Chapter 4971 Alchemist Number Two

If it was in the past, Ling Yuanqing wouldn't be in the mood to welcome them personally even if he wasn't angry at such a terrible result. But it was different this time. The test results weren't ideal, but because of Lin Yi, the Morning Star Academy benefited a lot more from other aspects than the road to Big Boss test!

Everything else aside, Lin Yi had already made a huge contribution by allowing the people of the morning stars Academy to sit at the main table. This meant that the morning stars Academy would receive Zhuang Yifan's full support from now on, and it would only be a matter of time before it became a super golden class academy. This was something that Ling Yuanqing couldn't achieve in decades.

On top of that, Lin Yi had also sent Zhuang Yifan to talk about the two schools. Although there were all kinds of discussions within the school, it was still a great achievement. Anyone with a long vision could see that it was beneficial to both sides. This was a rare event for both morning Star and Morning Pride school.

"Master Lin, you've worked hard this time. On behalf of everyone, I thank you for everything you've done for the morning stars Academy. You'll always be the benefactor of the morning stars Academy!" Ling Yuanqing said excitedly.

"Dean Ling, you're really putting me to shame. I've been bothering the Academy for so long, so it's only right for me to do something for the Academy." Lin Yi said humbly.

"Master Lin, I have a presumptuous request. I want you to be the honorary Dean of our Morning Star Academy. Would you be willing?" Ling Yuanqing suddenly suggested.

"Well ..." Lin Yi, Xinyan, and xiaotao looked at each other. There were quite a lot of people here who were related to him, and it wasn't a bad thing to get an honorary Dean title. He nodded after some hesitation,""Since Vice Principal Ling is so kind, then it would be impolite for me to decline."

"Alright, alright. I've already gotten someone to prepare a celebratory feast. Not only is it to celebrate Master Lin's success, but it's also to celebrate the new honorary Dean. Master Lin, please!" Ling Yuanqing said immediately.

"Please, Vice Principal Ling." Lin Yi nodded with a smile. He noticed that Ling Yuanqing's attitude towards him was getting more and more polite. Lin Yi felt helpless, but he knew that it was inevitable. After all, even someone like Zhuang Yifan had to treat him as an equal, so how could Ling Yuanqing continue to be arrogant? Otherwise, even if he didn't have any objections, Zhuang Yifan's expression would probably not look good.

What made Lin Yi happy, however, was that Donghai's attitude towards him didn't change much. After all, he was a peaceful monk, and he was also Wang Xinyan and Huang xiaotao's master. If Donghai's attitude changed as well, Lin Yi would be in trouble.

Other than Wang Xinyan and Huang xiaotao, Lin Yi was sitting at the same table as the three big shots and Qing Danzi. Li Ren, who was leading the group, was also at the last seat. He didn't have the qualifications, but he was a hero this time, and it was a reward.

After three rounds, Lin Yi suddenly asked Qing Danzi, who was sitting on his left, "Qing Danzi, have you solved the problem you encountered in alchemy?"

"It's solved, it's completely solved. The previous situation has not appeared in the recent alchemy. Master, you really have a unique vision and you hit the nail on the head. This disciple has benefited a lot!" Qing Danzi said excitedly.

He couldn't be blamed for being so excited-it was just a small habit that Lin Yi told him to change, and his success rate was a few times higher than before! It was comparable to a few decades of hard work! It really was different to have someone with great guidance!

He was already the head refiner of the Academy, and now that the problem was solved, he could even be considered one of the best seventh-ranked refiners. His next step would be to become a Mystic refiner.

Although there was a huge gap between a golden class and a Mystic class-even if he reached the peak of golden class level Seven, it didn't mean that he had the confidence to become a Mystic!

But this was the minimum requirement-if he couldn't even reach the peak of golden class level Seven, then he couldn't even dream of becoming a Mystic.

But now, Qing Danzi at least had the right to fantasize, which was a gratifying improvement in itself.

"That's good. From now on, you should focus on practicing how to simulate different types of fires-this is the most important basic skill for a Mystic, don't be careless. " This was what Lin Yi learned from his own experience of making the earth strengthening pill a few days ago. He was her master, after all, and while he couldn't share Shennong's medicine cauldron with her, he still had to teach her what he could.

"Yes, thank you for your teachings, master. I will remember it in my heart." Qing Danzi was overjoyed- he'd long believed that Lin Yi was a Mystic, but he didn't think that he'd get Lin Yi's teachings so quickly!

Lin Yi solved a problem that had been bothering him for years with a single sentence, and now this sentence was full of gold!

He had to admit that when he went under Lin Yi's tutelage at the risk of everything, it seemed unbelievably impulsive to others, but now it was a wise decision with great foresight!

"By the way, is there another Alchemist called Zheng Dongsheng in the school?" Lin Yi asked.

"Zheng Dongsheng?" Qing Danzi paused, surprised that Lin Yi would suddenly ask about this person, but he still answered honestly, "Yes, there is indeed such a person. He is our Academy's number two Alchemist and also a seventh grade Alchemist. However, he seems to have gone out to visit his relatives recently, so he is not in the Academy."

"I see." No wonder Lin Yi had never seen this guy before. If Zheng Dongsheng was really in the school, he would've come to visit him already!

After all, even the head Alchemist, Qing Danzi, had become his disciple, let alone him, the number two Alchemist.

"Master, what's the matter? do you want me to call him back?" Qing Danzi asked.

He was the chief Alchemist, the superior of all the alchemists in the morning stars Academy. Even Zheng Dongsheng had to listen to his orders. Although they were both seventh-realm alchemists, there was a huge difference in their alchemy abilities. Qing Danzi was at least equivalent to three Zheng Dongsheng, or he would not be able to sit firmly in the position of the chief Alchemist.

"That's not necessary, I'm just asking. " Lin Yi waved his hand nonchalantly. With his current position, he could make Zheng Dongsheng suffer with one word, but Lin Yi wasn't that domineering.

First of all, Qin Yue's matter was only related to Zheng tianguang. As Zheng tianguang's father, Zheng Dongsheng was at most not disciplined enough, and it was not a big crime.

On the other hand, Lin Yi didn't want to get too involved in Qin Yue's Affairs. They were just acquaintances, and he could only help her out a little. It was better to leave the revenge to Qin Yue.

Chapter 4972 Won't Take Too Long

"Oh." Qing Danzi nodded thoughtfully and didn't ask further.

"Qing Danzi, I'll be leaving the East Province soon, so I have something to tell you." Lin Yi said.

Qing Danzi wasn't surprised at all-in his eyes, even Mystic division schools wouldn't have a place for a God like Lin Yi, let alone a Golden Division. A master like Lin Yi had to be like the God of alchemy, Zhang Liju, mysterious and elusive-that was the style of a master.

"Master, you're talking about the Hong Chamber of Commerce right? I will cooperate with shopkeeper Chai. I dare not say anything else, but at least in the area of high-grade medicinal pills, I can guarantee that no one in the morning stars city can compete with him!" Qing Danzi promised. He had the confidence to do so. He was already the head refiner before Lin Yi's guidance, let alone now.

"Alright, I'll have to trouble you for this." Lin Yi smiled and continued, "but that's not what I need to tell you. There's something else I need to tell you!" I have a friend here called Qin Yue. She was bullied in the past and doesn't have a strong background, so I want you to take care of her. "

"This disciple will obey!" Qing Danzi agreed without a second thought, then he thought for a while and said, ""Then, do you want me to warn Zheng Dongsheng?"

They were both smart people, after all. Lin Yi didn't say it out loud, but he could guess that Zheng Dongsheng had something to do with Qin Yue's bullying. Otherwise, Lin Yi wouldn't have asked.

"No need, you just need to look after her for a while, don't be distracted by these unnecessary things, just focus on breaking through to the mystic class." Lin Yi waved his hand and added, "Qin Yue is now in the early stages of the mystic Ascension realm. She won't be staying at the Morning Star Academy for too long. Xinyan and Xiao Tao will be helping her. You just have to spread the news. There shouldn't be any trouble."

"Yes, I understand." Qing Danzi nodded repeatedly.

With Qing Danzi done, Lin Yi bid farewell to the three morning stars.

Ling Yuanqing and the others tried their best to keep him, but they knew that Lin Yi was being watched by the returning Dean. It wasn't a good time for him to stay, so they didn't force him to stay. They only asked Lin Yi to visit the Morning Star Academy more often. After all, he was the honorary Dean.

Other than that, Ling Yuanqing also gave Lin Yi a special benefit-a spot as a disciple of the Academy! According to him, Lin Yi, as an honorary Dean, could directly recommend students to the Morning Star Academy!

This was a huge power in the school, and for a place in the East Province Academy, people would do anything they could to get it. Lin Yi had seen the hot scene of the Morning Star Academy's selection, and this power meant that he could easily send people into the morning Star Academy in the future!

Of course, the quota given to Lin Yi in the end would be very limited, and even if it was recommended by Lin Yi, it would have to go through the final round of tests from the three morning Star tycoons. Normal cats and dogs obviously wouldn't be able to mix in and waste cultivation resources.

But with Lin Yi's relationship with the three morning Star magnates, as long as the person's potential wasn't too bad, the three wouldn't make things difficult for him. It was basically a decision made by him.

Lin Yi didn't hesitate to accept it-this was like a ready-made path for his underlings to advance. Even if it was just to force his seniors to think about it in the future, he had no reason to reject it.

After saying goodbye to the three morning Star magnates, Wang Xinyan and Huang xiaotao accompanied Lin Yi to the Hong Chamber of Commerce. Although there was nothing special that needed to be told, honest Chai was still on their side, after all, and it was natural for him to say goodbye before leaving.

Honest Chai expressed his loyalty again without a doubt. With Lin Yi's amazing display at the Morning Star Auction and the partnership with Qing Danzi, he had a firm foothold in the city and was a Duke in the Hong Chamber of Commerce. His power and status couldn't be underestimated. He didn't have much say in the past, but now he had enough qualifications to cheer for Hong Zhong.

If he were to train a few more subordinates like him in the future, the day when Hong Zhong, the Vice President, would be able to enter the Nakajima headquarters would not be far away.

After leaving the Chamber of Commerce, Wang Xinyan and Huang Xiaotao followed Lin Yi all the way to the city gate. Lin Yi dissuaded them several times before the two girls finally stopped reluctantly.

"I'm leaving now. You two take good care of yourselves. If there's a chance, go to the Proud of Dawn Academy to find Huo Yudie. In the future, when the three of you go to the Xuan class Sea area together, you must support each other and advance and retreat together." Lin Yi said.

"Don't worry, we know that without you telling us. By the way, are you going to bring your West Island Princess, Ning Xuefei, with you?" Xinyan said with a half-smile.

Lin Yi touched his nose awkwardly. He felt like he owed her a lot. After all, so many girls had followed him without any complaints or regrets, but they never had a clear status. Now that they were engaged to Ning Xuefei first, it was really unfair to Wang Xinyan and the girls.

However, he had no other choice in that situation. He could only find a way to make it up to them in the future.

"Feifei's strength is too low. She won't be able to go to the Mystic Division Sea for a while, but it'll be good for you to get to know each other first." Lin Yi said, his face red.

"We know," Wang Xinyan and Huang xiaotao couldn't help but smile at each other when they saw his expression.

"Alright, you two can go back now. We'll meet again in the future. I'll be back." Lin Yi promised.

Although leaving the East continent this time was part of his plan, it was a little rushed because he had to return home safely. However, it was foreseeable that he would definitely return to the East continent in the future. After all, the average strength of the other Sky Class islands was much weaker. It wasn't easy for a Xuan Sheng primary stage master like him to improve so quickly. Only the East continent, which was full of Masters, was the most ideal place to train.

"Yes, yes, you said it yourself. You can't make us wait too long!" Xinyan and xiaotao both sniffed at the same time, their eyes reddening. Parting with Lin Yi was always sad, and they didn't know when they'd be able to do it again.

"I won't make you wait too long, I promise." Lin Yi nodded and gave Xinyan and xiaotao a light hug before leaving.

Looking at the noisy crowd outside the city gate, Lin Yi couldn't help but feel like it was a lifetime ago. He was chased all the way here by the West Mountain's mighty people, and now he was a Xuan Sheng primary stage master. Even zang Zili, who was at the beginning stage of mountain opening, was defeated by him. If he met the West Mountain's mighty people again, he could probably cripple them with one hand.

Chapter 4973 The Woman Of The Secular World

As he was leaving Morning Star City, Lin Yi caught sight of two familiar figures on the city wall-it was Bao zuoliang and su kesheng.

At this time, the two of them were sneakily hiding on the city wall to peek. Su kesheng was still fine, but Bao zuoliang was covered in injuries and looked very miserable. He had ended up in such a miserable state just to report a message to Chang minggui. It was sad to think about it.

It wasn't easy to get such a strong practitioner to go against Lin Yi, but Lin Yi was still safe and sound. The two of them were filled with bad luck-all of Bao zuoliang's injuries were wasted.

But Lin Yi had already grown to such a terrifying level, so what could they do even if they were unwilling? could they find someone even more ruthless to deal with Lin Yi?

It was a good thing that Lin Yi was finally gone-this was the only good news for the two. Otherwise, they'd have to live in fear in the morning Star City for the rest of their lives. If Lin Yi found out that they were the ones behind this, the consequences would be unimaginable.

The two's worry wasn't without reason. In fact, Lin Yi had already guessed that they were doing something behind the scenes. After all, after the two disappeared mysteriously on the thunderclap plain Island, Chang minggui came to kill them immediately. Even if he didn't notice it at the time, he would've realized it later.

Lin Yi glanced at the two with a half-smile on his face before leaving the city. He didn't seem to have any intention of taking care of the two.

It wasn't that he couldn't, but that it wasn't necessary. These two were just clowns in his eyes-they posed no threat to Xinyan and the others, not just to himself. The Morning Star Academy was practically Lin Yi's own force now, and even his father wouldn't be able to do anything, let alone Bao zuoliang.

A few days later, Lin Yi arrived at the soaring Cloud school's territory.

He had thought that it would be interesting if he met the West Mountain's Almighty again. It was not impossible. Evil cultivators were usually very vengeful. The West Mountain's Almighty did not dare to enter Morning Star City, so he might be waiting outside!

But it seemed like Lin Yi was overthinking things-it'd been a few months already, and the West Mountain people weren't that free to do anything, there was no way they'd be waiting outside the city ...

After entering the soaring Cloud School, Lin Yi quickly attracted the attention of the surrounding disciples. Although he wasn't a disciple of the soaring Cloud School, he had experienced the half-month tag-team battle with Leng rufeng, and after the road to becoming a Big Shot, his reputation here was no less than Leng rufeng 's.

Lin Yi didn't know what to say to being talked about like a Panda in broad daylight. He used butterfly steps to escape into the newbie compound, but an ice blade came at him before he could say anything.

F * ck! Lin Yi jumped in shock. He raised his hand and sent out the killing intent of the five elements and Eight Trigrams. The Dragon wrapped around the ice blade and instantly shattered it, even nullifying the heavy blade Force.

"Ru Feng, don't you recognize me?" Lin Yi looked at the person in the yard with a half-smile.

"Ah? Boss?" Leng rufeng was shocked and blushed when he saw Lin Yi's face. He had just noticed someone rushing into the newbie courtyard and thought that it was someone with bad intentions. He didn't think that it was Lin Yi.

"Ru Feng, your strength has improved quite a bit. You were so fast that even I almost fell for it. Fortunately, my reaction was fast enough." Lin Yi said with a smile.

"Boss, you're too kind. My progress is really insignificant compared to yours. It's only been a few months, but you've grown to such a powerful level. I heard that you can even defeat a powerhouse in the beginning stage. It's really a miracle!" Leng rufeng's eyes lit up as he sighed.

Back when Lin Yi was in the East continent, he was completely suppressed by him. Even after half a month of fighting, Lin Yi's strength didn't increase that much. In the end, he had to fight a battle of attrition to force him to admit defeat. But now, Lin Yi blocked his attack so easily. It was clear who was stronger.

"Oh? Even you know about this?" Lin Yi blinked.

"That's not strange. The disciples who went to the road to becoming a Big Shot have already returned. Boss, news of you has been spreading like wildfire. Even if I don't go out, I can still hear about you here." Leng rufeng said matter-of-factly.

"Someone from the newbie courtyard is also talking about this? Who is it?" Lin Yi asked, surprised.

"It's me!" Huo yudie's voice suddenly came from the room, and two pretty figures flew over like pigeons, straight into Lin Yi's arms.

"Lin Yi, you're finally back!" Ning Xuefei hugged Lin Yi and said happily.

"Yes, I'm back." Lin Yi patted her head and turned to Leng rufeng, ""I won't be here for long. Go and find Jiang hehai for me. I have something to tell him."

"Yes." Leng rufeng nodded and left.

"Young hero Lin, the spiritual tea is ready. Please come in and rest." Yang qianxue greeted him from afar.

"Alright, I'll have to trouble miss yang." Lin Yi nodded and walked into the room with Huo yudie and ning Xuefei. The three of them chatted as they drank tea.

"By the way, Yu die, why are you here?" Lin Yi asked, surprised. He'd promised to go to the academy to find Huo yudie, but she came to ning Xuefei's place herself.

"Because I knew that you would definitely come to the cloud wing first, so I came over." Huo yudie raised her eyebrows and smiled.

"Sister Huo, you came all the way here just to spend more time with you. You must be touched, right?" Ning Xuefei giggled as she hugged Lin Yi's arm.

"Feifei, what are you saying?" Huo yudie's pretty face blushed when her little thoughts were suddenly exposed. The two girls then began to laugh and play together.

Lin Yi chuckled as he played with the girls for a while, waiting for them to sit down again, panting heavily before asking, "By the way, Yu die, what's the progress on the matter I asked you to investigate?"

"You mean that woman from the secular world?" Huo yudie spread her hands and shook her head helplessly, ""I've gotten someone to look into it again, but there's still no news at all. It's like she vanished from the face of the earth after her sudden disappearance last time. We can't find any clues at all."

"Is that so? then there's nothing we can do." Lin Yi sighed with some regret and worry. Ever since the day he heard about this unknown woman from the common world, he'd been thinking about it. He'd been worried that this might be someone he knew, but he couldn't even find a single clue about her now that he was in the East continent.

Chapter 4974 Good And Bad News

"You don't have to worry too much. Although she suffered a lot of torture before, there shouldn't be any residual effects. The problem now is that we can't find her for a while. I've already told the relevant personnel in the Academy to inform me as soon as they find her traces. I believe it's only a matter of time." Huo yudie comforted.

"Yes, that's the only way for now." Lin Yi nodded.

"Right, Lin Yi, how long are you planning to stay here?" Ning Xuefei asked.

"Well ..." Lin Yi couldn't bear to look at the two girls. Because of the return of life, he was on the run this time. Logically speaking, he couldn't stay for long. The sooner he left, the better. Not only would he be in danger if he stayed here, but he might also drag ning Xuefei and Huo yudie down with him. He would regret it if that happened.

However, the two girls had been looking forward to meeting him for a long time, especially ning Xuefei. Unlike Huo yudie, who had at least met once on the road to becoming a Big Shot, ning Xuefei had waited until now to meet him. It was a little cruel to separate after a quick meeting.

"Can you leave tomorrow morning?" Ning Xuefei pulled on Lin Yi's arm.

"Tomorrow morning?" Lin Yi was surprised-he'd thought that he'd have to spend at least two or three days with ning Xuefei, but she was so understanding. He felt warm inside,"Alright, I'll leave tomorrow morning."

"Where are you planning to go next?" Huo yudie asked.

"I was going to the proud of dawn Academy, but since you're here, I won't make a trip. Please apologize to aunt Liu on my behalf." Lin Yi smiled apologetically. She was a very understanding girl. She didn't come to the school for a few more days like ning Xuefei said. She just wanted to save time for him. Lin Yi knew that.

"Well, are you going back to the North Island next?" Huo yudie continued to ask.

"Before returning to the northern part of the island, I plan to visit the Nakagama Island." Lin Yi said after some thought. He hadn't seen Tian Gang and Xue Li for a long time. He said he was going to visit them at

the middle Island when he came back to the North Island, but he went to the West instead. This was a good time to make up for it.

"Oh, it's a pity that it's not convenient this time. Otherwise, I would really want to go to Nakajima with you and see the Tianji and Xue Li that you and Jingjing always talk about." Huo yudie said with some pity. She had just successfully advanced to the xuansheng stage, so she had to stabilize her strength now. Liu Ziyu would not let her go out and run around.

"Yes, yes, I think so too. What a pity!" Ning Xuefei sighed as well. Huo yudie was considered half a graduate while she had just entered the school. It was impossible for her to run around.

"Don't worry, there will be a chance in the future. " Lin Yi smiled as he consoled the two girls, "By the way, Yu die, I've already told Xinyan and Xiao Tao to go with you to the mystic division. When the recruitment starts, let me know. I don't care if I can make it in time, but at least let me know your whereabouts."

"Okay, I got it." Huo yudie nodded.

"Aiya, you're all going to the mystic division Sea area. What about me?" Ning Xuefei said with a sad face.

"You?" Lin Yi and Huo yudie looked at each other and smiled, ""Of course you're going to stay here and cultivate. Even if you're the princess of the West Island, you can't go to the mystic division Sea area before you reach the xuansheng stage, right?"

"This is so annoying. If I had known, I would have cultivated properly back then. I wouldn't have been left behind now." Ning Xuefei said gloomily.

"You wouldn't be ning Xuefei if you'd focused on your cultivation," Lin Yi said, amused.

Among all the people he knew, ning Xuefei and Shangguan LAN 'er had the best family backgrounds and were talented. If they focused on cultivation, they could achieve something. Unfortunately, they hated the boring thing of cultivation the most. Even their strength in the foundation establishment stage was achieved by taking drugs, not to mention other things.

"Hmph, from today on, I've decided to enter closed-door cultivation!" Ning Xuefei humphed in anger. She looked at Lin Yi and Huo yudie's half-smile and quickly changed her words, "Forget it, I'll start tomorrow. After you leave, I'll start to work hard. I'll definitely surprise you in the future!"

"Oh, really? Then you're not going to study formations and auto-casting. " Lin Yi said with a smile.

"Uh ..." Ning Xuefei choked. This kind of thing was much more interesting than cultivation to her. "Then I'll spend half of my time cultivating. That should be fine, right?"

"Sure, you said it yourself. If I find that you haven't improved the next time I come, I'll spank your butt." Lin Yi smiled.

Ning Xuefei looked at Lin Yi's palm and blushed, ""Do you want to take off your clothes and fight?"

"Pfft!" Lin Yi had just taken a sip of tea, and he spat it all over her face. Even Huo yudie choked. What was this girl thinking?

Ning Xuefei could only wipe the tea off her face with a bitter face and said helplessly, ""I've washed my face today, thank you. "

Lin Yi didn't know whether to laugh or cry. He finally stopped teasing the girl and was about to tell her what he was thinking when Leng rufeng suddenly shouted at the door, ""Boss, Jiang He and hai are here."

"Alright, let him in." Lin Yi nodded and turned to Huo yudie and ning Xuefei, ""You two go take a walk in the yard. I have something to tell him. It's his private matter."

"Alright," he said. Huo yudie and ning Xuefei responded obediently.

After the two girls left, Jiang He hai rushed in, not bothering to be polite as he cupped his hands at Lin Yi. "Brother Lin, how is Qin Yue?"

"The good news is that she went to the road to becoming a Big Shot. She's now at the early stage of the mysterious Ascension realm." Lin Yi said faintly.

"Really?" Jiang He hai was overjoyed and muttered in disbelief, ""How did Qin Yue improve so quickly? she was even weaker than me back then. It seems like she has met a great teacher in the morning Star Academy. I can rest assured then. That's great, that's great!"

Even though his own strength was far behind Qin Yue 's, Jiang He hai would not be resentful because of his petty self-esteem. Instead, he was sincerely happy for Qin Yue. In fact, strength was not important to him, as long as Qin Yue was doing well, that was enough.

"No, she didn't meet any great teachers. On the contrary, she doesn't have any background or backing there. Instead, she was bullied by others." Lin Yi said, a little sad.

"What? "Then how did she ..." Jiang He hai was stunned.

Chapter 4975 I'm Here ...

"So I'm going to tell you some bad news. I hope you can take it." Lin Yi sighed, and only spoke up when he saw that Jiang He and hai were ready."Qin Yue was raped by a second generation cultivator named Zheng tianguang."

"Rape ... Rape?!" Jiang He hai almost fainted at those words.

Lin Yi nodded and explained everything about Qin Yue from beginning to end. He didn't take a subjective stand and merely explained it as a bystander. After all, he was an outsider and didn't want his own opinion to affect Jiang He Hai's judgment.

With that, the room fell into a dead silence as Lin Yi watched Jiang He and hai, waiting to see how he would react.

After a long while, Jiang He hai lifted his head abruptly, his eyes bloodshot and his entire being in a hysterical state. He was panting heavily, just like a beast that had crawled out of hell.

Lin Yi shook his head-the guy was going crazy.

However, it was not surprising. Jiang He and hai were deeply in love with Qin Yue, and it was normal for anyone to have a mental breakdown after hearing about their lover's tragic experience.

Just as Lin Yi was hesitating whether he should knock him out or not, Jiang He hai spoke up, his voice no longer as clear as before-it was a little hoarse now."Thank you, brother Lin, for everything you've done for Qin Yue. I can't repay you in my life."

"You're being too serious. " Lin Yi looked at him, worried. He sounded calm, but the calmer he was, the weirder it was. It was better if he let it all out, but who knew what kind of scary things were brewing behind this abnormal calmness?

Bang! Bang! Bang! Bang! Bang! Bang!

Jiang He hai kowtowed three times to Lin Yi before standing up abruptly and heading out of the room. Lin Yi stopped him when he realized that something was wrong."What are you going to do?"

This kind of madness hidden under the calmness, to Lin Yi, only had one result, and that was murder. But whether it was Zheng tianguang or Qin Yue, he didn't know.

Killing Zheng tianguang was easy to understand. He was the main culprit of the tragedy. Killing Qin Yue was also not difficult to understand. After all, she had given up on herself. For most men, this was unforgivable.

"I'm going to tear those people who bullied Qin Yue into pieces." Jiang He hai gritted his teeth, but he didn't lose his mind. He turned to Lin Yi. "Brother Lin, don't worry about me. I'm not that stupid to kill someone now. I'll at least wait until I'm at the xuansheng stage. Otherwise, it won't be revenge. It'll be suicide."

Lin Yi looked at him deeply. This man had nothing special to begin with, be it in terms of strength or talent, but he suddenly felt that this man was no ordinary person. Many people would have a mental breakdown under a huge shock, but there were a few people who would be reborn and become amazing people.

Jiang He and hai might be one of the rare few who were the latter.

"Then how are you going to treat Qin Yue?" Lin Yi asked curiously. He didn't want to get involved in these two people's private matters, but he'd be worried if it caused a tragedy.

Jiang He hai glanced at Lin Yi before turning to leave. ""No matter what happened to her in the past, it's not her fault. It's my incompetence. As long as her heart doesn't change, I will never let her down."

"He's truly an infatuated man. " Lin Yi mumbled as he watched the man leave. He'd thought of many possible scenarios, and Jiang He Hai's reaction was the one he'd rated the highest. It seemed that he'd have to train this guy if he had the chance.

"What's wrong with Jiang He hai? he used to be so well-behaved, but why is he so murderous today? it's as if he's going to eat people!" Ning Xuefei ran in with Huo yudie.

"Yeah, did something happen to Qin Yue?" Huo yudie was confused. She didn't know what happened to Qin Yue, but she saw Lin Yi calling her over that day. It could only be his fiancée, Qin Yue, who could make Jiang He hai act this way.

"Yes, it's indeed Qin Yue's business, but it's a private matter between them. Let's not meddle in their business." "Oh right, I'm going to make some elixirs, so I won't be accompanying you guys," Lin Yi said.

"Pill refining?" The two girls were stunned at the same time. Ning Xuefei pouted. "Can't you refine pills at any time? do you have to do it now? You were supposed to leave tomorrow morning ..."

"It's precisely because I'm leaving tomorrow morning that I have to refine the pill now, otherwise it'll be too late. " Lin Yi chuckled, as if there was a deeper meaning to it.

"What's too late?" Ning Xuefei was confused.

"You'll know when the time comes. Oh right, Feifei, come to my room tonight. I have something to do. " Lin Yi ordered.

"At night? Do you want me to go to your room alone?" Ning Xuefei's face suddenly turned red. She turned around and pulled on Huo yudie's clothes."Then let sister Huo come along?"

"It seems that something good is waiting for you, Feifei. I can't go with you. This journey to become a big Shot has been so long. I need to have a good sleep to recuperate." Huo yudie and Lin Yi smiled at each other. She already knew what Lin Yi was going to do.

Ning Xuefei looked at Lin Yi in confusion, then looked at Huo yudie and pouted,""What are you doing? why are you so mysterious?"

"You'll know when the time comes. " Huo yudie said as she pulled ning Xuefei out of the room, leaving the room to Lin Yi.

Lin Yi smiled and took out the Shennong medicine cauldron. This time, he didn't want to make a Mystic first level pill like the earth strengthening pill, but a pill he was already familiar with-the seventh level recover pill.

The sky turned dark in a flash. In order not to disturb Lin Yi, Huo yudie and ning Xuefei stayed outside in the yard during the day. Even at night, they squeezed in the room next door. Ning Xuefei hesitated for a long time before finally coming to Lin Yi's room after Huo yudie's constant urging.

"I ... I'm here ..." Ning Xuefei sneaked in. Her face was red, as if she had a guilty conscience.

Pfft! Lin Yi was dumbfounded at the way she was dressed-he didn't know what the girl was thinking, wearing only a thin inner shirt, half-transparent and barely visible-she was a seductive little fairy.

"Why are you dressed like this?" Lin Yi looked at her with a weird expression.

"Ah? Didn't you call me over so late at night for that?" Ning Xuefei blushed and said weakly.

Chapter 4976 Increasing Strength

"That one? Which one?" Lin Yi blinked.

"That's the one! "We're fiancée and fiancée. Although it's a little unreasonable to do this, we don't know when we'll meet again, so it's only right for us to keep our child ..." Ning Xuefei's voice became softer and softer until it was almost inaudible.

"Seed?!" It was a good thing Lin Yi didn't drink the tea this time, or he'd spray it all over her face again. This girl's thinking was way too crazy! He only asked her to come over tonight, how did she think of something like this?

"Isn't that so?" Ning Xuefei was surprised.

"Uh, Feifei, you misunderstood. I didn't call you here for that. We're not parting forever, it's just for a while. Why are you leaving your child for no reason ..." Lin Yi didn't know whether to laugh or cry.

"Ah?" Ning Xuefei's already red face became even redder. She quickly covered her chest with her hands and said, ""I'll go change my clothes then ..."

Ning Xuefei turned to leave, but Lin Yi stopped her. "Come back. Since you're already here, why are you still changing? you're going to take it off anyway."

"Take it off?" Ning Xuefei couldn't help but be surprised as she looked at Lin Yi, "Didn't you say not to keep the seed?"

"I didn't say that you'll keep your balls, but what's next will require you to take off your clothes. Hurry up, we don't have much time." Lin Yi raised his hand.

"Oh ..." Ning Xuefei was confused, but she did as she was told. She was shy, but it wasn't the first time she acted like this in front of Lin Yi. She remembered the first time they met at the northern island. "Are you going to take it off too?"

"I'm just helping you increase your strength, not me. Why do I need to take off my clothes?" Lin Yi said, amused.

"Increase my strength? So that's why you called me here!" Ning Xuefei finally reacted.

She'd heard about this from Shangguan LAN 'er hundreds of times, and was envious of her for being able to level up so quickly without training. She'd even talked to Lin Yi about it a few times, but Lin Yi felt that it was too hasty, and it wasn't a good thing in the long run, so he'd never agreed to it. He didn't expect to bring it up today.

"That's right. I know that with your personality, it's impossible for you to concentrate on cultivating alone, so we can only choose this bad plan. " Lin Yi said helplessly.

If ning Xuefei wanted to improve even a little bit, he would never help her increase her strength. After all, the strength obtained through hard work was the most reliable. Unfortunately, ning Xuefei was the same as Shangguan LAN 'er. She may have patted her chest and promised, but Lin Yi was sure that she couldn't do it. This was purely her nature. Unless the two of them were forced into a corner, they would never have this kind of realization.

Now that Wang Xinyan, Huang xiaotao, and Huo yudie were all in the early stage of Mystic Ascension, they would definitely go to the mystic division sea together in the future. If ning Xuefei's strength didn't improve quickly, she would be left behind alone.

Although he had Leng rufeng and yang qianxue to guard this place, and Lin Yi had nothing to worry about, he couldn't just let them guard here forever, could he?

The resources at the Golden class school weren't enough for xuansheng Masters to train, and who knew when ning Xuefei would reach the xuansheng stage herself? if he let Leng rufeng and Leng Xuefei waste so many years for her, even the most talented person would be wasted. Lin Yi didn't feel good about it.

Besides, with ning Xuefei's lazy personality, no matter how talented she was, it was still unknown if she could reach the xuansheng stage if she kept on doing this.

So after thinking about it, Lin Yi decided to raise her strength first. Then, he could let her, Leng rufeng, and yang qianxue go to the mystic division sea with Huo yudie and the others. Lin Yi didn't have to worry about that anymore. As for the problem of his strength, he could make it up in the future. With Lin Yi's methods, he could always find a way.

"That's great!" Ning Xuefei cheered, completely forgetting her current situation. Lin Yi's face turned red, but she didn't notice it at all. She said excitedly, ""Then what level can you raise my strength to? can you directly raise me to the xuansheng stage?"

"Hehe, didn't you vow to work hard in your training during the day? why have you thrown it to the back of your mind so quickly? aren't you afraid that I'll spank you?" Lin Yi said with a smile.

"If you want to spank my butt, then spank it. As long as you don't make me cultivate, it's fine. I can do many things with so much time saved!" Ning Xuefei said in a cute voice.

Lin Yi didn't know what to say-he wouldn't have been able to control himself in a situation like this if it weren't for the fact that he didn't have much time. "It's impossible for you to reach the mysterious Ascension stage directly, but I can first raise you to the great circle of the original level, and then help you create an artificial Thunder tribulation to help you integrate your spirit root and break through to the mysterious Ascension stage. Take this, these are the two seventh-grade great recovery pills I just refined. Do you still have the mysterious Thunder pill I gave you last time?"

Ning Xuefei took the two pills in a daze. They were both rare Supreme-grade pills. She asked, ""Yes, I'm here. Isn't the Thunder profound pill enough to break through to the xuansheng stage? why do you need a seventh grade great recovery pill?"

"The Thunder profound pill can only be used to buffer the Thunder tribulation. For Yu die and the others who cultivate normally, one Thunder profound pill is enough. Even if they fail to break through, their lives will be guaranteed. But you're different. Your strength was raised by external forces. If your Foundation is not strong enough, I'm afraid that something will happen. These two Supreme grade great recovery pills may come in handy." Lin Yi explained.

In fact, if it was only a seventh grade great recovery pill, he didn't need to make it at the last minute, but he was afraid of accidents. Only when he personally made the highest quality pill would he feel at ease. After all, this was no small matter, and he had to make sure that nothing went wrong.

If it wasn't for the fated kin, Lin Yi could've helped ning Xuefei reach peak nascent soul realm and let her consolidate her strength for a few months before trying for xuansheng. Unfortunately, the situation was special now, and he had to take a little risk.

Of course, this was also because of ning Xuefei's talent. If her talent was just above average, Lin Yi wouldn't do this. After all, it was very difficult to break through to xuansheng immediately after reaching nascent soul peak. Only true geniuses could succeed.

Lin Yi believed that ning Xuefei was a genius like that, but she was lazy and didn't like to cultivate.

"Let's start now. " Lin Yi didn't waste any more time and started helping ning Xuefei increase her strength. The whole process was easy and smooth, other than the fact that the scene was a bit charming.

Chapter 4977 Heading To Nakajima

The real challenge was coming up next. Lin Yi only gave ning Xuefei two hours to familiarize herself with the peak nascent soul realm, and it couldn't be more than that. Since she couldn't do it step by step, she had to take the chance and try to break through to xuansheng.

If she waited for too long, the rhythm of the rapid upgrade would cool down, which would increase the difficulty for ning Xuefei, so two hours was the limit.

Two hours later, ning Xuefei suddenly opened her eyes. Her eyes were filled with an unprecedented light, which made Lin Yi's eyes light up. This girl's talent was indeed heaven-defying, familiarizing herself with the new peak nascent soul realm in just two hours. Even if it wasn't completely stabilized, it was already a heaven-defying move in the eyes of ordinary people.

"Let's go. Let's find a quiet place to charge at the xuansheng stage!" Lin Yi calmed down. Ning Xuefei's current state gave him more confidence. Besides, he had the Thunder elixir and the Supreme quality

level Seven recover pill. Even if ning Xuefei failed this time, she wouldn't be in danger. He didn't need to worry too much.

The two of them came to the outskirts, and when ning Xuefei signaled that they were ready, Lin Yi used the lightning explosion without hesitation. This was a bit stronger than the normal lightning tribulation, and it was enough for ning Xuefei to merge with her spiritual root. Of course, it didn't matter even if it wasn't enough-Lin Yi was here, and he could add another lightning strike anytime.

As for the more powerful Thunder burial, even an early-stage mountain-opening master like zang Zili couldn't handle it. With ning Xuefei's strength, it would be useless even if she took the Thunder mystical pill. She would be turned into ashes by the lightning, and Lin Yi didn't want to take that risk.

Looking at ning Xuefei, who was still immersed in the dark blue Pillar of lightning, Lin Yi was completely at ease. This girl might be sly and shifty and refused to train, but she still had the air of a great master even at this time. As expected of the daughter of the Lord of the West Island, ning Shangling. Her talent and bearing were deeply rooted in her bones.

No one knew a daughter better than her mother. If not for this, why would ning Shangling insist on her being the successor of the West Island?

It was not a good thing for a weakling to climb to such a high position. Ning Shangling was not the kind of person who would use her daughter to bet on the fate of the West Island. Since she insisted on this, it meant that ning Xuefei had the potential to become the Lord of the West Island!

For a person who had the potential to become the Lord of the West Island, it was a piece of cake for her to advance to xuansheng. Just like ning Xuefei, she was calm and relaxed.

"This girl's talent is too scary, what a pity ..." Lin Yi shook his head. With ning Xuefei's talent and background, she would have been a xuansheng master if she was willing to cultivate. He wouldn't have to do anything.

The next day, when Lin Yi arrived at the newbie courtyard with a new ning Xuefei, Huo yudie, Leng rufeng, and yang qianxue were already waiting at the entrance. Ning Xuefei's master, Chen xingmo, was there as well.

"How ... How is this possible?!" Huo yudie was not surprised at all by ning Xuefei's powerful aura. Leng rufeng and yang qianxue's eyes almost popped out of their sockets. She was still in the Golden core stage yesterday. How did she become an early stage of the mysterious Ascension realm overnight? Is this world crazy?

Even Chen xingmo, who had always been gentle and understanding, could not help but cover her mouth and look at ning Xuefei in a daze, not knowing what to say.

"It's just a little trick. I hope everyone can help me keep it a secret. " Lin Yi cupped his hands at everyone.

"This is a small trick?" Leng rufeng almost bit his tongue off. He said with a strange expression, ""Boss, even if you're being humble, there's a limit. If this is just a small trick, then what's the point of us cultivating? we might as well go back to our hometown and farm!"

He'd known Lin Yi through a fight, and while he did think that Lin Yi was strong, he'd never thought that he was weaker than him. But this move from Lin Yi completely changed his view of the world and life-he wanted to dig a hole and hide in it when he thought about all those stupid thoughts.

There was only one thought in his mind right now. This boss of his was truly a God!

"That's right. Your methods are truly unbelievable. They can be said to be heaven-defying." Chen xingmo also sighed. She looked at ning Xuefei and smiled bitterly. "It seems like I have nothing to teach you in the future ..."

"How can that be? Feifei still has a lot of things to learn from shizun, especially formations. Shizun, you can't keep it to yourself!" Ning Xuefei hugged Chen xingmo affectionately. In the past, she had to spend more than half of her time cultivating, but now, before going to the mystic division Sea area, she just had to focus on learning arrays from Chen xingmo, which was exactly what she wanted.

"That's good. There are many uses for formations. It's not a bad thing for you to know more about them, Feifei. You'll come in handy in the future." Chen xingmo nodded.

Although she was not a formation master, she had some experience in this field. At least, it would not be a problem for her to guide ning Xuefei. If ning Xuefei wanted to go further in the future, she could find a better formation master to teach her as the princess of the West Island. She would be laying the foundation for ning Xuefei.

"Alright, I've explained everything that needs to be explained here. Let's part ways here. We'll meet again." Lin Yi said.

"Then you'll have to take good care of yourself-when the mystic division starts recruiting, you have to come!" Ning Xuefei and Huo yudie looked at each other and said.

"I'll try my best. Don't worry, I'll definitely look for you. " Lin Yi nodded and gave Huo yudie and ning Xuefei a light hug. He then cupped his hands at everyone and left.

As he walked out of the gates, Lin Yi was unsurprisingly surrounded by people once more. However, he wasn't the only topic of discussion-the people around him were talking about the strange weather last night. After all, the thousand thunderclaps was a huge disturbance, and it was impossible for no one to notice it.

Lin Yi's heart skipped a beat-this wasn't a good thing. If Chang minggui was nearby, he'd be able to track Lin Yi down easily-it was best to leave as soon as possible.

Using the butterfly steps to leave the soaring Cloud City, Lin Yi headed straight for the largest golden class port in the East continent. After all, he didn't have an aerial spirit beast with him, and it wasn't an easy task to get to the middle Island. He could only take a boat.

However, ordinary ships were obviously not enough to travel from the East continent to the middle Island. Only warships and treasured ships could cross the vast sea. However, these warships and treasured ships were strategic resources of various forces. How could they allow outsiders to board them?

It was a good thing that Lin Yi had connections here, and it didn't take much effort for him to find his target. He was looking for Captain otaba.

Chapter 4978 Demoralizing The Spirit

Ao Tianba had previously said that if he didn't go out to sea, he would usually be stationed at the Golden Harbor.

"Lin shaoxia, I didn't expect that you'd become a mysterious Ascension primary stage expert in just a few months. This is truly worthy of congratulations!" Ao Tianba was evidently taken aback when he saw Lin Yi-Lin Yi was only mid-stage nascent soul the last time he saw him. This wasn't just a huge improvement-it was like he was flying!

If he knew that Ning Xuefei had advanced from the Golden core stage to the xuansheng stage overnight, he would probably react the same way as Leng rufeng. His eyes would probably pop out of their sockets.

"Hehe, it's rare for me to come to the East Province. If my strength hasn't improved at all, how can I go back and meet people?" Lin Yi couldn't help but smile.

"That's too much. I, Ao Tianba, have been in the East continent for so many years, but I've never heard of anyone improving as fast as you. Young hero Lin is indeed not an ordinary person." Ao Tianba sighed and asked, ""Is young hero Lin preparing to go out to sea?"

"That's right. I'm planning to go to Nakajima, but I don't have any other connections here. After thinking about it, I can only ask the captain for help." Lin Yi nodded.

"What do you mean by 'help'? have you forgotten that you're the honorary vice-captain of this ship? we're all on the same side. How can you help us?" Ao Tianba pretended to be unhappy.

"Hehe, I said the wrong thing. Please don't blame me, Captain." Lin Yi shook his head and chuckled. This Ao Tianba was quite the character-not only was he capable, but he also changed his attitude like flipping through a book. He was quite friendly to people he liked, though, and it wasn't hard to get along with him once you got used to his style.

"Hehe, that's more like it!" Ao Tianba smiled and patted Lin Yi's shoulder, speaking as if he were one of his own, "I'll get someone to make the arrangements, but it will take some time to prepare. After all, such a large warship can't be sent there by air. So many brothers up and down need to eat. It's not realistic to go to Nakajima alone for you. I hope you can understand."

"Naturally." Lin Yi nodded. The resources needed to make a trip to the ocean was an astronomical figure. No matter how important ao Tianba was to him, he couldn't afford to lose so much money. He had to make some profit.

"That's good. Young hero Lin is indeed reasonable. I'll have someone put up the Nakajima sign. I believe that a Chamber of Commerce will come to us soon. It won't take long." Ao Tian BA laughed.

Under normal circumstances, an ancient warship of his size would not do such a business. He usually dealt with the big shots of the heaven order islands and then did business with the forces. Just like the last time he carried the disciples of the morning Pride Academy and the soaring Cloud Academy, he rarely ran errands for the major Chambers of Commerce.

But the situation this time was special. Their main goal was to send Lin Yi to the middle Island and get some extra money from the Chamber of Commerce as a subsidy. The ancient battleship had always been a very popular boat in the eyes of the big Chambers of Commerce because it was much faster and safer than normal treasure ships. As long as they put out the sign, they would be able to attract enough business in a short time.

Lin Yi wanted to leave the East continent as soon as possible, but this kind of waiting was inevitable. He had to be patient and stay on the ship.

After several days of hovering in the air, the battleship was filled with a large amount of resources from the various Chambers of Commerce, and it finally set sail.

Lin Yi stood on the deck and looked at the busy golden class port. He couldn't help but feel emotional. This trip to the East continent wasn't long, only a few months, but the things he went through left a deep impression on him.

Lin Yi's eyelid twitched as he was sighing. A strong wind blew above the harbor, and a man and a statue appeared in the clouds.

"Eh? Wasn't that a ghost that paid with his life? What is he doing here?" Ao Tianba's voice suddenly came from the side. He had always been used to dealing with big shots from all over the world. He was a famous person in the Yellow Sea area, so it was natural that he would know him.

"They're here to kill me. " Lin Yi smiled faintly.

"Really? Lin shaoxia, when did you offend this guy?" Ao Tianba was shocked.

"I beat up his wife and son on the road to becoming a Big Shot, so he naturally hates me to the core. If it weren't for him, I wouldn't have left the East Province in such a hurry." Lin Yi said with a bitter smile.

"There's such a thing? I remember that his wife, zang Zizi, is an early stage mountain-opening expert. You can even defeat her?" Ao Tianba was once again shocked.

"This is not a good thing. Otherwise, why would this guy chase us all the way here with such a murderous aura?" Lin Yi shook his head with a bitter smile. He'd underestimated how determined Fateless was to kill him-he'd been injured pretty badly last time, and yet he'd come back so quickly, chasing him all the way to a golden class port.

"Don't worry. Now that he's on my ship, it's useless even if he comes here. Just stand here and watch him. Let's see whether he dares to approach me!" Ao Tianba chuckled, not intending to give Chang minggui any face.

"I ..." Lin Yi blinked, not expecting ao Tianba to be this loyal.

"Hehe, this isn't just for you. Speaking of which, I also have some grudges with this guy. When I went to find his wife to refine pills, this guy actually opened his mouth and wanted to meddle in my Starship. He's simply too much. This time, I'll just take a break from his spirit!" Ao Tianba sneered.

"Thank you, Captain. I'm very grateful." Lin Yi cupped his hands gratefully. If ao Tianba hadn't come out to protect him today, the scene in the South continent sea might've repeated itself. However, he was chased all over the world by the West Mountain old sect back then, but he'd be able to return home this time.

As the two spoke, Chang minggui had also noticed Lin Yi's shadow. After all, Lin Yi was standing on the deck in broad daylight. If he couldn't detect Lin Yi with his late-stage mountain split spirit sense, then he was a fake.

"As expected, it's here!" Chang minggui was overjoyed. After he had sent his brother Chang Tianwen away, he had gone back to settle down zang Zhili and Chang laiting. The two of them were now in a half-dead vegetative state. Unless he could find a medical expert like Zhang Liju to save them, it would be hard for them to wake up.

Naturally, Chang minggui gritted his teeth in anger. He didn't care about his injuries and chased Lin Yi all the way to the Morning Star Academy, but he didn't dare to land there directly. He could only ask around secretly, and found out that Lin Yi had gone to the soaring Cloud Academy.

And when he arrived at the school, he found out that Lin Yi had already left, so he chased him all the way to the Golden class port and found Lin Yi!

Chapter 4979 See You Again

Chang minggui was about to make his move, but when he saw where Lin Yi was, especially ao Tianba, his face changed.

In terms of strength, he did not think much of ao Tianba. However, the problem was that ao Tianba was not an ordinary mountain opening expert. He was the captain of a ship!

If Lin Yi was standing on a normal treasure ship, he would've done the same thing he did on the thunderclap plain Island. Normal treasure ships wouldn't be able to withstand his full-powered attack unless the defense array was turned to the maximum. But this was an ancient warship!

Not only was the defensive array far more powerful than the treasure ship, but more importantly, this thing was equipped with an extremely powerful offensive array. Not to mention him, a late stage mountain split expert, even his clan brother, Chang Tianwen, a late stage earth split expert, would not dare to challenge such a terrifying ultimate weapon alone. Other things aside, just the Starfall array alone was enough to make people tremble with fear!

Chang minggui watched the battleship swagger away, but he didn't even dare give chase. What if ao Tianba used the Starfall formation to attack him once he reached the sea? at that time, not even his

bones would be left. Ao Tianba was a bold man, and they had a grudge against each other, so it wasn't like he wouldn't do something like that ...

He'd caught up to Lin Yi already, and yet he could only watch as Lin Yi ran away-Chang minggui was going crazy.

However, as mad as he was, Chang minggui was helpless in this situation. He couldn't even vent his anger on Lin Yi and the people around him. After all, he was only a late-stage mountain split, not a late-stage earth split like Chang Tianwen. If he dared to go to a Morning Star or Morning Pride to kill someone, there was only one end-death.

Lin Yi couldn't help but smile as he looked at the frozen GUI Xuxu. She was able to keep her cool even in her rage-she wasn't stupid.

"It's a pity that this guy didn't take the bait!" Ao Tian BA said as he slapped his thigh.

"You really want to kill him?" Lin Yi said, surprised. He thought that ao Tianba was just joking.

"Of course. Ever since I saw you controlling the descending star formation, I've been studying the techniques in this area. I feel that I've made great progress, and I can make fun of this guy. Who knew that he would actually run away like this? what a bummer." Ao Tianba said unhappily.

"Aren't you afraid that there will be repercussions after killing him? He has a clan brother called Chang Tianwen, who is a late stage earth splitting expert. " Lin Yi reminded.

"What's the big deal about the late stage of earth splitting? Could it be that the sea Dragon we encountered last time was worse than him?" Ao Tian BA's face was full of disdain as he said, "Compared to the real super existences in the endless sea, they are nothing. I have the ancient warship and can even sail the endless sea. If he dares to come, I'll kill him!"

Lin Yi was speechless-this guy was a dangerous one, after all. The first time they met, he didn't even hesitate to throw Lin Yi down to feed the sea beasts, not giving a damn about the entire western part of the island. This was the epitome of what he'd done-a man who could cross the ocean wasn't a simple man.

From the East continent to the middle Island, although the sea route was much closer than the one to the West Island, it was still a dangerous journey. However, since the ancient warship was an ultimate weapon, the so-called danger was not worth mentioning. Not only could such a huge object resist natural disasters, but it could also deter the powerful sea beasts in the sea.

Unless something like the last time happened, the ancient warship was almost invincible in the vast sea. How many sea dragons were there in the world? how high were the chances of encountering them?

Ao Tianba had been at sea for 300 years and had only seen the so-called god of the sea once. The probability of him winning the lottery in the secular world was lower than that of winning the lottery. As for being targeted by a Sea Dragon twice in a row, such a situation simply did not exist.

Nothing happened along the way. When the huge and spectacular ancient battleship docked at Middle Island, there was a commotion at the dock. Unlike the treasure ship, the ancient battleship was an ultimate weapon that only existed in the East continent. Unless the East continent's diplomatic mission came to visit, it was usually not seen in a place like Middle Island.

"Captain, thank you so much for your help." Lin Yi said as he stood on the deck.

"What are you saying? I already said that we're on the same side. What's the point of thanking me!" Ao Tianba looked at Lin Yi unhappily, "By the way, how long are you going to stay in Nakagama this time? do you want me to wait for you? I don't have anything important to do in the near future anyway, so I can make a trip to the North Island. "

"There's no need. I'm going to stay in Nakajima for a while. It's not like the distant East continent. It's very convenient to travel from Nakajima to the North Island. Captain, you don't have to wait for me." Lin Yi said with a smile.

He had many ways to go back to the North Island from the middle Island, either from the Tian Xing path or the Hong Chamber of Commerce. The East continent was different-it was a very difficult task to go from the East continent to any other Sky Class Island. Without enough connections, ordinary people could only look at it and sigh. Lin Yi was lucky to have met ao Tian BA this time, or he would have had to go through a lot of trouble.

"Well, since you've said so, I won't try to please you. I'll get someone to hang the East Province sign and return to the East Province in two days, so that those Nakajima leaders won't feel uneasy and think that I have some bad intentions toward Nakajima!" Ao Tian BA laughed.

Lin Yi couldn't help but smile-ao Tianba wasn't joking at all. Normally, the appearance of an ultimate weapon like an ancient warship would be reported to the higher-ups in advance, to avoid unnecessary tension and conflict.

However, this was a spontaneous meeting, and it was not an official meeting like bringing an Envoy Group, so ao Tianba naturally did not give any prior notice. Under such circumstances, it was already

good enough that they could safely dock. If they stayed any longer, the higher-ups of Nakajima Taishi Pavilion might not be able to sleep and eat in peace.

Although an ancient battleship could not destroy the entire Middle Island, if it suddenly launched an attack, the vitality of the middle Island would be greatly damaged. The most painful point was that no one on the middle Island could resist such an ultimate weapon on the surface, unless the old monsters of the island owner Pavilion who had been hiding in seclusion were alarmed.

"Captain, we'll part ways here. See you again!" Lin Yi cupped his hands.

"See you again. If you need anything in the future, remember to look for me. Don't forget that you're my honorary vice-captain." Ao Tianba laughed as he patted Lin Yi's shoulder. Their relationship had gotten a lot closer after the trip, and while it wasn't enough to tie Lin Yi to his ship yet, there was still a long way to go.

Chapter 4980 Being In Trouble

"Okay, I won't be polite with you, Captain." Lin Yi nodded with a smile, and ao Tianba sent him off personally.

Lin Yi couldn't help but feel emotional as he looked at the dock. The last time he came to the island, he didn't see as much as he did now. He naively thought that the island was the place of supremacy, the center of the five sky-class islands.

However, now it seemed that although the middle Island was the center, it was only the center in terms of geographical location. Its strength and status were not much higher than the north and west islands. Compared with the mysterious East continent and the South continent where the spirit beast clan resided, the middle Island was still much worse.

To put it bluntly, the middle Island was only used as the headquarters of many Chambers of Commerce because of its excellent geographical location, not because of how strong it was. Only the East continent, which was full of Masters, could truly represent the peak of the Sky Class Island.

But then again, although the middle Island was not as powerful as the East continent, it was still the headquarters of the major Chambers of Commerce. It was also the transportation hub that connected the four sky-class islands in the North, South, East, and West. In terms of prosperity, it was no less than the main cities of the academies in the East continent, and might even be better.

Walking through Nakajima's business district, Lin Yi arrived at the market Street without realizing it. He missed Tian Ji and Xue Li, and the heavenly pill Pavilion was naturally his first stop.

As the owner of the heavenly elixir Pavilion, Lin Yi felt a little guilty. It had been more than two years since he left last time, and he hadn't returned even once in such a long time. He was really thorough in his role as the owner. If the other party wasn't Tian Gang and Xue Li, the entire heavenly elixir Pavilion might have changed owners a long time ago.

As the hands-off manager, Lin Yi was relaxed, but it was Tian Gang and Xue Li who were suffering. Although they had Tianxing and the others looking after them, they were still women. It was not easy for them to establish a foothold in the middle Island, and Lin Yi disappeared from time to time, causing the supply of pills to be unable to keep up. The two of them had been under a lot of pressure.

Tian Gang and Xue Li were the main reason why the heavenly pill Pavilion was able to hold on until today. Lin Yi didn't do much for them in comparison, and if he didn't feel guilty, then he was too heartless and irresponsible.

Fortunately, they were back in the middle Island, and Lin Yi could make up for it. In fact, as long as he appeared, it would be a big surprise for the girls.

But before Lin Yi could get close, he saw the entrance of the heavenly elixir Pavilion bustling with activity from afar, a large group of people surrounding it. Lin Yi was stunned-the heavenly elixir Pavilion was still so crowded after such a long time?

When the heavenly elixir Pavilion first opened, they had all kinds of supreme quality elixirs as the finale, so their business was extremely good, just like what they were seeing now. However, even then, it didn't last long. A few days later, the business wasn't as good as it was now. Could it be that Tian Gang and Ning Xuefei had done a good job in their management, and after two years of hard work, they had completely built up the reputation of the heavenly elixir Pavilion?

But that shouldn't be so explosive, right? Lin Yi couldn't help but find it strange. Tian Huan could make elixirs too, but they could only provide mid to high quality elixirs. He had to provide the high quality ones.

But even if he did regularly deliver pills to the sky pill Pavilion, he had to travel a lot of times and couldn't guarantee anything. Under normal circumstances, he would only sell in limited quantities. It was already good enough that Tian Gang and Xue Li could keep their popularity, but it was impossible for them to sell so well. After all, if so many people could buy them, the pills that Lin Yi sent regularly wouldn't last for a few days.

It was not wise to have a short-lived supply, but a long-term supply was the way to go. Once the supply of Supreme grade pills was cut off, the losses would not be something that could be made up for by the hot sales of the past two days. At that time, the reputation and reputation of the entire heavenly pill Pavilion would be affected.

There must be something going on here! Lin Yi suppressed his curiosity and went over quietly. As expected, this scene wasn't because of the sky elixir Pavilion's booming business at all, but because of some despicable people.

"Don't miss this opportunity. Our famous medicine sect has invited an advanced Alchemist from the East continent to take charge. He can refine a sixth grade pill on the spot. If you're interested, please go and take a look. If you're late, you won't be able to get in line!" The owner of this voice was a familiar face. It was the famous medicine sect's assistant manager, Diao Huanshan.

Lin Yi frowned at the sight. He remembered that Diao Huanshan had come to cause trouble when the heavenly pill Pavilion first opened, but Tianxing was there at the time and took care of him easily. He didn't expect this clown to jump out again today. Wasn't he afraid of Tianxing's wrath?

As curious as he was, Lin Yi didn't reveal himself. With his current level of experience, he naturally wouldn't be interested in a small fry like this. However, this was related to the reputation of the heavenly elixir Pavilion, and he wasn't ready to act rashly before he got to the bottom of things.

"Famous medicine sect? Isn't this the heavenly elixir Pavilion?" A new member of the crowd asked softly.

"Where are you from, brother? The famous medicine sect and the heavenly pill Pavilion are mortal enemies, don't you know about this?" A busybody at the side curled his lips and said.

"That's right, because of the hype of the Supreme grade pills, the heavenly pill Pavilion has stolen countless business from the famous medicine sect in the past two years. Now, this famous medicine sect's vice shopkeeper Diao is clearly trying to steal back all the customers! Tsk, tsk, he can even refine a sixth realm pill on the spot. That East continent's advanced Alchemist is amazing. Perhaps he is a

legendary seventh realm Alchemist. After all, an ordinary sixth realm Alchemist would not dare to do this!" Someone else explained.

"The heavenly elixir Pavilion is really going to lose this time. Although they have all kinds of Supreme grade pills, their grades are not high. At most, they're only fifth grade pills. Even if the sixth grade pills aren't Supreme grade pills, they're still better than them! Moreover, after reaching a certain level, everyone will have to consider Tier 6 pills. No matter how good the quality of those Tier 4 and 5 pills are, it's useless. " The bystanders all sighed.

"In the end, it's still because they don't have enough resources. The heavenly elixir Pavilion has only been established for two years, while the famous medicine sect has been around for hundreds of years. They can easily invite a high level Alchemist from the East continent to take charge. What does the heavenly elixir Pavilion have?" Someone said in disdain.

The people around them were whispering to each other, while Diao Huanshan, who was surrounded, was still talking. "There won't be such a shop after this village. The Alchemist from the East continent of our famous medicine sect said that as long as you have the need, he can accept all kinds of sixth-grade pills, even seventh-grade pills. No matter how you look at it, this is much better than the heavenly pill Pavilion, which only sells fourth and fifth-grade pills in limited quantities!"
