

## Bodyguard 4981

### Chapter 4981 Lin Yi Is Back

More and more people were attracted, but Tian Gang and Xue Li could only stand in front of their own door, helpless.

In addition, Wei shenjin had also heard the news and rushed over, but he also had a helpless expression on his face. Although Diao Huanshan was very annoying, he had not done anything substantial to harm the heavenly pill Pavilion. He had only blocked the entrance and promoted the famous medicine sect. Under such circumstances, there was nothing they could do to him.

Tian Huan and the other two could only watch helplessly. Even if they were angry, they could only swallow this down. Besides, in terms of strength and Foundation, the heavenly pill Pavilion was indeed no match for the famous medicine sect. There was nothing they could do.

Tian Gang and Xue Li looked at each other and shook their heads helplessly. Now that their biggest backer in Nakajima had left, there was nothing they could do even if they wanted to complain. They could only let the clown, Diao Huanshan, jump around.

"Diao Huanshan, don't you think you're going too far?" Wei shenjin couldn't bear it anymore. He stood up and interrupted the chattering Diao Huanshan with a cold shout.

"Too much? How was it too much? I didn't steal or Rob, I just stood here and said a few words of Justice, how is that too much?" Diao Huanshan sneered and glanced at Wei shenjin. He sneered with ill intentions, "I remember that the heavenly pill Pavilion has only been open for two years. When did they become so arrogant that they can't even let others say a few words in front of the shop?"

"You say this is fair? Diao Huanshan, what's your face made of? you're competing so openly and maliciously, using such a despicable method to steal the heavenly pill Pavilion's customers, yet you're still able to say that you're being fair without blushing or having your heart skip a beat?" Wei shenjin suppressed his anger and snorted.

"I'm just speaking about fairness. If we're talking about malicious competition, why don't you tell me which part of what I said just now wasn't the truth, and which part of it was deliberately slandering the heavenly pill Pavilion? If there is, pick it out and I'll apologize on the spot!" Diao Huanshan said fearlessly.

"You ..." Wei shenjin choked. After all, he wasn't like Diao Huanshan, who had been through a lot in the business world. He wasn't as eloquent as them. What's more, Diao Huanshan's words didn't leave any evidence behind. He was just promoting his famous medicine sect, so it was hard for people to pick a fault.

In fact, Wei shenjin also knew that it was useless to argue with such a clown. The best way was to use strength to overwhelm the other party, just like the previous time when the heavenly pill Pavilion opened. Tian Xing Dao could send this guy flying with a casual palm strike.

It was a pity that Wei shenjin was not from Tian Xing Dao. In the end, he was just a disciple of snow sword sect. It was hard to tell who was stronger than Diao Huanshan. If they really fought, it was hard to say who would be sent flying.

Seeing that Wei shenjin was so choked that he could not say a word, Diao Huanshan glanced at Tian Gang and Xue Li proudly and said, ""Brat, don't you think you're too inexperienced to fight me with just a few small characters? Hmph, if you can't use violence, you can't either. If you have the ability, call for Tianxing and let him deal with me!"

As soon as these words came out, the entire place was in an uproar. The sky path was a legendary figure known to every household in the middle Island. It was rare to see someone who would dare to call out the sky path's name in public. This assistant manager Diao of the famous medicine sect was truly a character!

Wei shenjin was so angry that he almost rolled up his sleeves and made a move. In the end, he was stopped by Tian Gang and Xue Li's gazes. There were no experts present that could suppress them, so it would be difficult for the three of them to gain any advantage. Instead, they might even suffer a huge loss. If Diao Huanshan took this opportunity to tear down the heavenly pill Pavilion's name, then their two years of hard work would be in vain.

Seeing that Wei shenjin did not get carried away, Diao Huanshan couldn't help but feel a little disappointed. Tian Ji and the others had guessed correctly. He had indeed thought of using this as an excuse to make a scene. After all, the existence of the heavenly pill Pavilion was bound to take away a lot of business from his famous medicine sect. If he could take this opportunity to destroy the heavenly pill Pavilion, then everything would be over. Even if he had to pay some price for this, it would be worth it.

"Hmph, Hmph, I'm not afraid to tell you that I'm a late nascent Soul Stage expert! If Tian Xing Dao was here, I wouldn't mind, but he's not here. I'd like to see who can compete with me!" As Diao Huanshan spoke, he released his Qi, which startled the people around him.

One couldn't blame everyone for having such a reaction. If it was a place where Masters gathered like the East continent, a mere late Yuanying stage cultivator was nothing. After all, anyone who passed by was very likely to be a master of the xuansheng stage or even a Big Shot of the mountain opening stage. Who would be afraid of a late Yuanying stage cultivator?

However, this was Middle Island. A nascent soul expert was already a rare expert here. None of them were easy to deal with. As for the more powerful xuansheng experts, they didn't come out much. They might not even see one in ten days or half a month. For example, in this occasion, Diao Huanshan, who was in the late nascent Soul Stage, was already an invincible existence.

Tian Gang and Xue Li couldn't help but frown. Wei shenjin could only choose to retreat. He had no choice. He was not Diao Huanshan's opponent at all. Even if he was full of hot blood, it would only make things worse.

Diao Huanshan couldn't help but laugh proudly, but Lin Yi, who was in the crowd, was a little puzzled. The Tianxing path had always been a powerful existence on the Sky Class Island-why didn't it seem to be working? Diao Huanshan was actually not afraid that Tian Xing Dao would seek Him out for revenge. What was going on?

But Lin Yi didn't think too much about it-even if Diao Huanshan was a late-nascent soul practitioner, he didn't think much of it.

Now, even the late-stage earth splitter, Huang class president Zhuang Yifan, had to address him as a brother, and even talk to him with respect. A Dean like Ling Yuanqing was even more respectful to him. With Lin Yi's current level, there weren't many people in the middle Island that he'd take seriously.

Lin Yi didn't choose to attack because he wanted to figure out the situation first, but now that he had a general idea, there was no need to listen to any more nonsense.

"You can get lost now." Lin Yi walked out from the crowd and didn't even look at Diao Huanshan. He smiled at Tian Gang and the others, who were speechless, "I'm back,"

"Ah!" Tian Gang and Xue Li were overjoyed. They'd been waiting for Lin Yi for two whole years, but they never got any news from him. They didn't think that Lin Yi would show up at this most embarrassing moment!

Wei shenjin was also overjoyed. He was so anxious that he didn't know what to do. Lin Yi had asked him to take care of the sky elixir Pavilion, and if a clown like Diao Huanshan were to ruin his reputation, how could he face Lin Yi in the future?

But now, Lin Yi was back!

Chapter 4982 How Did I Deal With You?

"Who the hell are you?" Diao Huanshan didn't recognize Lin Yi at first, but he only reacted after he noticed the surprised expressions of Tian Gang and the others. He laughed, "I was wondering who it was. So it's the heavenly elixir Pavilion's shopkeeper who has disappeared for two years!"

"I don't have time to talk nonsense with you. If you don't know what's good for you and get lost, don't blame me for being merciless." Lin Yi said faintly.

"Oh, you're indeed the head of the heavenly elixir Pavilion. You're so young, but you're so arrogant!" Diao Huanshan laughed sarcastically and said in disdain, ""However, you can't scare me with just your tone. Do you think you're from the heavenly path? do you think you can scare me, a late-nascent Soul Stage expert, with just a few words? If you know what's good for you, then quickly return to the heavenly pill Pavilion. Otherwise, don't blame me for being merciless. Now that heaven's will is no longer here, it'll be as easy as turning my hand if I want to take care of you young ones!"

"Oh, really? How did big brother Tianxing deal with you last time?" Lin Yi suddenly changed the topic.

"What?" Diao Huanshan was taken aback, thinking that Lin Yi was trying to embarrass him with this. However, before he could get angry, Lin Yi raised his hand and sent a slap at him.

Diao Huanshan wanted to fight back subconsciously, but he was shocked to find that he could not move at all!

There was no other reason. The aura exuded by the other party was too terrifying. It was even stronger than Tian Xing Dao 's!

A xuansheng stage expert! Diao Huanshan was dumbfounded, and so were the surrounding people. They all looked at Lin Yi in disbelief-this man was a legendary xuansheng stage master!

Shouldn't such a terrifying figure be living in seclusion? why would he appear on this Market Street? Based on Diao Huanshan's words, this person was actually the head of the heavenly elixir Pavilion?

Lin Yi didn't use any martial arts, only the simplest pure Qi, and Diao Huanshan was sent flying in front of everyone. After all, Diao Huanshan was only a late-stage nascent soul cultivator, and it would be strange if someone like him could still fight back against Lin Yi.

Diao Huanshan had been slapped to the point where he had disappeared. The only sound left in the entire arena was the sound of gasps. Some of the people who had been persuaded by Diao Huanshan immediately changed their minds. It seemed that even though the heavenly pill Pavilion had only been established for a short time, their backing was no small matter. They might not lose to the famous medicine sect.

"Everyone, my heavenly elixir Pavilion has always been well-known for doing business. I, Lin Yi, will say this now. No matter if it's Tier five, six, or seven, whatever his medicine sect has, my heavenly elixir Pavilion will definitely have it. Even if his medicine sect doesn't have it, my heavenly elixir Pavilion will have it too. Please wait and see!" Lin Yi cupped his hands at the crowd.

The crowd went into an uproar at Lin Yi's words, and everyone's appetite was piqued. Diao Huan mountain had spent so much effort to steal their business, but after Lin Yi's outrageous move, not only did they fail to attract people to their famous medicine sect, they even looked forward to the heavenly pill Pavilion more. They weren't here to ruin their reputation, they were here to give them warmth ...

With that, Lin Yi walked into the heavenly elixir Pavilion, escorted by Tian Gang and Xue Li. It had been two years, but the layout hadn't changed at all. It was still the same as before, and it made people feel emotional.

The three of them went straight upstairs. As for the business downstairs, Wei shenjin would temporarily help take care of it. In any case, Wei shenjin had helped a lot when the business was busy in the past. After two years, he had become familiar with it.

"You've finally come to see us!" As soon as they entered the room, Tian Gang and Xue Li couldn't wait to jump into Lin Yi's arms.

"It's been hard on you for the past two years. It's my fault. I should have come to see you earlier. " Lin Yi said guiltily.

The two girls sniffled at the same time. These two years, they did feel a little sad, not because they thought it was too hard for them to support the heavenly pill Pavilion, but purely because they couldn't see Lin Yi. Although they knew that Lin Yi couldn't be by their side all the time, it wasn't too much to see him twice a year, right? and now, it had been two years, and they were about to become husband-gazing rocks.

"It's good that you know. In the future, you can't leave us sisters like this, or else ..." Tianshuo suddenly stopped.

"What else?" Lin Yi smiled.

"Or I'll kick you!" Tian Gang suddenly kicked Lin Yi's body with a red face.

"I also want one!" On the other side, Xue Li did the same, her hand grabbing Lin Yi turned into a light hug.

Lin Yi didn't know whether to laugh or cry-the girls didn't really want to kick him, of course, they were just being intimate.

"I haven't seen you two for such a long time. When did you two start to learn how to kick people? You're too brutal. It seems that I can only come to pay my respects to you more often in the future. " Lin Yi pretended to be honest.

"You said it yourself, you can't go back on your word!" Tian Gang and Xue Li looked at each other and smiled.

"By the way, I wonder how big brother Tian is doing recently. Judging from Diao Huanshan's words, could it be that he's no longer in Nakajima?" Lin Yi asked.

"That's right. He's not on the island. If big brother Tian was here, would Diao Huan mountain dare to be so presumptuous?" Xue Li said indignantly. With Tian Xing Dao's reputation in the middle Island, even if Diao Huanshan had ten times the courage, he would not dare to come and cause trouble openly. If he really dared to come in front of Tian Xing Dao, he would be slapped to death.

"Oh? Could it be that big brother Tian has something important to do and has gone to Another Sky Class Island?" Lin Yi asked curiously. Just like last time when Chu Wentian went to the West Island, Tian Xing Dao was also the Vice Island master of the middle Island. It was normal for them to represent the middle Island to go to other Sky Class islands.

"No, brother Tian has already reached the bottleneck of the peak of the original level, so he set off to the East continent some time ago to try for the xuansheng level!" Tian Gang explained.

"I see." Lin Yi nodded. If it was before, he would've been confused about why he had to go to the East continent to try for xuansheng, but after his experience, he understood everything.

Although it wasn't impossible to break through to the Xuan Ascension realm in other places, under normal circumstances, it was very difficult to attract the lightning tribulation with one's own strength. One had to meet the right weather. In order to achieve the strength of the lightning tribulation, Ordinary Thunderstorms were definitely not enough. It was only possible when the heavenly lightning was strong to a certain extent. To put it bluntly, it depended on the will of heaven.

However, it was different in the East Province. The thunderclap plain Island was a place where Thunderbolts gathered. It was the best choice to become a xuansheng. As the Vice-Island master of the sky path's central island, it would not be difficult for him to become a big Shot.

Chapter 4983 It's An Acquaintance

Lin Yi couldn't help but shake his head. It was a pity that they didn't meet each other at the same time. Otherwise, they might meet again on the road to becoming a Big Shot. That would be a pleasant surprise.

"There's no one good in the famous medicine sect. Not only is there a sinister villain like Diao Huanshan, but even the shopkeeper, Tong yangfei, is a sanctimonious hypocrite. In order to run us down for the past two years, they've used all kinds of despicable means. They didn't dare to go too far before because big brother Tian was here, but now that big brother Tian is gone, they've immediately taken advantage of us. This is unbearable!" Xue Li said angrily.

"These people are indeed shameless. We're not as strong as Diao Huanshan, but luckily you got here in time, Lin Yi. Otherwise, I don't know how we'd end this." Tian Gang couldn't help but frown.

"Hehe, you're overthinking this. From the situation just now, this Diao Huanshan is actually a smart person. Although he came to cause trouble, he didn't dare to make a move and only dared to curse. I guess he's afraid that big brother will come back one day to settle the score with him." Lin Yi smiled faintly.

There was a saying that a monk could escape, but a temple could not. Even if they took advantage of the absence of the Tian Xing Dao to destroy the heavenly elixir Pavilion, the Tian Xing Dao would return one day.

If it was purely a business competition, Tianxing might not have done anything to them. After all, as the Deputy Island master of Nakajima, he had to consider public opinion. However, if Diao Huanshan dared to lay a hand on Tian Huan and the others, he would be seeking his own death. Even if Tianxing killed him to vent his anger, the famous medicine sect would not dare to stop him. Instead, they would have to offer him with both hands.

This was a matter of life and death, so Diao Huanshan had weighed the pros and cons very carefully. Otherwise, he would not have been able to become the assistant manager of the famous medicine sect.

"Even so, he's still despicable. He brazenly came to our heavenly pill Pavilion to steal our customers. He's going too far!" Xue Li said angrily. She really couldn't swallow this anger.

Although the heavenly pill Pavilion was built by her and Tian Gang, Tian Gang was only in charge of refining pills. She was the one who took care of the business, and only she knew how much sweat and effort she had to put into it. She was more concerned about the reputation of the heavenly pill Pavilion than anyone else present, not even Tian Gang, let alone Lin Yi who just left everything to him.

Lin Yi's sudden appearance this time had indeed given Diao Huanshan the punishment he deserved, and from the reactions of the crowd, it didn't seem like much of their customers had been taken away. However, it still left an impact, and the heavenly elixir Pavilion was still at a disadvantage.

"That's right. A kind man will be bullied, and a kind horse will be ridden. We can't just let this matter go. If we don't make the famous medicine sect suffer enough to make them remember this, it won't just be the famous medicine sect in the future. Other Chambers of Commerce of all sizes will follow suit and we won't be able to continue our business." Lin Yi nodded.

"What should we do now? Should we go to their door to ask for an explanation, or should we just give them a taste of their own medicine and directly think of a way to snatch their source of customers?" Xue Li quickly asked.

"That's not necessary. Although it's not impossible to cause trouble here, it's still a bad idea." Lin Yi shook his head. With his strength now, he could fight against an early stage mountain-opening cultivator. Even if he had to face the entire medicine sect alone, he wouldn't be afraid. If the other party didn't have enough Masters, it wasn't impossible to use his strength to bully them.

However, this wasn't the best plan in the end, because in this way, famous medicine sect would become the victim instead. The public opinion would imperceptibly lean towards famous medicine sect's side. Other than being able to vent their anger, it wouldn't do heavenly pill Pavilion any good.

"Could it be that you've already thought of a good idea?" Tian Gang and Xue Li's eyes lit up at the same time.

"It's not a good idea. As long as we have absolute strength, any strategy is useless." "Let's not talk about that. Let's find out more about the medicine sect first." Lin Yi smiled.

The three of them cuddled for a while before Lin Yi brought the two girls downstairs. Wei shenjin, who had been waiting for a long time, quickly came up to them, ""Boss Lin Yi, you're finally here!"

"Hehe, you've worked hard during this period of time." Lin Yi smiled and nodded. He heard from Tian Gang and Xue Li that Wei shenjin had been coming to the heavenly elixir Pavilion to help out almost every two to three days, and all of this was because of a single order from Lin Yi before he left. It was clear that this guy was a loyal person, and he didn't save him for nothing.

"Boss, you're overpraising me. Actually, I was just trying my best. I couldn't help much. I couldn't do anything about things like today. Fortunately, boss, you came. Otherwise, I really wouldn't know what to do ..." Wei shenjin smiled bitterly.

"You don't have to blame yourself. You can't be blamed for this. After all, it's too much for you to handle Diao Huanshan. Don't worry, I'll handle it myself." Lin Yi consoled, "By the way, you're more familiar with this place. Can you help me find out the specific situation of the famous medicine sect?"

"Okay, don't worry, boss. Leave this to me!" Wei shenjin immediately patted his chest and accepted the order. It was unrealistic for him to deal with Diao Huanshan, who was at the late Yuanying stage, but it was a piece of cake to ask for information. After all, he was a native of Middle Island.

Wei shenjin was extremely efficient and came back in less than an hour. He couldn't wait to report to Lin Yi, "Boss Lin Yi, I've done some research. The East continent master that the medicine sect hired is called Zheng Dongsheng. I heard that he's Zheng dongjue's distant cousin."

Zheng Dongsheng? Lin Yi blinked at the name-it sounded familiar. The Father of Zheng tianguang, the culprit who caused the tragedy, and the number two refiner of the morning stars Academy, was called Zheng Dongsheng! No wonder he wasn't at the Morning Star Academy. He had come to Nakajima to visit his relatives.

"Wait a minute, isn't Zheng Dongsheng from the pill Hall? since Zheng Dongsheng is his distant cousin, why did he go to the famous medicine sect? I don't think the pill Hall has a good relationship with the famous medicine sect. " Lin Yi couldn't help but ask.

He had heard from Cai Zhongyang before that the pill Hall had a bad relationship with the other Chambers of Commerce. If it wasn't for the pill God Zhang Liju, the other Chambers of Commerce would have attacked the pill Hall long ago. Under such circumstances, why would an Alchemist with a relationship with the pill Hall go and make pills for the famous medicine sect?

"I also found this strange at first. Later, I specially asked someone to inquire about it and found out that Zheng Dongsheng was not invited by Zheng dongjue of the pill Hall, but by the medicine sect's shopkeeper, Tong yangchi." Wei shenjin said with a serious expression.

Chapter 4984 Two Thugs

"Nakajima is thousands of miles away from the East continent. Tong yangchi and Zheng Dongsheng are not related. How could he invite him to Nakajima?" Lin Yi was still confused.

"This isn't strange. Although the headquarters of the famous medicine sect is in Nakajima, I heard that they're developing quite well in the East continent and have established relationships with many forces in the East continent. Zheng Dongsheng seems to have a cooperative relationship with them, which is why he was invited by Tong Yang. Although he's Zheng dongjue's cousin, even Zheng dongjue can't control where he wants to go." Wei shenjin explained.

"That's true," Lin Yi nodded, but he still felt that something was wrong. He couldn't put his finger on it.

After a while, Lin Yi turned to Xinyan. "By the way, how's the situation in the pill Hall recently? has master Zhang come back in the past two years?"

"No, he hasn't appeared for a long time. Zheng dongjue has been in charge of the pill Hall for the past two years." Xinyan said, sighing.

It wasn't a good thing for her if this situation continued for a long time. Zheng tianchu had never given up on her. Although Zheng Dong didn't dare to do anything out of line for his grandson due to the deterrence of Tianxing, now that Tianxing had gone to the East continent and the God of alchemy Zhang Liju was elusive, the pill Hall was almost his sole authority.

If Zheng dongjue wanted to do something bad, Tian Gang would have no way to fight back. Even if hou guanqi and Cai Zhongyang, Zhang Liju's in-name disciples, helped her, they wouldn't be able to stop Zheng dongjue.

Lin Yi was already prepared for this answer, but he couldn't help but feel a little disappointed. He came to Nakajima this time to see tianshuo and Xue Li, but it wasn't as if he didn't have a sliver of hope. If he was lucky enough to meet Zhang Liju, then his sleeping female friends might be saved.

It was a pity that this was destined to be a beautiful fantasy. Now it seemed that it would not be so easy to see his cheap master. He had to admit that the opportunity had not arrived.

As the few of them were talking, there was a sudden noise outside. Someone shouted loudly outside the door, ""Who was the one who beat up our famous medicine sect's people just now? get the hell out here!"

Upon hearing this sudden commotion, the guests in the heavenly pill Pavilion ran out one after another. A large group of onlookers immediately gathered outside. They were all pointing and discussing. Today, the heavenly pill Pavilion and the famous medicine sect had really clashed. This place was destined to be in chaos.

Lin Yi and the others looked at each other and followed them out of the door. They saw a middle-aged man in the middle of the crowd, and Lin Yi was stunned when he saw the symbol on the man's sleeve.

"You're the xuansheng stage expert who injured Diao Huanshan?" The middle-aged man's eyes fell on Lin Yi.

"That's right, it's me. Who are you in the morning stars Academy?" Lin Yi frowned.

The middle-aged man had been aggressive, but he was a little stunned when he heard this. He hadn't even said anything, and this guy already knew he was from the Morning Star Academy?

What they didn't know was that Lin Yi had been at the Academy for so long, even earning the honorary Dean title. They'd be blind if they couldn't even recognize the school's symbol.

"Oh, I didn't expect you to have such good eyesight. You actually know that I'm from the morning stars Academy. That's right, I'm the East continent's morning stars Academy's Chancellor, Zhao youque!" The middle-aged man announced his name and sneered, "I heard that you're a xuansheng stage expert, so you dare to use your power to bully our famous medicine sect's assistant manager Diao. Why don't you try to bully me as well?"

Before he could finish his sentence, Zhao youque suddenly released a powerful aura. His strength as a mid-stage xuansheng expert was instantly revealed, causing the surrounding people to be taken aback. Xuansheng stage experts were extremely rare existences, and they had actually managed to meet two of them today. It seemed like they hadn't watched the show in vain.

Tian Gang, Xue Li, and Wei shenjin's faces changed at the same time. They knew that Lin Yi was a xuansheng stage master, but he was only at the early stage, while Zhao youque was at the mid stage. They were two whole stages higher than him! Even with Lin Yi's strength, he might not be Zhao youque's match!

Lin Yi, however, seemed to be oblivious to all of this. He continued to look at Zhao youque indifferently with a slight frown. "You're just a Chancellor of the morning stars Academy, yet you've come to Middle Island to be a fighter for the famous medicine sect. Don't you think you're disgracing the morning stars Academy?"

"You know nothing!" Zhao youque's face darkened.

Of course, he also knew that this was a bit embarrassing. After all, the identity of the East continent's Morning Star Academy's Chancellor was extraordinary. Perhaps he was not dazzling in the East continent where experts were as numerous as clouds, but once he came out, he represented the Morning Star Academy's face. Once he did such a dirty thing, it would affect the reputation of the Morning Star Academy.

However, Zhao youque had no choice. He had been able to gain a firm foothold in the morning Star Academy all thanks to Zheng Dongsheng. This time, Zheng Dongsheng had come out to take on private jobs to earn extra money, so he was purely a Lackey. Now that this mess had appeared, the famous medicine sect could not solve it themselves, and Zheng Dongsheng could not possibly come personally. Who else could it be other than him?

"So you're determined to be a dog of the famous medicine sect?" Lin Yi's calm expression turned serious. He was the honorary Dean of the Morning Star Academy, after all, and he didn't want to damage the Academy's reputation over something like this. However, if the guy didn't listen to him, then there was nothing he could do.

"Brat, you'd better watch your mouth. I was planning to stop here, but if you really don't know what's good for you and provoke me, you'll be the one who suffers in the end. If you're sensible, you'd better apologize quickly. I'm kindly giving you a piece of advice, but don't make a mistake!" Zhao youque said with an unkind expression.

"Hehe, I'll pass those words on to you. Since you're from the Morning Star Academy, I don't want to hurt you, so I'll let you go." Lin Yi shook his head.

"You don't want to hurt me? Hahahaha, you're quite an interesting kid. Your strength isn't much, but you're good at acting tough. You're only at the early stage of the mysterious Ascension realm, but you actually want to let me, a mid-stage mysterious Ascension realm cultivator, go? you're really shameless to say such big words in front of so many people. " Zhao youque laughed.

"You don't believe me? After all, he's from the East Province. Is it strange for him to skip a level and challenge someone of a higher level?" Lin Yi looked at him with a half-smile.

"That's right, this kind of thing is indeed common in the East Province where geniuses gather, but is this the East Province? Hmph, didn't you think carefully before bluffing? or are you also from the East Province?" Zhao youque said as he looked Lin Yi up and down.

"You're half right. I just came back from the East Province, and coincidentally, I have a deep relationship with the Morning Star Academy. " Lin Yi smiled faintly.

Chapter 4985 Not A Match

"What do you mean? Are you a student of our morning stars Academy?" Zhao youque was slightly taken aback. Such a thing was not impossible. This person was a rare xuansheng stage expert in Nakajima, and he could tell at a glance that Zhao youque was a student of the morning stars Academy. With these two conditions combined, the possibility of this person being a student of the morning stars Academy was not low.

It was already embarrassing enough for him to act as a hatchet man for a famous medicine sect. If he were to deal with a disciple of his own Morning Star Academy, how would he be able to keep a foothold in the morning Star Academy once the news spread back to the East Province?

"Hehe, I'm a friend of your Dean, Ling Yuanqing. I'm also the master of your chief Alchemist, Qing Danzi. What do you think?" Lin Yi said faintly.

"Hahahaha!" Zhao youque laughed so hard that he fell to the ground, as if he'd just heard the funniest joke in the world. He pointed at Lin Yi and gasped, "If you said that you were a student of the Morning Star Academy, it would at least make sense. I might have believed you. I didn't expect you to be such an

interesting person. You're actually a friend of our principal Ling Yuanqing and master Qing Danzi's master. There should be a limit to your dream talk, right?"

It wasn't just Zhao youque, even the surrounding onlookers felt that this was too ridiculous. Even if they didn't know much about the Morning Star Academy, they at least knew what the headmaster and chief Alchemist represented. This person in charge of the heavenly pill Pavilion was really bragging without even thinking about it.

"I've already said what I need to say. I advise you to turn around and leave now. I can pretend that I've never seen you. Otherwise, don't blame me for not showing you any mercy." Lin Yi's expression was calm as usual, not taking the mockery to heart at all.

"Haha, you don't have to give me any face, but seeing that you've spent so much effort to make up such a ridiculous lie, I can give you some face. At least, I can guarantee that I won't kill you." Zhao youque laughed without restraint.

"If that's the case, then there's nothing more to say." Lin Yi smiled helplessly. He'd just come out of the Academy, and now he was about to attack the Chancellor? he was the only honorary Dean.

"You're still pretending at a time like this? Are you addicted to acting tough? I'll make you wake up right now!" Zhao youque laughed coldly as he prepared to attack Lin Yi.

However, before he could make a move, Lin Yi's figure flashed and appeared within three meters of him. Lin Yi's ghostly speed gave him a big scare. He didn't have time to react before he was hit in the chest. He flew out uncontrollably and was kicked out of the market Street.

Hiss! The crowd gasped as they looked at Lin Yi as if he was a monster. This was a mid-stage Xuan Sheng master! How could he not even last one move against this heavenly pill Pavilion master? could he be one of those weaklings who had no strength?

"Let's go in. " Lin Yi turned his head and called out to Tian Gang as if nothing had happened. With his current strength, he didn't need to use his trump cards to deal with normal mid-tier xuansheng Masters. Any triple-element martial skill would be enough.

"Oh." Tian Gang and the others looked at each other and nodded. They knew that Lin Yi was strong, and it was normal for him to challenge people of a higher cultivation level than him, but even so, the xuansheng stage was at least ten times harder than the original infant stage. Lin Yi didn't even care about the mid-stage xuansheng at all-just how strong was he?!

"The heavenly elixir Pavilion is indeed unfathomable!" It was only at this moment that the crowd was completely stirred up. Although doing business had no direct relationship with strength, in this world where the strong preyed on the weak, people were subconsciously more willing to believe in the existence of those who were powerful. At least their words were more reliable and secure.

Lin Yi had only been here for two hours, and he'd first sent Diao Huanshan, who was at the advanced nascent Soul Stage, flying. Now, he'd sent Zhao youque, who was at the mid-Xuan Sheng stage, flying with a kick. His strength was so strong that it made one's hair stand on end. It was like he'd done two invisible advertisements for the heavenly elixir Pavilion, and not only did he not lose any popularity, he'd even gained a lot.

It was human nature to worship the strong. The heavenly pill Pavilion had such a strong and powerful leader, so it was naturally very gimmicky. Many people had gathered from all over the place just to see the face of an expert. As long as they were slightly guided, these people would become ready-made customers.

Outside the market Street, a figure climbed up from a pile of garbage. It was Zhao youque, who had been kicked away by Lin Yi. For the sake of the Morning Star Academy, Lin Yi didn't go all out, or he'd be a dead body by now.

But even so, Zhao youque was still injured quite badly. He was extremely shocked, and started to believe that Lin Yi had some connection with the morning stars Academy. After all, there weren't many geniuses in the middle Island and the other sky-class islands who could easily challenge people of a higher level than them at the xuansheng stage. Only in the East continent were they common.

He limped back to the famous medicine sect. At this time, Tong yangchi was drinking tea with Zheng Dongsheng. The two of them were shocked when they saw Zhao youque's appearance. Diao Huanshan was like this before. Why was he still like this when he was a mid-stage Xuan Sheng?

"What's going on? Even you're no match for that Lin Yi?" Zheng Dongsheng frowned and said angrily. He had just been boasting to Tong yangzui that with Zhao youque's strength, he would be able to capture him easily. Who would have thought that this would be the result? it was like slapping his own face in front of Tong yangzui. No wonder he was angry.

"Master Zheng, I'm incompetent. I'm not his match." Zhao youque said in an ashamed and embarrassed tone.

"How could this be? Didn't Diao Huanshan just say that Lin Yi was only at the early stage of the mystic Ascension realm? you, Chancellor Zhao, can't even handle him with your mid-stage of the mystic Ascension realm? Could it be that Diao Huanshan was wrong, this useless bastard!" Tong Yang's face darkened.

He had never looked at the heavenly elixir Pavilion in the eye. In the past two years, he had not dared to act rashly because of the deterrence of the heavenly path. Now that the heavenly path had left, and he

had invited experts from the East continent such as Zheng Dongsheng and Zhao youque, dealing with the heavenly elixir Pavilion should have been a piece of cake. How could there be so many twists and turns?

"Uh, you can't really blame vice manager Diao. That Lin Yi is indeed only in the early stages of the mystic Ascension realm, but he can fight opponents of a higher realm. It's no small matter." Zhao youque still felt a lingering fear when he recalled the scene of their exchange. The difference in their strength was simply too great. He was clearly only at the mid-tier of the mysterious Ascension realm, but he felt as if he was as weak as a mid-tier nascent soul cultivator in front of his opponent!

Chapter 4986 The Vice Island Master Takes Action

"There's such a thing?" Zheng Dongsheng and Tong yangqian were both shocked. If it was just Zhao youque's defeat, they wouldn't be so shocked. However, Zhao youque was defeated by someone who was two levels higher than him, which showed that the other party was indeed extraordinary.

"Not only that, that brat also said ..." Zhao youque's mouth twitched awkwardly.

"What else did he say?" Tong Yang quickly asked.

"He also said that he has some sort of relationship with our morning stars Academy ..." Zhao youque said with a strange expression.

"Relationship? What relationship? Could he be a student from our Morning Star Academy?" Zheng Dongsheng's eyelids also twitched. Many people in Nakajima had studied at the East Province Academy before, so it was not impossible for them to encounter such a coincidence.

"No, he's much more arrogant than that. He said he's a friend of principal Ling Yuanqing and master Qing Danzi's master!" Zhao youque braced himself and said.

"What?" Zheng Dongsheng was so shocked that his teeth fell out. He quickly reacted and frowned, ""This is impossible. As far as I know, Qing Danzi's master died a long time ago. How could he be here?"

In the world of cultivation, it was not good to judge a person by his appearance. No matter how young he looked, he might be an old monster who had lived for hundreds or thousands of years. He just maintained his young appearance, just like Zhuang Yifan. However, this guy claimed to be Qing Danzi's master, which was pure nonsense!

"That's right. Such shameless boasting. This person must be a liar!" Tong yangqian quickly concluded. Even if it was possible, he had to dispel Zheng Dongsheng's suspicions immediately. Otherwise, if Lin Yi really was the master of Ling Yuanqing's friend, Qing Danzi, then what was the medicine sect supposed to fight for?

If that was the case, he might as well not do anything. He could only hurry to the heavenly elixir Pavilion and personally apologize for his offense. There was no other way.

Zhao youque didn't say anything. Of course, he didn't believe Lin Yi's nonsense, but with the strength he'd displayed, he couldn't be an ordinary Morning Star Academy student. He might really know big shots like Ling Yuanqing and Qing Danzi, and that was why he was so unscrupulous in pulling the wool over everyone's eyes.

"That's without a doubt. Hmph, this kid is trying to play tricks on us, the morning stars Academy. What a weirdo!" Zheng Dongsheng snorted coldly. Acting like a big Shot in front of him, the number two Alchemist of the Morning Star Academy, was no different from running to hell and pretending to be a ghost?

"This is too much. Master Zheng, what do you think we should do next? we can't let this kid slander your morning stars Academy, can we?" Tong Yang was waiting.

"Although I don't really care about the reputation of the Morning Star Academy, we really can't ignore this kid. Otherwise, people will think that we're afraid of him, and might really think that he's some Big Shot." Zheng Dongsheng frowned slightly.

"That's right. We've already lost two people to him in a row. We can't continue to encourage his arrogance. It's a pity that the strength of our famous medicine sect's guest Masters in Middle Island is not enough. I'll have to trouble master Zheng to think of a way." Tong Yang quickly said.

The guest Masters on his side were nascent soul at most, and they might not even be as strong as Diao Huanshan, let alone Lin Yi. This could only be solved by Zheng Dongsheng.

Of course, Zheng Dongsheng was an Alchemist himself, and he wasn't good at fighting. However, with his superior position, he didn't need to do it personally. He just needed to send a message, and a lot of Masters would rush over. Lin Yi was nothing to him.

"En, since this Lin Yi can fight someone above his level, he's not weak at all. We can't underestimate him too much. Normal Masters probably can't take him on." Zheng Dongsheng pondered for a moment and then said, ""Well, let's not act rashly first. We'll let Deputy Island Master Wu deal with him later!"

"Vice Island Master Wu?" Tong Yang was taken aback and said in surprise, ""This vice Island Master Wu that master Zheng mentioned, could it be the managing vice Island Master Wu Miao who suddenly rose to power last year?"

There had always been five people in the central island master Pavilion, which meant one island master and four Deputy Island Masters. The executive Deputy Island master had the most power among the four Deputy Island Masters. Basically, he could speak about all matters, big and small. In terms of power and status, he was only below the island master. He was the second most powerful person in the official power of the central island.

Wu Miao, who Tong Yang was talking about, had a lot of experience in the pavilion of the island owner, but he had always been a nobody. His presence was not even as strong as Tian Xing Dao 's. After all, although the latter's strength was low on the surface, he was a legendary figure that everyone knew. He was also a strong person, and his real strength was not weak even in the pavilion of the island owner.

However, this Wu Miao was not really incompetent. He was just hiding his abilities. Last year, when the island owner Pavilion re-elected the managing Deputy Island master, he, who had never been looked upon favorably by the outside world, suddenly succeeded in one fell swoop and actually became a Dark Horse that was neither big nor small.

"That's right, it's this person. " Zheng Dongsheng nodded.

"He's the second-in-command of the Nakajima District. Even vice Island Masters like the Tianxing path and Chu Wentian are inferior to him. It's said that he's always kept people at arm's length, and very few people can make friends with him. Master Zheng actually managed to invite him?" Tong Yang was even more surprised.

These Chambers of Commerce had always been the most attentive to the people in the island owner's Pavilion. Even if they couldn't become one of their own, they had to try their best to make friends with them. At the very least, they couldn't let the other party become a stumbling block. Otherwise, their business would be difficult to do.

Tong Yang had put in a lot of effort in this regard, especially this new managing vice Island master, Wu Miao, who was an important figure he had tried his best to befriend. Unfortunately, Wu Miao's goodwill towards him had always been indifferent, at most giving him some gifts during the new year and festivals, he didn't even have the qualifications to enter the hall.

"That's right. This vice Island Master Wu is indeed aloof and proud. However, manager Tong, don't forget my status. Others can only beg him, but he has to come and beg me. I'm his distinguished guest." Zheng Dongsheng laughed proudly.

"That's right, an advanced Alchemist like you, Grandmaster Zheng, has a transcendent status no matter where you go. Ordinary people can't even invite you. No matter how aloof and arrogant Wu Miao is, he can't do without medicinal pills." Tong Yang smiled apologetically.

"Manager Tong, you don't know yet, right? this time, I've specially come to Middle Island not just to accept your invitation, but also for vice Island Master Wu. He's now a peak late stage mysterious Ascension expert, and will soon attempt to break through to the Titan realm. Therefore, he urgently needs someone to help him refine pills. In order to invite me over, he has written quite a number of letters in the past year." Zheng Dongsheng laughed.

Chapter 4987 Order For Seventh-Grade Pills!

This was the advantage of being an Alchemist. Their status was very transcendent. Even the high and mighty big shots had to lower their voices and say good things in front of them, these senior alchemists. Zheng Dongsheng enjoyed this feeling the most.

"I see. It seems that vice Island Master Wu has a good eye. I'm afraid I'll go to the wrong temple if I burn incense and pray to Buddha. However, vice Island Master Wu has found the right person this time. With you, master Zheng, personally taking action, alchemy is a piece of cake." Tong Yangxin took the opportunity to flatter Zheng Dongsheng. No wonder Zheng Dongsheng agreed to help so easily this time. If it was in the past, it would be difficult to invite this great God no matter how high the price was.

Zheng Dongsheng laughed and enjoyed Tong Yang's flattery. He thought for a while and said, "How about this, I'll write a handwritten letter to vice Island Master Wu. Manager Tong, you can find someone to send it over. He'll definitely come."

"Alright, then I'll have to trouble you, master Zheng." Tong Yangti was overjoyed-Lin Yi was unexpectedly strong, but if he could get Wu Miao to help, what was Lin Yi?

While Zheng Dongsheng and Tong yangchi were talking, Diao Huanshan, who was also limping like Zhao youque, suddenly came to the door with a bitter face.

"What are you doing here instead of recuperating?" Tong Yang frowned when he saw this. If Zhao youque, who had come with Zheng Dongsheng, hadn't suffered a big loss, he would never have given this guy a good face. After all, he had lost face in front of Zheng Dongsheng.

"Manager Tong, master Zheng, something bad has happened!" Diao Huanshan said with a bitter smile.

"What's wrong? With master Zheng and me here, it's impossible for any trouble to happen. It's not proper to be so flustered!" Tong Yang scolded.

"Manager Tong, something really bad has happened. A servant just came to report that the heavenly elixir Pavilion has also started to make orders for elixirs, and they're taking orders for seventh ranked elixirs!" Diao Huanshan said.

"What?" Tong yangzian and Zheng Dongsheng stood up in shock at the same time.

"It's true. The heavenly pill Pavilion has accumulated a lot of popularity over the past two years because they produce Supreme grade pills. Their reputation has always been good. Their only weakness is that the grade of their pills isn't high enough. However, with this incident, this weakness has become their strong point. A seventh grade pill is even higher than our famous medicine sect!" Diao Huanshan said with a bitter face.

This time, Zheng Dongsheng had been invited to take charge. The famous medicine sect had announced that they would refine a sixth grade pill on the spot. Originally, they had already overshadowed the heavenly pill Pavilion. Coupled with Diao Huanshan's deliberate provocation, the two sects had become like fire and water. Under the storm, they had become the focus of public opinion without any suspense. The famous medicine sect had used this opportunity to gain quite a bit of attention and popularity.

However, now that the heavenly pill Pavilion had released the news about the seventh grade pill, the popularity that the famous medicine sect had just attracted was instantly snatched away. Even the customers who had previously ordered the sixth grade pill had all canceled their orders. It was obvious that they had all gone to the heavenly pill Pavilion. After all the hard work, they had ended up paving the way for someone else. How could they accept this?

"Impossible! How can a small heavenly elixir Pavilion like him refine a tier 7 elixir!" Tong yangzhi's first reaction was disbelief. Seventh-realm alchemists were rare on the Sky Class islands. Even if one or two of them appeared, they would be poached by the East Province Academies.

Not to mention other things, how could a small elixir store like the heavenly elixir Pavilion afford to hire a seventh-realm Alchemist? Even if he took out all the profits, it would still be far from enough!

"Since he dared to say something like that, it means that he has the ability to do so. Otherwise, he's just looking for death. I don't think that Lin Yi is that stupid. Could it be that the heavenly elixir Pavilion has connections in the East continent?" Zheng Dongsheng said thoughtfully.

This was the only possibility he could think of. The heavenly pill Pavilion, like the famous medicine sect here, had paid a huge price to hire a high level Alchemist like him. This was why they dared to make such an arrogant statement.

"That's impossible. I've spent a lot of time and effort to investigate the heavenly elixir Pavilion in the past two years. It's just a small elixir store with only the backing of the heavenly path. It has no connection with the East continent." Tong Yang said firmly. The heavenly elixir Pavilion was now a thorn in his side. If it wasn't for the fact that he had already investigated the matter, he wouldn't have dared to send Diao Huanshan to provoke them.

"If that's the case, then we'll really have to plan it out properly. Maybe there's an expert behind it." Zheng Dongsheng frowned and immediately said to Tong Yang, ""In that case, I don't need to write a letter. Manager Tong, you can directly use my name card to invite Deputy Island Master Wu over. There's no time to waste. Go now!"

"Alright!" Tong Yang nodded.

"Also, why don't you call my cousin over as well? the more people there are, the more power they have." Zheng Dongsheng added.

"This ..." Tong Yang hesitated for a moment. The cousin that Zheng Dongsheng was talking about was naturally Zheng dongjue, the Vice Hall Master of the pill Hall. On the surface, the relationship between his medicine sect and the five elements Chamber of Commerce had always been bad. Naturally, he

couldn't get along well with Zheng dongjue, the person in charge of the pill Hall. However, this was only the relationship on the surface. He couldn't reveal the hidden truth to outsiders.

Zheng Dongsheng naturally knew about this secret. However, if he were to invite Wu Miao this time, and if he also invited Zheng dongjue, it would definitely cause suspicion.

"There's nothing to hesitate about. Deputy Island Master Wu is one of our trusted people. This relationship must be known to him sooner or later. It's better to take this opportunity to admit it face to face. This way, we can also leave a good impression that we are confidants. Just say that it's my intention, and I will never object." Zheng Dongsheng ordered.

"Yes." Tong Yang nodded and immediately went out to call people.

An hour later, a few important figures appeared in the medicine sect's vip room. Zheng Dongsheng took the responsibility to sit in the main seat, while his cousin Zheng dongjue sat on his right, and Tong yangzhui sat below Zheng dongjue.

On the left side of Zheng Dongsheng was a serious-looking man with a long beard. Without a doubt, this man was the new Deputy Island master of Nakajima, Wu Miao!

However, there was an unexpected uninvited guest next to Wu Miao. It was Nantian Aurora Polaris from the middle Island cultivator college!

With Nantian Aurora Polaris's strength and status, although he had lost in the competition for the position of vice Island master with the Skywalk society, he was still an extraordinary figure. However, he

had never had any contact with the famous medicine sect, so Tong Yang Chi naturally would not specially invite him. The reason why he had appeared here this time was actually a coincidence.

The reason was simple-when Tong Yang went to invite Wu Miao, Nantian Aurora Polaris was there as well. He heard that it was to deal with the heavenly pill Pavilion and Lin Yi, so he decided to join in on the fun.

"You are all influential figures in Nakajima. Dongsheng is proud to be able to invite you all here." Zheng Dongsheng opened the door as the host. He had the highest status here. If it was Tong yangzhui, even though he was the medicine sect's shopkeeper, the few people present would not take him seriously.

Chapter 4988 The Nan Tian Who Refused To Give Up

"You're too kind, master Zheng. Since you've personally summoned us, how could we not come?" Wu Miao smiled faintly.

Everyone nodded in agreement. Apart from Zheng Dongsheng, Wu Miao, the managing vice Island master, had the highest status. Only Zheng dongjue, who was the pill Hall's director, could sit on the same level as him. As for people like Nantian Aurora and Tong yangzhui, they could only flatter him.

Zheng Dongsheng laughed and was very satisfied with everyone's attitude. He then said,""I've specially invited everyone here because the famous medicine sect has encountered some difficulties and needs everyone's help to think of a solution."

"I heard it's about the heavenly elixir Pavilion?" Wu Miao asked. He had heard Tong yangzhi say a few words before, but he wasn't clear about the details.

"That's right. Originally, this small heavenly elixir Pavilion wasn't that big of a deal, and they didn't need to mobilize so many people. However, that Lin Yi from the heavenly elixir Pavilion has returned, and as soon as he returned, he hooked up with Diao Huanshan and Zhao youque. Now, he's even spread the word that he's selling seventh ranked elixirs. He's really coming with a lot of momentum. " Zheng Dongsheng frowned.

"Seventh ranked pill?" Everyone was shocked at the same time. A seventh-grade elixir was extremely rare even in the East continent, let alone in the middle Island. Even Wu Miao, the managing vice Island master, was eager to get a seventh-grade elixir, let alone others.

"The heavenly pill Pavilion has always been the sworn enemy of my medicine sect. Once they gain power, the blow to my medicine sect will be unimaginable. So, I beg you to help us. My medicine sect will definitely reward you handsomely!" Tong Yang asked sincerely.

"I heard that the heavenly elixir Pavilion is supported by the heavenly path. Is that true?" Wu Miao asked.

"That's right, there's such a thing. " Tong Yang nodded.

"If that's the case, then I'll really have to help your famous medicine sect. Although Tian Xing is my colleague, he is arrogant and despotic in the way he does things. I'm sure that the heavenly pill Pavilion must have used his name to commit evil deeds. Otherwise, how could they have grown to such a state in just two years? who would believe that there is no dirty business behind this?" Wu Ju said gloomily.

"Yes, yes, vice Island Master Wu is right!" Tong Yang was overjoyed. In his opinion, as long as Wu Ju agreed to help, the heavenly elixir Pavilion would be finished.

"If vice Island Master Wu doesn't mind, if there's anything you can use me for, just let me know. I'd be more than happy to deal with this heavenly elixir Pavilion." Nantian Aurora Polaris suddenly interrupted.

"Oh, vice school head Nan Tian is also interested?" Tong Yang was overjoyed.

"That Tianxing fellow is too arrogant and despotic. Vice Island Master Wu isn't the only one who doesn't like him. Don't forget that I had a fight with him two years ago for the position of vice Island master. Besides, Lin Yi from the heavenly elixir Pavilion also has some grudges with me. This is a good time to teach him a lesson." The southern sky Aurora said with a cold smile.

"Very good. It seems that Vice Dean Nan Tian is also a fellow Daoist. Vice Island Master Wu, you are in the wrong. You have such a good friend, but you didn't introduce him to us earlier. If it wasn't for him being a guest in your house, I'm afraid we wouldn't have had the opportunity to get to know him. It's a pity we didn't meet earlier." Zheng Dongsheng took the opportunity to win over people's hearts.

It was true that alchemists had a transcendent status, but at the same time, they also relied on a wide network to live comfortably. Nantian Aurora was also a figure of equal status in the middle Island. This time, they had a common enemy, so their relationship was naturally closer. To be able to sit together and have a common language, they were ready-made friends.

"Grandmaster Zheng is indeed a person who makes friends. I also feel the same way. You're very famous in the alchemy world. I just hated that I never had the chance to meet you. Today, I've finally fulfilled one of my wishes." Nantian Aurora Polaris took the opportunity to flatter.

"It's not famous at all. It's just an empty title. Vice school head Nan Tian, you're too kind." Zheng Dongsheng laughed and asked, "From what you've just said, could it be that you've competed with the heavenly path for the position of vice Island master two years ago?"

"Yes, but at that time, I had just reached the early stage of mysterious Ascension, and my strength had not yet stabilized, which led to my failure at the last moment," Nantian Aurora said with a bitter smile.

"What about now? Since Tian xingdao has gone to the East continent, his position as the Vice Island master is now vacant, right?" Zheng Dongsheng turned his head and looked at Wu Miao. Wu Miao, as the managing vice Island master, had the most say in this kind of matter.

Nantian Aurora's eyes brightened when he heard this. The reason why he went to visit Wu Miao today was actually for this matter. If he could hold a good event at Wu Miao's side, he might be able to regain the opportunity to compete for the position of vice Island master!

"Master Zheng is right. The pavilion of the island Lord must have one island Lord and four vice Island Lords. This has been passed down since ancient times, and no one can break this rule. It would be fine if he was only away for a month or two, but this time, the Tian Xing Dao is going to the distant East continent. Moreover, it's a dangerous mission to break through to the xuansheng realm. Who knows if he can come back alive?" Wu Ju laughed coldly.

He had always been at odds with Tianxing. This time, of course, he was eager for Tianxing to be struck to death by the Thunder tribulation. Even if the Thunder tribulation did not kill him, with Tianxing's overbearing character, he could easily cause trouble in the East Province, where there were many masters. Once he provoked some great figure, it would be difficult for Tianxing to not die.

"In other words, Nakajima is now missing one of its five members. Does that mean that Vice Principal Nan Tian has a chance?" Zheng Dongsheng smiled and looked at the southern sky Aurora, who was eager to make a move.

"You can say that. After a discussion with the pavilion of the island master, the position of the Vice Island master of the heavenly path is temporarily vacant. If he can return to the middle Island within a short period of time, he will still have a share of the position. However, if he returns late and the position is taken by someone else, he will have nothing to say. This is a rare opportunity. Vice school head Nan Tian can indeed fight for it." Wu Miao nodded.

"If I can win the position of vice Island master, I will definitely follow vice Island Master Wu's lead!" Nantian Aurora Polaris quickly expressed his loyalty.

Wu Miao, as the managing vice Island master, had the right to speak on this matter, and was the person he needed to win the support of the most. As long as Wu Miao was willing to agree, coupled with the power behind him, he would have at least a 70% chance of success this time!

As for the island master, who had more authority, Nantian Aurora could still speak. Unfortunately, the island master, who he had spent so much effort to make friends with, happened to be in seclusion. Now, another big Shot was temporarily acting as the island master, and he could not even meet that Big Shot, so he naturally could not move.

So now all his hope was on Wu Miao. He didn't expect that Zheng Dongsheng, who he met for the first time, would support him, and it seemed that Wu Miao was very obedient to Zheng Dongsheng. This was really a surprise!

"It's still too early to say that, but I believe in brother Nantian's qualifications. Even if you can't directly fight for the position of vice Island master in one go, it shouldn't be difficult to get an acting vice Island master." Wu Miao nodded with a smile.

Chapter 4989 A Little Surprised

"Acting vice Island master?" The southern sky Aurora was stunned.

"That's right. After all, Tian Xing Dao has just left not long ago. If he were to give the position of vice Island master to someone else now, I'm afraid that it would attract criticism. However, if it's just a temporary vice Island master, then it's reasonable." Wu Miao stroked his long beard with one hand and said with confidence, ""You're the vice-principal of the cultivator college, and you competed with the Tianxing path for the position of Deputy Island master last time. You're the best candidate for the acting Deputy Island master. I believe that as long as I put forward the suggestion, the few people in the island master's Pavilion should not have any objections. Among them, only Chu Wentian is closer to the Tianxing path. However, when the tea is gone, the tea will cool. I believe that he will not be so ignorant as to oppose me."

"Yes, I've also had someone investigate it in private. Chu Wentian and Tianxing only seem to have a good relationship, but the two don't have a deep friendship. After all, he's a figure in the power field. He wouldn't offend you, the managing vice Island master, for Tianxing, who has gone far away to the East continent, unless he's stupid." "Yes!" Nantian Aurora nodded.

"You don't have to worry about the others. The only person who may object to this matter is the acting Island master. With his strength and background, if he says no, brother Nantian, I'm afraid even I can't help you." Wu Miao said with a frown.

"After all, the acting Island master is not the real Island master, and he has just arrived. In terms of actual power, I'm afraid he doesn't have as much influence as you, the managing vice Island master. Does he have such a big influence?" Zheng Dongsheng couldn't help but wonder.

"Master Zheng, you may not know this, but although that person is the acting Island master, his strength and background are not to be trifled with. In front of him, we, the Deputy Island Masters, can only bow our heads and listen to him. To put it bluntly, the position of the island master of Nakaya Island may seem high and powerful to us, but that person may not really care about it. This time, he's only here to perform his duties and deal with the job. If we really let him be the island master of Nakaya Island for decades or centuries, I reckon he won't do it." Wu Ju said with a bitter smile.

"Could he be from one of those super families?" Zheng Dongsheng was shocked when he heard this.

"That's right, and he's someone from Nakajima's Elder Council! However, we don't dare to ask too much about the specific situation, but he does indeed have the background of a super family. Otherwise, why would the acting Island master position be assigned to him without even giving us a chance to discuss it?" Wu Miao said, shaking his head.

As the managing vice Island master, he was originally the one with the best chance to become the acting Island master. However, he didn't expect such a ruthless person to appear out of nowhere. The other vice Island Masters, including him, didn't even have the chance to run any activities and could only listen to orders obediently.

"In that case, it really can only depend on luck. Since he's from a super family, even I might not have a say in it." Zheng Dongsheng shook his head and sighed. Not to mention him, the number two Alchemist of the Morning Star Academy, even the chief Alchemist, Qing Danzi, was not worthy of the attention of the Super families.

"What should we do about this?" Nantian Aurora Polaris's heart sank. This was a rare opportunity. He had to seize the position of vice Island master while Tian Xing Dao was not around. Otherwise, when Tian Xing Dao returned, he would have nothing to do with it. Therefore, he was determined to get it. Otherwise, why would he lower himself and flatter Wu Miao?

"Brother Nantian, you don't have to worry so much. I only said that it's possible, but in fact, it's unlikely. The high and mighty acting Island master took the position alone without any trusted aides, so he shouldn't be interested in the position of Deputy Island master. After considering all aspects, brother Nantian is the most suitable candidate. He has no reason to object, so the acting Island master is most likely yours." Wu Miao said with a smile.

After helping Nan Tian Aurora Polaris to take the throne, he would have one more person in the pavilion of the island Lord, and his authority would naturally be greater. After that, he would get rid of the remaining forces of the heavenly path. Other than the acting Island Lord, he would be the only one in the pavilion of the island Lord. If he encountered a suitable opportunity, he might even be able to dream of becoming the island Lord!

"Haha, this is great news. We'll get a Deputy Island master first. After a few months, the word 'Deputy' will be removed. It seems that we can call him Deputy Island master southern sky in advance." Zheng Dongsheng laughed.

"Thank you, master Zheng and vice Island Master Wu, for your support. I'm extremely grateful and will never forget it." Nantian Aurora Polaris was overjoyed. Originally, he was still a little uncertain, but after hearing Wu Miao's statement and analysis, he immediately felt much more at ease.

"Brother Nantian, we're all on the same side in the future. Let's not waste time on these pleasantries. As long as we work together sincerely, Nakajima will be ours sooner or later." Wu Miaomiao said excitedly.

"Good, vice Island Master Wu is indeed worthy of being someone who's about to break through to the Titan tier. His breadth of mind and courage are indeed extraordinary!" Zheng Dongsheng praised and then said, "However, the capable do more work. You can't just focus on Vice Dean Nan Tian's matter. We still have to rely on you to deal with the heavenly pill Pavilion."

"That's easy. It's just a heavenly pill Pavilion. It's just a matter of a word if you want to take it down. But ..." Wu Miao suddenly stopped.

"But what?" Tong Yang quickly asked.

"I heard that the heavenly elixir Pavilion has some connections with the elixir Hall. I wonder if that's true, vice Hall Master Zheng?" Wu Miao said to the silent Zheng dongjue.

Ever since Zheng dongjue came here, other than greeting a few people at the beginning, he had not said a single word after that. It was unknown whether it was because of his position or because he was pretending to be profound.

Hearing Wu Miao's question, Zheng dongjue finally nodded and said, ""That's true. Tian Gang of the heavenly elixir Pavilion is a disciple of my Hall of alchemy. Not only that, she is also my granddaughter-in-law. However, my grandson died young, so our relationship is a little distant."

Everyone fell silent, especially Tong yangzian. They were discussing how to deal with Zheng dongjue's granddaughter-in-law in front of him. It was a fact that made everyone speechless. No wonder Zheng dongjue had been silent.

"Don't misunderstand me, everyone. I'm not against you guys going against the heavenly elixir Pavilion. Although Tian Ji is the granddaughter-in-law of the Zheng family, she's been having an affair with Lin Yi and is not a proper wife. She should have been taught a lesson a long time ago. It's just that as her elder, I can't do it myself. " Zheng dongjue immediately clarified.

Zheng dongjue was indeed happy to see everyone's plan to deal with the heavenly elixir Pavilion this time. Previously, he was afraid of Tian Xing's deterrence, so he didn't dare to push Tian Gang too much. Now that Tian Xing had left, and everyone had destroyed the heavenly elixir Pavilion, he could naturally recall Tian Gang back to the hall of alchemy. Zheng tianchu had been bothered by this matter for the past two years, and he had long had this thought.

"If that's the case, then I can rest assured." Wu Miao smiled gloomily and suddenly asked, ""By the way, if I may ask, the famous medicine sect and the five elements Chamber of Commerce have always been on bad terms. The pill Hall and the five elements Chamber of Commerce are also closely related. It's really a little surprising that you, vice Hall Master Zheng, have appeared here today."

#### Chapter 4990 Seal Up The Heavenly Elixir Pavilion

Not only Wu Miao, even Nantian Aurora Polaris had the same doubts. Even if Zheng dongjue was Zheng Dongsheng's distant cousin, that was another matter altogether. He, Zheng dongjue, couldn't possibly be on the same side as the famous medicine sect just because of Zheng Dongsheng, right?

"Hehe, Deputy Island Master Wu is indeed a clever man. To be honest, although you're helping the famous medicine sect in name, you're actually helping me." Zheng dongjue and Zheng Dongsheng looked at each other and smiled.

"What do you mean?" Wu Miao and Nantian Aurora were still confused.

Seeing Zheng dongjue giving him a look, Tong yangzhi quickly explained, ""The outside world has always been speculating and criticizing the master behind my famous medicine sect but we've never given a direct response. However, vice Island Master Wu and Vice Dean South sky are not outsiders, so we won't hide this matter anymore. The master behind my famous medicine sect is far away and right in front of our eyes, it's the Zheng family!"

"There's such a thing?!" Wu Miao and Nantian Aurora were both shocked. This was not a small surprise. The Zheng family had a seventh grade Alchemist like Zheng Dongsheng and Zheng dongjue, who was a man of his word in the pill Hall. They didn't expect that they had hidden a Chamber of Commerce of the size of the famous medicine sect. It was obvious that they had some traces of a super family!

"It's absolutely true. It's not good to disclose this matter to the public, so I hope the two of you can help us keep it a secret." Zheng dongjue nodded.

"That's natural. " Wu Miao and Nantian Aurora nodded repeatedly. No wonder a mere medicine sect was able to invite a seventh realm Alchemist like Zheng Dongsheng to help them deal with the heavenly pill Pavilion. It turned out that it was their own business!

However, in this way, they were even more determined to make friends with Zheng Dongsheng and Zheng dongjue. With the Zheng family's scale, even if it was not a real super family, it was still a powerful foreign aid that could be of great use in the future.

"The famous medicine sect is very important to our Zheng family. We have to get rid of the heavenly pill Pavilion. I'll leave it to vice Island Master Wu this time." Zheng dongjue cupped his hands and said.

"Leave it to me and wait for my good news." Wu Miao nodded his head happily.

Wu Miao's actions were Swift and decisive. He immediately sent a message to the island Lord Pavilion and called over a team of Middle Island guards. They then charged towards the heavenly elixir Pavilion.

The market Street was once again in an uproar. It had only been a day, and this was the third time that the heavenly pill Pavilion had become the center of attention. The first two times were still acceptable, but this third time, it had actually alerted the Nakajima guards, and even the Vice Island master, Wu Miao, had personally come out. This matter was really getting out of hand!

Because Lin Yi had opened up the sale of tier 7 pills before, not only did he put five of them on display, but he also announced that he would accept pre-orders of any type of tier 7 pill. The heavenly pill Pavilion was extremely popular at the moment, and the small shop was packed with people. Business was unprecedentedly hot.

They couldn't handle so many customers. Not only were Xue Li and Tian Gang busy, but even Wei shenjin was too busy. As for Lin Yi, he went to the five elements Chamber of Commerce to find Cai Zhongyang. First, he wanted to greet Cai Zhongyang and hou guanqi. Second, he wanted to borrow a few workers from Cai Zhongyang. Otherwise, Xue Li and the others would be exhausted to death.

In the end, while Lin Yi went to the five elements Chamber of Commerce to get help, Wu Miao and his men arrived at the heavenly elixir Pavilion.

The guards of the middle Island were all at least of the original infant stage. The guests that were squeezed into the heavenly pill Pavilion couldn't stop them at all. Under Wu Miao's order, they immediately filed in, and the heavenly pill Pavilion was instantly in a mess.

"What are you guys doing?" Wei shenjin was shocked, and Tian Gang and Xue Li's faces also changed.

"Guards, on a case. Unrelated people, get out!" The guard Captain shouted coldly, and the guests who were squeezed in the heavenly elixir Pavilion all scrambled out. The heavenly elixir Pavilion was immediately emptied, and only Tian Gang and the other two were surrounded in the middle.

"Case? What case?" Tian Gang quickly calmed down and ignored the guard-chief. He frowned and looked at Wu Ju, who was standing at the door, ""We, the heavenly elixir Pavilion, have been doing our business honestly. What crime have we committed that we have to be treated like this?"

"Honest business?" Wu Ju laughed when he heard this. He slowly walked to the display shelf in the center and picked up the five latest grade seven great recovery pills. He sneered and said, "Should I say

that you are ignorant and fearless, or should I say that you are extremely audacious? you actually dare to sell seventh ranked medicinal pills in such a grand manner. It is really eye-opening."

"What do you mean? It's just selling a seventh ranked pill, is that illegal?" Tian Gang, Xue Li, and Wei shenjin looked at each other in confusion.

"Hmph, of course it's not illegal to sell seventh-grade elixirs. However, selling elixirs smuggled from the East Province is a heinous crime!" Wu Miao's voice suddenly turned sharp. "The heavenly elixir Pavilion is smuggling and selling seventh-grade elixirs. The evidence is conclusive. From today onwards, the heavenly elixir Pavilion will be sealed and all seventh-grade elixirs will be seized. Report to the East continent!"

As soon as he finished speaking, the guards immediately responded and were about to chase Tian Gang and the other two out of the heavenly pill Pavilion.

Tian Gang, Xue Li, and Wei shenjin panicked. They hadn't been to the East continent like Lin Yi, and they weren't as familiar with the rules as Wu Miao, the Vice Island master. They'd never heard of pill trafficking, and they didn't know what to do.

The three of them were quickly pushed out of the heavenly pill Pavilion, and they watched helplessly as the guards took out the seal. Tian Gang and Xue Li were extremely anxious, and they rushed forward to block the guards.

"What's wrong? How dare you go against the guards in broad daylight? do you know what this means?" Wu Miao glanced at the two women arrogantly and said, ""Obstructing the guards is the same as provoking the island owner's Pavilion. The guards have the right to kill without mercy. I'm kindly giving you a piece of advice. You'd better not make a mistake."

Tian Gang wasn't as flustered at this time. He retorted with a calm expression, "I would like to ask, how do you prove that this is a pill from the East Province? If you can't, then you're just making up a story. Even if you're a guard, you should have a good reason to do so. There are so many people watching. "

Wu Ju couldn't help but look up at Tian Ji when he heard this. Most people would have been scared away by this kind of situation. He didn't expect this woman to have some courage and actually argue with reason.

There were many onlookers present. If he couldn't give a reasonable reason, there would be all kinds of conspiracy theories in the future, which would inevitably damage his image as Deputy Island Master Wu. He was still preparing to compete for the position of Island master in the future. He couldn't affect the public opinion because of such a small matter.

"Originally, this question doesn't need any proof at all, because your small heavenly elixir Pavilion selling seventh grade elixir in public is already full of suspicions. However, this Deputy Island master has always convinced people with reason. Since you have asked, this Deputy Island master will make you convinced from the bottom of your heart." Wu Ju sneered and turned around to order, ""Go and invite master Zheng here. Seventh-grade elixirs all have the spiritual awareness imprint of each Alchemist. We'll know if these seventh-grade elixirs are from the East continent or not after a test."
