### Chapter 5391 Jumping Into The Fire Pit Together

"Just you wait," Qiu mingchong left in a hurry after squeezing out these three words. It was obvious that he had gone to ask for instructions from the higher-ups of the sect. "The sect master said that since you said that you gave the spiritual grass to Bing Wuqing, we can believe you. But to prove your sincerity, I hope you can write a letter to call Bing Wuqing over. That shouldn't be a problem, right?"

"Alright," he said. "Okay!" Lin Yi agreed without hesitation. He picked up a pen and paper and wrote a letter on the table. There wasn't anything special about it, and he didn't mention anything about the spirit sense grass either. He just wanted Bing Wuqing to come over to the spirit leaf sect. After he finished writing, he would leave it at the door for Qiu Ming to rush in and take it.

When the metal door was closed once again, Duanmu Yu could not help but ask in doubt. "Why did you really write it?"

"If they want me to write it, I'll write it. It's not a big deal anyway." Lin Yi said nonchalantly.

"But aren't you just dragging Bing Wuqing into the fire pit for no reason?" Duanmu Yu was a little worried. She already knew that there was some kind of tacit understanding between Bing Wuqing and Lin Yi during the test. Although she didn't know why, she was sure that Bing Wuqing was on the same side as Lin Yi. Wasn't Lin Yi setting up his own side?

"Since it's a fire pit, then let's all jump in together. It'll be more lively this way." Lin Yi chuckled.

"..." Duanmu Yu naturally knew that he was joking. However, he couldn't laugh at this moment. After a moment of silence, he said, "I don't know what you're planning in your heart, but I don't want you to compromise with them because of me. You're the great uncle-master of the North Island's Qingyun school. The higher-ups of our spirit leaf sect are not fools. As long as you insist on not agreeing, they shouldn't do anything to you. They'll let you go back sooner or later."

"What about you?" Lin Yi asked.

"Me? At worst, I'll just stay here and be in closed-door cultivation. " Duanmu Yu's expression didn't have any intention of pretending to be relaxed. This was what she really thought. From her point of view, she definitely didn't want to completely fall out with the sect. However, with her personality, she wouldn't easily give in. So, let's just continue this stalemate.

"It's really rare for a woman to have such a free and easy personality like you. " Lin Yi complimented casually, "Come, let's continue what we were doing just now."

"What ... What is it?" Duanmu Yu's face was filled with confusion.

"Didn't I say that since I'm idle, I can help you break through to the jiedan stage. Don't you want to become a jiedan stage master and scare them?" Lin Yi said naturally.

"Is that even possible?" Duanmu Yu's eyes brightened. If she had the opportunity, of course she would want to charge towards the Jindan stage. In fact, if she was a Jindan expert, this matter would not have happened.

The spiritual grass could only be used by jiedan stage Masters, and she was only at the Foundation Stage, this was the most important reason for her to hand over the spiritual grass, and if she became a jiedan stage master, then this explanation would naturally not hold.

However, this kind of thing could only be fantasized by her own ability. If it was really about breaking through to the Golden core stage, she was actually not at that level yet. After all, strictly speaking, she had not been promoted to the foundation establishment stage for a long time, less than two years. The key was that she did not have the conditions. She did not have the Golden core or golden core in her hands, so it was not easy to break through to the Golden core stage.

"What's impossible about that?" Lin Yi said as he took out a bunch of pills. Duanmu Yu was dumbfounded by one look-they were all golden cores, golden cores, and every one of them had a glow on it. They were all F \* cking Supreme!

Lin Yi's main purpose in coming to spirit leaf sect this time was to give her some golden cores. After all, they were life-and-death friends, and with Lin Yi's personality, he wouldn't mistreat a true friend like her.

"Are they all for me?" Duanmu Yu looked at the Golden cores that Lin Yi had stuffed into his hands, dumbfounded. She knew that Lin Yi was a generous person, but it was a little shocking for him to be this generous. These were Supreme-grade golden cores!

"Yeah, there's no need to finish them all at once. Two should be enough for now." Lin Yi said.

"Two?" Duanmu Yu was shocked when she heard this. She knew that the higher the grade of the pill, the more she shouldn't eat it, especially this kind of Supreme grade golden pill. With her current cultivation level, she would have to spend all her strength to digest the incomparably huge medicinal power in it. If she ate two, it would really kill her!

"Don't worry. Of course, you can't take two when you're alone. But it's fine with me here. I can help you guide the medicinal power." Lin Yi explained. He knew that Duanmu Yu hadn't completely touched the barrier between Foundation and golden core, and wasn't at the stage where he could really break through to the Golden core stage yet. Eating one Supreme-grade golden core might not guarantee his safety, but two would be no problem.

"Is this ... Really possible?" Duanmu Yu was still somewhat incredulous. She had never even heard of eating two top-grade golden cores. As for asking someone to help guide the medicinal strength during the breakthrough process, it was even more impossible. This kind of thing was completely contrary to her common sense.

"Yes." Lin Yi nodded, not explaining further.

"Alright, let's start then." Duanmu Yu replied quickly. After the miraculous experience in the ancient trials, her trust in Lin Yi wasn't as blind as Lingshan and the others, but it wasn't too far off. After all, this was a xuansheng stage being admitted by the nine infants.

Compared to this, what really made her hesitate was the Golden cores themselves. The value of so many golden cores was needless to say-they were even more valuable than spirit sense grass. A person like her who clearly knew what was good for her wouldn't just accept someone's favor, especially something so ridiculous. It was like when she gave up the big lump of spirit sense grass and only took half of it because this was what she promised Lin Yi.

But surprisingly, she didn't hesitate for too long. She didn't even reject Lin Yi's gift.

Lin Yi didn't know what she'd figured out, but he wasn't surprised. Duanmu Yu was a very free and easy woman.

Duanmu Yu slightly adjusted her breathing and tried her best to adjust her condition to its peak. This process did not take much time because she had been doing this all this time. Then, without any hesitation, she stuffed the two superior-grade golden cores into her mouth.

She knew that it was a dangerous move-one wrong move and she could lose her life, but since Lin Yi said so, she believed him.

#### Chapter 5392 The Clothes Exploded Again

The unparalleled potency of the medicine exploded in an instant. Lin Yi placed his hands on her back gently, ready to guide the medicine in her body when all of Duanmu Yu's clothes burst open with a loud bang.

Lin Yi's first reaction was to stare at the beautiful body in front of him, dumbfounded. He couldn't help but smile bitterly, "He's gone too far ..."

Duanmu Yu's body couldn't help but tense up when he heard the somewhat embarrassed voice coming from behind him. After all, she was a woman. If it wasn't for the fact that she couldn't be distracted at this time, she would have already burrowed into the ground.

No matter how tough she was, no matter how close she was to Lin Yi, a girl's body was seen by the man, and the man had his hands on her back ... It was just ...

Duanmu Yu's face was so red that it seemed as if it was dripping blood. However, in the end, he forcibly stabilized his mind. Although he was ashamed, he could no longer regret it now. He could only throw

everything out and continue to break through to the gold core realm. Otherwise, the unparalleled and boundless medicinal power in his body would instantly drown him. At that time, let alone his pure body, he would even lose his life.

Lin Yi felt a little embarrassed. He didn't do it on purpose. He knew that the energy from the two golden cores would be very strong, and he was prepared to guide them. Normally, something like this wouldn't happen, but the problem was that he realized that Duanmu Yu's meridians were absorbing the energy at a speed that was ten times faster than normal people!

This was like pouring water into a bucket. Although the amount of water poured was the same, he originally wanted to use a small ladle to scoop it into the bucket, but he didn't expect to suddenly fill it with a large bucket of water. He was simply caught off guard.

"The legendary leaf Meridian, huh ..." Lin Yi mumbled. The so-called leaf Meridian was just a legend. Everyone's Meridian was the same, even if there were some oddities. As for the so-called leaf Meridian, just from the structure of the meridian, it was no different from a normal person's. Otherwise, he would have noticed it when he was treating Duanmu Yu last time.

The structure was the same, but under certain special circumstances, the ability to display was completely different. Just like now, an ordinary Meridian would need a process to absorb such a huge amount of medicinal power, but for a leaf Meridian, it was a matter of the blink of an eye.

In the blink of an eye, all of the medicinal power had squeezed into Duanmu Yu's meridians. That was the reason for the charming yet embarrassing scene earlier. The powerful medicinal power instantly burst out from every Meridian and every pore. Naturally, his clothes were also blown apart ...

Lin Yi was caught off guard, but luckily, he was now a true xuansheng stage essence spirit. Even if the essence spirit wasn't strong enough, he could guide the medicine into the opponent's body. At most, it would catch the opponent off guard, but he could easily control the situation when he reacted.

Time passed by slowly, and with Lin Yi's help, Duanmu Yu's absorption process was extremely smooth. It took him three days to fully digest the medicine.

Duanmu Yu suddenly opened his eyes. A brand new Aura slowly spread out from her body and a sincere smile appeared on his face. The effect of the two Supreme-grade golden cores was not in vain. In just three days, she had successfully broken through to the gold core realm. The key was not the early gold core realm, but the peak of the early gold core realm!

This surprise was a bit unexpected, but it was also reasonable. After all, whether it was her talent or Foundation, she was by no means mediocre, so it was not wrong to call her a genius. Since she had eaten two Supreme-grade golden cores at once, it was not surprising that she had advanced two levels.

"Congratulations." Lin Yi's voice came from behind.

Duanmu Yu was about to reply when she looked down and remembered that she was still naked. Her face reddened, but before she could do anything, Lin Yi handed her half a piece of spiritual grass. "Strike while the iron is hot, eat it."

"Oh ..." Duanmu Yu subconsciously took it. He hesitated for a moment and forgot the embarrassment of not wearing any clothes.

"You can't be thinking of handing it over, right?" Lin Yi asked.

"That's not it, but ..." Duanmu Yu was not an indecisive person, but this matter was indeed of great importance to her. Now that the entire sect's higher-ups were forcing her to hand over this half of the spirit sense grass, although she showed an attitude of refusing to cooperate, there would be no room for negotiation if she ate the spirit sense grass just like that. Once she fell out with them, it would be equivalent to betraying the sect. With her feelings for leaf spirit sect, she naturally did not want things to reach such an irredeemable stage.

"You're now a jiedan stage expert, eating the spiritual grass is a natural thing to do, no one can say anything about it. Moreover, I'm here, no matter what happens, I can help you keep the situation under control and not lose control. " Lin Yi's tone was very confident, as if he was looking down on everyone. It wasn't directed at Duanmu Yu, but at the entire leaf spirit sect. Ever since he recovered his xuansheng stage spirit and was able to kill a nascent soul old monster with one soul snatching hand, this feeling appeared naturally. After all, in the entire ancient martial world, he was an existence that stood above the rules.

"Then ... Alright." In the end, Duanmu Yu still nodded his head. It was not her style to be submissive, otherwise, she would not have caused such a scene today. Since the spirit grass was his, what was the harm in eating it?

As he spoke, Duanmu Yu received the spiritual awareness grass and directly stuffed it into his mouth. His entire body once again became stiff. The embarrassment of not wearing any clothes was no longer present in his mind. Only four words remained: extremely bitter, extremely painful.

An indescribable pain surged like a tidal wave and swallowed her whole in an instant. At this time, nothing else was important. Strength and skills were not important. The only thing that could support her to persist was her will.

Because of her will, she was like a rock in the midst of the waves of pain, unmoving. Time seemed particularly long at this time.

"I was a little reckless ..." A trace of regret suddenly appeared in Duanmu Yu's consciousness. After holding on for a long time, she discovered that she was actually unable to hold on any longer!

Of course, she couldn't hold on. The effect of swallowing half a piece of spiritual grass in one go was no longer tempering the spiritual sense, but completely cutting the spiritual sense into a thousand pieces. After obtaining the spiritual sense grass, people would only take a small sip every ten days to half a month, and then methodically refine it. Even so, it would still be heart-wrenching every time, and if they were not careful, there would be side effects. When it came to her, she directly swallowed it all, and the good burping became a thousand cuts. Who could stand this?

Chapter 5393 Don't Tell Me He's Taken A Fancy To You

In short, Duanmu Yu's method of opening the door was wrong. Therefore, the current situation was basically similar to the time when her clothes had exploded. She had gone too far ...

If it was anyone else, even if it was a peak Yuanying stage expert present, Duanmu Yu would have died without a doubt. Fortunately, there was a mysterious Ascension stage primordial spirit sitting behind her. In the small Jianghu of the immemorial era, this was almost equivalent to a bone ash level Grandmaster who played with the spiritual sense. More importantly, this guy knew the entire process of refining the spiritual sense grass.

After all, ever since he came to the ancient martial world, Lin Yi had to take a bite of the spiritual herb almost every day to help with his cultivation. The first month, he felt the pain, but he was used to it by now. He was probably the first weirdo in history to eat spiritual herb every day like a snack. It was painful, but to him, it was just like coffee. It was painful, but it was refreshing ...

As expected, Lin Yi took over the magnificent wave of pain for Duanmu Yu, but he didn't wipe it off for her directly, as it wouldn't have the effect of refining her spirit sense. He just rhythmically suppressed it to a certain level and then released it bit by bit.

This way, not only would it be within Duanmu Yu's tolerance range, but it would also achieve the effect of tempering his divine sense to the greatest extent without any delay.

Just like that, another day and night passed. Only then did Duanmu Yu struggle out from the endless sea of pain. It was only a day. This amount of time was far from long to others. It was even less worth mentioning to cultivators who had entered closed-door cultivation for several years or even decades. However, if they were placed in Duanmu Yu's situation, it would definitely be an incomparably long time. That was because every second felt like a year.

Duanmu Yu's perseverance was so shocking that even Lin Yi couldn't help but be surprised. He might have suppressed the wave of pain, but the amount of consciousness grass he had was still there. Even if he released it in moderation, the pain was still far above normal.

After all, Duanmu Yu only used one day to digest the pain that others would need more than half a month to endure. Lin Yi couldn't help but give her a thumbs up for being able to endure it without making a sound.

Girl, you are indeed a man!

"Hu ..." Like a marathon that had finally reached its end, Duanmu Yu let out a long breath of air. At this moment, her entire body had been soaked in sweat countless times. She had completely thrown her image to the back of her mind at this moment. Her tense mind for the entire day finally relaxed a little, and her entire body fell backwards.

Lin Yi was stunned. Duanmu Yu was too tired to care about his image, but Lin Yi wasn't tired at all, especially after he'd been admiring her bare back for the past few days. He couldn't help but have some lustful thoughts, but he'd been holding them back very well.

But now, Duanmu Yu suddenly fell backwards into Lin Yi's arms. Lin Yi didn't even have the chance to react. He just stared at the beautiful scenery in front of him. Before, he could only see his back, but now he could even see two points in front of him.

"Pink ..." The thought crossed Lin Yi's mind subconsciously before his eyes met with Duanmu Yu's.

"Ah!" Duanmu Yu finally regained his senses at this moment. He hurriedly protected his chest and sat up again. He hurriedly looked for clothes to cover his face. Unfortunately, the clothes on the ground had long since been torn into pieces. Moreover, this was the confinement room and not her boudoir. Naturally, there was no change of clothes. For a moment, he was like a headless fly, not knowing what to do.

"Ugh ..." Lin Yi was embarrassed too. It was fine if Duanmu Yu didn't move since he couldn't see much. At most, he could only see his back. Now that Duanmu Yu moved, it was even more beautiful. He didn't know where to look.

The awkwardness didn't last long because Lin Yi reminded her, "Hurry and hide. There are people outside."

Duanmu Yu was stunned for a moment. This room was enveloped by the black water array. Logically speaking, no one who was trapped inside would be able to sense the situation outside because it was impossible for one's divine sense to reach out. However, due to the absolute trust that she had

established earlier, she subconsciously reacted. She quickly hid on the bed and covered herself with the quilt.

In fact, she should have done so when she was at a loss, but she froze for no reason. It was very strange to think about it.

As expected, the moment Duanmu Yu hid under the blanket, the metal door opened. The person who entered was still Qiu mingchong.

Qiu mingchong stood at the door and was about to say something. However, he was instantly stunned after taking a glance. Although he was unable to see every corner of the room from his angle, he could still roughly see it. He could clearly see that Duanmu Yu was actually on the bed at this moment!

A man and a woman were alone in a room. Lin Yi was still sitting at the side, but Duanmu Yu suddenly ran to the bed. Anyone could imagine what happened, not to mention Qiu mingchong, who had a rich imagination.

The opportunity had come! Qiu mingchong's heart was moved, but he didn't keep harping on this matter on the surface. He didn't come here to watch the fun.

"Bing Wuqing will be here soon. Before that, I would like to remind you that I hope you can think carefully about what you should say and what you shouldn't say. As long as you can help Bing Wuqing to hand over the spiritual awareness grass, you will be a distinguished guest of our leaf spirit sect. Everything can be discussed." Qiu mingchong reminded.

"Alright." Lin Yi replied without hesitation.

"A wise man submits to circumstances. Next, we'll see your performance." Qiu mingchong was very satisfied with Lin Yi's attitude. He had no grudges with Lin Yi, and the only thing he wanted was the spirit sense grass. As long as Lin Yi was smart enough to help him get the spirit sense grass from Bing Wuqing, he didn't plan to continue making things difficult for him.

Qiu mingchong rushed away, but before he left, he deliberately glanced at the bed. Although he still couldn't see anything, his gaze was meaningful.

"This guy's eyes are strange. Could he have taken a fancy to you?" Lin Yi said as he turned to Duanmu Yu.

"Ha?" Duanmu Yu was stunned. He then shook his head with a strange expression and said, "No way, I don't have any private contact with him. Also, a while ago, the higher-ups were discussing ... Discussing ..."

"Discuss what?" Lin Yi couldn't help but find it strange that she was hesitating. This girl was always forthright, and she rarely stuttered like this.

"It's nothing ..." Duanmu Yu looked at Lin Yi with a complicated expression and blushed, ""You should still have some clothes, right?"

Chapter 5394 Bing Wuqing Is Here

"That's right, we can have as many as we want. " Lin Yi only just remembered that he had a bunch of women's clothes in his Jade space-he'd given Duanmu Yu a set back in the test, and he'd been so distracted that he didn't think about it.

Duanmu Yu took the clothes from Lin Yi's hands, but he didn't come out from under the blanket. Instead, he looked at Lin Yi with a strange expression. "You didn't do it on purpose, did you?"

"Ugh, no, you're thinking too much ..." Lin Yi blushed. Duanmu Yu's appearance was indeed pleasing to the eye, but he really didn't think of that ...

"Is that so?" Duanmu Yu was skeptical. However, there was no expression of displeasure on his face. After he quickly put on his clothes, he immediately returned to his usual cool and neat appearance. It seemed that he did not care about the previous embarrassment at all.

"Of course. I'm such an honest person. Why would I do such a wretched thing? after all, we've gone through life and death together. It's not like you don't understand this." Lin Yi said it as if he was right, but the image of Duanmu Yu, who looked like a new white collar worker in the city, kept popping into his mind. He couldn't help but feel a little guilty.

"Forget it, for the sake of you giving me so many Supreme-grade golden cores, I'll just let it be. It's nothing anyway." Duanmu Yu once again displayed his forthright side.

"..." Lin Yi sweated.

After coming out of the confinement room, Qiu mingchong did not lead the way to Bing Wuqing, who was waiting in the guest room. Instead, he went straight to the divine Leaf Hall, which was the core and most authoritative place of the entire leaf spirit sect. It was where the sect leader and the high-level elders gathered, and all orders, big or small, were issued from there.

At this time, ye Qingcheng, the sect leader, and other senior elders were all present. Seeing Qiu mingchong's registration, they all looked forward to it, ""Did you get the spirit sense grass?"

"Master, I haven 't." Qiu mingchong respectfully performed the disciple's salute. Although Duanmu Yu had caught up with him, his status in the sect was not low. After all, he was the personal disciple of ye Qingcheng, the sect master.

"Then why don't you hurry over and keep an eye on him?" Ye Qingcheng frowned. The spirit sense grass was absolutely a fatal temptation for any master of the Golden core stage. Even though he was already the head of a sect, even though he was only one step away from the nascent Soul Stage, he still coveted it. It would be fine if there was no chance at all, but now that it was within his reach, he couldn't help but feel a little anxious.

The other high-level elders also urged. If they could get the spiritual grass from Duanmu Yu and Bing Wuqing, ye Qingcheng would definitely get the biggest share, but they would also want a share. If they couldn't get the meat, they would at least get the soup.

"Yes, but I just discovered something, and I think it's necessary to report it to master and the elders." Qiu mingchong said.

"What could be more important than the spirit sense grass?" Ye Qingcheng and the other elders frowned.

"When I went to talk to Lin Yi just now, I saw big Senior Sister hiding under the blanket, and the floor was covered in her clothes. It seemed like they had a lot of fun ..." Qiu mingchong said with an ulterior motive.

"Preposterous!" When the senior executives heard this, they immediately started cursing.

"As the eldest Senior Sister of our sect, she's so shameless to have illicit sexual relations with a man from another sect in public. Where's our spirit leaf sect's image? what a disgrace!" Ye Qingcheng was infuriated.

Anyone with a discerning eye could see that he was trying to make a big fuss out of this. This was not strange at all, because although Duanmu Yu was publicly acknowledged as the big Senior Sister in the sect, she was not ye Qingcheng's disciple. It couldn't be helped, because Qiu Ming was so disappointing.

Letting Duanmu Yu take the position of the senior Sister of the upper sect was somewhat embarrassing for ye Qingcheng, the sect leader. It was not good for him to show it on the surface, but he always held a grudge in his heart. Otherwise, he would not have strongly advocated for Duanmu Yu to hand over the spiritual grass after listening to Qiu mingchong's slanderous words. It was very shameful if this matter were to spread out, but he did not care. He could use this opportunity to suppress Duanmu Yu.

Now that Duanmu Yu was actually in cahoots with an outsider, that was an even more incredible handle. He had ruined the sect's reputation. Even getting rid of her status as the eldest martial sister would be considered a light punishment!

This was exactly what Qiu mingchong wanted. He deliberately seized this moment to talk about this matter so that ye Qingcheng and the other senior elders could dismiss Duanmu Yu from his position as the senior Sister. In this way, he would naturally be promoted to the position of the senior brother of the sect.

Although he was a bit weaker at the peak of the late Foundation establishment stage, he was still the personal disciple of the sect leader, ye Qingcheng. Moreover, there were not many disciples in the ye

spirit sect, and no one could surpass him except Duanmu Yu. It was only natural for him to take over the position.

Everyone was filled with indignation. Qiu mingchong thought that his master would definitely go along with his wishes, but ye Qingcheng said,""This matter is related to the image of our leaf spirit sect, so we have to investigate it. However, it's better to suppress it for now. It won't be too late to discuss it after they hand over the consciousness grass."

"Ah?" Qiu mingchong was instantly stunned. He couldn't help but feel extremely disappointed. Duanmu Yu had done such a thing. It was true that he would be severely punished sooner or later. However, in his opinion, the outcome of the discussion now and later might be very different.

Right now, Duanmu Yu was standing on the opposite side of almost all of the higher-ups in the sect. If she were to be dealt with severely, her position as the eldest martial sister would definitely be lost. There might even be an even more severe punishment that would make her unable to rise again for the rest of her life. However, if she were to tactfully hand over the spirit grass, it would be hard to say what would happen.

At that time, for the sake of the spiritual grass, the senior management of the sect, including his master ye Qingcheng, would definitely be embarrassed to kill him. If they were to be lenient, Duanmu Yu might be able to get away with it, and then he would have nothing to do with it.

Unfortunately, Qiu mingchong didn't have the right to speak in this situation. Ye Qingcheng could do whatever she wanted. After all, for ye Qingcheng and the other higher-ups, dealing with Duanmu Yu was only a small matter, but the spirit sense grass was the most important thing. If Duanmu Yu was forced to resist to the end because of this, it would be a great loss.

"What are you still doing? Hurry up and go!" Ye Qingcheng glared at him.

"Yes!" Qiu mingchong didn't dare to disobey, so he had to obediently retreat.

Before long, Bing Wuqing was led to the confinement room by Qiu mingchong. The iron door opened, and Bing Wuqing could feel the faint fluctuations of the formation in front of her. She couldn't help but frown slightly.

He knew that there was an unfathomable formation in front of him, and a rational guy like him wouldn't take risks easily. However, after seeing Lin Yi give him a look, he threw that worry to the back of his mind.

Chapter 5395 You Guys Ate It?

He was sure that no formation could trap Lin Yi, at least not in the small ancient martial world.

Since it was Lin Yi who asked her to go in, Bing Wuqing naturally didn't hesitate and immediately stepped in.

"Well, since they have arrived, then the three of you can have a good talk. I hope that there will be good news when I come back later. Of course, it is also good news for you. Otherwise, you must be very aggrieved to be imprisoned in this dark place for your whole life, right?" Qiu mingchong laughed, closed the iron gate, and left.

"Boss, what's going on?" Bing Wuqing nodded slightly at Duanmu Yu as a greeting and asked directly. Lin Yi's letter didn't mention the details, only asking him to come over. He was still confused.

Duanmu Yu couldn't help but look at Lin Yi in surprise when he heard the tone. She did see that the two of them had some kind of tacit understanding and connection, but she didn't expect it to be this kind of relationship. This tone, Bing Wuqing was clearly the same as Wu Chengtian and the others, becoming Lin Yi's loyal underlings.

It was nothing to the others, but this Bing Wuqing was a famous super genius in the entire ancient martial world. She had always been arrogant and rarely looked at people in the eye. Now that she was willing to submit to Lin Yi, it was really a big blow to her worldview.

However, when he thought that the other party was Lin Yi, Duanmu Yu felt that it was reasonable after the initial shock. Even the legendary nine-headed fierce beast was scared by Lin Yi during the ancient trials. As long as he had the heart, subduing Bing Wuqing would naturally be a piece of cake.

Lin Yi explained the whole story in a few words, and Bing Wuqing's face turned strange after hearing it. She looked at Lin Yi and Duanmu Yu carefully, and finally came to a conclusion, "I didn't expect the higher-ups of your spirit leaf sect to be so good at seeking death."

Even if he used his toes, he could tell that Duanmu Yu and Lin Yi's relationship wasn't normal. Not to mention, these people actually tried to extort Lin Yi's head. If this wasn't courting death, what was it? In comparison, the higher-ups of snow sword sect were more tactful.

"..." Duanmu Yu didn't know what to say. Even from her point of view, she felt that the higher-ups of her sect were all looking for trouble. She wasn't worried about her and Lin Yi's situation at all. She was more worried about leaf spirit sect. What if they really angered Lin Yi this time and he tore down the entire sect?

Putting everything else aside, she still had deep feelings for spirit leaf sect.

"What do you mean, boss?" Bing Wuqing looked at Lin Yi. He didn't need to use his brain in this situation. He would do whatever Lin Yi said. Even if Lin Yi ordered him to destroy the entire leaf spirit sect, he wouldn't say a word. Of course, Lin Yi wouldn't do that for Duanmu Yu's sake.

"No rush. Oh right, you saw Qiu mingchong just now. Don't you think he looks familiar?" Lin Yi suddenly asked.

"Qiu mingchong?" Bing Wuqing thought for a moment and said, "I guess he's just been to the secular world to gain experience. There doesn't seem to be anything special about him. Wait a minute. He does look a little familiar!"

"It seems that I didn't remember wrongly. He is one of them." Lin Yi nodded.

"What are you guys talking about?" Duanmu Yu, however, was completely confused. He did not understand what these two people were talking about.

Lin Yi and Bing Wuqing looked at each other, no longer hiding the truth. "There's an extremely mysterious and powerful organization in the secular world called central. Through this experience, they've already incited many spies in the ancient sects. If I'm not wrong, they've already brought people into the ancient martial world. After laying low for a while, they'll probably start to get involved in the ancient Alliance. "

"Taint the ancient Alliance? Is that even possible?" Duanmu Yu was dumbfounded. She had never seen Central's strength and Foundation. In addition, she had grown up in the ancient Jianghu. When she suddenly heard about it, she naturally felt that this was a fantasy.

"Of course it's possible. They can easily create a bunch of nascent soul old monsters. In time, it won't be difficult for them to touch the ancient Alliance." Lin Yi said.

"Create a bunch of nascent soul old monsters ..." Duanmu Yu was completely dumbfounded. Nascent soul old monsters were the highest fighting power in the small world of the immemorial era. If they could be mass-produced, it would not be difficult for them to control the entire small world of the immemorial era, let alone the immemorial Alliance!

Although Duanmu Yu was shocked, he quickly recovered. At the very least, he had already regained his calm on the surface. He turned around and asked, "Then, you said that Qiu Ming ..."

"He's one of the pawns that central has been secretly instigating. " Lin Yi confirmed. He had been suspicious since the first time he saw Qiu mingchong, but he didn't have a complete grasp of the list of people who were on Central's side. He could only rely on his initial observations, and unless he paid special attention to it, he would only leave a little impression. It was only with Bing Wuqing's support that he could be completely sure.

Of course, Bing Wuqing couldn't completely grasp the list of instigators, but every time she contacted the professor, she would more or less meet with other people. Even if she didn't say it clearly, she could still guess some of them.

"There's such a thing?" Duanmu Yu was instantly shocked and angry. Although his words were suspicious, the meaning behind them was without a doubt. Otherwise, there was no other explanation for Qiu mingchong's abnormal actions. Although this fellow had always had the intention to replace him, he did not have the guts to do so in the past.

As the three of them were talking, the iron gate outside opened. Qiu mingchong stood at the door and asked, ""The three of you, how did the discussion go?"

Oh, you're talking about the spiritual awareness grass. I'm sorry, but Bing Wuqing has already used it. " Lin Yi replied casually. This was the truth, as Bing Wuqing had indeed used up all her spiritual grass.

"Yes, it's quite delicious." Bing Wuqing chimed in, turned to look at Duanmu Yu, and said, ""You've eaten it too. How's the taste?"

"It's indeed quite delicious. " Duanmu Yu cooperated. Since they already knew that the other party was a spy from central, this wasn't something she or the other people in the leaf spirit sect could handle. They could only let Lin Yi handle it.

"What? You ate it?" When Qiu mingchong heard this, he immediately exploded in anger. He didn't just want to take Duanmu Yu's position by using the spiritual awareness grass. More importantly, he had orders from central. If he couldn't fish in troubled waters and obtain the spiritual awareness grass, the consequences would be unimaginable.

Duanmu Yu's stubborn resistance was one thing. To be honest, he was actually happy to see Lin Yi and Bing Wuqing's arrival, because that was the only way to muddy the waters, and it would be easier to fish in troubled waters. But he didn't expect these people to eat it up directly!

Chapter 5396 Punish You All

"Nonsense, it's hard to get spirit sense grass, if it was you you wouldn't eat it?" Lin Yi scoffed.

"But isn't Duanmu Yu a Paragon of the Foundation Stage?" Qiu mingchong still didn't believe it.

"I'm sorry, but I'm already in the Golden core stage. " Duanmu Yu lightly smiled.

"You!" Qiu mingchong couldn't help but choke, and then he couldn't help but become angry from embarrassment. He coldly snorted and said,"I really hope that this is just a joke. Otherwise, it's not good news for the three of you. I can only ask my master to punish the three of you personally!"

"Punish us?" Duanmu Yu could not help but be stunned. He said with a strange expression, "It's fine if they want to punish me since I'm a disciple of spirit leaf sect, but they're both outsiders. Even if your master is the sect leader, what right does he have to punish the people of other sects? Qiu mingchong, is there something wrong with your brain?"

If it was before, even if he knew that Qiu mingchong was up to no good, Duanmu Yu would not have said such things. However, now that he knew that the other party was an undercover agent from central, there was nothing to be afraid of.

"Hmph, since you've come to my spirit leaf sect's territory, you naturally have to follow my spirit leaf sect's rules. Furthermore, you're just two weaklings who can't even be seen in public. How can my master, the sect leader, not be able to deal with you?" Qiu mingchong said arrogantly.

Of course, he knew that both Lin Yi and Bing Wuqing had extraordinary strength, but his understanding was only based on the trial Competition. He thought that Lin Yi was invincible under the gold core realm, and Bing Wuqing was only at the early gold core realm. He had to look up to such strength, but his master, ye Qingcheng, was at the perfected gold core realm, and it was not an exaggeration to say that he was weak.

Duanmu Yu and Bing Wuqing looked at the guy as if he was an idiot after hearing that. Lin Yi was the only one who agreed with him, ""What you said makes so much sense that I have nothing to say."

"..." Duanmu Yu and Bing Wuqing both rolled their eyes. Lin Yi actually had the time to joke around with this kind of trash? they were the ones who were speechless.

"Hmph, it's good that you know. Just you wait!" Qiu mingchong thought that Lin Yi was going to give in and turned around arrogantly, but it was too late for regrets!

In the divine Leaf Hall, ye Qingcheng and the other high-level elders were gathered together, waiting for Qiu mingchong's good news. However, after Qiu mingchong finished reporting, their faces all became ugly.

"You're going too far!" Ye Qingcheng suddenly slammed the table, turning the huge conference table into powder. He was only one step away from breaking through to the nascent soul realm. Now, his only thought was to get the spirit sense grass to further enhance his spirit sense. In this way, he could not only become the most powerful master in the Golden core stage in the ancient martial world, but also lay a good foundation for breaking through to the nascent soul realm. In the process of breaking through to the nascent soul realm, he would never let go of even a little more confidence!

"The three of them clearly didn't put master and our leaf spirit sect in their eyes, especially Duanmu Yu who was openly colluding with an outsider and ruining the sect's reputation. In this disciple's opinion, they must be severely punished. Otherwise, if this matter were to spread, they would become the laughing stock of the pugilistic world!" Qiu mingchong took the opportunity to sow discord.

The others didn't have any objection to his words, but one person suddenly stood up. He was a middle-aged man with snow-white hair. He looked thin and weak, like a sick ghost who couldn't stand the wind and rain. However, no one at present dared to look down on him, even ye Qingcheng, the sect leader.

This man was ye tongxuan, a fellow disciple of ye Qingcheng. At the same time, he was also the only one in ye spirit sect who had reached the perfected golden core realm.

"You said that Yu 'er is having an affair with an outsider?" Ye tongxuan's cold eyes pierced Qiu mingchong's heart, and he subconsciously took a few steps back. It should be known that he had another identity, and that was Duanmu Yu's master. If it were not for ye tongxuan's strong backing, Duanmu Yu would not have been able to take the position of Senior Sister so easily.

However, before today, ye tongxuan had been in closed-door cultivation, so he didn't know what had happened. He didn't know that his disciple had been locked up and even tainted because of the spiritual grass!

"This ... I saw it with my own eyes, she was alone with Lin Yi in a room, and her clothes were torn to pieces, and she even hid on the bed. What else could it be if not having sex?" Qiu mingchong straightened his neck and said.

"Call Yu 'er over and confront him face to face. If he's lying, you can prepare your will." Ye tongxuan coldly snorted, and his tone was extremely overbearing. Duanmu Yu was the only direct disciple under his command, and he was famous for being protective of his disciples. With his special identity and powerful strength, not to mention Qiu mingchong, even ye Qingcheng, his senior brother sect leader, could not do anything to him.

"Master ..." Qiu mingchong was so scared that his scalp went numb. He could only look at ye Qingcheng for help. If ye tongxuan really wanted to kill him, he would have no way to do it unless ye Qingcheng came out to stop him.

Unfortunately, ye tongxuan was a well-known troublemaker. Ye Qingcheng would not want to fight with this Junior Brother unless he had no other choice. But then again, Qiu mingchong was his direct disciple, so he could not just ignore him.

"Junior martial brother, don't be rash. Since this is the case, mingchong, take the command token and bring Duanmu Yu here for a face-to-face confrontation. We'll know when the time comes." Ye Qingcheng said. If the matter of Gou he was true, then even if he didn't do anything, ye tongxuan would probably clean up the sect. However, if this matter was fabricated by Qiu mingchong, then it was purely Qiu mingchong's own fault. After all, he was just a good-for-nothing disciple, who didn't have much weight in ye Qingcheng's eyes. So what if he was killed?

"Yes!" Qiu mingchong didn't dare to delay-he quickly took the token and went to get Duanmu Yu. He'd seen that scene with his own eyes, and he had full confidence in Duanmu Yu and Lin Yi's illicit affair. He wasn't particularly flustered at this time, but before he left, he turned back and asked, "Master, what about Lin Yi and Bing Wuqing?"

"Hmph, the black water formation is a first-class trapping formation. Even an ordinary nascent soul old monster can't break out of the formation. Let them die inside." Ye Qingcheng snorted coldly. He was determined to get the spiritual herb this time, but he didn't expect that it would turn out like this. He couldn't help but be angry. However, as the sect master, he wouldn't kill a foreign disciple easily, as it would be a public offense, so he might as well imprison him until the end.

Soon, Qiu mingchong led Duanmu Yu over. When Duanmu Yu saw ye tongxuan, he was immediately delighted and quickly greeted him, "Master, you've come out!"

"Yu 'er, you ..." Ye tongxuan had wanted to ask about Gou he, but when he saw Duanmu Yu's faint aura, his eyes twitched and he said in surprise, "You've already succeeded in breaking through to the Golden core stage? He's still at the peak of the early Aurous core stage?"

Chapter 5397 Is There A Loophole

The crowd was in an uproar. Duanmu Yu did not deliberately release his aura, so no one, including ye Qingcheng, noticed the change in her body. Only ye tongxuan, her master who knew her best, saw through it at a glance.

Ye Qingcheng and the others were stunned. Not only did he reach the gold core realm, but he also became a peak early gold core realm expert. What the hell was going on?

"Master is wise. I have made a good friend during my trip to the secular world. Without him, I would not be where I am today." Duanmu Yu said honestly. With her talent, breaking through to the Golden core stage was only a matter of time, but if it wasn't for Lin Yi, it would've taken her three to five years, and she wouldn't be able to break through to the peak of the early golden core stage in one go.

"Oh? There's actually such an amazing person?" Ye tongxuan couldn't help but be surprised. He knew that Duanmu Yu never lied. To be more precise, he disdained to lie. There was actually someone who could help her break through to the Golden core stage in such a short time. Most importantly, she had even advanced two levels. Who was this person?

At this moment, Qiu mingchong sneered, ""Hehe, you're not talking about Lin Yi are you? No wonder you're willing to become his mistress, it's really excusable. Sleeping with someone can break through Jindan and rise two levels, no matter who it is, they would be moved, right?"

"What did you just say?" Duanmu Yu immediately frowned upon hearing this.

"Acting? You're still pretending at this time? Was there any meaning to it? I saw with my own eyes that you were hiding under the blanket, and your clothes were all torn and tattered on the ground. Dry wood meeting fire, the two of you were having quite a wild time!" Qiu mingchong said sarcastically.

"Yu 'er, is this true?" Ye tongxuan asked in a deep voice. Although he believed in his disciple's character, as Qiu mingchong had said, if Duanmu Yu had paid a high enough price, why would he help her to break through to the Golden core stage for no reason? the resources required were not to be talked about. Even he, as her master, who was in the great circle of the Golden core stage, might not be able to afford it.

Before Duanmu Yu could say anything, ye Qingcheng had already made a conclusion, ""Looks like it's true. If I remember correctly, you weren't wearing these clothes before you went in, were you?"

The other higher-ups and elders all nodded their heads. Duanmu Yu was currently dressed in the clothing of the secular world. In the small Jianghu of the immemorial era, he could be said to be an anomaly. It was impossible for them not to notice him even if they wanted to.

"..." Duanmu Yu's face turned red, which was a rare sight. No matter how tough she was, it was impossible for her to say that she had changed her clothes in public. She could only retort, ""Sect leader martial uncle has misunderstood. Disciple changing clothes is true, but this does not mean disciple has done anything shameful. This matter can be witnessed by heaven and earth!"

"You've already had sex and you haven't done anything shameful? Hehe, this is really rare!" Qiu mingchong firmly believed that Duanmu Yu would not be able to prove his innocence as long as he insisted on not letting go. He would not be able to clear his name even if he were to jump into the Yellow River.

"You!" Duanmu Yu was furious, but she really did not know how to prove her innocence. Facing the suspicious eyes of ye Qingcheng and the others, she could not help but feel helpless. She could not take the initiative to ask someone to verify that she was still a Virgin, could she?

At that moment, a faint voice suddenly traveled into the divine Leaf Hall from the entrance. "Your spirit leaf sect is really interesting. It's nothing more than a set of clothes that I gave you, but you're actually so strict about what kind of clothes the female disciples wear. How free are you higher-ups?"

"Who's there!" Ye Qingcheng and the others were shocked at the same time. They had so many golden core stage cultivators, yet they didn't notice the two people standing at the door at all. If the two people didn't make a sound but launched a sneak attack, some of them might have already become corpses!

It was none other than Lin Yi and Bing Wuqing.

Duanmu Yu was suddenly brought here, and it didn't take a genius to figure out that someone was trying to harm her. Naturally, Lin Yi wouldn't just sit by and do nothing, and he broke out of the formation with Bing Wuqing without hesitation.

Although the black water formation was powerful, it was not enough to deal with him who was at the xuansheng stage. After all, this formation could only be used against ordinary Yuanying stage old monsters from the beginning. This was already the limit. There was no concept of the xuansheng stage at all.

"You've locked us up, don't you know who we are?" Lin Yi walked to Duanmu Yu's side and gave her a look, telling her not to worry.

"Lin Yi? Bing Wuqing?" Ye Qingcheng frowned as he turned around and glared at Qiu mingchong, "What's going on?"

"Uh ... I don't know ..." Qiu mingchong was also confused and quickly explained, ""This disciple only has a single command token. Just now, when I brought Duanmu Yu out, everything went smoothly. The two of them were clearly still trapped within the black water array. Could it be that Duanmu Yu had discovered some loophole in the black water array and secretly told them?"

Even if he had to shirk his responsibility, he would still pour the dirty water on Duanmu Yu. Qiu mingchong had properly explained to everyone what was called the true character of a villain.

"Are you stupid? If she knew about the flaws in the formation, she would have revealed them long ago. Why would she wait until now?" Lin Yi looked at the guy as if he was an idiot.

"You have guts! You barged into our sect's restricted area and you dare to be so unscrupulous. Do you really think that I won't punish you?" Ye Qingcheng was furious. He didn't want to do anything to Lin Yi and Lin Yi since they were outer disciples. It wouldn't be nice if people knew that they attacked Lin Yi and Lin Yi without getting the spirit grass. He just wanted to let them live and die, but it was different now.

He was already in a bad mood without the spirit grass, and now that Lin Yi was acting so fearless, wasn't he being treated as an eyesore? Even if people were to say some sarcastic words, he would definitely make this arrogant fellow suffer today!

"You're so noisy. Did I say you could speak?" Lin Yi seemed to casually shake his hand, and ye Qingcheng, who was already angry from embarrassment, suddenly became quiet like a demon. He lowered his head and really didn't say anything.

The elders were all confused-they couldn't tell what was going on, but Lin Yi's words shut ye Qingcheng up so easily made her shut up. They were all confused-the sect leader wasn't that good-tempered, was he? Who the hell is this guy?

Only ye tongxuan seemed to have noticed something, and he looked at Lin Yi with shock and anger. He was about to say something when Duanmu Yu shook his head at him, so he swallowed his words and waited.

Ye tongxuan knew very well that ye Qingcheng's strength was almost on par with his. If ye Qingcheng was not Lin Yi's opponent, then even if he used all his strength, it would be useless. At this moment, he could only let his opponent do whatever he wanted.

Chapter 5398 Die If You Don't Admit It

"Alright, I'm going to hold a meeting for you guys to discuss the issue of the traitor of your spirit leaf sect." Lin Yi naturally took over the speaking position, the natural aura of a superior from his body making everyone's heart skip a beat. It wasn't an actual threat, but it made people fearful from the bottom of their hearts, not daring to look at it directly.

"The traitor problem?" Hearing this, ye tongxuan was stunned. He was the only one who had the confidence to speak up. He immediately frowned and said, ""Who are you calling a traitor?"

"The traitor I'm talking about, of course, is him." Lin Yi pointed at Qiu mingchong, "This guy has been secretly bribed by Xue Jianfeng, and now he is Xue Jianfeng's Lackey."

He didn't want to reveal Central's information for the time being. Firstly, he was afraid of alerting the enemy. Secondly, he was afraid that it would cause too much of a shock to the ancient Alliance and cause chaos in the entire small world of the ancient martial arts world. That would give central an opportunity to take advantage of. He could only reveal it bit by bit.

As soon as these words came out, everyone's eyes suddenly focused on Qiu mingchong. All of them had a suspicious look on their faces. After all, they were not fools. Qiu mingchong had indeed acted a little strange since he returned from the secular world. He would not have jumped up and down to stir up trouble before. Was there really a problem with this guy?

"You're talking nonsense!" Qiu mingchong was still at a loss, but when he heard this, he quickly retorted, ""I have no relationship with Xue Jianfeng, how could I be his Lackey? It's clearly you who had an illicit relationship with Duanmu Yu, making slanderous accusations and trying to bite back! Master, elders, don't believe this bastard, he's trying to drive a wedge between us!"

Everyone turned their suspicious eyes to Lin Yi again. Compared to Qiu mingchong, Lin Yi, an outsider with an unknown background, seemed to have a bigger problem.

"You have evidence?" Ye tongxuan asked with a frown.

In the past, Lin Yi would've patiently found evidence for them, but he wasn't in the mood today. He turned to Bing Wuqing, ""I'll leave it to you. If he doesn't admit it, just kill him. "

Everyone was dumbfounded when they heard this. This was spirit leaf sect! Wasn't this guy being too overbearing?

In spirit leaf sect's territory, when facing Qiu mingchong, the second-ranked top disciple of spirit leaf sect, this guy didn't even bother to use the most basic evidence and directly wanted to kill him. Who did he think he was?

"Aren't you going too far with your bullying?" Ye tongxuan couldn't stand it anymore. Although he was Duanmu Yu's master and stood on Duanmu Yu's side, he was still one of the higher-ups in the sect. He couldn't stand Lin Yi's face slapping.

"That's right. Who Do You Think You Are? how dare you come here and give orders?" Another senior elder stood up angrily. His name was Qiu Hong, a master at the peak of late gold core realm. His strength and status were only second to ye Qingcheng and ye tongxuan. He had a hot temper and was a distant relative of Qiu mingchong, so he was considered Qiu mingchong's second backer.

For some reason, ye Qingcheng didn't say anything, and Qiu mingchong was being threatened in public. Qiu Hong, the second backer, could only stand out to show off. Of course, in Qiu Hong's eyes, Lin Yi and Lin Yi were just courting death, and it was a good opportunity to show off.

Lin Yi didn't respond to him, and neither did Bing Wuqing. After all, she didn't have the habit of talking nonsense. Seeing this, she immediately materialized her ice aura and pressed down on Qiu Hong. Qiu Hong didn't even have the time to react. He didn't even have the chance to resist and was forced to his knees on the spot.

"A nascent soul old monster!" Qiu Hong was speechless, and ye tongxuan and the others were all shocked. This was the headquarters of the spirit leaf sect, after all. Before this, Lin Yi and Bing Wuqing were just courting death. So what if Bing Wuqing was a recognized super genius? she was only at the early golden core stage. At most, she would advance one level to the peak of the early golden core stage. So what?

Who would have thought that he had not only risen one level, but he had also directly risen to the Yuanying stage. What was he supposed to do?

In front of a nascent soul old monster, they were like paper. No wonder Lin Yi was so arrogant. He really had the confidence!

All the senior members of the ye spirit sect were scared out of their wits, including ye tongxuan. As for Qiu Hong, who was kneeling on the ground, he didn't even dare to raise his head, for fear of making eye contact with the other party. If he accidentally angered the other party, he would be dead.

Bing Wuqing's eyes immediately fell on Qiu mingchong. According to Lin Yi's instructions, if this guy refused to admit it, then he could become a corpse. Since they had completely broken off relations with central, it didn't matter if they killed this insignificant chess piece.

"Don't ... Don't come any closer!" Qiu mingchong was so scared that his legs went soft. He never thought that he would have such a day. He was forced into such a situation at the headquarters of the spirit leaf sect. According to the other party's attitude, if he dared to deny it, he might really become a corpse.

"To live or to die, you choose." Bing Wuqing said expressionlessly.

"I ..." Qiu mingchong cursed madly in his heart. Right now, the only way to survive was to admit that he was a spy. However, if he did that, would the people from ye spirit sect let him off? In the end, he would still die!

It was a pity that Bing Wuqing obviously didn't have the time to think so much for him. Seeing the hesitation on Qiu mingchong's face, she immediately enveloped him with her ice-cold aura. With Qiu mingchong's strength, he didn't even need to make a move. He would be frozen into a popsicle in the blink of an eye.

"Master, save me! Martial uncle, save me!" Qiu mingchong suddenly felt as if he had fallen into an ice cellar. He was so anxious that he screamed, but the higher-ups of leaf spirit sect collectively pretended not to hear him. What a joke, how would they dare to be presumptuous in front of Bing Wuqing, a nascent Soul Stage old monster?

"Then die," Bing Wuqing gave her final death sentence.

"No! If you dare to kill me, you'll definitely die a worse death than me. Xue Jianfeng will avenge me!" Qiu mingchong screamed as he made his last struggle. Lin Yi was right-his boss was no longer the doctor, but Xue Jianfeng.

In order to show the importance he attached to Xue Jianfeng, the bespectacled doctor had already assigned some of his spies to the other party's name, while he himself only paid attention to a few high-end combat forces, including Xue Jianfeng. There was no need to be distracted by a small figure like Qiu mingchong.

After he shouted that, Qiu mingchong closed his eyes and waited for his death. However, after waiting in fear and trepidation for a moment, he realized that the bone-chilling cold that had enveloped him had suddenly disappeared. Bing Wuqing had actually let him go!

Lin Yi couldn't help but smile at the suspicious look on his face. "Since you've already admitted that you're a spy from the snow sword peak, why should I kill you? I'll leave the cleaning up of the sect to your spirit leaf sect. "

Chapter 5399 Spirit Leaf Sect's Grand Elder

As he spoke, Lin Yi let out ye Qingcheng's soul. The reason why this guy stopped moving was because his soul snatching hand took away his soul. Now that his soul was back in place, ye Qingcheng's face was

filled with shock. What he just experienced was too horrifying. He didn't want to experience that feeling of his life and death being in Lin Yi's hands a second time.

"You guys can deal with this traitor by yourselves. I won't interfere." Lin Yi said faintly.

"Well ..." Ye Qingcheng hesitated. Qiu mingchong was his direct disciple, and he wouldn't abandon him unless it was absolutely necessary. But now that Qiu mingchong had publicly admitted his identity as a spy, especially with Lin Yi and Bing Wuqing, these two unfathomable guys, watching him covetously, he didn't dare to play any tricks at this time. He could only brace himself and say, ""Men! Take Qiu mingchong, this traitor, into custody, and we'll discuss the specific punishment later!"

Lin Yi didn't have much of an opinion on this. He only brought out Qiu mingchong to help Duanmu Yu out of this situation. He didn't care about Qiu mingchong's life or death.

Moreover, from the perspective of the spirit leaf sect, although it was hateful to discover such a traitor, they couldn't just execute him directly. There were still many things that needed to be clarified. For example, why did Xue Jianfeng want to bribe Qiu mingchong?

Looking at the dejected Qiu mingchong being taken away, Lin Yi glanced at ye Qingcheng and the others, ""Does anyone still believe Qiu mingchong's slander of miss Duanmu?"

"No, no, you must be joking. How could we believe the words of a traitor?" Ye Qingcheng quickly smiled apologetically and lowered his posture. The others might be afraid of Bing Wuqing, the nascent soul old monster, but in his eyes, Lin Yi was the scariest existence. This guy was definitely much scarier than ordinary nascent soul old monsters!

"Is that so? What about the spirit sense grass?" Lin Yi raised a brow.

"..." Ye Qingcheng and the others were all sweating. They recalled how they had asked Lin Yi and Bing Wuqing for the spiritual sense grass, and their hearts were filled with curses. Now that they thought about it, they were just courting death!

"A treasure like the consciousness grass naturally belongs to the capable. Only people with strength like yours have the right to have it. We were rude before. On behalf of spirit leaf sect, we sincerely apologize to you!" Ye Qingcheng hurriedly replied with great respect.

Lin Yi glanced at Duanmu Yu. He was here to visit a friend, and it was up to Duanmu Yu to decide if he wanted to use this as an excuse to take revenge. As for himself, he didn't really care. At his level, he wouldn't take such a small thing to heart, and Bing Wuqing didn't care either.

Duanmu Yu replied with a pleading look. She had suffered a lot during this period of time, but she still had deep feelings for leaf spirit sect. Since the main culprit, Qiu mingchong, had already been captured, the matter would end here. Otherwise, the ones who would suffer losses would be leaf spirit sect.

"Alright, for the sake of miss Duanmu, I'll accept your insincere apology for the time being. However, I'll be blunt first. I don't have a good temper. If there's a next time, I won't be so easy to talk to." Lin Yi took the opportunity to give everyone a heads up. This way, ye Qingcheng and the others would have to think twice if they wanted to get even with Duanmu yuqiu after this.

"Yes, yes, yes. Thank you for your magnanimity, senior. We are extremely grateful." Ye Qingcheng didn't dare to argue. Although he was a sect leader, and there was only a thin line between a peak-stage golden core and a nascent soul old monster, this thin line meant that he had no right to speak in front of Lin Yi and Bing Wuqing. They could kill him with a single thought, so what could he do?

The only thought in ye Qingcheng's mind right now was to get Lin Yi and Bing Wuqing out of here as soon as possible. This time, she had set her eyes on the two of them for the spiritual grass under Qiu mingchong's instigation. Now, it was easy to invite a God, but hard to send him away. It was a classic case of riding on a Tiger and not getting off.

The key point was that he couldn't directly say goodbye to the guest. He rolled his eyes and said in a hurry, ""The two seniors are both Masters. We are weak and can't greet you well. Why don't I report this to our sect's Grand Elder and have him come out to receive you?"

It was the rule of Jianghu for a nascent Soul Stage old monster to come out and entertain a nascent Soul Stage old monster. It was reasonable for him to propose this. At least he could avoid being bullied unilaterally. Otherwise, it would be really stressful to talk with him and the high-level Jindan stage cultivators present.

"As you wish." Lin Yi waved his hand noncommittally. He wasn't interested in the Grand Elder himself, but since he was here, it didn't matter if he met the Grand Elder along the way. It would also help Duanmu Yu gain some face.

"Alright, alright. Please wait a moment, seniors. I'll go report this to the Grand Elder." Ye Qingcheng hurriedly left.

Logically speaking, even if he wanted to ask the Grand Elder for instructions, he didn't need to go personally. However, he couldn't ask for more. After all, Qiu mingchong was his direct disciple, and although Qiu mingchong was the one who incited the spiritual sense grass, it was mainly his own idea. He didn't dare to stay in front of Lin Yi and Bing Wuqing for even a second longer as the pressure was too great.

A moment later, an old man in green walked into the divine leaf Palace quickly accompanied by ye Qingcheng. His aura was hidden, but it gave people a feeling that it was bottomless. All the high-level officials of the leaf spirit sect, including ye tongxuan and Duanmu Yu, hurriedly greeted him in unison. Without a doubt, this was the Grand Elder of the leaf spirit sect, ye Yixing.

He was not only the Grand Supreme elder but also the master of ye Qingcheng and ye tongxuan. In other words, he was Duanmu Yu's Grandmaster.

"Two fellow Daoists have come to visit, this old man has not welcomed you, please forgive me." Ye Yixing cupped his hands in greeting and smiled. He had been in a state of semi-seclusion all these years. If such a thing had not happened, he would not have appeared.

Bing Wuqing looked at him with a scrutinizing look. He was slightly stronger than her, at the mid-stage of the nascent soul realm. However, it was obvious that this guy had hidden injuries. Ordinary people wouldn't be able to tell, but it couldn't escape the observation of an expert at the peak of the early-stage of the nascent soul realm.

"You're welcome. For two unrelated people like us, we have to trouble you to come out despite your injuries. Speaking of which, we have been rude." Lin Yi said faintly. Bing Wuqing could only vaguely tell that the other party had hidden injuries, but he could directly tell that the other party's injuries weren't ordinary. The deep aura that the other party had restrained clearly had traces of Qi deviation. It looked like the backlash at that time wasn't light, and it had probably been delayed for a long time, and still hadn't recovered.

Chapter 5400 A Woman's Side

Training was like rowing a boat against the current-he'd fall behind if he didn't advance. Lin Yi knew what it meant for someone to take such a long time to heal.

Although this Grand Elder of leaf spirit sect was still a top-notch existence, if things continued like this, it wouldn't be long before he fell from his peak unless he had a fortuitous encounter before the situation worsened to the worst.

From a certain perspective, Lin Yi's appearance was a miracle.

It was a pity that Lin Yi didn't plan on giving him any special encounters. Ye Yixing was Duanmu Yu's Grand Master, and for Duanmu Yu's sake, Lin Yi would at least show some kindness, but that was under the condition that he liked the other party.

But now, because of Duanmu Yu's situation, there was basically no one in the entire leaf spirit sect that could catch Lin Yi's attention, including the Grand Elder ye Yixing. Lin Yi didn't believe that this old man didn't know anything about Duanmu Yu being forced to use the consciousness grass.

Ye Yixing's tacitly acknowledged attitude was that he would have to pay the corresponding price.

Of course, for Duanmu Yu's sake, Lin Yi wouldn't give him any extra punishment. Otherwise, even if the opponent was a mid-stage nascent soul practitioner, he wouldn't be able to fight back.

Lin Yi's side was uninterested, while ye Yixing's side was afraid. After all, with his current condition, Bing Wuqing, who was at the peak of the early stage of nascent soul, was already enough to make him suffer. If they were to add on Lin Yi, who he didn't know much about, he would have no chance of winning if they were to fight.

With the attitude of both sides, the atmosphere quickly turned cold after a few small words. Ye Yixing was the same as ye Qingcheng. The most important thing in his eyes was to send Lin Yi and Bing Wuqing away as soon as possible, or he would always be worried.

"Since there's nothing else, I'll take my leave." Lin Yi wasn't an insensible person. He knew that he'd already achieved his goal of helping Duanmu Yu grow, and staying any longer would only be as bad as not being able to do it. He immediately called Bing Wuqing and prepared to leave.

"Alright, take care, fellow Daoists. Please forgive this old man for not seeing you off." Ye Yixing and the others heaved a sigh of relief.

At this moment, Duanmu Yu suddenly called out to him. "Wait a minute. It's rare for you to come all the way here to see me, and even encounter such a thing. As the host, at least Let Me Entertain You for a while before you leave, okay?"

"Is this ... Appropriate?" Lin Yi said as he looked at the group.

"It's appropriate, it's what I should do. " Ye Yi Xing and the others hurriedly nodded. At this time, they felt that they had suffered a great loss. As long as Duanmu Yu's request wasn't too excessive, they would agree to it.

Rain admiration Pavilion, one of the many independent pavilions of leaf spirit sect. Other than the quiet and elegant scenery around it, there was nothing special about it. If one had to say, its owner was Duanmu Yu.

As a woman, no matter how much of a man's temperament she had in her way of doing things, she could not change the soft and sentimental side of her heart. Duanmu Yu did not show much of this, but it was enough to see some clues from the various arrangements in the rain admiration Pavilion.

"Hey, I thought you were living in the same place as us. It turns out that you're still a little feminine." Lin Yi looked around, surprised.

"..." Duanmu Yu glanced at him with hidden bitterness and said faintly, "'I'm a woman, okay? Could it be that in your eyes, he's really an iron-blooded man?"

"That's not necessarily the case, she's a tough woman. " Lin Yi laughed-they'd been getting closer and closer with each passing day, and he wouldn't have made a joke like that otherwise.

"Tomboy?" Duanmu Yu frowned. He took a moment to digest the meaning of this word. Then, the corner of his mouth suddenly curved."Give me a moment, I'll go change my clothes."

"Change my clothes?" Lin Yi was taken aback, but Duanmu Yu didn't give him the chance to ask. He turned around and went to the bedroom, waiting alone in the pavilion outside. As for Bing Wuqing, she didn't follow him, leaving her in the divine Leaf Hall for ye Yi Xing and the others to entertain her. Anyone with eyes could tell that Duanmu Yu wanted to entertain Lin Yi alone, and someone as tactful as Bing Wuqing naturally wouldn't follow along and be a third wheel.

After a joss stick's time, Duanmu Yu reappeared in front of him, and Lin Yi was completely dumbfounded.

Actually, there was nothing special about her. She was just wearing a plain-colored dress that was very common in the ancient martial world. However, when she wore it on Duanmu Yu, she gave off a different kind of amorous feeling. It was a unique amorous feeling that was extremely rare to see on other women.

The pure-colored dress Duanmu Yu was wearing perfectly blended these two features together. Although her looks wouldn't be bad in any other clothes, especially in the secular world women's clothing that Lin Yi had given her, she had to admit that the Duanmu Yu in front of her was the most beautiful Duanmu Yu.

It was the first time Lin Yi had seen the true womanliness of a woman.

"What's wrong? Is it very awkward?" Duanmu Yu couldn't help but feel nervous when she saw Lin Yi's strange expression. It was rare for her to dress like this with her style, not even once a year. She was giving Lin Yi special treatment today.

"Uh ... No, it's pretty good." Lin Yi couldn't help but pinch his nose awkwardly. He'd always been surrounded by pretty girls, and his immunity to pretty girls had already reached a Grandmaster level. Normally, he wouldn't be this lecherous, but Duanmu Yu's current look was just too different from before. Anyone would be dumbfounded by it, especially hot-blooded men.

"Is that so?" For the first time, Duanmu Yu's face turned red. He immediately turned around and made some tea to cover up his embarrassment. "This is Emerald grass, which I just brewed. It's a good tea unique to our spirit leaf sect and can't be bought outside. Try it."

"A one-night stand?" Lin Yi's face turned weird.

"What?" Duanmu Yu, however, did not react.

"It's nothing ..." Lin Yi blushed, glad that the girl didn't know the meaning of the word, or he'd think she was flirting. He took the cup and sipped,""Although I don't know much about tea, your tea really leaves an endless aftertaste on my lips. It would be perfect if I could drink some tea, look at the lake, and listen to some music."

"You want to listen to music?" Duanmu Yu glanced at him before walking to the side and lifting the curtain. Lin Yi thought that it was just another table, but he didn't expect there to be a zither under the curtain.

The melodious sound of the zither rang out, and Lin Yi couldn't help but smile at Duanmu Yu's focused expression. The Duanmu Yu today was like a completely different person.

He wasn't used to it, but he had to admit that Duanmu Yu really did have the charm of a classical goddess. Even Lin Yi couldn't help but feel a little intoxicated, but he was more puzzled. What was the wind blowing today?
