

## Bodyguard 4991

### Chapter 4991 Tearing Off The Seal

A moment later, Zheng Dongsheng appeared in the heavenly elixir Pavilion. When he took the five grade seven great recovery pills from Wu Miao, he was shocked. They were actually of the highest quality!

For ordinary fourth and fifth-grade elixirs, although the Supreme quality was rare, it was not particularly rare. However, this was a seventh-grade elixir. Even he had never refined a supreme quality elixir. Didn't this mean that the ability of The Alchemist behind him was far above him, Zheng Dongsheng?

Could it be the work of a Mystic? Zheng Dongsheng muttered in his heart. However, after he sensed it, he was surprised to find that these medicinal pills were clean, without any trace of the spiritual awareness imprint.

"How is it?" Wu Miao asked.

"There's no spirit sense mark on it. " Zheng Dongsheng shook his head. He couldn't lie about this kind of thing. After all, these grade seven great recovery pills were the evidence that had been seized. If the heavenly pill Pavilion made a fuss, they would have to find someone to check them again in the future.

"No spiritual awareness imprint?" Wu Miao's expression changed. He had already spoken out just now. Wasn't this a slap to his face in front of everyone?

"If that's the case, then there shouldn't be any reason to seal our heavenly pill Pavilion, right?" Tian Gang and the others were relieved. The heavenly pill Pavilion was in a good situation now. If it was really seized today, the losses would simply be too great.

"On the contrary, high-grade pills sold through normal channels will never deliberately erase the spiritual awareness imprint, only the illegal smuggling of pills will do so, so you're being too smart for your own good." Zheng Dongsheng sneered.

"You're slandering me!" Tian Gang's faces turned red.

"What's there to quibble about? Move away quickly, or we'll kill you without mercy!" Wu Miao immediately ordered.

With an order, the guards quickly closed in. If Tian Gang and Xue Li didn't make way, they would really kill them.

Wei shenjin saw that the situation was not good and quickly pulled the two girls to the side, comforting them in a low voice, ""They're clearly prepared. There's no point in reasoning with them. We'll have to wait for boss Lin Yi to come back and think of something. Where there's life, there's hope. "

Although Tian Gang and Xue Li were unwilling, they were not blinded by anger. They could only stand aside in a daze, helplessly watching the other party stick the seal on the door of their heavenly pill Pavilion.

"Retreat!" Wu Miao and Zheng Dongsheng looked at each other and smiled, then left with their men. Now that the heavenly pill Pavilion had been seized, there was no point in fighting with the famous medicine sect!

"Tsk, tsk, the heavenly pill Pavilion is in for a rough time. It wasn't easy for them to become so popular, but in the end, they were banned in less than half a day. What a pity." The surrounding crowd did not disperse, still whispering and pointing.

"That's right, who asked it to provoke the famous medicine sect? they can even invite the Vice Island Master Wu Miao to help, who can the heavenly pill Pavilion invite? In the end, he was still too weak and did not have enough Foundation! The strong preying on the weak is fate, and this day will come sooner or later. " Someone commented.

"It's a pity. The quality of their pills is guaranteed and the price is fair. If it were a big shop like the famous medicine sect, the price would at least double. You can't even buy Supreme-grade pills, sigh ..." Someone sighed.

Just as the crowd was discussing, Lin Yi finally arrived. There were two workers he borrowed from the five elements Chamber of Commerce behind him, and they were surprised when they saw the seal on the door.

"What's going on?" Lin Yi asked the three of them.

"The people from the island Lord's pavilion said that our seventh-grade pills were smuggled pills from the East continent, so they brought people to inspect them. Even the five seventh-grade great recovery pills were taken away." Tian Gang and Xue Li both felt wronged.

"The one who just came is the managing vice Island master, Wu Miao, but it must be a famous medicine sect behind this, otherwise he wouldn't come to target our heavenly pill Pavilion for no reason." Wei shenjin added from the side.

Lin Yi nodded and didn't say anything else. He walked to the door and tore off the seal in front of the crowd without hesitation. He turned around and said, "The heavenly elixir Pavilion will be open for business as usual. If there is anything you need, please do not worry too much. You can just visit as usual. The heavenly elixir Pavilion will bear all the consequences."

With that, Lin Yi turned to Tian Gang and smiled indifferently, "What are you waiting for? I've even brought reinforcements. Hurry up and arrange for the opening of the business."

"Ah?" Tian Gang and Xue Li were stunned. They thought that Lin Yi's solution would be to get help. Even if Tianxing was gone, people like Cai Zhongyang and Hou Guanqi still had some connections in Nakajima. It wouldn't be difficult to get a few big shots to speak up for them. They didn't expect Lin Yi to have no such intention at all. He chose to ignore the investigation.

"Uh, boss, this is the seal of the island owner's Pavilion. If we reopen our business without care, it will be an additional crime. Wu Miao will definitely not let us off ..." Wei Shenjin quickly reminded.

Although the situation was already very bad now that things had developed to this point, they had only sealed up the heavenly elixir Pavilion after all. They weren't in any danger, but if they publicly disobeyed the island owner's order, they would really die.

After all, from the medicine sect's point of view, they might not be willing to stop just closing down the heavenly elixir Pavilion. This time, Lin Yi openly disobeyed the island owner's order in public, giving them an excuse to get rid of the roots. Just this alone was enough for Wu Miao to kill them all without any hesitation.

Lin Yi patted his shoulder, "You're wrong. This time, it's not a question of whether they will let us go, but whether I will let them go. We'll wait and see. "

"Ha?" Wei shenjin was completely dumbfounded-Wu Miao was the Vice Island master, the second-in-command of the Nakashi government! Did Lin Yi have the ability to deal with someone like that?

Lin Yi's strength was indeed outrageous, and he could even send a mid-stage xuansheng expert flying with a single kick, but Wu Miao was different. Not only was this person much stronger than Zhao youque, but he was also a difficult opponent.

It was fine if Lin Yi were to beat up Zhao youque, but if he were to do anything to Wu Miao, it would be the same as challenging the entire central island Lord's pavilion. The consequences would be unimaginable.

Wei shenjin wanted to remind Lin Yi again, but Lin Yi didn't give him the chance. He'd already taken Tian Gang, Xue Li, and the two helpers away.

Soon, the heavenly elixir Pavilion was once again filled with people, and the scene was even more lively than before. Although they knew that the heavenly elixir Pavilion was going against the wind, and that Wu Miao would definitely bring his men here again soon, what did this have to do with them?

Chapter 4992 Displaying One's Slight Skill Before An Expert

The law couldn't punish the majority-even if Wu Miao wanted to arrest people, he could only arrest Lin Yi and a few others from the heavenly elixir Pavilion. He couldn't possibly arrest the customers who were buying the elixirs, could he?

Everyone knew that the heavenly elixir Pavilion's elixirs were of excellent quality. It was precisely because of this that they had to buy as many as they could before the heavenly elixir Pavilion was closed down again. There was no such shop after this village, and it would be difficult for them to buy Supreme-grade elixirs in the future.

"The last madness ..." Wei shenjin sighed at this scene and broke out in a cold sweat. However, he didn't have the time to worry about it. If he didn't hurry up and help, Tian Gang and the others wouldn't be able to deal with it.

The scene was way too explosive, and even if Lin Yi had two workers, it was still far from enough. If this situation wasn't short-lived, the heavenly pill Pavilion would have to start recruiting people, or they'd really die of exhaustion.

Unfortunately, from the moment Lin Yi took off the seal, this scene was destined to be short-lived. It wasn't even an hour before Wu Miao received the news and surrounded the heavenly pill Pavilion again.

"Unrelated people, quickly retreat. Otherwise, we'll kill you without mercy!" Wu Miao's eyes twitched in anger at the scene in front of him. He had just left, and this had happened. This group of people really didn't take him, the managing vice Island master, seriously, did they? If the Tiger doesn't show its might, it will really take me as a sick cat!

The heavenly pill house was in chaos again, and they were quickly cleared out. But this time, because of Lin Yi, Tian Gang and Xue Li weren't as panicked as before. They believed that as long as Lin Yi was here, everything would be fine.

"According to our investigation, Lin Yi, Tian Gang, Xue Li, and Wei shenjin from the heavenly elixir Pavilion have committed a crime against the rules of the island owner's Pavilion. They are unforgivable! Men, take them down!" Wu Ju ordered coldly.

Wei shenjin was extremely anxious. If they were caught and thrown into the prison of Nakajima, the four of them would never see the light of day again. Even if there were people running around to save them, with Wu Miao and the famous medicine sect's methods, would they not have any follow-up actions?

Unless it was someone from the heavenly path who could directly barge into the prison, if one were to rely on Cai Zhongyang and hou guanqi, they might not even receive any news before Wu Miao secretly executed the four of them. After that, they could casually splash some dirty water on them. Even if the heavenly path returned, they could not do anything to Wu Miao.

However, Lin Yi wasn't in a hurry at all. He glanced at the guards surrounding him and smiled coldly at Wu Bing, "Are you sure you want to catch me?"

"Of course, the heavenly elixir Pavilion not only violated the agreement between the middle Island and the East continent by smuggling and selling high-grade elixirs, but they also openly violated the island owner's order. Are you trying to tell me that you're not from the heavenly pill Pavilion?" Wu Miao said as he looked down at the four.

"Of course I'm from the heavenly elixir Pavilion. I'm the one who founded the heavenly elixir Pavilion. However, if you think you can catch me with just a few shrimp soldiers and crab generals, aren't you looking down on me a little too much?" Lin Yi didn't even care about the Nakajima guards.

It wasn't that he was arrogant. One of them was able to turn the East continent's yellow Sea region upside down, and another was an existence that could even defeat an early stage mountain split giant. It was really difficult for him to take these mere nascent Soul Stage experts seriously.

It was very different from the last time he came to Middle Island. Last time, Lin Yi was weak and could only be scared, but after all the challenges, especially after the trip to the East continent, he was a strong Dragon in Middle Island. Even if he didn't suppress the local snake, he wouldn't be scared by Wu Miao, the Vice-Island master.

"You want to resist arrest?" Wu Ju laughed. To someone who could easily defeat a mid-stage xuansheng, a group of Yuanying guards was indeed not much of a threat. But if he really did resist arrest in public, it would be a capital crime. They didn't even need to pour dirty water on Lin Yi-they could kill him on the spot.

Even if the nascent Soul Stage guards couldn't take Lin Yi down, Wu Miao was at the peak of the late stage of the mysterious Ascension realm. If he couldn't even take down an early stage mysterious Ascension realm, then he wouldn't be the Vice Island master anymore. He'd be better off dead.

"So what if you resist arrest?" Lin Yi looked at Wu Miao indifferently.

"Then don't blame me for being merciless. This time, I'm just doing business. I didn't want to kill you. After all, we don't know each other and have no grudges. But if you want to die, then don't blame me for being merciless." Wu Miao's lips curved into a sinister smile.

"Hehe, even if I'm really looking for death, you guys have to have the ability to make me do it, right?" Lin Yi chuckled as he glanced at him, "With just these few cats and dogs, or with you, the managing vice Island master of the peak of the late stage of the mysterious Ascension realm? I'm afraid it's hard to say who's the one courting death. "

"Ignorant and arrogant! Since you want to die so much, I'll fulfill your wish!" Wu Miao was thoroughly pissed off by Lin Yi's tone. It would be reasonable if it came from an opening mountain Big Shot, but this

kid was only at the early stage of mysterious Ascension. Even if he could challenge those of higher cultivation levels, how strong could he be?

If Wu Miao had seen the scene at the East continent's Thunder winter plain Island, he probably wouldn't be so dismissive. Speaking of which, he wasn't wrong at all. Although this person was only at the early stage of the mysterious Ascension realm, he was an early stage mysterious Ascension realm expert who could rival an early stage mountain split realm expert!

As soon as he finished speaking, Wu Miao made his move. Under normal circumstances, even Nakajima's guards couldn't start a fight on the market Street. After all, once it went out of control, all the Chambers of Commerce and even the entire Nakajima would suffer huge losses. However, Wu Miao was confident that he could kill Lin Yi in one move, so there wouldn't be any losses.

"Fire and water dual forms?" Lin Yi felt the energy fluctuation from the man and was a little surprised.

According to reason, it was very difficult to make a breakthrough by simply merging the two spiritual roots of water and fire. After all, water and fire were incompatible. To be able to merge the water and fire attributes almost perfectly to form the double phases of water and fire, without exception, was not a simple person. He was indeed worthy of being a figure who could climb to the position of managing vice Island master. This person was indeed not an ordinary person.

It was rumored that the double forms of water and fire were unpredictable. Even if the same move was displayed, there would be countless changes. It was very difficult to deal with. In terms of strength, it was comparable to a master of the three spirits xuansheng stage.

A master at the peak of the late stage of the xuansheng realm was as powerful as an ordinary cultivator at the great circle of the xuansheng realm. In the middle Island, where there were not many masters at the xuansheng realm, Wu Miao did have the right to be proud.

Unfortunately, he wasn't facing a three-spirit-Ascension master, but an unprecedented eight-spirit-Ascension master. The fire and water elements might seem powerful to others, but it was nothing in front of Lin Yi.

#### Chapter 4993 Only Half A Day

"You have good eyes, but it's a pity that you realized it too late!" Wu Miao laughed coldly, and the fire and water manifestations suddenly transformed into a fierce, multicolored Tiger. The aura of a fierce tiger descending from the mountains to rule the world was frightening.

The elite guards hurriedly retreated. With their strength, even a slight impact would be enough to kill them. In the past, there had been more than one or two cases of Wu Miao's fierce tiger descending the mountain and accidentally injuring or crippling them. With the lessons learned from the previous incident, they naturally hid as far away as they could.

"A Tiger? It looks pretty impressive, but I wonder if it can defeat me, a Dragon. " Lin Yi smiled faintly as he casually threw out a killing intent of the five elements and Eight Trigrams. With a deep Dragon's Roar, the Golden Dragon of the eight trigrams descended upon the small heavenly elixir Pavilion. The pressure was like an ancient beast 's, forcing the colorful Tiger to take a few steps back.

"True Qi turning into spirit?" Wu Miao's eyelids twitched in fear. As the Vice Island master of Nakajima, his knowledge and vision were far above that of ordinary people. He immediately saw the essence of this Eight Trigrams flood Dragon. This thing even scared a late mountain split expert like Chang mingui, let alone a peak late stage xuansheng expert like him.

Although the brightly colored Tiger he conjured also looked lifelike, it was just the special illusionary ability of the water and fire dual forms. To put it bluntly, it was only the true energy in the shape of a Tiger. It could not even be considered as the true energy manifestation, let alone the higher realm of true energy spirit.

Wu Miao's move could only scare a layman. At best, it was the poor man's version of true Qi manifestation. Who knew that Li Gui would meet Li Kui today and actually face off with true Qi manifestation!

The Tiger's every move was supported by Wu Miao's pure Qi. If it was scared away, it was Wu Miao himself who was scared away. However, the eight trigrams Dragon that Lin Yi created was different. It already had some signs of a real spirit beast. Lin Yi didn't need to control it at all times, and it could attack on its own.

As the multicolored Tiger retreated, the eight trigrams flood Dragon roared and pounced on it. With two dragon claws and one dragon Tail, it easily tore the multicolored Tiger into pieces.

This wasn't the end. The eight trigrams flood Dragon immediately followed and wrapped itself around Wu Miao. Hearing the Dragon's Roar near his ears and feeling the pressure of a fierce beast that was almost real, Wu Miao was so scared that he almost peed his pants.

He was a peak late stage xuansheng expert, but he was being held back by the eight-trigram water dragon. No matter how hard he struggled, he couldn't move at all. The only outcome he could do was to wait for death. This result was really surprising.

The guards and onlookers outside the door looked at each other, not even daring to breathe, for fear that they would be targeted by this gossip Dragon that came out of nowhere. Even a Big Shot like Wu Miao couldn't fight back, not to mention these minions.

"How is it? Is my Dragon alright?" Lin Yi walked up to Wu Miao slowly with his arms crossed.

It hadn't been long since he'd developed the killing intent of the five elements and Eight Trigrams-even Lin Yi himself wasn't sure how strong the Dragon was. The only time he'd used it was against Fateless, but the difference in their levels was too great. The Dragon was killed as soon as he'd released it, and it was hard to see the real effect.

But now, Lin Yi had some clues. Judging from the fact that the Dragon could easily defeat Wu Miao, it should be able to easily defeat a xuansheng full cultivation as well. It should be able to fight on par with a weaker early stage mountain split cultivator like zang Zili.

It wasn't as lethal or explosive as the ultimate move, but it didn't need to be charged up. It could be used instantly, and it was very flexible. If Lin Yi split his attention, he could coordinate with the Dragon and form a 2v1!

This conclusion made Lin Yi secretly happy. This was an advanced version of fighting left and right. If he had mastered this move when he was fighting zang Zili, he wouldn't have to fight so hard. He could completely suppress zang Zili and he might not even be able to fight back.

"Don't ... Don't you do anything stupid!" The pressure of being surrounded by a beast wasn't something a normal person could handle. Wu Miao's voice was trembling a little, but he didn't want to admit defeat in front of Lin Yi. He tried to stay calm, "I'm the managing vice Island master, Wu Miao. If you dare to touch a single hair on my head, you'll be making an enemy out of the entire Middle Island. You better think about the consequences!"

"Oh, really? I'm so scared. " Lin Yi didn't take the threat to heart. He curled his lips, "Does your family own Nakajima, and you can do whatever you want? Hmph, since you've chosen to be a Lackey of the famous medicine sect, you should have this awareness. Since you dared to come and deal with me, you should naturally be prepared to be dealt with by me. Don't you think so?"

"I ..." Wu Ju was instantly rendered speechless. He really regretted agreeing to help the famous medicine sect. He had thought that they were just insignificant characters, but who knew that they were such a thick iron plate!

The other party was only at the early stage of the mysterious Ascension realm, but he was able to take care of him, a peak of the late stage of the mysterious Ascension realm, so easily. Furthermore, he had used the legendary method of true Qi turning into spirit. Wu Miao was not an idiot. He knew what this represented. He also knew that this was not something that he, as the managing vice Island master, could handle.

This time, the Zheng family had really screwed them over!

"I'll spare your life this time. I'll give you half a day's time to return my five grade seven great recovery pills. If you can't do it, it's fine. I'll personally go to your door to find you. However, it won't be so easy to talk to you then." Lin Yi looked at Wu Miao face to face and said faintly, "Remember, I'm not a good-tempered person. I'll only let him go once."

Wu Miao was already drenched in cold sweat from fear. He was overjoyed when he heard this. He thought to himself that although this person was terrifying, he did not dare to truly provoke the island master's Pavilion. Otherwise, if he really became an enemy of the entire Middle Island, what could he do even if he was strong?

With that thought, Wu Miao's fear disappeared. The Vice Island master status was his biggest protection. As long as this Lin Yi didn't dare to make an enemy of the central island, he would have him for sure!

After Lin Yi let go of the eight trigrams Dragon, Wu Ju put on the air of a vice Island master again, but before he could say anything to save his face, Lin Yi slapped him without warning, sending him flying out of the heavenly pill Pavilion in front of everyone.

"Remember, you only have half a day's time," Lin Yi warned.

Chapter 4994 Absolutely Can Not Give In

Under everyone's gazes, Wu Miao was so embarrassed that he wanted to die. He was so ashamed that he wanted to find a hole in the ground to hide in. He didn't dare to say any more polite words and quickly retreated with his guards.

There was a deathly silence inside and outside the heavenly pill Pavilion. Everyone looked at Lin Yi as if he was a monster. A late nascent soul-level Diao Huanshan came to cause trouble and was sent flying with a single slap. A mid-Xuan Sheng-level Zhao youque came to cause trouble and was sent flying with a kick. And now, it was Wu Miao, a peak-Xuan Sheng-level expert, who sent him flying with a single slap. Where the hell did this guy come from?!

"At this rate, he's going to be unrivaled in Nakagama. Even Wu Miao has been beaten to a pulp. Who else in Nakagama can be his opponent? only the island master, right?" Some people whispered.

"On the surface, only the island master is stronger than Wu Miao. However, our Middle Island is a place with many hidden experts. Not to mention the elder Council behind the island master's Pavilion, there are also many hidden experts from the major sects. There should be many who are stronger than Wu Miao, but they usually don't show their faces." Someone else analyzed.

"Let's not talk about those who've been hiding from the world. On the surface, this Lin Yi is definitely one of the top people in our Middle Island. He's practically out of the blue. Could he really be from the East continent?" Someone guessed.

"I don't think so. I heard that the heavenly pill Pavilion has some connections with the North Island." Someone immediately retorted.

"The North Island? "Are you kidding me? there are only a few Masters in the North Island, and I think there's one called Gongyang or something among the younger generation. I've never heard of someone called Lin Yi ..."

"You're pretending to know when you don 't. This is old news in the North Island. Have you been to the North Island in the past two years? Let me tell you guys, the strongest young man on the North Island is called Gongyang Jie, but the most famous person in the past two years isn't Gongyang Jie. It's someone from the secular world, and his name is Lin Yi!" One of the middle-aged men said.

"Really? could this Lin Yi really be from Beidao? By the way, boss cui, how do you know so much about this?" Everyone around looked over.

"I don't know if this Lin Yi is that Lin Yi or not, but I've been sent to the North Island for the past two years to build a branch, so of course I've heard about this. Otherwise, I wouldn't be here." Boss cui laughed.

The crowd was in a heated discussion, each and every one of them was in awe of Lin Yi. Strong people were respected no matter where they went, but Tian Gang, Xue Li, and Wei shenjin were all worried. They couldn't be happy.

"What if this Wu Miao doesn't want to let this matter rest? what should we do then?" Tian Gang and Xue Li looked at each other worriedly.

"Although I was scared witless by boss just now, from what I understand, Wu Miao's personality is gloomy. I'm afraid he won't obediently send the rank-7 great recovery pill back. He might even go and get help ..." Wei shenjin reminded.

"It's no big deal to call for reinforcements. Kind people will be bullied by others. Since they've already come to our doorstep, our only choice is to resist. We can't give in at this time, not even a small step. Otherwise, they'll definitely take advantage of us and we'll no longer have a place in the middle Island." Lin Yi said, shaking his head.

In fact, he could also see that Wu Miao was not someone who could be easily frightened. The reason why he did this was to lay the foundation for his next counterattack. If Wu Miao really provoked him again, he could kill him in front of everyone without hesitation. At that time, even the island owner's Pavilion would not be able to say anything.

After all, he'd already given the island owner enough face, and if Wu Miao came again, it'd be him not knowing what's good for him. According to the rules of the practicing world, it was understandable for Lin Yi to kill him, but it wouldn't make sense for the island owner to make him an enemy of the middle Island just because of that.

"But what if the next person he finds is the Nakagama Lord?" Wei shenjin was still a little worried.

"Nakagama Island master?" Lin Yi thought back to the last time when Tianxing path and Nantian guoru were fighting for the position of vice Island master. He saw the island master from afar, and although he didn't fight, he didn't feel that this person's strength was too strong. At least, the aura he released wasn't shocking.

After the trip to the East continent and seeing a master like Zhuang Yifan, Lin Yi's vision was already very high. So what if the other party was the master of the middle Island? if he was as unreasonable as Wu Miao, he'd have to use his fists to talk.

Seeing Lin Yi's nonchalant expression, Tian Gang and Xue Li weren't surprised, but Wei shenjin couldn't help but smile bitterly. His boss wasn't only strong, but his courage was also outrageous. If the next one to fight was really the leader of Nakajima, and if he was as unreasonable as Wu Miao, then today would be a big joke.

Perhaps the entire situation on the island would change because of Lin Yi, but it wasn't a good thing for Lin Yi. So what if he could defeat the master of the island?

Although the strong ruled the middle Island, it wasn't so chaotic that whoever defeated the island master could dominate the middle Island. This kind of situation would only happen in the chaotic South continent sea, not in the orderly Middle Island. If that happened, Lin Yi would only end up being hunted down by all the sects!

No matter how strong Lin Yi was, could he fight against the entire Middle Island? This was obviously not realistic, but if Lin Yi couldn't beat the owner of the central island, he wouldn't end up well either.

After thinking about it, Wei shenjin felt that the only thing he could count on now was the character of the Nakajima Lord. He hoped that he didn't collude with Wu Miao and the others, or else there would be no solution to today's dilemma.

"Sigh, if only elder Tian was here. With him, there wouldn't be so many things. Even if it really came to this, at least there would be someone to come forward and deal with it ..." Wei shenjin sighed.

"The world is unpredictable. Since brother Tian is not here, we can only rely on ourselves to overcome this crisis. There is no other choice." Lin Yi looked at Wei shenjin and patted his shoulder, "It's been hard on you for the past two years. However, this matter has nothing to do with you. You don't have to bear it with us. "

"Ah?" Wei shenjin was stunned.

"To be honest, I'm not sure if I can get through this storm safely. But even if I really fall out with Nakajima in the end, it doesn't matter. At most, I can give up the heavenly elixir Pavilion here and take Tian Gang and Xue Li back to the North Island to take refuge. No matter how powerful these people from Nakajima are, they wouldn't dare to come to the North Island to catch me, right?" Lin Yi smiled nonchalantly.

He wouldn't have thought this way in the past, because he thought that the middle Island was the leader of the five sky-class islands and was far stronger than the North Island!

Chapter 4995 Creating Trouble Out Of Nothing

In this way, even if he escaped back to Beidao, he would not be able to live in peace. Perhaps Nakajima could make Beidao his enemy with a piece of paper.

But now that he'd seen more and more, the middle island's importance in Lin Yi's heart was getting weaker and weaker. On the contrary, the North Island, which he'd always thought was mediocre, seemed to be hiding something. At least the North Island had Shangguan Tianhua, a name that could even scare people in the East continent, where Masters were as numerous as clouds.

"This ..." Wei shenjin still couldn't react.

"You are different from us. The three of us are not native to Middle Island. We can leave as we wish. At most, we can just wander the world. But you can't. All your relatives and fellow disciples are in Middle Island. You can't escape. So you must not follow us into the muddy water. If you can survive this storm, it won't be too late for you to come back and help me." Lin Yi said sincerely.

Lin Yi didn't have the habit of setting his own people up-Wei shenjin was his follower, and he'd put in a lot of effort for the past two years, so Lin Yi didn't want to drag him down.

"Boss, what kind of person do you think I am?" Wei shenjin finally understood, and his face turned red. He said in embarrassment, ""Could it be that in boss's eyes, I, Wei shenjin, am that kind of person who is afraid of death?!"

"This is not being afraid of death. A wise man would not make unnecessary sacrifices. You don't have to do such a meaningless and stupid thing just because of your so-called loyalty." Lin Yi shook his head and sighed, "don't worry. I'm not testing you. I really hope that you can avoid me for a while. Even if you don't think for yourself, you have to think for your family and friends."

"Boss, I understand what you mean, but I don't actually have any relatives or friends in Nakajima, so you're overthinking it. No matter what, I won't leave, not even if you beat me to death." Wei shenjin's expression was unprecedentedly serious and firm.

Lin Yi was speechless and could only look at Tian Gang and Xue Li helplessly. He didn't want to drag Wei shenjin into this, but what else could he do?

When it was evening, Wu Miao had indeed made a comeback. With the experience from the previous few times, the customers who were squeezed in the heavenly pill Pavilion all left the moment they saw him come in. They blocked the door and fought for a good spot to watch the show.

"Half a day. You're very punctual." Lin Yi looked at him and extended his hand, "Where's my seventh grade great recovery pill?"

"Hmph, you ignorant brat. Do you really think that our Island Lord Pavilion is a pushover?" Wu Miao's face was swollen from the beating, but he still forced out a disdainful expression.

"So you don't have a good memory?" Lin Yi narrowed his eyes.

"It doesn't matter if I have a good memory or not. What's important is that you'll have a good memory next!" Wu Miao didn't wait for Lin Yi's reaction. He turned to the person behind him and said, "Island master, this Lin Yi is the one who disrupted the order of Middle Island. He does whatever he wants just because he's strong. Not only does he smuggle and sell East continent's elixirs, but he also publicly attacked his subordinates who were on duty. He doesn't respect the dignity of Middle Island at all. Island master, please give your judgment!"

As expected, it was Nakajima's turn to appear! Lin Yi, Tiangang, and the others looked at each other silently. When they saw a dignified middle-aged man walking out from behind Wu Miao, their hearts couldn't help but skip a beat. As expected of the leader of the central island. Just by standing there, this man gave people the feeling of looking up at a tall mountain, making them feel intimidated.

"You injured the Vice Island master and challenged the rules of Middle Island. Do you know your crime?" The middle-aged man said coldly.

His gaze landed on Lin Yi, and Lin Yi's shoulder felt heavy for some reason. This kind of substantial pressure was far beyond Lin Yi's expectations. Lin Yi was shocked. This was completely different from

what he had expected. The other party was not some Big Shot in the beginning stage. Just this pressure alone was no less than Zhuang Yifan 's!

In fact, Lin Yi felt that he was on par with Shangguan Tianhua and ning Shangling. When did the island master become so terrifying? he wasn't this insane the last time he saw him!

But Lin Yi quickly realized that something was wrong. This person wasn't the central island master he met last time, but Wu Miao clearly called him "Island master." Did the central island master change in the past two years?

"Senior, are you the island master of Nakagama Island?" Lin Yi took a deep breath and asked respectfully. Judging from the pressure, the other party might be stronger than Zhuang Yifan. Once they made a move, they wouldn't even be able to escape, let alone win. Lin Yi could only place his hopes on the other party's character.

"My name is ao Tianzhou, and I'm the acting Island Lord of this Middle Island. As the real Island Lord is currently in seclusion, I'm temporarily acting as the island Lord." The stern-looking man reported his identity.

Acting as the island Lord? Lin Yi blinked-no wonder he wasn't the same person he'd met. But why was this acting Island master's aura so much stronger than the real Island master 's? it didn't make sense.

However, he couldn't bring himself to ask a question like that. He cupped his hands to ao Tianzhou,"Since it's the power of the island Lord, I'd like to ask you something. Can you ignore justice just because you have power?"

"What do you mean by that? don't tell me you're not the one who injured vice Island Master Wu?" Ao Tianzhou's eyes narrowed, and the pressure on Lin Yi's shoulder intensified. It felt like it was going to crush Lin Yi, and even Lin Yi couldn't breathe.

This person had such a powerful aura! Lin Yi was shocked inside, but he didn't show it on his face, "I was indeed the one who injured him, but I can't accept the accusation that I've violated the rules of Nakajima. Unless the rules of Nakajima state that I'm creating trouble out of nothing, then I have nothing to say."

"Creating trouble out of nothing?" Ao Tian Zhou turned to look at Wu Miao before turning to Lin Yi with an unreadable expression. "You can tell me, how exactly did you create trouble out of nothing? If it's true, I'll give you justice. "

Lin Yi relaxed a little. This guy was strong, but he didn't seem to be in the same boat as Wu Miao. He didn't use his status to force Lin Yi to do what he said, but gave him a chance to explain himself.

If it was someone else, he probably wouldn't even bother to say a few words. He would just directly say that he was the island master and then he could make a move. Why would he listen to his long-winded speech? He would not have specifically pointed out that he was the acting Island master and explained so much to lower his status!

"He's a troublemaker, unreasonable, and obstructing my business for no reason. He even sealed my heavenly elixir Pavilion without a second word. Isn't this creating trouble out of nothing?" Lin Yi said coldly as he looked at the man. "According to the unspoken rules of Sky Class Island, if someone causes trouble in someone else's private territory, they can be killed without mercy, right? I only gave him a slap, and no matter how you look at it, I was already showing mercy. Is that wrong?"

Chapter 4996 Who Can Prove It

"If he's really causing trouble out of nothing like you said, then it's only right that you kill him." Ao Tianzhou nodded lightly. This was indeed a common rule of the Sky Class Island. For example, if you went to someone's sect to cause trouble, then the other party could beat you to death, and even take revenge on your sect.

Of course, Lin Yi's statement was a little too much to apply to a shop. After all, a shop was open for business, and it was different from a sect's pure private territory. It was a little alarmist to use a sect's method on a shop, but the logic was the same.

However, Ao Tianzhou immediately added, ""But as far as I know, Deputy Island Master Wu is not creating trouble out of nothing like you said. The reason why he brought people to seal up your heavenly elixir Pavilion was because your heavenly elixir Pavilion smuggled and sold seventh grade elixirs from the East continent. According to the agreement between the East continent and the middle Island, this is a serious crime."

Lin Yi laughed, "haha, it's a false accusation. Do you have any evidence, Island master Ao?"

"My surname is Ao Tian." Ao Tianzhou frowned and corrected him. He then turned to Wu Ju and said, "Vice Island Master Wu, since you're the one who disclosed this, do you have any evidence?"

Ao Tian? Lin Yi blinked. This was the first time he'd heard of this name, but he'd thought it was weird the first time he'd heard of the AO Tian state. Now that he'd learned of this unpopular family name, he thought of someone else. There was only one family with this name in the five sky-class islands, could it be ...?

"Of course I have evidence!" Wu Ju laughed coldly as he jumped out. In his hand, he was holding the five grade seven great recovery pills that the heaven pill Pavilion had collected. He handed them over to Ao Tian Zhou and said, "Island master Ao Tian, these are the pills that the heavenly elixir Pavilion is selling.

They are seventh-grade pills, and they are of the highest quality. If they were not smuggled from the East continent, where did they come from?"

"That's right, to be able to make such a beautiful seventh realm great recovery pill, even if he's not a Mystic, he must be one of the best seventh realm alchemists. It's hard to find an Alchemist of this level outside of the East continent. " Ao Tian Zhou nodded. When he saw these pills, he was already 70 - 80% convinced of Wu Miao's words, because this was the most logical thing to do.

But even so, ao Tian Zhou didn't jump to a conclusion. Common sense was common sense, but with his experience, he'd seen many things that went beyond common sense. This Lin Yi in front of him was able to injure Wu Miao, who was at the peak of the late stage of the mysterious Ascension realm, at the early stage of the mysterious Ascension realm. He was a character that went beyond common sense.

"Island master ao Tian is right, but there are exceptions to everything. It's hard to find an Alchemist like this outside of the East continent, but that doesn't mean there's no one like him. If master Zhang Liju isn't from the East continent, could he not make this pill?" Lin Yi asked.

"Master Zhang Liju is the pill God, of course it's a different story. Are you trying to say that these pills of yours were all made by him?" Wu Miao's face was full of mockery as he sneered, "Let's not talk about whether or not you have the ability to get master Zhang Liju's pills. From what I know, master Zhang Liju hasn't made pills in Nakagama for a long time. Even if you do have the ability, why don't you have his spirit sense mark on these pills?"

All high level pill Masters had spirit sense imprints, and it was impossible for a pill God like Zhang Liju to not have one. His spirit sense imprint was widely known, even ao Tian Zhou and Wu Miao, who weren't pill Masters, could recognize it.

Of course, they didn't need to distinguish it in this matter, because there was no spiritual awareness imprint on the pill.

"First of all, I never said that these pills were made by master Zhang Liju-that's what you think. You're too stupid to be able to do anything about it, but you should eat some brain damage pills, maybe you can fight poison with poison." Lin Yi suggested seriously.

"You!" Wu Ju's already swollen face became even more twisted. Now, this kid actually dared to mock him in front of the AO Tian state. He really had guts! Although he didn't know what a brainless film was, he was sure that it wasn't something good.

Lin Yi ignored him and continued,"Second, these pills don't have any spiritual awareness imprint on them. I don't know which eyes of vice Island Master Wu saw that I smuggled them? Can't I make it myself?"

"You? How was that possible? If you can even concoct this kind of pill, do you think you can still have this identity?" Wu Ju scoffed.

"Then what should I be? I'd like to hear vice Island Master Wu's wise opinion. " Lin Yi asked.

"Hmph, if you could refine a supreme quality seventh grade recover pill, you would at least be the chief Alchemist of the yellow Class academy in the East continent. Why would you only have a small pill shop like this? Even if you're bragging, can't you be a little more reliable? do you really think that you can deceive me and Island master ao Tian with such an outrageous lie?" Wu Ju sneered.

Ao Tianzhou stood to the side, silent. From his suspicious gaze, Lin Yi could tell that his thoughts weren't too different from Wu Miao's. At least the first half of Wu Miao's words were reliable in the eyes of any normal person. It was just that Ao Tianzhou didn't rule out any accidents, so he'd been observing Lin Yi the whole time, waiting for Lin Yi's answer.

"If you think it's ridiculous, it can only prove that you're short-sighted. It doesn't prove anything else." Lin Yi glanced at him and laughed coldly, "Since Vice Island Master Wu is willing to be a lackey of the famous medicine sect, you must have heard from Zhao Youque that my status is higher than you think. As mentioned before, I'm the master of the chief Alchemist of the Morning Star Academy, Qing Danzi."

Wu Miao laughed and was about to mock him when Ao Tianzhou suddenly said, "Who can prove it?"

Lin Yi was overjoyed-the question meant that the man was seriously considering the possibility. At least he wasn't scoffing at Lin Yi like Wu Miao was-this Ao Tian was doing things with reason and evidence, no wonder he had such a strong presence.

It was actually quite easy for Lin Yi to prove this-all he had to do was make one more peak quality grade seven recover pill, and everything would be proven.

After all, the most direct way to prove this was to let these people watch him refine the pill on the spot. Even if Ao Tian Zhou didn't mention it, Wu Miao would definitely not let this loophole go. Otherwise, even if he took out another superior grade seventh grade great recovery pill, Wu Miao could still insist that it was smuggled over from the East Province. That would be meaningless.

Chapter 4997 The Otian Brothers

But Lin Yi was using Shennong's medicine cauldron-how could he let these people see?

So this method wouldn't work. Lin Yi pondered for a while and suddenly said, "I have an elder brother at the dock of Nakajima. His battleship just happened to come from the East continent and should still be docked at the dock. Island master, you can ask him."

"Since he's your older brother, how can his words be trusted? who knows if he's helping you lie?" Wu Miao questioned impatiently.

But ao Tianzhou ignored him—he was taken aback by Lin Yi's words. "Oh? What battleship?"

"My brother's name is ao Tian BA. Coincidentally, it's similar to Island master ao Tian's name. I'm the honorary vice-captain of this warship. He knows everything about me in the East continent." Lin Yi replied.

"Hmph, since you're the vice-captain of his ship, of course he'll speak up for you. In the end, he still doesn't have any substantial evidence, so he can only rely on this fake witness to confuse us. How can Island master ao Tian believe you so easily?" Wu Ju immediately scoffed. He turned to ao Tianzhou and said, "Island master ao Tian, he can't find any reliable witnesses, but I do. The tier seven refiner Zheng Dongsheng from the famous medicine sect is the number two refiner of the morning stars Academy, and he's never heard of Lin Yi. It's clear that everything this kid said is nonsense, not enough to be believed!"

In the end, ao Tianzhou looked at him coldly. He clearly didn't have any inclination before, but now he suddenly became very dissatisfied with his performance. He snorted coldly and said, ""Why haven't you put down your pills and scram back with me? As for whether his words are true or false, I'll go and ask!"

"Gah?!" Wu Ju was dumbfounded. He looked at ao Tianzhou in shock. What was going on? Wasn't this acting Island master here to stand up for him? why did he turn to Lin Yi all of a sudden? the kid already said that he had a close relationship with the captain, how could he believe a witness like this?

Wu Miao's face was red from holding back, but he still didn't dare to question ao Tian Zhou's words in the slightest. Although he was the managing vice-Island master, and the other party was only the acting Island master, the difference in power didn't seem to be too big. However, the other party was a great figure from a super aristocratic family. Whether it was in terms of strength or background, they were many times stronger than him. Even if he had ten times the courage, he wouldn't dare to question him in front of him!

Lin Yi's half-smile made Wu Miao want to dig a hole and hide in it, but he had to force himself to return the pill to Lin Yi under ao Tian Zhou's pressure. He was lucky that he had thick skin-he'd run away if he were a normal person.

Lin Yi took the pill and gave it to Tian Gang,"Check it and see if it's the five pills from our family. If someone has dirty hands and exchanged it for an Ordinary Grade seven great recovery pill, then we'll have suffered a huge loss."

Wu Ju almost spat out a mouthful of blood-if looks could kill, Lin Yi would've died a hundred times over!

However, ao Tian Zhou was standing right behind him. Unless Lin Yi agreed to check the goods, Wu Miao had no choice but to stand there and watch. If Lin Yi turned around and accused him, he'd never be able to clear his name.

But if ao Tian Zhou didn't say anything, he'd really be keeping the five pills for himself after this whole thing was over. After all, they were of the highest quality that couldn't even be bought on the market, and so Lin Yi wasn't wrong-he just didn't have the chance to do that yet.

Finally, under the strong gazes of the passersby pointing and whispering, Tian Gang put on an act of examining for a long time. It was only when Wu Miao was on the verge of collapse that he finally

nodded and accepted the goods. Wu Miao immediately felt as if he had been granted Amnesty. He didn't even wait for ao Tian Zhou and hurriedly covered his face and fled. Today, he, the managing vice Island master, had completely lost all his face!

This Lin Yi had to die! Wu Miao's killing intent surged as he ran. He didn't want to take Lin Yi's life at first, but Lin Yi had embarrassed him so much this time, and he was furious. He was determined to kill him.

On the other hand, the acting Island owner, otainzhou, didn't seem to have any intention of going back with him. He looked at Lin Yi with a deep look before leaving the heavenly elixir Pavilion and heading straight for the middle Island dock.

When they arrived at the Nakajima dock, ao Tianzhou saw the ancient warship at a glance. It was impossible for such a huge object to not attract attention on Nakajima. After all, even the largest treasure ship on the side was a few times smaller in front of it. They were on completely different levels.

"It's him indeed!" When ao Tian Zhou saw the special symbol on the mast of the warship, he was immediately overjoyed. His figure flashed and he suddenly landed on the deck of the warship.

"Who is it?" The crew immediately felt as if they were facing a great enemy. Because they had docked at Nakajima without any prior notice, in order to avoid misunderstanding ao Tianba, they had ordered all the arrays to be turned off. Otherwise, it would be a big joke if they accidentally misfired or something like that.

However, no one had expected that someone would dare to jump on the ancient warship, which was an Invincible Overlord of the sea. Did he think that this was a sightseeing ship?

In just a short while, the crew had surrounded the AO Tian province. None of the people who could gain a foothold on the ancient warship were weak. Most of them were experts recruited by ao Tian BA from the East continent. If they were to get serious, they could even fight against the sects. With them around, the ancient warship was not to be trifled with even if it removed its array.

However, after everyone had surrounded ao Tianzhou, no one dared to act rashly. This person's imposing aura was too strong, so strong that they couldn't even breathe, let alone act rashly.

"Everyone, disperse. Even if all of you attack together, you still won't be his match. It's best if you don't go and court death." Ao Tianba's voice suddenly came from behind.

"Third brother! So it's you. Have you been well all these years?" Ao Tian Zhou's calm face suddenly had a hint of excitement.

Third brother? The crew members were instantly stunned. Each and every one of them looked back and forth between ao Tianzhou and ao Tianba with a strange gaze. They wouldn't have known if he hadn't said so, but now that they looked at them, the two of them really did look somewhat similar!

"Go, go, go. Do what you have to do. Are you just standing here looking for a beating?" Ao Tianba snapped at the crowd, then looked at ao Tianzhou with a bitter smile. "Second brother, how did you know I was here?"

This was the reason why he told Lin Yi that he was leaving Nakajima soon-he really didn't want to come into contact with his family from the AO Tian state. He didn't expect the AO Tian state to come looking for him.

"Haha, it's such a coincidence. I just happened to meet your honorary vice-captain, or I wouldn't have known that you've returned to Nakajima." Ao Tian Zhou was overjoyed.

Chapter 4998 -Lin Yi Bro

"Lin Yi bro?" Ao Tianba was taken aback. He thought it was his ancient battleship that caused the commotion and alerted his second brother, the acting Island master. He didn't expect it to be Lin Yi.

"Not bad, it seems that he really didn't lie. It's all thanks to him this time, otherwise I really wouldn't have been able to see you." Ao Tian Zhou laughed.

"Lying? What's there to lie about?" Ao Tianba didn't react for a moment, but he thought he had figured out the whole story. He slapped his thigh and said, ""How could I forget about that? with Lin Yi lil bro's social circle, even the yellow Class School Alliance's President Zhuang would personally welcome him back in the East continent. Since you're here in the middle Island, it's naturally your turn as the acting Island master to host a banquet."

In the past few days, ao Tianba had already inquired about it. His second brother, ao Tianzhou, would be acting as the island owner, so he was prepared to slip away as soon as possible.

"What?" This time, it was ao Tianzhou's turn to be stunned. He couldn't help but say in surprise, ""That Lin Yi has such a strong background and power in the East continent that he needs Zhuang Yifan to welcome him personally?"

Although in terms of strength, ao Tianzhou might not take Zhuang Yifan seriously, Zhuang Yifan was one of the leading figures in the East continent. He was the number one official in the East continent's yellow Sea area. It was rare to see someone with such a high status receive him in person.

Especially since Lin Yi was only in the early stage of mystique Ascension, while Zhuang Yifan was in the late stage of earth creation. With such a huge difference in strength, Lin Yi was still on the same level as Zhuang Yifan. This meant that Lin Yi must have the ability to make up for this difference in other aspects, and that was alchemy.

Ao Tianba's words were enough for Ao Tianzhou to confirm that Lin Yi was the master of the morning stars Academy's chief refiner, Qing Danzi. It sounded like an exaggeration, but it wasn't a lie.

"Brother Lin Yi doesn't have a strong background in the East continent, he's probably from the north and west islands. As for why he's doing so well in the East continent, it's because of his alchemy skills. Second brother, you might think he's young, but he's already a Mystic class level one Alchemist." Ao Tianba said with a proud smile.

"Mystic first level? No wonder he could concoct a Supreme grade seventh grade great recovery pill and become Qing Danzi's master. I didn't know he was such a Big Shot. " Ao Tianzhou couldn't help but click his tongue and sigh.

Although Lin Yi's ability to challenge someone of a higher level had impressed him, the difference in their levels was too big. In this aspect, he could at most see Lin Yi as a junior with more potential, but a Mystic first level refiner at such a young age ... His status was completely different. He was a hot existence even in the mystic Sea region of the East continent.

Any Mystic first level Alchemist, going to any Sky Class Island outside of the East continent, would be treated as a distinguished guest without a doubt, even the middle Island was no exception.

"That's natural. " Ao Tianba said as he glared at his crew members who were sticking their heads out. It was inappropriate for the two brothers to continue chatting on the deck, so he could only

suggest,""Although this is Nakajima, since second brother has come to my battleship, he's considered a guest. I'll have someone arrange a banquet, and we can talk while eating."

"Alright, let's eat and chat. Ever since you ran away from home, we haven't had a good meal together for a long time." Ao Tianzhou readily agreed.

When he heard the word 'run away from home', ao Taba's face suddenly became a little embarrassed. He could only laugh dryly a few times and invited ao Taoshu into the captain's exclusive private banquet hall.

The food and wine were served. Ao Tianzhou and ao Tianba had finally reunited after a long time. They exchanged greetings and downed a few glasses in a row. Their originally distant relationship gradually became harmonious. In the end, there was no estrangement between the two brothers. It was just that ao Tianba's relationship with his family was a little tense.

"Third brother, if that Lin Yi is a Mystic first level refiner, then how did he become your honorary vice-captain? are you trying to use this to get the mystic first level refiner on your side?" Ao Tian Zhou's attention was still on Lin Yi.

"Second brother, you're an amateur. I'm a Captain who can travel across the sea, why would I spend so much effort to recruit an Alchemist? Even if he's a Mystic first level refiner, it's not good for my ship at all-he's not even as useful as a normal formation master. " Ao Tianba said disapprovingly.

"Then why are you still friends with him and making him your honorary vice-captain?" Ao Tian Zhou asked curiously.

"It's a long story-when I first tried to get him on my side, I only heard that he's good at making pills, but I didn't even know that he was a Mystic first level. " Ao Tianba shook his head and chuckled."Second brother, you should know that I'm a man with high standards. Normal people can't enter my eyes, but this Lin Yi bro of mine is definitely not a normal person."

"Oh? Other than being able to challenge a Mystic first level refiner, is there something else he's good at?" Ao Tianba asked curiously. Although these two abilities were already very exaggerated in the eyes of ordinary people, it was obvious that ao Tianba was not interested in these abilities.

"He's the one and only genius Navigator I've ever seen!" Ao Tianba's eyes lit up. When he saw that ao Tianzhou still had a confused look, he said,"Second brother, you've heard of sea dragons, right?"

"Of course, how could I not have heard of the legendary existence that is closest to the Overlord of the sea!" Ao Tian Zhou paused and suddenly said in surprise,""Third brother, you're not going to tell me that you've encountered a Sea Dragon, are you?"

"That's right. When I was ferrying the disciples of the two academies from the East continent back from the West Island, we were attacked by a group of super sea beasts halfway. There were five mountain split stage sea beasts, and countless xuansheng and nascent Soul Stage sea beasts. The most terrifying one was the mastermind behind this group of sea beasts." Ao Tianba's eyes would light up with excitement every time he talked about this. After all, this was the first time he had encountered such a situation in his 300 years of sailing. For a man who was determined to conquer the endless sea, it was hard not to be excited.

"It's really a Sea Dragon?" This time, even the AO Tian state's voice changed.

"It's a Sea Dragon. To be able to control such a huge group of super sea beasts, you can imagine how strong that Sea Dragon is. To be honest, if it wasn't for Lin Yi bro, I would've been full by now. " Ao

Tianba reminisced and said, ""He's a complete newbie who has never even controlled a treasured ship before, but he was able to detect the Super sea beasts and the sea dragons that were hidden very well at the first moment. After that, he even controlled the falling stars formation to perfection and killed the sea dragons with no way to escape. Second brother, don't you think that this person's sailing talent is terrifying?"

Chapter 4999 Island Lord Document

"If what you're saying is true, then this Lin Yi really is something." Ao Tianzhou took a deep breath. He didn't want ao Tianba to be on the sea all year round, but he knew what Lin Yi's ability meant. It was a great deal to be able to get someone like Lin Yi on his side with just the vice-captain's title.

"It's a pity that this Lin Yi bro of mine is too much of a genius. He has too many different abilities, and he doesn't have the heart to travel the ocean. If only he didn't know how to make pills and only knew how to sail, that would be great. What a waste of God's gifts. " Ao Tian BA sighed.

"A waste of heavenly resources?" Ao Tianzhou didn't know whether to laugh or cry. He pointed at ao Tianba and laughed. "He's only an early stage Mystic Ascension, but he's already able to deal with a peak late stage Mystic Ascension, and he's also a Mystic first level Alchemist. It'd be a real waste if he went with you to sea!"

"The sea is where a man should belong. How is this a waste of a heavenly treasure?" Ao Tian BA was unconvinced.

"You ... You're still the same after so many years. You've been like this since you were young. You're obviously more talented than me, but you've only liked to go on adventures since you were young. You've never been willing to cultivate properly. For this, you didn't hesitate to fall out with your family. In the end, you even ran away from home ..." When ao Tianzhou talked about these old matters, he couldn't help but shake his head and smile bitterly. "Our ao Tian family is one of the few super families on Sky Class Island, and yet we've produced a third young master who doesn't even do proper work like you. I really don't know what to say."

"Second brother, why are you talking about this ..." Ao Tianba's face suddenly darkened. After leaving home, although he had made a name for himself, he had not been recognized by his father until now. Other than his second brother, ao Tianzhou, the others in the AO Tian family always looked at him with contempt. Over time, he no longer wanted to have any contact with his family.

"Third brother, I know you don't like to hear these words, but as your second brother, I still have to say it. Although father doesn't forgive you verbally, he wants you to go back more than anyone else. You should know that your room is still in the ancestral home, and it still maintains the appearance before you left. No matter who goes in and messes it up, they will incur father's anger." Ao Tian Zhou sighed.

Ao Tianba fell into silence. Sometimes, after drifting in the endless sea for a long time, he would occasionally have the urge to return to his family, but he would quickly kill himself every time.

One day, he would rely on his own strength to achieve a great cause that his father looked at in a new light. This was the belief that he had set since the day he left home, and it had not changed until now.

"No matter what, you are still the third young master of the aotian family. Since you have come to Nakajima, go back and take a look." Ao Tian Zhou said expectantly.

"Second brother, it's not like you don't know my ambition. Don't try to persuade me anymore. I'm going out to sea tomorrow. We won't lose anything today." Ao Tianba shook his head.

"But ..." Ao Tianzhou still wanted to persuade him.

Ao Tianba waved his hand to interrupt him and laughed heroically. "Second brother, do you know what I'm going to do now? Just one battleship isn't enough to satisfy my appetite. I want to be the fleet Commander of heaven rank Island, not just a Captain!"

"You want to build a fleet?" Ao Tian Zhou was given a fright by his crazy idea. Treasure ships alone were already rare, and ancient warships were even rarer. Even with the AO Tian family's heritage, they wouldn't dare to make such a big statement. Ao Tian BA's goal was really far-fetched.

"That's right. This is the goal I'm going to strive for next. When I succeed, I'll naturally go home." Ao Tian BA nodded.

Looking at the unshakeable determination in his eyes, ao Tianzhou hesitated for a moment and finally stopped persuading him. He nodded and said, "I'll wait for the day you come home. "

"Just you wait," Ao Tianba laughed and suddenly changed the topic, "Right, from what you said just now, did Lin Yi bro run into some trouble?"

"Well, you can say that. But it's just a small problem. It's just a matter of a word. I'll handle it." Ao Tian Zhou nodded.

"Second brother, there's something I must remind you of. This kid is no small matter. Even from the family's point of view, he's worth befriending. You must not rashly make him your enemy." Ao Tianba said seriously.

"Don't worry, I know what to do. " Said ao Tian Zhou with a nod. No matter what was said, ao Tian BA was a descendant of the AO Tian clan. Moreover, he had roamed the seas for three hundred years.

There was naturally nothing to say about his foresight. A figure that even he held in such high regard naturally had to be properly befriended.

The two brothers had finally reunited after a long time. They drank from dawn to dusk, and then from dusk to dawn. Only then did ao Tianba send ao Tianzhou away in a drunken state. The wine they had drunk was century-old wine soaked in Supreme-grade spirit herbs. The aftereffects were unimaginable. Fortunately, they had cheated and dissolved most of the alcohol. Otherwise, ten ao Tianba would have long collapsed.

In contrast, when ao Tianzhou left, he looked relaxed. His strength was much higher than ao Tianba's, so even if he didn't cheat, he could easily resolve this bit of alcohol by relying on the true energy that spontaneously circulated in his body. This was the true meaning of not getting drunk after a thousand cups.

Wu Miao had been staying in the island owner's Pavilion ever since he got beaten up at the sky elixir Pavilion yesterday. He wanted nothing more than to have Lin Yi thrown into jail and be tortured all over the place, but it was a pity that he could only think about it.

He didn't even have the strength to do that, and even if he did find a master that could deal with Lin Yi, he wouldn't dare to make a move before ao Tianzhou came to a conclusion. After all, it wasn't a big deal to offend Lin Yi, but if he offended ao Tianzhou as well, his good days would be over.

Wu Miao was pacing back and forth in his second hall, sending someone to the first hall every now and then to check on the situation. Ao Tian Zhou's attitude yesterday made him a little uneasy. Although he didn't think ao Tian Zhou would offend him, the Vice Island master, for an outsider like Lin Yi, what if?

Ao Tianzhou didn't return the entire night, and Wu Miao was also on tenterhooks the entire night. It wasn't until he heard from his subordinates that ao Tianzhou had returned that Wu Miao impatiently prepared to find ao Tianzhou and ask him what was going on.

But he turned back before he left-if he were to ask Lin Yi about this himself, wouldn't it make him look like he couldn't wait to deal with Lin Yi?

Although this was indeed his idea, as the second-in-command in the government, he could not express it so obviously, or he would definitely be looked down upon by the otada state.

After thinking about it, Wu Miao could only send one of his trusted subordinates to inquire about the situation. In the end, this trusted subordinate returned in less than half an incense's time, with an Island owner document in his hand.

"How is it?" Wu Miao hurriedly asked.

"It's better for you to read this yourself. Island master ao Tian specifically asked you to go to the heavenly elixir Pavilion to read this document." The trusted aide's expression was a little strange.

#### Chapter 5000 A Slap In The Face

"You want me to read it out personally?" Wu Miao was slightly taken aback. He didn't notice the strange expression on his trusted aide's face. In his heart, he was still secretly happy that although the AO Tian province was a disciple from a super family, they still knew how to conduct themselves well. They knew that he had lost face in the heavenly pill Pavilion yesterday, so they gave him a chance to get back at them today.

However, when he opened the document and read it, Wu Miao's expression instantly became extremely interesting. It was hard to imagine that a person could have so many expressions at the same time. It was so ugly that he almost looked like a big dye vat.

"According to our investigation, the heavenly elixir Pavilion's elixirs weren't smuggled. They came from normal business channels outside the East continent. From today onwards, the reputation of the heavenly elixir Pavilion will be restored. Vice Island Master Wu Miao apologizes for his previous misjudgment."

Looking at the few words on the island owner's document! Wu Ju was so choked up that he couldn't say a word for a long time! The scene at the heavenly elixir Pavilion yesterday had already made him feel extremely humiliated. But now, this Island owner's document had once again given him! Tight slap in the face! The AO Tian state had even specifically asked him to read it out in the heavenly elixir Pavilion. Even if it was! Slap in the face! It couldn't be so merciless, right?

"Isn't it just an acting Island Lord? how impressive!" Wu Miao cursed after dismissing his trusted aides. Of course, he only dared to curse in private. He didn't even dare to complain in front of his trusted aides, let alone in front of the AO Tian state himself.

Not only did he not dare to scold him in person, Wu Miao didn't even have the courage to reason with ao Tian Zhou. A higher rank could crush a person to death, not to mention that this Shangguan was a big Shot with an extremely powerful background. Even if he gritted his teeth in anger, what could he do?

Although he didn't dare to argue with ao Tian Zhou, Wu Miao couldn't just resign himself to his fate. Going to the heavenly pill Pavilion to read the documents was worse than death. He definitely wouldn't do it. After thinking about it, he only had one choice, and that was to go to the famous medicine sect to find Zheng Dongsheng.

"Vice Island Master Wu, how's the matter?" Zheng Dongsheng asked.

In addition to him, Zheng dongjue, Nantian Aurora, and Tong yangchi were also present. These people were all jackals of the same tribe. Now that they had come together because of interests, it was natural to strike while the iron was hot to build a good relationship. They had to take this opportunity to figure out each other's background. Otherwise, how could they cooperate with each other in the future?

Wu Miao couldn't help but blush-he'd said that it was a small matter, and now it'd turned out like this. Not only did he get slapped in the face by Lin Yi, he was even more embarrassed under the AO Tian state's pressure! He didn't have the face to come see Zheng Dongsheng and the others.

But there was no other way. He couldn't not come. If he told the truth, at least everyone could think of a way. If he just quit, not only would he lose face, but he would also complain in front of Zheng Dongsheng and the others. Then the loss would be immeasurable. He still hoped that Zheng Dongsheng would help him refine pills.

"This ..." Wu Miao hesitated for a moment, embarrassed. In the end, he could only brace himself and say, ""The heavenly elixir Pavilion is unfathomable."

"Unfathomable?" Zheng Dongsheng and the others were all stunned. They had people watching the heavenly elixir Pavilion, and they knew what happened yesterday. Rather than calling the heavenly elixir Pavilion unfathomable, it would be more appropriate to call Lin Yi unfathomable. An early stage xuansheng who couldn't even beat Wu Miao was shocking!

"Could it be that even with vice Island Master Wu's connections, you can't find a master who can go against Lin Yi?" Zheng dongjue could not help but feel a little strange. He looked at Wu Ju profoundly and said, ""But from what I know, even if the island owner's Pavilion doesn't alert the Nakajima elders, they can't possibly be unable to deal with a Lin Yi, right?"

Zheng Dongsheng and the others also looked at him with suspicion and judgment. Lin Yi was unstoppable now, but it was impossible for the pavilion to be helpless. Even if the central island's official strength wasn't as outstanding as the other Sky Class islands, they weren't that weak.

"Of course the pavilion can deal with Lin Yi, but the problem is that the acting Island master is acting up for some reason. He was going to stand up for me, but after a few words at the heavenly pill Pavilion, he made me return the pill and said he'd investigate it himself, and then gave me this today." Wu Ju bitterly handed the island owner's document to Zheng Dongsheng and the others.

They looked at each other and suddenly looked at each other. Zheng Dongsheng couldn't help but frown and said, ""Didn't you say that the acting Island master is from a super family? he shouldn't have any connections with the small heavenly elixir Pavilion. Why are you so biased?"

"I don't know the details, but I think he went to see one of Lin Yi's brothers. He didn't say anything when he came back, and this letter was already here." Wu Miao said with a bitter smile.

"Go see Lin Yi's brother? Wouldn't that be clearly biased?" The brows of Zheng Dongsheng and the others suddenly furrowed deeper.

"That's it, so I really have no other way. I can only come to you to discuss and see if you can come up with a proper way. I can only delay this Island master's document for half a day at most. If I can't think of a solution, I, the standing vice Island master, can only bite the bullet and carry out the order, which will be irreversible." Wu Ju sighed.

In order to maintain the dignity of the island owner's Pavilion, it was taboo to change one's orders overnight. Once this Island owner's letter was announced, it had already been changed once and became a conclusion. Even if this matter was concluded, it could no longer be changed.

Zheng Dongsheng and the others all fell into silence after hearing this. Each of them stared at each other. Although they were all sophisticated people, they couldn't think of a way to solve it at the moment. In the end, they really didn't have any irrefutable evidence in their hands that could prove that the heavenly pill Pavilion was smuggling medicinal pills. The saying that there was no divine sense imprint could only be used as a deduction, but once it was investigated, it would be groundless.

After a long silence, Zheng Dongsheng finally opened his mouth, "The heavenly elixir Pavilion is a big threat to the famous medicine sect. It's not a big deal to take a step back, but if they take advantage of this opportunity to rise up, the consequences will be unimaginable. This time, we must crush them to death!"

"But this is Island master ao Tian's order. Even I can't disobey him ..." Wu Miao shook his head helplessly.

"Since the root of the problem lies with this Island master ao Tian, I can only go to the island master's Pavilion in person and talk to him face to face." Zheng Dongsheng said in a deep voice.

Although the other party's strength and background were far beyond his reach, he was still a seventh-realm Alchemist from the East continent. No matter where he went, he would have some status. Even if he entered the Nakajima takeaway, he should be able to become a distinguished guest.

"It seems like that's the only way. Master Zheng, you're a guest, so you can still argue with reason in front of Island master ao Tian!" Wu Miao nodded again and again. In contrast, he, the managing vice

Island master, couldn't say much. Otherwise, he might be accused of offending his superiors, and he really wouldn't be able to cry.
