

## Bodyguard 4851

### Chapter 4851 Path To Becoming A Titan

He wanted to let the three in, but he couldn't do it in front of so many people. It'd be a mess if he did.

"Hehe, now you're acting dumb. I'll let you embarrass yourself in front of my Wang Xinyan!" Bao zuoliang and su kesheng sneered in the crowd.

Before the two could finish laughing, Lin Yi threw a rank seven recover pill to them and smiled. "Is this okay?"

"Yes, yes, of course you can!" The staff member nodded repeatedly. Other treasures had to be appraised by a specialized appraiser, but this grade seven great recovery pill could be directly omitted from the process. Let alone whether it was qualified to be auctioned, it could even be used as the final auction item.

"Damn it, this bastard really doesn't lack spiritual Jade!" Bao zuoliang was tongue-tied-even he, the only son of the mayor, wasn't as generous as Lin Yi.

They came to the familiar auction venue. Because the big shots were not participating this time, there was no special VIP Box Set up. However, with the status of the three of them, even if there was no private room, they could always have a good seat. Ordinary people only dared to watch from a distance and did not dare to approach, for fear of causing trouble.

The auction hadn't started yet, and Lin Yi was listening to the People's discussions as he chatted and drank tea with the two girls. Most of them were talking about the auction, but Lin Yi noticed that many of them were talking about the same thing-it seemed like there would be a test of the century soon!

This was really a coincidence. Last time, he had made it to the West Island trial on the West Island, and this time, he came to the East continent and encountered another unprecedented trial. It sounded very impressive.

"Unparalleled trial? What's the meaning of this?" Lin Yi couldn't help but ask.

"Oh, you're talking about the trial that's going to start in three months. It's the legendary road to becoming a Yellow Class Sea Giant in the East continent." Wang Xinyan explained with a smile.

"The path of a giant?" Lin Yi blinked, subconsciously remembering the explanation the damn thing had given him-could there be Super Masters of the giant level in this test?

"That's right. It's said that this is a very special and important training ground. If you want to advance to the mysterious Ascension stage, you have to enter the path of a Big Shot. That's because you can only attract the lightning tribulation there." Huang xiaotao said.

"That's right. Everyone knows that if you want to break through to the mysterious Ascension stage, you have to go through the lightning tribulation. Only during the tempering of the lightning tribulation and the harmony of the two spiritual roots can you have a chance to advance to the mysterious Ascension stage. It's difficult to trigger the lightning tribulation outside, so it's impossible to break through to the mysterious Ascension stage without it." Wang Xinyan nodded.

"In other words, only by entering the path of a Big Shot can I trigger the lightning tribulation and have a chance to break through to the xuansheng stage?" Lin Yi said, deep in thought. This wasn't what he'd expected-only those at the mountain opening stage could be considered a giant, but if he really wanted to talk about it, the Xuan Sheng stage was considered a pre-school for the giant stage-it wasn't an exaggeration to say that it was the path to becoming a giant.

"En en, so this auction can be said to be at the right time. Everyone wants to take this opportunity to buy some good things to prepare, so as not to be caught off guard during the trial. Especially the last auction, where five Thunder profound pills were released at once, it was simply sending charcoal in the snow." Huang xiaotao said with a smile.

"The last time, those five were also divided up by your Academy's higher-ups, so I'm afraid it's very difficult for ordinary disciples to obtain them. Don't tell me they already have them?" Lin Yi couldn't help but ask.

"That's impossible. The Thunder elixir is too rare. I heard that most of the trial-takers don't have it. They can't get it, so they can only cross the Tribulation by force. But it's very risky. Once they fail, it's likely that they will die." Huang xiaotao shook her head.

"It's that dangerous?" Lin Yi jumped. Practitioners who could reach the peak of the original level were one in a million, and no matter who it was, it wasn't easy to reach this level. But now, they had to face such a dangerous situation. The cruelty of the world of practitioners wasn't something ordinary people could understand.

"If you don't advance, you will fall behind. No one would be willing to stop here. However, even if the xuansheng breakthrough doesn't have the protection of the Thunder profound pill, as long as they take proper precautions, the danger to their lives can still be avoided. However, failure is inevitable. They can only think of a way to start all over again next time. I'm afraid that only they can understand the hardships of it." Wang Xinyan exclaimed.

Without the Thunder elixir, it meant that he could only rely on his own strength to withstand the Thunder tribulation. In the face of the heavenly might of the Thunder tribulation, no matter how strong an individual was, it was still insignificant. It was already a fluke to be able to survive by relying on various means. At this time, he still wanted to take the opportunity to try for the xuansheng?

If he didn't say it was impossible, it was basically no different from courting death. Even the slightest distraction under the lightning tribulation would lead to death, let alone an uncontrollable breakthrough!

Therefore, in order to break through to the xuansheng stage, one must have a Thunder profound pill to protect their body. This had been recognized as common knowledge in the cultivation world. The number of Masters in the xuansheng stage had always been extremely rare, less than one-tenth of the number of Masters in the Yuanying stage. In addition to the difficulty of breaking through to the xuansheng stage, the scarcity of the Thunder profound pill was the most critical factor.

"That's right. After all, there are more grassroots cultivators in this world. They don't have a deep background, and it's difficult for them to have powerful strength. They can only rely on their own efforts to break through step by step. However, they finally managed to reach the great circle of the nascent soul realm, only to be blocked by the Thunder profound pill and unable to go further. This is the destined tragedy of grassroots cultivators." Lin Yi shook his head and sighed.

He himself was an out-and-out grassroots cultivator. If he had not had so many magical encounters all along, he would also have to face this almost unsolvable dilemma today. As the old saying goes, a single coin can not overcome a hero. Now, in the world of cultivation, it was a Thunder profound pill that could overcome countless grassroots Masters. It was really sad.

However, this was to be expected-there was no such thing as fairness in the world of cultivation, especially on this Sky Class Island where the strong preyed on the weak.

In the face of a group of cultivators who claimed to be heaven-defying, the heavens could be so magnanimous as to only send down the lightning tribulation on the path of a Big Shot. It was already very benevolent, and they still wanted fairness? Fairness my ass! It's only fair if all the heaven-defying bastards are blasted into pieces with a bolt of heavenly lightning!

Wang Xinyan and Huang Xiao Tao looked at each other in silence. If they weren't disciples of Donghai's divine nun, they would also be grassroots cultivators and would have to rely on themselves to break through everything. How could they have the strength they had now?

"By the way, since the path to becoming a Big Shot will open in three months, do you two want to go and try it out?" Lin Yi asked.

He himself had this intention. After all, he was already in the late stage of the original level and was not too far away from the great circle of the original level. If he wanted to use the medicinal pills to break through to the next level, three months should be enough. It was just the right time to try on the path of a Big Shot.

Chapter 4852 Ghost Eye Eagle King Wings

"I'm not going. I haven't even reached the great circle of the Golden core stage yet. The most important thing now is to condense the nascent soul and try to break through to the xuansheng stage." Huang xiaotao shook her head.

"What about you, Xinyan?" Lin Yi turned to Xinyan.

"I've discussed it with my master before, and he suggested that I give it a try. Even if I don't succeed, I can at least gain some experience. Anyway, with the Thunder profound pill, my life should not be in danger. " Wang Xinyan said.

Although her current strength was only at the middle Yuanying stage, with her special potential of the sponge body, it was not impossible for her to break through to the great circle of the Yuanying stage in three months with the help of powerful medicinal pills. Of course, if she could not even reach the great circle of the Yuanying stage by then, there was no need for her to go on the road of a Big Shot, because it would be a waste of time.

"I see ..." Lin Yi pondered for a moment and decided, ""There's still three months left. It should be enough if I work hard! Since we're going, then the three of us will go together!"

"Ha?" Wang Xinyan and Huang xiaotao were shocked, especially Huang xiaotao, who was completely unprepared. She pointed at herself in shock, ""I'm going too?"

"That's right. Xiao Tao, you're coming too!" Lin Yi nodded seriously.

"But ... But I haven't even formed my nascent soul yet ..." Huang xiaotao looked at Lin Yi helplessly, then looked at Wang Xinyan. She thought that this would be Lin Yi and Wang Xinyan's world alone, she never thought that she would have a share.

One had to be at least a master of the great circle of the Yuanying stage to have the opportunity to enter the road of a Big Shot. Now there were only three months left. With her strength, it was simply impossible. Three months to go from the great circle of the Jindan stage to the great circle of the Yuanying stage, she couldn't even dream of it, right?

"Could it be that you're thinking of ..." Wang Xinyan was deep in thought. Huang xiaotao didn't know much about Lin Yi's abilities, but she had followed him all the way from the secular world. She knew

exactly what abilities Lin Yi had. This kind of thing was impossible for anyone else, but Lin Yi was an exception.

"Not bad." Lin Yi said with a mysterious smile.

"So your ability can even be used by original infant stage cultivators, that's great!" Wang Xinyan was relieved.

"What are you guys talking about? What ability is it?" Huang xiaotao, on the other hand, was confused. She could not imagine what kind of ability could allow her to enter the path of a Big Shot in three months.

"You'll know in the future. " Lin Yi and Xinyan smiled at each other-the people around them weren't close, but they had to be careful. It'd be troublesome if this ability got out.

"You're so mysterious!" Huang xiaotao pouted helplessly, but she did not ask further. She would know sooner or later anyway, so there was no rush.

While the three of them were talking, the individual auction finally opened under the eyes of thousands of people. This time, the host was still the white-bearded old man from last time, who could be considered a familiar face.

"Everyone, this time's individual auction will officially begin. Let's cut to the chase and get straight to the point." The white-bearded old man changed his talkative style and went straight to the point,""Let's look at the first item, a pair of ghost-eye Eagle King wings. The starting price is one hundred thousand spirit jade pieces."

As soon as he finished speaking, no one showed any expression of surprise. They only whispered in each other's ears. There were not many people who were really interested in the ghost-eye Eagle King wings.

Lin Yi's eyes brightened as he looked at the majestic black wings that were being carried up to the stage. The use aside, the item's appearance was definitely top class. 100000 spiritual Jade didn't sound cheap, but it was definitely worth it. Why was everyone so against it?

"One hundred and fifty thousand." Lin Yi said after some thought. He was rich to begin with, and three days ago, he even earned over eighty million spirit Jade. A few hundred thousand was like a drop in the ocean. Of course, Lin Yi wasn't a spendthrift-he wouldn't just throw all the spirit Jade away for nothing. The prerequisite for spending a lot of money was that it had to be something that could catch his eye.

The crowd was in an uproar, not because of the 150000 spiritual jades, but because of Lin Yi himself. Compared to the useless Ghost Eye Eagle King wings, this young man with a shocking background was more interesting.

"Do you want this pair of ghost-eye Eagle King wings?" Wang Xinyan asked quietly.

"Not really. I just think that it looks good, but I don't know what it's used for. I'll just leave it to fate." Lin Yi shook his head noncommittally. To tell the truth, he really wanted it too. He was only bidding on impulse. If someone really wanted to bid, he wouldn't follow.

"Eh? "But I heard that the ghost-eye Eagle King wings are actually not very useful. Although it's expensive, it can only be used as a decoration at home. There are very few opportunities to put it to use.

After all, this thing is not sharp enough to be used to make weapons, and it has no other special uses. It can't be used for alchemy or something like that ..." Huang xiaotao shook her head.

In fact, that was indeed the case. If it really had a great use, the others would not have lost interest in it. After all, even if they could get it for two hundred thousand spiritual Jade, this item was really not practical at all.

Normally, two hundred thousand spiritual jades could be used to buy a golden core of a nascent soul, but it might not be of high quality. That was the real good stuff. Who would be willing to waste it on a useless display item like the ghost-eye Eagle King wings?

After waiting for a while, a young man in the distance finally raised the price, ""Two hundred thousand."

Lin Yi shrugged, planning to give up just like that, but the ghostly thing suddenly spoke up, ""This thing is not bad, it's useful to bid for it."

Lin Yi was shocked. He didn't think that the ghost Eye Eagle King wings would be noticed by this thing. He didn't ask why and said, "Three hundred thousand."

The young man looked at Lin Yi and gave up after a moment of hesitation. It seemed like he had the same attitude as Lin Yi, deciding if he wanted it or not. If he could buy it for two hundred thousand, he would buy it. If it went over that price, he wouldn't continue to compete.

"Three hundred thousand going once, three hundred thousand going twice, is there anyone who wants to raise the bid?" The white-bearded old man encouraged. The ghost-eye Eagle King Wing was indeed not an ideal auction item, but this was the first item after all, and it was not good to be too cold.

However, none of them were idiots-two hundred thousand spirit Jade was the limit for something like this, and it had already reached three hundred thousand. No one would jump out to compete with Lin Yi unless they had a hole in their brain.

After waiting for a while and seeing that the others were still unmoved, the white-bearded old man finally made a firm decision,""Three hundred thousand spiritual jades, deal!"

Chapter 4853 You Can't Get The Wolf Without The Child

Everyone's eyes fell on Lin Yi's head, looking at him with disdain. They didn't know that Lin Yi was secretly happy in his heart. Buying the ghost-eye Eagle King wings for 300000 spirit Jade might seem like a big spender to others, but this was something that the ghost-eye Eagle King wings were specifically for him to buy. It was obvious that he was picking up a bargain in public.

"F \* ck, why'd that sun guy stop bidding? I thought he'd be able to fight Lin Yi, what a wet blanket!" Bao zuoliang looked at the scene and cursed in his heart. The man with the surname sun was the young man who had just bid 200000. He was also a second generation cultivator from the Morning Star Academy, but he didn't get along with Bao zuoliang.

"Young master Bao, you're thinking too much. You can't bear to spend more than three hundred thousand spiritual Jade for such a pair of ghost-eyed Eagle King wings, can you? that sun guy isn't a fool either, right? Spending so much spirit Jade to buy a decoration, his old man will break his legs. " Su kesheng shook his head and laughed.

"That's true-it's stupid enough for Lin Yi to spend three hundred thousand spiritual jades on this-it's not easy to find someone even dumber than him. " Bao zuoliang chuckled after thinking about it. He didn't make Lin Yi an enemy, but it felt good to see Lin Yi waste so many spirit Jade.

"Don't worry, the good show is yet to come! I'm sure they'll choke when they encounter something really good. I've already prepared everything. Just wait and see, young master Bao!" Su kesheng said with a confident smile.

"Alright, I'll be waiting!" Bao zuoliang patted his shoulder. He had a lot of trust in this little brother that he had played with since he was young. At least among the second generation circle that he had been in contact with, su kesheng was definitely the one with the best brain.

"The second item is the infant poison dagger. It is a divine weapon that can destroy anything. What's even rarer is that it has been smeared with a rare poison that can kill even a nascent Soul Stage master. The starting price is five hundred thousand spiritual jades!" The white-bearded old man said as he personally showed the dagger to the crowd.

Unlike the awkward silence just now, the crowd was suddenly interested. There were many bidders, and the price was instantly raised.

"This dagger seems a little strange." Lin Yi looked at it carefully. It looked like a normal dagger at first glance, but when he used his divine sense to sense it, he realized that there was an extremely evil aura on it. It didn't feel like a normal poison, but more like a curse.

"It's indeed very strange. My intuition tells me that this thing is very likely to be nurtured with fresh blood, and it's the blood of a Yuanying stage master. The viciousness on it is beyond imagination. I'm afraid that it has already condensed into a venomous poison. No wonder even a Yuanying stage master can't resist it. " Wang Xinyan frowned.

All of her mental cultivation methods and martial skills came from the divine nun of the East Sea, so she was very sensitive to this kind of evil aura. In contrast, Huang xiaotao had not been in the sect for a long time, so she had not noticed it yet.

"Two million!" A fierce-looking middle-aged man shouted. His eyes were shining as he looked at the infant poison dagger. Any nascent Soul Stage expert would have to back away from such a weapon in his hand. Its destructive power was self-evident. It was worth it no matter how many spiritual jades he spent on it, let alone a mere two million.

"Two million three hundred thousand!" Not far away, a woman with sinister brows did not yield an inch. Her gaze was even more scorching than the middle-aged man's. In her eyes, this dagger was simply a life weapon, an existence that was specially made for her.

Not only these two people, but there were also a few other people who were also desperately bidding. Judging from their auras, they were not people to be trifled with. Now, they were going head to head with each other for a baby poison dagger. The atmosphere was stagnant, and it was so tense that it made people breathless.

Bao zuoliang's eyes had been on Lin Yi the whole time, and he was disappointed to see the guy not interested at all. To be honest, even a peak nascent soul cultivator like him was interested in this dagger, how could a mere late-stage nascent soul cultivator be so indifferent to it? he didn't need these spirit jades!

With Lin Yi's wealth, no one here could win him if he really did fight. If that happened, these people who were also determined to get the baby poison dagger would definitely target him, which suited Bao zuoliang's plan of killing with a borrowed knife. But now that Lin Yi didn't even do anything, his hopes were dashed.

If he'd heard of Lin Yi's achievements in the soaring Cloud School, he would know that this hope was bullshit from the start. How could someone who could fight with someone as strong as Leng rufeng care about a baby poison dagger?

No matter how evil and evil this thing was, it was only effective against nascent soul masters. If Lin Yi wanted to fight against nascent soul masters, would he need to use poison with his strength?

After an intense bidding war, the infant poison dagger finally fell into the hands of the sinister-looking woman, and the final price was 3.8 million spirit jade pieces!

Compared to the first item, the ghost-eye Eagle King Wing, this price was already ridiculously high. However, the subsequent items were all sold at a price of three to four million spiritual Jade. After all, to the crowd, these were all rare and good items, so this price was not a loss at all.

But what made Bao zuoliang speechless was the fact that Lin Yi didn't even look at all these tempting things, let alone make enemies. He didn't even open his mouth to talk about it.

Not only Bao zuoliang, but even su kesheng, who was originally quite confident, couldn't help but say, "Isn't this guy's standards too high? Those items just now, no matter which one it was, could greatly increase the combat power of a Yuanying stage expert, yet you don't even like them?"

"What do we do? If this guy doesn't take the bait, how are we going to kill him with a borrowed knife?" Bao zuoliang said with a headache.

"Young master Bao, don't be anxious. Although this guy's impervious to everything is indeed unexpected, we still have a backup plan. Young master Bao, don't forget about that thing, okay?" Su kesheng chuckled.

"How can I forget! I've really put in a lot of money!" Bao zuoliang's face was filled with pain. He had to make up his mind after listening to su kesheng's plan. If it wasn't to kill Lin Yi, he wouldn't even take it out normally. After all, it was very rare.

"You can't get a Wolf without giving up the child. Young master Bao, you've seen it for yourself. That Lin guy doesn't care about these good things in the eyes of ordinary people. If we don't put in the effort, it won't be easy to get him to take the bait. If he doesn't take the bait, we really can't do anything." Su kesheng smiled helplessly.

"Hmph, as soon as I take out this treasure, no matter how high his vision is, he can't turn a blind eye to it. After all, he's only in the advanced stage of the original level, not yet in the great circle of the original level. I don't believe that he doesn't want to go on the path of a Big Shot in three months!" Bao zuoliang laughed coldly and confidently.

#### Chapter 4854 Boat Rises With The Tide

"That's right. No matter how high his standards are or how strong his background is, strength is the king. Furthermore, he is a super Alchemist himself. To him, young master Bao's item is equivalent to increasing his strength out of thin air. Unless water entered his brain, otherwise, it is impossible for him not to be tempted. As long as he is tempted, it will be easy to deal with!" Su kesheng said confidently.

"Kid, you have to make careful arrangements. I've put in so much money. If I still can't make him a few powerful enemies in the end, I won't let you off!" Bao Zuo said with a guilty conscience.

The only reason he took out this item was to use Lin Yi to kill him. If he couldn't take down Lin Yi in the end and only let Lin Yi win, then no matter how high the price was, Bao zuoliang would be so depressed that he'd want to vomit blood. After all, this item was almost as rare as the Thunder mystical pill, and he might not be able to buy it no matter how many spirit jades he spent.

"Don't worry, I've already made arrangements. This enemy is definitely powerful enough. Even if that Lin guy provokes him, he'll have to bear the consequences. I can guarantee that he'll definitely choke. That guy is not a reasonable person, hehe!" Su kesheng said with an enigmatic smile.

"Alright!" When Bao zuoliang saw his expression, he immediately became full of confidence. Because every time this guy showed this expression, he had never failed. This time was no exception.

"Next up is the eighth item, the essence cultivating devil gold grass!" The old man's voice hadn't even faded when the entire place was in an uproar. The reaction was much more intense than all the previous items combined. Just as Bao zuoliang and su kesheng expected, Lin Yi's eyes lit up.

Lin Yi was a refiner himself! So he was no stranger to the essence cultivating golden devil grass. It was the main ingredient for the essence cultivating pill! And it was as rare as the Thunder mystical vine!

Although the Yang Yuan pill was only effective for Yuanying stage Masters, it was a seventh grade medicinal pill. Its effect was very simple and clear. As long as one was in the Yuanying stage, they could advance one level!

For the Masters of the Yuanying stage, this was undoubtedly a dream Holy pill, and it was the Super enhanced version of the Golden core of the Yuanying stage. It should be known that the Golden core of the Yuanying stage only had a magical effect when condensing the Yuanying. Once they entered the Yuanying stage, although it was not impossible to continue to take it as an experience pill, the effect was very limited, and could even be said to be common, a waste of God's gift.

It was not absolutely impossible to upgrade simply by taking the Golden pill of Yuanying stage, but it was impossible to do so without ten or eight pills. However, the vitality pill was different. No matter if you were an early Yuanying stage master or a late Yuanying stage master, as long as you took one, you could

directly upgrade one level! However, it couldn't replace the effect of breaking the barrier of the Golden core. If a golden core Paragon dared to take the vitality pill, he would basically die in an instant.

It was just as Bao zuoliang and su kesheng had predicted-there was no way Lin Yi wouldn't think about something like this. In fact, as long as they weren't at peak nascent soul, there was no way a nascent soul practitioner would remain unmoved by it, no matter what background they had.

"The evaluation committee has determined that this origin nurturing devil gold grass can be divided into five parts. In other words, in theory, it can be refined into five origin nurturing pills at most. The starting price is one million spirit Jade." The white-bearded old man announced.

"Two million," Lin Yi said immediately, doubling the starting price. Two million spirit Jade for an essence-cultivating golden devil grass was a bit high-after all, it wasn't a ready-made essence-cultivating pill.

However, this thing was no different from the essence cultivating pill in Lin Yi's hands. Especially at a time like this, it was worth it no matter how much spiritual Jade he spent. Besides, a few million spiritual Jade was just a number in Lin Yi's eyes. Now that he had the chance to buy the essence cultivating golden devil grass, it was a profit in itself.

At this moment, Wang Xinyan suddenly let out a small sound of surprise and whispered to Lin Yi and Huang xiaotao,"I think I've seen this essence cultivating devil gold grass before?"

"Hmm?" Lin Yi blinked.

"Oh, I remember now too. Isn't he that Bao Wuliang?" Huang xiaotao also slapped her head as she remembered.

"Bao Wuliang?" Lin Yi blinked-people gave people names like that?

Xinyan explained with a smile when she saw Lin Yi's confused face. "Bao Wuliang is a nickname we came up with. That man's real name is Bao zuoliang, and he's the only son of Bao fara, the city Lord of morning stars city."

She pointed at a table in the distance-it was where Bao zuoliang and su kesheng were. Lin Yi looked at them discreetly, and his heart skipped a beat. He'd noticed that the two were staring at him from the start, but he didn't take it to heart.

After all, he was a person who was at the center of attention now. There were quite a lot of people paying attention to him, but not as frequently as these two. Lin Yi couldn't help but wonder if these two had other plans.

"How do you know that the essence cultivating devil gold grass is his?" Lin Yi asked curiously. It was common knowledge in the world of practicing not to show off one's wealth. No matter who it was, they wouldn't tell the world about the essence-cultivating golden devil grass. Being a rich kid didn't mean that they were stupid, unless there was a hole in their brain.

"Because that Bao Wuliang showed it to us himself, and even said that he was going to give it to sister Xinyan. Even a fool could tell what he was thinking, and guess what sister Xinyan said?" Huang xiaotao kept him in suspense.

"What do you mean?" Lin Yi's interest was piqued-he looked at Xinyan, who was blushing. The girl was kind and gentle, and he really didn't know how she'd react to Bao zuoliang's harassment.

"Sister Xinyan only said three words at that time, and Bao Wuliang, that Toad, was so scared that he turned around and ran away, because what she said was ..." Huang xiaotao kept them in suspense before she announced the answer, ""Deaf granny!"

Lin Yi smiled. The deaf granny definitely couldn't hear him. He didn't expect Bao zuoliang to be such a coward! However, he had to find a chance to thank the deaf granny. If it wasn't for her, not only Wang Xinyan, one of the three fairies, but even Huang xiaotao would be pestered. The East Province Academy had no lack of arrogant second generation cultivators. It would be weird if they didn't come and pester the two girls.

While the three of them were talking, several people had already made their bids. The price of the essence cultivating golden devil grass was quickly raised to 2.7 million spirit Jade.

If it had been any other time, this price would have been enough to get the essence cultivating devil gold grass, but it was different now. The road to becoming a Big Shot was about to begin, and the value of the essence cultivating pill in everyone's eyes had imperceptibly risen by a large amount. As the main ingredient of the pill, the essence cultivating devil gold grass naturally rose with the tide.

#### Chapter 4855 Participating In The Auction

After all, to obtain an essence cultivating pill at this time, for those cultivators at the peak of the late Yuanying stage, this was a precious ticket to the road to a Big Shot.

"Three million!" Lin Yi didn't hesitate to raise the price by another level, and the competitors' eyes twitched. They were all considered rich people compared to the others, but they were all fake rich people in front of Lin Yi. Only he was a real rich man!

"Three million and fifty thousand!" An old man with snow-white hair said as he clenched his teeth.

Lin Yi glanced at him-this was a peak-level late-stage nascent soul practitioner, and it seemed like he was putting up a last fight for himself. Practitioners might have long lives, but they lose their spirit when they get too old, and it'd be hard for them to have another breakthrough. If he couldn't reach xuansheng in one go, he'd probably never have a chance.

It was a sad thought, but Lin Yi wouldn't take pity on an unrelated outsider. He had to get this essence-cultivating golden devil grass today, and he didn't even blink,"Three million two hundred thousand!"

The white-haired old man's expression froze as he looked at Lin Yi's calm face. He was filled with grief and anger. His body trembled as he tried to open his mouth, but he couldn't shout. He sat back down with a lonely face.

Three million and fifty thousand was his limit. He had to borrow it from someone else. He couldn't afford anything higher than that. He couldn't win against Lin Yi, who was rich. Even if he was lucky enough to get the essence cultivating golden devil grass, it would be useless. He needed a lot of spirit Jade to get help to make the essence cultivating pill.

"Three million three hundred thousand!" Just as the white-haired old man was scared away, a young woman immediately came to pick him up. She was a second generation cultivator in the Academy and was much more confident than the white-haired old man. She was also determined to get the essence cultivating golden devil grass.

Bao zuoliang and su kesheng were overjoyed at this scene. They released the essence cultivating golden devil grass just for this scene. As long as Lin Yi didn't give in to these people, they would fight it out sooner or later. Even if they didn't make enemies, they would.

All of this was secondary-the person that su kesheng had made for Lin Yi hadn't even spoken yet. After all, that person's desire for the essence cultivating golden devil grass was even greater than Lin Yi 's!

"Three million eight hundred thousand!" Lin Yi looked at the woman, and the number she blurted out shocked everyone. This wasn't a ready-made essence cultivating pill, it was just an essence cultivating golden devil grass. Was there a need to give such a sky-high price?

He had no choice, the rich were just willful.

"Three ... Three million nine hundred thousand!" The young woman looked at Lin Yi angrily and gritted her teeth after some hesitation.

"Four million two hundred thousand!" Lin Yi's expression was still as calm as ever, not even looking at him. With his wealth, he was destined to be invincible in today's event where there weren't any big shots. No matter how strong a second generation practitioner was, they were nothing in front of him. They used to be the ones smashing people to death with spirit jades, but now it was time for them to experience what it felt like to be smashed to death by spirit jades.

The young woman choked as expected, her face turning green and white as she glared at Lin Yi. She hesitated for a long time before sitting back down.

It wasn't that her family couldn't afford that much spiritual Jade, but with the price of the essence cultivating pill, even if she managed to get the essence cultivating golden devil grass, she'd be scolded by the elders of her family. All her spiritual Jade was provided by her family, and she didn't dare to squander it like Lin Yi did.

"It seems like no one will fight with you for it now." Xinyan smiled-she'd been following Donghai's nun for a long time, after all, and her knowledge was far greater than the average student's. Four million and two hundred thousand spirit Jade was enough to buy a ready-to-use pill, and no one would want to fight Lin Yi for it, other than the rich.

"I don't think it'll be that simple." Lin Yi shook his head-he'd been paying attention to one person throughout the entire auction, not Bao zuoliang, but the red-haired old man who was sitting in the middle of the hall.

Lin Yi thought that Qing Danzi's appearance was weird enough, but he didn't expect to meet someone even weirder. Not only was his hair and beard red, but even his face was abnormally red. This wasn't just the sky-class Island version of master Guan-he was like the fire Lord!

Of course, Lin Yi didn't pay attention to this red-haired old man just because of his weird looks-it was because of his aura and strength. Even if he just sat there and didn't make a sound, he had a strong presence-this was a true mountain opening powerhouse, and he'd never held back his aura!

Under normal circumstances, any of the big shots in the beginning stage of the sect should have taken the initiative to avoid suspicion like Ling Yuanqing and the other big shots of the Academy. After all, at their level, it was very rare for anything good to appear in the individual auction. Furthermore, as a Big Shot, they should have the airs of a Big Shot. If they came out to compete with the younger generation, what kind of prestige would they have?

However, it was unknown what the red-haired old man's intentions were for appearing here. Previously, he had not spoken about so many things, but one thing was certain. Since he had come, he definitely had an intention.

Soon, the red-haired old man noticed Lin Yi looking at him-he turned around and looked back without any expression, but the terrifying aura of a sect opening powerhouse still made Lin Yi's heart jump.

Lin Yi couldn't help but think to himself-could this guy really be the fire Lord? Being looked at by him like that, she felt like she was burning up!

"His name is Dachang Lu. He's not a high-level official in the Academy, but a guest elder invited by city Lord baofala at a high price. I heard that he's in the early stage of the mountain opening realm, and his status in the city Lord's mansion is only one step lower than baofala 'S. He's one of the top three big shots." Xinyan said quietly.

"The city Lord's mansion's Big Shot? Then what is he doing here?" The bad feeling in Lin Yi's heart intensified.

"I don't know ..." Wang Xinyan and Huang xiaotao looked at each other and shook their heads. They had only heard of this person before, and only knew some rumors about him. They didn't know much about him.

The crowd was silent. Those who were eyeing the essence cultivating golden devil grass were all scared by Lin Yi. The price had been raised to four million and two hundred thousand. Everyone wanted to but didn't have the strength. They could only look at it and sigh.

At this time, Lin Yi's bad feeling became a reality. Dachang Lu suddenly opened his mouth,"Four million five hundred thousand!"

The others might not have enough capital, but he was a big Shot at the beginning of his cultivation, so he could still afford this amount of spiritual Jade.

Lin Yi's eyes twitched, but he wasn't going to give up on the herb just because of the other party's identity. If it was a pure competition of wealth, he had enough confidence now and raised the price without hesitation, "Five million!"

Chapter 4856 Don't Play If You Can't Afford It

"Six million!" Dachang Lu seemed to be a rich man. If he, a Big Shot in the opening stage, couldn't win against a junior, he would be a joke.

Even so, people noticed that the guest Big Shot's mouth twitched unnaturally. The whole place was silent-no one could jump out and mess things up anymore. The essence cultivating golden devil grass could only fall into the hands of one or two people, either Lin Yi or Lu Dachang. The others could only stand aside and watch from a distance.

"Not bad, not bad. That old bastard Lu Dachang is dead for sure!" Bao zuoliang almost laughed out loud when he saw this.

Although Dachang Lu was on the same side as his father, he had no respect for him, the young city Lord. After the last quarrel with his son, the old bastard even wanted to teach him a lesson personally. Fortunately, baofala saved the situation in time, or else he would have suffered a great loss.

Bao zuoliang didn't like Dachang Lu, but he was a sect opening powerhouse, after all, and even his father had to be polite to him. He could only pinch his nose no matter how unhappy he was, but now that he'd set up this old bastard to go against Lin Yi, he'd be happy no matter who was the unlucky one. This was a genius's gift!

"Since we're going to kill with a borrowed knife, we must use the sharpest knife. No one in the morning Star City can find a sharper knife than Lu Dachang!" Su kesheng couldn't help but gloat at the success of his scheme. Normal opponents wouldn't be enough to deal with someone like Lin Yi who had a strong background. Even a xuansheng stage was far from enough. He had to be at least an opening stage.

However, it wasn't easy to make use of a powerhouse at the beginning of the mountain. Only a powerhouse with a fiery personality like Lu Dachang could be used by him.

"By the way, how did you know that the old bastard would take the bait?" Bao zuoliang suddenly asked. Although the essence cultivating demonic gold grass was rare and useful, it was useless to Lu Dachang, who was a big Shot at the beginning of his cultivation.

"Hehe, young master Bao, have you forgotten about Lu xiaozhong who argued with us last time? He's now at the peak of the late Yuanying stage, and he's already said that he'll join the road to becoming a Big Shot. As long as he spreads the news of the origin cultivating golden devil grass, it'll be strange if the old bastard's protective nature can hold back!" Su kesheng chuckled. The Lu xiaozhong he was talking about was Lu Dachang's son.

"I see. No wonder you went to Lu xiaozhong's side two days ago. You were deliberately giving him some information. You're so bad, but I like it!" Bao zuoliang laughed.

"Master Bao, I didn't just let him know, I also emphasized Lin Yi's wealth. In short, he can't win against Lin Yi with his spiritual jades alone unless his dad does it, and it can't be done according to the usual routine, hehe!" Su kesheng smiled evilly.

"Well done, well done. Let's just wait and watch the show!" Bao zuoliang was very satisfied with this right-hand man of his. The reason why Dachang Lu was called an old bastard by them was because this

guy did not follow the rules in everything he did. He was also a master who would do anything. It was impossible to make him follow the rules and bid and admit defeat like the others.

As the two spoke, Lin Yi had already gone all out with the opening sect leader, as they had expected. "Seven million!"

"Seven million five hundred thousand!" Dachang Lu still wasn't ready to give in, but everyone could see that he couldn't hold on any longer. For such an exaggerated price for an essence cultivating devil gold grass, the others felt that they were dreaming.

One must know that even the rarest seventh-grade elixir, the Thunder profound pill, would only be worth this much at most. The transaction price of an ordinary essence cultivating pill would slightly exceed five million, especially when this was only an essence cultivating golden devil grass. At this moment, everyone's mind was filled with the same thought: these two are crazy!

"Eight million!" Lin Yi didn't care if the other party was an opening sect leader or not-since this was an auction, whoever had the most spirit Jade would be the one to show off.

Dachang Lu choked under the watchful eyes of the crowd. He was indeed a Big Shot at the beginning of the mountain, but he was only a guest master in the city Lord's mansion, not a leader like the city Lord. How could he squander so many spirit jades so casually?

But those who knew a little wouldn't think that he'd give up just like that. As expected, Dachang's already fierce aura burst out as he glared at Lin Yi and cursed, "Damn it, who's so blind to go against Grandpa Lu! Are you looking for death? I'm going to get this essence cultivating devil gold grass. If anyone dares to stop me, don't blame your Grandpa Lu for turning his back on you!"

Lin Yi couldn't help but curse in his heart. To be honest, it was already a lot of pressure to compete with a Big Shot in the opening stage, but he didn't think that it would be such a shameless old bastard!

No wonder he had a very bad feeling from the beginning. This time, it had completely come true. Even if he had more financial resources than the other party, what should he do if the other party did not follow the routine and directly attacked?

In the face of absolute strength, all schemes and intrigues were a joke. By the same logic, no matter how many spiritual jades one had, they were just a joke.

"I've heard master's evaluation of this man. He said that he is as rude as his name suggests. He is famous for being unreasonable. Moreover, he is only a guest elder of the city Lord's mansion. He has never cared about rules. Even if he breaks them occasionally, neither city Lord Bao nor Dean Ling can do anything to him. We must be careful. " Xinyan whispered as she pulled on Lin Yi's sleeve.

Lin Yi nodded without saying anything. He felt a headache looking at this red-haired honorary Master. If the other party was an outsider, he might not dare to be so unscrupulous in the territory of morning stars city, but he was an honorary Master here. There was no way to reason with him.

But no matter what, Lin Yi wouldn't give up so easily. He retorted, "I can understand if you want the prime devil gold grass, but this is an auction, so you have to follow the rules. If you can't afford to play, then don't play. Do you really want to break the fairness of the auction?"

Lin Yi's words caused an uproar-they all knew that Lin Yi's background was unfathomable, but they didn't think that this guy would be this brave to go against an opening mountain sect leader in front of everyone!

They didn't know that Lin Yi's courage was trained. He was able to escape unscathed from the West Mountain old sect when he was only in the Golden core stage. Now that he was in the advanced stage of the original level and had all kinds of identity auras protecting him, he didn't have to be afraid of this mountain opening Big Shot!

Dachang Lu was taken aback as well, and couldn't help but re-evaluate Lin Yi. This was the first time he'd encountered something like this-a mere nascent soul advanced stage dared to talk back to him in public?

Chapter 4857 A Change Of Attitude Is Faster Than Flipping A Book

"Don't talk about those useless things. I'm telling you, I don't understand a single thing!" Dachang Lu didn't have the demeanor of a Big Boss at all. It was common for him to act shamelessly. Otherwise, so many people would secretly call him an old bastard. He grinned and said, ""Hmph, if my son needs this sh \* t herb to concoct pills, just tell him to let go or not!"

Everyone shook their heads speechlessly. What do you mean by cheating? this is cheating, and it's cheating in front of you so that you don't have any temper at all!

The most terrible thing was that this old bastard was also a Big Shot in the mountain opening stage. Other than those big shots who were also in the mountain opening stage, no one else was even qualified to stand out and talk to him. His fist was the biggest among the people present, so naturally, he had the final say.

Wang Xinyan and Huang xiaotao looked at each other with furrowed brows. They were both thinking about the same thing-should they sneak out and ask their master for help?

Although Donghai's divine nun didn't have much control over this old bastard, he was still a founding member of the sect after all. At least, he wouldn't dare to act so unscrupulously. His tone was simply infuriating. "I'm bullying you, so what? do you dare to hit me?" he thought.

If it were someone else, they'd probably admit defeat, but the two girls knew Lin Yi's pride-he wouldn't give in so easily. It'd be fine if they were just talking, but they'd be at a huge disadvantage if they were to fight.

Lin Yi, on the other hand, was amused by the girls' worried looks. He looked at Dachang calmly. "Forgive me for asking, but if you buy the essence cultivating golden devil grass, who are you going to find to refine pills?"

"Of course I'm looking for Qing Danzi. Who else can I find?" Dachang Lu curled his lips without hesitation. The essence cultivating pill was a seventh-grade elixir, and ordinary alchemists could not handle it at all. The only one in the morning Star City who had the most confidence was Qing Danzi.

"Oh, that's my disciple. I'll tell him not to take up your job. Just wait and see." Lin Yi smiled faintly.

Everyone laughed-they'd thought that Lin Yi was going to be in trouble, but thinking about it now, Lin Yi's disciple was already on the same level as Dachang. It was hard to say who'd get the best laugh in this conflict.

"Ha?" Dachang was dumbfounded, and he looked Lin Yi up and down again. Lin Yi was a household name in the city these days, and even if he'd never seen him before, he'd at least heard of him. "You're that Lin Yi?!"

"That's right, you still want to snatch it?" Lin Yi said with a half-smile.

The road to becoming a Big Shot was imminent. If the essence cultivating golden devil grass couldn't be refined into an essence cultivating pill as soon as possible, then its effect would be greatly reduced. Especially when this mountain opening guest had to use a public shameless method to obtain the essence cultivating golden devil grass. This would have to be carefully considered.

"This ..." Dachang Lu hesitated for the first time. He was a brute, but he wasn't stupid. With Lin Yi's status, even if he was an opening sect leader, he couldn't do anything.

There was a limit to shamelessness. He only wanted to take the prime devil gold grass, but if he dared to lay a hand on Lin Yi, not only would the mayor's attitude change, but the Academy would also be in trouble. Qing Danzi, Donghai's divine nun, and even Ling Yuanqing would all be on his opposite side.

However, he had to get the essence-cultivating golden devil grass for his son. Now was the most crucial time for Lu xiaozhong's rise. If he missed this opportunity, it would be very difficult for him to advance to the Xuan Ascension realm in one go in the future. This kind of thing could not be delayed.

Dachang looked at the Golden devil grass on the stage, then at the calm Lin Yi-he didn't know what to do.

"How about this? I don't want the essence cultivating devil gold grass anymore. I'll give it to you directly." Lin Yi said suddenly.

Dachang Lu was not the only one who was stunned. Everyone else present was also collectively dumbfounded. They had just gained the upper hand, how could they give it up in the blink of an eye? Could it be that Lin Yi was afraid of the old bastard's revenge?

"Really?" Dachang Lu looked at Lin Yi suspiciously.

"Of course it's true. Not only will I let you have the essence cultivating devil gold grass, but I can also promise to personally refine it for you. As long as you bring this essence cultivating devil gold grass to me, I can guarantee you an essence cultivating pill!" Lin Yi smiled faintly.

"Ah? That's great, thank you so much!" Dachang Lu's expression immediately changed. If not for his blushing face, he would have changed as fast as a chameleon. His attitude changed 180 degrees on the spot. "Master Lin, you're such a good person. I, Xiao Lu, am in awe. Thank you so much! That Master Lin, I'll go look for you in a while!"

He wasn't stupid at all-Lin Yi was the legendary Alchemist, and he was much more reliable than Qing Danzi. Why else would Qing Danzi be his disciple?

Although this essence cultivating devil gold grass was enough for five sets of ingredients, that was only in theory. It couldn't be counted in reality. If he went to find Qing Danzi, he might be able to refine two if he was lucky. If he was unlucky, he might not even be able to refine one. That would be too risky.

But Lin Yi was different. The complete pill meant that the essence cultivating golden devil grass was in his hands, and he could make five essence cultivating pills. Although Lin Yi only gave him one, it was enough for him. After all, his son was only one level away from the peak nascent soul realm. It didn't matter if he had more.

On one hand, it was likely to be a waste, and on the other hand, he could get one. Even a fool knew what to choose, not to mention that Lu Dachang was not a fool.

Dachang Lu had come all the way to Lin Yi's side, and everyone, including Lin Yi, was completely dumbfounded. He'd just been calling Lin Yi Grandpa Lu, and now he'd turned into little Lu after Lin Yi said he'd make pills for him! Where the hell did he get the integrity of a Big Shot at the beginning of his cultivation?!

Bao zuoliang and su kesheng hid in the corner and looked at each other. They were so shocked that they couldn't say a word for a long time. They had carefully designed such a good trap, but that surnamed Lin only said a few words and he had broken the trap?

As for Lin Yi, he couldn't help but exchange a smile with Xinyan and xiaotao. Dachang wasn't stupid at all, and he was just pretending to be a hooligan. To put it bluntly, he was just using his skin to take advantage of the situation.

Ao Tianba was like this, Qing Danzi was like this, and now this Lu Dachang was like this. Lin Yi couldn't help but wonder if all the big shots in the East continent were like this. All of them changed their faces faster than flipping a book. Did they all train their faces?

Chapter 4858 Not Worthy Of Sympathy

Lin Yi and Dachang settled the rules in front of everyone, and the old man finally let out a breath of relief. Even if he was the auction host of the school, he couldn't do anything to an unreasonable scoundrel like Dachang. It'd be a pain in the ass if Dachang really went back on his word and took the essence cultivating golden herb.

Fortunately, this young man was experienced enough to settle Lu Dachang with a few simple words. The future was to be feared!

The white-bearded old man sighed in his heart as he carefully asked Dachang Lu, "Then this essence cultivating golden devil grass is yours? The price just now was eight million spirit Jade ..."

Strictly speaking, this method still put him in a difficult position. After all, if the two of them were doing this, what was the point of him being the auction host? But there was no other way. This was the best solution at the moment. It was much better than being snatched away by Dachang Lu.

"Damn, this brat managed to escape!" Bao zuoliang and su kesheng looked at each other speechlessly. The only thing that comforted them was eight million spirit Jade. This price had far exceeded the value of the essence-cultivating golden devil grass. Although they didn't get Lin Yi this time, they still made a big profit and the result wasn't bad.

However, Dachang Lu's next words made their hearts tremble. The old bastard glared at them, and his domineering aura suppressed them. "Your grandmother! If Master Lin has backed out, we'll have to start all over again. Don't try to fool your Grandpa Lu!"

"This ..." The white-bearded old man almost spat blood in his face. He had seen many scoundrels, but this was the first time he had seen one this shameless. Was there anyone in the world who could play like this?!

"What's wrong? Do you have an opinion?" Dachang Lu glared at him again with an unkind expression. After all, he was a big Shot at the beginning of the mountain, and his aura and pressure were not something that ordinary people could withstand.

"Uh ... We'll have to ask the auctioneer's opinion first ..." The white-bearded old man hesitated for a moment and said. Of course, he couldn't do this under normal circumstances. Otherwise, the auction would become a big joke. However, he was only a temporary auction host. He wasn't stupid enough to offend a Big Shot at the beginning stage for a temporary job.

"Hmph, I'll kill anyone who dares to refuse!" Dachang Lu threatened everyone unscrupulously, then squinted his eyes and asked, ""Don't dilly-dally. Tell me who it is!"

The white-bearded old man could only quickly check the name list of the bidders. His gaze swept across the faces of everyone present, and finally, he pouted his lips and pointed at Bao zuoliang, who was hiding in the corner.

F \* ck! Seeing that the white-bearded old man had thrown the hot potato on his head, Bao zuoliang's face instantly turned black. After being betrayed by the white-bearded old man, he instantly became the focus of everyone present. Now, everyone knew that he was the owner of the essence cultivating golden devil grass.

Damn it, if I had known earlier, I would have auctioned it anonymously! Bao zuoliang was cursing in his heart-not only did he fail to get Lin Yi, he was getting himself in trouble!

"Oh, so it's you, kid!" Dachang Lu grinned maliciously. Last time, his son had suffered a loss at the hands of this kid, and he had made a big scene because of it. He didn't expect to meet him again today.

"Senior ... Senior Lu!" Bao zuoliang could only force out an ugly smile.

"Since you're an acquaintance, it's easy to talk to you. Kid Bao, tell me what you mean. Do you want Grandpa Lu to take your pulse?" Dachang Lu stared at Bao zuoliang and sneered.

Although the other party was the son of his immediate boss, he didn't care about this kind of bullshit relationship. Baofala invited him to be a guest because of his strength, not because he wanted to owe him a favor. Moreover, there was no favor between them at all. Instead, there was a grudge because of his son.

"This ..." Bao zuoliang's scalp went numb from his stare. His smile was even uglier than crying. If he really wanted this old bastard to take his pulse, he would definitely break it. This old bastard definitely didn't have the demeanor of a Big Shot at all. He was really ruthless.

"Say it, you're so slow, are you willing or not!" Dachang Lu urged unhappily.

Lin Yi almost burst out laughing-he'd think this was a wedding if he were in the common world, but it wasn't a couple walking into the wedding hall-it was a red-haired old man and a rich young master.

Bao zuoliang didn't know how to answer. He turned to look at su kesheng for help, but how could a small character like su kesheng dare to stand up and confront Lu Dachang? If it was his father, baofala, it would be more like it. At this moment, there were only the two of them, so Dachang Lu was sure to eat them up.

"Alright!" Bao zuoliang finally gritted his teeth and nodded. Dachang Lu had just said that he would kill whoever didn't agree, so how could he dare to say no?

"You heard that? Hurry up and shoot again!" Dachang Lu urged the white-bearded old man, and finally added, ""I'll kill whoever dares to snatch it from me. Let's see who dares to go against Grandpa Lu!"

Everyone's face darkened as they looked at each other. Was this still an auction? This was daylight robbery!

The others had some thoughts of fighting back when Lin Yi backed out, but Dachang's words made them back down. Even someone with Bao zuoliang's background had to take a beating-they weren't as strong as this master Bao.

"One million, this grass is mine!" Dachang Lu said casually.

The white-bearded old man didn't know whether to laugh or cry as he looked around the room. After waiting for a long time, no one dared to make a bid. In the end, he could only hammer the hammer and decide the outcome of this farce, "Deal for one million."

Lu Dachang laughed proudly, while Bao zuoliang wanted to cry but had no tears. What was the meaning of trying to steal a chicken but losing the rice? What did it mean to suffer a double loss? This was the F\*cking portrayal of him right now!

"Hehe, a good essence cultivating devil gold grass was sold at the base price. He's lost big this time." Lin Yi smiled as he glanced at the sad-looking Bao zuoliang.

A heavenly treasure like the essence cultivating golden devil grass was a typical example of being expensive when it was rare. Usually, there was no clear price for it, and it could only be seen in large-

scale auctions. The market price depended on how many people competed for it. But no matter what, one million spiritual Jade was definitely a huge loss.

In the past, even if it wasn't as exaggerated as the previous eight million, it definitely wouldn't be less than two or three million. For example, Bao zuoliang was forced to close the deal at the base price this time. It was basically a half-sale, half-gift.

Bao zuoliang was so depressed he wanted to vomit blood, but his sweetheart Wang Xinyan didn't feel sorry for him at all. Instead, she said with disgust, "This kind of person doesn't deserve any sympathy. He deserves to be pranked."

Chapter 4859 You Have Seven Words

"Oh?" Lin Yi was a little surprised-the guy was here to mess with Xinyan's practitioner's kid, but he didn't really mind. After all, it'd be weird if Xinyan didn't have any suitors with her looks. Even if Bao Wuliang wasn't here, there would still be Zhu Wuliang and MA Wuliang.

"Sister Xinyan is right. This Bao Wuliang is not a good person. He often harasses the female disciples of the Academy. I heard that one of them was forced to commit suicide by him. It's just that his father's background is too deep, so no one dares to say anything." Huang xiaotao was also filled with righteous indignation.

"There's such a thing? No wonder you guys call him Bao Wuliang. You're right, he deserves to be unlucky. " Lin Yi frowned. He wouldn't mind if it was just a normal rich kid, but he couldn't just ignore a scumbag like this, especially when he was after Xinyan.

But this was morning stars city, after all, and the man was the son of baofala, the mayor. It wouldn't be easy for Lin Yi to deal with him, even if he wanted to. He needed the right opportunity.

"Actually, I think there's something strange about what happened today. Bao Wuliang doesn't lack spiritual jades. Even if he can't use a rare treasure like the essence-cultivating golden devil grass, he wouldn't take it out for auction, right?" Wang Xinyan said, deep in thought.

"That's right, he even wanted to use this to trick sister Xinyan into becoming his Dao companion. Although he was chased away on the spot, he wouldn't sell it off just like that, right?" Huang Xiaotao shook her head.

This thing was a fatal temptation to any original leveled master, and with Bao Zuoliang's womanizing personality, even if he was defeated by Wang Xinyan, he would definitely use it on other female disciples, and it was always accurate. How could he be willing to auction it off? Was it really for the spiritual Jade?

The son of the city Lord of Morning Star City would sell such a treasure for a few spiritual jades. Was this even possible?

Lin Yi realized what was going on-the guy seemed to have been watching him the entire time, and things weren't as simple as they seemed. It'd make sense if the guy was watching Xinyan, but it was him the whole time-that was a big problem.

Could it be that this guy was coming for him? The thought crossed Lin Yi's mind. They didn't know each other, but they were enemies because of Xinyan. It wasn't impossible, especially since Dachang was an opening mountain powerhouse. There had to be something going on behind the scenes.

It seemed that he had to pay more attention to this guy in the future! Lin Yi looked at Bao Zuoliang with a deeper meaning in his eyes. It was just a guess, but the more he thought about it, the more likely it was. Plus, his intuition had always been accurate.

After the mess that Dachang had caused, the auction was much calmer. Even if the atmosphere wasn't any less intense, without Lin Yi and a shit stirrer like Dachang, the crowd really couldn't get their spirits up.

From then on, Lin Yi didn't open his mouth to bid anymore. It wasn't that there weren't any good items, but they were all items suitable for original infant stage Masters. Lin Yi didn't care about them at all. To him, if he wanted to get something to support him, it had to be something that could at least deal with a Xuan Sheng master. He didn't even care about the others.

So from the beginning to the end, Lin Yi only flapped his wings at the start, and after that, other than the essence-cultivating golden devil grass incident, he was just a bystander. Wang Xinyan and Huang xiaotao were even more straightforward, they were just bystanders the whole time, they were just here to watch the fun.

This was actually normal. All the cultivation resources were prepared by Donghai shegni himself, so they didn't have to worry about it at all. Besides, Donghai shegni's cultivation focused on cultivating the mind and improving oneself. Therefore, they rarely relied on external items except for the necessary auxiliary items.

After the auction ended, Lin Yi didn't go to the Hong Chamber of Commerce. Instead, he accompanied Wang Xinyan and Huang xiaotao back to the Morning Star Academy. He was living in Donghai Pavilion now, and this was something Donghai sheanni had asked for personally. Of course, he couldn't ask for more.

But before they could leave, Dachang Lu caught up with them and handed the herb to Lin Yi. He praised Lin Yi as a master before leaving with a satisfied laugh.

"This fellow's way of doing things is so obedient and shameless. He's clearly a Big Shot at the beginning of the mountain, but his every move has the temperament and slyness of a small figure. He's indeed a wonderful person." Lin Yi couldn't help but smile at Dachang's back.

Xinyan and xiaotao covered their mouths and laughed. Only Lin Yi could deal with a Big Shot like this in a few words. It would be a headache for anyone else, and Bao Wuliang was a living example.

The three returned to Donghai Pavilion, and after dinner, the two girls followed Donghai to their night classes. Morning and night classes were a common occurrence. Lin Yi went back to his room as well, but he didn't cultivate. Instead, he took out the ghost-eye Eagle King wings he won during the day.

"Senior, what's the use of this thing?" Lin Yi couldn't think of anything after half a day, so he asked the ghost for help.

"Hehe, kid, your eyesight is pretty good, even you can't guess it?" The ghost kept him in suspense.

"I really can't guess. It definitely won't be of any use in alchemy. I feel that forging is also difficult enough. It looks like it can only be used as an exhibition item." Lin Yi said, shaking his head.

"Exhibit? Hehe, the ghost-eyed Eagle King was the enhanced version of the ghost-eyed Golden Eagle. Even the ghost-eyed Golden Eagle was full of treasures. Would the ghost-eyed Eagle King's wings be useless for display? I can only say this to you, you're really blind!" The ghostly thing ridiculed without holding back.

"That's seven words ..." Lin Yi was speechless.

"Kid, do you know what kind of existence the ghost-eyed Eagle King is?" The ghostly thing asked.

"Could it be the king of the ghost-eyed Golden Eagles?" Lin Yi guessed according to the name. After all, the ghost said that this was a super enhanced version of the ghost-eyed Golden Eagle.

"Wrong. The ghost-eyed Eagle King is not only the King of the ghost-eyed Golden Eagles, but also the king of all Eagle-type spirit beasts. Eagles have always been the king of all birds, so it is not an exaggeration to call it the king of flying spirit beasts." The ghostly thing explained.

"So brutal? What is the Vermillion Bird?" Lin Yi couldn't help but be surprised. He always thought that if there was a King of flying spirit beasts, the Vermillion Bird would have no doubt.

"With the Vermillion bird's strength, it can indeed trample all the flying spirit beasts under its feet. However, it is not a pure flying spirit beast. If we were to trace its origin, its ancestor should be fire, not birds." The ghostly thing pouted.

Chapter 4860 Endless Benefits

"There's such a thing?" Lin Yi said, surprised.

"Looking at the history of all flying spiritual beasts, only the ghost-eyed Eagle King is worthy of being their royal family. However, because of the emergence of the king of spiritual beasts, the ghost-eyed Eagle King did not choose to submit at the first moment, so it suffered a disaster. Although it was not completely exterminated in the end, the stronger ghost-eyed Eagle Kings have all died, leaving behind only the old, the weak, the sick, and the disabled." The ghostly thing said with a sigh.

"What about now?" Lin Yi couldn't help but ask.

"Now? The ghost-eyed Eagle King clan has completely declined. There are only a few pure-blooded ghost-eyed Eagle Kings in the entire spiritual beast clan. The ghost-eyed Eagle Kings that can be seen now are mostly the old, weak, sick, and some hybrid ghost-eyed Golden Eagles. Their strength is not the same as the ghost-eyed Eagle Kings that could dominate a region. " The ghastly thing pouted.

"If that's the case, then wouldn't the value of the ghost Eye Eagle King wings drop by a large amount?" Lin Yi couldn't help but feel that it was a pity.

"Nonsense, if it's a pure-blooded adult ghost-eye Eagle King, its strength would be at least at the earth formation stage, or even stronger. It could even compete for the position of the four great elders, who do you think can get their wings?" The damn thing was amused by Lin Yi's whimsical idea.

"So strong?" Lin Yi couldn't help but be surprised-if it really was that level of existence, even thirty million spirit Jade might not be enough to buy the wings, let alone three hundred thousand.

"However, the ones with impure bloodlines now are much worse. In any case, they are still one of the few royal families in the spirit beast clan. At least, they were once royal families, and their numbers are extremely rare. To be able to pick up such a good deal in this auction, your luck is really good." The ghastly thing couldn't help but sigh.

"That's because everyone doesn't know what's good for them. Senior, please tell us quickly, what's the use of these wings?" Lin Yi couldn't wait to ask. The introduction just now had completely piqued his

curiosity. Since the ghost-eyed Eagle King had such a big background, he could really look forward to its use.

"According to the rules of the spirit beast clan, I can't tell you, a human, about this." The ghostly thing said after a moment of silence.

"Why?" Lin Yi blinked.

"The reason is very simple. There are only a few royal families in the spirit beast clan. Although they are not like the king of spirit beasts who commands all the spirit beasts, they are, after all, the overlords of a region. In the words of you humans, they are Kings of different surnames. To protect them, any information that may harm them is top secret, especially this kind of information that involves life and death. Once the news is leaked, I think you human cultivators will start to hunt the ghost-eye Eagle King without restraint." The ghostly thing said in a serious tone.

"That's true," Lin Yi agreed. No one knew what the ghost Eye Eagle King wings were for now, and they thought they were just decorations, so they didn't bother to kill them. At most, they'd just kill a few by accident, but once they knew how useful it was, the situation would be completely different.

Not to mention that the ghost-eyed Eagle King's clan had long declined, even in their heyday, they could only accept death in the face of the endless stream of human masters. Unless they fled to the South continent's base camp and never came out, otherwise, they would be exterminated at any time.

"These royal families are the backbone of the spirit beast clan's various branches. Once something happens to them, the spirit beast clan will definitely suffer a great loss. Therefore, this is a top secret." The ghostly thing paused for a moment, then suddenly changed his tone. "However, the ghost-eyed Eagle King is at most a fake royal family. All the flying spiritual beasts now follow the Vermillion bird's lead. It doesn't matter if their race is exterminated or not. Perhaps the Vermillion Bird will be happy."

Lin Yi was speechless. He thought that the bastard would keep it a secret with his principles, but it turned out that he was going to sell out the ghost-eyed Eagle King clan.

"Let's advance and retreat together. You're not an outsider, so there's no harm in telling you this as long as you don't spread it. Otherwise, it'll be as if I sold the ghost-eyed Eagle King, and I might feel guilty. " The ghostly thing continued.

If you really felt guilty, you wouldn't have said so much! Lin Yi didn't know whether to laugh or cry. "I've always been tight-lipped, senior. You know that. Just tell me."

"Hehe, you want to be a Birdman?" The ghostly thing asked instead of answering.

"Birdman? What do you mean?" Lin Yi blinked and looked at the ghost-eye Eagle King wings in his hand. "Senior, don't tell me you want me to carry this thing? That's a little too flashy, but can it fly?"

Lin Yi's heart was burning with passion at the thought. Flying was a dream every human had, and it was an impossible dream. Even with Lin Yi's strength at the advanced stage of nascent soul, he could only dream about it. At most, he could use his Qi to glide for a short distance. That wasn't flying at all, it was just throwing himself out, that's all.

"Of course not." Lin Yi's heart went cold at the answer, but his eyes lit up again. "But it can increase your speed by a large margin."

"Really?" Lin Yi's spirits were lifted-he'd been very satisfied with his speed ever since he'd developed super butterfly micro-steps and super limit butterfly micro-steps, but he'd been chased by the West Mountain's Almighty last time, and he felt a sense of danger again.

The West Mountain's Almighty was only at the late stage of xuansheng, and he already couldn't be shaken off. If he encountered a Big Shot in the opening stage like the West Mountain old sect, wouldn't he still be crushed to death in minutes? what was the difference from before?

Lin Yi's speed was already fast to begin with, and if he could go even faster, he might even be able to survive against a mountain opening giant! That was what speed was called!

Lin Yi couldn't wait to put on the wings, but it didn't work at all when he put them on. Instead, he was slowed down by the resistance.

The damn thing was watching the joke with interest until Lin Yi realized something was wrong."Who told you that this thing is useful when you carry it on your back? If it was that simple, then everyone would know about it, and it wouldn't be a secret!"

"Ugh ..." Lin Yi blushed.

"I'll need the help of a forger for this. The ghost-eye Eagle King wings can't increase my speed by themselves, but after being forged into ghost speed wings, it can make my speed change completely!" The ghastly thing explained and added,""You have to know that the ghost-eye Eagle King's speed is the highest among all flying spirit beasts. Ghost speed is one of their racial talents. Even if the ghost-eye Eagle King's bloodline is not pure, this most basic racial talent has been preserved. As long as you can successfully develop it, you will benefit endlessly."
