

Bodyguard 4801

Chapter 4801 State A Price

Lin Yi, on the other hand, didn't just throw the pill over-poor thing as he was, he wasn't someone who'd just go along with everything the guy did. He had one principle-he had to pay a price for everything he did, and stealing in broad daylight was something he had to be prepared for!

"Who are you?" Lin Yi asked again. He wouldn't throw the pill over before he figured out the whole story, even if he had pity for it.

Yang qianxue turned a deaf ear to this and continued to cry in panic. She seemed to have lost her soul and was unable to communicate with him.

Lin Yi sighed and signaled for ning Xuefei to step aside. He was going to calm the woman down. He couldn't guarantee anything else, but it shouldn't be hard to calm her down for a while.

However, before Lin Yi could get close, the Jade was alerted, and an angry voice came from above, "You're looking for death!"

An unparalleled amount of pure Qi pressed down on him, and Lin Yi was shocked. Even he might not be able to withstand this level of strength. Fortunately, the Jade gave him time to react in advance, and he immediately used the Super butterfly microstep to retreat, barely escaping the disaster.

Lin Yi raised his head and saw a tall young man with a cold aura standing in front of him. Yang qianxue, who had lost her soul, was in his arms. She would still scream from time to time, but she had calmed down a lot. It seemed that the two were a couple.

"You were the one who injured qianxue?" The young man looked at Lin Yi coldly, his eyes sharp as knives.

"That's right. She barged in for no reason to snatch the beautifying pill. I naturally have to retaliate!" Lin Yi's eyes were filled with fear as he looked at the man. The Qi that came from the sky had told him that the man was an early stage of the mysterious Ascension realm, but he was no ordinary early stage mysterious Ascension realm master.

With Lin Yi's current strength, he could easily kill a peak early stage mysterious Ascension realm master, let alone an early stage mysterious Ascension realm master. But he didn't have the confidence to win against this person. Lin Yi estimated that this person's true strength was at least at the late stage of mysterious Ascension realm, or even stronger!

"Beautifying pill?" The young man's face changed as he looked at the box in Lin Yi's hands, then at the trembling yang qianxue in his arms. "'Give me the beautifying pill, and I'll write off today's matter."

Lin Yi froze, speechless as he looked at the couple in front of him. They were family indeed. The girl wanted the beautifying pill from the start, and it was understandable considering her situation, but now it was a guy with this attitude. Was there no normal person in the soaring Cloud School?

"You don't seem to understand the situation, do you? That's right, I did injure her, but she was the one who snatched the pill first. At most, this can only be considered even, why should I give you the beautifying pill?" Lin Yi was a man with a temper, too. If the other party talked nicely, he could restore this woman's appearance with his abilities without even using the beautifying pill, but if he forced himself on her, there was nothing to say.

"I'll say it again. Give me the beautifying pill and I'll write off today's matter. " The young man continued to speak indifferently. From the looks of it, he didn't intend to reason with them at all. Of course, if he really wanted to reason with them, he was indeed not on their side.

"So there's no room for discussion?" Lin Yi's face turned cold, and the box with the beautifying pill disappeared from his hand. "Please go back. By the way, pity is not a bargaining chip to blackmail others. She is pitiful for being disfigured like this, but what's the big deal?"

"Who are you calling pitiful?" The young man's originally cold temperament instantly became even angrier.

"Leng rufeng, can't you tell? in this kid's eyes, you two are just two pitiful creatures. Hahahaha!" Suddenly, Ren Zhongyuan's loud laughter could be heard from the entrance of the courtyard. Then, he walked in casually with Yi Xiaotian and a few others behind him.

Lin Yi's heart skipped a beat when he saw these people. He felt that something was off about what happened today. Could it be that these people were behind this?

"Are you the ones behind this?" Leng rufeng immediately turned to Ren Zhongyuan and the rest with an unfriendly look.

Ren Zhongyuan and Yi Xiaotian were both shocked. They were only there to add fuel to the fire and to admire Lin Yi's defeated expression. The case couldn't have been solved so quickly, could it?

"Playing tricks? What the hell? We just heard someone screaming, so we came to see what was going on. Leng, don't slander a good person. I advise you to focus on dealing with this kid who hit your woman, he's very strong!" Ren Zhongyuan explained without changing his expression.

As expected, Leng rufeng's eyes fell on Lin Yi again after hearing this. He was just testing the waters. Whether or not there was someone behind this, it was a fact that this kid had beaten yang qianxue up. He saw it with his own eyes. This alone was enough to make this kid die!

"Leng rufeng, I heard that you've been looking for the beautifying pill and the Thunder profound pill all over the world. It seems that you've found the right person. This kid has both of them. I've already reminded him to this extent. You can do as you see fit." Yi Xiaotian incited in a timely manner.

"You have the Thunder profound pill?" Leng rufeng's eyes narrowed. Even in the resource-rich East Province Academy, the Thunder elixir was not easy to get. Because of its practical use, it was the rarest of all the seventh-grade elixirs. If you put a Thunder elixir on the market, you would have to face at least a few hundred times more competitors than the beautifying elixir!

"I'm not sure if he's already refined the Thunder profound pill, but this kid got an entire Thunder profound vine during the trial in the West Island, so he became the Prince Consort of the West Island. If you can get his Thunder profound vine and give me half, I can ask my father to refine the Thunder profound pill for you." Ren Zhongyuan chuckled. It was killing two birds with one stone to get the Thunder mystical vine while dealing with Lin Yi.

Leng rufeng was determined to kill Lin Yi, but he was even more determined now. He wasn't a good person, and he was willing to make the whole world his enemy for yang qianxue, let alone a Fuma who he didn't know.

However, Leng rufeng didn't attack immediately. Instead, he said to Lin Yi, "I want both the beautifying pill and the Thunder mystical vine. Name your price!"

Ren Zhongyuan, Yi Xiaotian, and the others' faces changed when they heard that! They did all this just to let Leng rufeng and Lin Yi fight each other, not to make a deal!

Chapter 4802 Then Let's Arrange A Battle!

"I'm sorry, but I'm not selling either of these items." Lin Yi said faintly. The other party wasn't here to negotiate, he was forcing them to sell. With his personality, it would be a miracle if he agreed.

Ren Zhongyuan and the others heaved a sigh of relief. It was a good thing that Lin Yi had a stubborn temper, or they would have lost a beautifying pill for nothing.

"You're not selling?" Leng rufeng's expression changed. He lowered his head and looked at yang qianxue in his arms with pity. "Since you're not selling, I'll beat you up until you're selling. Martial or literary, you choose."

It seemed like he couldn't avoid this battle today! Lin Yi's heart skipped a beat, but he didn't say anything. "What about the martial arts tournament? What do you mean by a literary battle?"

"The martial duel is a private duel, and we'll do whatever it takes to determine our fate. I'll take the beautifying pill and Thunder mystical vine after I kill you. As for the literary duel, it'll be an open duel, and everything will be done according to the rules. If you lose, you'll have to hand over these two things." Leng rufeng said slowly.

"Then let's arrange a battle." Lin Yi said faintly. He wasn't afraid of a fight, but it might involve ning Xuefei. Even if the possibility wasn't high, it was still a hidden danger. He didn't want ning Xuefei to be in any danger.

"That's good, then come. " Leng rufeng turned around and left with yang qianxue in his arms. Lin Yi's choice saved him a lot of trouble. After all, he was the Fuma of the Western Island. The higher-ups of the Academy would not let him off if he killed someone in a private fight. However, since it was an open fight, there was nothing to say. Even the master of the Western Island would not be able to say anything.

"Hold on," Lin Yi suddenly stopped. Just when everyone thought he was going back on his words, he glanced at Leng rufeng. "You still haven't told me what you'll do if you lose. You can't expect me to hand over the beautifying pill and Thunder mystical vine if I lose, but you'll be fine if you lose, right? You can't be so shameless ..."

"I won't lose." Leng rufeng didn't even look at Lin Yi. He paused for a moment and turned back when he saw that Lin Yi didn't follow him, ""What do you want?"

"My fiancée is lacking a bodyguard." Lin Yi said after some thought. He had just seen the tip of the iceberg of Leng rufeng's strength. He was indeed a tough enemy, and a man who was infatuated with love was not that bad. If ning Xuefei had such a bodyguard, he could do his own thing without worry.

Leng rufeng didn't reject him, but gave a cold Hmph as consent. He led the way to the arena, which was a place for disciples to fight. Although Lin Yi wasn't a disciple of the soaring Cloud School, he had a special status. His opponent was Leng rufeng, so he had no problem using the arena here.

Ren Zhongyuan, Yi Xiaotian, and the others looked at each other and smiled. Although the two of them had unexpectedly chosen to make the battle public, they had already achieved their goal as long as they started fighting. After all, even if it was a battle, they could still kill someone.

When they arrived at their destination, the originally lively arena suddenly quieted down. Even the few people who had agreed to fight in the arena stopped and looked at Leng rufeng with respect. This was the undefeated legend of the arena. He was the one who had set the longest winning streak so far.

Leng rufeng had fought his way up from here. From a nobody to a famous person, he was an undefeatable God in this place.

The two of them walked up to the largest stage in the center, and the news of Leng rufeng's fight spread like wildfire. Soon, a large crowd gathered in the arena, all of them asking about Lin Yi's background. When they heard that he was the Fuma of the Western Island, the atmosphere became even more heated.

The fight between the cold-faced machete God and the Fuma of the Western Island was a huge natural gimmick. It was just that this place did not charge entrance tickets. Otherwise, it would at least be an astronomical income.

"Lin Yi, you have to be careful." Ning Xuefei shouted from below the stage. She didn't know how strong Leng rufeng was, but she knew that Lin Yi was strong. She was more confident than Lin Yi himself.

Lin Yi smiled and gave her a reassuring look, but when he turned to face Leng rufeng, his expression turned serious. He didn't do anything, but he was already feeling so much pressure. This guy was no small fry!

As the two of them confronted each other, someone at the side of the field had already lit an incense stick for them. The outcome of the battle would be decided within an incense stick. This was a conventional rule.

"Then let's start." Leng rufeng said as he walked towards Lin Yi. He didn't release any aura, nor did he show any signs of using any martial arts. There wasn't even a trace of pure Qi, and he just walked over casually.

Was he underestimating his enemy? Lin Yi's eyes narrowed. Seeing that his opponent was within three steps, he didn't dare to hesitate and raised his hand to use the wild fire Bagua Palm. Although it wasn't his strongest skill, it was the one he was most comfortable with. It was enough to pose a threat to a xuansheng stage master, and it was a good time to test his opponent's strength.

In the face of the raging fire Eight Trigram palm, Leng rufeng still did not have the slightest fluctuation of genuine Qi. He just raised his hand into the shape of a palm knife and waved it gently. The raging fire Eight Trigram palm was immediately broken into pieces.

Lin Yi's heart was beating fast while the crowd was in an uproar. Ren Zhongyuan patted Yi Xiaotian's shoulder excitedly and said, ""That Leng guy is really powerful. This kid is no match for him. Let's see if he'll be beaten to death or half-dead today, hehe!"

Regardless of whether Lin Yi died or not, Ren Zhongyuan could vent his anger. Evil people needed to be dealt with by evil people. Both Leng rufeng and Lin Yi were thorns in his eyes. A beautifying pill could make them fight each other and he could also take the opportunity to get the Thunder mystical vine. This was a huge deal!

"You only have this much strength? Then hurry up and admit defeat. Otherwise, I'm afraid I won't be able to stop and you'll die. " Leng rufeng looked at Lin Yi and frowned. Although it was for yang qianxue's sake, it would be ideal if he could solve the problem without killing anyone. He was not an idiot who only knew how to fight and kill.

In fact, he had some expectations for Lin Yi's strength when he saw yang qianxue injured. Even if yang qianxue's strength had dropped to peak nascent soul, she was still invincible in the nascent Soul Stage. This kid was able to hurt her with only mid-nascent soul cultivation, so he couldn't be a simple person.

However, Leng rufeng felt that he had been overthinking things. Yang qianxue's mental state was unstable now. It would not be strange for her to be injured by anyone. She was just lucky.

"Hehe, how would you know if you don't try a few more times? it's still not certain who will win or lose." Lin Yi suppressed the shock in his heart and smiled faintly. It was true that he was shocked, but that was just a test, after all. It was far from his true strength.

Chapter 4803 Intense Battle

"Is that so?" Leng rufeng still had no intention of attacking. He walked towards Lin Yi step by step. He didn't have a strong aura, but he gave off an unparalleled pressure. Every step he took made people's hearts heavier. In the end, they couldn't even breathe.

Anyone else would've surrendered already, but his opponent was Lin Yi. Who was Lin Yi? Even the evil cultivators at the beginning of the mountain couldn't do anything to him. No matter how strong he was, he was only a master at the xuansheng stage. Why would Lin Yi back down from this pressure?

Since the opponent didn't want to attack first, Lin Yi didn't have to be polite. The Qi in his body circulated rapidly, and he used the wild flame thousand explosion fist.

The huge arena was immediately covered in flames and loud explosions were continuously heard. Even the soaring Cloud school's disciples who were watching the battle couldn't help but look at each other. He was indeed worthy of being the Prince Consort of the West Island. He was not simple.

With the power of the wild flame thousand explosive fist, a normal early stage mysterious Ascension master wouldn't be able to take it, but Lin Yi didn't think that it would be a threat to Leng rufeng at all. His opponent was a monster that was comparable to a late stage mysterious Ascension master. If the wild flame thousand explosive fist could be effective, it would be too much of a dream.

Using the wild flame thousand times explosion as a perfect cover, Lin Yi used the Super butterfly micro steps without hesitation. His body moved like a ghost in the sea of fire, so that even if the opponent used divine sense, they wouldn't be able to lock on to his position easily. After all, the wild flame thousand times explosion also hindered the use of divine sense.

As expected, Leng rufeng stood still in the center of the explosion. Although the wild flame thousand explosive fist didn't hurt him at all, it still covered him perfectly, allowing Lin Yi to get behind him without him knowing.

A deep Dragon's Roar could be heard amid the sky-shaking explosions. An extremely powerful five elements killing aura with a hint of the five poison Dragon's Shadow was heading straight for Leng rufeng's unguarded back.

Success! Lin Yi's spirits lifted. With the power of his five elements killing intent, once it touched his body, no xuansheng stage master could escape unscathed. This was a top killing move from a super sea shattering stage. Even if Lin Yi could only learn 30% of it, it was still not something that Masters at this level could withstand.

However, in the next moment, Lin Yi's heart suddenly jumped. The rumbling of the thousand-fold violent fire suddenly stopped, and even the soaring fire disappeared instantly. The entire stage turned into a World of Ice and snow, causing people's blood to freeze and their Qi to be blocked.

Lin Yi didn't expect this guy to know what yang qianxue knew, and it was even more powerful. The effect of the ice and snow on his body was destructive, and ordinary people might be frozen to death. Even Lin Yi found it difficult to move, and he would only have half of his strength left at most. These two were a perfect match!

But that wasn't what shocked Lin Yi the most-the guy was actually holding his five-element killing intent in his hand!

"Not bad, but it's useless." "You're courting death!" Leng rufeng said coldly. Then, a transparent ice blade appeared in his other hand. With a silent slash, the five-element killing intent in his hand was directly split into two and then dissipated.

Silence. The entire place was silent.

Lin Yi had seen his fair share of strong opponents, but this was the first time he'd met an opponent like Leng rufeng. He wasn't even as shocked as he was now when he faced the old sect of West Mountain.

He knew the difference in strength when he was facing the old sect of West Mountain, so he thought it was reasonable for the old sect to use any kind of heaven-defying methods. But this Leng rufeng was different. Lin Yi thought he had the strength to fight him, but after seeing this shocking scene, he knew that he was overthinking.

In the end, it was because his own strength was too low. He was only at the mid Yuanying stage, facing a master who was comparable to the late xuansheng stage. No matter how he looked at it, it was too much of a struggle. It would be abnormal if he could still win.

But even so, Lin Yi wouldn't admit defeat so easily. On the contrary, he was really excited now. Some people became weaker when they met a strong opponent, and some people became stronger when they met a strong opponent. Lin Yi was obviously the latter.

Seeing the battle intent in Lin Yi's eyes, Leng rufeng's expressionless face changed a little. He slowly raised the ice blade in his hand and pointed it at Lin Yi, ""Admit defeat, or die."

Lin Yi's pupils shrank. The guy was already giving off a terrifying pressure, and now that he had an ice blade, the pressure was ten times stronger. It felt like a mountain was pressing down on his head. It was already hard enough to keep his body steady, let alone resist.

Saber Force! A thought suddenly crossed Lin Yi's mind. This was the legendary realm that all swordsmen dreamed of. It was different from relying on pure Qi and strength to create a Qi field, but purely relying on the persistence and understanding of the blade to forcibly create a Blade Force that could fight against the world.

Swordsmen focused on the unity of man and sword, while sabers focused on becoming a world of their own, with saber momentum and invincible.

Lin Yi's heart skipped a beat. He didn't think that his opponent was a monster who had mastered Blade Force. No wonder he could cut through the five elements killing intent with one strike. How was he supposed to fight?

Seeing that Lin Yi still refused to admit defeat, Leng rufeng didn't have the patience to wait any longer. Without saying a word, he swung his blade. The ice blade that was only a few feet long reached Lin Yi's head and grew to a few feet long. Ning Xuefei was so scared that her face turned pale. If this continued, Lin Yi would be cut in half!

Fortunately, this dangerous scene didn't last too long. When ning Xuefei looked at the stage again, Lin Yi was already more than 30 meters away. He seemed to be safe.

"Interesting." Leng rufeng immediately looked at Lin Yi in a higher light. No one knew the power of the ice and snow better than he did. This kind of environment had an insane level of restriction on the body's function. Coupled with the destructive force of the blade, even a xuansheng stage master wouldn't be able to move, let alone a mere nascent Soul Stage master.

However, what was unexpected was that Lin Yi's speed just now was still very impressive. It didn't seem to be much different from before, which was unbelievable.

Leng rufeng didn't know that Lin Yi had only used the Super butterfly microsteps before, but now, in order to escape, he had to use it with all his might. In order to maintain his body's energy, he had to enter a state of extreme stress. This was the only way to maintain his speed.

Lin Yi could only put some distance between him and his opponent as he quickly thought of a plan. This opponent who had mastered Blade Force was not easy to deal with. Even his strongest five elements killing intent couldn't do anything to him, let alone other moves. Even if he found a good opportunity like before, it would be hard to cause real threat.

At this time, Leng rufeng was getting closer and closer. The ice blade in his hand became more and more magnificent and terrifying. It was now a hundred feet long and could easily sweep across half the ring. No matter how fast Lin Yi was, he couldn't Dodge it easily.

Just as the opponent was about to slash at him again, Lin Yi only managed to escape because he was caught off guard. He might not be able to escape unscathed if he were to do it again. At that critical moment, an idea flashed in Lin Yi's mind.

Without waiting for Leng rufeng to slash down again, a blue electric arc appeared in Lin Yi's hand. Leng rufeng was shocked by the scene. He was afraid of nothing but this lightning martial skill.

Whether it was the surrounding snow or the ice blade in his hand, they were all good carriers of lightning. He could cut through the killing Qi of the five elements with one strike, but he could not cut through the lightning with one strike. That would only make the lightning spread to his body faster!

This kid's tricks are endless! For the first time, Leng rufeng looked at Lin Yi in the eye. If Lin Yi had used his lightning skills from the start, even if he couldn't fight him head on, he would at least have had a chance and wouldn't have been in such a difficult situation.

Seeing the electric arc dancing in Lin Yi's palm, Leng rufeng's first reaction was to pull back his blade. The huge ice blade in his hand could suppress Lin Yi greatly, but at the same time, it was a natural target. Lin Yi didn't even need to attack him. As long as the electric arc touched the ice blade, he would be hit for sure.

That was what Lin Yi was thinking. He streaked across the air with a ghostly blue light and the electric arc jumped onto the giant ice blade. However, at the same time, Leng rufeng's reaction surprised Lin Yi. He didn't throw away the ice blade, but instead, he swept it over with all his might, as if he was going to fight for his life.

What a F * cking ruthless man! Lin Yi's face changed as he quickly used his super butterfly micro steps to avoid it, but the ice blade was too big, especially with the boundary of the ring. With Lin Yi's current speed, he couldn't completely avoid it. Even if he could avoid the main body of the ice blade, he couldn't avoid the terrifying force that came after!

BOOM! Lin Yi was instantly crushed to the ground by the force of the blade, creating a human-shaped hole. He spat out a large mouthful of blood-the internal injury wasn't light.

At the same time, Leng rufeng was also hit. The power of thunder and lightning entered his body through the giant ice blade. He felt numb all over and his cold expression became more interesting.

However, after a while, when the lightning energy in his body dissipated, Leng rufeng didn't fall down. Other than a little numbness, he was basically uninjured. He looked at Lin Yi who was on the ground and said coldly, ""What a pity. The only move you can use against me is so weak."

He wasn't weak like Kang Zhaoming, nor was he trapped in an iron shell like Kang Zhaoming. Lin Yi could electrocute Kang Zhaoming half to death with his full power, but now it was only a scratch on Leng rufeng.

Lin Yi, who was pressed to the ground and spitting blood, smiled bitterly. He hadn't had the chance to practice properly ever since he mastered the power of lightning in the trial on the Western Island. He didn't improve at all during this period of time, or he wouldn't be in such an awkward situation.

If he had known earlier, he wouldn't have been so busy controlling the ancient warship during the month at sea. If he had focused on cultivating the power of Thunder, he might have been able to achieve a miraculous effect. However, it was too late to think about it.

Leng rufeng walked towards Lin Yi again, the cold tip of the blade was right on Lin Yi's forehead. ""Admit defeat, or die."

Lin Yi grinned, but before he could say anything, someone exclaimed, "The incense has been extinguished!"

The crowd burst into an uproar. The time for one incense stick to burn was up. According to the rules, the battle should end here. Of course, this was not an official competition. It was up to the two people on the stage to decide whether they would follow the rules or not. As long as Leng rufeng was willing, no one would say anything even if he continued to swing his saber.

However, Leng rufeng didn't have the intention to kill them all. The ice and snow around him disappeared without a sound, and the ice blade that was against Lin Yi's forehead disappeared as well. He said expressionlessly, "You've lost. Hand over the beautifying pill and the Thunder mystical vine. "

Lin Yi smiled and got up from the ground with difficulty, walking off the stage without a word.

Leng rufeng frowned and was about to stop him when Lin Yi suddenly stopped and turned to him seriously, ""Which eye of yours saw that I lost? was I killed by you, or did you admit defeat?"

"You!" Leng rufeng didn't know what to say. Even a blind person could tell who won and who lost. But he had to admit that Lin Yi's words made sense. Since he didn't die and didn't admit defeat, who said that Lin Yi would lose?

But no matter how he looked at it, Lin Yi was cheating. Leng rufeng wasn't a man of principles. If the other party wanted to cheat, he didn't mind fighting privately. Cheating in front of absolute strength was just courting death. But Lin Yi's next words made him give up this idea.

"We'll continue tomorrow. " Lin Yi waved his hand strenuously, then carried ning Xuefei and limped away under everyone's eyes.

Leng rufeng stood on the stage and looked at Lin Yi deeply without saying anything. He then jumped off the stage and left with yang qianxue, who had put on her veil again.

"What the hell is that Leng fellow doing? This guy's soft-hearted for no reason, my ass-he could've just killed Lin Yi with one strike, he didn't need to go through all this trouble!" Ren Zhongyuan was so angry that he stomped his feet and cursed when he saw this scene. He paid the price of a beautifying pill not to see the two of them appreciate each other's beauty, but to see them fight to the death. He did not expect such an outcome!

"Leng rufeng isn't an idiot. It's easy to kill Lin Yi, but he'll anger the island Lord. No matter how arrogant he is, he can't take the anger of the island Lord. It's normal that he won't kill Lin Yi easily." Yi Xiaotian chuckled and consoled,""But this matter isn't over yet. Since they're still going to fight tomorrow, let's just watch them fight. We'll just sit on the mountain and watch the Tigers fight. Whoever dies or lives will benefit."

Chapter 4806 4804-Falling Short Of Success

When Lin Yi stood still on the stage, there were naturally people who offered to light incense for them. Everyone was looking forward to the second Battle between the two.

Of course, no one thought highly of Lin Yi. They just wanted to see Leng rufeng fight and see how strong this cold-faced machete God was. That was all.

"Hehe, that Leng guy's finally got it! It's rare to see killing intent on him, and it looks like he's going to kill Lin Yi. He should've done it a long time ago!" Ren Zhongyuan laughed complacently when he saw this scene.

"It's normal. Leng rufeng has a bad temper. After being played by Lin Yi yesterday, it would be weird if he didn't get serious. What if he gets played by Lin Yi again? he'll lose all his face!" Yi Xiaotian had an expression as if he had expected this.

"Not bad, not bad. Let's hurry up and start killing. I'm already impatient." Ren Zhongyuan's face was filled with unspeakable hatred. These two days, his father, Ren tiansuo, had been trying to remove the five elements killing intent in his body, and he had to endure inhuman pain every time. It was almost tormenting him to the point of collapse. He hated Lin Yi to the bone and couldn't wait for Lin Yi to be torn to pieces.

At this moment, the two in the ring were in their fighting positions again. Leng rufeng started with World of Ice and snow as soon as he came up, holding a giant ice blade in his hand. Lin Yi, on the other hand, went into his extreme mode without saying anything. He had no choice. He couldn't play if he didn't do this.

One had to admit that even with the snow and ice, the Super limit butterfly micro step's speed was still extraordinary. Lin Yi's dodging and turning were extremely agile, and he managed to avoid Leng rufeng's blade without any danger.

Leng rufeng looked at Lin Yi in surprise again. It seemed that this guy not only recovered from his injuries, but his pure Qi was also back to its peak state. How did he do it?

One had to know that even for him, although he did not consume much in yesterday's battle, it was impossible for him to replenish it all in one night. He would still have some losses.

This was a difficult problem that almost all cultivators had to face. It was refreshing to fight, but it was a long process to recover. Leng rufeng's speed was already considered very fast. He had lost about 30% of his Zhen Qi in yesterday's battle, but he had recovered about 20% after one night. This meant that the amount of Zhen Qi in his body was only 90% of what he had at his peak.

Of course, even if he only had 30% of his pure energy left, he would still be able to defeat Lin Yi. It wouldn't affect the result at all.

However, facing Lin Yi, who was full of energy, Leng rufeng subconsciously put up his guard. He felt that he was making a big deal out of it. He had seen Lin Yi's strength clearly in yesterday's battle. Although Lin Yi had a lot of tricks up his sleeve, he couldn't cross the huge gap between their strength.

He was actually afraid of this guy? Leng rufeng couldn't help but laugh. After staying in the mystic division Sea area for so long, he had really become nervous. Did he think that this place was as strong as that place? what a joke.

Lin Yi was shocked when he saw Leng rufeng suddenly laugh. What the hell was this guy doing?

However, he didn't think too much about it. Since his opponent was distracted, this was a rare opening and opportunity. Lin Yi didn't hesitate to approach Leng rufeng. There was already a huge difference in

strength. If he continued to defend, he wouldn't have any chance at all. He had to seize the opportunity to attack with all his strength and replace defense with offense!

A blue electric arc flashed through the air and followed the ice blade towards Leng rufeng. After a whole night of recovery and thinking, this was the best opening move Lin Yi could think of-it didn't aim to kill, but to paralyze.

As long as this electric arc could paralyze him for a moment, it would create an opportunity for the next powerful attack. Only in this way could he have a chance of winning.

As expected, Leng rufeng fell into a state of paralysis just like yesterday. His movements were obviously slower and stiffer. At the same time, Lin Yi flashed in front of him and attacked with his strongest five elements killing Qi, accompanied by a Dragon's Roar!

Leng rufeng's heart skipped a beat. He was forced to take two steps back. This scene made the audience exclaim in surprise. It seemed like the Fuma of the Western Island was going to make a comeback!

However, they soon realized that they were overthinking it. After Leng rufeng was forced to take two steps back, he broke free from the paralysis and attacked. The five-element killing Qi was split in half and Lin Yi was sent flying by the impact.

He failed at the last step! Lin Yi wiped the blood from his mouth as he sighed. He raised his head and realized that Leng rufeng's mouth was also bleeding. He immediately understood what was going on.

His opponent was not injured because of his five elements killing intent, but because he had bitten his tongue to break the numbing effect. Under the stimulation of the intense pain, the numbing effect was

naturally gone. He was able to come up with such a solution in an instant. This Leng rufeng was indeed a difficult opponent!

The arena once again fell into a brief confrontation. Leng rufeng re-evaluated his opponent, while Lin Yi was thinking about his next move.

The lightning started with the strongest killing intent of the five elements. This was the simplest and most effective combo he could think of. Unfortunately, this routine could catch him off guard the first time, but it would not be effective the second time. He could only think of another way.

Without waiting for Leng rufeng to make a move, Lin Yi activated his super limit butterfly micro steps again. He started with the power of lightning. This was a move that had been used time and time again. Even someone as strong as Leng rufeng couldn't react to it effectively at the moment. He could only rely on his strength to block it and at the same time, suppress the numbing effect to the minimum.

It was because of these two advantages that lightning martial skills were feared by all cultivators. It was also because of this that any lightning element cultivator was almost invincible among those of the same level. However, there were very few lightning element cultivators in this world, and most people might not even see one in their entire lives.

The Lin Yi now, on the other hand, could only be considered a half-baked lightning element practitioner. He only had speed but no killing power. Otherwise, he would be able to take on Leng rufeng with his strength.

Feeling the familiar lightning paralysis again, Leng rufeng frowned slightly. Although he was getting used to this feeling and the paralysis effect was getting weaker and weaker, he still couldn't help but be angry after Lin Yi's repeated actions.

Bang! Bang! Bang! Bang! Bang! Bang!

After a series of collisions, Lin Yi's legs turned into a ball of fire and bombarded the opponent's body continuously. The combination of the wild fire thousand legs and extreme butterfly microsteps made it impossible for the audience to lock onto Lin Yi's position. They could only see a blurry shadow swimming around Leng rufeng.

Chapter 4805 A Rare Opponent

"That's right. It's best if both of us die together. Then, we can snatch back the beautifying pill and the Thunder mystical vine. Hmph, that's a big profit!" Ren Zhongyuan sneered.

"I don't think so. With Lin Yi's strength, he's no threat to Leng rufeng at all. Today, he was beaten up in his best condition, not to mention tomorrow, he'll be injured. Even if he doesn't die, he'll be half-dead." Yi Xiaotian analyzed.

"Die, die, die, hurry up and die." Ren Zhongyuan cursed viciously.

"How are you? Do you want me to ask master for help?" Ning Xuefei looked at Lin Yi's pale face after she helped him back to his room. She regretted it so much. She should have given the beautifying pill to that woman in the first place. Then, all these things wouldn't have happened, and Lin Yi wouldn't have been hurt.

"No, it's fine. Have you forgotten about my self-healing ability?" Lin Yi's expression was strained, but he still forced a smile, telling ning Xuefei not to worry.

"Oh, oh." Ning Xuefei nodded. If Lin Yi could survive the fatal injury in the trial, then this injury was nothing.

They didn't know that Lin Yi was just putting up a strong front. The injury this time was far less serious than the one at the trial on the Western Island, and it didn't look like a wound on the surface, but the inside was quite serious. Otherwise, he wouldn't have spat out so many mouthfuls of blood. After all, Leng rufeng's blade wasn't that easy to take.

"You go out first. I need to seclude myself to heal my wounds. I still have to deal with that guy tomorrow." Lin Yi tried his best to smile at Ning Xuefei.

"Well ..." Ning Xuefei wanted to persuade Lin Yi to give up, but now wasn't the time. She nodded, "Alright then. You should recuperate first. If there's anything, just call me. I'll be waiting outside."

Ning Xuefei stayed outside for the whole night. She didn't even realize that someone had picked her up when she was lying on the table in a daze. She only woke up when she was put on the bed. She opened her eyes in a daze and said in surprise, "Lin Yi, are your injuries better?"

"It's all good. " Lin Yi smiled. He was injured quite a bit yesterday, but it wasn't a fatal injury. As long as he could recover, the other small injuries would be healed easily.

"That's great!" Ning Xuefei jumped up from the bed in excitement and hugged Lin Yi like an octopus. The girl's soft and elastic body made Lin Yi lose his mind, especially with her untidy clothes. If he looked down, he would see something he shouldn't. It was so early in the morning that his blood vessels were about to burst.

"Ahem." At this moment, a few awkward coughs came from the door, scaring Lin Yi and Ning Xuefei away. They turned around and saw Chen Xingmo walking in. The elegant vice president's face was blushing shyly.

She had something to do yesterday and had only just returned to the school. She'd rushed over after hearing about Lin Yi and Leng Rufeng's fight, but she didn't expect to see the two hugging each other like glue, as if she'd interrupted a couple's happy occasion. She was experienced, but she still couldn't help but blush.

"Master, you've returned." Ning Xuefei quickly tidied her clothes and ran over to greet him with a red face.

"Vice Director Chen." Lin Yi followed.

"Yes, I heard that you're going to have a battle with Leng Rufeng today. Are you confident?" In order to hide her embarrassment, Chen Xingmo went straight to the point.

"Well ..." Lin Yi smiled bitterly. There was no need to pretend at a time like this. He could only be honest, "To be honest, I don't have much confidence."

Chen Xingmo had already guessed it. No matter how strong Lin Yi was, he would never be Leng Rufeng's opponent. Even if they were both super geniuses who could challenge people above their level, their strength was on two completely different levels. If Lin Yi could still defeat Leng Rufeng, it would be heaven-defying.

"Do you still want to go?" "I don't think I need to say more about being flexible. Even if it's for Feifei, you have to hold it in." Chen xingmo looked at Lin Yi.

"Lin Yi, why don't we just listen to master?" Ning Xuefei begged. Her strength was weak, but it did not mean that she had poor eyesight. Besides, everyone could see the difference in strength between them in the situation yesterday. With the experience yesterday, Leng rufeng would not show mercy this time. He might kill her on the spot.

Lin Yi looked at Chen xingmo, then at the nervous ning Xuefei, and couldn't help but smile, ""For Feifei's sake, I can't avoid today's battle. Otherwise, I'll not only ruin my own reputation, but also the reputation of the entire western part of the island."

"But ..." Ning Xuefei wanted to persuade him again. She was the princess of the West Island, but the reputation of the West Island was far less important than Lin Yi in her eyes. As long as Lin Yi was fine, it didn't matter if her reputation was damaged.

"Don't worry, accepting the challenge is one thing, but winning is another. There's no rule that says you must win if you challenge someone, right? I will admit defeat if the situation turns bad. Leng rufeng only wants the beautifying pill and the Thunder mystical vine. He won't kill me unless it's absolutely necessary. " Lin Yi consoled.

Ning Xuefei and Chen xingmo looked at each other. This was indeed the case. As long as Lin Yi admitted defeat, his life would be safe, and it wouldn't affect the reputation of the West Island. It was only natural for Yuanying and xuansheng to bow their heads.

"Alright, then you must be careful. Don't force yourself. As long as we're alive, there's hope. Even if you can't win this time, you'll definitely win next time!" Ning Xuefei hugged Lin Yi's arm and said.

"Yes, I know." Lin Yi nodded at Chen xingmo and immediately set off for the arena. Not only was he fearless, but he was also a little impatient.

It was rare to meet such a strong opponent like Leng rufeng. After the unsurprising defeat yesterday, he was once again full of enthusiasm. Some people were born to fight. A strong enemy could not make him afraid, but only excited!

When the three of them arrived at the arena, the scene in front of them shocked them. It was still early in the morning, but the place was already packed with people. Leng rufeng had been waiting for a long time on the main arena. The crowd was obviously here to see him. The cold-faced machete God had almost become the name card of the soaring Cloud Academy. There was no one here who did not know Leng rufeng.

Leng rufeng's expressionless face showed a hint of surprise when he saw Lin Yi. He wasn't surprised that Lin Yi appeared on time, but he was surprised by Lin Yi's current condition. He was injured by his blade yesterday, but there was no sign of injury at all. This kid's injuries were actually healed?

Chapter 4806 4804-Falling Short Of Success

When Lin Yi stood still on the stage, there were naturally people who offered to light incense for them. Everyone was looking forward to the second Battle between the two.

Of course, no one thought highly of Lin Yi. They just wanted to see Leng rufeng fight and see how strong this cold-faced machete God was. That was all.

"Hehe, that Leng guy's finally got it! It's rare to see killing intent on him, and it looks like he's going to kill Lin Yi. He should've done it a long time ago!" Ren Zhongyuan laughed complacently when he saw this scene.

"It's normal. Leng rufeng has a bad temper. After being played by Lin Yi yesterday, it would be weird if he didn't get serious. What if he gets played by Lin Yi again? he'll lose all his face!" Yi Xiaotian had an expression as if he had expected this.

"Not bad, not bad. Let's hurry up and start killing. I'm already impatient." Ren Zhongyuan's face was filled with unspeakable hatred. These two days, his father, Ren tiansuo, had been trying to remove the five elements killing intent in his body, and he had to endure inhuman pain every time. It was almost tormenting him to the point of collapse. He hated Lin Yi to the bone and couldn't wait for Lin Yi to be torn to pieces.

At this moment, the two in the ring were in their fighting positions again. Leng rufeng started with World of Ice and snow as soon as he came up, holding a giant ice blade in his hand. Lin Yi, on the other hand, went into his extreme mode without saying anything. He had no choice. He couldn't play if he didn't do this.

One had to admit that even with the snow and ice, the Super limit butterfly micro step's speed was still extraordinary. Lin Yi's dodging and turning were extremely agile, and he managed to avoid Leng rufeng's blade without any danger.

Leng rufeng looked at Lin Yi in surprise again. It seemed that this guy not only recovered from his injuries, but his pure Qi was also back to its peak state. How did he do it?

One had to know that even for him, although he did not consume much in yesterday's battle, it was impossible for him to replenish it all in one night. He would still have some losses.

This was a difficult problem that almost all cultivators had to face. It was refreshing to fight, but it was a long process to recover. Leng rufeng's speed was already considered very fast. He had lost about 30% of his Zhen Qi in yesterday's battle, but he had recovered about 20% after one night. This meant that the amount of Zhen Qi in his body was only 90% of what he had at his peak.

Of course, even if he only had 30% of his pure energy left, he would still be able to defeat Lin Yi. It wouldn't affect the result at all.

However, facing Lin Yi, who was full of energy, Leng rufeng subconsciously put up his guard. He felt that he was making a big deal out of it. He had seen Lin Yi's strength clearly in yesterday's battle. Although Lin Yi had a lot of tricks up his sleeve, he couldn't cross the huge gap between their strength.

He was actually afraid of this guy? Leng rufeng couldn't help but laugh. After staying in the mystic division Sea area for so long, he had really become nervous. Did he think that this place was as strong as that place? what a joke.

Lin Yi was shocked when he saw Leng rufeng suddenly laugh. What the hell was this guy doing?

However, he didn't think too much about it. Since his opponent was distracted, this was a rare opening and opportunity. Lin Yi didn't hesitate to approach Leng rufeng. There was already a huge difference in strength. If he continued to defend, he wouldn't have any chance at all. He had to seize the opportunity to attack with all his strength and replace defense with offense!

A blue electric arc flashed through the air and followed the ice blade towards Leng rufeng. After a whole night of recovery and thinking, this was the best opening move Lin Yi could think of-it didn't aim to kill, but to paralyze.

As long as this electric arc could paralyze him for a moment, it would create an opportunity for the next powerful attack. Only in this way could he have a chance of winning.

As expected, Leng rufeng fell into a state of paralysis just like yesterday. His movements were obviously slower and stiffer. At the same time, Lin Yi flashed in front of him and attacked with his strongest five elements killing Qi, accompanied by a Dragon's Roar!

Leng rufeng's heart skipped a beat. He was forced to take two steps back. This scene made the audience exclaim in surprise. It seemed like the Fuma of the Western Island was going to make a comeback!

However, they soon realized that they were overthinking it. After Leng rufeng was forced to take two steps back, he broke free from the paralysis and attacked. The five-element killing Qi was split in half and Lin Yi was sent flying by the impact.

He failed at the last step! Lin Yi wiped the blood from his mouth as he sighed. He raised his head and realized that Leng rufeng's mouth was also bleeding. He immediately understood what was going on.

His opponent was not injured because of his five elements killing intent, but because he had bitten his tongue to break the numbing effect. Under the stimulation of the intense pain, the numbing effect was naturally gone. He was able to come up with such a solution in an instant. This Leng rufeng was indeed a difficult opponent!

The arena once again fell into a brief confrontation. Leng rufeng re-evaluated his opponent, while Lin Yi was thinking about his next move.

Feeling the familiar lightning paralysis again, Leng rufeng frowned slightly. Although he was getting used to this feeling and the paralysis effect was getting weaker and weaker, he still couldn't help but be angry after Lin Yi's repeated actions.

Bang! Bang! Bang! Bang! Bang! Bang!

After a series of collisions, Lin Yi's legs turned into a ball of fire and bombarded the opponent's body continuously. The combination of the wild fire thousand legs and extreme butterfly microsteps made it impossible for the audience to lock onto Lin Yi's position. They could only see a blurry shadow swimming around Leng rufeng.

Chapter 4807 Breakthrough To The Peak Of The Intermediate Nascent Soul Stage!

Attacking while holding back was the backup plan that Lin Yi came up with-he had to be fast enough to avoid the ice blades. Although the fire thousand legs didn't do much damage each time, it would accumulate as long as he kept it up.

Since there was no chance of winning in a direct fight, they'd just have to exhaust each other. As long as there was an opening, Lin Yi could replenish it-it was a shameless strategy, but as long as they could win, who cared?

Leng rufeng seemed to be led by the nose. However, after a while, his voice suddenly rang out in the chaos,""This is all your moves?"

Lin Yi was taken aback as the Jade's alarm went off in his mind. He retreated with all his might without hesitation, not just using the butterfly microsteps but also the Qi jet technique. In order to escape, he had to be as fast as possible-it could be life or death.

The giant ice blade was almost touching the tip of Lin Yi's nose, and a terrible wound appeared on his face. At the same time, the mountain-like Blade Force slammed Lin Yi to the ground again. The situation was the same as yesterday, but Lin Yi's injury was more serious this time, and he couldn't get up for a long time.

Leng rufeng walked in front of Lin Yi and was about to force him to admit defeat when he heard ning Xuefei shouting,""The incense is extinguished! The time for an incense stick to burn is up!"

"Ahem ..." Lin Yi got up from the ground with difficulty and staggered down the stage, leaving behind a sentence that made Leng rufeng very familiar but also very speechless,""Looks like I'm in luck. Let's continue tomorrow."

Watching Lin Yi's sorry figure disappear from his sight, Leng rufeng was stunned on the stage and couldn't say a word. Ren Zhongyuan, on the other hand, was so angry that he jumped and cursed,""This piece of trash! He can't even kill a Lin Yi, how can a piece of trash like him go to the mystic division sea? no wonder he was beaten back!"

He was about to go crazy-Lin Yi had managed to escape yesterday, and now he was doing it again!

However, Ren Zhongyuan couldn't do anything about it. Unless he dared to go all out and hit Lin Yi when he was down, he could only wait for the results to be out in the ring. As for assassinating the Fuma in the school? He, Ren Zhongyuan, really did not have the guts to do so.

The only good news was that although Lin Yi had managed to escape in the past two days, he was also injured quite badly. At the very least, they were on par in terms of suffering. Ren Zhongyuan could only console himself with that.

The next day, when Lin Yi appeared in the arena again, Leng rufeng's scalp couldn't help but tingle. This kid had returned to his peak state!

Just like the previous two days, Lin Yi was beaten up again. It was a pity that Leng rufeng couldn't kill Lin Yi in 15 minutes, even if he wanted to. Lin Yi's speed seemed to be faster than the previous two days, and his strength seemed to be stronger than before.

On the other hand, after two days of exhaustion, Leng rufeng's condition was getting worse and worse. On the second day, he was at 90%, but on the third day, he wasn't even at 80%. What was more troublesome was that Lin Yi said those words again after he was injured, ""We'll continue tomorrow!"

No one expected things to turn out like this. If it wasn't for Lin Yi, Leng rufeng would never believe that he would be a sparring partner of a mid-stage nascent soul cultivator!

That's right, Lin Yi treated him as a rare sparring partner. To be more precise, he treated him as a monster to level up, because Lin Yi had a strong feeling that he was about to break through.

From then on, the arena was filled with people every day. The fight between the cold-faced machete God and the Prince Consort of the West Island was almost always a reserved show. In an instant, Lin Yi's name of being an undying cockroach spread to everyone. Everyone knew that the Prince Consort of the West Island was undying, and even the cold-faced machete God was helpless.

For seven days in a row, Lin Yi lost again and again, but he got stronger and stronger. His strength was increasing at a visible speed almost every day. On the other hand, Leng rufeng was having a harder time. A few days ago, he could still defeat Lin Yi, but on the seventh day, when he knocked Lin Yi to the ground again, he was starting to pant.

Of course, Leng rufeng still had the upper hand, but he still couldn't kill Lin Yi. He was speechless when he heard the words again, ""We'll continue tomorrow. "

He thought that it would be a small matter, but it turned out to be a battle of attrition that lasted seven days. The physical and mental exhaustion made Leng rufeng feel like it was a nightmare. Lin Yi was no strong opponent to him, but to a certain extent, he did find Lin Yi a little troublesome.

Especially on the eighth day, when he saw Lin Yi in front of him again, Leng rufeng was stunned. He felt that he should take back his previous evaluation. This kid wasn't just a little tricky, but rather tricky. He was a strong enemy.

He suddenly realized that Lin Yi, who was only mid-stage of nascent soul yesterday, had suddenly become peak-stage of mid-stage of nascent soul today. Not only did this kid recover, but he also leveled up overnight!

Even if it was a super genius with extraordinary talent, when one reached the level of the original infant stage, any breakthrough was very difficult. Many people even had to go into seclusion for decades just to break through!

But this time, Lin Yi opened their eyes. He was beaten to a pulp the day before, and now he'd leveled up in just one night. It was hard for normal people to imagine.

Leng rufeng, who had always been cold and indifferent, was gossiping for the first time today. "What medicine did you take?"

"Medicine?" Lin Yi shrugged and pouted, "It's tiring enough to fight with you every day. I don't have the time to take medicine. I don't have time to digest it. I'm afraid I'll get indigestion."

Leng rufeng was speechless. After fighting with Lin Yi for seven days straight, he was less than half of his energy left. This was the result of him taking a recovery pill in the middle of the fight. Otherwise, his condition would be even worse.

Lin Yi, on the other hand, was still at his peak, getting stronger by the day. Now that he was at the peak of the mid-stage of nascent soul, even if he still had the absolute advantage, it was obvious that he wasn't as calm as before. At least he wasn't as calm as he was in the first few days when facing Lin Yi's five elements killing intent.

Chapter 4808 Breakthrough To The Advanced Stage Of The Original Level!

In the first seven days, Leng rufeng was always suppressing Lin Yi, but on the eighth day, he couldn't maintain this absolute advantage against Lin Yi, who was at the peak of mid-stage nascent soul realm. The two of them were fighting back and forth, and there were a few times when Lin Yi almost got the upper hand, which made him break out in cold sweat.

An incense's time passed, and there was still no clear winner. But the difference was that Lin Yi had been lying on the ground for the past seven days, barely keeping his life. This time, he was standing at the end with ease. He was injured, but from the process, it could be considered a tie.

Monster! This kid was a monster!

Looking at Lin Yi's back, Leng rufeng's heart was in a state of shock. Lin Yi's improvement these days was not as simple as just one level. The others were just bystanders, but he was the one who had the most profound experience. Every day, the magical improvement was so obvious that it was even visible to the naked eye!

People called him the cold-faced blade God, and Leng rufeng himself was a monster. But in his eyes, he was still thousands of miles away from Lin Yi. If he was at the peak of mid-stage of nascent soul, he wouldn't even be able to take one move from him, let alone exchange blows with him.

At the thought of this, the bad feeling in Leng rufeng's heart became stronger and stronger. If this continued, would he really fail?

With the pride of this cold-faced machete God, it was simply inconceivable for him to have such concerns. However, after so many days, anyone in his position would probably be extremely anxious. According to this strange trend, it was not impossible for him to fail in an easy task, but it was very likely!

On the ninth day, the two exchanged blows for the ninth time in a row. As his strength increased rapidly and he got used to Leng rufeng's powerful blade, Lin Yi was able to control part of the rhythm of the battle. This was a very gratifying change because only when he controlled the rhythm would he have the chance to have the last laugh.

However, Lin Yi was beaten to death like a dog again. It was worse than the first day. This was the closest he had been to death. After an incense's time, he couldn't even get up. He had to support himself on ning Xuefei to stabilize himself.

It was not because he had underestimated his opponent, but because Leng rufeng had suddenly recovered to his peak state and was more determined to kill him than he had been seven days ago!

Needless to say, this fellow must have taken the pill when he saw that the situation was not good. It was a Supreme-grade pill that could recover all his true Qi overnight. In order to kill the hidden danger before it showed signs, Leng rufeng had really put in a lot of money.

Unfortunately, he still failed. If it was someone else with the same injury, they would've died ten times over already, but Lin Yi held on. This kid was an undying cockroach, and he lived up to his name.

"Qianxue, don't worry. I'll definitely get the beautifying pill and the Thunder profound pill." Leng rufeng assured yang qianxue, who was disappointed again and again. No matter how much Lin Yi improved, the

difference in strength between them was still there. As long as he didn't exhaust himself too much, he would always have the absolute initiative.

However, Leng rufeng didn't expect that they would be fighting for another seven days. Lin Yi's strength was still growing rapidly, while he was once again exhausted. This time, he didn't have any Grade 7 energy recovery pills on him. After all, he didn't have a Grade 7 Alchemist as his father. Even Leng rufeng couldn't afford such a high price.

Not to mention the mental fatigue, just the fact that he only had thirty percent of his Qi left was enough to force Leng rufeng into a corner. Thirty percent of his Qi was more than enough to deal with the Lin Yi from ten days ago, but it was not enough now!

However, for yang qianxue's sake, Leng rufeng had to give it a try. If he gave it a try, he would still have a chance. If he did not give it a try, he would lose everything.

However, when he saw Lin Yi walk up the stage for the fifteenth time, especially when he felt the unstable aura around Lin Yi, he was completely dumbfounded. His mouth was wide open, and he couldn't say a word for a long time. He could only stare at Lin Yi in a daze.

He wasn't the only one-even the more observant spectators were dumbfounded. Some of them came here every day, and were already very familiar with the Fuma, but it was precisely because of this that they were so shocked and tongue-tied.

"You broke through again?" Leng rufeng finally bit his tongue and said, "how long has it been since his last breakthrough? it was only about seven days ago. Why did this kid's aura suddenly increase so much? he's already at the advanced stage of the original level!"

"It's all thanks to you," Lin Yi smiled faintly. Although he couldn't control his aura completely because he just broke through, he still felt very good. This Leng rufeng was his Lucky Star.

After fighting with him for half a month, the result was that he had risen two levels, from the middle Yuanying stage to the late Yuanying stage. Although it was not as exaggerated as rising two levels in one go, in everyone's eyes, what was the difference between this and rising two levels in one go?

Hearing this light-hearted answer, Leng rufeng, who rarely cursed, couldn't help but curse. It wasn't that he hated Lin Yi to the bone, but he really didn't know how to vent his emotions if he didn't say it like this.

"Let's start. " Leng rufeng suppressed the shock in his heart. He didn't dare to let Lin Yi make the first move again. As soon as he finished speaking, he immediately used World of Ice and snow and slashed at Lin Yi's head.

Lin Yi didn't back down an inch. With a deep dragon roar, he faced the strongest five elements killing intent head-on. He didn't plan on using any tactics this time. He just wanted to go head to head with the opponent and see how much strength he had.

After this half a month of combat training, especially after his strength had increased by two whole levels, Lin Yi's five elements killing intent was now showing signs of transforming into a Dragon.

Although it was only a vague sign for the time being, it was definitely a very gratifying change. One day, when it really transformed into a Dragon, it would be the true complete version of the killing Qi of the five elements!

It was a pity that the power of thunder and lightning, which also came from the inheritance of the Super sea splitting stage, had not improved during this period of time. It was not that it had not made any progress, but the progress was insignificant compared to the killing intent of the five elements. Except for the slight numbing effect, it was almost useless against an opponent like Leng rufeng.

BOOM! The arena exploded as the five-element killing intent was cut in half again. However, unlike before, Leng rufeng's blade Force collapsed as well. Lin Yi and Leng rufeng both took a step back at the same time. Both sides were equally matched!

Chapter 4809 The School Belle's Personal Bodyguard

The crowd was in an uproar. Leng rufeng was shocked for the first time. He couldn't help but take a deep breath as he looked at Lin Yi, who was full of fighting spirit. It had only been half a month, and this kid had become so strong!

"Again!" Lin Yi was so excited that he couldn't wait to try. This was the first time in half a month that he'd fought to a draw with his opponent.

Although he knew that this did not mean that their strength was really equal, after all, the other party's condition had been exhausted before this. If he was at his peak, he would definitely be suppressed. But even so, this was still a gratifying huge improvement.

Anyone would find it hard to accept the fact that they were forced to a draw by an opponent they had the upper hand against, let alone a proud person like Leng rufeng. Everyone knew that this guy was going to be ruthless and risk his life.

Lin Yi was waiting impatiently, but Leng rufeng's next sentence stunned him. "I'm done, I admit defeat. "

"What?" Lin Yi looked at him in surprise, wondering if this guy was joking. No matter how he looked at it, this guy didn't look like someone who would admit defeat. Moreover, it was at most a draw just now. If they continued to fight, it was still unknown who would win and who would lose!

Leng rufeng did not say anything. He turned to look at the crowd that was in a mess. Finally, his gaze fell on yang qianxue, who was standing by the side of the ring. He shook his head apologetically.

It wasn't that he didn't want to fight-he didn't think that he'd lose to Lin Yi at all. At the very least, he'd be able to fight until both of them were injured, but what about after that?

Unlike Lin Yi who had just arrived here, he had enemies everywhere. There were countless enemies with powerful backgrounds like Ren Zhongyuan and Yi Xiaotian. After all, the title of cold-faced machete God didn't come from nothing. Every victory meant one more enemy. When he lost the ability to protect himself, any one of them could easily kill him.

Leng rufeng was arrogant but he was not stupid. He knew when to advance or retreat. Otherwise, he would not have been able to stand out in this place no matter how strong he was.

After looking at Leng rufeng's expression, Lin Yi was sure that he wasn't joking. He thought for a while and said, ""Alright then. There's no problem with the bet we agreed on earlier, right?"

Leng rufeng took a deep look at him. Although he was unwilling, he still nodded and agreed. Of course, he was not in the mood to be someone's bodyguard now. However, since he had already agreed to it, he could not go back on his word now, right?

"Very good," he said. Lin Yi smiled, but added on when he saw the serious expression on the man's face. "Don't worry, even though you're my Feifei's bodyguard because you lost, I won't mistreat you. You'll be paid. "

"Remuneration?" Leng rufeng was stunned for a moment. Although it was not too obvious, a trace of disdain could not be avoided between his brows. At his level, a few spiritual jades were not enough to enter his eyes, unless the other party could offer a sky-high price of hundreds of thousands.

"I'll give you the beautifying pill, and then I'll give you an extra Thunder profound pill. That should be fine, right? I don't have any other requests, just help me protect Feifei in the Academy in the future and don't let Ren Zhongyuan and the other idiots harass her. " Lin Yi said faintly.

As soon as these words came out, the whole place was in an uproar again. A seventh-grade beautifying pill plus a seventh-grade Thunder profound pill, wasn't this a little too big to scare? As expected of West island's Prince Consort, he was so rich!

Leng rufeng looked at Lin Yi, speechless. It took him a long time before he managed to squeeze out a sentence, ""If you had said that earlier, I wouldn't have fought you!"

He'd fought Lin Yi for half a month just for the beautifying pill and the Thunder Mystic pill-he wouldn't have spent so much effort if he'd known that he'd be able to get them even if he admitted defeat!

"Hehe, if we don't have a good fight, how would I know if you're worth the price?" Lin Yi laughed. In fact, he was just addicted to fighting Leng rufeng. He had leveled up two levels after fighting with Leng rufeng for only half a month. He had to spar with him more often in the future. Maybe he could level up a few more levels.

Of course, this was just Lin Yi's imagination. The reason why he could level up so quickly this time was largely due to the injury he got from the trial on the Western Island. After returning from the gates of hell, he felt like he was reborn, and he also received the giant electric eel's powerful inheritance. Although the power of lightning wasn't of much use yet, it was enough to train his body.

Plus, he'd been injured every day for the past half a month, and other than healing himself, he'd taken no less than six golden elixirs to replenish his energy. With all that energy accumulated, breaking through and leveling up was only a matter of time-he was a perfect nascent soul after all.

"I'm so tired, you're such a scammer. " Leng rufeng shook his head speechlessly and forced a smile. He was really exhausted by Lin Yi. If it weren't for the fact that there were so many people watching, this cold-faced machete God would've fallen to the ground.

However, the good thing was that his efforts in the past half a month had not been in vain. He had obtained the beautifying pill and the Thunder Mystic pill at the same time. Now, there was a great chance that yang qianxue's appearance and strength would be restored to their original state. Congratulations!

The two people on stage were happy, but Ren Zhongyuan, who was just called out by Lin Yi, was really furious. He was dumbfounded when he saw Leng rufeng, whom he had high hopes for, shake hands with Lin Yi in public. What the hell was going on?

She was the one who paid a huge price of a beautifying pill and racked her brains to create a strong chess piece against Lin Yi, but after half a month, not only did she not kill Lin Yi, but she also became his bodyguard. This was too unpredictable!

Ren Zhongyuan felt as if his heart was about to explode under the stimulation. He subconsciously circulated his essential Qi and felt a sharp pain in his internal organs. His vision turned black and he fell to the ground, unable to get up. Yi Xiaotian and the others were shocked. They could only drag Ren Zhongyuan away like they were dragging a dead dog under the astonished gazes of the others.

When Ren Zhongyuan finally caught his breath and woke up, they were already in the restaurant's private room. Yi Xiaotian and the rest did not dare to send him home. Otherwise, how would they answer if Ren tiansuo asked them?

"Brother Ren, you're finally awake!" Yi Xiaotian and the rest heaved a sigh of relief. If anything were to happen to Ren Zhongyuan, they would have to bear the consequences.

Ren Zhongyuan did not answer them. He stared at the ceiling in a daze. Yi Xiaotian and the rest could not help but look at each other. Their hearts were in their throats again. Could it be that he had gone crazy from the shock? If the great young master Ren were to turn into an idiot, that would be a huge joke!

Chapter 4810 Secret Plot In The Private Room

Fortunately, Ren Zhongyuan finally got up after waiting for a long time and said, "Lin Yi must die, no matter what you do, you have to kill him for me, no matter what it takes!"

"This ..." The few of them looked at each other and no one spoke. Finally, it was Yi Xiaotian who spoke, "Brother Ren, I can understand how you feel, but with our strength, we can't even handle one Lin Yi, let alone this Leng guy. I'm afraid we can't do anything."

They were already helpless against Lin Yi, and they were equally helpless against Leng rufeng. Now that the two of them were working together, what could they do?

Everyone looked at each other speechlessly. They were actually more afraid of Leng rufeng than Lin Yi. After all, this guy was too strong. He was almost invincible among the disciples of the Academy. Everyone was afraid of him.

The cold-faced machete God's name was earned with his blade. Other than Lin Yi, who didn't know anything, there wasn't a single person in the entire soaring Cloud School who could be his opponent. Normal people would be scared to death when they heard his name. Otherwise, they wouldn't have thought of this guy when they wanted to kill him with a borrowed knife!

Ren Zhongyuan furrowed his brows and pondered for a long time. After a while, he suddenly said, ""What if we wait until that Leng guy leaves?"

"After he leaves?" Yi Xiaotian was stunned. He immediately clapped his hands and said, ""That's right, Lin Yi is too smart for his own good. He wanted to use the beautifying pill and the Thunder Mystic pill to win over Leng rufeng, but it's just a trap. Leng rufeng would've stayed in the Academy and been their bodyguard, but once yang qianxue recovers her looks and strength ... Hehe!"

"That's right, brother Ren and brother Yi are indeed brilliant. Leng rufeng will definitely return to the mystic division Sea area!" Li Yu Zhou quickly flattered him.

"Yes, yes, the mystic division sea is an unparalleled temptation for Masters like them. A self-proclaimed genius like Leng rufeng will definitely not be willing to stay and be a bodyguard. He'll definitely try his best to return to the mystic division sea!" Sun baolu added.

"That's right, it's never too late to take revenge. We just need to endure this for a while, and then it won't be too late to make a move on Lin Yi!" Ren Zhongyuan's eyes were filled with hatred. If it was possible, he would definitely not want to tolerate it. However, he had no choice now. Reality forced him

to tolerate it unless his father, Ren tiansuo, was willing to help. Unfortunately, the possibility of that happening was very low.

He might not be able to wait for too long, but if it was only two or three months, it would not be a problem.

"Uh, Ren bro, Yi bro, this plan is good, but there's a loophole. What if that Lin Yi guy leaves in less than two months?" Li Yu Zhou said carefully.

"Idiot! The monk can run, but the temple can't. As long as ning Xuefei is here, so what if Lin Yi is gone? we can just use a small trick to make ning Xuefei get injured. Do we have to worry that he won't come? Hmph!" Ren Zhongyuan sneered.

The men looked at each other and laughed. The title of the Prince Consort was tempting, but at times, it was a burden. If they could control ning Xuefei, it would be the same as controlling Lin Yi.

"There won't be any risk, right?" Li Yu Zhou carefully reminded.

A young girl like ning Xuefei, who had never experienced the world, was naturally at the mercy of others. The key was that she was the princess of the West Island. Once an accident happened, it would definitely shake the entire soaring Cloud Academy. When the time came, in order to give a satisfactory explanation to the West Island, this matter would definitely be investigated to the end. Even if Ren Zhongyuan and Yi Xiaotian's backers were combined, they might not be able to withstand it.

"Stupid! It's said that there's no damn risk if it's an accident. In any case, it's just a serious injury, not a death!" Ren Zhongyuan pursed his lips in disdain. As long as it wasn't irredeemable, the people on the

West Island wouldn't hold it against them even if they knew about it. After all, the soaring Cloud School wasn't to be trifled with. They had the support of his father and Yi Xiaotian's father.

"That's right. As long as we know our limits, it shouldn't be a big problem. " Yi Xiaotian nodded his head and said.

While they were discussing in the private room, they had no idea that the target of their discussion was having a meal in the private room downstairs.

Of course, with the high-end design of this restaurant, the sound insulation effect couldn't be that bad. Normally, no matter how good one's hearing was, it was impossible to hear the conversation in the private room upstairs. Moreover, the walls here had the effect of blocking divine sense. This was something that the shop had spent a lot of money on. The purpose was to ensure the privacy of the guests. Only in this way could they attract the guests of the upper class.

There were five people in the group-Lin Yi, ning Xuefei, Leng rufeng, yang qianxue, and even Chen xingmo.

Lin Yi and the other three didn't need to be mentioned. Even with Chen xingmo's strength, she wouldn't be able to hear the sound from upstairs under normal circumstances, unless she used some kind of targeted divine sense technique. With her self-restraint, she wouldn't do something like this for no reason.

However, even if Lin Yi and the others couldn't hear them, it didn't mean that no one could see through their plot. At least, the damn thing knew everything about it, and Lin Yi naturally heard every single word of their plot.

Lin Yi's expression changed after he heard that. He didn't expect Ren Zhongyuan to hate him to the core. He even had such a sinister thought just to deal with him. Fortunately, the ghost heard him. Otherwise, he might really get what he wanted!

"What's wrong?" Ning Xuefei was enjoying the food on the table, but she still noticed Lin Yi's strange behavior. Chen xingmo and Leng rufeng also looked over.

"Oh, it's fine." Lin Yi smiled and took out an exquisite wooden box. He pushed it in front of Leng rufeng and yang qianxue, ""This is a beautifying pill. I'll have to make the Thunder profound pill at the last minute, so you'll have to wait for two more days."

Leng rufeng was overjoyed, while yang qianxue's eyes were shining as if she had found a life-saving straw. However, she didn't reach out for it immediately. Instead, she looked at Lin Yi and ning Xuefei with embarrassment.

After this period of recuperation, coupled with the fact that she had been wearing a veil all this time, her mental state was much better than before. At least, she was no longer as blind and impulsive as before. Now that she thought about it, she was quite embarrassed to have snatched the beautifying pill like a crazy person. In the end, all these things had happened because of her, but fortunately, the result was a happy one.

"Many thanks, brother Lin!" After receiving the beautifying pill, Leng rufeng immediately looked at Lin Yi in a different light. If he were in Lin Yi's position, he wouldn't necessarily take out the beautifying pill directly. Normal people didn't have the tolerance to do so.
