

Bodyguard 4911

Chapter 4911 Do You Still Remember Half Moon Lake?

This way, not only could it offset the lightning to a certain extent, but most importantly, it could prevent the body from being crushed on the spot. This was the minimum condition for survival.

Lin Yi didn't know how much time had passed, but he'd finally made it through the third lightning. His entire body was charred black, and he looked like a miner who'd just come out of a black coal mine. At the same time, he looked like a worn-out Vagabond-this was a tragic sight that would make anyone cry.

"Didn't I say so? you will definitely survive. Keep it up!" The ghostly thing laughed.

"F * ck! "Senior, please don't mock me. I'll really die if this happens a few more times. If you have any ideas, please use them quickly. I can't hold on any longer ..." Lin Yi said weakly. He believed that with the ghost's ability, it wouldn't be helpless. If the ghost was willing to help, it would definitely have a way to get out!

Unexpectedly, the ghostly thing pouted and said,"what can I do?" If I had a way, I would have taught you a long time ago. Why would I let you suffer so much? No matter what, we're on the same side, and I'm not a psychopath. How can I watch you get hit for nothing ..."

Lin Yi rolled his eyes speechlessly. To be honest, he seriously suspected that this thing was a psychopath. He didn't ask around, but he was sure that this guy had lived for at least a thousand years, especially with this half-human, half-ghost look. It would be weird if he said that he didn't have any psychological problems.

"But to be honest, after watching the show for so long, I can finally see something." The demonic thing's tone suddenly changed. After all, it was a matter of life and death. He couldn't just sit back and do nothing. It was impossible for Lin Yi to escape on his own.

"What is it?" Lin Yi perked up.

"This place is no small matter," The ghastly thing said in all seriousness.

Nonsense! Lin Yi rolled his eyes again. This was the legendary city of Thunder burial, and he'd been struck three times already. How could this be an ordinary place?

"I'm not talking nonsense. Have you forgotten that I don't have a physical body right now, but after being nurtured in your jade pendant for so long, my soul has long since recovered to its peak level, and it's even more refined than before! However, this place is still able to isolate my divine sense. Do you know what this means?" The ghastly thing said in a serious tone.

"What do you mean?" Lin Yi quickly asked.

"This means that this place isn't a formation at all-there's never been a formation on Sky Class Island that could completely block my spirit sense. Even the most profound formation I've seen could only restrict my spirit sense, not something like this, where it's completely useless," The ghastly thing sighed.

"Then What is this?" Lin Yi didn't know what was going on, but he was impressed. This was Thunder burial city, so it was only natural for him to think that there was some sort of formation here that could block out all divine senses. But this theory was denied by this damn thing, and he couldn't think of any other possibilities.

"Do you still remember the Half Moon Lake in the North Island?" The ghostly thing asked instead of answering.

"Of course I remember!" Lin Yi nodded immediately. The Half Moon Lake was the most shocking thing he had seen since he came to Tianjie Island. The entire Half Moon Lake was the body of the same spirit beast. How terrifying was that!

To be honest, when Lin Yi first heard about it from the ghostly thing, he couldn't help but feel his legs go weak even with his courage. He had even fought with the human puppet that the ghostly thing created, and even won the ten thousand year tree crystal. It was unbelievable.

He was lucky to be able to escape because of the thing, or else even ten thousand Lin Yi's would have died in there!

Although the trip to the southern island allowed Lin Yi to witness the power of the Spirit beast clan, not to mention the former Azure Dragon, the Vermillion Bird alone was already standing at the top of the spirit beast clan, and then he saw the five poison Dragon and the giant electric eel, who were both super-split sea stage existences, the most shocking and shocking thing was still Banyue Lake.

Lin Yi still didn't know how strong the Half Moon Lake was, but he knew that it wouldn't be much weaker than the strong spirit beasts on the southern island. Now that he thought about it, there was actually such a hidden existence in the back mountain of the northern island. It was really a place full of hidden dragons and crouching tigers.

"Senior, why did you suddenly mention this?" Lin Yi didn't know what was going on, but his face changed and his lips started twitching. "It can't be ..."

"When I was inside that guy's body, my divine sense was just as useless as it is now. This is the only time." The ghastly thing said faintly.

"F * ck!" Lin Yi was so shocked that he almost fell to the ground. His expression changed when he looked around again. He took in a cold breath. "Senior, you mean ... The entire thunderous burial city is like Half Moon Lake, filled with intelligent super spirit beasts?" su mo asked.

"I didn't say that. You're the one who made a wild guess. Do you think it's possible that such a large basin is a spirit beast?" The ghastly thing said disapprovingly.

"Since it's possible in the Half Moon Lake, it's also possible in the Thunder burial city!" Lin Yi said with certainty.

"No, the two are completely different. The true form of Half Moon Lake is actually the giant fir tree in the middle. The surrounding Half Moon Lake is just a derivative of its huge roots, so it is a real life form. As long as there is enough opportunity, it can naturally become a spirit. But look at this thunderous burial city, does it look like a life form?" The ghastly thing asked.

"This ... Doesn't look like it ..." Lin Yi shook his head. It was understandable for a giant fir tree to have a spirit, but if even this city made of earth and stone had a spirit, then his world view and outlook on life would collapse.

Lin Yi blinked and asked, "But how do you explain the current situation? According to what senior just said, your spiritual sense will only lose its effectiveness when it enters the body of some powerful creature, right?"

"You can say that. So I guess that although this place is not quite the same as Half Moon Lake, there should be some similarities. Don't you think that the resentment in the surroundings is a little too strong?" The ghastly thing asked.

"It's indeed too outrageous. Even if it's a top-notch lightning attribute spirit beast like the lightning Dragon, it shouldn't be able to release its resentment out of thin air and cause this place to be filled with resentment, right? "Unless ..." Lin Yi hesitated.

"Unless what?" The ghastly thing asked.

"Unless it turns into a vengeful spirit after death, and its vengeful soul won't dissipate!" Lin Yi said, denying the possibility. "But there are no malicious ghosts in this world. There should be other explanations."

Chapter 4912 Vengeful Spirit's Primordial Spirit

"If we're talking about malicious ghosts, aren't I a ready-made malicious ghost? "It's just that I don't usually harm people ..." The ghastly thing laughed.

"Ugh ..." Lin Yi was speechless, but he quickly understood what the thing meant, "Senior, what do you mean?"

"Primordial spirit! Although we're not in the body of a living creature like the Half Moon Lake, we're in the body of a giant primordial spirit. This is the only explanation for all of this. " The ghastly thing said with certainty.

"That makes sense!" Lin Yi nodded heavily. First, the demonic thing's divine sense was ineffective, and then there was the strong resentment from all directions. These two conditions put together seemed to be the only explanation, but he was curious, ""What kind of thing's primordial spirit can be so big? It can cover the entire thunderous burial city?"

Lin Yi didn't know much about the essence spirit, but he had some basic knowledge. For example, the essence spirit would usually maintain its original form, and even if it wasn't, it would only form into a cloud of ghost fog like a ghost. It wasn't impossible for it to spread out in all directions, but wouldn't that increase the risk of the essence spirit being destroyed?

One must know that it was very difficult for the primordial spirit to exist out of thin air. Even the ghostly thing, the former Azure Dragon, was once a lamp without oil. Without the support of the physical body, it was like a tree without roots and water without a source. It would only dissipate bit by bit, and after the primordial spirit enlarged, it would obviously only make this process faster!

"What's the most abundant here?" The ghastly thing asked.

"Since it's Thunder burial city, it's natural that the most lightning spirit beasts died ..." Lin Yi suddenly thought of something, ""Senior, do you mean that this primordial spirit is a dead Thunder-type spirit beast?"

"That's right. From the looks of it, it shouldn't be just one or two. It's a strange existence that has gathered the primordial spirits of countless Thunder spirit beasts. This is a vengeful spirit primordial spirit!" The ghost said with certainty.

"The primordial spirit of a vengeful spirit?!" Lin Yi was shocked-the evil spirits of countless lightning spirit beasts were enough to make his scalp tingle.

"Well, that's the only explanation. Maybe it was just the primordial spirit of a Thunder spirit beast in the beginning, but it can't last long, so it can only devour the primordial spirit of other Thunder spirit beasts and then continue to evolve and grow. That's why it has become this large. It's really a monster." The ghostly thing sighed.

"But if it's just the vengeful Spirit's primordial spirit, why was it able to strike me with lightning?" Lin Yi couldn't help but wonder. Normally, the essence spirit couldn't use any attack or defense skills other than the spirit sense, and lightning was no exception.

"I was curious about this at first, so I didn't think about it. But I just thought that if I can find a temporary host, even if it's just the vengeful Spirit's primordial spirit, I can indirectly use the host's power when he was alive. Any corpse of a Thunder spirit beast here can use the power of thunder and lightning!" The ghostly thing said.

"I see!" Lin Yi was stunned for a moment before suddenly remembering something. He asked with a strange expression, "Then, if I die, will you do the same, senior?"

"You guess!" The ghostly thing chuckled and did not answer directly.

"I guess you'll ..." Lin Yi smiled bitterly. They might be familiar, but he didn't really respect this guy's integrity. He didn't forget that this guy had the thought of taking over his body when they first met. If he died, this guy wouldn't just sit there and wait for death. Taking over his body was almost a definite

choice. Expecting this guy to see his body as something sacred and inviolable was a mental problem to this guy.

But then again, Lin Yi didn't expect this to happen in the first place. If he really died, everything would have nothing to do with him anymore. Letting the ghost borrow it was a good thing for his own people.

"Alright, enough nonsense. You know what to do next, right?" The ghost returned to the main topic.

"Of course." Lin Yi nodded solemnly. Since he was sure that this wasn't a formation, there naturally wouldn't be a formation eye. There was only one way to get out of here, and that was to find the vengeful Spirit's body and destroy it. There was no other way.

The resentment was getting stronger and stronger, meaning that the fourth lightning strike was not far away. He'd taken three lightning strikes in a row, but he still didn't have the confidence to take on the fourth and fifth one. From the way the spirit was acting, the stronger the resentment, the stronger the lightning!

Hence, Lin Yi had to race with his opponent and find him before his opponent could launch a stronger attack. This was the only way he could survive, or he would die for sure.

However, this kind of thing was easy to say, but difficult to do. Not to mention what to do after finding the other party, just finding the body that the other party was residing in was extremely difficult in the current environment.

With their vision blocked and their divine senses rendered useless, they could only explore with their feet. Under such circumstances, it was no easy task to find a skeleton in Thunder burial city. It was like looking for a needle in a haystack!

But Lin Yi didn't have a choice-this was the only way. Even if he had to kneel, he'd have to grit his teeth and do it, or he'd die.

After exploring for a while, Lin Yi suddenly stopped. There was a white skeleton under his feet-it seemed to be some kind of thick dog spirit beast, but he wasn't sure what it was exactly.

Lin Yi only took one look before continuing his exploration. This skeleton couldn't be the host of the vengeful spirit. After all, this thing had been dead for a long time and had rotted into a complete skeleton. Some of the bones even showed signs of weathering. Let's not talk about whether it could still house the vengeful spirit. Even if it did, it might not even be able to move, let alone other things.

In addition, there was another important reason. The strength of the vengeful Spirit's primordial spirit was largely limited by the strength of its host when he was alive. It was impossible for an ordinary Thunder spirit beast to strike out the purple lightning just now. Only the few Thunder spirit beasts who stood at the top had a chance.

So Lin Yi wasn't looking for the body of a lightning element spirit beast, it was more accurate to say that he wasn't looking for the body of a normal lightning element spirit beast. His target range was actually very limited-it was most likely the lightning bird or the lightning Dragon.

Although this was the city of Thunder burial, as long as one paid a little attention, they would find piles of bones of thunder element spirit beasts almost every few steps.

Chapter 4913 Search

Although they looked shocking, they were all relatively ordinary lightning type spirit beasts. They might be able to cause trouble outside, but they were obviously not qualified to be selected by the vengeful Spirit's primordial spirit as a host.

As he was exploring, another purple lightning bolt came down on his head. Lin Yi was prepared for this, and he swung his arm to fire another lightning bolt. What happened next was to repeat the crazed twitching.

Fortunately, Lin Yi was surprised to see that the purple lightning wasn't much stronger than before. With his previous experience, he successfully withstood it. Of course, he must be in a terrible state, but he didn't suffer any substantial injuries.

"Is this its limit?" Lin Yi's heart jumped with joy-the lightning training this time had improved him quite a bit. Not only were the lightning strikes stronger, but his body was also more resistant to electricity.

If he were to go out in his current state, he would be able to withstand a five-fold Thunder tribulation without a sound, let alone an ordinary Thunder tribulation. A ten-fold Thunder tribulation would only make him groan at most. After all, he had endured at least fifty-fold Thunder tribulation these few times, especially the last two times, which were estimated to be nearly a hundred times.

"It should be. The power of its purple lightning is already comparable to that of a master in the mountain opening stage. It's impossible to be stronger than this." The ghostly thing agreed.

"Why is that? If it's really a top-grade lightning-type spirit beast, it wouldn't be strange for it to be above the mountain-opening stage, right?" Lin Yi asked, confused.

The strength of the top Thunder spirit beasts such as the Thunder Dragon and the lightning bird was by no means inferior to the top masters of other spirit beast clans. Otherwise, no one would treat the Thunder spirit beasts seriously. In other words, even if the strength of the powerful existences among them was not comparable to the four top elders, they were at least at the earth opening stage. Otherwise, it would be unreasonable.

"It's not strange, but you have to know that even if the vengeful Spirit's primordial spirit is attached to their corpse, it's impossible for them to exert all of their strength when they were alive. They must have suffered some losses, and it's normal for them to drop a major realm. When earth formation stage spirit beasts are in their hands, they can only exert the strength of the mountain Formation stage. It's very difficult to be stronger than this. " The ghastly thing explained.

"So that's how it is. You should've told me earlier, senior. You made me worried for so long ..." Lin Yi finally let out a breath of relief. His nerves had been tense the whole time, and he really thought that he was not far from death, but after hearing the ghost's words, he could finally put his heart back in his stomach.

"Hehe, how can I be sure of this? Even if its strength is lowered by a major realm, what if that corpse is actually at the sea shattering realm? wouldn't you still die?" The ghastly thing laughed gloatingly.

"Aren't cultivators at the sea Rift realm already qualified to compete for the position of the four great elders of your spirit beast clan? where did you get so many sea Rift realm cultivators? I'm inexperienced senior, don't lie to me!" Lin Yi said, curling his lips.

"There aren't many spirit beasts at the sea Rift stage, but who told you that there aren't any Thunder-elemental spirit beasts? If it wasn't for the emergence of the king of spirit beasts and the similar fate of the ghost-eyed Eagle King, most of them would have been forced to hide in this Thunder plain Island. Perhaps they would have been part of the four great elders. " The ghastly thing said with a sigh.

"In that case, the king of the spirit beasts has simply reshuffled the power structure of your spirit beast clan!" Lin Yi said sincerely.

"Of course. It's the only one in history who could forcefully merge all the spirit beasts into one clan. This is just a trivial matter in its eyes." The ghastly thing said, pretending to be calm.

He didn't even realize that his tone changed when he mentioned the king of the spirit beasts. Lin Yi smiled to himself. The king of the spirit beasts really lived up to its name, to be able to make this damn thing respect him from the bottom of his heart.

While the two were communicating with their spirits, Lin Yi was still exploring the surroundings quickly. There were more than a hundred skeletons under his feet, and if it wasn't for the danger he was in, he would have slowed down to take a look. This was like a Museum of lightning-type spirit beasts, with all kinds of strange things.

Not long after, along with the unparalleled amount of resentment in the surroundings, another purple lightning bolt came down from above. Lin Yi flicked out another lightning bolt to counter it with ease, and then did another breakdance in the air. To be honest, he was already used to it.

"Hehe, the time between the two is getting shorter and shorter. It seems like we'll find the real culprit soon!" The ghastly thing began to rub its fists in excitement.

"Even if we find it, we might not be able to defeat it. Senior, what are you so excited about?" Lin Yi was speechless-his hypothesis wasn't wrong, but what should he do after he found them? Even if the other party was only at the mountain opening stage, he, who was only at the early stage of the mysterious Ascension realm, would not be able to win.

After thinking about it, Lin Yi felt that the only good news was that he was becoming more and more resistant to electricity. The opponent shouldn't be able to kill him in a short period of time with just lightning. Otherwise, if it was someone else in the mountain opening stage, they might be killed in an instant!

Of course, if that was the case, he wouldn't have stupidly taken the initiative to look for the other party. Instead, he would have fled as far away as possible, not daring to be caught by the other party.

"Why can't I?" The ghastly thing didn't think much of it. It curled its lips and said, "It's not a real spirit beast of the mountain opening stage. At most, it's just a corpse that's being controlled. It's full of flaws. It's just perfect for you to practice your moves. "

"Really?" Lin Yi was taken aback-the guy didn't seem to be a threat at all, but he had to be at least in the mountain opening stage, right? was he really that easy to deal with?

"You guess." The ghastly thing chuckled.

Guess your sister! Lin Yi was so depressed he wanted to vomit blood-he didn't know what to say to this guy. He could only keep searching-he'd find out if the thing was telling the truth or not when he tried.

After that, there were two more purple lightning bolts. With Lin Yi's rare physical talent, he could be reborn every time he was hit, but he couldn't take it anymore. A few more times and he might overload and die from a heart paralysis.

But luckily, he finally found a huge, blurry shadow in front of him. Lin Yi instantly felt the difference because the other party was moving.

They were only a hundred feet apart, and Lin Yi couldn't see the other person's face because of the fog. The first thought that came to his mind was, Was this Dead or Alive?

If it was dead, then it was undoubtedly the host of the vengeful Spirit's primordial spirit!

Chapter 4914 Die! Die! Die!

However, if it was alive, it meant that it was a lightning spirit beast that was about to die. It was very likely that it would immediately trigger the death ceremony of lightning burial. Should he still rush forward?

Lin Yi only hesitated for a second before the Jade's alarm went off. He didn't even look at it as he subconsciously dodged to the side with his super butterfly microstep!

BOOM! This time, it was no longer purple lightning, but a giant claw. To be more precise, it was a giant bone claw. At first glance, it looked like an eagle's claw, but if one looked up, one would realize that the body was not an Eagle at all. The huge and ferocious head was hanging in the air, and the eye sockets emitted two terrifying purple lights, which were soul-stirring.

"Thunder Dragon!" Lin Yi blurted out. He'd never seen a Lightning Dragon before, but the shape of the beast in front of him was undoubtedly a Lightning Dragon, and it was a dead one at that. There wasn't much dried flesh left on its body, only white bones. The dense death aura was enough to make one's scalp go numb.

"Looks like my previous guess was correct. That vengeful Spirit's primordial spirit is controlling this Thunder Dragon's corpse. Hehe, it's time for you to show off your skills." The ghastly thing seized the opportunity and laughed.

F * ck! Lin Yi cursed. He'd been hit by the purple lightning so many times, and he was exhausted both mentally and physically. Now he had to face such a huge Thunder Dragon alone. Wasn't this a scam?

Even if it was just the corpse of a Thunder Dragon controlled by the primordial spirit of a vengeful spirit, it was still comparable to an existence at the beginning of the mountain. It was easy to say that it was a ghost, but the problem was that it was not so easy to deal with!

However, he had no choice. In order to survive, he had to fight to the end.

It seemed like the lightning didn't kill Lin Yi so many times before, but the Thunder Dragon corpse gave up on the purple lightning and used its huge body to attack instead. After a sharp roar, two huge bone claws came down at the same time.

Lin Yi's eyelid twitched-he'd be smashed into meat paste if he got hit by this. What was even more troublesome was that this guy's huge body was close at hand, but it looked very ghostly because of the mist around it. The attack came without warning, and if he were to look at it with his naked eye, he'd probably be dead by the time he saw its bone claws.

It was a good thing that Lin Yi had the Jade to warn him, and he dodged the attack with his super butterfly micro steps. Otherwise, he'd be lucky to be able to escape, let alone fight back.

Lin Yi didn't even have time to let out a breath of relief when a bone tail came right after him. He didn't even need to experience it himself, but just the force was enough to make his scalp tingle.

This bone tail covered a huge area, and it blocked almost all of Lin Yi's escape routes. In a moment of desperation, Lin Yi shot out his Qi at all costs, and with a burst of strength, he shot into the sky.

"Hiss!" The Thunder Dragon corpse let out a terrifying roar and opened its mouth to bite Lin Yi in the air. Lin Yi was scared out of his wits. He was in the air and didn't even have a foothold to stand on. How could he Dodge?

In this life and death situation, Lin Yi watched as the mouth of the Thunder Dragon corpse got closer and closer. If he was bitten, his body would be crushed instantly!

After all, the Thunder Dragon was a powerful existence that stood at the top of the Thunder-type spirit beasts. Putting aside the powerful lightning power in its body, its physical strength alone was not to be underestimated. Even if this Thunder Dragon corpse only had thirty percent of its strength when it was alive, it was enough to kill Lin Yi.

In a situation like this, Lin Yi's mind would've been blank by now, but he was faster than usual. He thought of a way to survive, and the moment his opponent opened his mouth to bite him, he pushed his Qi out from his back and sent himself into the mouth!

If this was a living Thunder Dragon, Lin Yi would never dare to do this. Sending himself into the dragon's mouth was suicide. Fortunately, it was only a Thunder Dragon's corpse. As long as he didn't get bitten by its sharp teeth, entering the dragon's mouth wasn't a big problem.

This even gave Lin Yi an unprecedented advantage-after he entered the mouth, the Thunder Dragon corpse suddenly realized that it couldn't hit the human bug!

"Oh my, you're a combat genius!" Even with this ghostly thing's vision, he couldn't help but praise it,"As a human, it's a waste of your combat talent. It would be great if you were a spirit beast. If you were given a strong body like the dragon clan, you could even challenge the Vermilion Bird!"

Lin Yi didn't have the time to deal with him-he'd risked his life to get into the enemy's mouth, and while he'd gotten the upper hand, it'd still be a problem for him to defeat the enemy.

He was only an early stage mysterious Ascension realm master, and he didn't have any methods to deal with a Thunder Dragon corpse of this level. The most powerful lightning strike he had was obviously useless now. It wouldn't even be an itch if it hit the corpse. After all, the corpse was a real master of electricity, and its endurance was far above Lin Yi 's.

As for the other methods, the strongest one was the five elements killing Qi. If Lin Yi had enough time, he might be able to create an even stronger eight elements martial skill, but it was obvious that he didn't have the time.

I don't care! Lin Yi didn't have time to hesitate. He raised his hand and sent out his strongest five elements killing Qi towards the Thunder Dragon corpse's head. He knew that it was useless to attack other places. This was the only place where the vengeful spirit was most likely hiding!

BOOM! The five elements killing intent pierced through the thick layer of bones, and the huge brain cavity appeared in front of Lin Yi without any obstruction. There was a strange purple mist inside.

Lin Yi's body trembled as he felt a wave of resentment wash over him. This was almost solid, and he was caught off guard as he was sent flying. Fortunately, he grabbed onto the bone beside him in a moment of desperation, or he'd have to start all over again.

"Could this be the vengeful Spirit's primordial spirit?" Lin Yi's heart moved, and he subconsciously raised his hand to shoot out another Five Element killing intent, but he regretted it the moment he did it. Since the opponent was an essence spirit, the five Element killing intent was useless against it.

Sure enough, the killing Qi of the five elements directly passed through the strange purple mist without even the slightest sound or movement.

"Die! Die! Die!" The strange purple light flashed, and a very difficult voice appeared in Lin Yi's mind. It sounded like an unintelligent beast speaking human language, extremely unpleasant.

Chapter 4915 Begging For Mercy

After communicating with this thing for so long, Lin Yi immediately knew that this wasn't a voice from the real world. This was the information that the vengeful Spirit's essence spirit had imprinted into his mind through its divine sense.

At that thought, Lin Yi suddenly had an idea-he had some tricks up his sleeve to deal with this type of spirit. Don't forget the first time he saw this thing, it wasn't a friendly conversation, but a friendship formed from a fight.

Lin Yi wasn't in the mood to waste time talking to a vengeful spirit who couldn't even speak clearly. He took out his refinement fire without hesitation-it was the most effective against spirits!

The fire instantly entered the purple mist, but the scene of Lin Yi's expectations of the soul being destroyed didn't happen. At first glance, the opponent didn't even react ...

"Why would I?" Lin Yi frowned-this couldn't be. Could it be that the refinement fire had no effect on the spirit?

However, Lin Yi realized that he was wrong. The purple mist that was calm suddenly became violent. The Thunder Dragon used its claws and tail to smash its head, crushing it in an instant!

Lin Yi lost his balance and fell from the air, his heart filled with fear. Luckily, the Jade warned him in time, or he would've been crushed like the Thunder dragon's head.

From the looks of it, the alchemic fire was not completely ineffective against it. Otherwise, it would not have suddenly exploded so violently that it would not even let the Thunder Dragon's corpse harm itself!

"Of course it's effective. It's just that the grade of your alchemy fire is too low and there's no way to directly exterminate it. It's still possible to hurt it." The ghostly thing that had been silent for a long time suddenly spoke.

"Then what should I do now? should I burn it with the pill fire?" Lin Yi asked as he dodged the Thunder Dragon's corpse.

After a round of self-harm, the Thunder Dragon corpse did not even have a head. The strange purple mist had completely separated from its head and was about to dissipate into the air.

It had not been destroyed. Instead, it had returned to the original state of the vengeful spirit primordial spirit. The massive vengeful will that enveloped the entire thunderous burial city was its true form.

"If you're happy, you can burn it, but it won't be of much use. It'll just hurt it a little. I don't know how long it'll take you to burn it to death with your Little Alchemy fire." The ghostly thing pouted.

"Then what should I do?" Lin Yi frowned helplessly as he watched the purple mist slowly dissolve into the surrounding resentment. He was helpless and could only watch helplessly.

"I'm just watching the show. You've been playing for so long, it's my turn to move around. " The ghostly thing laughed, but before Lin Yi could react, he roared, "Eight direction bind, get out here!"

An unparalleled pressure pressed down in all directions, and Lin Yi could clearly feel the resentment around him being shaken away. The strange purple mist in the distance kept shaking, as if there was an invisible strong suction force that was sucking it in!

Under this strong suction force, the strange purple mist had no way to resist. What surprised Lin Yi even more was that as the strange purple mist was pulled over, the huge resentment in the surroundings weakened quickly and disappeared without a trace.

Not only that, but even the thick fog around him gradually dissipated, and his vision suddenly became clear. He could clearly see several dozen feet away, and even his spiritual sense could sense again.

Lin Yi was overjoyed-he was like a drowning man who finally saw the light of day again, finally able to breathe. This feeling of being covered in layers of fog was really uncomfortable, and if this went on, his chest would explode.

"Senior, if you had such a powerful technique, why didn't you use it earlier? you even made me fight to the death with the Thunder Dragon's corpse. Are you deliberately teasing me?" Lin Yi couldn't help but complain with a bitter smile.

"Who's playing with you? "I don't have the time for that ..." The ghostly thing laughed.

"Isn't it? I've been fighting it for half a day, but it didn't work at all. Senior, you just roared and restrained it, why didn't you do it earlier?" Lin Yi said, curling his lips.

"A random roar?" The ghostly thing was instantly amused and chuckled, ""You really don't know what's good for you, kid. Do you really think that such a heaven-defying divine sense technique like the eight directional divine restraint is as simple as a simple roar? I'll tell you, using this move will greatly damage your primordial spirit. I've been preparing it since we came in. After all, this is the primordial spirit of a vengeful spirit that has gathered the souls of countless Thunder-type spirit beasts. Do you really think it's so easy to deal with?"

"Ugh ..." Lin Yi was taken aback. He just realized that the ghost was a little weak-it seemed to have really hurt its energy. The price to pay for suppressing the vengeful Spirit's soul was indeed huge.

While the two of them were talking, the strange purple mist had been completely captured. However, it was no longer a cloud of mist like before. Instead, it showed some signs of a spirit beast, but it was a Dragon, an Eagle, a Tiger, and a leopard, constantly changing.

"All of you ... Must die ..." The voice of the vengeful spirit resonated in Lin Yi's mind.

"Hehe, that's good. I'd like to see how you're going to kill us." The ghastly being chuckled coldly upon hearing this, and it was as if a giant hand had suddenly clenched its fist. The vengeful Spirit's primordial spirit immediately let loose a heart-wrenching wail, and its purple light dimmed significantly.

"Please ... Please let me go ..." The vengeful Spirit's primordial spirit could no longer hold back. Like a beast that had just learned how to speak, it began to beg for mercy with great difficulty.

"Hehe, this fellow is quite tactful." Lin Yi couldn't help but smile. He thought that since the opponent was formed from the vengeful spirits of countless lightning element spirit beasts, it would be an extremely violent and violent existence. He didn't think that it would beg for mercy so quickly after being restrained.

"It's normal. This fellow has fused with too many vengeful spirits. Although its strength is unbelievably strong, at the same time, due to the conflict between the various vengeful spirits and remnant thoughts, its intelligence has been greatly affected. It's already good that it can still grasp the human language. It won't play any tricks at all. " The ghastly thing explained.

"So that's how it is. No wonder it was so slow when it first attacked me. It took such a long time between the two bolts of lightning. If it was a little faster, I might not have been able to recover at all and would have been struck to death by it." Lin Yi nodded.

Not only that, but he could also judge from the situation when he fought with the Thunder Dragon corpse that this vengeful spirit primordial spirit basically had no rules to speak of!

Chapter 4916 Devouring's Flaw

It was purely relying on its animal instinct to fight-even if it was someone with an average level controlling the Thunder Dragon corpse, Lin Yi wouldn't be able to find any chance at all. After all, the difference between the two was too big.

"It's also thanks to this. Otherwise, you wouldn't have been able to hold on for so long, let alone last until I use the eight directional capture. This time, we'll really hit this guy." The ghostly thing chuckled and suddenly, a huge pressure descended on the head of the vengeful Spirit's primordial spirit. He said coldly, ""Be honest, or you'll die."

"Be honest ... Be honest ..." The vengeful Spirit's primordial spirit was suppressed to the point where it couldn't move. It didn't dare to resist.

"Tell me, why did you attack us?" The ghostly thing asked in a deep voice.

"Eat ... Eat ..." The vengeful Spirit's primordial spirit stuttered.

Lin Yi blinked and used his spirit sense to ask, "You want to eat my primordial spirit?"

"Yes ... We have to eat it even if we come in ..." The vengeful Spirit's primordial spirit directly admitted.

"Hehe, you're a foodie," Lin Yi shook his head speechlessly. He finally understood that this city was the nest of the vengeful spirit. No matter who came in, be it a lightning spirit beast or a human practitioner, they were all food for the vengeful spirit. If it didn't continue to eat, the vengeful spirit would continue to weaken and eventually die.

"Alright, now that things are clear, you can decide whether to kill or keep this thing." The ghostly thing said in an indifferent tone.

"You want me to make the decision?" Lin Yi blinked as he looked at the trembling vengeful spirit. He shook his head, "There's no benefit in killing it, right? it might even cause a mutation."

"You're quite thoughtful, kid!" The ghostly thing chuckled and agreed, ""However, your concern is not completely unreasonable. Although this thing has low intelligence, it is still the ruler of thunderous burial city. It is hard to say whether it will cause a chain reaction after it is destroyed."

"That's right, but we can't let it go so easily. It's struck me so many times that a living person is almost fried on the outside and tender on the inside. At least I have to pay for the medical expenses." Lin Yi's lips curled into a playful smile.

"Medical expenses ... What are they ..." The vengeful spirit primordial spirit suddenly asked.

"Hehe, this guy is quite curious?" Lin Yi couldn't help but smile.

When he first knew about the vengeful spirit, he was so terrified that he couldn't even do anything to it. Later, he was struck by lightning and looked as miserable as a stray dog. But now that he had completely controlled it, this feeling completely changed. He didn't think it was scary. Instead, he felt that this guy was like a child with spiritual intelligence, which was quite interesting.

At this moment, because the ghostly thing was no longer deliberately suppressing it, the vengeful Spirit's primordial spirit was able to stabilize its condition and maintain the image of a Thunder Dragon even though it was much weaker than before.

According to what that damned thing said, this guy's primordial spirit was most likely a Thunder Dragon. Only the primordial spirit left behind after the death of such a powerful existence had the ability to devour the primordial spirit of other Thunder-type spirit beasts, and thus developed to such an amazing stage.

"Medical fees ... I'll pay for the medical fees ..." The vengeful spirit primordial spirit seemed to have understood something. It pointed in all directions and stammered, ""These ... Are all for you ..."

"Oh?" Lin Yi looked around and choked, his expression unreadable.

It was only now that he had the chance to take a good look at the legendary city of Thunder burial. Without the heavy fog of the vengeful Spirit's primordial spirit, he could see everything around him clearly.

From the start, Lin Yi thought that even if the ground wasn't full of mystical grass, he'd at least be able to find some easily. But after looking around, his heart sank.

It was a barren land-there wasn't even a weed, let alone mystical grass. All he could see was white bones-the so-called lightning burial city was just a beautified name. Lin Yi thought it would be more appropriate to call this a mass grave.

"You're saying that you'll give these bones to me as medical expenses?" Lin Yi didn't know whether to laugh or cry as he looked at the spirit.

"Yes ... I didn't finish it ..." The vengeful spirit primordial spirit quickly replied. This meant that there was still some remnant primordial spirit on it that it hadn't completely absorbed and fused with, so it naturally handed it over. This was probably the most precious thing to it. To a certain extent, this vengeful spirit primordial spirit was actually quite generous.

It was a pity that Lin Yi wasn't able to enjoy this kind of generosity. If there were some powerful lightning spirit beasts that had just died, it would be of some value to him. However, these were mostly bones without any flesh, probably due to the lightning burial. They weren't useful for making elixirs or forging weapons.

Lin Yi casually collected some of the top tier lightning element spirit beasts "bones-he didn't need to do anything, anyway. He could just put them into the Jade space with a thought, and it was better than leaving empty-handed.

"Sigh, I've made a wasted trip." Lin Yi sighed helplessly. He didn't even see the shadow of a mystical raising grass, and he got hit by the spirit for nothing.

"You should be content. Let's not talk about other things. The power of Thunder in your body has advanced by leaps and bounds, far more than your own ten years of hard cultivation. This kind of benefit is no worse than the mystical raising grass. On the other hand, I've really suffered a great loss this time. I didn't gain anything at all, and instead, I've suffered a great loss!" The ghostly thing said with a bitter smile.

"Senior, since this guy can strengthen himself by devouring the primordial spirit of other Thunder spirit beasts, you should be able to do the same, right?" Lin Yi said.

"I can, but do you think I'm stupid?" The ghastly thing curled its lips and said disapprovingly.

"What do you mean?" Lin Yi didn't understand.

"If I were to devour other primordial spirits, I would definitely be able to grow as quickly as it did. I might even be able to devour it in one gulp. However, at that time, I wouldn't be myself. I would be the next stupid primordial spirit of a vengeful spirit. Do you understand?" The ghastly thing was speechless.

"It's that serious?" Lin Yi was a little surprised. In his understanding, the spirit was the same as Qi, a type of energy. Since it was energy, it could naturally be replenished in the most direct way. He didn't expect this to happen.

"Every independent primordial spirit has its own thoughts and memories. Although it can be refined slowly, it will leave a trace. It may not be obvious once or twice, but if it devours too many like this guy, it will either split the mind or degenerate the intelligence. If I do that, what do you think I'm doing?" The ghostly thing laughed.

Chapter 4917 I Didn't Want To Kill Him

"That's indeed not worth it. Rather than that, it's better to slowly nourish it back on your own. " Lin Yi nodded and left the city.

It was only after he climbed up the cliff and escaped that the ghastly thing completely released the vengeful spirit primordial spirit. It said meaningfully, ""This is a good deed. Maybe it will be useful in the future."

"Ha?" Lin Yi couldn't help but ask, "You can only enter this place once, you won't have the chance to come again in the future. How can there be a place where you can use it?"

"Hehe, I've heard a rumor from the Thunder Dragon. I don't know if it's true or not. This Thunder plain Island is not as simple as it looks. We'll talk about it in the future if we have the chance. I'm going to go into closed-door cultivation and recuperate. Don't bother me if there's nothing." The ghostly thing said, keeping him in suspense.

"Alright," he said. Lin Yi shook his head helplessly and didn't continue to ask. He left in low spirits-he'd spent so much time trying to find the herb, and now he wasn't in the mood for it.

He smiled bitterly as he looked at his tattered clothes. He treated his injuries and changed into a clean set of clothes before starting to look for Xinyan and the others. They should be looking for mystical grass around the area, and they might've found something already if they were lucky.

However, before he could go far, he suddenly stopped. A moment later, he saw a familiar woman's figure in the distance, stumbling in his direction.

Lin Yi took a closer look and was shocked when he saw the person's figure. It was ni caiyue!

Although she was wearing a veil, it was easy to tell from her clothes and her figure and aura that this person was ni caiyue without a doubt. 'Didn't this chick leave? why did she come back?'

Ni caiyue had been rolling and crawling all the way here, and that flustered and embarrassed look had nothing to do with the third fairy. After seeing Lin Yi, the girl was overjoyed and quickly called out, "Save me, young hero, someone's trying to Rob me!"

"Huh?" Lin Yi was stunned. He saw a figure quickly approaching from behind ni caiyue. It was a fierce-looking Man in Black holding two scimitars, one long and one short. He looked weird and out of place.

Ni caiyue was staggering, but she was still an early stage mysterious Ascension master, after all. Her speed was extremely fast, and she was beside Lin Yi in a few breaths. She hid behind Lin Yi without saying anything.

At the same time, the Man in Black quickly caught up to them. He didn't even look at Lin Yi, but stared at ni caiyue with a ferocious expression, "Little girl, where's brother Chang? why isn't he back yet? And you're fine? Quickly let me search your body to see if there's anything you shouldn't have on you. Only then can you prove your innocence!"

The Man in Black said as he put away his scimitar and reached out to touch ni caiyue with a perverted look. He didn't take Lin Yi seriously at all, as if Lin Yi was just air in his eyes. Lin Yi didn't even have the right to ask or look at him.

Lin Yi had seen his fair share of arrogant geniuses, but it was rare to see someone as arrogant as him.

"Young hero, save me! Young hero, save me!" Ni caiyue cleverly dodged behind Lin Yi's back and decided not to run anymore, using Lin Yi as a shield.

"Where did this blind brat come from? get lost!" The Man in Black finally opened his mouth to curse. He flicked his wrist and his curved blade flashed, pressing the short blade in front of Lin Yi's chest with lightning speed, "I'll count to three, or I'll die. "

Lin Yi looked at the man in Black without saying anything. He didn't want to be a busybody. After all, he had only met ni caiyue once, and they weren't friends at all. He didn't want to be her shield for no reason. He wasn't a fool who couldn't move his legs when he saw a beautiful woman.

However, the opponent's scimitar was already at his chest, and it was unrealistic for him to stay out of it. Besides, ni caiyue was quite likable, and Lin Yi wasn't at the point of not helping her.

"Let's talk this out, what's going on?" Lin Yi said.

"Wow, you're quite arrogant. Who Do You Think You Are to talk to your Grandpa like that?" After the Man in Black was stunned for a moment, he immediately revealed a fierce look and said with a fiendish expression, ""One! Two! Three!"

As soon as he finished speaking, the Man in Black raised his sword and was about to slash at Lin Yi without hesitation, but ni caiyue, who was hiding behind him, suddenly came out and quickly stopped him, "Don't cut! Don't cut! This has nothing to do with him!"

Lin Yi was just about to cripple the man when he heard the words. It seemed that other than being a little silly, this girl was a little loyal. It was rare that she didn't completely sell him out at a time like this.

Seeing ni caiyue blocking in front of him, the Man in Black immediately put away his curved blade and sized up ni caiyue and Lin Yi with a surprised expression. He pinched his chin and sneered, "I was

wondering why you, a shriveled girl, had to run here, so you're meeting lovers! Quickly tell me, did you two conspire to kill brother Chang?"

"Ah?" Ni caiyue was shocked and turned to look at the confused Lin Yi. She suddenly reacted and waved at the Man in Black, "No, no, no! It wasn't me! I didn't want to kill him ..."

"What did you just say?" The black-robed man's eyes turned sharp.

"Argh! "No... I'm saying that he shouldn't be dead yet ..." Ni caiyue's words were getting more and more outrageous, and she had actually slipped up before she could finish her sentence.

Lin Yi looked at this scene speechlessly, his forehead covered in cold sweat. He knew this girl's personality and intelligence, otherwise he would really think that she was trying to get him to hate her.

To be honest, Lin Yi was starting to admire ni caiyue's master from the bottom of his heart. Putting aside the fact that he had betrothed this girl to Chang laiting, that bastard, the fact that he could turn ni caiyue into a xuansheng master showed that this master was definitely a master. If it were any other person, they would've cried from ni caiyue's stupidity. There was no way he could've taught her to this extent.

He had misunderstood ni caiyue. Apart from being simple-minded, this chick mainly did not have much experience in the martial world, so she appeared to be stupid at crucial moments. There was no real problem with her intelligence. Moreover, if one were to talk about cultivation talent, ni caiyue was a first-class cultivation genius. Otherwise, she would not have been able to advance to the profound Ascension realm at such a young age.

"Eh? What did he mean by not dead? Little shriveled girl, tell me clearly, did you kill brother Chang?"
The Man in Black was furious and was about to slash at him.

Chapter 4918 Hurt In Love

"No... I don't know if he's dead or not ..." Ni caiyue was so scared that her little face turned pale, and she said with a sobbing tone.

Lin Yi didn't know what to say anymore-this girl was basically admitting that she'd harmed Chang laiting. What kind of stupid teammate was this? This was a typical pig-like teammate!

Speaking of which, the other party was an early-stage mysterious Ascension realm expert, and she was also an early-stage mysterious Ascension realm expert. Even if they were not as strong as each other, they should not be so afraid. Judging from ni caiyue's panicked appearance, they probably did not fight at all, and she ran away as soon as she saw the other party.

A dignified early stage profound Ascension realm expert facing an opponent of the same level didn't even have the courage to test the waters. To be more precise, he didn't even have the thought of testing the waters. This statement was simply shocking!

How did such a low-level person succeed in advancing to the xuansheng stage? How could those who had spent their entire lives but were stopped at the great circle of the Yuanying stage endure this?

From this perspective, the ni girl could really be considered an extraordinary person.

At this moment, another man in gray quickly approached from the distance and shouted, ""Old Li, how is it?"

The Man in Black named old Li replied and pointed at the two with his curved blade, "Old Xiao, this girl and her lover seem to have conspired to kill brother Chang. What should we do?"

"What? Brother Chang was killed by them? This damned adulterous couple!" The old woman's expression changed drastically. To them, Chang laiting was not only their leader, but also their backer and protection in the Academy. If Chang laiting really died, their future situation would not be good. After all, they had offended many people when they were domineering.

"He really should die! Old Xiao, you decide what we should do next. I'll listen to you!" Old Li said immediately.

"That goes without saying. Of course I'm going to kill this adulterous couple to avenge brother Chang!" Old Xiao's eyes flashed with killing intent.

"Alright, one blade for each of you. Grandpa will send you two dogs on your way!" Old Li grinned evilly as he was about to attack Lin Yi and Ni caiyue.

"Hold on!" Old Xiao suddenly stretched out his hand to stop him. He stared at ni caiyue with a perverted look and said, "Don't say that I didn't give you any chances. As long as you're smart enough to hand over all the good things you have, and then you'll obediently follow me, I can consider letting you live. "

"Ah? "I ..." Ni caiyue was so scared by his eyes that they could see through her clothes that she quickly hid behind Lin Yi and pushed him out.

Lin Yi shook his head helplessly-it seemed like he'd have to take back his comment. The girl's loyalty only lasted for that one moment, and she'd sold him out again.

"Hmph, as for you, pretty boy, if you want to live, we'll have to see what kind of treasure you can take out. If it's not good enough, hehe ..." A cold light flashed in old owl's eyes, his meaning self-evident.

"If you're not good enough, I'll cut off all the flesh on your body, slice by slice, and let you have a taste of being cut by a thousand daggers. Let me tell you, I hate pretty boys the most in my life!" Old Li stared at Lin Yi and said cruelly.

"Hehe, you look like you've been hurt by love. What happened? did a pretty boy snatch your woman?" Lin Yi didn't put the man in his eyes at all and asked back.

"What did you just say? What are you saying, you little white face who's cut into a thousand pieces?" When old Li heard this, he lost control of his emotions and looked like he was about to explode on the spot.

"He really was hurt ..." Lin Yi was surprised. This fierce-looking man was hurt in love before, and it looked like it was quite deep. It was really unexpected.

"I'm going to kill you! That damned pretty boy!" Old Li was ready to split Lin Yi in half, his aura undeniable. He wasn't a three-spirit Mystic Ascension master like Chang laiting, but he was still a lot stronger than the average Mystic Ascension primary stage master. No wonder he didn't put Lin Yi in his eyes at all.

But before Lin Yi could do anything, old Xiao kicked away old Li's scimitar. He was obviously stronger than old Li, no wonder old Li would let him decide.

"Calm down. Let this pretty boy take out the thing first, then you can kill him!" Old Xiao shouted coldly. Only then did old Li recover and put away his scimitar.

"Hey, hey, don't you think you're insulting my intelligence by saying that?" Lin Yi didn't know what to say as he looked at the two. Who the hell would take out their stuff when they were talking to him? Did these two really think that they had the same IQ as the ni girl?

"Haha, I've already said that whether you can live or not depends on what heavenly resources you can take out. If you can satisfy the two of us, then you naturally don't have to die." Old owl sneered.

"In the end, it's all for the treasures of heaven and earth?" Lin Yi dragged his tone and smiled, pretending to be profound. "You two really didn't find the wrong person. I really do have a very good heavenly treasure with me. Do you want it?"

"Hehe, at least you know what's good for you, pretty boy. Hurry up and hand it over!" Old Li and old Xiao's eyes lit up, and they immediately urged.

"Here, it's on me. Why don't you come and get it yourself? This way, I won't take the opportunity to escape, right?" Lin Yi said with a shrug.

The two of them looked at each other, and old owl immediately smiled and said, "That's good. Since you're so tactful and if the treasures are not bad, I'll be merciful and let you live. Old Li, search his body!"

"Alright, pretty boy, you'd better behave yourself and stand still. Don't try to play any tricks, or Grandpa will cut you into pieces!" Old Li laughed as he searched Lin Yi's body.

But the moment his hand touched Lin Yi, his entire body froze, twitching like a sieve. He couldn't say a word and started dancing on the spot.

"Old Li, what's wrong with you? hurry up and search me!" Old Xiao, who was standing behind him, still didn't understand the situation. He frowned and urged old Li, but when he saw that old Li still didn't respond, he impatiently raised his hand and slapped old Li. He cursed, ""You idiot, what are you doing ..."

However, before he could finish his words, old Xiao himself also began to Twitch crazily. His face suddenly showed a look of horror, and he hurriedly launched a martial skill without caring about anything. While he kicked old Li away with all his might, he also finally got himself out of the situation.

In order to save himself, old Xiao's kick could be said to have held nothing back. Old Li was sent flying several hundred feet away, spitting out blood and looking miserable. He had actually suffered quite a heavy injury.

Chapter 4919 Take Out The Good Stuff

"Who ... Who are you?" Old Xiao glared at Lin Yi as if he was facing a great enemy. He wasn't twitching like before, but his whole body was still numb. If he didn't grit his teeth and hold on, he would've fallen on his butt.

"Didn't you just say that he's this girl's gigolo?" Lin Yi smiled faintly.

"You're teasing me again!" Ni caiyue angrily jumped out from behind, but she immediately shrank back when the old woman shot her a glance. She was a dignified early stage profound Ascension realm expert, yet she had such little courage. She really didn't know what to say.

"Then why do you have electricity on you? Did you bring some divine weapon?" Old Xiao's face was filled with fear. He had only touched old Li's shoulder just now, and as a result, a fierce power of Thunder immediately entered his body!

Although the strength of the lightning tribulation was not as strong as the lightning tribulation, it was still fatal to him. He was so scared that his soul almost flew out of his body. Fortunately, he reacted fast enough and kicked old Li away in time. Otherwise, he and old Li would have become two charred corpses by now.

"You guess." Lin Yi smiled-it was a good thing that this thing was in isolated practicing right now, otherwise it'd be jumping out and exclaiming, "you're so similar to me when I was young!"

Old Xiao almost spat out a mouthful of blood as he pointed at Lin Yi with a cold smile. "Don't be too proud, pretty boy. I don't know what strange things you're hiding, but as long as I don't touch your body, I think there won't be any problems. I have at least a hundred ways to kill people from a distance. Do you want to try them all?"

"No, no. I don't have that much time. I'm very busy." Lin Yi waved his hand, as if he didn't want the trouble.

"You reckless pretty boy, don't get carried away!" The old woman was furious at Lin Yi's words. He was Chang laiting's follower in name, but his true strength wasn't much weaker than Chang laiting 'S. He just didn't have a background, or he would've been a genius who could've become one of the four nascent

soul young masters. Now, he was the same as Chang laiting, a rare three-spirit mysterious Ascension master!

"You're too kind, I'm just telling the truth. I still have to go find my companions. I really can't waste my time here with you. " Lin Yi's tone was sincere.

"Old Li, quickly kill this pretty boy!" Old Xiao was furious, but he didn't do it himself. Instead, he took a step back, afraid that he'd get electrocuted again. He decided to let the brainless old Li go first.

As soon as he finished speaking, old Li swung his long and short curved blades at Lin Yi. He didn't like pretty boys to begin with, and now that he'd just lost to Lin Yi, he didn't have time to think about it anymore. He wanted to cut Lin Yi into pieces!

However, before he could reach Lin Yi, Lin Yi waved his hand and a dark blue lightning bolt as thick as a bucket shot out of his palm and into old Li's head. Old Li didn't have a chance to resist at all. Black smoke rose from his body and he fell to the ground.

Seeing this scene, old Xiao, who was already extremely afraid, almost peed his pants on the spot. His legs and stomach were trembling madly. If it wasn't for the fact that his strength was far stronger than an ordinary early stage mysterious Ascension realm expert, he wouldn't even be able to stand still. He would have been paralyzed with fear on the ground.

Even ni caiyue, who was hiding behind Lin Yi, had her mouth wide open as she looked at Lin Yi and old Li, who was smoking, as if she had seen a ghost. She couldn't say anything for a long time.

Lin Yi, on the other hand, didn't mind it at all. He didn't take those lightning strikes for nothing. Even if he didn't have to rely on the extra power of the lightning to unleash its power, it was already comparable to a normal lightning tribulation. He could kill a normal xuansheng stage master with ease. Only someone as strong as Leng rufeng could barely handle it.

To be honest, Lin Yi had held back-he'd have turned old Li into charcoal if he'd held back for a bit longer.

As for that attack just now, it was purely the two men's fault. Lin Yi didn't even use lightning at all-just the excess lightning energy in his body was enough to burn them both.

"Who ... Who ... Who are you? It can actually trigger the lightning tribulation?" Old owl's face was as pale as a vegetable at the moment. He was so scared that he kept stepping back, almost falling to the ground.

"That's right. Why can you trigger the lightning tribulation?" Ni caiyue asked as well, and Lin Yi rolled his eyes at her. Who was this girl on, joining in the fun ...?

"Hehe, you can't even see the power of lightning. What kind of lightning tribulation is this?" Lin Yi glanced at old Xiao and crossed his arms, "I can see that you're quite smart, so you should be able to understand the situation, right? If you have anything good on you, quickly take it out. If it catches my eye, I promise I won't kill you!"

"Ah?" The old woman suddenly wanted to cry but had no tears. It was clearly the two of them who went to Rob others, but in the end, it fell on her head in the blink of an eye. How could she bear this?

"What 'ah'! I'll say the ugly words first, I don't have much patience, so you do as you see fit. " Lin Yi said as he waved his hand, expressionless.

"Don 't! Young hero, please spare me!" Old Xiao was so scared that his soul almost flew out of his body. He thought that he was about to follow in old Li's footsteps, but after waiting for a long time, he found that nothing had happened. He smiled embarrassedly and quickly took out something from his body without delay.

In the end, this guy dug inside and out for a long time, even rummaging through his ***, but in the end, he only found a pile of junk, nothing good.

"Young hero, this is all I have. What do you think ..." Old Xiao handed over a few pills with both hands. These were the best things he had, but they were just a few sixth-grade pills that were not very useful.

Lin Yi was speechless-this guy was a pauper! As a master in the early stages of the mystic Ascension realm, he only had this much-it was a pity! Lin Yi would've turned the tables on him if he'd been soft-hearted.

Old Xiao's face reddened at the look on Lin Yi's face-he was embarrassed, but there was nothing he could do about it. He wasn't the only one-even old Li, who was on the ground, was in a similar situation. Changlai ting took everything they had-they had to lower their heads when they were under someone else's roof, after all.

"Alright, take that idiot and get out of here. Don't be an eyesore in front of me." Lin Yi said with a wave of his hand.

Chapter 4920 What A Good Person

"Yes, yes!" Old Xiao quickly picked up the smoking old Li and ran away, faster than a rabbit, afraid that Lin Yi would change his mind.

Lin Yi didn't even look at the two of them. He turned to Ni Caiyue, who was still hiding behind him, and didn't know whether to laugh or cry. "They've already run away, why are you still hiding?"

"Ah? He ran away?" Ni Caiyue stretched her head out to take a look, and as expected, she didn't see old Xiao and old Li, so she finally heaved a sigh of relief and patted her chest. "That's great, they're finally scared away. These two people are as fierce as Chang laiting!"

Lin Yi looked at her again. He didn't know whether to laugh or cry when he was with this girl, but there were always unexpected things to come from her. She'd do things like this from time to time, making men's noses bleed. The point was that the girl didn't even know it, and she was so cute.

"Thank you for helping me out, young hero. Otherwise, I would have been in deep trouble this time!" Ni Caiyue thanked Lin Yi with lingering fear. It was fortunate that she knew that Lin Yi and the others were here, or she wouldn't have anyone to ask for help. The consequences would be unimaginable if she fell into old Li and old Xiao's hands.

"I say, what's going on? Didn't I just help you get rid of that Chang laiting guy? how did he get caught again?" Lin Yi asked, speechless.

"These two people are called old Xiao and old Li. They're in the same group as Chang laiting. They were with Chang laiting when they came in, but I don't know why, but I think Chang laiting lost them when he chased me." Ni Caiyue said with her head tilted.

"That's normal. Chang laiting wants the mystical raising grass on you. Of course, the fewer people know about this, the better. If you bring the two of them to chase after it, wouldn't you have to give them a share?" Lin Yi said, curling his lips.

Of course, this was also because the little girl did not have much combat power, so she easily surrendered after being frightened. Otherwise, if things were more difficult, changlai ting would probably not have left these two underlings behind.

"Ah? So that's how it is, I thought they were lost!" Ni caiyue looked as if she had come to a realization.

"Other than you, I believe that no one who can come here will easily get lost. You can rest assured about this." Lin Yi couldn't help but laugh.

"Is that so?" Ni caiyue was taken aback. She didn't hear the teasing in Lin Yi's words and nodded in agreement instead.

Lin Yi shook his head speechlessly-this ni girl was just too stupid! He continued,"Just because you bumped into them, they're chasing you? Don't tell me you have some deep enmity with them? otherwise, you shouldn't be so irreconcilable, right?"

Ni caiyue was the third fairy, after all, and she was also changlai ting's Dao companion in name. As changlai ting's lackeys, these two people would normally not attack her.

"Well ... After we ran into each other, they didn't want to catch me at first. They only asked me where I went to changlai court, but I accidentally let it slip and they found out about the mystical herb. That's why they chased me like crazy. It's too scary ..." Ni caiyue was still terrified even now.

Lin Yi didn't know what to say-this girl was a born pig teammate, after all. She'd let something like this slip out of her mouth! She really did deserve to be hunted down!

But then again, like boss, like underlings. Chang laiting's underlings were the same as Chang laiting. They were lechers who only sought profit. It was really bad luck for the ni girl to have met them.

"Well, since these two people have been driven away, you should be fine, right? I'm leaving. " Lin Yi looked at ni caiyue and was about to go find the three.

However, before he could take a step, ni caiyue grabbed his sleeve. In her panic, she twisted her left foot and her right foot, tearing off a part of Lin Yi's sleeve on the spot. At the same time, she crashed into Lin Yi's arms.

"Don 't, don't go!" Ni caiyue's first reaction wasn't to push Lin Yi away, but to look at him pitifully.

"Hey, hey, don't tease me." Lin Yi could only look up at the sky. He had no choice-the girl was squeezed in front of him, and he'd see things he shouldn't if he looked down.

Even so, Lin Yi still reacted like a normal man with the girl's body in his arms. After all, the girl's body was too hot, and he could only awkwardly move back.

"Ah!" Ni caiyue shrieked and pushed Lin Yi away with a red face. She straightened her neck, "You're talking nonsense! I'm a girl, how can I flirt with a man like you?"

"Who says that women can't take liberties with men? there are still female rogues." Lin Yi shook his head and chuckled.

"Ah? A female hooligan?" Ni caiyue was stunned for a moment. She tilted her head and thought for a long time before she understood what he meant. She waved her hands and said, "I ... I'm not a female hooligan ..."

"Not a female hooligan? Then why did you tease me for no reason? you even tore my sleeves. I just changed my clothes, and now you made it look like a beggar's uniform again. " Lin Yi said helplessly.

"I didn't tease you. I just wanted to pull you back. Who knew your sleeves were so weak ..." Ni caiyue pouted as if she had been wronged.

She was the one who tripped on her own, but now she's blaming my sleeve for not being strong enough? Lin Yi didn't know how to react to such logic, "Forget it. Then why are you pulling me?"

"I'm afraid they'll come to catch me again, so can you send me back, young hero?" Ni caiyue said pitifully.

"Send you back?" "Not now," Lin Yi frowned, "I haven't found my friends."

"Then I'll follow you. That way, they won't dare to come and catch me." Ni caiyue immediately followed along.

"What?" Lin Yi blinked-he didn't have any other plans right now, after all. He'd be leaving after finding Xinyan and the others, and bringing this ni girl with him wasn't a big deal. "It's up to you then. "

"That's great! Young hero, you're such a good person!" Ni caiyue was overjoyed.

"A good person who has been hiding very well?" Lin Yi looked at her.

"Yes, yes, a good person who has been hiding very well!" Ni caiyue nodded repeatedly.

Lin Yi almost fell to the ground. He didn't know whether to laugh or cry after running into this weird girl. He saved her twice in a row, and she was a good person. Did he really look like a bad person?

With ni caiyue following behind him, Lin Yi started looking for Xinyan and the others along the edge of the basin. Of course, he would also check if there were any mystical herbs.

However, Lin Yi was obviously thinking too much. He was destined to have no luck with the mystical raising grass this time. Not only did he enter Thunder burial city for nothing, but he also couldn't find it even after wandering around for four hours. He was really unlucky.
