

Bodyguard 4921

Chapter 4921 Did You Have It Or Not?

"Lin Yi! Lin Yi!" Wang Xinyan and Huang xiaotao's cheers came from afar, and Lin Yi turned to see the two girls pouncing at him. Lu xiaozhong was far behind them, and he couldn't catch up.

"Xinyan! Xiao Tao!" Lin Yi walked up excitedly, sighing in his heart. Luckily the thing was able to control the vengeful spirit, or he'd be trapped in the city forever, never to see these girls again.

"Are you alright?" Xinyan and xiaotao checked Lin Yi from head to toe-there were some minor injuries, but they were fine. They were finally able to put their hearts at ease. The word "lightning burial" was too scary-they'd been worried about Lin Yi ever since they parted.

"I'm fine. Look, I'm fine. " Lin Yi chuckled and didn't mention the resentful spirit at all, in case the girls worried about him for nothing.

"Eh, miss ni, why are you back?" Wang Xinyan and Huang xiaotao only noticed ni caiyue then, and they couldn't help looking at each other in surprise.

"Wow, Master Lin, you're really a Dragon among men. You've successfully wooed the third fairy in such a short time!" Lu xiaozhong's first words made ni caiyue blush.

"No, no, no! "He didn't hit on me, it's me ... It's me ..." Ni caiyue waved her hands in panic.

"So you're hitting on Master Lin?" Lu xiaozhong slapped his thigh and suddenly realized,"Hehe, no wonder you two got together so quickly. As the saying goes, there's a veil between a woman and a man. It'll break with a single poke!"

"Ah? "What do you mean it'll break with a stab? I didn't stab ..." Ni caiyue said with a red face. Although she was wearing a veil, even her ears were completely red.

"Was it Master Lin who stabbed him?" Lu xiaozhong's gossiping soul was burning as he looked at Lin Yi and Ni caiyue up and down.

"Go, go, go. What do you mean by stabbing or not? what are you talking about?" Lin Yi's head was starting to hurt-this girl's pig-like teammate really was a pain in the ass. She was perfectly fine, and everyone would think that something was up with her random answers. Even Xinyan and xiaotao had a mischievous look in their eyes-it'd be too late if they kept guessing.

"That's right, that's right. There's nothing between us. I didn't stab him, and he didn't stab me!" Ni caiyue tried to clear her name in a Huff.

F * ck! Lin Yi almost spat out blood-what did he mean by making it worse? this was what it meant!

"You shut up, I'll talk!" Lin Yi couldn't stand the gazes anymore and explained himself,"This girl was chased by two of changlai ting's underlings and fled back here to ask for help. She happened to meet me, and I helped her out. After that, she didn't dare to leave alone, so she followed me."

"Yes, yes, that's why we didn't stab each other!" Ni caiyue's pig-like teammate Halo was everywhere, and Lin Yi could only look up at the sky speechlessly. Fortunately, everyone already understood the cause and effect, and they looked at each other, not knowing whether to laugh or cry.

"Alright, what did you gain from this trip?" Wang Xinyan changed the topic in time. Although she knew there was nothing between the two, she couldn't let ni caiyue continue to make things worse, or things would really be done for.

"No, there's only a mass grave. There's not even a single weed, let alone mystical grass." Lin Yi smiled bitterly and shook his head. "How are you guys?"

"I didn't find any mystical raising grass either. Fortunately, I picked some valuable spiritual herbs. It's better than nothing." Wang Xinyan and the others shook their heads.

After all was said and done, ni caiyue was the only one among them who found the mystical raising grass. He did not know whether he should say that this little girl was extremely lucky or that she was a fool with a fool's luck.

It wasn't a good result, but Lin Yi and Xinyan didn't have a choice. These rare treasures were like that—only those who were fated could get them, or they'd be useless no matter how strong they were.

"Since that's the case, we don't have to force it anymore. Let's go back." Lin Yi decided. Although there was still some time until the month was up, he could still bring everyone around to try their luck if he wanted to, but the chances were slim and it was a waste of time to stay.

"Alright," he said. Wang Xinyan and the others naturally didn't have any objections, and all nodded.

"You've been to the lightning burial ground? Could there be no mystical raising grass down there? Didn't you say that mystical raising grass was everywhere?" Ni caiyue stupidly reacted at that moment and chased after Lin Yi.

Lin Yi looked at her helplessly. He finally understood that the lightning burial ground was rich in mystical raising grass. It was just a rumor. The person who started it probably didn't even go down into the basin himself. He thought that there would be more mystical raising grass down there because there were some around. It was a beautiful misunderstanding.

"Is there or not?" Ni caiyue asked.

"Your sister!" Lin Yi rolled his eyes at her.

"Ah? "I don't have a younger sister ..." Ni caiyue was dumbfounded for a moment before she suddenly blushed."Ya! Don't tell me you're talking about ... That part of me ... Young hero ... You're teasing me again!"

"What did you say?" Lin Yi didn't know what she meant, but he saw her holding her private part nervously. He immediately understood and glared at her, "I'll F * ck your sister!"

"You ... You're a pervert!" Ni caiyue was so scared that she took a few steps back and pointed at Lin Yi angrily, as if she was about to turn around and run away at any moment.

"You're the pervert! Your whole family is a bunch of perverts!" Lin Yi was pissed off by this silly girl-she had a human brain, how could her brain be so full of holes?!

"My family is not lechers!" Ni caiyue straightened her neck in anger, but she felt that something was wrong after thinking about it for a long time, so she quickly added, "I'm not a pervert!"

Wang Xinyan and Huang xiaotao couldn't help but laugh at this scene. Lin Yi had always been calm and collected, but he kept going crazy in front of this stupid and cute ni caiyue. It was a rare scene.

Lin Yi slapped his forehead, speechless. "I'm really a B * stard, why would I argue with a silly girl like you ..."

"I'm not a silly little girl, my name is ni caiyue!" Ni caiyue clarified with a serious expression.

"Okay, okay, okay, you're not a silly girl, I'm one, okay? I really lost to you." Lin Yi said helplessly, raising his hands in surrender.

Chapter 4922 You Can Really Refine Pills?

"How can you be a silly girl?" Ni caiyue looked at him in a daze, and she suddenly exclaimed, "Ya! So you're a woman, I thought you were a man. You're really good at pretending, there's no flaw at all!"

F * ck! Lin Yi was going crazy, and Xinyan and the others were laughing their heads off. Xiaozhong was hitting the ground with all his might, tears flowing out of his eyes.

"I can't get through to you. I'm leaving. Are you leaving or not?" Lin Yi didn't want to waste any more time on this silly girl-he'd probably get himself injured if he kept talking.

"Let's go, bring me out, heroine!" Ni caiyue nodded repeatedly like a chick pecking at rice, and she hurriedly followed him.

"A heroine?!" Lin Yi fell to the ground. He was a man, when did he become a heroine?

"You don't like being called a heroine?" Ni caiyue looked at him strangely and muttered to herself,"Since you're a woman, of course you're a heroine. That's what my master taught me. Forget it, since you don't like it, I'll call you big sister, or little sister!"

Lin Yi was completely driven mad, and Xinyan and the others laughed until they had no energy left. They looked at him helplessly-this was going to be interesting! There was one less Lin shaoxia in the world, and one more Lin sis!

"Little girl, listen up. I'm a man, a real man. I'm not a heroine, and I'm not a sister!" Lin Yi explained weakly. Talking to this stupid girl was a life-or-death thing-he couldn't keep up with her strange train of thought.

"Ah? Then why did you call yourself a silly girl? You're such a strange person!" Ni caiyue looked at Lin Yi from head to toe, as if she was observing a pervert.

"I ..." Lin Yi pointed a finger at her for a long time, unable to say a proper sentence. In the end, he gave up on trying to clear his name and said helplessly,""Are you leaving or not? So much nonsense!"

"Let's go, let's go. Of course, I'm going. I've wanted to go back for a long time." Ni caiyue nodded.

"What do I get in return?" Lin Yi's heart skipped a beat as he stopped and turned to look at her.

"Benefits?" Ni caiyue froze for a moment before suddenly letting out a cry of surprise. She quickly covered her chest with both hands and looked at Lin Yi with a face full of vigilance, stammering, "What ... What do you want? Master said that I would rather die than submit to that kind of thing!"

Lin Yi didn't know what to say as he held his forehead helplessly. "What are you thinking? As a little girl, can't you be a little more pure?"

"You're teasing me again!" Ni caiyue looked at Lin Yi angrily.

Lin Yi's personality had always been good, but he'd lost count of how many times he'd been driven mad by this stupid girl. He quickly took a deep breath to calm himself down before getting straight to the point, "Let's not talk so much. Let me ask you, who are you going to find to help you refine the Xuan raising pill after you take out this mystical raising grass?"

"Of course it's to give it to master, and then she'll go find the sect's Alchemist. Other people don't know how to refine the Xuan supporting pill." Ni caiyue said matter-of-factly.

"Then what price do you have to pay?" Lin Yi asked.

"The price?" Ni caiyue subconsciously covered her chest again and said vigilantly, "Master won't let me do that kind of thing. I won't do it even if I die!"

Everyone burst into laughter again-this silly girl was a Living Treasure! Lin Yi's face darkened. "Who said that! I mean, even if it's your Academy's Alchemist, they wouldn't refine pills for you for free, right? there must be a price, right?"

"Oh, so you're referring to this!" Ni caiyue finally reacted, and she thought for a while before saying, "I heard master mention it before. It seems that after the pill is formed, half of it will be given. If the refinement fails, then there will be nothing left."

"Then how many Xuan raising pills can this mystical raising grass of yours be refined into?" Lin Yi asked again.

"This ..." Ni caiyue tilted her head and thought for a long time before carefully taking out the mystical raising grass and gesturing with her hands. After a long while, she raised her head and looked at Lin Yi stupidly, not too sure, "It seems to be enough for four sets? If I'm lucky, I might even be able to refine four Xuan supporting pills!"

"You want to refine four Xuan raising pills with just four sets of ingredients? If your Academy's Alchemist is so confident in refining a seventh ranked pill, could it be that it's an absolute success?" Lin Yi asked suspiciously.

"What's an absolute pill formation?" Ni caiyue tilted her head and thought for a long time before she could roughly guess what Lin Yi meant. She shook her head, "That's impossible. You'll have to be very lucky to make four. Usually, it's good enough to have one or two."

"If that's the case, I'll make it for you. I promise to give you three Xuan raising pills. What do you think?" Lin Yi suggested.

"Really? You're lying to me, right?" Ni caiyue was shocked when she heard this. She wasn't really stupid, and even the Academy's chief Alchemist didn't dare to boast about this kind of thing. Normal people wouldn't rashly believe a stranger they had only met once.

This guy couldn't be thinking of stealing his mystical raising grass, right? Ni caiyue quickly covered her chest again and looked at Lin Yi with vigilance.

"Why Would I Lie to You?" Lin Yi glanced at her helplessly, "If I really wanted your mystical raising grass, I could have just snatched it from you. Why would I go through so much trouble? Just think about it, those few weaklings managed to chase you into such a sorry state. If I really wanted to snatch you away, how much effort do you think I would have to put in?"

"This ..." Ni caiyue thought about it seriously for a moment, and she seemed to think that it made sense. "But you can't snatch it!"

"I didn't even want to snatch it!" Lin Yi's face darkened. If it wasn't for the Xuan Enhancement Pills, he wouldn't waste his breath on this stupid girl.

"Oh, that's good, but can you really refine the profound supporting pill? You don't even have a beard!" Ni caiyue questioned again.

"Is there any connection between being able to refine the Xuan raising pill and having a beard or not?" Lin Yi couldn't help but ask.

"Of course there is, seventh grade alchemists are all white bearded old grandpas, you're not one!" Ni caiyue said matter-of-factly.

F * ck! Lin Yi almost spat out blood-talking to this stupid girl was a huge deal! He didn't even have this much trouble when he was talking to the vengeful spirit!

To be honest, he really had the impulse to leave now. What dog shit profound cultivating pill, who cares!

But Lin Yi controlled his temper in the end and forced out a kind smile, "I'm a seventh grade Alchemist. If you believe me, then give me the mystical grass to refine pills. After I'm done, I promise to give you three mystical raising pills. If you don't believe me, it's fine. We'll part ways here. Anyway, you know the way out. We'll meet again. "

Chapter 4923 Seven Xuan Cultivating Pills

Ni caiyue didn't get any more shocking ideas this time. She tilted her head and thought for a long time before looking at Lin Yi with eager eyes, "Can you take me away without refining any pills?"

"I can 't," Lin Yi replied crisply. He shouldn't talk too much with this silly girl, or he'd get angry.

"Then ... Okay then ..." Ni caiyue didn't really believe that Lin Yi could really make pills, but she was more afraid of going out alone. Mystical grass was expensive, but it shouldn't be a problem to use it as travel fees, right?

If anyone knew what ni caiyue was thinking right now, they would be so indignant that they would kill themselves. The good stuff that a group of xuansheng stage experts couldn't get even if they fought for it was actually being used as a road fee? There had to be a limit to wasting heavenly resources!

But no matter what, the herb was still handed to Lin Yi in the end. Lin Yi couldn't help but look at her in surprise. This silly girl could choke people to death easily, but it wasn't without benefits. At least, if it were a normal person, they wouldn't hand over the herb so easily.

"You guys wait here and keep an eye out for me while you're at it," With that, Lin Yi found a quiet place with the mystical grass and started the refinement.

All the supplementary materials needed to refine the profound Qi pill were already prepared in the spiritual medicine storage room in the Jade space. This was also the reason why he suddenly came up with this suggestion. Otherwise, he would not have set his eyes on ni Xueyan.

"He's just refining pills like this?" Ni caiyue glanced at Lin Yi from a distance and said with a strange expression, "Is he really trying to trick me into giving him this mystical raising grass? he doesn't even have an alchemy furnace. How can he refine pills? liar!"

"Hehe, he really isn't lying. He always carries his alchemy furnace with him." Xinyan said with a smile.

"Really? But he's clearly empty-handed!" Before ni caiyue could finish her sentence, she saw a furnace in front of Lin Yi after he sat down. She was dumbfounded and rubbed her eyes, "Am I seeing things? Where did that furnace come from?"

Wang Xinyan and Huang xiaotao looked at each other and smiled. It was fine if she saw it, but they definitely couldn't say it.

Lu xiaozhong also didn't understand, "Master Lin is indeed Master Lin. He can even carry an alchemy furnace with him and it's so superb. He is indeed master Qing Danzi's master!"

"He has an apprentice?" Ni caiyue was even more surprised, and she asked doubtfully, "He's taking in a disciple at such a young age. Isn't he afraid of misleading the disciples?"

"Misleading the disciples?" Lu xiaozhong glanced at her with disdain, ""Master Qing Danzi is the chief Alchemist of our morning stars Academy. He's a true seventh-grade Alchemist. If even he's willing to become Master Lin's disciple, do you think this is misleading the students?"

"Ah?" Ni caiyue's mouth instantly formed an incredible 'O' shape. She was stunned for a long time before she weakly said, "I don't go out often, so don't lie to me ..."

"You'll know later if I'm lying or not. Come, let's find a place to sit down and talk while we wait." Wang Xinyan said with a smile.

"Oh." Ni caiyue nodded obediently. Perhaps it was because of Wang Xinyan's natural temperament, but she wasn't wary of Wang Xinyan at all. She naturally felt close to Wang Xinyan, and didn't doubt her like she did with Lin Yi.

The group sat in the distance and waited. Six hours later, ni caiyue had completely familiarized herself with Wang Xinyan and the others, calling each other sister and sister. Both Wang Xinyan and Huang xiaotao were very close to her. After all, her stupid and cute nature was still very likable. Of course, this didn't include the crazy Lin Yi.

"Yo, you guys are eating. Give me some!" Lin Yi suddenly squeezed his butt in.

Lu xiaozhong quickly handed over the meat. It was a small spirit beast he caught nearby. The meat was fresh and tender, and it tasted good. He thought that Lin Yi would take a long time to make the elixir, so he decided to have an outdoor barbecue. He didn't expect Lin Yi to finish before he even started eating.

"You've finished refining so quickly? Are you lying to me?" Ni caiyue immediately jumped up, and she looked as if her intelligence had been seriously insulted. She said angrily, "Even if you're lying to me, you should be more serious. How can refining the Xuan supporting pill be so fast? even the alchemists in our Academy need several days!"

Lin Yi didn't pay attention to her at all. As he ate, he stretched out a hand in front of ni caiyue.

"Why?" Ni caiyue was startled, and she quickly crossed her arms in front of her chest to protect herself. She pitifully begged for mercy, "If you lied to me, then you lied to me. Can you not hit me?"

Lin Yi almost choked to death upon hearing that. He struggled for a long time before he managed to calm himself down. He opened his palm and said, "Who's going to hit you? Take a look for yourself!"

"Oh." Ni caiyue responded weakly, but she was stunned when she saw what Lin Yi was holding. She stuttered, "This ... This is the mystic supporting pill? Three Xuan raising pills?"

"At least you're not that stupid. Here, keep it well. I won't care if you lose it." Lin Yi casually tossed three Mystic supporting pills to ni caiyue, and the silly girl was so anxious that she finally caught them after a while. She looked at them in surprise and joy before carefully putting them away.

There was only one mystical raising grass, which was only enough for four sets of ingredients at most, but he managed to make three mystical raising pills in six hours. Ni caiyue was shocked by this result, but what made her even more speechless was that Lin Yi gave Wang Xinyan and Huang xiaotao one each.

That wasn't all, Lin Yi still had two pills left, which meant that he made seven of them!

Ni caiyue was about to go crazy. Even if she had never seen the world, she knew what this meant. Refining seven Mystic supporting pills with four sets of materials-what kind of person was this?

She was looking at Lin Yi as if he was a monster-she was far away, and she was talking to Xinyan and the others, so she didn't see the process, but that wasn't important-the result was shocking enough!

"Young hero, who did you learn from? Why is he so powerful?" Ni caiyue could not help but ask.

Although she thought that Lin Yi was very powerful when he took care of changlai ting, old Li, and old Xiao with ease-these weren't normal Mystic Ascension primary stage Masters, after all. They were all

strong people who could challenge people above their level. It wasn't easy for Lin Yi to take care of them so easily, but this only made her feel that he was powerful. She had never been this shocked before.

Such a heaven-defying alchemy ability was truly shocking. Even a silly girl like ni caiyue knew how terrifying it was!

Chapter 4924 I'll Remember You!

"Didn't I already tell you that I'm from the northern island? why are you so slow-witted, is your memory not working?" Lin Yi glanced at her.

"I ... You ..." Ni caiyue was so anxious that she didn't know how to refute him. She tilted her head and thought for a long time, then her eyes suddenly lit up."Argh! I remember now!"

"What's wrong? You finally remembered that I said you were from Beidao? Your reflection arc is really long enough to break through the sky!" Lin Yi smiled, speechless.

"No, no, no. I remember that master once said that there's a very powerful super expert in the North Island. His name seems to be ..." Ni caiyue choked halfway through her sentence.

"What is it called?" Lin Yi's first reaction was the hall Master of the law enforcement Hall, Gongyang Jie. This was a legend among the younger generation of the North Island. Lin Yi had been under a lot of pressure since the first time he knew about this man. He swore to himself that he would surpass this man in the future.

However, Lin Yi knew that he was overthinking things. He only thought of Gongyang Jie because it was a goal that he had to surpass. It was impossible for Gongyang Jie's name to be so well-known in the East continent.

There should be many people in the North Island who were more powerful than Gongyang Jie. For example, LAN Tiefu, the senior brother of the inner master of the rising Sky Pavilion. Judging from his performance against the new Azure Dragon, he should not be weaker than Gongyang Jie, let alone the Super big shots who stood at the top.

"Shangguan Tianhua! That's right, that's Shangguan Tianhua!" Ni caiyue clapped her hands excitedly and looked at Lin Yi with burning eyes, "Young hero, you're so powerful that even Chang laiting and the others are no match for you. You're invincible among your peers, and you're also a super Alchemist. You must be Shangguan Tianhua's disciple, right?"

Lin Yi laughed to himself. It was Shangguan Tianhua indeed. It was his name that made Ren Zhongyuan and the others look at him in a new light during the trial on the West Island. It was clear that this super big Shot was not simple. Otherwise, he would only be able to shock the North Island with his name as the pavilion master of the rising Sky Pavilion. It was impossible for him to be so famous in the East continent!

"Congratulations, you're right!" Lin Yi nodded. He didn't want to deny it. After all, it was troublesome to explain. He might as well not explain it. It wasn't wrong to say it anyway.

"As expected! I heard from my master that Shangguan Tianhua was a legendary figure in the East Province. He was so powerful that it made people's hair stand on end. Young hero, you're his disciple? that's amazing!" Ni caiyue's eyes were full of little stars of worship.

"He was once the legend of the East Province, hehe." Lin Yi couldn't help but smile. It wasn't anything out of the ordinary-other than the spirit beasts, almost all of the big shots in the other Sky Class islands had studied in the East continent before. It was normal for them to leave behind legendary stories, but Lin Yi was still surprised.

Lin Yi had met Shangguan Tianhua quite a few times, and they were quite close because of his relationship with Shangguan LAN 'er. He was even rumored to be Shangguan Tianhua's disciple, but Lin Yi knew very little about this super big Shot of the North Island, let alone his past. This was the first time he got to know him indirectly from ni caiyue.

"No, no, no!" "Shangguan Tianhua doesn't seem to be an Alchemist. You're so good at alchemy, so he probably didn't teach you, did he?" ni caiyue shook her head.

"Oh? Then who do you think taught him?" Lin Yi looked at Xinyan and the others, speechless. He'd already admitted that she got it right, but the girl herself was wrong. It was really hard to talk to this girl.

"Hmm ..." Ni caiyue tilted her head and thought for a moment, then patted her head and said, "I remember now, I heard that there's a very powerful pill God Zhang Liju from the North Island too, are you his disciple?"

"Congratulations, you've answered two questions. Your intelligence has once again occupied a high ground!" Lin Yi said.

"Yes, I'm actually quite smart!" Ni caiyue proudly raised her head, and after a short while, she blinked and asked, "Speaking of which, what's intelligence? What high ground?"

"It's nothing. It has nothing to do with you. " Lin Yi's words made Wang Xinyan burst into laughter and rolled her eyes at Lin Yi. She was the only one in the group who understood what he meant.

"Oh, oh, it's good that it has nothing to do with me." Ni caiyue readily accepted his good advice, and she looked as if she found it troublesome.

It wasn't just Xinyan-even Lin Yi himself was amused. He pulled a long face when he saw the confused look on her face. "Shangguan Tianhua and Zhang Liju, then whose disciple am I?"

"I know! You're their disciple!" Ni caiyue answered impatiently.

"Congratulations, you even know how to answer first!" Lin Yi gave her a thumbs up in admiration-his hidden ability to fool girls was completely triggered, and the laughter and laughter along the way was quite entertaining.

The group of five returned to the teleportation point. Because they were taking the main road, they did not encounter any accidents along the way. They did not even see a spirit beast. As for the Academy disciples, they all avoided them far away.

After all, no one was deliberately hiding their strength. All five of them were at the early stage of the mysterious Ascension realm. This kind of powerful lineup was almost invincible on the road to the big shots. No one dared to provoke them. Otherwise, they would be killed and their treasures would be stolen. This kind of thing was too common.

Two days later, Lin Yi's group finally arrived at the teleportation point. The other disciples all made way for them, and they were quickly teleported out.

The dock was right after the teleportation array. Almost half of the battleships and treasure ships were gone, but the academies whose disciples hadn't arrived would still wait here. After a month, they had to leave regardless of whether the disciples had arrived or not. This was the rule of the yellow Class academy Alliance.

"Young hero, I understand now. You're actually a very good person!" Ni caiyue suddenly turned to Lin Yi and said. After getting out of the teleportation formation, they would naturally return to their own ships and forget about each other.

"Is that so? Finally, I heard something good from you. It's not easy. " Lin Yi chuckled-it was a rare occasion that he didn't bring along a hidden name.

"Yes, yes, I'll remember you!" Ni caiyue nodded heavily.

"..." Lin Yi was stunned. Why did she sound like she was remembering an enemy? wasn't that the same as thanking your ancestors?

Chapter 4925 You Don't Take Your Father's Surname?

"I'll always remember you!" Ni caiyue repeated herself, but before Lin Yi could even feel touched, the silly girl blinked her eyes."Um ... What's your name again?"

"I'm gonna faint! If you don't even know his name, how the hell can you remember it!" Lin Yi almost fell to the ground, but he had to force a smile helplessly as Xinyan and the others burst out laughing. "I'm Lin Yi,"

"Lin Yi? Why does it sound so ordinary? I thought it was a very powerful name!" Ni caiyue pouted.

"There's a saying about how powerful the name is?" Lin Yi didn't know whether to laugh or cry-this was the first time he'd heard something so unique.

"Of course, but Lin Yi it is, I'll remember it." Ni caiyue smiled and said,"Then let's meet at the mystic division sea, we can be friends then ..."

"No, in my eyes, a woman can only be a girlfriend, so forget it." Lin Yi joked.

"Ya! You're teasing me again!" Ni caiyue's pretty face blushed again, but others could not tell because she was wearing a veil.

"You're too sensitive, you call this flirting? Alright, hurry up and leave. Your Academy's people are all calling for you. " Lin Yi reminded with a smile. At this moment, someone was waving at them from a treasure ship in the distance. The flag was of Donghua Academy, where ni caiyue was.

"Oh, I'll be leaving then, but don't tease me next time." Ni caiyue hurriedly waved her hand at the people on the treasured ship and was about to turn around and leave in high spirits. However, as soon as she turned around, she was greeted with a gloomy face, and she was instantly shocked. She cried out in alarm,"Chang ... Chang laiting!"

"Hmph, Hmph, you didn't expect this, did you? I've been waiting for you here for a long time!" Chang laiting laughed coldly. Old Xiao was still following behind him, but old Li wasn't there. After taking that lightning strike from Lin Yi, he'd be bedridden for a few months, even if he didn't die on the spot.

It was Chang laiting's sudden appearance that surprised Lin Yi-he wasn't as injured as li, after all. He'd only tested his skills on him, and that was all.

But it's only been a few days? This guy was actually full of energy. Other than some wounds on his body, his movements were normal. It seemed that he had definitely taken a seventh grade great recovery pill or some other top-grade tonic. Otherwise, it was impossible to recover so quickly by relying on normal healing methods.

"Don't come over!" Ni caiyue was so scared that she subconsciously hid behind Lin Yi.

Chang laiting's already gloomy face turned even darker, and the Academy disciples who knew the inside story started whispering among themselves. Ni caiyue was not only the third fairy of the high Lin Sea region, but she was also a cultivation partner that Chang laiting had already decided on. It was a strange scene to see her hiding behind another man just to hide from Chang laiting!

There was no shortage of gossipmongers everywhere. In just a moment, one by one, the heart-wrenching love triangle story of love and hatred intertwined was fresh out of the oven and instantly spread to the audience.

Chang laiting was on the verge of exploding as he heard all this gossip, and he pointed at Lin Yi. "Little bastard, I've finally found you! Not only did you sneak attack me in there, but you also dared to seduce my cultivation partner in public. Do you know who I am?"

It was not Chang laiting's usual style to use his power to suppress others. Under normal circumstances, he would first cripple the person, then show off his deep background. This was the only way to fully reflect the awesomeness of the fourth young master of the Yuanying stage.

But it wasn't the case this time-the previous clash had already shown the difference in strength between them. Chang laiting wasn't an idiot-no matter how arrogant he was, he knew he wasn't Lin Yi's match. He had to change his mind and use his background to pressure Lin Yi!

"Eh? Aren't you Chang laiting? didn't we just get to know each other a few days ago? I'm not that forgetful. What else do you want?" Lin Yi glanced at him indifferently.

"Hmph, it's good that you know. I'm not afraid to tell you that I am the son of ding City College's chief Alchemist, zang Zizi!" Chang laiting reported his family's background with his nose up in the air.

As soon as his voice fell, the surrounding suddenly burst into a burst of discussion. The chief Alchemist of any college was a big figure, at least in the top five high-level of the college. However, under normal circumstances, no matter how high the position of the chief Alchemist was, he could only be ranked second, under the Dean of the College.

However, this ding City Academy was extremely special. The position of their chief Alchemist was even higher than that of the principal. This was because this was an Academy that mainly focused on alchemy, and at least half of the disciples in the Academy were alchemists!

It was no exaggeration to say that ding City Academy was the cradle of advanced alchemists. To be able to become the chief Alchemist of this Academy, the value of being able to do so was far greater than that of other ordinary yellow ranked Academies. In the yellow ranked Sea region of the East continent, this was the symbol of all alchemists, and their status and influence were not to be underestimated.

However, Lin Yi didn't know about this. Even if he did, he wouldn't care about it. After all, even a seventh realm refiner like Qing Danzi was willing to be his disciple. No matter how big ding City School was, it couldn't make a seventh realm refiner willingly become someone else's disciple, right?

"Oh, your father's surname is nie, but your surname is Chang? You're the latter?" Lin Yi's attention was on a different topic-he'd even put on a curious face.

Hearing this, Chang laiting almost spat out a mouthful of blood. ""That's my mother!"

"Oh, I see, so the chief Alchemist of ding City Academy is a woman, I'm sorry." Lin Yi smiled insincerely and played along, "What about your father?"

"Hmph, I'm going to say it now. You'd better be careful to stand still, or you'll be scared to the ground. It'll be too embarrassing to make a fool of yourself in public!" Chang laiting said awkwardly.

"Oh, I'm listening. Don't worry about me. I've always been big-hearted, so feel free to scare me!" Lin Yi smiled faintly, his face asking for a slap.

This little bastard really deserved a beating! Chang laiting was so angry that his teeth hurt, but he didn't dare to make a move. He could only continue to put on a disdainful expression and say, ""Listen well, my father is the town Lord of ding town!"

Everyone was shocked, but Lin Yi nodded as realization dawned on him, "Oh, I understand now. Your ding City Academy is a small place in the countryside. Other Academies are all cities, but your Academy is a town."

F * ck! Chang laiting was so angry that he spat out blood, and the others were stunned as well. They all looked at Lin Yi as if he was an alien-where did this idiot come from? how dare he call ding City School a rural place?

Chapter 4926 Surrender Now!

Although from the name, ding town's standard seemed to be lower than those main Academy cities, but don't forget, ding Town Academy was the cradle of advanced alchemists, and ding town was the Holy Land of alchemists in the Yellow Sea region. Almost all alchemists in the Yellow Sea region had to go there for a pilgrimage, and its extraordinary status was evident.

In fact, although it was called ding town, its overall scale was only larger than the main Academy cities. The so-called ding town was only its core area, a Holy Land for alchemists that idlers were not allowed to enter.

Ding town wasn't just a small town, but it was also a Holy Land for alchemists. Its influence was comparable to the headquarters of the yellow Academy Alliance in leidong city. The position of the town Lord was one of the top positions in the yellow Academy Alliance.

Such a Holy Land for alchemists with a transcendent status was actually called a small countryside place. How could those people from small places accept this?

"Wayayayayaya! I'm so angry! Little bastard, you're looking for death! Men, cripple him!" Chang laiting stomped his foot and cursed, but he didn't make a move himself-he knew he couldn't beat Lin Yi, and there were plenty of people who'd be willing to take care of him for him.

Of course, this didn't include old Xiao-he'd only piss his pants in front of Lin Yi, and even if he wanted to, he didn't have the strength.

As expected, the moment Chang laiting finished speaking, two late stage mysterious Ascension realm experts appeared beside him!

More and more people in the crowd quickly made way for them. Although many of them were already at the early stage of the mysterious Ascension realm, they were still far from being able to compete with these two senior experts at the late stage of the mysterious Ascension realm. Just their cold aura alone was enough to make people feel fear, and they didn't dare to overstep their boundaries.

"How dare you! How dare you ambush young master Chang during the trial? now, you are even shamelessly slandering our ding City Academy in public! Surrender now!" One of them frowned and scolded.

"And who are you?" Lin Yi's expression didn't change at all as he sized up these two late-stage xuansheng Masters who suddenly appeared. Their auras were sharp and strong, and they shouldn't be fake, but he could clearly feel that these two people's auras were a little rusty. They didn't seem to fight often, or at least not good at it.

Lin Yi's guess was right-these two were both libation of ding City College, and they were both high-ranked alchemists. Naturally, they didn't spar with people like the other late-stage xuansheng Masters, and their auras were a little rusty.

"Hmph, we are the libation of ding City Academy. Which Academy are you from? hurry up and tell us your name!" The two of them demanded from above.

With changlai ting's powerful background, the two ordinary chancellors could only suck up to him. They had to perform well, but they couldn't just attack him without saying anything. They had to put a big hat on Lin Yi first, or else it would be bad for ding City Academy if people knew that they were bullying the young.

"Me? Didn't chang laiting tell you?" Lin Yi glanced at Chang laiting, surprised.

Chang laiting's face reddened-he only wanted the two to get back at Lin Yi for him. He didn't want to go into the details of what happened on the road to becoming a Big Shot, since it'd be embarrassing!

The two ding City College's libation were also stunned. When they saw Chang laiting's expression, they immediately knew that something was wrong. They quickly changed their words,""No matter which Academy you are from, you actually dared to slander my ding City Academy in public. Just based on this alone, I can not let you off easily. I can spare your life, but I must cripple your cultivation today as a warning to others!"

"You're going too far!" Wang Xinyan couldn't hold it in any longer, and immediately stepped forward, displaying her early stage mysterious Ascension realm power. Not only her, but Huang Xiao Tao and Lu xiaozhong also revealed their strength.

With that, there were a total of four early stage mysterious Ascension Masters, including Lin Yi himself. Although they weren't worth mentioning in front of the two late stage mysterious Ascension Masters, the atmosphere was still tense.

"Do you all want to have your cultivation crippled? If your impulsiveness ruins your future, you will have to live in darkness for the rest of your lives. Get out of here!" The two libation of ding City College frowned when they saw this.

It wasn't that they felt that these people were very strong when they joined forces. In fact, if they were to really fight, four early stage mysterious Ascension cultivators wouldn't even be able to withstand a single move from them. However, if things really developed to that stage, there would be some repercussions.

Lin Yi's words were rude, and the two of them crippled him in front of everyone. There was nothing to criticize about that, but if he crippled four new early stage mystique Ascension Masters, and they all seemed to be from the same school, then it would be a huge problem!

Once the matter started to ferment, Ding City Academy would definitely have to give an explanation, and the blame would have to fall on the two of them. After all, they couldn't possibly push the blame onto Chang laiting, right?

"Tsk tsk, I didn't expect Ding City Academy to be so overbearing. I thought that only Thunderclap Academy would be like this. I've really opened my eyes today!" Lu Xiaozhong was a master who wanted the world to be in chaos. At this time, not only was he not afraid, but he also went to provoke the other side. At worst, it would be a chaotic battle. He had seen this kind of scene many times.

"Brat, you'd better be careful with your words. The two of us are only taking into account that you are disciples of brother Academies, so we don't want to rashly make a move. You better not refuse a toast only to drink a forfeit!" Ding City College's Chancellor said in a cold tone.

"Aiya, I'm so scared!" Lu Xiaozhong shouted exaggeratedly. His expression was really asking for a beating. He had inherited it from his father, Lu Dachang.

"You're looking for death!" The two chancellors were so angry that their mouths were crooked. If it weren't for the last bit of rationality they had left, they would have killed Lu xiaozhong with one palm strike. This kid was too hateful!

"Your Academy is really powerful. You want to cripple someone's cultivation without distinguishing right from wrong. Do you really think that our morning stars Academy is easy to bully?" Wang Xinyan quickly stood up, not daring to let Lu xiaozhong continue his nonsense.

After all, they were facing two late stage mystique Ascension Masters. Once they started fighting, they would definitely be at a disadvantage. The best way to solve today's matter was to use the name of the Morning Star Academy so that the other side wouldn't dare to act rashly. After all, in terms of strength, the Morning Star Academy was considered a first-class existence among the Golden class Academies. They still had some deterrence.

"Morning stars Academy?" The two libation of the ding City Academy showed some fear. Although the Morning Star Academy could not be compared with their ding City Academy, the three big shots of the Morning Star Academy were famous in the entire Yellow Sea region. None of them were easy to deal with. Even the Dean of the ding City Academy had to be polite to them, let alone the two libation.

Chapter 4927 Lightning Thousand Explosion

"What's there to be afraid of? That little B * stard is from the northern part of the island, he's not even from the Morning Star Academy!" Seeing this, Chang laiting snorted coldly in dissatisfaction.

From the northern island? The two libation of ding City Academy were stunned when they heard this. They felt relieved immediately. A mere North Island disciple's cultivation could not be destroyed. Even if he was killed on the spot, it would not cause any trouble. Would Shangguan Tianhua come to the East Province to cause trouble for a North Island disciple?

"The few of you, listen well. Today, we will only punish this impudent brat. If anyone else interferes, don't blame our fists and feet for being blind!" The two priests' expressions hardened, ready to attack Lin Yi.

Xinyan and the others' hearts sank as they moved to Lin Yi's side, blocking him. Lin Yi only smiled and waved his hand. "You guys can go back and watch the show. I was just thinking of moving around."

Ha? Wang Xinyan and Huang Xiaotao looked at each other and saw that Lin Yi really didn't look nervous at all. They then looked at each other and stepped back. Although they were very confident in Lin Yi's strength, but an early stage of the mysterious Ascension realm against two late stage mysterious Ascension realm ... Wasn't the difference a little too big?

Lu Xiaozhong, on the other hand, retreated swiftly. He wasn't an idiot. He wasn't afraid of trouble, but that didn't mean he wasn't afraid of death. Since Lin Yi said that he just wanted to watch the show, he wouldn't be a cannon fodder.

"Hehe, you're just a North Island disciple, yet you're so arrogant." The two chancellors laughed. They thought that Lin Yi was a frog at the bottom of a well who had never seen the world, dominating a small place like the North Island and thinking that he could still be invincible in the East continent. How stupid!

His daydreams would be shattered one day, and today was the perfect day to help him wake up.

As soon as he finished speaking, Chang Laiting started to get impatient. The two Ding City College's chancellors didn't dare to delay and were about to attack Lin Yi. However, before they could get into a fighting stance, Lin Yi suddenly raised his hand and shouted, "Lightning thousand explosion!"

As late stage xuansheng Masters, the two ding city Chancellor showed great disdain towards Lin Yi's moves. However, before the disdain could be written on their faces, the two twitched and fell to the ground, with a thick dark blue Pillar of lightning above their heads.

Hiss! The crowd gasped in unison, rising and falling continuously.

They didn't even have time to do anything, and the two late-stage mysterious Ascension Masters lay on the ground, smoking. Everyone looked at Lin Yi as if he was a monster-was this guy really an early-stage mysterious Ascension master?

"Could this guy be a spirit beast?" Some people couldn't help but whisper.

"It's possible, no, it should be very possible! Even if human cultivators had one-in-a-million lightning spiritual roots, it was impossible for them to strike out with such a powerful lightning strike. This was almost comparable to the lightning tribulation! Oh no, this is even stronger than the lightning tribulation!" Someone beside him immediately echoed.

"Yes, yes, I've never heard of a human cultivator who can release lightning tribulation. It's more like those powerful lightning spirit beasts! I've heard that there are not only lightning Condors but also legendary Thunder Dragons. Could this guy be an illusion of a Thunder Dragon?" Someone immediately said.

"Yes, yes, yes. You even said that you were from the North Island. When did the people from the North Island become so awesome? It's impossible, the lightning spirit beast inside must have been unable to bear the loneliness and sneaked out, it must be like this!" Someone else said plausibly.

"That makes sense. The teleportation array here is only one-way restricted. Although only Yuanying stage Masters can teleport in, there is no restriction on the strength of the teleportation out. It is completely possible!" The crowd quickly came to a conclusion.

Xinyan and the others didn't know whether to laugh or cry as they listened to the people around them. They were also shocked by Lin Yi's sudden outburst, but they were all thought to be a lightning spirit beast just because of that. What were they thinking?

"Oh, so he's the legendary Thunder Dragon. No wonder he's so powerful!" Ni caiyue's eyes lit up when she heard this, and she agreed with this statement.

Wang Xinyan and the others were completely shocked. She had just made the Xuan raising pill for you, how could she still be the legendary Lightning Dragon? could a Lightning Dragon become a pill master? This girl's brain was really different from normal people!

But Lin Yi didn't care about the discussions around him-he was completely immersed in the surprise. The one who was most shocked by the lightning explosion wasn't the spectators, but himself!

The lightning thousand explosion was a new move that he had come up with after much thought and research along the way. The origin of this move came from the lightning Dragon, and everyone's guess was correct.

Before this, the lightning in Lin Yi's body was countless times stronger than before, but he didn't really grasp the essence of it. His attacks were simple and plain, simply pouring out all the accumulated lightning in his body without any skills.

This was like a rich man with a lot of money. He obviously had too much money at home, but he would only use it to feed himself like an ordinary person. Other than that, he didn't know how to spend so much money. It was simply a waste of God's gifts.

When he first received the lightning inheritance, Lin Yi only knew how to use electric arcs, but now that the power of lightning was countless times stronger, the so-called Thunder he had mastered was actually an enlarged version of electric arcs. There was no difference between the two, and with Lin Yi's comprehension, he quickly realized that there was a problem!

However, it wasn't easy for Lin Yi to figure out the problem on his own-he needed someone to give him advice. Unfortunately, the giant electric eel that gave him the lightning inheritance was long gone, and the thing wasn't good at lightning either. It was hard for him to give any advice until he went to thunderous burial city.

The purple lightning used by the vengeful spirit to control the Thunder Dragon corpse made Lin Yi suffer, but it also benefited him. Not only was the power of lightning in his body stronger, but more importantly, it gave him a few tricks to it.

A lightning bolt capable of reaching the purple level was definitely not just a simple layering of lightning power. If that was the case, dark blue would be the limit at most.

With the amount of lightning he'd accumulated in his body, normal lightning strikes were more than enough to deal with people like Chang laiting. However, if he were to go up against a real master, he wouldn't even need to deal with a mountain split-he'd be in trouble if he were to deal with a stronger xuansheng-stage master.

After all, Lin Yi could grit his teeth and withstand fifty times or even more powerful lightning. Even if the other xuansheng stage cultivators didn't have lightning spiritual roots and couldn't take the lightning energy like him, one or two times the normal lightning wasn't a problem.

Chapter 4928 Arrest Him!

When a lightning strike could not kill a person, its threat would naturally be greatly reduced. It was even likely to return to its previous predicament. It could only be used to contain and harass, but could not become a truly powerful killing move.

Fortunately, Lin Yi had learned something from the long dead Thunder Dragon. He realized that the purple lightning was not just a simple stacking of lightning power, but there were signs of clashing of lightning particles.

It was a subtle difference, and even with Lin Yi's observation skills, it was hard to tell the difference, but it wasn't just once or twice-he'd been struck alive so many times that he'd had a taste of the purple lightning. Without a doubt, other than the difference in strength, the most fundamental difference was the collision of the particles!

But learning was learning-it wasn't realistic to master such a profound skill all at once. Lin Yi was a newbie who'd just barely learned how to use lightning, after all, and he couldn't reach the level of the lightning Dragon in one step. But he could follow this train of thought and use his own methods to make the lightning stronger bit by bit.

The thousand Thunder burst was Lin Yi's first step!

He combined the violent sand thousand explosion fist with the lightning strike, and that was how the shocking thousand explosion of Thunder came about. It could also be called violent lightning thousand explosion fist, but Lin Yi obviously preferred it because it was majestic and Grand.

All sorts of discussions could be heard from the surroundings. Most of them actually didn't see what happened clearly. They only saw a thick dark blue lightning flash in front of their eyes, and then the two late stage mysterious Ascension experts fell straight to the ground, emitting black smoke. However, this didn't stop them from using their imagination.

At that moment, all sorts of weird theories started to spread. The theory that Lin Yi was a Lightning Dragon was already more believable, but the more ridiculous ones were that Lin Yi was the incarnation of lightning. Some even said that Lin Yi was the illegitimate child of the lightning God and lightning mother ...

Lin Yi didn't know what to say-he couldn't help but want to point at these people and curse at them for their superstitions!

The onlookers were only spectating and discussing, but Chang laiting, who was only a few steps away from the two libation, was so scared that he peed his pants. He was very afraid in his heart. Fortunately, he had learned his lesson last time and let these two unlucky libation attack on his behalf. Otherwise, he would have been turned into human dregs on the spot!

"Young master Chang, what do you think we should do next?" Lin Yi said as he cracked his knuckles, the dark blue lightning dancing on his fingertips making him look like a god of Thunder.

Feeling the killing intent in Lin Yi's eyes, Chang laiting froze in fear. Every time an arc jumped from Lin Yi's fingertips, his heart trembled, afraid that he'd get hit by a lightning explosion too, and smoke would rise up like the two unlucky liegers on the ground.

"You ... You actually dared to attack?" Chang laiting was already showing his pride by not running away. He didn't want to lose face in front of so many people, and even if he couldn't beat Lin Yi in a place like

this, there were plenty of people who could torture this bumpkin from the northern island village to death!

"Can't you see it? is your vision bad?" Lin Yi smiled faintly.

Chang laiting spat out a mouthful of blood as he pointed at Lin Yi, gritting his teeth. "Just you wait! Do you believe that I will let you die without a burial place? I can't do anything to you inside, but since you're out, I can kill you with a finger!"

"Then hurry up and move. You're so noisy. You're not like a man. Let me help you." Lin Yi didn't like the guy's dawdling-the lightning arcs dancing around his fingertips suddenly grew into a dark blue Pillar. It was just a simplified version of the lightning explosion, but it was still breathtaking.

Before he could finish his sentence, the lightning pillar directly struck Chang laiting's head. The outwardly fierce but inwardly cowardly young master Chang immediately fell straight to the ground, black smoke rising from his body. His posture was exactly the same as the two unlucky chancellors, or perhaps even worse. There was already a faint smell of burnt flesh on his body.

Everyone was shocked and backed off a few dozen meters, looking at Lin Yi as if they were watching the fire cloud evil god. When did the North Island have such a powerful person?

He had killed two unlucky late stage xuansheng stage chancellors without saying a word. Now, because he found the other party too long-winded, he had struck down changlai ting with the flick of a finger. Could it be that this fellow was going to reenact Shangguan Tianhua's ruthless past?

Back then, Shangguan Tianhua had single-handedly forced the Alliance of Academies into a corner. Although this guy covered in lightning was not as strong, he was obviously heading in the same direction. After all, this was the territory of the yellow Class Alliance of Academies.

"Let's go," Lin Yi said to Xinyan and the others behind him as he led the way to the dock. The crowd quickly made way for him, afraid that they'd piss off this ruthless.

He couldn't stay here for long-there was no way he wouldn't fight back, but he knew that it'd be a mess. It'd be best if he returned to the Morning Star Academy's ship first-that'd give him another shield, and people would have to worry about him.

However, before Lin Yi and the others could take a few steps, a group of people suddenly appeared in front of them, blocking their way.

Lin Yi's eyes twitched-these people all had a special symbol on them, completely different from the symbols of normal schools. The key was that every single one of them had a heaven-shaking aura-they were all early-stage sect-opening Big Shot practitioners!

He'd been on Sky Class Island for two years, and he'd seen quite a bit of the world-he'd been chased by West Mountain sect before, but he'd never been surrounded like this-this was an entire group of opening sect leaders!

This group of mountain opening stage cultivators obviously didn't come with good intentions, and Wang Xinyan and the others couldn't help but be shocked. With their strength, they might be able to hold their own against late stage xuansheng experts, but what were they supposed to do against these mountain opening stage cultivators?

At this time, the surrounding crowd was in an uproar. Although many of them were early stage mysterious Ascension experts, they couldn't even stand in front of so many mountain opening stage big shots. They had to quickly retreat a thousand feet away to barely withstand the pressure of the monstrous Qi field.

"Who dares to cause trouble here! Arrest him!" The strength of the person in the lead was much stronger than the others. He was actually a middle stage mountain split expert.

Lin Yi was surprised. He remembered that he saw the symbol on these people before. It was on the young President. This meant that these big shots were from the Golden class academy Alliance. To be more precise, they were the guards of the Alliance.

Chapter 4929 Ding City's Chief Alchemist

As expected of the East continent, where all the Super Masters gathered. Even if it was just an Alliance of golden class Academies, it had such a shocking strength and Foundation. It was no small matter!

The middle-stage mountain split leader seemed to be the guard Captain, and with one order, the two early-stage mountain split cultivators walked towards Lin Yi.

Lin Yi's mind was spinning. To be honest, this test not only allowed him to advance to xuansheng, but also allowed him to control such a strong power of lightning. This was the time for him to be full of confidence, but no matter how confident he was, facing two early stage mountain opening big shots was still a huge pressure!

After all, these two weren't like the two unlucky libation from before. The lightning thousand explosion could deal with a late stage mysterious Ascension, but it could deal with an early stage mountain split giant at the same time? that was too much of a fantasy. Not to mention the others, even Lin Yi himself didn't believe it.

However, this situation was clearly not in his favor. Lin Yi couldn't just let himself be captured like this, could he?

He couldn't resist, and he couldn't not resist either. Lin Yi was in a dilemma, and he couldn't help but regret it.

He didn't regret dealing with Chang laiting and the two unlucky chancellors. Instead, he regretted not fleeing back to the treasured ship with all his might after dealing with the three of them.

If he was on the treasured ship of the Morning Star Academy, even the guards of the Alliance of Academies wouldn't be able to arrest him in public. At most, they were just wrangling.

He had miscalculated! Lin Yi sighed, and just as he was about to make a decision, someone stood up from behind him. It was Lu xiaozhong.

"Why are you arresting Master Lin? They were the ones who started the trouble and Master Lin was just defending himself. Everyone can see that!" Lu xiaozhong shouted.

Although he was a little unsteady in the face of so many big shots at the beginning stage at such a close distance, just like the others, he was not a master who was afraid of trouble. Moreover, his own father was a big Shot at the beginning stage, and his strength was even stronger than these people. He did not feel that there was anything to be afraid of.

Lin Yi couldn't help but feel touched. He didn't have much of a relationship with Lu xiaozhong. At most, he'd taken care of him a little on the road to becoming a Big Shot, but he didn't give him many benefits. It was rare for him to stand up for Lin Yi.

"Right, Lin Yi is innocent, what right do you have to arrest him!" Wang Xinyan and Huang xiaotao quickly jumped in front of Lin Yi.

"What's wrong? You guys want to be caught too?" The leader of the guards narrowed his eyes and looked at the three of them coldly. His dignified face immediately showed some displeasure and ruthlessness, even killing intent.

As the only military force in the Alliance of Academies, the Alliance's guards had great power, and killing people was just one of the most basic powers.

They just needed to come up with a reason and they could easily kill any school's disciple. If they dared to disobey, even if they killed Lin Yi and the others right here, it would be a wasted death. The Morning Star Academy wouldn't even have the right to pursue the matter!

In this case, when an ordinary person felt the killing intent of the guards, they would have already run away. However, Lu xiaozhong was surprisingly tough, and he said, ""I didn't do anything, I was just asking. Can't I? Don't we, the students of the morning stars Academy, even have this little power?"

As a middle stage mountain split expert, the captain of the Alliance's guards didn't want to waste his breath on such a minor character. He immediately ordered coldly, ""Capture them all!"

He was already being very polite by not killing them all on the spot. Of course, he wasn't stupid. If he really did kill them without saying anything, even if the Morning Star Academy couldn't pursue the matter on the surface, they would definitely hate him to the bone in private. The three heads of the Morning Star Academy were not people to be trifled with.

Lin Yi frowned as he saw that the two were about to make a move. He never had the habit of waiting to be captured without putting up a fight. Back then, he dared to challenge West Mountain old sect when he was only in the Golden core stage, let alone now.

To be honest, with Lin Yi's strength at the early stage of mysterious Ascension, it wasn't out of his reach to face these mountain opening Giants. If he really wanted to fight, he might have a chance!

Just as Lin Yi was about to lash out, a strict yet familiar voice came from the distance. "What are you doing? You're blocking the road, hurry up and move!"

Everyone looked over and gasped in surprise. No wonder the voice sounded familiar. It was the young President of the Alliance.

After seeing the Alliance's President, this middle stage mountain split guard immediately lowered his head. After bowing with a respectful expression, he respectfully reported, "President, there's a fight here. I'm dealing with it."

"Then hurry up! It's not proper to block the road here!" The president of the Alliance glared at him, then turned to the woman beside him with a deliberately humble smile and said, "Grandmaster Huang, I'm sorry to have made a fool of myself."

"Hmph, it's nothing," The woman coldly snorted. Although this woman maintained her young appearance, it was easy to tell from her temperament that she was definitely an old woman who had lived for who knows how long. Moreover, her face didn't hide her arrogance and harshness. It was as if everyone had to bow their heads in front of her, including the president beside her.

"Please, please," The Alliance president's mouth twitched slightly. After signaling the guards to make way, he quickly asked the woman to go first.

In fact, he himself was also a very proud person, and in terms of strength, he was far above the other party. If it was not for the fact that he had a request for this matter from this Grandmaster Huang, he would not have been so humble. Perhaps he would have already turned hostile on the spot.

The woman glanced arrogantly at the group of mountain opening stage cultivators, then walked past them with an arrogant attitude. In her eyes, these mountain opening stage cultivators were probably just a group of bodyguards who were guarding the house. The disdain and contempt were clearly written on her face.

However, before she could maintain her noble Madam's demeanor to the end, she was suddenly stunned when she saw the situation in front of her from the corner of her eye.

The next moment, the woman rushed in front of Chang laiting like a gust of wind. She picked up the burnt-smelling fellow and exclaimed, ""Ting 'er, what's wrong? Ting 'er, wake up! Who the hell did this?"

The crowd immediately understood the woman's identity. Without a doubt, this woman was Chang laiting's mother, the chief Alchemist of ding City College, zang Zili!

"Whoever dares to hit my son, I want him to die without a burial ground!" Zang Zili had lost all of the noble lady from before. He was like an injured Lion, and he was hysterical. He roared with a ferocious expression, "Who is it? Come out!"

Chapter 4930 Don't Intend To Interfere?

Everyone's eyes subconsciously fell on Lin Yi, and zang Zili immediately reacted. He looked at Lin Yi with killing intent, "Was it you? Kid, you're looking for death!"

Just as zang zizhi was about to kill him, the Alliance master suddenly blocked his way and said, ""Grandmaster Huang, please calm down. I'll definitely give you a satisfactory explanation for this matter. However, if you were to make a move here, I'm afraid it's not in accordance with the rules, right? This is the territory of the Golden class academy Alliance, and only the Alliance can handle matters here. No Academy or individual is allowed to interfere, or what will become of the Alliance's authority?"

Lin Yi nodded to himself. He didn't know the president well, not even his name. He'd only heard him speak once before, but he could tell that he wasn't an unreasonable person. Compared to zang Zili and the guard-chief, he was more reasonable.

"Hmph! Against the rules?" Zang Zili glared at the president unhappily before turning to Lin Yi with a murderous look, ""What a good" against the rules. "Then what if I must kill him today?"

"This ..." The Alliance master's face changed. If it was any other time, he would have flipped out on the spot if zang Zili dared to speak to him like that. However, this was a serious matter, so he could only swallow his anger and say, ""Grandmaster Huang, I'll say it again. This is the exclusive land of the Alliance of Academies. Please don't make things difficult for me."

Zang Zili looked at him deeply and laughed coldly, ""That's good. The authority of the Alliance can not be violated. In that case, I will take my ting 'er to treat her injuries. You can find someone else!"

With that, zang Zili picked up the smoking Chang laiting and stood up to leave.

"Hold on!" The president's expression changed again and again. After weighing the pros and cons for a moment, he finally gritted his teeth and said, ""Since the one who's injured is your son, then this is Grandmaster Huang's family matter. I won't interfere!"

Xinyan and the others "hearts sank as they turned to Lin Yi worriedly. Even the president of the Alliance had to back down in front of this woman, didn't that mean they were in trouble?

"Very good, the Guild leader is indeed a person who understands the situation." Zang Zhili glanced at the president with a proud look before putting Chang laiting down carefully. He turned to Lin Yi with a ferocious expression, "Brat, how dare you attack my ting 'er! You can die now!"

As he spoke, zang Zili released a fierce and sharp aura. His strength was obvious-he was also a sect-opening early stage giant!

Xinyan and the others were shocked. They had just left the Wolf's Den and entered The Tiger's Den. The situation was dire when they were blocked by the Alliance's guards, but they only wanted to capture Lin Yi. But now, zang Zili was going for the kill, and he was an early stage mountain-opening master!

If he'd fallen into the hands of the Alliance's guards, at least the Morning Star Academy would've been able to deal with it, and there would've still been room for negotiation, and his life wouldn't have been in danger. But this Zili was clearly out to kill to vent her anger, and Lin Yi would've been dead if he'd fallen into her hands.

But compared to the shocked faces of Xinyan and the others, Lin Yi himself wasn't afraid at all. In fact, he even felt a little excited as he looked at zang Zili.

There was no other reason. Zang Zili was an Alchemist. Even when he fought, he had the aura of an Alchemist. This meant that her combat strength was far inferior to other alchemists of the same level!

Even if she was an initial stage mountain split expert, she was still the weakest initial stage mountain split expert!

After all, Lin Yi was probably the only non-mainstream refiner in the world who only made elixirs as a side job. Most refiners were synonymous with weak, with the exception of a legendary elixir God like Zhang Liju. Unfortunately, this was zang Zili, not Zhang Liju.

Before this, Lin Yi could only run away from these powerful beginning stage mountain opening cultivators, but now that he was in the mystical Ascension primary stage, he didn't have to fear them anymore. Especially when he was facing the weakest beginning stage cultivator like zang Zizi, Lin Yi was starting to get restless.

He'd just killed two late-stage xuansheng Masters with a single thousand Thunder explosion-even zang Zili wouldn't be able to do something like that. This new guy was just a beginner! To Lin Yi, who'd gotten stronger recently, he was a free sparring partner!

Seeing how calm Lin Yi was, the people around started to discuss again. Even the president was surprised. He had never looked Lin Yi in the eye, but a mere early stage of mysterious Ascension could face zang Zili so calmly. This kid wasn't simple!

Zang Zili's smile became even more sinister. She didn't care about Lin Yi's background. She only knew that Lin Yi had beaten her precious son half to death. Just that alone made Lin Yi die.

But before zang Zili could do anything, Lin Yi stopped him, "Wait!"

"Hmph, it's too late for you to beg for mercy. Since you've injured my ting 'er, you must pay the price. The price is death!" Zang Zili said coldly.

Lin Yi didn't even have the interest to look at an unreasonable woman like her, much less waste his breath on her. He turned to the president and said indifferently, "From what you're saying, the Guild leader doesn't intend to interfere?"

"That's right. Although this is the territory of the Alliance of Academies, this is a private matter between you two. As the president of the Alliance, I have no need to interfere." The president of the Alliance paused for a moment, and with a bit of regret and self-mockery in his eyes, he said, "Moreover, Grandmaster Huang isn't a member of our Alliance. She's an honored guest that we've specially invited to help us refine the pill. Since it's her family matter, I won't interfere."

Everyone's expressions were a little strange at this-the Golden class academy Alliance was the official power of the Golden class Sea region, especially since this was the Thunder plain Island, the exclusive land of the Academy Alliance. If it were anyone else, they'd be trampled to death by the guards.

This was because of zang Zizi. After all, he was the chief Alchemist of ding City Academy. It would not be an exaggeration to say that she was the number one Alchemist in the Golden class Sea region. Her status was extraordinary, and even the Golden class academy Alliance had to treat her with respect because she might need help at any time, just like what was happening now.

"Brat, just give up. They have a favor to ask of me, so you'll die today!" Zang Zili sneered.
