

Bodyguard 5261

Chapter 5261 Found You!

There was nothing wrong with what he said. Although they didn't catch the thief on the spot, it was basically a case of them being caught with the stolen goods. Under normal circumstances, if it were anyone else, they would have taken the initiative to show themselves. Whether they would escape or fight would be a matter of time. However, if they still wanted to hide it, it would really be a little embarrassing.

Duanmu Yu's heart went cold. She thought the same way. Lin Yi would show up next, and the two of them would fight to the death. As for whether they could fight to the end, it would be up to God's will.

In the end, the surroundings were still dead silent. Lin Yi still hadn't appeared.

"To be able to sneak into my tent in front of so many spirit beasts without anyone knowing and to hide under everyone's eyes, this kind of means is not simple. I thought that someone who could do this must be a character, but I didn't expect you to be so tasteless. It seems that I have overestimated you." The handsome man was still sneering, but he did not show any signs of anger. Instead, he looked calm and composed, giving off the feeling that everything was under his control.

But no matter how much he tried, Lin Yi wouldn't show himself. Once he showed himself, he would either be dead or injured-Lin Yi knew this very well. If he stayed in his spirit form and didn't move, the enemy wouldn't be able to find out who he was for a while, and it would be safer.

Of course, the safest way was to escape from this mirror world. As long as he could escape, he would be like a fish in the sea, a bird in the sky. No matter how strong the handsome man was, he wouldn't be able to catch up to him. However, if that happened, Duanmu Yu wouldn't be able to get Tian Tian to help him. Lin Yi wouldn't sell out his teammate shamelessly.

Hence, Lin Yi decided to bide his time and deal with the changes.

"Idiot," The handsome man's lips curved into a mocking smile. The entire mirror world suddenly flipped over without any warning. In an instant, it was upside down, and then it returned to its original state.

Such a drastic change shocked even Duanmu Yu, who had a calm and composed mind. Although she only felt that she had swayed a little and did not suffer any real damage, the shift in her center of gravity was real. No matter how fast her reaction was, she would not be able to adjust in time. As long as she was in the mirror world, she would definitely reveal her flaws.

The handsome man wanted to use this move to force Lin Yi out, but the result disappointed him. Lin Yi didn't show any weakness at all in the face of such a sudden change. It was just too creepy.

What they didn't know was that Lin Yi was just a spirit floating in the air, and he didn't even have the ability to shift his center of gravity. No matter how unexpected his plan was, he was naturally immune to it.

"No? Did he escape?" The handsome man himself was surprised. He didn't really lock onto Lin Yi's position, only sensing the presence of an invader from the small traces he left behind. He didn't expect the other party to escape so quickly.

However, he didn't give up. He immediately used his divine sense to carefully sense everything around him. This was the mirror world that he had created. Every inch of the earth, every blade of grass, and every tree was under his control. In the past, he didn't need to use his divine sense at all, but this time, he didn't believe that anyone could escape from the mirror world in front of him.

Lin Yi immediately felt a very subtle spirit sense fluctuation. He was hiding in the corner of the tent, not too far away from the other party, and he would be exposed if he wasn't careful.

If it was a normal golden core spirit beast, Lin Yi wouldn't have to worry about it. He didn't gain much in other areas this year, but his Yuan spirit was a completely different thing. Especially after his Yuan spirit stopped improving, he put more energy into studying the techniques of the spiritual sense, and it was a huge improvement.

Not only was he able to switch freely between his primordial spirit body state, half-primordial spirit state, and primordial spirit state, but he was also quite experienced in all kinds of small skills. These small skills seemed simple and basic, but they were actually very useful. For example, primordial spirit concealment.

The so-called concealment of the primordial spirit was not really to make the primordial spirit disappear, but to reduce the existence of the primordial spirit as much as possible. The form of the primordial spirit was not easy to detect for most people, and when the sense of existence was reduced to the extreme, it could achieve a concealment effect that was almost invisible.

Especially since the quality of Lin Yi's spirit sense was far above the other party 's, he could even fool the other party's spirit sense, making his hiding even more seamless. If not for that, he would have been discovered by the spirit beasts.

But the man he was facing now was much more powerful than the spirit beasts he'd faced earlier. Lin Yi didn't dare to let his guard down, and he tried his best to minimize the presence of his spirit, trying to blend in with the environment.

As expected, the man didn't find Lin Yi when he first scanned him with his spirit sense, and he still found nothing when he scanned the surroundings.

But before Lin Yi could let out a breath of relief, the handsome man seemed to have sensed something. His spirit sense spread over again, focusing on the area where Lin Yi was.

"This is terrible!" Lin Yi's heart skipped a beat when he felt the guy's lingering spirit sense. He knew that the guy had already noticed something was wrong, and he would be found out sooner or later.

In fact, the flaw wasn't on Lin Yi. His essence spirit concealment was already at a high level, and even the handsome man wouldn't be able to detect it easily. The real flaw was in this mirror world. The key to concealing the essence spirit was to integrate with the surrounding environment, and everything here was the handsome man's doing. It wasn't easy to integrate with the environment and fool the other party.

"I've found you!" The handsome man suddenly sneered and sent out a palm in the direction of Lin Yi's essence spirit. It didn't look like it had any terrifying power, but the space that was locked on shattered. No matter how strong an existence was, they would die if they were hit by it.

Duanmu Yu's heart began to pound as he watched this scene. The handsome man was the creator of this mirror world, and he was the master of this place. How could he fight against him?

"Lin Yi's not dead, is he?" Duanmu Yu panicked. With her abilities, she couldn't find Lin Yi. At first, she thought that Lin Yi must've escaped, but the handsome man wouldn't attack for no reason. Lin Yi must've been discovered!

At that moment, Lin Yi's voice sounded in her head, "Don't worry, I'm very lucky. I won't die so easily. "

The voice came too suddenly, and Duanmu Yu jumped in shock. This Lin Yi sure was brave, communicating with him through His Spirit sense. Wasn't he afraid of being caught?

Chapter 5262 Is It Good?

She didn't expect Lin Yi to know what she was thinking, and the voice sounded in her head again. "I'm not afraid. He won't be able to catch me, because I'm not using divine sense to communicate. "

"Not through divine sense? "That ... That ..." Although Duanmu Yu didn't speak, his thoughts were already stammering. He couldn't figure out the exact situation.

"Because I'm in your body. I had no choice. Please forgive me." Lin Yi apologized with a bitter smile. This was the only way he could escape from Duanmu Yu's detection. He probably didn't know that he was a soul yet, so he couldn't think of a way to hide in Duanmu Yu's body. In other words, Duanmu Yu's body was the best place to hide.

"You're on my body?" Duanmu Yu was even more shocked now. Fortunately, the handsome man was focused on searching for Lin Yi, or else he would've noticed her abnormality.

"Yes, he's squatting beside your primordial spirit. But don't worry, it won't have any bad effects on you." Lin Yi quickly promised. Being possessed by another's soul was a very fatal thing. If one wasn't careful, it could turn into a fierce battle between souls, or even possession. He and Duanmu Yu weren't too familiar with each other, and they didn't trust each other enough. It was only natural for Duanmu Yu to react no matter what if he was possessed without even saying anything.

Duanmu Yu's reaction was a lot calmer than Lin Yi expected, but his question was a little weird. "You can directly know what I'm thinking like this?"

"I roughly know a little." Lin Yi couldn't help but be surprised. Wasn't this Duanmu Yu worried about Lin Yi possessing him at all? there should be a lot of rumors about soul possession in the world of practitioners, right?

"Does that mean I have no secrets in front of you?" Duanmu Yu immediately became somewhat anxious.

"Ha?" Lin Yi was speechless. Women were always unpredictable, even a man like Duanmu Yu was no exception. Why was she worried about privacy at this time?

Lin Yi explained with a bitter smile, "Don't worry, I can't pry into your heart. At most, I can only read your subconscious primordial spirit fluctuations. There's no need to worry about privacy. "

"That's good. " Duanmu Yu clearly heaved a sigh of relief.

While Lin Yi was consoling Duanmu Yu, the handsome man on the other side was stunned. He used his spirit sense to scan the surroundings again and again, but he couldn't find anything suspicious. Even the sense of dissonance that suddenly appeared disappeared without a trace.

"Could it be that I'm overthinking things?" The handsome man muttered. His gaze then returned to Duanmu Yu and said with a smile, "Don't let a cowardly rat spoil our mood. Come, let's start. "

"Oh, okay." Duanmu Yu replied. This time, because Lin Yi was hiding on her body, she was much more confident than before.

Unfortunately, the other party's next sentence directly scared her. ""Take off your clothes,"

"Take off my clothes?" Duanmu Yu immediately stiffened. It was true that she had a man's temperament. Even if she was in the middle of a group of men, she would not have the slightest bit of cowardice or discomfort. However, she was still a woman after all. She had to make a decision to undress herself.

"How can we perform dual cultivation without taking off our clothes? Moreover, we are a proper husband and wife who have paid our respects to the heaven and earth, and now is the time to consummate our marriage. " The handsome man looked at her with great interest.

"I ..." Duanmu Yu was unable to refute. When he saw that the other party was staring at him with a somewhat cold expression, he immediately understood that after the two disturbances just now, the other party's already little patience was almost at its limit.

In the end, Duanmu Yu was much more forthright than an ordinary woman. He clenched his teeth and immediately took off his bright red outer clothes, revealing a set of plain white inner clothes.

"Take it off again." The handsome man urged with an expressionless face.

Duanmu Yu furrowed his brows. She could still be seen with her undergarments, but once she took them off, she would only be left with her undergarments. This was almost equivalent to a woman's chastity. Other than the man she had entrusted her life to, no one else could see it.

And in front of her was a spirit beast in human form, with Lin Yi's essence spirit hidden in it. How was she going to face the world if she took it off?

"I won't repeat my words." The handsome man said indifferently.

Duanmu Yu didn't hesitate for too long. She quickly removed her undergarments. This time, only her undergarments were covering the shameful parts of her body. However, she didn't reveal any embarrassed expression on her face. On the contrary, she appeared to be very calm. It was as if she had already thought things through in this short period of time.

"Not bad." The handsome man looked at Duanmu Yu's body with admiration. It wasn't just him, even Lin Yi didn't miss this scene. He couldn't help but be speechless.

If one were to judge Duanmu Yu from a pure female's point of view, then her figure was not perfect. Her bronze-colored skin did not appear fair enough. She lacked a few womanly gentleness and grace. However, she had a few more heroic and tight auras that were rarely seen on women. It gave her a unique style.

Do not look at the impolite! Lin Yi felt that he was a Peeping Tom, but he quickly found an excuse. He needed to pay attention to Duanmu Yu's every move, and admiring Duanmu Yu's body was just a side effect-he had no choice.

"Is it good?" Duanmu Yu suddenly asked in his mind.

"It's nice. " Lin Yi replied subconsciously, but immediately regretted it. Duanmu Yu wouldn't let him off no matter how carefree he was, for a man like him to be peeking at him like this was a matter of a girl's chastity.

"If you weren't a primordial spirit, I would have dug out your eyes right now." Although his words were fierce, Duanmu Yu's tone was not as agitated.

"I ... I didn't do it on purpose ..." Lin Yi was embarrassed and changed the topic, ""Serious matters are more important, serious matters are more important."

As Duanmu Yu undressed, the atmosphere unconsciously began to become a bit charming. The handsome man extended his hand toward Duanmu Yu's body, but Duanmu Yu hurriedly took a step back.

"Don't be afraid. We're husband and wife, so we'll have to do this sooner or later. " The handsome man advised with a gentle expression.

"But ... I don't even know what you are." Duanmu Yu suddenly said.

"You want to know my true form?" The handsome man looked at her with a profound look.

"Yes." Duanmu Yu nodded. In fact, Lin Yi was the one who really wanted to ask this question. She was just a Messenger, and if she wanted to deal with the handsome man, she had to at least know what the other party's true form was.

"Fine, since we're husband and wife, there's no harm in letting you know." The handsome man paused for a moment before continuing, ""Here, this is my original body."

Chapter 5263 Bomb You

"Ah?" Duanmu Yu carefully sized him up. Compared to before, he did not have the slightest change. He could not help but be surprised. "Could it be that you're also a human?"

"Hehe, you can touch me with your own hands to see if I'm human or not." The handsome man smiled in a noncommittal manner. He walked to Duanmu Yu and stood a step away from him. Then, he extended his hand.

Duanmu Yu looked at him doubtfully and pinched his arm under Lin Yi's urging. Suddenly, his eyes changed-the texture was definitely not human flesh and blood. It felt more like some kind of plant, but he couldn't put his finger on it.

"You can't guess?" The handsome man's lips curled up with interest. He slowly placed his right hand on his left forearm and gently folded it. Then, a crisp crack could be heard.

Duanmu Yu's eyelids immediately twitched. When he saw that the other party had forcibly snapped off his entire left forearm, he was even more dumbfounded. "What's going on?"

It wasn't just Duanmu Yu-even Lin Yi was stunned. He'd seen ruthless people before, but not this ruthless. This was the first time he'd seen someone break off his arm so casually.

However, the strange thing was that the handsome man did not bleed at all even though his entire forearm had been bent off. Upon closer inspection, the forearm was not made of flesh and blood at all. Other than a few holes on the cross-section, the rest of the body was completely intact. The most shocking thing was that there were several thin threads connected to the wound on his body, giving off a feeling of a lotus root that had been broken but still connected to the wound.

"Lotus root?" Only then did Duanmu Yu come to his senses. He widened his eyes and sized up the handsome man again. "You are a Lotus person?"

"You can say so. To be exact, my original form is a water lily. As for my identity, you know it. I'm The Guardian of that Lord, which they call the water lily Guardian." The handsome man said indifferently.

"Water lotus Protector." Duanmu Yu was a little surprised by this answer. The water lily was an extremely quiet and beautiful plant. It could even be said to be pure and holy. Although the fellow in front of him appeared to be gentle and refined most of the time, the tyranny that jumped out from time to time was deeply rooted in his bones. No matter how he thought about it, he could not associate it with the water lily.

But Lin Yi suddenly understood-spirit beasts were different from human practitioners. Unless they had a special talent, they could only practice their own race's talent, and every talent was closely related to their body. This guy's body was a water lily-no wonder he could use such a magical ability.

"Alright, I've asked all the questions I need to ask. Take off your clothes. Dual cultivation requires you to be clean and spotless. I'll wash your body." As the handsome man spoke, he reattached his arm and extended his hand to grab the last piece of clothing on Duanmu Yu's body.

This time, Duanmu Yu wasn't as carefree as before. If even her last bit of clothing was ripped off, she would no longer have the face to face anyone.

To be honest, Duanmu Yu's strength couldn't be considered weak. However, it depended on who he was compared to. In front of an existence on the level of the water lotus Protector, he was simply not worth mentioning. His body had only leaned back a little when his hands were caught by the other party.

"No need to hide. I know you're shy, so I'll help you undress this time." The handsome man faintly smiled. His patience had almost worn out. He no longer wanted to dawdle with Duanmu Yu and create any romantic feelings. Right now, he wanted to get straight to the point and immediately begin his dual cultivation.

Duanmu Yu was greatly shocked. However, at this moment, she was unable to struggle at all. She could only watch helplessly as the other party slowly pulled at her undergarments. At this moment, she had no other choice but to accept her fate.

But just as Duanmu Yu was about to give up, Lin Yi suddenly appeared between her and the handsome man. Before the man could react, Lin Yi had already stuffed his hand into his mouth.

This scene was too sudden. Even Duanmu Yu, who was mentally prepared, couldn't react in time, let alone the handsome man. It was fine if it was just that it happened so suddenly, but the key was that Lin Yi was too fast. Whether it was escape or surprise attack, he had the absolute initiative. The brain-eating insect couldn't do anything to him last time, and the water lotus guard couldn't do anything to him this time either.

As a Guardian, a being that was second only to one beast and above all other beasts, the handsome man had never been so humiliated before. Not only had he been snuck into his mirror world, but now, someone had even put a hand in his mouth. He was so angry that he almost fainted.

Unfortunately, before Duanmu Yu could even react, Lin Yi had already pulled his hand back. He and Duanmu Yu both retreated at lightning speed.

The handsome man was stunned for a moment. Then, he realized that there seemed to be something in his mouth. Unfortunately, before he could reach out to take it, the thing had exploded with a loud bang. His entire head was blown up on the spot.

"He ... Is dead, right?" Duanmu Yu looked at the dismembered body in front of him, dumbfounded. She thought that there would be a bloody battle today, but Lin Yi's sudden move ended the battle instantly.

"I hope so." Lin Yi frowned as he looked at the body.

The ambush was a plan he'd thought of a long time ago, but it was actually just an alternative-the best time to strike was when the guy started dual practicing, but Duanmu Yu's innocence would be in danger if he did that. After weighing the pros and cons, Lin Yi decided to strike first.

Fortunately, this wasn't a bad opportunity. With Lin Yi's unbeatable speed, he managed to sneak an attack without any mishaps, giving the water lotus Protector a big gift with a Qi pellet fire bomb.

Logically speaking, the explosion should be complete, but for some reason, perhaps it was because it went too smoothly, Lin Yi felt a little uneasy. This was an existence on the same level as the brain-eating insect, and one Qi pellet fire bomb was enough to take care of it so easily?

"What's wrong?" Duanmu Yu said as he looked at him.

"Oh, it's nothing," Lin Yi shook his head hard-he might've been overthinking things. The water lotus was strong, but she wasn't the same type of spirit beast as the brain-eating insect. Her defense wasn't as strong as the brain-eating insect's, and it was normal for her to be killed by a Qi fire bomb.

"Since it's nothing, why don't you put me down?" Duanmu Yu's expression turned cold.

"Uh, sorry, sorry." Lin Yi snapped back to his senses-he'd hugged Duanmu Yu when he retreated to prevent him from getting hurt by the bomb, and he'd completely forgotten about that. It was as if he'd been taking advantage of him.

Chapter 5264 The Mirror World

Especially since Duanmu Yu was currently wearing his undergarments. His hand was completely touching her skin. Whoever saw this scene would think that he did it on purpose. This time, he would never be able to clear his name.

Fortunately, Duanmu Yu didn't continue to blame him. She didn't say anything after getting off Lin Yi's body, only walking over to pick up the clothes she had just taken off. However, when she took them out and looked at them, she froze.

After being hit by the true Qi pellet fire bomb, her clothes were torn and full of holes. How could she wear them?

The key was that other than the clothes she took off, she didn't bring any other clothes. What was she going to do next? she couldn't just wear these clothes out for the test, could she? no matter how free and easy she was, she was still a woman. It was fine if Lin Yi saw her, but what if other people saw her?

"I can't wear it? Don't worry, I have it. " Lin Yi quickly handed over a set of clothes to Duanmu Yu. It was the clothes he'd prepared for the other girls in the Jade space. He'd given them to Huo yudie last time, and Duanmu Yu was going to use them again.

"Are these clothes from the secular world?" Duanmu Yu took the clothes and gave them a glance. Without saying anything, she put them on. When she put them on, she had the temperament of a strong city woman.

Lin Yi was still deep in thought when Duanmu Yu suddenly spoke up, "You have quite a few women, don't you?"

"Ha?" Lin Yi looked at her-why did she say that out of the blue?

"In addition to the ones who came in with you, if I'm not wrong, you have other women in other places, right?" Duanmu Yu casually said.

"How did you know?" Lin Yi asked, confused.

"Because the size of this dress is not right. It doesn't match the size of the few people with you." Duanmu Yu said with certainty.

"Ugh ..." Lin Yi sweated. What was with this woman's eyes? she could even tell that. This didn't match her usual manliness.

"You're a fickle man. " Duanmu Yu came to a conclusion. He then asked, "Since you're a primordial spirit, where did you get these clothes from?"

"Just treat it as me changing." Lin Yi said, keeping her in suspense.

Duanmu Yu nodded and did not continue to ask. She was a reasonable person and knew what she should ask and what she should not ask.

"Alright, let's talk after we get out." Lin Yi called out. He was a little confused-if protector Lotus was killed by him, why didn't the mirror world collapse on the spot? could it be that this space wasn't maintained by his power, but was already solidified?

The two walked out of the tent immediately. Fortunately, the situation that Lin Yi was most worried about didn't happen. The only exit to the real world wasn't blocked, or they'd be in big trouble.

However, Lin Yi and Duanmu Yu didn't stay happy for long. After they passed through, they realized that something was wrong. There was no exit at all. Lin Yi's heart suddenly stopped. Another mirror world?

"It can't be?" Duanmu Yu still couldn't believe it. In her opinion, the water lotus Protector was already dead. It was understandable that the previous mirror world could be left behind. How could there be another mirror world?

Even if it was a mirror world, it couldn't appear out of thin air. It had to be connected to the real world to be reflected. It couldn't be that the previous world was a mirror world, and this world was a mirror world. There wasn't even a basic real prototype, right?

Duanmu Yu refused to believe it and personally climbed up the heavenly stairs. At first, there was nothing strange. However, after climbing up for about three hundred meters, she could not take another step forward no matter how she tried. The front was hazy and there was always an invisible boundary blocking her. Not only was she unable to see the situation in front of her, even her divine sense was useless. It was as if she had really reached the end of the world.

"It's useless. This is the mirror world created by that guy. It's limited by its power, so the mirror world can only reflect this much. If it could expand infinitely and even reflect the entire world, it wouldn't be the water lotus Protector. It would be the legendary God of creation." Lin Yi said, shaking his head.

"Then what do we do?" Duanmu Yu was completely dumbfounded by this fact. If both of them were in the mirror world, how would he get out?

"Don't worry. Since his mirror world is created from a mirror, there must be a place that is connected to the real world. As long as we are careful, we will find the exit." Lin Yi consoled.

Duanmu Yu nodded. She wasn't an ordinary woman to begin with. There were many times when she was more free and unrestrained than most men. It was normal for her to be stunned when faced with such an unimaginable situation. However, it wasn't enough to cause her to lose her calm.

The two of them began to explore the edge of the mirror world. Fortunately, it was only about ten miles in radius, so it didn't take long for them to make a full circle. Otherwise, if the mirror world was so vast that it seemed boundless, they would be out of ideas. Of course, if that was the case, it was still

unknown whether they would be able to find out the trick so quickly. Perhaps they would even think that this was the real world.

In the end, the two of them circled around to the front of the tent. They looked at each other and stopped.

"There's nothing unusual in the other places, so this is the only place left. " Duanmu Yu said in a deep voice.

"Hmm, it seems like this tent is the only way in and out of this mirror world." Lin Yi nodded in agreement. With his consciousness, he shouldn't have missed anything. After all, his body was much stronger than this water lotus Protector. Even if his strength was limited because of his soul, it was only because there wasn't enough of it. The difference in quality between their souls couldn't be changed.

"In other words, the entrance to the real world should be in the mirror world on the other side?" As Duanmu Yu said that, he did not hesitate and immediately walked through the tent.

"This woman is quite decisive." Lin Yi couldn't help but chuckle at the situation-any other woman in this situation would've at least been hiding behind him if they weren't panicking or out of their wits. They wouldn't be as decisive as Duanmu Yu.

He followed closely behind Duanmu Yu and passed through the tent as well. The moment he passed through, he felt something strange.

"What's wrong?" Duanmu Yu turned his head and asked.

"Don't you feel a little weird when you're crossing over?" Lin Yi asked with a frown.

"What's weird?" Duanmu Yu was confused. He thought carefully and said, "I don't think there's anything different. It's the same as when I passed through it just now."

Chapter 5265 Two Mirrors

"What about before that?" Lin Yi continued to ask. Thinking back, he had this weird feeling too, but it never appeared before.

"Before?" Duanmu Yu shook his head with a bitter smile. She couldn't be blamed for this-Lin Yi was able to notice this subtle difference, not just because of his sharp senses, but because he'd gone in and out a few times to ensure his escape route. Duanmu Yu only did it once, so he naturally couldn't notice it.

However, it was useless even if Lin Yi noticed this because he couldn't trace the source of this abnormality. If he couldn't even find the source, there was no way he could deal with it.

"Let's go. We'll investigate first." Lin Yi said as he led the way, but he stopped after a few steps.

Seeing this, Duanmu Yu was still a little puzzled. However, when she took a look at the scene in front of her, she was also stunned. The big tent was still the same big tent. The various decorations and decorations were no different from the real world. Whether it was the spatial layout or the scenery, there was not the slightest bit of abnormality.

However, it was precisely because there was no abnormality that the biggest abnormality was!

Don't forget, this was the place where Lin Yi killed the water lotus Protector, but there was no incomplete body in front of him, nor was there any remains of the Qi pill fire bomb. It was clean, without a speck of dust.

"This isn't the mirror world from earlier?" Duanmu Yu's expression could not help but turn as if he had seen a ghost. At the same time, he also felt that he was lucky. If this was not the mirror world, could it be the real world?

No matter who it was in this situation, they'd still have a sliver of hope. Lin Yi was no exception, but after he and Duanmu Yu went out for a walk, that hope was shattered.

This wasn't the original mirror world, nor was it the real world. It was another mirror world.

Not only that, but the mirror world also had no flaws. There was still only one entrance and exit.

Lin Yi and Duanmu Yu fell silent as they returned to the tent. The situation was getting more and more complicated, and they didn't know what to do. Not only were they in the mirror world on both sides, but the mirror world wasn't the same one as before. What was going on?

After a long while, Duanmu Yu raised her head to look at Lin Yi. She didn't ask him anything, but it was obvious that she was asking Lin Yi what he should do next.

"Let's continue to try. " Lin Yi looked at the tent in front of him, deep in thought. Since he couldn't find any flaws, he could only continue to test it out until he found a pattern. Only then would he be able to find a way to break it.

With that, Lin Yi was about to walk through the tent when he stopped at the last moment. He took out a piece of clothing from the Jade space and threw it on the ground. It was a girl's clothing from the secular world, and it was a unique symbol in the mirror world.

Duanmu Yu immediately understood Lin Yi's intentions. "You want to see if this mirror world will become another one?"

"That's right. " Lin Yi nodded. He had a bold guess now, and the clothes could confirm it to a certain extent.

"It's just a piece of clothing. It doesn't mean anything. Why don't we separate for a while? isn't it more reliable to use a living person as a symbol?" Duanmu Yu boldly suggested.

"No," Lin Yi shook his head and smiled bitterly as he looked at the mirror world. "If I'm not wrong, when we return to this place, this dress will most likely disappear. If that's the case, you and I will be separated, and it will be very difficult for us to meet again."

"This ..." Duanmu Yu was shocked. In this situation, it was better for the two of them to fight together than to fight on their own. Especially for her, there was still a chance of survival if she followed Lin Yi. However, if she was alone, her chances of survival were slim.

Just as Lin Yi expected, when he brought Duanmu Yu through the tent and came back, the clothes he'd just thrown away had disappeared without a trace. It was a whole new mirror world.

"What did you see?" Duanmu Yu was unable to refrain himself from asking.

"These few times when I passed through the tent, I roughly understood why I had that strange feeling that I couldn't get rid of." Lin Yi paused before asking, "Have you looked in the mirror?"

"Of course." Duanmu Yu had a puzzled expression.

"Then have you looked in two mirrors at the same time?" Lin Yi asked again.

"Look into two mirrors at the same time?" Duanmu Yu didn't quite understand what Lin Yi was trying to say, and only understood after Lin Yi made a gesture. Lin Yi meant to stand in the middle of two big mirrors, facing each other and looking at each other.

"So you're saying that a single mirror can only reflect one mirror world, but if there are two opposite mirrors, they can reflect countless Mirror Worlds?" Duanmu Yu got it right away-Lin Yi's guess was quite in line with the situation they were in. There was no other explanation other than this.

"That's right. This is the source of the strange feeling I was talking about. When I first confirmed my escape route, I was traveling back and forth between the real world and the mirror world. But now, I'm traveling back and forth between the two Mirror Worlds. The two are different." Lin Yi explained.

"The difference is almost negligible. How can your perception be so sharp?" Duanmu Yu was shocked. She didn't experiment as much as Lin Yi, but she had a rough idea. Even if there was a difference between the two, it was at most one in a thousand or one in ten thousand. Lin Yi was able to accurately grasp this point and reverse-engineer the theory of the two mirrors. His observation skills were unbelievable.

"I'm just a primordial spirit. If I don't even have this bit of perception, then wouldn't I be a piece of trash?" Lin Yi said with a smile.

"But I have another question. If it's really two mirrors as you said, why is its body gone? why are the clothes you threw away also gone?" Duanmu Yu asked with a frown.

The two mirrors could explain the origin of these Mirror Worlds, but this still didn't make sense. If these Mirror Worlds reflected each other, in theory, as long as one of them changed, the others should also change. They wouldn't be indifferent, right?

"No, you've misunderstood. These two mirrors only reflect one true body, and that is the real world outside."

Chapter 5266 Found The Water Lily

"No matter what has happened in these Mirror Worlds, as long as the real world remains the same, everything will return to normal. No matter what has happened, as long as we go out and come back, we will always see the mirror world that is exactly the same as the real world outside." Lin Yi's tone was firm.

Duanmu Yu didn't even blink as he looked at Lin Yi from head to toe, until Lin Yi felt uncomfortable all over. He then smiled bitterly, "In the past, I had always thought that Ling Tianyou was already the limit of what a genius could achieve. I never thought that I would still be looking at the sky from the bottom of a well. You really are a monster."

It was still acceptable if Lin Yi was just strong, but even his observation skills were so abnormal. Duanmu Yu was never one to admit defeat easily. Even talented people like Leng Leng and Ling Tianyou would only make her feel pressured at most, but facing Lin Yi now, she felt like she was far behind.

"You're too kind," Lin Yi smiled, embarrassed.

"It's not a compliment at all. " Duanmu Yu shook his head. However, he was immediately stunned. He said in surprise, "Eh? Why is there still an echo?"

"It's not an echo. The voice just now was that water lotus Protector. Am I right?" Lin Yi said as he looked around.

"Wonderful, very wonderful. To be able to deduce your situation so quickly, you are no small matter. You are the first in history to do so." Protector water Lotus's voice was heard again, but it came from all directions, so it was impossible to determine its position and direction.

"It's still alive?" Duanmu Yu was immediately startled.

Lin Yi wasn't surprised at all-from the moment he discovered the second mirror world, he'd known that this guy was still alive, but he didn't point it out.

"Of course I'm still alive. Madam, you're too naïve. I'm a water lily protector, how could I be killed so easily? But then again, this human's sneak attack was perfect. If not for my special ability, he might have succeeded. " Protector water lotus said with a faint smile.

"From your tone, you seem to be very proud?" Lin Yi said.

"You're wrong, human. I'm not proud, I'm just excited. It's been a long time since I've met an opponent as knowledgeable as you. The other trash revealed their true colors as soon as they came in, wasting my brilliant illusion. It doesn't feel good to play the lute to a cow. " Protector water lotus pretended to sigh.

"You mean ... I'm considered your soulmate now?" Lin Yi couldn't help but smile.

"Of course, the saddest thing in the world is to be a widow. My mysterious and profound ability is not appreciated by anyone. Don't you think it's a waste of natural resources?" Protector water lotus said with a proud tone.

Lin Yi and Duanmu Yu looked at each other, speechless. They didn't know that this guy was so good at self-pitying.

"Human, to be honest, I quite admire you. I originally planned to kill you two adulterers, but now I've changed my mind. I'm going to trap you like this and let you spend the rest of your life admiring my illusion." Protector water lotus said.

Lin Yi blinked, but ignored the second half of the guy's sentence. He quickly turned to look at Duanmu Yu. "We're adulterers?"

Duanmu Yu recalled the situation earlier. He bitterly smiled and said, "In the eyes of the secular world, even if the two of us aren't an adulterer, I'm afraid we're not far from it,"

It was true-Lin Yi's hasty hug and Duanmu Yu's undergarments-the label of an adulterer wasn't a baseless one.

"Uh, I'm sorry, I've ruined your reputation." Lin Yi apologized.

"It's okay. It's an emergency. I should thank you instead." Duanmu Yu slightly bowed.

Protector water lotus couldn't stand the two of them being so polite. She said angrily, ""Hey, hey, hey, you guys still don't understand your situation, do you?"

"No way. Didn't you just confirm my guess?" Lin Yi asked faintly.

"That's right, human, you've indeed guessed the principle of catoptric deflection, but what's the use of that? do you think you can find a way to crack it?" The water lotus Protector said fearlessly.

"Not yet," Lin Yi was being very honest-it was the truth. Even if he guessed that this was the reflection of two mirrors, it was no easy task to find the real world from it. It was almost an unsolvable problem.

"Just because you know there's no way to crack it, you're prepared to give up on yourself? Tsk, tsk, that's a wise choice. " Protector water lotus mocked.

"Hehe, which eye of yours can tell that I'm giving up on myself?" Lin Yi was still smiling.

"Other than giving up on yourself, do you think you can do anything else?" Protector water lotus sneered.

"Who knows? it's not a difficult task. What if I'm lucky and accidentally hit a dead rat?" Lin Yi said faintly.

"Not a difficult thing? Hahahaha, I'm starting to admire you more and more, human. That's good, since I'm bored anyway, I'll see how you're like a blind cat bumping into a dead mouse. " Protector water lotus laughed out loud.

"Don't worry, I won't let you be bored. " Before Lin Yi could finish his sentence, he disappeared from where he was standing, giving Duanmu Yu a huge shock. She thought that it was protector Lotus who did this, but it was the opposite.

In the next moment, Lin Yi's figure appeared on the top of the tent. In front of him was the water lotus Protector in human form, only one step away from him.

Protector water lotus froze for a moment, finally realizing that Lin Yi was just trying to lock onto her position and ambush her again. He was really cunning!

"Whimsical!" Protector water lotus laughed. It was understandable that Lin Yi succeeded in the previous sneak attack because it wasn't sure of Lin Yi's existence before, so it wasn't mentally prepared. This time, it was already on guard. If Lin Yi still succeeded in the sneak attack, it would be too unreasonable.

Protector water lotus immediately rushed forward. This was the mirror world that he had personally created. He was like a fish in water here. His strength was much higher than outside, and his speed had more than doubled.

However, to its surprise, Lin Yi was even faster than it. It didn't even have to move two body's worth of distance before Lin Yi's Qi pellet fire bomb landed on the back of its head.

Chapter 5267 Looking For A Way Out

BOOM! It was another incomplete corpse.

"It ... It died again?" Duanmu Yu's eyes couldn't help but stare at the familiar scene. She was knocked down by Lin Yi twice in a row. Wasn't this water lotus Protector a little too cowardly?

"It's not that easy. This is probably just one of its little toys. This guy is deliberately playing hide-and-seek with us." Lin Yi shook his head.

"What's next?" Duanmu Yu asked. He had now understood the situation. However, he was still at a loss as to how to get out. He was unable to think of any countermeasures for the time being. On the contrary, it made him feel even more depressed and helpless.

"If we want to crack these two mirrors, we can't find the real world if we look for them one by one. We'll only sink deeper and deeper." Lin Yi said as he pinched his chin, deep in thought.

"But we can't just sit and wait for death, can we?" Duanmu Yu said with a frown.

"There's only one way. If I use brute force to break these two mirrors, these Mirror Worlds will collapse on their own." Lin Yi's eyes brightened. This was the simplest and crudest way to go about it-once the mirror was broken, there would be no more mirror world.

"Using brute force? Is that even possible?" Duanmu Yu was full of suspicion. To break through the illusion with brute force, even with his toes, he could tell that the power needed was far above the water lotus Protector 's, but the opponent was at least at the peak of the Golden core stage. To do this, Lin Yi had to be at the nascent Soul Stage!

Unfortunately, not only was Lin Yi not a nascent soul old monster, he wasn't even a golden core Master-he was only a Foundation peak.

"Impossible." Lin Yi's answer was quite discouraging.

"Doesn't that mean we're completely out of ideas?" Duanmu Yu said as he looked at him.

"Not necessarily," Lin Yi pondered for a moment,"Although the theory behind this flower mirror Water Moon is like what I said earlier, it's not really two mirrors."

"What do you mean?" Duanmu Yu was confused.

"If we trace the source of the mirror world, we will find out that it created these Mirror Worlds with its own power. I am certain that its true form is hidden in these Mirror Worlds." Lin Yi speculated.

"You want to find its original body?" Duanmu Yu came to a sudden understanding upon hearing this.

"I'm afraid this is the only way out. It's not realistic for us to return to the real world, so we can only find its body." Lin Yi decided.

"But ... How?" he asked. Duanmu Yu asked. She knew that they would only have a slim chance if they found the real body of the water lotus Protector. However, how were they going to find so many Mirror Worlds?

"I'm just trying my luck. " Lin Yi said with a meaningful smile.

"Ha? Try your luck?" Duanmu Yu looked at him with an indescribable expression. If he could find the water lotus Protector's true body by relying on pure luck, then he might as well try his luck and go out directly. Was this even possible?

"Follow me closely." Lin Yi didn't explain further and led the way through the tent. Duanmu Yu didn't know why, but he knew that Lin Yi had his reasons for doing so and followed him.

But this time, before she could get through the tent, Lin Yi pulled his leg back and pulled her back.

"Why?" Duanmu Yu jumped, thinking that protector water lotus had taken the chance to attack her. He only relaxed when he saw that it was Lin Yi, "What are they doing?"

"See for yourself." Lin Yi said, pointing behind him.

Duanmu Yu took a glance after hearing what he said. He could not help but say in astonishment, "Where's the corpse?"

This was different from before-they'd crossed into another mirror world before coming back, and what they saw was a whole new mirror world. This one, however, clearly had remnants of Lin Yi's Qi refinement fire bomb, and the two of them hadn't left completely yet-it was enough to prove that this was the original mirror world.

However, the mirror world was still the same mirror world. The broken body of the water lotus Protector had disappeared.

"Looks like we're quite lucky." Lin Yi nodded.

"What do you mean by good luck? What's with this corpse?" Duanmu Yu asked with a frown. She knew that her intelligence was not bad. However, she was truly unable to keep up with the rhythm of today's situation. From time to time, she would be confused.

"If I'm not wrong, that corpse should have been kept by its main body. Otherwise, it would be an unforgivable waste of energy if it were to abandon it." Lin Yi's lips curled up.

"It was taken back by its main body?" Hearing this, Duanmu Yu pondered for a moment and couldn't help but agree. "That's right. Besides us, there's only the water lotus Protector in this place. The only one who would do something to the corpse is it."

"If it didn't give me the hint, I wouldn't have realized this. The Lotus root is broken but the thread is still connected." Lin Yi laughed. The guy really shot himself in the foot this time. He wouldn't have thought in this direction if it weren't for the fact that he'd shown Lin Yi how capable he was.

"But even so, I'm afraid that it won't be of any substantial help to us. How can you say that we're lucky?" Duanmu Yu was still a little surprised.

"Oh, because I just did something to its body. If it doesn't bring the body back, it'll be very difficult for us to find its original body. As for now ..." Lin Yi didn't continue and only laughed.

Duanmu Yu was delighted and didn't ask what was going on. It wasn't that she didn't want to know, but Lin Yi had his reasons for not telling her. What if protector water lotus heard him?

Even though the doppelganger in the mirror world had been destroyed, who knew if it had any other means of monitoring him? at the end of the day, the mirror world was the enemy's territory, and it was best to be careful with every move, word, and action.

"Follow me closely. No matter where I go, you can't hesitate. Otherwise, we'll be separated into two Mirror Worlds. It'll be troublesome." Lin Yi said seriously. If the two were to separate here, it'd be even

harder to find each other than the water lily itself. It'd even be harder than finding the real world. The chances of them reuniting here were close to zero.

"I know." Duanmu Yu heavily nodded.

"Alright, I'll start now." With that, Lin Yi walked through the tent with Duanmu Yu following closely behind. However, as soon as Duanmu Yu stepped out of the mirror world, he realized that Lin Yi had retreated. He quickly returned to the mirror world behind him.

This time, it was obviously not the original mirror world. The remains of the true Qi pill fire bombs were gone. They were clean and spotless. This was a whole new mirror world.

Chapter 5268 Flaw

"Not bad, it's close." Lin Yi said without thinking.

Duanmu Yu didn't know what he was talking about at all, and the way he looked at Lin Yi's back was getting more and more intense. He couldn't help but mutter in his heart, "this man is really unfathomable."

Duanmu Yu didn't dare to interrupt Lin Yi. He stood in front of Lin Yi for a while before suddenly walking forward. The two of them passed through the tent and entered the mirror world opposite.

"Eh? So far away?" Lin Yi frowned slightly and turned around to pass through the tent. This time, he didn't go directly into the mirror world, but waited for Duanmu Yu to come out before coming back.

"It's a little further. " Lin Yi was deep in thought before entering the mirror world again. He smiled when he stood still,"As expected, it's much closer."

Duanmu Yu, who was following behind him, still had a puzzled expression on his face. Not only did he not manage to figure out the reason behind it, he was even more confused by it. What exactly was going on with this back and forth?

It was a pity that she didn't dare to ask no matter how much she wanted to, only following behind Lin Yi like a robot. The only thing she needed to do was to not fall behind-she only needed to know that Lin Yi had found a pattern and was getting closer and closer to the target.

Lin Yi's actions after that were even more incomprehensible. He basically brought Duanmu Yu out and back, repeating this countless times until Duanmu Yu was dizzy before he finally stopped.

"You're not leaving?" Duanmu Yu asked carefully. If she had only admired Lin Yi before, it was now filled with admiration. It was the same kind of admiration one would have for a top student.

"There's no need to go, we've already arrived. " Lin Yi turned back and smiled.

"You mean ..." Duanmu Yu was startled when he heard this. "You're saying that you've found its main body?"

Lin Yi nodded and walked out of the tent with Duanmu Yu following closely behind. He looked at the familiar scene and said,"This is no different from the mirror world I saw before."

"Of course, there's no difference. This is just one of the many Mirror Worlds. The only special thing is that this place hides that guy's true form." Lin Yi said confidently.

"Really?" Duanmu Yu carefully looked at it again and again. However, he did not discover anything strange. He could not help but ask in a half-believing and half-doubting manner, "How do you know that its main body is here?"

"You'll know when you see it. " Lin Yi smiled profoundly and brought Duanmu Yu to the giant tree hole where the stairway was located. There was a pretty big pond there, and he pointed to a small water lily on the pond. "Here, this is it."

"Is this the original body of that guy?" Duanmu Yu's eyes almost popped out. The water lily in front of him was surprisingly small. It was only the size of an ordinary person's palm. Normally, no one would notice it even if it was placed in front of them. Could this be the true body of the water lily protector?

"Yes, this is it." Lin Yi saw that Duanmu Yu didn't believe him, so he sent a Five Element killing Qi towards the water lotus. It didn't cause any damage when it hit the water lotus, but a faint ripple could be seen blocking it and easily dissolving it.

Although Duanmu Yu still felt that it was a little outrageous, he had already believed that this unremarkable looking water lily should be the main body of the water lily protector.

As expected, a figure suddenly appeared on the small water lotus. It was the water lotus Protector in human form, giving Lin Yi a thumbs up across the pool. "Amazing! Amazing! It seems that my previous praise for you was too conservative. To be able to reach this step, you are the only one in history. You are indeed a talent. "

"You're too kind, Sir. " Lin Yi smiled faintly.

The water lotus Protector didn't attack immediately, but sat down on its Little Lotus and looked at Lin Yi with interest, ""I'm very curious how you found me. How did you know my main body was here?"

"You guess." Lin Yi wasn't interested in explaining the whole thing to her. If he wanted to get out of here today, the water lotus Protector was a strong opponent he had to cross. Keeping her in suspense would only benefit him in the upcoming battle.

In fact, Duanmu Yu was very curious about this question as well, but she was still clueless about it even after following Lin Yi for so long.

"You want me to guess? Alright, I'll make a guess. " Protector water lotus didn't seem to be angry at all. She muttered, ""There are no flaws in my catoptric deflection. If you were to rely on yourself, you shouldn't be able to find me in this lifetime."

"You're that confident?" Lin Yi's lips twitched. He had to admit that this guy's illusionary technique wasn't as flawless as it claimed, but it was still an illusion-type existence that couldn't be solved. It was almost impossible to find a flaw in it.

"Of course, if I don't even have this bit of confidence, how can I enter that Lord's eyes?" Protector water lotus grinned and continued to analyze, ""Since there's no flaw in the catoptric deflection, there's only one problem, and it must be me. You must have found some clues on me that led you all the way here, right?"

"Oh?" Lin Yi looked at it with a half-smile.

"My weakness should be in the two doppelgangers I sent out. To be precise, it should be in the second doppelganger ..." Protector water lotus suddenly paused. Then, his eyes lit up. "You're taking advantage of me, aren't you?"

Lin Yi's heart skipped a beat-this water lotus wasn't a simple person. He'd been able to deduce this much with just a few words.

Duanmu Yu, on the other hand, didn't know what Lin Yi was talking about. He did mention that the Lotus was broken but it was still connected. She knew that Lin Yi was using this to create an article, but she didn't know how he did it.

Very quickly, the water lotus Protector revealed the answer. "A divine sense imprint! You actually left a divine sense mark on my clone's corpse!"

"Wonderful. You have such keen insight. It's a pity you're not a detective." Lin Yi said faintly. He wasn't joking-this guy was able to figure out the truth in such a short amount of time. Normal people couldn't do that.

"So it's a divine sense imprint!" Duanmu Yu suddenly understood. No wonder she would never have thought of it no matter how much she thought about it. A technique like the spiritual awareness imprint could only be used by experts who were at least at the Jindan stage and above. She had yet to reach that level.

Chapter 5269 The Only Ruler

Simply put, Lin Yi left an undetectable spirit sense mark on the body of the second clone, and when the opponent retrieved the body with the broken Lotus thread, the spirit sense mark would naturally be transferred to the original body. This way, Lin Yi could find a clear coordinate in the countless Mirror Worlds.

With the coordinates of his body, he could explore the laws of the mirror world further and finally reach this place. Otherwise, no matter how sharp Lin Yi's spirit was, he wouldn't be able to find any laws. It was just as the Lotus Protector said-there was no way to solve the mirror world.

However, although it was easy to say, the process of figuring out the rules was not easy. Even for most ordinary people, even if they knew the coordinates of the main body, it was difficult to further figure out any rules.

The world could be roughly divided into three types of people. 99% of people could only understand the 100 numbers after counting from one to 100. In the remaining 1%, 99% of the people were able to deduce the following 99 numbers after knowing the number 1. There was less than one in ten thousand people left, but he could find the number one on his own, and the number ninety-nine after that was even less difficult. This was a genius.

Without a doubt, Lin Yi could be considered a genius. Duanmu Yu was a little lacking, but he was still a genius. Thinking back to what Lin Yi did just now, she could figure out the pattern of his actions.

As Lin Yi said, the principle of catoptric deflection was that two mirrors were reflecting each other, and the Lotus Protector's body was hidden in one of the mirror Worlds. Every time Lin Yi passed through a mirror world, he could measure the distance between the two through the spiritual sense mark he left on the protector, whether it was close or far.

The mirror Worlds were arranged in a very basic and direct way, and that was to be on the left and right side of the mirror. After a few tests, Lin Yi quickly understood another basic rule.

If he went through the tent directly, he would enter the mirror world on the opposite side. If he went backward, he would enter the mirror world on the same side. As long as he could figure out this pattern, what he had to do next was to keep experimenting and gradually approach the final goal.

Lin Yi had done that, but Duanmu Yu didn't know about the sacred sense mark before, so she was confused. Otherwise, she would've realized it already.

"Detective? What do you mean by that?" Protector water lotus was stunned for a moment.

"Oh, it's a job that relies on your brain for a living. You can't do it unless you're smart. You might even have the chance to become a famous detective." Lin Yi teased.

"Hmph, as long as you've thought it through, this move of yours is very simple. It's also because of my carelessness that you succeeded. Otherwise, if I had carefully examined and removed your divine sense imprint, you would have been completely blind and helpless." Protector water lotus began to regret her mistake.

"Is this Zhuge Liang after the event?" Lin Yi glanced at him.

"Wise man after the fact? What the hell is this?" The water lotus Protector obviously didn't know who Zhuge Liang was, but she didn't really care about these details. She said, ""Come to think of it, although your idea is simple, it's as difficult as ascending to the sky for ordinary people to do it. Without such fast reaction and insight, even if you can think of this method later, you won't have the chance. Even with

the reference coordinate of the spiritual awareness imprint, it's difficult for ordinary people to find out the internal laws of my illusion. I still say that you are a talent."

"I'm a little flattered that you think so highly of me. " Lin Yi said faintly.

"You're wrong. I don't have the habit of flattering people. I've always been honest. I said that I would trap you here for the rest of your life, but I've changed my mind. I plan to recruit you as my assistant. What do you think?" Protector water lotus suddenly said.

"You want to recruit me?" Lin Yi and Duanmu Yu looked at each other, a strange expression on their faces.

"Of course, special people are given special treatment. It's rare to meet such a smart soulmate like you. If I just kill you like this, how pitiful would that be?" The water lotus Protector looked at Lin Yi with admiration, but it wasn't the kind of admiration that people had for each other. It was more like she was admiring an antique.

"In that case, am I still flattered?" Lin Yi's expression became even more playful.

"You should be flattered. You should have died here, but now I'm giving you a way out, and it's a way to enjoy endless glory and wealth. You're a smart person, you should know that such good things are rare in the world, and there won't be such a shop after this village." Protector water lotus issued an ultimatum.

"Hehe, what if I say no?" Lin Yi asked.

"Then there's only death. We're all smart people. You shouldn't be so insensible, right?" Protector water Lotus's tone gradually turned cold.

"I'm sorry, I really don't know how to spell the word "tactful."" Lin Yi said, his expression calm.

Protector water lotus looked at him deeply and sneered, ""Don't tell me you're still hoping for a fluke? Do you really think that you have a chance to escape just because you found my true body? I can only say that you're too naive, human. It's amazing that you were able to find this place, but it's useless. "

"Is that so?" Lin Yi chuckled, not thinking much of it.

Protector water lotus was stunned when she saw this. She couldn't help but wonder if this human had some other life-saving trump card. Of course, it knew that Lin Yi wasn't an idiot. If he dared to treat it like this, he had to have something to rely on. He couldn't just be asking for death.

"What are you laughing at?" Protector water lotus frowned for the first time.

"There's no reason. I just thought it was funny. " Lin Yi shrugged, and Duanmu Yu smiled. To be honest, she'd been quite nervous since the start-after all, she was facing the real Lotus Protector, and it was no big deal to say something like that. But she couldn't help but relax a lot after seeing Lin Yi like this.

"Funny? Hmph, don't forget that we're still in the Mirage world. This is my world, and I'm the only master!" Protector water lotus sneered.

"Then, why don't you let me try?" Lin Yi said as he threw out two Qi fire bombs. He knew that the guy's real body was here, so he was prepared for it.

Chapter 5270 I'll Give You Two Paths

In terms of power, these two true Qi pill fire bombs were already the limit that he could reach at the moment. It was no joke to throw two at the same time. If it were a spirit beast at the level of the primordial King goumang, it would definitely die.

Although the water lotus Protector in front of him was an existence on the same level as the brain-eating insect and was much stronger than the ancient goumang King, it was obviously a skill-type spirit beast. In theory, it would not be as rough and thick-skinned as the brain-eating insect. Perhaps the difficulty of dealing with it was to find its original body. Perhaps its original body was not much stronger than the clone, and two true Qi pill fire bombs would be enough to deal with it.

In the end, protector Lotus revealed a disdainful smile on her face, as if she was determined to open Lin Yi's eyes. She didn't Dodge or counterattack, but let the two bombs hit her body.

Lin Yi and Duanmu Yu's eyes widened at the same time, but the earth-shattering explosion they were expecting didn't happen. Two faint ripples flashed across the Lotus Protector's body, and the two bombs disappeared without a trace. They were completely duds.

Lin Yi froze for a moment-this was the first time someone had neutralized a Qi pellet bomb like this, the same way they did with the five-element killing intent attack. This water lotus Protector was truly unbeatable.

"Now you know the difference between you and me?" Protector water lotus gave an enigmatic smile.

Lin Yi went silent for a moment before suddenly saying, "This is the calm ancient well, right?"

"Oh? I didn't expect a human like you to not only be smart, but also have such extensive knowledge. You actually know about my emotionless ancient well?" Protector water lotus couldn't help but be surprised.

"It's nothing. When you fought with the brain-eating insect at the banquet, I just happened to hear the brain-eating insect mention this word." Lin Yi said faintly.

"I see. Since you've already seen my strength, what are your plans?" Protector water lotus had a playful look on her face.

"Yes, your strength is extraordinary. You have the illusionary space of the catoptric deflection and the defensive method of the impervious well. With these two divine skills, Your Excellency can dominate a region." Lin Yi said honestly.

"That's right. Before that Lord descended here, I was the number one Overlord of this place. Only that gifted insect could compete with me a little. Even if all the other spirit beasts of all sizes were to come together, I could kill them at will." Protector water lotus said smugly.

"Since you're so powerful, why are you willing to serve that Lord? He's just a protector in name, but in reality, he's just a Lackey. " Lin Yi asked.

Protector water lotus immediately fell silent. After a long time, she came back to her senses and said with a mocking tone, ""Human, you don't have to waste your time. Whether you want to inquire about that Lord from me or to sow discord between me and that Lord, it's all in vain. I'm not one of those fools who only grow muscles and not brains. I won't be fooled so easily."

"Alright," he said. Lin Yi was a little disappointed. Danger lurked everywhere in the ancient testing grounds. Compared to the Lotus Protector and the brain-eating insect, the ancient goumang King was much easier to deal with. However, the biggest threat still came from the Lord who was everywhere. Someone who could control the Lotus Protector and the brain-eating insect was no small matter. If he couldn't figure out the Lord's background, he'd have to be on edge even if he could escape this time.

"Enough of your nonsense. I'm giving you one last chance to regret your decision. Human, think carefully before you answer me. Do you want to accept my recruitment and be my assistant from now on, or do you choose to die Here?" Protector water lotus warned in a deep voice.

"I've thought it through. I won't be your assistant, and I won't die Here either. I have a third option. " Lin Yi smiled faintly.

"The third option? Interesting, I'd like to hear where you got your third option from. " Protector water Lotus's eyes narrowed into a thin line.

Lin Yi thought about it carefully and suddenly smiled apologetically, "I'm sorry, I miscalculated. To be precise, there should be a third and fourth path. "

"The third and fourth?" Protector water lotus was stunned when she heard this. She said awkwardly, ""Okay, then you can answer my questions. What are the third and fourth options?"

"As the saying goes, it is impolite not to reciprocate. Since you think so highly of me and have given me two options, I have to return you two options. One is for me to kill you, and the other is for me to take you in. What do you think?" Lin Yi replied with a smile.

"Kill me? Take me in? Hahahaha!" Protector water lotus laughed instead of getting angry. She laughed so hard that she couldn't even close her mouth. After a long time, she finally managed to stop laughing. "Interesting, very interesting. Humans are indeed very interesting creatures, and you are a typical example."

"Is this interesting?" Lin Yi looked at it from the corner of his eyes, a half-smile on his face.

"Of course it's interesting. If you meet an ant and it tells you that it's going to kill you and take you in, don't you think it's very interesting?" Protector water lotus laughed. Lin Yi's performance just now was impressive, but that was just a little smarter than normal people. It didn't change the fact that he was weak like an ant. From the beginning to the end, protector water lotus didn't see him as a real opponent. He was just a toy.

"Haven't you heard of this saying?" Lin Yi smiled.

"What did he say?" The water lotus Protector asked curiously.

"You can't judge a book by its cover." Lin Yi said faintly.

"You can't judge a book by its cover. It's good to have ambition, but it can't change the lowly nature of an ant. You should know that I'm the master of this place. It's easy for me to kill you, but ..." Protector water lotus paused for a moment and said with an embarrassed expression, ""Don't say that I'm bullying you. I'll give you a chance now to see how you're going to kill me and take me in!"

Duanmu Yu looked at Lin Yi nervously. From her point of view, the water lotus Protector was an invincible existence. Even if it didn't move and just stood there and let you attack, you wouldn't be able to do anything to it. Just its emotionless face was enough to make people flinch.

He still didn't know how the opponent's emotionless state worked, but one thing was for sure-it could easily nullify most attacks, including the Qi pellet bomb that Lin Yi considered his trump card. Even the bomb couldn't hurt the opponent at all, let alone the others.
