

Bodyguard 5251

Chapter 5251 Old Rival

However, he still did not dare to remove the invisible water spell. The patrolling bees' perception and alertness were top notch. Even if he could draw them away, it would not be so easy to fool them.

"We still can't go up?" Lin Yi asked.

"No, the only exit here is the stairway. If you go up there, you'll definitely be detected by the patrolling bees. I'll Take You There by water." Kappa said. He and Lin Yi were in the same boat now, and he had become their partner.

Lin Yi didn't object-he had nothing to be afraid of anyway. Even if his tracks were exposed, he had enough power to protect himself. As for what would happen to the unconscious nurse Fei, he could only leave it to fate.

The Kappa's speed in the water was extremely fast, and it brought Lin Yi and health-maintenance Fei down the river with it. In a short while, they were at the end of the river. There was a huge gate in front of them, but it wasn't completely closed. When the Kappa got close, a small opening suddenly appeared in the middle, just enough for one person to pass through.

"Behind the gate is the stairway. You can just climb up the stairway and get out." Kappa explained and went in, and Lin Yi followed closely after him with health-maintenance Fei in his arms.

As soon as the two passed through the gate, they were pulled out of the water by Kappa. In front of them was a huge and empty tree hole. They could not see the top of the tree. They only knew that the

hollow inside of the tree was very tall, and there were spiral steps on the inner wall. It was not an exaggeration to say that it was a ladder.

"Hurry up, the outside world is at the top of the heaven ladder." The Kappa warned, and then it walked toward a cave with a water curtain in front of it.

"Hey, what's behind this Water Curtain Cave? why is it so noisy?" Lin Yi asked, curious. He could hear a lot of noise ahead, as if there were a gathering.

"The inner garden is behind us. It's our master's wedding today and he invited many guests. Of course, it'll be very lively. Why do you care so much? let's go quickly. Otherwise, we won't be able to leave if we're discovered!" Kappa urged.

"Wedding? You guys are into this too?" Lin Yi smiled, but didn't want to go in. He dragged the unconscious Fei up the stairs. No matter what, he couldn't waste any more time here.

The Kappa let out a breath of relief, thinking that it had finally sent the two Human Gods of plague away. But before it could even walk out of the cave, Lin Yi suddenly came back with health maintenance Fei, rushing back with a shocked expression.

"You're not going back on your word again, are you?" Kappa was startled and quickly begged, ""I really don't have any more water beads. The Holy water bead is in master's hands, so don't even think about getting it unless you're looking for death. I beg you, please leave!"

"I can 't, I can't leave." Lin Yi shook his head with a bitter smile.

"Why can't you leave? The stairway is right here, you just need to climb up and you'll be out. Don't tell me you can't even climb up?" The Kappa panicked, thinking that Lin Yi was determined to continue blackmailing it. Humans were known for their shamelessness and insatiable behavior-these were all adjectives that were tailored for humans.

"I can climb up, but I've encountered an old rival, so I have to avoid him for the time being." Lin Yi said with a bitter smile.

"What old rival?" Kappa was full of disbelief.

"Brain-eating insect." Lin Yi said seriously. For safety's sake, he had just transformed into his spirit form to explore the area. The result made him gasp-his old enemy, the brain-eating insect, was diving down from above. It really scared him. Fortunately, he was careful, or he would be in big trouble.

There was no doubt that the brain-eating insect was an invincible opponent for Lin Yi. He couldn't do anything to it with his current skills. He would only be at a disadvantage if he fought it.

It was true that he escaped the brain-eating insect's pursuit last time in his spirit state, but that was only if they were far enough away from each other. Once they were close enough, the brain-eating insect could detect him as a spirit, and then it would be a big joke. Lin Yi didn't dare to take that risk. He could only hide now, as far away as possible from the brain-eating insect.

"Brain-eating insect? You mean the special envoy? That's an existence that's on equal footing with our master!" The Kappa was also shocked. It had obviously heard of the brain-eating insect. Although it didn't believe it at first, it made sense after thinking about it carefully. Although the brain-eating insect

had always been at odds with its master, they were both the right-hand men of the master. Now that it was its master's wedding, it was not surprising that the brain-eating insect would come to support him.

"So you should quickly take us back and hide." This time, it was Lin Yi's turn to rush him. He noticed that the brain-eating insect was still quite high up, but with its speed, even if it was just Falling Slowly, there wasn't much time for it to waste.

"How do we go back? If we want to come in from the outside, we only need to open the small gate, and no one will care. But if we want to go out, we have to open the big gate, and the movement will definitely alarm everyone in the inner garden. We won't even know how we died!" Kappa said anxiously.

"Then ..." Lin Yi thought for a moment and decided, ""How about this? let's enter the inner garden. You think of a way to hide this guy. He can be in any corner as long as he's not discovered. I don't need to worry about him. I have my own ways."

"You're crazy!" The Kappa was shocked. Not only was its master inside, but all the spiritual herbs here were also gathered. At the same time, there were also distinguished guests coming from all directions. How could it hide a living person like health-maintenance Fei?

But Lin Yi didn't have time to waste with it-the brain-eating insect was already in his range, and he'd be discovered if he didn't leave now."No matter what, you have to think of a way. Just leave it at that!"

With that, Lin Yi disappeared, leaving behind a panicked Kappa and an unconscious Fei Yangsheng.

"Shameless human!" In the end, the Kappa had no choice but to bite the bullet and bring health-maintenance Fei along. The moment it passed through the Water Curtain Cave, it used its innate ability

to enter the water invisibly to hide from others. Fortunately, all the guests' attention was on its master at this time, and no one noticed it. It finally managed to sneak in without any danger.

After that, the Kappa followed Lin Yi's instructions and found the most hidden corner while no one was paying attention. It stuffed the unconscious Fei Yangwei into a puddle in the corner, covering him with a thick layer of dried leaves and branches. After making sure that no one was paying attention, it let out a breath of relief and walked carefully towards its owner.

Chapter 5252 Coming To The Door

There were more than a hundred spirit beasts of various sizes, each of them with a variety of appearances. Only a handsome man with a human appearance was lazily lying on the high platform in the middle. That was its master.

"Master." Kappa walked over, knelt down, and kowtowed.

"Why are you so slow?" The handsome man slightly frowned. If it was in the past, he would have severely punished Kappa, but today was a special day, so he was magnanimous for once. He ordered, ""Come, nourish my holy water pearl and open everyone's eyes!"

The handsome man took out a water bead from his pocket. Not only was his bead much size than Lin Yi's, but the light it gave off was completely different too. Lin Yi's bead was clear and transparent, but his bead gave off a mysterious holy light, making people subconsciously want to worship it.

The only flaw was that there was a shallow crack in it, which greatly reduced its brilliance. Otherwise, it would have been much more sacred and dignified than it was now.

"Yes." The Kappa respectfully took the Holy water bead from its hand and began to nourish the Holy water bead with the natural ability of the Kappa tribe. The principle was similar to entering the water and becoming invisible. It also wrapped the Holy water bead with a thin layer of water film, but this layer of water film would soon be completely absorbed by the Holy water bead, so it had to continue to exert its ability until it was exhausted.

"Eh? Don't you still have a water bead? You can just use it to nourish the Holy water pearl, why go through so much trouble?" The handsome man frowned again. The Holy water bead could directly absorb an entire ordinary water bead. Although it couldn't repair the crack, it could at least reach the most dazzling stage in a very short time. This was the reason why he summoned Kappa.

Kappa immediately panicked and stammered, ""Master, there was a problem with the water bead not long ago. It needs to be nourished well before it can be used."

"Trash! You can't even handle such a small matter!" The handsome man's face darkened and he snorted, ""After this, you will receive a hundred whips!"

"Yes! Thank you for your punishment, master!" Kappa quickly replied.

Under the Kappa's best nourishment, the Holy Light of the Holy water pearl gradually became stronger. At first, the spirit beasts of all sizes did not pay much attention to it. However, when the light of the Holy water pearl covered the whole scene, the spirit beasts suddenly quieted down and fixed their eyes on the Holy water pearl, unable to move away.

At this moment, an abrupt voice was heard, ""Oh? Are you showing off your treasures again?"

The group of spirit beasts was shocked. Who would dare to speak in such a frivolous tone at this time? did they not want to live?

He turned around and saw a white and tender bug. However, this bug was extremely strange. It had a pair of wings that were the symbol of the ancient goumang race on its back. At this moment, it was flying over without any restraint.

According to the consistent rules of the spiritual beast World, unless prior notice was given, this kind of low-altitude flying over the head was no different from a direct provocation. Especially in such an important banquet, this kind of behavior was simply courting death.

"Where did these bugs come from? You actually dare to barge into the Lord Protector's wedding banquet!" A black ape with three horns on its head immediately jumped up. This was a rare opportunity for it to show off. Although The Guardian had gathered them together in the name of the wedding, there were so many spirit beasts of different sizes. It was bound to have a distinction between the strong and the weak. With its strength comparable to the Golden core stage, it naturally did not dare to be lonely. It was worried about not having a chance to show its face, but this reckless insect had delivered itself to its door.

From its appearance, this three-horned ape's shape was much more powerful and domineering than an insect 's. Its strong evil aura made people not dare to approach it at all, especially the tip of the three-horned ape's horn. Each horn was condensed with a different element. Water, fire, and wind were all fused together, and finally condensed into a powerful three-horned rabbit!

The power of this attack was at least comparable to a late-stage golden core cultivator!

If it was any other spirit beast present, the three-horned ape's attack would be enough to make them retreat. Even those who were stronger than it would have to think twice. After all, the power of the

three-horned ape's three-horned horn was not to be trifled with. Unfortunately, it was facing a brain-eating insect this time.

The brain-eating insect didn't even look at it. Just as it was about to hit itself, an extremely sharp and ferocious claw suddenly appeared on its body. Then, it didn't care about the trixiang horn at all and directly clawed at it.

Ka! Accompanied by the sound of bones breaking, the three-horned ape's proud horns were broken in front of its face. Not only that, but its head was also crushed, turning it into a mutilated corpse.

The entire area was deathly silent. All the spirit beasts, without exception, had a dumbfounded expression on their faces. The scene just now had happened too suddenly and too unexpectedly. They really could not digest it for a moment. Just what kind of divine being was this insect?!

In the blink of an eye, the brain-eating insect had already flown to the middle of the high platform, and its sharp claw that had just grown out grabbed at the Kappa without hesitation. Its target was of course not the Kappa, but the Holy water bead in his hand.

If it wanted the Holy water pearl, the Kappa could not resist at all. However, the obstacle it had to face was not the Kappa, but the master behind it.

The brain-eating insect's ferocious claws were finally blocked by a white palm. There was no shocking momentum or aftermath. The two seemed to have just hit each other lightly, and then they both took a big step back.

"Tsk tsk, as expected of the Lord Protector. You're actually able to dissolve my attack so easily. I'm impressed." The brain-eating insect complimented him without any sincerity.

"You're the same. The special envoy is not bad either. After sleeping for hundreds of years, you still have such strength. You've really opened my eyes." The handsome man said with a calm smile.

As soon as he finished speaking, there was an uproar. The spirit beasts finally realized the identity of the insect. It was the special envoy who had been sleeping for hundreds of years!

They couldn't be blamed for being slow to react. Brain-eating insects had always been elusive, and very few spirit beasts had ever seen their true appearance. In addition, their forms were complex and varied, and they had to sleep for hundreds of years every now and then. It was very normal for them to be unable to react for a while.

However, they felt a little pity for the three-horned ape. It dared to attack the legendary special envoy without asking. It deserved to die so miserably. After all, it was a brain-eating insect, a brain-eating insect that was on the same level as The Guardian in terms of status and strength!

Chapter 5253 Looking For Someone

"Oh, really? I still can't compare to the Lord Protector's prestige, you have so many underlings under your command, and you command a hundred people. I'm different, I'm all alone, and I'm only a special envoy, but I'm actually offended by these little minions. I'm really ashamed. " The brain-eating insect's tone was unpredictable.

"You're too kind, special envoy. Forgive me for speaking out of turn, but with your reputation as a brain-eating insect, who would dare to be your underling?" The handsome man ridiculed. In the eyes of the brain-eating insect, all spirit beasts were its food. If they followed it, they might become its food at any time. Unless there was a hole in their brains, who would dare to be its little brother?

"That's true. I'm a loner so that the Lord can really be at ease. Unlike Lord Guardian, your loyalty can be seen. However, I also advise Lord Guardian to take it easy. If there are too many people, there will be too many mouths. If any blind fool touches the Lord's reverse scale, I'm afraid that even Lord Guardian will not be able to bear the consequences." The brain-eating insect laughed.

"Don't worry about it. The Lord special envoy didn't come here just to chat with me, did he?" The handsome man said as he sized it up.

"That's not it. I heard that Lord Guardian's wedding is a big one. I just happened to be nearby and we worked together. It's reasonable for me to come over and congratulate you, right?" The brain-eating insect said.

Although he said that, this guy was empty-handed. Not only did he kill the three-horned ape to establish his authority, but he also directly snatched the sacred water pearl. No matter how he looked at it, he didn't seem to be here to congratulate. He was here with ill intentions.

However, since it had said so, the handsome man could not refute it in front of everyone. At least, he could not shed all pretense of cordiality in front of everyone, so he said, ""Then I have to thank the special envoy for the honor."

"You're too polite. I came here empty-handed, as long as you don't mind. After all, I'm not like you, who has a big family and business, and I don't have any treasures in my hands. So, I can only be thick-skinned and come here to support you. " The brain-eating insect said.

"It's nothing, it's an honor for you to be here, special envoy. " The handsome man replied with a faint smile.

"Oh? It's great that Lord Guardian is so understanding. However, I have a presumptuous request that I hope Lord Guardian can agree to. " The brain-eating insect continued.

He was insatiable! This word appeared in the hearts of all the spirit beasts present almost at the same time. The performance of the brain-eating insect was not only that of a Bachelor, but it could also be called a hooligan to a certain level. If any other spirit beast dared to be so presumptuous in front of the Lord Guardian, they would have died a long time ago.

"Don't tell me you want my holy water pearl?" The handsome man said with a faint smile.

"Can I?" The brain-eating insect's eyes lit up. Everyone wanted a treasure like the Holy water bead, and it was no exception. Otherwise, it would not have snatched it so brazenly just now.

"Lord special envoy, you came to my wedding banquet. Not only are you empty-handed, but you also want to take my treasure. Is this really appropriate?" The handsome man was instantly amused.

"It doesn't seem appropriate. Forget it then." The brain-eating insect gave up very quickly. Its goal was not the Holy water bead in the first place, and it was just on a whim. It immediately changed its mind and said, ""Looking at the overall situation, the one with the most eyes and ears is none other than you, Lord Protector. All the flowers and trees are your eyes and ears. Not a single movement on the ground can escape your control. Therefore, I would like to trouble Lord Protector to help me find a person."

"People?" The handsome man was slightly taken aback.

"Yes, a human practitioner named Lin Yi." The brain-eating insect said directly. It didn't even think that Lin Yi was in the field when it said that. It was just that he was in his spirit state that they couldn't easily detect.

"What's wrong? Does the special envoy have a grudge against this human?" The handsome man said with great interest.

"He's my food. No one is allowed to touch him except me. Whoever touches him will die. " The brain-eating insect threatened. It was no wonder that it was so concerned about Lin Yi. It rarely missed its prey, and a human was able to escape from its eyes. This was an unprecedented experience, and it proved Lin Yi's uniqueness and strength. To it, this was an unprecedented human food, and it would be a regret for the rest of its life if it missed it.

"What if I don't agree to it?" The handsome man's expression suddenly sank. The threat of the brain-eating insect was effective against other spirit beasts, but it had no effect on him.

"You don't agree? Aren't you afraid that I'll cause a scene here? Are you sure your ancient well can withstand my torture?" The brain-eating insect sneered and squinted at him.

Regardless of who was stronger, one thing was for sure. If they really fought, at least this place would be destroyed, and the so-called wedding banquet would naturally be ruined.

"Don't you dare!" The handsome man's expression changed.

"Do you think I dare to?" The brain-eating insect laughed unscrupulously. At the same time, it shed its insect body and turned into an extremely ferocious and terrifying monster. Every part of its body was a terrible existence that it had copied after devouring other powerful spirit beasts. It was almost an ultimate killing weapon that gathered the most powerful side of all the local spirit beasts.

The atmosphere suddenly became tense. For a moment, swords were drawn and bows were drawn. The other spirit beasts on the scene were suddenly at a loss for what to do. Although they were all considered the younger brothers of the Guardians, their strength was not enough to participate in such a high-level battle. Just like the three-horned ape just now, they were at most cannon fodder.

Fortunately, the two sides didn't really fight after a moment of tension. The handsome man suddenly laughed and said, "Alright, it's just looking for someone. Since it's our wedding today, I'll agree to this small favor."

"Then I'll have to thank Lord Protector." The brain-eating insect quickly returned to its harmless appearance, which was completely different from the terrifying appearance of the weapon.

"I won't send you off." The handsome man immediately wanted to send the guest off. Although today was his big day, no one could afford to eat such an evil guest like the brain-eating insect. He was not afraid of the brain-eating insect, but he was afraid that the brain-eating insect would ruin his good thing.

"The Guardian is really heartless. He didn't even ask me to stay for a cup of wedding wine. Since that's the case, then forget it." The brain-eating insect smiled, turned around, and flew toward the Water Curtain Cave.

Seeing that it was so cooperative, all the spirit beasts, including the handsome man, could not help but breathe a sigh of relief. The brain-eating insect's mood was really unpredictable, which put them under a lot of pressure. If the brain-eating insect did not leave, this wedding banquet would be a mess.

However, when they were about to reach Shuilian Tong, the brain-eating insect suddenly stopped, and all the spirit beasts' hearts were in their throats again.

Chapter 5254 Who's The Bride

"Oh right, if you can't find Lin Yi, please help me look for another group of people. I don't know their names, but it'll be fine as long as they're ten or so people working together."

The others didn't understand what it meant, but Lin Yi's heart skipped a beat as he hid in a corner. The brain-eating insect was obviously referring to Leng Leng and the others. Once it started to target them, it would be a big problem.

"Alright," he said. The handsome man responded very quickly this time. It was obvious that he couldn't wait to send the brain-eating insect away as soon as possible. After all, the brain-eating insect was an out-and-out plague for him.

"Many thanks. However, Lord Protector, you'd better be quick. Don't make me wait too long, or I'll have to come and trouble you again." The brain-eating insect left a threat and left.

Finally, the brain-eating insect left. The handsome man let out an unnoticeable sigh of relief. He had been excited to give the Holy water bead to the spirit beasts to broaden their horizons, but now he was not in the mood at all. He put the Holy water bead away. As for the Kappa, it rolled and crawled to the side. Even though it had only been feeding the Holy water bead for a short time, it was almost exhausted.

At this point, an older Aurous core stage spirit beast stood up and suggested, ""Lord Protector, the auspicious time has arrived. Why don't you invite the new Madam out for us to meet, so that we can know who Our Lady protector is!"

"Yup! Quickly invite the new Madam out!" The other spirit beasts also joined in.

The handsome man smiled when he heard this. Seeing that all the spirit beasts were in high spirits, he said, "That's good. It's time for her to meet you all, so as to avoid any misunderstandings in the future. Someone, invite the new Madam out."

As soon as she finished speaking, the four gorgeously dressed maidservants immediately went to the luxurious tent at the back to invite the new Madam to come forward. Of course, they were all transformed from spirit beasts and not pure humans.

There was no absolute connection between a spirit beast's strength and realm when it came to transforming into a human. It all depended on whether or not one had the talent in this area. Some spirit beasts were unable to transform into human form even when they had reached an extremely high realm, while some could do it at the Foundation Stage, just like these four maids.

At the same time, the banquet finally returned to its original festive atmosphere. All the spirit beasts were laughing and toasting, but Lin Yi's mood became a little heavy. It wasn't strange for the brain-eating insect to find trouble with him. He was confident that he could escape from them, but now the brain-eating insect had its eyes on the cold people. This was really worrying.

If that was all, it wouldn't be that bad. But even if the brain-eating insect wanted to find Leng Leng and the others, it wasn't that easy. After all, it was hard to see the ground even in the air. Unless one's divine sense was strong to a certain extent, it was extremely difficult to search a large area from the air-Lin Yi had experienced this before.

But the problem was that the brain-eating insect revealed a message that made Lin Yi's heart jump. The handsome man in front of him, who was called the protector, had eyes and ears. Almost all the flowers and trees were his eyes and ears. With his help, it was only a matter of time before the brain-eating insect locked onto Leng Leng and the others' location. What should he do then?

Last time, the brain-eating insect was too confident, so it let Leng Leng and the others go. This time, it had already pounced for nothing. Since it brought this up, it meant that it would do anything to catch Lin Yi. When it really came to that, Lin Yi would be helpless if he couldn't beat it or escape.

Lin Yi was in a hurry—he had to come up with a plan as soon as possible, or the consequences would be unimaginable.

Fortunately, today was the handsome man's wedding day. With his tense relationship with the brain-eating insect, at least he wouldn't put in all his effort to find the person for the brain-eating insect, so Lin Yi still had a little time to think of a solution, of course, just a little.

Just as Lin Yi was trying his best to think of a way out, the new lady finally came out. The atmosphere was heated up when the lady walked up to the stage and stood beside the handsome man.

At the same time, Lin Yi was stunned by the appearance of the person. The new Madam was Duanmu Yu!

All the spirit beasts present toasted to the new Madam. After toasting, they immediately started to discuss. One of them stood up and asked on behalf of all the spirit beasts, "Lord Protector, why is the new Madam a human?"

Even if they were both in human form, the aura of a human and a spirit beast were completely different. Any spirit beast could tell that this new Madam was definitely a pure human.

The Grand Lord Protector would actually marry a human woman as his wife. This was really strange!

It was true that they all knew that the Lord Protector liked to transform into human form. Even the close attendants around him had to consider whether they could transform into human form as the primary criteria. Their actions were no different from that of a human. However, this was at most a preference and it did not change the nature of spirit beasts.

More importantly, what kind of offspring would the Lord Protector and a human woman produce? Human, spirit beast, or half-orc?

The handsome man swept his gaze across the crowd and slowly said, "If she's not a human woman, why would I hold such a grand wedding banquet?"

Generally speaking, the Grand wedding of a spiritual beast would not be so particular. Even if a guardian needed to hold a ceremony, it would definitely be a ceremony unique to spiritual beasts. It would not be a wedding like a human's. Now, everything was prepared for the new Madam. To be precise, it was prepared for Duanmu Yu.

"Then, can Lord Guardian introduce our Guardian's wife to everyone?" A spirit beast asked curiously.

"Alright, I'll satisfy your curiosity then." The handsome man looked at Duanmu Yu beside him with an appreciative gaze. He spoke in a proud tone that was almost like showing off. "She was originally a disciple of the ancient Alliance's leaf spirit sect, and her name was Duanmu Yu. This time, she came here by chance and was originally going to be a human's tribute. However, I suddenly discovered that her physique and mental cultivation method were very compatible with me. It just so happened that I also wanted to test out the legendary dual cultivation technique, so she became my wife."

So that was how it was! Lin Yi finally understood why Duanmu Yu was here, but what made him curious was Duanmu Yu's current state. This woman with a manly aura was actually obediently becoming a bride, and didn't even show any signs of resistance.

Had she been drugged with some kind of mind-confusing drug?

Chapter 5255 Discovered

This was Lin Yi's first reaction, and the most likely scenario. However, he observed Duanmu Yu's behavior closely and found that there was no difference from before. At most, there was a little bit of embarrassment. This was natural. No one would not be embarrassed when they became someone else's bride, even an extraordinary woman like Duanmu Yu.

However, how could Duanmu Yu be willing to marry a spiritual beast? could it be the legendary love at first sight?

Lin Yi didn't know what was going on, but Duanmu Yu was right next to the handsome man. He didn't dare to ask him what was going on. After all, the handsome man was an existence that could fight brain-eating insects head on. If Lin Yi's primordial spirit went over recklessly, he might be detected, and it would be hard for him to escape.

Besides, Lin Yi didn't have the time to mind Guan Muyu's business. He had to think of a way to solve the problem.

If it wasn't for this unexpected trip, if he didn't hear the brain-eating insect's words, Lin Yi might still continue to look for Leng Leng and the others, but now he changed his mind. If he couldn't make sure that they were hidden, it would be useless even if he found them. It might even make the situation worse, because the brain-eating insect would definitely catch up to him.

Unless he could cut off the source of the brain-eating insect's discovery, which was the handsome man in front of him who claimed to be able to control everything!

It was a pity that it was another completely false proposition. If Lin Yi had the ability to deal with this handsome man, he wouldn't have to be so afraid of the brain-eating insect. After all, the two were on the same level.

At the same time, the atmosphere of celebration was still going on. Under the encouragement of the spirit beasts, the handsome man even crossed his cup with Duanmu Yu in front of everyone. To Lin Yi's surprise, Duanmu Yu did as he was told, not showing any signs of dissatisfaction at all. It was strange.

The wedding banquet didn't last for long. It wasn't because the spirit beasts were self-consciously restraining themselves, but because the time had come and they began a new round of collective cheering: "Disturb the bridal chamber! Messing around in the bridal chamber! Disturb the bridal chamber!"

Lin Yi sweated as he listened. To be honest, he was quite interested in this as well. If he wasn't afraid of being found out, and the situation was urgent, he wouldn't even mind going in to join in the fun. He was very curious about how a woman with a man's heart like Duanmu Yu would act in the nuptial chamber. It would be interesting no matter what.

"Messing around in the nuptial chamber? Well, since it's a traditional human ritual, then Let's Make A Scene in the bridal chamber!" The handsome man readily accepted her advice.

However, just as they were escorting the handsome man and Duanmu Yu to the luxurious large tent at the back, an extremely strange voice suddenly rang out from a corner that no one paid attention to. To be more precise, it was a hysterical scream.

The source of the scream came from health-maintenance Fei. In fact, he couldn't be blamed for this. Anyone who had been dragged into the water by a monster like a Kappa and lost consciousness, and then suddenly woke up to find himself in the middle of a large group of ferocious and terrifying spirit beasts, would instinctively scream, unless he was a mute.

However, when Fei Yangsheng finally reacted, he even wanted to kill himself. If he didn't scream, with his hidden position, the possibility of these spirit beasts immersed in the song of the nuptial chamber discovering him wasn't high. But now, he had become the only focus of the audience.

"Human?" The group of spirit beasts looked at each other. If it were any other place, they would definitely rush forward and whoever snatched it would have it. However, this was not the case. This was the Lord Protector's territory. Everything big and small could only be decided by the Lord Protector. The only outcome for them to make a decision without permission was death.

The handsome man's face also showed a little surprise, but his eyes only stayed on health-maintenance Fei for a moment before he looked away and said indifferently, "The patrolling bees."

"Here!" Dozens of patrolling bees flew into the air.

"How did he get in?" The handsome man asked in a mysterious tone.

All the patrolling bees were silent. Today was a big day and so many spirit beasts were gathered here. They definitely did not dare to let their guard down. Every patrolling bee was on their guard and had done everything they could. They had not let their guard down even for a moment from the beginning to the end. They thought that it was a foolproof plan, but they did not expect to let a living person in. How could this be possible?

"Alright, I'll cut myself in half." The handsome man said in a flat tone.

In the beginning, the spirit beasts did not understand what he meant. It was only when the patrolling bees started to kill each other that they finally realized that the so-called half suicide meant that half of the patrolling bees would kill each other. The Guardian was as strict as ever!

Watching helplessly as the patrolling bees turned into corpses and fell from the sky, health-maintenance Fei's scalp went numb. Until now, he still hadn't figured out the situation. He hadn't even noticed Duanmu Yu's existence. He only knew that he was going to die this time. That man was so cruel and merciless to his own subordinates. As an outsider, he couldn't even think of living through today.

Sure enough, before the patrolling bees had finished killing each other, the handsome man had already made a judgment on health-maintenance Fei's fate. "Kill him."

If it was any other time, even if a human cultivator was caught by them, they would not kill him, because they still had to pay the human Tributes to that Lord. But today was different. Today was the wedding of the handsome man, and this reckless human dared to disturb him. Of course, the end result was death.

As soon as the handsome man's voice fell, the spirit beast closest to him immediately picked up Fei Yangsheng and was about to break his neck in the next moment. Fei Yangsheng was so scared that he couldn't even make a sound, and could only struggle helplessly and futilely.

Lin Yi looked at this scene and hesitated. He was worried about Leng Leng and the others. Even their danger couldn't be solved now. If he saved Fei Yangwei, there were so many spirit beasts here, and there was a powerful existence on the same level as the brain-eating insect. The success rate was almost zero. Even if he succeeded, Lin Yi would be exposed. How could he think of a way to deal with the next danger?

But Lin Yi couldn't bear to just watch health-maintenance Fei's neck get broken like this. He didn't have any real friendship with him, and he'd saved his life once before-he'd done his best, but Lin Yi really couldn't just leave him in the lurch.

Chapter 5256 He Didn't Dare To Say

Just as Lin Yi was thinking about taking the risk, Duanmu Yu suddenly spoke up, "Hold on."

The group of spirit beasts' gazes fell on her. This was the first time the new Guardian's wife had spoken. The handsome man asked, "Madam, do you have something to say?"

"Since we're getting married, I can't leave out my family. Let him go, and he'll be my family." Duanmu Yu said. When he said this, his expression was extremely calm. No one knew what she was actually thinking.

"Her family?" The handsome man frowned. Of course, he didn't want to let health-maintenance Fei off so easily. However, since Duanmu Yu rarely spoke, especially in such a public setting, for the sake of the future, he couldn't not give him face. He could only say, "Fine, but this maiden's family must first explain how they managed to sneak in."

As soon as he said this, the Kappa in the corner was immediately scared silly. Once health-maintenance Fei explained the whole story, it would be dead.

"I ..." Health-maintenance Fei's mind was blank at the moment, but he was not completely dazed. He stammered, "I ... I was accidentally swallowed by a man-eating flower ... In the middle, I was struggling with all my might ... Later, I don't know why ... When I woke up, I was here in a daze ..."

"I arrived here in a daze?" The handsome man smiled amiably, but his face immediately darkened. "Nonsense! With your strength, how could you break free from the Twin stem man-eating flower's entanglement? In addition, even if you were lucky enough to break free, you should have fallen into the hundred herb garden, not this inner garden. For the sake of your own life, I think it's better for you to tell me the truth. "

"I ... I ..." Health-maintenance Fei wanted to rat Lin Yi out in his desperation. Since he didn't see Lin Yi here, he thought that Lin Yi was either dead or escaped. It didn't matter which one it was. "I really don't know what happened. I only know that when I was struggling in a daze, I seemed to have seen a big white Worm. It had a pair of wings. Uh, I don't seem to have wings ... I really can't remember. Maybe I was in a daze and had a dream. When I woke up, I was here. What I said was true ..."

"Brain-eating insect?" The handsome man didn't pay much attention at first, but his face suddenly became serious when he heard this. He could ignore everything else, but he couldn't take the Moody brain-eating insect lightly.

The other spirit beasts also showed a look of realization when they heard this. No wonder this human would appear in this place without anyone knowing. Even so many patrolling bees couldn't find him. It turned out to be the work of brain-eating insects, which made sense.

Except for the brain-eating insects, no other existence could hide from their perception and transport a living person in here. Because of this preconceived established knowledge, even the handsome man subconsciously chose to believe it. He couldn't help but Mutter, ""Throwing a living person in here for no reason? What does this guy mean? is he trying to show off to me?"

"Uh ... I vaguely remember that the worm said something, but I can't remember what it was exactly, but I vaguely remember it was a meeting gift ..." Health-maintenance Fei carefully added.

"A meeting gift? Hmph, what a good meeting gift!" The handsome man had no more doubts now. He didn't care about health-maintenance Fei's life or death at all. He didn't care about it at all and prepared to continue entering the bridal chamber.

The Kappa in the corner finally breathed a sigh of relief when it saw this. This was a walk on the edge of life and death. But what made it a little puzzled was that it was clearly the one who secretly brought health-maintenance Fei in, and it had nothing to do with the brain-eating insects at all. Moreover, it had never seen a brain-eating insect from beginning to end, so how could this guy inexplicably talk about brain-eating insects?

What he didn't know was that all of this came from Lin Yi's spirit sense-health Fei was just repeating himself. If he didn't bring out the brain-eating bug, it wouldn't be so easy to get away with this.

The group of spirit beasts once again surrounded the handsome man and Duanmu Yu as they headed towards the large luxurious tent. Unexpectedly, Duanmu Yu suddenly stopped and said, "I still want to chat with my family before the wedding night, but I won't have the chance in the future. I hope you can fulfill my wish."

"Then ... Alright, but don't make me wait too long." The handsome man was unexpectedly easy to talk to. Although he had also displayed a cruel and cold side earlier, he was at least quite good to Duanmu Yu, his new wife.

After saying that, the handsome man immediately led the group of spirit beasts to continue drinking and partying. Duanmu Yu, on the other hand, called over health-maintenance Fei, whose legs were weak, and continued to stride towards the large luxurious tent.

"You four stay outside." Duanmu Yu ordered the four female servants who were following him closely.

"But ..." The four maids looked at each other.

"But what? from today onwards, I'll be your mistress. Don't tell me my words are useless?" Duanmu Yu put on the airs of a matriarch and said.

"This servant doesn't dare." The four maidservants hurriedly nodded in agreement. They had all seen how the handsome man doted on Duanmu Yu. If they were to really offend this new mistress, none of them would be able to live in the future.

Duanmu Yu immediately brought Fei Yangsheng into the tent. The interior was luxuriously decorated, but Duanmu Yu did not even look at it. He turned to look at Fei Yangsheng and said, "Tell me, what's the matter with you?"

"Didn't I just say it ..." Fei Yangsheng laughed.

"You don't want to tell me? Forget it then. I was thinking of finding an opportunity for you to escape, but it seems like there's no need for that now. " Duanmu Yu said with an indifferent expression.

"Don 't! Don' t! Please don 't!" Fei Yangsheng suddenly became anxious and stuttered, ""But ... But ..."

"But what?" Duanmu Yu said as he looked at him.

"But I don't dare to say ..." Fei liangsheng said with a bitter face.

"You don't dare to say? Why don't you dare to say it?" On the contrary, Duanmu Yu's interest was piqued. She only felt that health-maintenance Fei was abnormal, so she had asked on a whim.

Lin Yi's voice entered her mind, "Because I was there, he didn't dare to say it."

"Lin Yi?!" Duanmu Yu was taken aback. She didn't know Lin Yi much, but she had a deep impression of him. She recognized the voice as soon as it entered her ear, but where was Lin Yi?

Other than herself and health-maintenance Fei, there was no one else in the tent. As the eldest Senior Sister of the leaf spirit sect, Duanmu Yu's perception was one of the best among her peers. If Lin Yi was really here, how could she not have sensed him?

"That's right, it's me. " Lin Yi's voice entered her mind again.

Chapter 5257 Humans And Ghosts Take Different Paths

Duanmu Yu was shocked again, but he still couldn't find any trace of Lin Yi. He looked like he had seen a ghost and looked at Fei Yangsheng, "Where is he?"

"I don't know ..." Health-maintenance Fei said with a bitter face. He had the same reaction when he first heard Lin Yi's voice, but he was scared stiff by the surrounding spirit beasts, so he didn't show it on his face. Otherwise, he'd be exposed.

"Then ... This is ..." Duanmu Yu didn't know what to say. Lin Yi's image in her heart was mysterious, but it didn't go to this extent. He only heard his voice but didn't see him. What the hell was this?

Senior Sister apprentice Duanmu, do you think it's a ghost's manifestation?" Health-maintenance Fei suddenly said mysteriously.

"A ghost?" Duanmu Yu was startled upon hearing this. However, he immediately revealed an expression of disapproval. The theory of deities and ghosts had a much greater market in the cultivation world than in the secular world. Although many people did not buy it, there were even more people who believed in it. In particular, many things were half-true and half-false. Even the most powerful and authoritative big shots could not give a reason for it. This further confirmed the possibility of the theory of deities and ghosts.

Of course, Duanmu Yu did not believe in this. Not only did she not believe it, but the vast majority of elite cultivators also disdained it. This was because to cultivators, ghosts were the primordial spirit.

"It's true!" Health-maintenance Fei believed in this without a doubt and said seriously, ""I didn't believe it at first either, but I had to believe it. Otherwise, there's no way to explain what happened today. Senior Sister apprentice Duanmu, do you know how I got in?"

"How did you get in? Isn't it because of the brain-eating insect?" Duanmu Yu asked with a bit of curiosity.

"Of course not, I don't even know what a brain-eating insect is. Lin Yi-qianbei taught me everything," Fei Liangyang shook his head with a bitter smile. Seeing that Duanmu Yu was getting more and more confused, he said, "I told you, I was swallowed by the Twin stem man-eating flower, but it wasn't some brain-eating insect that saved me, it was Lin Yi-qianbei. After he saved me, we fell into a paradise filled with rare herbs, but I accidentally fell into the hands of a river monster, and when I woke up, I was here for no reason ..."

"What does this have to do with ghosts?" For a moment, Duanmu Yu did not understand.

"Senior Sister Duanmu, think about it carefully. Since that scary river monster attacked me, it definitely wouldn't let Lin Yi-qianbei go. No matter how strong he is, he's not invincible, right? If Lin Yi-qianbei wasn't a ghost, how could we only hear his voice and not see him?" Health-maintenance Fei deduced with a serious face.

"..." Duanmu Yu was immediately speechless after listening to his explanation. This was a common problem for many people. Once they encountered a problem that they couldn't understand, they would naturally associate it with a mysterious aspect. Moreover, the more they thought about it, the more correct they were. They couldn't extricate themselves from it.

"I have to say, Lin Yi-qianbei sure is nice, saving me even after he turned into a ghost. I'll have to burn some paper money for him after I escape this. Humans and ghosts are different, and this is the only thing I can do for him." Health-maintenance Fei said with a sigh.

"Humans and ghosts have different paths ..." Duanmu Yu almost burst out laughing when he heard this. "I think you're thinking too much. It's weird to only hear the voice but not see the person, but it's not completely unexplainable. I suspect that Lin Yi's essence spirit is here. Don't forget, he's an essence spirit in the legends."

"Primordial spirit body?" Health-maintenance Fei was stunned for a moment before he reacted. "Oh right, it's been a long time since anyone mentioned it, I almost forgot about it!"

"Hehe, as expected, I can't hide from miss Duanmu." Lin Yi finally revealed his Yuan spirit form in front of the two.

"Senior Lin!" Fei Yangsheng suddenly showed a surprised and happy expression, but only he knew how much of this was true and how much of it was false.

A faint trace of joy flashed across Duanmu Yu's face. However, he quickly regained his calm and sighed with emotion. "I didn't expect you to have such a superb technique. It seems that you are indeed from a different world from us. Although you are not a ghost, you are not too different from one."

"You're right, miss Duanmu. I'm impressed." Lin Yi didn't deny it. As a woman, Duanmu Yu was indeed a person with good judgment and insight, far above most men in this aspect. These two sentences from her had already exposed Lin Yi's background and essence.

"Brother Lin, you're too kind." Duanmu Yu shook his head with a bitter smile. Anyone with a little bit of vision could tell that Lin Yi was extraordinary, and she was the one who realized it later.

Lin Yi smiled and looked at Duanmu Yu up and down. "Miss Duanmu, what are your thoughts?"

The question was a little sudden, and anyone else might not have been able to react in time, but Duanmu Yu understood Lin Yi's question very well. He smiled bitterly, "I can't help it, that's all."

"I guessed so too." Lin Yi nodded. With Duanmu Yu's personality, it was impossible for her to marry a spirit beast of her own free will. The only explanation was that she had no choice but to compromise.

Both of them were silent for a moment. Then, Duanmu Yu forced a smile and said. "Forget it. To be able to meet brother Lin in this damned place is already a rare surprise for me. I'm content! Oh right, brother Lin, if you find it difficult to go out like this, why don't you find a way to hide here for a while? I'll think of a way to send you guys out of here safely, and it'll be a way to repay your kindness. "

If it were any other woman, they wouldn't be this calm even if they weren't crying in their current situation. Lin Yi could clearly feel that Duanmu Yu didn't just give up, but he didn't know what he was thinking.

"You're ready to accept your fate?" Lin Yi asked.

"Accept your fate?" Duanmu Yu sighed and looked at Lin Yi with a complicated expression, "Maybe. I will try to struggle, but the possibility of success is not high. If it doesn't work, I can only accept my fate."

She wasn't that close to Lin Yi, and with health-maintenance Fei around, she'd already been honest with him. She wouldn't say anything more about what she was thinking-from her point of view, she didn't need to.

Lin Yi thought for a moment before suggesting, "Why don't we join forces?"

"We'll join forces?" Duanmu Yu was startled when he heard this. Then, he could not help but feel moved.

Chapter 5258 Murdering Her Own Husband

Duanmu Yu still shook his head and refused, "there's no need. I appreciate brother Lin's kind intentions. I've already said that I'll think of a way to get you guys out of here safely. There's really no need for you to do this for me. Furthermore, to be honest, even if we were to join forces against him, there's no chance of victory at all. It's meaningless."

"Senior Lin, since Senior Sister apprentice Duanmu has said so, I think we should just forget it. Perhaps without our help, she'll be able to take to the water like a fish in water?" Health-maintenance Fei couldn't help but interrupt. Lin Yi's suggestion really gave him a fright-he thought that it was suicide, and he'd be the first to die since he was the weakest.

However, Lin Yi didn't even bother with him. He turned to Duanmu Yu and said, "To be honest, I don't want to join hands with you just for you, but for myself. If there's a chance to get rid of that Guardian, I must give it a try no matter what."

"What? You want to get rid of him?" This time, it wasn't just health-maintenance Fei-even Duanmu Yu was stunned. She was just thinking about how to escape, but Lin Yi wanted to get rid of the protector right away? wasn't this a little too crazy?

"Do you know how strong he is?" Duanmu Yu wanted to give Lin Yi some general knowledge-she'd been with the protector for a few days now, and while she'd never seen him fight, she knew the tip of the iceberg, and it was enough for her to get rid of this unrealistic and stupid idea.

This kind of monster was not something that cultivators at their level could deal with at all. The difference in strength between them was too great.

I don't know, but I have a rough idea because I've fought with brain-eating insects before." Lin Yi said. Since the protector and the brain-eating insect were on the same level, their strength was naturally similar. At most, they were different in their abilities.

"You've fought with a brain-eating insect? You'll be able to escape unscathed?" Duanmu Yu was stunned once again. Although she had been in the tent the entire time, she was well aware of what had happened due to the huge commotion outside. She immediately came to a realization and said, "No wonder, no wonder it specifically wanted to track you down. No wonder you would have such dangerous thoughts. If I'm not wrong, you're mainly here for Leng Leng and the others, right?"

"Not bad." Lin Yi nodded. With his endless abilities, he didn't need to worry too much even if the brain-eating bug and the protector joined forces to kill him. But Leng Leng and the others couldn't handle a crisis of this level, so he had to strike first.

"You're a good person, much better than most of the people I've met. " Duanmu Yu said as he looked deeply into Lin Yi's eyes.

"Ugh ..." Lin Yi blushed. What was going on? she hadn't even confessed yet and he was already being called a good person. Was she off topic?

"But even so, I still feel that it's not reliable. The chances are slim." Duanmu Yu's tone suddenly changed. Even if Lin Yi could escape from the brain-eating insect, it didn't mean that he had the confidence to face the protector, let alone kill him.

"That's right. The chance is slim, but if we join forces, no matter how slim the chance is, it's still a chance, isn't it?" Lin Yi didn't give up and continued, "If it's just me, the chance might only be one percent, but if you're inside, my chance can be magnified tenfold, reaching one-tenth."

"One-tenth?" Duanmu Yu frowned.

"The success rate isn't high, but I think it's worth a try. Of course, if you think your plan has a higher success rate than us working together, then just follow your plan. There's no need to force yourself." Lin Yi said sincerely.

Duanmu Yu did not act impulsively. She had indeed carefully considered and calculated for a while before finally coming to a conclusion. "The success rate of my plan is not as high as yours, but there is an advantage. The risk of failure is far lower than that of you and me working together. If I show enough tactfulness, I will at most be imprisoned, or at least I will have no problem struggling on my last breath. But if I work with you, once I fail, I will die without a doubt."

"That's true. If you join forces with me, you'll either succeed or die. There's no third possibility." Lin Yi nodded. If a woman was just running away from the marriage, her husband wouldn't kill her, but if this woman was planning to kill her husband, then she'd be going all out. With the protector's strength, Lin Yi could still escape if he made a mistake, but Duanmu Yu would be dead for sure.

Duanmu Yu was still weighing the two of them. Fei Liangyang was looking at her from the side, praying in his heart that Duanmu Yu would not agree. Otherwise, Duanmu Yu would not be the only one to be in trouble. Fei Liangyang would also be in trouble.

Fortunately, the inclination of Duanmu Yu's words earlier was already very obvious. As the saying goes, "as long as there's life, there's hope." It was always better to have a useful body than to lose one's life in a moment of impulse. Since Duanmu Yu had analyzed the situation so clearly, he was definitely a rational and understanding person.

After a short moment, Duanmu Yu finally made up his mind. "Alright, I'll join you."

"..." Health-maintenance Fei almost knelt down when he heard this. Although Duanmu Yu was an understanding person, he was wrong about one thing. This woman was completely irrational.

"Are you sure?" Lin Yi asked. Although he was the one who suggested it, he didn't really expect Duanmu Yu to agree to it. After all, it was an extremely dangerous decision for Duanmu Yu.

"Don't worry, I've thought it through. Although I can still live if my method fails, I don't want to live another day as someone who's forbidden to dual cultivate. I'd rather die." Duanmu Yu said straightforwardly.

"Alright," he said. Lin Yi nodded. It was great that Duanmu Yu had come to this realization. If Duanmu Yu really didn't agree, then he'd have a real headache.

"Then what's your plan? let's quickly discuss it." Duanmu Yu immediately got to the point.

Before Lin Yi could even reply, he disappeared into thin air and turned into his spirit form, hiding in an unnoticeable corner. Before Duanmu Yu and health-maintenance Fei could react, a handsome man's voice came from outside the tent.

"Madam, have you finished speaking to your family?" A handsome man walked in. This was his territory. It was already a rare gift for him to allow Duanmu Yu to speak to health-maintenance Fei alone. He could enter whenever he wanted to. Even Duanmu Yu had to be careful.

"I'm done. " Duanmu Yu glanced at Fei Liangyang and suddenly said,"Since he's from my maiden family, I don't want him to die in this place. Can you send him out?"

Chapter 5259 A Big Explosion

"Send him out? To be honest, with his strength, even if he is sent out, he will sooner or later become a tribute. But since Madam has spoken, then let's do it this way. I will let the patrolling bees take him out.
" The handsome man replied.

"Many thanks, my King! Thank you, my King!" Fei Yangsheng was overjoyed. He had thought that he was dead for sure. He had not expected such a meticulous and considerate arrangement. Duanmu Yu was really a good person.

Health-maintenance Fei was quickly led out by the patrolling bees, and then the other spirit beasts couldn't wait to squeeze in. They were still excitedly waiting to make a scene in the bridal chamber, but with a casual word from the handsome man, those spirit beasts who couldn't transform into human forms consciously retreated, leaving only those who could enter the tent in human form.

In the face of such a situation, no matter how bold and carefree Duanmu Yu appeared on the surface, she still felt extremely disgusted in her heart. To cause a ruckus in the nuptial chamber, one had to do some intimate actions with the other party. She felt disgusted. She had never had any intimate contact with any man before.

However, in this situation, she had no choice but to cooperate. She couldn't possibly fall out with him on the spot. Even if she wanted to die, this wasn't the way to look for it.

As expected, these spirit beasts had started to heckle the bride and groom to kiss in public. After all, they were not humans. They were very open in this aspect. No matter how hard Duanmu Yu tried to avoid this, he could not avoid it.

Duanmu Yu helplessly watched as the other party got closer and closer. He closed his eyes and steeled his heart. Just as he was about to risk everything, a loud explosion suddenly rang out from the crowd. Several spirit beasts that had transformed into human forms were blown away on the spot. The entire luxurious tent was immediately thrown into chaos.

"What's the situation?" The human-shaped spirit beasts who were sprawled out from the impact were panicking. Some of them were so frightened that they even revealed their true forms. The scene was extremely chaotic. No one had expected such an accident to happen on such an occasion. Who had the guts to cause trouble in the Lord Protector's bridal chamber?

The group of spirit beasts panicked, but the handsome man, who was the master, did not panic at all. He had already locked onto the source of the explosion at the first moment, and his expression was very ugly. ""Explosive flame fruit ..."

That's right, the source of the chaos from the explosion just now was the special product of the hundred herb garden, the explosive flame fruit that could explode if one was not careful.

All the spirit beasts were speechless. Before the banquet today, the Lord Protector had specially granted them a favor and allowed them to go to the hundred herb garden to collect some rare spirit herbs as a gift in return. This was a very rare opportunity, so they naturally would not be polite. It was not surprising that some of the spirit beasts had collected the bursting flame fruit, but no one had expected such a situation to occur at this time.

The explosive fruits were extremely unstable, and they would explode if they were slightly squeezed. It was obvious that they had accidentally squeezed into one when everyone was cheering, which led to this awkward and chaotic accident.

"All of you, get out!" The handsome man's expression darkened. If it wasn't for the accident just now, he wouldn't mind letting the spiritual beasts join in the fun. After all, this was a human custom. However, he was no longer in the mood to do so. A single explosive flame fruit had instantly ruined his rare good mood.

The group of spirit beasts hurriedly scrambled to escape. The Lord Protector's savagery was well-known. If they were a little slower in escaping, they might even lose their lives here.

Duanmu Yu let out a sigh of relief at the scene. The bursting flames fruit had really saved her from a big problem. She thanked Lin Yi in her heart. The spirit beasts weren't stupid, after all. No one would dare to bring something as dangerous as the bursting flames fruit into the nuptial chamber. Lin Yi was the one who had caused the explosion.

However, Lin Yi was extremely careful. He maintained his Yuan spirit form and hid in a corner the entire time, only sliding the explosive fruits to their feet silently. Otherwise, with the handsome man's senses, he would be exposed if he appeared in his Yuan spirit form.

Those spirit beasts were very tactful. When they saw that the Lord Protector was in a bad mood, not only did they hurriedly escape from the luxurious tent, but they also did not dare to stay outside any longer. They were afraid that they would accidentally become a scapegoat. One by one, they hurriedly squeezed up the heavenly stairs and left this troublesome place.

Little did they know that the handsome man's mood was not as bad as they had imagined. When only he and Duanmu Yu were left in the tent, his expression quickly calmed down and he said softly, "The guys who are in the way have left. Madam, let's start the dual cultivation."

Dual cultivation was the fundamental reason why he had made up his mind to marry Duanmu Yu. Now, they had skipped the nuptial chamber segment and were directly going to the nuptial chamber. He was already somewhat impatient.

"Ah?" Duanmu Yu was shocked when he heard this. She had just been rejoicing that she had escaped from the nuptial chamber. In the end, she did not expect that this guy would directly start the nuptial chamber. This was for real.

"What's wrong?" The handsome man looked at her in surprise.

"Uh ... This ... Isn't this a little too fast?" Duanmu Yu was racking her brain trying to stall for time. She hadn't even discussed the plan with Lin Yi yet, and now they were forced into the nuptial chamber. What was she going to do?

"Too fast? How can that be? we're the ones handling the wedding banquet, and according to tradition, the next thing to do is to perform the Zhou Gong's ceremony. Isn't this a very normal thing? how can it be too fast?" The handsome man advised.

"But ... But ..." Duanmu Yu did not know what to say for a moment. "I still don't know how to perform dual cultivation ..."

"Oh, that's easy. You just need to adjust the true Qi in your body later. You don't need to worry about anything else. I'll take the lead." The handsome man laughed.

"But ..." Duanmu Yu wanted to delay a little longer. No matter what, she had to at least think of a way to discuss this with Lin Yi first.

"No buts, come with me." The handsome man's expression sank. Although his tolerance for Duanmu Yu was much higher than for those spiritual beasts, it was still extremely limited. No one could change his mind once he had decided on something. This was the same for Duanmu Yu, his new wife.

Immediately, Duanmu Yu did not dare to say anything else. If she were to say even half a word at this moment, the other party might turn hostile on the spot. At that time, there would not even be any room for negotiation.

The handsome man walked towards the back of the tent with his hands behind his back. Duanmu Yu was at a loss as to what to do. Suddenly, Lin Yi's voice rang in his mind, "Follow them and act according to the situation."

Duanmu Yu's heart became calm. Unexpectedly, the handsome man in front of him suddenly stopped. He seemed to have sensed something strange and began to carefully examine a corner of the large tent.

Chapter 5260 Another World

"What's wrong? Aren't you leaving?" Duanmu Yu quickly opened his mouth to divert the other party's attention.

"It's nothing. Let's go," The handsome man glanced at her and felt that he might be overthinking it. This was his base camp. Who would have the guts to stay here and play tricks?

Lin Yi looked at this scene and was scared. This guy was not easy to fool. He was already as careful as he could with his divine sense, but he was still almost discovered. Luckily, Duanmu Yu reacted fast enough, or he would've been caught.

After all, the tent wasn't big. Even if Lin Yi was in his spirit form, even if his strength was far above the enemy's, if the enemy were to search carefully, the possibility of him completely hiding from the enemy's senses wasn't high.

The handsome man took the lead and walked through the hall. He strode toward the back of the large tent. Duanmu Yu was immediately stunned. There was no way out in front of him. It was a completely blocked tent. What was he doing?

Unexpectedly, the handsome man didn't stop walking until he reached the tent. He didn't open the tent either. He just passed through it as if he had disappeared into thin air.

"Come in." The handsome man's voice sounded out of thin air. Duanmu Yu slightly frowned. However, he still walked over in the same manner as the other party. As expected, he did not encounter any obstacles. His entire person directly passed through the tent.

"This is ..." Duanmu Yu was stunned. The scene before his eyes was exactly the same as before. Other than the change in direction, the spatial layout and the scenery were exactly the same as the big tent from before. There was almost no difference at all.

"Welcome to another world." The handsome man said with a smile.

"Another world? What do you mean by that?" Duanmu Yu was confused.

"Hehe, you'll understand when you go out and take a look." The handsome man smiled. As he spoke, he personally led Duanmu Yu forward. When they walked out of the large tent, Duanmu Yu was completely shocked by the scene before his eyes.

She was sure that she had not turned back, but she saw the exact same scene as before. It was like a big tent, there was no difference, just that the direction had been switched.

If there was anything else that was different, it would be that this place was completely empty. There were no traces of any spirit beasts.

"I don't understand ..." Duanmu Yu shook his head. If it were anyone else in her position, they would not be able to understand it at once. She was very sure that all of this was not an illusion, nor was it a scene that was carefully carved out by someone. Perhaps it was just as the handsome man had said earlier, this was another world, another twin world.

"It's okay, you'll understand slowly. " The handsome man didn't have the intention to continue explaining. Instead, he said impatiently, ""There's only the two of us here. No one will disturb us. We can start our dual cultivation."

Duanmu Yu was a little hesitant, but he remembered what Lin Yi said just now. He gritted his teeth and forced himself to play along.

At the same time, Lin Yi, who was hiding in the dark, more or less saw something. This space gave off a mysterious feeling, and every layout was exactly the same as the outside world. The only difference was the direction was reversed, and there was only one explanation for this-a mirror.

If he was not wrong, this was a world that existed in the mirror!

This was the only logical deduction, but it still shocked Lin Yi. He hadn't found a mirror since he came in, nor did he find anything that looked like a mirror. If he used common sense, the mirror would be where the mirror was connected to the real world, which meant that the mirror could only be that ordinary-looking tent.

Could it be that the root of all this was that tent? could it be that the tent was a spatial divine tool similar to a jade pendant?

If he didn't get to the bottom of this, it'd have a huge impact on the operation-it might even cause it to fail. He couldn't just ignore it, and so he went back to check it out. The results proved that there was nothing wrong with the tent, it was just a normal tent.

If it wasn't the tent, then there were only two possible explanations. Either the godly item that created the mirror world was with the handsome man, or it was the handsome man's own power. If it was the former, then it wouldn't be a big deal. But if it was the latter, then this guy was really too strong!

At that moment, Lin Yi couldn't help but feel a little regretful. This protector might be even more difficult than the brain-eating insect. It wasn't easy to kill this guy out of the blue.

Previously, he had told Duanmu Yu that as long as Duanmu Yu cooperated with him, he would have a 10% chance of success. However, from the looks of it now, he was perhaps a little too optimistic.

But luckily, other than the fact that the mirror world was very similar to the outside world, Lin Yi didn't find anything wrong with it. He didn't feel any discomfort, and there were no signs of his strength being restricted. Most importantly, he could enter and leave the tent freely, which meant that the mirror world wasn't showing any signs of danger.

This was a very important point-it was directly related to his and Duanmu Yu's life. Lin Yi didn't dare to be careless at all. He tested it a few times before he could finally relax. No matter what, he couldn't cut off the only exit to the real world.

However, just as Lin Yi was testing, the handsome man who had brought Duanmu Yu out of the tent suddenly turned back, a sneer on his face as expected. "Come out. Since you've entered my illusion, don't even think about escaping my perception. There's no need to struggle in vain. No matter how much you struggle, it's just a waste of energy."

Duanmu Yu, who was behind him, was shocked. She didn't know where Lin Yi was hiding, but there was no doubt that this guy had found Lin Yi's tracks!

If he was discovered, Lin Yi would be dead for sure. No matter how high Duanmu Yu's evaluation of Lin Yi was, he was convinced that the difference in strength between them was too big.

Unfortunately, Lin Yi didn't show himself, and there was no movement around him.

"Hmph, you won't shed a tear until you see your coffin. There's no need to hope for luck. Actually, I already sensed it when I entered the tent just now. The explosive flame fruit was also your handiwork, am I right?" The handsome man continued to sneer.
