of everyone on the ship. If it weren't for you, we wouldn't be standing here safe and sound." Ao Tianba lowered himself and bowed deeply to Lin Yi.

Everyone was dumbfounded by the scene as if they had just seen a ghost. The captain was supposed to punish Lin Yi on behalf of Ren Zhongyuan, so why did it suddenly turn into this?

Also, he said that he was thanking Lin Yi for saving his life on behalf of everyone. What was that about? what just happened?

Everyone was confused. Ren Zhongyuan looked at ao Tianba in shock. He could not help but jump out and ask for an explanation. However, before he could speak, his uncle ao gave him a stern look and shut him up.

"No need. We're all in the same boat. I'm only doing this for self-protection." Lin Yi said with a wave of his hand. To be honest, if there were other ways to ensure the safety of ning Xuefei and the others, he might not be willing to stand up for them after what ao Tianba had done.

Even if Lin Yi was willing to help, the thing might not be willing to help him this much. After all, he was facing Dragon, his relative! Who the hell would help a human deal with their relative? even if it was a distant relative, they still had the word "Dragon" in their names!

"Young hero Lin, you're too humble. No matter what, I have to thank you properly." Ao Tianba was still very sincere as he invited, ""I also know that with your abilities, it's a waste for you to be a lookout for dangerous situations. So, as the captain, I sincerely invite you to join my warship. With your sailing abilities, I can promise you the position of vice-captain in the future!"

There was an uproar at the scene-this was getting more and more confusing. It was one thing if ao Tianba didn't try to scam Lin Yi, but why was he trying to get on Lin Yi's good side now? lowering his status and giving him the high position of vice-captain?

Everyone was just watching the show, but Ren Zhongyuan was so shocked that his jaw almost fell off. He looked at ao Tianba in disbelief, who had a 180-degree change in attitude. What was uncle ao doing?

He didn't know that ao Tianba was only helping him because of his father, but after last night's battle, Lin Yi's value had far exceeded his father 's. If he didn't change his attitude now, he'd be an idiot.

For a person like ao Tianba who sailed on the sea, a talented sailing master was absolutely more important than anything else. A seventh-grade Alchemist was simply incomparable. This was a sailing trump card that could let him rest easy at sea!

Lin Yi couldn't help but be moved by ao Tianba's invitation. Vice-captain was basically the same rank as the Vice-Dean of the East Province Academy. This guy was willing to pay a lot of money just to win him over.

But as moved as he was, Lin Yi had never planned to do this, and naturally, he wouldn't accept this sudden invitation. He shook his head, "I'm sorry, but this is not my goal. Captain, please find someone else. "

Ao Taba's expression suddenly froze. Even if the other party was the Fuma of the West Island with a promising future, he was only a master in the middle stage of the nascent soul realm. Offering a high-ranking position like vice-captain was already a sign of sincerity, but he did not expect to be rejected without hesitation. It was indeed not easy to invite a master.

"Since that's the case, I won't force you." Ao Tianba smiled bitterly. He was disappointed, but he knew that he had to try his best to get on Lin Yi's good side. He might have a chance in the future, or he'd only bring himself an unimaginably strong enemy if he continued to offend him.

With Lin Yi's shocking performance last night, he couldn't help but start to suspect Lin Yi's background. At least one thing was for sure-this guy wasn't just a simple Fuma of the West Island or a disciple of the North Island. He had an even more powerful background!

Otherwise, it would have been impossible for him to be so familiar with the Starfall formation. After all, this kind of thing was very difficult to come into contact with, whether it was in the West or the North Island.

However, ao Tianba did not give up so easily. He suggested, ""This time, the vitality of this Starship has been greatly damaged. If there is no powerful person to personally control it, there may be even greater chaos on the way. So, I have a presumptuous request, and I hope that you will seriously consider it."

"Oh? Just say it. " Lin Yi frowned. His impression of this guy had changed quite a bit-at least he didn't hate him as much as before. If it wasn't something too outrageous, he'd agree to it. After all, they were still on this ship, and they'd be in trouble if anything happened.

"I would like to invite young hero Lin to control this ship together. Don't worry, there won't be any mistakes like before. All the crew members on this ship will carefully follow young hero Lin's every order. I wonder if young hero Lin can help?" Ao Tianba paused and then added, ""Of course, you need a good reason to do so. An honorary vice-captain position should be just right. Don't worry, Lin shaoxia. This won't affect you from doing anything else. You can leave if you want to. There's no need to get entangled."

"You want me to control the warship together?" Lin Yi's eyes lit up. He didn't care about the vice-captain title, but he was very interested in the opportunity to control an ancient warship of this scale!

Even if he didn't have the dream of being a sailor, as long as he was a man, he would naturally be interested in these things. Guns, cannons, cars, horses, especially these super battleships that represented the ultimate force-these were things that were destined to happen in his bones, and Lin Yi was no exception.

As an assassin, Lin Yi had piloted planes and cannons in the common world, but he had never piloted a battleship! Especially after personally controlling a super killing formation like the Starfall formation-to be honest, Lin Yi actually had a tendency to love it!

Even if he had only followed the instructions of the ghostly thing to place his pieces, the feeling of fighting a super Overlord of the sea like Sea Dragon through the Starfall formation and even forcing him to flee in a panic was simply too pleasurable and irresistible.

How great it would be if he had such a super warship! That was Lin Yi's first thought when he walked out of the command room. Of course, it was just wishful thinking, but now that he had the chance to control the ancient warship again, he wouldn't let it go easily.

Chapter 4793 Turning Hostile

"Alright, I can agree to this, but I have a condition." Lin Yi's tone was still calm.

"Please speak, young hero Lin!" Ao Tian BA quickly said.

"That guy is an eyesore. Let him go back to his room. Don't let me see him. I'm annoyed." Lin Yi pointed in the direction of Ren chongyuan.

"Men, send Ren Zhongyuan back to his room. He is not allowed to take a single step out of his room until he is in the East Province!" Ao Tianba immediately gave the order without any hesitation. He did not suffer any losses from such conditions. Even if he were to lock Ren Zhongyuan up, Ren Zhongyuan's father would not dare to fall out with him over such a small matter. He would still do what he had to do and there would be no changes.

"Uncle ao! Don 't! You and my father are good friends, how can you help an outsider!" Ren Zhongyuan shouted in exasperation. He didn't expect this to happen. Not only did ao Tianba not help Lin Yi, but he was also trying to please Lin Yi. What the hell was going on?!

"So noisy, why aren't you moving?" Ao Tianba frowned. Immediately, a crew guard came over and took Ren Zhongyuan away. Ren Zhongyuan couldn't circulate his true energy and was a complete waste. He couldn't even struggle and could only be dragged away like a dog.

Everyone was dumbfounded at this scene, so shocked that they couldn't close their mouths for a long time. This time, they could be considered to have deeply understood two old sayings. One was that the Wheel of Fortune turns, and the other was that a fall out was as easy as flipping a book.

"Young hero Lin, is this okay?" Ao Tian BA turned a deaf ear to Ren Zhongyuan's screams and turned to Lin Yi with a smile.

"Sure." Lin Yi nodded, getting to know this guy a little bit more. He was capable, but he was also black-hearted and thick-skinned, and he had to be careful when dealing with people like this. Don't be fooled by his straight-up face, he could sell you out in the blink of an eye!

Ao Tianba smiled in satisfaction. He didn't manage to get Lin Yi on board this time, but it wasn't like he couldn't accept it. It was just an honorary vice-captain position, and he didn't even need to pay a salary to get a master Navier on his side. It was a good deal no matter what.

With the honorary vice-captain position, Lin Yi's position on the ship was now second only to one person. Even the vice-captain and first mate had to be polite to him. Even Liu Ziyu couldn't help but envy him, sighing that people really couldn't be compared!

After a safe and uneventful day, the ship set sail again amidst everyone's cheers. Lin Yi, on the other hand, would go to the cabins of the ship when he had nothing to do-these were the things he was most interested in knowing.

He was the vice-captain, after all, and ao Tianba never stopped him from getting on Lin Yi's good side. As far as the captain was concerned, if Lin Yi could even control the Starfall formation to such an extent, what other secrets could he have? In terms of secrets, the descending star formation was the core secret. He knew much more than them!

As for the observation tower, Lin Yi never went up there again-ao Tianba only asked him to help out when he had the time. He didn't even need to go up there to know if there was any danger ahead, and he could easily get people to avoid it in advance-he was much more accurate and timely than the old veteran he had been.

After a few more times, the title of genius sailor spread like wildfire, and Lin Yi had become a rising star in the seafaring world without even realizing it ...

Ning Xuefei was even happier about Lin Yi's special treatment than Lin Yi himself, her face full of pride. This wasn't just about being his wife-she was even more interested in this ancient battleship than Lin Yi was. She could learn from him openly and prepare for the future of the village.

Huo yudie, on the other hand, felt helpless-ning Xuefei was always following her everywhere, and she'd never have the chance to spend time alone with Lin Yi again. As for the bold idea she had on the lookout tower, she didn't even dare to think about it and buried it deep in her heart.

After a whole month of sailing, the ship finally entered the legendary yellow-class Sea area of the East continent. It'd only been a few years since Lin Yi came to the sky-class Island, but he'd seen a lot-not just the North Island, but the other middle, South, and West islands. He couldn't help but be shocked by what he saw.

Big! It was extremely big! This was Lin Yi's first reaction when he saw the East continent's golden class port. The ports on the north and west islands were countless times worse than this one. This was a true super port!

If it was just the size of the port, it would be fine. The key was that the ships parked in front of them were too spectacular. From a distance, more than half of them were treasure ships, and there were even a few large warships!

As for those ordinary seafaring ships, even super ones were not qualified to be seen in this place. They were just like small fishing boats beside these sea Giants. They would even feel embarrassed to greet others when they walked out.

"Treasure ships and battleships. Weren't these things very rare? why are they everywhere?" Lin Yi couldn't help but swallow. He thought that having a treasure ship was already very impressive, but now that he thought about it, he was too naive.

"That's right. Not to mention ancient warships, even treasure ships are very rare strategic items. It's just that more than 80% of the treasure ships of the five heaven-class islands are concentrated in the East continent, so there are many of them. This kind of scene can never be seen in other places." Huo yudie explained with a smile.

"I see." Lin Yi nodded and couldn't help but praise the East continent. It was the strongest Island on Sky Class island after all!

The warship docked slowly, and Ren Zhongyuan, who had been locked up for a month, was finally released. He didn't dare to look for trouble this time. Even ao Tianba was helping Lin Yi, and he knew that he was out of options.

Ren Zhongyuan and Yi Xiaotian glared at Lin Yi's group from a distance. Their faces were filled with hatred and unwillingness. Ren Zhongyuan, Yi Xiaotian, and the others could only get off the ship and leave in a hurry. They disappeared into the crowd without even saying goodbye. They probably did not have the face to come and harass Huo yudie for the time being.

Lin Yi and the others couldn't be happier-these annoying guys all had strong backgrounds, and they couldn't kill them. They'd be at a disadvantage if they came up to them, but it'd ruin their mood.

"Lin shaoxia, I'm usually stationed here even if I don't go out to sea. If you need anything, you can come and find me at any time. Don't forget, you're the honorary vice-captain of this ship." Ao Tianba sent them off personally.

Chapter 4794 The Academy's Choice

But what made people speechless was that he was only nice to Lin Yi, while Liu Ziyu, who had the highest status, was ignored, making people not know whether to laugh or cry.

"Thank you, Captain ao. We'll meet again." Lin Yi nodded with a smile.

During this period of time, he found that this person was actually not too bad. Other than the fact that he would turn hostile immediately, there was nothing wrong with him. Although he knew that this person was doing this purely to win him over, having a friend who owned an ancient warship might come in handy one day.

"Have a safe journey, we'll meet again!" Ao Tianba laughed heartily. Those who were not familiar with him would be fooled by his image. Anyone who thought that he was honest and straightforward would definitely be scammed in the future.

After getting off the boat, the East Province disciples all came to say goodbye to Liu Ziyu and left in twos and threes, each going back to their own homes to find their mothers. However, Liu Ziyu, Lin Yi, and the others didn't immediately set off for the proud of the morning Academy, but found an Inn nearby to stay for the time being.

There was no other reason. They had to solve a very important problem these few days. Which college should they go to?

Ning Shangling didn't give a clear answer to this question, only saying that it was up to ning Xuefei to choose. As for Lin Yi, he would go wherever ning Xuefei went.

Along the way, Liu Ziyu had asked ning Xuefei this question several times. Unfortunately, this girl was busy peeking at the secrets of the ancient warship and had not thought about it seriously. Thus, it had been delayed until now. Liu Ziyu could only wait helplessly. Her mission was to send ning Xuefei to school personally. She could not just leave now.

Liu Ziyu, ning Xuefei, Huo yudie, and Lin Yi-the four of them were sitting around a table, staring at each other. There was a huge pile of information on the table, including all the yellow Class Academies in the East continent. Lin Yi estimated that it would take at least three to five days to finish reading all of it.

Ning Xuefei was having a headache-even Lin Yi wouldn't be able to handle it. It was like looking for a needle in a haystack, trying to find the one he liked.

"Why don't you guys recommend me a restaurant?" Ning Xuefei could only ask for help with tears in her eyes.

Everyone looked at each other. Liu Ziyu and Huo yudie did not say a word. Helping ning Xuefei choose a college could be a big or small matter. If word of it got out with ulterior motives, they would be accused of interfering in the internal affairs of the West Island. Even if ning Shangling did not have any objections, the other East Province colleges would definitely be dissatisfied.

If they could recruit ning Xuefei, the princess of the West Island, into their school, it would be a big deal for any East Province Academy. To some extent, this was an honor only first-class Academies could enjoy. Therefore, this matter could only be decided by ning Xuefei herself. Liu Ziyu did not want to be the subject of gossip.

Helplessly, ning Xuefei turned to Lin Yi. Lin Yi didn't care much about this-he was the Prince Consort of the West Island, and he had enough say in this matter.

"How about the Morning Star Academy?" Lin Yi said after some thought. This was the first East Province Academy he knew of, and Xinyan and xiaotao were both there. As long as ning Xuefei became the disciple of Donghai's godly nun, they'd be able to take care of each other.

Of course, there was also a big selfish reason-Lin Yi just wanted to take this opportunity to see Wang Xinyan and Huang xiaotao. It had been two years since they last met at the South continent sea, and he would be lying if he said he didn't miss the two girls. This was the perfect opportunity.

Ning Xuefei didn't care at all, and she'd do whatever Lin Yi said. She was just about to nod when Liu Ziyu interrupted her,"You can 't!"

"Why?" Lin Yi and ning Xuefei were stunned.

"I'm Feifei's referrer. Although this doesn't mean that Feifei has to enter our Academy, with this layer of relationship, she can't join the morning stars Academy because they are our Academy's biggest competitor. " Liu Ziyu said seriously.

"There's such a saying?" Lin Yi was surprised-he knew of this school, but it turned out to be the school's rival. Wasn't this too much of a coincidence?

"That's right. Didn't you notice that the two names are very similar?" Liu Ziyu asked with a wry smile.

"Morning Pride? Morning Star? You're right, there's only a one-word difference. Isn't that a coincidence?" Lin Yi asked curiously. He didn't think that way before, and thought that it was just a coincidence.

"An Academy's name is a huge matter, how can it be a coincidence? "In fact, these two schools were originally one family, but they split up because of a major incident. As a result, they didn't get along with each other after that, and the estrangement grew deeper and deeper, which led to the current situation ..." Liu Ziyu sighed.

"Uh, so that's how it is." Lin Yi shook his head with a bitter smile. Letting Ning Xuefei go to Morning Star was his ideal plan, but it seemed like there was no chance for that now.

"Then what do we do?" Ning Xuefei didn't know what to do.

"I don't know what to do either. I only know Chen Xing's family. I've never heard of the other Academies." Lin Yi said helplessly.

Seeing that the two of them were helpless, Liu Ziyu said, ""Actually, for a Princess like Feifei, a Yellow Academy is just a stepping stone. She'll definitely go to the mystic class Sea area in the east continent in the future, and this is just her first stop. So as long as it's a top-ranked Yellow Academy, any one will do."

"Then why don't you just stay at our proud of dawn Academy? we can keep each other company!" Huo yudie's eyes suddenly lit up.

She didn't have as many concerns as Liu Ziyu, and it wasn't a big problem for her to say it out loud. After all, she and Ning Xuefei were best friends, and if Ning Xuefei stayed at the Academy, Lin Yi would have to stay for a while longer as well. It was killing two birds with one stone, and she didn't want to say goodbye to Lin Yi so soon.

"Alright!" Ning Xuefei nodded.

Liu Ziyu looked at this scene and smiled with relief, but in the end, she shook her head and said, "That's what I thought as well. It's a pity that there are no spots this year. It's such a pity."

"No slots?" Lin Yi blinked. There was a quota for this? When it came to Ning Xuefei, the princess of the West Island, the normal Academies would fight over her. They would not reject her just because of a small matter like the quota ...

"The Academy rules state that the maximum number of students is three hundred. This is a rigid rule passed down from our ancestors. After the number of disciples reaches three hundred, we can only implement a supplementary system. One can only enter after one leaves." At this point, Liu Ziyu shook her head with a bitter smile. "In previous years, there would be at least a few spots. It's strange that there's no one this year. Even if Feifei's status is special, we can't break the rules. Otherwise, Chen Xing will definitely not let go of this rule. I can't do anything about it."

Chapter 4795 Soaring Cloud School

Lin Yi didn't know what to say. Liu Ziyu was the one who recommended the Morning Star class, so she couldn't go to the Morning Star Class, and because Chen Xing was so against the rules, she couldn't go to the Morning Star Class. There was only one word to describe it-F * cked up.

"Then what should we do?" Ning Xuefei was also having a headache.

"The only thing we can do now is for you to go to another Academy nearby and stay there for a year or two before returning to our side." Liu Ziyu suggested an idea that was not a good idea. She had personally promised ning Shangling that she would take good care of ning Xuefei. If she was too far away, it would be difficult to take care of her, and she would have to go back on her word.

"Are there any good Academies nearby?" Ning Xuefei asked.

"The soaring Cloud School is one of the best among the Golden class schools. It's not far from our school and we've always had a good relationship with each other. You just need to say hello and you'll be admitted. What do you think, Feifei?" Liu Ziyu suggested.

"Xiangyun? Isn't that Ren kaizi's Academy?" Ning Xuefei pouted. Ever since Huo yudie called Kang Zhaoming a "rich kid", it had become their collective name for those annoying people. Kang Zhaoming was the "rich kid", and Ren Zhongyuan was the "rich kid".

Lin Yi and Huo yudie couldn't help but frown. Although it was a bit one-sided to look down on the soaring Cloud School because of Ren Zhongyuan and his group, it wasn't a good impression either. Especially if they went to the soaring Cloud School, they would definitely be entangled with Ren Zhongyuan and his group. Furthermore, it was the opponent's home ground, which was extremely annoying.

Liu Ziyu could see their concerns and explained with a smile, "You don't have to worry about that. Feifei, with your identity as the princess of the West Island, you will definitely be the most valued disciple of the soaring Cloud School. No matter how bold Ren Zhongyuan is, he won't dare to act rashly. Even if he's not convinced, his father will stop him. I will make this clear to the higher-ups of the soaring Cloud School."

"Well ..." Ning Xuefei turned to Lin Yi hesitantly, wanting him to make a decision for her.

"If that's the case, then let's listen to Vice Principal Liu and go to the soaring Cloud Academy. This way, Feifei, you can still meet up with Yu die. Otherwise, if you're too far away, you won't be able to see her even once a year. That would be too lonely and boring." Lin Yi nodded.

This was also for Liu Ziyu's convenience. As for the clowns like Ren Zhongyuan, they were a little annoying, but as long as they were given a good warning, there shouldn't be any problems. Lin Yi's vision wasn't so low that he would take these people seriously.

"Alright then, I'll go to the soaring Cloud School." Ning Xuefei nodded. She would do whatever Lin Yi said. She didn't need to worry about these things.

"Alright, let's not delay any further. Let's set off now." Liu Ziyu looked at Lin Yi approvingly, like a mother-in-law looking at her son-in-law. The more she looked at him, the more she liked him. Not only was this child strong and capable, but he was also very reasonable. He was the perfect choice to be her disciple's husband. It was a pity that ning Shangling got it first. Sigh!

Huo yudie was also very happy. Not only could she spend more time with ning Xuefei, but she could also spend more time with Lin Yi. After all, she had been to the Flying Cloud School a lot before and was familiar with it.

The four of them set off immediately. Whether it was the pride of dawn or the soaring Cloud School, they were both thousands of miles away from the harbor. However, it was very convenient to rent flying

spirit beasts here. This distance only took two hours. After flying over the vast forest and various villages scattered among them, the four of them quickly arrived at the square of the soaring Cloud School.

Soaring Cloud School was just one of the many golden class schools, but its layout was comparable to the three pavilions in the North and the palace in the West. It was especially shocking that every single young disciple here was at least a master of the Golden core stage.

The East Province Academy was a place where geniuses gathered-this saying was indeed true. In terms of average strength, the other Sky Class islands couldn't compare. Of course, not all the disciples here were from the East Province, and many were elites from other islands. Otherwise, it wouldn't be so spectacular to see so many talents.

Liu Ziyu led the three to the front hall of the school. The higher-ups had already received the report and were waiting for them, but the scene wasn't as Grand as Lin Yi had imagined. With ning Xuefei's identity as the princess of the Western Island, he thought that the higher-ups would come together. However, there was only a gentle and elegant woman waiting for them.

It wasn't that the soaring Cloud school's higher-ups were putting on airs, but rather that it was the basic courtesy of a Yellow Class academy in the East continent. No matter what the identity of the person was, he was still just a disciple. If they made such a grand entrance on their first visit, then these disciples with special identities would become lawless and it would be difficult to discipline them in the future.

"Xingmo, long time no see." Liu Ziyu smiled and walked over. At the same time, she turned around and introduced him to the others,"This is soaring Cloud school's Vice Principal, Chen xingmo. This is the West Island's Princess, ning Xuefei. And this is Qian Lin Yi."

"Greetings, Vice Director Chen." Lin Yi and ning Xuefei quickly greeted.

"Aunt Chen," Huo yudie smiled and went up to hug the woman's arm. Looking at their intimate behavior, they must be very familiar with each other.

"Hello, the Dean has just told me that Feifei will cultivate with me in the future, is that okay?" Chen xingmo nodded and smiled. As for Lin Yi, she didn't mention him. It was obvious that Lin Yi only sent ning Xuefei here and didn't plan to enter the school to cultivate.

"Yes, yes. Feifei greets master." Ning Xuefei resumed her disciple's etiquette. Even if she was only cultivating with her temporarily, she was still a true master. She could not ignore the etiquette.

"Alright," he said. The corners of Chen xingmo's mouth curved into a beautiful arc. She was already beautiful, and now she looked even more gentle and pleasant, like a spring breeze.

Lin Yi praised in his heart, very satisfied with ning Xuefei's first impression of his new master. Although they were both Vice Deans, Chen xingmo's temperament was completely different from Liu Ziyu 'S. Liu Ziyu was straightforward and had a chivalrous spirit, while Chen xingmo was gentle and elegant. They were two completely different types of people.

Even though a person with such a temperament was not as strong as Liu Ziyu, with ning Xuefei's identity, no one would normally dare to provoke her. It did not matter whether she was strong or not as long as she could take care of her carefully. In this aspect alone, Chen xingmo was more suitable than Liu Ziyu.

After some small talk, Chen xingmo had someone arrange rooms for them while she personally showed them around the soaring Cloud School.

The soaring Cloud School occupied a large area and even had an exclusive mountain behind it. Chen xingmo led the group and gave a few comments every time they passed by, but the angle of her comments was very personal.

Chapter 4796 Idiot!

If it was any other higher-up who brought people to visit their own school, they would naturally be full of praises, especially for a school like soaring cloud, which was strong and rich in resources. They would have to give a good introduction. However, Chen xingmo did not mention a word about this. Every time she opened her mouth, she would comment on the scenery and atmosphere. She was indeed an intellectual woman.

However, other than the scenery, Chen xingmo did briefly introduce the various formations in the Academy. Although she did not say much, she hit the nail on the head. One could tell from a glance that she had dabbled and studied formations, which was quite to ning Xuefei's liking.

In recent years, this girl had been studying one direction, which was how to combine forging and array techniques, especially how to complement Han Jing Jing in the future. This was an extremely important topic. Unfortunately, she was not proficient in array techniques and was only a dabbler. This time, she could find her master to learn some Scriptures.

It was worth mentioning that they met a few familiar faces during the tour of the Academy. They were Ren Zhongyuan and the others who had returned earlier.

Seeing Lin Yi and ning Xuefei's sudden appearance at this place, the few of them were obviously stunned for a moment. However, perhaps it was because Chen xingmo was present, or perhaps it was because he was still in a state of shock after suffering a loss earlier, Ren Zhongyuan didn't bring his men up to cause trouble immediately. He only took a glance at Lin Yi from a distance before turning around and leaving.

"Brother Ren, the fact that they have appeared at our Academy at this time means that they are preparing to enter the academy here. Hehe, this is a chance for revenge!" Yi Xiaotian sneered as he watched Lin Yi and the others leave.

"Hmph, enemies are bound to meet on a narrow road. They actually dare to come to my soaring Cloud School, do they really think I can't do anything to them!" Ren Zhongyuan snorted coldly.

On the battleship, Lin Yi had just casually said a few words and ao Tianba had to be grounded for a whole month. Ren Zhongyuan was furious when he thought about that.

He was the one who had the initiative, and ao Tianba was supposed to be on his side, but Lin Yi had somehow managed to steal the limelight! Even ao Tianba was praising Lin Yi, and was helping him out! This was intolerable!

However, no matter how unwilling he was, Ren Zhongyuan couldn't come up with any solutions at the moment. He knew that he had to plan this matter carefully. Otherwise, if he were to act rashly again, he might suffer even greater losses. Now, he had already become a cripple who couldn't circulate his true energy. If he were to do something even more ruthless, he might even be crippled for life!

"Brother Ren, do you have any ideas?" Yi Xiaotian asked.

"Not yet. Don't worry, I'll wait until I recover my strength. Since they want to cultivate here, I have plenty of time to kill them!" Ren Zhongyuan said with a stern face.

He had to admit that he had underestimated Lin Yi before, which was why he suffered losses. Although he was locked up in his room for the past month, Yi Xiaotian and the others had asked around about Lin Yi's situation. They knew that this kid wasn't as simple as he looked. He was a real tough guy, and if he wanted a fighter, he had to hit the snake where it was weak!

After saying this, Ren Zhongyuan immediately bade farewell to Yi Xiaotian and the others and returned to his own Manor. This was a top-grade mansion with birds chirping and flowers blooming. After all, this was the residence of the Flying Cloud school's chief Alchemist. His status was even higher than that of the Vice Principals. Only the principal could barely suppress him.

As soon as Ren Zhongyuan entered the door, he was interrupted by a stern voice, ""What's the point of being so rash!"

Looking in the direction of the voice, there was a middle-aged man watering the flowers in the garden. He was thin and had an imposing aura, giving off an oppressive feeling. This man was Ren Zhongyuan's father, Ren tiansuo.

"F-father!" Ren Zhongyuan quickly put on a respectful expression. Although he was arrogant and despotic outside, he usually did not even dare to breathe loudly in front of his father, who was the chief Alchemist.

"Yes." Ren tiansuo nodded slightly and continued to water the flowers and plants beside him. These were the rare elixirs that he had spent a lot of money to get someone to send over. Any one of them was priceless, so he had to take care of them himself.

After carefully taking care of all the spiritual herbs, Ren tiansuo turned to look at his son. After a glance, he frowned and said, ""You've been poisoned?"

"Yes." Ren Zhongyuan nodded his head with an ugly expression. This was a humiliation that he had never experienced before. He couldn't even resolve the true energy of a mere mid-nascent soul realm cultivator. It would be a joke if this were to spread.

"Come here." Ren tiansuo placed his hand on the acupuncture point on his son's wrist. After a moment of silence, he tried to inject some true energy into it to resolve the problem. However, the next moment, his expression suddenly turned ugly and he said in a deep voice, ""Who did you meet and what happened? tell me the whole story, don't miss a single word!"

Ren Zhongyuan could only do as he was told. He started from the first time he met Lin Yi and told him everything in fear and trepidation. He didn't dare to exaggerate anything and told him the truth without leaving out a word.

This was the conclusion of his experience since he was young. As long as he told the truth, his father would stand on his side no matter what happened. However, if there was even the slightest bit of concealment or lie, it would not be able to escape his father's eyes at all, and the outcome would definitely be worse than now.

"Lin Yi? Even a realistic person like ao Tianba holds him in high regard. In that case, he must really be an extraordinary young man?" Ren tiansuo couldn't help but narrow his eyes.

"In my opinion, this man's methods are indeed strange and unpredictable, but they're all crooked and evil. Most of the time, there are mistakes in the voyage. The most hateful thing is that this kid actually poisoned the sea in public. He's really insidious and cunning!" Ren Zhongyuan gritted his teeth and said in an unconvinced manner.

"Hmph, this is your conclusion?" Ren tiansuo looked at him coldly.

"Son ..." The surrounding temperature dropped instantly. Ren Zhongyuan felt that something was wrong, but that was what he thought. If he didn't underestimate Lin Yi, he wouldn't have lost to him. Was there anything wrong with that?

"How did I, Ren tiansuo, give birth to such an idiot like you? you're so ignorant and arrogant!" Ren tiansuo said. Ren tiansuo felt a little resentful and snorted, ""Ao Tianba has been at sea for three hundred years. Do you think his vision is worse than yours? Also, you still think that you were poisoned?"

"Uh, isn't that so?" Ren Zhongyuan was stunned when he heard this.

"Idiot! A hopeless idiot! If this was really the poison of the heart-piercing sea anemone, you would have died dozens of times over such a long time. Do you really think that eating a turtle breath pill will work? I've taught you so many years of medicinal knowledge, did you just waste it all on a dog?" Ren tiansuo cursed in anger. He never thought that his son, whom he had carefully cultivated, would make such a low-level and laughable mistake.

Chapter 4797 Disaster Flows East

"It's not poisonous gas? "What's that ..."Ren Zhongyuan shrunk his neck and asked weakly.

"Hmph, that's just pure Qi. It's not a poison technique at all. It's just that the composition of pure Qi is a little special. And you're still claiming to cultivate both alchemy and medicine. Don't you think it's embarrassing to say it out loud?" Ren tiansuo said unhappily.

"Just a wisp of true Qi? That's impossible, whose true energy would be so complicated? the five basic attributes are all covered in this!" Ren Zhongyuan was still in disbelief.

"That's why I say you're a frog in a well. You don't even know that there's always someone better than you. You deserve to suffer. You're lucky that you didn't die outside!" Ren tiansuo glared at him, frowning as he tried to resolve the problem for him, but to no avail. He could only shake his head,""That Lin Yi young man isn't simple at all-even I can't get rid of his pure energy! He'll have a future ahead of him!"

"Then what do we do?" Ren Zhongyuan immediately panicked. He thought that it would be easy to resolve the problem with his father's means. He did not expect it to be so difficult. If he could not resolve it as soon as possible, would he not become a cripple who could not circulate his true energy for the rest of his life?

"It seems that normal methods won't work. I can only refine it together with the pill. But you have to be mentally prepared. I think it will take at least a month." Ren tiansuo muttered.

Ren Zhongyuan heaved a sigh of relief, but at the same time, he felt extremely sad. A casual wave of essential Qi from the other party could only be refined by Ren Zhongyuan, who had the help of his father and the pills on his side, after about a month. This was too strange!

"Right, you said that Lin Yi guy came to our school too?" Ren tiansuo suddenly asked.

"Yes, yes, this guy is too much of a bully. Father, you have to stand up for your son!" Ren Zhongyuan was overjoyed. If he could get his father to do it himself, then even ten Lin Yi's would die without knowing how!

"Master? Hmph, you went to provoke them, and they let you live, but you still want me to make the decision for you?" Ren tiansuo frowned again and warned with a cold snort, ""This kid is unfathomable. You better be careful in the future. Don't always think about causing trouble. I don't have so much time to clean up your mess!"

After all, he was the head Alchemist, and Ren tiansuo's vision was far better than Ren Zhong 's. Although he was dissatisfied with Lin Yi, as no matter how big the mistake his son made, he had to punish him himself, which was a common problem for most parents, he was only a little dissatisfied. It wasn't to the point where he had to deal with Lin Yi himself.

Only by keeping a low profile could he live long. This was Ren tiansuo's philosophy. If he didn't hold on to this belief, he wouldn't have been able to get to where he was today. He knew that once he stopped keeping a low profile, it might be the beginning of his defeat, so he had to bear with it!

Ren Zhongyuan gritted his teeth unwillingly. However, he did not dare to say anything in the face of his father, who had always been strict. He could only suppress his hatred in silence.

He was not as far-sighted as his father. He had always taken revenge for the smallest grievance. These days, he had been completely blinded by hatred. It was impossible to make him stop now!

The next day, Ren Zhongyuan ignored his father's order for him to recuperate at home and found an opportunity to sneak out. He met up with Yi Xiaotian, li Yuzhou, and sun baolu again. The four of them booked a luxurious private room in the Academy's restaurant and discussed their big plan together.

"Brother Ren, have you resolved the poison in your body?" Yi Xiaotian and the others asked as soon as they met.

"Don't mention it. My old man said it would take a month to refine it. I'm so unlucky just thinking about it!" Ren Zhongyuan pouted his lips in annoyance.

Everyone couldn't help but look at each other. Even Ren tiansuo had to take such a long time to get out. This poison was indeed difficult to deal with!

"Oh right, brother Ren, I realized something today-that Lin Yi kid doesn't seem to have any plans to enter our school." Yi Xiaotian suddenly said.

"What? Then what are they doing here?" Ren Zhongyuan asked curiously.

"I saw ning Xuefei's name in the latest disciple list, but I didn't see Lin Yi. I think he's only here to accompany ning Xuefei and will leave soon. If we want to take revenge on him, we have to hurry, or it'll be hard for him to escape." Yi Xiaotian said while pinching his chin.

"No! It wasn't easy for him to deliver himself to my door, so I can't let this brat run away, or else I won't be able to vent my anger. You guys hurry up and think of a way!" Ren Zhongyuan furrowed his brows and urged.

The few of them looked at each other. Everyone wanted to kill Lin Yi, but his strength was there for all to see. The incident of him sending Scarface flying with a single slap was brought up again and again, and it was hard for them not to know about it. Especially now that Ren Zhongyuan was a cripple himself, how could he possibly win against Lin Yi?

"Li Yuzhou, sun baolu, I'm the one who saved your lives, and now's the time for you to come in handy. It wasn't easy for us to get into our own territory, can't you think of a way to deal with Lin Yi? Are you two good-for-nothings? why do you have your heads on your necks?" Ren Zhongyuan raised his hand and gave each of them a slap.

Li Yuzhou and sun baolu covered their red cheeks and looked to Yi Xiaotian for help with a wronged expression. "Brother Ren, you can't even come up with a good idea yourself. How can you blame us?" they thought.

Yi Xiaotian ignored them. He frowned and thought for a moment. Suddenly, his eyes lit up and he said, ""Brother Ren, with our strength, I don't think we're a match for that kid in a direct battle. But if we alert our backer because of this, it would seem like we're making a mountain out of a molehill. It looks like there's only one way left."

"What is it?" Ren Zhongyuan quickly asked.

"The calamity is flowing East!" Yi Xiaotian said with a cold smile.

"What do you mean by" a disaster flowing East "? Brother Yi, quickly tell me in detail!" Ren Zhongyuan immediately perked up.

"Let's not talk about this first. When I came back yesterday, I heard something. That Leng guy seems to have returned. " Yi Xiaotian said.

"The one with the surname Leng? You mean Leng rufeng? Didn't that guy go to the mystic division? why did he suddenly come back?" Ren chongyuan could not help but ask.

Speaking of this person, he couldn't help but clench his teeth because he was once the sworn enemy of him and Yi Xiaotian. Although his background was not as deep as the two of them, this person's strength was so strong that it made people's hair stand on end. Among the Academy's disciples of the same generation, he could be said to be invincible. He and Yi Xiaotian could not control him at all.

However, this person had brought his female companion to the mystic-class sea two years ago. At that time, Ren Zhongyuan and Yi Xiaotian had a huge celebration, but they did not expect this guy to suddenly return!

"I don't know the details, but I heard that he suffered a great loss at the mystic division sea. He was injured quite badly himself, and the worst thing was his woman. She was beaten back to the great circle of the nascent Soul Stage from the xuansheng stage, and her face was disfigured. Her suicide attempt has been a hot topic these days, and that Leng guy is looking for a beautifying pill!" Yi Xiaotian chuckled as he gloated.

Chapter 4798 The Beautifying Pill

The beautifying pill was a seventh-grade elixir. It could be said to be the Super-enhanced version of the Agerasia pill. After taking it, not only could it make a woman retain eternal youth, but it could also change the skin and appearance of the woman. Even an ugly woman with a disfigured face could become as beautiful as a fairy after taking it. It could be said to be a priceless treasure that all women in the world would go after.

"Beautifying pill?" Ren Zhongyuan rolled his eyes and immediately knew why Yi Xiaotian had brought this up. He said excitedly, "My father was asked to refine a set of beautifying pills a while ago. It's not difficult to get one pill from it. Brother Yi, do you mean that I should use this beautifying pill to win over Leng rufeng?"

"No, it's the opposite. We have to give this beautifying pill to ning Xuefei." Yi Xiaotian smiled mysteriously.

"For ning Xuefei?" Ren Zhongyuan looked at him in confusion. Using the beautifying pill to win over Leng rufeng so that Leng rufeng could cause trouble for Lin Yi was normal logic. Why did he give it to ning Xuefei?

"Brother Ren, think about it. With Leng rufeng's stinky rock-like personality, even if you give him a beautifying pill, are you sure you can order him around?" Yi Xiaotian asked instead of answering.

"This ... Might not be the case ..." Ren Zhongyuan shook his head. Not only was Leng rufeng ridiculously strong, but he was also very unyielding. Even if someone like him found his weak spot, he would not be able to make him submit. His most likely reaction would be to fight to the death.

Especially since there were many grudges between them. Leng rufeng's disdain for the two of them was obvious on his face. It was basically impossible for him to be willing to be her hatchet man.

"So, one beautifying pill is not enough to order him around. At most, it can only be used as a cover to stir up trouble. If we give the beautifying pill to ning Xuefei and let that woman hear it on the way, what do you think will happen next, brother Ren?" Yi Xiaotian laughed slyly.

"Brilliant! That woman of his sought death because of her disfigurement and watched a beautifying pill pass by in front of her. If she could hold back and not snatch it, I'll write the word "Ren" upside down!" Ren Zhongyuan slapped his thigh in excitement.

"That's it. If his woman makes a move on ning Xuefei, Lin Yi will make a move too. That Leng guy won't be able to stay out of it. I heard that he's a devoted man, and he'll do anything for his woman!" Yi Xiaotian said smugly. This could be seen from the fact that Leng rufeng was willing to accompany his

woman back from the mystic Sea. If it was someone else, as long as there was a one in ten thousand chance of staying in the mystic Sea, they would never come back.

"Good plan! Good plan!" Ren Zhongyuan sighed repeatedly and added after some thought, ""If they don't fight, we can expose the fact that Lin Yi has the Thunder mystical vine. The beautifying pill and the Thunder mystical pill are what his woman needs the most right now. There's no way that Leng guy wouldn't be tempted!"

The two of them exchanged words and a perfect plan was formed very quickly. After discussing and coming up with a plan, Ren Zhongyuan immediately went home to get the beautifying pill. He couldn't wait any longer to see Lin Yi in trouble.

Taking advantage of Ren tiansuo's absence, Ren Zhongyuan took out the beautifying pills with ease and came out to discuss with Yi Xiaotian. They also found a reliable underling to deliver the pills. After all, li Yuzhou and sun baolu were too eye-catching. Lin Yi and ning Xuefei would definitely not believe them.

This underling's name was Qian Rui. After hearing Ren Zhongyuan's instructions, he received the beautifying pill from Ren Zhongyuan in a serious manner. He waved it at li Yuzhou and sun baolu, who were standing at the side with wide eyes, and chuckled. "Brother li, Brother Sun, you two have a good rest. I promise I'll do this job perfectly. Just wait and see!"

Li Yuzhou and sun baolu were so angry that they grinned. They were both Ren Zhongyuan and Yi Xiaotian's underlings, and the two of them had always been suppressing Qian Rui. They didn't expect that this time, they would actually give him a chance to make a comeback. They were really F * cking pissed!

However, there was nothing they could do even if they were unhappy. They could only watch as Qian Rui walked away. Once this matter was settled, Qian Rui might really be able to rise up again. Who asked them to get into trouble because of the photo incident?

Qian Rui hummed a little tune along the way and followed Ren Zhongyuan's instructions to a courtyard. This was Leng rufeng's former residence. As the place was secluded and suitable for recuperating, he snatched it back from someone else after returning from the mystic-class Sea area.

Other than Leng rufeng and his woman, no one would come to this place at any other time. Qian Rui stuck his head in and observed the outside for a while, but there was no movement inside.

According to the information, Leng rufeng had gone to the Chamber of Commerce area early in the morning to find a way to get the beautifying pill and the Thunder mystical pill. So, only his disfigured woman, yang qianxue, was left.

Speaking of yang qianxue, she was once a cold and beautiful goddess who was highly respected in the soaring Cloud School. Whether it was in terms of beauty or strength, she was one of the best in the school. If not for that, she would not have caught Leng rufeng's eye and would not have followed him to the mystic division Sea area to cultivate. After all, that kind of place was not a place that could be taken care of by anyone. One had to be strong enough to be able to go.

Qian Rui licked his lips and carefully circled around the courtyard wall to the backyard. He peeked through the gaps in the fence, and as expected, he found yang qianxue in the pavilion in the backyard. Although her face was disfigured, he could not help but let his imagination run wild just by looking at her back. After all, she was once a goddess.

After confirming yang qianxue's location, Qian Rui immediately tiptoed back to the front yard and deliberately muttered to himself, ""Where does this ning Xuefei live? The old shopkeeper is really old

and muddle-headed. On one hand, he's urging me to send the beautifying pill to miss ning as a congratulatory gift, but on the other hand, he doesn't give me the specific address. How am I supposed to find it? sigh!"

His voice was neither loud nor soft. After saying this, Qian Rui used his divine sense with all his might. As expected, yang qianxue, who had been sitting listlessly in the backyard just a moment ago, suddenly moved.

Success! Qian Rui's heart skipped a beat, and he ran away without any hesitation. His strength was only at the early stage of the original level, and even if his opponent was seriously injured, he was still at the great circle of the original level. If he was just a little slower and was caught on the spot, it would be a big deal.

Qian Rui's speed was extremely fast. After leaving the secluded courtyard, he went straight to the newbie courtyard. According to the rules, every new student who entered the Academy had to stay here for the first year. This was a dead rule, even for someone like ning Xuefei. Of course, only official disciples had this right, and registered disciples were not included.

However, this was completely different from the welcome Pavilion in the North Island!

Chapter 4799 Taking Action To Snatch It

There were dozens of people in the welcome Pavilion every year, but there were usually only four or five people in the newcomer's courtyard. It was rare for there to be more than ten people. After all, this was the East Province Academy that only accepted talented disciples, and there were only a few newcomers every year.

At this time, Lin Yi and ning Xuefei were chatting in the courtyard, and there was no one else around. Liu Ziyu and Huo yudie had gone back to the Academy this morning, and it was estimated that they would

not be able to meet again for a few days. Chen xingmo also happened to have something to do, so only the two of them were left.

"Didn't they say that all the new disciples live here? why haven't I seen a single new disciple since yesterday?" Ning Xuefei leaned on the stone table and asked.

"I don't think it's time yet. The big sects usually recruit disciples in spring or autumn. I think the East Province Academy is the same." Lin Yi couldn't help but think of the Morning Star School. Perhaps the soaring Cloud School was doing the same thing, recruiting geniuses on all the Sky Class islands.

"Ah? It'll be boring if I'm alone. Sister Huo can only come to see me every few days, you have to stay with me for a while!" Ning Xuefei pouted. The tables had turned, and it was her and Lin Yi's world now. It didn't feel bad.

"Yes." Lin Yi nodded. To be honest, he didn't want to leave ning Xuefei alone. He had to stay and observe for a while to make sure that there were no problems before he could leave.

"Lin Yi, you're the best!" Ning Xuefei giggled as she hugged Lin Yi's arm tightly. She never thought that she would end up with Lin Yi a few months ago, but now they were already in a relationship. Life was really unpredictable, but she liked it!

A soft yet bouncy touch came from his arm, and the pure scent of the girl's body made Lin Yi's heart race. This girl gave off the feeling of a child who couldn't grow up, but she was a Little Vixen who seduced people to death.

The two were in the middle of a romantic moment when Lin Yi saw someone sticking his head out of the door. He hesitated for a while before walking towards them with an exquisite box in his hands, "Are you Ms. Ning Xuefei?"

"It's me. What's the matter?" Ning Xuefei and Lin Yi looked at each other.

"The old shopkeeper of the eastern Chamber of Commerce asked me to give you a gift. He said it's a late birthday gift, so please accept it." Qian Rui handed the box to Ning Xuefei without a word.

"Eastern Chamber of Commerce?" Ning Xuefei was surprised. She had heard her mother mention it before. It was a super Chamber of Commerce with great power, but its scope of activity was limited to the East continent, so it wasn't very well-known in the other sky-class islands. However, it was a behemoth in the East continent.

Ning Xuefei had never heard that the West Island had any contact with the eastern Chamber of Commerce. However, since they had sent the gift to her, she couldn't reject it in person. Perhaps they wanted to build a good relationship and prepare to expand. Having another super Chamber of Commerce like this would do no harm to the West Island, so she had to accept the gift.

"If that's the case, please thank the old shopkeeper for me. I'll pay you a visit if I have the chance." Ning Xuefei nodded slightly. She was very polite in front of outsiders. After all, it concerned the image of the entire West Island and couldn't be careless.

"Alright, then I'll take my leave." Qian Rui smiled slightly and immediately turned to leave the newbie courtyard. When he passed by the main entrance, the corners of his mouth could not help but curve up into a smug smile, because he could already see a white figure rapidly approaching from the corner of his eye. Everything was going according to plan!

After watching Qian Rui leave, ning Xuefei opened the box with great interest. When she saw the milky-white elixir, she jumped up in excitement.

Lin Yi, as a refiner, couldn't tell what the pill was at first glance, but she did."A beautifying pill! It's the legendary Beauty Pill!"

"A seventh-grade beautifying pill?" Lin Yi was a little surprised-this wasn't a small sum at all. It was something that was priceless on the market, and you wouldn't be able to buy it no matter how many spiritual jades you had.

Just then, a white-robed figure jumped over the wall and appeared behind the two of them. He reached out to grab ning Xuefei, aiming at the beautifying pill in her hand.

Ning Xuefei was shocked. She was still immersed in the excitement of getting the beautifying pill. She didn't expect someone to attack her from behind. This was the soaring Cloud School. Who would be so bold to cause trouble here?

Of course, with ning Xuefei's strength, she wouldn't be able to react in time even if she was on guard. Fortunately, Lin Yi was beside her. He had noticed the man the moment he jumped over the wall.

"Get lost!" Lin Yi didn't hesitate to use a thousand wild fire legs against the White figure, kicking her back before she could even touch ning Xuefei.

The figure in white hmped. Logically speaking, she should've run away as soon as possible since she didn't succeed in her sneak attack. After all, it wouldn't end well for her to cause trouble in a place like this. However, this person stopped in her tracks. Lin Yi's wild fire thousand legs only forced her back, not hurt her.

"Who is it?" Lin Yi looked at the person coldly. What surprised him was that the person was a woman, but her face was covered with a white cloth, only her eyes were exposed.

"Hand over the beautifying pill!" Yang qianxue didn't even look at Lin Yi. She was staring at the box in ning Xuefei's hand. The beautifying pill she had been dreaming of was in it.

"Who are you? On what basis?" Ning Xuefei was not happy to hear that. Although she did not need this kind of thing with her appearance and temperament, it was like a super cosmetic product. No woman would give it away easily, let alone a stranger who came with bad intentions. After all, no one would mind making themselves more beautiful.

"Quickly retreat, or don't blame me for being too heavy-handed." Lin Yi's face turned cold.

Normally, he wouldn't mind asking about the whole story. However, ning Xuefei had just entered the soaring Cloud School and someone had come to cause trouble on the second day. If he didn't punish her severely, she would have a lot of trouble waiting for her when he left.

Hmph! Yang qianxue did not bother explaining. She snorted coldly and attacked again. As she attacked again, the surrounding temperature dropped all of a sudden. It had been a little hot just a moment ago, but now, the temperature dropped to zero!

Chapter 4800 The Ugly Woman

A thick layer of white frost had even formed on the surrounding flowers and trees. It was a terrifying sign that a Blizzard was about to arrive.

This woman's strength was not simple! Lin Yi's eyelids twitched-the ice and snow didn't just freeze his surroundings, the scariest thing was that even his blood was showing signs of freezing. It wasn't completely frozen, but the speed of his Qi circulation was affected, and he could only use 80% of his full strength.

If even Lin Yi was like this, then it would be even worse if it was someone else. They might not even be able to use half of their strength. In front of this woman, anyone at the same level as her would be completely crushed. Soaring Cloud School really was full of geniuses!

In an instant, yang qianxue had turned into a Snow Shadow and reappeared next to ning Xuefei. Just like before, neither Lin Yi nor ning Xuefei were her targets. From the beginning to the end, she only wanted the beautifying pill and didn't care about anything else.

"Get lost!" Lin Yi looked at the woman coldly. No matter how strong she was, she was only at peak nascent soul realm. To him, who could kill a xuansheng master in seconds, no matter how strong she was, she couldn't pose a threat.

Before he finished his sentence, Lin Yi threw out a wild fire Fist, and a fire Shadow appeared out of thin air, forcing the opponent back again. It even melted the ice and snow-no matter where or when, the fact that fire could overcome ice would never change.

Yang qianxue's eyes changed, finally looking Lin Yi up and down. She didn't think much of him after realizing that he was only in the mid-stage of the original level, but she didn't expect him to be this strong, breaking her signature ice domain so easily!

"I only want the beautifying pill. I don't want to hurt anyone. Don't force me!" Due to her severe injuries, yang qianxue's voice was obviously hoarse and she was out of breath.

Only then did Lin Yi notice the abnormality of the opponent's condition. Logically speaking, a peak nascent soul wouldn't be this strong if he was seriously injured, unless the opponent was a freak like him, but it didn't look like it.

There was only one possibility. Before the other party was injured, his strength was far above the peak of the original level. In other words, he was at least a master of the xuansheng stage!

This discovery made Lin Yi speechless. Even if the other party was a xuansheng master, they wouldn't be so unreasonable as to rush over and steal the beautifying pill, right? He turned to look at ning Xuefei, who was holding the beautifying pill like a mother hen protecting her baby. Lin Yi was speechless. Women couldn't be measured with common sense when faced with the temptation of the beautifying pill.

"You're here to snatch something and you don't want me to force you? hehe, is there something wrong with your brain?" Lin Yi couldn't help but smile. It didn't matter who the other party was, or what difficulties they had. There was no room for discussion today. If he let them have their way, then ning Xuefei wouldn't be able to have a place in the soaring Cloud School anymore.

"Then don't blame me!" The anger in yang qianxue's eyes disappeared in a flash. The temperature around her dropped again, even more so than before. Just a moment ago, the flowers and trees were only covered in frost, but now, icicles were falling from the sky. Without the protection of true energy, ordinary people would not even be able to last a minute in this place.

At the same time, yang qianxue made her move again. Her figure disappeared into the snow and disappeared. It was as if she had evaporated into thin air. Not only was she invisible to the naked eye, but she was also invisible to the divine senses.

Lin Yi couldn't help but have a serious expression on his face. He didn't expect this woman to have such a brilliant trick up her sleeve. She even managed to hide from his divine sense. She really wasn't simple!

However, Lin Yi still found a clue. This World of Ice and snow actually couldn't really block out his spirit sense like the sea fog or miasma fog. If he wanted to, he could still use his spirit sense here without any obstacles. It was just that he couldn't find the person himself.

This was actually a smokescreen, but ordinary smokescreens could only deceive the eyes, while the smokescreen in front of him was extremely brilliant. It could even deceive the spiritual sense.

To put it bluntly, this was an extremely clever psychological cue. It would only make you pay attention to the things it wanted you to pay attention to, but it would make you subconsciously ignore the things it really wanted to hide!

With that thought, Lin Yi's heart settled down. He still couldn't lock onto the woman's position, but as long as he excluded the places he scanned with his spirit sense, the woman must be hiding somewhere.

Moreover, there was one more thing that could be used. Since the other party's target was the beautifying pill in ning Xuefei's hands, they would definitely be waiting for an opportunity to snatch it. By combining this and deducing, it would not be difficult to deduce where the other party was hiding.

Wild fire Eight Trigram palm! Lin Yi suddenly attacked from the right side without any warning. Ning Xuefei looked back in confusion and her eyes widened.

After being hit by Lin Yi's palm, a figure appeared in the originally empty place. Yang qianxue was sent flying and spat out a large mouthful of blood. Her face became paler and paler as she looked at Lin Yi with shock and disbelief.

"Ah!" Ning Xuefei suddenly screamed, and Lin Yi's face changed as well. The two of them looked at yang qianxue, speechless. The White cloth on her face had been scraped off by the pure Qi, revealing a hideous face full of holes!

Lin Yi couldn't help but frown-no wonder she'd come for the beautifying pill at all costs. Her face must've been disfigured on purpose, first by poison and then by fire. Otherwise, she wouldn't be in this horrible state.

" It was only then that yang qianxue realized that her face was not covered at all. She shrieked madly as if she had been provoked. She fell to the ground and backed away in a panic. She was even more frightened than ning Xuefei. She had become a crazy woman through and through. She no longer had the air of a master.

Ning Xuefei was so scared that she hid behind Lin Yi. She couldn't bear to look at this woman's eyes. She thought for a while and took out the beautifying pill, handing it to Lin Yi,"Why don't I give it to her ..."

After all, she was a kind-hearted girl. Of course, she wouldn't let him take it away from her. However, she couldn't bear to see him in such a sorry state. Besides, the beautifying pill was not of much use to her. It was only an icing on the cake, but it was a life-saving straw for this man.

Putting himself in her shoes, if it was him who had been disfigured to this extent, he might have already committed suicide. He wouldn't even have the courage to struggle and live. At least this woman still thought of coming out to snatch the beautifying pill. She was already very strong.
