

Bodyguard 4871

Chapter 4871 Alliance's President

Rather than beating the grass and alerting the snake, it was better to simply pretend that he didn't know anything. As long as he remained vigilant later on, he would see what these two people could do!

"Alright, since you've all said so, I have no objections. Let Master Lin be the team leader." Bao zuoliang immediately declared.

The crowd was in an uproar. This guy clearly wanted to do it himself, but his attitude changed a little too quickly, didn't it?

But no matter what, the captain position was settled now. Since Lu xiaozhong, Bao zuoliang, and su kesheng all approved of Lin Yi, and Xinyan and xiaotao were close to Lin Yi, it could be said that all the important people present had made their positions clear. The opinions of others didn't matter.

In fact, the others could only keep their thoughts to themselves. From today onwards, Lin Yi was the captain of the morning stars.

For the next two days, everyone stayed on the ship. Lin Yi thought that Bao zuoliang and su kesheng would find a chance to cause trouble, but they didn't do anything. It was as if they had accepted the fact that he was the captain. Not only did they not cause trouble, but they were also very respectful to him.

"What the hell are these two doing?" Lin Yi couldn't help but wonder. He wasn't naive enough to think that the two had given up just like that. The fact that they weren't causing trouble now only meant one thing-these two must have bigger plans in the future, and that was why they were so patient!

Any possible danger had to be nipped in the bud-this was the rule of all assassins. Unfortunately, Lin Yi couldn't just make a move on the two of them for no reason. He could only take it one step at a time and be careful and alert.

Two days later, a melodious horn suddenly sounded from the far end of the dock. Not long after, they saw Chancellor Chen Xing appear in front of everyone and ordered, "Alright, the road to becoming a Big Shot is about to begin. Everyone, get off the ship!"

"Yes!" Everyone's spirits were lifted as they followed behind their Captain, forming an orderly line.

This situation stunned Chancellor Chen Xing. Everyone was a proud and arrogant Son of Heaven. Even a high-level official like him could only force them to obey orders. It was almost unimaginable for them to be so disciplined.

After asking quietly, Chancellor Chen Xing finally understood the whole story and couldn't help but give Lin Yi a thumbs up. If everyone could stay united in the next test, then they would benefit from both self-defense and breakthrough. There might really be a few more Masters of the xuansheng stage in this test!

Under the lead of the Chancellor, Lin Yi brought everyone to the dock Square and sat down cross-legged in an area marked as the morning stars Academy, waiting for the road to big shots to begin.

There was a high platform not far away, and there were rows of seats on it. At this time, many high-level officials from various Academies had taken their seats. Everyone was talking about it, discussing in private who was the legendary President of the Alliance.

But Lin Yi's mind wasn't on this. He'd been looking for the proud of Dawn school's team since the beginning, trying to find Huo yudie's figure, but it didn't work.

The number of people was surprisingly large, especially since there were so many big shots here. Lin Yi didn't dare to use his divine sense to scan the area, in case he pissed off one of the big shots. He'd be severely injured if the Big Shot wanted to do something. Besides, it was a basic rule in the world of practicing not to use divine sense in public.

Since he couldn't use his spirit sense, he could only rely on his eyes. However, perhaps it was because of the enmity between Morning Star and morning prides, they were arranged to be very far apart. Unless Lin Yi walked up to the stage and picked a good angle, it was impossible to find someone through the gaps between so many disciples.

After a while, all the disciples of the academies were in their seats, and the higher-ups of the various Academies had also taken their seats. At this time, a young man suddenly appeared in the center of the high platform, causing everyone's expression to turn serious, and they did not dare to speak.

Everyone was looking at this young man, and Lin Yi was no exception. He looked young, and there wasn't any terrifying aura coming from him, but everyone knew that there was only one person on the stage at this time-the legendary President of the Alliance.

Lin Yi, Xinyan, and xiaotao looked at each other, stunned. They thought that the president would be an old man like Ling Yuanqing, not a young and handsome man like him.

But this wasn't too far off-after a practitioner advanced to the Sky Class, they could maintain their looks forever, and so as long as they wanted to, they could live for hundreds or thousands of years with the same appearance as when they advanced.

It was just that women were beautiful, and men were dignified. This was a very common situation in the world of cultivation, and most male cultivators wouldn't deliberately stop their appearance from aging even after advancing to the heaven class. They would instead stop their appearance at a more dignified middle-aged or old appearance. After all, an old monster that was hundreds of years old still had a young face of a twenty-year-old man. This really made people not know what to say.

However, it was obvious that the president of the Alliance was an exception. He was one of the minority.

Almost all the disciples in the audience were looking at each other, but no one dared to make a sound. The man on the stage was a legendary Big Shot at the earth splitting stage or even the sea splitting stage. Even if he didn't show any aura, his name alone was enough to suffocate everyone.

The president of the Alliance slowly swept his gaze across the entire scene until some of the Academy's disciples could not hold on any longer. Then, he finally opened his mouth and said slowly, ""All of you are elites from your respective Academies. You've come here for only one thing, and that is to attempt the xuansheng stage. Although this trial doesn't prohibit private fights, this President hopes that you can distinguish the primary and secondary! "Also, you'd better not have the ridiculous idea that there will be a next time if you fail this time. Based on past experience, if you fail the first time, the second time will be ten times more difficult, and the third time will be a hundred times more difficult. You should think about it carefully!"

The crowd felt suffocated upon hearing this. In fact, some of the Academy's disciples were indeed here for the second or even third time. For example, there was a silent middle-aged man from the Morning Star Academy this time.

Logically speaking, for someone like him who had experienced it for the first time, if he had stood up two days ago to fight for the leader's position, he would have had a good chance. However, he had not said a word from the beginning to the end, and there was no sense of existence to speak of. He had long lost the drive and spirit of the others, and no one would usually pay attention to him.

Chapter 4872 Lightning Burial

If the first time didn't work, there would be a second time, and if the second time didn't work, there would be a third time. This was indeed the general mentality of everyone, especially those who had the Thunder elixir. Even if they failed this time, they could still guarantee their lives. This mentality was the most obvious.

However, the Alliance president's words completely dispelled their fantasies. If they failed the first time, how could they succeed the second time after the difficulty was increased by ten times? It wasn't that there were absolutely none, but it was definitely as rare as Phoenix Feathers and Qilin horns!

As for whether the Alliance president's words were true or false, it was obvious just by looking at those who had been here before. The first failure had long left a shadow in their hearts. How confident were they in trying to advance to the Xuan Ascension stage again with such a lifeless appearance? One in a thousand, or one in ten thousand?

The young President smiled silently as he saw everyone's nervousness. If someone stared at him like Lin Yi did, they'd see the disdain and contempt in his eyes, as if he was looking at an ant.

With his strength, these peak Yuanying stage cultivators were indeed insignificant ants in his eyes, especially when these ants didn't even have the awareness to cut off all cauldrons and sink boats. Other than disdain and contempt, it was difficult for him to have a second expression.

He was disdainful, but as the president of the Alliance, he had to be patient and explain the basic rules.

"After you enter the path of the big shots, the only thing you have to do is to find a suitable place to cultivate in seclusion. As long as you use your mental cultivation method with all your might, you'll naturally be able to trigger the lightning tribulation. As for the lightning tribulation points inside, they've already been marked." The president of the Alliance said calmly.

The Thunder tribulation point? Lin Yi blinked, but immediately understood-even the path of a Big Shot wasn't a place where one could trigger lightning tribulation just anywhere!

The so-called lightning tribulation point was probably a place that was relatively easy to attract lightning tribulation. From the perspective of the secular world, it was a place that was relatively easy to be struck by lightning ...

"Of course, it's impossible for all of those Thunder tribulation points to be effective. After all, they were marked thousands of years ago, and some of them have already lost their effectiveness. However, every Thunder tribulation point has a protective array. As long as you are in the array, you can trigger the Thunder tribulation without worry. You don't have to worry about people from the outside taking advantage of the situation." The president of the Alliance continued.

Lin Yi and the others understood, and their worries were swept away. After all, everyone had a few enemies. It was already very difficult to break through to xuansheng and deal with the lightning tribulation. If they had to be on guard against sneak attacks at all times, not many people would survive. Fortunately, the school Alliance thought this through.

However, there were many people who already knew about this. There was no need to mention those who had participated in the path of the big shots before, and there were also some who knew the disciples of the Academy from the previous years, so they would naturally inquire about these key details.

"Breaking through to the Xuan Ascension stage is your top priority. However, it's rare for you to have the chance to become a big Shot. If you have the time, why don't you take a look around? the heavenly treasures in here are famous in the entire East continent. However, it's very dangerous inside. At the same time, you have to guard against the attacks of the new disciples in the Xuan Ascension stage. So, I advise you to stop before you go too far. If you feel that it's enough, hurry up and come out. Insatiable greed will only make you die faster." The president of the Alliance casually mentioned.

As for those who failed to break through to the Xuan Ascension realm, he didn't need to say anything. Everyone knew that they didn't need to care about them at all. Because if they failed to break through, even if they managed to survive, they would be half-crippled if not dead. These people didn't even have the basic ability to protect themselves, let alone deal with others.

Hearing the words "treasures of heaven and earth", the group of Academy disciples were invigorated. For cultivators like them, wealth was the number one good thing. Of course, this did not only refer to spiritual Jade, but also those treasures of heaven and earth that could not be bought.

However, anyone with a brain would know that in order to search for heavenly treasures here, there was a basic prerequisite, and that was to successfully advance to the Xuan Ascension realm!

Otherwise, even if they were at their peak, they might not be able to deal with the various killing intents inside, especially those xuansheng stage experts who were with them. An innocent man who has a treasure is guilty of a crime. Even if you, a complete nascent soul realm cultivator, were lucky enough to snatch something good, it would be useless. Just as the president of the Alliance had said, you would only die faster.

"One more thing, this trial has a time limit. The longest time you can stay is three months. Whether you succeed or not, three months is a foregone conclusion. Of course, you can also come out after three months, but the battleships and treasure ships of the various Academies won't stay to wait for you. At

that time, the entire dock will be under martial law. You can either find a way to fly back, or stay here and wait for death. " The president of the Alliance glanced at the crowd and said.

Everyone looked at each other indifferently. Although it sounded serious, it was not a big deal to be left here. At most, they could cultivate while waiting for the next trial. Perhaps they could also take the opportunity to grab some natural treasures.

Of course, this little thought could not escape the eyes of the person on the stage. The president of the Alliance smiled when he saw this, and the corners of his mouth curved into a mocking arc. "If you have any ideas, you can stay. However, don't blame me for not reminding you. Every year, thunderclap plain Island has a lightning burial. If you don't want to live long, you can experience it."

"Lightning burial?" Everyone looked at each other in confusion.

"As the name suggests, it's to bury the entire Island with the world-ending wild Thunder. Unless you can escape from the Thunder burial like the native creatures, you won't be able to wait until the next trial begins." The president of the Alliance said calmly.

Everyone was shocked and immediately threw the little bit of luck they had just had to the back of their minds. This place was full of danger, and it was indeed not a place to play tricks.

"Alright, all Academies line up according to the order of drawing lots. Let's begin the transfer." After saying that, the president disappeared from the high platform without a trace.

Since the most important thing in the trial was to find the Thunder tribulation points to break through to the Xuan Ascension realm, it would naturally lead to a situation where everyone would fight for the

Thunder tribulation points as soon as they entered. No one knew how many Thunder tribulation points there were on the road to becoming a Big Shot, but just by looking at the number of people present, it was clear that the possibility of everyone having one or even more than one was not very high.

In this way, who went first and who went last was a big problem. The academies that went in first would definitely have an advantage. If this problem could not be solved properly, they would not even need to go on the road to the big shots. The disciples of the various Academies would probably fight at the dock.

Hence, the Alliance of schools came up with a method that seemed fair and reasonable, drawing lots!

Chapter 4873 Fiancé!

It was all up to luck who would go first and who would go last. With the unfathomable President of the Alliance personally overseeing it, no one at the scene could cheat under his eyes, unless the one who cheated was himself.

The students of the Academy lined up in order. The luck of the Morning Star Academy wasn't too good, but it wasn't too bad either. They were in the middle of the line.

The teleportation formation here was different from the one on the Western Island-they could only teleport one person at a time, but they could teleport dozens at a time here. It was very fast, and it was Lin Yi's turn.

There were full-time guards here, and Chancellor Chen Xing handed over the name list to the guards. The guards checked it one by one in front of everyone, and Lin Yi was surprised by one name-Qin Yue!

He was Chen Xing's Captain, but everyone knew that it was just a temporary position. Lin Yi didn't even pay attention to who was in the crowd since he didn't know anyone.

When Lin Yi first came to the Morning Star Academy, he'd asked Xinyan to find out more about his fiancée because of the Jianghe ocean incident, but she'd been in isolated practicing recently, so he didn't pay much attention.

Who would have thought that Qin Yue would suddenly appear in the team?

However, according to Jiang He and hai, she should still be at the Golden core stage after ten years. Otherwise, why would Jiang He and hai spend so much effort to get her a golden core of nascent soul condensation? how did she become a master of perfected nascent soul now? wasn't the gap a little too big?

Or was this Qin Yue not the Qin Yue He knew?

Lin Yi was surprised, but he couldn't just ask in front of so many people. He had to keep it to himself and see what happened. After all, even if it was the same person, the Golden pill he got from Jiang He hai wouldn't be of any use to him.

After the teleportation, the scene in front of them suddenly changed. Everyone who came out of the teleportation array looked a little ugly. To be honest, they didn't think it was a big deal to be ranked in the middle. After all, only the last few batches could always get the Thunder tribulation point. Otherwise, the Alliance of Academies wouldn't have arranged so many people to come in at once.

But now, everyone suddenly realized that they had been too naive. It didn't matter at all. Who went first and who went last was the most important!

At first glance, this was a very vast and empty land, but it was like a terraced field in the secular world. The various locations here were uneven, and even though the teleportation array's position was already considered high, it was impossible to see the entire place at a glance.

This wasn't just a problem with the terrain, but more importantly, the visibility was very poor. There was fog everywhere, and the only thing that wasn't too bad was that the fog here wasn't like the sea, so it didn't have a great impact on the divine sense.

But the problem was that they weren't freaks like Lin Yi. Even peak nascent soul cultivators had a very limited amount of spirit sense. If they had to use their spirit sense to explore every step, they wouldn't even be able to do anything. They would probably die of exhaustion before they could even make it halfway.

In this way, everyone could only rely on their memory to move on the road to becoming a Big Shot. Although cultivators had good memories and basically only needed to walk the road once, they should not be lost when going back.

However, it was impossible to see what was going on in this place from a distance. Once they went too far, who knew if they would encounter any unexpected dangers? the most important thing now was to find the lightning tribulation point and attempt to break through to the xuansheng stage. Before they became a xuansheng stage expert, they did not dare to wander around casually.

At this time, the disciples from the other Academies who had been teleported in first were already fighting for the Thunder tribulation point nearby. No one wanted to take unnecessary risks. Since they could find the Thunder tribulation point nearby, they naturally did not want to look for it far away.

Everyone understood this, and the morning Star disciples wanted to join in the fight, but Lin Yi stopped them. "Don't be in such a hurry. There are so many people here. Even if we go and Rob them, we won't be able to get many. It would be a waste of Zhen Qi. Why don't we go a little further and see? if we can find the Thunder tribulation point, even if it's not completely empty, the competition won't be so fierce."

In fact, he had a hidden agenda when he said that. He wanted to walk around and see if he could be lucky enough to meet Huo yudie. Of course, it was a very stupid move to block the entrance and Rob the Thunder Point. There were only a few Thunder points nearby. With so many people robbing it together, even if they managed to get it, they would be half-dead. How could they try to advance to the xuansheng stage?

In fact, it wasn't just Lin Yi-some of the other disciples had made the same decision, avoiding the crowd and exploring.

"That's right. Master Lin is right. Only an idiot would stay here and fight for food with a bunch of Mad Dogs. Let's go to a place further away and search!" Bao zuoliang was the first to jump out and support him.

Lin Yi couldn't help but look at him in surprise. Did this guy take the wrong medicine? With the attitude and attitude he had shown before, it was already unprecedented that he didn't cause any trouble, but he actually turned around and supported her?

What he didn't know was that Bao zuoliang was being selfish-he wanted Lin Yi to bring his men as far away as possible so that he wouldn't have to worry about people seeing through his tricks.

"We'll listen to Master Lin!" Although Lu xiaozhong was also curious about Bao zuoliang's reaction, he still agreed.

The others didn't have any objections and followed Lin Yi's lead. It was a bit risky, but Lin Yi was confident.

After all, with his extraordinary divine sense, he could clearly sense the situation in the distance, so there was no need to worry at all.

Lin Yi walked at the front, with Wang Xinyan and Huang xiaotao following closely behind, followed by Lu xiaozhong, and then Bao zuoliang and su kesheng. The two of them followed Lin Yi closely, afraid of losing him.

But as they moved forward, Lin Yi noticed something strange. Qin Yue, who was at the back, was very close to the two male disciples. The three of them were stuck together the whole time, and they even did some very ambiguous little moves when no one was looking. They thought no one would notice, but they didn't know that Lin Yi's spirit sense covered all directions, and no one's movements could escape his perception.

Lin Yi couldn't help but be surprised and suspicious-he'd already asked Xinyan and xiaotao on the way, and they'd learned that there weren't many female students at the Academy. Even if they didn't know each other, they'd at least heard of their names. There was only one female student called Qin Yue, which meant that this person was Jiang He Hai's fiancée without a doubt!

If that was the case, any woman with a marriage contract wouldn't get involved with other men as long as they followed the rules a little ... Lin Yi was watching everything clearly ...

What made people especially speechless was that this woman was entangled with one man, and at the same time with two men ... This was too strange.

Chapter 4874 Contest For The Lightning Tribulation

Lin Yi couldn't help but wonder-could this Qin Yue be like Situ Qian, born to be a Vixen?

If he didn't have so many people with him, Lin Yi would've gone up and asked what was going to happen next. He could at least send a message to Jiang He and Hai after he got the information, telling them to give up.

However, it wasn't the right time to do so. He had to suppress his suspicions. What he needed to do now was to fulfill his responsibility as a team leader and lead everyone to the lightning tribulation.

Everyone groped forward in silence for the time it takes for an incense stick to burn. Although they found several Thunder tribulation points along the way, they were all occupied by others. They could still vaguely see a large number of people in front of them. If this continued, even if they found another Thunder tribulation point, it would definitely not be their turn to pick up the leftovers.

"It's probably going to be tough if we continue to walk along the main road. How about this? Let's go around in a circle so that we won't always be following behind others." Lin Yi suggested after some thought.

Everyone hesitated for a moment before nodding in agreement. It was definitely safer to go along the main road, but it was not a good thing if they couldn't get the Thunder tribulation point. In order to break through to the mysterious Ascension realm as soon as possible, it was necessary to take some risks.

With Lin Yi's group taking the lead, the other students from the other schools followed suit, but there weren't many of them-most of them still insisted on following the path.

Soon, Lin Yi's suggestion worked-the group finally found four empty lightning spots, and they were all excited to try.

It was a good thing that they didn't forget their Captain, Lin Yi. They weren't idiots-they'd be the target of everyone if they went around Lin Yi and took the loot, even if they were all from the Morning Star Academy.

"Whoever wants to stay can stay. The rest don't have to fight over it. Just follow me and continue searching. It seems like it won't be difficult to find other Thunder tribulation points. There won't be any problems." Lin Yi turned to the crowd.

Everyone was taken aback-they thought that Lin Yi would be the first one to claim it, but this temporary leader was quite generous.

But even so, no one dared to fight for it. If Lin Yi didn't want it, then he'd ask Xinyan and xiaotao. After all, they'd find no one in the same level as them who could be their match.

Xinyan and xiaotao, of course, wouldn't stay-they had to go with Lin Yi, and not just them-even Lu xiaozhong wanted to follow Lin Yi as well. This was his old man, Lu Dachang's order-he had to follow Lin Yi closely during the test, so he could save his life and get some benefits.

Dachang Lu was a big Shot after all-he'd made his son stick to Lin Yi after seeing that he had potential. It was simple and violent, but extremely effective.

This wasn't surprising at all-what made Lin Yi speechless the most was that even Bao zuoliang and su kesheng didn't go for it, choosing to follow him instead. With their background and strength, the other Morning Star disciples wouldn't be able to win against them.

The important figures weren't interested, but the other Morning Star disciples weren't stupid. They started fighting for the lightning, but Lin Yi and the others were watching. They didn't dare fight, so they stopped when they reached the point.

Lin Yi continued to lead the team forward. He paid a little attention and found that Qin Yue and the two male disciples didn't get any lightning points either, so they had to keep following.

Lin Yi thought that the lightning spots were randomly distributed, and the chances of getting hit were the same if they took the main road or the small road. The only difference was that the small road had a higher chance of getting hit by something dangerous. The four spots they just hit were proof of that, but an hour later, he realized that he was wrong. They didn't see a single spot.

The crowd couldn't help but start to feel a little restless. Judging from this situation, most of the lightning tribulation points should be distributed around the main road. No wonder there were so few disciples from the other Academies following behind. They must have inquired about the news in advance.

"In that case, let's go back and take a look. We have three months anyway, so don't worry." Lin Yi smiled faintly and led everyone back to the main road. If it were someone else, they wouldn't dare to walk as casually as he did unless they went back the way they came, but it wasn't difficult for him at all.

After returning to the main road, the chances of finding Thunder tribulation points along the way were indeed much higher. However, just like before, these Thunder tribulation points had long been snatched by others, and it was not their turn at all.

Fortunately, everyone was mentally prepared for this situation, so they were not too shocked. Otherwise, watching all the Thunder tribulation points along the way being occupied would be the same feeling as rushing to the toilet but not being able to get a pit. It would be so anxious that it would make one's heart sick.

"Hold on," Lin Yi suddenly stopped.

"What's wrong?" Xinyan asked quickly, and the others tensed up, thinking that they'd run into some sort of danger.

"Don't be nervous, there's a show up ahead. " Lin Yi raised an eyebrow.

Watch the fun? Everyone's faces were filled with surprise. Only now did they discover that there were indeed many figures in the distance ahead, and from time to time, there would be a clamor. It seemed that a lot of people had gathered.

Lin Yi led the group over, but they didn't get too close to avoid any accidents. They stopped a few dozen meters away to avoid getting involved in trouble.

There were all kinds of quarrels in front of them. Although they had not started a fight yet, looking at the situation, the smell of gunpowder was strong. If this continued, it was estimated that a fight would be inevitable.

Other than Lin Yi's group, there were also some other people who were watching the show. They quickly understood the situation from the whispers.

It turned out that the disciples of the two academies were fighting for territory, and the source of this big conflict was the entire large area of lightning tribulation points. A rough estimate was that there were at least fifty of them, enough to accommodate all the disciples of the entire Academy.

This discovery immediately made everyone envious. If they could snatch this area of lightning tribulation points, there would be no more trouble. If they continued to search like this, who knew if they could find so many more lightning tribulation points!

However, although they were envious, they didn't dare to compete with those two groups of people. The other side had more people than them, and if they dared to step in at this time, it would be tantamount to challenging the two schools at the same time. At that time, the consequences could be imagined with their toes.

This could be seen from the people who were watching the show at the side. If they weren't afraid of this, they would have made a move long ago. Why would they still block the way and watch the show?

Chapter 4875 Thunderclap Academy

No one was stupid. There was no need to make such a meaningless enemy. Although it was indeed difficult to find such a large area of lightning tribulation points, as long as they were willing to continue exploring, there would still be lightning tribulation points. At most, they would not be as spectacular as the ones in front of them.

Lin Yi didn't want to watch the show. He might be able to pick up the loot in the end, but he'd rather have it in his own hands than put his hopes on someone else.

But Lin Yi quickly changed his mind, because when he scanned the crowd with his spirit sense, he found a few familiar faces in the two groups. One of them was a woman with her face covered, but from her figure and aura, there was no doubt that she was Huo yudie!

He had been trying every possible way to find it, but to no avail. He didn't expect to have such a pleasant surprise!

Lin Yi observed the situation carefully and realized that it wasn't a conflict between the two schools as he had imagined. There were three schools in front of them, one of which was the pride of dawn and the other was the soaring Cloud School. The two schools were on the same side, fighting against the other school.

It was actually two against one! What made Lin Yi even more surprised was that the chenjiao and Xiangyun schools had over seventy people in total, and the one standing in front of them didn't seem to have any less people than them!

It was common knowledge that peak nascent soul cultivators were the elites of golden class schools-the more they had, the stronger they were. Lin Yi already thought it was ridiculous that the Morning Star School had over thirty peak nascent soul cultivators.

If it were any of the other Sky Class islands, it would be a huge force. Lin Yi even wondered if the three pavilions on the North Island had that many peak nascent soul cultivators. After all, nascent soul cultivators were already qualified to be elders. The three pavilions weren't weak, but they weren't so weak that they could be seen everywhere.

However, this unknown school had suddenly produced more than seventy complete nascent soul cultivators, which was double the number of ordinary schools. This strength was a little exaggerated and ridiculous!

Lin Yi finally understood why the crowd didn't even dare to get close to them. There were so many empty lightning spots, and they didn't dare to take advantage of it. If they did, it would be the same as offending all three schools at the same time!

It's true that there's a defensive array at the lightning tribulation point, but what about after that? once you're targeted by these three Academies, so what if you succeed in advancing to xuansheng? Those who tried to fish in troubled waters would definitely die a terrible death.

"What's wrong?" Wang Xinyan and Huang xiaotao were confused when Lin Yi stopped again.

The other Morning Star disciples behind him were also confused. They were all smart people and knew that it would be difficult to get anything good by waiting here. Taking advantage of the fact that so many people were blocking the way to watch the show, it was a wise move to quickly go around and take the lead.

"Which school is the guy who is confronting the pride of dawn and the soaring Cloud School?" Lin Yi asked.

In order to make it easier for them to identify themselves, the disciples didn't wear the school's uniform, but they all had the school's badge on their shoulders-they didn't have the full name of the school, though. Lin Yi only recognized the chenjiao, Xiangyun, and Chenxing symbols, nothing else.

"I don't know ..." Wang Xinyan and Huang Xiaotao looked at each other and shook their heads. They hadn't been in the East continent for long, and they had spent most of their time cultivating with the nun of the East Ocean. They didn't know much about the Morning Star Academy, but they didn't know much about the other Academies.

"I know that!" When Lu Xiaozhong, who was following closely behind the three people, heard this, he hurriedly came over and said with an expression as if he was presenting a treasure, "I, Xiao-xilu, am very familiar with that Academy's symbol. I've even fought with people from their academy before. And it was on their Academy's home ground!"

When everyone heard this, they immediately turned to look at him. This guy was too awesome. He actually dared to fight on the school's home ground. He was really lucky that he didn't die!

"That time was really dangerous. Fortunately, our old Lu arrived in time and risked his old life to drag our Xiao Xiao Lu out from the knife's edge. Otherwise, we would have died. Tsk, tsk, I'm scared just thinking about it!" Lu Xiaozhong replied with an excited expression.

Even Lin Yi couldn't help but roll his eyes-just from the look on your face, you call that lingering fear? It looks like you can't wait to do it again!

"You still haven't told me what Academy this is." Lin Yi asked again.

"Oh, they're the disciples of the thunderclap Academy. The Academy's symbol is easy to recognize. It's three pillars of lightning. A fool like them is the kind that needs to be struck by lightning. The person

who designed this symbol must have been struck by lightning before, haha!" Lu xiaozhong said and laughed.

"Thunderclap Academy?" Lin Yi blinked, remembering that this place was called the thunderclap plain Island and the sea was called the leidong sea,"Could this be their home ground?"

"I guess so. Thunderclap city is in the leidong sea, not too far from the thunderclap plain Island. It's where the headquarters of the East continent's yellow Class academy Alliance is located. It's one of the most important cities in the Yellow Sea, and the thunderclap Academy is one of the biggest Yellow Class Academies." Lu xiaozhong explained.

"I see!" Lin Yi nodded. No wonder they had the confidence to go 2v1-they were one of the biggest golden class schools!

"Hey, just because their academy is powerful, those fools from thunderclap Academy are overbearing!"
"That time, I, Xiao Lu, followed old Lu to leidong city to join in the fun. I just wanted to buy a golden core of the Yuanying stage. They attacked me because they had the advantage in numbers. I, Xiao Lu, was not afraid of this. I fought with them on the spot. As a result, more and more people fought, and I almost died there ..." Lu xiaozhong laughed.

Everyone was speechless when they heard this. You were f * cking fighting with people in Thunder City, but the more they fought, the more they fought! After all, any random passerby could be their family and friends!

"They're just buying a golden core and they want to attack you. Aren't they a little too overbearing?" Lin Yi couldn't help but frown. He'd heard that tier six and seven pills could only be sold to the East continent, but he'd never heard that they could only be sold to the Academy's city. This kind of trade barrier was too overbearing.

No wonder they had a conflict with Chen Jiao and Xiang Yun here. Such an overbearing style would cause trouble wherever they went. Which East Province Academy's disciple wasn't proud? Even if this was half their home ground, there would always be some who were unconvinced. It would be strange if there was no conflict.

Chapter 4876 Come Out And Let's Take A Look

"Exactly! At first, that idiot from the thunderclap Academy said that he would buy it for a hundred thousand spiritual jades. I, Xiao Lu, thought that I could just offer a higher price than him, so I asked the shopkeeper for a hundred thousand and one spiritual jades. In the end, that idiot attacked me. He's so overbearing, he really needs a beating!" Lu xiaozhong said unhappily.

F * ck! Everyone covered their faces and was speechless. They sighed in their hearts that they were too naive to believe this guy's nonsense. Not to mention the disciples of the thunderclap Academy, even if they were in his shoes, they would have to fight this bastard!

Lin Yi didn't know whether to laugh or cry-the guy was offering a hundred thousand spiritual jades, and he should've at least offered a hundred and ten thousand if he really wanted to bid! Wasn't he just asking for a beating?

Like Father, Like Son, this saying was true. He didn't see anything else, but this Lu xiaozhong had definitely learned a hundred percent from his father!

"Master Lin, those idiots from the thunderclap Academy are bullying people again. Do you think we should get involved? Eliminate the strong and help the weak!" Lu xiaozhong's eyes rolled as he spoke.

Lin Yi didn't even want to talk to him anymore-the words didn't sound reliable at all ...

But even without Lu xiaozhong's encouragement, there was no way Lin Yi would just ignore it because Huo yudie was there.

Of course, if it wasn't for Huo yudie, Lin Yi wouldn't have chosen to get involved in this mess. Since thunderclap city was the main city of thunderclap school, and also the headquarters of the Golden class academy Alliance, there was no need to say that the two were inextricably linked. If he offended thunderclap school, he might become the enemy of the entire golden class academy Alliance!

Lin Yi wasn't afraid of trouble, but he'd never start a fight, especially when he knew that the other party wasn't someone he could mess with. He didn't want to start a feud with them for no reason.

In fact, even if they didn't consider the background of the other side, just these seventy plus peak nascent soul cultivators were enough to make Lin Yi think twice. Although Lin Yi's strength right now was enough to deal with a xuansheng stage cultivator, and a few peak nascent soul cultivators were nothing in his eyes, the number of people was still a powerful deterrent.

But now that both sides were at daggers drawn, even if it was just for the sake of Huo yudie's safety, Lin Yi couldn't just ignore it. After all, he had made many strong enemies for the sake of Hongyan in the past, and he was used to it.

"Master Lin, the less trouble, the better. Let's just go?" Bao zuoliang glared at Lu xiaozhong and said.

"That's right, thunderclap school is not to be trifled with. Besides, proud of Dawn School is our arch-enemy, we can help anyone but them. It's more important to find the lightning tribulation!" Su kesheng agreed.

The only thing the two wanted to do now was to find the lightning tribulation and kill Lin Yi with the lightning. They didn't want anything else to happen.

"Bullsh * t, with your guts, calling you cowards is already an overstatement. Even if you find the lightning tribulation point, you'll be robbed. You might as well fight him here!" Lu xiaozhong glanced at the two of them with disdain.

"What did you just say?" Bao zuoliang's anger rose again-if he wasn't thinking about killing Lin Yi with the lightning, he would've killed Lu xiaozhong right there and then.

Everyone could not help but look at each other. Nothing had happened yet, and they were about to fight. If they really joined the battle, who knew who would kill them?

All the students looked at Lin Yi, waiting for his final decision. They didn't want to get involved, but Lin Yi was the captain.

"I've decided to stay and take a look. Of course, if you have other plans, you can form your own team to explore." Lin Yi said after some thought. He couldn't just force everyone's will just for his own selfish reasons.

With Lin Yi's attitude, Xinyan and Huang xiaotao would definitely stay, and Lu xiaozhong was more than happy to stay. Bao zuoliang and su kesheng, who had ulterior motives, naturally wouldn't leave either. The rest of the people were in a dilemma.

They were determined to keep going, but after losing Lin Yi, the strongest of them all, the remaining people wouldn't be able to fight the other schools even if they United. They wouldn't stick together at all, either-they'd just be disgruntled and split up.

The outcome of the lightning tribulation would be obvious just by looking at the scene in front of them. Any lightning tribulation spot that was easy to find would definitely be snatched away by these small teams from the Academy. If they wanted to pick up the scraps, they could only rely on pure luck.

In the end, none of the Morning Star mages left. They all stayed behind. Although this was because there was no one powerful to lead them, it had to be said that this group of people were very tactful. At least there were no idiots who didn't have brains and overestimated their abilities.

Lin Yi stared at Huo yudie in the crowd from a distance. He couldn't help but feel a little excited, but he didn't plan to walk up just like that. It would be easy to be misunderstood. He should see the situation first.

"Is there someone you know inside?" Xinyan and xiaotao whispered, surprised. They'd always been careful, and Lin Yi's reaction didn't escape their eyes.

"Yes, Huo yudie from the pride of dawn. I told you about her." Lin Yi nodded.

"Oh, really? Which which which Which?" The two girls' interest was piqued. They'd both heard about the trials from Lin Yi before, and they were curious about this sister they'd never met before. They were even grateful to her. After all, if it weren't for her, Lin Yi might have died already.

"You'll know in a moment. " Lin Yi was amused by the gossiping expressions on their faces.

Lin Yi's words had just ended when a long-haired man walked out from the thunderclap Academy's camp under everyone's gaze. From the looks of respect on the faces of the students, this man should be the leader.

"I've long heard that proud of dawn Academy produces beautiful women. Why don't you accompany us to sleep? If you're satisfied with my service, I can make the decision to give this place to you. I heard that one of the three fairies, Huo yudie, is also here. Who is it? Why don't you come out and let us see if you're really as good as the rumors say? is it the masked man?" The man laughed casually.

Originally, the atmosphere of the confrontation between the two sides was very tense. After all, there were more than one hundred and fifty Masters of the great circle of Yuanying realm on both sides. This kind of aura was superimposed layer by layer, even comparable to that of a master of the great circle of xuansheng realm. Such pressure was not something that ordinary people could bear. However, this man was walking in the middle as if he was taking a stroll in a courtyard. He didn't seem to be struggling at all.

Chapter 4877 Perfect Nascent Soul Expert

Lin Yi looked at the man and frowned. There was a familiar scent on him, similar to his own, but not obvious.

"Good suggestion, first seat. I heard that the women in the proud of the morning Academy are all very interesting. It's rare to have such a good opportunity. If I don't have a good time, I'll be letting myself down! We'll leave the third fairy, Huo yudie, to the first seat, and divide the rest among the others!"

"That's not enough, right? we have twice as many women as them, so it has to be two against one. I wonder if the chief would mind letting everyone play with the third fairy?"

"That's right. Although I can't see her face clearly, her figure is really hot. Tsk, tsk, those legs, those breasts, and those buttocks. If I miss it this time, I'll have regrets for the rest of my life. Chief, you can't just eat it all for yourself!"

The people from thunderclap Academy were full of vulgarities as they criticized the female disciples from proud of dawn Academy. Huo yudie was naturally the focus of their attention. After all, she was the third fairy.

"Haha, I've always been a generous person-you can have the third fairy, Wang Xinyan, if you want, but you'll have to wait until I'm done playing with her!" The leader of the group laughed without restraint.

"Shut up! If you want to fight, then fight. Stop talking nonsense, don't tell me that the people from thunderclap Academy only have this much quality!" Huo yudie trembled with anger. For a pure and innocent girl like her to be ridiculed and molested by so many people in front of her, no matter how good her heart was, she would still be furious.

"Fight if you want to? Great, I didn't expect the legendary third fairy to be so forthright. Are you preparing to have a huge battle with me in bed for 300 rounds? I like it, hehe!" The leader of the group stared at Huo yudie and smiled evilly.

"You!" Huo yudie was speechless for a moment. How could a traditional and conservative girl like her deal with such vulgar words? it was just that there were too many people involved in this occasion, so she could not make a move on her own. Otherwise, she would have rushed out and fought with the other party.

"Hey, you're the head of thunderclap Academy, right? Watch your mouth, sister Yu die is mine, no one can touch her!" At this time, someone suddenly stood in front of Huo yudie.

Lin Yi thought that it was some master who had jumped out to save the damsel in distress, but upon closer look, it was an old acquaintance-soaring Cloud school's Ren Zhongyuan.

Not only Ren Zhongyuan, but Yi Xiaotian and Yao Jiali were also standing beside him. They were all familiar faces.

Lin Yi couldn't help but find it strange. He wasn't surprised that Yi Xiaotian and Yao Jiali were here. After all, the road to becoming a powerhouse was a gathering of the elites from the various Golden Division schools. As long as one's strength had reached the peak of the nascent Soul Stage, they wouldn't let go of this opportunity to advance to the xuansheng stage. But why was Ren Zhongyuan here?

Although his strength was at the great circle of the original level, because of the five elements killing Qi in his body, he was now a cripple who couldn't use his heart cultivation method. Could it be that someone had helped him resolve it?

Lin Yi quickly thought of Ren tiansuo. The fact that he was able to dispel Lin Yi's killing intent meant that the head refiner of the soaring Cloud School wasn't an ordinary person.

"Who the hell are you?" The leader of the thunderclap Academy glanced at Ren Zhongyuan with obvious disdain on his face.

"Hmph, what big words. The title of thunderclap Academy's first seat may sound scary, but we're all at the peak of the original level. If you want to touch sister Yu die, ask me first!" On the other hand, Ren Zhongyuan was very unyielding.

In fact, as long as he was in front of Huo yudie, he would always perform perfectly. He had the strength and the bearing. Even if he did not have the strength at first, he would still pretend to be decent. This was the only way to win the heart of a beauty.

"Oh, really? Then I'll do as you wish. " The corner of that person's mouth curled up into a mocking arc, while the other thunderclap Academy disciples all revealed expressions of anticipation. They only saw him gently raise his palm, and then, as if swatting a fly, he casually swatted it.

Bang! Bang! Before Ren Zhongyuan could react to the situation, he was sent flying and crashed heavily into a stone wall in the distance. He could not move at all. Not only was his right cheek numb, but his entire body was also paralyzed on the spot.

"Alright!" The students from thunderclap Academy cheered while the students from proud dawn Academy and soaring Cloud Academy turned pale with fright. This was too sudden. Ren Zhongyuan was considered one of the strongest among them, yet he was sent flying with a single slap. Was this guy really a complete nascent soul realm cultivator?

Originally, because they had the same number of people, the people from the proud Dawn School and the soaring Cloud School could still hold their ground. However, after this scene, everyone was instantly frightened. One by one, they subconsciously stepped back. Suddenly, they lost the will to compete with the thunderclap school. They were afraid before the battle even started. This was the same for them.

"Hahahaha, do you really think that just because we're both at the peak Yuanying stage, you can play dumb with me?" The thunderclap Academy's Head of Department glanced at Ren Zhongyuan, who seemed to be in a daze, and said to everyone in the hall, ""You'd better listen to me. I'm the publicly acknowledged number one Yuanying stage cultivator. Not to mention you complete Yuanying stage trash, even xuansheng stage experts have died at my hands!"

As soon as he said this, everyone present was shocked. Not only the disciples from the proud Dawn School and the soaring Cloud School who stood in front of him trembled, but the other onlookers also subconsciously took a few steps back.

Even in the East Province Academy, where geniuses were gathered, the fact that a person of the great circle of the nascent Soul Stage could kill a master of the xuansheng stage was only a legend. However, this person from the thunderclap Academy did not seem to be joking at all. Based on his amazing performance of sending Ren Zhongyuan flying with a single slap just now, he might really have the ability to do so!

"I remember now! This is the first seat of the thunderclap Academy, Wang dianxing. He is the number one nascent Soul Stage cultivator in the thunderclap Academy in recent years!" At this time, someone in the crowd finally recognized the thunderclap Academy's Head of Department.

"Wang dianxing? That legendary perfect nascent Soul Stage expert?" After his reminder, the others finally reacted.

"That's right. This guy used to be the strongest newcomer in thunderclap Academy. I didn't expect him to be the head of the Academy now!"

"It's not as simple as being the first seat! I've heard that after he reached the peak of the Yuanying stage, his strength is already comparable to an early mysterious Ascension realm expert, and even a peak early mysterious Ascension realm expert!"

"After all, he's at the legendary perfect nascent Soul Stage. There's less than one in ten thousand. He's a genius among geniuses!"

Listening to the crowd's discussion, the disciples from the proud Dawn School and the soaring Cloud School began to waver ... "

Chapter 4878 Two Choices

A person's reputation was like the shadow of a tree. He was the legendary perfect nascent Soul Stage expert. Those existences at the xuansheng stage were his opponents. In his eyes, these ordinary great circle nascent Soul Stage cultivators were nothing.

Lin Yi, on the other hand, was looking at Wang dianxing in the crowd, deep in thought. No wonder he felt a sense of familiarity. He was also a perfect nascent soul, but compared to Lin Yi and Huang xiaotao, he was obviously much weaker.

After all, the so-called perfect nascent soul of ordinary people was just a small mouthful of Star Ink milk when forming the nascent soul. At most, it was a fake perfect nascent soul. In the whole world, only Lin Yi and Huang xiaotao were generous enough to bathe in Star Ink milk. Only then were they truly perfect nascent souls.

"How is it? Is there anyone else who wants to be the hero who saves the beauty?" Wang dianxing's aura alone had already overshadowed all the disciples from the proud Dawn School and the soaring Cloud School.

After seeing Ren Zhongyuan's fate and hearing all kinds of legends about him, the group of people no longer had the intention to fight against him even though they had a large number of people. They were a pack of wolves just a moment ago, but now they were just a pack of sheep trembling in front of a Lion.

"Looks like there's no one left. Just as well, our thunderclap school is one of the top schools in the Yellow Division Alliance. I don't want our school to carry the bad name of bullying the weak. With your strength, you're just looking for death!" Wang dianxing coldly looked at the crowd and said.

No one dared to refute him because this was the truth. Although they had about the same number of people, thunderclap Academy was like a pack of wolves and tigers with him, the number one original infant stage cultivator, leading them. Morning Pride Academy and soaring Cloud Academy could only be one-sided trampled.

"I'll give you two choices now. You can sleep with us. As long as you make us comfortable, we'll naturally give you these Thunder tribulation points after we've advanced to xuansheng. If you don't agree, you only have the second choice. Get out of here now!" Wang dianxing sneered.

As he said this, his eyes were fixed on Huo yudie. The veil only gave people a sense of mystery. He could not wait to take it off and admire the beauty of this third fairy.

Putting aside the overbearing tone, Lin Yi found dianxing's words a little strange. Even if he didn't want to sleep with them, he could just wait patiently nearby and wait for the thunderclap Academy to finish their Xuan Ascension. What was the point of threatening them?

It wasn't just Lin Yi-everyone else had the same question as well, looking at each other in confusion.

"Hey, this is your first time here, right? I've already been here twice, and I know everything about this place like the back of my hand. Under normal circumstances, it would take at most ten days to half a month to break through to the xuansheng stage, and twenty days is the limit. Once this time is exceeded, it's no longer possible, and it's meaningless to waste any longer. " One of the older looking disciples shook his head.

"Isn't that great? if we count each batch as 20 days, four batches of people will come in three months. We just have to wait a little longer. Why do we have to be threatened?" Everyone asked in confusion.

"That's normal, but these positions are all good. In the past, they have successfully triggered the lightning tribulation. If they succeed in promotion, they won't give up easily. If you want these positions, you can only buy them at a high price, or they will guard them and not let anyone enter!" The onlooking disciple said with a bitter smile.

"This is too much!" The crowd couldn't help but be filled with righteous indignation. The original intention of the road to becoming a Big Shot was to have more xuansheng stage experts appear. However, these people's actions were completely the opposite. They actually used the Thunder points to profit. How despicable!

"But it can't be that all of them will be able to successfully advance, right?" Someone could not help but ask.

The difficulty of breaking through to the xuansheng stage was much greater than that of condensing the Yuanying stage. When condensing the Yuanying stage, one could use the Golden pill to help break through the barrier, but it was not possible to break through to the xuansheng stage. The Thunder profound pill was only used to save one's life under the Thunder tribulation. Everything else could only be done by one's own self. In particular, the fusion of the two spiritual roots attributes was unprecedented, so the difficulty could be imagined.

According to the data given by the yellow Class academy Alliance, the best result for the path to becoming a Titan was only thirty percent!

In other words, even for these Academy elites who were praised as heaven's pride and had all kinds of excellent conditions that ordinary people could not reach, only three out of ten people could successfully advance. This was already the limit in history. If they did not perform well, it was very normal for less than one in ten to survive.

If even they were in such a state, it was even more difficult for those who could not enter the academy. The mysterious Ascension stage was the highest stage in the entire heavenly Dao realm. It was also a wondrous fantasy that they could only look up to but not reach. Only the geniuses among geniuses could set foot in it. Others could only dream about it.

"That's right. If it's a Xuan Sheng stage expert who has successfully advanced, then it's fine. If it's the kind who has failed the advancement, then it's good enough that they can keep their lives. In order to break through to the xuansheng stage, he must be at his peak!" Someone said disapprovingly.

"We are both Masters of the peak of the nascent Soul Stage. One is exhausted and seriously injured, while the other is in his peak state, full of energy. I think you should pay a high price to buy your own life instead!" Someone agreed.

"Hey, you guys who said that didn't really understand the thunderclap Academy, did you?" The older looking onlooking disciple shook his head and pouted, ""Do you know what thunderclap Academy's nickname is?"

"What?" Everyone was confused.

"The wolf court! "As the name suggests, the students of the thunderclap Academy are a pack of wolves. Not only are they overbearing and unreasonable, but they are also very United. As long as something falls into their hands, they will never give it up. It is the same for the lightning tribulation point here. Regardless of whether it succeeds or not, they will always group up and guard it with everyone. Then,

they will sell it to others. The one with the highest price will get it!" The older looking onlooking disciples smiled bitterly. It seemed like they had suffered this loss before.

"That's F * cking black! By then, they'll be like a group of xuansheng stage powerhouses guarding the place. What's the point of talking then? if you want the lightning tribulation point, you'll have to obediently give it to them and let them kill you!" Everyone's heart suddenly turned cold. Many of them had the same idea. Otherwise, they wouldn't have been stuck here to watch the show. But now, it seemed that it was impossible not to bleed.

"That's right, the people from the thunderclap Academy are so evil. Last time, I was besieged by them when I bought a golden core of the nascent Soul Stage in thunderclap city. They are too damn overbearing!" At this moment, someone seized the opportunity and shouted.

Chapter 4879 Not Good News

As a result, it immediately attracted a burst of response from the crowd. There were many people present who had been bullied by the thunderclap Academy.

Lin Yi and the others didn't know whether to laugh or cry as they looked at Lu xiaozhong. This guy really wanted to see the world in chaos. He was the one who shouted just now, otherwise, all the onlookers wouldn't be United against a common enemy.

The commotion in the crowd naturally did not escape the eyes of the thunderclap Academy students. However, they all had a carefree look on their faces, not putting the hostility in their eyes at all. There were many people who had enmity with their thunderclap Academy. They simply did not care about this group of fence-sitters who only knew how to gossip.

At the same time, Wang dianxing had already walked into the camp of the proud Dawn School and the soaring Cloud School alone. In front of him alone, so many masters of the great circle of the nascent Soul

Stage could only retreat step by step. Not a single one dared to stand up. It was really lamentable and lamentable.

Ren Zhongyuan's failure was a good example for them. They still did not know whether he was Dead or Alive. Who would dare to provoke the thunderclap Academy's first seat again?

In front of everyone, Wang dianxing directly swaggered in front of Huo yudie. He smiled evilly and reached out to take off her veil,""Fairy Huo, since things have come to this, I believe there's no need to choose, right? This is not only related to your own matter, but also to all the disciples of your two academies. It's meaningless to pretend to be reserved. I've heard that your Academy of pride is full of slutty women who serve men. You should be familiar with it, right? Hahahaha!"

Huo yudie was the only one who did not retreat. She dodged to the side to avoid the other party's hand. At this moment, she was already trembling with anger. Even though she knew that her strength was not as good as the other party 's, she was still ready to fight.

There were so many people from the two schools, but they were not as hot-blooded as Huo yudie. It was really hard to say!

But then again, the morning Pride Academy was made up of only female students. Although the soaring Cloud Academy was mainly made up of male students, the leaders this time were people like Ren Zhongyuan and Yi Xiaotian. It would be better to count on a sow to climb a tree than to count on them to fight against Wang dianxing and the thunderclap Academy!

It would have been more appropriate if Leng rufeng was present. Unfortunately, he was already a master of the xuansheng stage and would not come to such a place.

Even yang qianxue, who had been knocked down to the great circle of the nascent Soul Stage, was not here. Because her two spiritual roots had long been merged, she did not need to be as complicated as the others to return to xuansheng. She could trigger the Thunder tribulation anywhere. At most, she only needed to prepare a Thunder elixir in case of an accident. If everything went smoothly, she would not even need to undergo the Thunder tribulation.

Wang dianxing saw through Huo yudie's plan, and he suddenly laughed unscrupulously, "Oh, I didn't expect you to be a tough woman. You're just right for my taste. If you were a slutty woman like other women, I wouldn't be satisfied if you just beckoned with your finger. The more you resist, the happier I am. Hahahaha!"

Huo yudie did not want to waste her breath on such a foul-mouthed guy. She immediately gathered her true energy and was about to attack. Even if it was for the benefit of so many disciples of the Academy, she would not compromise. After all, this matter concerned her most important reputation and integrity!

Moreover, she had already seen through it. Even if they really compromised, the other party might not really give up the Thunder tribulation point. At that time, the most likely outcome would be to draw water with a wicker basket and be played for nothing.

"Come on, I'll hit you as hard as I can. Don't worry, I won't send you flying like I did to that fool just now. I'll only love you well!" Wang dianxing teased as he continued to touch Huo yudie's face.

Huo yudie's strength was nothing in his eyes. To be more precise, he had never put any master of the great circle of the Yuanying stage in his eyes, because he was recognized as the number one Yuanying stage master!

The situation was instantly triggered. At this moment, a person suddenly walked in from the crowd and slowly said, ""Alright, stop talking nonsense here. I've taken a fancy to this place. If you're sensible, get lost. If you don 't, you'll die!"

As he spoke, the man walked calmly to Huo yudie and looked at dianxing Wang with a relaxed expression.

Lin Yi! Huo yudie was just looking at his back, but she recognized him immediately. She was about to cry out in surprise and joy, but she quickly swallowed her words when she saw Lin Yi's hand gesture behind her back.

Not only Huo yudie, but Yi Xiaotian, Yao Jiali, and the others also recognized him. They were all shocked and did not know what to say for a long time.

"What did you just say? I didn't hear you clearly, do you want me to repeat it?" Wang dianxing rubbed his ears as he looked at Lin Yi in surprise, thinking that he had heard wrong. With Ren Zhongyuan as an example, he didn't believe that anyone would dare to provoke him in public.

"Ha? In the end, he's a disabled person, and he's even the thunderclap Academy's first seat. Is he a disabled person?" Lin Yi looked at him from the corner of his eyes.

The crowd was suddenly in an uproar. Everyone thought that Wang dianxing had Huo yudie in the bag. They were just about to take the opportunity to admire the beauty of the legendary third fairy. They did not expect such a thorn to suddenly appear!

The others were shocked, but the morning stars were even more so. Lu xiaozhong, who'd been unhappy with the thunderclap school for a long time, was dancing with joy, while the rest of the morning stars students all looked like they were in big trouble. Lin Yi was their temporary captain, and it wasn't just him who was in trouble-they were all in trouble too.

Everyone's heart was filled with regret. They had been calm and steady all this time. Why did it suddenly become like this? if they had known, they would have died before agreeing to let this guy be the team leader!

Only Wang Xinyan and Huang xiaotao's expressions were relatively calm. They knew about Lin Yi and Huo yudie's relationship. It would be strange if Lin Yi didn't make a move at a time like this.

Bao zuoliang and su kesheng, on the other hand, had troubled expressions on their faces. Lin Yi was looking for Death himself and got himself into trouble, provoking a strong enemy like Wang dianxing. If it was any other time, the two of them would be overjoyed, but now, they were both preparing to use lightning!

It would be fine if Lin Yi was punished on the spot, but what if Lin Yi didn't dare to charge at xuansheng anymore after being beaten half to death? Then wouldn't their previous preparations have been in vain?

"Disabled person? Hahahaha, you're an interesting person!" Wang dianxing didn't fly into a rage out of humiliation as everyone had imagined. Instead, it was as if he had heard the biggest joke in the world. He laughed so hard that he almost lost his breath.

After a long time, Wang dianxing raised his head and looked at Lin Yi as if he was looking at a dead man, his tone cold, "I really like interesting people like you, but there's bad news. I prefer to turn you into a dead person!"

Chapter 4880 The Battle Ends

"Is that so?" Lin Yi didn't think much of it-he didn't even need to say anything, and that expression alone was enough to piss people off.

The surrounding crowd was completely shocked. They were all whispering to each other. Who was this? how dare he offend three Academies at the same time?

They didn't know about Lin Yi's relationship with Huo yudie, but from what Lin Yi said just now, it seemed like he was going to snatch the food from the Tiger's mouth. Wasn't he going to offend both the prideful Dawn School and the soaring Cloud School as well?

The three Academies added up to a total of one hundred and fifty Masters of the great circle of the Yuanying stage, not to mention that there was Wang dianxing, the number one Yuanying stage master among them. Let's not talk about strength, at least this guy's courage is really big enough to break through the sky!

Of course, the people from the proud of the morning and soaring cloud schools had recognized Lin Yi. This guy was a ruthless person through and through. After the trials on the Western Island and the incident on the ancient battleship, it was impossible for them not to recognize him.

At this moment, Ren Zhongyuan was already limping back to the soaring cloud's camp with Yi Xiaotian's help. He had a complicated expression on his face.

Because the West Mountain's Almighty didn't reply, they both thought that Lin Yi was dead. After all, no matter how they thought about it, they didn't think that Lin Yi could escape from a late-stage mysterious Ascension evil cultivator. They didn't expect Lin Yi to not only not die, but also stand in front of them, and suddenly jump out to interfere!

As much as they hated Lin Yi, they couldn't help but let out a sigh of relief. Wang dianxing was powerful, but everyone knew that Lin Yi fought with the powerful Leng rufeng for half a month when he was only in the mid-nascent soul realm, and he even made Leng rufeng kneel down!

But now, Lin Yi seemed to be at peak nascent soul realm, and his strength was a lot stronger than before-going against him was suicide!

Therefore, no one from the soaring Cloud School or the proud of the dawn School dared to speak. They all chose to remain silent with strange expressions on their faces.

The students from the thunderclap Academy felt that the situation was a little strange. From the expressions of the other party, they should know this reckless kid, but what was the meaning of this strange expression?

Even the people they knew, after seeing the scene just now, should know what the end of a master of the great circle of Yuanying stage meeting Wang dianxing was. Shouldn't they think that this kid was overestimating his own ability?

It was fine if only one or two of them had such an expression, but the key was that everyone had the same expression. The people from the thunderclap Academy immediately felt that something was wrong. Could it be that this kid was not just a fool, but a real ruthless person?

The other thunderclap students looked at each other, but Wang dianxing didn't care about Lin Yi at all. As the recognized number one nascent soul cultivator, only a true xuansheng stage master could be his opponent. It wasn't even enough to fill the gaps between his teeth!

Wang dianxing was about to kill Lin Yi with a simple slap like he did with Ren Zhongyuan when he raised his head and saw a few people behind Lin Yi. There were two beautiful girls among them, and his eyes lit up.

They were Wang Xinyan and Huang xiaotao. Huang xiaotao was used to wearing a veil, but Wang Xinyan didn't have this habit, and when everyone noticed her, she was instantly stunned.

Wang dianxing was stunned for a moment, then drooled and said, ""Oh, isn't this the other one of the three goddesses of the gaolin Sea region? is she called Wang Xinyan?"

Although the gaolin Sea area was not like the thunderclap Sea area, where the headquarters of the school Alliance was located, it was the largest of all the yellow-class sea areas. Moreover, it was located in the middle and was connected to almost all the other yellow-class sea areas. As long as there was a slight movement, it would immediately spread in all directions.

With this background, the third fairy of the high Lin Sea region was almost equivalent to the Supreme beauties recognized by the entire Yellow Sea region. Everyone knew of their names, and various versions of their portraits had already spread.

People wouldn't be able to recognize Huo yudie with her veil on, but Xinyan was so calm that she would cause a commotion wherever she went.

Wang dianxing couldn't help but wonder if Xinyan was following this kid when he saw that she was standing very close to Lin Yi. To be able to obtain the third fairy's coveting, this kid's luck with women was not shallow!

Could he be the young master of some big family? other than this explanation, Wang dianxing couldn't think of any other reason for Wang Xinyan to follow him willingly. After all, this kid in front of him didn't have any strong aura, and he was probably only relying on his strong background.

Only this kind of hedonistic young master who didn't know the immensity of heaven and earth would say such shameless and stupid words. Unfortunately, on the road to being a Big Shot, one never looked at background, only strength!

Wang Xinyan didn't even bother to look at Wang dianxing. Although they were both surnamed Wang, she didn't think that she was from the same family as this guy who was full of dirty words five hundred years ago. Not to mention five hundred years ago, even five thousand years or even five thousand years would be disgusting.

"Tsk, tsk, it seems so! It seems that the fortune-teller was right. Today, I'm really lucky to meet two third fairy maidens. I wonder how it feels to play with the two of them, hahahaha!" The more Wang dianxing thought about it, the happier he was. He curled his lips and said to Lin Yi, "Boy, for the sake of the third fairy, I'll pretend I didn't hear your stupid words just now, but you have to let her play with me. As long as she can serve me well, I'll give you the Thunder tribulation point after the matter. How about it?"

"Not much." Lin Yi looked at him as if he was an idiot. He turned to the crowd and said, "Alright, everyone can leave now. The battle is over."

What did that mean? Everyone was puzzled when they heard this. The battle hadn't even started, so how did it end? Could it be that this kid was prepared to admit defeat?

Everyone was looking at each other in confusion when they saw Lin Yi raise his hand and slap dianxing's face casually.

Is this kid crazy? Everyone from the thunderclap Academy could not bear to look at him. Everyone could see that this kid was imitating the way Wang dianxing had sent Ren Zhongyuan flying. Unfortunately, it was only a posture. Ren Zhongyuan was the number one nascent soul cultivator, which was why he had the strength and confidence to do so. Who the hell did he think he was?

Wang dianxing was so angry that he laughed. His true energy shield was a defensive martial technique that he had specially cultivated. Even if he stood here and let the other party hit him as he pleased, he would only tire the fool to death. However, he would not spoil the other party. He immediately wanted to raise his hand and slap back. Let's see who would win!

However, before he could reach out his hand, he heard a soul-stirring dragon roar in his ear. The true energy shield, which was usually indestructible, shattered like paper, and then he had a concussion. He only felt that his body was out of control, and the ground was getting further and further away.
