

Bodyguard 4961

Chapter 4961 President Zhuang Takes Action

However, before Chang minggui could do anything, Lin Yi shouted from afar, ""Lightning burial!"

As he spoke, a huge pillar of lightning descended from the sky and struck Chang minggui's head. Chang minggui was a late stage mountain split expert, but he didn't even have the chance to react.

The speed of lightning was natural, and to some extent, it was the same as his wind blade. If the others couldn't Dodge his wind blade, he couldn't Dodge Lin Yi's lightning burial either.

When the lightning was buried in Liu Ziyu's body, general minggui's whole body twitched crazily from the electric shock. The layers of strong wind that entangled Liu Ziyu lost control, and Liu Ziyu finally regained her freedom and had a chance to breathe.

"I've finally made it!" Lin Yi let out a long sigh of relief as he watched the scene. The power of Thunder burial had reached the limit of his control, and it was even stronger than when he was fighting zang Zili. If it wasn't for that, he didn't think it would have any effect on the desireless.

Unlike the last time when Zhuang Yifan had dispelled the lightning, this time, the lightning burial lasted for a few breaths. The blinding light of the lightning almost lit up the area for several miles as if it were daytime.

Lin Yi and Liu Ziyu looked at Chang minggui, who was twitching in the pillar of lightning. They looked at each other with lingering fear. There shouldn't be any problems now, right?

However, before the two could relax, Chang minggui, who was in lightning burial, suddenly let out a hysterical roar. A strong wind suddenly blew in a radius of dozens of miles, and it gathered on Chang minggui's body. The huge lightning pillar was cut into pieces by the wind, and lightning burial was disintegrated.

"What a troublesome fellow!" Lin Yi's heart was beating like crazy-this lightning burial was his limit, and it was still broken by someone like this. Were all late-stage mountain split giant elites this insane?

In fact, Lin Yi didn't think that one lightning burial would be enough to kill him, but he wanted to at least cause enough damage to him. Who would've thought that it would just disintegrate like that!

Although the process of Zhuang Yifan's counterattack last time was a lot easier than this man 's, he was still a late-stage earth-opening master, after all. Lin Yi wouldn't be surprised no matter what he did, but it was a huge blow to him that Chang minggui could do this. In the end, he was still too weak.

"You have to be careful. This guy has been completely enraged. He might use you to vent his anger." Liu Ziyu warned in a low voice.

"Yes." Lin Yi nodded. Even if Liu Ziyu was injured, she was still a mid-mountain split-it wouldn't be easy to take care of her. The Thunder burial just now was the main culprit that made Fengming furious. Lin Yi knew that if he were in her position, he would most likely be the target to vent his anger.

Lin Yi and Liu Ziyu were on guard, but Chang minggui didn't go on a rampage as they expected. He whistled and jumped into the air, and a huge shadow appeared beneath his feet. It was his flying mount, the ghost-eyed Golden Eagle.

Lin Yi and Liu Ziyu were taken aback-was this guy planning on playing aerial combat? A late-stage mountain split expert actually used this kind of method, it was too shameless!

Unexpectedly, Chang minggui only glared at the two of them viciously before the ghost-eyed Golden Eagle quickly disappeared into the clouds and left.

"This ..." The battle had ended too suddenly, and Liu Ziyu didn't react in time. She looked at Lin Yi, stunned.

"It's a pity," Lin Yi only shook his head with a bitter smile. He'd already guessed the reason for the man's sudden departure-it was the most important part of his plan, after all. If he succeeded, Evol "fate would really die Here tonight, but this guy just turned around and ran without hesitation after sensing something was wrong. He really didn't know what to say.

Chang minggui wasn't a brainless idiot. He was only rough and arrogant on the surface, but he wouldn't do anything stupid at a critical moment. He was like that at the banquet, and he was like that now.

"Master Lin, I'm a little late. I've given you a shock. How are your injuries?" Zhuang Yifan suddenly appeared in front of the two, his face full of concern.

Liu Ziyu finally understood. It turned out that this person was here. No wonder Chang minggui suddenly ran away. If he didn't run, he would really die Here tonight. With Zhuang Yifan's strength, if he really wanted to kill him, he would have no way to live.

"Oh, it's nothing," Lin Yi said, shaking his head.

"I'm really sorry. I was just about to go into seclusion and take the earth stabilizing pill. I didn't realize that something was wrong until just now. I really didn't think that the guy with a fixed fate would be so bold. He actually dared to openly attack master Lin in the territory of the Alliance. If he hadn't escaped quickly, I would have made his blood splatter three feet!" Zhuang Yifan said, feeling a little embarrassed.

"President Zhuang, you don't have to blame yourself. I wasn't seriously injured anyway. It happened so suddenly, so it was normal for him to escape." Although he said that, Lin Yi's expression at the moment was a bit thought-provoking.

"No, no. For such a thing to happen to Master Lin in the territory of the Alliance, no matter what, as the president of the Alliance, I can't absolve myself from the blame. It seems that the guards should be properly reorganized. They didn't even react when such a thing happened. A bunch of good-for-nothings." Zhuang Yifan couldn't help but vent his anger.

Lin Yi and Liu Ziyu looked at each other, not saying anything. It had been half an incense's time since they fought Chang minggui, and none of the Alliance's guards had made it.

"How about this? Master Lin, the two of you will follow me to the Alliance branch. There are the best medical experts in the Alliance there. We can't delay our injuries." Zhuang Yifan suggested.

"There's no need for that. I have some medical skills, and it's more than enough to treat our injuries. " Lin Yi waved his hand.

"Oh? I didn't expect Master Lin to be an expert in medicine. " Zhuang Yifan was stunned for a moment, then he slapped his head and said,"Hey, look at my memory! Master Zhang Liju isn't just a pill God, he's also the number one medical Saint on Sky Class Island. As his last disciple, it's only natural that Master Lin's medical skills are superb. "

"Hehe, if President Zhuang doesn't have anything else, I'll be going back to treat aunt Liu's injuries." Lin Yi said with a smile.

"Right, right. Healing is more important. I'll send you guys." With that, Zhuang Yifan wrapped Lin Yi and Liu Ziyu in his pure Qi and sent them back to the Morning Star Academy's ship.

Wang Xinyan, Huo yudie, and Huang xiaotao were all waiting on the deck. They were shocked when they saw Lin Yi and Liu Ziyu with heavy injuries. They quickly surrounded them.

Chapter 4962 Zhuang Yifan's Little Thoughts

"President Zhuang, I won't be sending you off then." Lin Yi said to Zhuang Yifan, signaling for the three girls to calm down. He then helped Liu Ziyu into a special recovery room.

After Lin Yi had Liu Ziyu sit down, he immediately transferred Qi into her back to heal her. At the same time, he also healed his own injuries. Both of them were quite injured, especially Liu Ziyu, who had used up a lot of Yuan Qi. She was a bit weak right now.

"Your true Qi can actually heal people?" Liu Ziyu could feel Lin Yi's Qi rapidly healing her wounds, and couldn't help but be surprised. She had never seen such a fast healing speed!

"Yes, my zhenqi is quite unique." Lin Yi nodded. This kind of secret shouldn't be revealed to outsiders, but after tonight's battle, it'd be too heartless if he still treated Liu Ziyu as an outsider.

Just because of his sudden request, Liu Ziyu had risked her life to fight Chang minggui, who was much stronger than her. From this moment on, Lin Yi had regarded her as a real elder, an elder who he could trust with his back.

"You're really a strange person. " Liu Ziyu couldn't help but smile. Then, she changed the topic and said, "The last step of your plan just now was to let Zhuang Yifan kill the master of eternal destiny, right?"

"Not bad, but it's a pity that it fell short." Lin Yi smiled bitterly, a little dejected. From luring the enemy to setting up the formation, everything had gone perfectly, but that was obviously not enough to kill the returning life. Whether or not this plan would succeed depended on the last step-it all depended on whether Zhuang Yifan would make his move in time!

In fact, everything Lin Yi had planned was for Zhuang Yifan to attack-even the ambush point wasn't randomly chosen. It couldn't be too far away from the Alliance's branch, as it might be out of Zhuang Yifan's range, but it couldn't be too close either, in case Chang minggui decided to give up. Only the spot he chose was neither too close nor too far.

Normally, Chang minggui and Liu Ziyu had been fighting at the ambush point for so long, and the commotion was already earth-shattering, so it was impossible for the Alliance branch to not notice it. Unfortunately, Zhuang Yifan was still late, so Chang minggui managed to escape.

"After all, Zhuang Yifan is not an ordinary person. It's not easy to kill someone with his quick and sharp sword." Liu Ziyu also felt that it was a pity. Although Zhuang Yifan's reason was reasonable, neither she nor Lin Yi thought that he would be so slow. If they guessed correctly, Zhuang Yifan did it on purpose.

"Yes, I thought that a powerful person like him would put his interests first, and would most likely take this opportunity to get the permanent return, and then control Ding town. I didn't expect that he would not be moved. It is really hard to guess the mind of such a Big Shot." Lin Yi sighed.

In his mind, the alchemy skills that he had shown earlier were enough for Zhuang Yifan to try to win him over, especially when he said that he was going to break through to Mystic second level. If he were in Zhuang Yifan's position, he would definitely take this opportunity to take control of Ding town, and at the same time, he would be grateful to him. This was killing two birds with one stone, so how could Zhuang Yifan not take it?

What he didn't know was that he had been tricked by himself. If he was just a Mystic first level Alchemist, Zhuang Yifan might have really done it, but he was now a Mystic second level Alchemist in name, which made Zhuang Yifan give up on the idea.

A future Mystic class second level Alchemist-with Zhuang Yifan's current strength, he was bound to Lin Yi no matter what. If he wanted their relationship to be closer, he couldn't just ask Lin Yi for help alone. Lin Yi had to ask for something from him as well. Both of them had value to each other, and this kind of relationship could be stable.

That was why he left the threat of Evol. Geno alive on purpose-it was a way of raising a Bandit for himself, and as long as Evol. Geno appeared once, his position in Lin Yi's heart would increase even more. As long as he kept Lin Yi alive, it was a sure-win deal.

"Zhuang Yifan is a very shrewd person. You have to be careful when you deal with him in the future. Although you're already a Mystic first level Alchemist, the difference in strength between you and him is too great. It's easy for you to get into trouble." Liu Ziyu reminded him, then shook his head and sighed. "It's a pity that we let Chang minggui escape this time. Even though he's also injured quite badly and should be able to rest for a while, he won't be so easy to deal with the next time he comes back."

Lin Yi nodded in agreement. He had the advantage this time, and Chang minggui fell into the trap without even realizing it. It wouldn't be so easy the next time-Lin Yi wouldn't even have the chance to prepare, let alone trap the enemy.

"I'm actually fine here. I don't plan to stay in the East continent anyway. I'll be fine as long as I return to the North Island. " Lin Yi shook his head nonchalantly and turned to worry, "I'm more worried about you, aunt Liu. You've offended Chang minggui this time, and he definitely won't let this matter rest."

Lin Yi could just walk away, but Liu Ziyu, as the vice principal of proud of Dawn School, obviously couldn't do that. Although she was a mid-mountain split, she was still a step away from Chang minggui. With Chang minggui's vengeful personality, he wouldn't let her go.

"You don't have to worry about that. With my strength, even if I can't beat him, I can still protect myself. If he dares to come to the territory of the proud of the morning Academy and cause trouble, I'll make him shed a layer of his skin even if I don't die. Does he really think that the proud of the morning Academy is easy to bully?" Liu Ziyu said disapprovingly.

Lin Yi let out a breath of relief. He was thinking about asking Liu Ziyu to go to the North Island to lie low since Shangguan Tianhua and her were old acquaintances, but since Liu Ziyu had made her stance clear, he didn't need to do anything.

After all, he was a big Shot. Even if his strength was not as good as hers, with Liu Ziyu's personality, she was not afraid of him. Perhaps he would become her motivation to move up to the next level.

"Alright, your healing true Qi is quite useful. I'm almost done with this little injury." Liu Ziyu clicked his tongue in wonder as he signaled for Lin Yi to retract his Qi. He stood up, "Your injuries aren't light either. Hurry up and heal yourself. Don't worry about me."

Without waiting for Lin Yi's reply, Liu Ziyu left the room, leaving Lin Yi alone to heal.

Lin Yi couldn't help but shake his head with a smile. This aunt Liu was really straightforward, not at all sloppy. She was much more direct and efficient than many men, but it was fortunate that she was this kind of person. Otherwise, she wouldn't have listened to Lin Yi's orders so easily.

Chapter 4963 Come With Me For A While

It was such a bold plan. If it were anyone else, they would have to take a long time. Even if they agreed to help in the end, the opportunity would be gone.

Back to the story, the fishing plan tonight was indeed full of danger. Even Lin Yi himself couldn't help but feel a little scared. The strength of the fated kin was beyond his imagination. Fortunately, his luck wasn't bad, and the enemy had underestimated him. Otherwise, he wouldn't even be able to make it through the first step of luring the enemy, let alone wait until the end for Zhuang Yifan to make a move. He would've died to the fated kin's wind blade before he even reached the ambush point.

If it wasn't for Zhuang Yifan, he and Liu Ziyu would've had a narrow escape from the Furious guy. Zhuang Yifan did help a lot. He didn't kill the guy as Lin Yi had hoped, but he at least scared him away and saved his and Liu Ziyu's lives. Lin Yi would remember this favor.

"What?" Lin Yi inspected his body as he healed himself-his compound eight spirit root was a lot more solid than when he just broke through, and the elements were fusing even more flawlessly. Even the Qi inside him was calmer and less impetuous!

This discovery made Lin Yi overjoyed. According to his past experience, this was clearly a sign that he had completely consolidated his Mystic Ascension primary stage. How long had it been since he broke through? he thought that it would take at least three months, or even half a year.

But thinking about it carefully, this result wasn't that surprising. Actual combat was the best way to consolidate one's strength, and looking back at Lin Yi's recent battles-putting aside the same-level weaklings like Fenggui, the enigmatic resentful spirit, zang Zizi at the early stage of the mountain opening stage, and Fenggui at the late stage-every battle was a super strong one. It would be weird if he couldn't consolidate his strength even with these.

While Lin Yi was overjoyed, Chang minggui, who was on the back of the ghost-eyed Golden Eagle, was in a terrible mood.

Not only did he fail to kill Lin Yi, but he was also tricked by Lin Yi and Liu Ziyu. A sword through his chest and a lightning burial at its maximum strength-for a late-stage mountain split expert like him, this kind of injury wasn't fatal, but it wasn't a small injury that could be healed in one or two days.

What made Chang minggui even more depressed was the fact that Lin Yi was on the island, but he could only watch and not attack again. Zhuang Yifan's sudden appearance had already given him a big shock. Although Zhuang Yifan didn't stop him, who knew what he would do if he were to do it again!

Chang minggui finally understood. With his strength, killing Lin Yi would be as easy as turning his hand over, but Lin Yi had a master like Liu Ziyu protecting him. He couldn't completely crush him. If he delayed for a bit, Zhuang Yifan would definitely come to save the situation. It was almost impossible to kill Lin Yi in this situation.

However, he didn't plan on giving up just like that. According to the rumors Lin Yi had Li Ren spread, he didn't have much time left to make a move. Let alone letting Lin Yi escape back to the North Island, he wouldn't be able to make another move even if they were back in Morning Star Academy territory.

The three big shots of the Morning Star Academy were all as strong as Liu Ziyu, and the Dean, Ling Yuanqing, was even as strong as Chang minggui. If he dared to kill Lin Yi in the morning Star Academy's territory, the three big shots wouldn't be as cautious as Zhuang Yifan-they'd definitely fight him to the death. Chang minggui might even lose his life, and he didn't want to take that risk.

After thinking about it, Chang minggui felt that the best chance was still here. Before Zhuang Yifan could react, he could kill him with absolute strength, or he could even finish off that hateful Zhuang Yifan.

After hesitating for a while, Chang minggui suddenly had an idea. He immediately made up his mind and used the ghost-eyed Golden Eagle's life force to increase its speed to the maximum. The man and the Eagle quickly disappeared into the moonlight.

In the hall of the morning stars Academy's treasure ship, almost everyone on the ship had gathered due to the huge commotion earlier. As the leader of the libation team, Li Ren was busy arranging people to repair the protective array.

Although the protective array was shattered by Chang minggui's two huge wind blades on the spot, neither the main body of the treasured ship nor the protective array itself had suffered much damage. As long as it was repaired and reinjected with enough spiritual Qi, the protective array could be activated again.

"Master, how's Lin Yi?" When Huo yudie and the others saw Liu Ziyu come out, they quickly surrounded her.

"He seems to be in good shape, so he should be fine. You guys can rest assured." Liu Ziyu consoled her with a smile.

"Oh, that's good." Huo yudie and the others all breathed a sigh of relief. Then, they asked about the battle just now. Liu Ziyu naturally answered all of their questions. Although it was just a few simple words, the information revealed still made everyone break out in cold sweat and fear.

No wonder Lin Yi didn't want them to get involved. They were all in the early stages of the mystic Ascension realm, and were much stronger than their peers, but they weren't even cannon fodder in front of a fiend like Fengming. Even Lin Yi was in danger, let alone the few of them.

As they were talking, Lin Yi had finished healing and appeared in front of everyone, completely relaxed. Needless to say, he was surrounded by the girls, who checked him from head to toe and only let him go after confirming that he was fully recovered.

"I told you I'm fine, but you didn't believe me ..." Lin Yi didn't know whether to laugh or cry as he looked at his messy clothes. He looked like he'd been humiliated. Suddenly, he saw a figure in the corner of the hall and remembered what happened before. "Miss Qin Yue, is it convenient for you to come with me for a moment?"

As soon as he finished speaking, not only Liu Ziyu and Huo yudie, but even the other Morning Star disciples in the distance revealed strange looks, all of them looking back and forth at Lin Yi and Qin Yue with teasing and ambiguous eyes. If it weren't for Lin Yi's strength and status, all kinds of rumors would've been flying around.

"Me?" Qin Yue blushed as she noticed the expressions on everyone's faces. She hesitated for a bit before lowering her head and following Lin Yi.

The two arrived at Lin Yi's room, and as soon as Lin Yi sat down, Qin Yue closed the door behind him.

"What are you doing?" Lin Yi couldn't help but be stunned.

"Master Lin, thank you for the Thunder mystical pill. If it wasn't for you, I wouldn't have been able to advance to the xuansheng stage successfully. I might have been dead by now." Qin Yue said gratefully.

Chapter 4964 The Miserable Past

"Oh, this is from Jiang He and hai. You don't have to thank me." Lin Yi waved his hand.

Qin Yue gave him a deep look-she knew that Jiang He and his men wouldn't be able to take out a Thunder mystical pill, and only this legendary Mystic class Alchemist would be able to give it away so easily. Lin Yi couldn't lie to her.

"That ..." Qin Yue suddenly blushed and lowered her head, saying weakly, ""Master Lin, did you call me over to repay you?"

"What?" Lin Yi almost choked-what the hell was this? did he look that perverted?

Could it be that he had guessed wrong? Qin Yue was stunned by his reaction. He muttered to himself, "or is this Master Lin a hypocrite? he's obviously doing dirty things but he still pretends to be noble?"

Lin Yi frowned at the look on her face. He pointed at the seat across from him and spoke in a serious tone, "There's something I've wanted to ask you before. What's your relationship with those two male disciples?"

"A male disciple?" Qin Yue thought for a while and said in surprise, ""You mean Qi Dong and Chen Qiang?"

"I don't know what their names are, but I saw that you have a close relationship with them, so I asked." Lin Yi said faintly.

He'd only met Jiang He hai once, but he felt sympathy for the man who was so in love with him. Qin Yue's actions before this were too chilling, and while Lin Yi wasn't so angry about it-it was their private matter, after all-he still felt bad for Jiang He hai.

Qin Yue fell into silence and lowered her head. Lin Yi could see that she was trying her best to control herself, but she couldn't stop her sobs. The atmosphere in the room was filled with sadness and anger. It seemed like there was something more to this.

After a long time, Qin Yue suddenly raised her head and reached out to wipe the tears on her face. She said calmly with determination, ""Master Lin, if you see Jiang He hai, please help me tell him that I, Qin Yue, am dead. I've let him down."

"You're dead?" Lin Yi's brows furrowed even deeper as he said seriously, "Lady Qin, if you have anything to say, say it clearly in front of me. If you have any difficulties, you can also think of a way to solve it. Or did you really do something that let Jiang He and hai down? could it be that you're having an affair behind his back?"

"I ..." Qin Yue's expression darkened, and she choked with red eyes, ""I've indeed let him down. I'm no longer clean. I'm not worthy of him ..."

"If you knew this would happen, you wouldn't have done it." Lin Yi shook his head, feeling sorry for Jiang He and hai-the guy had to do everything he could to get a golden pill, even going so far as to ask a stranger like him to bring it over. He didn't know that Qin Yue was no longer the same Qin Yue He knew, and his love for her had been for nothing.

"I didn't want to ..." Qin Yue sobbed silently, ""I've already decided to give my life to ah hai. Even if it takes a hundred or a thousand years, I'll always wait for him, never regretting it!"

"Then how did you become like this?" Lin Yi frowned.

Through his previous performance, he believed Qin Yue's words to a certain extent. Other things aside, at least Qin Yue must have feelings for Jiang He and hai. Otherwise, she would not have asked him to give Jiang He and hai Lian medicinal pills when they were on the road to becoming a Big Shot. A golden pill of nascent condensation and an essence cultivating pill-how could a normal person give these medicinal pills away for no reason?

"Because I was ..." Qin Yue hesitated, but she took a deep breath and said the second half of the sentence, ""I've been raped,"

"What?" Lin Yi was shocked and looked at Qin Yue in disbelief. After a long time, he asked in a deep voice, ""Who is it?"

"Zheng tianguang." Qin Yue's head was lowered, but Lin Yi could clearly feel her teeth clenched when she said the name-the hatred was deep in her bones. After all, this was the person who destroyed her beautiful life and forced her to this state.

"Who is Zheng tianguang?" Lin Yi asked with a frown.

"He's a second generation cultivator in the Academy. He's the son of the Academy's number two Alchemist, Zheng Dongsheng. He used to hang out with Bao zuoliang and the others, so we can be considered to be in the same group." Qin Yue's tone suddenly became unprecedentedly calm. Like a bystander, she described it as usual, ""From the first day I came to the morning stars Academy, he had his eyes on me. After I rejected him three times in a row, he flew into a rage out of humiliation and drugged me, then did something beastly."

Lin Yi didn't say anything, but he felt that the name Zheng Dongsheng was familiar. He probably hadn't heard or seen it before, but it felt like it was related to someone he'd been in contact with.

"I have no background here, no backing. I didn't know how to resist after the incident, and I didn't know how to take revenge, so I could only seek death. However, I was saved a few times, and I gradually became numb to it." Qin Yue said calmly.

"What happened after that?" Lin Yi asked.

"Hehe, I became his plaything after that. I used my body to exchange for the cultivation resources in his hands." Qin Yue's state of mind at this time was already terrifying, and she could still laugh when talking about this kind of thing. She said with an unpredictable expression, ""Later, Zheng tianguang went to the mystic Sea, and I was targeted by a few other second generation cultivators. Since I couldn't resist, I might as well give up and use my beauty to deal with them in exchange for cultivation resources."

Lin Yi was stunned. He didn't know what to say about Qin Yue's choice. It would be too cold to say that she didn't love herself, but he couldn't say that she did the right thing.

Qin Yue saw Lin Yi's expression and shook her head with a bitter smile, "I'm already in this state anyway. There's no other way to survive. I don't want to live, but I want to do something for ah hai before I die. Even if it's just to save a few pills for him and ask someone to bring them to him, it can make up for my debt. Otherwise, I won't die in peace."

With that, Qin Yue fell into silence once more. Lin Yi looked at her sad face and sighed. He didn't agree with her choice, but it wasn't her fault that she became like this. In a place like the East Province Academy where the strong preyed on the weak, it was hard to survive without a strong backing and a strong background.

In comparison, Wang Xinyan, Huang xiaotao, and Huo yudie were much luckier than her. At least they had a strong and protective master!

Both Donghai's divine nun and Liu Ziyu were top three in their respective Academies. With their protection, even the most powerful second generation cultivators wouldn't dare to touch them. Even Bao zuoliang, the Son of the Morning Star City Lord, didn't dare to touch Wang Xinyan unless he was prepared to die at the hands of Donghai's divine nun.

Chapter 4965 A Woman With A Hard Life

Lin Yi couldn't help but rejoice at the thought-the three of them were lucky, or else who knew if the tragedy that befell Qin Yue would repeat itself on them? This was not impossible. Tian Gang and Xue Li in Nakajima were living examples.

After a long silence, Lin Yi let out a long breath, "Alright, I know everything about you. You can't be blamed for this. You don't have to blame yourself."

"Thank you, Master Lin." Qin Yue bowed slightly, but her expression didn't change much. To a woman like her, it didn't matter whether Lin Yi understood or misunderstood her. Ever since the day she gave up, she'd stopped caring about her reputation.

"But, I hope that you won't continue to wallow in self-degradation, I'll talk to Qing Danzi, he'll be your backing from now on. Also, if you run into any trouble again, you can go to Wang Xinyan and Huang Xiaotao, they won't just stand by and watch." Lin Yi paused before continuing, "you're already in the early stages of Mystic Ascension. It'll be a whole new start when you go to the mystic division. Work hard and don't give up on yourself, understand?"

"This ..." Qin Yue couldn't help but look at Lin Yi in shock. She thought that Lin Yi suddenly asked about her on a whim. She didn't think that this high and mighty Master Lin would actually take the initiative to help her. She didn't know how to react.

"As for what happened to you, I'll have a chance to relay the truth to Jiang He hai. I don't know what his decision will be, but I won't interfere." Lin Yi said with a sigh.

One was an infatuated man, while the other was a poor woman. From his perspective, he naturally hoped that the two would have a good ending, but this was obviously not something he could interfere with. Since ancient times, men had always valued a woman's reputation and integrity, especially in an ancient society like the sky Class Island. Although Jiang He and hai were infatuated, he might give up after knowing what happened to Qin Yue.

"Thank you, Master Lin. I will never forget your great kindness." Qin Yue stood up and bowed to Lin Yi, her face a little angrier than before, mixed with a bit of anxiety and nervousness. Her already-dead heart started to stir.

But even so, she didn't have much hope for the future. She was already a wilted flower, and she was satisfied to do something for the person she loved. As for other things, she really didn't dare to ask for more.

Once Hope was born, it would inevitably lead to greater disappointment, even despair. She no longer wanted to die again.

Lin Yi didn't say much-this was a mental illness, and it needed medicine to treat it. Only when she saw through it herself could everything really get better.

"I know you want to take revenge. Work hard. One day, you will take revenge with your own hands." Lin Yi paused and looked at her. "That Zheng tianguang you're talking about, if I want to crush him, it'll be as easy as turning my hand over. But I can help you this once, but I can't help you forever. He's a knot in your heart, and you can only untie him yourself."

"Yes." Qin Yue nodded silently.

"Alright, it's up to you to pick yourself up or continue to sink into oblivion. You can go back now." Lin Yi said.

Qin Yue looked at Lin Yi deeply and nodded heavily before leaving the room.

However, before she could take a few steps, the two male disciples who had an ambiguous relationship with her earlier surrounded her. They were Qi Dong and Chen Qiang, whom she had mentioned. Although their backgrounds were not as deep as Bao zuoliang 's, they could be considered as second generation cultivators.

"What's going on? When did he take a fancy to you?" Qi Dong said nervously.

"That's right, isn't it enough for him to have stunning beauties like Wang Xinyan and Huang Xiaotao? don't tell me he's going after you, a fallen flower? isn't he too perverted?" Chen Qiang complained in a low voice.

Qin Yue looked at the two in disgust. She remembered what Lin Yi said and said coldly, ""Don't come looking for me in the future. We'll mind our own business. Otherwise, don't blame me for being impolite."

"Ah?" Qi Dong and Chen Qiang were both stunned as they looked at the woman in disbelief. Qin Yue used to be very obedient in front of them. As long as they agreed to give her cultivation resources, she would do anything they asked her to do. She could do whatever she wanted, but why did she turn her back on Lin Yi after he called her once?

"What nonsense are you saying, you little B * tch? You don't want cultivation resources anymore? Or do you want us to gang-rape you?" Qi Dong immediately threatened.

"Don't think that you can escape from us just because you're in the early stages of the mystic Ascension realm. Let me tell you, with your strength, you'll only be trampled on by us in the Morning Star Academy, unless you can find a powerful backer!" Chen Qiang coldly snorted with an unkind expression.

In this test, these two were the same as most of the other Morning Star disciples-they didn't manage to break through to the mystic Ascension realm. Other than their lack of strength, it was also their bad luck

to meet the freak Lin Yi. So, the two were naturally inferior to Qin Yue, who was only in the early stages of the mystic Ascension realm. They could only use their background to scare her.

"From now on, I won't let you guys touch a single finger of mine. If you don't believe me, you can try." Qin Yue looked at the two of them coldly and turned to leave.

Qi Dong and Chen Qiang looked at Qin Yue's back with an unsightly expression. They did not dare to move because they had indeed felt something unprecedented from Qin Yue just now. It was a murderous aura.

If it were other Morning Star disciples, even if they had the strength, they might not really dare to attack the two of them, but Qin Yue was different. She was a woman with a dead heart, and she could do anything without fear. In the past, she was willing to give up on herself, but now that she had the intention to resist, she would naturally be unscrupulous. How could a woman like her not dare to kill?

"Detestable! This little hussy is rebelling against the heavens. This time, when we return, we must make her suffer. Isn't she just an early stage profound Ascension realm? what's so great about her!" Chen Qiang spat fiercely, turned to Qi Dong and said, ""With our backgrounds, it's easy to find a few martial arts masters in the morning Star City. Qi Dong, do you want to do it?"

"Hmph, I won't." Qi Dong shook his head decisively.

"Why? I remember that you're quite bold, but when did you become so cowardly? you're even afraid of a B * tch in the early stage of the mysterious Ascension realm?" Chen Qiang asked in surprise.

"I'm bold, but I'm not stupid. " Qi Dong glanced at him and pouted."There's no need to be afraid of a mere Qin Yue, but she's with Lin Yi now. Are you scared?"

"Ugh ..." Chen Qiang choked. Who was Lin Yi? he was Qing Danzi's master, a monster who could take on a mountain opening stage cultivator at the early stage of mysterious Ascension. How could he not be afraid of such a heaven-defying existence?

Chapter 4966 Preparing To Leave

One could even say that he didn't even have the right to speak in front of Lin Yi-one look from him and he'd be dead! Lin Yi didn't even have to do it himself-his dad would've already taken him to apologize!

"I don't think a Big Shot like Lin Yi would be interested in a used shoe, right?" Chen Qiang frowned. The difference between Lin Yi and Qin Yue was like heaven and earth, and Lin Yi didn't lack women by his side. Wang Xinyan, Huang xiaotao, and even Huo yudie from the school of Morning Pride, which one of them wasn't better than Qin Yue? How did the two of them end up together?

"I don't think so either, but as you can see, he just called that hussy into his room. Who knows if he's suddenly going to try something new?" Qi Dong said helplessly.

"This ..." Chen Qiang was scared. If they let Qin Yue get close to Lin Yi, even if it was just once, they couldn't mess with him again. If they made Lin Yi unhappy, they wouldn't even know how they died.

However, they had been with Qin Yue for so long, and they were unwilling to let go of her just like that. To be honest, they were quite fascinated by her. After all, she was a first-class beauty. Even if she couldn't compare to Wang Xinyan, she wasn't too far off. In the entire Morning Star Academy, there were few beauties who could be compared to her.

"Let's wait and see-I don't think Lin Yi'll be in our school for too long. Once he's gone, Qin Yue won't be able to escape!" Qi Dong said in a deep voice.

"Yes, that's the only way for now." Chen Qiang nodded in agreement.

No one knew about their conversation, and even if Lin Yi heard it, he wouldn't care. With Qing Danzi's protection, and Wang Xinyan and Huang Xiaotao's help, if Qin Yue still couldn't get rid of them, then it meant that she was too weak. Even Lin Yi couldn't help her all the time, so she had to rely on herself.

The next morning, the treasured ship of the Morning Star Academy was bustling with activity. Li Ren was packing up with a group of Morning Star disciples, ready to set sail immediately.

Although Lin Yi had told him to spread the word that he'd be returning to the Morning Star Academy earlier to lure the enemy, he couldn't go back on his word. Since the word had already spread, he had to carry it out seriously. Besides, his plan didn't work last night, and it was a good thing for Lin Yi to be able to return to the Morning Star Academy a few days earlier. He didn't have to stay here in fear.

The treasured ship couldn't set sail with just a roar. The various preparations needed to be done were very complicated, especially since the protective array had just been repaired and needed some time to test. Otherwise, if they went out to sea and found that the protective array failed, it would be a big trouble.

Lin Yi was chatting with Xinyan and the girls on the deck as they made the final preparations. Zhuang Yifan boarded the ship himself and cupped his hands, "Master Lin, the earth stabilizing pill that you made is really effective. I am really grateful."

"Oh?" Lin Yi sized him up again and found that Zhuang Yifan's complexion was much better than before. He didn't have the feeling of lacking blood anymore. It seemed that after taking the earth strengthening pill last night, his injuries had completely recovered.

Not only that, but Zhuang Yifan's aura seemed to be ready to move, which was a sign that he had a strong foundation and was not far from a breakthrough.

If he did not have such a strong foundation, Zhuang Yifan would not have tried to break through to the peak of the late stage of earth creation last time. Now that the earth stabilizing pill had smoothed out his old injuries and greatly stabilized his strength, he might be able to make further progress in no time.

"Hehe, then I really have to congratulate President Zhuang. You've improved even further. This is worthy of celebration." Lin Yi said with a smile.

"It's all thanks to Master Lin. If it wasn't for you, I wouldn't have been able to get rid of such a huge problem. Master Lin is really my destined benefactor." Zhuang Yifan laughed.

"President Zhuang, you're too kind." Lin Yi said faintly.

"You're not being serious at all. I'm really ashamed. Master Lin has helped me so much but I can't give him anything in return. I'm really ashamed just thinking about it." Zhuang Yifan forced a smile.

In the mystic division sea, asking a Mystic class first level to help with refining was a huge price-the price couldn't be measured in spiritual Jade. Most of the time, it could only be repaid by bartering or doing something for the other party. He didn't give Lin Yi the corresponding treasure or do anything for Lin Yi, which was against the rules.

"You're too kind. Compared to pill refining, President Zhuang has helped me a lot more. I'll remember all of them and won't dare to forget them. " Lin Yi said seriously.

This was not a polite remark. Not only did Zhuang Yifan help him suppress the crime of causing trouble in the Alliance's territory, but he also blocked the ill-intentioned people's return at the banquet yesterday. In addition, he also promised to matchmake the Morning Star and Morning Pride Academies. All these things added together were enough to make up for the price of One Earth strengthening pill.

"It's just a small matter. How can it be compared to a major event like pill refining? Master Lin, don't make me feel bad." Zhuang Yifan pretended to be embarrassed, but he was actually secretly happy.

Although these were all small things he did in passing, but each and every one of them counted as a favor, and when added together, it wasn't light at all. To be able to make Lin Yi remember him was already a benefit in itself.

"Hehe, this is a small matter in President Zhuang's eyes, but to me, it's a matter of life and death. President Zhuang, don't be too humble." Lin Yi said with a smile.

"It's not that I'm being humble, but Master Lin is being too polite. " Zhuang Yifan was determined to get on Lin Yi's good side. He lowered his attitude and was very sincere. After all, Lin Yi wasn't a normal Mystic first level refiner, he had the chance to break through to Mystic second level. He had a lot of support in the future.

"Alright, let's not be so polite anymore. It's too distant. I feel like I've hit it off with President Zhuang at first sight. How about we treat each other as equals and treat each other as friends in the future? what do you think, President Zhuang?" Lin Yi suggested.

"Alright, Master Lin's words are just what I wanted. To have a friend like you is my greatest honor." Zhuang Yifan was overjoyed.

"President Zhuang, you're wrong. I just said we're friends, but you're being so polite again." Lin Yi chuckled as he shook his head, feigning anger. "Friends should speak their mind. President Zhuang, if you continue to be like this, I won't be able to match up to you as a friend."

"Sigh, it's all my fault. Master Lin, please don't take it to heart. I'll change in the future, alright?" Zhuang Yifan quickly smiled and tried to salvage the situation.

Chapter 4967 Henaten

"That's more like it. Since we're all friends, we can't just keep calling him Master Lin. In the future, Chairman Zhuang, you can just call him by his full name. If not, you can just call him little brother. " Lin Yi said with a smile.

"Alright, I'll call you lil bro Lin then. But if that's the case, you don't have to call me President Zhuang. Since we're of the same generation, you can call me big brother Zhuang. How about that?" Zhuang Yifan immediately said.

"You're the Big Brother. " Lin Yi laughed.

The two were trying to get closer to each other, calling each other brothers in a few sentences. Zhuang Yifan was many times older than Lin Yi, but he maintained the appearance of a young man. The two of them really did look like brothers when they stood together.

Zhuang Yifan finally stopped hiding and said directly, ""Lil bro Lin, there's something I wanted to ask you last night, but I was afraid it'd be too sudden. Since we're friends now, I'll just be Frank-how confident are you in breaking through to Mystic second level?"

"I can't say for sure. Although I'm pretty sure about it, no one can be sure until it's successful. Don't you think so, big brother Zhuang?" Lin Yi smiled faintly.

"That's true," Zhuang Yifan nodded repeatedly, overjoyed at Lin Yi's confidence. Seven to eight out of ten, didn't that mean Lin Yi was very confident?

If it was someone else boasting like this, Zhuang Yifan would've scoffed at it, but Lin Yi was different. The earth strengthening pill he'd taken had already proven his skills, not to mention that he was the last disciple of Zhang Liju, the God of alchemy. Reaching Mystic second level was only a matter of time-there was nothing to be surprised about.

"From what you're saying, brother Zhuang, do you need a Mystic second level pill?" Lin Yi asked.

"That's right. To be honest, after taking your earth stabilizing pill, I've recovered to my peak. I'm only one step away from the peak of the late stage of earth creation. After that, I'll be at the great circle of earth creation." Zhuang Yifan admitted.

"That's a good thing. When you complete the earth splitting stage, brother Zhuang can start to break through to the sea splitting stage. " Lin Yi couldn't help but feel a little excited as he spoke.

Reaching the sea-shattering realm meant that he wasn't far from the five poison Dragon or the giant electric eel he'd seen before. Unfortunately, Lin Yi himself was only at the early stage of the mysterious Ascension realm. He was still a long way from the mountain-opening realm, let alone the sea-shattering realm.

"That's right. That's true. However, it's very difficult to break through to the sea splitting stage by relying on one's own strength. One still needs the assistance of medicinal pills." Zhuang Yifan frowned slightly.

"What pill? As far as I know, after reaching the nascent Soul Stage, medicinal pills can no longer be used to break through a large realm, right?" Lin Yi asked curiously.

"Yes, the pill I'm talking about is called the accept sea pill. It's not used to break through barriers. It's actually just an auxiliary pill, just like the Thunder profound pill." Zhuang Yifan saw that Lin Yi didn't quite understand and explained, "When you try to break through to the mysterious Ascension stage, you need to use the Thunder profound pill to resist the Thunder tribulation, but it's not necessary to use the Thunder profound pill. If you are strong enough, you can rely on your own strength to withstand it. The same logic applies to the sea acceptance pill. It's not necessary to have it, but it can make the breakthrough smoother, that's all."

It dawned on Lin Yi-this meant that the pill itself couldn't be used to break through to the sea shattering realm, and the entire process still depended on one's strength. The pill was just like the Thunder Mystic pill, providing a better environment for breaking through.

"If that's the case, could it be that there are heavenly tribulations such as lightning tribulations when one breaks through to the sea splitting stage?" Lin Yi asked.

"That's not the case. One lightning tribulation is enough. How can it come every time? otherwise, wouldn't the heavens be busy?" Zhuang Yifan laughed and explained, "the welcoming of sea pill is not used to resist any divine punishment. It is a miraculous elixir used to transform our physical bodies. It can transform our dantian into a vaster elixir sea. This elixir sea is the first step to breaking through to the sea splitting realm."

"So that's how it is. Then does this pill sea need to take the all in sea pill to form?" Lin Yi asked again. The damn thing was in seclusion these days, and he had no one to ask this kind of question to. He could only go after Zhuang Yifan.

"That's not necessarily the case. In fact, even if we don't use the henna pill, we can still transform it bit by bit with our own strength. It's just that this process is very difficult and long. If you lack talent and perseverance, it's basically very difficult to succeed. Even if some people persist and succeed in the end, they miss the opportunity to break through because they drag on for too long. They will never be able to advance to the next level in their lives. But using the henna pill can save them this long process." Zhuang Yifan patiently answered every question he asked.

"Thank you, big brother Zhuang, for explaining. I'm sure this welcoming sea pill is a Mystic second level pill, right?" Lin Yi guessed.

"That's right, you can't buy this pill in the entire golden sea region. You'll have to prepare the ingredients and ask someone to make it for you, but it's very hard to find a Mystic second level refiner. Even in the mystic Sea region, they're very rare, let alone in the Golden sea region. So I can only place my hopes on you, lil bro Lin. " Zhuang Yifan forced a smile.

In the entire Golden Division sea, there was only one Mystic first level refiner, and he was beaten half to death by Lin Yi. Zhuang Yifan couldn't find anyone to help him. It wasn't impossible to go to the mystic division sea, but he didn't even know a Mystic second level refiner. Why would he help him?

And so, Lin Yi, who was about to break through to Mystic class level two, was his only hope. This was why he was so polite to Lin Yi. Otherwise, as a Grand late-stage earth creation master, he wouldn't lower his attitude to Lin Yi even if he had to be polite to him. At least, he wouldn't call Lin Yi a younger brother.

"Since big brother Zhuang thinks so highly of me, I can't let you down. When I break through to Mystic second level one day, you can count on me for your welcoming of sea pill." Lin Yi promised.

He believed that with the Shennong cauldron's condition, it wouldn't be difficult to make the welcoming of sea pill. First, it would be the solidifying earth pill, then the welcoming of sea pill. This way, Zhuang Yifan would definitely value him more. By then, Zhuang Yifan might have already reached the sea shattering stage. He was a super helper, so how could Lin Yi let him go?

"Good, lil bro Lin is indeed a person who values friendship. It's my good fortune to have a friend like you." Zhuang Yifan was overjoyed. He said seriously, "I'm not one to make promises, but I'm going to make an exception today. From now on, anyone who dares to harm brother Lin will be my enemy. "

Chapter 4968 Fight If You Want

"Thank you, big brother Zhuang!" Lin Yi was also overjoyed. If he'd gotten Zhuang Yifan's promise last night, he wouldn't have had to spend so much effort to set up evergods, and all his efforts wouldn't have gone to waste. As long as Zhuang Yifan was willing to help, even ten evergods wouldn't be enough to kill him.

But thinking about it, this was only possible after Zhuang Yifan had taken the earth stabilizing pill. This was also human nature.

"Haha, I've always regretted not meeting you earlier since the first time we met. Now, this feeling is getting stronger and stronger. Come, come, come, let's have a drink to celebrate. It'll also be a way to send you off, brother Lin." Zhuang Yifan suggested.

"Alright, I'll get someone to make the arrangements." Lin Yi immediately called Li Ren over. They hadn't set sail yet, so he decided to strike while the iron was hot and get closer to Zhuang Yifan. After all, he would be a powerful helper in the future.

However, before the food and wine arrived, there was a sudden noise outside the ship. The familiar howling of the wind from last night came again. Lin Yi and Zhuang Yifan were both startled. Could it be that the return of life was here again?

"Brat surnamed Lin, come out and face your death!" A ferocious voice echoed outside the ship. It was indeed the return of life.

Lin Yi wasn't surprised when he heard the voice. He was just worried that this guy wouldn't leave. He didn't expect him to come to him now. Coincidentally, Zhuang Yifan had just said those harsh words. This guy was ready to jump out and test Zhuang Yifan.

"Let's go out and take a look. " Zhuang Yifan's face darkened, and he immediately led the way out of the cabin.

There was a huge ghost-eyed Golden Eagle in the air with Chang minggui on its back. However, there was another person with him. He was a middle-aged man with long hair and a black beard.

Lin Yi, Liu Ziyu, and the others were all shocked. Chang minggui was already a tough guy to deal with, but the middle-aged man standing next to him was way stronger than him. He didn't look like an opening Mountain Master, but an earth-splitting master like Zhuang Yifan!

"Chang Tianwen!" Zhuang Yifan's eyes twitched as well, and he revealed the middle-aged man's name.

"Hehe, it's been many years. How have you been, President Zhuang?" Chang Tianwen's face was filled with mockery and pride. It seemed that the two of them had some past conflicts, or at least they were not friends who walked the same path.

"What are you doing here instead of staying in the mystic division sea? This is the territory of the yellow Class academy Alliance. According to the rules, you have to inform us before you come. Isn't it a little too unruly to barge in like this?" Zhuang Yifan said in a deep voice.

"So many years have passed, but President Zhuang is still as unfeeling as ever. For people of our level, what's the use of these rules?" Chang Tianwen pursed his lips and smiled disapprovingly. Then, he said, ""I'm here to seek justice for my brother, Chang mingui. I heard that his wife and son were beaten half to death. Shouldn't you do something as the president of the Alliance?"

Lin Yi and the others understood-this guy was Chang Mingsheng's brother, after all! He was just looking for his parents after getting the short end of the stick! As expected, late mountain opening realm experts were human too-they thought the same way as normal people did.

"This is their own private fight and they made it clear. The Alliance of Academies doesn't need to interfere and can't. They can only blame themselves for their own lack of strength. Who can they blame?" Zhuang Yifan snorted coldly without mercy.

"He asked for it? Is this what you mean? But why can't I believe it? a mere early stage xuansheng could defeat an early stage mountain split cultivator? I've never heard of this in the mystic division Sea area. Could it be that this small place is even more powerful than the mystic division Sea area? I really suspect that you, Zhuang Yifan, are behind this!" Chang Tianwen sneered.

"Oh, really? It looks like you're not here to seek justice for someone, but to cause trouble. But I'm curious-you lost to me when we competed for the position of President at the mystic division sea, so where did you get the confidence to cause trouble in my territory? did you break through again?" Zhuang Yifan looked at Chang Tianwen coldly.

Hearing this, Chang Tianwen's face darkened. He had lost to Zhuang Yifan in front of everyone at the mystic division sea. It was a shame of his life, and a scar that no one could open.

"Hmph, don't say stupid things like you've lost to someone else. If I hadn't underestimated you, you wouldn't have been the president of the yellow Class academy Alliance." Chang Tianwen pouted and said in disdain.

"In that case, this Zhuang has to thank Your Excellency for showing mercy back then?" Zhuang Yifan's face was filled with mockery.

Chang Tianwen's face became more and more unsightly. Whether it was background or strength, he had always felt that he was better than Zhuang Yifan. Back then, when others compared the two of them, he had even disdained it and even said on the spot that Zhuang Yifan was no match for him. In the end, he found out that he was no match for Zhuang Yifan at all after the fight. He still felt extremely humiliated by the mocking eyes of the crowd at that time, and he still remembered it.

"After you became the president of the Alliance, your strength didn't improve, but your mouth has become much sharper. Congratulations." Chang Tianwen sneered and said, ""I'm definitely going to have this Lin kid today. President Zhuang, if you're not behind this, you wouldn't have stopped me, right? After all, according to what you just said, this is a private matter between us, isn't it?"

"Whether it's a private matter or not, it's not up to you. It's up to my brother Lin. As long as he doesn't agree, he's a part of the Alliance of our schools. I can guarantee that you can't touch him." Zhuang Yifan said lightly.

"Brother Lin? You, Zhuang Yifan, are a late-stage earth-splitting expert, and yet you're talking to this young kid as your peer. Don't you feel ashamed?" Chang Tianwen laughed out loud. Seeing Zhuang Yifan's unmoved expression, he said coldly, "So you're saying that you're protecting him?"

"Not bad." Zhuang Yifan nodded without hesitation. Even if he didn't have a grudge against Chang Tianwen, he wouldn't let Lin Yi fall into his hands. After all, Lin Yi was his biggest hope for breaking through to the sea shattering realm.

"Then there's nothing more to say. I didn't want to take advantage of you, but you forced me to do this." Chang Tianwen laughed. Then, a monstrous pressure suddenly pressed down from the sky, and the huge Morning Star treasured ship sank. It was pressed down by this incomparably powerful pressure, and the originally calm sea became turbulent.

"If you want to fight, then let's fight." Zhuang Yifan's face darkened, and the powerful pressure on the Morning Star ship disappeared. He jumped up and said, ""If you want to fight, then fight outside. Otherwise, if you destroy my Alliance branch, you won't be able to handle the wrath of the Xuan class academy Alliance!"

Chapter 4969 Victory At The Start

"Alright, I'm going to wash away my previous humiliation today. I'll let you have a good look at the methods of I, Chang Tianwen!" Chang Tianwen immediately laughed and chased after him.

Both of them were great experts of the late stage of earth creation. Once they got serious, their power would definitely destroy the world. Not to mention the dock under their feet, even the entire thunderclap plain Island would be affected. No one could bear the consequences. Therefore, the two of them could only fight in the vast sea. Only there could they display their strength to their heart's content without any scruples.

The two quickly disappeared from sight, leaving only Chang minggui and Lin Yi.

"Town Head Chang, the two of them have already made their move. Shouldn't we have another fight? we didn't have a good time last night, did we?" Lin Yi said as he looked up at Chang minggui.

"Hmph, you don't have to be so anxious when you die!" Chang minggui's face was unmoved-he wanted to kill Lin Yi right now, but not now.

He couldn't eat hot tofu in haste. After all, the incident here would soon spread out, and the Masters of the Alliance's guards would soon arrive. If Liu Ziyu, a mid-stage mountain split master, was added to the mix, he didn't even have the slightest chance of winning. He might not even be able to escape.

"Hehe, even the arrogant and despotic zhenlord Chang has times when he's afraid. Could it be that you're afraid that your clan brother can't beat President Zhuang, so you're afraid that he'll come back to settle the score with you?" Lin Yi smiled faintly.

"Don't be too proud of yourself, boy. Since I specifically asked my family brother to come here, he must have the confidence to deal with Zhuang Yifan. Once Zhuang Yifan is defeated, your life will be in my hands. If I were you, I would not waste my breath trying to be brave. Instead, I would quickly think about how to plead for mercy. " Chang minggui sneered.

"From what you're saying, it seems like you have a lot of confidence in your clan brother, but from what the two of them said just now, how did he lose to President Zhuang back then?" Lin Yi said faintly.

"That was then and this is now. My brother lost once, but it doesn't mean he will lose again!" Chang minggui looked down at Lin Yi's group and said arrogantly, ""You guys don't know yet, but Zhuang Yifan and my brother are both Masters of the late stage of earth-opening realm. But this time, Zhuang Yifan will definitely lose because he's injured!"

"How did you know?" Lin Yi looked at him with interest. This was a top secret, and Zhuang Yifan wouldn't easily reveal it. Otherwise, his enemies would come to him, and it would be a headache.

"Hehe, it's good for me anyway, so there's no harm in telling you. Zhuang Yifan asked my wife to make the earth strengthening pill, and it's a Mystic class level one pill used to heal injuries and strengthen one's body. If he wasn't injured, why would he spend so much money to get someone to make such an obscure pill?" Zhuang Yifan said proudly.

"So that's how it is. No wonder you're so confident, zhenlord Chang." Lin Yi smiled and looked at him."But there's some bad news. President Zhuang told me today that he's completely recovered from his injuries and has returned to his peak condition. I'm afraid you're too late for your wishful thinking."

"Bullshit! He needs an earth solidifying pill to heal his injuries, and my wife is the only Mystic first level refiner in the entire golden class Sea region. Where did he get the earth solidifying pill? Kid, even if you

want to Bluff, you'd better think first. Do you think everyone else is a fool like you?" Chang minggui looked at Lin Yi as if he was looking at an idiot.

"Oh? Don't you know that I'm a Mystic?" Lin Yi said, feigning surprise.

"You?" Chang minggui was taken aback. He really did not know about this. His first reaction was that the kid was bluffing. He immediately laughed and said,""A little kid like you can be a Mystic first level? Kid, don't make me laugh!"

"I really didn't think that the great town leader Chang would be so out of touch with the news. Even if you've never heard of this, don't you find it strange that someone of Chairman Zhuang's level would treat a junior like me so differently?" Lin Yi said with a smile, not thinking much of it.

"Uh ..." Chang minggui was stunned. To be honest, he was also curious why Zhuang Yifan would protect this unknown kid. Apparently, he was from the North Island. Chang minggui thought he was a relative of Zhuang Yifan, but could he really be a Mystic first level Alchemist?

"Hehe, I don't need anyone to prove whether my words are true or false. We'll know just by waiting here." Lin Yi smiled faintly and ordered Li Ren to set up a table on the deck. He was actually treating Wang Xinyan and the girls to breakfast, not taking this late mountain split master seriously at all.

Chang minggui was so angry that he almost fell off the ghost-eyed Golden Eagle's back. After a long while, he snorted,""Then let's wait and see!"

The atmosphere was tense, but neither Lin Yi nor Chang minggui had the intention to fight. They knew that they didn't have the power to make the decision, and as long as Zhuang Yifan and Chang Tianwen decided who would win, the dust would be settled on their side.

Of course, there was another important reason why they didn't fight-they didn't have the confidence to defeat each other. Esper wouldn't risk being surrounded by the Alliance's guards, but Lin Yi didn't know what to do with them. At least from last night's fight, he and Liu Ziyu couldn't pose a threat to Esper.

The two sides were in a stalemate-Lin Yi and the girls were having breakfast and chatting away, while Fengming could only watch from the sky.

An hour later, Zhuang Yifan and Chang Tianwen suddenly appeared in the sky above the crowd. There was no sign of injury on their bodies, but at this moment, their Qi was completely different. Zhuang Yifan was still as calm as usual, while Chang Tianwen was obviously in a mess. It was obvious that he was at a disadvantage in the battle just now.

"How is my brother?" Chang minggui quickly asked.

"Let's go!" Chang Tianwen's face turned ashen. He used his Zhen Qi to sweep up the ghost-eyed Golden Eagle and Chang minggui and disappeared into the thick clouds in the blink of an eye.

"Congratulations, big brother Zhuang. It looks like you've won the first battle." Lin Yi smiled as he greeted Zhuang Yifan.

"Hehe, this Chang Tianwen is not my opponent in the first place. If I hadn't recovered from my injuries, there might still be some suspense. He's only asking for trouble by rushing over at this time." Zhuang

Yifan was in a good mood. At his level, he rarely fought with others. Today's battle was quite enjoyable. His peak condition had obviously improved because of this battle, and there were some signs of a breakthrough.

Chapter 4970 Returning To Morning Star

"It's all thanks to big brother Zhuang for helping me out. Otherwise, I'm afraid I wouldn't have been able to escape death today. " Lin Yi cupped his hands gratefully. He could still come up with a way to trick Chang Tianwen, but against someone like Chang Tianwen, no matter how good a plan was, it was useless. The guy could kill him with a finger, so what was the use of a plan?

"What are you saying, lil bro Lin? with our relationship, do you think I'd just sit back and do nothing?" Zhuang Yifan pretended to be dissatisfied and waved his hand. He sighed and said, "It's a pity that I can't help you deal with Chang minggui today. After all, Chang Tianwen is a late stage earth splitting expert. Even if I could defeat him, I wouldn't dare to kill him. Otherwise, if he were to fight to the death, all of you would suffer. I can't take this risk. "

"It's fine. I'm already very grateful that you've helped me survive today's disaster. " Lin Yi shook his head with a smile, making up his mind to leave the East continent as soon as possible. If Chang minggui and Chang Tianwen came back again, Zhuang Yifan was the only one he knew who could stop them, not even the three morning Star magnates. Only by leaving the East continent could they escape.

"En, but you don't have to worry too much. I've already spoken to Chang Tianwen. If he dares to touch you, I'll personally go to the mystic division sea to fight him for another 300 rounds. I believe he won't do anything rash in the short term. However, it's hard to say if he'll be able to return safely. This person's personality is unruly, and he's suffered such a big loss from you. I don't think he'll just stop here. You should be more careful in the future." Zhuang Yifan reminded him.

"Thank you, big brother Zhuang." Lin Yi nodded. Li Ren came to report that everything was ready, and they could set off at any time. Lin Yi said goodbye to Zhuang Yifan immediately.

Zhuang Yifan wanted Lin Yi to stay for a few more days, but the situation was special. Every day Lin Yi stayed here meant that it would be more dangerous when he went back in the future, so he didn't ask him to stay.

On top of that, Lin Yi had another matter to attend to—he had to say goodbye to Liu Ziyu and Huo yudie. Although Zhuang Yifan had stepped in to vouch for them, and the reconciliation between the two academies was a foregone conclusion, the two of them couldn't just follow Lin Yi to the morning stars Academy like that. Not to mention that Liu Ziyu was the person in charge of the Academy's team. They had to wait until all the students from the Academy were present before they could return.

But according to Lin Yi's plan, after he returned to the Morning Star School to deal with some follow-up matters, he'd go to the soaring Cloud School and the pride school before leaving the East continent. They'd be able to meet again soon, and he wouldn't be too reluctant to leave Huo yudie.

Everything was ready. Under the gaze of Zhuang Yifan and the others, the Morning Star treasured ship set sail slowly with the deep and melodious bugle.

At the same time, Chang minggui, who was on the back of the ghost-eyed Golden Eagle, finally mustered up the courage to ask, "Brother, did you fight Zhuang Yifan?"

Chang Tianwen snorted and became angry at the mention of this. He pointed at Chang minggui's nose and said angrily, "What did you tell me before? you said that Zhuang Yifan was injured, and it was so serious that he needed the earth stabilizing pill to stabilize his realm. But when I fought with him just now, I found that he was in his peak condition, and even improved a little compared to the last time. How do you explain that?"

He had agreed to fight Zhuang Yifan this time, but the most important condition was that Zhuang Yifan was injured. Otherwise, he would not have come all the way from the mystic Sea to look for trouble, knowing that he was no match for Zhuang Yifan. He had been tricked by the return of life.

"Brother, calm down. I didn't think of this either. Zhuang Yifan tried so hard to get my wife to help him make the earth strengthening pill, but who knew that Lin kid was also a Mystic first level Alchemist. Zhuang Yifan already got the earth strengthening pill from him, and his injuries suddenly recovered ..." Chang minggui said weakly, his head drooping.

"Hmph, fortunately, we're in his territory. Zhuang Yifan is afraid that I'll destroy his Alliance branch. Otherwise, I'll be in big trouble this time! If you can't even get such important information, you'll only ruin things!" Chang Tianwen glared at him in dissatisfaction.

"Clan brother, please calm down. This time, it was indeed this little brother's fault. I've caused you trouble." Chang minggui quickly apologized, and when he saw Chang Tianwen's expression ease up a little, he carefully said, "In the end, it's all that Lin Yi's fault. If he didn't make the earth strengthening pill for Zhuang Yifan, how could Zhuang Yifan be your match?"

"En, according to what you've said, that kid is quite a talent. He's a Mystic class first level Alchemist at such a young age, and he's able to beat an early stage mountain splitter with his early stage Mystic Ascension strength. He's not an ordinary person-if you don't nip it in the bud, you'll be in big trouble in the future!" Chang Tianwen nodded and said.

"You're right, brother. That's why I also thought that we shouldn't delay this matter. But it looks like that brat will be returning to the Morning Star Academy soon. Should we catch up and kill him?" Chang minggui suggested.

"This is your own business, why are you telling me?" Chang Tianwen glanced at him indifferently, as if he had nothing to do with it.

"Uh ... I need your help, brother. I can't handle this alone. The Morning Star Academy doesn't have a master like Zhuang Yifan, but the three big shots aren't weak either. I have no chance of winning against all three of them. I need your help to suppress them, brother. Otherwise, I'll have to watch that Lin Yi kid get away with it," Chang minggui asked.

"If you can't even handle such a small matter, what use are you?" Chang Tianwen glanced at him and said in the same tone, ""It's still reasonable for me to help you deal with Zhuang Yifan. After all, he's a late-stage earth creation expert. Have you been kicked in the head by a donkey? even if you don't want your face, I do!"

"But ..." Chang minggui tried to fight for it. After all, no matter how arrogant he was, he did not have the confidence to face the three morning Star Almightyies alone.

"No buts, this ends here. As for whether or not you can kill that Lin Yi, that's your business, it has nothing to do with me. Do you understand what I'm saying?" Chang Tianwen frowned and said.

Chang minggui choked for a moment before nodding his head. Since Chang Tianwen wasn't going to help, then he had to rely on himself. He had to find a chance to give it a try no matter what, or else he wouldn't give up.

Three days later, Lin Yi and the group returned to the Morning Star Academy without any surprises. Ling Yuanqing led all the higher-ups of the Academy and put on the grandest welcome. Lin Yi was undoubtedly the main character.

In fact, strictly speaking, the results of the Morning Star trial this time weren't ideal. Other than Wang Xinyan, who had the most confidence in her abilities, all the other disciples had been wiped out. This was something that had never happened in the past few decades.
