

Bodyguard 4951

Chapter 4951 Resolving The Grudges In The Academy

There was a saying, "one should stay far away from others in fear." It could also be understood as "one should be afraid of those who are far away." When dealing with big shots like Zhuang Yifan, if one wanted to maintain an equal cooperative relationship, one had to keep a sufficient distance. Otherwise, once they got too close, it was easy to be reduced to being the other party's vassal. At that time, they would be completely passive, and it would be difficult to have much say.

If they were further away from each other, they would still be allies on equal footing. Zhuang Yifan had to be polite to others in everything, but once they were close, he would become the other party's underling. If the boss wanted his underling to help, did he still have to be polite to others? That was only natural!

"Since that's the case, I won't force you. Master Lin has helped me a lot this time. I'll remember this and repay you generously." Zhuang Yifan nodded solemnly and suddenly asked, "Master Lin, I've seen a Mystic first level Alchemist before, but I've never heard of one forming pills in a day. I'm afraid that Master Lin isn't just a Mystic first level Alchemist, right?"

Lin Yi couldn't help but chuckle to himself-Zhuang Yifan's reaction was exactly the same as Qing Danzi 's, except that the pill he made was a level Seven recover pill, and was suspected to be Mystic first class. Now, he was making Mystic first class, and was suspected to be Mystic second class again ...

Of course, this was a wonderful misunderstanding. Lin Yi would be too naive if he denied it on the spot. It was better to be as powerful as possible when dealing with people like Zhuang Yifan. After all, the value of a Mystic second level Alchemist was much higher than that of a Mystic first level!

But Lin Yi wasn't stupid enough to just admit that he was Mystic second level-that would be enough to scare people off, but what if the guy just offered to help him make the pill?

Lin Yi was only able to make Mystic first level at the moment-trying Mystic second level might not even be enough!

"I'm flattered. I'm still trying to break through to Mystic second grade." Lin Yi said with a mysterious smile.

His answer was absolutely fantasizing. Although it was the truth, those who didn't know would think that he was being humble. His answer was like filling up a hole. Zhuang Yifan couldn't possibly ask someone who was trying to break through to Mystic second level to make a Mystic second level pill, could he?

"I knew it. Master Lin's voice is extraordinary. I must have been blind." Zhuang Yifan was filled with respect-a Mystic first level Alchemist was already on par with him, and if he were a Mystic second level Alchemist, he'd be too embarrassed to be on the same level as him. He'd have to at least be at the back.

"You're too kind, you're still a step away from Mystic second level. President Zhuang knows that at this level, there's always a barrier that's hard to overcome. It's so close yet so far, and it's possible that you'll never be able to cross it in your entire life. There're already too many examples like this to raise." Lin Yi was still acting very "humble."

"Yes, yes. But that's for other people. For a rare genius like you, Master Lin, the so-called barrier is just a matter of time." Zhuang Yifan had used the honorifics in his excitement, and his mind was suddenly set on something. If Lin Yi could really become a Mystic second level Alchemist, it would be a huge temptation for him.

With his current strength at the late stage of earth-splitting, if it wasn't for the accident that happened when he tried to break through to the peak of the late stage of earth-splitting, he wouldn't need a Mystic level one elixir like the earth strengthening pill under normal circumstances. Only a Mystic level two elixir could help him advance further.

This was supposed to be a long way off-he, Zhuang Yifan, even had to rack his brains to find a Mystic first level Alchemist, what more a Mystic second level?

But Lin Yi's appearance gave him hope-he wasn't a Mystic second level, but if Lin Yi could make the earth strengthening pill in one day, it meant that he wasn't far from Mystic second level!

Lin Yi smiled noncommittally and changed the topic,"President Zhuang, Speaking of which, I have something I need your help with."

"Oh? Master Lin, please give me your instructions. I'll definitely do as you say. " Zhuang Yifan didn't try to avoid Lin Yi's request, his eyes lit up. He was still worried that he didn't have enough favors for Lin Yi. After all, it was very expensive to hire a future Mystic class second level Alchemist. If he didn't have enough favors, what if Lin Yi rejected him?

"Alright, President Zhuang is the most suitable person for this. I won't stand on ceremony." Lin Yi nodded and pointed at Liu Ziyu and Li Ren, "I'm sure you're aware of the grudges between the morning stars Academy and the pride of dawn Academy, President Zhuang. I have a good relationship with these two academies, so it's not easy for me to be stuck in the middle. I'd like to ask you to come forward and talk to them so that they can forget their past grudges and reconcile. I wonder if it's convenient for you, President Zhuang?"

"That's a good thing. I'm most willing to be a peacemaker for both schools. I've heard about the situation between the two schools. It's been so many years. I think they should have made peace long

ago. Master Lin is indeed a wise man!" Zhuang Yifan readily agreed and actively expressed his opinion, "How about this? after the end of the road to becoming a Big Shot trial, I'll personally go to the two academies. I believe no one will refuse to give me face, right?"

"President Zhuang, you're joking. It would be a great honor for our Academy if you could come personally. With your words, no one in the Academy would disobey!" Liu Ziyu and Li Ren were flattered. They thought that Zhuang Yifan would only ask someone to pass on a message, but they didn't think that he would agree to come in person. Lin Yi's face was really big.

"Hehe, then I'll have to trouble you, President Zhuang." Lin Yi only smiled faintly, acting nonchalant about it. If he were to be as flattered as Liu Ziyu and Li Ren, he'd be putting on a false air of superiority.

"What are you saying? this is just a small matter. Master Lin, you're too polite! Come, let's drink!" Zhuang Yifan wanted to use this opportunity to get closer to Lin Yi. He kept on saying nice things and toasting to Lin Yi. Under his lead, the atmosphere was getting livelier and livelier. It really did feel like a celebration party.

Just as everyone was toasting each other, Bao zuoliang and su kesheng, who had sneaked out on their flying spirit beasts, had already appeared in ding town. They even appeared in the guest hall of the town Lord's mansion as they had wished.

However, at this moment, the two of them were in a sorry state and were injured. Who asked them to break into the town Lord's residence? they were lucky that they were not beaten to death by the guards of the town Lord's residence.

"What kind of stupid ideas are you giving me? Directly challenging the steward of the town Lord's residence to make trouble, how could he not be greeted with death? Look, my legs are about to be broken!" Bao zuoliang grumbled in a low voice.

Chapter 4952 Life-Paying Ghost

"Young master Bao, didn't you agree to my plan when I proposed it?" Su kesheng shook his head with a wronged expression and forced a smile, "If it wasn't for this, how could we have the opportunity to meet this town master so quickly? I think it's useless even if we shout that his wife and son have been killed outside. Even if we succeed in causing a commotion, the first thing that will happen is that the Butler will suppress it. By the time we see him, it'll probably be too late. Who can guarantee that the Lin guy won't escape in the middle of the night?"

"This ..." Bao zuoliang was stunned and speechless. He was the son of the city Lord himself, so he knew the rules of the city Lord's mansion and the town Lord's mansion. As the saying went, one must look at the owner before hitting a dog. If they didn't hit the most important dog, it would be difficult for them to see a life-paying ghost for a while.

Before the two of them could finish their conversation, a gust of wind suddenly blew in from outside the door. The wind was so strong that even the two of them, who were both at the early stage of the mysterious Ascension realm, could not stand still. However, the strange thing was that the surrounding tables and chairs did not move at all. It gave people the feeling that there was an invisible wall that separated the welcoming Hall into two worlds.

Bao zuoliang and su kesheng were shocked at the same time. Before they could do anything to defend themselves, two hands suddenly grabbed their necks at the same time. A strong figure appeared in the wind. It was a middle-aged man with an ugly face and extremely brutal expression.

"Whose wife and son did you say was killed?" The middle-aged man looked at the two of them coldly.

The two of them were so frightened that their hair stood on end. They couldn't speak at all with their necks being grabbed by the other party. They could only struggle wildly in vain, but the two hands didn't move at all.

The middle-aged man remained unmoved. He only threw the two of them onto the ground when their faces were so pale that they were about to die. He looked down at the two of them like a beast looking for food, causing Bao zuoliang and su kesheng to tremble in fear.

"You ... You're a redeeming ghost?" Bao zuoliang looked at the middle-aged man in shock and fear. Then, with a bang, his entire body flew out suddenly. It was unknown whether he was Dead or Alive.

"Tell me, if you don't know better, you'll be worse off than him." The middle-aged man stared coldly at the remaining su kesheng.

"Yes, yes, zhenlord Chang." Su kesheng suppressed his fear and took a deep breath. "We're Morning Star Academy's disciples. He's Bao zuoliang, and I'm su kesheng. We've just come from the Thunder plain Island,"

"You guys participated in the path to becoming a Big Shot?" Chang minggui glanced at him. His son, Chang laiting, was participating in this trial. If it were in the past, he might not have cared about such an irrelevant matter.

"That's right. We've both just come out of the path of the big shots. Because something big happened, we thought of a way to come in time to inform you." Su kesheng said carefully.

"Something big?" Chang minggui laughed and said, ""You're not trying to say that my wife and son were killed, are you? This kind of person doesn't exist in the Golden class Sea area, especially in the territory of the Alliance. Kid, you should know what the consequences are for spouting this kind of nonsense in front of me, right?"

"I know, of course I know." Su kesheng nodded and explained, "I know it's ridiculous, but it really did happen in front of all the students. Master Huang and young master Chang were both injured by a man called Lin Yi, it's hard to say if they're still alive ..."

"What did you just say?" Chang minggui's eyes widened, and the huge pressure instantly suffocated su kesheng. He was almost pressed to the ground, and he asked doubtfully, ""Are you saying that Zhuang Yifan touched my wife and son?"

Although Chang minggui was very confident, he still had to back down in front of Zhuang Yifan. This President of the Alliance wasn't only powerful, but his power was also extremely overbearing. He was the only one with a voice in the Alliance's territory. Thunder plain Island was where the Alliance's branch was located, and if it wasn't for Zhuang Yifan's approval, that Lin Yi wouldn't have dared to lay a hand on his wife and son.

"No, Mayor Chang, you've misunderstood. Lin Yi's a foreign disciple from the northern part of the island. He's not a member of the Alliance of Academies, and he's definitely not one of Chairman Zhuang's men," Su kesheng waved his hand.

"North Island disciple? Since when did the North Island have disciples in the beginning stage?" Chang minggui looked at su kesheng with suspicion. Although he did not believe that someone would be so stupid as to lie to him about such a thing, since it would cost him his life, it would be too much of an exaggeration to say that a mere North Island disciple had the strength of a mountain split stage.

"No, no, Lin Yi isn't an opening sect Big Shot. He just finished the road to Big Shot test, and his strength is only at the early stage of the mysterious Ascension realm." Su kesheng shook his head.

"What a load of nonsense!" Chang minggui was about to fly into a rage, and the huge living room was once again filled with strong winds.

"Please wait, Mayor Chang. Everything I've said is the truth. Lin Yi really did defeat Grandmaster Huang with his early stage of mysterious Ascension. Many people saw it, you'll know once you ask." Su kesheng said, pretending to be calm.

Chang minggui was silent for a long time before he finally asked, ""If that's the case, why didn't I receive the news, and instead, you, a Morning Star Academy disciple, came to inform me?"

Su kesheng was relieved when he heard this. Fortunately, this Big Boss of ding town was not as simple and rough as he looked, and he could still listen to others.

"That's because ding City Academy's two libation leaders were killed by Lin Yi, so they are like a group of Dragons without a leader. Naturally, no one dares to come forward and report to you. " Su kesheng said respectfully.

As soon as he finished speaking, a terrifying killing intent suddenly appeared in the hall. After a long time, Chang minggui's roar was heard, as if it came from hell, ""Lin Yi, right? I'm going to kill him. "

Su kesheng wanted to add on, but when he looked up, there was nothing in front of him. The return of life was long gone.

On the Thunder plain Island, everyone was still immersed in the lively atmosphere of the celebration banquet. Suddenly, a strong wind blew outside, and a huge ghost-eyed Golden Eagle appeared from the strong wind. The person who came down after that was the ding town's town Lord, Chang Ming.

"Please wait, Mayor Chang!" The Alliance guards immediately appeared in front of Chang minggui and blocked his way. "This is an important place for the Alliance Division. Without Chairman Zhuang's permission, no one is allowed to enter!"

"Oh, really? Then why don't you kill me?" Chang minggui didn't even look at them as he barged into the banquet hall. His anger and killing intent had almost materialized. He couldn't be bothered to waste his breath on anyone; he just wanted to kill.

Before coming here, he had made a trip to ding town's battleship. Zang Zili and Chang laiting were in a terrible state and were still unconscious. The only good news was that they were still alive.

Chapter 4953 What Do You Mean?

"Chief Chang, don't make things difficult for us!" The guard Captain stood in front of him and frowned as he coldly shouted.

However, Chang minggui did not even pay him any attention. After a gust of wind, he directly passed through the banquet hall's door with a majestic gait.

"What do we do?" The group of mountain split guards looked at the guard Captain at the same time. Even if eternal life was very strong, they had so many mountain split experts. They were not to be trifled with. If they really fought, eternal life would definitely not be a match for them. Otherwise, wouldn't the Alliance of Academies spend a huge sum of money to support them for nothing?

The guard-chief reached out his hand to stop everyone. Chang minggui did not follow the rules and broke into the Alliance's base. He had every reason to detain him, but this person was too important. He

didn't want to provoke such a person. Moreover, Zhuang Yifan was in the banquet hall himself. So what if Chang minggui broke in?

"Who is Lin Yi? Get out here!" The moment Chang minggui entered the banquet hall, he released his killing intent and shouted.

In an instant, the lively atmosphere of the celebration came to an abrupt end. Everyone looked at the ugly man who had suddenly barged in with surprise. Some knew him, some didn't, and all of them were whispering to each other.

Lin Yi was taken aback. He didn't know Chang minggui, but he could guess who he was. After all, this was something that was bound to happen from the moment Chang laiting and zang Zili were defeated. He just didn't expect him to come so quickly.

"You're Lin Yi? The Lin Yi who beat up my wife and my son?" Following the gazes of the crowd, Chang minggui found the person he was looking for and walked towards Lin Yi.

"That's right, it's me. " Lin Yi stood up with a calm expression, not fazed by the menacing Chang minggui at all. He smiled faintly, ""What's your name?"

"Those who are about to die don't need to know my name." Chang minggui laughed coldly as a sudden gust of wind started blowing towards Lin Yi, bringing with it a cold and dangerous aura.

Was this the late-stage of mountain split? Lin Yi's eyes twitched. He knew that this guy had a wife like zang Zili, so he must be quite powerful, but the late-stage of mountain split was beyond his imagination. It wasn't something he could fight against at his current level.

Just this seemingly ordinary but extremely dangerous wind alone was already very powerful. Lin Yi knew that he wouldn't be able to withstand it without using his ultimate skill. In fact, even if he used a super killer move like thunder burial, he didn't even know if he had a chance. Lin Yi didn't have any confidence at all.

But Lin Yi acted as if he didn't see Chang minggui's sudden attack. He didn't move, not even blinking. It was as if he'd been scared silly.

However, just as Lin Yi was about to be crushed by the wind, the wind suddenly disappeared, as if everything just now was an illusion. Lin Yi couldn't help but look at Zhuang Yifan, who was sitting at the side. He was a Super Master of the late stage of earth creation, after all. This silent and smooth technique was much more shocking than Chang minggui 's.

"President Zhuang, what do you mean?" Chang minggui's eyes fell on Zhuang Yifan. He tried his best to act cruel and wild, but Lin Yi could see the fear in his eyes. At least in the Golden class Sea area, Zhuang Yifan was the leader of the Alliance.

"Hehe, zhenlord Chang, I haven't asked you what you mean." Zhuang Yifan was still holding the wine glass in his hand. He took a sip of the wine and said without looking at Chang minggui,"You barged into the Alliance Division and attacked my guest, especially in front of me. That isn't good, right?"

"So, President Zhuang is going to protect this Lin kid?" Chang minggui wasn't scared at all, still staring at Lin Yi with hostility.

"What do you think?" Zhuang Yifan smiled noncommittally.

Chang minggui was speechless. He had always been used to using his power to suppress others, but this was useless in front of Zhuang Yifan. Whether it was strength or power, Zhuang Yifan was superior to him. What could he use to suppress him?

He didn't think that Zhuang Yifan would really protect Lin Yi, because no matter how he looked at it, it wasn't worth it to offend him for Lin Yi. Zhuang Yifan wouldn't let his emotions get the better of him, but who would've thought that this would happen?

He couldn't really fall out with Zhuang Yifan face to face, right? if that happened, he would be the one to suffer. After all, Fengming was a person who could become the town Lord of ding town, and he was definitely not as simple and rough as he appeared to be.

"President Zhuang, you're the president of the Alliance. You have to be fair and just. Otherwise, it won't look good on you if people spread rumors, right?" Chang minggui could only say patiently.

"That's right, we need to be fair and just. Don't tell me that you think I'm not fair and just enough?" Zhuang Yifan asked with a smile.

"Of course it's not enough. In your Alliance division's territory, my wife and son were beaten up by this kid, especially my wife. I think you spent a lot of money to hire her, right? She got into trouble here, and I heard that it happened right under your nose. Shouldn't President Zhuang give an explanation?" Chang minggui said coldly.

"Oh, so that's what you're talking about, town Lord Chang. That's simple. I should've tried to stop her, but I'm sure town Lord Chang knows your wife's temper better than I do. She publicly said that I

shouldn't interfere and even said that she would kill me. What do you think I should do?" Zhuang Yifan smiled nonchalantly.

"She really said that?" Chang minggui was taken aback. He thought that Zhuang Yifan must have been behind this. Otherwise, zang Zili would not have suffered such a huge loss with his strength in the early stage of the sect-opening stage.

But now that he thought about it, zang Zili's bad luck was due to her early stage mountain-opening cultivation. With her temper, she would never take a mere mysterious Ascension primary stage seriously, especially after seeing her son beaten up like that. It was only natural for her to say such things in public. Otherwise, she would not be zang Zili.

Who would have thought that an early stage mountain split giant realm expert would actually suffer such a huge loss in front of a mere early stage mysterious Ascension realm expert? The possibility of this happening was so small that it was almost negligible. Zang Zili didn't believe it, even if he was the one with the most life.

"If you don't believe me, you can ask around. You don't have to find anyone else, you can just find the disciples of ding City Academy. They wouldn't lie on behalf of an outsider, right?" Zhuang Yifan pouted and said.

Chapter 4954 I Will Remember This

"I don't." Chang minggui shook his head decisively and looked at Lin Yi with evil intentions. "Although my wife is an Alchemist, I don't believe that a mere early stage profound Ascension realm kid can defeat her. It's useless to say anything else, unless I personally measure her strength. Otherwise, who knows if you, President Zhuang, have secretly used some tricks? With President Zhuang's strength, it's a piece of cake for you to hide it from others. "

"Oh my, zhenlord Chang is indeed a straightforward person, daring to put this kind of sh * t on this Zhuang's head in public. Speaking of which, when did this Zhuang's reputation become so good? Even you think I'm a good-tempered person?" Zhuang Yifan's expression was still calm, but he was as calm as an ancient well. Everyone present felt a great invisible pressure. Even the face of the late mountain split sect cultivator, Chang minggui, changed, and he subconsciously took half a step back.

"No, no, no, President Zhuang, you've misunderstood. This is not a pile of sh * t. My wife and son have been beaten up to this state. I just want a reasonable explanation. I don't want to be seen as a fool and a good-for-nothing. I don't think this is too much, right?" Chang minggui had no intention of backing down.

"It's not up to you whether it's too much or not," Zhuang Yifan said, shaking his head.

"That's right, this is the Alliance division's territory, so of course President Zhuang has the final say. What does President Zhuang want to say?" Chang minggui said as he looked at Zhuang Yifan.

Although he was not as powerful as the other party, he was still the town Lord of ding town. He was the number one figure in the alchemy Holy Land of the Golden class Sea area. Just like how Zhuang Yifan had asked for zang Zili's help, even the Golden class academy Alliance had to show him some respect. It should be known that more than half of the elixirs in the Golden class academy Alliance were supplied by ding town. This was why Chang minggui was so confident.

"What I say isn't important. What's important is what Master Lin says." Zhuang Yifan smiled and nodded at Lin Yi.

"Master Lin? President Zhuang is calling this Lin kid master?" Chang minggui was taken aback. Zhuang Yifan had to be someone special for him to use such a respectful title. Even a seventh level Alchemist

was not qualified. In his memory, it was the first time Zhuang Yifan had used such a title after his wife, zang Zili, became a Mystic first level Alchemist.

This meant that this Lin kid was also a Mystic first level? How could this be possible?

Zhuang Yifan didn't care about Chang mingui and turned to Lin Yi with a smile, as if he'd do anything Lin Yi said.

In fact, if it wasn't for the fact that Lin Yi had the chance to become a Mystic second level Alchemist, Zhuang Yifan wouldn't be so rude to Lin Yi even if he wanted to protect him. After all, Lin Yi was the master of the alchemy Holy Land, and he even had the wife of a Mystic first level Alchemist. It wasn't worth it for Zhuang Yifan to offend him for a Mystic first level Alchemist, but it was a different story if Lin Yi was a Mystic second level Alchemist.

Even if Lin Yi was only a Mystic second level Alchemist, it was enough for Zhuang Yifan to place his bets on him without hesitation. As for guildmason and zang Zizi, they had no value to him. If he wanted to talk to them, he could. If he didn't want to, he could just kick them aside.

At this moment, everyone's eyes fell on Lin Yi. No one knew how this young man, who was treated as an important guest by Zhuang Yifan, would respond. Zhuang Yifan and Chang minggui were both big shots in the Golden class Sea area, and this Lin Yi was a super genius who had just become a legend. It was going to be a rare show.

"You're zhenlord Chang, right?" Lin Yi looked at Chang minggui and spoke indifferently, ""You said you wanted to measure my weight?"

"That's right. Could it be that you have the guts to deal with my wife and son, but you don't dare to take it now?" Chang minggui looked at Lin Yi in disdain. He didn't believe that Lin Yi could kill zang Zili. The more Zhuang Yifan protected him, the more it proved that this guy was hiding something!

"It's not that I don't dare. Please don't misunderstand, zhenlord Chang. I'm just not interested in doing such a stupid thing. You want me, an early stage of the mysterious Ascension realm, to fight with you, a late stage mountain split realm expert? what do you think I have in my head, zhenlord Chang?" Lin Yi said with a smile, not taking it seriously.

It was only natural for him to reject the offer. He had already had a hard time dealing with zang Zizi, who was the weakest in the early stage of the mountain opening realm. Now, he had to face a late stage mountain opening realm master who was full of killing intent. Even if he wanted to die, this was not the way to go about it.

"Of course, it must be because your head is filled with sh * t. Otherwise, how would you dare to lay a hand on my wife and son?" Chang minggui sneered.

Xinyan and the others all glared at him, but Lin Yi shrugged nonchalantly and gestured for the girls to relax. They didn't need to get angry at a time like this. After all, they were all guests, and Zhuang Yifan was the only master here. Only the master's words counted.

"Returning to life, I think you're the one with sh * t in your head, right?" As expected, Zhuang Yifan flipped out in anger. He'd already said that Lin Yi was an important guest, and Chang minggui was still being so rude in front of everyone! He was clearly looking down on the president!

"Zhuang, what did you say!" Chang minggui's suppressed anger exploded. He would not have dared to provoke Zhuang Yifan like this at any other time, but now he was furious. He was never a person who could hold back. He had already controlled himself well.

"Hehe, I mean that you can leave now. Otherwise, it won't be good if you get yourself involved. I'm sure you know my temper. What do you think, Mayor Chang?" Zhuang Yifan looked at Chang minggui with a half-smile.

As soon as he finished speaking, a strong gust of wind suddenly blew in the scene. Everyone turned pale with fright. If a late mountain split expert like Chang minggui were to fight without any scruples, everyone present would be affected. In serious cases, there might even be a large number of deaths and injuries.

However, before everyone could escape in all directions, the wind stopped again. This time, it was not Zhuang Yifan who dispelled it, but he himself.

"President Zhuang, I'll remember what you did today." Chang minggui looked at Zhuang Yifan coldly, and then at Lin Yi.

At this moment, he was already bursting with anger, but he had not completely lost his mind. If he dared to start a fight here, Zhuang Yifan would even dare to kill him on the spot. Then, he would be able to extend his hand into ding town, the Holy Land of alchemy!

It was not impossible, but very possible. Perhaps Zhuang Yifan was so protective of Lin fan today to provoke him into fighting. As the chief Alchemist of ding City College, zang Zili had already fallen. If something happened to the town Lord of ding city, no one in ding city would be able to stabilize the situation. Zhuang Yifan would definitely take advantage of the situation and extend his hand. The college Alliance had long coveted this fat piece of meat.

Chapter 4955 Can't Guard Against Thieves For A Thousand Days

Thinking of this, Chang minggui couldn't help but break out in a cold sweat. Zhuang Yifan was too scary. His strength was unfathomable, and he did things unscrupulously. Once he got the opportunity, he would definitely swallow him and ding town, and not even a bit would be left.

"Take care." Zhuang Yifan's eyes were filled with regret. Chang minggui had guessed his thoughts. Of course, this was not the result of his deliberate planning. He was just taking advantage of the situation. If the other party had taken the initiative to give him such a big piece of evidence, he would definitely not be polite.

Unfortunately, Chang minggui was not a simple-minded man. In the end, he chose to restrain himself, so Zhuang Yifan could not do anything to him and could only let him go.

"Hmph!" Chang minggui glared at Lin Yi one last time, like a hungry wolf staring at a lamb. It was obvious that this guy wouldn't let Lin Yi go easily, but he had to suppress his unwillingness because of Zhuang Yifan's power.

Zhuang Yifan looked at Lin Yi as he watched Chang minggui leave, "I'm sorry to have startled you, Master Lin. However, this town Head Chang is known as a life-paying ghost. Even if you get rid of him this time, there will be a next time. Master Lin, you must be careful."

"Thank you for your reminder, President Zhuang. I know what to do." Lin Yi nodded.

"I think that Master Lin should stay for a few more days. At least in the Alliance branch, no one would dare to mess around." Zhuang Yifan suggested.

"I appreciate President Zhuang's kind intentions, but there's no need." Lin Yi rejected without hesitation.

If he was a little more timid, he might really be scared by Chang minggui. After all, it wasn't a bad thing to stay in the Alliance's branch for a while, and there was Zhuang Yifan, a Super Master in the late stage of earth creation, to ensure his safety. But if he was scared so easily, he wouldn't be the Lin Yi He was today.

"Oh, if that's the case, then Master Lin must be extra careful. Chang minggui is capable of doing anything. If Master Lin needs anything, you can call me anytime. I will not hesitate to help you." Zhuang Yifan's expression was serious. He wasn't being fake-he was really worried that something might happen to Lin Yi. After all, this was a Mystic class level two refiner that he'd bet on. If Lin Yi died, everything would be in vain.

"Then I'll have to thank President Zhuang." "It's getting late, I think we should get going." Lin Yi smiled.

"Alright, I'll send Master Lin off." Zhuang Yifan immediately stood up.

"There's no need. President Zhuang, please stay. We'll meet again." Lin Yi said with a wave of his hand as he led the way out of the hall. Chang minggui didn't seem to mind at all.

Although Lin Yi rejected him a few times, Zhuang Yifan still personally sent them to the entrance of the Alliance's branch before stopping. If it weren't for Lin Yi's repeated rejection, he would've personally sent them to the Morning Star ship.

"Master Lin, are you sure we'll be fine if we just leave like this?" Li Ren turned around and looked at the Alliance's division that was shrouded in the night. His heart trembled, afraid that Chang minggui would come out at any time.

Although they didn't say anything, Liu Ziyu and Wang Xinyan were all looking at Lin Yi with worry. It wasn't a good feeling to be targeted by a late-stage mountain split giant. The sense of danger was enough to break one's mind, let alone Lin Yi himself. Even they couldn't take it.

"If I say that there's no problem, would you believe me?" Lin Yi asked.

"That's impossible. I've never had any dealings with Chang minggui, but he's known for taking revenge for the smallest grievance. Since he's already here, he won't let this matter go." Liu Ziyu's expression was a little solemn. It was a bit too much for her to deal with a normal life with her strength. At the level of the mountain opening stage, it was easier said than done to defeat a stronger opponent.

"Indeed, I've never thought that he would let me go." Lin Yi chuckled.

"Then why did you reject Zhuang Yifan's suggestion? From the situation just now, it can be seen that Chang minggui is very afraid of him, so it should be very safe to stay with him. You can hide for a while, and then you can go to the morning stars Academy or the morning Pride Academy with Zhuang Yifan. That way, it'll be foolproof. " Liu Ziyu frowned and said with pity.

As far as she was concerned, Lin Yi was a person who always gave people unexpected surprises, but he wasn't mature enough when it came to dealing with people. It was probably his pride that made him reject Zhuang Yifan's proposal, but now was a life and death situation, was this the time to be proud?

"What aunt Liu said is right. In fact, I also thought this way, but after thinking about it, I still feel that this is not very good." Lin Yi said, shaking his head.

"What's not good?" Wang Xinyan asked.

"You can be a thief for a thousand days, but how can you be on guard for a thousand days?" Lin Yi said as he looked at them.

"You mean ..." Liu Ziyu and the others jumped in shock. If he were to reveal his true intentions, they would be scared to death. They didn't think that Lin Yi would have such thoughts.

But then again, this was an earth-shattering thing for anyone else, but for Lin Yi, he'd done a lot of earth-shattering things. Naturally, he wasn't surprised.

Lin Yi took in everyone's shocked expressions and turned to Li Ren, "By the way, I want to know if the defensive capabilities of the treasured ship can stop a late-stage mountain split expert?"

"It's hard to say. If it's running at full power, there should be no problem. But if it's just stopping here like now, with the protection array only maintained at the minimum, I think it's very dangerous." Li Ren thought for a moment and said.

"If that's the case, can I trouble Chancellor Li to help me spread the news that our treasured ship has decided to return to the Morning Star Academy early tomorrow morning? as for the other Morning Star disciples who have yet to finish their trials, I'll have to trouble you to bring them back to the Academy Alliance. Is that okay?" Lin Yi said as he pinched his chin.

"No problem. I'll do as Master Lin instructed." Li Ren promised. He knew that as long as it was Lin Yi's will, he wouldn't be blamed even if he made the decision on his own, not to mention that this was just a small matter.

"Are you thinking of ...?" Xinyan said, understanding what Lin Yi was trying to say.

"The Alliance's branch is under Zhuang Yifan's protection, so he doesn't dare to make a move. Once the treasure ship sets sail, it'll be difficult for him to break the protective array, and it'll be even more difficult for him to make a move when we arrive at the Morning Star Academy. So there's only one place left for him to make a move." Lin Yi smiled at everyone.

Chapter 4956 Quickly Escape

"The pier!" Huo yudie and the others said in unison.

"That's right, it's the pier. I've asked Chancellor Li to spread the word that we'll be returning to the morning stars Academy tomorrow morning, so they only have tonight left. " Lin Yi's eyes lit up after a pause."The time and place are confirmed without a doubt. Is there any easier fishing in the world than this?"

Everyone fell silent, shocked by Lin Yi's plan. What kind of person was Chang minggui? A late-stage mountain split giant realm expert had actually been fished up by him like a fish. His courage was truly jaw-dropping, and even Liu Ziyu was a little frightened by him.

"But even if you're going to fish, you need to have the strength to pull the fish onto the shore. It's not a small matter-if you give him the chance to bite the hook, he'll probably be dragged into the sea. Lin Yi, you'd better think about it." Liu Ziyu warned with a grave expression.

"That's right, so I can't do this alone. I need help." Lin Yi chuckled.

In the dark, Chang minggui stood on the back of the ghost-eyed Golden Eagle and looked down at the ground. He was nearly a thousand feet above the ground, so the people below couldn't detect his existence at all. However, he could rely on his powerful divine sense to monitor every move on the ground.

Suddenly, Chang minggui's eyelids twitched. There was a commotion on the treasured ship of the Morning Star Academy. He listened carefully and realized that they were going to return to the Morning Star Academy early the next morning!

"That brat surnamed Lin wants to run?" Chang minggui instantly understood the other party's intention. Because he was afraid of Zhuang Yifan, he did not want to make a move at this time. Although the dock was some distance away from the Alliance branch, it was not too far away. In name, it was still the Alliance's territory, which was Zhuang Yifan's territory.

He didn't dare touch Lin Yi in the banquet hall-this was Zhuang Yifan's territory, and even if it wasn't the Alliance Division, he had to think twice before doing anything.

Of course, he also knew that the most suitable place for him to attack was the dock, but not now. He was going to find an excuse to lure Zhuang Yifan out of the thunderclap plain Island, then he could attack at the dock without any scruples.

Unfortunately, Lin Yi didn't give him the chance.

On the deck of the Morning Star Academy's ship, Lin Yi, Wang Xinyan, and the other girls were chatting away. There was no one else around, and it seemed like they didn't care about the threat of returning to life at all.

"Is this really okay?" Wang Xinyan looked at Lin Yi, worried. Huo yudie and Huang xiaotao were the same. They looked calm on the surface, but after hearing Lin Yi's plan, their hearts had been hanging in mid-air. They were worried for Lin Yi.

If they could help Lin Yi, then so be it, but the problem was that the other party was a late-stage mountain split giant. Early-stage mysterious Ascension like them didn't even have the right to be cannon fodder. Other than worrying, they didn't know what else they could do.

"I don't know, but I have to give it a try. This is the best opportunity. If I miss this opportunity, it will be hard to find this shop again." Lin Yi wasn't confident, but he had to try no matter what. He couldn't leave such a huge hidden danger behind, or he wouldn't be able to live a peaceful life anymore if a late mountain split master were to target him.

"But ..." Huo yudie wanted to persuade him again. She was not a coward and had done many risky things on her own before. Otherwise, she wouldn't have asked Lin Yi to team up with her during the trial. It was a very risky choice in itself, but she really didn't want to see Lin Yi take that risk. Not at all.

"Don't worry. The fishing tonight looks dangerous, but it's actually relatively safe. If I can't even survive such a good opportunity tonight, I'll die by his hands sooner or later, so this is inevitable. I can only take a gamble when the odds are the best. That way, I still have a chance to win. Otherwise, there's no chance of winning at all." Lin Yi said firmly.

Wang Xinyan and Huang xiaotao didn't say anything else. They knew that it was useless to persuade him, but Huo yudie wanted to say something. She believed that Lin Yi didn't just have this one method. He must have a safer and more secure choice.

However, before Huo yudie could speak again, Lin Yi's expression suddenly turned serious and he said in a deep voice, ""The fish bit the hook!"

Before he could finish, a huge wind blade came down from the sky and smashed on the boat. A light flashed above Lin Yi and the others' heads and blocked the wind blade. It was the boat's protection formation.

But then, another huge wind blade followed closely, and the protective array of the treasured ship flickered and shattered. Although it had blocked most of the power, the treasured ship still shook violently, and the surrounding sea surface exploded with huge waves of hundreds of feet high. Just as Li Ren had said, this level of protective array could not block the late stage of mountain split.

"You guys be careful, don't interfere!" Lin Yi's voice was still reverberating on the ship, but he jumped out in an instant, rushing off the ship and towards the Alliance Division with lightning speed.

"Hmph, you still want Zhuang Yifan to save you at this time? Do you think you can escape from the Alliance Division?" Chang minggui landed on the dock with a cold Hmph, following a gust of wind as he chased after Lin Yi.

"So fast!" Lin Yi's heart jumped as he felt the terrifying aura behind him. He was using all his strength, not only using the Super limit butterfly microsteps, but also the pure energy jet technique. This was the fastest he could go.

If he were to compare his speed, he was much faster than zang Zili when he was still in the early stages of the mountain-opening stage. At least, he did not go all out when he was fighting zang Zili. He was able to toy with zang Zili with just his super limit butterfly microsteps. However, when he compared his speed to the speed of constant life reversal, the difference was like a tortoise running a rabbit.

Even though they were both sect opening Giants, Chang minggui and zang Zhili were clearly not on the same level. Chang minggui was at the late stage, while zang Zhili was at the early stage. Moreover, Chang minggui was an Alchemist at the late stage. Their abilities were at least a hundred times or even dozens of times stronger. There was no way to compare the two.

"It's indeed a big fish that wants to kill. " Lin Yi sighed to himself, but he didn't dare let his guard down at all. He was already going to be caught up by the enemy any second, and getting distracted again was no different from suicide.

But even so, the distance between the two of them shrank from a thousand feet to a hundred feet in an instant. At such a close distance, Lin Yi could already smell the killing intent from behind.

Chapter 4957 Do You Think You Can Escape?

"You're running pretty fast, but to show off your speed in front of me, a Big Shot of the wind element, did you take the wrong medicine?" Chang minggui's sinister laughter rang in his ears.

Chang minggui didn't have to get this close-he could've easily taken someone's head from a thousand feet away, but he felt that it was too easy for Lin Yi. To vent his anger, he had to crush Lin Yi's body and let him die in endless pain. Only then would he be able to make an example out of Lin Yi and let the world see what the consequences were for messing with Chang minggui!

As expected, he was a wind element powerhouse! Lin Yi had already expected this. Everytime Chang minggui appeared or attacked, he would bring along a violent gust of wind. It was reasonable for the

opponent to be so fast. After all, the wind element was a rare spiritual root attribute that specialized in speed, and Huang Xiaotao was an example.

In the next second, Chang Minggui didn't use any skills at all—he raised his hand and grabbed at Lin Yi's neck. If he had to use his signature skills against a mere Lin Yi, he'd be a joke.

He was only five feet away from Lin Yi, his whole body sticking to Lin Yi's back like a shadow. Lin Yi couldn't get rid of him at all.

However, Lin Yi never thought that he could shake off his opponent with just speed. Just as Chang Minggui's hand was about to grab him, Lin Yi turned around and released a seven element five Element killer Qi!

Putting aside their cultivation levels, the five elements killing intent was already an extremely profound martial skill. Now that it was combined with the ice and mist attributes, it was even more difficult to defend against. Zang Zili's embarrassment was proof of this.

Of course, Lin Yi didn't expect this move to cause any real trouble to the guy—it wasn't realistic at all. He only had one goal in mind, and that was to slow him down.

Accompanied by a deep dragon roar, the killing intent of seven elements and five elements shot towards General Fated. It was a head-on collision, and even General Fated didn't have time to react.

Lin Yi was overjoyed. He was worried that he wouldn't be able to hit the opponent with this move. After all, this was a late mountain split expert. His speed was terrifying. He didn't think that it would be this

easy. It seemed that the opponent was really careless. Of course, no matter who it was, underestimating the opponent was inevitable.

Chang minggui was instantly surrounded by the killing Qi. Lin Yi didn't aim to kill, he just wanted to stop the enemy. He knew that the five-element killing Qi couldn't do much to his opponent, but the ice Qi should be enough to slow down his opponent's movement, just like how he did to zang Zili.

Lin Yi didn't even look at Chang minggui's reaction-he turned around and ran, pushing his speed to the max. But before he could even take two steps, he heard Chang minggui's cold, mocking voice."With such a small trick, you can beat my wife up like that?"

The Jade's alarm went off in a frenzy, and Lin Yi didn't have time to be shocked. He subconsciously rolled to the side, and while he looked like a mess, he dodged an invisible wind blade in the nick of time. He was so scared that he broke out in cold sweat.

As expected of a late-stage mountain split giant-this guy was way too scary. The killing intent of the five elements couldn't even do anything to him. If it weren't for the Jade, Lin Yi would've been beheaded already.

"Hmph, you're quite vigilant. But with your little strength, I really can't see any place that can match the early stage of the mountain opening realm. It seems that I'm right. Zhuang Yifan must be behind this!" Chang minggui was more and more convinced of his theory. After this encounter, he was sure that Lin Yi wasn't weak, but he couldn't have beaten zang Zili up like that. There had to be something going on.

Lin Yi, of course, wasn't going to clarify things like this. From his point of view, it would be best if Chang minggui put all the blame on Zhuang Yifan. It would be best if Zhuang Yifan had no choice but to make a move, then he wouldn't have to waste so much time and effort trying to survive.

Unfortunately, even if Chang minggui suspected Zhuang Yifan, there was no way he would let Lin Yi go. No matter what, his wife and son's current state was all Lin Yi's fault. Lin Yi had to die tonight!

Lin Yi, of course, wasn't that naïve. After he dodged the wind blade, he continued to run towards the Alliance Division. This was his plan from the start, and he couldn't afford to lose it.

"Hmph, do you think you can escape?" Chang minggui furrowed his brows. The two of them were extremely fast, and although they had only met for a short while, they were only half the way to the Alliance Division. If they got too close, Zhuang Yifan would be alerted, and not only would he not be able to kill Lin Yi, but he might even get himself involved.

With a thought, the wind around Chang minggui started to blow, and a small tornado formed around him and Lin Yi, who was a hundred feet away from him.

Lin Yi instantly felt like he was stuck in a quagmire. Under the pull of the strong wind around him, he couldn't even walk, let alone maintain his original speed.

Chang minggui's voice drifted in the tornado. One moment, it felt like he was a hundred miles away, but the next moment, it felt like he was right next to his ear. "Kid, I suddenly don't feel like killing you anymore. As long as you can prove that Zhuang Yifan did something to my wife, I'll be merciful and let you live. What do you think?"

Lin Yi was taken aback, but he immediately understood what the man was trying to say. It seemed like this guy didn't like a small fry like him, and was going to use this as an excuse to target Zhuang Yifan!

That was indeed the case. Chang minggui had always been against Zhuang Yifan. Since Zhuang Yifan had taken the opportunity to target ding town, Chang minggui could also target the president of the Alliance.

Although it was not realistic for him to move Zhuang Yifan with his own strength and status, Zhuang Yifan was not invincible. As long as he went to the mystic division Sea area and found some people, he might be able to deal with Zhuang Yifan. If he was lucky, he might even be able to get the position of the president of the Alliance.

"Oh, really? It sounds good, but who knows if you'll burn the bridge after crossing it? Besides, Zhuang Yifan is such a Big Shot. If I, a small fry, go against him, wouldn't that be like an old man hanging himself?" Lin Yi said with a cold smile.

"Kid, you don't seem to understand the situation. Do you think you still have room to bargain?" Chang minggui's majestic figure loomed in the tornado, like a god of the wind, breathtaking.

Chapter 4958 True Qi Turning Into Spirit!

"Is that so?" Lin Yi smiled nonchalantly, curling his lips. "This place isn't far from the Alliance's division. Aren't you afraid that Zhuang Yifan will notice you making such a big commotion? I'm afraid that you, a late mountain split expert, are just like an ant in front of him, right?"

"Hmph, there's no need to goad me. I can't beat him, but do you think that this move of mine will cause a lot of commotion? Hahahaha, open your eyes and look at the situation outside, idiot. " Chang minggui laughed loudly. He even made the tornado weaker to let Lin Yi see.

Lin Yi looked outside. He thought that the tornado would cover a large area, but what he saw surprised him. The tornado was only between him and fated kin, and there wasn't any earth-shattering noise outside of that area. It was silent, and not even a grain of sand was stirred up.

Lin Yi jumped at the sight-this meant that this wasn't even their true strength, not even ten percent of it. It was like a cat toying with a mouse, playing with a mouse.

"What do you think, kid? Now you should understand the situation. Whether you want to live or die, make your own decision. My patience is very limited. " Chang minggui's figure slowly approached.

"Oh, really? I'm quite patient. It's rare to meet a great expert in the late stage of mountain opening like you, so how can I just end things so carelessly?" Lin Yi smiled calmly, and without waiting for his opponent to react, he sent a palm forward.

Along with a majestic dragon roar, an unprecedented killing intent of the five elements appeared. Even Chang minggui, who was behind them, was shocked and couldn't help but exclaim,""True Qi manifestation? No, I'm turning my vital energy into spirit!"

Strictly speaking, the killing intent of the five elements just now was the manifestation of true Qi. Although this was very rare for a master of the xuansheng stage, there were many geniuses in the East continent who could master this technique.

However, the five-element killing intent in front of him was not just a Dragon. It had both form and spirit, and it was a real flood Dragon!

Not only did it look exactly like a flood Dragon, but there was also something mysterious flowing in it. It was as if the flood Dragon formed by the killing Qi of the five elements had been injected with life. If one looked carefully, they would find that this thing formed an extremely profound pattern, the Fuxi Eight Trigrams.

The true energy manifestation was simply the manifestation of the true energy. Even if it looked like a flood Dragon, it was only for show. However, the true energy was different. After being injected with this mysterious vitality, it would become a real Eight Trigrams flood Dragon.

If Lin Yi was strong enough, he could keep replenishing his pure energy, and this Dragon could even exist forever in this world. In time, it would become a new powerful spirit beast.

It must be known that even Chang minggui, a late-stage mountain split expert, had never mastered such a profound and profound method. At most, he had only reached the step of true Qi manifestation. As for true Qi spirit transformation, he had never even thought about it.

Chang minggui was stunned, but Lin Yi didn't feel it at all. He didn't know anything about Qi spirit formation at all, and while the new style of the five-element killing intent surprised him, it was just an advanced version of the seven-element five-element killing intent in his eyes-eight-element five-element killing intent.

To be more precise, it was called the killing intent of the five elements and Eight Trigrams. It was something he had thought hard about ever since he fought zang Zili. In the end, he came up with the idea of arranging the eight elements in the order of the Fuxi Eight Trigrams to balance the most powerful lightning element and the other seven elements. Finally, he unleashed it in the form of the killing intent of the five elements, which was what had created the shocking scene.

After the Dragon appeared, it passed through the tornado in an instant. Lin Yi was overjoyed. He immediately rolled and crawled as he ran out with all his might.

"You're looking for death!" Chang minggui finally came back to his senses-the shock made him give up on controlling the tornado. No matter how powerful the Dragon was, it wouldn't be able to pierce through it so easily, and Lin Yi wouldn't be able to escape so easily.

Chang minggui was so angry that he didn't care if he alerted Zhuang Yifan, nor did he want Lin Yi to testify against Zhuang Yifan for him. He only had one thought in mind-kill Lin Yi.

As long as he could kill Lin Yi as soon as possible, it wouldn't matter even if Zhuang Yifan was alerted. Zhuang Yifan wouldn't go all out to fight Lin Yi for a dead man. Moreover, if they were to really fight, even if he couldn't beat Zhuang Yifan, he was confident that he could escape.

Chang minggui's speed was several times faster than before, and he caught up to Lin Yi in an instant. The eight trigrams Dragon didn't just disappear, but it suddenly appeared from behind Chang minggui and lunged at his back.

If it were anyone else, they would've suffered a great loss. However, Chang minggui didn't even look back. Wind blades suddenly appeared around him, and the eight trigrams flood Dragon was crushed into pieces before it could even get close to him.

Not only that, but Lin Yi himself didn't manage to escape either-the wind blades that came from all directions grazed his left shoulder, the wound so deep that the bone could be seen-it almost sliced his entire shoulder clean.

Chang minggui appeared in front of Lin Yi, his face filled with killing intent. Lin Yi could fight back and forth with an early-stage mountain split cultivator like zang Zili, but he was nothing in front of a late-stage mountain split cultivator like him.

"I'll slowly cut you to death, slice by slice. I wonder how long you can last. A hundred, two hundred, or three hundred?" Chang minggui sneered as he looked at Lin Yi's expression. "Don't think that you can scare Zhuang Yifan. Even if you do, you'll only die faster. Hahahaha!"

"Oh, really? Are you really that confident that I can't escape from your five fingers mountain?" Lin Yi decided to stop walking. There wasn't a trace of fear on his face, but a sense of relief, as if he'd just completed an important plan.

"You think you can escape? You don't even know that you're about to die, how can there be such a self-righteous fool in this world?" Chang minggui looked at Lin Yi pitifully as he moved his finger, sending countless invisible wind blades at Lin Yi.

"Let me correct you. I'm not the one who thinks he's smart. It might be you, Mayor Chang." Lin Yi smiled calmly, not moving away at all. He crossed his arms and looked at the man like an outsider.

Chapter 4959 Liu Ziyu's Appearance

Chang minggui's eyes sharpened as the wind blades were about to cut Lin Yi's body. Suddenly, the ground under Lin Yi's feet moved, but it wasn't Lin Yi. It was the ground made of sand and stone.

Four walls of sand rose from the ground at a speed that was hard to see with the naked eye, protecting Lin Yi's surroundings tightly. The indestructible wind blades didn't react at all when they entered the walls.

"What?" Chang minggui was taken aback-this clearly wasn't Lin Yi's doing, it was the doing of a sect opening powerhouse, and this sect opening powerhouse wasn't much weaker than him!

Chang minggui felt that something was amiss. He subconsciously tried to fly up into the sky, but his feet suddenly sank in. Two large hands made of sand and stone grabbed his feet tightly and dragged him into the ground. In the blink of an eye, Chang minggui was only left with his upper body.

"Who's playing tricks here? get the hell out!" Although Chang minggui was trapped in the sand, he quickly calmed down and shouted.

"I'm not playing tricks. I've been waiting here for a long time, chief Chang. " Liu Ziyu's figure slowly emerged from the sand, and she looked at Lin Yi with a smile.

"Who are you?" Chang minggui's face darkened.

"Oh? Does town Lord Chang want to remember my name and settle the score later? there's no harm in telling you, I'm Liu Ziyu from the proud of the morning Academy. " Liu Ziyu said indifferently.

Lin Yi smiled bitterly to himself. If it were him, he wouldn't be so kind as to reveal his real name to the enemy. What if he couldn't kill the fated kin? wouldn't he be asking for trouble?

However, as a woman, Liu Ziyu's character was extremely unyielding. She simply disdained to do things like hiding her name. If she had the guts to come and seek revenge, she could come.

If she was afraid that the other party would seek revenge, she would not be Liu Ziyu and would not be here.

"Liu Ziyu? I can't believe there's an expert like you in a place full of girls like the Academy of Morning Pride. I couldn't tell." Chang minggui furrowed his brows, which was a rare sight. He could tell from Liu Ziyu's aura that she was at least a mid-stage mountain split expert. And for some reason, she was now as strong as he was.

"No need to think about it, I've set up the nine Palace sand formation here." Liu Ziyu said as she looked at him indifferently.

"Nine Palace sand formation? No wonder!" Chang minggui suddenly understood. It was said that the nine Palace sand formation was an extremely special formation. This formation could greatly limit the strength of the opponent. His strength was only at the peak of the middle stage of the mountain split realm, or even lower!

Originally, Liu Ziyu's strength was in the middle stage of the mountain-opening realm, so it was impossible for her to compete with him. However, with the nine Palace sand formation, she had the power to fight.

"Boy, so you didn't go to Zhuang Yifan for help, but set up such a trap for me. It's really not simple." Chang minggui looked at Lin Yi coldly. He was starting to believe that Zhuang Yifan hadn't done anything to his wife. With this kid's strength and intelligence, it wasn't impossible for him to kill his wife.

"You're too kind," Lin Yi nodded faintly. It was just as Chang minggui said-this was all part of his plan. He'd let Liu Ziyu set up an ambush in the most suitable place for the nine Palace sand formation, and all he had to do was lure Chang minggui over.

This plan sounded extremely simple, but when it was actually carried out, it was surrounded by danger. Just now, if it wasn't for his strength being strong enough, if it wasn't for the jade pendant warning him, he would have died several times.

"Hmph, don't be too smug, kid. You're only verifying what I said just now, you self-righteous idiot!" Chang minggui's eyes fell on Liu Ziyu, who was full of fighting spirit, and he sneered, ""Do you really think that you can stop me by relying on this woman?"

As soon as he finished speaking, a gust of wind suddenly rose from Chang minggui's body. Although his feet were trapped, it did not stop him from making a move. Even though he was trapped in the nine Palace sand array, he did not really take Liu Ziyu seriously. In the end, even though she had the strength of the middle stage of the mountain split realm, she was just a woman.

The wind was raging, and a huge tornado instantly landed on the beach of the Thunder plain Island. At this point, Chang minggui couldn't care about anything else. He didn't want to startle Zhuang Yifan. What he needed to do now was to kill this mid mountain split woman and Lin Yi, who was hiding on the side.

"Be careful!" Liu Ziyu's expression froze as he waved his hand, signaling Lin Yi to step aside. Lin Yi's strength was comparable to an early mountain-opening master like nie Zili, but he was still useless in front of someone like the Fengming GUI. This could be seen from the two encounters just now.

At this point, the plan she had set up tonight was already half-successful, but even so, it could only slightly limit the strength of the fated kin. Whether or not she could defeat the other party in the end would still depend on her, Liu Ziyu.

In just a short moment, Chang minggui's tornado had swept up a large amount of yellow sand. From a distance, it looked like a wild sand tornado. The sharp whistling of the wind and sand made people tremble in fear.

Both Liu Ziyu and eternal life were covered in the sand tornado, and Lin Yi, who was watching from the outside, was shocked. This eternal life was strong, and he turned the situation around with one move!

The nine Palace sand array suddenly turned into a wild sand tornado. Although the strength of the fated kin was still greatly restricted, Liu Ziyu was also greatly affected. With the difference in strength between the two, the fated kin would still have the upper hand in the end when their strength was restricted.

Lin Yi couldn't help but feel a little anxious. Liu Ziyu had risked her life to come help. If something really happened to her, he would have to bear the blame. How could he face Huo yudie in the future?

However, with his strength, he did not dare to rush into the raging sand tornado. Not only would he not be of any help, but he would also become a burden to Liu Ziyu and cause her to die a worse death.

"We can only trust aunt Liu." Lin Yi prayed to himself as he gathered the power of lightning in his body. Normal attacks wouldn't work on a normal person, and even the killing intent of the five elements and Eight Trigrams wouldn't be effective. The only thing he could use now was the ultimate move, Thunder burial.

Other than the fatal flaw of needing a long time to accumulate power, lightning burial could be said to be flawless, not only was it extremely powerful, it was also extremely fast, it was impossible to defend against!

Chapter 4960 Die In Peace

Now that Liu Ziyu was holding him back, Lin Yi's move came in handy. Judging from how he was able to beat zang Zili to a half-dead state, he believed that even if it was Chang minggui, a late mountain split master, he would still be able to put him in a difficult position.

The wild sand tornado whistled again and again. No one outside knew what was going on inside. Not to mention that the naked eye couldn't see it clearly, even the divine sense could be probed inside. In fact, even if the divine sense went in, it was not a good thing. It might even cause a backlash.

After a long time, a soaring sword Qi suddenly split the wild sand tornado in two. Immediately after, the white-robed Liu Ziyu was seen spitting out blood and flying backward. A silver soft sword had appeared in her hand at some point.

Lin Yi was panicking at the sight, but then he saw that Fateless was injured as well-there was a huge wound on his chest, so deep that his bones were visible, and blood was flowing out non-stop. It looked like he was injured by the sky-piercing sword Qi!

"Hmph, looks like I've really underestimated you. I've never seen a woman who could do this. You, Liu Ziyu, are the first." Chang minggui snorted coldly. Liu Ziyu's strength had not only impressed him, but he was also speechless at the fact that this woman was even more domineering than he was. Was she even a woman?!

"That's because you're ignorant. " Liu Ziyu sneered disapprovingly. Although her strength was already very strong, and there were very few female cultivators who could match her, it did not mean that there were none. For example, the West Island master, ning Shangling, was far stronger than her.

"Is that so?" Chang minggui clenched his fist and said,""You can only be stubborn. The nine Palace sand formation has been broken by me. You will die soon. Go in peace."

With that, a half-moon shaped wind blade appeared in Chang minggui's hand. It looked no different from the move he used before, but Liu Ziyu and Lin Yi's eyes went wide when they saw it.

Bang! Bang! A deep wound appeared on Liu Ziyu's body, and his bones could be seen. He was sent flying several hundred feet away with a look of disbelief on his face. The wind blade had actually arrived in an instant!

Lin Yi's scalp went numb. The wind blades were fast, and he couldn't completely avoid them even with the Jade, but Liu Ziyu shouldn't be in such a difficult position. She was a mid mountain split, and Lin Yi guessed that she was one of the top among her peers. Otherwise, she wouldn't be able to fight with Chang minggui for so long with the nine Palace sand formation.

However, the problem was that this wind blade did not have any trajectory at all. It had just been thrown out of Chang minggui's hand, and in the next moment, it had directly appeared on Liu Ziyu's body. How could anyone dodge this?

This move was almost faster than the speed of space. The last time Lin Yi saw this was when he received the giant electric eel's Thunder inheritance. He saw a human swordsman's sword Qi shoot out in an instant like this.

Judging from the momentum alone, Chang minggui, who was in the late stage of mountain-opening, was far inferior to the human swordsman. After all, he was an existence that could fight with the giant electric eel. However, the profoundness of the two moves was exactly the same. It was enough to show that Chang minggui was not an undeserved reputation. He was indeed extraordinary!

"How is it? It doesn't feel good to be scratched by my wind blade, right?" Chang minggui grinned smugly, trying to distract his opponent. At the same time, his other hand was secretly accumulating power in his sleeve, and he quietly released another wind blade.

Bang! Bang! This wind blade directly streaked across Liu Ziyu's throat, and her head fell to the ground.

In an instant, everything in the world stopped moving. Lin Yi's eyes were about to pop out as he roared, "Aunt Liu!"

"Hmph, no matter how strong she is, she's still just a woman, nothing more than this." Chang minggui laughed proudly. However, before he could laugh, Liu Ziyu's body suddenly turned into a pile of yellow sand after falling to the ground. It was a yellow sand avatar!

Chang minggui wasn't the only one who was stunned by the sudden change-even Lin Yi couldn't react in time. He wasn't far from Liu Ziyu, but even he didn't notice when Liu Ziyu had switched to a yellow sand clone. The skill itself wasn't anything shocking, but to be able to use it to such a flawless extent, Liu Ziyu was the first person Lin Yi had ever seen!

Pfft! Liu Ziyu suddenly appeared behind Chang minggui and pierced his chest with her sword. Chang minggui's expression became more and more horrified as he stared at the bloody sword that had pierced through his chest. His face was filled with disbelief.

Lin Yi found it unbelievable as well. Liu Ziyu had given off the impression that she was bold and unrestrained, but from the moment she quietly created the sand clone to the moment she quietly appeared behind Chang minggui, her entire fighting style had completely changed. She was no longer as strong and domineering as before, but more like an assassin with an unconventional way of fighting.

"It's too early for you to say such stupid things. " Liu Ziyu's breathing was heavy.

The series of movements just now could be said to be as smooth as floating clouds and flowing water. Although it was not as amazing as the wind blade that the opponent had used in an instant, it was still flawless, especially to fool people like General Everviolet. The physical strength and true Qi consumed in the process was almost an astronomical figure, not to mention that the first wind blade had left a wound so deep that the bone could be seen.

Liu Ziyu had used all her strength to pierce through Chang Minggui's chest. She had been suppressed by her opponent even with the help of the Nine Palace Sand Array. Now, she was going all out. This was her true strength.

"Is that so?" Chang Minggui didn't fall after being hit by the sword. Instead, his aura became even more violent and powerful. A strong wind that was visible to the naked eye spread out from his body and quickly entangled Liu Ziyu behind him.

These gusts of wind were like invisible iron chains that tightly bound Liu Ziyu's body and suspended her in mid-air. Liu Ziyu's face immediately turned red. Not only was she unable to move, but one of the gusts of wind had also strangled her throat and she was suffocating.

The situation was reversed in the blink of an eye. Although Liu Ziyu's soft sword was still stuck in Fated Kin's body, with the heaven-defying vitality of a late mountain split sect Big Shot, this sword could only injure him at most, but not kill him.

On the other hand, Liu Ziyu was in a precarious situation. Not only was she suffocating, but she was also in a more dangerous situation. Any wind blade from Chang Minggui could take her life. She had no power to resist.

"I said it's nothing much, and it's nothing much. Die in peace." Chang minggui sneered as he prepared to end Liu Ziyu's life. As for the consequences of killing Liu Ziyu, he was not afraid at all. It was just a school of the proud of the Morning Star, and it was not enough to enter his eyes.
