

## Bodyguard 4811

### Chapter 4811 No Countermeasures

"No need to thank me, this is what we agreed on." Lin Yi smiled faintly.

After putting away the beautifying pills, Leng rufeng and yang qianxue nodded gratefully. It was only then that Leng rufeng suddenly reacted. He exclaimed in shock, ""You just said you can refine the profound Thunder pill? You're a seventh ranked Alchemist?"

Not only was Leng rufeng shocked, even Chen xingmo was shocked. She only knew that Lin Yi was the Prince Consort of the West Island and the disciple of one of the three pavilions of the North Island, but she never knew that he was a seventh-realm Alchemist.

"I guess so." Lin Yi and ning Xuefei looked at each other and smiled. Strictly speaking, they relied on the Shennong medicine cauldron to make elixirs. He was just a helper, putting in his Qi. He wasn't a real Level Seven refiner, but he could make Thunder elixir easily. He was much more efficient than other Level Seven refiners ...

Everyone in the room sucked in a cold breath at the same time, including Chen xingmo. Everyone looked at Lin Yi as if they were looking at a monster. This half a month's battle had already proved that this guy was a monster, but no one expected that this was only the tip of the iceberg!

Leng rufeng looked at Lin Yi in a daze, not knowing what to say. He quickly drank a glass of wine to calm himself down. To be honest, he was still a little unconvinced about losing to Lin Yi. No one in his position would be completely convinced.

It was only because of the bet and Lin Yi's promise to give him the beautifying pill and the Thunder Mystic pill that Leng rufeng was willing to work as his bodyguard. But now, he really felt like worshiping Lin Yi. There was no other seventh level Alchemist as young as him!

"Brother Leng, I would like to ask, after miss Yang's injuries have fully recovered, will you still remain in the soaring Cloud School?" Lin Yi suddenly asked. After hearing Ren Zhongyuan's plan, this was the most important thing for him to figure out.

The table fell into silence. Lin Yi waited for the other party's answer. After a long while, Leng rufeng spoke, ""Three months. I will only stay here for three months."

"Only three months?" Lin Yi frowned. This was exactly what Ren Zhongyuan and the others had expected.

"That's right. If you don't think it's appropriate, you don't have to give me the Thunder profound pill. I'll buy the beautifying pill at the market price and be your bodyguard for three months. After that, I'll have to go and get back at you for what you did at the profound sea. No one can stop me." Leng rufeng looked apologetic, but he was determined.

Lin Yi looked at him deeply and raised his cup, not pressing any further. He purposely let the other know that he was a seventh realm Alchemist just to raise his status, so that the other would want to make friends with him. This way, he wouldn't have to worry about ning Xuefei not having anyone to protect her.

But from his expression, Lin Yi could tell that the mystic class Sea area had become his obsession. If it wasn't for yang qianxue, he wouldn't have the patience to stay here.

In the end, Leng rufeng only agreed to this condition because he lost the battle. The two of them were still enemies before, and their relationship was far from being as strong as that of friends. Since Leng rufeng wanted to leave, Lin Yi had no reason to stop him.

What should he do? Lin Yi's head started to hurt. Since he couldn't make Leng rufeng stay, he had to stay in the East Province. After all, ning Xuefei's safety was his top priority. But he couldn't just stay here forever!

He'd leveled up two levels in half a month, and just meditating wasn't enough. Whether it was to consolidate his strength as soon as possible or to find the opportunity to break through to the next level, Lin Yi had to go out and see the world. Staying in one place for long periods of time wasn't his style.

Although it was a headache, Lin Yi didn't make things difficult for Leng rufeng. Three months it was, then. He could only think of other ways after that.

"Many thanks." Leng rufeng was both grateful and apologetic for this. He was not being honest in this matter, but he would not change his mind. Three months later, he must go to the mystic division Sea area and settle this!

Lin Yi smiled and didn't say anything else. After sending off Leng rufeng and yang qianxue, they agreed to meet up after Yang qianxue took the beautifying pill. He, ning Xuefei, and Chen xingmo returned to the newbie courtyard, and Lin Yi told them everything.

"What? How could they be so bold?" Chen xingmo was shocked. Ning Xuefei was not too worried about herself, but the three of them decided to go to the academy and call Liu Ziyu and Huo yudie over.

Just half a day later, Liu Ziyu and Huo yudie rushed over. This matter concerned ning Xuefei's future safety and they could not afford to be careless.

The five of them sat around the table, each of them frowning. Even Liu Ziyu and Chen xingmo could not think of an effective response in a short time.

"If they had taken action, it would have been easy. As long as we have the evidence, we can ask the Academy to come forward at any time. At the very least, we can put them under house arrest. But now, there's no evidence. Sigh." Chen xingmo sighed.

Although she was the Vice president of the Academy, she wasn't a strong person in the upper echelons due to her personality. In terms of status and speaking power, she was far inferior to Ren tiansuo. It was almost impossible to warn Ren Zhongyuan and the others with a few words.

On the other hand, Liu Ziyu had a strong personality. It was a pity that she was from the proud of dawn Academy, so she had no reason to interfere in the soaring Cloud Academy's Affairs. Her authority in this matter was even lower than Chen xingmo 's.

Seeing that everyone was frowning, ning Xuefei said, ""It's not that serious. As long as I'm with master, they can't do anything to me. They can't be so bold as to play tricks in front of master, right?"

"That's right, but Feifei, you can't possibly follow xingmo around all the time. You can be a thief for a thousand days, but you can't be on guard for a thousand days. Someone will definitely find an opportunity after a long time." Liu Ziyu shook her head with a bitter smile.

"Why don't I move over to accompany Feifei?" Huo yudie blinked her eyes and suggested.

Everyone's eyes lit up. Liu Ziyu couldn't move over to protect ning Xuefei, but Huo yudie could. As long as Chen xingmo went to get a place for the exchange disciple, she could stay here permanently. The two of them could keep each other company. Moreover, Huo yudie's strength was not weak, so she could protect ning Xuefei.

"We'll see in three months. If we can't think of a better way, this is the only way. " Lin Yi shook his head with a bitter smile. In his eyes, this was a last resort.

Chapter 4812 I Have Something To Tell You

Huo yudie was not weak, but Ren Zhongyuan and the others were not easy to deal with either. If they were to do anything, Huo yudie might be killed too. Therefore, this was the last resort. If they wanted to protect ning Xuefei, they had to find a bodyguard as powerful as Leng rufeng.

It was a pity that there was only one Leng rufeng in the entire soaring Cloud School. Otherwise, it would not be so easy to find a few of them, and Leng rufeng would not be feared by all the disciples.

The crisis discussion meeting ended in a dead end, but since she was already here, Huo yudie didn't want to go back just like that. She stayed for a few more days. It was fine if she stayed with ning Xuefei, but she didn't have many chances to meet Lin Yi.

Three days later, Huo yudie finally left reluctantly. If it wasn't for the entrance exam of the Academy, she would have stayed there until Lin Yi left. Unfortunately, things didn't go as she wished.

After sending Liu Ziyu and Huo yudie off, other than Chen xingmo who came over from time to time, there was only Lin Yi and ning Xuefei left in the newbie courtyard. This was what ning Xuefei wanted, and it was a rare moment for the two of them to be alone.

However, before the fiancé and fiancée could get intimate with each other, a person suddenly came in from outside the door. It was Leng rufeng.

Lin Yi didn't know if the guy was born like this or if he trained like this. From the first time they met, he'd always had a cold expression on his face, and it was rare to see a change in it. This time, however, the guy had an indescribable look of worry.

"What's the matter, brother Leng?" Lin Yi's heart skipped a beat. Something must have happened to yang qianxue if Leng rufeng was so worried.

Leng rufeng looked at Lin Yi and sighed, ""Qianxue took the beautifying pill, but it only had half the effect."

"Only half the effect?" Lin Yi blinked. The beautifying pill was a seventh-grade pill, and it should be easy to recover one's looks. Was there something wrong with the pill? It didn't look like it. When he first got the beautifying pill, he had personally checked it.

"The burns on qianxue's face have recovered, but the wounds on the places where the poison had invaded have not been able to heal. It's all because of that group of damn bastards. Damn it!" Leng rufeng's eyes were spitting fire as he spoke. He slammed his fist heavily on the heavy stone table. His fist, which was not wrapped in Qi, was stained with blood.

"Poison?" Lin Yi tried to recall what he'd seen-it was just a quick glance, but yang qianxue's face was indeed in a state of shock. It was much more serious than any of the cases he'd seen before, especially when the poison had seeped into her wound for a long time. It could be said that it had penetrated deep into her bone marrow, and the beautifying pill alone might not be effective.

Leng rufeng didn't say anything else. He sat down on the ground in the yard unhappily and officially became ning Xuefei's bodyguard. It was his own problem that the beautifying pill couldn't help yang qianxue recover her face. He couldn't blame Lin Yi for that. So no matter how confused he was, he still had to fulfill the promise.

Lin Yi didn't say anything. He went back to his room after saying goodbye to ning Xuefei. He had promised to give Leng rufeng a Thunder elixir. He had been with Huo yudie and ning Xuefei for the past three days and didn't have time. Now that Leng rufeng was guarding ning Xuefei, he didn't have to worry about her safety anymore. He could focus on refining the elixir.

A day later, Lin Yi walked out of his room with eight more Thunder mystical pills. He didn't use up all the Thunder mystical vine at once-he only used a quarter of it this time. The Thunder mystical vine was in the Jade space anyway, and he often used the power of Thunder to nourish it, so he didn't have to worry about it withering.

If there were no accidents, these eight Thunder profound pills were enough. After all, Thunder profound pills could only be used when attacking xuansheng to deal with the Thunder tribulation. They were not like the Golden pill of the nascent soul, which could be used as a supplement. Unless it was given to others, there was no need for so many.

The rest of the Thunder mystical vine could be used for other things. Other than the Thunder mystical pill, it was an important material for a few other seventh-grade and even higher-grade pills. Good steel should be used on the blade, only then would it be of greater use.

"Brother Leng, this Thunder profound pill is for you. Even if miss Yang's appearance can't be restored in a short time, the matter of her strength and realm can't be dragged on. Otherwise, when her realm completely falls, it's really impossible to return to the xuansheng stage." Lin Yi advised.

"Many thanks." Leng rufeng took the Thunder elixir with a complicated expression. He smiled bitterly and shook his head,""I advised her the same way, but her appearance has already become a problem in her heart. If she doesn't get rid of this problem and suddenly breaks through, I'm afraid it will become a demon in her heart. That would really be unimaginable."

It was a woman's nature to love beauty, and no woman would treat their appearance lightly, especially when a beautiful woman like yang qianxue had been disfigured to such an extent. No one could withstand such a huge difference. It was already very rare for her to be able to hold on until now without having a mental breakdown.

"You should spend more time with her during this time. When I'm around, there shouldn't be any problems with Feifei." Lin Yi said with a sigh.

Leng rufeng nodded gratefully and took the Thunder mystical pill back to yang qianxue. To be honest, he was really worried about yang qianxue's mental state. Previously, he could still place all his hopes on the beautifying pill. However, the beautifying pill was useless now. He could not guarantee that yang qianxue would not do anything stupid after her hopes were dashed.

At times like this, yang qianxue needed Leng rufeng's company the most. That was exactly what Leng rufeng did for the next month. He did not leave yang qianxue's side even when she was disfigured. He racked his brains every day to comfort her, telling her that he would find a way to help her!

In the past month, other than following ning Xuefei and yang qianxue around, Leng rufeng spent all his time asking around. Even Lin Yi was moved by this. This cold-faced machete God was a warm-hearted person.

On this day, Leng rufeng was stationed in the newbie courtyard while writing letters to others. Needless to say, he was trying his best to find someone to help him. Usually, it would be impossible for him to ask for help. However, for yang qianxue, he had thrown all his pride and self-respect aside. He only wanted to find a glimmer of hope for the woman he loved.

"Brother Leng, are you free? I want to tell you something." Lin Yi said suddenly.

"What is it?" Leng rufeng was still writing furiously and asked without even lifting his head.

"It's about miss yang. " Lin Yi said faintly.

Chapter 4813 Zhang Liju's Last Disciple

"Qianxue?" Leng rufeng froze and threw the pen away. He looked up at Lin Yi nervously.

Lin Yi didn't know what to say-love was the most mysterious thing in the world, after all. What had the cold-faced God done to him? this was like a primary school kid getting caught cheating on an exam!

"That's right. I've finally understood this past month. Brother Leng, you're really an infatuated person. Seeing that you can't go on like this, I can't bear it, so I'm prepared to make an exception and help miss yang restore her appearance." Lin Yi looked at Leng rufeng.

Leng rufeng was shocked. He sized Lin Yi up again and said in disbelief, ""You're not deliberately trying to stall for time, are you? Find an excuse to say that you're looking for some medicinal herbs and so on, and then use it to drag me into protecting miss ning? I don't need to think to know what Ren Zhongyuan and the others are thinking. However, I've already said that I have to go to the mystic division Sea area in two months no matter what!"

"So you also know?" Lin Yi couldn't help but be surprised, but he didn't find it strange after thinking about it. Leng rufeng and Ren Zhongyuan and the others had been enemies for many years, and he knew them better than Lin Yi. He immediately nodded, ""You're half right. I do want you to stay, but I want you to sincerely protect Feifei for me, not to delay you. "

Leng rufeng was silent for a moment, still suspicious. Lin Yi did make him look at him in a new light. Whether it was his strength or his identity as a seventh-realm Alchemist, he was far from being comparable to ordinary people. Even he himself was far from being comparable.

However, it was ridiculous to say that Lin Yi could restore yang qianxue's appearance. Even the beautifying pill couldn't help her, what other way could he have?

After a whole month of asking around, Leng rufeng felt that the only reliable way was to find a doctor like Zhang Liju to treat him. There was no other way he could trust him.

"How can I believe you?" Leng rufeng finally spoke with a tiny bit of hope.

"I'll tell you a secret, but you must not reveal it, because it may bring me trouble." Lin Yi said seriously.

"You tell me, I'm not a talkative person." Seeing Lin Yi's serious look, Leng rufeng's heart was really ignited with some hope.

Lin Yi smiled and paused for a moment. "Okay, I'm actually Zhang Liju's last disciple."

"What?" Leng rufeng's face paled in shock, almost screaming out loud. He looked at Lin Yi up and down, quickly digesting the shocking news. This guy was the last disciple of Zhang Liju, the miracle doctor!

Pulling a Tiger's skin and pulling a big flag was something many people would do, especially when Zhang Liju was one of the top existences on the five Sky Class islands. There were at least eight to ten thousand people who used his name to swindle people. Under normal circumstances, no one would believe it, but Leng rufeng believed it immediately after hearing Lin Yi's words.

It wasn't that he believed in Lin Yi's character, but all the evidence he'd seen before was perfect evidence!

Putting aside Lin Yi's strength, the guy had been beaten up like a dead dog during the fight before, and he'd been able to recover to his peak state the next day. How could he not know medicine?

Not to mention, Lin Yi was a seventh realm refiner! Without a master like Zhang Liju, who could have taught such a young seventh realm refiner?

All of this proved that Lin Yi was indeed Zhang Liju's last disciple, and there was no exaggeration in this statement.

"You ... You can really cure qianxue?" Leng rufeng was excited. He had thought that only Zhang Liju could cure yang qianxue, but it was not easy to meet someone like him. He might not have the chance to do so even if he searched for ten or twenty years. Now, he had found Zhang Liju's last disciple. It was like he had delivered himself to his door!

"That's right. I've thought about it carefully. Although this is very difficult and I'll have to pay a huge price, the chances of success are not small." Lin Yi nodded.

The reason why he intentionally used Zhang Liju's name was to find a convincing excuse for his omnipotent true Qi. After all, Leng rufeng was not really one of them. What if the news of yang qianxue's recovery spread?

In this world, only by pulling the strings of a Tiger could one quickly gain respect and trust from others. Lin Yi had realized this during the trial on the Western Island, and even people like Ren Zhongyuan had to look at him with respect the moment he mentioned Shangguan Tianhua's disciple.

From Leng rufeng's performance, the title of Zhang Liju's last disciple was also very useful. Of course, Lin Yi wasn't the kind of person who would be so thick-skinned as to boast. He was indeed Zhang Liju's disciple, but he hadn't met this cheap master yet, so he couldn't officially register it.

"Since that's the case, I'll call qianxue over. I'll leave everything to brother Lin!" Leng rufeng was so excited that he used his most powerful movement technique on the spot. He turned into an icicle and disappeared in an instant, leaving only ice shards on the ground.

Lin Yi was surprised. He didn't see Leng rufeng use this move when he was fighting him. It seemed that he didn't use his full strength.

Of course, Leng rufeng was unable to maintain his peak condition as he was constantly consuming his genuine Qi. He had to ensure that every ounce of his genuine Qi was used on the edge of the blade in order to maintain the stalemate. As for martial arts techniques that consumed a lot of genuine Qi but could not determine the outcome of the battle, he would naturally try not to use them.

After a while, Leng rufeng brought yang qianxue over excitedly. Yang qianxue had been in a bad state these days, but her eyes were bright when she looked at Lin Yi. She knew that Lin Yi was Zhang Liju's last disciple, and she saw hope again in her despair.

"Feifei, you and brother Leng can stand guard outside. It shouldn't take too long." Lin Yi said before leading yang qianxue into the house.

After entering the room and sitting down, Lin Yi gestured for yang qianxue to take off her veil. Yang qianxue struggled and hesitated for a while, but under Lin Yi's encouraging gaze, she finally took off her veil with great difficulty. She used to lose control every time she took off her veil, but after such a long time, she could barely control her emotions.

Even after taking the beautifying pill, yang qianxue's current appearance was still extremely terrifying. If Lin Yi hadn't been prepared, he would've probably jumped in shock again. It would be a big joke if yang qianxue lost control and went berserk because of this.

Chapter 4814 I'm Convinced!

"Don't be nervous, give me your hand. " Lin Yi said with a smile.

"Oh." Yang qianxue looked at him in confusion, but in the end, she did as he said and extended her hands. Unlike her hideous face, her hands were as fair as Jade, and they were full of divine aura.

Lin Yi also reached out his hand to meet hers. It was slightly cold, but it was refreshing. She was indeed a rare beauty, but he didn't want to take advantage of her. If he wanted to treat her, he had to transfer his pure Qi to her, and there couldn't be any clothes in the way. There was no other way except to meet her palms. After all, he couldn't let yang qianxue take off her clothes in front of him.

Through her palm, yang qianxue felt a warm zhenqi enter her body, flowing through her eight extraordinary meridians and rising to her face. Her face immediately felt itchy and numb, making her want to scratch it, but she forced herself to hold it back.

This continued for about an hour before yang qianxue suddenly felt something flowing down her face. Upon closer inspection, she realized that it was a dark green venom. She was instantly frightened!

"Don't move, it'll be over soon. " Lin Yi consoled.

Yang qianxue was still a little flustered, but she did not move after hearing his words. She watched as the poisonous liquid trickled down her face and landed on the floor.

As the amount of poison accumulated, yang qianxue's body began to tremble uncontrollably. This was a nightmare that appeared every time she closed her eyes. It was the poison that almost caused her to have a mental breakdown. She spent her days in a daze, and sometimes, she even had the thought of dying.

Another hour passed, and finally, there was no more venom flowing down her face. Yang qianxue felt her face becoming more and more itchy. She suddenly came to a realization and became excited. Could this be a sign that her wound was healing?

After a long wait, Lin Yi finally retracted his Qi from yang qianxue's body. He turned around and handed her a mirror. "Take a look for yourself."

Trembling with fear, yang qianxue took the mirror. She did not dare to open her eyes. She had already experienced it a month ago, and she did not want to experience it again. The feeling of her last hope being shattered was truly devastating.

However, in the end, she opened her eyes with great difficulty. Looking at her face in the mirror, which seemed to have been reborn, she suddenly froze.

"How is it?" Seeing Lin Yi's pale face, Leng rufeng, who had been guarding the door like a headless fly for four hours, quickly went up to him. His always expressionless face was now filled with anxiety and nervousness.

"See for yourself." Lin Yi waved his hand weakly. He was putting on an act for the other to see-he didn't use much Qi with the Jade replenishing him.

Even if he said he was Zhang Liju's last disciple, he had to put on a show-it wasn't something that could be done so easily.

Leng rufeng's expression changed when he saw Lin Yi's face. He thought that the treatment had failed. He shouted for qianxue and was about to rush into the room, but yang qianxue came out before he could.

"Qianxue, you ..." Leng rufeng could not help but be stunned. He stared at yang qianxue's beautiful face, which was as smooth as before, and his expression instantly turned into an indescribable ecstasy. "Qianxue, you're better!"

Lin Yi and ning Xuefei looked at each other and smiled when they saw cold-faced blade jumping around like a child. Yang qianxue, on the other hand, was moved to tears. She went up and hugged Leng rufeng tightly. A hug was better than a thousand words.

This period of time was the darkest period of yang qianxue's life. She had lost too much, and there were countless times when she wanted to end it. However, compared to the things she had lost, she had actually gained more. A friend in need was a friend indeed. She had found a man who was truly worthy of her life.

"Are you alright?" Ning Xuefei's eyes reddened at the sight, but she was more worried about Lin Yi's condition. Lin Yi's pale face not only fooled Leng rufeng, but also her.

"I'm fine. " Lin Yi smiled and put his arm around ning Xuefei. To be honest, he was touched when he saw Leng rufeng and yang qianxue. He couldn't help but think of his female friends. Compared to Leng rufeng, who had always stayed by yang qianxue's side, Lin Yi was far behind.

Leng rufeng suddenly let go of yang qianxue and walked to Lin Yi. Under everyone's surprised gaze, he knelt down.

It wasn't just Lin Yi and ning Xuefei, even yang qianxue was shocked. Leng rufeng's pride was deeply rooted in his bones. Other than his master, no one else in the world could make him kneel, no matter how powerful or how high his status was. But today, he chose to kneel to Lin Yi of his own accord!

"Brother Leng, what are you doing?" Lin Yi quickly reached out to help her up. He had healed yang qianxue to make her stay and protect ning Xuefei, not to make her kneel down to him.

Leng rufeng pushed Lin Yi's hand away, his expression serious, "I, Leng rufeng, have never been convinced by anyone in my life, but I'm convinced by you! Brother Lin, even though your cultivation is lower than mine, your strength is far greater than mine. I've never seen a genius like you before, and I can't repay you for your kindness. From now on, you're my boss, and miss ning is my sister-in-law. Don't worry, I'll stay here until miss ning leaves soaring Cloud School!"

Leng rufeng had never been a man of words. His words came out of the blue, but everyone present knew that he was sincere. This guy looked cold on the outside but was warm on the inside. He might seem unreasonable and difficult to get along with, but one would know that he was a man of true character after more contact.

The strong were respected-these words were deeply rooted in the hearts of people on Sky Class Island, and even a proud man like Leng rufeng regarded it as the Golden Law. No matter how one looked at it, Lin Yi was undoubtedly a rare Super Master, at least he had the potential.

As for his realm, with Lin Yi's potential, it was only a matter of time before he could break through to xuansheng or even open a mountain. It wasn't a problem for someone with sharp eyes like Leng rufeng. In addition, Lin Yi had shown his tolerance and character during this period of time. Leng rufeng was completely convinced.

"Brother Leng, quickly get up." Lin Yi didn't expect this at all. He let out a sigh of relief and quickly helped Leng rufeng up. He thought that Leng rufeng would hesitate because he didn't promise that he would stay. He didn't expect that he would take in such a powerful follower in order to cure yang qianxue.

Chapter 4815 How Can I Borrow A Knife

If yang qianxue, who was equally powerful, was included, it would be a buy-one-get-one-free deal. It was a rare surprise to have a pair of powerful husband and wife subordinates.

"Boss, since I've already acknowledged you as my boss, then there should be a difference in status. Don't call me brother Leng, just call me by my name." Leng rufeng said seriously.

"Hehe, alright, then I'll call you ru Feng." Lin Yi smiled. The guy may have a cold face, but he was surprisingly serious about rules when it came to things like this. He turned to ask, "Ru Feng, didn't you say that you were going to the mystic division Sea area to settle things? why did you suddenly change your mind?"

"That's what I thought before, but at that time, I was actually the same as qianxue. I was driven by the desire for revenge and had no rationality to speak of. But now I've thought it through. Instead of rushing to my death again, I might as well stay here and complete the boss's task, and think of ways to improve my strength." Leng rufeng explained.

As they spoke, Leng rufeng and yang qianxue looked at each other and smiled. The reason why they were able to let go of this obsession was obviously because yang qianxue had recovered. He could not possibly bring his beloved, who had finally regained her life, back to die.

"Yes, miss Yang's heart disease has been cured. The most important thing now is to return to the mysterious Ascension stage as soon as possible. After that, you will need to calm down and cultivate for a period of time, and so will you, rufeng." Lin Yi suggested.

He was very familiar with Leng rufeng after the previous half a month of fighting. His breath was obviously unstable during that period of time, probably because of his injuries. It was also why Lin Yi kept consuming his energy. Otherwise, it would be a different result.

In the following month, Leng rufeng had not been able to recuperate and cultivate because of yang qianxue's matter. So, he had not fully recovered until now. Fortunately, yang qianxue had fully recovered and was now ning Xuefei's bodyguard. He finally had time to recuperate and cultivate.

"Don't worry, boss. I know what to do. " Leng rufeng said with a nod.

"By the way, I've been meaning to ask this question for a long time-is the mystic class sea really that dangerous?" Lin Yi suddenly asked. There was no need to mention Leng rufeng's strength. He could easily beat Lin Yi even when he was still injured. If yang qianxue recovered to the xuansheng stage, she would not be weak either. It was a little scary that such a strong combination was beaten so badly.

Leng rufeng and yang qianxue looked at each other and smiled wryly. The atmosphere was heavy as they recalled their encounter. After a moment of silence, they said slowly, ""Boss, even though the yellow Academies in the East continent are also full of open and secret battles and dangers, they're nothing compared to the mystic region. That's where the real cannibalism is."

"Is that so?" Lin Yi raised his eyebrows. He'd been here for a month and a half, and he couldn't help but feel that the East Province Academy wasn't that great. Other than Leng rufeng, who made his eyes light up, there wasn't a single other soaring Cloud School student that caught his eye.

However, after hearing Leng rufeng's words, Lin Yi changed his mind. It seemed that if he had the chance, he really had to go to the mystic class Sea area and see it.

Leng rufeng had bowed to Lin Yi. The cold-faced machete God had officially become the Fuma's Ace fighter. No one knew who spread the news, but it spread like wildfire and soon caused a sensation in the entire soaring Cloud School.

Even though he had suffered a great loss in the mystic division, Leng rufeng was still a prominent figure in the soaring Cloud School. Everyone knew that this guy was very arrogant. Now, he was willing to become someone's subordinate, and the person was an original infant stage cultivator who was one stage lower than him. This was simply unbelievable!

The others treated it as news and discussed it animatedly. However, when Ren Zhongyuan heard about this incident, he immediately blacked out and fell to the ground. By the time he woke up, it was already two days later. His entire body was weak and powerless. He was actually seriously ill.

The killing intent of the five elements in his body was much more difficult to deal with than he had imagined. Even Ren tiansuo had not been able to completely dispel it. Moreover, he had been feeling depressed for a long time. Coupled with the sudden anger, he really deserved to be seriously ill.

Yi Xiaotian came over to visit Ren Zhongyuan and was shocked to see him in such a weak state. Fortunately, Ren tiansuo was around. Otherwise, given Ren Zhongyuan's current condition, the consequences would be unpredictable if his condition worsened.

He had thought that Ren Zhongyuan was just so angry that he fell ill. He really did not expect that a person who was originally fine could be so angry that he looked half-dead. It turned out that there were really people in this world who could be angered to death.

"I'm not willing! I'm not willing!" Even in his weakened state, Ren Zhongyuan still couldn't forget Lin Yi. He didn't have the strength to grit his teeth, but the hatred in his eyes was getting more and more terrifying.

But even if they were unwilling, so what? now that Leng rufeng had completely sided with Lin Yi, with such a strong follower protecting him, their previous plan was completely ruined. After all, since he was a follower, how could he leave his boss's woman behind?

Not only was he so powerful that they were helpless, but Leng rufeng knew them very well. Nothing could escape his eyes. Ren Zhongyuan and the others were helpless against him. What could they do?

What made Ren Zhongyuan feel particularly helpless was that even though he was seriously ill, his father, Ren tiansuo, had no intention of standing up for him. Instead, he ordered him to recuperate and even grounded him. This was what made Ren Zhongyuan most depressed. If his father was willing to help, Leng rufeng would be nothing!

Facing this result, Yi Xiaotian was also very speechless. If he was seriously ill, the old man would have already fought with his life on the line. How could he be as calm as Ren tiansuo? as expected of the second-in-command of the Academy, a Big Shot who could become the chief Alchemist. His shrewdness was really not something that ordinary people could fathom.

The two of them looked at each other for a long time. Seeing that Ren Zhongyuan was so depressed that he was about to vomit blood again, Yi Xiaotian suddenly said, ""Actually, we still have another method. It's just a matter of whether brother Ren dares to or not."

"Hurry up and tell me!" Ren Zhongyuan widened his eyes and said, "I'm already so sick. What's there that I don't dare to do?" As long as I can kill Lin Yi, I'll do anything!"

"Hehe, my method can be described in four words: kill with a borrowed knife." Yi Xiaotian said with a cold smile.

"Ah? Or was it a borrowed knife to kill? How can we borrow a knife?" Ren Zhongyuan asked curiously. Leng rufeng was the sharpest blade among the soaring Cloud school's disciples, and no one else was as strong as him. But now that the blade was in Lin Yi's hands, it would be a miracle if he didn't use it against them. Why would he need to borrow a blade?

Chapter 4816 I Just Want To Say One Thing

"Brother Ren, the saber I'm talking about isn't in our Academy. As long as you look further, you can find a saber that's faster and sharper than Leng rufeng." Yi Xiaotian said, pretending to be profound.

"Oh? Quickly tell me in detail!" Ren Zhongyuan's interest was immediately piqued. He was in high spirits when this matter was brought up, and he was no longer as sickly as before.

"Brother Ren, did you forget that there's a Golden Division of the West Mountain evil sect hidden in our Golden Division sea, other than the Golden Division schools?" Yi Xiaotian reminded.

"You're saying ..." Ren Zhongyuan's eyes lit up. The West Mountain evil sect was a force of evil cultivators that was hated by everyone. Very few people knew that there was a Yellow Division in the Yellow Division sea in the East continent. Ren Zhongyuan and Yi Xiaotian did not know about it at first. However, they met a few evil cultivators during a trial by chance. Not only did they not fight, but they also cooperated to obtain what they needed. That was how they found out about this secret.

"Hehe, we just need to pay a small price and get a practitioner to kill Lin Yi. It'll be a piece of cake, and no one will know! No one will suspect us!" Yi Xiaotian lowered his voice and said.

"That's right, now that you've reminded me, I heard that Lin Yi and the West Mountain evil sect's West Mountain old sect have a grudge against each other. It's their own fault, so it's perfectly reasonable for the evil practitioners to seek Lin Yi out for revenge. He's a ready-made killing knife that's delivered to their door, haha!" Ren Zhongyuan's spirit was instantly lifted, and he actually sat up from the bed. He was a typical person who was in high spirits when something good happened, and his illness was instantly half-cured.

After the two of them discussed the specific details, Ren Zhongyuan took two seventh-grade medicinal pills from his father as a bargaining chip, while Yi Xiaotian personally went to find those evil cultivator experts to discuss the cooperation.

Because there were very few evil cultivators who could make elixirs, they were always short of high-grade elixirs. With the conflict between Lin Yi and the West Mountain old sect, both sides hit it off and Yi Xiaotian arrived at the soaring Cloud School in just a day.

"How is it? Did they agree to it?" Ren Zhongyuan asked impatiently.

"It's done. A late-stage xuansheng master called the West Mountain Almighty is going to deal with Lin Yi himself. He'll make his move as soon as he leaves our school!" Yi Xiaotian laughed.

"A late-stage xuansheng expert?" Ren Zhongyuan was overjoyed. He had thought that the other party would at most send an ordinary xuansheng stage expert. He did not expect that it would be a late-stage xuansheng stage expert. Two seventh-grade elixirs were enough to invite such an expert. He had really made a big profit!

"It's also luck, this West Mountain Almighty is looking for a way to get close to the West Mountain old sect, so he got excited when he heard about Lin Yi. Otherwise, we wouldn't have been able to invite him."  
" Yi Xiaotian rejoiced.

"Good, good, good. With this West Mountain Master here, Lin Yi is already a dead man!" Ren Zhongyuan laughed out loud and immediately climbed down from the bed. He did not even care about his father's confinement order. He pulled Yi Xiaotian and said, ""Let's go, let's go, let's go, let's have a drink. We have to celebrate this!"

Ren Zhongyuan was actively plotting something again, but Lin Yi was completely oblivious to it. Now that he had Leng rufeng and yang qianxue protecting him, as well as Chen xingmo and Liu Ziyu, he no longer had to worry about ning Xuefei's safety. He could finally do what he wanted to do.

Lin Yi's first plan was to visit the Morning Star Academy. He didn't need to worry about Xinyan and xiaotao, but it was rare for him to come to the East continent. He wanted to meet them.

Although they were both in the Yellow Sea area, this was the East continent. The Yellow Sea area alone was larger than all the South continent's sea areas combined, so the morning stars Academy wasn't very close to this place. Fortunately, it wasn't too far.

After studying the map from Chen xingmo, Lin Yi realized that even if he didn't use a flying spirit beast, it would only take a few days to get from here to the Morning Star Academy. Of course, this was based on his own speed. If it was a normal nascent Soul Stage master, it would take at least a month. After all, no normal person would be so extravagant as to use a movement technique to travel-only an idiot would do that.

After settling everything down, he called Liu Ziyu and Huo yudie over for a meal. After that, Lin Yi said goodbye to everyone.

In the two months that he was in the Academy, Lin Yi had sent Huo yudie back to the Academy to investigate something, something that he was very concerned about! It was the woman from the secular world who had offended Yao Jiali but was secretly released by Huo yudie.

Just who was this woman from the common world? was she one of his female friends? Lin Yi had always been worried about this, and he was eager to know the results.

However, Huo yudie had spent a lot of effort to investigate, and even Liu Ziyu had come forward to help, but they still could not find any specific conclusions. Even the school of Morning Pride had very little information about the woman from the secular world. Moreover, after she disappeared, it was as if she had evaporated from the world.

The only thing he knew was that the woman had changed her name to xiaonian.

Lin Yi was helpless at the result. He only knew a fake name, but he couldn't confirm who the girl was. After all, anyone could use a fake name in a completely unfamiliar place like this.

Helplessly as he was, Lin Yi couldn't waste time on this. After all, the girl was missing, and there was no point in staying. He might as well go to the Morning Star Academy to see Wang Xinyan and Huang xiaotao. As for the girl from the secular world, he'd have to find out later.

Ning Xuefei and the others walked them all the way to the entrance of the school. Lin Yi was about to wave goodbye when a man suddenly walked straight towards him. He seemed to have been waiting for a long time.

"Stop!" Before the man could get close to Lin Yi, Leng rufeng suddenly stood in front of him. He was now Lin Yi's follower and naturally wouldn't let anyone disturb Lin Yi.

"I ..." The man was shocked. With Leng rufeng's strength, even if he did not release his aura, the pressure was not something that ordinary people could withstand. The man took a few steps back and almost fell to the ground. He wanted to say something but he did not dare to say anything after Leng rufeng gave him a look.

Lin Yi didn't say anything, but he couldn't help but laugh in his heart. Leng rufeng's power was too strong. He didn't take him in for nothing. He was perfect as a bodyguard.

"Big ... Big brother Leng, I don't have any other meaning. I just want to have a word with big brother Lin. Please make an exception for me." The man finally mustered up the courage to speak.

Chapter 4817 Heading To Morning Star

"What?" Leng rufeng frowned but did not give up his seat. He looked at him coldly and said, ""What do you want?"

"This ... Can you let me speak to big brother Lin face to face? I want to ask him to help me with a small matter. I hope that big brother Leng can do me this favor." The man looked at Lin Yi.

Just as Leng rufeng was about to kick him out, Lin Yi suddenly spoke, ""Forget it, rufeng. Let him come over."

"Many thanks, many thanks." The man quickly walked over and bowed deeply to Lin Yi, "Brother Lin, I'm Jiang He hai. I heard that you're going to the Morning Star Academy, so I'd like to ask for your help."

"Oh? If brother Jiang has something to say, please speak frankly. " Lin Yi looked at him, surprised. This person was only at the early nascent Soul Stage, but he knew that Lin Yi was going to the Morning Star Academy. He didn't mention this to anyone else, only asking Chen xingmo to help him find a map.

"It's like this. I have a fiancée named Qin Yue, and she's also at the morning stars Academy. We haven't seen each other for ten years, so I'd like to ask you to help me bring a pill to her as a token of my gratitude. " Jiang He hai asked sincerely.

"Ten years? Then why don't you go see her yourself? the morning stars Academy is not near, but it shouldn't be that hard to go there, right?" Lin Yi and the others looked at each other.

"To be honest, it's not that I don't want to go, but I can't go at all." Jiang He hai shook his head and laughed bitterly, sighing, ""Big brother Lin, you don't know this, but the disciples of a Yellow Academy aren't allowed to go to other Academies on their own, except for public exchanges! And to be able to obtain this kind of exchange quota, if it's not a disciple of the Academy, then it's a peak Yuanying stage expert, and I'm not qualified at all!"

"There's such a saying?" Lin Yi looked at Jiang He hai and shook his head, speechless. To him, it was easy for Huo yudie to get into the soaring Cloud School. He didn't think that it would be so difficult.

"Yup! "Only someone with big brother Lin's status and strength can venture into the Golden class sea, but I ..." Jiang He hai laughed awkwardly, his expression depressed."My fiancée Qin Yue and I are both from humble families and have no relationship with the Academy. I think she should still be in the Golden core stage like ten years ago, so ..."

"Alright, I'll help you on the account of your deep love." Lin Yi nodded. This man's persistence reminded him of himself. Didn't he come all the way to Sky Class Island to find a way to wake up the Miss and Yu Xiaoke?

"Thank you, big brother Lin!" Jiang He hai was overjoyed-he quickly handed Lin Yi the pills he'd prepared.

The Golden core of the nascent soul? Lin Yi recognized it with one look, and couldn't help but look at Jiang He hai in a higher light. This golden core was a rare treasure even for normal nascent soul masters, especially when he was only an early-nascent soul-to ask a complete stranger like Lin Yi to bring it for him-he was quite bold.

"Hehe, aren't you afraid that I'll embezzle the ink?" Lin Yi said on purpose-Jiang He couldn't go see Qin Yue himself, and even if he pocketed the pill, no one would be able to verify it.

"Big brother Lin, you must be joking. You're the Prince Consort of the West Island, and you can give seventh-grade medicinal pills to people at will. I'm afraid this sixth-grade golden pill is nothing to you, right? Besides, you're a man of your word, so I dare to ask for your help. " Jiang He hai said seriously.

"Hehe, it seems like you know quite a lot about me. You're quite well-informed." Lin Yi smiled.

"I'm flattered. I'm too weak to be a bodyguard for you and miss ning like big brother Leng. However, I've been in this Academy for ten years. With this little experience, I have a wide network of eyes and ears. I can't help you with other things, but if Ren Zhongyuan and the others have any unusual movements, I can inform big brother Leng at once." Jiang He and hai volunteered.

"Alright, I'll have to trouble you then." Lin Yi nodded. With Jiang He and Hai's help and Leng rufeng's guards, ning Xuefei was double insurance, and he could finally relax.

"This is what I should do." Jiang He hai was overjoyed-not only was he returning the favor, but it was also a great thing for him to be able to build a relationship with someone as strong as Lin Yi. He then lowered his voice, "By the way, a few days ago, Yi Xiaotian sneaked out on a long journey. I don't know what he was up to, but the first thing he did after returning was to celebrate with Ren Zhongyuan. I think there's something fishy about this. Big brother Lin, you'd better be careful."

"Yi Xiaotian? Alright, you're so thoughtful. We'll part ways here, see you again. " Lin Yi said as he bade everyone farewell.

Huo yudie and ning Xuefei couldn't bear to part with him. They were prepared for this, but they still couldn't help but cry when it was time to part. Lin Yi promised them that they would see each other again soon, and the two girls finally broke into smiles. They gave each other a hug before letting him go.

Even after Lin Yi's figure disappeared out of the school gates, the two girls still didn't turn back. Liu Ziyu and Chen xingmo consoled them again, and the two girls finally got out of the husband-gazing rock state.

From then on, Huo yudie did not return to the Academy. Since the assessment was over, she asked Chen xingmo to get a place for the exchange so that she could stay with ning Xuefei.

Ning Xuefei was more than happy to hear that. Although she had Leng rufeng and yang qianxue by her side to protect her, Huo yudie was still her true sister. She could only tell Huo yudie many private things.

After leaving the school, Lin Yi activated his super butterfly microstep and sped up. He didn't feel it before, but now that he thought about how he would be able to see Wang Xinyan and Huang Xiaotao very soon, he couldn't wait any longer.

But half a day later, Lin Yi suddenly stopped and changed his route to a small town nearby, finding an Inn to stay at.

As it was not too far away from the soaring Cloud School and the proud of the morning school, this town was still within the sphere of influence of the two schools. It could be considered a small town attached to the schools.

Different from the other Sky Class islands, the Golden class Sea area in the east continent was divided into different areas with the academies as coordinates. Each Academy was surrounded by a town, with all the functional areas of business and entertainment. For example, the two cities closest to Lin Yi were the city of dawn and the city of soaring clouds.

#### Chapter 4818 The Mighty People Of The West Mountain

Lin Yi's town was at the edge of soaring Cloud City, a new district that was developed only a few years ago. It couldn't be compared to the main city, but it had everything. It was a grey area, and it wasn't as strict as the main city. People from all walks of life gathered here.

The reason why Lin Yi suddenly changed his mind was simple-he found someone following him, and it wasn't just for a short distance, but from the Xiangyun school.

With Lin Yi's super butterfly steps speed, the person who could follow him so easily had to be at least a xuansheng master, especially when Lin Yi's spirit sense could only sense it but couldn't lock onto it. He had to be careful. At least one thing was for sure-this guy behind him wasn't someone easy to deal with.

Lin Yi's guess was right. The person behind him wasn't an ordinary person. It was the West Mountain Almighty that Ren Zhongyuan and Yi Xiaotian had painstakingly invited.

He'd tailed Lin Yi the moment he'd spotted him at the school gates, but he'd chosen not to make a move-it wasn't that he didn't want to, but that he didn't dare. He wouldn't have the guts to do it unless he could guarantee that there was no one around.

After all, this was still within the Academy's sphere of influence. An evil cultivator like him was like a rat on the street that everyone wanted to kill. Once he showed himself, he would definitely be attacked by a group of people. Although he was a late-stage xuansheng expert, it was a pity that he was really nothing in the East Province. Any Big Shot of the Academy could easily kill him.

The mighty people of the West Mountain planned to take action after they left the sphere of influence of the Academy. No one in the cultivation world would meddle in other people's business, and it was the same in the East continent. As long as he did not act wildly within the sphere of influence, the experts of the Academy would turn a blind eye even if they knew he was a sorcerer. Sometimes, they could even cooperate, just like Ren Zhongyuan and Yi Xiaotian.

Who knew that Lin Yi would suddenly change his route and enter the town? the West Mountain Almighty could only disguise himself as a normal person and stay in the inn. Fortunately, this wasn't a heavily guarded main city, or he wouldn't dare to follow Lin Yi in. After all, the town was a mix of people from all walks of life. As long as he didn't reveal his evil practitioner identity, there shouldn't be a problem.

In the next two days, Lin Yi didn't go to the Morning Star Academy as planned. Instead, he strolled around the town. After two whole days, he finally found the person who was following him. It was a late stage mysterious Ascension master who was staying in the same Inn!

Lin Yi couldn't help but click his tongue-this guy wasn't simple at all! It was just a wooden board, but it took him so long to find him with his own insight. His hiding skills were top class!

However, what made him puzzled was why such a late-stage xuansheng expert was following him for no reason. From the looks of it, they came with ill intentions. Could it be that Yi Xiaotian had invited them to deal with him? However, two whole days had passed, so why was this guy still holding back? was he afraid that there would be too many people here?

Just as Lin Yi was mumbling to himself, the evil laughter of that thing sounded in his mind."Kid, why is it that the stronger you are, the more timid you are? What's there to be surprised about? he's just a trashy black magic cultivator in the Xuan Sheng stage. Why don't you just trick him to a secluded place and kill him? why are you so hesitant?"

"This guy is a heretic practitioner? No wonder you don't dare to make a move in public!" Lin Yi paused and shook his head with a bitter smile."Senior, you make it sound so easy. Even if he is an evil cultivator, he is still an out-and-out late stage xuansheng expert. It's hard to say who will be the one to be killed."

If it was before, with Lin Yi's current strength of late-stage nascent soul, he really wouldn't care about late-stage xuansheng Masters. After all, it was a habit, and after killing so many xuansheng Masters, he naturally wouldn't think it was a big deal. However, Leng rufeng's appearance completely changed his perception.

There would always be someone better than him. After all, a xuansheng stage expert was not a cabbage. With his current strength, even if he could kill an ordinary xuansheng stage expert in seconds, if he were to encounter a truly powerful person, the consequences would be unpredictable.

One had to know that an early stage mysterious Ascension master like Leng rufeng was already enough to suppress him. If he were to encounter a late stage mysterious Ascension master, even Lin Yi would be hunted down.

"Late stage of the mysterious Ascension realm depends on who you are. If it was Leng rufeng, I would definitely advise you to run away. However, this is a trashy evil cultivator. You've been holding him back for five days. Don't tell me you can't kill him?" The ghastly thing pouted.

"Is that so? that's great. I was just worried that no one would teach me a lesson. This guy came just in time!" Lin Yi was delighted.

Ever since he had fought with Leng rufeng for half a month and gained two levels in a row, he had tasted the sweetness of it. He wanted to spar with Leng rufeng whenever he had nothing to do. This time, before he set off, he had specially sparred with Leng rufeng a few times. Unfortunately, although Leng rufeng had recovered, he obviously did not dare to use his full strength.

This guy really valued status, and he didn't dare to go all out against his boss-what if he didn't control himself and injured Lin Yi, or even killed him?

Lin Yi tried to persuade him, but Leng rufeng just couldn't let it go. The few times they sparred, he only stopped when he reached the right point, which made Lin Yi not happy at all. But now, a late stage of xuansheng came to him, and this evil cultivator was just a good sparring partner!

After locking onto the West Mountain man's position, Lin Yi didn't act rashly. He waited until midnight before leaving quietly. If he was facing someone else, there was a 99% chance that he wouldn't be noticed, but the West Mountain man noticed it at the first moment.

In order to use Lin Yi's head to pave his way to break through, the West Mountain man was really serious this time. He was paying attention to Lin Yi's position almost all the time, waiting for the last chance to attack, and now it was finally here!

The West Mountain man smiled coldly and chased after Lin Yi. Even an idiot would know that Lin Yi had sensed something was wrong after running around in circles for two days, but this guy thought he could slip away under his nose in the dark? he was too naive!

After locking onto Lin Yi's aura from a distance, the West Mountain Almighty wasn't in a hurry to make a move. Even if it was night time, he'd have to wait until they were out of the school's sphere of influence. He couldn't rush things and couldn't alert the enemy.

Lin Yi was still using the Super butterfly steps-his speed was already extremely fast, and with the cover of the night, he was like a ghost. Normal people wouldn't even be able to see him clearly, let alone catch him from a distance.

"You're fast, but you're only in the original infant stage. No matter how fast you jump, you can't escape from my palm!" The West Mountain's mighty figure laughed coldly.

Chapter 4819 Practice

Speaking of ghostly movements, evil cultivators who pursued the ultimate by unscrupulous means were the real ghostly figures, especially the West Mountain's Almighty who happened to be an evil cultivator expert who was good at body movements. Let alone a mere Yuanying stage expert, even a xuansheng stage expert of the same level could not easily get rid of him.

The two chased after each other for an entire night, and when the sun rose, Lin Yi found himself in the middle of a vast forest. There were no villages in front of him, no shops behind him, and he was far away from the school's sphere of influence.

The West Mountain mighty figure looked at the surrounding environment and sneered silently. He thought that the kid would secretly escape into the main city. If that were the case, he would have to go through a lot of trouble. But now, the kid had found a place to die himself, and it saved him a lot of trouble.

Not even a ghost could be seen within a hundred miles. No matter how big the commotion was, no one would come and get in the way. She really didn't know whether to say that this kid was stupid or to praise him for being tactful!

Just as the West Mountain man was about to make his move, Lin Yi suddenly stopped in front of him. This gave the West Mountain man a shock and he couldn't help but be suspicious. What was this kid up to now?

"This place is almost there. Although the Feng Shui isn't very good, it's more than enough to bury a stalker. Come out." Lin Yi said faintly.

The West Mountain's mighty figure was stunned. He had been following them very carefully all the way. In order to avoid alerting the enemy, he had stayed a few miles away. He had also hidden his aura very carefully. How could this kid discover him?

Impossible, this kid must be bluffing, trying his luck to lure me out! The West Mountain man had already decided to make a move, but he changed his mind. He wanted to see how long Lin Yi's one-man show would last.

"Hehe, you're still hiding. Are you trying to deceive yourself?" Lin Yi grinned and revealed his strength as a late-stage nascent soul cultivator without holding back, "Hurry up and come out and fight me. I think our strength is about the same. Stop dawdling and start fighting. You've been hiding for several days. Are all evil cultivators as shady as you?"

Hearing this, the West Mountain Almighty finally knew that he had indeed been discovered! However, he couldn't help but be surprised. He had hidden his aura so well, so how did this kid find out that he was an evil cultivator?

Suppressing the doubts in his heart, the West Mountain's mighty figure appeared without hesitation. He released a powerful aura and sneered, ""Hmph, did you see wrong, kid? this old man is at the late-stage of the mysterious Ascension realm, and you're only at the late-stage of the nascent soul realm. It's too much!"

"We'll only know the difference after we fight. Stop talking so much nonsense. My hands have been itching for a long time." Lin Yi's knuckles cracked as he spoke-he thought that the guy would've made a move long ago, but he'd been dragging things out like a turtle until now. The turtle sure was fast, though.

"Itchy hands? Hmph, I think you're just looking for death. You reckless dog, how dare you provoke our West Mountain sect? today, I'll take your head and bring it to the sect to celebrate!" The West Mountain's mighty figure mocked.

"West Mountain old sect? You're also from the West Mountain evil sect?" Lin Yi was taken aback. He only heard that this guy was an evil cultivator, but he didn't expect to bump into the West Mountain evil sect here in the East continent. Enemies really meet on a narrow road. He thought that this guy was just an assassin that Ren Zhongyuan and his men sent to deal with him.

"Hmph, you're lucky that you're still alive after offending our West Mountain sect. But your luck is over today. Die!" The West Mountain man said as he reached out his claws towards Lin Yi.

Lin Yi felt an unparalleled force of attraction pulling him in-this wasn't just taking things from a distance. If he didn't have his Qi protecting him, his meridians and blood vessels would've exploded, and he'd probably turn into a bloody mist.

Evil cultivators were indeed evil cultivators. Their first move was this kind of extremely sinister move!

Lin Yi suddenly gave up on resisting and was pulled towards him. The West Mountain man was overjoyed,""You guys from the self-proclaimed righteous sects just love to brag. What nonsense is this about fighting an enemy with a higher cultivation level? it's nothing more than this!"

His move was called disemboweled claw. As the name implied, once one was hit by his claw, one's stomach would be cut open immediately. Even if one's true energy protected their body, it would be useless because the protective true energy would be instantly pierced by the claws that he had specially cultivated. As for the remaining flesh and blood, there was no need to even mention it.

The distance between them was getting closer, and Lin Yi didn't slow down when he was about to be hit. Instead, he shot out pure energy from his back, increasing his speed by a huge margin. He shot towards the West Mountain mighty person like a cannonball.

The West Mountain man was shocked, but Lin Yi was already in front of him when he realized what was happening. The fire on both of his palms was red, and he attacked Lin Yi at the same time with the profound meaning of the Yin Yang Eight Trigrams.

"You have guts! You reckless junior!" The West Mountain mighty figure was furious. A mere nascent soul advanced stage cultivator dared to do such a thing. He clearly didn't take him seriously.

In the eyes of many experts, his Ripper claw was indeed full of flaws. Just like now, it was easy for others to borrow his strength to fight against him. Unfortunately, these people had forgotten that he was a late stage mysterious Ascension expert. How could an existence at his level be so easily full of flaws?

When a flaw was particularly obvious, it was very likely to be a deliberate trap. Those experts who saw his move felt that there was an opportunity to take advantage of it, when they borrowed the force to ride on the powerful suction, the final result was all too horrible to look at, without exception.

And now, his disemboweled claw was about to kill another soul. The West Mountain's mighty people pretended to be shocked and angry on the surface, but in fact, they were laughing in their hearts. How could such a simple-minded thing escape from the old sect master? His dog shit luck was heaven-defying!

In the blink of an eye, the two had already faced each other. The West Mountain man's five fingertips were covered in terrifying black gas, and he didn't Dodge at all as he grabbed at Lin Yi's raging fire Eight Trigram palm.

In many people's eyes, the most terrifying thing about the Ripper's claws was the powerful suction force of its explosive bloodline. As long as one could withstand this force, they could easily deal with it. After all, the claws themselves did not have any terrifying power to speak of.

In fact, it was the exact opposite. The suction force was just a cover. The truly terrifying part of this move was still the Ripper claws. The more unsightly something was, the more lethal it was.

Lin Yi's breath tightened in that short moment. The two palms were pierced through by the opponent's claws, and it didn't seem to be damaged at all. The black Qi on the opponent's claws even got stronger, making it more terrifying.

#### Chapter 4820 Wretched Move

Fortunately, Lin Yi's reaction was fast enough. He used super butterfly micro steps at the critical moment, barely dodging the claws.

"Hehe, this old man's Ripper claws are all-conquering, and can even break divine weapons. You dare to fight me with your puny tricks of the late nascent Soul Stage? You don't have any self-awareness at all, you're really stupid!" The West Mountain mighty figure laughed complacently.

It could even break a divine weapon? Lin Yi's brows raised at the words, thinking to himself that this guy didn't even need to prepare a draft for his bragging. If it wasn't for the fact that his weapon was stuck at the last step, he would've shown this guy what he was capable of. He'd thrown a whole bunch of rare materials into it-if this guy could break it with his bare hands, then he'd be dead meat.

"I don't need any divine weapons. Just break this move of mine first!" Lin Yi's voice had yet to fade when he made his move with a Dragon's Roar, charging towards the West Mountain Almighty.

"Hehe, you ignorant dog, do you really think I'm talking big?" Seeing this, the mighty person of the West Mountain did not hesitate to reach out his hand and grab at the killing Qi of the five elements. The disemboweled claw was his famous move, and even at his current realm, it was still his main martial art technique. It was not a boast that he could break a divine weapon, but it was real.

In the blink of an eye, the West Mountain's Almighty had already grabbed the killing Qi of five elements with his claw. However, before he could show a proud expression, he felt a sharp pain in his claw-shaped palm. He was shocked when he looked at it carefully. The killing Qi of five elements was not

broken by him at all. Instead, it wrapped around his arm. The flood Dragon was actually going to hit his fatal point!

At this moment, the black Qi on his claws had been completely crushed by the killing Qi of the five elements. The so-called all-conquering Ripper claws had broken on its own. Blood was flowing from his five fingertips. If he did not find a way to escape quickly, even if he was lucky enough to escape, he would lose this arm.

"I say, were the divine weapons you encountered before made of paper? you can even break them like this?" Lin Yi said, looking at him calmly.

The killing Qi of five elements was an extremely aggressive and strong Qi. It was complicated and difficult, and no Qi in the world could be compared with it, let alone the evil Qi of an evil cultivator. In front of the killing Qi of five elements, it was simply a slag.

"The West Mountain man was angry and anxious. He ignored Lin Yi's mockery and tried to get rid of the five elements killing Qi on his arm, but his evil Qi was completely restrained by the five elements killing Qi. No matter how much it came, it was destroyed. It didn't show any signs of weakening.

It seemed that the ghost was right. Although this guy was a late-stage Black Ascension expert, his real strength was no match for Leng rufeng, who was at the early stage of black Ascension. At least the latter was not as embarrassed as him when facing the five elements killing intent. On the contrary, he was extremely powerful. As long as he raised his hand and slashed, the five elements killing intent would be cut down.

One could only say that comparisons were odious. A freak like Leng rufeng who could cultivate Saber Force was a genius among geniuses no matter where he was placed. On the other hand, the evil

cultivator of the West Mountain Almighty was far inferior. Of course, if this guy's aptitude was as heaven-defying as Leng rufeng 's, he would not be an evil cultivator at all!

"Get lost!" The West Mountain's Almighty was truly anxious now. In order to crush the killing Qi of five elements that was wrapped around his arm, he poured out all the evil Qi at the cost of his own life. His entire body was instantly shrouded in black Qi, and even the area within a radius of several feet became pitch black, as if an evil demon had descended into the world.

Quantity made up for quality. When so much extremely dense demonic Qi had gathered together, the killing Qi of the five elements finally showed signs of defeat, and was expelled and eroded bit by bit.

With just a single five elements killing intent, he was able to force a late-stage Black Ascension evil practitioner into such a sorry state. As a late-stage nascent soul practitioner, Lin Yi could be proud of this.

However, there was still a bit of regret on his face. The five-element killing intent was his strongest move. As expected, it was still too difficult to kill his opponent in one move. After all, the difference in their strength and realm was too big.

Of course, even if he couldn't instantly kill his opponent, it wouldn't be a big problem to simply kill him. At most, it would take some effort.

I'll take your life while you're down! Lin Yi didn't have the habit of letting his opponent catch his breath. Before the West Mountain man could completely crush the five elements killing Qi, a blue electric arc suddenly crossed the sky. Under this attack that was almost at the speed of light, the West Mountain man didn't have the chance to react and was hit instantly.

The blue electric arc flashed and disappeared into his head. The mighty person of the West Mountain was instantly frozen. This was the time for him to concentrate all the evil Qi in his body to deal with the killing Qi of the five elements! Although the blue electric arc itself did not do much damage, the sudden paralyzing effect simply took his old life!

The West Mountain's Almighty was in a stalemate for a while, and the five elements killing intent that was originally weak came back again. The worst thing was that Lin Yi took the opportunity to add another one. After all, his pure Qi was endless, and as long as he had the time and space, he could easily throw out eight to ten killing intents.

He was an evil cultivator at the late stage of the mysterious Ascension realm, but he could only look at the two intertwined five-element murderous auras on his arm speechlessly. Every time he was ready to expel them with all his might, a blue electric arc would immediately appear above his head. The numbing effect was so annoying that the Almighty from the West Mountain was about to cry. 'Damn it, can I still have this arm?' he thought.

"I really didn't realize it before. I didn't expect you to have so many tricks up your sleeve when you're wretched!" Seeing that the West Mountain Almighty was in a mess, the ghastly thing suddenly laughed.

"Senior, please don't speak nonsense. How am I wretched?" Lin Yi said, speechless.

"You're still not perverted? Relying on your endless true Qi, you're playing with your life to use all kinds of ultimate moves, including the power of Thunder and the killing Qi of the five elements, and you're still hiding far away. If this isn't wretched, what is it?" The ghastly thing pouted.

"Senior, this is called crisis awareness. What if this guy has some hidden move? wouldn't it be suicide to rush up ..." Lin Yi corrected him unhappily. He wanted to rush up and fight him with physical skills, but

the problem was that the opponent was a late stage xuansheng master. He wasn't a soft persimmon that could be crushed easily. If he rushed up now, he would be the breakthrough point.

He could've killed his opponent with a combo, but he had to go up and play with fire himself-this wasn't bravery, it was an idiot.

"Although what you said makes sense, it still can't change your perverted nature. But I like it!" The ghastly thing laughed with interest.
